

Halloween Royalty To Be Presented Saturday

Silverton: Heart Of The Scenic Caprock

Briscoe County News

THURSDAY, OCTOBER 25, 1973

VOLUME 65 NUMBER 43

Six Share Scoring Honors

Six of the Owls have been credited with scoring for Silverton this season, with Quarterback Ken Wood having run for two touchdowns and passed for two touchdowns and a two-point conversion. Craig Culwell is the leading scorer, with 26 points. He has caught two touchdown passes from Wood. David McCoy has 12; Dean Ziegler, 8; Brent Bean, 6; and Brett Gill, 2.

Another new Owl uniform was filled this week (if Coach McCord can find one) by lineman Ricky Hutsell, a junior, and the roster now totals 30 players.

The Owls will travel to McLean Friday night to meet the Tigers, who will probably outweigh them as much as they have been outweighed this year. Game time is 7:30 p.m. The Owls need your spirit and support. They need you to help them make a win!

Silverton made 19 first downs while the Skyrockets were making 21 last Friday night, but Wellington finished on the long end of the 45-19 score. When the game ended, it was hard to believe that the Rockets had led by only 14-7 at halftime, but a big third quarter Wellington rally, and the Owls giving the visitors good scoring position once, put the locals way behind.

Wellington's first possession of the game saw the Rockets run three plays and punt. The Owls were unable to gain within the Rocket 29, and the ball went over on downs. Wellington's next drive was stopped on the Silverton 29, where Scott Hutsell, playing in his

first game of the season after being injured in an auto accident last May, recovered a Rocket fumble. The Owls were unable to capitalize on the break, and with 1:01 remaining in the first quarter, Dickie Johnson scored a touchdown on a 33-yard halfback option pass from Randall Hodges. There was no conversion.

Passes from Wood to Barry Bullock and Culwell helped set up the first Owl score which Culwell carried 70 yards with 10:13 remaining in the first half. Culwell kicked the extra point and the Owls led 7-6.

Wellington came back with a one-yard touchdown run by Sammy Gonzales with 8:01 remaining in the half. George Brewer passed to Gonzales for the conversion, and the Rockets took a 14-7 lead to the dressing room at the half.

The Skyrockets broke it open in the third period by blocking an Owl punt on the Silverton-5, and Jim Bob Nall carried the score with 10:00 remaining in the quarter. The Rockets went for two points with a conversion pass which was incomplete.

Brewer came back on a pass to Mike Williams, the play covering 35 yards, for a score with 6:19 still remaining in the third quarter. The kick failed, and Wellington held a 26-7 lead.

Halfback Dean Ziegler ran 30 yards for an Owl score with 4:34 left in the period. The passing conversion was no good.

Tommy Bullock recovered a Well-

Grade School and High School Halloween Queens will be crowned in a formal ceremony Saturday at 7:30 p.m. in the Silverton School Gymnasium. A candidate and her escort have been chosen from each of the twelve grades, and those crowned will be the girls who receive the most votes cast by those attending the coronation ceremony.

The event is sponsored by the High School Student Council, and the admission will be 50¢ for everyone six years of age and older.

Crownbearers will be Dick Cogdell and Sonia Robles and David Schott and Stana Kay Cobb.

Ted Lanham's Fourth Grade Choir will present a program between the coronations of the two Queens.

The candidates for high school Halloween Queen and their escorts are Gloria Fabella and Tim Marshall, seniors; Mary Chris Cantwell and Mikel Griffin, juniors; Jeanette Arnold and Brett Gill, sophomores; Lesa Francis and Brad Ziegler, freshmen.

Candidates for Grade School Queen and their escorts are Alesha Patton and Michael Flowers, first grade; Donna Boling and Jim Forbes, second grade; Amy Perkins and Craig Patton, third grade; Katy Francis and Casey Bean, fourth grade; Debra Peel and Jeff McCord, fifth grade; Kathryn Bomar and Diji Couch, sixth grade; Leslie Pigg and Thomas Perkins, seventh grade; Debbie Storie and Clayton Fowler, eighth grade.

Night Classes For Adults May Be Offered Here

Individuals interested in improving basic skills are asked to contact Superintendent O. C. Rampley at Silverton High School. If enough interest is shown, the school plans to offer adult education classes at night in basic math, English, reading and spelling.

The goal is to improve employability and chances of advancing on the job. There is no cost. The classes would probably meet twice a week for 2½ hours.

This program is for people with an educational level of one to eight grades that are not in school and are 16 years of age or over.

SUSAN NORTHCUTT
★ ★ ★
Susan Northcutt
is New
Worthy Advisor

Open Installation for Silverton Assembly No. 304, Order of the Rainbow for Girls was held Saturday afternoon, October 20, at 2:00 p.m.

Susan Northcutt, daughter of Pat Northcutt and Mrs. Mary Jarrett, was installed as Worthy Advisor. She is a freshman in Silverton High School, active in sports and a representative on the Student Council. Her colors were red and white, her flowers are red roses and her motto is "Face each day with the thought of God." Her theme is "Courage." The scripture she chose is "The Lord is a stronghold in the day of trouble; and he knoweth them that trust in him."

Installing officers were Doris Dudley, Installing Officer; Donna Copeland, Marshall; Christi Northcutt, Chaplain; Sheryl Breedlove, Recorder; Frances Crass, Musician.

The other officers installed were Donna Dudley, Worthy Associate Advisor; Donna Rowell, Charity; Colleen Hutsell, Hope; Rebecca Reid, Faith; Carolyn Carey, Drill Leader; Melody Boyd, Chaplain; Julia Dickerson, Love; Reba Parker, Religion; Christi Northcutt, Nature; Reba Chappell, Immortality; Ruth Ann Cline, Fidelity; Peggy Kitchens, Patriotism; Donna Hale, Confidential Observer; Mary Lou Jarrett, Mother Advisor.

Reba Chappell, outgoing Worthy Advisor, expressed her appreciation to the Rainbow Girls, Masons and Eastern Stars and guests. After the installation service, the new Worthy Advisor, Susan Northcutt, introduced her family, presented the Installing Officers, then Para Garvin and Donna Dudley entertained with a song and played the piano and guitar. The closing prayer was given by Larry Jarrett.

The Installation Committee, Colleen Hutsell, Donna Dudley and Donna Rowell served the refreshments of white cakes decorated with red rosebuds, punch, mints and nuts. The table was covered with a white cloth and a centerpiece of red roses and white carnations was used.

Guests present were Mrs. Lula Bellinger and Mrs. D. T. Northcutt, grandmothers of the Worthy Advisor, Sally and Judy Northcutt, her sisters; Larry Jarrett, Mrs. Sally Wafford, Miss Anna Lee Anderson, Mr. and Mrs. Lyndal Carey, Mrs. Bernice Carey, Mrs. J. W. Reid and Mrs. F. E. Hutsell.

Booster Club Changing Time

The Silverton Booster Club is changing its meeting time to 7:00 p.m. beginning next Tuesday.

The film of the Silverton vs. McLean game will be shown, and anyone interested in seeing the film is invited to attend the meeting in the school cafeteria.

At the last meeting, members voted to serve a chili supper from 5:00 until 8:00 p.m. in the school cafeteria on Friday, November 2, before the Silverton vs. Valley High football game.

Wear red and white for the Owls!

McWaters Services Held Here Friday

Funeral services for Henry Lee McWaters, 97, were conducted at 3:00 p.m. Friday in the Silverton United Methodist Church of which he was a member. Officiating were the pastor, Rev. James Futch, and Earl Cantwell, minister of the Rock Creek Church of Christ.

Burial was in the Silverton Cemetery, with arrangements under the direction of the Silverton Funeral Home.

Pallbearers were Bob London, Alton Steele, Keyth Tiffin, Jack Yeary, Fred Mercer and Robert McPherson.

Henry Lee McWaters, son of the late Joe Parker and Roseline McWaters, was born April 29, 1876 in Mifflin, Tennessee. As a single young man he migrated to Texas about 1900. Later he returned to his former home to claim his bride. He and Miss Lou Ada Rogers were married December 17, 1902, in Hollow Rock, Tennessee. They returned immediately to Texas and made their home near Teague in Freestone County until November 1921 when they moved west to Vernon in Wilbarger County, where they lived until 1934 when they came to Briscoe County. They settled west of Silverton in the Rock Creek community.

To them were born five sons, two of whom predeceased him in death as children. They were Dwain and Clesson. He was a member of the Methodist Church and had been a member of the Silverton church for 38 years.

He made his home with his son, Joe, for a number of years before moving to the Lockney Nursing Home in 1968 where he lived until death came quietly October 18 at 3:30 a.m. in the still of the night.

He was predeceased in death by his companion in 1962.

Survivors include three sons, Ross L. McWaters of Ventura, California, Ray McWaters of Davidson, Oklahoma, and Joe McWaters of Silverton; six grandchildren and 12 great-grandchildren.

Support the Junior High Owls today as they host McLean.

Five-Year-Olds Must Have Immunization

All children who will be enrolled in the kindergarten class in January will be required to have a validated copy of their immunization record from their doctor or health department. Each child is required by law to have three DPTs and three oral polios with the last dose being after their fourth birthday. They are also required to have their Rubella and Rubella shots.

IMMUNIZATION CLINIC

Dr. John H. Boyd will have a free immunization clinic November 14 at his office from 2:00 to 4:00 p.m. in cooperation with the State Health Department, which furnishes the medicine.

BIRTH CERTIFICATE

They must have a copy of their birth certificate when they enroll January 2. The school dress code will apply to all kindergarten students. Workbook fees will be \$1.75 and lunches are 60¢ a day.

If you have any questions regarding this, contact Principal Charlie Payne, 823-6711.

Jr. High At Home

The Junior High Owls are playing at home today at 6:00 p.m. and will be hosting the McLean Tiger Cubs.

The Owls lost 48-0 at Wellington last Thursday.

Support the Junior High Owls today as they host McLean.

Bedford Forrest To Speak Here

Bedford Forrest will speak about agriculture commodity Thursday night, October 25, at 8:00 p.m. in the Pioneer Room of First State Bank.

The program is sponsored by the Silverton Young Farmers, and the public is invited.

District 2-A Changes Have Been Made

The District 2-A teams for the next two years will include Clarendon, Claude, McLean, Memphis, Shamrock, Wellington, Wheeler and Silverton.

This change drops Valley High from the district and adds Shamrock.

The new schedule of games will be released as soon as it is complete.

Annual 4-H Achievement Banquet Held Saturday

The Annual Briscoe County 4-H Achievement Banquet was held in the Silverton School Cafeteria Saturday night, October 20. Theme for the banquet was "4-H Gets It All Together." Brenda Payne was master of ceremonies for the event which drew a crowd of 230 4-H families and guests. Awards were presented to 4-H members and adult leaders by Briscoe County Judge M. G. Moreland, Briscoe County Commissioner Bill Boling and County Extension Agents Dorothy Powell and Jimmy Vanstory.

Entertainment for the banquet was furnished by 4-H members and Public School Music Director Ted Lanham. Dinner music was provided by Lesa Francis, Ruby Jo Jarrett and Mr. Lanham.

Members of the Smiling 4-H Club presenting entertainment were Cynthia Edwards, piano solo, "On Yonder Rock Reclining;" Missy Wristen, Amy Perkins, Delinda Ziegler and Judy Northcutt, accompanied by Mr. Lanham, singing "Soon It's Going to Rain," from the Broadway musical "The Fantasticks."

Kim Hutsell, a member of the Happy 4-H Club, played the musical selection, "Kitten on the Keys."

A string band composed of Paul Brannon, Bobby McPherson, Cam Forbes and Ted Lanham accompanied Bob Ann Whelchel, Traci Mayfield and Connie Rowell when they sang "Take Me Home Country Roads."

A pantomime, narrated by Debra Strange, was presented by Ken Sarchet, Suzette Fitzgerald, Paul Brannon, Danny Perkins, Kirk Durham, Brent Brannon and Jace Francis.

Also taking part on the program were Brent Brannon, invocation; Casey Bean, 4-H Pledge and Motto; Cam Forbes, Pledge of Allegiance; Mary Chris Cantwell, who led the audience in singing "God Bless the Sun."

Compiled From Sources Of The Texas Department of Agriculture
 John C. White, Commissioner

An Even Dozen . . . Sheep Feeding Declines . . . Food and Fiber Pavilion Plans Nearing Completion

An even dozen commodities are above parity for Texas agricultural producers, the Texas Crop and Livestock Reporting Service notes. The commodities are wheat, corn, oats, potatoes, hogs, beef cattle, calves, sheep turkeys, eggs and mohair.

The average wheat price in Texas is \$4.24 compared with parity

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation

Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H®. No prescription is needed for Preparation H Ointment or suppositories.

at \$3.51 per bushel. Corn at \$2.75 per bushel compares with parity \$2.36. Rice at \$11 per hundred-weight compares with \$9.65 parity. Potatoes at \$6.50 per hundred-weight compares with \$4.32 for parity.

All but one category of livestock is above parity the single exception being lambs.

Hogs at \$55.80 compares with parity at \$37.10. Beef cattle averaged \$56.30 per hundredweight; parity at \$54.20. Sheep at \$19.40 per hundred compare with parity at \$12.60. Lambs averaged \$37.60, but this is \$8.20 per hundred under parity.

Turkeys averaged 46 cents per pound with parity at 40.5 cents per pound. Eggs averaged 69.2 cents per dozen with parity at 64 cents. Mohair averaged \$2.30 per pound with parity at \$1.49 per pound.

Cotton prices to farmers averaged 34 cents per pound while parity was 66.05 cents per pound.

The all-farm products index of prices received by Texas farmers and ranchers is 20 per cent above the month of August and 61 per cent above a year ago. The live-

stock and livestock products index is 21 per cent above a month ago and 69 per cent higher than a year ago. The all-crops index is 18 per cent above a month ago and 50 per cent above a year ago.

And though farm prices go up, they also come down. During the period from August 15 to September 6, for example, prices had dropped 14 per cent.

Farm production costs also continue to rise. The index of prices paid by farmers is 19 per cent above a year ago.

Drylot sheep feeders with a capacity of 2,000 head of more had 117,000 sheep and lambs on feed for slaughter as of September 1. This is seven per cent below the number on feed a month earlier and nine per cent below the number on feed a year ago.

Current intentions to market are: September 55,000; October 36,000; November 26,000. Placements during August totaled 54,000 head with a total of 10 feeders reporting 1,000 or more head on feed as of September 1.

Plans for the Food and Fiber Pavilion of the Texas Department of Agriculture at the State Fair of Texas are nearly complete. Theme of the pavilion this year will be to show consumers how to get the most for their food money including special emphasis on cost per serving. Special programs are also planned to highlight the natural fibers—cotton, wool and mohair.

Also on display will be features highlighting the top-quality in food produced by Texas agricultural producers.

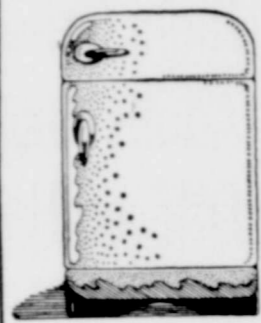

SPENDS LEAVE AT HOME

Pvt. E2 Victor McGavock has recently spent a 10-day leave with his parents, Mr. and Mrs. E. H. McGavock, and other relatives. Also a guest in the McGavock home was Sp. William Curtis of the USS Brunson, who was enroute to Great Lakes, Illinois. The two young men were schoolmates in Tullia High School.

Mr. and Mrs. Jerry Sarchet, John and Paul of Lubbock visited in the Charles Sarchet home Saturday afternoon.

It's a new Land Bank serving a new agriculture in new ways

Over the next ten years, agriculture will require a minimum of \$60 billion in new financing to meet unprecedented changes and challenges. Because there is a Federal Land Bank—created to insure an abundance of capital at reasonable rates—you can have more confidence this need for credit will be met.

The Land Bank will continue to obtain loan funds in the nation's money markets on the very best terms it can. It will continue to make financing available to farmers and ranchers at reasonable cost. And with increased flexibility now permitted by the Farm Credit Act, it will help more people in more ways.

Today, more than ever, you should understand the operation of your Federal Land Bank. If you are not an Association member, let's get acquainted. If you are a member, let's get better acquainted. Let's work together... to build a secure place for you and your family in a viable, prosperous agriculture.

Mrs. John T. Francis and Joe Brannon were named at the Achievement Banquet Saturday night as winners of the Silver Spur Awards, highest award presented to 4-H Adult Leaders on the county level. Mrs. Francis has been a 4-H leader for five years and Brannon has served the 4-H youth of the county for four years.

4-H BANQUET—

CONTINUED FROM PAGE ONE

America," Susan Payne, welcome; Ken Sarchet, introduction of guests, and Twila Wood, benediction.

GOLD STAR AWARD

The 4-H Gold Star Award is the highest award a 4-H member can win on the county level. Only one boy and one girl per county receive the award each year. The award takes into consideration the 4-H member's entire 4-H career, including project work, events, activities, leadership responsibilities, out-of-county activities and the general effort put forth. The Gold Star Girl and Boy this year were Mary Chris Cantwell and Ken Sarchet.

SILVER SPUR AWARD

The Silver Spur Award is the highest honor a 4-H leader can receive. This award is given to a leader only once. The 4-H Adult Leaders receiving the award this year were Mrs. John T. Francis

RECORD BOOK AWARDS

Four record book awards were presented: Ken Sarchet, Best Senior Record Book; Rebecca Reid, Best Junior Record Book; Cynthia Edwards, Best First-Year Girl's Record Book; Walter Perkins, Best First-Year Boy's Record Book.

COUNTY MEDALS

The following 4-H members were awarded County Medals for the 4-H record books they compiled. Rebecca Reid, Achievement Award, donated by Ford Motor Company; Brent Brannon, Beef Medal, donated by Celanese Chemical Company; Cynthia Edwards, Citizenship Medal; Rose Lee Perkins, Clothing Medal, donated by Coats & Clark, Inc.; Karen Ziegler and Lesa Francis, Dress Revue Medals, donated by Simplicity Pattern Company, Inc.; Rebecca Reid, Colleen Hutsell, Karen Ziegler and Melinda Sutton, Foods and Nutrition Medals; Nanette, Suzette and Kimberly Fitzgerald, Horse Medals, donated by Vitaway, Inc.; Ken Sar-

chet, Karen Martin, Thomas and Danny Perkins, Sheep Medals, donated by the Texas Sheep & Goat Raisers Association and Briscoe County; Bill Reid, Swine Medal, donated by Moorman Manufacturing Company. A thank you note from the winners to the organizations who made these awards possible is a courtesy in keeping with 4-H tradition and one which is very much appreciated.

ADULT LEADER CERTIFICATES

Leaders receiving certificates for years of service to 4-H were: Kathy Frizzell, Christine King, Bill Powell, Gary Hunt, Carolyn Reagan, Joni Mayfield, one year; Betty Reid, Mary Marshall, Mary Brown, Helen Strange, Ellen Edwards, Harold Edwards, two years; Jack McFall, J. C. Fowler, Billy Settle, Ted Strange, Leland Wood, Sandy Harris, Bernice Wood, Betty Stephens, Wayland Fitzgerald, Robert H. Hill, three years; Joe Brannon, Vaughnell Brannon, Charlie Payne, four years; Don Cornett, Glenna Cornett, Bob Rauch, Maebelle Francis, Troy Jones, Donnie Martin, five years; Walter Bean, six years; Bill Boling, Dale Smith, Dona Smith, Lanita Cantwell, seven years; Polly Jarrett, ten years; Teresa Sutton, thirteen years.

HORSE PROJECT

Those receiving Horse Project Completion Certificates were Suzette Fitzgerald, Nanette Fitzgerald, Shonda Smith, Mickey Smith, Shane Smith, Renee Smith, Kimberly Fitzgerald, Kirk Durham, Susan Payne, Brenda Payne, Kelly Bomar, Kathryn Bomar, Cam Forbes, Cynthia Edwards, Paul Brannon, Brent Brannon, David Strange, Debra Strange, Bryan Burson, John Burson, Twila Wood, Ken Wood, Shelly Harris, Mike Hill, Greg Hill, Ronald Graves, Lee Ann McMurtry, Ty McMurtry, Bryan Schott, Kim Cornett, Mike Cornett, Warner Bill Settle, Doug McJimsey, Darrell Johnson, DeAnn Strange, Micheal Martin, Bill Reid and Rebecca Reid.

CLOTHING PROJECT

Those receiving Clothing Project Certificates were Beverly Boling, Brenda Boling, Cynthia Edwards, Kimberly Fitzgerald, Lesa Francis, Ellen Hutsell, Jennifer Lavy, YoVonna Marshall, Karen Martin, Staci Mayfield, Traci Mayfield, Lori Mercer, Sally Northcutt, Susan Payne, Rose Lee Perkins, Rebecca Reid, Melinda Sutton, Bob Ann Wheelchel, Lori Wilson, Twila Wood, Liz Wristen, Karen Ziegler.

DOG CARE PROJECT

Those receiving Dog Care Completion Certificates were Thomas Perkins, Micheal Martin, Andy Fabela, Dave Francis, David Vaughn, Melissa Greenhaw, Carol Stodghill, Rose Lee Perkins, Karen Martin, Deborah Peel, DeAnn Peel, Ruby Jo Jarrett, DeAnn Strange, Jim Estes, Shelly Harris, Cynthia Edwards, Rebecca Reid, Bobby McPherson, Karen Ziegler.

BEEF PROJECT

Those receiving Beef Project Completion Certificates were Debbie Boling, Cynthia Edwards, Cam Forbes, Susan Northcutt, Sally Northcutt, Brandon Jarrett, Lesa Francis, Zane Reagan, Brent Brannon.

SHEEP PROJECT

Those receiving Sheep Project Completion Certificates were Danny Perkins, Thomas Perkins, Walter Perkins, Rose Lee Perkins, Susan Payne, Brenda Payne, Kim Cornett, Mike Cornett, Karen Martin, Kirk Durham, Scotti Fleming, Annette Fleming, Shelly Harris, Michael Hill, Greg Hill, Ken Sarchet.

SWINE PROJECT

Those receiving Swine Project Completion Certificates were Kim Cornett, Mike Cornett, Shelly Harris, Twila Wood, Kyle Bean, James Alan Patton, Dave Francis, Roger Cantwell, Paul Brannon, Brent Brannon, Brent Bean, Jeff Jones, Mark Patton, Kelly Comer, Bryan urson, Doug McJimsey, obby McPherson, Lesa Francis, Kathryn Bomar.

FOODS AND NUTRITION

Those receiving Foods and Nutrition Completion Certificates were Beverly Boling, Brenda Boling, Cynthia Edwards, Andy Fabela, Kimberly Fitzgerald, Shelly Harris, Donna Hale, Colleen Hutsell, Ellen Hutsell, Elliott Hutsell, Ruby Jo Jarrett, YoVonna Marshall, Arturo Fabela, Staci Mayfield, Traci Mayfield, Sally Northcutt, Susan Payne, Deborah Peel, Becky Perkins, Rose Lee Perkins, Leslie Pigg, Rebecca Reid, Stacy Robertson, Carol Stodghill, Melinda Sutton, Linda Vaughn, Bob Ann Wheelchel, Karen Ziegler.

COMPLETION CERTIFICATES

Those receiving completion certificates for years in 4-H were: One Year—Brenda Boling, Rank Cogdell, Penny Cogdell, Donny Curry, Cynthia Edwards, Kimberly

Fitzgerald, Shelly Harris, Mike Hill, Gene Malone, Staci Mayfield, Traci Mayfield, Lori Mercer, Sally Northcutt, Ramon Ortega, Debra Peel, Staci Robertson, Bryan Schott, Warner Bill Settle, DeAnn Strange, Melinda Sutton, David Vaughn, Lori Wilson, Bob Ann Wheelchel.

Two Years—Melody Boyd, Roger Cantwell, Kelly Comer, Andy Fabela, Greg Hill, James Jarrett, Jennifer Lavy, Bobby McPherson, Mark Patton, Walter Perkins, Zane Reagan, Shane Smith, Carol Stodghill, Liz Wristen.

Three Years — Gabby Aguilar, Kyle Bean, Kathryn Bomar, Paul Brannon, Bryan Burson, Mike Cornett, Teressa Crosslin, Kirk Durham, Arturo Fabela, Scotti Fleming, Cam Forbes, Clayton Fowler, Jace Francis, Ronnie Graves, Elliott Hutsell, Ellen Hutsell, Earl Jarrett, YoVonna Marshall, Micheal Martin, Karen Martin, Doug McJimsey, James Patton, Patti Perkins, Rose Lee Perkins, Connie Rowell, Larry B. Stephens, Debbie Storie, Lisa Younger, Karen Ziegler.

Four Years — Beverly Boling, Kim Cornett, Margaret Crosslin, Bobby Crosslin, Annette Fleming, Wes Fleming, Dave Francis, Donna Hale, Ronnie Hale, Kim Hutsell, Colleen Hutsell, Ty McMurtry, Lee Ann McMurtry, Thomas Perkins, Rebecca Reid, Donald Thomas, Linda Vaughn, Jackie Vaughn, Twila Wood.

Five Years — Brent Brannon, Brent Bean, Brenda Cantwell, Suzette Fitzgerald, Jeff Jones, Susan Northcutt, Susan Payne, Becky Perkins, Danny Perkins, Bill Reid, Donna Rowell, Renee Smith, David Strange, Julia Dickerson.

Six Years — Kelly Bomar, Nanette Fitzgerald, Becky Francis, Lesa Francis, Ruby Jo Jarrett, Johnny Ortega, Ken Sarchet, Debra Strange.

Seven Years — Debra Boling, Christi Northcutt, Brenda Payne, Shonda Smith, Cindy Walker, Ken Wood.

Eight Years—Mary Chris Cantwell, Mickey Smith.

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

PIONEER NATURAL GAS COMPANY

SIX SHARE SCORING—
CONTINUED FROM PAGE ONE

lington fumble, but the Owls were forced to punt it away four plays later.

With 31 seconds still left in that long third quarter, Brewer kept the ball himself and went seven yards for another Rocket score. Hodges kicked the extra point.

Nall opened the fourth quarter scoring for the Skyrockets with an 80-yard punt return with 10:26 remaining in the game. The conversion pass was no good.

With 4:30 remaining, Nall carried a 5-yard score. The kick was no good, and the Rockets had their 45 points made.

With 1:53 on the clock, Wood passed to Culwell for another Silverton score. The play covered 20 yards. The conversion pass was incomplete, and the score was finished at 45-19.

Wellington was penalized ten times for 80 yards, while the Owls lost 55 yards on five infractions.

New Officers
Installed by United
Methodist Women

The officers of the United Methodist Women for 1974 were installed during the regular services Sunday night, October 21, 1973. Rev. and Mrs. James Futch were in charge of the installation.

As each officer was presented, she placed a log on the fireplace as a symbol of her office.

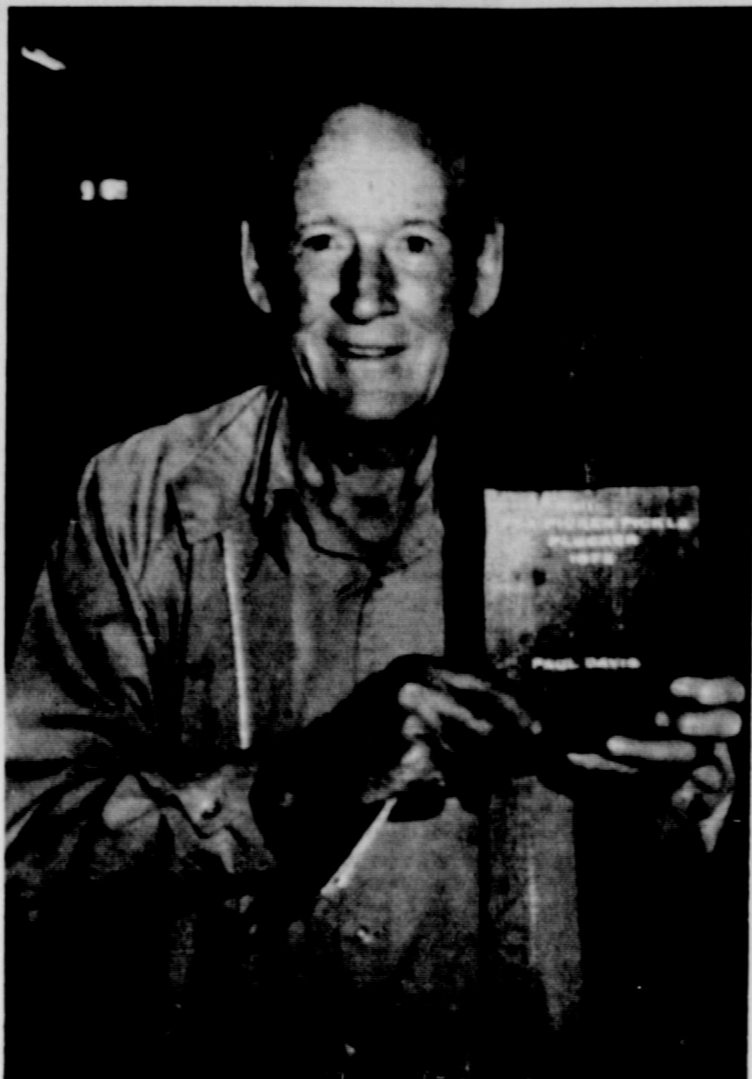

The new officers are Mrs. Vance Childress, president; Mrs. Robert H. Hill, vice president; Mrs. Robert Hill, secretary; Mrs. George Seaney, treasurer; Mrs. Pat Northcutt, secretary of program resources; Mrs. Pauline Benefield, christian social involvement; Mrs. Lem Weaver, christian personhood; Mrs. Albert Mallow, christian global concerns; Mrs. Bill Edwards, song leader.

Federation Day
Tea Held Monday

"Together . . . Making Friends Through Federation" was the theme of an afternoon tea given by the L. O. A. Junior Study Club October 22 in the Pioneer Room at the First State Bank.

Special guests were the March of Time Study Club and the Century of Progress Study Club. Courses were presented to Mrs. O. C. Rampley, Caprock District TFWC President, and the guest speaker, Mrs. Harold Green, Caprock District TFWC First Vice-President from Tahoka. Mrs. Green presented the program, "America the Beautiful," with slides, poetry and music.

Refreshments were served to the three clubs and special guests.

A placque with miniature cucumber pickles and the wording "KVII Pea Picken Pickle Plucker 1973" was awarded to regional correspondent Paul Davis recently. The recognition came as a result of the many cucumbers Davis grew in his garden in Silverton and took to the KVII-TV personnel during the summer.

Mr. and Mrs. Hershel Harrison and family came Sunday and brought dinner to help his mother, Mrs. C. G. Harrison, celebrate her birthday.

Robbie Martin was in Dallas for her checkup last week and got a good report. The neck portion of her cast will be removed in December rather than after the first of the year as had originally been planned.

Support the Junior High Owls today as they host McLean.

tially harmful in the hands of children.

With fall cleaning in full swing, these products present even greater danger.

Products within sight and reach of children tempt investigation—and poisoning often results. According to national surveys, three-fourths of all poisonings result from drugs or household chemicals that children can see and reach.

Adding to the problem is the desire to "help Mother clean up." If a child is allowed to help, watch him closely. Through carelessness or curiosity, he may spray something in his eyes—instead of the desired target.

When cleaning around the home, don't leave any household cleaner unattended. If distracted or interrupted by the doorbell or telephone, take the cleaner along—or move it to a place out of the child's reach.

Keeping products in a box or basket simplifies such actions.

Also, consider neighbors when engaged in outdoor activities. Never leave cleaners or poisons on the ground—even if you'll be gone only a minute.

Helping Hand
Club Meets Here

The Helping Hand Club met in the home of Mrs. Mae Rowell October 18 for an afternoon of visiting. Mrs. Merle Oneal was welcomed

as a new member.

Refreshments were served by Lois Hollingsworth, LaVerne Macer, Modean Callaway, Zoe Steele, Lois Nance, Merle Oneal and the hostess.

The next meeting will be in the home of Zoe Steele November 1 at 2:30 p.m.

JELLIES, JAMS, PRESERVES AND MARMALADES

Jellies, jams, preserves and marmalades are easy to make at home and add variety to family meals. Most of them provide a good way to use fruit not at its best for canning or freezing, the largest or smallest of fruits and berries, and those that are irregular shaped.

Basically these products are much alike. All are fruit that are preserved with sugar and usually all are jelled to some extent.

Jelly is made from fruit juice and is clear and firm enough to hold its shape when turned out of the container.

Jams are made from crushed or ground fruit and tends to hold its shape but generally is less firm than jelly.

Preserves are whole fruits or large pieces of fruit in thick syrup, often slightly jellied.

Not all fruits have the properties needed for making satisfactory jelled products, but with the commercial pectins now on the market, you need not depend on the jelling quality of the fruit for successful results. Jellies not only make taste treats for your family, but your friends will love them as gifts.

If you are interested in knowing more about jellies, jams, preserves and marmalades, call or write Dorothy Powell, County Extension Agent, for a copy of H&GB 56 "How to Make Jellies, Jams and Preserves at Home" and MP-279 "How to Make Jellies, Jams, Preserves, Marmalades and Butters at Home." Call 823-4271 or write Box 887, Silverton, Texas 79257.

MIRRORS— INSTANT DECORATING IMPACT

Mirrors create instant decorating impact. When placed on walls, they visually enlarge the size, bring in twice the sunshine and reflect the beauty of objects within a room.

Mirrors are no longer confined to the square, rectangular or oval shapes carefully placed on walls.

Today's free-form mirrors come in a wide variety of geometric shapes to offer unlimited decorating possibilities.

Placed at angles, singularly or collectively, they have great decorating potential.

Sheet mirrors, on the other hand, add an up-to-the-minute look. They can enlarge a room, make narrow areas appear wide, tall walls short and dark areas bright.

When remodeling walls, consider using mirrors.

However, mirrors aren't limited to walls. Use them on ceiling, floor, furniture and other objects in a room.

For example, try a mirror-topped table to reflect the objects it displays.

The Marvels of God's Creations

WHY DO FISH LIVE IN WATER? We can answer this question partially by saying: that their lungs were created to draw oxygen from the water. However, to know how and why, we must look to God's word.

"In the beginning God created the heaven and the earth." . . . "And God said, let the waters bring forth abundantly the moving creature that hath life . . ."

Attend Church and worship the one who created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

THE CHURCH IN EVERYONE

First State Bank

OUR \$100 MILLION A YEAR PRESIDENT

by H. M. Baggary
The Tullia Herald
Thoughts for Thursday" column
There was a time when Americans ridiculed the life styles of European kings with their arbitrary power and extravagant living. In a spirit of self righteousness we contrasted these monarchs with our democratic leaders whose power was held in check by a system of checks and balances, who were commoners, mingling with the people, and who lived lives of comparative frugality. How times have changed!

Prime Minister Edward Heath of England, for example, gets a salary of \$50,000 a year, plus \$2,500 as a Member of Parliament, and out of that he must pay all of his domestic bills, including the wages of a solitary housekeeper at his official residence at 10 Downing Street. When he travels, he draws the same \$20 per diem as the humblest civil servant.

Leonid Brezhnev of the USSR gets the use of an official five-room apartment and a dacha near Moscow, but he shares government resort facilities on the Black Sea with other Politburo members.

Japan's Prime Minister Tanaka has to ride home from his office in his privately owned Dodge and must fly by commercial airliner.

In contrast, President Richard Nixon begins with an annual salary of \$200,000 plus a \$50,000 expense allowance. On this \$250,000 of taxable income, Nixon pays less to IRS than most people in his bracket. Tax on his last year's income is believed to be \$14,500, other years less than \$1,000.

But this is only the beginning. For operation and maintenance of the White House he received \$1,372,000; for salaries and expenses of those staff members carried on the White House payroll, \$9,767,000; and for "special projects" over which the President has great discretion, \$1,500,000. But the end is not yet.

There's the cost of San Clemente, Key Biscayne and Camp David, there's White House entertainment where the tab is picked up by the Department of State or of Defense, there's transportation expense including a fleet of five lavishly fitted Boeing 707 jets, 16 expensively sound-proof helicopters, and 11 Lockheed Jetstars, his communications system, and his protection. At Key Biscayne, for example, a hard to protect home was bought for no reason other than because it was next to Nixon's pal, Bebe Rebozo. Cost of making this location suitable for the President was \$1.3 million. The helicopter pad cost \$418,000. One already existed about two and a half miles away, but the new pad was installed to eliminate a five-minute automobile trip. Communication equipment cost \$300,000; security lights and landscaping, \$150,000; bullet-proof glass, \$129,000; walls, fences and screening, \$75,000; shark net so the President can swim in the ocean, \$14,000. By comparison, the \$36,000 spent to rent two adjoining houses to give the President privacy seems a pittance.

In spite of this huge outlay, Nixon appears to have found that Key Biscayne is not a particularly attractive spot. Twenty-one times he has escaped to pal Applanalp's private Caribbean island. And the government has consequently spent another \$176,000 there.

Space prevents going into San Clemente! The government has already spent \$6.1 million—and the military continues to lay out \$677,000 annually. Among the extravagances is a \$2,329 flagpole!

Bess Truman and her daughter used to go from Washington to Independence by train, paying for their own first class compartment. Lady Bird Johnson rode the Eastern Airlines shuttle on shopping trips to New York.

John Kennedy was determined to avoid any public criticism of lavish touches. When his father commissioned a mural to brighten up the White House swimming pool, an over-eager aide decided that the painting deserved better lighting and had the work done by the General Services Administration. But when Kennedy learned about it, he insisted that he be billed for the \$56,000 cost.

He donated his salary to charity. Other Presidents have also gone into their own pockets to pay for improvements that might reasonably have been charged to the taxpayers.

Spending by the Nixons will top that of any previous First Family. Some of the most desirable of the President's perks cannot be given a price tag, the various priorities given the President's plane or car, the best of medical care by three high-ranking military doctors in well-equipped hospitals.

But a veteran official of the Office of Management and Budget estimates that the true cost of running the Nixon Presidency is as high as \$100 million a year.

Home Preserved Foods Cut Cost, Say 4-H'ers

For many families, canning and freezing fresh fruits, vegetables and meats helps make their food budgets last longer. And they're finding that home preserved foods retain their freshness and nutritive value long after they're first stored.

Boys and girls enrolled in the national 4-H food preservation program are helping to spread the good word about home preserved foods. Sponsored for 45 years by Kerr Glass Manufacturing Corporation, young people in the program learn about safe and efficient methods of canning and freezing their favorite foods. 4-H'ers have found that home preserved foods supplement the amount of fruits, vegetables and meats in their daily diets. And the youths use the home preserved foods they've made as gifts and as meal ideas when unexpected guests drop in.

Preparing creative meals with preserved foods, and developing jams, jellies and relishes are also stressed in

the program. Encouraging 4-H'ers in the food preservation program with incentives and recognition is Kerr Glass Manufacturing Corporation. They provide up to four medals of honor to county winners and an expense-paid trip to National 4-H Congress in Chicago, Nov. 25-29, for a winner from each state.

Six national winners are announced during 4-H Congress, and each receives a \$700 scholarship from Kerr.

One 4-H'er in the program, found her family's food bill cut in half after she began to can and freeze food. Janet Harrington, of Tremont, Ill., prepared hundreds of dishes, using home preserved foods, which saved her family many trips to the store. A \$700 scholarship winner last year in the program, Miss Harrington believes that food preserved "just harvested, at its peak of ripeness, will always taste best".

Another 1972 4-H food

preservation national winner was well prepared to help when two disasters struck her community. Karen Wedgeworth, of Laurel, Miss., served her home preserved foods to persons left homeless by the ravages of hurricane Camille and a railroad tank car explosion. Also, through her efforts, food preservation exhibits have been retained at the South Mississippi Fair.

"I know people still preserve food", says Miss Wedgeworth, "and I believe that the preservation of food is important to good health and happiness."

One of the oldest supporters of the 4-H program, Kerr provides additional support to the food preservation program through publications on canning and freezing food processing, and technical and public relations assistance.

For more information on the 4-H food preservation program contact the county extension office.

KAREN HOLT

To Marry Soon

Mr. and Mrs. Rex Holt announce the engagement and forthcoming marriage of their daughter, Karen, to Mr. Doug Turner, son of Mr. and Mrs. John Turner. Wedding vows will be exchanged at the First Baptist Church in Silvertown December 1.

Both Miss Holt and her fiancé are graduates of Silvertown High School. He is employed at Lubbock Bearing Service in Lubbock. Miss Holt attended Wayland Baptist College and West Texas State University, where she was a member of Phi Gamma Nu national business sorority.

eight years from June 1, 1966, whichever is later. Veterans who were released from service prior to June 1, 1966, will no longer be eligible for VA educational assistance after May 31, 1974.

An eligible veteran may train in a vocational or trade school, business school or college, or on-job or apprenticeship training. Man veterans have found that on-job training is the most practical, and may be accomplished through any private business. Any businessman who wants to train a veteran on the job may contact the Office of Proprietary Schools and Veterans Education, Texas Education Agency, 201 East 11th Street, Austin, Texas 78701. A representative of the agency will assist in setting up a training program for the veteran.

Basketball Clinic Is November 3

The 16th annual Hutcherson Flying Queens basketball clinic Saturday, November 3, will feature Hank Slider, the world's leading basketball shooting instructor.

An employee of Bethlehem, Pennsylvania Steel Corporation, Slider has converted shooting from an art to a science and he has won wide acclaim for his work with pro, college and high school players.

He sinks a variety of foul, jump and hook shots during his demonstration then while keeping up a constant line of patter, he demonstrates the dozens of little mistakes that cause shooting percentages to drop. After the formal presentation, he works individually with as many interested participants as possible.

Slider, 47, was featured in Sports Illustrated last July. Actually, his basketball background is rather limited—high school ball and a year of semi-pro ball—but his career that started as a basketball instructor at a Salvation Army recreation center has blossomed into national prominence.

Registration for the clinic begins at 8:15 a.m. with Slider giving demonstrations from 9:30 until 10:00 a.m. and from 2:45 to 3:15 p.m. Also in the morning, Claude coach Jimmy Kirkland will speak on ball advancement, Canyon coach Bob Schneider will lecture on the wing-set offense and the Queens will give a demonstration from 10:15 to 10:45.

At 1:15, Valley High coach George Scott will speak on game situations followed by a lecture on man-to-man defense by Spearman's Ralph Newton.

The Queens will present a talent show at 2:15. Games between Class B powers Follett and Forsan at 3:30 and the Queens against Temple Junior College at 5:15 wrap up the day's activities.

Tony Burson is continuing to receive treatment at High Plains Baptist Hospital in Amarillo.

Support the Junior High Owls today as they host McLean.

Prussic Acid Can Kill Livestock

Although warm weather tends to indicate that winter is still a long way off, it's just a matter of time before the season's first freezing temperatures arrive. Such a killing frost can spell danger for livestock producers that have cattle grazing on sorghum stubble or any of the sorghum-sudan hybrid pastures, says County Extension Agent Jimmy Vanstory.

The reason is prussic acid poisoning of the animals.

The danger of prussic acid poisoning exists mainly in pastures and fields where sorghum stubble is making regrowth and where there is vigorous, young growth of Johnsongrass, sorghum - sudan hybrids and related plants. Such growth generally has a high content of prussic acid, especially if produced under stress of dry or cool weather.

According to Vanstory, the main danger to livestock is grazing such pastures and fields immediately after a killing frost.

He advises livestock producers to wait a week to 10 days following a killing frost before allowing cattle to graze suspect pastures and fields. If only a light frost occurs, remove the cattle until plant growth is killed by a heavy freeze.

Each year numerous animals are lost from prussic acid poisoning. These losses are needless and rob the producer's pocketbook. Giving special attention to grazing management and staying abreast of changing weather conditions can avoid cattle losses to prussic acid poisoning, points out Vanstory.

Training opportunities available to veterans. Veterans who are eligible for educational assistance from the Veterans Administration under the GI Bill have available to them a wide variety of training opportunities. This announcement was made today by Henry Teubel, Veterans Service Officer for Briscoe and Swisher counties.

When the subject of education is mentioned, many people immediately think of college training. The Service Officer has emphasized, however, that there are a number of other training opportunities for those eligible veterans who are unqualified or who have no desire to attend college.

Educational assistance is available from the Veterans Administration for veterans who honorably served on active duty in the Armed Forces of the United States for 181 days or more at any time since February 1, 1955. The entitlement consists of one and one-half months training for each month of military service, with a maximum of 36 months of actual training time. Each veteran has eight years from the date of his release from service to complete his training, or

CANCER ANSWER

Your skin is the largest organ of your body, and is the most likely one to develop cancer. Fortunately, skin cancer is highly curable. While over 110,000 Americans will develop skin cancer this year, over 90 per cent of them will be cured.

Skin cancer is readily visible, so it is usually discovered in its early stages. If not neglected, the tumor is easy to treat because it is accessible. In addition, skin cancer is highly curable because the most common form does not spread to other parts of the body.

The sun's ultraviolet rays have been strongly linked with skin cancer because the disease often develops in persons who have had prolonged or excessive exposure to the sun. Farmers and sailors, with their continuous sun exposure are prone to develop skin cancer.

Americans from the southern and southwestern states develop skin cancer more often than their northern counterparts. Similarly, elderly people have been exposed to more sun in their lifetime, and they are the most frequent skin cancer patients. Their skin is often delicate and weathered.

Fair-skinned persons have less resistance to the sun's rays than dark-skinned persons, and must be more careful about exposure to the sun.

EARLY SIGNS

The first evidence of a skin cancer is a dry scaly patch or growth which persists. The lesion may also be an inflamed area with a crusting center or a pearly or waxy nodule. These sores grow slowly, but gradually affect deeper layers of skin.

In later stages, the surface forms a crust or scab while the area underneath is moist and raw, and will bleed when irritated.

Look for your local Homelite dealer in the yellow pages. CARRY CASE OFFER EXPIRES DEC. 31, 1973

Early skin cancer can be cured by surgical removal or by radiation. Some small lesions can be treated by electrodesiccation—the sore is burned out by an electric needle.

While skin cancer can develop from normal skin, many arise where abnormal changes or conditions have been apparent for a long time. These conditions are called "precancerous" because they are not themselves malignant, but possess a tendency to become cancerous.

Senile (actinic) keratosis, the most common precancer, is a dry, scaly patch or clump of patches, usually darker than the surrounding skin. It appears on exposed surfaces, such as the face, neck, ears and hands of older people, especially those constantly exposed to the sun. When the top layer is removed, the base is seen to be made up of red thickened "new skin."

Freckles, skin-colored moles, and reddish birthmarks are not usually precancerous. But dark brown and blue-black, flat or slightly raised moles have the potential of developing into a rare but very serious skin cancer, malignant melanoma. These moles are most likely to become malignant if they are irritated often by friction. For this reason, moles that are rubbed by a belt, collar or shoe should be watched carefully.

Leukoplakia, the white scaly thickening of the lip or mouth membrane, predisposes to cancer. Also, burn scars, chronic skin ulcers, or other inflammatory skin lesions which do not heal may be precancerous.

Any of these lesions should be considered a warning signal, to be examined by a doctor.

OTHER CAUSES Over exposure of the skin to certain chemicals favors the development of skin cancer, but usually only when the exposure has been excessive as in a factory, or when the skin is extra-sensitive.

The connection between tar compounds and skin cancer dates back to 1775 when English surgeons discovered "chimneysweep cancer," a condition resulting from long exposure to soot.

Lengthy contact with coal tar, pitch, paraffin, certain lubricating oils and compounds containing arsenic have produced precancerous

skin changes. Industries using these chemicals will have to find means of protecting the workers from harmful exposure levels of these elements.

Skin cancer is easy to cure when discovered in time. As with most cancers, the key to cure is early detection and prompt treatment. Too many fatalities result because the patient ignores a sore or treats it himself with ointments or quack "cures". Self-treatment may alter the appearance of the lesion, making accurate diagnosis more difficult.

The American Cancer Society says the way to prevent skin cancer is simply take care of your skin. People who constantly work outdoors should wear protective clothing and lotions to shield their skin from the rays of the sun.

Men with scaly patches or moles on their faces should shave carefully so they won't injure these areas.

The person who works with substances that are suspected as cancer-producing should wear clean clothes and avoid long use of sooty, tarry or greasy clothing. He should use soap and water frequently to cleanse the skin of these substances.

If you have skin blemishes which are often irritated by clothing, these blemishes should be seen by a doctor.

Heed your body's warning signals. If you have a change in a wart, mole or birthmark, or if you have a sore that does not heal in ten days, now is the time to show it to your doctor. Delay or self-treatment only gives the cancer a chance to grow.

For more information about skin cancer, contact your American Cancer Society.
