### FHA To Decorate Cars

Members of the Silverton Chapter of Future Homemakers of America will decorate cars this week in an effort to boost spirit for the Silverton vs. Valley games.

The girls will decorate cars at the park from 4:00 to 6:00 p.m. Thursday and from 4:00 to 5:00 p.m. Friday.

### United Methodist Women Conclude Study On India

The First United Methodist Women met in Fellowship Hall October 23 at 9:30 a.m.

Mrs. Jo Mallow, the secretary of missionary education, concluded the study of India that she has been giving through the month of October.

She reviewed the book, "Ask An Indian About India," by Blaise LeVai. The author is currently director of literature for the Board of Missions of the United Methodist Church. The book was a fascinating collection of conversations with individual Indians ranging from the Prime Minister to peasants.

The topics that were discussed in the book were Indian Government, Policies and Problems by Mrs. Indira Gandhi, The Role of Government in Providing Total Health Facilities, New Horizons for India's Women was told by Chanda Christdas, who works for the United Methodist Board of Missions, Methodist House, Hyderabad. Last year the production of wheat was over 20 million tons. Such a large increase in grain production had never taken place before in history, that's why it has been given the name of Green Revolution. Hope Through Education, and Religions of the Indian Soil. Only two percent of the population of India is Christian.

Mrs. Zelma Lee Mayfield served refreshments to the Mmes. Ora Alexander, Carlye Hill, Pauline Benefield, Kate Turner, Jennie Fisher, Nadyne Childress, Jewell

### Senior, Fourth Grade Queens are Crowned

The candidates representing the senior and fourth grade classes, Maria Fabela and Katy Francis, were crowned as Halloween Queens at the ceremony held in the Silverton School Auditorium Saturday night.

Miss Fabela was escorted by Miss Marshall, and Miss Francis by Casey Bean.

### Agriculture Is "Big" In Texas

Everyone knows that agriculture is a big business in Texas—but just how big is it?

With November designated as Food and Fiber Appreciation Month in the state, now is a good time to take a brief look at the status of Texas agriculture, points out County Extension Agent Jimmy Vanstorty.

First of all, agriculture in all its phases—agribusiness adds more than \$10 billion to the Texas economy each year. Agribusiness provides employment for about 30 percent of the state's labor force. Of the state's 168 million acres of land area, 142 million are devoted to agriculture.

Realized gross farm income in 1972 totaled \$4.7 billion, up 13 percent from 1971. However, farm production expenses totaled \$3.3 billion, almost 23 percent higher than in 1971. This left realized net income 19 percent below that of 1971, but a boost in farm inventories brought total net farm income up 28 percent over that in 1971.

Texas is the third leading state in total agricultural cash receipts behind California and Iowa. However, it leads the country in producing cotton, grain sorghum and rice and is the top cattle producing state. Texas also leads in the production of sheep and wool, goats and mohair.

The state is also a leader in other enterprises:

- Fourth in agricultural exports, leading in cotton and rice exports and second in hides, tallow and meat products.
- Second in peanut production.
- Third in vegetable production, leading in cabbage, watermelon and spinach and second in onions, carrots and cantaloupes.
- Second in grapefruit production and third in oranges.
- First in native pecans and third in total production.
- Third in the number of honey bee colonies.
- Among the top 10 dairy states.
- First in horse numbers.
- A leading state in poultry and eggs.
- A leading state in fish farming.

These are just a few of the things that Texas is noted for on the agricultural scene. Agriculture continues to grow and to become more diversified, and it must do so to meet the ever-increasing demands for high quality food and fiber products, points out Vanstorty.

### Trends In Panhandle Agriculture To Be Spotlighted At Meeting

Trends in Texas Panhandle agriculture will be spotlighted at the annual meeting of the Panhandle Economic Program at Canyon November 16, 1973, according to County Extension Agent Jimmy Vanstorty.

Governor Dolph Briscoe and Senator Max Sherman, along with specialists and local producers in beef cattle, grain marketing, and family living-youth will headline the event which begins at 9:00 a.m. at the Activities Center on the West Texas State University Campus.

Vanstorty said that people from across the 25-county PEP area (Upper Panhandle) will be on hand, along with key leaders from each county, who will be welcomed by the WTSU President.

Crops, livestock and family living and youth will be singled out for specific discussions during task force meetings in the morning session. Leading the discussions on beef will be Dr. Ed Uvacek, Live-

### "Christmas Goodies" Is Topic of Program

Mrs. Dorothy Powell, County Extension Agent, brought the program on "Christmas Goodies" to the Southwestern Home Demonstration Club. Thirteen members and five guests were present in the Elton Cantwell home on October 25 at 2:00 p.m. for the interesting program.

Mrs. Elton Cantwell read the devotional from Proverbs 3:5-6.

The annual Holiday Luncheon will be at the school cafeteria on November 9, from 11:30 a.m. to 1:30 p.m. Turkey and dressing and all the trimmings will be served by club members. Anyone wishing to buy tickets may contact any club member.

Mrs. Powell showed many cute gift and decoration ideas for the Christmas season. Instructions on how to make each one will be mailed out to all club members.

Mrs. Pat Boothe, Mrs. J. D. Nance and Mrs. Lynn Frizell were welcomed as new members. Other visitors present were Mrs. Paul Ledbetter and Mrs. James Patton.

Members present were Mrs. Ruth Dickerson, Mrs. Alvie Francis, Mrs. Carroll Garrison, Mrs. Larry Jarrett, Mrs. Allen Kellum, Mrs. Opert King, Mrs. Leon Lavy, Mrs. J. E. Patton, Mrs. Bennie Reagan, Mrs. Jack Sutton, Mrs. Raymond Teeple, Mrs. Bob Wheelchel, Mrs. Dorothy Powell, the Agent, and the hostess, Mrs. Elton Cantwell.

The next meeting will be with Mrs. Don Curry on November 15.

Mrs. J. W. McCracken and her daughter, Joyce, were in Silverton on Wednesday of last week. They were visiting friends and attending to business.

### 4-H'ers Reminded To Write Letters

4-H'ers who received medals at the annual Achievement Banquet are reminded to write thank-you notes to the donors of their awards.

They are also reminded that it would be nice to thank Swisher Electric Cooperative, Tulia, and Lighthouse Electric Cooperative, Floydada, for furnishing the meat for the banquet.

Show your colors for the Owls by wearing red and white to the games!

Even though conference play in District 2-A has passed the half-way mark, the championship is far from decided and since Claude's decisive defeat of Clarendon last Friday night, there is a three-way tie between Claude, Clarendon and Memphis. Claude beat Clarendon, Clarendon beat Memphis, and Memphis beat Claude.

Coach Weldon McCord stated that the Claude defeat of Clarendon was a surprise to him, but that "I think Claude is capable of beating anyone in the District at anytime." He added that with Claude's speed, passing quarterback, a good receiver, size, etc., the team is a formidable foe.

It is not unusual for District 2-A to finish the season with at least a tie for the championship. Three years ago (1970) Silverton finished in a tie with Clarendon, and the Bronchos represented the District because of their win over the Owls.

In 1971 Memphis won the District 2-A championship; in 1969, Clarendon was the champ; in 1968, McLean, Clarendon and Wheeler were in a three-way tie at the finish line, and Wheeler won the coin toss and represented the District; in 1967, Wheeler, McLean and Clarendon finished in a tie, and Clarendon won the coin toss.

The Owls stayed in contention in the early part of last season, but this year Friday night's game between the Silverton Owls and the Valley Patriots will be the battle of the losers, and each team will be doing its best to fight its way out of the District 2-A cellar. The game will begin at 7:30 p.m. in Silverton, and the Owls need a good crowd of fans on hand to help them to victory in this contest.

The Patriots will be the only team the Owls have played this year who are smaller in size. However, the Patriots haven't won a game since the Turkey and Quitaque schools were consolidated last year, and they will be showing their most-determined effort of the season. They, like the Owls, have had their problems, and we're hoping the Owls have found more solutions and will emerge victorious.

The McLean Tigers took a 28-6 win from the Owls last Friday night in a game which held some disappointments for the Silverton players and fans.

McLean opened the scoring at 5:52 of the first quarter with a ten-yard touchdown by Gary Griffin. Ricky Kennedy kicked the extra point. The Owls came back with a drive that carried to the McLean-25 before the ball went over to the home team on downs. From there the Tigers mounted an attack that carried over into the second quarter and culminated with 10:02 remaining in the first half with a five-yard touchdown run by Joe Riley. Again Kennedy kicked the extra point.

The next Owl possession was ended by a fumble on about the McLean-40, and the Tigers again went for the score. Kennedy carried down 21-0, but they weren't ready to quit. Unable to gain yardage on their next series of downs, the Owls punted, and on first down, the Owls recovered a Tiger fumble on the 50-yard line. Again the Owls didn't have enough go pow-

### Home Damaged By Fire Last Wednesday

The Grover Thomas home was heavily damaged by fire shortly before noon on Wednesday of last week. The fire was in progress when Mr. Thomas came home and discovered it.

The family is living in a mobile home while the house is being repaired.

### First Bale of Cotton Ginned Here Friday

The first bale of 1973-crop cotton was ginned at T&F Gin Friday afternoon for James Davis, who farms south of Silverton.

The bale weighed 410 pounds, produced 700 pounds seed, and had a 24.5% turnout.

The cotton was produced on a dryland patch.

Mrs. Mabel Tomlin, owner and operator of the gin, said that the early cotton is ginning better this year than usual.

A special election will be held across the State of Texas Tuesday, November 6, 1973, for the purpose of voting on nine proposed amendments to the state constitution.

1. No. 1—Annual Sessions of the Legislature and Pay Raises for Legislators SJR-8
2. Homestead Protection for Single Adults HJR-7
3. Homestead Exemption for Single Adults SJR-13
4. Rules to Create Conservation Districts SJR-1
5. Coastal Counties Sea Wall Bonds SJR-12
6. District Courts Jurisdiction SJR-26
7. Veterans Land Fund Increase HJR-6
8. Broadening Ad Valorem Tax SJR-29
9. Water Storage Tax Exemption SJR-25

Voting places will be: Precinct No. 1, City Hall, Silverton; Precinct No. 2, City Hall, Quitaque; Precinct No. 3, Pioneer Room, Silverton; Precinct No. 4, P.C.A. community room, Silverton.

### Junior Owls Travel To Turkey Today

The Junior High Owls travel to Turkey today to try the Valley Patriots at 6:00 p.m.

Silverton's junior Owls suffered a 38-0 defeat at the hands of the McLean Tiger Cubs last Thursday night. The Cubs were bigger and evidently more experienced than the Owls. A standout for the Owls was runningback Doug McJimsey.

Kirk Durham will be out of action for the Owls because of a sprained ankle that he received in practice this week.

### Animal Health Hearing Is Slated

State Representative Phil Cates from Gray County announced today that the Agriculture Sub-Committee on Animal Health will have a hearing on November 1, 1973, from 10:00 a.m. to 12:00 noon. It will be held in the Oak Room of the College Union Building at Amarillo College, in Amarillo.

The hearing will be concerning recodification of the laws of the Animal Health Commission and all who are interested are urged to attend.

Representative Tom Uher from Bay City, who is chairman of the Committee, will be moderating the hearing.

If you would like any information concerning this event, please contact Rep. Phil Cates at AC 806-665-4991, Pampa.

### TO ATTEND ALL-DAY STUDENT SEMINAR

Mrs. Bonnie May of Silverton will attend an all-day student seminar on smoking and health Saturday at West Texas State University in Canyon, held in conjunction with an area meeting of the American Lung Association of Texas. Mrs. May serves as Briscoe County director to the Association's Top of Texas area program board.

She said the seminar is a pilot experiment co-sponsored by PTA District 8 and the Lung Association to test the feasibility of preparing teams of older students to teach younger students the dangers and social undesirability of smoking. An earlier pilot worked extremely well in the Sunray schools, she said.

If this district approach to the student smoking problem proves equally successful, she said that Texa PTA and the Christmas Seal group will promote it throughout the entire Texas Panhandle.

**CONSOLIDATION LOANS**

Sometimes a person's credit is just too "good."

When good credit goes sour because of too much use, there is a remedy—a consolidation loan.

These loans have saved many debtors from a bad credit record. Nevertheless, they can mean disaster unless handled with utmost care.

For instance, a person might be paying \$200 each month on five different loans. If he gets a consolidation loan, and the payments

are lowered to \$100, that sounds like a good deal—but it could be more costly.

Credit unions, banks and small loan companies make consolidation loans—but check the interest rate. You could move up to a higher rate than you're paying now.

To reduce payment amounts, the loan is spread over a longer period of time. And the longer it takes to pay off a loan, the more interest is paid. As a result, consolidation may be more expensive than the original loans.

Consolidation can—and does—work. However, sincerity in getting out of debt is a "must" for success.

If after consolidation the person doesn't exercise self-control over new charges and loans, it could spell disaster.

People are tempted to make more down payments and run up accounts because they feel less strained with the new lowered payment.

This feeling of false security spells the downfall for many with consolidation loans. Once their payment decreases, they start spending all over again.

Creditors who encourage spending again—after they're paid, add to the problem. This time, pay cash.

Additional debts can lead to bankruptcy.

Once a credit rating is darkened, the individual finds himself paying higher interest rates on loans.

### STATEMENT OF NONDISCRIMINATION

"Lighthouse Electric Cooperative has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the con-

duct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."
