Junior High Owls Take Win From Valley

The eighth grade girls took a big 21-14 win over the Valley Wildcats here Monday evening, and now own a season record of 5-2. They have won over Pothandle, Cleveland, Lakewood and Claude on their way along with Valley.

Debi Brennan led the hot scoring with nine points. Becky Vaughn put in five points. Barbara Cox, Lett Francis, Casey Sean, and Jena McNeil each scored one point.

When it is the game for the girls were Clayton Fowler, James Hittell, and Wendy Hittell. Jimmy Ortega and Mike Martin.

The eighth grade girls played at the Valley girls in a 13-8 decision. The Valley girls have given us tough competition for most of the teams they have played in the past couple of years, and those girls are about giving up on them.

Kim Hittell put in 12 points for the Wildcats, with Debbie Stone leading three points. Mignon Bunch, two, and Linda Vaughn, one point.

The seventh grade girls lost a real squaker, 23-8 to the Valley girls who had to work hard to win this one. Tonia Wood put in 17 points for the Wildcats, Kim Garrett added 12 and Tracy Hill dropped in three points.

The seventh grade girls suffer a 22-6 defeat by the Valley Wildcats. These girls play hard and hustle, but as has been the case in all of their games, their opponents were a bit bigger and could easily get off their feet over the heads of the Vets and could put down the rebornettes better. These boys, like the other Vets, must over give up.

Tommy Perkins led the scoring with 11 points. Michael Simpson put four points in two good outside shots. Mike Brennan put in three points, and Elliot Hittell scored two points.

The seventh grade girls won their game with the Vets at Claude January 8. The score was 14-10 in favor of the Vets at the end of the first quarter, and the girls didn't score again until the last period with a single free throw.

Debi Brennan and Jimmy Ortega led the scoring with four points each. Lett Francis scored two points, and Mike Brennan hit a free throw. The other boys on this team are James Alan Patton, Johnny Bisset, Bryan Brown, James Berger, Michael Simpson, Elliot Hittell.

The seventh grade girls lost a close one to Claude, 17-8. At halftime first period for the Wildcats proved to be their downfall, because they outscored Claude 16-2 in the final period and finished only three points shy of a win.

Kim Garrett led the scoring with seven points. Tonia Wood was right behind her with six, and Tracy Hill put in four points. The other girls playing were Jennifer Gray, Annette Fleming, Lisa Tompkins, Lisa Wright, Ellen Hittell, Arlene Lay, Rebecca Bell, Sara Deagler, Carolyn Gray, Teresa Crossin, Lett Wilson and Donna Hale.

The eighth grade girls hustled strong, outscoring Claude at the last minute, but were unable to overcome the deficit the Wildcats had already built for them. The Wildcats led 13-8.

Kim Hittell scored 12 points for the Wildcats. Mignon Bunch and Debbie Stone put in three points each, and Linda Vaughn put in two points.

The other Wildcats in the game were Lett Wilson, Arlene Lay, Golden Hittell and Susan Payne.

The eighth grade girls took a big win from Claude, 21-8. Becky

WAYNE BRINSON

Local Church To Hold Revival Jan. 13-20

Evangelist Wayne Brinson of Lubbock, Texas, will lead First Baptist Church of Silverton in evangelistic services January 13-20, according to the pastor, Rev. Larry Wilson. Services are scheduled daily at 7:30 a.m. and 7:00 p.m.

At 27, Mr. Brinson is a veteran of more than 100 evangelistic crusades throughout the world. These campaigns have ranged from local church meetings to missions on major university campuses and massive area-wide endeavors. He has been heard by crowds of people in every part of the United States and in Canada, India and Africa.

A native of Texas, Mr. Brinson is a graduate of Westland Baptist College. He is an ordained Baptist minister and served two years as a pastor prior to entering a full-time ministry of itinerant evangelistic preaching in March of 1963.

Married and the father of one son, Mr. Brinson often attends his ministry to include Bible conferences, personal evangelism clinics

Addresses: SEVENTH GRADE: Carolyn Gray, Linda Grabbe. EIGHTH GRADE: Kim Hittell, Mignon Bunch.

SENATOR BENTSEN SPEAKS TO TEXAS FARMERS' UNION

In a recent visit to Lubbock, Sen. Bentsen, United States Senator, spoke to the Texas Farmers' Union.

He was very impressed by the strength of the Farmers' Union, and with the many areas of service the organization provides. He assured the union of his continuing desire to work closely with it as their elected representative in the United States Senate.

The goal of the Farmers' Union for some time has been 100% parity for American agriculture. Senator Bentsen gave these reasons why their goal is justifiable:

"Agriculture is the backbone of this country and has become this country's largest industry. Our nation and the people beyond our shores depend on it. 210 million people in the United States and many more millions throughout the world now depend on this country's 2.8 million farms for food and fiber.

"Also about 25% of all jobs in private employment are directly related to agriculture.

"Previously, America has been so preoccupied with urbanization and the problems of our overgrown cities that attention has been di-

verted from our agricultural heritage. But food shortages and increasing demand for agricultural products abroad have brought a reawakening. Agriculture is emerging as Uncle Sam's No. 1 hero when it comes to our balance of trade picture.

"In 1972, we had a deficit of over \$6 billion. And if agriculture had not contributed \$12.9 billion in export trade on the positive side of the ledger, our overall balance of trade would have shown a deficit nearly three times as large.

"According to the U. S. Department of Agriculture, farm exports in 1973 will be at an all-time high of around \$19 billion, which means an increase of \$6 billion over last year's figure.

"The role of the farmer is vital not just in economic terms, but in human terms.

"Food is often the first commodity sought when nations have to look beyond their own shores to meet their people's needs. And food may well become our most powerful secret weapon in the quest for world peace. Our tremendous food production capacity gives us strategic leverage in international relations."

These are good reasons why their goal of 100% parity is justifiable.

Another point Senator Bentsen brought out is the lack of confidence in government. He supports the conservation measures announced so far by the President. This is no time for partisan attacks concerning who's at fault or who saw this situation coming. He is urging his Democratic colleagues to join him in working with the situation, not trying to find who is at fault. Perhaps in the course of this ac-

GRADUATES—Janice Hill, left, and Mildred Brooks, far right, have received their GED high school diplomas after completing all requirements in the Plainview Adult Education program. Their teacher, Suzanne Teykl, seated, said this week she was "proud" of the two students who recorded the highest grades in a class which ended in late December.

Kenneth Tate is a patient in Room 601 at Methodist Hospital in Lubbock. He underwent vertebrae surgery last Thursday.

Annessa McDonald of Tunica, Mississippi is here visiting her grandparents, Mr. and Mrs. Jack Estes.

to resist the force of the wind. It is only a temporary measure because clouds readily disintegrate. Emergency tillage must be at right angles to the prevailing winds. Great care is required to raise crops and livestock, to conserve the soil, and to prevent pollution in these wind-ravaged areas. SOIL CONSERVATION DISTRICT NEWS

STOP WIND EROSION!

The most serious damage from wind erosion is the separation and gradual removal of silt, clay and organic matter from surface soils. Remaining materials may be sandy and infertile. The said often piles up in dunes and presents a serious threat to better lands surrounding it. Soil blowing causes other damage. Crops are often damaged or destroyed by the abrasion of wind-blown soil particles. During duststorms vehicle accidents are often reported. Duststorms also pollute the atmosphere. This dust is so disagreeable that it is sometimes unbearable for families in the area.

Certain conservation practices can be used to reduce wind erosion in this area. Stubble mulching is one of the most effective ways to control wind erosion and conserve soil moisture. Stubble mulching is the management of plant residues for year-round protection of the soil surface. Hauled-in mulches can be used on cotton land or land that does not have sufficient cover to protect it. Cotton gin trash at a rate of three to five tons per acre will effectively control erosion.

A cover crop can be planted for protection when regular crops are off the land, but also may be planted in strips or between rows to provide protection from wind erosion.

Stripcropping can be done to control wind erosion also. This consists of planting crop strips straight and at right angles to

AFTER THE PARTY IS OVER

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

©Coleman Adv. Ser.

Have you ever felt like this little girl after a big, exciting day at the Fair, or a party? You know how you feel — excited, exhausted; but you feel good, too. Sometimes you just want to lie down and think about it. But like the little one in this picture you, also, are too tired to remove your party hat or your shoes.

Sometimes it is delightful just to lie down and think of something good and wonderful and happy. It is good just to be still and sort of day-dream about what has happened.

There are other times in our lives when we need to achieve a sense of quietness and think of God. The Psalmist says, "Commune with your own heart upon your bed and be still." Psalm 4:4. God says in Psalms 46:10 "Be still and know that I am God."

We invite you to attend church and sense the still, quiet holiness that is God's presence in the midst of the congregation.
