6,000 kwh used each month

.9 cents per kwh for all additional kwh used each month
(When the commercial customers' demand—the number of kilowatts the company must have to serve his load—exceeds 10 kw, the 4.6 cents block of the rate is extended 38 kwh for each kw of demand above 10 kw. This demand feature affects only the larger customers.)

The company projects that the rate increases will produce annual revenues in Texas, where it serves the great majority of its customers, of \$6,161,000.00. Of this amount, \$3,021,000.00 will go for additional taxes.

In the face of high interest costs that now range from 9 to 11 percent, the company's rate of return on its investment is 5.87 percent. If the proposed new rate had been in effect during 1973, it would have yielded a rate of return of 6.61 percent. Texas law allows as much as 8 percent rate of return for utility companies.

The new general service rate that applies to most commercial customers is as follows:

7.1 cents per kwh for the first 100 kwh used each month

4.6 cents per kwh for the next 900 kwh used each month

2.4 cents per kwh for the next 6,000 kwh used each month

1.4 cents per kwh for the next

Electric Company
Seeking Rate
Increase Here

Southwestern Public Service Company announced today that it will seek the first general rate increase from its Texas customers since 1967.

The proposal requests an average increase of 10 percent, to be effective with billings in September of this year. The request is addressed to municipal governments in the communities served by the company, those bodies being the regulatory authority in Texas.

Southwestern has had only two previous rate increases, 23 and 7 percent, respectively. The 1967 increase was 7.62%. There have been 14 rate reductions since 1962 when the company took its present form.

Increased costs of labor, materials, money and taxes were cited by the company as the major reasons for the rate increase request. Businessmen said that a standard wooden pole had increased in cost 175 percent since the last rate change, with a 365% increase in the price of crossarms used on the lines.

Other increases in costs since 1967 include a 162% rise in the price of steel for substations; a 4% increase in copper wire; labor costs up nearly 54% and taxes going up by almost 57%. Interest paid on borrowed money has jumped up 68%.

The company pointed out such increases in other prices since 1967 as 108% for ground beef; 75% for coffee; 58% for milk; 40% for margarine; and 100% for lettuce as indications that its request for an average increase of 10% was reasonable.

For residential service in homes which are not electrically heated and do not have electric water heaters, the new schedule is as follows:

7.10 cents per kwh for the first 100 kwh used each month

4.70 cents per kwh for the next 900 kwh used each month

2.35 cents per kwh for the next 6,000 kwh used each month

1.90 cents per kwh for all additional kwh used each month

Southwestern's average residential customer uses 536 kilowatt-hours a month. Under the new rates, his monthly bill will be increased \$1.38, or 8.9%.

The company has a fuel-cost adjustment as a part of its approved rates. This allows it to pass on to customers increases in fuel costs. However, fuel is only about 20% of the total cost of providing service and there is no similar protection against the increases that have taken place in the other 80% of the costs necessary to provide service.

In connection with the fuel-cost adjustment, it is charged on the basis of the number of kilowatt-hours used by the customer. As a result, it has the least effect on customers using smaller amounts of energy, both as to amount and percentage of bill, and has the most effect, both ways, on larger consumers.

Southwestern's peak demands for electric service fall in a short three to four-month summer season because of irrigation of agricultural crops and air conditioning. In order to more evenly balance the year-round load on the company's system and use the generating equipment and transmission and distribution lines most efficiently and economically, the company offers electric heating rates during the winter season.

This type of rate structure benefits all residential customers, whether they heat electrically or not, because it brings in more revenue dollars, which helps keep all rates lower than would be the case without the incentive for those customers preferring electric heat.

The new general service rate that applies to most commercial customers is as follows:

7.1 cents per kwh for the first 100 kwh used each month

4.6 cents per kwh for the next 900 kwh used each month

2.4 cents per kwh for the next 6,000 kwh used each month

1.4 cents per kwh for the next

MRS. MICHAEL J. BUCHANAN

Jones - Buchanan Vows Exchanged In Double-Ring Church Ceremony

Marriage vows were exchanged and Mr. Michael J. Buchanan. The double-ring ceremony was performed by the pastor, Rev. Larry Wilson, before a pair of

candelabra bearing white tapers and an archway of candles. A wrought-iron kneeling bench was decorated with jade palms, statice and the bride's colors.

Parents of the bride are Mr. and Mrs. Troy Jones of Silverton, and the bridegroom is the son of Mrs. Bill Buchanan of Friona and the late Mr. Buchanan.

Escorted and given in marriage by her father, the bride wore a formal-length gown of ivory chiffon fashioned with a scoop necked empire bodice of heavy venise lace. Her full bishop sleeves of chiffon were attached to cuffs of lace and her softly gathered A-line skirt extended into a brush train. A deep self ruffle formed the hemline of her skirt and train. Her elbow-length tier of lace-edged illusion was held by a Juliet cap of venise lace.

She carried a semi-cascade bouquet of minuet roses, daisies and statice surrounding two pink cymbidium orchids and wedding lace leaves. Tiny minuet roses and statice were caught in bridal ribbon tied in lovers' knots and showered from the bouquet which was carried atop a lace-covered Bible that was a gift from the bride's mother.

Tradition was carried out by the bride's wearing an antique cameo necklace that was a gift to her sister from their paternal grandmother. The bride placed in her Bible a lace-edged handkerchief that once belonged to her late maternal grandmother. Something new was her bridal ensemble, she added a blue garter and placed a penny bearing the year of her wedding date in her slipper.

Attending her sister as maid of honor was Miss Terry Jones of Lubbock. Mrs. George Reed of Silvertown was matron of honor. They wore formal-length gowns of pastel satin and dotted swiss fashioned with scooped necklines and butterfly sleeves edged with lace. A sash of sheer dotted swiss complimented the empire bodice of each gown. Each carried a natural wicker basket of marguerite daisies, statice and leather leaf.

Little Miss Juli Garth of Lubbock was flower girl. She wore a pastel gown designed identically to those of the other attendants, and carried a tiny natural wicker basket of marguerite daisies, statice and leather leaf. She wore a headpiece of fresh daisies.

The ring bearer was Master Royce Graham of Brownwood, a cousin of the bride, who carried the heart-shaped ring pillow decorated with pastels.

Candles were lighted by Miss Lisa Buchanan of Friona, sister of the bridegroom, and Miss Susan Scott of Brownwood, a cousin of the bride. They wore formal-length gowns identical to those of the other attendants, and added wristlets and headpieces of fresh daisies.

Best man was Jacky Clem of Plainview. Groomsman was Dony Carthel of Portales, New Mexico. Guests were seated by Jeff Jones of Silvertown, the bride's brother, James Weatherly, Don Fortenberry and Dennis Anthony, all of Lubbock.

Mrs. L. B. Garvin, jr., organist, accompanied Mrs. Melvin Lloyd of Friona, a cousin of the bridegroom, as she sang "The Twelfth of Never" and "The Wedding Prayer."

The bride's mother chose a formal-length three-piece gown of pink and white polka-dotted double knit and white accessories for the wedding. She added a corsage

of minuet roses. Mrs. Buchanan was attired in a formal-length gown of pastel yellow lace with matching jacket and white accessories. She also added a corsage of minuet roses.

A reception was held immediately following the ceremony in the Fellowship Hall of the First Baptist Church. The bride's table was decorated with a centerpiece of daisies, minuet roses and baby's breath in a lead crystal compote. On each end of the table were placed the attendants' baskets of daisies. The couple's toasting glasses and bridal knife were decorated with fresh flowers and bridal ribbon. Mrs. Don Glenn of Kress, Mrs. Perry Brunson, Miss Marilyn Minyard and Mrs. John Wyatt, all of Silvertown, assisted in serving the three-tiered traditional wedding cake topped with white satin wedding bells edged with seed pearls and touched with assorted pastel flowers.

Prior to the wedding the guests were registered in the church foyer by Mrs. Terry Bomar at a table draped with a floor-length white cloth with white lace overlay. A centerpiece of daisies and baby's breath and wedding scroll momentos were the focal point.

After their wedding trip to Las Vegas, Nevada, the couple will be at home at 2819 37th Street in Lubbock.

The bride is a 1970 graduate of Silvertown High School. She attended Clarendon College, where she was affiliated with Phi Theta Kappa honor fraternity, and Texas Tech University.

The bridegroom is a 1971 graduate of Friona High School, and is a senior agricultural economics student at Texas Tech University. He is a member of Alpha Zeta honor fraternity, has served this year as president of the Agricultural Economics Association, and was named Outstanding Junior Agricultural Economics Student in 1974.

An Added Touch of Beauty

Robert Louis Stevenson said:
 "The world is so full of a number of things, I'm sure we should all be as happy as kings."

God's world is filled with loveliness, but we need to add our own touch of beauty, so that we might be builders of a better world with Him. Each of us was given talents which would enable us to contribute to the world and mankind something great and lasting and beneficial. May each of us use these talents to the Glory of God. Add a touch of beauty to your life this week by attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Letter To The Editor

May 20, 1974

DEAR EDITOR: I suppose one should never be astonished about the lowliness some persons will stoop to to satisfy their personal desires, nor do they consider what emotional effect it will have on an adult or child.

This morning Juannah Sue discovered that a very unique grafted cactus she had given to her "Mama," while she was in the hospital seriously ill, was missing from its usual spot on Estelle's front porch. Upon investigation Estelle found that several other

were Kelly McMurtry, who pitched the sixth inning, Casey Bean and Robbie Yarbrough.

Don Cornett is coach for the Gold Sox. The game was umpired at the plate by Dana Martin, and Doug Yarbrough umpired at the bases.

The Quitaque teams were coached by Jarrell Rice, Dick Evatt and Sid Parsley.

plants given to her while in the hospital had been taken.

I'm sure that Mother would have been glad to share some of these plants with this person, IF they had only asked. But for them to steal them from one's private property and on a Sunday certainly reflects that they aren't a Christian and I bet if they were asked if they were a Christian they would shout loud praises.

Surely this person has a very proud feeling for their accomplishment. I hope they read this letter because as a mother it's difficult to watch a child crying over such an act and explain why people possibly do things like this.

I hate to think that such a person is in our town for no telling what they might steal next. Someone may come up missing food out of their gardens this summer.

Respectfully, Becky Woods

Editor's Note: Becky, I'm sure there are those who would tell you that vegetables have been missing out of their gardens the last few summers. In the past week, I have also heard about

some lumber (cut in six foot lengths for the platform at the new rodeo arena) being stolen from the Young Farmers; a stereo tape player being stolen out of a boat; a hangar being broken into and a camper inside being broken into and everything in the cabinets being strewn in the floor. In addition, one little boy had the tire and wheel stolen off his bicycle while it was in their garage. The Boy Scout Hut has been broken into repeatedly. This isn't a very pretty picture to paint of our town, but this is our situation.

Shirt Painting Classes Slated Here

Shirt painting workshops are to be taught here soon by Mrs. Junis Hutsell.

There are four places open in the workshop to be held June 4-6. The three-day class will meet from 1:30 to 5:00 p.m.

There is one place left in the May 23-29-30 workshop.

There are also several places in an evening workshop the first week in June.

If you are interested in taking part in this activity, call Junis at 823-2801.

READ YOUR BIBLE

Search the Scriptures..... John 5:39

HOW TO "EXORCISE" SIN FROM YOUR LIFE

1. Acknowledge you have sinned and your need for God. Read Rom. 3:23; Matt. 1:21.
2. Learn the will of God by reading or hearing His Word. The gospel is the good news of forgiveness through the blood of Jesus. Read Rom. 1:16; 10:17; John 6:45.
3. Believe in Jesus Christ as the Son of God. Read Acts 4:12; Heb. 11:6; Mark 16:16; John 8:24. (Although faith is necessary, faith alone cannot save apart from obedience. Read James 2:17-26; Heb. 5:9.)
4. Determine to turn from sin and surrender your life to Christ. Repentance is a must. Read Luke 13:13; Acts 2:38; 17:30.
5. Confess Christ as God's Son. Matt. 10:32; Rom. 10:9-10.
6. Having thus died to sin, bury the old self in the waters of baptism for the forgiveness of all past sins. Read Rom. 6:3-4, 16-17; Mark 16:15-16; Acts 2:38; I Peter 3:21; Acts 10:48.
