VOLUME 66 NUMBER 27

Leland Hugh Wood and Calvin Shelton accepted a \$2,000.00 check from Don Cornett of the Briscoe County 4-H Adult Leaders Association and County Extension Agent Jimmy Vanstory. The money is to be applied to the cost of building the new rodeo arena, and is the 4-H expression of appreciation to the Young Farmers for their work.

\$2,000 Donation Presented To Young Farmers

The 4-H Adult Leaders Association met Monday evening, July 1, at 8:30 p.m. in the Pioneer Room of the First State Bank with Don-

nie Martin presiding. Calvin Shelton, representing the Silverton Young Farmers, attended the meeting and was presented a check for \$2,000.00 by Mrs. Bill Durham, treasurer of the Leaders Association. The \$2,000.00 check will be applied to the cost of the new rodeo arena the Young Farmers have constructed.

The Young Farmers worked very hard to have the arena ready for the first 4-H rodeo held in May. The 4-H realized a good profit from that rodeo and felt an obligation to the Young Farmers for their willingness to work for 4-H benefits. A second junior rodeo was held June 28-29, with 4-H and Young Farmers sponsoring the event. 4-H members and leaders are proud of the new arena and want to express their thanks to the Young Farmers along with the \$2,000.00.

Profits from the rodeo concession stands remains in a 4-H Special Account. Leaders voted to use some of this money for insurance (life and accident) for 4-H youth while participating in 4-H sponsored functions. Briscoe County now has about 140 active 4-H members.

Mrs. Don Cornett was elected secretary of the Adult Leaders organization, and Mrs. Harold Edwards was elected Home Demonstration Council representative.

Mrs. Bill Durham has requested that any bills the 4-H has accumu-

lated in Silverton be mailed to her or to Jimmy Vanstory, County Extension Agent.

Briscoe County 4-H Camp will be held July 19-20 in Palo Duro State Park. Wayland Fitzgerald will be general chairman for the camp, and Harvey McJimsey will be his assistant. This year there will be absolutely **NO CLIFF CLIMBING** at the 4-H Camp. The 4-H Council is in charge of entertainment and Harold Edwards and Mrs. Ted Strange were elected to assist the Council.

Leaders present for the meeting were Donnie Martin, Mrs. Bill Durham, Mr. and Mrs. Don Cornett, Charlie Payne, Bill Boling, Ted Strange, Mr. and Mrs. Harvey McJimsey, Mr. and Mrs. Harold Edwards, and the Extension Agents, Jimmy Vanstory and Dorothy Powell.

The next Adult Leaders meeting is scheduled for September 9 at 8:00 p.m.

Colonel Wilson E. Spier, director of the Texas Department of Public Safety, today estimated that traffic accidents during the 102-hour July 4th holiday weekend would claim 42 lives in Texas.

Spier, who did not make an estimate for the Christmas-New Year period because of rapidly changing conditions brought on by the energy crisis, said the traffic situation has become more stable in recent months. He noted that gasoline is readily available in most sections of the state, and pointed out that this would probably bring additional traffic to the highways during the approaching holiday.

4-H Horse Club To Meet Monday

Harold Edwards, 4-H Horse Club leader, has called a 4-H Horse Club meeting for Monday, July 8, 1974, at 8:30 p.m. at the P. C. A. community room.

The 4-H trail ride and other activities will be discussed.

Mrs. Joyce Drewry and Tammy of Huntsville spent a week with her mother, Mrs. Mildred Brooks, and Roy. They visited her sister and brother, Mr. and Mrs. Carl Minyard and family in Silverton and Mr. and Mrs. Bill Brooks and Josh in Amarillo. Ronnie Drewry came for his wife and daughter and returned them home.

Mrs. Richard Weaks of Joes, Colorado spent a week with her parents, Mr. and Mrs. Buck Wesley. Mrs. Weaks also visited her sisters and brothers in Silverton and Tulla and the Bill Brooks family in Amarillo. Mr. and Mrs. Eddie Wesley and family and Mr. and Mrs. Randy Wesley of Littlefield visited in Silverton during the time their sister was here.

Mrs. M. E. Smith fell Sunday and broke her hip and wrist at the nursing home in Tulla. She was taken to St. Anthony's Hospital in Amarillo for treatment.

Colonel Wilson E. Spier, director of the Texas Department of Public Safety, today estimated that traffic accidents during the 102-hour July 4th holiday weekend would claim 42 lives in Texas.

He noted that gasoline is readily available in most sections of the state, and pointed out that this would probably bring additional traffic to the highways during the approaching holiday.

The July 4th holiday last year, which was only 30 hours in length, resulted in 13 traffic deaths in Texas. The 1972 holiday, which was 102-hours long—the same as the upcoming period—was marred by 80 deaths.

The DPS director pointed out that excessive speed and drinking drivers would make the largest contribution to the fatal accident toll, and he warned that all available DPS troopers and department facilities will be utilized to watch for unsafe and reckless motorists.

"We urge every Texas driver to join with us in this all-out effort to make the July 4th holiday period as safe as possible," he added.

Crop Certification Deadline Is July 15

Another reminder has been issued that all crops must be certified not later than July 15.

You must measure your crops. Guessing cannot be accepted, so measure before you attempt to certify. This year, crops must be shown on the photocopies at their exact location. Bring your wheel or chain measurements when you come to report.

Failure to timely file your crop certification and program intention will cause you to be ineligible for any payment which may be due under the Disaster or Target Price Provision of the programs. It will also cause you to be ineligible for price support loans.

Public Barbecue To Be Discussed Here

Everyone who is interested in the public barbecue which is held each year during the Briscoe County Birthday Celebration is asked to meet at 9:00 p.m. Monday at the City Hall.

At this time it will be decided whether to hold a free barbecue again or whether to charge for the meal this year.

Mrs. O. C. Maples has been a patient at Central Plains Hospital in Plainview for several days. She expected to be able to return home on Wednesday.

Citizens Asked To Conserve Water

Residents of the City of Silverton are asked to conserve water during these dry and hot days because one of the city's strongest wells went out this week.

City Secretary Jerry Patton reminded residents: "You can tell by the gauge on the water tower how much water it has in it. If the marker is hanging near the bottom of the tank, this means it is full. If it is seen near the top of the tank, this means the tank is empty."

Speed, Drinking Contribute To Most Fatal Accidents

Colonel Wilson E. Spier, director of the Texas Department of Public Safety, today estimated that traffic accidents during the 102-hour July 4th holiday weekend would claim 42 lives in Texas.

FARM INCOME PREDICTED TO LEVEL OFF AT "GOOD HIGH LEVEL"

Lubbock, June 28—U. S. farm income will level off "at a good high level," an International Harvester Company executive predicted here tonight. Crop prices should remain strong "at a slightly lower level" that will benefit livestock feeders "who are having a rough time right now," J. P. (Pat) Kaine, president of IH's Agricultural Industrial Equipment Division, told 400 IH dealers and customers at a meeting at Lubbock Country Club.

growth, especially overseas where millions of new customers will have increased purchasing power. International Harvester plants are working round the clock to meet the greatest demand for farm machinery since the end of World War II, the IH official said.

This year, he said, IH is producing 15 to 20 percent more finished machines and 50 percent more service parts than last year, but is still faced with "serious shortages" of both. To help alleviate the situation, Kaine said, his company has recalled IH people from retirement to expedite parts from suppliers, is buying components all over the world at premium prices to keep assembly lines going, is restricting exports to only 1.8 percent of total production, and is increasing capital expenditures for expanded production. He cited a \$14 million investment, announced just a week before, which would increase Farmall tractor production by one-third.

The U. S. will export 20 billion worth of agricultural products this year, nearly 20% of the nation's total exports, Kaine said, and "that's going to buy us a lot of petroleum and other products we must import to sustain our high standard of living." Commenting on foreign tractors being sold in the U. S., Kaine said his company has never sought import restrictions as protection against foreign competition. "If we can't build a better machine and provide better service to the U. S. farmer than they can, we don't deserve your business," he declared.

Despite the fact that Americans spend a smaller proportion of their income on food than any other people in the world, Kaine pointed out, "there is a furor over increases in food prices." He said price controls on food would be "ill advised" and would "discriminate against the producers of vital food and fibers who have not shared fully in the economic advances of other segments of the economy."

The IH executive criticized "self appointed defenders of the public good who seek to manipulate our business and personal lives," and "articulate headline grabbers" who seek to destroy American business. Citing the vital importance of agriculture and agri-business, Kaine said "no single industry has made a more significant contribution to the socio-economic well-being of civilization."

The American farmer, he added, provides food and fiber that are

The Congregation Of The CHURCH OF CHRIST Meeting At Rock Creek

EXTENDS A GRACIOUS WELCOME TO ALL TO ATTEND ANY AND ALL OF OUR SERVICES.

SUNDAY Morning Worship 10:30 a.m. Evening Worship 6:00 p.m. WEDNESDAY Evening 7:00 p.m.

EVERYONE LOVES A PARADE

To hear the band, to see the uniformed soldiers, to see the might of our tanks, to see the strength of our country, these things stir the heart and make us proud to be an American. Our God has made us strong and blessed us greatly, however our greatest strength is in the Lord. "GOD is our refuge and strength, a very present help in trouble." In these unsettled times we need to show our faith in the Lord, and speak with the courage of one whose father can do all things. Renew your strength each week by attending services in the Lord's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SALUTE TO A FLAG WAVER—Mr. R. C. Hutsell installed a flag pole in the front yard of his home on Highway 86 several years ago, and everyday that the weather is fit he raises the American flag. The Century of Progress Study Club salutes this flag waver for being a patriotic American and for encouraging patriotism in others.
