ESTABLISHMENT TO BE
CLOSED JULY 4 AND 5

Stock to be Sold at Public Sale From
Friday July 5, to Tuesday
July 23rd.

Long circulating rumors about the
impending Public Sale of the im-
mense department store of the Hun-
ter Mercantile Company, Snyder, Tex
as were suddenly confirmed by the
firm's positive announcement to that
effect. The News has created a stir
among the local business circles and
came as a surprise to the many
friends and customers of this well-
known firm.

The sale effects the entire stock
and the fact that the firm intends
to dispose of their merchandise be-
fore July 23rd has led them to offer
these high grade goods at retail sale
a fact which will be welcomed by the
entire buying public, which thus
will be enabled to save many dollars
on their many purchases. To accom-
plish this huge task of disposing of
the stock in the given length of time
the concern is bending all efforts and
sparring no expense to thoroughly ad-
vertise this event and as advertise-
ments have been sent broadcast over
a radius of 200 miles, an enormous
crowd is expected to attend this pub-
lic sale.

Vast preparations are being made
to accommodate the expected masses
scores of clerks having been employ-
ed and are now making important
changes in the establishment to prop-
erly meet the demand; the entire
building will be closed Wednesday,
July 3rd and Thursday, July 4th and
will remain closed until Friday July
5th at 9 a. m. when the unique mer-
chandise sale will commence.

Thousands of people from the sur-
rounding country are expected to con-
gregate in Snyder during his Gigan-
tic Carnival of value giving which
will be held there beginning at nine
o'clock Friday morning, July 5th and
lasting sixteen days. Its tremendous
size and wonderful advantages can
only be believed in the actual see-
ing. A great many of our citizens
have already expressed themselves
as having made up their minds to at-
tend, and not since the beginning of
sales has an enterprise so tremen-
dous in size been organized as this
one.

Sensational features in all the de-
partments proclaim this event to be

Mother Johnson in Snyder
Mrs. Johnson, the founder and matron of the Virginia Johnson Rescue Home in Dallas spent last Sunday in Snyder and addressed a mass meeting of women and men at the Court House.

She is doing a wonderful work in rescuing women and girls who have gone astray and furnishing them a home and a chance to make an honest living. Mrs. Johnson has made a careful study of her work and has it reduced to a system.

The awful "white slave trade" opens up a crying need for just such grand work as this saintly old mother is doing and she certainly deserves the sympathy and aid of all lovers of virtue, decency and morality.

Now you may guess, we are having a time, fishing, bathing and killing squirrels. Yes it carries us back to our boyhood days.

We have met some very fine people with whom we are glad to get acquainted.

Now Brother Hardy, don't let this little history of our good time cause you to go back to your boyhood and stay so long that you neglect the Signal. I wish I had a copy of the good old home paper this afternoon.

We had a fine rain here last Monday night. Hope our dear old home got a good one.

I have not seen any crops as good as they were in Scurry when we left.

Well, I will close by asking you to send me an almanac to tell when Mr. Turner will be full on fish.

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

Studebaker Wagons the Farmer's Friend!

The farm wagon is the most frequently used implement on the farm. And must carry loads over roads under all conditions, and for this reason alone there should be a great deal of care taken in selecting a farm wagon. Economy demands that a farm wagon shall be chosen for its durability and light running qualities.

Studebaker is the best by test. A cheap poorly constructed wagon is a detriment to the busy farmer. Therefore when buying a wagon investigate its merits carefully. If you have never run the STUDEBAKER WAGON we ask you to investigate and see the satisfaction they are giving your neighbors. See us before buying.

Mr. Hagins for Representative

Judge A. J. Hagins of Jayton was a visitor in Snyder last Friday and paid the Signal a pleasant call. He is a candidate for representative of the 105th district in the legislature, subject to the July democratic primaries.

Judge Hagins is a substantial citizen and carries endorsements from many citizens in Kent, Stonewall, King, and Dickens counties where he is personally known.

He has been a farmer all his life but has taken active interest in public affairs and has served his county as County Judge and is now serving as a County Commissioner in Kent County.

He has a clear, practical sense of

the needs of the country and is well qualified to discharge the duties of representative.

He favors such laws as will foster educational interests, protect the laborer in his wages and the producer in the profits of his produce.

He believes a representative should keep in close touch with his constituents and abide by their instructions. Believes in rigid economy in public affairs.

TEXAS PROGRESS

A Magnificent Prosperity Awaits Texas Investors.

All things come to him who waits, but in Texas you don't have to wait long. The tide of civilization is rushing into Texas like a surging sea; our mines are opening up like springs flowing from the mountain side; our farms are pouring forth a stream of golden riches into the channels of trade, and our factories are belching forth fumes of newly-made wealth—all uniting in forming an industrial current that is carrying ownership to prosperity. Man's persistent enemy—Father Time—is making a contribution of a half million dollars per day to the property owners of Texas, and this heritage is shared by all who become identified with our progress and its distribution is made with the equity of nature and falls as gently and universally as the dew from heaven. No subtle hand can divert it, and no siren voice allure it from its ordained destination. It is yours if you will stay with us.

More important than money is opportunity. We have a young, vigorous civilization yet in its teens that is beginning to unfold its powerful agencies for progress, and one that can give greater dividend to honest effort than any other country on the globe.

We Are Practical, Prosperous and Progressive.

We have taken the wild shrubs and herbs and by working intellect into the soil and inspiration into vegetation have developed fruits and vegetables sought after by the markets of the world. We have builded cities and dotted the valleys with happy homes, and have made greater contributions towards the progress and prosperity of the nation than the citizens of any other state to the Union.

TRUTHFUL TEXANS

All Persons Inclined to Prevaricate Should Move to Texas Where Truth Abounds.

To the persons who come to Texas, the things we have, speak in such thundering tones that they can hardly hear anything we say, but telling the truth is one of the strong points of the Texan.

In fact, it is almost impossible for a man to tell an untruth about the magnificent resources and wonderful possibilities of Texas. With all our efforts to describe them, the half has never been told. Many citizens, wholly unreliable in other states, have moved to Texas, where their imagination can revel in pine forests greater in area than the wheat fields of the Dakotas, roam in cotton fields as large as half the New England States, wander over 50,000,000 acres of virgin prairies, explore mountains of minerals and inspect the foundation timbers of the greatest civilization the world has ever known, and they become perfectly honest and highly respectable citizens. Any person who has the least inclination to prevaricate should come to Texas, where the realities so far exceed the wildest fancies of the most vivid imagination, that it is almost impossible to exaggerate.

In fact, the Texan is, as a rule, very modest in his statements and is so afraid of overestimating the advantages and possibilities of his country, that his conservatism is frequently mistaken for ignorance, and he unconsciously allows his intellect to suffer in order to avoid the remotest suspicion of his morals; but the completion of the Panama Canal will open up such wonderful possibilities that we shall speak out with more courage.

We Are Energetic as Well as Truthful.

There is no more progressive citizen on the globe than the native Texan. He is by nature an architect and by practice a builder. Out of raw prairies and a howling wilderness he has erected a magnificent empire; he found cotton a weak and struggling industry and made it the king of products. He has taken the Texas steer, a wild, reckless denizen of the plains, and made of him a commanding genius of the world's markets.

After a frightful coughing spell, a man in Neenah, Wisconsin felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough while persistent use routs obstinate cases and promptly and surely heals weak, sore lungs. They Put an End to It

Chas. Sable, 30 Cook St., Rochester N. Y., says he recommends Foley's Kidney Pills every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him.

Such a recommendation coming from Mr. Sable is direct and convincing evidence of the great curative qualities of Foley's Kidney Pills. For sale by Snyder Drug Company.

Mrs. M. E. Fee of the Ira community called at the Signal office Saturday and showed us a cotton bloom out of their cotton patch. It was a healthy looking bloom, fully matured. Helped to Keep Down Expenses

Mrs. J. E. Henry, Akron, Michigan tells how she did so. "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley's Kidney Pills and they did me so much good that I bought a bottle and feel that they saved me a big doctor's bill."

JUDGE WM. F. RAMSEY STRONGLY ENDORSED

MANY PROMINENT DEMOCRATS COMMEND HIS CANDIDACY FOR GOVERNOR OF TEXAS.

GOOD GOVERNMENT FRIENDS Urged to Call Meetings and Organize Ramsey Clubs in All Sections of the State in His Behalf.

To the Democracy of Texas: As Democrats devoted to the best traditions of our party, and having at heart the welfare of our State, we cordially commend the candidacy of Judge Wm. F. Ramsey for Governor of Texas, confident that if nominated and elected he will give to all the people of Texas a wise, just and progressive administration of our State affairs.

Judge Ramsey is a man of the highest character, of unblemished reputation, and his life is an open book to those who have known him throughout all the years that he has lived in his native State of Texas, and will invite the closest scrutiny without fear of criticism.

He is a Democrat who, in all the battles of the party, has given conspicuous service to its principles and candidates, working in the ranks as a private citizen, never having held office, except that of Judge of the two courts of last resort, civil and criminal.

He has been successful in the conduct of his own business affairs, is a lawyer of distinguished ability, and will bring to bear in the discharge of the high duties of the office to which he will be called, an ability and wisdom that will rebound, in our judgment, to the best interests of all the people of our State.

We give Judge Ramsey our unqualified endorsement and will rejoice in the success of his candidacy by a decisive and well deserved majority.

It must be clear to patriotic citizens who will familiarize themselves with the existing political conditions in Texas that the official course and announced policies of Governor Colquitt—who was nominated by largely less than a majority of the Democrats of Texas, and as the result of unfortunate divisions—are out of harmony with the best thought of the State, and that the high order of efficiency so essential to a wholesome administration of our State affairs has been totally lacking in his administration, and is impossible during his continuance in office.

In the belief that good government, clean politics and the higher ideals of an intelligent and patriotic citizenship, free from the corrupting influences of machine rule and boodles, can best be secured by a change, we advocate the nomination of Judge Ramsey as a man in all respects suited to the great responsibilities of the high office of Governor, and urge the Democrats of Texas to rally to his standard and redeem our State and our politics from the dangerous influences which now menace them.

We call on all friends of good government in every section of the State, regardless of past alignments or factional differences, to put forth their best efforts during the remainder of the campaign to make his majority overwhelming and effective. Let Ramsey meetings be held and campaign clubs be organized at once in each voting precinct, and all legitimate means be employed to get every friend of Judge Ramsey's cause to the polls on primary election day.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin OWL DRUG STORE, F.V. Clark, Mgr

Her Hair Commenced to Grow After Two Weeks' Use of Newbro's Herpicide.

"Fever caused me to be entirely bald. I had given up all hope of regaining my hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. Now I have the most beautiful head of hair any one ever saw. Praise to Newbro's Herpicide." Thus writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair. We absolutely guarantee the one dollar size bottles of Newbro's Herpicide.

W. H. Clements showed the Signal a large Bermuda onion grown in his garden in Snyder. It weighed a little more than a pound and measured 16 inches around. This is more evidence that the famous truck farms of South Texas, haven't got anything on Seurry county dirt.

Ballard's Snow Liniment
It is a Powerful Preventive, as Well as a Speedy Cure

Rub it in on the parts affected whenever the conditions seem to indicate a spell of this painful ailment; it will warm the joints and ward off the trouble. If the disorder has already commenced, the treatment is the same, the rubbing helps the liniment to penetrate to the seat of pain. The relief is prompt and very satisfying; the aching joints are relieved, the muscles relaxed so that the sufferer feels again the strength and suppleness of youth. For fresh wounds of all kinds, it is a wonderful remedy. Try it for cuts, burns, bruises, sores, galls, chafed spots, barbed wire cuts, sprains, swellings, frost bites. It cures quickly and completely.

Price 25c, 50c and \$1.00 per Bottle.

District Sunday School Convention.

That Snyder is in demand this year as a convention city is evidenced by the number that wish to come here.

A few weeks ago it was made known to local Sunday School workers that there was an opportunity to secure one of the State District Sunday School conventions for 1912. A meeting was instantly called and the matter taken up with the State officers. The result was that Snyder was chosen and from Nov. 17-24, there will be held in our midst one of the most important gatherings for the entire year.

As there must necessarily be much publicity and enterprise enlisted. Mr. E. J. Anderson was elected general chairman of the local committees representing the local churches, the Young Men's Business League and the city council. The committee and the various chairmen were determined upon last week in a meeting of representative citizens at the offices of Baker, Gray and Anderson. They are as follows:

- Chairman Committee on Finance—O. P. Thrane.
 - Chairman Committee on Advertising—J. W. Hunt.
 - Chairman Committee on Entertainment—Mrs. H. G. Towle.
 - Mrs. W. W. Gross was also added as one of that committee to assist in its appointment and organization.
 - Chairman of Committee on Place of Meeting—C. R. Buchanan.
 - Chairman of Committee on Reception—T. F. Baker.
 - Chairman of Committee on Music—E. D. Curry.
 - Chairman of Committee on Recreation—Mac Taylor.
 - Chairman of Committee on Pulpit Supply—M. C. Bishop.
 - Chairman of Committee of Ushers—W. W. Gross.
- These chairmen should meet and select their helpers at an early call from the general chairman. The advertising committee is already at work and outside points will be reached through the medium of the press

and private correspondence. Let the business men open up their hearts and purses for any financial assistance that may be needed, and the people open their homes to the coming guests.

The Harvard plan of entertainment is favored by the State Committee. By this plan the guests will be given their rooms and breakfasts by the residents of the town in their homes and can secure their dinners and suppers at the restaurants and hotels, thus giving our good women time to attend and enjoy the sessions of the convention.
