"FINE CHICKENS."

Mr. W. B. Lee informs the Signal that he has just received some of the finest White Orpington Chickens that money could buy. Mr. Lee intends to keep these chickens purely for breeding purposes. These fowls have been bred for several generations purely for egg production and Mr. Lee informs us that the five hens that he received had been raised from a pen of 20 that made an average of 197 eggs for each hen during the year 1913 while his cockerel was raised from a pen of ten hens that made an average of 209 eggs for the same period, it is Mr. Lee's intention to trap nest his hens and by selecting the best layers for breeding purposes, he hopes to produce a breed of hens that will lay 300 eggs in a year, taking into consideration that the average farm bred hen only lays about 80 eggs per year, Mr. Lee has undertaken quite a proposition, but we are informed that the 300 egg hen is not an impossibility, in fact the southern Poultry Journal states that they have had a report from Canada, stating that a chicken fancier in that country had produced a hen that had laid 303 eggs during the year 1913. We wish Mr. Lee and all others who are endeavoring to get better stock of chickens all the success that they richly deserve.

PLAIN TALK
From Two Prosperous Housewives, About Peruna.

Mrs. E. T. Gaddis, of Marion, North Carolina, writes to the Peruna Co., Columbus, Ohio: "Before I commenced to take Peruna I could not do any hard work without suffering great pain. I took Peruna and Manalin, and can say with pleasure they have done more for me than any other medicine I have ever taken. Now I am as well as ever. I do all my own work and it never hurts me at all. I think Peruna is a great medicine for womankind."

Mrs. Sarah Frye, No. 105 Sylvan Ave., Asbury Park, N. J., writes: "I have no words to express my gratitude for the wonderful cure that Peruna has done for me. It is a godsend to all suffering women. Peruna has done wonderful work for me."

"I was sick over half of my life with systemic catarrh. I want this letter published far and wide, as I was a great sufferer, but to-day I feel as well as anybody can feel."

"Nearly all my life I have spent nearly all I could rake and scrape for doctors, but none of them did me any good. But since I started on your Peruna one year ago I have at last found relief in your wonderful Peruna. I had begun to think that I was not going to get well, but thank God I am well to-day."

"I hope and pray you may live long to help others as you have helped me. Instead of being a walking drug store I am growing fat and doing well. I will never be without Peruna."

Those who object to liquid medicines can now procure Peruna Tablets.

LAND PREPARATION FOR ROW CROPS

Amarillo, Texas, January 30—On account of the drouth and failure of many row crops in 1913, much land is in extra good condition for this spring's row crops. Land that was plowed or listed deeply last spring, and was well cultivated during the summer, on which little or no crop was produced, has been practically the same as "Summer Tilled", and can in many instances, be put in good condition for crops this spring by double discing immediately and listing in the crop later. Land subject to blowing is usually handled more safely by single listing now, rather than double discing, relisting at planting time. The Santa Fe Agricultural Department prefers that demonstration crops be planted on land that was deeply plowed in the fall, or on deep fall listing, but will co-operate with farmers whose land is described in the first paragraph of this letter, provided that the farmer co-operating agrees to handle the crop under demonstration, right thereafter, in accordance with an understanding between himself and a representative of the Santa Fe Agricultural Department who visits him. PLOWING: For all demonstration crops we prefer planting on land that was plowed deep last fall, before the November and December rains. We prefer shallow plowing (4 to 5 in.) to deep plowing, if done between February 1 and March 1, unless the deep plowing can be packed immediately with a subsurface packer or disc, set straight. Ordinarily, deep fall plowing should be left rough over winter, as it prevents blowing and assists in holding snows on the field. We recommend that all row crops be planted in furrows. If these crops are planted on plowed land, the furrows can be made with lister, sweeps on cultivator, or by the use of good furrow openers on corn planters.

THE RURAL PRESS

The Local Paper a Most Useful Agency on the Farm—The Press, Pulpit and School a Trinity of Influence that Must be Utilized in Building Agriculture.

By Peter Radford.

A broad campaign of publicity on the subject of rural life is needed in Texas today to bring the problems of the farmers to the forefront. The city problems are blazoned upon the front pages of the metropolitan dailies and echoed in the country press, but the troubles of the farmers are seldom told, except by those who seek to profit by the story, and the glitter of the package oftentimes obscures the substance. A searching investigation into the needs of the farmers will reveal many inherent defects in our economic system that can be easily remedied when properly understood and illuminated by the power of the press.

The rural press, the pulpit and the school are a trinity of powerful influences that the farmer must utilize to their fullest capacity before he can occupy a commanding position in public affairs. These gigantic agencies are organized in every rural community and only await the patronage and co-operation of the farmers to fully develop their energy and usefulness. They are local forces, working for the best interests of their respective communities. Their work is to build and their object is to serve. They prosper only through the development and prosperity of the community.

Every farmer in Texas should subscribe for the local paper, as well as farm periodicals and such other publications as he may find profitable, but he should, by all means, subscribe for his local paper, and no home should be without it. The local paper is a part of the community life and the editor understands the farmers' problems. It is the local press that will study the local problems and through its columns deal with subjects of most vital importance to local life of the community.

A Noble Task.

In too many instances the country papers mimic the city press by giving prominence to scandals, accidents and political agitation. The new rural civilization has placed upon the rural press renewed responsibilities and enlarged possibilities for usefulness. It cannot perform its mission to agriculture by recording the frailties, the mishaps and inordinate ambitions of humanity, or by filling its columns with the echoes of the struggles of busy streets, or by enchanting stories of city life which lure our children from the farm.

It has a higher and nobler task. Too often the pages of the city dailies bristle with the struggle of ambitious men in their wild lust for power, and many times the flames of personal conflict sear the tender buds of new civilization and illuminate the pathway to destruction. The rural press is the governing power of public sentiment and must hold steadfast to principle and keep the ship of state in the roadstead of progress. The rural press can best serve the interests of the farmers by applying its energies to the solution of problems affecting the local community. It must stem the mighty life current that is moving from the farm to the cities, sweeping before it a thousand boys and girls per day. It has to deal with the fundamental problems of civilization at their fountain head. Its mission is to direct growth, teach efficiency and mold the intellectual life of the country, placing before the public the daily problems of the farmers and giving first attention to the legislative, co-operative, educational and social needs of the agricultural classes within its respective community.

The Power of Advertising.

The influence of advertising is clearly visible in the homes and habits of the farmers, and the advertising columns of the press are making their imprint upon the lives of our people. There are ten pianos in the homes of Texas where there is one bath tub; automobiles are more popular than telephones, and more homes are supplied with patent medicine than with screen doors. The farmer possesses the things that are best advertised.

The farmer is entitled to all the advantages and deserves all the luxuries of life. We need more art, science and useful facilities on the farms, and many homes and farms are well balanced in this respect, but the advertiser can render a service by teaching the advantages of modern equipment throughout the columns of the rural press.

CHEAP NEWSPAPERS

About all the farmers get cheap newspapers.

The publisher pays the postage, and for a cent a copy the farmer gets his political newspaper, his religious newspaper, his magazine and his farm newspaper.

It is now proposed to double the postage on newspapers.

Congress reduced the price thirty-five years ago to encourage the dissemination of cheap literature, to scatter information on all topics, and to keep the whole population informed as to current events. It has accomplished more than was expected, because following cheap postage, came cheap paper, type setting machines and cheap presses.

Now it is proposed to double the postage on newspapers.

The daily paper can use the express companies at half postal rates, but the weekly papers, semi-weekly and monthly cannot.

Write to your congressman your views on this subject. His newspaper is the cheapest thing the farmer has and he doesn't want it taken from him.—Louisville Home & Farm.

ELECTRIC LIGHT PLANT CHANGES OWNERSHIP

R. Evans Becomes Owner of the Snyder Light, Ice, Power Plant

Announcement is made here this week that the Snyder Electric Light and Power plant and business has been sold to Mr. J. R. Evans, late of Yorktown, Texas, and the new owner is now in charge.

Mr. Evans comes to us as a practical light man and Snyder considers herself fortunate in getting him. We believe that he has opportunity here to build up and develop a splendid business. He has spent many years in the light business and knows how to serve the people in that line.

He comes well recommended and as every appearance of a man who will make good.

The Yorktown News pays him the following compliment upon his departure from that town:

"J. R. Evans, who has been manager of the Yorktown Light & Ice Company for the past several years, took his departure last Thursday for Snyder, Texas where he has been engaged to look after the Light and Ice plant of that city. He is progressive, always accommodating, and we commend him to the good people of Snyder. Mrs. Evans will leave later to join him after he makes arrangements to move his household goods. The News is compelled to give Mr. Evans credit for doing some good work here. The Plant during his connection with it expanded and grew, until this city won the distinction of being one of the best lighted in the state. The News cer-

tainly wishes Mr. and Mrs. Evans a pleasant and profitable sojourn in the plains country."

The Signal is glad to welcome Mr. and Mrs. Evans to Snyder and wishes that Mr. Evans may be able to make a better record for lighting in Snyder than he made in Yorktown.

Mrs. Evans is already here with him and we extend to them a cordial welcome.

THE AUTO WENT DEAD;

THEY WALKED IN

T. P. Perkins, R. H. Curnutte and W. W. Hamilton braved the elements last Friday and went to Sweetwater in an Automobile. In returning at night, the car suffered a mysterious mishap, the nature of which Judge Perkins will happily explain, about six miles out from Snyder and the three lawyers came trudging in home afoot. They got home about midnight, cold, footsore and weary.

DR. SHERMAN GROWS WORSE.

Rev. J. W. Hunt received a card Tuesday morning from Brother Moore at Sweetwater saying that Presiding Elder J. M. Sherman, who is sick at Temple, is very low and growing worse. There was at that time no hope for his recovery. His wife is there with him and they had sent to Sweetwater for their children.

This news brings sadness to all the Sweetwater District. Dr. Sherman is a popular presiding elder and had his church affairs in fine shape.

LATER: Brother Hunt was notified Wednesday by telephone that Dr. Sherman died at 4 o'clock Tuesday evening and that the remains would be taken to Ciarendon for burial.

DEMONSTRATING AND SELLING CREAM SEPARATORS

C. A. Wickham, of Dallas was here the first of this week selling cream separators and demonstrating same to C. Nation & Son.

The dairy business is proving profitable to thousands of farmers over the country and there is no reason why farmers in Scurry county should not make money selling cream. Of course there is no chance to get suddenly and fabulously rich selling a few pounds of cream a day but it affords the families a chance to get a little cash every day with which to pay the running expenses. Chickens, eggs, cream, garden products in season and hogs will make any farmer prosperous who will stay with these propositions properly.

STATE SUNDAY CONVENTION TO BE HELD AT FORT WORTH

Dallas, February 3rd, 1914.

Dear Editor:

Will you kindly publish the following concerning the Fortieth Annual Convention of the Texas Sunday School Association of all denominations:

The Sunday School workers of all denominations will enjoy a rare treat in the next State Sunday School Convention to be held at Ft. Worth, March 24-27.

Sunday school workers of world wide note will attend the convention in addition to a large number of State specialists.

W. C. Pearce, Associate General Secretary, International Association.

Dr. H. M. Hamil, Educational Superintendent, M. E. Church, South and International Chairman of Religious Education.

Mrs. H. M. Hamil, Elementary Superintendent, M. E. Church, South and member of International Elementary council.

Dr. Wilbur F. Crafts, Washington City, World Secretary of Temperance, Purity and Reform.

Prof. E. O. Excell, the world's most noted song leader, with his wonderful pianist Alvin W. Roper, with probably one or two other specialists will constitute the visiting instructors.

Dr. Henry Alford Porter will have charge of the devotional period each day.

The program will consist of morning sessions of the convention; the afternoon period, devoted entirely to institutional work by the departments meeting in sections and the

night Mass Meeting, given over to inspirational addresses.

One hour each day will be given up to an Older Boys and Girls Congress in which the boys and girls in the teen age will solely take part.

There is expected a big parade and departmental luncheons, and banquets will be held.

The rail roads have been asked to grant convention rates of one and one-fifth fare.

Each school is urged to send its pastor, superintendent, officers and teachers.

There is no limit to the number of delegates, each delegate registering and paying an enrollment fee of \$1.00 to help bear expenses.

Three thousand delegates are expected to be present and each county should plan to bring a big delegation.

M. H. Wolfe, Executive Chairman. W. C. Everett, Vice Chairman. J. O. Shelburne, D. D. Financial Chairman.

S. J. McFarland, State Treasurer. Rev. J. T. McClure, State Pres. Wm. Anderson, D. D. Administration.

H. S. Anderson, Finance Secretary. W. N. Wiggins, General Secretary.

Mr. J. C. Beakley, one of the solid citizens of Scurry county and leading men of the town of Dunn was transacting business in Snyder Monday.

Forty six people on a train in Mexico were run into a tunnel where a freight train was burning and all died from suffocation.

Mrs. George Elkins of Post City visited relatives in Snyder Sunday.

Mayes is strong for proxies in the pro convention and Lane is opposed.

A bunch of seniors in Stamford C liege started to the room of a timid freshman for the purpose of hazing the new member. He picked up a pistol, fired through the door and shot one of the organizers. If school

managers can't put a stop to hazing it is up to the victims to defend themselves.

The tenant-house problem is growing in importance as can be seen from the fact that the number of rented farms increased by more than 224,000 during the last decade. Today little more than half the farms in this country are operated by the owners.—Report of the U. S. Department of Agriculture.

Brownwood won out the second time as being the cleanest town in Texas in Class "C" and Brownwood has profited in many ways by this second cleanest town in Texas victory. Snyder ought to get in the next contest. There is everything to gain and nothing to lose by such a contest. The square is now neatly and nicely kept, but there is lots of refuse and rubbish within the corporate limits of Snyder that would show up much better for the town outside. Our people did nicely last year and came near winning. Now, in the next contest we should do a little better.

President Wilson has raised the embargo on arms and ammunition in Mexico and the Constitutionalists will be permitted to buy all they can pay for. It is said that Huerta thinks it will not make much difference, while Villa thinks he can very soon bring the war to a close. President Wilson says there is no organized government in Mexico and he has decided to leave the factions to settle their own troubles.

Great Britain approves the course pursued by President Wilson in dealing with conditions in Mexico. It is something unusual, but nonetheless true that Wilson's conduct of public affairs has met the approval of the civilized world. Even the warring factions in Mexico have been forced to admit that the United States' treatment has been sane, just and fair.

Charles W. Elliott, former president of Harvard says labor unions make members unhappy. Not only the members, but their families. The reason is that so many members are antagonistic to their employers and to the industrial system. They talk their troubles among the members and in their family circles, with a voice of suspicion against their employers and in whispered threats to force increase of wages, fomentation of strikes, murmurs of hard luck and oppression. These things are constant themes and cannot help but create feelings of discontent and unhappiness.

J. C. Beakley, a prominent merchant of Dunn, was in Snyder Thursday and was a pleasant caller at the Signal office. Mr. Beakley says that farmers are very busy in his community, preparing their land for the 1914 crop and that on an average, the land is more than one half ready to plant. Many farmers are through putting up land, he says

THE METHODIST EXHORTER

(J. Winford Hunt, Editor)

He Yet Speaketh

The death of Bro. Jas. M. Sherman, was so unexpected that we are yet dazed by the loss and scarcely know what to say or think. In apparently robust health he went to Temple for a simple little operation to relieve him of some annoyance and inconvenience, and the supposedly simple operation has cost him his life. A great man has fallen amongst us and we feel his loss so keenly that all words seem weak and vain.

To this pastor in particular his death comes as a blow that is harder to bear than that of any man since the death of his father. To the district, the loss is one that will be impossible to replace. No man, however sincere or able can come in and take up the work and carry it on as Bro. Sherman would have carried it on had he lived.

As a man and as a preacher he takes first rank. The church had honored him at the last annual conference with the very great distinction of being elected to represent us in the next general conference, the great law making body of our church which meets every four years and will hold its next session at Oklahoma City in May. On this district he had given new life and interest to all lines of church work and his visits were looked forward to as an event. His capacity for affairs was marked and the moment he spoke, those hearing knew they were listening to a man who knew what he was talking about. He preached with power and no man ever heard him but that he realized he was hearing the truth spoken in utter sincerity of heart and there was before him a life and character that in the highest degree epitomized the truth spoken. Great in heart, great in life, great in purpose and accomplishment, we mourn his sudden demise as an irreparable loss.

The three great characteristics of his life were honesty, courage and fidelity. His word was as good as his bond. You could die by what he told you. It required no witnesses. Fearless as the bravest, he never failed in the hour of trial or duty. Lion hearted in the hour of danger he evinced an utter disregard of his own personal interests that is only too common in this self seeking world. When he differed with you on a proposition you knew it and he was frank and uncompromising with what he considered wrong. His fidelity was beautiful. No man was ever a truer friend than was James M. Sherman. God never had a more whole hearted and dependable follower. He had left all for Christ and when he came to die he fell on sleep as peacefully as a child on its mother's breast. He was happy and perfectly resigned. The faith he had so powerfully preached while he lived was sufficient in the hour of death. Thank God for this added testimony to the efficacy of the Christ we hold dear.

His sorrowing family and some of the preachers were about him when he went. We, afar on the border did not know in time to be with him in that final trial, nor to attend his

To the grief stricken family we extend our deepest sympathy and enter with them into the veil of sorrow and distress. But O, what a life he lived and what an inspiration it is to all. Tho' being dead he yet speaks. He is of that delectable company whose works shall praise them and

whose labors and lives remain as a source of cheer and helpfulness to others.

Sunday Services

Fine crowds Sunday. Come again next Sunday. The pastor will preach morning and night and there will be special music. Everybody invited.

A Great Disappointment

The films for the Yellowstone Park lectures failed to get here. Our people at Hamlin and San Angelo were also disappointed. We have written the company and if the pictures can be secured will give the lectures later. All off now.

Enclosed

When the windows get here our church will be enclosed. The outside work, with the exception of a very little on the dome is complete.

The roof is on and the walls are up. Good weather till Saturday night will see the completion of the dome. We need money to wire the building before the plastering is done. We need some more on art glass. Come on now and let us put the business through with a rush. We must be in it by District Conference.

Laying of Memorial Tablet

The big, beautiful slab of marble for the great memorial tablet over the doorway of the church is here and Mr. Anderson is carving the necessary names upon it. We shall bring a leader of our church in soon and lay this stone with proper ceremonies.

Our young friend Nelson Dunn has decided to quit the road as a commercial traveler and has come back to Snyder to stay. He is again with the Grayum Drug Company.

A letter was received this week from Crowder, with no name signed to it and for this reason the letter is not printed. We must insist that every person writing to the Signal sign their real name, not for publication, but for verification. No newspaper can afford to adopt a policy of printing unsigned communications, for the Lord only knows what serious trouble might result from such a policy. It won't be much trouble to put your name to what you write for the Signal and we must insist upon it.

We're Opposed to Mail Order Concerns

Because—

They have never contributed a cent to furthering the interests of our town—

Every cent received by them from this community is a direct loss to our merchants—

In almost every case their prices can be met right here, without delay in receiving goods and the possibility of mistake in filling orders.

But—

The natural human wish is to buy where goods are cheapest. Local pride is usually secondary in the game of life as played today.

Therefore

Mr. Merchant and Business Man, meet your competition with their own weapons—advertising.

Advertise!

The local field is yours. All you need do is to avoid you-call of the opportunities offered. An advertisement in this paper will carry your message into hundreds of homes in this community. It is the most medium of getting your goods advertised. A space this size won't cost much. Come in and see us about it.

THE LATEST ADDER

Costs but \$35

See our exhibit—ask for 10 days' trial.

Here is a new price on a competent Adder. On a machine that is rapid, full-size an infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes a mistake.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS TEST.

We will gladly place in any office one American Adder for ten days' test.

There will be no obligation and charges will be paid.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

WHAT HAPPENED TO A BALE OF COTTON

Groesbeck, Texas.—Mr. William S. Cates, one of Limestone County's leading cotton planters and a prominent member of the Farmers' Union who has for several years been studying marketing methods employed by Texas farmers, unearthed some mammoth inequalities in our system of selling cotton, our leading farm commodity. Last July when Mr. Cates marketed his first bale of 1913 cotton, it brought 11 cents and he enclosed a note inside the bagging, requesting that the spinner write him fully regarding the final disposition of the staple. Yesterday Mr. Cates received a letter from August Tetrace, owner of the largest cotton mill in Schweitzerth, Saxony, stating that the cotton was purchased by that concern at 19½ cents per pound, that it would be manufactured into yarn, weaved into hose and sold back to Texas and other American trade at a price to the ultimate consumer many times in excess of the original price of 11 cents. The letter also requests information regarding the number of cotton mills in Texas and asks for data pertaining to a location for a mill in this state.

D., 1914, on a judgment rendered in said court on the 22nd day of August, A. D., 1910 in favor of said Coates-Coleman Mercantile Company, and against the said Dock Champion, No. 958 on the docket of said court, I did on the 27th day of January A. D., 1914, at 3:50 o'clock p. m. levy upon the following described tracts and parcels of land situated in the County of Scurry, state of Texas, and belonging to the said Dock Champion to-wit: All the undivided interest of Dock Champion in and to the estate of J. M. (Jake) Champion, deceased, located in Scurry county, Texas, and being one-fifth of said estate, composed of 320 acres of land, described as follows Abstract No. 26, Cert. No. 9-1761, survey No. fifty-one (51), H. & G. N. Ry. Co. Sur., in Block No. 3, containing 160 acres of land and being the north west one fourth of said survey; also abstract No. 1569, certificate No. 1772 survey No. Seventy-two (72), in block No. Three (3), H. & G. N. Ry. Co. survey in Scurry County, Texas, containing 160 acres and being the north east one-fourth of said survey, both surveys being located in Scurry county, Texas; and on the 3rd day of March, A. D., 1914, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the court house door of said county, I will offer for sale and sell at public auction for cash, all the right title and interest of the said Dock Champion in and to said property. And in compliance with the law, I give this notice by publication, in the English language, once a week for three consecutive weeks, immediately preceding said day of sale in the Snyder Signal, a newspaper regularly published in Scurry County, Texas.

Dated at Snyder, Texas, this 31st day of January, A. D., 1914.

Sheriff of Scurry County, Tex. 26-4t.

NO GREEN BUGS IN TEXAS.

Fort Worth, Texas.—The Texas Grain Dealers Association has been informed by the United States Department of agriculture that the dreaded green bug does not exist in the wheat and oat fields of Texas. This statement has been made after a careful investigation by representatives of the Bureau of Entomology. The Texas Grain Dealers Association requested aid from the Federal government last December when farmers in North Texas complained of the ravages of this parasite. A large area of the wheat and oat fields of North Texas were inspected and instead of the dreaded green bug, a small insect which destroys green bugs was found. This information was cheerfully received by farmers in the grain growing sections of the state.

THE WEEK IN FLUVANNA

(By Staff Correspondent)

We are glad to report Mr. and Mrs. D. Boren fast improving from their serious illness.

Mr. E. L. Sewall and J. M. Hunter visited Snyder Saturday.

Born, to Mr. and Mrs. Arch Odum on Feb. 6th., a boy. All doing well.

Miss Edith Clift of Hermleigh, came in Saturday and will remain here until after the end of school.

Mrs. J. L. Hughes is reported on the sick list this week.

Mr. Wilbur Sewall returned from New Mexico last week.

Dr. and Mrs. A. W. Browning returned from Park Springs where they were called to the bedside of the Doctor's mother, some three weeks ago. We are very sorry to state the sad news of the death of the doctor's mother which occurred the first of last week. They have the sympathy of their many friends.

Mrs. C. A. Jones of the Jenkins neighborhood has been in attendance upon the illness of her sister, Mrs. D. Boren.

Mr. J. D. Letcher transacted business in Snyder Monday.

Mr. and Mrs. J. M. Hunnicutt left Sunday for Dallas for a few days visit with their home folks.

Mr. W. W. Weems of Snyder is spending a few days with his parents Mr. and Mrs. J. A. Weems this week.

Mr. S. P. Smith visited in Snyder Monday.

Mr. D. T. Whatley one of Fluvanna's old time citizens, but of late moved to Electra is back for a few days visit this week.

Mr. and Mrs. W. L. Sturdivant of Hermleigh visited their sons J. T. and W. A. a few days last week.

The protracted meeting at the Methodist church now in progress is showing a good interest. The preaching is being done by Rev. Young of Clyde, father of the pastor here. Everybody is cordially invited to attend each and every service.

Rev. Oliver of Abilene conducted services at the Anti Board Baptist church here Sunday at eleven o'clock. This church has been without a pastor for several months. We understand that his brother has been called to this church and will preach the 2nd Sunday of each month.

Mr. and Mrs. C. A. Daniels left Sunday for Westbrook where they will make their future home.

Mrs. C. C. Porter and Mrs. Williams of Justiceburg have been at the bedside of their sister, Mrs. D. Boren the past week.

Farmers in this part of the country have been turning the soil the past month and from all indications they will soon be up with their work. Some complaint has been made as to the damage to wheat and oats by the recent cold spell but at this writing it cannot be said just how badly damaged the oats are. As to the wheat no great uneasiness is felt as the fields had been well pastured in most places and the over growth had been kept down. If we receive the rains in this month that

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try

Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

CARELESS WORDS

How frequently in a thoughtless moment or in sport, we utter words which sink into some heart, inflicting untold anguish and blotting the pages of its life book with burning tears. Time may heal the wound and troubled waves may be hushed into quietness, the fire that scorched the quivering heart strings may be quenched, but bitter ashes will ever mark the pathway of those careless words. It may be that a weight of sorrow that bowed the fainting spirit to the earth was rendered to be borne by the added grief of a thoughtless word. Perhaps an unguarded expression has been uttered and the tongue of malice repeats it with a new coloring and a meaning never intended and thus the strongest ties of affection have been severed—Selected.

WISE PRECAUTION

There was a sudden change in the wind and the pastor of the Mount Zion Chapel saw that some of his parishioners drew their wraps about their shoulders. He paused in his sermon.

"Brudder Wilding," he said, raising his voice and waking the old sexton from peace slumbers in the rear pew. "Brudder Wilding, be kind enough to close all the windows on de east side 'o de church. De win' have come aroun' and we can't afford to lose a single lamb from dis fold by carelessness, wid an outstanding debt on dis cap and two families move out of town."

Have you got the heart burn?

So called "heart burn" is only a symptom of a stomach disorder. It is indigestion arising from too much acidity in the stomach. "Heart-burn" is a disease you should not allow to run on, else the entire system will become disordered and rheumatism and other chronic diseases will result. Heart-burn and indigestion are easily arrested if taken in hand in time.

NO PENALTIES ARE EXACTED IN THE KATY LITIGATION

AUSTIN, TEXAS—Penalties will not be exacted of the Katy in the settlement of the merger suit, according to information obtained recently. This had been a question about which there had been some doubt, due to the large amount that had been sued for by the State.

The State, however, under the agreement reached has forced a complete divorce of the Missouri, Kansas & Texas, of Kansas, known as the parent Company, from the Texas Katy.

This was one of the main issues of the case and one which is calculated to result in much benefit to the state.

Other large items of indebtedness which has been charged up by the parent company against the Texas Company are to be eliminated.

These are some of the terms of the agreement which will be made public when the decree has been filed in the district court here, probably Monday or Tuesday.

Robert and Charlie Jones of Erath county, convicted of killing their father, Rev. Lee Jones last June have lost out in their appeal and must serve their fifty year terms in the penitentiary.

The Court of Criminal Appeals at Austin holds that the pool hall prohibition law is valid.

A Card of Thanks.

To our friends and neighbors: We take this method of extending our sincere thanks to you all for your many acts and words of help and sympathy in our great sorrow and the loss of dear wife and mother, who passed away at 10:40 p. m., February 7, 1914. While we bow in meek submission to God's will in taking our loved ones from us, we pray heaven's richest blessings upon our friends who have been so uniformly kind to us in this time of our sad bereavement.

May we all so live that we may bring comfort and consolation to each other here, and when called hence, may we all meet in the Sweet Bye and Bye.

Yours in sadness

THE COMMISSIONERS ARE STILL WORKING

The Commissioners' Court was engaged Thursday in making a list of election officers, then they had a nice job appointing road overseers. They are discussing a proposition for an election on an issue of bonds to pay off all claims against the road and bridge fund.

The county is now well supplied with steel bridges and there are some debts against them. They believe it would be economy to issue bonds to take care of these claims rather than to carry them along as a floating indebtedness.
