CONFIDENCE MEN MAKE BIG HAUL

LORAIN FARMER GETS FLEECED TO THE TUNE OF \$4,000 BY SMOOTH STRANGERS

H. M. Perry, a farmer of Loraine who has had some experience in banking and who contemplated opening a bank at Christine, had \$4,000 worth of experience in San Antonio. It happened this way:

Perry was inspecting the Alamo when he overheard two men talking of the enormous profits which they were making with small investments or bets. Perry became interested and inquired further into the matter. The men told him it was a cinch. During Sunday, Monday and Tuesday the smooth tongued strangers saw Perry often. To prove their conviction that it was "easy money" occasionally one of them would leave with a small sum of money and return with a large roll. Wednesday morning Perry became convinced that their scheme was a good one. He drew \$4,000 from a local bank, met the strangers in Travis park and turned the money over to them with the verbal understanding that they were to return to the same spot at 12 o'clock noon with his \$4,000 and something like \$17,000 in profits.

Perry waited in the park until well past noon, and the strangers nor his money did not return. Then he began to wonder if he hadn't been fleeced. The more he thought of it the more convinced he became that something was wrong about the deal.

He went to headquarters and told his troubles to Chief of Detectives J. J. Lawrence.

Chief Lawrence dispatched a squad of men to search for the men answering to the description furnished by Perry, but no arrests have been made—San Antonio Express.

Mr. Perry is well known in Colorado and has the sympathy of many friends here.—Colorado Record.

GIN BUILDING STARTS

Mr. John A. Staveley was here Tuesday from Fluvanna looking at some pumping outfits. He has placed an order for a complete, up-to-date equipment of gin machinery and will proceed to put up a new gin where his old one burned last fall. It is learned also that the Fuller people are about to begin the erection of a splendid new gin at Dunn.

LATEST CRISIS IN MEXICAN AFFAIRS

Huerta sends note to Washington suggesting U. S. again declare embargo on arms and ammunition, asserting country is in state of anarchy.

Villa notifies Consul Letcher, two British and American representatives two physicians and widow may examine Benton's body in Chihuahua but still refuses to permit removal. Governor Colquitt wires President asking what steps will be taken to protect Americans along border and suggests sending of rangers into Mexico for culprits.

Secretary Bryan wires warning to Colquitt against sending rangers across line, saying responsibility rests with federal government.

English newspapers calm but reflect sentiment English are determined to learn details of Benton's death and obtain protection for others.

Friends of Vergara hanged by Federals, aroused by confirmation of brutal execution.

British Consul Perceval waiting in El Paso for further orders.

Cabinet and President again discuss Mexican affairs and express determination that Villa shall surrender Benton's body to widow.

President again denies he requested right to send marines to City of Mexico.

Our good old confederate friend, A. M. Johnson, was here from Dunn Monday to meet with his old war comrades. He seldom misses one of these monthly meetings.

TAYLOR COUNTY VOTES OUT POOL HALLS

Twenty out of twenty-six precincts in Taylor county gave 839 against the pool hall and 476 for it, Abilene going by one vote for the pool hall. The stock election law held in three commissioners precincts showed victory for the law. The law was already operative in the Buffalo Gap precinct, but the election was for the repeal of the law, which failed to win. The total vote polled was only 1,313 against approximately 3,000 qualified voters in the county. The total Abilene vote on the pool hall question was 377 for the pool hall and 376 against. Merkel voted strongly against the pool hall, the vote being 12 and 138 against. Dewey voted solid against.—Abilene Reporter.

RESTAURANT BUSINESS UNDERGOES CHANGE

It is learned that Frank Broxson has sold his interest in the West Side Cafe to his partner, "Dad" Elkins. The change goes into effect immediately.

Dad has been in the restaurant business in Snyder for a long time and will continue to give his faithful service to the hungry.

Frank has not decided just what he will do, as yet, but will probably locate in Sherman, later.

EX-CONFEDERATES MET MONDAY AFTERNOON

Camp Bill Scurry, United Confederate Veterans met in regular session here Monday afternoon, with commander Geo. W. Johnson, presiding. Prayer was offered by Comrade R. T. Hailey.

Resolutions on the death of Comrade W. H. H. Lindsey were read and adopted. B. F. Davis, W. L. Gross and G. C. Buchanan were appointed to prepare resolutions on the death of Comrade D. E. Murphree.

C. P. Fowler of Portales, New Mex. was recognized as a visitor.

At suggestion of W. L. Gross a request is made for volunteers to report at next meeting who can attend the reunion at Jacksonville, Florida.

The meeting was closed with prayer by Bro. Shaw.

SUCCESSFUL SCURRY COUNTY FARMER

Tull Taylor was here Monday from Ira with a lot of seed potatoes of the yellow yam variety which he was offering at a dollar a bushel for bedding purposes. He said he had an acre and a half in sweet potatoes last year and made about 300 bushels.

Mr. Taylor has made a success at farming there at Ira. He came there seven years ago and bought a quarter section for \$4000. Then he built a house, and fences and farm buildings, bought tools and stayed with it. He has made a good living and says he could cash out now at least \$3,000 to the good.

AGED LADY DIED AT BIG SPRINGS

The Signal learns this week that Grandma Bunker, who formerly resided in Snyder died last Sunday at Big Springs. She was known by a large number of Snyder people.

Triplets in Taylor County

Triplets, two boys and a girl were born to Mr. and Mrs. W. S. Estes here today. Each of the children weighed six pounds and were well developed. These were the first triplets in Taylor county.—Star Telegram Special.

The Estes family used to live in Scurry County.

Mrs. Willie Broxson Dead.

Mr. T. J. Broxson has received news this week of the death of the wife of his son W. T. Broxson, which occurred in Johnson county last Monday. She leaves three children. Willie and his family left here about three years ago and have lived in north Texas. The lady has been sick for several months.

H. R. Sprawls of Putnam was the guest this week of Judge M. E. Rosser and family. He says his town has an abundance of natural gas.

ROAD BOND ELECTION IS ORDERED

COMMISSIONERS SET APRIL 11TH FOR COUNTY ELECTION ON \$50,000 BOND ISSUE.

The Commissioners Court met in special session here Monday for the purpose of considering the matter of an election on a proposition to issue \$50,000 in road bonds. At the regular term of the Court in February an order was passed for an election for \$15,000 in bonds to pay off outstanding indebtedness for certain steel bridges. After that a number of citizens over the county began to confer and make figures and found that an issue of \$50,000 would take care of the bridge debt and also allow a good sum for road building.

Petitions were circulated for a \$50,000 bond election and these petitions were brought in Monday to the Court. These petitions altogether carried the names of 576 citizen taxpayers representing all parts of the county. The court proceeded to rescind the former order for a \$15,000 bond election and ordered an election for April 11 for a road bond issue of \$50,000.

Leading counties everywhere are issuing bonds to build good roads and we hope that Scurry county will do the same.

There were lots of men in town Monday from all parts of the county and the road bond question was a general topic of discussion, and with very few exceptions people express themselves strongly favorable to the proposition.

TWO SCURRY COUNTY LADIES PASS AWAY

L. C. Darby was here Thursday from Hermleigh and informed the Signal of the death of Miss Northcutt which occurred at Hermleigh Wednesday night. He also stated that Mrs. D. Z. Hess who has been sick quite awhile died Thursday morning at the family home at Pyron. Mrs. Hess was a daughter of Mr. and Mrs. Lee Patterson.

A TOM BALL CLUB

Col. J. Z. Noble started out Monday with the following agreement:

We, the undersigned citizens of Scurry County, Texas, being desirous of seeing a great business administration of the public affairs of this State, which shall place our educational, eleemosynary and penal institutions on a basis commensurate with their importance and be able to meet and solve the problems which now confront the agricultural, industrial and business interests of the State, and believing as we do that the integrity and ability of Hon. Thos. H. Ball of Houston, mark him as being pre-eminently fitted for the task of giving us such an administration, do hereby, for the purpose of furthering his candidacy for Governor of Texas, form ourselves into the Scurry County Tom Ball Club.

Mr. Noble put in about an hour on the streets of Snyder and procured about a hundred signers. About one man in every twenty declined to sign it. The Mayor says if Tom Ball sentiment is as strong all over the State as in Scurry County he will be nominated by 200,000 majority.

Plans are announced for a public meeting at the Court House at 2 o'clock on Saturday, March 14 to complete the organization of a Tom Ball Club.

Dr. W. A. Palmer was in from Dunn Monday, just looking around. Dr. Palmer used to dose out physicians for all the south half of Ellis county, but since coming west, he has given much thought to farming and stock raising. There are no truer men than Dr. Palmer.

Mr. W. R. Waldrip was here from Ira Monday to attend the U. C. V. meeting. He went to the reunion last year as a delegate from Bill Scurry camp and says he "kinder" thinks he'll go to Jacksonville, Fla. this year.

F. I. TOWNSEND MAKES REPORT

PROGRESSIVE FARMERS OF THIS COUNTY CO-OPERATING IN DEMONSTRATION WORK

F. I. Townsend returned Thursday of last week from Fort Worth where he attended the annual meeting of the Demonstration agents.

A good attendance was present and much interest manifest in the meeting. W. F. Proctor, State Agent, was there as was also L. Gentry, of Washington, D. C., field agent for the work in this section of the country. Mr. Townsend says the agents were all hopeful and expressed themselves as well pleased with the work being done.

With reference to Mr. Townsend's work in Scurry county he says he is highly gratified at the progress he has been able to make and at the courtesy and co-operation shown him by the people.

He has gone over the country, with exception of the Dunn and Ira communities, and will get to these sections as soon as he is able to do so, being now confined to his room on account of sickness.

Mr. Townsend was allowed forty demonstration farms, but he says he could get two hundred if it was possible to take them. He has secured permission to use several more than the stipulated amounts. Only one man has, so far, turned down the work, when it was presented to him.

As soon as possible Mr. Townsend expects to take up the matter of terracing land, which is one of the best features of demonstration work in this section.

The Signal is indeed glad to know that the progressive farmers of Scurry county are giving the demonstration work such hearty co-operation.

HENRY WELLBORN TALKS ABOUT COUNTRY ROADS

H. P. Wellborn came in Monday from the Knapp country and spent Monday night here. Mr. Wellborn is gratified in the belief that the \$50,000 road bond proposition will carry.

He says that when this fund is made available it will be used judiciously under competent supervision and all the work done on the roads will be done right and when the roads are properly built they will always afterwards be easily kept up.

Instead of every overseer getting tools just as he can, and each man working in his way, the work will be systematically done and all the tools needed will be supplied. We will all see the correct standard in road building and everybody will know what to expect.

Mr. Wellborn says, anybody who has travelled over the country, and noticed the condition of the roads since the heavy rains we had in December will surely see the need of better highways and will not hesitate about voting bonds.

J. W. Gladson was here the other day from his farm northwest of town and said he was about down and out. He is building a big dam across the creek on his place for a big irrigation reservoir and had been holding and dumping a scraper until he was nearly past walking. He is fixing to irrigate a considerable scope of his farm and he will get back big pay for all the muscular soreness he is now suffering.

THE WEATHER THIS WEEK

Monday fair and mild.

Tuesday, windy, cold and general sand storm.

Tuesday evening, north wind, light drizzling rain.

Wednesday morning, light frost, warmer during the day.

Thursday morning, clear and cold north wind.

Mr. Ike Boren was taken quite sick last week at his farm in Kent county. He was brought home Saturday and has had a pretty serious case of pneumonia.

W. A. JOHNSON VISITED IN HALE COUNTY

W. A. Johnson has returned from a visit to Hale Center, where he went to be with his cousin, Frank Fritz, whom he has not seen for a good many years. They had a great time together talking over old times. Mr. Fritz is an experienced oil man, and says he has traced the oil vein from Pennsylvania to Wichita Falls and is of the opinion that the same vein courses under Scurry or Kent county, he doesn't know just yet which.

Mr. Fritz is interested in the irrigation project of the great plains and showed Mr. Johnson how he pumps a hundred thousand gallons of water for 37 cents.

DON'T HAVE TO TAKE C. O. D. LIQUOR TO TEXAS

JEFFERSON CITY, Mo.,—March 3—The right of express companies to refuse to deliver C. O. D. shipments of liquor into Texas was upheld by the Missouri Supreme Court today. The decision of the court was based on the Texas law prohibiting such shipments.

DANIEL E. MURPHREE DIED SATURDAY

Mr. Daniel E. Murphree, aged 68 years 11 months and seven days died last Saturday at his home five miles east of Snyder and was buried in Snyder cemetery Sunday. Rev. M. T. Tucker conducted the funeral service.

Bro. Murphree was a good man, a conscientious Christian gentleman, a loyal citizen. He leaves a wife and family of nine living grown children to mourn his taking off.

He was born and reared in Alabama and moved to Texas about ten years ago, lived in Johnson county till seven years ago, then came to Scurry county. He was a soldier in the Confederate service and did valiant service for the cause of Southern rights.

The Signal extends sympathy to the bereft companion and the sons and daughters who survive him.

They are: Mrs. Fannie Whitaker, Snyder; Mrs. Huffstutter, Alabama; John Murphree, Joe Murphree, Will Murphree, Steve Murphree, Miss Rebecca Murphree, Snyder, Mrs. Ellie Huey, Mrs. Eula Willer, all of Snyder.

Priscilla Shower

The beautiful home of Mr. and Mrs. W. Gentry in east Hermleigh, was made merry Wednesday afternoon, by the Priscillas entertaining with a miscellaneous shower in honor of Mrs. Mobley, the bride of the week.

Punch was served at the door. Miss Jaeggli presided over the table. The guests registered with a favorite recipe in a dainty recipe book, prepared by the hostess.

The Priscillas brought their work and resumed their sewing as usual until a few minutes after R. S. & P. time, when a knock was heard at the door and W. D. Hooper announced an express package for Mrs. Mobley.

The box was delivered and Mrs. Mobley blushing explored the contents. China, silver, aluminumware, linen and everything dear to a woman's heart were its contents.

The guests were then ushered into the dining room which was decorated and served to a very delicious course.

Mrs. Mobley presided over the pretty wedding cake which had been carefully prepared by Mrs. W. W. Echols.

After thanking Mrs. Gentry for their good time, the Priscillas went home, declaring they had never enjoyed anything so much. Those present were: Mesdames E. J. Ely, J. A. Sadler, H. M. Godfrey, A. J. Kemp, L. E. Trig, W. W. Echols, McCone, Gardner, C. I. Jaeggli, J. W. Leftwich, Karnes, and Meses Etha Belle Ely, Mary Gardner and Miss Anita Jaeggli.

A Business Change.

Stimson Bros. have this week sold the dry goods department of their big store to Mr. Earnest Sears of Arah. They were all busy yesterday taking stock. The Stimsons will continue in the grocery business at the same stand. Mr. Sears is an experienced merchant and we wish for him a good business.

FINDS SILOS ARE VERY PROFITABLE

W. T. THOMPSON, PROGRESSIVE STOCK FARMER TELLS EXPERIENCE WITH SILO.

Below the Signal gives a statement from Mr. W. T. Thompson, a prominent farmer who lives one mile south of Snyder giving his experience with feeding 200 calves last fall and winter on ensilage. We kindly ask that all our readers give this article their careful thought and earnest consideration. The silo has come to stay and can be used to profit, we believe, by thousands of west Texas farmers. The statement follows:

Last summer and early fall I put up some 200 tons of ensilage, using sorghum, kaffir corn and maize. In this lot of ensilage, I probably used more maize than either kaffir corn or sorghum, but my opinion is from my experience with ensilage that kaffir corn is the best of these three forage crops, with sorghum second, but I find that stock like it all.

Last fall I bought two hundred calves from four to six months old, receiving them November 1st. For the first thirty days I ran the calves in the field on oats and stalk pasture, putting them in the pen at night and feeding cotton seed. The weather being very cold and rainy during the first thirty days of feeding my calves lost some thirty or forty pounds per head.

About December 1st, I put the calves in the pens and began feeding them ensilage with 3 pounds of crushed maize per head each day, later changing from maize to cotton seed meal, using at first 1 1/2 lbs. per head per day, increasing the amount of meal per head until I was giving four pounds at close of feeding.

Cost of Calves, Feeding, Etc.

200 calves at \$25 head	..	\$5000.00
Int. on \$5000 time invested	..	120.00
Seven bales cotton seed	..	80.00
Crushed Maize	..	50.00
Cotton Seed Meal	..	511.00
Salt	..	5.00
Man to feed them, \$40 per month, 3 months	..	120.00
Total Cost	..	\$5886.00

Sales of Calves

Sixty-five head sold February 3rd. as follows:

56 head, wt. 28,910	\$8.50	\$2457.35
4 head, wt 2,060	\$7.00	144.20
4 head, wt 2,630	\$5.85	153.85
1 head, wt 630	\$7.35	46.30

\$2801.70

Less freight, corn, yardage

and hay

Net total

Sold February 13, at feed pens as follows:

120 head at \$37.50	..	\$4500.00
10 head at \$30.00	..	300.00
4 head at \$25.00	..	100.00
1 head at \$26.50	..	26.50

\$4926.50

Total net sales of the calves

Less total cost

Leaving net profit of

\$1610.50

It will be observed from the above figures that I received \$1610.50 for the ensilage, as all other costs and feed products have been figured in.

The above amount may not seem to be large, but considering the fact that it is reported that every man in this country who fed calves, using only meal and hulls lost from \$3.00 to \$5.00 per head, it speaks well for the silo.

I might also add in connection with the above that my milk cows that were fed on ensilage double the yield of milk and butter.

This is my first experience with the silo, but I am thoroughly convinced that they are great things.

Mr. Johnson of St. Elmo, Illinois, was troubled five years with catarrh. The catarrh was so severe in his case that his life seemed threatened. As he expresses it himself, he had "one foot in the grave."

MR. S. S. JOHNSON
St. Elmo, Illinois.

Of course he tried to get relief. Many practitioners were consulted and a catarrh specialist in St. Louis was tried. He got so weak and thoroughly run down that he declares he could not walk more than a hundred yards without resting.

Few people understand that catarrh is a constant drain on the system. The discharge of mucus which is going on in such cases is largely composed of blood serum, and is a great waste. Sooner or later it will weaken the strongest man.

According to reports received from Mr. Johnson, he was in a desperate condition, but he found relief from his trouble. We will let him say how he found it. His own words say: "My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

This seems almost too good to be true. No doubt there are some readers that will think so. The above statements, however, can be verified by writing Mr. Johnson.

Three thousand foreigners in Chicago took the oath of allegiance to the United States the other day. This country has always been looked upon as an asylum for the oppressed of other lands, and in many cases it has been to our hurt.

The United States has not suffered by the coming of Germans, Irishmen, Englishmen, Danes or Norwegians; but Poles, Scandinavians and Russians have brought us volumes of trouble.

Our immigration laws ought to bar the doors against illiteracy, criminality and anarchy. Many foreigners have come here with a spirit of hate in their minds against the government. They have been taught to fear and hate Kings, they have been kicked about like dogs by the wealthy and ruling classes and they come here hating the man who has wealth or is in authority. They are taken in hand by labor unions and are urged along in their antagonism toward the very men and institutions that furnish them employment. They are a class that will never make good citizens. It is hoped that the Chicago bunch are of a higher grade and that the windy city has not been made a dumping ground for an anti-American element. Rabbi Hirsch, in addressing the new citizens urges them to forget their old allegiance and strive to be all American.

Uncle Sam Advises Texas Farm Boys.

The Bureau of Animal Industry of the United States Department of Agriculture has just issued a communication to the farmer boys of Texas between the ages of 10 and 18 years, urging them to plant more hogs. The Texas farmer lost \$24,000,000 last year because he failed to produce enough pork to supply the local demand and the communication advises his sons to raise enough hogs for home consumption, and if possible, a surplus for the market. Some of the points which the Department advises the youthful hog raiser to bear in mind are:

1. The feeding and care are as important as the breeding in producing a good hog. Plenty of feed and good care will make a good hog out of a runt, but lack of it will always make a runt out of a good pig.
2. To make pork cheaply a permanent pasture and forage crops must be used.
3. Young pigs must have a dry bed and plenty of sunshine.
4. Begin feeding the pig as soon as he will eat, and keep him growing until he is mature.
5. Always keep plenty of clean, fresh water where the hogs may drink at any time.
6. Quarantine all newly purchased animals for three weeks.
7. Never keep a female for a brood sow, no matter how well bred she may be, if she will not produce more than four strong pigs at a litter.
8. The more milk a sow will give the faster her pigs will grow.

The latest census reports which relate to January 1st, 1914 show there are 2,618,000 hogs in Texas with a total value of \$22,515,000. This is an increase over the previous year of 125,000 head and \$1,574,000 in value. At every census during the five years prior to 1914 a steady decrease in the number of Texas hogs is shown. The values, however, have steadily increased. A decade ago the Texas hog was worth \$4.68 per head, but Uncle Sam's latest valuation is \$8.60 per head.

The growing demand for young Texas raised pork has become so strong that he is going to market a year earlier and at the weight of 219 pounds, while a quarter of a century ago the average marketing weight was 275 pounds.

If your old family horse is out and down, put him on his feet with Golden Rod. 1-3 cheaper. Why? Because it is appetizing and 100 per cent pure. Tell your dealer to send you a sack. 38tf

Our Weekly Sermonette

By Rev. U. C. Howard

SUBJECT—The Wiles of the Devil. (Continued.)

Lesson: Eph. 6:10-20.

Text: Eph. 6:11 "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

In our former sermon from this text we discussed the "Armour of God" also the necessary qualities in the soldier who "Stands" and in part "The wiles of the devil"—his tricks, chicaneries, stratagems, etc.

To make clear, we illustrated by the tactics of Pharaoh, considering him a striking type of the devil.

We noticed in our first division (1) that Pharaoh fixed himself in a determined purpose never to let the Hebrews escape and to this end he tried to put doubts in the minds "Who is the Lord? etc." planned to keep them very busy, making brick (without straw) and also kept up a continuous method of procrastination, all of which we found to be the usual tactics of the enemy of souls; sweeping many unthinking people off their feet with the skeptic's breath, busying certain minds with the world, and all the time carrying on with every one possible, a general system of procrastination in the things necessary to external life.

Proceeding now, we observe that: II—WHEN PHARAOH MUST HE YIELDED, SAYING "go ye, sacrifice to your God," but added "in the land." (Ex. 8:25) by which he meant in the land of Egypt. "I now yield and allow you to worship your God, but Egypt is broad enough; worship here." This meant that they were to be his subjects, still pay tax in Egypt, pay homage to Pharaoh, still make brick and remain in bondage. Satan too is compell'd to yield when men are fully set on repentance and religion, the pardon of their sins and the worship of God. But when he yields this point it does not mean that he is done. Next he comes to the new convert with the proposition to abide "in the land"; says the world is big enough for all, no us; to join the church. Soon you hear the man saying "I've decided I can be a Christian without joining the church. I believe I can live as well outside, as I can inside." He has been caught by Satan's stratagem and his proposal to worship God "in the land," o try to hold to God with one hand and to the world with the other. Sometimes the man will admit his cowardice and say he hesitates to join the church because it is a great undertaking and that he is not willing to bear his part of the responsibility of keeping up and carrying on the church. Admits its work and the need of it in the world, but is willing others shall bear all the responsibility. Pharaoh proposed to keep the Hebrews on the roster of Egypt; Satan proposes to keep the name of the new convert on his roll of outsiders. When the soul consents he claims his influence and uses it. When he calls his roll, he calls this man's name and he answers, "Here." Yes, still here. Pity! There are many worthless professors because of this compromise with Satan. I am glad to recite Moses' reply to Pharaoh. "It is not meet to do so; that is, it is not fit nor proper, to pursue such a sorry course. So I say to you professed Christians the outside, worldly life is too poor, and unfit for any one who calls upon God for salvation. It is a very poor, lean, sorry, unfit way to treat one's God and Redeemer, and will never please Him.

III—WHEN PHARAOH FAILED HERE AND FOUND THEY WOULD NOT STAY IN THE LAND, HIS NEXT EFFORT WAS TO HAVE THEM STOP CLOSE BY, SO THEY COULD NEIGHBOR WITH HIM. He said: "I will let you go—only ye shall not go very far away." (Ex. 8:28.) Likewise when Satan cannot keep people out of the church he deludes as many as possible with the notion that mere membership is sufficient, and strenuously sets himself against consecration and full devotion. "Oh, don't go so far from me! Don't get so deep in the church; don't become so enthusiastic and so religious. You may get cranky on religion; not so far away, please." It works too in many instances. Many people on the church rolls, are living very close to this world's ignorance of the Bible and of God. Don't know much more about it than the worldly man. They live also very close to the worldly man in their neglect of prayer and prayerful meditation; very close to him in doubtful business methods; trade on the same principle; join with him in worldly festivities; make common with him in muddy politics,

for evil is before you. Not so: Go now ye that are men and serve the Lord." Ex. 10:8, 10, 11)

He probably told them that Egypt was more suitable for children and that they were too young to worship: "better to stay in Egypt and have a good time."

Satan persuades many parents that children can't be religious. They have sense enough for everything else, but to love and worship God and no matter what they do or how they love God they must be kept out of the church. The outside is the place for children he thinks. Pharaoh knew many, if not all, the older ones would remain in Egypt if their children did and those who went away would soon return. If not he would have the race in the future. Many children are left in sin by their parents. Many children are like a millstone around their parents neck. The usefulness of some good parents has been destroyed by children left in Egypt. I mean wayward, sinful boys and girls. Beware of this Satanic seduction. "Remember thy Creator in the days of thy youth"; Suffer little children to come unto me." Let every father and mother notice the answer Moses gave, "We will go with our young and with our old, with our sons and with our daughters." (Ex. 10:9.) Very few, if any parents whose hearts are wholly given to God and fully set to give Him their children and go to work at it in time ever fail. You can do it. "The promise is unto you and your children." Be a Moses with a set purpose here and meet and conquer Satan in his purpose to hold your children.

V—FAILING HERE PHARAOH NEXT ENTRENCHED HIMSELF BEHIND THE PROPERTY OF THE HEBREWS AND DETERMINED TO KEEP IT FOR EGYPTIAN USE. He said: "Go ye, serve the Lord; only let your flocks and your herds be stayed; let your little ones also go with you." (Ex 10:24.) He proposes now to let everything go put the property. Many church folks have foolishly left their property outside. It is such a pity to be stingy and selfish and afraid to risk God and His will with our stuff. Our property should go where we go and be dedicated to our God along with ourselves. Make everything you have join God. That means not that we shall give it all away, but that it shall promote only good, and that God's will concerning it shall be the basis of its use. If men leave it in bondage you can tell it by the use they make of it—stingy and selfish use; by the use they allow made of it—renting to others for immoral or unchristian purposes, as to a saloon, etc.; by the influence it has over themselves—egotistic, worldly, carnal effects. If the man with property is less humble he has not gotten all his stuff out of Egypt. The Baptist preacher who was stopped by the candidate just before he dipped him, with the desire to send his purse ashore which he still had in his pocket, was right when he refused, saying: "I want to baptize it too." Every man's purse and everything else he has should be included in his worship in Canaan and vote over in Egypt. Such church members live very close to the edge like the water near the brim in a full bucket. You have to walk very carefully to keep from spilling them out on the ground. It is no trouble to them, or matter of conscience, to stay away from services. It is easy to offend them. See them call for their letters? Angry! Don't like the preacher, or somebody going to quit. They object to so much money for missions, or anything else. Out they go and back to Egypt. Then they sit down on the border and knock and knock. Do you know any of them?

IV—BUT PHARAOH FAILING HERE TOOK ANOTHER STAND—FOR THE YOUNGER GENERATION—THE CHILDREN. He said "Go serve the Lord, your God; but who are they that shall go? . . . and your little ones: Look to it; baptismal vows.

Again I cite you to the answer of Moses—"Our cattle also shall go with us; there shall not a hoof be left behind; for therefore must we take to serve the Lord, our God." "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil." In this lesson and text, the Christian soldier is shown how to fight his battles. There is no excuse for failure. Be a Moses in your courage and persistency.

And don't make the mistake to leave your Friend Jesus out, who sticks closer to you than a brother. Give yourself every help God has ordained, even "the whole armour."

AMERICAN CABINET GREATLY ABOUSED

Washington, Feb. 27.—That the American government regards the hanging of Clemente Vergara, an American citizen, at Hidalgo, Mexico, as a subject for reparation by the Huerta government, became known after today's cabinet meeting.

The cabinet discussed practically nothing else but Mexican affairs, dispatches being read from Consul Letcher saying General Villa would give permission for a complete medical examination of the body of Benton.

While the Benton incident was discussed in great detail, members of the cabinet were particularly concerned over the hanging of Vergara. The act, they believed, had shocked the American people and should not go unpunished. Steps will be taken to impress the Huerta government of the feeling of the United States in the matter, particularly after repeated assurances had been given by the federals that Vergara would not be harmed.

So far as could be learned, the cabinet was not inclined to condone the killing of Benton, but some members were inclined to think Benton at least was indiscreet in going to the camp of a military commander with whom he was not on friendly terms, and entering into an argument with him.

Final judgment was not reached by the cabinet as to the merits of the Benton case, but it was apparent that vigorous steps to procure the body for his wife would be continued.

HORSES DYING OF BLIND STAGGERS

Disease Can Be Controlled, Experts Say by Total Change of Feed and Forage.

Washington, Feb. 26.—Because of the widespread prevalence of "blind staggers," a disease which is causing the death of thousands of horses, the Department of Agriculture today issued a statement outlining methods for combating the malady. Urgent appeals for assistance have been received by the department from at least 16 states, showing the universality of the disease. The states include the following: Colorado, Georgia, Kentucky, Louisiana, Maryland, Missouri, Nebraska, New Jersey, North Carolina, Oregon, South Carolina, South Dakota, Virginia and West Virginia.

In past years, according to the department, horses have died by the thousands in Texas, Iowa, Kansas and Nebraska from a disease affecting the nervous system, popularly known as "blind staggers," or "forage poisoning." Kansas and Nebraska bore the brunt of the affliction during the past year, but other states have suffered seriously. Additional deaths, it is stated, have been undoubtedly due to "fake cures."

The disease, the department says, can be controlled effectively only by a total change of feed and forage.

A CAR LOAD OF CATALOGUES.

The following item which was printed in last week's Sweetwater Reporter is of more than passing interest:

"Sears, Roebuck & Co. have arranged to ship to Sweetwater at an early date a full carload of their catalogues. The advertising matter will be sent from Sweetwater to all the surrounding towns and country via parcels post. By this means they are enabled to make a handsome saving in shipping their catalogues as the rates of parcels post matter is governed by distance zones. This will be the first solid car of advertising matter to be shipped to a West Texas town."

The mail order houses are going after the people's business and are liberally advertising. The fact is the mail order houses make advertising pay them well. The retail merchants have a problem on their hands to successfully combat mail order merchandising, but they have the means at hand to do it. They can meet their customers face to face, can show them their goods, can meet the prices, except on the mail order house leaders and can sell goods at less operating expense. The best way of offsetting this competition is by persistent, consistent, judicious advertising. The local merchants have the advantage of their local newspaper and the mail order house can not get into but very few country newspapers at any price. There is scarcely a newspaper in the country but that has turned down such advertising.

There are two things mail order people stress in all their advertising—description and price and we believe these are the most important points in advertising merchandise and a point too frequently overlooked by local advertisers.

The Signal is fully aware of the menace of the large mail order houses to the average retail merchants, but we fully believe the retail merchants, by concerted and persistent action can off-set them.

There are many reasons why people should trade with their home merchants and none in favor of trading away from home, and these reasons put up intelligently to intelligent people, backed by the goods and prices, will starve the mail order houses out.

Every person should feel interested in building up better markets, better schools, better churches, better roads and better homes. Trading with the home merchants will help to do this and to build up the towns, thereby making property values in town, and farm lands adjacent, worth more and home life more comfortable, more convenient, and happier.

Why should the people and local merchants not stand together? Their interests are mutual and they must bear one another's burdens.

WE NEED CHEAP MONEY.

Texas Industrial Bureau says: "New York state has just marketed \$51,000,000 worth of 4 1/2 per cent improvement bonds. One of the largest banking concerns in the United States was the purchaser. The fact that 467 bids were tendered which aggregated \$288,000,000 or six times the amount of the issue, indicates the desirability of the investment."

"The farmers of Texas are paying from 8 to 12 per cent on an indebtedness of \$225,000,000 and their collateral is the best in the land. Money invested in Texas mortgages is as safe as government securities. Give Texas farmers the cheap rate of interest that is afforded in New York state, and our rural development is assured. The interest saving alone would amount to \$30,000,000 annually. Within three years this accumulation would be sufficient to build a silo on every Texas farm; would build 45,000 miles of macadam highways or construct sufficient warehouses to store the annual farm production of Texas."

QUESTION OF OWNERSHIP OF ISLAND

Austin, Feb. 26.—Whether the Mexican federalists invaded United States territory in the alleged abduction of Clemente Vergara, an American citizen, since hanged by them, depends on the unsettled question whether the island where Vergara pastured his stock and where he is said to have been seized, is on the Texas or Mexican side of the Rio Grande. J. T. Robinson, state land commissioner, said today that Vergara asked to buy it in 1910 as scrap land, but his application was refused when it was found that no one knew whether the state owned it. Since then Vergara used it as pasture.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon J. E. Cantwell, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not then in any newspaper published in the 39th Judicial District; but if there is no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 39th Judicial District; to appear at the next regular term of the District Court of Scurry County, to be holden at the Courthouse thereof in Snyder, Texas, on the third Monday in March, A. D. 1914 the same being the 16th day of March, A. D. 1914, then and there to answer a petition filed in said court on the 14th day of February, A. D. 1914, in a suit, numbered on the docket of said court, Number 1747, wherein Mrs. Lela Cantwell is plaintiff and J. E. Cantwell is defendant, and plaintiff's said petition alleging that she is an actual bona-fide inhabitant of the State of Texas and has resided in said state for 12 months and in the County of Scurry for the last six months next preceding the filing of her petition. That on or about the 3rd day of December, A. D. 1899, in Williamson Co., Texas, plaintiff was lawfully married to defendant. That they continued to live together as man and wife until on or about the 1st day of September, A. D. 1911, when this plaintiff, by reason of the defendant's cruel, tyrannical and inhuman treatment, was compelled to leave defendant, since which time they have not lived together as man and wife, said cruel treatment rendering their living together as man and wife insupportable.

That as a result of this marital union there were born the following children: Kitty, a girl, aged 12; Ruby, a girl, aged 11; Jesse, a boy, aged 10; R. D., a boy, age 5; and Jarrell, a boy age 2 1/2; all of whom are now with the defendant, except Jarrell, the youngest child, which plaintiff prays for the custody of.

Plaintiff prays for judgment dissolving the bonds of matrimony now existing, for custody of the youngest child, Jarrell Cantwell, costs of suit, and for such other further relief, in law and equity, as she may show herself entitled to.

Herein fail not, but have you before said court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 17th day of February, A. D. 1914.

INEXPENSIVE FARM HOME.

Department of Agriculture Furnishes Free Plans.

The farm house is the most important building on the farm, and money judiciously expended in its planning and construction is well invested. The United States Department of Agriculture, through its Bureau of Farm Management, has been investigating conditions in the rural districts and in many instances found that the living apartments were inconsistent in cost with the value of the farm, and very often in striking contrast with out-buildings and farm machinery.

The Department of Agriculture is not only striving to make the business of farming more remunerative, but is also endeavoring to make farm life more attractive. A series of plans for the construction of farm homes has been prepared. In designing these homes, service, economy and attractiveness have been combined in a frame structure which can be built for \$800 in a community where average prices for material and labor prevail.

The specifications call for a simple four-cornered structure. There is but one chimney and one outside entrance. Another door may be provided by sacrifice of wall and floor space or by increasing the size and cost of the house.

The government experts in planning these homes realized that the comfort and convenience of the farm woman was paramount. They drew their plans accordingly. The kitchen is the most pleasantly located room in the structure. It is on a screened porch where a part of the work may be done in the summer.

The water problem has also been carefully considered. Cistern water may be drawn from a bucket pump on the back porch or from a photo pump in the sink. Hot water is provided by a reservoir connected with the kitchen stove. The sink with only a drain pipe to be provided, has been found too expensive to be omitted.

The living and dining room is combined and affords sufficient space for the longest table the harvest days will ever require. It has two routes to the kitchen which are convenient for serving a large number of workmen. The Bureau of Farm Management is trying to help the farmer and will gladly furnish free plans to farmers contemplating building homes.

AN OLD SETTLER PASSES AWAY

N. H. Marr, was born July the 7th, 1845 at Dahlonga, Ga. died near Ira at his home, Feb. 14th, 1914, being 68 years, 7 months, 7 days old. Was married to Martha M. Taylor, Nov. the 17th, 1868, at Cleveland, Bradley county, Tenn. To this union eleven children were born, six having preceded him to the Spirit land. The five living ones were with him, to the end, which came about 3 o'clock a. m., Feb. 14, viz.: Thomas Marr, of Frisco, Denton County; Mrs. Lotta Brady of Fort Worth; Jack Marr, of Odessa, Mrs. Effie Gattiff of Colorado; C. C. Marr of Ira; and his wife, who survive him to mourn his loss.

He told them not to grieve over him, but to meet him in heaven, for he would soon be at home, that he was ready to go.

He enlisted in the union army, Sept. 1st, 1863, under Capt Bany F. Green of Co. L. 9th Regiment of Tennessee cavalry. Discharged Sept. 11th, 1865, at Knoxville, Tenn. He had lived in Scurry County 21 years.

In his death the community has lost a good citizen, the children a good father, the wife a faithful husband. Weep not for him as one who had no hope, your loss is his gain. He is done with suffering. You have this consolation that all was done for him that was possible for you to do. We laid his remains away in the Ira cemetery on Sunday at 3 p. m. in the presence of a large crowd to await the resurrection of the just.

"Why do you mourn his departing, friends,
Or shake at death's alarm;
'Tis but the voice that Jesus sends,
To call them to his arms.
Nor pain, nor grief, nor anxious fear,
Invades thy bounds, no mortal woes
Can reach the peaceful sleeper here,
While angels watch the soft repose
Jesus can make a dying bed
Feel soft as downy pillows are,
While on his breast, I lean my head,
And breathe my life out willingly
Then let the last loud trumpet call
And bid our kindred rise;
Awake ye nations under ground,
Ye saints, ascend the skies!

MRS. LATHAM MAKES BOND

She Left Snyder Saturday With Her Father and Her Attorney.

Mrs. Minnie Latham who has been in the county jail here since January 20, charged with murder of John Y. Stewart was released under bond last Saturday evening and left with her father, J. F. Butler who had come from Teague, Texas to do what he could in the interest of his daughter.

The bond for ten thousand dollars was sent here to Sheriff Boles late last week with the names of the elder Latham and one of his sons signed to it. The accompanying affidavit had been made by the old gentleman and two of his sons, but only two names had been signed to the bond and it had to be sent back for correction.

On Saturday the woman's father, accompanied by Judge Wright, her attorney came to Snyder and the bond was properly filed and approved and the woman was once more permitted to pass out to freedom and get a breath of west Texas fresh air.

The party dined at the Manhattan where the woman registered as Mrs. W. F. Latham, city.

It is supposed the grand jury which will soon convene here will investigate her case, but nothing has been said as to whether or not she will be tried at the coming term of court.

The ladies of the Baptist church will serve dinner Wednesday, March 18th.

Mrs. J. O. Nelson is visiting in Oklahoma.

CALOMEL A GREAT DANGER TO MANY

Has Bad Effect on Some—Dodson's Liver Tone Takes Its Place and is Perfectly Harmless.

If you will inquire at Grayum Drug Company's you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant having no bad after-effects. Indeed, this firm will refund purchase price (50c) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

This is one of the most delicate operations, commonly done on the eye. At present it looks as though it was a complete success in this case.

CITY ANNOUNCEMENTS
(Election in April)

For City Marshal—

O. P. WOLFE
W. W. ROGERS

While the United States is in honor bound to Great Britain to investigate the murder of Benson by Mexican rebels, we are, ourselves stirred over the hanging of Vergara, a Webb county ranchman by Mexican federals. Meanwhile some of the congressmen are trying to force the administration to go to war.

It is very well for the Government labor bureau to keep watch on employers of labor and see that the laborers are paid living wages and work under humane conditions, but whenever the government sets out to find employment for men, the laboring element will cease to be hustlers and will lose that spirit of manhood and individuality that in former generations has made America great.

One trouble with West Texas is there are too many men sitting around waiting for a chance to make "easy money." Other parts of the country may have some of the same class of citizens, as many or more than we have, but we have all we need, and then some, in the language of the street. We could use a few thousand intelligent, energetic and willing workers.

A. H. Belo & Co. publishers of the Dallas News announce that on April 1st, they will begin the publication of the Dallas Evening Journal. The Morning and the Semi-Weekly News has grown to be the most popular Newspaper in Texas and one of the greatest in the South and we predict success for the Evening Journal.

ABOUT THE ROAD BONDS.

The proposition of voting bonds in the sum of \$50,000.00 for the purpose of improving the roads of Scurry County is now square up to the people, the Commissioners' Court having ordered such an election last Monday upon petition of more than 500 voters of the county.

The Signal is for the proposition because we believe it is the best, the most practical and really the only sensible way of getting better roads in Scurry county.

That we need better roads is evident to all, and that they would add greatly to the comfort, the convenience, the profit and to the pleasure of the citizenship of the county, goes without saying. Good roads will put markets, schools, churches and neighbors closer together; besides, they will add their worth in cost to the taxable values of the county. In fact it would be hard to estimate and enumerate all the advantages good roads would bring to this community at this time.

Now, as to the cost of the proposition. If the cost of these good roads we hope to get was to be in addition to the taxes we are now paying we would still be for the bond issue, but under this proposition, if the bonds are voted our taxes will not be increased one cent from what they are now, for the present levy of 15c is as high as the law will permit. This fact can be ascertained by any person who cares to investigate. We are informed that, with the possible exception of the year 1912, the road and bridge tax of Scurry Co. has been for the past twenty years 15c, and all are familiar with the condition of our public highways after twenty years of the present method of handling them. And we may spend the 15c levy in twenty more annual installments as we have in the past and never get out of the bog and mire more than we are today. The constant drain on the road and bridge fund from building bridges, opening of new roads, and maintaining as far as possible, the public roads, has exhausted the fund until it is something like 12 months overdrawn at this time.

If the \$50,000.00 bond issue should carry the money derived from the sale of these bonds would be sufficient to relieve the road and bridge fund, put same on a cash basis, and leave something like \$40,000 for building a system of good roads, the the bond issue would permit us to get enough money together at one time to do some lasting and effective road work, and without a large sum of money to start on we can never get anywhere, can never make any advancement toward securing better roads.

As we said in the outset, we are unhesitatingly for the proposed bond issue, and we feel we have as much right to advocate its adoption as any citizen of the county has to either oppose or support it. It is a public service we are rendering to the people of Scurry county and we certainly feel sure that on April the 11th the voters will put Scurry county in the front ranks of progress. If not why not?

HENS IN SCURRY COUNTY

It is estimated that two thousand hens have been marketed in Scurry county this week. An advertisement appeared in the Signal last week for hens and the people throughout the county read the advertisement and have come in with their fowls. The prices have run from 9c to 10c a pound making ordinary hens bring 45c to 50c a piece.—Snyder Signal.

There is good money in hens, both before and after they lay. And hens ought to be easily raised in Scurry County. Hens, prairie hens are indigenous to that section and the climate and topography are especially well adapted to the genus heno. There are no high hills for the hen to climb, no deep, swift rivers for the hen to swim. But there are countless broad acres for the hen to graze on and innumerable bushels of gravel for the hens to chew. Moreover, there are innumerable sunny areas for her to sing in and heaps of nice soft sand for her bath. A hen ought to be happy in Scurry county, and by the same token Editor Hardy and every other Scurryman ought to bless themselves hourly that they live in a land of eggs and poultry. Wherever there are abundant stores of chicken pie and scrambled eggs there is peace and plenty. And whenever there is a hen who learns to lay more eggs than any other while they are fetching forty cents a dozen, though she make her nest in the wilderness, the world will beat a path to her place of business.—State Press in Dallas News.

W. P. Lane says he will stump Western Texas for candidate Ball.

WHY ANTIS OPPOSE BALL

A number of leading anti-prohibitionists have appointed a state-wide convention to be held in Dallas, Mar. 7 to outline a state campaign against Candidate Ball.

They carefully avoid mention of pro or anti. They call it a meeting of constructive democrats.

They deplore the splitting of the democratic party in Texas and call on all democrats who want prosperity to rally to their standard.

That school of politicians have had the State government in hand for many years and if the state has gone to the bad, their sort is purely responsible for it.

Col. Ball has been regarded as a clear headed statesman of progressive views and commanding personality. None of the anti crowd has ever charged him with weakness and his record and his public declarations are sufficient guarantee that he has in mind every material social and moral interest of the State. The only thing the Dallas convention will urge against him is that he is a prohibitionist. They expect the election of a prohibition legislature and they want a governor who will hinder the probable progress of prohibition legislation. They know Ball well enough to know that if elected governor he will give intelligent tone to all lines of material advancement. He will be mindful of his duty toward educational interests, penal institutions and the asylum obligations and will use his powers to promote industrial development and general welfare, but they are afraid he will lead the state to absolute prohibition. There is the rub.

F. Aucutt and family who moved from Snyder to Kent county a year or so ago passed through last Friday enroute to Sweetwater where they expect to reside in the future.

Texas issued over seven million dollars of bonds last year and raising almost an equal amount by taxation for the improvement of our public highways. The amount of bonds issued was almost double that of the previous year which indicates that we are making rapid progress in road improvement. But there is another side to the story. There was over four million dollars of proposed bond issue defeated. These elections, with a few unimportant exceptions, were carried by a majority vote, but failed to get the necessary two-thirds. The amendment of this law to permit the issuance of bonds on a majority vote is an important opportunity presented to the next legislature.—Crosbyton Review.

Shackelford county voted wet last week by a majority of 23 votes.

ALIEN IMMIGRANTS COMING TO TEXAS

Galveston, Texas, Feb. 24.—February is usually a light month for the alien immigration to the United States, but from present indications all previous records will be broken at this port. Many immigrants have come over recently and the bulk of them are going to the Gulf Coast country and take up small farms.

A report just issued by the United States Department of Commerce and Labor shows that the alien immigration to the United States during the past six months shows an increase of approximately 25 per cent over the previous year.

ZACK EVANS ANNOUNCES FOR PUBLIC WEIGHER

Mr. Zack Evans authorizes the Signal to state that he is a candidate for Public Weigher, for Precinct No. 1, Snyder precinct) subject to the July primaries.

Mr. Evans is a good solid citizen and fully competent to perform the duties of the office to which he aspires. He promises, if elected, to give his personal, careful attention to handling cotton and other produce coming to him and will treat every body with absolute fairness.

Mr. Evans has had considerable experience as public weigher and knows how.

Consider his claim.

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

SAM HULL ANNOUNCES FOR PUBLIC WEAIGHER

The Signal is authorized to announce Sam Hull as a candidate for the office of Public Weigher for Snyder Precinct No. 1. He announces subject to the July primaries.

Everybody hereabouts knows Sam Hull. He is a hard working, honest carpenter. He is a man of good business training and well qualified to discharge the duties of Public Weigher.

If elected he will carefully look after all the details of the business in the handling of cotton and other produce passing through his hands. He will treat everybody alike in the transactions of business.

Consider his claims.

The Signal does not hope to please everyone, in fact we find it difficult to run this business to suit ourselves. We make mistakes we know, but we are willing to allow every person who is free from mistakes to throw stones at us.

L. O. Kimbrough was here Thursday from Ennis Creek. He says he has worked himself out of a job on the farm.

S. W. Barfoot was here Monday from Hermleigh and dug up a dollar out of his jeans to move the Signal date up a year in advance. Sam knows a good thing when he sees it. If every community was filled up with his sort every worthy enterprise such as the Signal would have ample support and everybody would grow fat and jolly.

C. Nation and Son paid one farmer \$4.20 Tuesday for his cream. Earl says the cream is coming in right along and the farmers will soon begin to see this nice source of revenue.

THE METHODIST EXHORTER By J. W. Hunt

Services for Sunday:

The pastor will occupy the pulpit Sunday morning and night. The choir and quartette will render their usual efficient service. We are preaching each Sunday evening on the Miracles of Christ and those attending, say the ones staying away are missing something they should not. Let us have a better evening attendance than we have been having. It is an indolent and careless habit that a great many able bodied church people have of lounging at home Sunday evening when the preacher and his faithful helpers are at the church striving to reach the lost. Every Sunday evening we have a large number of unsaved and people outside the pales of any church and it is criminal in our membership to neglect the opportunity to encourage them by their presence at least. Quit being a Sunday evening piker.

Wedding Invitation:

The pastor and family are in receipt of an invitation to the marriage of Miss Nora Grantham to Mr. William Klett at Gregory, Texas, March 16, 1914. We sincerely wish Miss Nora, who is so well and favorably known here, a happy wedding and a long and blessed wedded life, issuing in Life eternal. We do not know the fortunate gentleman but have been told that he is a man of the highest worth. May God's blessing attend them.

Pressing Toward the Mark:

The work of finishing the inside of a large building is a tedious one and when you are short on funds, it delays matters that much more. In the matter of our church building both these contingencies have had to be met, and it is really remarkable that the progress apparent has been made. The work of covering the dome was contracted by Casstevens & Mitchell and they have completed all the metal work on the building with the exception of the flashings along the edges of the roof. The Snyder Light, Ice, Power Plant was awarded the wiring and lighting of the building and the men have been busy stringing wire all week. The building is consequently ready for the plastering as soon as we can secure funds for the labor. The material is provided for.

The biggest item of expense at present is the art glass. This bill with extra medallions that have been ordered now runs over \$1000. About \$700 of this has been secured and if the remainder of the windows can be sold it can be easily handled. Otherwise, the committee will be placed in great straits to meet the issue. The small windows ought to go like hot cakes at \$10 per and the large ones at \$25. With medallion, \$65 Buy a window as a present to the church or as a memorial to some loved one and help us at this point.

The doors for the building and the windows for the basement arrived Tuesday and are stored in the basement.

We need at least \$500 beyond our present assets, and it is a fine time for those who have subscribed to pay the second installment, and those who have given notes will confer a mighty favor to advance a payment. The money is in the bank to pay for the lighting and metal work, contracted.

Losing Good Citizens:

The moving of E. W. Clark and family to San Angelo, is one of the greatest losses in more ways than one that the town of Snyder ever suffered. Mr. Clark is a man of large business interests, who is as liberal as he is successful. Snyder has been the beneficiary in a hundred different ways of his liberality and genius. To the church he was ever a staunch and faithful friend and her welfare and honor lay close upon his thought and heart.

Mrs. Clark will never be forgotten here for her noble Christian life and constant faith and service. Instead of going into the extravagancies that women of her position so frequently do, becoming vain and worldly, she has remained a sincere, Christian worker faithful to church and family. Her benefactions are large and her Christian example even greater. We shall miss her in prayer meeting in the Mission Auxillary, at church—in fact everywhere in any good and worthy sphere.

We commend these good people to the Church at San Angelo and trust their stay there may be mutually helpful and happy.

Bro. Dodson's Arrival:

Bro. J. F. Neal of Sweetwater, chairman of the board of stewards there was in Snyder on business Monday and said they were expecting the new presiding elder to arrive at headquarters Thursday. He will hold Bro. Gattis' second quarterly conference, Saturday and Sunday and thus begin his work on the district. We trust we shall see him soon. We have written him asking a postponement of the District Conference until the last of April, in order that we may have time to occupy the new church building.

THE RURAL TEACHER

Bears Heavy Burden of Civilization.

By Peter Radford.

With the new development of rural life, there comes the demand for increased educational facilities and the impulse of universal education which is sweeping the country calls for intelligent and consecrated leadership in our rural schools. It is upon the rural teacher that one of the heaviest burdens of civilization falls for not only must he lay the foundation of education, but he must also instill into the pupils the real love for country life, which will hold them on the farm and help to stem the downward tide.

In the city, the teacher is a cog in the vast wheel of educational machinery; in the county, he is the wheel. It is he who must mold the character, inspire the ideals and shape the destiny of the farm boys and girls, and if he is fitted by nature for the task, not only will the results of his efforts be reflected in the pupils, but gradually the whole community will be leavened with a new ambition for progress.

He can organize around the school the main interests of the boys and girls and develop the impulse for co-operation, which in time will displace the old competitive individualism and make rural social life more congenial and satisfying. The possibilities for making the rural school the social and economic center of the community are almost endless and the faculties of the rural teacher may have full play, for it will take all his time and ingenuity if he attains the full measure of success.

Must Be Community Leader.

A noted college professor recently said that three things are now required of a rural teacher. The first requirement is that he must be strong enough to establish himself as a leader in the community in which he lives and labors; second, that he must have a good grasp on the organization and management of the new and scientific farm school and, third, that he must show expert ability in dealing with the modern rural school curriculum. If he lives up to the opportunities offered him as a rural leader, he will train boys and girls distinctly for rural life, not only by giving them the rudiments of agricultural training, but by enabling them to

see the attractive side of farm life, and to realize that it is a scientific business and one of the most complex of all professions with opportunities as great as those of any other calling.

"School for Parents" Needed.

The duties of the rural teacher are more varied and complicated than those of the city teacher and he sometimes has to include the parents in directing his efforts for the best results. In communities where the older population is opposed to any departure of the younger generation from established customs in either social or economic life, their co-operation can often be secured by calling community meetings and instructing the parents on matters of community interest. It is related that a successful young teacher in a remote locality had weekly meetings attended by parents of his pupils which finally evolved into a "school for parents" in which they were taught how to live a community life in its broadest and biggest sense.

Social Features Essential.

The successful rural school is the vital social and economic center of the community and the successful rural teacher is the one who realizes that the responsibility of training local leaders for the future devolves upon him. Organized play, inter-community athletics, community festivals, lyceum and debating clubs, Y. M. C. A.s, with occasional neighborhood entertainments, utilizing home talent, contests in cooking and various other phases of home economics, in corn and hog clubs and other agricultural activities are a few of the methods employed by the successful rural teacher in stimulating interest and enthusiasm while teaching them the fundamental principles of successful community life.

AFTER JACK RABBITS

O. L. Morrow, who lived in the Sims ranch community northeast of Snyder was in Monday and reported a rousing big Jack Rabbit hunt out there last Saturday. The men were out with guns. They discarded the wire trap plan of catching the game and went about in true sportsman fashion. They divided up into squads, made drives and shot 10 rabbits as they ran. They killed 10 of them in one day.

Mr. and Mrs. Ted Wallace left Sunday for Fort Worth for a few days visit.

Mr. S. P. Smith transacted business in Snyder Monday.

Rev. Sam Young filled his regular appointment at the Methodist church Sunday at 11 o'clock and at night.

Rev. Oliver of Abilene preached at the Anti Board Baptist church Sunday at 11 and at night.

Mr. J. V. Sewalt left Sunday for his home at Menard, after a week's visit with his parents, Mr. and Mrs. E. L. Sewalt.

Mrs. J. J. Daily received the sad news Friday of the death of her father, Mr. Perry at Goldthwaite, Texas. She has the condolence of her many friends during these sad hours.

Prof. O. L. Howell received a message Sunday evening of the serious illness of his father at Clyde, who has suffered an attack of acute appendicitis, and that the hope of his recovery was through an operation.

Mr. Wilbur Sewalt sold his residence in the north part of town to Mr. J. A. Weems; consideration not known. Mr. Sewalt will leave with his family in the near future for their new home in New Mexico. They have many friends here that regret to see them leave.

Mr. and Mrs. W. B. Dane left Monday for the Eastern market to purchase the spring and summer goods for their store.

Miss Lula Bills returned to her home at Gall after a two weeks visit with Rev. and Mrs. J. H. Tate.

Mr. and Mrs. D. E. Lane left Thursday for Strawn to make their future home. Ed was transferred from the management here of the local telephone system to the same position there. They have the best wishes of their many friends here for their success in the new field.

Mr. Geo. Taylor left Sunday for his home near Bute, Montana, after a two weeks visit with his parents, Mr. and Mrs. Doc Taylor.

Mr. and Mrs. Crutchfield returned this week to their home in New Mexico after spending a couple of weeks with Mrs. Crutchfield's parents, Mr. and Mrs. J. T. Wyche.

Another norther blew up Tuesday morning and from all indications prospects were good for a bad spell.

Some of the farmers report their oats not hurt from the recent cold spell. Others have not been heard from as to how their oats are looking.

Word was received Monday that Mr. John Murphy, one of Fluvanna's and Snyder's old time citizens had passed away. The deceased had been in failing health for the past two years, suffering from stomach trou-

ble and moved to Marlin, Texas, some twelve months ago, to see if he could be benefited, where he died last Wednesday. He leaves a wife to mourn his loss. She has the sympathy of her many friends here.

PYRON PICKERS

A good rain at present would be very acceptable to the farmers, it would almost insure good small grain crops and put the land in the best of condition for early spring planting.

Miss Ocie Breeden the very estimable teacher of the old Pyron school tendered her resignation a few days ago, and on last Sunday she was quietly married to Mr. Mobley, Hermligh's enterprising barber. We join their many friends in wishing them a long and happy life. Mr. D. Holcomb of Ira will finish Miss Ocie's unexpired term. Mr. Holcomb is one of Scurry County's best teachers.

We failed to note last week that one of our most promising young men, Mr. Roy Patterson had hied himself away to Collin county and took unto himself a better half. The bride is one of Collin county's most accomplished and charming young ladies, we wish for them joy and happiness complete.

Born, to Mr. and Mrs. Will Hallman on recent date, a bouncing baby boy.

A fine baby girl came recently to brighten the home of Mr. and Mrs. Arthur Allen.

Claude Lynn spent the week end with homefolks.

Miss Kate Willis of Sweetwater, Okla., after spending the winter with her sister, Mrs. Doctor Glass returned to her home last Monday. She made many friends while among us and we hope she may decide to visit us again ere long.

C. V. is reported on the sick list this week.

We are sorry we cannot report Mrs. Nora Hess improving as yet.

MARIE

A Home Talent Cartoonist.

The Signal is in receipt this week of a well designed and highly appropriate cartoon drawn by Guy Adams a school boy at Pyron, 15 year old son of Joe Adams, the Pyron merchant. Guy drew this with his pen and it is highly expressive of current history.

The picture shows two roosters fighting. These are designated Huerta and Villa and standing over them President Wilson is shown with a big stick in his hand, and saying—"You have played long enough now boys."

Guy shows marked talent as a cartoonist and with study and practice, he is going to be an artist in that line.

LESS DYSPEPSIA NOW

—HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the great aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00.—Grayum Drug Co.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SPECIAL EXAMINATION FOR CERTIFICATES

To the County or Ex-Officio County Superintendent:

Your attention is called to the fact that a special examination for teachers' certificates will be held in all county seats in the State the first Friday and Saturday, and Thursday preceding, in April, instead of May, as heretofore. There will be no May examination this year. The change is made to accommodate a large number of teachers who desire to hear from their papers before the regular June examination. The April examination will be limited to State certificates only, and the same rules and regulations which govern the regular examinations will also govern in this instance.

You are requested to give notice of this examination to the public through the local papers of your county and by other available means.

The following schedule will be adhered to in all examinations for 1914, except the two series of summer normal examinations:

Thursday Forenoon

History of Education, Physics, Solid Geometry, English Literature.

Thursday Afternoon.

Psychology, Chemistry, Bookkeeping, Plane Trigonometry.

Vicious Biped.

While we are legislating morals into the erring brother, let's go after the one worst first in the small town. The vicious biped that has been "hearin'" something about some one and repeats it—repeats it whether he has heard it or not. If we should publish what we have been told by some against some others, during the time we have been in Olney, there would be several fights before the ink got dry on the paper. But it went in one ear and out the other because we never believed the tattler, and the only thing the gossip gained by the slanderous insinuations was to merit our contempt.—Olney Enterprise.

The record of the three Toms is a guarantee that when they stand for a cause looking to the moral uplift, the prince of darkness has a poor chance to get in his work. With that trio of clean statesmen in the lead the devil knows they will checkmate his moves and he will decide to take a vacation until his faithful old boys come back into power.

"Referring to your telegram of the 3rd, instant, I have already ordered the arrest of individuals named. I will advise you of the result."

This was the text of a telegram received yesterday by Governor Colquitt from J. Mass of Saltillo, state of Coahuila, Mexico, who styled himself Governor General.

His advice is to the effect that steps have been taken for the apprehension of Mexicans implicated in the robbery and theft of horses from the ranch of Vicente Vergara, the Texas ranchman, who was later, abducted and hanged by Mexican soldiers. The telegram from General Maas would show that the Huerta regime considers itself in authority in that section, as Maas is connected with the Huerta forces.

THE LATEST ADDER
Costs but \$35

See our exhibit—ask for 10 days' trial.

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes a mistake.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS' TEST.

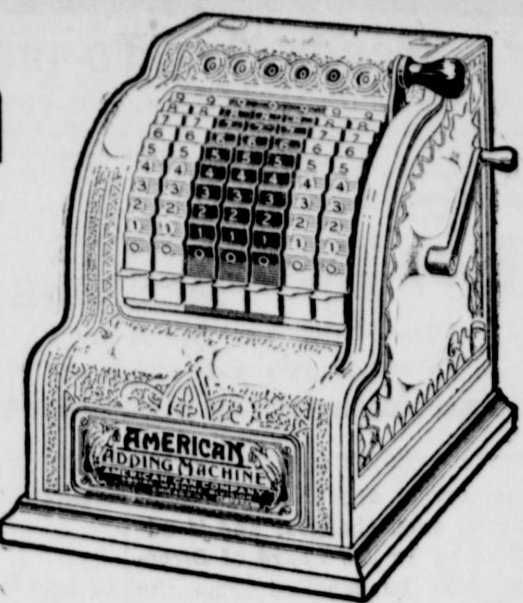

We will gladly place in any office one American Adder for ten days' test.

There will be no obligation and charges will be paid.

Compare it with any non-ister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

ANTIS WILL ELIMINATE.

Leaders Met in Dallas and Adopt Plans Similar to Prohibition Lines.

A convention of politicians calling themselves "Constructive Democrats" met in Dallas last Saturday and set on foot a plan to eliminate all but one of the Anti-Prohibition candidates for governor. It was a gathering of those who are opposed to Col. Ball and especially to the cause that he represents.

The old political war-horses were there. The politicians who have opposed prohibition were there.

They charged that the prohibition democrats have set up a new party system in Texas and thereby have placed themselves outside of the democratic party, and then they proceeded to adopt a campaign policy almost exactly like that adopted and carried out a few weeks ago by the pros.

The pros knew they could not win with several pro candidates in the field and then eliminated all but one.

The antis know they cannot defeat Tom Ball with their forces divided, hence they are going to eliminate all but one if they can.

They will have their precinct primaries, April 4th, and county conventions April 6, to send delegates to a state eliminating convention to be held in Fort Worth April 14th. This is almost the identical plan heretofore carried out by the pros.

Gov. Colquitt was there and said that if they wanted him to do it, he would call the legislature together in ten days and have the Terrell election law modified at least to provide for majority nomination. The convention favored so amending the law. The pro leaders are indifferent on that point because they expect to win anyhow.

The "Constructives" are hunting for a standard bearer, and like the pros, they are looking beyond the list of announced candidates. They hope to get Horace Chilton to lead them but he would not promise.

The battle is on. An effort is brewing to deny the pros a place on the democratic primary ballot, but if the family name, "progressive prohibition" is sufficient to bar that element, then the qualifying term "constructive" must also work as a bar for the democratic party has no nicknames or side lines.

There has never been a word uttered on either side to indicate that the participants in the July primaries will refuse to abide the results of the legal primary election.

It is a party fight and politicians will resort to every possible scheme to win, but we had hoped that the great governor of Texas would not use the machinery of the state to further the cause of either side.

THE ELECTRIC LIGHT LINE

We are informed that the Electric Light and Power line to be built from Sweetwater to Colorado will follow the public highway and work has already begun on its construction. A force of men began work here Monday morning, preparing the poles for the wires and it is understood that the work will be pushed to completion. This line will give Roscoe electric lights, a thing she has needed for a long time and power for various purposes can be furnished cheaply. Similar lines are being constructed in various portions of Texas, and the day may not be far distant when they will be almost as common as telephone lines. Let the good work go on.—Roscoe Times.

CITY ANNOUNCEMENTS
(Election in April)

For City Marshal
O. P. WOLFE
W. W. ROGERS

That Fort Worth convention on February 21 threw a beautiful curve and sent the Ball out over the center field and the other fellows were thrown into a state of disorder bordering on frenzy.

A Sam Sparks Club was organized last week at Midland and Sparks' political friends met the following Saturday in Dallas and put the Sparks' boom "on the hog."

Some times there is more in the man than in a political platform. For instance, no sort of a platform would measure up to the public confidence in Woodrow Wilson. The same can be said of Tom Ball. Although he has been attorney for corporations the people know his heart throbs are for the welfare of his state. The politicians who oppose him know it.

When a girl tells you not to spend your money on theater tickets and candy for her, you might as well go down and see what the installment furniture man will fix you up a flat for.—Fulton (Ky.) Commercial.

She doesn't want a flat. She is too sensible for that. She wants a house and a good big lot where she can raise chickens and a pig and have a garden and orchard so she can eat up vegetables and fruit. She is a woman that will do to tie to.

Our meats are the best that meal and grain can produce.
37-4f WATKINS & GLEN

The Baptist Ladies will serve dinner Wednesday, March 18th, in the Faught building.

A few exchanges are fussing because so many candidates for state offices are sending their platforms and circulars for editorial notice. Why bother about it? If they think so little of it themselves that they forget to send a check with the "dope" a newspaper man ought to know what to do with it.

A. W. Walker who led the movement for the selection of Ball as a candidate for governor now wants to be a congressman at large, and so does W. P. Lane, who thinks he contributed to the Ball boom by putting himself out of the race for governor.

THE METHODIST EXHORTER

By J. W. Hunt

Plans for the Union Meeting.

At a harmonious session of the committee representing the three cooperating churches, Presbyterian, Christian and Methodist, Monday evening at 5:30 the preliminaries for a great meeting in May were made. Two laymen from each church had been previously appointed to serve with the pastors as an executive committee. These are as follows: Presbyterian, Judge C. R. Buchanan, D. P. Strayhorn; Christian, Prof. E. A. Watson, Judge F. R. Smith; Methodist, W. C. Fullilove, T. C. Davis.

At the first meeting Bro. Howard opened the session with prayer, and organization was effected with J. W. Hunt, Chairman and Judge Buchanan Secretary-Treasurer. Committees were elected as follows:

Committee on Place, U. C. Howard, E. A. Watson, J. W. Hunt.

Committee on Tabernacle: D. P. Strayhorn, W. C. Fullilove, F. R. Smith, T. C. Davis.

Committee on Advertising: F. R. Smith, U. C. Howard, J. W. Hunt.

A meeting for a report from these various committees will be called as soon as practicable.

There was a fine feeling of cooperation in the initial session and all expressed a desire to use every effort to make the meeting a great success, and a determination to leave nothing undone that would contribute in any way to that end.

Dr. W. M. McIntosh, the evangelist, comes to us with the highest recommendations. He is a Mississippian, and has made a reputation through out the South as a preacher of ability and singular power. He has held some of the greatest meetings of recent years. His singer, Prof. Anderson, is a young man of fine talent and a thoroughly consecrated personal worker invaluable to the success of a meeting these times.

The meeting will begin Sunday, May 3rd.

All Christian people are cordially invited to come in and work as if they had a particular place. We want the meeting to be thoroughly cooperative and conducted in the broadest Christian charity and sincere it is in harmony with the will of the Evangelist's desire and of course it is in harmony with the will of Him who prayed "that they all might be one."

We trust and pray that many now outside the Ark of safety may find their haven of rest in Christ Jesus, the Savior.

A Vicarious Sunday for Us.
In the grip of a very severe cold and in great bodily pain the pastor faced a fine congregation Sunday morning at 11 o'clock with a great theme that deserved a better opportunity for a fair presentation. However the Lord helped us and we did the best we could to preach on the Church of God. The attention was fine and several since said they gained instruction and inspiration that will be of life benefit to them. The fine sympathy and helpful interest of these big hearted western people are a constant source of inspiration to a preacher in his efforts to break the Bread of Life to them.

At night we were unable to face the effort of speaking and Bro. Hutcheson, took our place. There was a packed house and the great audience was treated to a strong revival sermon on commercialization of the soul, as brought in Christ's parable of the Rich Man who pulled down his barns and built greater to hold his expanding fortunes and said: "Soul take thine ease," whereupon God said: "Thou fool, this night thy soul shall be required of thee." An earnest appeal was made to sinners to accept Christ and the invitation for an immediate decision extended. Everyone we have seen who was present speaks in the highest terms of the sermon, of Bro. Hutcheson and the service.

The Sunday School was largely attended and there is evidence of growing interest and activity along every line.

Section III.

The place of business of this organization shall be in the city of Snyder, Texas.

Section IV.

The purpose of this organization is three fold, (a) the promotion of social conditions, (b) the encouragement of physical and athletic culture, (c) and literary advancement.

ARTICLE II. Section I.

The officers of this organization shall consist of a President, Vice-President and a Secretary Treasurer in one person.

Section II.

The Club and its officers shall be further governed by a Board of Directors, consisting of five members.

ARTICLE III. Section I.

The Club and its officers shall have the power to collect from all new members a stipulated initiation fee, and shall have the further right to make such regular assessments as shall be found necessary for the maintenance and support of the organization.

ARTICLE IV.

All amendments to this constitution must be offered in writing at a regular meeting of the Club, and no amendment shall be made hereto unless the number of members voting in favor of such amendment shall be at least two-thirds of the entire membership of the Club in good standing.

BY-LAWS OF THE ROUND-UP CLUB OF SNYDER, TEXAS

Article I—Membership.

SEC. 1.—Any white, male person of good moral character, 21 years of age or over, living in Snyder or the vicinity thereof for a period of three months next preceding, may at the discretion of the board of directors and club members, become a member of this Club.

SEC. 2.—All applications for membership shall be counter-signed by two club members in good standing and presented to the Board of Directors, who, upon deeming them worthy shall present their names to the Club in regular monthly session not sooner than fifteen days therefrom for ballot. No person shall be admitted to membership provided two or more rejections are cast against said applicant. All balloting shall be by secret vote.

Upon admission to membership each member shall be entitled to all the privileges and conditions offered or submitted by the Club.

SEC. 3.—All members whose dues remain unpaid for a period of 60 days shall forfeit the rights of all privileges of the Club. Members whose dues are in arrears for a period of 90 days or more shall be suspended from the Club without notice, and can only be re-instated by new application and by ballot cast in the same manner as when applying for membership.

Article II—Officers and Elections.

SEC. 1.—The President, Vice-President and Secretary-Treasurer shall hold their respective offices for a term of one year, and until their respective successors are elected and qualified or removed as herein provided. The Directors shall be elected; Two for a period of one year and two for a period of two years.

SEC. 2.—All nominations for officers to be elected at the Annual meeting must be posted for a period of not less than thirty days, upon the bulletin of the Club, before the said meeting of the Club.

SEC. 3.—All candidates for offices, receiving the highest vote in the ballot shall be declared elected.

SEC. 4.—The two candidates for Directors receiving the highest vote shall be declared elected.

SEC. 5.—In case of vacancy arising in any official position the Board of Directors shall fill the same by appointment for the unexpired term, provided that in the case of a vacancy in the Directors office being so filled such appointment shall be until the next Annual members meeting which shall fill such vacancy for the unexpired term.

SEC. 6.—All Club members pres-

ent at any meeting must vote on any question pending.

Article IV.—Duties of Officers.

SEC. 1.—The duties of the President shall be to preside over all meetings, to appoint all members of committees, unless otherwise ordered to counter-sign all drafts, checks, accounts and vouchers, to approve all minutes of meetings by signature and to exercise all powers usually delegated to the President of any organization.

SEC. 2.—The duties of the Vice-President shall be to act as the presiding officer in the absence of the President, and to exercise all the powers delegated to the President, in the absence of the President or his inability to act.

SEC. 3.—The duties of the Secretary-Treasurer shall be to record the minutes of each meeting, to collect all dues, to keep in his custody all finances belonging to the organization, to issue all drafts and checks in payment of accounts, to receive all accounts against the Club, to attend to all correspondence addressed to the Club, to report all members in arrears of dues to Board of Directors and to exercise all duties incumbent upon a Secretary-Treasurer of any organization. He shall execute to the Board of Directors a good and sufficient bond in such sum as they may require if deemed necessary. He shall further make a report to the Board of Directors of all receipts and disbursements of the Club at each Regular Annual meeting or at any time called upon.

SEC. 4.—It shall be the duty of the Board of Directors to have general supervision of the business of the Club; they shall prescribe the form and manner of applications for membership, they shall direct in regard to the depositing of money received by the Treasurer, approve all expenditures and payments out of the funds of the Club, and audit all of the bills for same. They shall exercise general oversight over the books, moneys, accounts and property of the Club; and shall perform all duties that may from time to time be imposed upon them by the Club, and shall make a report of their actions and proceedings to the membership at each regular meeting of the same.

The Directors shall have authority to make all purchases and sales of personal property, when found necessary for the welfare of the Club.

Article V.—Meetings.

SEC. 1.—The Board of Directors shall hold at least one meeting in each month, or such other regular or special meetings as they deem proper and necessary.

SEC. 2.—The Annual Meeting of the Club shall be held in the Club Rooms on the first Saturday night in the month of July, of each year, at 8:30 p. m., at which meeting the Officers and Directors for the ensuing year shall be elected, and such other business transacted as may be prescribed by the By-Laws.

SEC. 3.—No less than ten members in good standing shall constitute a quorum for the transaction of business at any regular or called meeting of the Club, and no less than three members of the Board of Directors shall constitute a quorum of any meeting at the Board of Directors.

Article VI.—Assessments

SEC. 1.—The initial membership fee to accompany all applications shall be \$10.00.

SEC. 2.—At each annual meeting a stipulated monthly due shall be fixed for the ensuing year to be collected from each Club member for the support and upkeep of this organization. Said dues to be due and payable to the treasurer, monthly in advance.

SEC. 3.—The Board of Directors of the Club shall have the power to make special assessments of dues to be collected by the Secretary for the maintenance of this Club.

Article VII.—Intoxicants, Gambling and Expulsions.

SEC. 1.—It is expressly understood and agreed, by the members of this Club, that intoxicating liquors and gambling games shall be strictly prohibited within the confines of the Club rooms.

SEC. 2.—The Board of Directors, upon receipt of information or charges that any member has committed any felony or other indictable offense, or is guilty of any fraud, drunkenness or of abusing his privilege as a member, or of any other act or thing incompatible with the objects of this club, may summon

SEC. 3.—Any misconduct or misuse of office by any officer or any member of the Board of Directors shall be answerable to a committee of ten members of the Club, who upon investigation shall post a notice for the purpose of calling a special meeting to be held to retain in or remove from office by a majority vote of the members of the Club, the Officers or Directors in question.

Article VIII—Visitors.

SEC. 1.—The members in good standing of this Club, shall have the privilege of extending the courtesies of the Club to desirable visitors outside the district from which club members are drawn, and shall obtain a visitor's card from the Secretary, counter-signed by the Club member recommending the visitor. This visitor's card shall in no case extend for a longer period than fifteen days from date of registration, said card to be registered on Secretary's record, upon the first visit to the Club. Club members are individually responsible for the acts of the visitors they may recommend.

SEC. 2.—No member of this Club shall extend the courtesies of the Club, nor invite anyone to visit the Club rooms, except when the Club is holding a public reception, who lives within the limits of Snyder or its vicinity, unless the member feels beyond a doubt that the persons invited will not abuse their position in any way, however, this is to be considered only as a special courtesy extended by the Club to Club members, that they may have the special privilege of occasionally inviting visitors from which members are drawn.

Article IX.—Amendments.

SEC. 1.—These By-Laws may be revised or amended as provided by Law at any regular meeting of the Board of Directors by a two-third vote of those present and consent of majority of Club members. These By-Laws shall be in effect from the date of their adoption.

Article X.—Seal.

Article XI—Rules of Order
SEC. 1.—Roberts' Rules of Order will govern all meetings.

CALOMEL IS A FORM OF DEADLY MERCURY

Instead of Such Dangerous Stuff, it is Recommended That You Take Dodson's Liver Tonic for Constipation

Dodson's Liver Tonic was made to take the place of Calomel.

Calomel is a form of mercury, a mineral and a poison. Dodson's Liver Tonic is an all-vegetable liquid—never harmful.

What calomel does unpleasantly and often with danger for constipation and sluggish liver, Dodson's Liver Tonic does for you safely, with no pain and no gripe. It does not interfere in any way with your regular business, habits or diet. You feel good after taking it.

The great success and wide sale of Dodson's Liver Tonic are the result of what it does for people. Its merit is backed up by a guarantee of "satisfaction or your money back," as Grayum Drug Company, the druggists will tell you.

Dodson's Liver Tonic was intended from the start to take the place of calomel. The label on the bottle always had said so, beginning with the first bottle sold.

Dodson's Liver Tonic "liven's the liver" overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it Grayum Drug Company will hand you back the purchase price (50c) to you with a smile.

When you go to buy a family remedy, don't fail to judge between the plain, simple truth about Dodson's and the loud claims of imitators.

That the public does so accounts for the enormous increase in the sales of Dodson's Liver Tonic month after month.

The City of Sweetwater has ordered an election for next Saturday to vote on the proposition of issuing bonds in the sum of \$320,000 for the purpose of installing an adequate system of waterworks. The election order also carries with it the proposition of voting a tax of one per cent to maintain this issue, should it carry. The progressive people of Sweetwater are determined to make a city "where the railroads cross."

WE HAVE FAITH IN THIS STOMACH REMEDY

A woman customer said to us the other day, "Say you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both to us and their friends, that we had an idea you all knew about them. But, in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this.

They contain Bismuth and Pepsin, two of the greatest digestive aids known to the medical science. They soothe and comfort the stomach, promote the secretion of gastric juice help to quickly digest the food and convert it into rich, red blood and improve the action of the bowels. We believe them to be the best remedy made for indigestion and dyspepsia. We certainly wouldn't offer them to you entirely at our risk unless we felt sure that they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the heartburn, and make it possible for you to eat what you like, whenever you like, come back and get your money.

Sold only at the more than 7000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00.—Grayum Drug Company.

Our Weekly Sermonette

By Rev. U. C. Howard

SUBJECT—The Wiles of the Devil. (Continued.)

Lesson: Eph. 6:10-20.

Text: Eph. 6:11 "Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

In our former sermon from this text we discussed the "Armour of God" also the necessary qualities in the soldier who "Stands" and in part "The wiles of the devil"—his tricks, chicaneries, stratagems, etc.

To make clear, we illustrated by the tactics of Pharaoh, considering him a striking type of the devil.

We noticed in our first division (1) that Pharaoh fixed himself in a determined purpose never to let the

VERGARA'S BODY RECOVERED.

Murdered American Shot Twice Through the Head and Once Through the Neck.

Laredo, March 8.—Texas Rangers, who secretly crossed into Mexico last night, today brought to the American side the mutilated body of Clemente Vergara, Texas ranchman, and established beyond all question the fact of his execution after he was seized by Mexican federalists.

The rangers were not opposed, accomplishing their search without the slightest violence, taking the body from a grave in Hidalgo cemetery almost within sight of the Texas border. The seizure was divested of possible grave aspect or international complications by reason of the fact that the rangers were practically making use of permission granted officially by Mexican federal authorities several days ago for the recovery of the body.

His permission had been given to States Consul Alonzo Garrett Laredo, but he did not get because of what he reported attending search for it in the vicinity of Hidalgo.

He was shot twice through the neck, once through the head, as by a blow from a rifle. The charred remains indicated the direction from which the shot came.

The body was recovered by the rangers and the States Consul.

Mr. Barnes said he had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured.

Suffered with Throat Trouble.

Mr. Barnes used to be sheriff of Warren County, Tennessee. From exposure to the elements he acquired throat trouble. He supposed that his health was entirely ruined, in spite of all the treatment he could procure.

MR. B. W. D. BARNES, McMinnville, Tenn.

After using four bottles of Peruna he claims that he was entirely restored to health.

Catarrh of the throat is not only an annoying disease of itself, but it exposes the victim to many other diseases. We are constantly breathing into our throats numerous atmospheric germs. Disease germs of all sorts. This cannot be avoided. If the throat is healthy the system is protected from these poisonous germs. But if the throat is raw and punctured with numerous little ulcers, by catarrh, then the disease germs have easy access to the system.

Keep the throat well and clean. This is the way to protect yourself against contagious diseases. Gargle the throat as explained in the new "Ils of Life," sent free by the Peruna Co., Columbus, Ohio.

Mr. Barnes says: "I had throat trouble and had three doctors treating me. All failed to do me any good, and pronounced my health gone. I concluded to try Peruna, and after using four bottles can say I was entirely cured."

FREE ADVICE

The Jackboro News man left his editorial tripod in charge of another a few days ago and here is what he wrote after his return:

While the editor was gone last week, our factotum, left in charge of the editorial tripod ran a few things that horrified us. Things about farming which we knew nothing about whatever. Evidently he felt that having in charge an agricultural paper, it was incumbent upon him to say something about farming, and like so many editors when they see the popularity of the News and our big subscription list, must fill up their papers on farm subjects clipped from here and there, articles written for Alaska, Sea Islands and occasionally write a few stunts themselves. Their main job is to give advice to the farmers and you frequently see such items as: "Don't frail your pumpkins off with a pole, but take a step ladder and pluck them gently from the tree." "Keep plenty of pure, fresh water for your watermelons to drink." "Remember that the cow that gives the buttermilk is just as important as the one that gives the curd." "Look over your scoop shovel occasionally and keep all oil holes cleaned out and properly oiled." Etc.
