

The Snyder Signal

Volume XXVII.

Snyder, Scurry County, Texas, Friday, March 27, 1914.

Number 41

J. J. DILLARD WAS ARRESTED

Charged With Swindling and Forgery—Released on Bond to Appear in Hale County Court.

J. J. Dillard was arrested at Wichita Falls, this week by Deputy Sheriff Box of this county, on an indictment by the recent grand jury, charging forgery. Dillard is well known here and was for many years a prominent citizen of Lubbock county, representing that district in the legislature in 1912-13. It is alleged that a year or more ago Dillard forged a quit-claim deed to a section of land in Swisher county. The deal was made here with Jas. R. DeLay, and it is alleged that Dillard forged the name of Joshua Truitt, Sr., of Shelby county, in the extreme eastern part of the state, who was the owner of the land to the deed; also forged the name of notary public of Shelby county, and imprinted on the deed the seal of a Shelby county notary public. Dillard is said to have received \$3,000 in cash and several thousand dollars in vendor's lien notes. It is alleged that the deal was made through a man named Haney, who lives at Canyon, and who is also indicted in the case and was arrested two weeks ago, and is now out on bond. It is said that Truitt is 85 years of age and blind. Dillard made bond in the sum of \$1,000 at Wichita Falls and was released. The trials will likely come up at the next term of court here in August.—Plainview News.

MY REASONS FOR FAVORING THE BOND ISSUE

Every man has, or should have, a reason for his position on any public question or public enterprise.

We must all admit that the good roads movement has been growing, and well it should, for good roads are to the country what good streets are to the town or city, there is not anything that enhances the value so much in the city as good streets and sidewalks, to say nothing of the comfort they afford people in their daily vocations, and the same will apply to good roads in the country.

Therefore, believing that a bond issue would come sooner or later and perhaps a large one and one which would necessitate a special tax to provide for, thereby placing an extra burden on the people, and one which they are not able to bear at this time, hence my first reason for the issue is:

First—It will not place an extra burden on us for the reason that our present rate of tax will provide for the \$50,000 issue, by setting aside 6 cents of the present road and bridge tax to provide a sinking fund and interest fund to care for them.

Make your calculations, using our last years assessed valuation as a basis, the same being \$6,400,000.00 in round numbers, and the time of the bonds 40 years; the law requires that one-fourth of the total amount of the bonds must be collected every year to provide for the necessary amount to take up the bonds at the expiration of that time.

We now find that one-fourth of \$6,400,000.00 is \$1,600,000.00 and that the interest at 5 per cent would be \$2,500.00 a year, therefore that amount also must be provided for, now we have a total of \$3,750.00 that must be collected to care for the sinking fund and interest and you will see at once that 6 cents on the hundred dollars on the \$6,400,000.00 would make the amount \$3,840.00 or \$90.00 more than the required amount to take care of the bond issue of \$50,000.00 and would leave us 9 cents for a repair and maintenance fund on our roads, and to improve lateral roads, and at the same time cannot place an additional tax on the people, and as these bonds will be issued under the old law, they must be provided for out of the present road and bridge levy, which by law cannot be over 15 cents on the hundred dollars.

Now if the 6 cents on the hundred dollars, with the assessed valuation of 1913, at \$6,400,000.00 provides for the bonds in both interest and sinking fund, it takes no Solomon to see at once there can be no excuse to

raise valuations to take care of the bond issue.

Second: The above being true, I favor the issue because it places no extra burden and gives us \$35,000 worth of road 40 years in advance, and takes up the present bridge indebtedness that is bearing 6 per cent interest and carries it at 5 per cent, making a saving of one per cent, and saves money on every purchase of lumber and also labor, of more than ten per cent.

Third: We are told by an expert, furnished by the government, that we can build 155 miles of road at an approximated cost of \$200 per mile that will reach 80 per cent of the population of the country and more than 66 2-3 per cent of all the sections of land in the county, and get it now and have the use of it for forty years before we pay for the same.

To illustrate: If you had to pay a tax of fifteen cents on the hundred dollars of your property to clothe you each year and your assessed valuation was \$1000.00, you would get only \$1.50 worth of clothing each year, would this last you until next year's tax paying time? This wouldn't do you much good would it? But suppose, on the other hand, you get 40 years supply of clothing in advance which would amount to \$60.00, and pay the same amount annually, it would do you more good would it not? I think so and believe you do. The same will apply to the road question, you pay for \$1.50 worth of road each year on the \$1,000.00 valuation and before the next year's taxes are paid it is like the clothes, worn out and gone, consequently lost.

Now the question as to the upkeep of these roads after we get them, is a pertinent one, and will say that the men living on these graded roads, who are eligible to road duty, can with a systematic use of the drags, keep these roads in perfect condition or practically so, by putting in their full time each year, as the law requires.

One might say, well they cannot raise the tax, but they will raise values; of course the Commissioners Court can raise values, but they cannot use the bond issue as an excuse for doing so, for should the values of Scurry county never be more than \$6,400,000.00, the bonds are provided for, because they are figured on that basis, to pay out in 40 years.

The above are some of my reasons for favoring the bond issue and I have others, but think this sufficient; would not have written this, but did so on request, and submit it to you for what it is worth and after due consideration of this question, vote as you believe to be the best for Scurry County, for that is your duty and I feel that every man will do that with all good feeling toward those who may differ with him.

GEO. W. BROWN

GONE TO WORK ON BIG WIRING CONTRACT

In order to superintend the beginning of operations, whereby the towns of Loraine, Mitchell county and Roscoe, Nolan county, are to be completely wired for electrical purposes, Lawrence Westbrook, the senior member of the Westbrook-Broome Electric Co. and R. F. Bullock, also of that firm, leave today for Sweetwater. There they will be joined by E. O. Wedge, manager of the West Texas Electric Co., a branch of the Texas Power and Light Company, which awarded the contract, and will motor to Roscoe, where active work is first to be begun. Mr. Westbrook stated Saturday that he would return probably Wednesday or Thursday, and after a few days' stay here to complete arrangements for the work, would leave for Roscoe to take active charge of operations. A number of men are to be placed on the work, which will require several weeks to complete.

In Roscoe 114 residences and 14 business houses are to be wired while in Loraine there are 31 dwellings and 11 business establishments. These towns are to receive their power through a line, capable of transmitting a current of 66,000 volts, which is being built between Sweetwater and Colorado City. Electricity for all purposes is to be furnished.—San Angelo Standard.

Dr. Howell returned home Thursday morning.

BIG COTTON CROP GROWN LAST YEAR

This Country Produced More Than 14,000,000 Bales Exclusive of Linters.

Washington, March 20.—One of the largest cotton crops ever grown, amounting to 14,127,546, equivalent 500 pound bales of lint and 639,795, equivalent to 500 pound bales of linters, was produced by the farmers of the United States during 1913, the Census Bureau announced today in its preliminary report of cotton ginned as reported by ginners and delinters to February 28.

These figures compare with 13,703,421 equivalent 500-pound bales of lint and 609,594 bales of linters last year, and 15,682,701 bales of lint and 557,575 bales of linters in 1911.

The Department of Agriculture's estimate, announced December 12, placed the 1913 crop at 13,677,000 equivalent 500-pound bales.

With this report the Bureau of Census departed from its previous method of reporting the cotton crop by not including the quantity of linters in the total production. Dicter J. Harris announced this was done because with the installation of modern machinery closer delinting of seed had largely increased the quantity of linters at the same time lowered the average quality of the fibre, so that now only a small part, if any, was used as a substitute for lint cotton.

The number of running bales of lint cotton, counting round as half bales, was 13,964,981, and of linter cotton 629,019 running bales, compared with 13,488,539 running bales of lint and 602,324 running bales of linters last year, and 15,553,073 running bales of lint and 556,276 running bales of linters in 1911.

Sea Island bales included, 77,409, compared with 73,777 last year and 119,923 in 1911.

The average gross weight of bale for the crop, counting round as half bales and excluding linters, was 505.8 pounds, compared with 508.0 last year and 504.5 in 1911.

The number of ginneries operated for the crop of 1913 was 24,730 compared with 25,279 for 1912 crop.

Texas led all other states as usual: Texas: Total production, 3,943,133 bales, compared with 4,889,210 in 1912 and 5,426,427 in 1911. Department of Agriculture estimated 3,390,000 bales for 1913.

BELJEVES BENTON STABBED

C. A. S. Percival, British Vice Consul at Galveston, has reported, that from the best information he could gather, after investigating the death of William Benton, the British subject, who was killed at Juarez was stabbed and not shot, after being court martialed, as alleged by Gen. Villa and Mexican Constitutionalists.

Percival believes that Benton was stabbed in Villa's private office in Juarez. The report is that the future permanent government of Mexico will be held responsible for the death of Benton and that the matter will rest there for the present.

NO SERVICES

Except the Sunday School and Endeavor Society at the Presbyterian church Sunday. The pastor will be away at Blackwell.

Bro. Howard's last sermon here before going to Presbytery, will be preached 8 p. m., first Sunday in April. Presbytery meets at Anson April 10th.

Case Affirmed.

Perkins & Perkins were informed last week that the case of the Fire Association of Philadelphia vs. Joe Strayhorn had been affirmed.

The case was one in which Mr. Strayhorn sued the company for insurance on a building burned here some two years ago. The case was tried in the district court twice here, resulting first in a hung jury and next time in a verdict for the plaintiff. The company appealed the case and the verdict of the higher court last week gives Mr. Strayhorn a judgment of \$4971.75.

GOOD RECORDS MADE HERE

County Declamation and Athletics Contests Held in Snyder Last Saturday.

In Snyder on last Saturday there were held contests in declamation and in athletics, these contests being under the auspices of the Interscholastic League of Texas. This is a league of the High Schools of the State whose object is the encouragement of these mental and physical exercises, which tend toward the development of a citizenship better prepared in mind and body to meet the battles of life.

There was to have been a contest on debating on the same occasion, but as Snyder High School was the only school represented in this contest, our boys were awarded the championship of the county without a fight in this phase of the Interscholastic competition.

The winners in the declamation and debating contests, have by their victories won the right to represent Scurry County in a district contest to be held at Sweetwater on the 10th and 11th of April, which district embraces all of this senatorial district. The winners in this district contest represent the district in a state contest on Clark field at the University of Texas on the 1st and 2nd of May. The winners in the track meet do not take part in the district contest, but have won the right to take part in the state meet.

In the declamation contest only Fluvanna and Snyder High Schools were represented. In the Junior contest, Fluvanna was represented by Carroll Jones and Willie Hardin and Snyder by Forest Sears and Grayum Baker. By the decision of the five judges the first and second places were awarded to Grayum Baker and Willie Hardin, respectively. In the senior contest, to which are eligible boys who are in or above the tenth grade, Snyder was represented by Grady Whitmore and Carroll Henderson and Fluvanna by Clinton Ware. The judges decided that Carroll Henderson and Clinton Ware were entitled to honors in the order named. The efforts of all the boys were highly praised by the audience.

The track meet Saturday, March 21, was held under many obstacles. The weather was very unfit for such a contest and was a great hindrance to the boys.

The Hermleigh boys had only three of their team on the ground, being seriously handicapped. They made a good showing nevertheless and Coker is to be specially complimented for his work, having scored fourteen out of Hermleigh's total of sixteen points.

The Ennis school boys also made a good record, scoring a total of 25 points.

The Snyder boys of course won the contest with a total of 91 points, they being better trained and having the equipment which the other boys lacked.

E. J. Anderson acted as official referee and starter and Augustine Howell as announcer and score-keeper. The judges were Atnip, Brice and McMullan.

The following is a record of events with the winners, etc. (The initial in parenthesis stands for the school.)

- 1—50 Yard Dash.
 1. Strayhorn (S) 5 points
 2. Boren (S) 3 points.
 3. Coker (H) 1 point.
- 2.—120 yard Low Hurdle.
 1. Hutcheson (E) 5 points. Time 15 seconds.
 2. Popnoe (S) 3 points.
 3. Boren (S) 1 point.
- 3.—Running Broad Jump.
 1. Coker (H) 5 points. Distance 18 ft. 4 in.
 2. Boren (S) 3 points. Distance 17 ft. 10 in.
 3. Vineyard (E) 1 point. Distance 17 ft. 2 in.
- 4.—100 Yard Dash.
 1. Strayhorn (S) 5 points. Time 11 seconds.
 2. Boren (S) Coker (H) Tie. 2 points each.
- 5.—High Jump.
 1. Parsons (S) 5 points Ht. 5 ft 2 in
 2. Popnoe (S) 3 points.

3. Gibson (S) 1 point.
- 6.—One Mile Run.
 1. Hull (S) 5 points Time 6 min. 32 seconds.
 2. Lynn (S) 3 points.
 3. Deck (S) 1 point.
- 7.—220 Yard Dash.
 1. Strayhorn (S) 5 points Time 26 seconds.
 2. Vineyard (E) 3 points.
 3. Henderson (S) 1 point.
- 8.—Hammer Throw.
 1. Gibson (S) 5 points Distance 100 feet, 7 inches.
 2. Coker (H) 3 points, Distance 96 feet, 6 inches.
 3. Strayhorn (S) Distance 14 ft.
- 9.—Pole Vault.
 1. Boren (S) 4 pts Ht. 8 ft. 10 1/2 in
 2. Parsons (S) 4 pts Hgt. Same.
 3. Rea (H) 1 point.
- 10.—440 yard Run.
 1. Hull (S) 5 pts Time 55 sec.
 2. Vineyard (E) 3 points.
 3. Henderson (S) 1 point. 29 feet, 8 inches.
- 11.—12 Pound Shot Put.
 1. Strayhorn (S) 5 points. Distance 30 feet, 9 in.
 2. Vineyard (E) 3 points. Distance 30 feet, 1 inch.
- 12.—One Half Mile Run.
 1. Hull (S) 5 points. Time 2 minutes, 39 seconds.
 2. Coker (H) 3 points.
 3. Deck (S) 1 point.
- 13.—Discus Hurl.
 1. Popnoe (S) 5 points Distance 74 feet, 6 in.
 2. Boren (S) 3 points, 73 ft. 6 in.
 3. Gibson (S) 1 point, 72 ft.
- 14.—One Mile Relay Race.
 1. Ennis Team 10 points. Time 4 minutes, 37 seconds (1. Hutcheson, 2. Hutcheson, 3. Haney, 4. Vineyard.)
 2. Snyder Team 5 points (1. Boren, 2. Strayhorn, 3. Ramsour, 4. Hull.)

CONE JOHNSON GETS GOOD GOVERNMENT PLACE

The following Associated Press dispatch confirms reports that have been current in Texas for several days:

Washington, D. C., March 20.—The White House gave out the announcement today that Hon Cone Johnson, of Tyler, Texas, will be nominated for the position of solicitor of the state department. When the nomination will be made was not stated definitely, but the expectation is that it will be forthcoming within the next day or so.

It was announced that Robert Lansing of New York would be nominated for councillor for the state department.

ARRESTED ON MURDER CHARGE.

A man by the name of Hudson, alias Hearn, was arrested Sunday at Polar by Sheriff McCombs and Deputy McMerlin on the charge of murder alleged to have been committed in Comanche county fourteen years ago. He had been employed at the Sims ranch during the past three months. His whereabouts were established through a former acquaintance who recently made a trip to this section.

When accosted by the officers Hudson, who was going under the alias of "Hearn," stoutly manifested his innocence, but offered no resistance in arrest. He had just resigned his position on the ranch and would have left Monday for other parts.

The prisoner was delivered at Stamford Monday by Sheriff McCombs to the Comanche county authorities, who we learn are positive in the opinion that they have the right man.

The murder of which Hudson is charged is said to have been one of the most brutal in the history of the state, it being alleged that Hudson assailed another citizen whom he assassinated from ambush and then beat the head of his victim into a pulp with a fence rail.

Hudson eluded the officers and made good his escape and for several years following the tragedy a reward of \$1,600 (we are informed) was offered for his arrest. This reward had been withdrawn, however, and a smaller one of \$250 offered, which was in effect at the time of his arrest.—Claremont Reporter.

MAKING ICE.

J. R. Evans, manager of the Snyder Light, Ice Power Plant is making ice and will soon be ready to enable the population to keep cool.

LATHAM CASE IS POSTPONED

The Case of the State of Texas vs. Minnie Latham Called at 10 O'clock Thursday Morning

The case of Mrs. Minnie Latham charged with the killing of John Y. Steward in Snyder on Jan. 20, was called for trial in the District Court Thursday morning at 10 o'clock.

The defendant was not in the court District Attorney Stinson called attention to the fact that the defendant was not in the court room.

Judge Wright of San Angelo arose and stated that the defendant was ill and not able to appear in court, and requested Mrs. Latham's physician to make a statement to the court about her condition. Her physician stated that he was called in to see Mrs. Latham yesterday and found her suffering with tonsillitis with temperature of 102 Wednesday morning and 103 Wednesday afternoon and 102 and two-fifths Thursday morning.

Judge Thomas, after hearing this statement, postponed the case until Saturday morning at 9 o'clock and instructed the special venire and witnesses in the case to be present at that time.

There was a large crowd present at the convening of court. A special venire of 72 men had been summoned, and a large number of witnesses were here, about thirty five witnesses from Sterling county, besides some from Nolan and other counties, the largest number of witnesses, however coming from Scurry.

The defense is represented by Judge Wright of San Angelo, Snodgrass of Coleman, J. F. Cunningham of Abilene, W. S. Payne and Fritz R. Smith of Snyder.

Jas. P. Stinson, district attorney, is being assisted by the firm of Higgins & Hamilton of Snyder.

The case has brought quite a large number of people to Snyder and is creating a great deal of interest.

LEON MARTINEZ WILL HANG ON APRIL 21st.

Sheriff Tom Harrison arrived in Pecos one day last week from Waco, bringing with him Leon Martinez, who murdered Miss Emma Brown near Saragosa, August, 1911. The prisoner was rushed off and placed in an auto which was there in waiting and was driven to the jail where he is now awaiting the day of execution, which will be announced as soon as the court can convene an extra session. It was stated that the prisoner looked a little drawn, but as a matter of fact the writer failed to see that the prisoner showed any signs of regret on account of that brutal disposition that he possesses. It seemed that he felt honored from the expression of his countenance, because of the great throng that was there to see him.—Pecos Times.

Judge S. J. Isaacks went to Pecos Monday morning, where he called a special session of district court to pass the sentence upon Martinez. The execution will take place in Pecos on April 21st. Judge Isaacks states that the Mexican showed practically no emotion when the sentence was passed.—Midland Reporter.

F. M. GERMAN VERY LOW WITH PNEUMONIA

F. M. German, has been very sick for several days from an attack of pneumonia. Wednesday morning, Mr. German had a change for the better and it seemed that his condition continued to improve until Thursday morning about 3 o'clock. Thursday at noon his physician could hardly say that the patient was improving, however, they entertain hopes of Mr. German's ultimate recovery.

Mr. German is about 78 years of age, and of course that may work against him to some extent, at least. We wish him his speedy recovery.

With Mr. German in Snyder the following children: John, son of Snyder, Billie German, son of town, Mrs. J. R. Carter, son of Angelo, Frank German and son of Angelo of Bonham and John Arlege of Bonham and Mrs. German of Waco.

THE RAIN LAST WEEK.

Reports from all parts of the county indicate that the rain last week was general, but much heavier in some localities than in others. The fall ranged from half an inch to an inch and was sufficient most everywhere to make the moisture meet.

The farmers are feeling good over the prospect, and a large number of them have planted some early feed this week.

Liberal Commission and salary to look after our business in your community. Interesting, dignified healthy work. 39-2t

International Magazine Co. 119 W. 41st Street, New York City.

Jake W. Smith and R. J. Ellerd, who live on route one out of Hermleigh, were appreciated callers at the Signal office Tuesday. They report the rain last week light in their neighborhood, but probably enough to make the moisture meet.

If you want to fatten your stock feed Golden Rod. Why? Because it is green and 100 per cent pure. Just try a sack and be convinced. 38tf

F. A. Grayum, formerly manager of the Grayum Drug Co., left Tuesday morning on the north-bound Santa Fe for Kansas City, where he will spend several days on business, returning to Snyder about April 1st.

Have received a car of Domino Nut Coal, just the thing for cook stoves.

JIM DAWSON

Dr. I. E. Smith, the eye, ear, nose and throat specialist was here Monday and Tuesday from Big Springs.

Golden Rod is to stock like a tonic to a person. Tho' it is a feed it contains more nutriment than any other feed. You can be shown. For sale by all dealers. 38tf

Where There's a Farm There Should be a Bell Telephone

The progressive farmer surrounds himself with modern advantages.

He, too, appreciates that convenience ministers to health, happiness, progress and wealth.

What does he do? With other neighbors he starts a Rural Telephone line. Enough said.

POULTRY NOTES
(By D. E. Banks)

It is now time to begin your work in the poultry yard, if you have not already done so, and are calculating on raising any chickens this season.

If you use incubators they should be dusted and overhauled to see that every part is in working order and you should get them started just as soon as possible, with nice fresh eggs which you can secure from your neighbor, if you haven't got them at home. If you have plenty of patience and tact and can think about looking after the incubator at regular intervals, you can afford to try the incubator route to get some early hatched chicks, but otherwise it would be best and cheapest to let old "biddy" do the hatching. At any rate now is the time to get some eggs to incubating to hatch your next winter layers. In order to get pullets to lay before cold weather they should be hatched in March or early in April and kept growing well through the summer. Sell the roosters off at fryer or broiler size, unless you are raising fancy stock for breeding purposes, and you will have more room for the pullets, but you can also help your flock by culling out about one-half the pullets and putting them on the market.

If you are raising just one kind and that is all the average breeder should raise, try to find out what it takes to make a good one of that kind and select the pullets you keep as near like the best one you have as you can. Don't go to the trouble to disgrace your whole flock by mixing every kind of chickens you can find. Any kind of standard bred fowls does better and looks a great deal

better all alike than a general mixture. And there is one certain kind that you ought to have, and that is the kind that you fancy, or like best. Most any breeder will take better care and give better attention to the kind they like than they will to the ones they don't like quite so well.

The poultry business of today is an enormous business, and Scurry county can contribute toward making it a still larger business, as well as most any County in the state. We raise more grains that are natural chicken feed than most any country and our winters are not so severe but that with judicious care in feeding and housing we could get a bountiful supply of eggs all winter. Then let's all raise more poultry and better poultry and make Scurry one of the banner counties in Texas for the poultry industry.

Let's all try to raise enough standard bred poultry in the county this year to stock a first class show and then it will be no trouble to have the show, so let's commence right now to get ready for the show by raising some fancy fowls. Pick out the kind you like best and invest a few dollars in eggs of that kind and it will be but a year or two until you can have a large flock, all standard bred and after you get the start it costs no more to raise fine ones than it does to raise common ones, but it will be a source of pleasure to you to have a flock of that kind, besides the profit you will derive from them.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter. 1-68

J. S. HARDY WRITES FROM ENNIS.

Ennis, Texas, March 23, 1914.

I left Snyder on the evening of the 18th in a regulation sand storm, and boarded the T. & P. train at Roscoe at 10:40 p. m. in a rain. I had attended church in Roscoe where Evangelist R. J. Tooley, a modern Sam Jones, was holding a revival meeting. It sounded funny, just then to hear the preacher exhorting the people to keep up the attendance, even if rain should come. It was funny because there had been no rain since December, but when the down-pour did come two hours later, I felt a more solemn respect for the ministers prophetic ken.

At Abilene I was told that only a light mist had fallen. When I got to Fort Worth the streets looked like Uncle Dick Shotwell had just made a round with his sprinkler. I felt like our share of the rain had been light until I got the Signal Sunday morning and read the report of an inch of rain. That is just about the quantity that Will Huckabee said a few days ago we needed.

This black waxy country has been having light rains all through the winter, yet I have heard some of the people say they wanted more now. If Scurry county could get as much rain as ordinarily falls here we would make a bale of cotton to the acre and even Bro. Cruickshanks would be glad to vote for road bonds.

I found Mrs. Hardy just partially recovered from a severe attack of grip. She will be ready in a few days to go back to the West.

This town has done considerable improving in the past four years but business is quiet now and the people complain of hard times. The folks here are intensely human, and of course they see the spectre of business collapse staring them in the face.

The coming of an interurban railroad gives the town a busy appearance, but merchants are not over-enthusiastic over it, and this line has already caused the laying off of two passenger train crews on the H. & T. C. railroad.

J. S. HARDY.

\$25.00 reward for any impurities found in Golden Rod. Why is this offered? Because the manufacturers have confidence in it, like you will have if you will only try it. Ask your grocer to show you. 38-tf

Babies! Babies!

The names of the following babies have been turned in up to the present, and have a credit of one dollar set to their account and will get 3 per cent on every cash dollar's worth traded at the Big Store, brought here, by the influence of the babies' friends.

FEEL GOOD—LAUGH—BE HAPPY AND WELL

Take Some Dodson's Liver Tone Tonight and See How Much Better you Will Feel Tomorrow.

Thousands of former sufferers from constipation, biliousness, sick headache and stomach ills are now brighter, healthier, happier, through taking Dodson's Liver Tone, the medicine which was made to use instead of calomel. They have learned to smile again.

Dodson's fine remedy is so different from calomel. You feel good after taking Dodson's. There are no depressing after effects, such as with calomel and other strong and violent purgatives. You do not change your habits or diet when taking Dodson's Liver Tone. There is no pain nor gripe, no change in your regular habits. Liver Tone promptly clears the dulled brain and clogged system. Nature in the struggle against constipation and biliousness. Dodson's also stimulate and builds you up and strengthens you at the same time.

A reliable, pleasant-tasting vegetable liquid, Dodson's Liver Tone is

guaranteed without condition by Grayum Drug Co., who will cheerfully refund purchase price (50c) instantly without question in event of any dissatisfaction with the remedy or its results. adv.

Another Rabbit Drive.

Our friend, O. L. Morrow, was in the Signal office Monday and informed us that the people of the Lloyd Mountain neighborhood made a drive on the jack rabbits in that community last Saturday.

There were 24 guns and 150 jacks were slain. A fine dinner was served.

Mr. Morrow says that his community waged war on the rabbits last year and again this year, but they are not getting more than one-half as many this year as last, which indicates that the people have gotten rid of many of these pestiferous pests.

It seems that the rabbit hunt with shot guns is the best way to get rid of them.

Your flour troubles are settled when you get Seymour's Best. Try a sack. 37-tf

HEARD OF WAR AT AUSTIN

Writer from Mexican Border Says People There See Little of Trouble and Confusion.

El Paso, Texas, March 13.—With reference to the Mexican situation, we who reside on the border, are reading with much interest of the war raging in our state capital at Austin.

Many of us travel up and down the border from Brownsville to California, and even when necessary, go over in Mexico. With the exception that occasionally some foreigner fails to conduct himself in a proper manner in Mexico, or some American-Mexican meddles too much in the politics of his native country, we never hear of any trouble out of the ordinary.

We are hoping that peaceful conditions will soon be restored at Austin, and that a real live issue may be found upon which aspiring politicians may make the race for the United States Senate that will not involve this country in a useless, costly and

bloody war with Mexico, and perhaps other countries.

JOSEPH S. MYERS.

The American Adding Machine

THE LATEST ADDER
Costs but \$35

See our exhibit—ask for 10 days' trial.

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes a mistake.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS TEST.

We will gladly place in any office one American Adder for ten days' test.

There will be no obligation and charges will be paid.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Please send us an American Adding Machine for ten days' free trial.

OBJECT LESSON IN LABRADOR

Administrative of Justice Carried on There in Peculiar But Most Effective Manner.

In administering justice in Labrador, Doctor Grenfell in the Wide World says it proved far more economical to condemn slanderers and libelers to provide free meals for their victims and join them at table than, by fining them, to deprive their innocent children of sorely needed butter. A prayer to "keep the door of our lips," publicly posted over the lintel of the offender's house for 12 months, has been a better prophylactic than incarceration in a prison house. The effort to keep our little house of correction perfectly clean, well supplied with wood and water and to lock himself up punctually and early after a good day's work for some public benefit has been as salutary and educational to the vagabond and thief as the degradation of idleness or obviously useless labor. I have seen the judge, the jailer and the prisoner chattering away as they worked on the same occupation. Yet the prisoners have never come back for a second sentence.

Another privilege of the doctor is to look after orphan and deserted children, and, indeed, to perform all the functions of service of which he is capable. He attends births, celebrates marriages as magistrate, conducts funerals and holds religious services in the absence of specialists in any of these departments. Jack of many trades, being also navigator of the vessel, he is very apt to be master of none. Had not the generous and loyal volunteer services of many men and women from all the three Anglo-Saxon countries, Great Britain, Canada and the United States, come to our assistance our record could only be one of diffuse inefficiency.

FOUND STONE AGE CEMETERY

Recent Discovery in Italian Province Will Arouse Keen Interest Among Archeologists.

A burial place of the Stone Age has just been found by Prof. Dall'Osso of Ancona, in the Valle Vibrata (province of Abruzzi), Italy.

The bodies are not buried, but are all laid in small cabins containing from two to eight each, and are ranged on either side of these little huts on low platforms sloping toward the center.

With a single exception the bodies all rest on one side, with the knees drawn up, and it is assumed that the dead were placed in this position to give them the attitude of prayer in their death chamber, for it has been established that the custom of praying on one's knees was already in existence in the Stone Age in Egypt.

In one of the cabins, almost in the center of the group, there are no bodies, but a big circular hearth, around which it is assumed, from the fragments of broken earthenware pots around it, the funeral banquets were held.

The objects found in the cabins with the bodies have remarkable importance from the archeological point of view, as they prove the existence of a degree of civilization, especially as regards vases and such utensils, never hitherto observed in the Neolithic age.

Power of Water.

The power of water is enormous. A tiny jet of water descending 1,600 feet, travelling at the rate of 100 yards a second, cannot be cut into with an ax or a sword. It will fracture the best blades of Toledo steel. It will hurl an ax through an oak plank. It is quite impossible for a man to cut this stream through.

To compute the power of falling water it is necessary to multiply the volume of flowing water in cubic feet per minute by its weight, 62.5 pounds, and this product by the vertical height of the fall in feet, and divided by 23,000, the number of foot-pounds representing one horse power for one minute. A stream of water when flowing over weir five feet in width by one foot in depth at the rate of one foot a second and having a fall of 20 feet, develops 11 horse power.

Dirt and Beauty.

The American doctor who warns us not to wash would at one time have found many sympathizers among ladies of the aristocracy, says the London Chronicle. Augustus Hare, when staying at Highcliffe in 1873, was told by his hostess, Lady Waterford: "My grandmother used to say that beauty went out with open carriages. 'Why you are just like me, my dear,' she said to me, 'with your brown necks, and your rough skins, and your red noses. In our days it was different; young ladies never walked, ate nothing but white meat, and never washed their faces. They covered their faces with powder and then put cold cream on and wiped it off with a flannel. That was the way to have a good complexion.'"

South London Housing.

The duchy of Cornwall estate in South London, which belongs to the prince of Wales, is being transformed under an improved housing scheme. Already a marvelous change has been wrought in the aspect of the neighborhood. Old and dilapidated houses in narrow and tortuous streets have given place to substantially built and artistically designed flats and cottages, abutting upon thoroughfares which have been laid out according to sound town planning principles, so that the maximum of light and air and convenience will be enjoyed by the tenants. King George has taken a keen interest in the reform.

Snyder, Texas, March 24, 1914.

To the Ladies of Scurry County:

Spring is coming. It is time to buy your spring sewing and finish before the warmer weather reaches us, so that you can be in position to avail yourself of the outdoors or go visiting.

Don't wait until Spring comes and then have to stay indoors and do your sewing but come now and get ready.

I am going to sell you on Saturday and Monday, March 28th and 30th, Standard grades of Calicos, regular 5 and 6 cent values for 4 cents. Regular 10 and 12 1-2 cent Westmoreland Percals and other well known brands for only 8 1-3 cents per yd.

I will sell to you Plantation and Gold Medal brands of bleached domestic, full 36 inches wide free from imperfections, for which you have always paid 10 to 12 1-2 cents, here they are for only 8 1-3 cents per yard.

Come Saturday and Monday as quantity is limited and it will go in a hurry.

Consider yourself cordially invited.

CITY ANNOUNCEMENTS
(Election in April)

For City Marshal—

O. P. WOLFE
W. W. ROGERS

Congress voted recently to appropriate \$35,000,000.00 to build a railroad in Alaska. Is it possible that government ownership of railroads is on the way? The question can better be answered after this large experiment is tried out.

A certain amount of competition is good, but too much is sometimes hurtful, even destructive. There is logic in trying to make two blades of grass grow where one grew before, but it is worse than folly to try to make half a dozen or more businesses go where there is probably room for only half that number.

The progressive people of Ennis are getting ready to pull off an election for \$125,000 in bonds with which to build a new school house, improve their water system, extend their sewerage and improve their streets. The promoters believe the proposition will carry but there is some formidable opposition. The same people who have always opposed progress are still on the firing line in opposition to the bonds. These same men have always opposed progress. The town has gone forward in spite of them but they have hindered development many times.

Ablene is a metropolitan little city. Following the example of the larger cities, Ablene merchants held a Spring Style Show, Wednesday. Ablene merchants carried quite a lot of advertising in Sunday's Ablene Reporter—enough to run the Reporter up to 20 pages, thus giving that excellent paper a very metropolitan appearance.

According to the Almanacs and weather charts, spring opened last Saturday, but the weather, did not look like the time of the vernal equinox by any means. It was very cold—below freezing, and some snow fell in the forenoon. The majority of our winter this time has come very late. Perhaps the poetically inclined would say that old man winter is lingering in the lap of spring. If so we hope the old man will get ashamed of himself and stop "lingering."

The Austin Statesman in a sensible preaching for good county roads very forcibly says:

"This city draws millions of dollars of revenue every year from the trade that comes to it over roads leading to the rich farms of this and surrounding counties. It is necessary that all of these roads be kept in first-class condition twelve months in the year and every road leading out of this city must eventually be extended to the county line as a model of construction."

"This will make for more business in Austin and it will make for cheaper hauling costs for the farmer as well as higher values for their land. This county is already fairly well developed as a farming section. Its business is staple and its market for its products is assured. It cannot afford to lag behind in the matter of modern business facilities for a farm, first among which are good roads."

What the Statesman says of Austin and good roads is applicable exactly to Snyder and Scurry county. Good roads will make for cheaper hauling and increased values of farm lands. Progressive counties everywhere are providing for better roads and Scurry county cannot afford to lag.

There never was a better time than April 11th to begin to make a change for the better in our public road policy. We need better roads and we will never get them until we make the right start. The Signal hopes every man in the country will see his way clear to vote for the road bonds.

METHODIST CHURCH NOTES

(By Rev. J. W. Hunt)

Bro. Howard Again Called: For the fifth consecutive time the Presbyterian church here has called Bro. U. C. Howard as pastor. We trust he will accept. No truer man ever effectively served a people. His broad sympathy and charity toward all and his spirit of friendship to other churches make him a delightful co-pastor. We have enjoyed his love acquaintance and co-operation for three years and have learned to love and honor him. For the third time, in May, we shall co-operate with him in a protracted meeting and he is a true yokefellow.

Death of Mrs. Caton:

The death of Mrs. Caton, mother of our Joe Caton, while not unexpected, was a sad loss to a happy family. For years, she has not been strong and was the central object of the loving care and solicitude of her husband and children. A good woman has gone home to heaven. We all deeply sympathize with Joe and the others in their bereavement.

Services Sunday:

The pastor will occupy the pulpit Sunday morning and evening. The sermon Sunday morning will be on Christian Education. At the evening hour the theme will be "Christ Walking on the Sea." Quarterly Conference has been postponed until April 15, at which time the presiding elder will be present and preach.

Church Must Be Seated at Once:

If we entertain the District Conference May 29-31, we must take im-

mediate steps to seat our church. It will cost approximately \$1500 to seat the main auditorium and 1-3 of that would have to be cash, the remainder payable in one and two years. A \$500 donation at this point would put us into the church by May 20 and would do more real good than at any other stage of the building of the church from this on. We have those among us able to do this. The balance can be raised by additional subscriptions and notes from \$100 down, payable in three installments, the first due June 1, 1914 the remainder in one and two years. Shall we take immediate steps to occupy? Will you help?

Light and Lathing:

The beautiful light fixtures for the building are here and ready to be installed whenever the inside work is finished. The big electroler which will swing below the art dome is a beauty, finished in old gold and handsomely carved. Mr. Evans has had his electricians busy for many days past placing the wires, drops and switches and they are making a fine job of it. No building in Western Texas will be so handsomely lighted.

The metal lathing has been here for several days and the workmen are nailing it on the studding so the plastering can proceed when the labor money is provided.

Some who have promised large amounts can never find a better time than now to come forward with checks sufficient to put us into the building. The rank and file of the church have responded nobly, and are yet in the fight for occupancy.

Wall Paper at Warren Brothers

PROCEEDINGS OF THE DISTRICT COURT

Very few cases were disposed of in District Court this week.

Monday the case of the State vs. C. A. Daniels was called and tried. Daniel had been indicted for forgery, the allegation being that he had raised a five dollar check to forty-five after the five dollar check was paid. Daniels defense was that the check was on a gambling debt, and when this evidence was adduced, District attorney Stinson asked the jury to return a verdict of not guilty.

The case of the State vs. Albert Tinker, charged with arson was called for trial and Tinker's attorneys, Smith and Wilmet, made a motion for continuance and a continuance was granted and a change of venue granted at the same time. This case will come up in Jones county.

Read the ads this week—it pays.

WEST TEXAS NORMAL BURNS AT CANYON

One of the Largest Normal Schools in the State is Totally Lost by Fire

The West Texas Normal at Canyon, eighteen miles south of Amarillo was totally destroyed by fire Wednesday.

H. G. Towle of this city, received a message from Jesse Smythe informing him of the loss, saying it was a total loss and would reach the appalling sum of \$250,000.00.

The report was given out by R. B. Cousins, President of the Normal that the building was insured for \$100,000.00.

Pending the rebuilding of the Normal, the school will be conducted in the Court House at Canyon.

The trouble in Ireland is getting more complicated and serious. The Ulsterites are determined not to accede to Home Rule because they are largely Protestant and the majority of Ireland is Catholic. Leading officers of the British army and navy are resigning rather than compel the Ulsterites to accept Home Rule. It is a Protestant-Catholic contest and is being watched with world-wide interest.

PROGRAM PRESBYTERIAN SUNDAY SCHOOL INSTITUTE

Of the West Section of the Abilene Presbytery, Snyder, Texas., April 4th and 5th.

Saturday forenoon, beginning at 10 o'clock.

Devotional Services.
Cradle Roll Department, Mrs. S. T. Elza.
Home Department, Mrs. J. C. Hairston.
Pioneer Sunday School Work, Rev. Jas. H. Tate.

Saturday afternoon, beginning at 2 o'clock:

Devotional Services.
Organized Class Work, Rev. W. W. Werner.
Workers' Conferences, Rev. U. C. Howard.
Teachers' Training Classes, Sid Berry.
Supplemental Work, Rev. J. B. Kerr.

Round Table Conference.
Business Session.

Saturday evening, beginning at 8 o'clock:

Devotional Services.
The Boy Problem, E. A. Bills.
Graded Organization and Instruction, Dr. A. F. Lewis.

SUNDAY:

10 a. m. Sunday School.
11 a. m., Address by A. F. Lewis.

Popular meeting in afternoon to be arranged by local authorities.

The above subjects will be open for discussion. Anyone present will be expected to speak on any phase of the Sunday School work that he wishes to. Everybody invited to be present and lend a helping hand.

E. A. BILLS, President.
(The above program may not be understood by the public in view of the recent convention at our church, unless it is said that we Presbyterians will have a special Sunday school man, Dr. Lewis, along at this time, and are making good use of him; also that our Sunday School Missionary, Rev. J. B. Kerr, is stirring up this Sunday School business among us especially. Everybody invited. U. C. Howard.)

SERIOUS AUTOMOBILE WRECK NEAR ROSCOE

Ed Clayton of Roscoe came in Thursday on the R. S. & P. and informed us that Dr. L. O. Dudgeon and Mrs. Sparks of Sweetwater were seriously hurt early Thursday morning, just out of Roscoe when an automobile, driven by Dr. Dudgeon turned turtle.

Dr. Dudgeon was going out with Mrs. Sparks, who is a nurse, to assist in an operation on a patient for appendicitis and was going at a lively rate when it seemed that the auto reared up and turned over.

It is feared that the victims are very seriously hurt. Dr. Dudgeon being hurt internally and Mrs. Sparks having a hip and lower limb crushed.

EDUCATIONAL RALLY

There will be a general Public School rally at the Baptist Tabernacle on Friday night, April 3rd. The program will consist of songs, readings by pupils, in the public schools, addresses from citizens of Snyder, including the President of the Board of Trustees and an address by the Superintendent. In these addresses the policy of the schools for the future will be discussed as well as the progress of the schools in the recent past. Some of the urgent needs of the schools will be stressed and the problems to be solved will be stated. The industrial features will come in for full discussion. A more explicit program will be published in next week's papers. The patrons of the schools and all other citizens and friends of education are requested to be present.

Respectfully,
E. A. WATSON,
Superintendent.

GRAND JURY STILL GRINDING AWAY

The grand jury was grinding away Thursday morning. Up to the time of adjournment Wednesday night, fifteen bills of indictment had been turned in, four of which were felonies and eleven misdemeanors.

The Signal is glad to report that Mrs. May, whose eye sight was restored by an operation some weeks ago to be doing nicely. Mrs. May was very old and the operation was to remove a growth that obscured the vision. Mrs. May had not seen for several years, previous to the operation.

WENINGER & SON PURCHASE FELLMY GROCERY STOCK

The stock of groceries which belonged to C. R. Fellmy and which has been on Scarborough street, has been sold to Weninger & Son. The moving of the stock to the store of Weninger & Son, to their place of business on the north side of the square began Thursday.

The Signal is not informed as to Mr. Fellmy's future plans.

FOR EXCHANGE

An 82 acre farm, six miles South of Comanche, Texas. Well improved good farm, orchard, etc on R. F. D. and 3-4 mile of school and church. Will exchange for Snyder or Roscoe property. Price \$40 per acre.

ARTHUR J. PARKER,
Roscoe, Texas

BARACA CLASS MEETING TUESDAY NIGHT

The Baraca Class met Tuesday night at the home of the teacher, Mrs. Fred A. Grayum, with a good representation of the class, together with their wives. After a song and prayer by Mr. Baker, the president, H. L. Davis, called the class together and the business of the class was dispatched.

A class meeting with Mrs. Grayum means an evening of pleasure as well as attending to business and at the proper time refreshments of Cream Sherbet and cakes were served. The class is to have another meeting in April, time and place to be announced later.

—THE ARCADE

CASH VS. CREDIT

Dear Friends: A great many have asked us to continue to sell at the extraordinary values which we gave during our recent sale. The answer is: "Credit prohibits." However, since so many have seen the great saving to be had by paying cash, we have decided to re-open our sale for thirty days.

Kindly figure and compare the prices we offer with credit prices. Suppose you wanted to buy the following bill of staple goods:

To the Women:
Largest assortment
of Millinery ever
shown in Fluvanna.
Latest and best styles
and lowest prices.

Cash vs. Credit

100 pounds best flour, Oriole and Bewley's Best, NO BETTER MADE			
Absolutely guaranteed, Costs for Cash	\$2.65	Costs on Credit	\$3.25
100 lbs. Cane Sugar, Costs for Cash	\$4.85	Costs on Credit	\$6.00
80 cent can Baking Powder costs for cash	.59	Costs on Credit	.80
1 Gross Matches, Costs for Cash	.35	Costs on Credit	.50
100 pounds Irish Potatoes, Costs for Cash	2.00	Costs on Credit	3.00
6 pounds good Coffee, Costs for Cash	1.00	Costs on Credit	1.50
5 pounds Peaberry Coffee, Costs for Cash	1.00	Costs on Credit	1.50
1 large bucket, "Krisco", Costs for Cash	.90	Costs on Credit	1.35
1, 10lb bucket Green Velve or King Komus syrup costs for cash	.59	Costs on Credit	.75
1 dozen Cans Good Corn, Cost for Cash	.90	Costs on Credit	1.50
3 cans large Hominy, Costs for Cash	.25	Costs on Credit	.45
1 box Starch, Costs for Cash	.05	Costs on Credit	.10
30 Bars Soap Costs for Cash	1.00	Costs on Credit	1.50
1pound of Candy, Costs for Cash	.05	Cost on Credit	.10
	\$16.18		\$22.30

To Men and Boys:
Our free pants offer
is worth looking into.
Our tailoring the best
and cheapest.

Costs for cash \$16.18, costs on credit \$22.30, plus interest, if fall time, \$2.23, making \$24.53. Saving \$8.35, or over 50 per cent for cash. And these prices are as good as can be had on credit. The reason the mail order houses prosper is they sell for cash. Kindly study the above argument. If not correct we invite criticism. We are willing to credit our loyal and worthy customers, perfectly so, but we rather sell for cash and save you the difference. Credit, the monster it is, is the important factor in the high cost of living. It keeps noses eternally to the grind stone; it causes worry, both to the seller and the buyer; breaks and destroys friendship; hinders progress; and is the problem but few merchants have been able to solve and overcome.

We believe with our low expense, warehouse economy, and close buying for spot cash, that we can, by selling for cash, under sell anyone anywhere, and save our customers so much they wont want credit. Our prices are being made with this view and the store that even meets them will have to go some.

Remember Dry Goods, Millinery, Dress Goods, Clothing, Notions, Groceries, Feed and Flour

All go at savings for you. Best line of tailor made clothing, Extra pair pants Free with each suit.

Chickens and Eggs. We pay most and sell for less.

Our candy special is a hummer, 1 pound 5c. Fine Chocolate candy, with nut top and cream centers, 1 pound 15c. If you want to save money get our prices. If we haven't it we will get it for you and save you money. Yours for more cash and lower prices.

W. B. DANE

"The Price is the Thing"

Fluvanna, Texas

Mr. Hull, a prominent cattle dealer and ranchman of Nebraska has been spending the past week here buying up a string of steers. It is understood that he purchased 1100 head here.

This gentleman has been buying steers here for the past four or five years and knows where to get the good cattle. His dealings here are always satisfactory.

THE WEEK IN FLUVANNA

The protracted meeting that has been in progress at the First Baptist Church, closed Sunday night. Much good was done in the way of strengthening the members in the up-building of Christ's kingdom. While no new converts were made, still each and every one who attended was greatly benefited.

Rev. O. J. Hull of Snyder, spent Friday in our town.

Miss Viola Clawson left Tuesday for Kansas City, Mo., for a few weeks visit with her sister, Mrs. Vantrim.

J. A. J. Jones and W. J. Beaver are doing jury work this week.

E. K. Smith of Snyder, was among the visitors to our town one day last week.

The Methodist people of our town have rented sixty-five acres of land to work in cotton this year for the purpose of applying the proceeds to

the indebtedness that is against the church. Several plows are running this week preparing the ground for planting.

Mr. S. E. Steele was taken very sick the first of last week and his attending physician, Dr. Browning, advised him to go to the Post sanitarium at Post. His wife left with him Friday and at this writing, no word has been received as to how his condition is.

Rev. and Mrs. S. N. Young left Saturday for Tye for a week's visit with home folks.

Mrs. Ted Wallace returned Sunday from Fort Worth, where she has been visiting her parents, Mr. and Mrs. G. W. Connell, the past week. Mr. Wallace went down as far as Sweetwater to meet her.

Mr. and Mrs. C. E. Hardin, T. B. Favors, W. H. Knight and Mr. Minick, visited Snyder Sunday.

B. F. Chancellor of Gail, came over

Wednesday after supplies for their merchants. B. F. informed us that Gail will have another stone building in the near future.

The rain last Wednesday night was sufficient to make the moisture meet in most places.

L. F. Beaver returned Thursday from Fort Worth where he attended the I. O. O. F. Grand lodge.

Mr. Hughes of Abilene spent a couple of days in our town last week looking after his land. We understand he leased his four section pasture to Mr. A. D. Dodson, of Snyder.

Mr. and Mrs. S. P. Smith, transacted business in Snyder Monday.

Mrs. D. A. Jones visited friends in Snyder a couple of days last week.

Mr. and Mrs. Wilbur Sewalt and Waymon Green, left Friday for their new home in New Mexico.

Doubt is feared that the fruit crop was all killed by the freeze of last week.

I AM HERE TO STAY.

On account of some business matters, requiring my attention elsewhere, the impression has gone out that I have retired from the practice of medicine. Such is not the case. I am here to stay, so far as I know, and ready at all time to serve my friends and patrons.

R. L. HOWELL, M. D.

KILLING RABBITS NEAR MERKEL

According to the Merkel Mail, 4,809 jack rabbits were killed in various drives around Merkel last week. In one drive 1150 were killed. The champion killer of all these drives was a one armed man, who killed 65 rabbits, getting 27 at one stand.

ESTRAY NOTICE

One big, dark bay mare colt, no brand, has come to my place, 6 miles West of Snyder. Owner get same and pay for this notice. 1tp

J. T. BIGGS

Wall Paper at Warren Brothers

CAMP SPRINGS

Camp Springs is on the boom since the rain. We had a good rain last Wednesday night and snow in the latter part of the night. The people will soon begin planting their feed.

A few of our people are attending court at Snyder this week and a good many others are in town

J. A. Guinn and Uncle Judge Yeats were in town Tuesday with a load of cotton. Better late than not at all.

Rev. Elsie Erwin has just closed a meeting at Camp Springs.

Theibert Finch and E. S. Dorsett attended singing at Plainview Sunday afternoon and on their way back happened to an accident. The reaches on the buggy broke and they went to the ground but neither of them were hurt.

Cread Davidson and Robert Williams made a flying trip to the Plainview community Sunday.

Miss Hattie Trice returned this week from Slaton where she has been visiting her uncle.

QUACK

NOTICE

Notice is hereby given that the Farmers' Union of Scurry County will meet in regular session with the Snyder local on Thursday, April 2, 1914. All locals will please send delegates. J. T. BIGGS, President.

Presbyterian Missionary Meeting
The Presbyterian Woman's Missionary Society met with Mrs. J. C. Hairton Monday afternoon with two-thirds of the membership present. An interesting lesson on "The Asiatics in America" was recited. The hostess, against the rules, served grape juice and angel cake, which was enjoyed. —Reporter.

W. A. Johnson went out to Durham Wednesday and killed two big blue cranes. He brought one of the birds home with him and will probably have it mounted. It measures four or five feet from tip to tip.

Joe Caton returned Thursday from Medina, Texas, where he has been to attend the funeral of his mother.

POST SANITARIUM

POST, TEXAS

A MODERN SANITARIUM EQUIPPED ESPECIALLY FOR PATIENTS REQUIRING SURGICAL ATTENTION.

Stone building, two story and basement, twenty five rooms, equipped with all conveniences, bath, etc. Hot and cold water, hot water heat and electric light. The latest model X-Ray and electric appliances for diagnosis and treatment. A complete pathological laboratory.

Every convenience for the modern care of patients

Trained nurses constantly in attendance.

YOU ARE CORDIALLY INVITED TO MEET

Miss J. E. Rogers

WHO IS DEMONSTRATING

The Famous Statesman Coffee
at our store

Miss Rogers will give you a most interesting talk and demonstration of these brands on

Thursday, Friday and Saturday, April 2, 3 and 4, 1914

Farmers Union Mercantile Company

E. A. McMATH, Manager

CATARRH OF THE PHARYNX.

Clearing out your throat every day, all day. That is what you have been doing for months. Possibly years. A little mucus covers the pharynx. If you were to go to a doctor he would tell you that you have pharyngitis. If you were to look into your own throat you would find just back of the soft palate a red, lumpy, granular appearance of the back part of the throat. Pharyngitis the doctors call it.

Perhaps he would call it, follicular pharyngitis. It causes you constant annoyance. You are always making slight disturbances when seated in an audience. Can't hold your throat still. Stringy mucus bothers you. Worse in the morning.

A-hem! A-hem! A-hem! That is the way you are going nearly all day. Sometimes in the night when you wake up. You ought to gargle your throat with salt water every morning. Cold salt water. That clears out the throat perfectly and makes it ready for treatment.

Peruna is the treatment. Begin with a teaspoonful before each meal and at bedtime. Try it for a week. You will be convinced. Of course, Peruna will not entirely relieve you in a week. That is too much to expect of any remedy. But it will benefit you so much you will be convinced. Yes, it will. It has done this many times.

Follicular pharyngitis. Big words. Almost as bad as the disease. But if you take Peruna for one month regularly, you may forget that you ever had such a disease. Then you will have a perfect right to forget the big words too.

People who object to liquid medicines can now obtain Peruna Tablets.

District Attorney Jas. P. Stinson went out to Ira country Saturday to spend Sunday with his parents, Judge T. C. Stinson and wife.

Music Store

Southwest Corner Square. You will find Sheet Music, Instruction Books, Musical Instruments, Fine strings and supplies of all kinds. Piano Tuning and Organ Repairing a Specialty.

THE SEASONS.

Dear Signal:

As we have had many predictions as to crop prospects for 1914, a few observations from a logical point of view would not be amiss.

What we generally term seasons is the effect of many causes. Moisture is not all we need to make a crop in West Texas. From all appearances we have an excess of heat in the earth that causes the moisture to dry out faster during the dry season, as we call it. The facts are that during the expansion of the earth's surface we suffer for want of moisture more than we do during the contraction of the surface, the expansion being caused from internal heat and pressure, from combustion in the interior of the earth. Observation has shown that the greater the eruption from volcano the cooler the soil is and the longer the moisture is retained. We some times see good rains fall that are not retained in the soil over three days because the earth is so hot that it is evaporated in a very short time.

Ice in March and April show a lack of heat and is a good indication that crops will not suffer for moisture earlier than August and September. Should the equinox be more "eruption" we will have a very cool summer and fall. If the "eruption" does not take place we will have hot winds in the summer, caused by the escaping heat, through the western part of Texas.

We conclude that short crops result from escaping heat, as well as from lack of sufficient rainfall.

—J. B. JORDAN,
Dunn, Texas

Barred Rock eggs, pure strain, 50c per setting of 15.
C. C. BRACKEEN

Five and one-half miles northwest of Snyder 39-4t

J. A. Guinn and Henry Yeats, of the Camp Springs country were here Tuesday. Mr. Yeats was marketing four bales of cotton which he gathered early in the season last fall. Mr. Guinn reports a fine rain out in his neighborhood, and says the farmers will soon be planting feed crops.

What is Golden Rod? It is 30 pounds ground corn, 20 pounds rich bran, 20 pounds molasses, properly mixed. 1-3 cheaper. Why? Because it is nutritious. For sale by your grocer. 38t

Please Remember.
We again call your attention to the fact that cards of thanks, notices of church and charitable entertainments where admission is charged, where profit is to be made, will be charged for at the rate of 2 1/2c per line.

J. S. Johnson, of Iolanthe, below Colorado, was here this week on a business trip.

Wall Paper at Warren Brothers

Mrs. N. F. Smith, of Fluvanna, was here Tuesday visiting her son, Walter Smith. Mrs. Smith was enroute home from a visit in Temple.

Jas. Scully came home last week from Abilene.

Ted Wallace, a prominent ranchman of Borden county, was here Saturday enroute to Fort Worth. He reports range conditions on the O. B. ranch good this winter.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases.

In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork—by children whose parents realize the harmful effect of common purgatives—by old people whose systems cannot stand anything harsh—by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them—they'll tell you Rexall Orderlies satisfied and helped them.

—a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when, your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Rexall Stores and in this town only by us.
Invest pocket tin boxes, 10c, 25c, 50c

This Is Our Guarantee—You Risk No Money

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to—if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.

For full blood White Plymouth Rock Eggs, see Allen Warren. \$1.00 per setting of 15 eggs. 37-4t

Mr. and Mrs. J. O. Tetum left Wednesday morning for Matador, Texas, where they will in the future reside.

The Signal and Dallas News \$1.75.

Card of Thanks.

The Signal has received the following: 1121 E. North Ave, Baltimore, Md., March 20, 1914. Editor Snyder Signal, Snyder, Texas.

Dear Sir: I desire to thank the many friends and citizens of Snyder for the kind attention and many favors they so generously bestowed upon my brother, the late John G. Peebles, during his last illness and death; and the kindly charitable deeds rendered in behalf of his two little orphan boys.

Also the kindly favors shown my son, Orin K. Lippard, while in your midst. May health, wealth and happiness attend every one of you and success crown your every effort through life. Sincerely, Mrs. Sarah A. Grown, Sister of John G. Peebles.

Buy your groceries from the Farmers' Union Grocery Co., "Where you get the Most, of the Best, for the Least." 37-4t

A. Rhoades of Ira spent the day Monday in Snyder and left on the Santa Fe for Dallas.

If you want your cow to give more milk and butter, feed her Golden Rod. 1-3 cheaper. Why So. Because it is green and sweet. Your grocer or feed dealer has it. 38t

Attorney L. W. Sandusky and Ed Jones came over from Colorado Monday.

Dr. Merrill of Ira was here Monday.

Wall Paper at Warren Brothers

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one great disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical community. Catarrh being a constitutional disease, needs a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Catarrh is all Demerol. The Catarrh Family Pills for constipation.

PUBLIC DINNER A NUISANCE?

New York Newspaper Says It Is, Both on Account of Poor Food and Poor Speakers.

It has long been the agreeable habit of friendly organizations, from the Sons of St. Patrick to the New England society, the Ohio, the Southern and others, to give occasional dinners at which they may refresh their spirits with the familiar dialect which is grateful in the ears long unused to it, and by reminding each other of what a good place the old home was, and so, remarks the New York Evening Sun. But the old custom has long since become a bore beyond description because of the inordinate attention required of the diners to a long array of speakers, none of whom has anything in particular to say, and at the same time because of the very indifferent quality of the dinner provided. It is no doubt true that the great majority of persons who go to these dinners do not know or care what they eat, and therefore gobble the usually very indifferent food set before them and wait, helplessly, for "the speakers." Their own indifference is much to blame for the general stodge. It is encouraging, of course, to observe that the disgust with such silliness as this has finally resulted in an explosion which would do away entirely with the public dinner. The private dinner, of course, chosen carefully and served to a small and congenial company, is one of the most honorable and sacred social rites in the civilized world; men and women will always stand up to defend and maintain it. But the great machine-made dinner is a foolish anomaly to begin with; nobody but the hotelkeepers, who charge enough to pay for a much more tempting dinner than they serve, feels any tenderness for it.

WOULD MARK ALL CRIMINALS

Woman's Suggestion to Mayor of New York is to Have Them All Appropriately Tattooed.

Among the helpful letters daily received by Mayor Mitchel came one the other day signed "Mme. Mercury," the New York Sun states. She wrote that since all other forms of punishment had failed she would suggest that each criminal be tattooed with a suitable mark across his forehead or on the cheeks.

"A pickpocket," she said, "should have a long fingered red hand grasping a purse tattooed on the cheek. A 'Black Hand' should have a black heart pierced with a red dagger, a gunman should be marked with a red hand grasping a gun, grafters with a hand grasping a long green, thugs marked with a blue hand grasping a blackjack, burglars marked with a doorlock and pick.

"Please give this system a trial," she asked. "It is humane and will not require any extra expense. See how many gunmen, pickpockets, murderers and thieves the police can tattoo in the next 12 months, and you will realize the old axiom of 'catching before hanging.'

"This system would lower the cost of living, reduce the cost of maintaining prisons and make all the poor and criminals self-supporting, taxpaying citizens.

"The revolution that I suggest in the system of handling crime and criminals will rotate the wheels of crime backward into oblivion in time."

The mayor received Mme. Mercury's suggestions to late to incorporate them in the Goethals police bills.

Big Price Paid for a Cup.

Fine English silver plate of the seventeenth and eighteenth centuries, the property of H. C. S. Ward, Indian army, to whom it descended from his ancestors, was sold at Christie's says a London cable to the Philadelphia Public Ledger. It is known as the "Plomer-Ward heirlooms."

A James I. silver gilt cup and cover, 20 1/2 inches high, London hallmark 1611, maker's mark T. Y. L. monogram, weight 39 ounces 14 pennyweight, was bought by Crickton for \$22,500.

Vincent paid \$8,250 for a James I. silver gilt rosewater ewer and dish, the ewer 11 1/2 inches high, the dish 10 1/4 inches in diameter, on copper gilt stand, London hallmark 1618, maker's mark a trefoil, weight 119 ounces 11 pennyweight. The total for the sale was \$54,065.

Birds of Panama.

On one little island in Gatun lake, known as Lion Hill before the impounded water of the Chagres river isolated it from the rest of the canal zone, are more species of birds than in any one locality in the western hemisphere. E. A. Goldman of the biological survey, department of agriculture, in two short collecting trips to Panama has procured about 300 different species of birds, and it is estimated that a larger variety is to be found within the limits of the canal zone than in any one state in the United States—about 900. In the neighborhood of Gatun, at the Atlantic entrance of the canal, alone no less than 250 species have been found.

Nostrums in Holy City.

Writing from Benares, sacred city of the Hindus, Henry D. Baker of Chicago, United States consular agent in India, comments on the thousands of invalid pilgrims who visit the city yearly. Many come to Benares to die and their remains are cremated on the banks of the river and the ashes cast into the Ganges. Mr. Baker found the sacred city rich in drug stores, all doing a thriving trade in American patent medicines.

SEE THE POINT?

"What do you grow cotton for?"
"Oh, I've got to grow it to pay my debts next fall."

"What is this debt for?"
"Why, its for bacon, dried fruits, tobacco and sometimes milk and butter."

"Why don't you grow these at home?"

Why, the grass would take my cotton, and Mr. Merchant or Mr. Banker has got a mortgage on it and I promised to cultivate it good."

Now listen, my dear farmer, take your tablet and pencil and sit down by wife and take an inventory of what your table is supplied with. Then select a plot of ground that you think is sufficient to grow this amount. If you grow a surplus so much the better. Then figure how much cotton it will take to clothe your family. Plant plenty of peanuts, kaffir corn, maize, sorghum, and raise hogs to eat them. Try this five years and if at the end of five years you are still in debt I will have to say that you are a bad manager and need a guardian.

I claim the only reason a farmer isn't successful is because he does not study his business. Suppose the farmer studied his business like the merchant, the banker, the doctor, the lawyer and the speculator, he would be so independent in a few years that the merchants, bankers and such men would want to borrow money from him to do business on.—Ballew, of Wingate, Texas.

Let us fit you with spectacles.

STOMACH HEALTH—OR NO COST TO YOU

Very likely others have advised you to use Rexall Dyspepsia Tablets, because scores of people in this community believe them to be the best remedy ever made for Dyspepsia and Indigestion. That is what we think, because we know what they have done for others and what they are made of. We have so much faith in them that we urge you to try them at our risk. If they don't help you, they won't cost you a cent. If they don't do all that you want them to do—if they don't restore your stomach to health and make your digestion easy—just tell us and we will give back your money without a word or question.

Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juice, check heartburn and distress, promote regular bowel action, and make it possible for you to eat whatever you like whenever you like, with the comforting assurance that there will be no bad after effects. We believe them to be the best remedy made for dyspepsia and indigestion. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00—Grayum Drug Company.

Rev. Cal. C. Wright, pastor of the Methodist Church at Dunn, and Bro. Wright's father, W. R. Wright, of Cross Plains, and C. B. Palmer of Dunn, came over Monday in Bro. Wright's car.

Mr and Mrs Walter Gentry and children of Hermleigh are the guests of Mrs. Geo. W. Brown.

Dinner Tuesday.

The Methodist Ladies will serve dinner next Tuesday at the Faught Building. Price 35 cents.

ENNIS CREEK SCHOOL

WAS REPRESENTED

G. H. Leath of Ennis school attended the track meet Saturday with his boys, Dan Hutcheson, Jim Hutcheson, Arnold Haney and Henry Vineyard. The boys made a good showing, taking first place in the Hurdle race and Relay race and second place in the shot put, the 220 yard dash and the 440 yard dash and third in several fetes. None of the boys had ever been in a track meet before. Arnold and Jim made a good run on the Relay, but the Snyder boys looked somewhat surprised when Dan Hutcheson took first place in the hurdle race, and Vineyard second in the shot put and neither of them had ever run hurdles or picked up a shot before.

With a little practice I believe the boys would stand a pretty good hand at the State meet.

—Contributed

Rev. E. S. Dorsett, local pastor of Camp Springs, was here Wednesday.

H. L. Likely, a new comer, who lives west of town, called on the Signal Thursday. He was accompanied by his neighbor, J. A. Adams.

Bernice Louder of Roscoe came in several days ago to join his father here.

Pat Brown shipped out three fine Duroc Jersey pigs to Lavon, Collin county, Thursday and received a good price for them.

County Judge B. F. Brown of Sterling county, was here Thursday, making up one of the 36 witnesses in the Latham case from Sterling county. Judge Brown says prospects are better in his country than for nine years back. The ranges, he says are in excellent condition.

AGED LADY DIED THURSDAY MORNING IN WEST SNYDER

Mrs. H. A. Goodwin, an old and highly respected lady of Snyder died Thursday morning at 10 o'clock. Mrs. Goodwin was stricken early Sunday morning from brain lesion and remained unconscious up to the time of her death.

Mrs. Goodwin was the wife of County Surveyor H. A. Goodwin and has been a resident of Snyder since 1883.

The children present are: Mrs. Dr. Scarborough of Snyder, Mrs. P. P. Martin of Winsboro; a brother, A. M. Cornelius, of Amarillo.

The funeral will be conducted at the family residence in Snyder by Rev. J. W. Hunt at 2 o'clock today (Friday) and interment will be in the Snyder cemetery.

Arthur J. Parker, Mrs. Millard Smith, Miss Willie Lykes and Ed. Clayton of Roscoe, came in Thursday morning as witnesses in the Latham case. Millard Smith accompanied the party.

District Judge Blanton of Abilene arrived in Snyder Thursday afternoon and spoke at the Court House Thursday night in the interest of his candidacy for Congress against Judge Smith in the 16th. Congressional District.

J. R. Corley, a good citizen of the Hermleigh country called at the Signal office Thursday to line up with us for another year.

Our friend W. H. Merritt called in Thursday to give us a rounding up about falling to get the Signal to him. We thank Mr. Merritt for calling our attention to this, for we are anxious to get the Signal to every subscriber.

J. N. Sterling and W. E. Dever, of the Ira country were here Thursday. Both of these gentlemen report good season in the ground from last week's rain and say the Ira country is all right. So say we all.

Richard McFarland and Willie Barton of Dunn were in Snyder Thursday on business.

Notice to Street Tax Payers

All parties between the ages of 21 and 45 are notified that city street taxes are due and payable the last day of March, 1914.

O. P. WOLFE,
38-4t City Tax Collector

Harry Thurston Peck, writer, author and scholar committed suicide in Stamford, Connecticut, Monday by shooting himself in the head with a revolver. There was a woman in the case.

Dinner Tuesday.

The Methodist Ladies will serve dinner next Tuesday at the Faught Building. Price 35 cents.

Mrs. O. C. Wyatt and little daughter, Virginia, have gone to Galveston, to join Mr. Wyatt there and the family will reside in Galveston.

Mr. Sauders, mechanic for the Norwalk Automobile company has been here for several weeks, adjusting and regulating the cars that have been sold here by that company.

J. E. Eubank, formerly County Surveyor of Scurry county was here several days this week on business. Mr. Eubank is working for a loan company in Brownwood.

W. S. James, General Manager of the Roscoe, Snyder & Pacific Railway Company was in Snyder Tuesday and was an appreciated caller at the Signal office. Mr. James is a capable business man, an all round fine fellow and it is due to his business acumen as much as to any other person's that the R. S. & P. is prosperous at this time.

ON LONG TRIP

Wednesday afternoon, a light spring wagon, drawn by two medium-sized horses passed through Snyder. On the side of the wagon was painted "Colorado—Texas, Trinidad, the Town to Tie To, on the Santa Fe Trail and the Colorado-to-Gulf Highway."

The outfit was in charge of Hollis Douglas and Samuel rFede, who are advertising Trinidad and making their way to Waxahachie.

Mr. Hollis says there are about 8,000 miners on a strike in and near Trinidad at this time and that there is quite a lot of excitement in that city these days. The shutting down of the mines has had a depressing effect on business, he says.

Philathea Class' Market.

The Philathea class will conduct a market at Denson & Smith's Saturday. Will have pies, Cakes, Candy and Dressed Chicken.

T. B. Jolly and wife came in several days ago from Oklahoma and visited their son, F. E. Jolly. The elder Jolly left Monday for Buena Vista, near Fort Stockton, where he has an irrigated farm and where he goes to make his home.

Walter Gentry of Hermleigh was here Monday as a juror in district court and was excused with the rest of the jury until Wednesday.

Miss Fannie Bass, who is employed by the Southwestern Telephone Company at Sweetwater is visiting friends here.

Dr. Brock of Hermleigh was here Wednesday.

Moving Picture Glasses Only 50 cents for Glasses and Case

Moving Picture Glasses exclude a large per cent of the ultra violet rays of light, that are irritating to the eyes and an excess of them causes various pathological conditions. These glasses protect the eyes from the injurious rays and yet leave the vision clear.

H. G. Towle

CASE OF SMALL POX IN CHINA GROVE COMMUNITY

Dr. Rosser, County Health Officer, was called to the China Grove community Monday to see Jim Perry, who has a light case of small pox.

About three families had been exposed to this case and these families, with the patient, were duly quarantined.

No apprehension is felt that the disease will spread, and the case in question is said to be very mild.

Grayson Voted Dry Again.

In the local option election held in Grayson county last Saturday the county gave a majority of more than 1000 for prohibition. The county had been dry for several years.

Sherman gave a majority of between 400 and 500 for prohibition and Denison in the same county gave a majority of over 1100 against prohibition.

Homer Cotten has been in Oklahoma for several days selling oil lots.

THE EAST INDIA MEDICINE COMPANY IN SNYDER

The well known East India Medicine Company arrived in Snyder Wednesday to entertain the people for a season. These boys are well known in Snyder and always attract attention. They gave two performances on the streets Wednesday and quite a crowd of people enjoyed the fun.

CONSIDERABLE INTEREST HAS BEEN CREATED

An article printed in the Signal several weeks ago, in which W. T. Thompson gave his experience with ensilage fed to calves last fall and winter was recently copied in the Fort Worth Live Stock Reporter and other papers, besides Mr. Thompson has many personal enquiries about the matter.

The farmers and stock farmers are becoming interested in silos and the Signal is glad to note it.

Dinner Tuesday.

The Methodist Ladies will serve dinner next Tuesday at the Faught Building. Price 35 cents.

E. K. Smith and Rich Millier have returned from the Electra oil fields.

Mrs. R. M. Stokes has returned from Fort Worth where she attended the Rebecca Assembly.

Miss Mary Whiteside returned Sunday from Post City where she spent several days visiting.

Wall Paper at Warren Brothers

Mrs. T. C. Davis entertained the Woman's Missionary Auxiliary Monday, March 23rd. The ladies enjoyed an hour of conversation and sewing. Delicious fruits were served. Mrs. Davis was helped to entertain by Mesdames Walter Davis and C. L. Ezell.
