Nobody Blue

Uncle Charlie Dodson was out at his farm, 10 miles northwest of Snyder this week. He says crops look fairly good all the way. He was very optimistic over his renter J. D. Whitefield's crops. He found the crop clean and in a good growing condition. One hundred acres in feed will soon be ready for heading and one hundred in cotton all, with the exception of about ten acres doing fine. It is well fruited. With one or two more rains he sees no reason why he should not make as good a crop this year as he did last. It seems that Uncle Charlie suits his renter and his renter suits him.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains NO mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. "THE QUALITY SHOP"

AT THE METHODIST CHURCH

Sabbath school 9:45. Everybody on time. Remember our Aim: Every member on time, with a studied lesson, a mind to learn, with his own bible, a liberal offering, Every Sunday. Teacher, your class expects you just as you expect every member of your class present. Our faithful superintendent expects us and God expects us all to be present. We have a good Sunday School. Lets make it better. Its our privilege. Its our duty.

At the Auditorium last Sunday evening a splendid crowd of perhaps seven or 8 hundred people, fine but more should come. Lets make these services great for the Master and our people.

Preaching at eleven o'clock. Subject: "The Call to Service."

Every member of the church is expected. Everybody else, not worshipping somewhere else is cordially invited. There are a great number of people in Snyder who do not attend church. This is wrong. You should attend church, you owe much to the church whether you are a member or not. You wouldn't live here without a church. You ought to be consistent enough to help by your presence. You have no right to expect others to do all simply for your benefit and you do nothing. Come, bring your children, and you mothers do not stay away on account of your babies, better come and bring it. You may wish you had.

Prayer meeting Wednesday evening. I am told the prayer meeting is growing during the last two weeks of my absence and yet there is much room for improvement. Your old excuses are threadbare. Throw them to the wind, be on hand. Loyalty to your church, loyalty to your pastor, loyalty to your profession as a Christian, Loyalty to Your Master demands your presence at church,

Sunday School and prayer meeting, unless unavoidably hindered.

A list of our membership is being prepared and an account of those attending our regular services is being kept. Now lock out. We are going to keep tab on every one of you, just as the recording angel in Heaven does. Will you be found wanting or No.? PASTOR.

We have had under consideration which arise as the time of quarters on the west side of the square ering the propositions we decided that will cause the goods to move the money than to move the goods

In moving as large a stock of goods as ours, and a thousand and one small items of expense that we are going to give our friends and patrons building is completed, by putting a price on them, are the greatest bargains ever offered to the citizen

AMONG THE MERCHANTS

A. D. Dodson has issued a four page clearance sale circular and also carries a big adv. in this week's Signal announcing the beginning of the sale on August 12. See what he has to offer.

Mr. Joe Caton, the progressive buyer of the Caton-Dodson Dry Goods Emporium, left Tuesday for the east to buy a heavy supply of fall and winter goods. Look out for startling announcements of his purchases.

Townsend-Oldham & Co. in a four page advertisement and a big bunch of heralds are proclaiming a great Rebuilding Sale. Don't miss an item in the Signal pertaining to this extraordinary occasion.

E. E. Matthews, of the Quality Store for ladies, made a business trip to Post. He expects to leave soon for the Eastern markets to buy his fall and winter better-grade goods.

The Lyric Airdome will donate Monday night's proceeds as a band benefit. All complimentary tickets will be ignored for that night only. This is a worthy cause and an enterprising offer of Mr. Merrill and should be liberally patronized especially since it is Chas. Chaplin night.

"Queen Flora's Birthday" is the title of a cantata to be given at the Airdome tonight and Saturday night, by the young people of Snyder. The regular picture reels will be run also. This play is under the auspices of Mrs. Wm. Pearn.

The "Black Box" will be the next serial at the Opera House Theatre Mr. Med C. Ellis, the manager of the theatre has finally succeeded in renewing the date for this great story after surrendering it during the protracted meetings. The story is worth while.

Townsend Oldham & Company have installed an auto delivery wagon.

J. W. Templeton has an auto delivery wagon for his grocery store. He was the first to get his in operation.

Lee Stinsen has returned from a visit to Galveston and the mermaids. He's feeling fine.

M. P. Fuller is vacating in the Ozark mountains of Arkansas.

E. B. Barnes, Joe Strayhorn, Pack Wolfe, Geo. Brown and several other Snyder citizens have returned from the Latham trial at Anson.

Ernest Hargrove sent the Signal his sister, Mrs. G. W. Boswell at the Point.

WANTED- 15 extra sales people.
Enquire C. J. Halpern, at A. D. Dodson's.

The Baptist revival at Pyron closed this week after a most successful meeting conducted by Rev. Ellis of Dunn, assisted by Rev. M. M. Melton.

Mr. L. W. Blackard presented the Signal with a home raised bunch of seedless grapes yesterday which weighed a pound. They certainly make a nice appearance.

AT THE METHODIST CHURCH

Sunday School 9:45. Preaching at 11 o'clock by Rev. John Caperton of Cuba. He is one of our missionaries. He will deliver a fine address. Everybody hear him. Services at night at the City Auditorium.

We had a splendid prayer meeting last Wednesday night. Brother J. W. Couch will lead next Wednesday evening. Let all our people come.

The Junior Missionary Society will meet at 5 o'clock Sunday afternoon.

Our sainted dead, Mrs. Martha Lockwood, one of the charter members of the Methodist church of Snyder died at the home of one of her daughters in San Angelo, Texas, on Tuesday, August 3. Her body was shipped here Wednesday and the funeral services were held at the church at 4 o'clock. Sister Lockwood joined the first church organized here in 1882. She was one of the main factors in the church for years in the early days. She acted as steward, raising the pastor's salary. She collected the money to buy the first stone on which rested the first little church in Snyder, taught in Sunday school, did all kinds of church work. She was a model Christian. We will keep green the memory of this good life. She lives on in the life of others. Peace to her ashes. —Her Pastor

Judge Taft is leading in a commendable effort to bring about a cessation of the war in Europe.

Preparations are under way for the Hale County fair to be held this fall.

Plainview, Texas, will also organize a Chamber of Commerce. Let the good work continue.

"I have no political aspiration whatever, looking to the holding of office in the future," said William Jennings Bryan.

A white man has been arrested in connection with the crime for which the negro was burned on the Public Square in Temple last Saturday.

Wichita County went wet in last Saturday's election by 537 majority. There were about three thousand votes cast.

Chas. Becker was electrocuted last Friday morning and his wife had the following engraved on his coffin: "Murdered by Governor Whitman, July 30, 1915."

Why did man ever learn to spit? - Cleburne Enterprise.

The German Emperor issued this manifesto to the German people on the anniversary of the outbreak of the war: "Before God and history my conscience is clear. I have not willed war. Full of gratitude we can say today that God is with us."

BRITISH AUDACITY AND AMERICAN COTTON.

With only seventy five percent of the normal cotton crop growing and with a government report of conditions on August 1st, showing seventy five per cent good it stands to reason that cotton ought to bring a high price. Granting that Liverpool has heretofore set the price of American cotton it still remains that an abnormally short crop should command a better selling price.

The present attitude of England regarding cotton will depress the price if American people will submit to it, but we are not disposed to do it. England's order in council making cotton contraband of war is in violation of international law and all civilized powers will unite in opposing this new principle.

Of course if the commercial world would submit to such dictation England would succeed in interning every bale of cotton and then condemn it and purchase it at whatever price she might elect as was done last year and thus cut off all shipments to other nations and bring financial ruin on the Southern states of America, but if the United States will promptly defy such self assumed power and demand open sea traffic for American ships and cotton, Great Britain is apt to recede from her autocratic attitude and submit to the just operations of established laws rather than risk an open conflict with the army and navy of the United States.

For 150 years the slum laborers in England have lived in hovels, surrounded by filth—knowing nothing but to work for low wages under scrupulous task masters. Their surroundings had nothing to appeal to ambition. They have been born and reared in poverty. They care nothing for government nor country. The mill or shop is all the world they ever knew. It is no wonder they have no patriotism. No wonder they make poor soldiers. These conditions have existed until the generations have become mental and moral weaklings. American citizens where mill and factory people are forced to live and work in filth, poverty and ignorance will in a few years be confronted by hordes of just such degenerates.

The American government should never relax its energies to enforce cleanliness, humanity and educational requirements at the same time using all reasonable care and authority to prevent the coming here of the more ignorant and the vicious scum of foreign countries.

Wallace Moore was released under \$750 bond on charges of dynamiting his father's house in Dallas. His father, W. R. Moore was his bondsman. The father announced that he would not prosecute his son. The elder Moore was foreman in the Padgett saddlery which after the explosion closed down, owing to fear that the attack was intended as a warning against making saddles for European belligerents. Young Moore was finally released from the charge.

England seems to be putting in more strenuous efforts to prevent the growth of commercial power in the United States than in aiding her allies to defeat Germany.

LITTLE SIGNALS

The vital question regarding the Chamber of Commerce is the selection of a permanent secretary. Be sure you are right then go ahead.

There is an important matter resting on the mind of Mr. J. K. Blackard as well as others and that is the necessity of paving the streets of Snyder. Think about it.

If you are too busy to catch your child in devilment, you should occasionally spank the little fellow anyway, and say to him: "You know what it is for." In all probability the youth can think of something he has done that deserves punishment. —Claude Callan.

The Altrurian Club is planning their 1915-16 work and appear to be eager to co-operate with the Chamber of Commerce along civic lines. Open the way, men, and lets all pull together.

While the prominent portions of the city and resident sections of Snyder put on a clean appearance, you ought to see some of the back allies and back yards.

Let the slogan be—"Snyder Ten Thousand Population in Five Years."

Name and number the streets—it will only be a short time until Snyder will be entitled to free city mail delivery.

Dam Deep Creek and build the proposed concrete bridge, then let the ladies decorate the park.

Passenger, freight, express, mail, and telegraphic facilities need immediate attention in the golden west, especially at Snyder.

Swat the fly and avoid the spread of typhoid germs.

WHY SOME TOWNS GROW.

The reason why some towns grow is because there are men of push and energy in them who are not afraid to spend their time and money to boom their town. They erect good buildings, organize stock companies and establish factories, secure railroads, work for public improvements and use every means in their power to induce people to locate in their city. Wherever they go they tell of the advantages of their city, they write about them in every letter, they send circulars and newspapers to all whom they think they can get to visit the city and when any one visits them they treat him so kindly that he falls in love with them and their city at once. It is enterprise and everyone pulling together that makes a progressive town and don't let the fact escape your memory.

To hear every person saying something pleasant about its people and its interests is the surest and quickest and easiest way to make a town attractive with that sort of attraction that will draw other people to it is for every man and every woman to have a pleasant word for the people and the town generally. Talk up your town if you would have it do well. Talk up your town if you would have others come to you. Talk up your town if you would feel an interest in it, and have its people feel an interest in you. There is no better way to do it. And many a time one little word of unpleasant reference to something that does not exactly suit you and not particularly concern you as to that matter, will turn a good man's influence away from your town. Among your neighbors talk up your town. When you come in contact with strangers, talk up the most potent agency ever set in motion for helping your town.—Bronte Enterprise.

Even Uncle Sam has not escaped the Jitney fever. He has bought four big buses and is after the nickels with the best of them down in Panama. Ralph Waldo Trine says: "Within yourself lies the cause of whatever enters into your life. To come into the full realization of your own awakened interior powers is to be able to condition your life in exact accord with what you would have it." It is consoling to know that poets are born and not made. Were some of them made it would be difficult to ever find the maker of them.

The Newest Overland \$325 Less Than Last Year

The 1916 Overland is essentially the same as the 1915 Overland—the famous Model 89 that sold for \$1075.

But the price is \$325 less.

The stream-line body is the same as the 1915 model of last season.

It has the same magnificent finish; that deep, rich tone of dark Brewster green

with fine hairline striping of clear ivory-white.

It has the same powerful, economical thirty-five horsepower, four-cylinder motor, but weighs less.

It has high-tension magneto ignition.

It has the same under-riding rear springs. It has the convenient arrangement of electric control buttons on the steering column.

It has the same easy-working clutch which any woman can operate; the same "easy to handle" shifting levers; the same "easy to steer with" wheel; the same positive brakes.

It has 33" x 4" tires which is unusual on a car at this price.

In detail, finish, mechanical fitness, comforts and conveniences, this newest Overland gives you all there was in the

1915 Overland and even more power.

And it costs you but \$750—\$325 less than last season's large 35 horsepower Overland

THE VOICE OF NOW!

It is the present, the today, the NOW in which we are interested. Shakespeare wisely says:

"Tomorrow never yet

On any living mortal rose or set."

It is the printed page which deals most intimately and with the greatest detail in the movements of the present. It is THE VOICE OF NOW proclaiming to the world the things that are happening today. The government of the United States is NOW gravely concerned in certain aspects of the war in Europe and has had thrust on it several serious international problems which are NOW in process of solution. The American farmer is NOW interested in this titanic struggle, for his interests are being affected by it today and will be tomorrow, and he wants to keep in close touch with it NOW.

EVERYBODY is interested in the cotton crop from the time of its planting to the days of its harvesting and marketing. They want to know "the NOW" in all that pertains to the great Southern staple; they want to know "the NOW" of all other agricultural markets, the latest in modern farming, the facts of the warehousing problem, and all else that pertains to the progress of the time in every theater of life.

The tens of thousands of men and women who know the Semi-Weekly Farm News know it is "THE VOICE OF NOW," telling in direct and positive tones of what is going on at home and abroad.

Better Construction at Lower Cost

STUDY THESE CUTS

What Interlocking Tile Is

It is a general wall-building material, suitable for use in every character of structure, from the cottage and small store to the mansion and skyscraper.

In it are combined the "cooler in summer, warmer in winter," and lightness of weight features of the hollow wall, with the strength of brick and concrete; in addition, it interlocks in the wall, making the strongest and most rigid wall that can be built. Every unit is a header.

Interlocking Tile is not to be confused with ordinary square tile, which is only designed and intended for partition, and other interior non-load-bearing walls.

WHAT INTERLOCKING TILE DOES FOR ITS USERS

It builds at amazingly low cost (little more than that of good frame) walls that are non-conductive, light in weight, damp proof, comfortable the year around, and more efficient in every way. It increases the buying value of the building dollar.

Studebaker Automobiles

Have established headquarters in Snyder, located at the M. A. Baird stand on the East side of the Square, where they will exhibit the different makes of 1915 models of this excellent car.

If you are in the market for an automobile don't fail to investigate the qualities of these machines. You will not be disappointed.

The timid old lady asked the baggage master if her parcel would reach "Frisco intact."

Said that official, "Let's see."

Thereupon, he threw it on the floor. Once, "That's for Chicago." Twice, "That's for Kansas City." Third, "That's for Denver." The fourth time, he dashed it on the floor with extra violence. The box broke. The contents were scattered about.

"You see, mum, it wouldn't reach."

Fortunately, you are not in that position. You do not have to RISK the trial of the various things you need in your home or business. You can pick out a well-known article, one that has been tried and tested for years under actual working conditions in other places. Among such articles the trade mark "Texaco" has secured for Texaco Products the recognition to which their careful preparation and their suitability for the purpose entitles them.

Whether you use steam, electricity, or gas; whether you operate a farm, cotton gin, laundry, ice plant—anything.

There is a Texaco Product for you—under the "Made-in-Texas" Red-Star-Green-T emblem. Order from our agent.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and cannot salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results" said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid, stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

MATTHEWS
"THE QUALITY SHOP"

BETHEL

A nice rain visited this portion of the country Saturday. It will benefit crops a great deal as they were beginning to need it.

Stone Carden, F. L. Davis, and W. W. Davis threshed their wheat, oats and rye last week. The yield was short on account of the weather. Mr. Davis threshed 383 bushels off 34 acres; Mr. W. W. Davis threshed 150 some odd bushels of oats off 7 1/2 acres. We never found out Mr. Carden's yield.

The Darby thresher broke down Thursday and didn't run any till Friday evening.

Mr. Aurthur Dennis returned from Brownwood last Wednesday with some relatives.

Mrs. F. L. Davis visited Mrs. Mattie Dennis Friday.

Mr. W. B. Seaburn was a short caller at the F. L. Davis home Friday.

John Davis baled over three hundred bales of Sudan Grass hay off some 12 acres in cultivation.

The Bethel picnic will be August 7th. Be sure and attend. Besides other features a ball game will be pulled off for the benefit of the fans.

Prof. Berry, B. McPherson, Bob Wren and Jake Glover were visitors of Stone and M. A. Carden Friday. Incidentally they tossed up a few bundles for the thresher, which was threshing on the Carden farm.

Mr. M. Mynard and wife and little son Loyd, Hugh Davis and Mac Davis were visitors of Mr. and Mrs. F. L. Davis, Wednesday and Thursday.
