HORRIBLE TRAGEDY ENACTED MONDAY

SANTA FE EXTRA FREIGHT 1061 WEST BOUND COLLIDED WITH AUTOMOBILE

GARLAND G. WRIGHT KILLED

Two-year Old Baby Girl Seriously Hurt Not Fatally Hurt

Monday night at 7:40 extra freight train No. 1061, west bound, in charge of Conductor Geer, collided with an automobile driven by Little Westbrook, occupied by himself, his two year old daughter and W. Garland Wright, in which the latter was killed. The automobile was demolished.

The accident occurred about a half a mile east of the Santa Fe station in Snyder. Mr. Westbrook was coming around the Massey home, out of view of the track. It is said the train was running at a thirty mile rate and struck the auto just as it mounted the railroad track. The force of the collision threw Mr. Wright against the engine, the blow striking his head, which was crushed in a manner as to cause instant death. Mr. Westbrook threw his baby to the ground as he was thrown to the catcher of the engine. It is stated that a brakeman on the pilot caught him and prevented him from rolling off in front of the engine. He was badly bruised up, as also was his baby when she struck the ground. Neither of them, however, are considered dangerously injured.

The body of Garland Wright was taken to his home, which was near the scene of the accident, and funeral arrangements placed with Undertaker R. M. Stokes. Services were held at the family home in North Snyder, Wednesday morning at 11 o'clock, conducted by Rev. Wm. Pearn of the Christian church. Interment in Snyder cemetery.

SWEETWATER REUNION

Sweetwater, Texas, August 19—One of the most interesting reunions ever planned or held is to be that of the pioneer cowmen of the days of free grass era, embracing the period previous to 1885 which is to be held near Sweetwater on September 7th the occasion of the West Texas Water Supply and Sweetwater Demonstration. Personal invitations have already been sent out to every known cowman and cowboy of that period and replies have already been received which indicate that there will be a splendid attendance. The invitations are signed by a committee of five old time cowmen of Nolan county and vicinity.

The old timers expect to entertain as their guest on that occasion, Governor Ferguson, treating him to an early morning ride to their cow camp and a real camp breakfast. Between 150 and 200 cowmen will be in attendance.

Every arrangement for making the visitors feel that they are in a real cow camp is being made and whether their surroundings will constitute the hardships or the pleasures of the camp is roundup time, the guests will decide after gathering. Their camp will be a model one of the day of '85 where they may use whatever implements were in use in those days and where they may exercise to the fullest degree the right of total self-government.

So far as is known, every cowman of those days in Texas has been sent an invitation, but if any has been overlooked, the committee explains that he is invited too, for it was nearly impossible to gather the names of all the men who were here then and who have moved since to many other sections.

J. B. Pickle, an ex-newspaper man now engaged in the real estate business at Snyder was a visitor in Post City this week. Mr. Pickle was highly pleased with the appearance of our town and county and will probably locate some farmers on the best farms.—Post City Post.

SNYDER SCHOOLS OPEN SEPT. 13TH.

SCHOLASTIC ENROLLMENT HAS INCREASED 23 PER CENT OVER LAST YEAR

OPENING EXERCISE PROGRAM

Program Will Be Held at City Park Auditorium at 9:30 a. m. Monday, September 13th.

The public schools of Snyder will begin the next session on Monday September 13th at 9:30 a. m. The opening program will be held at the City Park Auditorium.

We hope every patron of the school will attend and help to make the opening a success. Your co-operation is very much needed at this time for we are now entering upon the most trying time of the Snyder schools, scholastic enrollment for the year shows an increase of 23 per cent over last year. This even does not do us justice as there were many pupils in school last year who had moved out temporarily when the census was taken. The outlook for crops is good and many people are leaving the less prosperous sections of the East and coming into our midst to enjoy the fruits of the prosperity. Let us welcome them into our midst and give them in addition to their material satisfaction the best in the way of schools.

The added number of students will bring an adequate financial support and hence it will be a difficult proposition to give them the best schools under these circumstances. It takes a combined effort on the part of every patron and every interest in the city. Snyder has for years had the reputation of having the best schools in this section of the state. It may still occupy that enviable position if the people will but rally to its support. Your attendance at the opening will demonstrate your interest and co-operation.

Thanking the citizenship of Snyder for their unstinted support in our efforts to build up the schools and craving a continuation of the same I am, Respectfully,

E. A. WATSON, Supt.

The following programme will be rendered:

Invocation—Rev. M. T. Tucker.

Opening Address—B. F. Pryor, President of School Board.

The City—Hon. J. Z. Noble, Mayor of Snyder.

The School: Its relation to the Community.—Judge C. C. Higgins.

The Community: Its relation to the schools.—Hon. T. P. Perkins.

The Policy of the Schools for This Year.—Supt. E. A. Watson.

Music will be provided. Everybody invited to be present and add in every way possible to the interest of the occasion.

W. W. Whitehead, 7 miles east of Snyder presented the Signal with some very fine samples of Elberta and Chinese cling peaches Monday.

More Peaches

The Signal acknowledges receipt of a bucket of very fine peaches presented by Rev. W. W. Werner.

"SIX SHOOTERLESS"

SHERIFF APPOINTED

Tom McClure famed as the Texas sixshooterless sheriff, candidate for State Comptroller last year and prominent in politics for many years, was appointed captain of the north side police station this morning to succeed Captain Coffey who was shot to death two months ago. McClure served in several West Texas counties as sheriff.—Fort Worth Star-Telegram.

An Appreciative Letter

Harlingen, Texas, Aug. 12.

Snyder Signal:

Dear friends: Here is a dollar.

Send the Signal to me. We are very lonesome when we don't get it. The excitement here is still pretty high. Hardly a day or night passes but what some one is killed. I haven't got me any Mexican yet but think I will if they keep on raging.

Yours truly,

J. A. ADAMS.

LEO M. FRANK WAS LYNCHED BY MOB

FRANK WAS TAKEN ONE HUNDRED MILES AND HANGED TO A TREE

HANGED NEAR PHAGAN HOME

The Body, Barefooted and Clothed in Prison Garb Found Two Miles from Marietta

Marietta, Ga., Aug. 17.—A small but well organized mob took Leo M. Frank from the state prison farm at Milledgeville late last night, brought him 100 miles to almost within sight of the former home of Mary Phagan, the girl he was charged with killing, and hanged him to a tree. No shots were fired.

The body, barefooted and clothed only in prison trousers and shirt, was found two miles from Marietta at 8:30 this morning. It is believed the lynching occurred about daylight.

While officers are searching the country about Milledgeville early today, local officials view as significant the fact that several automobiles well loaded had left the town in the direction of Milledgeville last night. After the return of some of these machines officers started out on the road which they believed the autos had traveled. They had gone only two miles when they saw the body of Frank not more than 150 yards from the road side.

News that the body had been found spread rapidly in the town and surrounding country. Within a short time hundreds of persons crowded the Roswell road on their way to the scene. At 9:15 no effort had been made to cut down the body. Sheriff Hicks was not in town and the coroner took no immediate action.

GREAT WHITE WAY BEING INSTALLED

The beginning of a "great white way" for Snyder commenced yesterday when the Snyder Ice and Electric Company placed the equipment on the South side of the square for street lights as per contracts signed several weeks ago.

It is expected that the entire city will fall in line and put in awning lights.

Peaches, Apples and Pears

The Signal is the recipient of a basket of peaches, apples and pears from the splendid orchard of W. D. Sims of Snyder. The fruit production this year is varied and plentiful.

Notice

All scalps upon which a bounty is paid under the law must be presented to the Commissioners' Court on the second Monday in each month.

GALVESTON AGAIN SUFFERS DAMAGE

BUILDINGS ALONG THE WATER FRONT ARE RUINED—MANY BOATS WRECKED

WATER CLIMBS BIG SEA WALL

Wireless From Transport Beaumont Gives News of Destruction Wrought by Storm

Fort Sam Houston, Aug. 17—Replying to your wire to General Funston following latest bulletin from transport Buford at Galveston 5:30 p. m.:

"Water in business section is about three feet deep. Considerable damage done. All business houses and residences on water front ruined. Grain elevators and docks wrecked. Barges and tugs sunk at docks. Large steamers broken loose at docks. The transport McClelland aground high and dry. Number of lives lost not known."

We have no communication with Galveston except through transport Buford which is cut off from Galveston.

HAY, Chief of Staff.

The foregoing was in response to a message sent to General Funston by Geo. B. Dealey, vice president and general manager of the News, asking on behalf of the thousands of people interested that the Galveston News be permitted to send one hundred words to the Dallas News by Government Wireless and promising to give this hundred words to all news distributing associations. As the transport Buford is cut off from Galveston, this it seems was impossible.

The Government wireless station at Brownsville picked up a brief message from Galveston yesterday afternoon that the storm was subsiding.

The statement in the message from the transport Buford that the number of lives lost is unknown, leaves it to open speculation as to whether there were any lives lost.

There has been no wire communication with Galveston since Monday night at 8 o'clock, or with Houston since 1:45 Tuesday morning. Wires to Beaumont were down yesterday. It is expected that communication will be reestablished immediately.

FIRST STORY OF GALVESTON STORM—THIRTY NINE DEAD

Houston, Aug. 18—One newspaper man has been into Galveston and has returned. This is the summary of his report:

Fourteen persons are known to have drowned in Galveston proper and 25 at Virginia Point and a few scattering.

One hundred are marooned on Red Fish reef. All three of the big bath houses, Murdock's, the Breakers and the Surf, are absolutely gone. In front of the Galvez Hotel is a 20 foot break in the sea-wall.

Four hundred houses have been destroyed along the sea front. Galveston is in need of drinking water. Several ocean liners are high and dry or will be when the water subsides.

Both ends of the Causeway are out and two barges battered away several of the arches in the center.

It will be a week probably before a railroad train can get into Galveston, maybe longer.

Captain J. A. Blackman, from Galveston reports seeing a number of bodies in the bay. This may increase the death list. The water stood five feet in the streets of the Galveston business district. The wind velocity reached ninety two miles an hour for awhile. Ships can be found in all manner of inconceivable places.

Fifty people in the Causeway Hotel at Virginia Point, when the hotel collapsed, saved themselves out of a total of about 75 in the place. One man shot himself in the presence of the panic stricken women and children.

Galveston is under martial law. The older portion of the Santa Fe depot was wrecked.

Three fires started Monday night. No Galveston Newspaper has yet been able to issue.

CITATION BY PUBLICATION

THE STATE OF TEXAS
County of Scurry
To the Sheriff or any Constable,
Scurry County—Greeting:

You are commanded to summon Houston Jones, Jane Clanton, Laura Black and Nancy White (married again present name unknown to these your petitioners) by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the said 39th Judicial District; but if there be no newspaper published in the said 39th Judicial District, then in a newspaper published in the nearest District

to said 39th Judicial District to said Houston Jones, Jane Clanton, Laura Black and Nancy White, to appear at the next regular term of the District Court of Scurry county to be holden at the Court house thereof in Snyder on the second Monday in September A. D. 1915, the same being the 13th day of September, A. D. 1915 then and there to answer a petition filed in said court on the 12th day of August 1915, in a suit numbered on the docket of said court No. 1805, wherein Alice White, Dave White and Susie Wesson are plaintiffs and D. A. Jones, J. A. J. Jones, John Jones, Tom Jones, Martha Green, Maggie Dowdy, Houston Jones, Jane Clanton, Laura Black and Nancy White are defendants; said petition alleging that the said Alice White, Dave White and Susie Wesson are heirs of the estate of W. C. Jones, deceased, by reason of the fact that their mother Bettie White was the sister of W. C. Jones, deceased, that their mother is dead, therefore they as the children of said Bettie White, are entitled to the share of the estate that their mother, the said Bettie White would have been entitled to were she living; that the said W. C. Jones died intestate and without issue; that the father and mother of the said W. C. Jones are both dead, as is also his wife; that letters of administration by an order of the County Court of Scurry County, Texas were granted to D. A. Jones and J. A. J. Jones at the October term, A. D. 1913 on the estate of the said W. C. Jones, deceased, and said administration is still open and pending in that court; that there has been one term of said court after the expiration of twelve months from the original grant of said letters of administration and the assets of the estate are now in the hands of the administrators, and are by a large amount, more than sufficient to pay all the debts and expenses of every kind which have been approved or established by judgment, and also the probable expense of administration; that the residue of said estate is subject to partition and distribution; that D. A. Jones, and J. A. J. Jones, administrators of the estate, John Jones, Tom Jones, Martha Green and Maggie Dowdy are all more than twenty-one years of age, and reside in Scurry county, Texas;

that Houston Jones, Jane Clanton, Laura Black and Nancy White, whose ages and places of residence are unknown to these your petitioners; that the above named petitioners herein are residents of Lauderdale County, Alabama, that the above named parties are all and the only lawful heirs of said estate.

Wherefore petitioners pray the court that the said Houston Jones, Jane Clanton, Laura Black and Nancy White (married again present name unknown to these petitioners) be cited by publication to appear at the next regular term of this court, and show cause why a partition and distribution of the residue of said estate should not be made among the heirs thereof.

Herein fail not, but have before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Clerk of the District Court of Scurry County,

Given under my hand and seal of said court, town of Snyder, this 12th day of August A. D. 1915.

STATE FAIR AMUSEMENT FEATURE.

Dallas: New, novel and up-to-date, with splendid attractions as features, describes the Amusement Park offerings at the 1915 State Fair of Texas, which begins in this city Saturday, October 16.

C. A. Worsham, who is at the head of this big carnival attraction, has achieved a national distinction for producing clean, entertaining and wholesome shows.

Among the prominent ones for the State Fair may be mentioned the society horse show, where no less than seven trained and educated horses are the participants in a monster program, headed by Miss Essie Fay and her equine paradox, "Arabia," the horse with a human brain.

Then there is the Hippodrome, the Mecca for all those who enjoy circus and wild animal acts. Here Mlle. La Rose, the interpid trainer of seven lions, will show them off to a real advantage. Other features will prove entertaining in the extreme and well worth seeing, whilst, in addition, there will be an extensive menagerie filled with strange and curious animals, reptiles and birds from all parts of the globe.

The auto stadium is a place where thrills will be produced at the rate of one per second. Here four riders, one of them a woman, Mlle. Marie, late of the vivandiere of the Chasseurs D'Afrique of the French Army, will drive high power racing autos around a perfectly perpendicular wall, flirting with death at every performance. Mlle. Marie and three other riders attempt the globe of death at one and the same time and their performance is hair-raising to a degree.

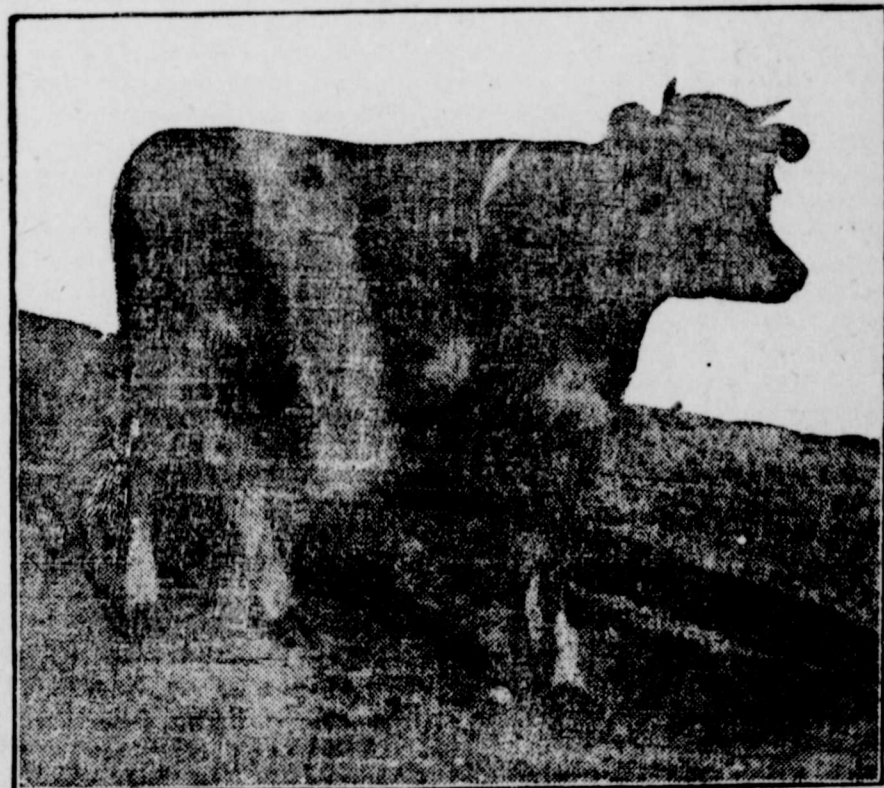

The Miracle Girl with Miss Etta Louise Blake in the title role is an exceptionally good attraction, devoted to mystery, mirth and music. The poses will be found to be most artistic, the singing and other spectacles re-fiden, and the big spectacle, "Pharaoh's Daughter," exceptionally interesting and worth while.

Among the other features may be mentioned Zetta and her tango queens; "Neptune's Daughter," with Miss Lillian Cooley, famous swimmer, in the leading role; the Phillippino Midgets; Princess Carite, a diminutive entertainer; A Trip to Mars; Crystal Tangle and Crazy House.

Mr. Worsham brings to the State Fair a high-class musical organization—the famous Jameson Band of forty trained musicians and instrumental soloists.

In other words the carnival end of the State Fair this year will be what it ought to be—well produced, well fitted and well managed.

Cavalry, artillery, air scouts and polo teams from the United States Army will, it is believed, form a big encampment in the race track infield during the run of the State Fair. This will be a big feature with visitors, as a splendid army program will be assured. The program will be entirely different from that which created so much interest last year. Artillery drills, exhibitions by the aerial branch of the army, cavalry drills will make a realistic war presentation that will be both educational and thrilling.

A STATE FAIR PRIZE WINNER.

Dallas, "The Show Window of Texas Industries"—that's the 1915 State Fair of Texas in an nutshell. The State Fair begins Saturday, October 16, and closes Sunday, October 31.

All of the important activities of the State will be represented as never before—agriculture and kindred industries; livestock and the dairy interests; manufacturing—in fact, a splendid array of exhibits mirroring the progress of Texas and the achievements of her people.

The State Fair will furnish an education so practical and so broad as to appeal to all—and particularly does this apply to the splendid exhibits now being prepared by the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts; and other educational institutions of the state.

The girls, and boys of the State are interested in judging contests and in the prizes offered for boys' and girls' club work; and in the splendid building housing the textile, culinary and fine arts departments there will be much to interest the women and girls of the State.

County exhibits filling to overflowing a mammoth building; three thousand head of registered stock; twenty-five hundred blue-blooded fowls; ten acres of machinery and implement exhibits; an automobile show of 1916 models; a fine art exhibit valued at more than \$100,000; an industrial arts exhibit that will interest the housewife; a superb showing of styles and fashions in women's wear, millinery, jewels; in fact, something to interest every man, woman and child in the state—this gives some idea of the 1915 Exposition.

Offerings in the livestock department are the richest of any in the country. This year approximately \$20,000 in premiums and specials will be awarded for exhibits of cattle, horses, sheep and swine. All of the big organizations in the country with livestock men as members are offering special premiums. Applications for stalls and pens received indicate that the display will be mammoth in proportion.

The dairy and creamery interests will be represented in three divisions—dairy cattle, dairy demonstration and dairy products departments. These three features are of special interest to dairymen and dairy cattle breeders; the awarding of the American Jersey Cattle Club's special premium for the best Jersey cow, get of sire, breeder's young herd, grand champion bull and grand champion female; the twelve days' competitive dairy test for butter fat; and educational displays and lectures dealing with the dairy and creamery business.

A staff of experts from the A. and M. College will spend their time at the Fair giving attention to helping Texas farmers with their home problems.

WILSON IS FIRST

Prominent American business men regardless of party affiliations have expressed the belief that there will be no national party issue in the Presidential campaign in 1916. The present administration has done more than any other in fifty years to establish fair tariff regulations and a sound financial system and the next campaign it is thought will be laid on lines of international relations. There is an element in this country that wants peace at any price any other that favors war at any cost. The Wilson policy is peace on reasonable and humane terms, but war if we must have it, and as a precaution there will be a demand for preparedness in the way of equipment in guns and ships and the training of soldiery, but the campaign is apt to be pitched on the idea of influencing other nations to settle their differences along lines of justice and humanity.

It has never been the policy of the United States to go about with a coat of mail to dare other nations to war. Ours has been an attitude of peaceful pursuit of happiness and prosperity. Established laws of Nations founded upon principles of righteous interchange of traffic have been strictly observed by this government and upon that principle we expect to hold the respect of the world. President Wilson has strictly adhered to that principle and the people of the United States approve his course. While contending for peace he shows a wise disposition to be prepared to assert the American right of unrestricted commerce by forceful means if it be found that other nations shall refuse to listen to the voice of reason and justice.

This attitude proves the greatness of his mind and his purity of purpose and all the country will look to him to maintain our National dignity.

The Fort Worth Record doesn't believe that recognition by all nations of any one faction in Mexico would bring peace to that country. The Record is probably correct in thinking there would still be revolutions and uprisings, but such lawless bands could not accomplish much against an organized government supported by all other powers.

ENGLAND'S DESIGNS ON AMERICAN COTTON

The time has come in this country according to views of men who are watching the trend of business affairs, when the people who produce the wealth of the nation should stand together in self protection against foreign and domestic speculators. The cotton market is opening around nine cents a pound—a pretty fair price as compared with prices in 1914, but there are logical reasons for believing that American cotton will be in demand at much higher prices. It has been argued that the demand for clothing and tents for the soldiers in Europe must be supplied from here and since it required 300 pounds of cotton to make the explosive to shoot off one 12 pound gun the untutored figurer can hardly comprehend the immense quantity of cotton needed to prosecute so prodigious a campaign as is now going on.

The American people are in position to control the situation and can do it, unless we submit to the machinations now believed to be in operation by commercial interests in New York and London.

Great Britain is jealous of the growing commercial power of the United States. America has sold mules and horses and provisions in Europe to an extent not hitherto known and the balance of trade in favor of the United States has aroused London to a point in hedging against England's loss of power. It is not surprising that Germany has seen fit to go the limit of her power to prevent American supplies from reaching the allies and in doing so she has violated shipping laws as to neutral countries, but it has remained for Great Britain, in her frenzy to go beyond the limit of reason. Her order in council declaring blockade against cotton shipments to German ports was so manifestly untenable, that she will hardly have the audacity to try to enforce it, therefore she is resorting to a new scheme. She is acting on the belief that if American people cannot be forced they can be bought and on that theory she is seeking the cooperation of the commercial and financial leaders in this country to take over all the American cotton. She proposes to put millions of dollars into this country and has already done it, to buy the cotton crop and American interests can be found to join her scheme.

In this way, it is believed, she hopes to prevent Germany from getting any of the staple and then in course of time she will be in command of the cotton situation. Instead of forcibly preventing an open sea traffic she hopes to establish an absolute corner on the cotton supply. It stands to reason that when she gets America's cotton in her warehouses she will manipulate prices to suit herself. With foreign competition removed she can exercise her greed to the limit.

What are we to do about it? We have made the cotton to sell and usually we sell it at whatever is offered.

Now the American people have been led to believe that the present administration had provided for just such emergencies. Our banking system has been re-arranged with a view to warding off money stringency. If the government will see to it that the banks of the country shall advance the farmer a reasonable percent of the value of his cotton, the staple can be stored and held until Great Britain and other nations must have it.

If farmers rush it to market now because they can sell it for nine cents they will see later where the purchasers will dispose of it at much higher figures. Cotton growers who are studying the proposition believe it will pay to hold it. The supply is evidently below normal and the demand greater than ever before. It appeals to us to sell our stuff when a good price is offered, no matter who

the purchaser may be and we are not averse to selling it to England, but we ought to stand pat and see that England pays us as much as conditions of supply and demand will warrant.

WITH OUR EXCHANGES
She Let the Cat Out of the Bag:

The Big Springs Herald gives an account of the announcement of the engagement of a Big Springs girl in an unique way. She gave an entertainment to her friends. At the end of a recital of a piece of poetry entitled, all's well that ends well, a small girl ran into the room carrying a paper bag and said she was going to let the cat out of the bag. She opened the bag and out jumped a cat with a card attached to its neck on which was written the names of the parties and the date of the marriage.—Borden Citizen.

The Ford Keeps Chugging:

Old Zeke sold his hogs one day, and the gosh darned fool threw his money right away; he rode into town sittin on a board, and came riding home in a darned little Ford. When he came to the house and got to the gate, he shut down the throttle and put on the brake, he grabbed for the reins; get the throttle instead; darned little Ford kept chugging ahead. Zeke jerked out the levers and turned on the gas, he kicked on the pedals and broke out the glass; he cut all the wires and he pulled off the top, but the darned Ford just wouldn't stop. He pulled out his knife and he smiled so serene, cut a hole in the tank, drained out the gasoline; he pulled out his gun, shot the tires full of lead, but the gosh darned Ford kept a chuggin' ahead.—Swiped.

What the Outside World Thinks of Snyder:

Snyder is to have a band stand on the court house square and the band will give concerts every evening for the entertainment of the people. Snyder, for many years was a struggling little town anxiously awaiting the coming of a railroad but by the constant and consistent efforts of her citizens she now has two railroads. Since March 1st she has shipped 202 cars of stuff over the R. S. & P. Ry. alone besides the part car loads. Snyder is one of the most beautiful and prosperous little cities in West Texas. She has just reorganized her Commercial forces preparatory to accomplishing greater things.—Borden Citizen.

Checkers:

Blessed is the name of checkers! Any poor devil can play checkers; in fact, checkers is very much like rheumatism—a poor man's game, but a poor fellow has to be a bully to play foot ball, a scientist to play billiards, a society leader to play "42" and a millionaire before he can play golf. You never heard of a country editor playing golf, did you?—Ford County News.

CATTLE FEEDING (A. M. Hove)

Actual figures from the feed lot are always interesting even to the average feeder. Many are not willing to take time for detailed accounting and the daily use of the scales. D. L. McDonald of Hereford, Texas has just supplied details from his steer feeding last winter and he proves the value of kaffir corn in the feed lot.

In December 1914 Mr. McDonald placed seventy head of three year old well bred Hereford steers in his feed lot north of town. They weighed in at 1031 pounds average and after being fed 151 days weighed out at 1367 pounds average, a total gain per steer of 336 pounds and average daily gain of 2.22 pounds. The original cost per head was \$75.92 and the selling price \$108.85.

The average daily ration per steer was kaffir corn silage thirty pounds, alfalfa hay ten pounds, cane and fodder ten pounds, and milo maize chops fifteen pounds. The market price of feed per steer was \$33.60 and the cost of raising the feed per steer \$14.96.

"These cattle" says Mr. McDonald "were bought last fall on a high market and of course sold on a market very much lower. The margin between the purchase and selling price was not sufficient to show big profits, still we got a fair price for the feed consumed, which included a lot of alfalfa hay which was not marketable at any price. We also have a large amount of fertilizer on the farm which is very valuable to the land.

"I believe" he continued, "the showing is very creditable, considering the feeding period and the amount of feed consumed. The average daily gain compares favorably with corn fed cattle and these steers sold in competition with Missouri corn fed cattle and brought a top price.

About Dodge Cars.

The following letter has just been received by the LaGrange dealer from one of his recent purchasers of a Dodge Brothers Motor Car.

"I arrived at home alright, but had a terrible experience. About two miles out of Shiner I met the water and mud coming down these hills from rains that had just fallen. We plowed through it, sometimes going into second. This continued for about six or seven miles, then we got to where little rain had fallen, arriving at Wied store, I stopped fifteen minutes and phoned you as you remember. As we left Wied store, a small cloud was approaching from the South which developed into a heavy rain, a real water spout, almost. I have not been in such a heavy rain in many years. It rained so hard I had to stop the car twice. I couldn't see to drive, could not see the road, water was over axle in places, and ravines and small branches had to be crossed where you couldn't see whether culverts were there or not. We plowed right along through this, up hills and down slants, narrow roads, slippery and sliding, al-

most going into the ditch several times and finally rounded up at home safe and sound but Mrs. Long and the children were scared to death all the time—as for me, I knew I could stop the car if it started in the ditch and if I couldn't get home I could stay somewhere on the road. We washed the car immediately and it now shines as if new. It is a Puller believe me, and I believe if any "Doubtful Thomases" had been along they would have been convinced. I think more of my car now than ever. It has proven itself."

THE VOICE OF NOW!

It is the present, the today, the NOW in which we are interested. Shakespeare wisely says: "Tomorrow never yet On any living mortal rose or set." It is the printed page which deals most intimately and with the greatest detail in the movements of the present. It is THE VOICE OF NOW proclaiming to the world the things that are happening today. The government of the United States is NOW gravely concerned in certain aspects of the war in Europe and has had thrust on it several serious international problems which are NOW in process of solution. The American farmer is NOW interested in this titanic struggle, for his interests are being affected by it today and will be tomorrow, and he wants to keep in close touch with it NOW.

EVERYBODY is interested in the cotton crop from the time of its planting to the days of its harvesting and marketing. They want to know "the NOW" in all that pertains to the great Southern staple; they want to know "the NOW" of all other agricultural markets, the latest in modern farming, the facts of the warehousing problem, and all else that pertains to the progress of the time in every theater of life.

The tens of thousands of men and women who know the Semi-Weekly Farm News know it is "THE VOICE OF NOW," telling in direct and positive tones of what is going on at home and abroad.

C. W. Post Home Farms

We are building up a community of actual home owners and are anxious to interest good, dependable men in our undertaking. We will sell raw land on which we will place improvements and charge against the land. In other words should you buy 160 acres, we will improve the same with a 4 or 5 room dwelling (with water piped into the kitchen), well and windmill, sheds for chickens, hogs and stock, and a silo if wanted. These improvements will cost from \$1500 to \$1700. We will not sell land unless it is to be farmed—no speculation.

One can buy 160 acres 10 to 15 miles from Post City, but near a school, at \$20 to \$22 an acre, plus the improvements mentioned above. We will sell you the land and improvements for a payment of \$2 per acre (\$320) down and \$1.75 an acre (280) per year at the unusually low rate of four per cent interest. Notes on or before. Payments cover both land and improvements.

Farms on the plains will be sold during 1915, to be occupied early in 1916, for \$2.00 an acre down and terms as above. Interest does not start until you go on the land. Next payment Jan. 1, 1917.

Also have just classified and put on the market the breaks, or grazing land. These lands will sell from \$6.00 to \$12.00 per acre. \$1.00 per acre cash, 50c per acre per year until paid out at 6 per cent interest. This goes in tracts of 640 acres and up.

I have leased the building recently vacated by The Snyder Garage which is located just one block west of the Post Office where I will keep a service station for DODGE BROS. and FORD AUTOS.

Will carry in stock a complete line of parts and accessories for the cars and will do my best to please every one who calls to see me.

If you are an owner of a DODGE BROS or FORD CAR it will be worth your while to visit our place.

We are receiving every day auto parts and accessories for these cars and will soon have in stock anything you will need for your car.

Truly yours,

Thursday, August 19th at three o'clock at the Lon Smith ranch 8 miles northeast of Snyder, Pastor M. T. Tucker of the Baptist church united in matrimony Mr. Neil Smith and Miss Fannie Armstrong. They are two of Scurry county's fine young people and we join their many friends in wishing them a happy and useful life.

Grain Shipments

H. B. Winston says he is now loading for shipment at Snyder four cars of wheat and two cars of oats; at Dermott, one car of wheat and at Fluvanna, one car of barley, one of rye and one of wheat. This is an indication that Scurry county's small grain crop is being marketed.

REV. W. A. ERWIN, Evangelist

THE REVIVAL MEETING AT FLUVANNA, TEXAS

It was announced in last week's paper that the big evangelistic campaign, under the leadership of the Erwin party would begin about the 18th. Owing to the extension of the campaign at Sabano, the Evangelists will not get to Fluvanna until the last of the week. The meeting will therefore not begin until Sunday August 22nd.

We have arranged to use the big cotton warehouse, which is conveniently situated, and a most excellent place for a great meeting. By Sunday we will have seats, rostrum and lights provided so that the meeting will start with a big momentum from the beginning.

Remember that we will have fine preaching, splendid music and are expecting a great revival. While the meeting will be under the auspices of the Presbyterian church, other churches will co-operate and we will all work together for the upbuilding of the Master's Kingdom. The gates will be wide open to all who will. Leave your coats at home (if you want to) come early, get your cup full and then help the other fellow. What do you say?

"Enter into his gates with Thanks giving and into His courts with praise: be thankful unto Him and bless His name."—Ps. 100:4.

Very cordially,

Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

UGH! CALOMEL MAKES

YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50c bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel, and without griping or making you sick I want you to go back in the store and get your money. Take Colomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless so give it to the children any time. It can't salivate you, so let them eat anything afterwards. (11)

TER CONSTRUCTION AT LOWER COST

STUDY THESE CUTS

Interlocking Tile is so Widely Used

any years the public—you—has needed a building material that would be better than anything heretofore in use, and at the same time be within the reach of all in cost.

Interlocking Tile is being used from New England to the Pacific slope, from the Great Lakes to the Gulf of Mexico, because it is filling this demand. In Texas every section is using this material for every class of building, it being more especially adapted to our climate than any other.

Nothing can compare with a material that builds fireproof walls that are cooler in summer, warmer in winter, stronger and more rigid, and at the same time cheaper than brick. Interlocking Tile does this.

Just why these apparently impossible, "too-good-to-be-true" things are so is fully explained in our literature, government reports, etc. Write for this data and information now, even if you do not intend to build until later. You will be well repaid.

from the Enterprise:

J. W. Wemken and family spent Friday visiting friends in Lohmeyer.

Mrs. J. W. Patterson is reported to be sick at her home three miles northeast of town.

Mr. Harry Harlan, wife and children left Tuesday for a few days visit to relatives in Lamesa.

Prof. A. C. Tate returned Sunday from a two weeks visit to his rents in Stephens county.

Messrs. Jno. Adams, H. M. Mixon, and Prof. O. L. Howell attended the

picnic at Fluvanna Tuesday.

Miss Lizzie Terrell left Friday for Cromer, New Mexico after spending the summer here with relatives.

Mrs. Holiday and children from Hatchell are visiting Mr. and Mrs. Walter Gentry for a few days.

Mr. W. E. Anderson and family of Rising Star are here for a few days visiting Mr. Anderson's parents, Rev. and Mrs. I. N. Anderson.

C. I. Jaeggli an dwife returned on Wednesday from Fort Worth where they attended the funeral of Mr. Jaeggli's nephew, who died there a few days ago.

Jack Bills, with his family have

moved back to Hermleigh from Dunn and will have charge of the local telephone exchange.

J. E. Sturdivant sold and delivered two Dodge cars last week One was bought by R. C. Herm and the other by L. T. Patterson of the Pylon community.

J. E. Thomas and family returned from a trip to points in East Texas where they have been for the past two weeks on a visit to friends and relatives.

Bob Ford and family returned on Monday from May in Brown county where they have been for the past two weeks on a visit to their parents.

Miss Alice Neill who has been here for some time with her sister, Mrs. B. L. Blackburn returned to her home in Gorman Tuesday afternoon.

J. N. Anderson and family spent a few days the first of the week visiting Mr. Anderson's brother W. H. Anderson and their son Burnice. They returned to their home in Tuscola Sunday.

B. W. Beauchamp and family returned the first of the week from an extended trip to Motley county where they visited friends and relatives.

G. W. Mayo returned Saturday morning from a few days trip to Coleman county where he went on a visit to his son. He says he saw nothing in that part of the country that he would in any way compare with Scurry county. The crops were needing rain, and unless it did rain in a few days cotton would be a complete failure. However, he caught lots of fish and killed quite a number of squirrels which were the only things he did see that would induce him to make another trip.

J. M. Keffir who has been suffering with an ingrowing nail on one of his toes, had it cut out Saturday, which was a very painful operation. Jim says it seemed like every nerve in his body centered in his big toe.

Mr. B. W. Beauchamp was exhibiting some as fine sweetpotatoes as you will see grow on any black land in the country. Mr. Beauchamp says he only has a small patch of them in his garden but he will get several bushels from it.

J. P. Echols returned to Ft Worth Friday to resume his duties as salesman in the shoe department of the W. C. Stripling dry goods store, after a few days visit to relatives in Hermleigh.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Gained Four Days Out of Nine

Over in Oklahoma one of the business concerns using a great many wagons had been considering the question of axle grease.

Apparently no conclusion could be reached from the statements of competitive sellers of the products, so the company decided to make a test.

Two NEW wagons which had just been delivered to the company were selected for the test. To one wagon a competitive grease was applied on both front and rear wheels, Texaco grease being used on the other.

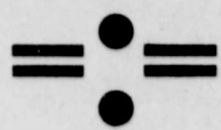

They were set to work. In five days the competitive grease was done, the spindles got hot and a new application was required.

IN NINE DAYS TEXACO GREASE WAS STILL GOOD, SPINDLES IN PERFECT CONDITION READY FOR ONE MORE DAY.

Texaco service on wagons is like Texaco service on anything else, ready to give unusual value to the man who uses it.

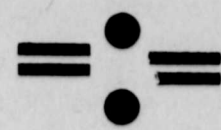

Take advantage of Texaco quality by buying the Red-Star-Green-T oils. Made in Texas.

FLUVANNA

J. M. Cunningham, of Abilene, once a citizen of our town spent a couple of hours here Thursday of last week, the object of his visit was to meet the townsite board, of which he is a member.

The picnic here last Thursday was a success from start to finish as far as we know. Not one single accident occurred to mar the pleasure seekers. A fine dinner and plenty of barbecued meat was one of the main features of the day, while there was a number of amusements to entertain the crowd with from the least to the greatest, such as the sack race, potato race, cigar race tournament and the greased pole and for the winner of either there were liberal

prizes given. Time and space will not permit me to give a full report of prize winners, but there is one thing that can honestly be said, that the people of our town and country know how to make a picnic or anything else a success they undertake.

Miss Bradley, of Mangum, Okla., sister of our fellow countryman S. A. Bradley is visiting himself and family this week.

Mr. and Mrs. J. E. Park of the Fluvanna Mercantile Company left Sunday for the Eastern markets to buy the fall and winter stock for the store.

W. L. Jolly, of Hater, Mo, is now located with us and has charge of the townsite property here and any one

who is desirous of locating here will do well to see him at once.

S. P. Smith purchased the two lots south of his residence and will erect a barn on them.

Our school will open Monday, September 6th.

The revival meeting at the Methodist church is being continued this week. Rev. Stephens of Snyder is doing able preaching and much good is being done in the way of the whole church being revived.

Mr. and Mrs. J. S. Haynes left on Sunday for Big Springs after spending two weeks with his brother H. H. and family, Fred having been down nearly six weeks with fever and visited here and is now visiting at Big Springs for his health. It is hoped that his trip will prove beneficial to him and he can soon return to his work at Snyder.

O. L. Howell of Hermleigh spent a couple of days here last week.

T. P. Cook, of Brownfield came in Saturday for a few days stay, looking after his interests in this part of the country.

Mr. Trussel and family returned Wednesday of last week from near Shreveport Louisiana where they have moved some two years ago. We gladly welcome them back again into our midst. People will become dissatisfied with West Texas and move away but they are most sure to return.

Dr. J. O. Lane and family and W. B. Dane and family left last week in their autos for Denver, Colo. and other points and will be away for three or four weeks.

Dr. A. W. Browning left Sunday for Park Springs, Texas with his father who has been visiting him the past two months and was not able to make the trip alone on account of his age.

Mrs. Edwin Dietz returned Tuesday from Asperment where she has been visiting the past two weeks.

Missionary Meeting

The Missionary Auxiliary met on Monday, August 16th at the Methodist church.

The president presided with 19 members present.

Mrs. Fred Clark gave a talk on Matanzas.

PELLAGRA AND HOOK WORM PERMANENTLY CURED

For eight years Dr. W. J. McCrary, a graduate practicing physician, has had the most remarkable success in curing Pellagra and Hook Worm diseases in his practicing territory in Northern Alabama, and now these wonderful Remedies are being offered to sufferers over the entire South. Cures have been effected in the very worst stages of Pellagra and Hook Worm by Dr. McCrary's Remedies, and the cure is permanent—not a temporary relief. Patients bed-ridden and out of mind treated seven and eight years ago for Pellagra were cured in a few weeks, and are in fine health today. Hundreds of testimonials are gladly given by these patients of Dr. McCrary.

ANTHROPOID APE STOLEN FROM AMERICAN MUSEUM

Police Puzzled Over Two Peculiar Robberies. At Present No Clues

One of the most extraordinary cases, which promises to outlive the recent McDougal Mystery was brought to the attention of the police last night, when Prof. Ashleigh, the famous anthropological expert reported that the skeleton of an anthropoid ape which he had placed in the American Museum for safe keeping and with which he had hoped to prove Darwin's theory of the descent of man, had been stolen.

It appears that the Professor only went through the formality of notifying the police and that previously he had sent for the detective who handled the MacDougal case for him and who had been his personal friend for years.

At the apartment of this detective a reporter learned last night in addition to other things, that the girl who had figured so prominently in the MacDougal case and formerly was the maid of Miss Ella Ashleigh had been employed by the mysterious detective to assist him in the future.

When a reporter rang the bell of the detective's apartment, he was ushered into the study of the criminalologist where he found the girl and her employer demonstrating the value of the pocket wireless. This is a most remarkable instrument about which great secrecy is being maintained. The detective told the reporter that he controls the only pocket wireless in existence, but beyond this he refused to say anything further. While the reporter was there a pretty young Salvation Army girl who gave the name of Miss Quigg called on

the detective, bringing an appeal for charity. The detective told the girl to return tomorrow for a check. Lenora, the detective's assistant, showed the girl out and was surprised to come upon Craig, the servant of Professor Ashleigh who had been listening in the hall. Just what business Craig had in the hall could not be learned from the man and his nervous manner caused Lenora to form an instinctive dislike for him, and he is regarded with suspicion for this sneaking aspect in the detective's hall.

What makes the mystery all the more puzzling is the fact that a very valuable pearl necklace, worn by Mrs. Bruce Rheinholdt, who gave a reception at her home last night,

which was attended by Prof. Ashleigh and the servant Craig was actually snatched from her neck in the midst of a commotion.
