SCURRY COUNTY OIL SITUATION

The oil fever here has not subsided but has taken on a more settled form and is not running so alarmingly high. People have decided to wait till the drills can bring development.

The Snyder association is moving quietly along. Mr. Harris of the Oklahoma-Snyder Oil Company said Wednesday that they have cleaned out the old diggings at the Dunn well and have been at work for several days. They are now better than 600 feet and going nicely. They were ready Wednesday to set their six-inch casing.

The Fluvanna well by the Mt. Pleasant Oil Company was reported Wednesday about 300 feet and working in rock.

At last account the Riley well had lost a drill and was fishing.

There are now four outfits actually at work here and in course of time there is apt to be something doing.

J. W. Boothe Died at Lubbock

Mr. John William Boothe aged 40 years, died Saturday night at a Sanitarium at Lubbock and was buried in the Snyder cemetery Monday evening. The funeral services were held at the Methodist church, conducted by Rev. A. W. Waddill.

Mr. Boothe was a son of Mrs. E. J. Tindall of Snyder. He was seriously injured last August in an automobile accident in South Carlinia and after being under treatment there for several weeks he came to his mother's home in Snyder and later went to a sanitarium at Lubbock for special treatment. At times the family had hopes that he might recover, but his injuries were deeply vital and he passed away Saturday night.

The minister read the following sketch at the funeral service:

John Williams Boothe was born Jan. 1, 1879 at Ladonia, in Fannin County, Texas, died at Lubbock, Texas, Oct. 25, 1919, would have been 41 years of age the first of next January.

He was converted when he was 14 years old but he wandered off into a life of sin and was indifferent to religion until about two weeks before his death when he was reclaimed and he died feeling that all the sinful past was forgiven and blotted out, and he left his testimony that the future was beautiful and bright, he told Bro. Griswold and his loved ones that he was happy in a Savior's love and was glad to go on before.

He leaves a wife, mother and two sisters to mourn his early going.

Mr. and Mrs. E. C. Green of Amosillo came in Sunday to visit Everett's parents. This is their first visit home since they were married. Mr. J. W. Green says it was the first time they had seen their daughter-in-law and they are delighted with her. He pronounces her a splendid woman and one of whom to feel proud.

Bob Norwood returned Sunday to Wichita Falls and Mrs. Norwood remained here for a longer visit expecting to go the last of this week.

A PLEA FOR THE ADOPTION OF PROPOSED AMENDMENT TO CONSTITUTION

Representing the voters, and their families of the respective cities of Texas, of which each of us is mayor, we join in this request to the voters of Texas to give careful consideration to and vote for the adoption of what is known as Senate Joint Resolution No. 20, giving the smaller cities of the State power to levy sufficient taxes to enable the city governments to protect the health of the citizens and their families by providing a water works system, which will afford an ample supply of pure water and also a sewer system, which will relieve such cities as ours of a condition which has always been and still is a menace to the public health. All we ask is that the voter in the city put the health of himself and family ahead of a paltry few cents taxes and since the farmer voters will not be effected by the adoption of this amendment, except indirectly as hereinafter explained, we appeal to them to vote for the adoption of this proposed amendment.

To provide our cities with a pure water supply and sewer systems that are adequate, is the only means of combating epidemics of typhoid and malaria, which rage in our smaller cities at certain periods of the year, which are traceable directly to lack of pure water and inadequate sewer facilities. The State has provided niggardly for this class of cities, and this amendment proposes only an increase of taxes in such cities of ten cents (10c) for general city purposes, fifteen cents (15c) for streets and bridges, and twenty-five cents (25c) for the combined purposes of water works, sewers, cemeteries, etc. These taxes are cheaper than physicians bills, and they are otherwise necessary if our city governments function at all, as these cities are compelled to purchase materials and supplies in the open market as the individual or business man must do, and the price of machinery, materials, lumber and steel have advanced more than 100 per cent on some of these articles, so that what was entirely too meager taxing power before the European war, is inadequate to more than supply half sufficient funds for these cities at the present time and the adoption of this amendment would put these cities, with reference to taxation, in about the same position they were before the war.

This proposed amendment would authorize an increase of taxes for the maintenance of roads, but since such taxes could not be levied except by a vote of the tax-payers themselves, it is thoroughly democratic, and we appeal to the voters of all classes to vote for its adoption on November 4th.

El Feliz

Mrs. J. C. Stinson was hostess to the El Feliz club in her home Friday, Oct. 24th. The house was made beautiful on the interior with cut flowers.

Forty-two being the diversion for the afternoon, the hours were delightfully spent. At the close a tempting two course luncheon was served to the club members and Mesdames Fred Gray and Lee Stinson.

Mrs. W. W. Wilsford will be hostess to the club Friday, Nov. 7th at 3 p. m.

Scores of cotton pickers in west Texas watched with anxiety the weather conditions this week. They realized that a freeze would do immense damage to the crop.

WORK OF THE RED CROSS

Dallas, Texas, Oct. 20.—Strongly affirming the fact that the Red Cross peace program was necessary to better conditions in this country, the northern divisions of the Red Cross in Texas met in this city recently and announced its intention of conducting the Third Red Cross Roll Call for memberships from November 2nd to November 11th, inclusive. The meeting was attended by not only Red Cross directors from all sections of Texas but by Alfred Fairbanks, manager of the Southwestern Division, from St. Louis, Edward Hidden, Director of the Roll Call and Miss Charlotte Taussig, Publicity Director.

The peace program for the Red Cross includes nursing service, home service, first aid, Junior membership and activity in all such instances as the Corpus Christi storm where the Red Cross played a prominent part. Entering the storm area on the first train its representative immediately took up with the local chapter the direction of relief work. A boat was chartered from Galveston and 100 tons of food and all the clothing that could be secured was carried at once into the storm zone. In addition to relief work the Red Cross established an information bureau and aided most materially in locating missing or drowned persons and answered thousands of outside letters and telegrams.

All money collected in Texas at the request of Governor Hobby was to be apportioned by the Red Cross in the devastated area and in a letter to the Red Cross Governor Hobby and Corpus Christi officials complimented very highly the efficiency of the Red Cross in this work.

W. H. Prater of Dallas was elected as Roll Call chairman for Texas. He will be assisted during the period of the campaign by Major Robert C. Lowery of Dallas.

Dr. Frank L. Loveland

The next five years will be the most critical period in the history of the United States. The war has caused a change of conditions in this country and the shift back to a peace basis is being accomplished by domestic and international interests, the correct knowledge of which is of vital interest to every American.

At the Chautauqua next week.

McMath-Davis

Mr. W. M. McMath of the post office force and Miss Willie R. Davis of Ennis creek community were married last Saturday evening at the Baptist parsonage. Rev. W. H. Sims officiating.

The bride is a daughter of Mr. and Mrs. Cornelius Davis.

The Signal tenders congratulations.

Rebekas Install Officers

At a regular meeting of Snyder Rebekah lodge Monday night the new officers were duly installed. They are Mrs. Maggie Barnes, Neble Grand; Miss Georgia Bolin, vice-Grand; Mrs. Maud Hendricks, Secretary; Miss Olive Chenoweth, Treasurer; Mrs. Laura Strayhorn, Chaplain; Mrs. Nannie Ball, Warden; Mrs. Isadora Baker, Conductress; Mr. O. R. Hendricks, Guardian.

Bought the Snyder Laundry

Warren B. Phillips of Bryan county, Oklahoma, has purchased the Snyder laundry from F. E. Morrow of Baylor county, Texas. Consideration \$5,000.00. Snyder people will be glad to have the laundry going again.

Special Announcement

Next Wednesday morning at 10:30 Dr. B. D. Gray, Secy. of the Foreign Mission Board of the Southern Baptist Convention, and Miss Mallory, organizer of the W. M. U. of the Southern Baptist Convention, will both be with the people of Snyder and will speak at the Baptist church. They will arrive on the Santa Fe at 9:48 in the morning and will depart at 1:24 in the afternoon. They can be with us but this short space of time, but we are urging that everybody that can possibly do so will lay aside everything else and hear them. It will be the opportunity of a lifetime. Especially do we urge every Baptist to be present, for their message will have to do directly with the great campaign.

W. H. SIMS, Pastor

First Baptist Church

Teachers' meeting at 9:00, Sunday School at 9:45, preaching services at 11:00 a. m. and 6:15 p. m. Sunbeam Band and Junior Union at 3:00. Senior Union at 5:00, evening at 6:15.

As a sequel to the message of last Sunday morning the theme for next Sunday morning will be—"Gathering the Harvest."

At the evening hour we shall speak on "The Greatest Humbug in the World." The two messages on "The Scarlet Woman" were heard by many, and many more will want to hear this one on humbugs. During the song service preceding the sermon the negroes will sing for us. Some three or four dozen have come to Snyder and they are all Baptists and will therefore come and sing for us occasionally. The pastor will also preach for them from time to time. We will also organize them a Sunday school and do some work with them along this line. Come early if you want a seat, for many will want to hear them sing.

W. H. SIMS, Pastor

Heavy Rain Tuesday

For a few days last week and up to Monday night of this week the people were jubilant over 40 cent cotton and the prospect for a season of fair weather. The cotton was rushing in from all directions and farmers were going home happy with good bank accounts left in town.

About 8 o'clock Monday night a gentle norther blew in but the skies were clear and the outlook good for a dry norther, but toward Tuesday morning the rain commenced and continued practically all day and the mercury made a dash toward freezing point.

It was a big rain and farm work was tied up. Wednesday morning was warmer, the expected freeze did not come but the weather was still cloudy and more rain predicted.

The Altrurian Club met Wednesday, Oct. 29 with Mrs. Banks. A majority of the members answering to roll call despite the inclement weather.

The club voted to co-operate with the business men of Snyder in making the Chautauqua, which begins Nov. 3, successful.

And a meeting was called for two o'clock Thursday afternoon, for the purpose of discussing with the Chautauqua company in what way the club could be of most assistance.

Mrs. Buckner led the discussion of the lesser and made it most interesting.

Charming music by Mrs. Banks and Mrs. Morrison and current events by Mrs. Johnson ended an entertaining and instructive program. The hostess served delicious sandwiches and coffee to club members and guests, Mrs. A. C. Leslie and Mrs. J. C. Maxwell.

Cotton Market Paramount

Cotton is headed for fifty cents, basis middling. The combined fight of the spinners and profiteers of the world is concentrated in an effort to beat the price down. The American Cotton Association with one million members, with warehouses under the control of the people of the South in every county or parish in the cotton belt will revolutionize the marketing of cotton. The producer will claim the right to sell his product and will refuse longer to be profiteered upon by those who have long reaped where they have never sown and who have brought upon him poverty and misery.

"Organize the American Cotton Association; build warehouses; stand firm; but loyal; and success is certain. The world is bare of cotton goods; they need cotton. We need schools for our children; good roads; happiness and contentment; some of the good things of life. A reasonable price for our cotton will bring this.

"The world must be clothed and fed. It will require every pound of cotton, every bushel of our cotton seed to do this, and still the demand will not be filled. Of the 1,800,000,000 people in the world, only 7,500,000 are sufficiently clothed; 500,000 partially clothed; and 550,000 are entirely naked. Nine-tenths of the clothing of the world is made from cotton. The world's consumption of cotton today is approximately 23,000,000 bales, and of this, during the last decade the American crop has averaged about 13,000,000 bales. It will require to clothe the entire world around 23,000,000 bales. To clothe those who now demand clothing it will require a larger crop than we have ever produced. The organization of the American Cotton Association means that we can and will control the situation.

The Texas membership campaign will soon be started.

Red Cross Membership

We feel it impossible owing to the rain to make a house to house canvass for Red Cross membership. The three banks have kindly allowed us to use their places of business for Red Cross headquarters during the drive. Will you please go to either the First National Bank, First State Bank and Trust Co., or Snyder National Bank, and buy your membership from the women in charge.

MRS. J. MONROE
Director of Membership Drive
MRS. E. B. BARNES
Chairman.

A. C. Wilmeth received a message from John Brity at Brownwood stating that Mr. Wilmeth's father died there Tuesday morning at 3:30 and that the funeral would be held there Thursday evening. Mr. Wilmeth couldn't get there until too late for the funeral.

A Coal Famine.

Snyder has been up against a coal famine for several days and the threatened coal strike made us begin to wonder why we didn't lay in a supply during the summer months. There is no promise of plenty but the dealers got in one car this week.

General Sugar Shortage

Sugar is now more a subject than an object. People can talk about it but it is not a visible quantity. We have to take ourn straight. The merchants have had almost no sugar for several days. There was a car reported Wednesday, side tracked at Lubbock and billed to Snyder and orders had been already placed for the supply. People were being limited in amount to make it go around. It is said that Cuba has an immense supply of sugar but is holding it for higher prices. Like cotton people, they are disposed to sell slowly so as to hold the market up.

Mr. E. W. Clark went back to Ft. Worth Wednesday.

Dr. A. W. Browning of Fluvanna has secured cotton picking hands from San Antonio to pick his large cotton crop at Fluvanna.

COLONIAL HILL ACTIVITIES

(Miss Clarke's room.)

We have had several new pupils this week.

We are quite busy with our lessons and our busy work "Spooks and Jack-o-lanterns" are peeping around walk carefully when you visit us.

(Mrs. King's Room.)

Monday morning we had three absentees. There were two tardies during the month.

Monday, the twenty-seventh we changed the time and caused quite a few to come in after Mrs. Howell had rung the bell but fortunately they were not counted tardy.

(Mrs. Howell's room)

This week several pupils have been absent on account of sickness.

Last Thursday afternoon, the 6th and seventh grade boys played the 8th grade boys' ball team from Central. The score stood twenty six to six in favor of Central. One of our pitchers was absent. But we are anxious for another game.

Last Friday afternoon our literary society had its first meeting. After the organizing of the thrift stamp club" an interesting program was rendered. Several visitors were present.

Next Thursday week, Nov. 6, is the time for the regular meeting of the Parent-Teacher's Club. All are urged to be present. We are fortunate in securing as our president Mrs. Curutte. We feel that under her wise supervision much will be accomplished this year.

In Memoriam

Emma Moore has fallen on sleep in their home in the east part of Snyder. She was the wife of Mr. W. L. Moore, a man greatly loved and honored by Snyder people. For a number of years she has been in ill health, but during the last few days of her earthly life she grew rapidly worse, until the last enemy of man, Death, had claimed her for his victim. She and her husband have lived in Snyder for about fourteen years, and have won a great number of friends. Owing to her ill health which lasted so long Bro. Moore sold his farm, and devoted the last months of her earthly life to the special and affectionate care of her, and did everything possible for her recovery. His many efforts were not in vain, but still she was called upon to leave him and come up higher.

At the early age of fourteen years she was converted, and soon thereafter united herself with the Missionary Baptist church, and for all the remaining years she lived a consistent Christian life and in full fellowship of the First Baptist church of Snyder at her death. Different ship with the church. She was a from many, and best of all, she lived her Christian life everyday. She was a good neighbor, a loving wife and an affectionate mother.

She is survived by her husband and two children, Mrs. Jim Gosnell, of Post City, and Mr. Luther Moore, Wichita Falls, also two sisters and three brothers.

The funeral services were conducted at the First Baptist church the following day at 3:00 o'clock, by Bro. L. S. Knight, who was assisted by the pastor. For many years Bro. Knight has been a close friend of the family, and they had learned to love him very much. After the services her body was laid away in the cemetery to await the coming of the Lord to gather his jewels together and take them unto himself.

Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

Of the Snyder Signal, Inc., published weekly at Snyder, Tex., for Oct., 1919.

State of Texas, County of Scurry, before me a County Clerk in and for the State and county aforesaid, personally appeared J. S. Hardy, who having been duly sworn according to law, disposes and says that he is the Editor of the Snyder Signal and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912 embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to wit:

1. That the names and addresses of the publishers, editor, managing editor, and business managers are:

Publishers Hardy & Chambless, Snyder, Texas; Editor J. S. Hardy, Snyder, Texas, Managing Editor, W. R. Bell and J. P. Chambless, Waxahachie, Texas; Business Managers J. P. Chambless, Waxahachie, Texas.

2. That the owners are: J. S. Hardy, President, Snyder, Texas; Olin F. Hardy, Vice-President, Amarillo, Texas; J. P. Chambless, Secretary-Treasurer, Waxahachie, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities are: none.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 1150.

On November 4th, voters in Texas will be asked to authorize the legislature to issue road bonds. This does not mean that the legislature will at once burden the state with a seventy-five million dollar bond issue, but it does mean that within fifteen years Texas will have one of the best highway systems in the South.—Amarillo News.

It is better to pay a reasonable road tax than to try to pull vehicles over bad roads.

Mrs. Smith Recommends Chamberlain's Tablets.

"I have had more or less stomach troubles for eight or ten years" writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have always found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

Died—Richard Rogers, son of Mr. and Mrs. G. L. Rogers, died Oct. 9th, 1919, at the age of 22 years, was sick with typhoid fever only about 12 days, but owing to a broken constitution, caused from a bad spell of the flu last winter he could not withstand the fever. It is very sad to give up our Richard just grown into young manhood, so full of hopes and ambitions for the future, such a comfort and pleasure to his parents, he was a kind and obedient son, good, kind brother, loved by all who knew him.

He was a true Christian, was converted about 8 years ago and joined the Baptist church, and was a faithful member until his death. He is the first to go out of a family of 12 children. He was born near Wortham, Texas, but moved with his parents to Scurry county, about 14 years ago, where they resided until about one year ago when they moved back

near Wortham, where he died.

He was laid to rest in the Wortham cemetery, Oct. 10.

The funeral service was conducted by his pastor, Bro. Higginbotham and Bro. Langston.

Weep not father, mother, brothers and sisters for Richard has just gone on before to await our coming. He is happy. The sweet, calm look on his face as we saw him last seemed to say it is all right I am at rest.

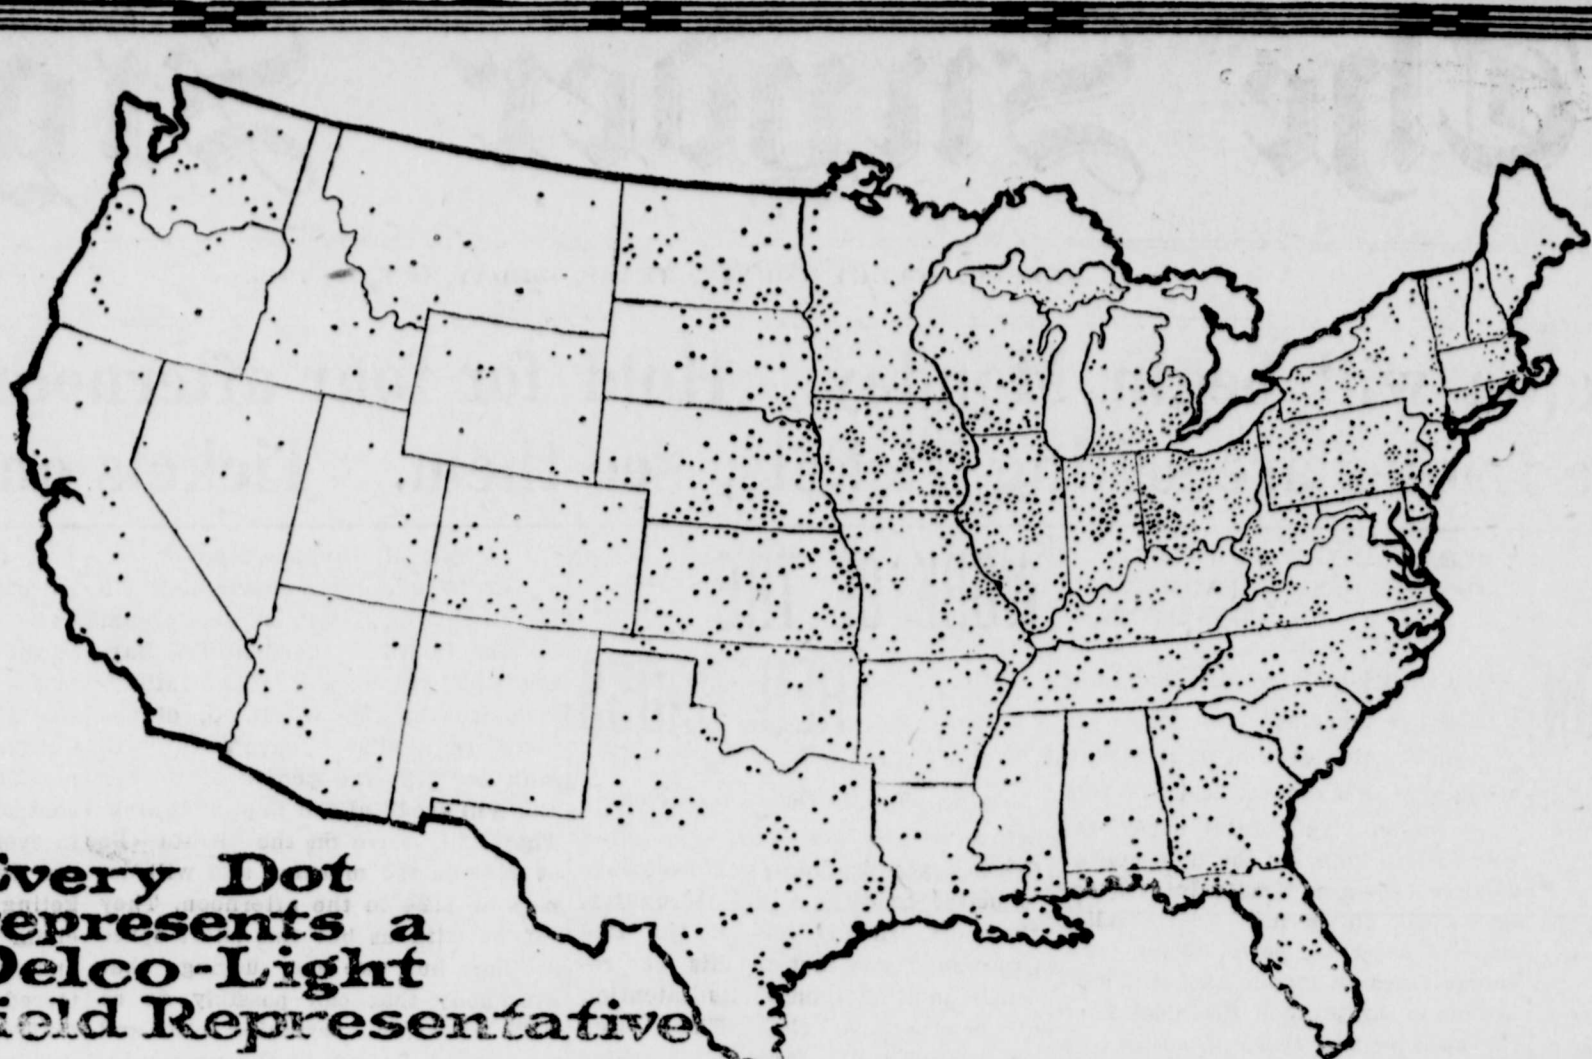

He has two half brothers living at Snyder, Texas, Edd and Coy Watkins.

One who loved him,

Parent-Teacher's Association
The Parent-Teachers Association of the Central School had its open meeting Oct. 23, 1919. The wide-awake president, Mrs. Fred Garyum, opened the meeting with a short business session in which plans were made for the future good of the organization. Mrs. Whitmore was elected first vice president, Mrs. C. C. Higgins, parliamentarian, Mrs. Shell was appointed chairman of the membership committee and Mrs. Whitmore chairman of the program committee.

After the business session, the club was favored with a musical number by Miss Eva Strayhorn.

The regular meetings of the association are to be held on the third Friday afternoon of each school month at four o'clock. All parents are cordially invited and urged to attend and to take part in these meetings.

UNITED STATES COUPONS

Friends in the city will be surprised to learn of the marriage of T. Ward Woodruff and Miss Pearl Faulkner, which occurred yesterday afternoon at 3 o'clock at the home of Mrs. J. F. Newman. Rev. C. A. Engle, pastor of the Presbyterian church performing the ceremony in the presence of only a few friends of the bride and groom.—Sweetwater Reporter.

Chamberlain's Cough Remedy the Most Reliable.

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's over any other Mrs. C. C. Krisin, Greenville, Ill., writes "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it to be a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

Stokes a Fair Politian
Chairman Stokes of the Republican State committee of New Jersey asks for a campaign free from personal attack on President Wilson. He urges speakers to stick to public questions and avoid slighting comment on Mr. Wilson.

Continuing on that line Chairman Stokes said: "Mr. Wilson has done some things that have not met with the approval of all. It is further possible that he has made rulings that were against the will of the people, but when we take all into consideration, we must acknowledge that Mr. Wilson has been a great leader, a great president and that he has served during a very trying period."

Coal Strike Unlawful
WASHINGTON, Oct. 25.—Holding the impending coal strike to be not only unjustifiable but also unlawful, President Wilson in a statement issued tonight with the support of his cabinet, called on the coal miners of the nation, both union officers and members, to rescind the strike order, effective November 1.

They decline to enter into the merits of the controversy between the miners and operators, but declared that the strike, which he characterized as the most far reaching proposal in the nation's history, to restrict production and distribution of all necessities of life, had apparently been ordered without a vote of the individual members concerned. For this reason the president served notice "that the law will be enforced and the means will be found to protect the interests of the nation in any emergency that may arise out of this unhappy business."

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose All druggists. J. 69

Sour Stomach.
Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

Notice of Interest to You

We have now about completed our mill-house, joined to our store building on west end, size 40x50 and have installed ready to serve you a 20" Burr grist mill that we hope to be able to grind your corn and make you meal that will be superior to any thing shipped in.

We also have installed and ready to serve you a crusher that we can crush your maize either in the head shelled, all if which is now ready to serve you.

Charges for crushing, 30c per hundred, for grinding corn we will charge you one-sixth as we understand this is the old custom.

These mills will be run by electric motor and we hope to be able to serve you any time you see fit to come to mill.

We also have also have contracted and hope to have same ready for service by Jan. 1, 1920 a twenty-five barrel per day midget flour mill.

This mill is highly recommended by everyone that knows the grade of flour they put out. They are guaranteed to make flour equal to any mill. It has all of the attachments that the largest and up-to-date mills have, such as culling the wheat, scouring the grain, discarding all bad faulty grains, bleaching the flour. All of which will compete with any and all mills now in service.

Now in order to prove to you we especially request for you to give us a trial either now on the mills installed or the flour mill when installed, to prove to you what we have said.

We are also planning on buying wheat and shelled corn after Dec. 10th. It will take us fully this time to arrange for storage for same, and we hope to be able to pay market price for good milling corn and wheat, and to help yourself and me and this enterprise, we urge and request of each farmer to sow as much as ten acres or more of wheat, and plant sufficient corn next year to raise all of our bread at home, and would suggest further not to seek after an excuse, by saying that you haven't land sufficient or it is not a paying proposition. I would suggest to sow in your cotton stalks by hand with cultivator or row drill, which you will agree your cotton land is the best for small grain, and allow your stalks to stand in the spring rooted, you will find these stalks will protect your grain from sand storms, freezes and protection in many other ways.

We want to begin to plan for this community to be as self sustaining as much so as same can be. This is planned to be a permanent fixture. This is planned to be a success and a convenience and benefit, I am planning on getting grinding from twenty five to fifty miles in every direction from Loraice, and we hope that there will not be a "knock" in this entire community against this enterprise. But one and all will help to build this necessity to the point that we one and all will be benefited.

This year and next year is the opportune time to get ready for another dry out and blow-out and also will take the authority of telling you this is the chance of your life to get on a cash basis.

If you endorse and wish to encourage the above write me and talk same.

Yours for success,
W. L. EDMONDSON & CO.

OLIVE THOMAS, A "BABY VAMP."
 Olive Thomas, the charming and vivacious Selznick star, will be seen in the first of her series of Selznick Pictures, "Up Stairs and Down," as a delightful little "baby vamp." No man misses her flirtatious eye and each falls a victim to her enticing smiles. To her, man is life and flirtations food. It makes no difference who the man is, as long as he is willing to fall a victim to her charms. She loves them all--fat, lean, tall and short.
 She is a harmless little body, but a mischievous one. She is happiest when she is busy getting in or out of some scrape. She's a game little person, for no matter how big the risk, she'll take it, if there's any fun in it.
 For the "baby vamp," life is one merry, mad merry-go-round. She looks through rose-colored glasses and the sun is always shining. When trouble comes she merrily throws it over her shoulder with a shrug and a smile. Nothing can tease her.
 Olive Thomas with her gaiety, vivacity and "pep" is particularly adapted for such a role. She gave the character life and feeling. The delightful story of the irresistible "baby vamp" can be seen on Thursday 7th at the Cozy Theatre. "Up Stairs and Down" is distributed by Select Pictures Corporation.

LIVELY SCREEN FARCE
VIOLA DANA'S LATEST
"Please Get Married" Broadway Stage Hit Will Show at Opera House Theatre.

"Please Get Married" is the intriguing title of the Secret Classics, Inc., photoproduction starring dainty Viola Dana, that is booked as the feature attraction at the Opera House Theatre Saturday. The picture is an adaptation of the riotous farce by James Cullen and Lewis Allen Browne that was produced on the stage in New York by Oliver Morosco, and enjoyed a run of six solid months.

The plot of this comedy is described as most adroit. It has to do with the honeymoon of an adoring young couple who, through a combination of circumstances, are interrupted as often as they attempt to spoon.

In the first place, it turns out that a burglar, and not a parson, performed the ceremony and it is only after the pair of youngsters have left on their bridal tour that the bride's parents learn the astounding fact that they may not be married at all. They set out in pursuit, but the newly weds have a head start on them, and a great number of unusual adventures befall them in the little mountain hotel where they seek shelter and solitude.

Pinis Fox, of the Screen Classics, Inc., scenario staff, adapted the stage farce to the screen. The production of "Please Get Married" was made under the personal supervision of Maxwell Garger, Director General, with John E. Ince directing. Special art interiors and a number of surprising beautiful exterior views are contained in the picture, which is said to move with the rapid tempo of French farce.

In the cast supporting the winsome star are Antrim Short, Margaret Campbell, Harry Todd, Emmett King Ralph Bell, Thomas Ricketts, Hugh Fay, Joseph Hazelton, W. K. Mesick, W. F. Moran, Daisy Robinson and Thomas Hadley.

"Please Get Married" is one of the "fewer and better" productions made by Screen Classics, Inc., and distributed by Metro. For the year 1919-1920 thirty-six pictures of the "fewer and better" sort will make up the Metro output. All are based on stage successes or celebrated novels. LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents of any drug store. Apply a few drps on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

The Hour of Fate

Victor Murdock in Association Men.: What is the hour of fate in a young man's life? I should say 7 p. m.

That hour is the springboard from which most men leap to success or fall to failure.

I am also convinced that 7 p. m. is the fork in the roads, one of which leads to character and the other to the lack of it.

There are twenty three other hours in the day, but there is no hour so potent as this 7 p. m.

Why? This is the answer: A man's waking hours are divided between industry and leisure. To a majority of mankind 7 in the evening marks the end of work and the beginning of leisure. It is the hour when a man makes the choice of the kind of leisure he is to have. If he turns to the leisure that means improvement to his mind, his body and his soul, he wins; if he turns to the pleasure of feeding frivolities, he loses. It is a cold-blooded proposition but it is true. Genius is 99 per cent hard work, and the best of leisure is the shift from one kind of hard work to another kind of work. Ninety-nine out of every hundred men who win in this world use the time when they are not at work in activities which look like work to the loafer.

Mexico has a population of 17,000,000 for the whole republic notwithstanding the last nine years of civil struggle. If Mexico had been left alone she would have paid her foreign debt years ago and the country would have been exceedingly prosperous today. Speaking of taxation the taxes which the Mexican authorities collect are similar to those collected in all civilized countries, all interstate taxes having been abolished. Mexico is a weak neighbor. There are plutocrats and politicians in the United States who would take the country over for philanthropic purposes. They realize that the pickings are rich.—Fort Worth Record. Mexico is Mexico's worst enemy.

Governor Hobby has designated Armistice Day, November, 11th, to be observed as a holiday. It's been a year now and certain partisan senators are still blocking the way toward peace.

It has been found out that manufacturers of war supplies don't want peace and they have probably said so to the Foreign Relations committee.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseous Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their livers purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a liver favor colds, influenza, and other complications.

To cut short a cold overnight and prevent serious complications take Calotab at bedtime with a small amount of water—that's all. No salts, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are fit to face a hearty appetite for breakfast. Eat what you please—no dieting. Calotabs are sold only in sealed packages, price thirty cents. Every druggist is authorized to sell your money if you are not satisfied, delighted with Calotabs.—(Ad.)

Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

Shove off! - Join the U. S. Navy

Loans made to cattle growers in the Southwest to aid them during the drouth of 1918 have been called in by the war finance corporation for payment Nov. 15. Extension will be allowed in certain cases. All of the cattle loans were made in the Panhandle country of Texas, Oklahoma and New Mexico with the exception of \$620,000 in Kansas City, repayment of which already has been arranged. If for any good reason prompt payment at maturity is impossible a brief indulgence may on request and in the discretion of the corporation be granted upon applications made to and approved by the cattle loan agency of Dallas. Marion Sansom of Fort Worth is a member of the Federal Reserve Board. He arranged for the majority of these loans last year. Exceptions are to be allowed in exceptional cases. Federal agent W. F. Ramsey is all powerful. He is a Texan and in close touch with the cattle raisers of the state.

Death of Mrs. Mary Chapman
Mrs. Mary Chapman, aged 80 years died at her home in Snyder Monday night Oct. 27. She and her daughter, Miss Minnie Chapman, have resided in Snyder for about 7 years. Being feeble in health she has not been active in local affairs but was known and revered by a large circle of friends. She was a member of the Methodist church and attended services when she could.

She was born April 7, 1839, was married to Wiley Chapman Sept. 17, 1857. She was bereft of her husband nine years ago. She was the mother of eight children and all of them survive her.

Funeral services were held at noon Wednesday at the home by her pastor, Rev. A. W. Waddill. Quite a number of neighbors and friends attended the service. The floral tribute was profuse.

The body was sent away on the Santa Fe Wednesday evening to Leander, Williamson county, to be buried by the side of her husband who has gone on before.

Lost Baggage of Soldiers

Red Cross officials were notified today by the War Department that more than 150,000 pieces of lost baggage belonging to former officers and men of the American Expeditionary forces, are stored on the Government docks at Hoboken, N. J. The impedimenta, which is unclaimed, consists of 20,000 trunk lockers, 15,000 bedrolls, 5,000 suit cases and 110,000 barrack bags which have come back from overseas.

Much of the baggage is marked with names only and cannot be forwarded to the owners in all cases a new shipping address is required. As the Red Cross desires to assist each man from overseas to recover his lost property as well as to help the Government dispose of this enormous accumulation of property, owners of lost baggage are asked to forward their claims and addresses to the "Lost Baggage Branch, Pier 2, Hoboken, N. J." together with an accurate description of the missing property.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice contains no quinine—insist upon Pape's!

Roberts-Doak

Mr. Eugene Roberts of Dallas and Miss Josie Doak of Snyder were married at the home of the bride's parents last Saturday by Rev. A. W. Waddill. It was a quiet home wedding attended by relatives and a few intimate friends.

The bride and groom are both graduates of the Snyder High school and are esteemed for their personal worth.

The bride is the daughter of Mr. and Mrs. John D. Doak of Snyder and is a young lady of admirable graces of heart and mind and is loved by all who know her.

The groom has resided here for several years and is recognized as a splendid type of young manhood—energetic, honorable, clean in character and affable in his bearing and possessed of excellent business qualifications.

Mr. Roberts has a responsible position with the Adolphus Hotel in Dallas and they will make their home in that city.

The Signal joins with their many friends in congratulations.

Foster Tells About Weather

A number of publications have carried a scare story about a terrible calamity to come to the world about December 17th, to 21st because six of the greatest planets will be on the same side of the sun and there is to be a sun spot visible to the naked eye. Foster explodes that prophecy. After giving his calculation on the weather for October and November in which he promises heavy rains and much cold he says:

"End of November will close out 165-day cropweather period and we will pass into another long period covering 165 days. These are the most important of all the various cropweather changes. When they are more completely understood we will know the kind of crops that will do best for each year and will thereby be able to avoid the loss of seed and labor that amounts to millions every year. Enough is already known to make very considerable saving by following the weather laws that are now understood.

"There is the fool idea as to the make-up of the Universe, that were developed during the dark ages of low human intelligence, is still cursing our race and millions are being wasted in following the teach-

ings of those dark-age superstitions. When we get rid of them some of the government expenditures will be turned to better account.

Nature does her work better than superstitious man does his and the indications are that better times are coming for all. As I see it 1920 will be a prosperous year in a general way, although a sensational drought will lessen that prosperity to some extent. The calm after the storm is coming and all should look with hope, faith and courage to a year of vastly better conditions than we are now struggling through on account of the great World War.

Many newspapers have published predictions of a great calamity during the week centering on December 20. These were given out by a new comer in weatherology. He is the most extreme sensationalist of all the planetary weatherologists and his misguided predictions will damage the efforts of more careful planetary weatherologists. I regret that the friend and brother has been so reckless. He has some true knowledge of planetary causes and he would have lasted longer had he been less extravagant and more careful.

I expect several storms on the continent during that week and may

be a tropical storm, but these will be no more severe than occurs every year. Six planets will be bunched on one side of the Sun near Dec. 21 and a sunspot will appear on the east limb of the Sun about that time.

But sunspots do not cause Earth storms and have nothing to do with weather changes. They are part of the weather changes on the Sun they are caused by the planets but the planets do not always effect the Earth at the same time they effect the Sun.

Colt Show

Notice is hereby given that the Colt Show to have been held in Snyder in October will be held on the first Monday in November. All persons who own colts by Texas King are requested to be here with them. A prize will be given for the best colt.

Heard About Town

G. M. Garner says he looks for rain in a few days and Col. Noble says another down pour like that of Tuesday will certainly break the drought.

S. J. D. Hallman was here Wednesday from Pyron. He says that precinct is wet and that there is a world of cotton to be picked.

Andrew Kemp of Hermleigh, was here Wednesday swappin' horses and other things.

Dick Mitchell, owns a fine colt that he wants to put in the poultry show.

Some writers are smarter than others. Some will put in a whole decade at discussing the resources and business conditions of a given territory and others will come along and promise to write the whole thing up in a week or two.

Then again Snyder needs a lot of concrete sidewalks, women and children have to stay at home in muddy weather because there are almost no sidewalks and if you like a picture show we have two good movie theatres in town and when you do

not want to go to the show you might try going to prayer meeting on Wednesday night. The preachers will be there.

Another report in Snyder is that the Snyder steam laundry is very soon to be put in fine condition and we are to have all the light and power we need.

Clarence Ousley thinks there is no

prospect of cheaper farm products for a long time. Now is a good time for people to go back to the farm. Mr. Osley says there are fewer men on farms now than a year ago, although most of our young men were in the war. The farmer is the man who is eating white bread now, and he is going to continue to do so.
