THIRTY-FOURTH YEAR

SNYDER, SCURRY COUNTY, TEXAS, FRIDAY, MAY 20, 1921.

NUMBER FORTY-NINE

CHAUTAUQUA BEGINS MONDAY, MAY 23

FARMERS' BIG MEETING DATE SET FOR SATURDAY, JUNE 11

Mr. Mobley has signified his intention of being here on the 11th of June, and will speak that Saturday afternoon in the Snyder Auditorium.

A special invitation is extended to every man, woman and child in this and neighboring counties to come and hear Mr. Mobley as he has something worth while for everyone touching on the needs of the home and the farm. He is a practical farmer and dairy-man and has been one of the chief agents for putting through Congress much of the legislation that has helped to better the farming conditions of the country. Admission is absolutely free; there is nothing to sell or subscribe for and the Chamber of Commerce hopes everyone in the county that can possibly do so will be there.

CLARA MAYE COUCH IN JUNIOR EXPRESSION RECITAL

Miss Clara Maye Couch did herself honor last Saturday night as well as her teacher, Mrs. F. L. Hutcherson, in her junior expression recital at the Methodist church. The basement of the church where the recital was given was full and at the close all were eager to extend compliments to Miss Clara Maye and Mrs. Hutcherson.

The stage from which she appeared was beautifully decorated with larkspurs and roses and at the close she was presented with a beautiful bouquet of roses by admiring friends.

If any of the numbers were deserving of special mention, above the rest it might be "Judith of Eighteen Sixty-Four," in which the costumes of 1864 were used.

The following program was rendered:

Do you wish the world were better? Robert W. Service.
Opportunity, Edward Roland Hill.
Food for Gossip (musical reading) Walter H. Jones.
Universal Habit, Strickland W. Gillilan.
Alice Blue Gown, Harry Tierney.
Old Fashioned Garden, Porter Cole.
Dixie, Musical accompaniment, Sarah Elizabeth Wright.
Southern Melodies, R. H. Stulwitt.
Judith of Eighteen Sixty-Four, C. Cavanaugh.
Ushers: Lila Curnutte, Sarah Wright, B. B. Clark, Jr., Joe Saunders.

CLARENCE FREEMAN FORMER SNYDER BOY MAKES GOOD

The following little note from the secretary of Y. M. C. A. with the army of occupation in Germany will be interesting to Snyder folks:

April 3, 1921.
Dear Mrs. Wood:
This clipping from today's Amaroc (the newspaper of the American Army of Occupation), will interest you. I am sure.
Clarence is a sweet, lovely boy, and you can well be proud of him.
Yours sincerely,
Elizabeth Vernon Quinn,
Y. M. C. A. Sec.

Machine Gun Training Center, Second American forces in Germany, Brigade Coblenz, Germany.

"At the inspection by the Commanding General, American Forces in Germany, of the Second Brigade Machine Gun Training Center, Engers, Germany, Commendation was given Private Clarence W. Freeman, Company H. 5th Infantry for excellent marksmanship."

From H. G. Bargmann.
Yoakum, Tex., 5-17-21
Snyder Signal,
Snyder, Texas.

Dear Sirs and friends:
Find enclosed check for \$2.00 for which send us the Signal to Yoakum, Texas, General delivery. We are now living here, everything in very good shape down here, cotton and corn looking fine, but soon will need more rain in the next 10 days or two weeks to make good crop. Some corn in silk now, and some cotton has few squares, but the general crop is a little late compared with other years.

With best wishes to you all, I remain,
Yours respectfully,
H. G. Bargmann.

Baptist Pastor Returns.
Yes, we are back and all regular services will be held at the Baptist church Sunday. The pastor will preach at both hours, 10:45 a. m. and 8:30 p. m. Sunday school meets at the regular hour, 9:45. The business men's Bible class meets at the county court room 9:30 to 10:30. Let's all be on hand, on time. A hearty welcome to all.
JEFF DAVIS, Pastor.

THE LADIES PHILHARMONIC ORCHESTRA AT CHAUTAUQUA. Exquisite music in popular program with new ideas in staging. Breaks all records for popularity.

Snyder's big seven day Redpath-Horner Chautauqua will begin Monday afternoon, May 23rd and for a week our people will enjoy an unparalleled musical, intellectual and inspirational treat. Many of the great men and women of the American platform are on the program. The musical offerings include the Grenada Singing Band, Ladies Philharmonic Orchestra, Knofleckova and supporting artists, The Montigue Light Opera Company, and other companies. One of the outstanding features is the famous Geo. B. Cohan comedy, "Broadway Jones". The play will be given in the same fine style as characterizes all the Horner dramatic productions. Among the lecturers are Hon. John Temple Groves, of Georgia; who will deliver

his famous address, "America at Armageddon." Frank Dixon, known as the "lecturer of lecturers." Mr. Dixon is a brother of Thomas Dixon, Jr., and is a pre-eminent in his field as is the famous writer, Ng Poon Chew, Chinese Statesman and author, will tell of China and Japan and their relation to America. Madame Selinova on "Modern Russia." Henry A. Adrian, the Burbank man, and others with equally big messages.
Above is only a partial list of the many features. G. T. Ashley will act as platform Superintendent. The children's work will be in the hands of an experienced and capable young woman. Some original and interesting work will be inaugurated. An effort will be made to have the meetings begin, afternoon at 3:30 to accommodate the school pupils and teachers and 8:30 at night. Season tickets are Adult \$3.00 and child's \$1.50. War tax must be added to all ticket prices. Get them from the committee or Mr. E. J. Anderson, Secretary Commercial Club.

There will be a free ticket hunt for the children on the High School grounds, a number of children's Chautauqua tickets will be concealed and will go to the lucky finders. Date and time will be announced later.

There will be a Chautauqua "Pop" parade Saturday afternoon at 2:30 p. m. The Snyder Band, The Boy Scouts and citizens generally will take part. The committee is putting on a "ticket sale drive" and hopes to have the guaranty sold by Saturday, if possible.

GOOD RAINS BRIGHTEN OUTLOOK

Good rains have fallen in a large part of the county during the past week. Last Friday night the Hermleigh neighborhood got an inch and a half of rain and on Saturday night another good one.

The Ira community received a good rain Saturday night and another one Tuesday. The Tuesday rain wet most of the center of the county but did not extend far east of town. The present crop condition with the probable exception of a few localities is very good at this time, except that the cotton is a little late.

From information gathered from the farmers throughout the county there is a considerable acreage of feed stuff including maize, kafir corn and all this is up to a good stand and looking well. The wheat has been wonderfully benefitted by these rains, though coming a little late for the best results. Joe Merrett says he thinks probably he will make 12 bushels per acre. There is some cotton planted and some have a good stand while most of the cotton is being planted now and in most instances will come up and grow off better than the early planting.

Most farmers have reduced their cotton acreage and are planting the best seed obtainable. Grass has not suffered and has been good all spring.

SNYDER'S ICE CREAM FACTORY NOW OPEN

Major Patterson has his Ice-cream plant in full operation. It is a nice, clean and sanitary place. The Snyder dealers are now handling his product and all pronounced with one accord that it is as good as the very best cream that has ever been shipped into town. The plant consumes about 40 gallons of fresh cream a day which furnishes a good market for our dairy men and farmers and we trust will eventually grow into a first class creamery and cheese factory. Major Patterson is an experienced chemist and knows his business from every angle. Loyalty to home industries is what makes your town and country grow and creates a binding friendship that cannot be dissolved.

The Boy Scouts:

Last Saturday the boy scouts put on a candy selling campaign for the purpose of getting funds to purchase a bugle. They sold the candy all right and put it over by a big majority. They were on the job most all day and were not disappointed if they were turned down, but kept constantly on the job and at the close of day they had \$17.01 sufficient to buy a bugle and drum.
They will have a hike tonight up to Wolfe's park, leaving the court house at 6 o'clock p. m.

J. Charles Ziegler arrived here Monday from Germany. He has been with the army of occupation and has just gotten his discharge. He belonged to the 13th field artillery and has 13, thirteenth to his credit. Part of these are: 13th field artillery left Fort Bliss, Dec. 13, 1917. Left Akrweiler, Germany for home, July 13, 1919. Thirteen months in Europe, thirteenth trip of the boat in the transport service that carried us home. Thirteen days on ocean voyage home. Enlisted on the thirteenth, left Dallas on the thirteenth, and left San Francisco on the 13th for home. He says the 13th is a lucky number, he was right in the midst of the fighting and never got scratched. Since leaving Scurry county he has traveled in 35 different states and 6 different nations. Charles is a Scurry county boy, his parents live in the southwest part of the county.

Rev. A. J. Leach of Rhome, Texas, was here Wednesday to attend the burial of his father, L. Leach.

SENIORS PRESENT SPRIGHTLY COMEDY TUESDAY NIGHT, MAY 31

Characters in the order of their appearance.
Skeet Kelly, Marshal Higgins, Diana Garwood, Sarah Wright, Miss Loganberry, Georgia Winston, Ira Stone, J. P. Strayhorn, Aunt Jubilee, Willard Hutcherson, Mr. Man, H. V. Williams, Jim Ryker, Ollie Richardson, Mollie Macklin, Norine Harris, Henrietta Darby, Violet Grayum, Ted, Corley Jenkins, Elsie, Oia Mae Davis, Senator McCorkle, G. B. Clark, Jr.
Scene: The office and reception room of the Rip Van Winkle Inn in the Catskill Mountains.

Act 1. An afternoon in April. What happened to Ted?
Act 2. The same night. Who was the burglar?
Act 3. The next morning. Who was Mr. Man?
The Story of the Play:—"And Home Come Ted." is a sprightly comedy of mystery in which there is an abundance of fun without any taint of impropriety or any element of offense. The thrilling story is cleverly written and the interest of any audience is held from the beginning to the end by a series of dramatic situations rising from one climax to another until the final denouement at the close of the last act.

The action of the comedy occurs at Rip Van Winkle Inn in the Catskill Mountains and the plot has to do with a struggle for supremacy in a furniture factory between Ted, the rightful heir, and one Ira Stone, an unscrupulous adventurer, who is trying to gain control of the business. Ted is assisted by Mollie Macklin, the plucky little housekeeper of the Rip Van Winkle Inn.

McPHERSON HEADS MISSIONARY BOARD

Rev. Chalmers McPherson of Fort Worth, who Thursday was elected president of the Texas Christian Missionary Association convention at Wichita Falls, is the only charter member who has attended every one of the thirty-six conventions the association has held since it was organized at Austin in 1886. He wrote the resolutions which were adopted by the association at its initial meeting. Rev. McPherson is a faculty member of the Texas Christian University Bible department.
J. W. Bradley of Wichita Falls is the new vice president and Logan Martin of Garland is the new recording secretary of the association. San Antonio was chosen as the 1922 convention city, Dallas, McKinney and Lampasas having been the losing contenders.—Star, Telegram.

Kubina-Wenetschlaeger

Jim Kubina and Miss Mine Wenetschlaeger were married Monday, May the 9th at the home of the brides parents Mr. and Mrs. Frank Wenetschlaeger south of Hermleigh. Miss Mine was the charming daughter of Mr. and Mrs. Frank Wenetschlaeger and Mr. Kubina was a young farmer of that community.
The Signal joins their many friends in wishing for these young people a very pleasant and prosperous married life.

T. & P. SAFE AT SWEET-WATER BURGLARIZED

Sweetwater, May 16.—Robbers cracked the safe of the Texas & Pacific passenger station here at 4:25 o'clock Monday morning, escaping with approximately \$1,000 in cash.
Officers are working on the case and have a good clew, according to Willard W. Gibson, ticket agent.
C. Carnes was in town Wednesday from down near Ira, he says they had a fine rain Saturday night and again Tuesday. That everything was in fine shape.
Dr. W. H. Morrow was here Wednesday from Hermleigh.

CHRISTIAN EDUCATION IN WEST TEXAS.

The Methodists of Northwest Texas Conference have entered upon the last month in the Christian education movement campaign. This movement is an effort to raise \$33,000,000 to strengthen the schools and colleges of the Methodist Episcopal Church, South. Of this amount Northwest Texas Conference is undertaking to raise \$545,000.

Rev. D. B. Doak of Abilene is the educational secretary for the conference, and Judge J. P. Slaton of Hereford is the financial director. The organization in the various districts is directed by the following laymen: B. O. Brown, Vernon district; G. Fiske, Abilene district;

W. A. Palmer, of Canadian, Amarillo district; W. T. Hayter, Clarendon district; W. W. Davis, Sweetwater district; R. A. Underwood, Plainview district; Sam T. Davis, Lubbock district; C. Hogan of Spur, Stamford district.

The organization throughout the church is complete, and although the financial appeal will not be made until the week of May 29-June 5, gifts aggregating more than \$1,000,000 have already been announced. These gifts range all the way from \$5.00 to \$250,000.

Southern people are beginning to feel keenly the need of strengthening their educational institutions. Last year the colleges and universities of the North received \$349 for every \$1 the colleges and universities of the

South received counting only those gifts of \$75,000 or more. The South cannot discharge its obligations to its sons and daughters unless it greatly strengthens its schools.

The Northwest Texas Conference has one college now in successful operation. This college is at Clarendon and is one of the best junior colleges in the entire denomination. Clarendon college has property valued at \$400,000 and a student body of over 400. The college will receive \$200,000 from the fund now being raised, \$100,000 of which will be for permanent endowment. Another college within the bounds of the conference is to be established. This is McMurry college at Abilene, Texas. The city of Abilene has given \$350,000 for the establishment of this institution. McMurry college will receive \$150,000 from the Christian education movement which will make it one of the best equipped and endowed institutions in the beginning of its operations in the country.

Texas is expected to raise about \$5,000,000 of the \$33,000,000 fund and the Methodist schools of Texas will receive in return more than \$6,000,000. Texans are not the kind of people to fail in the face of a challenge like that.

Every Sunday there are speeches by Methodist minute men in every one of the 18,000 Methodist churches in the South on the subject of Christian education. There are 200,000 of these minute men and each one is an informed enthusiast for the movement.

With the raising of this fund every Methodist educational institution of the South will be put on its feet and the cause of education in the South will be greatly helped.

In his treatment of the Chinese and Japanese questions Mr. Chew gives valuable information that gains new interest and importance in the way it is told. You owe it to yourself and your American citizenship to get some of these things straight in your mind. Chinese immigration and Japan's position are things that affect America deeply.

Black Cap's Significance.

The custom of putting on a black cap—really a square of black cloth—which judges in England do when sentencing a prisoner to death, originated from the custom of covering the head as a sign of mourning in ancient days. The judge, in putting on the black cap, mourns the fact that he is about to order a life to be forfeited.

LIVE STOCK

COLLEGE EDUCATION FOR BOY

Kentucky Lad Saves Enough From Sale of Litter of Fine Pigs to Pay for Schooling.

Here is the story of how a litter of pigs produced an agricultural college education, a system of farm water-works and general improvement on a backwoods farm that had only primitive advantages.

The education went to Jeff Anderson, a Kentucky boy of Pulaski county.

Pigs Almost Ready to Root for Themselves.

Jeff belonged to a boys' club which had been organized by the county agent. He was encouraged to raise a litter of fine pigs under the club system by which the boys applied approved methods and kept account of the results. The pigs sold for a fancy price. Jeff, who had made sure progress, saved some money from his labor and in 1918 entered the Kentucky State College of Agriculture for its short course.

He had been used to seeing his mother and other women carry water 150 yards up a hill for washing and cooking. At the agricultural college he realized the convenience and benefit to be gained by running water conducted to a tap in the kitchen. When he returned home he persuaded his father to let him put in a water system. A stand pipe 60 feet high was built with a 500-gallon tank on top, which gave sufficient pressure to force water to the dwelling 400 feet away. He rigged up a gasoline engine and pump at the spring under the hill. He had learned a little about plumbing, so he did all the pipe fitting in the house. One month's work at odd times, coupled with a little of the knowledge he had gained at the State College of Agriculture put the water right into the kitchen. Jeff has gone back to complete his college education; and they're still raising better pigs at the Anderson farm.

RANGE STOCK IS IMPROVED

All Kinds of Sires, Bulls Especially, Are Receiving Close Scrutiny by Breeders.

In the Western range states, all kinds of sires—bulls especially—are receiving scrutiny by live stock owners. There is increasing evidence that good purebred males have wide influence on the quality of young stock and on the returns from stock-raising operations.

One day recently the United States Department of Agriculture enrolled in the "Better Sires, Better Stock" movement several ranchmen, each of whom had more than 1,000 head of live stock. One flock of sheep contained 250 purebred ewes and 3,450 crossbred ewes, the sires being all purebred. "A cattle raiser who enlisted in the campaign the same day notified the department: "I have disposed of two grade Hereford bulls recently, having decided to run nothing but purebred sires." This remark is typical of the progress of the movement in Montana.

TO RESTORE MORGAN STRAIN

Efforts of Department of Agriculture Shown in Recent 300-Mile Test for Horses.

Efforts of the United States Department of Agriculture to restore the Morgan strain of horses, which had become nearly extinct, showed their effect in the recent 300-mile test for army horses. Out of 27 entries, only ten finished, and of these the sixth and seventh were Morgan horses, one of them raised on the department's stock farm in Massachusetts. The horses were required to travel 60 miles a day for five days, carrying the regulation cavalry load of 245 pounds.

PROFITABLE TO RAISE MULES

Plan Suggested to Farmers Who Experience Difficulty in Selling Young Horses.

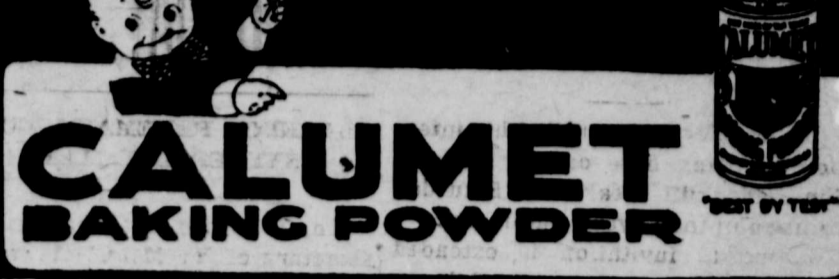

Men with good-sized mares, who are having a hard time disposing of young horses, will find it more profitable to raise mules than to raise colts. Medium-priced jacks can now be purchased with a reasonable certainty of breeding.

YOU certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs.

Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality.

It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

RAISES THE QUALITY—LOWERS THE COST OF ALL BAKINGS

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener.

It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe

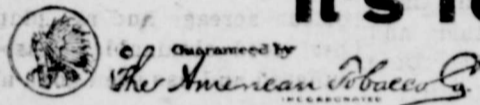

3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1/2 cup granulated sugar, Yolks of 3 eggs, 1/4 cup cold water, Whites of 3 eggs, teaspoon orange extract. Then mix in the regular way.

HON. JOHN TEMPLE GRAVES TO BE HERE.

Great Orator and Newspaper Man At Chautauqua.

One of the best loved Americans, is John Temple Graves. His reputation as an orator is international. He has a command of the English language that is most remarkable. In the past twenty years he has numbered as his friends the great men of the nation in both great parties. As a newspaper man he handled for years twelve newspapers of national circulation and reached twenty million readers daily.

The Redpath-Horner Chautauquans have been extremely fortunate in getting Colonel Graves this year. On last March he appeared before the Academy of Arts and Sciences of Pittsburg, Pa. Henry T. Rainey, Congressman from Illinois, summed his speech up in saying, "As an orator there is nobody like him. He is in a class by himself—exquisite, charming, convincing, irrefutable."

NEW COTTON STORY GOING THE ROUNDS

A new story is going the rounds about an old Southern negro who was asked by the proprietor of a store how he happened to need credit when he'd such a good cotton crop.

"De ducks got about all dat cotton sah," was the mournful reply.

"What do you mean by de ducks got it?"

"Well, you see," explained the old man, "I sent dat cotton up to Memphis an' dey deducts de freight, an' dey deducts de storage charges, an' dey deducts de commission, an' dey deducts de taxes—yes, sah, de ducks got 'bout all dat cotton, an' dat's why I'm here."

EDITOR BEN F. SMITH TO RETURN HOME TOMORROW

Word was received yesterday that Mr. Ben F. Smith will be home tomorrow. Mr. Smith's recovery from his serious illness has been constant and sure for the last two weeks and we are glad to have him back with us. It will be something like two weeks after he comes home until he will be able to come to town, however, but as soon as his condition will permit, he will be on the job again at the Beacon office.—Lockney Beacon.

B. F. WILKS

B. F. (Uncle Frank) Wilks, known, esteemed and loved by most everybody in this big West, passed over the river into the great beyond last Thursday evening at 6:15 o'clock, and was buried at Terrace cemetery.

Uncle Frank was in his eighty-third year and was in this county before Garza county was organized, at which time he was elected treasurer of the county. He was one of our oldest citizens and was a man of strong religious principles and very staunch to his church and its teachings. He became a member of the Baptist church when quite young.

He was a native Tennessean and fought with the Confederate soldiers in the Civil war. He was a member of Co. C, 6th Texan infantry and for the past several years was one of two who remained alive of that company, the other, W. J. Oliphant, is still alive and in the tax assessor's office at Austin, still serving his country and the people.

Uncle Frank was the father of a large family, and we understand was the first of the family to be called to his reward. He also leaves a devoted wife, who has faithfully stood by him all these years.

In the going of Uncle Frank Wilks the entire community feels the loss for he was a good man who always kept his lights trimmed and burning.

To the bereaved wife and children and to the only sister, Mrs. Nunn, we extend our sympathy, and may they continue to live and conduct themselves as Uncle Frank would have you do.—Post City Post.

Three Species of Giraffe.

Dr. Samuel Johnson did not quite cover the facts when, in his celebrated dictionary, he defined the giraffe as "an Abyssinian animal taller than the elephant, but not so thick." As a matter of fact, there are at least three species of giraffe—the one with two horns, long familiar to us, and the second, that dwells in northeastern Africa, and shows a third front horn (in old bulls), or, in the Uganda variety, with as many as five small horns on its crown. In the second species the patches in the network coloring are larger and of a brighter chestnut than in the ordinary kind.

EQUALS A BIG LEAGUE GAME FOR AMERICAN ENTHUSIASM

Broadway Jones, at Chautauqua, Creates Whirlwind Fun.

George Cohan needs no other work of his to prove him great with Americans than Broadway Jones. It starts off with the rise of the curtain and in a minute the crowd is roaring. From then on brilliant fun, lightning action lasts until the final drop.

Jackson Jones is a thoroughly American but somewhat harumscarum young duck. He gets a lot of jolts and is man enough to make good use of all of them.

A chewing gum factory figures prominently from the first, also, a wealthy widow. Jones is engaged to the widow but he loves someone else. How he manages all the complications makes an intense story, screamingly funny.

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.

Catarhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the Blood on the Mucous Surfaces of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. **ONE HUNDRED DOLLARS** for any case of Catarhal Deafness that cannot be cured by **HALL'S CATARRH**.

“LISTEN”

Are You Doing Your Part?

The degree of civilization to which our great country has now attained, has been brought about directly or indirectly through the influence of our Sunday Schools and Churches. If you are not giving a portion of your time, influence and means to this work, may you not stop and think. Am I doing my part in this great work which has made my country a desirable place in which to live? or have I been a drone, indifferent, selfish, continually pulling back, making the task harder for those who are interested, and who are actually binding the chords of civilization together. With five Sunday Schools in our town, there is no reasonable excuse why you should not start next Sunday to one of these places.

YOU WILL NEVER REGRET IT.

PRINTING THE MINUTES OF THE ABILENE PRESBYTERY

The Signal is printing the minutes of the Abilene Presbytery that convened April 12-14, 1921, at Rochester, Texas. This job was given us through Rev. J. H. Tate, of Fluvanna, who is stated clerk of the Presbytery, and who is also the retiring moderator.

NEW COLLEGE SITE TO BE CLEARED AT ABILENE

Abilene, May 17.—Initial work in cleaning off a site for McMurray College will begin June 1, and it is expected that actual construction work on the college building will begin about Sept. 1.

The administration building is to be fireproof and probably will cost \$150,000. prospects are good for raising an endowment fund of more than \$200,000 at once, and work is being pushed on the charter.

A general survey of business conditions has just been made by "The Nations Business" an organization which keeps up with the business affairs of the country. This survey shows that business conditions in no part of the country are good and only ranges from fair to poor over the country.

It shows that a small part of southern Maine, parts of New York, Pennsylvania, West Virginia and Ohio, parts of Wisconsin, Minnesota, South Dakota, Florida and a small section of Illinois are fair, also a part of California. The entire states of Nebraska, New Mexico and all of West Texas are in the fair class also while all of the rest of the nation's business shows up poor.

From this account it may be that we people of West Texas have a lot less to complain about than we think we have. Babson's, another organization that reports on general business conditions predicts that the volume will be about 75 per cent of what it was last year during the coming months of 1921. A general feeling of optimism is springing up over the country, bank statements reflect the fact that debts are being cut down and savings accounts are being built up.

It is encouraging to learn that Scurry county has at last begun to get rains. Just a little of that commodity properly distributed will insure crops and rain is the paramount factor for the next two months.

Central Texas has been having more rain than needed but a few weeks without will bring on a howl.

I am glad to note evidence of civic progress in Snyder. A general system of concrete walks will give new tone to the city's appearance and I hope the movement will extend full length of Scarborough street to the Santa Fe depot and then out to residence property over town.

I am hopeful the people will cheerfully vote an additional \$25,000 in school house bonds. Judge Rosser has presented the matter strongly. Progressive towns, can't afford to be parsimonious at the expense of educational welfare. Nobody wants to live where school advantages are poor and the Snyder people deserve the best to be had.

The school is the one enterprise in which all the people are interested, and when a question arises that touches all the people there ought to be no slackers or obstructionists. Local patriotism is essential to civic progress.

Miss Vela Bell of San Marcos has recently been elected to a position in the Ennis school. She is a sister of our Mr. W. R. Bell. She was reared in Ennis, taught awhile several years ago in the Colonial Hill school in Snyder and for the past eight or ten years has been a successful teacher at San Marcos.

Oil interest is apt to get a firm grip on the hearts and purses of our people if it comes that we can strike a paying prospect by merely driving a stick into the surface. It would beat the shallow tester and rank with placer mining.

There are abundant reasons to believe that there is oil there and if a new rule now in the forming can be enforced to require a log of all shut down wells, there may possibly now be an eye opener about fifteen miles north of Snyder.

The two little Billingsley men who have been our guests for the past week or two are a very interesting pair. J. P. Billingsley, who is a brother of our Dick Billingsley, of the First State Bank and Trust Co., has been for the past six months working as telegraph operator at Ft. Worth, but was reared in Scurry county, at Dunn. He is 21 years old, 50 inches high and weighs 97 pounds. B. Billingsley lives at Cleburne, Texas. He also is a telegraph operator, is 20 years old 47 inches high and weighs 82 pounds, is a cousin of J. P.'s. These little men are well educated, are successful in their line of business, keen, energetic and interesting talkers. They will be here some two weeks yet. We are glad to have them with us.

GOT MORE THAN HE PAID FOR

Page Mr. Diogones. His search is ended. An honest man has been found. J. Harvey Curtis is his name and Worcester, Mass., his habitat. Many moons ago he purchased from the United States Tire Company a Royal Cord tire. Months and months and months and months passed, and he still wore this Royal Cord on his trusty car. Up, up and up rolled the mileage it had compiled until the record stood at 22,050. Then the tire departed this life, and its owner, instead of sitting down and writing a letter to the maker, complaining because it had not given 30,000 miles, informed the company that he felt he owed it compensation for the extra mileage the tire had rolled up, and concluded his letter: "If you will advise me how much I owe you, I will gladly send my check."

Said that crops looked better here than any where in their trade territory. They paid a high compliment to the general appearance of the square and the court house yard in particular.

HORNER MAKES A FIND

Young Violinist Startles at Chautauqua.

A little over a year ago Knofleckova the brilliant young Bohemian violinist played for Charles F. Horner. A remarkable European education combined with unusual ability have enabled this young artist to charm even the most critical musicians. Her technique is flawless. The most difficult compositions are played with the ease of the great artist.

Knofleckova is supported by an excellent company. In a few years many communities that have heard Knofleckova this year will be willing to pay many times the price to hear her again. She has a great future. Miss Knofleckova is only twenty-one.

Webster's Place in History.

While acting as the organ of the government in foreign affairs Webster showed that his powers as a diplomatist were scarcely inferior to his legal and oratorical endowments, but it is as secretary of state that he is least thought of now. His country proudly thinks of him as one whose brain and voice did more to inspire Americanism than any other man between Washington and Lincoln; as the greatest Federalist since Hamilton; as the first exponent of the Constitution since Marshall.

CURING HORSE'S BAD HABITS

In Case of Chronic Balking Course of Training Will Be Needed to Overcome Fault.

Horses that have been properly handled and trained are not balky, neither do they have bad habits. When horses with bad habits are encountered a careful study of each case should be made in order to ascertain the cause, and, if possible, to remove it.

The most common cause of balking among horses is punishment to make them do something that they cannot do or that they do not understand how to do. Another common cause is the forcing of horses to draw heavy loads without allowing them to stop occasionally to rest and regain their breath. The use of the whip or spur in such instances should be avoided, as the pain inflicted will be very likely to provoke further and more stubborn rebellion. If a horse balks the bearing of the harness should be examined to see if it is hurting him. If a heavy load is being drawn and the horse is not allowed to rest and regain his breath and strength he may become sulky and refuse to pull. Give him a short rest, and while he is resting rub his nose, pick up a front foot and tap the hoof a few times, or adjust the harness, and he may forget his grievances. Take the lines and give the command to go ahead, turning slightly to the right or left to start. If the horse does not start it is either a case of overload or a chronic balker. If the load is so heavy it cannot be drawn, unload. If the horse is a chronic balker a course of training will be necessary to overcome the habit.

In older horses where the habit of balking is fixed the horse should be trained to obey all commands with promptness without being hitched to the wagon. First put on the double trip ropes and use them until the horse stops and stands when he hears "whoa." Next put on the guy line, which should be managed by an assistant, while you drive and attend the trip ropes. The guy line is a rope fastened around the horse's neck and a half hitched over the lower jaw. It is very severe and should not be used to excess. If the horse shows any tendency to balk, give the command "whoa" before he stops of his own accord. When ready to start, the assistant should take a position in front of the horse and smartly jerk him forward.

Modern Example of Good Breeding—One of Stallions Bred by the Department of Agriculture, at Buffalo, Wyo.

ward with the guy line at the same time you give the command "get up." Repeat the process of stopping and starting until the horse shows no signs of self-will. Use the guy line, and use it severely, on the slightest intimation that the horse is going to balk. After a few of these lessons the horse may be hitched to the wagon. The trip ropes and guy line should be kept on until he is well broken of the habit.

A horse that kicks when something touches his heels is dangerous to drive. To overcome the habit, put on the harness and the trip ropes. Take a stick and strike him all over. After he becomes submissive to the pole, tie sacks of hay to the traces and breeding, and continue the lesson until he pays no attention to them.

Fasten a long pole on either side with one end to drag on the ground, the other end to be fastened to the shaft bar. Drive him around with these, and if he attempts to kick command "steady" and pull him to his knees. The lessons should be continued until he submits to the poles dragging between his legs and round him.

SILAGE FOR PRODUCING BEEF

Missouri College of Agriculture Outlines Satisfactory Plan With Young Steers.

Highly satisfactory beef can be made from two-year-old steers by feeding corn as silage, together with linseed meal and clover or alfalfa hay, instead of full feeding shelled or ear corn, according to the Missouri College of Agriculture.

One acre yielding 40 bushels of corn, or eight tons of silage, if fed as silage, together with 1,500 pounds of linseed oil meal and 1,500 pounds of alfalfa hay would produce 750.5 pounds of beef and 113 pounds of pork. If, however, the corn be fed as shelled corn (full feed) and silage, together with 795.2 pounds of linseed meal and 848.2 pounds of alfalfa hay, it would produce 291.6 pounds of beef and 68.6 pounds of pork.
