#### CHITWOOD MAY TRY FOR BLANTON'S SEAT

Sweetwater, Texas, October 10, State Representative R. M. Chitwood of Nolan County probably will be a candidate for Congress to succeed Thomas L. Blanton. Announcement is expected within the next few weeks.

Chitwood was the author of the original West Texas Agricultural and Mechanical College bill which was passed by the Thirty-seventh Legislature. He took an active part in the fight for the redistricting of the state into Senatorial districts.

Chitwood also was author of the House rural aid bill which after having passed the House was made a part of the Senate Floyd bill, and which was passed finally and signed by the Governor following the last regular session.

Although this was Chitwood's first term in the House of Representatives, he drew a number of important committee assignments, and was a member and the secretary of the penitentiary investigating committee.

#### Rev. J. H. Hicks Goes to Canyon.

Rev. J. H. Hicks, who has been pastor of the Methodist church at Snyder for the past two years, was assigned to Canyon by the N. W. Texas Conference which convened last week at Amarillo.

Bro. Hicks has done a good work for the Methodist church at Snyder. He is loved by all his people and by all those with whom he has met. His sermons are spiritual, scholarly and abiding and his series of sermons just finished on the beatitudes, was a spiritual uplift to the church.

Bro. and Mrs. Hicks leave here with the best wishes from the people of Snyder.

### PARENT-TEACHER ASSOCIATION TO PARADE SCHOOL CHILDREN SATURDAY

The Parent Teachers Association will have a parade of all the Snyder School children Saturday afternoon in the interest of the membership campaign for the Association. The parade will be headed by Brunks Comedian's Band, followed by the Boy Scouts and all of the school children. At the close of the parade a photograph will be made with the

Chamber of Commerce's new panoramic camera and sent to the Fort Worth and Dallas papers for publication.

All parents are earnestly requested to have their children report at the Central School Building not later than 1:30 p. m., Saturday afternoon. Prizes are offered for the best representation from each room.

### President Interested in Health Crusade

President Harding has definitely indicated his interest in the Modern Health Crusade by personally presenting to Frank W. Ba'lo, Superintendent of school, Washington, D. C., the silver cup awarded by the National Tuberculosis Association to the school children of Washington for having the highest enrollment of Modern Health Crusaders in the inter-city tournament.

In making the presentation, president Harding stated: "If I were to offer a prayer it would be first for spiritual excellence of our nation and next for its well being in health. In order to effect the physically perfect nation, I would expect to begin with the children."

In recognition of the work that is being achieved by the Modern Health Crusade movement the President sent the following letter to Charles M. De Forrest, Crusade Executive of the

National Tuberculosis Association.

"I was very much interested today in presenting, on behalf of the National Tuberculosis Association, the silver cup won by the school children of the District of Columbia, because of their larger enlistment to make effective warfare against tuberculosis. I may quite sincerely express the hope that in every American city and country district a like large proportion of boys and girls will make themselves health knights by faithful attention to their own habits and their care and concern for the health of the nation."

The Modern Health Crusade is conducted in Texas by the Texas Public Health Association as a means of teaching children the fundamentals of hygienic living, in order to build up their bodily strength and prevent infectious diseases, particularly tuberculosis.

#### SHERIFF BYRD CATCHES MAN FOR FORGERY

Sheriff J. H. Byrd arrested a man Tuesday at Colorado, wanted here on a charge of forgery.

Steve Cox of Ira swore out a complaint here Tuesday in Justice court, charging that this man had forged a check on him for \$97.00 and another for \$8.00. Sheriff Byrd immediately got busy, went to Ira and in company with the Deputy there, Henry Newman, went in search of their man. They found him at Colorado and was identified by Cox. Upon being intercepted by the Sheriff he showed fight but Byrd got in a right hander and downed him. At this instance Newman came in and demanded that he "stick 'em up", which he immediately did.

Sheriff Byrd brought him to Snyder and placed him in jail to await the examining trial.

THE AMERICAN PRESS ASSOCIATION

We are in receipt of an invitation and pass to Waco Cotton Palace, concerning there from Oct. 22nd to Nov. 6th, 1921. We would like to go to the Waco Cotton Palace. This exposition has grown to be an International affair and from year to year has expanded until now it is one among the leading expositions of the state. As much as we would enjoy going to Waco Cotton Palace and Dallas State Fair, truth of the matter is West Texas is too busy this year to go very far east for her entertainment. Scurry county is going to have a fair the last of October, which promises to be a big occasion. The West Texas Fair at Abilene was a big success and most every county is having its fair, besides the big crops of all kinds, keeps everybody busy and at home.

The editor of this paper, like the editor of every small town newspaper gives largely of his time for public enterprises. Then he comes back into his office and donates column after column of space for the public good. Then sometimes in the few hours he has left to look after his personal business he finds out about

Smith, Jones & Co., sending out of town for a piece of job printing because they could save fifty cents on the order. The next day along comes young Jones, the junior partner of Smith, Jones & Co., with a subscription list for the widow who lost her home by fire, or the cemetery association, or some other equally worthy cause, and the country editor puts down about the same amount as the banker or any other of the town's leading business firms. Who ever heard of the Near-City Printing Company making a donation on local distress calls, or sending a representative to do committee work on public enterprises? Stay with your home printer—he is the man to tie to and never fails to do his part on community enterprise. Reciprocity is a great doctrine and this old world needs more men who will practice it.—Clarendon News.

### METHODISTS ARE PUSHING CENTENARY CAMPAIGN

Texas Methodists are pushing the "Centenary pay up campaign." According to local leaders, the fourth year's payment of Centenary pledges will be due Jan. 1, 1922, and an effort will be made to have the five annual conferences in the State meet their full responsibility for this amount.

Since it is claimed that there are 325,000 members of the Methodist Episcopal Church, South, in the State of Texas, Centenary leaders say that "as goes Texas, will in a large measure go Southern Methodism." And are urging that this section observe a date in the early fall as pay-up week.

According to reports from headquarters, Texas Methodists pledged approximately one-seventh of the total amount of missionary money secured through the Centenary movement, said to be the biggest undertaking ever entered by that denomination. The total amount pledged throughout the connection was \$48,000,000 payable in five yearly installments. The Centenary enterprise covers missionary work in the United States and in foreign lands, and since so large a part of the fund was subscribed by Texas, a large share of Centenary money will be expended in this state for home mission work and to supplement the salaries of underpaid Texas preachers. The amount available for these purposes will depend upon the success of the pay-up campaign in this State, since ten per cent of all funds collected by any annual conference is returned to that conference to supplement funds for local work.

And of the direct appropriations of Centenary money, it is claimed that Texas gets a larger share than any other three states in the South. Appropriations include enterprises in Dallas, El Paso, Fort Worth, San Antonio, and several smaller cities, besides appropriations for rural missions, schools, and work among foreigners. In view of the pressing needs of these Church enterprises there is a strong appeal to Texas Methodists to make a good showing in Centenary payments this fall.

The men who are conference leaders in Centenary work in Texas are: Rev. J. E. Crawford, Waco; Rev. A. A. Kidd, Greenville; Rev. W. E. Lyon, Abilene; Rev. D. H. Hotchkiss, Humble; Rev. J. I. Curry, San Antonio.

The laymen who serve as Centenary treasurers are: W. H. McCullough, Waco; J. D. Gillespie, Dallas; J. W. Turner, Abilene; B. J. Hawthorn, Timpon; George W. Walling, Jr., Austin.

### From Lockney Peacon.

Mr. and Mrs. W. R. Stone and daughter, Miss Tress, left yesterday for Lubbock, and Lamesa, for a few days visit. They attended the Fair at Lubbock yesterday.

Mrs. B. N. F. Smith left yesterday to accompany her mother to her home at Nails, Texas. Mrs. Smith will visit two weeks in South Texas.

Miss Tress Stone, daughter of Mr. and Mrs. W. R. Stone, came in last Sunday from Galveston where she has finished a three year's training course as a nurse at John Sealy Hospital. She received her diploma. She will visit with her parents for several weeks before taking up her work.

Fred A. Grayum of Waco, representing the Federal Land Bank, was in the city Monday and made the writer a pleasant visit. Mr. Grayum is one of our old Snyder friends.

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, is a family car of class and comfort, both in summer and in winter. For touring it is a most comfortable car. The large plate glass windows make it an open car when desired, while in case of rain and all inclement weather, it can be made a most delightful closed car in a few minutes. Rain-proof, dust-proof, fine upholstery, broad, roomy seats. Simple in operation. Anybody can safely drive it. While it has all the distinctive and economical merits of the Ford car in operation and maintenance. Won't you come in and look it over?

## WORK OF THE POST-OFFICE DEPARTMENT

With its 300,000 employes the postal establishment handles 1,700,000 letters an hour, says the magazine Nation's Business. It sells one stamp daily to every two million of the over one hundred million people, a total of 14,000,000,000 stamps sold annually. Besides these the postoffice sells 9,000,000 stamped envelopes daily.

The annual turnover of the postal establishment is \$3,000,000,000 with expenses of nearly \$600,000,000. It satisfies debts to the amount of

\$1,500,000,000 through the sale of \$150,000,000,000 money orders annually.

Over 2,500,000,000 parcels are handled annually by the parcel post.

The earth could be wrapped around thirty times with the twine we use in tying mail in bundles annually; 800,000 miles of twine is thus used. How would you like to find \$55,000 without any claimant. The Dead Letter Office does that every year. The careless public either puts no address on the envelope or only partially address it.

The Dead Letter Office handles 19,000,000 undelivered letters annually.

The New York postoffice alone handles over 250,000 misdirected letters daily, re-addressing them from city directories before they can be delivered. It costs the taxpayers millions of dollars to correct their own carelessness.

The growth of the parcel post since its establishment in 1913 has been enormous. The estimated total number of parcels carried has increased, in round numbers, from 332,000,000 in 1913 to over 2,500,000,000 in 1921. With this increase in the number of parcels, there has also been a decided increase in the size and weight of parcels. It is now the greatest express facility in the world. One can well imagine how such a growth would defect the mail service, with its facilities never quite adequate and almost at a standstill during the period of the war. As a result of this condition serious consideration must be given to providing additional buildings in the leading postal centers for the specific purpose of handling parcel post packages.

In order to prevent any delay to other classes of mail, such as letters, it has been suggested that parcel post be handled separately from other cases of mail in the congested transportation routes. This involves great expenditures of money for buildings and equipment, and with the great burden of debt on the government, which must be considered, the solution of this particular problem becomes doubly difficult. It is being approached, however, from every angle, and it is proposed, as rapidly as possible to meet the conditions without too great a tax upon the public treasury.

Miss Willie May Hunter of Fort Worth arrived today and is the guest of Mrs. J. O. Dodson.

Dear Mr. Curry:

As we have bought a home and located for awhile, at least, you will please change address of my paper

to R. F. D. No. 2, Box 332, Long Beach. We bought our home through your Uncle S. N. Curry, who is in the real estate business here. Our youngest boy Elton, had the misfortune to get his arm broken last week.

He is getting along nicely and only missed one day from school.

With kindest personal regards.

Monthly meeting of the T. E. L. Class met with Mrs. H. E. Rosser, on Thursday afternoon, October 6th. Mrs. Rosser hostess, with Mrs. Wren, and Garner assisting, twelve members present, one visitor.  
Mrs. Chinn resigned as teacher of our class. All present expressed their sorrow over losing such a good, sweet woman and an instructive teacher. We had quite a lot of discussion over a new teacher. Finally settled on waiting till the usual time for electing officers, and use our assistant teacher, Mrs. Rosser until the time to elect new officers. Had a nice program, but was too late to use it.  
Our social hour was spent with music on Victrola and talking by all. Delicious refreshments of Hot Chocolate and pie were served.  
All expressed their thanks for a delightful evening.  
We hope those that were absent will be present at our next meeting. —Reporter.

## To The Homeseeker

Can you show us a farming county in better shape than Scurry?

Can you show us a farming country in Texas with land as low in price?

Can you show us one with better or more water?

Can you show us one with better Schools, Churches or better people?

Can you show us one that produces more in every respect one year after another than Scurry?

If you can not show us these things then why not let us assist you in getting a home either in town or a farm whereby your family can stay in comfort and not dread the future.

We can sell you a farm with a small payment down and secure plenty of time on the balance, sufficient enough to permit you paying for same.

We have the "Exclusive Sale" of the Dr. Davenport ranch 6 miles South of Snyder that we are platting and cutting up in 80 and 160 acre tracts and we are going to put a price on it that will sell now---Easy payments.

In Useful Work**

Training designed to fit them for the battle of life was taken by 147 blind ex-service men at the Red Cross Institute for the Blind, near Baltimore, Md., during the fiscal year 1920-1921, according to the report of the Institute for that period.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special text-books in Braille, reading which they were taught at the Red Cross Institute.

Twelve men have passed from the Institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the Institute because of poor physical condition, 14 are receiving further "training on the job" and 87 are still in training.

**Red Cross Plans  
\$6,000,000 Effort  
To Save Children**

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$6,000,000 has been made available for this work.

**PARENT-TEACHERS ASS'N  
ORGANIZED AT DUNN**

At the invitation of Supt. M. K. Maples, the people of Dunn met with Mrs. Rob Strayhorn, county organizer of the Parent-Teachers Association, at the school house, Sept. 23, 1921, at 3 p. m. for the purpose of organizing a parent teachers association.

The house was called to order by Mrs. Strayhorn. Mrs. Maples was elected temporary chairman and Mrs. Green, temporary secretary. An address was given on the purpose of the parent-teachers association by Mrs. E. J. Anderson of Snyder.

Mrs. J. A. Stallings of Snyder told what methods were used at North ward to interest parents and cause them to attend.

Mrs. Strayhorn explained what means were used to raise funds.

The constitution and by-laws were adopted, and the name of Dunn par-ficers nominated by acclamation.

The following were elected:  
Mrs. Hancock, president, Mrs. Billingsley, 1st vice president, Miss Myrtle Hancock, 2nd Vice President, Mrs. Ethel Green recording secretary, Mrs. H. R. Amos, corresponding secretary, M. K. Maples, treasurer.

The constitution and by-laws were adopted, an title name of Dunn parent teachers Association was decided upon.

The general work was gone over in open discussion.

On motion the meetings are to be held twice each month.

A resolution of thanks was voted Mesdames Rob Strayhorn, E. J. Anderson and J. A. Stallings, for the aid and information so generously given. The meeting then adjourned to meet at 3:30 p. m. Oct. 7.

Mrs. Ethel Green,

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

## Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

**Read Letters Below—**

**Records from 29,000 to 57,000 Miles**

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 16, 1921  
Firestone Tire & Rubber Co.,  
Jacksonville Branch,  
Jacksonville, Florida.

Gentlemen:—  
I submit herewith the history of a 35x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.  
C. U. Penney,  
Plant City, Fla.

Sept. 2, 1921  
The Harvey E. Mack Co.,  
Thirteenth & Harmon Place,  
Minneapolis.

Gentlemen:—  
It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 36,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.  
Archie H. Beard,

### CAR LOAD OF WHITE FACE CALVES UNLOADED HERE

A car load of white face calves consigned to R. H. Curnutte, was unloaded at the R. S. & P. Pens on last Thursday. A number of cow men, who were present said that they were the best bunch of cattle ever unloaded at this pen. These calves were bred and raised

by L. C. Brite of Marfa, Texas. Mr. Curnutte has them on feed and if they do well will take them to the fat stock show at Fort Worth next Spring.

Mrs. C. J. Yoder and little son are visiting D. P. Yoder and family in Snyder this week, having gone over Wednesday with Mr. and Mrs. E. F. Sears.—Ford County News.

A Tribute to Dr. F. M. Lothridge. Cousin of Mrs. J. Z. Noble.

Many hearts were made sad when the death angel came to the office of Dr. F. M. Lothridge and took from us our esteemed physician. The funeral services which were largely attended, were conducted at Prospect, by Revs. W. A. Cooper, and A. P. Foster. The profusion of beautiful flowers sent by loving friends, attested the high esteem in which the deceased was held. Our friend is now gone from us in bodily form, but not forgotten. He stood the supreme test of love to those who were dear to him for figuratively and literally, he laid down his life for his friends and loved ones. Endowed by God with an unusually bright and active mind and with a most sunny disposition, he used these assets to bring smiles to the faces of those who knew him and lighten their burdens of life. He was a skilled physician and his sudden death came as a great shock to the community. He was a great philanthropist. Always kind to his patients, congenial and dependable, enjoying the confidence of his acquaintance. His usefulness now seems a vision of eternal verities. It leaves a message to us in oft whispers: "Be still, don't complain, let the Lord have his way with you and all will be well." But it is hard to give him up. His days on earth were full of usefulness and happiness. He had the true conception of the joyfulness of being great to the poor and to all mankind. We do not think the Lord Jesus Christ breathed the breath of life in a more generous physician.

God's plans like hills, pure and white. Day by day unfold, we must not tear the leaves apart, to reach the heart of gold.

— A Friend.

Oscar Barfoot of Hermleigh was in the city Saturday. He paid the Signal office a pleasant visit and moved up his Signal. This is very encouraging and we hope others will do likewise.

### Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$25,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

### Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled \$155,317.

America Succors Russians Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

Dr. J. E. Dodson of Pasadena, California, came in Monday on his regular annual trip to Snyder. He will be here about three weeks looking after business matters.

### ASPIRIN

Name "Bayer" on Genuine

Be ware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

# ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.
