SNYDER, TEXAS, THURSDAY, JANUARY 31, 1924

NUMBER 34

Loutex Given The Second Shot

SHE FLOWS FOR SEVERAL MINUTES THEN BRIDGES

Last Sunday at 12 a. m. the Loutex well one mile south of Ira was given a second shot and as a result she went over the derrick, then bridged. The shot was placed at 1,765 feet and the blow out extended to 1,850 feet. The well blew before bridging about 5 minutes and brought up a stream of oil, rock and dirt.

The Times-Signal editor was standing at a safe distance in company with Mr. E. J. Anderson, secretary of the chamber of commerce, and Mr. and Mrs. Moore, the camera people, and it was a moment of intense excitement when the 120-quart nitroglycerine was set off. After the report of the shot there was a minute or so of quietness in the well and then a rumbling was heard. Smoke first appeared, then she came alive and the stream of oil began to mount higher and higher until it reached and went over the top of the derrick. She then bridged and began to quiet down.

Messrs. Thompson and Lechner, the owners and operators were on the ground, and the first thing they said after we reached them was: "Tell the people that Moore No. 1 certainly looks good to us."

They finished pulling the casing in the Loutex Wednesday, Jan. 23, then bridges were set and preparation made for the shot. The shooter came from Breckenridge Saturday, Jan. 26, with his nitroglycerine but got there too late to pour it in before dark. As it was a dangerous operation day was waited for and Sunday morning the pouring and getting ready for the shot was begun.

They are now drilling the bridge out and expect to run eight-inch casing within the next few days. Tuesday they were drilling at the bridge and washing sand, preparatory to making the test. The well

will be put under pump at once.

The Times-Signal editor had an interview with Mr. Thompson, president of the Loutex Corporation, Tuesday and he stated that in all probability storage tanks would be erected at an early date and arrangement made to store the oil as it was produced. The estimate placed on the Loutex is from 50 to 200 barrels daily, with the guess favorably for the two hundred barrel test.

Depending on the showing of the Loutex two or three more wells will be started by the Loutex Corporation in the near future. These wells will be put down in the neighborhood of the present test—Moore No. 1.

The outlook for a paying field and the biggest proposition of a shallow nature has been struck in the Ira section. We stated last spring that the biggest oil field yet to be developed would be in Scurry county. We are still holding to that Loutex makes us all the more correct. The present status of the field that our guess was absolutely correct. It is not extravagant to say that within the next 12 months we may expect to see 50 rigs up in the Ira field and much activity. The Loutex test will decide the matter in favor of extensive operation.

The drilling contractor on Humphreys well on the Wellborn place about three miles southwest from the Loutex is preparing to spud in this week. They have all tools on the ground and have practically completed rigging up. The Humphrey is one-half mile of the river, and the test will be a thorough one. With the Humphrey test and the two or three additional wells contemplated by the Loutex it will begin to look like an oil field around Ira. However, this is a mild start compared to what will be going on out there within the next twelve months.

BOY SCOUT TRAINING COURSE IS LAUNCHED IN SNYDER

BOY SCOUT TRAINING COURSE IS LAUNCHED

Ten men of Snyder, who are interested in the boyhood of our city, gathered in the basement of the Methodist church Tuesday night to take part in the first session of a Scout leaders training course being conducted by the local officers of the Buffalo Trail Council, Boy Scouts of America. The council is composed of Scurry, Fisher, Nolan and Mitchell counties and Scout Executive W. S. Barcus is spending this week in Scurry county helping the local leaders to get lined up for some intensive work.

The training course is intended to approximate ten hours of active work this week and the same period during one week in February, and is a standard course which will entitle those men taking the work to a diploma from the National Boy Scouts Council. The outstanding feature of

this course is that it is composed work. Lectures will be reduced to a principally of actual practice in the minimum, and the men will put in the greater part of the time going through the various Boy Scout activities, such as, knot tying, signaling, fire building, cooking. It is hoped to have at least twenty men for the next session, which will be held at the same place on Thursday night. Those seriously interested in our boys are invited.

Dunn Raises Finances For Boy Scout Work.

Last week J. C. Beakley, Boy Scout council member from Dunn, turned over to local treasurer, R. H. Curmiste, the sum of \$125.00, which he has raised at that place for the financing of the Boy Scout work for the current year. Scout Executive W. S. Barcus, says that the organization will be perfected there right away.

EXAMINATION EXEMPTION LIST OF SNYDER PUBLIC SCHOOLS

Following is the exemption of Snyder Public School for the mid-winter examination:

High fourth—Miss Grace Mann, teacher; Lois Fay Gibson, Gene Michael, Burgess Brown, Meva Doak, Jack Chinn, Marion Edwards, Creston Fish, Weldon Elander, Eula Ferguson.

Low fifth—Allene Curry, Hunter Bryant, Robert Curry, Gladys Lewis, Andra Jenkins, Austin Erwin.

High fifth—Adelle Baugh, Mildred Davis, Lucille Brown, Agnes Early, Howard Robinson, Katherine Stallings, Eldred Swint.

Low fourth—Opal Crowder, Dorothy Darby, Geraldine Marrow, Acie Dell Morton, Mary Bell Carrell, Marjorie Smithers, Lois Terrell, Mildred Hester.

High third—Fred Swint, Ester Jones, Adrian Banks, Eugene Wilson, Charles Elia Hamlett, Ora Pearl Boykin, Mattie Tom Bivens, Elizabeth Jameson, Ruth Weaver, Bretnis Anderson.

Low first, section one—Miss Johnson, teacher; Evelyn Erwin, Nadine

LOYD EXTRACTS TOOTH—IT'S THE GIANT'S WOW

All the dentists in the world never got as many laughs out of pulling a tooth as Harold Lloyd does in "Why Worry?" his latest contribution to the screen, which many will proclaim the best farce they have ever seen on the silver sheet or on the stage, for that matter.

John Aasen, the eight-foot-nine giant who plays with Lloyd in this picture, is the comedian's tooth pulling victim, and there is a laugh in this sequence for every foot of the giant's great body.

You will have to see this episode in "Why Worry?" to appreciate how funny it is, for in the five pre-views of the Lloyd picture on the West Coast, audiences were convulsed by it.

It is doubtful if the average human being could stand the severe test to which Aasen was put while losing a troublesome molar, yet it was a minor event for this great bulk of humanity who weighs close to 500 pounds. This sequence is a high light of "Why Worry?" for it establishes the

RECEIVES A CAR OF OLDSMOBILES SIXTIES

Mr. Earnest Sears, the newly appointed agent for the Oldsmobile, has just received a car of these fifty automobiles, which are on display in the Nunn building on the northeast corner of square. He invites the people to call and look over these cars and get demonstrations and prices.

REV. L. D. SANDERS TO PREACH AT WHITE BLUFF

Rev. L. D. Sanders will fill his regular appointment at White Bluff school house Sunday at 3 o'clock. Everybody invited to hear brother Sanders on this occasion.

giant as Lloyd's friend and makes him an important factor in the revolutionary scenes which follow.

"Why Worry?" is Lloyd's biggest production, if not his best. An entire South American town was reconstructed for the picture, and more than a thousand extras were employed in the big battle scenes. It is a Pathe-comedy and will be shown Monday, at the Cozy Theatre.

THE TIMES-SIGNAL INDUSTRIAL EDITION POSTPONED

The Times-Signal will not issue its Mid-Winter Industrial edition until the week of February 14th. The postponement is made necessary on account of sickness generally and for reasons of further preparation. Several thousand extra copies will be printed and distributed. We will start on the work Friday before and rush the paper out as fast as possible. The resources of the county will be thoroughly covered. The Snyder Chamber of Commerce will assist us in the publication of the edition and will contribute much constructive matter.

Get your ads in early. Give us a liberal support and let's put out a creditable edition. We want to cover every feature of our industries and resources. If you have any suggestions or contributions of subject matter to make for the good of the town and county shoot it in.

The Times-Signal invites the Federated Clubs of the county to contribute publicity as to their interest and activities. We will set a part a first-page section and as many additional pages as necessary to carry their matter. Appoint club writers from each club or from the Federation to write on various subjects.

The Poultry Association is invited to edit a section of the paper. The dairy men are invited to come in, also the sheep and hog men can have space. Let's make the edition stand out prominently. The oil men, Camp Springs operators, Loutex and Hermleigh people are invited to cover their enterprises. Get in touch with this office at once and assist us in helping you and your important enterprises and undertakings.

PLAY AT HERMLEIGH UNDER AUSPICES OF BOY SCOUTS

On last Friday night, the 25th day of January, the Boy Scouts assisted by several of the young ladies of the town gave a play at the auditorium of the Hermleigh public school. The play was "Little Buckshot," a comedy drama in three acts. The players were as follows:

Little Buckshot, Willie Davis; Mr. Barton, H. O. Barger; Miss Barton, or Elsie, Miss Ruth Jones; Kit, the other daughter of Mr. Barton, Mary Edith Hood, Brown, the villain, Elmer Louder; his partner, Slade, Jake Bralley; Pat, Ted Patterson; Weed, a salesman, Pascalle McKinnon; and last, but not least, Wildflower, an Indian girl, Miss Lottie Davis; and by no means could Nora be left out, which part was played by Miss Edna Gartman; Zeb Tucker, Wells Fargo stage driver, Warren Chorn.

This play was a very successful affair and every player acted his or her part so well that none outshone the others. It goes without saying that Wildflower was probably the best make-up for an Indian girl that ever showed on an amateur stage. The play was not only well rendered but was well received by the big audience which almost filled the large auditorium. From a financial standpoint, the play netted the boys a nice little sum which they will use for the furthering of the scout movement in Hermleigh.

Before the play began, Rev. C. A. Jones, the efficient scout master, had every scout in the audience to go to the platform. They met him in the hall and marched in and onto the stage. It was very noticeable that every scout when he entered the door removed his cap and remained uncovered while in the building. After the Scouts had assembled on the stage, the curtain was raised and the scouts, led by their scoutmaster, gave their yells, which were roundly applauded by the responsive audience.

At this juncture, the scout executive for this district appeared and gave an interesting talk on the purposes and plans of the scout move-

BIRTH RECORD

Born, to Mr. and Mrs. J. W. Chesler, Jan. 28, a boy, not named.

Born, to Mr. and Mrs. Barney Newton McCoy, Jan. 22, a girl, named Doris Anette.

To Mr. and Mrs. J. E. Martin, Jan. 23, a boy, named Baley.

To Mr. and Mrs. A. H. Gorden, Jan. 20, a boy, not named.

To Mr. and Mrs. J. W. Riggs, of Ira, Jan. 22, a girl, named Dora Elizabeth.

To Mr. and Mrs. Rufus Tomlinson, Jan. 19, a girl, not named.

To Mr. and Mrs. F. C. Chaney, Jan. 25, a boy, named Jack Thurman.

To Mr. and Mrs. J. C. Stewart, Jan. 30, a boy, named Leslie M.

ment. His talk was very much appreciated and doubtless will remove from the minds of any who might doubt the wisdom of the scout movement any doubts as to its effect on boyhood.

Then, too, this program was further enlivened and vivified by the splendid music offered by the Hermleigh orchestra, composed of the following: Mrs. E. C. Patterson, piano; Mr. Claude Henderson, clarinet; Mr. H. O. Barber, clarinet; Mr. C. A. Dacus, first violin; August Stahl Jr., trombone; D. J. Niemeyer, bass. Mr. R. H. Dacus is also a member of this orchestra but was not present. He plays second violin. This orchestra rendered several selections which were much appreciated by the audience and the fact that these people are able to put on such programs of music is further evidence of the fact that Hermleigh can have what it wants.

Taken all in all, the entire evening was a most agreeable affair. The audience fully appreciated every number and all went away feeling that the entertainment was up to the very highest standard for amateur talent. It is also apparent the boy scouts are a live bunch and the people of Hermleigh and Scurry county may look for great things from them.

CORRESPONDENT.

SNYDER UTILITIES PUT OVER HUGE SUPER-HUMAN TASK

The Snyder Utilities put over an almost superhuman task last week when they resumed service on Thursday night. Their plant burned to the ground on Saturday and Thursday night they had light and power. They acted quickly, and with skill in organization that is seldom seen these days. They got on the phone and wires, picked up a generator at Abilene, trucked it here on Tuesday, got parts for the engines out of Dallas by express, belts, transformers, etc. were rushed here.

Messrs. Anderson and Yoder worked swiftly, and quietly, but lost no time in every detail. A temporary building was erected, machines set and everything was going in the least possible time. They are now arranging to start their permanent building. It will be under construction in a very short time. It is to a modern steel building, with not a stick of timber in it, fire proof out and out. The building will come in sections and will be erected on the ground. In three weeks time to one month after the material leaves the factory the building will be erected. It will be lighted from the sides and ends with a row of fire-proof windows. A new floor will be built out of fire-proof brick, and when the building is completed in every detail Snyder will have one of the swiftest power houses in all West Texas. The plant itself will be built back more modern than ever with all units reinstalled and increased.

The people of Snyder are certainly indebted to Messrs. Anderson and Yoder for their quick, efficient work. They are indeed an asset to the town. Few men could have overcome difficulties like they did.

TREE PLANTING BY FEDERATED CLUBS

The City Federation of Women's Clubs has perfected plans for the tree planting campaign to be conducted in Snyder during February. The work of soliciting orders for trees, plants, shrubs and flowers will be started next week in order to have them here for Harbor Day planting, which is February 22nd.

The Civic Committee has made a thorough investigation of prices, reliability and proven success of a large number of nurseries and have selected the Texas Nursery Company, of Sherman, Texas, as the cheapest, most desirably located for our section, and whose trees and plants have been tested and proven to be of the finest quality and adapted to our section.

The Federation of home women is conducting this campaign without one cent of remuneration for themselves. They are doing this work of love and civic pride for the home town. The town has been divided into sections and each club given one section to solicit. Any help rendered by the citizens of our town will be greatly appreciated. If each property owner will study his plot of ground and have some idea of what kind of trees and flowers they prefer it will help the various committees greatly in their work of soliciting orders. We want to plant at least one tree and flower for every man, woman and child in Snyder. There is nothing that we can do so cheaply to beautify our town as to plant trees and flowers.

—Chairman Civic Committee.

THE SCOTTS ENTERTAINERS TO BE HERE SATURDAY NIGHT

The fifth number of the Lyceum course under the auspices of the Parent Teacher Association will be here Saturday night, February 2nd. The Scotts is the number booked for Saturday night. This number promises to be of exceptional merit, and will be pleasing in every way. They will appear at the High School Auditorium.

The Scotts are entertainers unique, a proven company of ten years experience. Presenting original one-act plays "Home Folks," full of heart interest; "Internationally Understood" a rollicking comedy. Also sketches from Shakespeare's plays.

Mr. Scott, a true Scott, appears in kilt changes, singing "When I Was Twenty-one," "Wed in the Summer Time," "Roamin' in the Gloamin'" and many other Lauder songs. He plays the bagpipe and dances the Highland Fling.

Marion Scott is a true daughter of Killarney, and can tell an Irish story till you "smell the peat a 'burnin'!"

J. S. EADS COMMITS SUICIDE AT JUSTICEBURG WEDNESDAY

J. S. Eades committed suicide at Justiceburg Wednesday night by pistol shot. Financial worries are assigned as the cause of his self destruction.

Mr. Eades was at one time associated with Matthews-Davis in business in Snyder, later buying a stock of goods at Justiceburg. He later went to Ralls where he engaged in the mercantile business. He owned a farm in this county before leaving. He has a brother now living east of Snyder in Scurry county. He had just recently returned to Justiceburg from the Plains.

JOHN BROWN DEAD.

John Brown was born near Sparta, Tenn., 68 years ago. He came to Texas when a young man, 44 years ago. He was married to Miss Sallie Bowlin. To this union there were born three children, one girl and two boys. They are all living and were present at the funeral. He leaves besides his children, an aged wife to mourn his departure.

Mr. Ralston, a man that had known him for years, and at one time in business with him, made a very im-

pressive talk, in which he said John Brown was a good, honest man, a good husband and a good father. He died very unexpectedly in the drug store, having gone to consult his physician.

We met at the cemetery yesterday evening, and there, in the presence of a large crowd, the writer of these lines held the funeral, assisted by C. E. Jameson, pastor of the Methodist church. Mr. Brown is now in the hands of a merciful, heavenly Father, that will deal justly with him, and as we turned from that new made grave, we are made to wonder who will be next. We are all fast passing away, and I hope we may be ready when the Lord shall call for us. Mr. Brown was a highly respected citizen of our town, and we all extend our sympathy to his loved ones. May the good Lord bless and comfort them in my prayer.

E. CHRISTIAN,
Minister of the Church of Christ.

Mr. Clyde Shull returned Thursday of last week from Tyler, where he attended the funeral of his sister.

And now we have the pretty specta-
cle of County Commissioners' Courts
of Texas refusing to pay in to the
State Highway Commission the auto
taxes which they have collected! What
are we coming to, anyway? We have
understood that we had to pay theirs
too. And they all paid because it was
the law. And we understand that the
same law that authorizes the county
commissioners to assess our fiver, di-
rects what shall become of the money.
Shall the collector of taxes refuse to
pay other State taxes because he doesn't
approve of the method of its expendi-
ture? These dissenting counties do not
offer a glowing example of law obedi-
ence to the youth growing up within
their limits. G'wan, boys, and pay ac-
cording to the law, until the law is
changed!—Clarendon News.

The News argues the point intelli-
gently. Unfortunately we here in Scurry
county are numbered among bel-
ligerent counties. Our commissioners
refuse to pay. Some other class
of our citizens may conclude that
they do not want to pay taxes for the
upkeep of the free schools of Texas,
and decide to contest the law, making
it possible to educate our children.

Another class of citizens may con-
clude that they do not care to pay
taxes to support the Agriculture De-
partment, the Marketing and Ware-
housing Department, and etc. So long
as the Highway Commission law re-
mains on our statute books we will
be compelled to pay. However, they
say there is no penalty in the high-
way law for counties refusing to
pay their auto tax into the State
Treasury. This is said to be true,
but there is another phase of the
situation and that is this: If the
money collected for license tax is not
used by the Highway Department it
will have to be returned to the peo-
ple. There is no law allowing a
county to collect taxes on cars and
use it themselves direct and inde-
pendent of the Commission. Hence
to kill the Highway Commission we
deny ourselves so much road sup-
port. If the present highway com-
mission can not use the auto tax
money it must be returned to the
people. We paid \$17.00 on our car
and are willing for this sum to be
divided among all the highways in
Texas. When we start on a trip we
would like to travel on good roads.
We think the Highway Depart-
ment needs some changes, in the
matter of turning the money in to
the State Treasury and dispersed
through the comptroller's depart-
ment, and strict auditing of said
department. Until we can get some-
thing better it would be a step back-
ward to discontinue road building
altogether in Texas from a highway
viewpoint. We will have to wait and
see what we will see.

Measles are still common, and the
disease is rather severe but for-
tunately no complications are found
with it, hence while the patient is
quite sick for a while, he soon gets
over it.—Tribune Chief.

The world changes, but there are
some things that never change.
Measles is one of them. It makes
people just as sick today as it did
50 years ago. It used to be that

the doctor could not treat measles
without a little whiskey, but the
world has changed in this regard
itself. There is something that the
human family falls heir to among
which is the measles, whooping cough
the mumps, etc. Science has never
found a way around these human
ills. Our section is afflicted also
with the measles, and it is the same
old make-sick kind.

Many a farmer has gone broke
trying to get rich by the one-crop
route, when he could easily have
made money by diversifying—Miami
Chief.

The one-crop idea has been dem-
onstrated as wrong in principle and
practice. The one-crop farmer gets
further in debt. Diversification
brings prosperity. The man that
diversifies gets out of debt and stays
out. Scurry county is diversifying
in a degree and manner satisfactory
to her people; but of course there
could be more done along the lines
of diversified farming. The sow,
the cow and hen have done wonders
in this section. The one-crop idea
in favor of cotton in Scurry county
will bring its toll of hardships in the
future if not done away with. With-
in the past two years our farmers
have been going too strong on cot-
ton and gasoline and neglecting feed
and the horse crops. Let's get back
to balanced crops and balanced liv-
ing.

The minimum fine for totting a pis-
tol is \$125. Fort Worth has a Pistol
Club. What next?—Ballinger Ban-
ner-Ledger.

It is presumed that the initiation
fee into this club will be \$125, and
if the applicant happens to not have
the price of the fee he must suffer
himself to be locked up for at least
30 days.—Taylor County Times.

The next has already happened in
Fort Worth. The Panther City has
pulled off more killings to the square
inch in the past dozen years than
any one other city of importance in
Texas. A man that "totes" a pistol
will eventually use it, and it will not
be on a telephone post, but on the
other hand it will be to let daylight
through the body of some human be-
ing. However, Fort Worth has not
been quite so strong for killings for
the past year or so. They seem to
have put the soft pedal on, and men
are walking about the streets with
a greater degree of safety.

The Times-Signal is in receipt of
an issue of the Christian Advocate,
under the management of Messrs.
Sam Harben and Sam Braswell. These
splendid newspaper men have assem-
bled a newspaper plant at Richard-
son, Texas that cost them \$35,000
upon which will be printed the Ad-
vocate under a 10-year contract.

The Philippines want their inde-
pendence and petitioning Congress
to that effect. "It was never the in-
tention of the people of the United
States," says the Representative in
Congress from the Philippines "In
the incipency of the war with Spain
to make it a war of conquest or for
Territorial aggrandizement, and it is
as it has always been, the purpose
of the United States to withdraw her
sovereignty over the Philippine Is-
lands and to recognize their inde-
pendence as soon as a stable govern-
ment can be established." The ques-
tion at issue, then, is, are the Philip-
pines ready for self-government?
When this question is thoroughly de-
cided then the Philippine Islands will
be turned back to the Philippines.

Nicola Lenin, the father of Sov-
iet rule in Russia, died and is
gone to his reward. Trotska, the
wild-eyed schemer and socialistic
dreamer of Russia, has fled the coun-
try, broken in health. Russia is left
without an inspirational head, and
the present state of affairs is bad
and growing worse. Russia has tried
to the fullest the socialistic scheme
in government. These men respon-
sible for the establishment of the so-
cialistic order in Russia now escapes
the responsibility of their acts, one
by death and the other by hiding from
the face of his countrymen. They
are to be pitied—these Russian peo-
ple. Their mistake was the follow-
ing irresponsible leaders. There is
always danger ahead when the
masses of any nation fail to do their
own thinking, and leave it to political
schemers and dreamers to manage
their governmental affairs. Just
what course events will shape them-
selves in Russia since Lenin and
Trotsky are gone remains to be seen.

There is another political scandal
in Congress, or rather in the Senate.
Senator McFall, the ex-secretary of
the interior, is in bad. It seems that
he leased the Government's oil lands
in Wyoming to the Sinclair interest
and is accused of becoming rich all
of a sudden. \$100,000 was loaned
him by the Sinclair interest, and the
note he gave was returned, or some-
thing to that effect. It appears just
another case where a government of-
ficial held his hand behind him and
took a big rake off. It appears that
he feathered his nest while the feath-
ering was good. There has been more
graft and corruption among public
officials within the past four or five
years than in the history of the na-
tion. It seems that everybody is af-
ter his, and is determined to get his
share before some one beats him to
it. There has been one scandal in

Washington after another. We sup-
pose its the times in which men are
living. Men in private life are striv-
ing for riches, honestly or otherwise,
why not public officials? The same
money-bee that stung the private citi-
zen also got his stinger in the ser-
vant of the people. Mr. Albert Falls
is facing a grave charge. After a
brilliant career of useful public serv-
ice he now stands before the Ameri-
can people accused of wrong doing.
Gulity or innocent the suspicion will
follow him. A public official, like
private individuals, should live above
suspicion. The Democrats and Rep-
ublicans alike after the gentleman
from New Mexico, are likely to give
him a race for his money. How-
ever, not all have bowed the knee
to Baal. Like Elijah, of old, there
are 600,000 men who are honest
public servants, and who have not
turned crook.

Preparations are being made for
the Spring meet of the Panhandle
Livestock Producers Association,
which meets at Amarillo March 4-5.
The gathering is something unique
in conventions, in that it not only
transacts association business and is
a period of reunion and jollification,
but is a combined "trades day" and
"stock exchange" as well. Cattle
buyers come from the ranges of
Montana, Wyoming and other north-
ern states; sellers come from the
San Angelo county and points even
further south. Bankers are numer-
ous and many financial arrange-
ments are made. In addition, there
is a steady interchange of informa-
tion, whereby the cattleman learns
the prevailing tendencies in the
trade, range conditions in the various
sections, and the like. Altogether,
Panhandle cattlemen have come to
look for the convention as not only
a pleasurable one, but profitable as
well.

**COUNTIES OPPOSING STATE
MAINTENANCE NOT TO
GET ROADS**

Counties fighting the State High-
way commission and opposing State
maintenance will not get future aid
from State and Federal sources. Thus
by their actions these counties are
cutting themselves off from future
road aid and maintenance. It has
been suggested by some of the Com-
missioners Courts opposing the High-
ways that if the auto tax money is
kept at home the roads can be main-
tained by the county at less expense
than the State. The Times-Signal
wishes to call attention to the fact
that counties have no authority under
the law to use this money them-
selves and that if the Highway Com-
mission is killed the auto tax license
money will have to be returned to the
people. It would require an act by
the legislature to enable counties to
collect auto tax license and apply
same on county roads. There is no
law on our statute books authorizing
counties to levy and collect a tax
direct from the people on auto license
and use same independent of the
State Highway Commission. Wou-
der if the county commissioners,
among which are Scurry county's
thought of this phase of the situa-
tion when they went into a contest.

It seems to the Times-Signal edi-
tor that Scurry county and other dis-
satisfied county commissioners are
cutting off their nose to spite their
face, to use a trite saying. When we
surrender the auto tax by killing
the commission we will not have any
revenue whatever in maintaining
roads except through special or di-
rect tax. The automobile driver and
the truck driver will escape his part
of the building and upkeep of our
public roads.

Scurry county drew from the State
and Federal government \$100,000 in
aid in building our highway. We are
ahead of the game if we did not get
any per cent of our auto tax back
from the Highway Commission. In
addition to our former State and
Federal aid and the per cent we
draw back each year the State Com-
mission proposes to take over and
maintain these highways at their own
expense.

As proof that this auto tax money
will have to be returned to the peo-
ple if the Highway Commission is
killed Floyd county, upon the Plains,
advises that if the law is killed in
test suit the money collected as auto
tax license will be returned to the
people. They also have enjoined the
tax collector pending a final solu-
tion of the case.

We quote below a statement from
A. R. Losh, United States District en-
gineer, in reference to status of
counties fighting the Highway Com-
mission, as appearing in the Fort
Worth Star-Telegram:

"We can't recommend any road
building projects in any county
where the State can't go in and main-
tain the roads," declared A. R. Losh,
United States district engineer, who
has returned from Austin where he
appeared before the State Highway
Commission.

"If the State can not make ar-
rangements with a county to main-
tain the roads, we can't aid in build-
ing them, as the State is charged
with the maintenance of roads built
with Federal aid."

In some counties State main-

"Miss America" Declares Tanlac Wonderful Health Giving Tonic

Miss Campbell in "Miss America" crown which she has won on two occasions.
Photograph by Atlantic Foto Service

Miss Mary Katherine Campbell, twice proclaimed "Miss America," has taken TANLAC and endorses it in a statement recently given to the women of America through International Proprietaries, Inc., distributors of this great tonic. In this statement, Miss America declares that Good Health is the basis of all Beauty, and advises women who would be beautiful to "first find good health."

Her complete statement as given is as follows: "I consider it a great privilege to be able to tell the thousands of women everywhere what a great tonic TANLAC is. Health is the basis of all beauty. Without good health, one is apt to be run down, nervous, underweight, high-strung, anemic. Indigestion drives the roses from a woman's cheeks and robs her

of that radiant quality of womanhood that is real beauty.

"I have taken TANLAC and I do not hesitate to say that it is a wonderful health-giving tonic. It has brought relief and good health to many women, and with good health one may have a measure of beauty that will overcome shortcomings in face and figure.

"Rosy cheeks, sparkling eyes, a well-rounded figure, a lovable disposition, go hand in hand with good health. To those searching for beauty, I would say—'First of all, Find Good Health.' The TANLAC treatment has proven itself a boon to womankind, and I recommend it."

Miss Campbell has written a booklet on Health and Beauty which may be secured by filling out the coupon below.

FELL OFF TRAIN

BIG SPRINGS, Texas, Jan. 26.—Claudie McCreanie, 7-year-old daughter of Mr. and Mrs. W. B. McCreanie, was seriously injured when she fell off the eastbound Sunshine Special, Texas and Pacific train, early Saturday.

The little girl was a passenger on the train en route from San Francisco to Alexandria, La. Her father missed her at Big Springs and a searching party was sent back. They found the child about five miles west of this city seriously injured.

Members of the train crew were unable to account for the accident.

GROWTH OF A GREAT MOVEMENT

Consolidated schools are increasing in number; one-room schools are disappearing; and more school money is being spent for transportation of pupils each year. Data on consolidated schools show that 1,628 were formed in the school year 1921-22. Fourteen States did not report the number of consolidations that year. Among the 14 are Ohio, Kansas,

North Carolina, and Maryland, known to be making considerable progress in consolidation. The most accurate figures obtainable show that there were 11,890 consolidated schools in the United States in 1920. Estimating an increase of at least 3,000 in the next two years, there were in 1922 approximately 15,000 consolidated schools. Louisiana, Indiana, and Ohio each reports over 1,000 such schools; Texas, Virginia, and Mississippi each more than 600.

There were 187,951 one-room schools reported in 1920. Two years later the estimated number was 179,450, a decrease of 8,501. Most of this decrease is due to consolidation. Some of it is due to a natural growth of small schools into larger two and three-room schools. Replacing approximately 4,000 little schools each year by something better is a considerable achievement.

The amount spent for transportation was \$14,514,544 in 1920 with 3 states not reporting. For 1922 it was \$20,624,805, an increase of more than \$6,000,000, again Ohio, and Indiana each spent over two millions in this way; Minnesota, North Dakota, Massachusetts, and New Jersey each more than one million.—Department of Interior.

BUILDING CORRIDORS SCENE OF INTERESTING EXHIBIT

A National Illiteracy Conference held under the joint auspices of the United States Bureau of Education, the General Federation of Women's Clubs, the American Legion, and the National Education Association was held in Washington, Jan. 11-14, 1924. General sessions were held in the auditorium of the Department of the Interior Building. The corridors about the auditorium were the scene of an interesting exhibit of statistical charts, posters, and material used in adult education from a variety of sources, assembled by the Bureau of Education.

Group conferences on organization, management, and financing of movements for the eradication of illiteracy, the teaching staff, courses of study, and methods of instruction, publicity, and recommendations for State action were held.

The conference was well attended by representatives of the four cooperating agencies, and leaders in the movement for the eradication of illiteracy from all parts of the Nation.

It was brought out that the illiteracy menace existed largely in the cities because of illiterate immigrants and in the Nation at large because of the illiterate negro and foreign born white adult. Illiteracy among the native-born whites are largely restricted to the South.—Department of Interior.

RAILROADS DOING NATIONAL ADVERTISING OF WEST TEXAS

We have made arrangements with Mr. F. E. Clarity, vice president and general manager of the Fort Worth & Denver railroad, by which the page advertisements of the Burlington System appearing in the Literary Digest, the Saturday Evening Post and other national publications, mention will be made of the possibilities of West Texas for settlement and otherwise, and we will thus secure national publicity for West Texas. We are also endeavoring to make similar arrangements with other railroads operating in West Texas, and which conduct national advertising campaigns.

We have also made arrangements with the Denver, the Rock Island and the Frisco, and are endeavoring to make the same arrangement with other railroads, by which they will carry page advertisement of West Texas land and other opportunities

in their time-tables and other literature.

Representatives of our organization, in further pursuance of this plan, appeared before the Southwestern Passenger Agents Association meeting in Houston, January 17. We expect to get an extraordinary amount of publicity for West Texas by these plans.

Respectfully yours,
PORTER A. WHALEY, Mgr.

"WRATH KILLETH THE FOOLISH
MAN."

"Cease from anger and forsake
wrath; Fred not thyself in any wise
to do evil."

The sin of anger is as old as crea-
tion itself, and has caused more
heart-aches and crime in the world
than any other one passion. Anger
causes man to slay his brother. Anger
is the root and stem of many
human ills. "Let not the sun go
down on your wrath," is the words
of inspiration. No one can hope to
inherit the eternal approval of God
and make a hell here on earth. This
is what the man of anger does. He
is quick to anger, slow to repent, and
he hardly gets out of one fit of pas-
sion until he is in another. Anger is
a specie of insanity, uncontrollable
unbridlable anger leads to the de-
thronement of reason. It controls
the beast of the field and forest. It
is the folly of man, self-willed that
leads man into the forbidden paths
of sin. Anger has been the undoing
of kings and empires, the tearing
part of the ties of friendship, the
dissolution of the marriage vows, the
breaking up of homes and the separa-
tion of man from God. The pages
of sacred and profane history chron-
icle the crimes of men and nations
as a result of this all uncontrollable
passion—anger. The ages are mark-
ed with a crimson trail as the result
of envy, jealousy, anger. Anger is
the weapon of fools and is contra-
distinction of the man of wisdom,
He who is slow to wrath. "He that
is slow to wrath is of great under-
standing, but he that is hasty of
spirit exalteth folly." What greater
blunder can one make than to exalt
folly? Jesus, the Man of Sorrow, set
the world the example of patience
and self control. He did not get
mad when he was persecuted, but
was reconciled at all times, patiently
waiting the cross He knew He would
have to bear for the sins of man.
Even in the severest trials and per-
secution he smiled amid them all
and prayed for those who persecuted him.
Even when suspended between heav-
en and earth, in one of the greatest
tragedies the world ever knew, he ex-
alted patience, and became subject to
death. How natural it would have
been for Him had He been patterned
after the flesh to have cursed those
Jews who slew Him. No, He did not
do this, but prayed the Father that
they might be forgiven. "Cease
from anger and forsake wrath;
fret not thyself in any wise." Anger
is often the outgrowth of a fancied
grievance, impetuosity and unwar-
ranted conclusions. Often we rage
about a thing that afterwards is
proven untrue. Then how silly we
have acted. Wasted our energies,
misused our talents—all on a fancied
wrong or a situat.on that did not
really exist. Man jumps at conclu-
sions, storms at fancied grievances
and works himself into a frenzy.
Many murders have been committed
in fit of passion. Many nations have
warred against nations, the result of
passion—of anger.

One of the greatest battles won in
the religious life is the control of
self. Self-will is necessary in control of
one's self, but self-willed often leads

people to extremes. What a benedic-
tion, what an exhortation to serenity
and peace in the face of him who is
always calm, and self-contained; who
does not fly into a passion because
of the evil actions of others, nor sink
in hopeless despair because of his
own misfortune. "If any one has
ripened into a genue religious life
and power, he has stability and quiet-
ness, which are in themselves powers
of social healing and restorat.on. The
contrary person burdens himself with
anger, inflicting upon others the full
power of his anger, vindictive, abusive—
unbridlable passion. Solomon
speaks: "He that is slow to anger
is better than the mighty, and he
that ruleth his spirit is better than
he that taketh a nation." The most
patient man among us is greater than
he that plunges nations in war. What
can be the state of Kaiser Wilhelm's
mind compared to the humble Chris-
tian man that bridaletth his tongue
and subdues his passions.

A calamitous result of anger is
that it frequently ripens into hate
and brings forth a harvest of re-
venge, and revenge claims its part in
red-handed murder. "He that is
wrathful is treasuring up wrath
against the day of wrath." He who
controls self wins a victory, and ex-
alteth himself among men. The most
humiliating situat.on is when poor,
puny man, weak man who gets in a
towering rage about things he can
not help, working himself into a fury
because something does not please
him, cursing his luck, cursing God,
all because somebody does not agree
with him. Often the man of anger
is of a sympathetic nature when in
normal state of mind, but let him
get mad and he loses control of self,
and inflicts with a ruthless hand in-
juries upon others. An angry man
is as crazy as he who loses his senses
entirely and for the moment is ir-
responsible for his deeds. Man
should be patient and tolerant at all
times.

Let us say with the Great Gentile
Apostle: "Let us run with patience
the race set before us, ever looking
to Jesus, the author and finisher of
our salvation."

A number of candidates have an-
nounced for governor. We do not
know yet who will be the greatest
contender for that honor. As a pa-
per we do not know what man we
will follow. We do know that some
that have come out for this great
office will not get our support.—The
Western Enterprise.

The political atmosphere has not
cleared sufficient for one to decide
whose political fortunes he will fol-
low. Like the Western Enterprise,
there are some that we will not sup-
port and others we are inclined to
give a hearing. There may yet be
announcements that will change the
situation. At present among those
who are asking for the suffrage of
Texas people we look with favor on
Lynch Davidson of Houston on a
strict business man's platform. We
certainly need business in politics in
Texas and fewer men that make a
business out of politics. Ferguson is
offering some good sound business
policies, but we are not for Fergu-
son. Davidson of Marshall, offers
some constructive issues, however, he
has handled the pardon power rather
recklessly while acting governor
in the absence of Governor Neff. He
is erratic, and would not serve the
best interest of Texas people. Will
have to see who's who along about
July primary times.

"The greatest political scandal in
this or any other generation," is the
way Chairman Hull of the National
Democratic Executive Committee
characterizes the Teapot Dome deal
in which Albert T. Falls figures so
conspicuously. It seems that Falls
feathered his nest in pretty big way,
fing it thoroughly with American
dollars. Politicians, like individual
citizens, will turn crook whenever op-
portunity arises.

Former Governor Jas. E. Fergu-
son announced h's candidacy in last
Sunday's papers for the Democratic
nomination for Governor. As usual
he will put a lot of ginger into the
race and may land in the second
primary, especially if the other eight
candidates remain in the race, but in
the final run-off the former Govern-
or will be defeated.—Panhandle
Herald.

We are sure you have sized the
matter up about right. Ferguson
will land in the run-off and of course
he will be defeated in the run-off.
If he should be elected in the run-off
he shall have broken all Demo-
cratic precedents in Texas. A man
once defeated in politics rarely ever
comes back.

Every time we get to thinking a
lot of Lieut. Gov. W. T. Davidson,
who is a candidate for governor, he
gets to serve a few days as acting
governor and grants a bunch of pa-
rdons—and this knocks us clear out.
It does seem that respect to the
views of Gov. Neff would cause him
to refuse all pardons while in office
but several days.—Plainview News.

It is always had taste for an acting
lieutenant governor to use the pardon
power. There was never a con-
vict case so urgent but that it could
wait till the return of the Executive
and the one responsible for these
matters. It has always left a degree
of suspicion when a lieutenant gov-
ernor takes upon himself the liberty
of pardoning people. It smacks of
graft and corruption. While lieuten-
ant governors may be innocent, yet
the fact that they take advantage of
temporary power to pardon people
leaves room for suspic.on that they
have had the palms of their hands
greased. We do not believe that we
could bring ourselves to the point of
voting for a lieutenant governor in
promotion or for re-election who has
availed himself of the pardon power.

WILL IT PAY TO PAY MORE?

An investigation recently made by
the U. S. Bureau of Education con-
cerning the salaries of teachers in
rural schools shows that in some
states sufficient salaries are paid to
fill practically all the positions with
good teachers. Those States have
good schools and the children have
that equality of opportunity in edu-
cation to which they are entitled. In
many other States here are some good
teachers receiving inadequate salar-
ies along with many poor teachers
receiving poor pay. Should the salary
of the incompetent teacher be in-
creased? Certainly not while she is
incompetent and inefficient.

More important than any other is
the question: Are the children in
the schools receiving the benefit to
which they are entitled? In every
community this becomes a home
question. If the answer is in the
affirmative you have a good teacher.
Is she receiving the salary that a
good teacher should have? If not
then you can not retain her services,
for some other community will offer
the good teacher a adequate salary.
If she is not a good teacher the chil-
dren are not receiving the instruction
they should have. Pay a better sal-
ary for a better teacher and give
the incompetent teacher an oppor-
tunity to go away and fit herself to
become a good teacher in some other
community. Do not employ a poor
teacher at any price.

CARD OF THANKS

We wish to avail ourselves of this
opportunity to extend thanks and
words of appreciation for the many
expressions of friendship given us
during the illness and death of our
husband and also for aid extended
us in our hour of necessity. We also
thank those who contributed beauti-
ful floral offerings. May such friends
be yours when trouble comes to you
and yours, as have been ours. God
bless each and every one, is our sin-
cere wish.

Mrs. J. D. McClanahan
and daughter.

A professional "marrier" fell into
a trap a few days ago at Chicago, set
by one of his former wives. The man
was named Peters, and he had mar-
ried a dozen or more women. One
of the number, after marrying Peters,
turned over a small fortune to him
who started for Europe to wind up
a supposed estate. The widow
searched for her missing husband,
and finally conceived the following
novel plan to locate and capture
him. She advertised as rich widow
with plenty of money, looking for a
handsome husband who knew how to
travel and spend same. The long
sought-for husband fell for the game,
and arranging a meeting place with
the wronged wife who had a po-
liceman in waiting who took charge
of the marrier and landed him in
jail. It certainly pays to advertise,
even for missing husbands.

We notice much improvement in
the Slaton Slatonite under the man-
agement of Mr. J. L. Suits. Lance is
putting over the Slatonite in good
shape. He has a nose as long as a
Sheeny when it comes to news. We
wish him success in his new field.

William J. Bryan On Modernism

MR. BRYAN GREATEST LIVING CITIZEN OF AMERICA

The Times-Signal editor had the pleasure of listening over radio to an address by William Jennings Bryan at Memphis, Tenn., on the question of evolution. Mr. Bryan spoke for an hour and a half and we got plainly practically all of his speech. What he did to the evolutionists and followers of Darwin was a plenty. We wished that every preacher in Snyder could have been our guests Friday night and heard this able, fearless defense of the Bible. Mr. Bryan landed on the evolutionists good and plenty. He discussed this question from every angle and made the man that advocates evolution look ridiculous. He stated that it was not the aesthet that was doing the damage, but the preacher and laymen who profess a belief in the Bible, but who denied the divinity of Jesus Christ and the story of creation. He took the same position that the Times-Signal took in its New Year's leader under the caption "Saving Christianity From Itself." Mr. Bryan said that the evolutionist dwelt in theories and not practical facts. He stated that there were all theories, and not conclusions based on facts. He stated that Darwin when beginning to promulgate evolutionary theories was a young man strong in the Christian faith, but at old age when the chilly waters began to touch his feet he declared himself an agnostic. He turned an atheist and completely overthrew his Christian faith. Mr. Bryan spoke of many funny conclusions that had been reached by Darwin and the evolutionists. He stated that Darwin's theories tried to explain how the hair came off of the race and how that men had more sense than the women. He stated as to his idea how the hair came off of the race was that the women in seeking a mate preferred the male with as little hair on them as possible, hence they bred the hair off of the body. He stated that according to this theory the bald-headed man would be the most sought after in the world. As to the male possessing more intelligence than the female he, Darwin, explained that in the beginning, when life developed in the animal, that the male fought for their mates,

and the fight was so severe that the male developed abnormally in intellect. Quoting Darwin, Mr. Bryan stated that light agitation and irritated the skin and an eye appeared. That the light irritated some more and another eye appeared, giving the animal two eyes in the right place. Mr. Bryan stated that it was remarkable that this light agitation did not place one eye on the back and the other one in front. As to the legs, he stated that when life was first in its evolutionary state and our ancestors moved on their bellies a wart appeared and in continuing to move on the belly a leg appeared. It was remarkable that the wart did not appear on our backs instead of our bellies. The Darwin theory, as explained by Mr. Bryan, is that millions of years ago there appeared matter, and it finally developed into life. As to specie, Mr. Bryan said that the evolution was not able to explain how everything produced after its kind, that's how it was we were not in a position of evolution today, that, according to the evolutionist, only one specie of life was developed. The speaker drew many illustrations to disprove evolution. He stated that the cow had milk in her bag, the cocoon had milk in it, the milk weed had milk in it. According to the evolutionists idea the cow and cocoon sprang from the milk weed. Another humorous illustration was that we go down the street and we see a one-story house, built of wood and furnished, then we see a two-story house built of the same material and furnished similarly. Then a little further down the street we see a three-story house, built of wood, furnished alike. The same brain of man conceived, planned and built all three houses, but, according to the evolutionist, the two and three-story buildings sprang from the one-story building.

Mr. Bryan is the greatest living private citizen of America and the greatest defender of the Bible. After reaching success in the field of politics as a leader, he now uses his talents to defend the Bible, God's inspired will to man. It is a hopeful sigh when men like William Jennings

Bryan will turn from the field of politics and enter the harvest of evolution, with his sythe keen and sharp, cutting and destroying the poisonous weeds of infidelity and atheism. Mr. Bryan was never more brilliant than in his Memphis address, as it came floating over the ethereal waves and were caught and heard by ye editor. The writer is an admirer of Bryan, and a defender of him from his first entrance into politics. In his address at Memphis, he landed on the college professor. He spoke of Ann Arbor College, in Michigan, and the damnable doctrine of evolution and infidelity taught therein. In an address after visiting Ann Arbor, he spoke of these matters, and condemned an educational system that would destroy our religious faith and ideals, and the evil effect it was having on the young men and women of this nation. Some time after his address at Ann Arbor he received a letter from a parent of one of the Ann Arbor students, who stated that his boy did not receive his evolutionary ideas therein, that he had taught him that Jesus Christ was an imposter and that God was a myth. That he was an atheist himself and had instilled it in the mind of his son. Great God, is it possible that there are parents that would teach their sons and daughters before they enter these hot beds of infidelity that there is no Creator and no hereafter? But such is the case, and the evil influence of this teaching is spreading and growing from day to day.

Mr. Bryan condemned the Presbyterian ministry, and pointed to a division of votes taken in a recent meeting of the National Assembly, when a resolution was offered reaffirming their faith in the Bible and God the Creator. He stated that there were 60 Presbyterian ministers that

had become tincture with infidelity, and refused to take their stand in the open against modernism. He stated that other churches were permeated and invaded by the modern idea of the evolution of man. He stated that the fight was on and the war must be waged to the bitter end to save the world from despair; from the on-sweeping wave of infidelity that is engulfing humanity. His closing remarks were: "They shall not pass, they shall not pass." Thanks be to God when such men as William Jennings Bryan takes the stage against modernism against infidelity and the evil forces that would destroy our mother's religion. Thank God that we yet have intellectual men and women who have not bowed the knee to Baal and turned against God and His Son. Men of national influence and reputation that stand on the threshold of this despairing age and with drawn swords shouts a warning to the church, and defies the on-marching hordes of infidelity who seek to destroy our Christian system.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. Agitation has started again in Congress to put post masters under civil service. A law ruling relative to this matter was inaugurated under President Wilson's administration, but it was one-sided and worked in a partisan manner just like the old system of party spoils. Applicants took a service examination and the Republicans received the appointment. No Democrat has ever been appointed under the Republican administration, regardless of the examination. If the Democrat stood the best examination his application was thrown aside in favor of partisanship. There is no question but that all postal patronage should be handled through the civil service commission. Speaking of the matter of civil service in reference to post office, William C. Deming, president of the commission, says:

"Under an executive order, the Commission holds examinations for presidential postmasters. The Commission certifies the highest three eligibles to the Postmaster General. From that list of three the Postmaster General may select any one for nomination by the President for the usual four-year term. The appoint-

ment is not completed until confirmed by the Senate, as in the case of other presidential officers. The Commission's duty ends when it sends the names of the eligibles to the Postmaster General."

We have received the initial number of Slaton Plains Radiogram, published by Messrs. Florence and White. The Radiogram is published in the Signal plant we sold those people and which was moved to Slaton. The first issue of the Radiogram was indeed a creditable edition and one any town could be proud of. It contained much constructive matter and local items of interest. Mr. Florence is a strong writer and will be able to put over for Slaton a constructive program which will not only benefit that immediate section, but his influence will radiate over the entire South Plains.

 Leaders Ten Minutes.
 Prayer.
 Song.

THE SENIOR B. Y. P. U. PROGRAM

February 3, 1924.
 Song, prayer, song.
 Drill on daily Bible reading—Bro. Rouse.
 Scripture reading (Heb. 9:11-15, 1:18-19)—Gertrude Isaacs.
 Introduction—Virginia Stone.
 The Old Testament Sacrifices—Sam Dorfman.
 Special song.
 Atonement through Christ's blood—Connie Isaacs.
 The propitiation for our sins—A. C. Alexander.
 Reading—Marion Rosser.
 Summary—T. H. Duff.
 Cleansed by the blood—Charles Starkey.
 Special song.
 The blood a symbol of consecration—Vera Jones.
 The above program will be rendered in the Ennis Baptist church at 5:00 p. m. Sunday, Feb. 3. They have recently organized a B. Y. P. U. at that place and have invited us to come out next Sunday and give our program. Therefore, there will be no regular meeting of the Senior B. Y. P. U. here. However, we want to urge that every member of the Union, and every one else who will go, to be at the First Baptist church not later than 4:15 Sunday afternoon, where there will be convey-

ance provided to take us out to Ennis, for the service above referred to. We will return to Snyder sufficiently early for the evening service at the church here.

The lesson for next Sunday is especially interesting and helpful, being a study of the atonement through the precious blood of Jesus. You will miss a blessing if you miss this lesson.

We want a full representation from our Union and we are counting on you to help make it so by being at the First Baptist church at 4:15 p. m. on the above mentioned date, with a pleasant smile on your face and ready to enter in to this service whole-hearted and to receive the blessings and inspirations out of it that is yours.

CHURCH OF CHRIST

At the Church of Christ, Bible study at 10 o'clock, preaching at 11. No preaching at night, as I preach at Pyron at night.

We have a splendid interest with the little folks. You ought to hear them repeat from the memory verses of the scripture. Come and worship with us, we will do you good.

E. CHRISTIAN.

METHODIST MISSIONARY SOCIETY

The Methodist Missionary Society with about 20 members present, met at the home of Mrs. Joe Strayhorn's Monday afternoon, it being our social meeting and surprised Mrs. Strayhorn and Mrs. Gann by presenting them with a large pink cake lighted with 113 white candles in honor of their joint birthday, which was Jan. 28.

After a short and interesting program, Mrs. Gann was showered with many birthday gifts from those present in appreciation of the love and esteem in which she is held, Mrs. Gann being one of our most faithful workers. Mrs. Strayhorn served a delicious plate luncheon.

The time to leave came all too quickly. We left wishing our hostess many happy returns of the day.

Mrs. O. L. Jones, and son, Mack, returned from Lubbock, Tuesday, on the 2:17 train where Mack has been in the sanitarium for an operation for appendicitis. He is recovering nicely from the operation.

Dashing Styles

IN THE NEW SPRING

Suits, Wraps and Dresses

With the arrival of the Spring Season, countless smart Suits, Wraps and Dresses—charmingly versatile in their variety of color and design. The newest note is the marked evidence of the beautiful shades, subdued or brilliant, to suit the fancy. MOXLEY-CROWDER WEDDING TOOK PLACE MONDAY EVE
 Monday evening Mr. Ed Moxley and Mrs. Sallie Crowder were married in Snyder. Mr. Moxley has been employed for the past two years by Mr. Oscar Jones, and is an industrious young man. Mrs. Crowder's maiden name was Miss Sallie Lane. She was practically reared in this community, has numerous friends and admirers who will hasten to join the Times-Signal in congratulations and best wishes for a happy wedded life.

EL FELIZ CLUB
 The El Feliz Club met Friday, Jan. 25th with Mrs. George Northcutt. The president, Mrs. A. J. Towle, presiding.
 On account of sickness a number of the members were absent, but those present spent an enjoyable hour in games, after which, our charming hostess served a most delightful two-course luncheon to 12 members and Mrs. Williamson, as guest.

SOLID STEEL BUILDING FOR SNYDER UTILITIES

The Snyder Utilities Company closed contract this week for a new building which will be solid steel, dust and water proof and to be completed by the 1st of March. New generator is expected any day and power service in homes and business houses should be in first class shape again. On account of all the street lighting equipment having been destroyed at the plant there will be somewhat longer delay in placing this in commission as replacement equipment has to be built at the factory.
 Plans are now under way for the immediate starting of work on rebuilding the ice plant and an enlargement of the capacity. This should be completed to take care of the trade by early spring or sooner. Enlargement of cold storage facilities is also under consideration.
 To show the rapidity with which Snyder is growing and also the added demands to our service, this company connected twelve new customers, most of them in new homes during the month of January. To appreciate Snyder we must be awake to its development. Every new good citizen not only adds to our numbers but adds in raising the class of our citizenship and to our material wealth. Welcome the stronger to Snyder and make him pleased with his new home; we are trying to do our part.

SNYDER UTILITIES CO. HOME TOWN PAPER BEST

Chas. E. Blackwell, the most successful merchant in the entire state of Washington, has no faith in calendar advertising. He says: "There are many lines of publicity that the country store can use to advantage, but the one he can use to best advantage is his home town paper. I venture to say that if the money spent each year for fancy calendars and other knock-knack give-aways were invested—I say invested not spent or donated—in carefully planned newspaper advertising, the actual net returns to the advertiser would be ten times as great to say nothing of the advantage the small town of citizens in any community. The man upon whom the town can really depend is the fellow who is broad-minded and big-hearted enough to forget his own personal amosities, lay aside his individual whims, and fostering a spirit of democracy, work for the welfare of the whole in general.—Littlefield Leader.

Mr. and Mrs. Jack Moore were in town Wednesday, doing some trading.

PERSONALS

Mr. Jim Bowlin and son Alvin, of Mansfield, Texas, came this week to attend the funeral of John Brown, brother-in-law and uncle.
 Uncle Dave Nat'on was down town a few days ago for the first time in several weeks. He has been confined to his room on account of an accident from a car backing into him. His many friends are certainly glad to know that he is able to be down town again.
 Abe Rogers returned home from Sweetwater Saturday morning, where he had been confined to his bed since the holidays. He was returning home from a trip to the Eastern States and was taken off the train in an unconscious state. He was mighty sick for several weeks, but has recovered sufficiently to enable him to be brought home. His many Snyder friends are truly glad to have him home again and on the highway to recovery.
 Mr. Walter Morton, who has had charge of the Grocery Department of Higginbotham Bros., will be with J. W. Templeton after February 1, where he will be pleased to meet his friends.
 Mrs. Bettie Marrow, of the Lloyd Mountain community, was here Tuesday, shopping with our merchants.
 E. F. Sears and wife spent the week-end in Slaton, visiting Mrs. Sears' sister, Mrs. Williams.
 Don Deshazo and family, who have been making their home at Lamesa for several years, have returned and are making their home in the Camp Springs section on their farm.
 W. T. Plock spent the first of the week visiting with his friend, W. M. Perryman in the country.
 J. S. Henley made a business trip to Alba, Texas, returning Wednesday morning.
 Sam Hamlett returned Saturday from Blooming Grove, where he accompanied the remains of J. D. McClanahan.
 A. J. Howell returned Sunday from Denton where he had been visiting his family, where they are for the school.
 Mrs. W. H. Puett of Eastland county is here this week, visiting her son, J. E. Puett.
 The Wilhelm & Son Grocery Company is sporting a new delivery wagon. His service is therefore improved and will run two deliveries to take care of his increased trade.
 Mr. W. A. Johnson, president of the First National bank, who is wintering in Galveston, sent the bank force a nice lot of fresh vegetables this week. The basket consisted of

beans, onions, spinach, cabbage, beets, mustard and lettuce, in fact every kind of vegetable found in the early spring garden.
 Mr. and Mrs. E. G. Elkins' little baby was reported quiet sick the first of the week.
 Mrs. D. C. Hampton and children are visiting with relatives at Arlington, Texas.
 Mr. C. T. Bowers returned last Friday from Arlington, accompanied by his family. They are moving here to make Snyder their home. They are now located in the Dr. Scarborough place in the west part of town.
 J. W. Hill and Miss Mayo Johnson, of Colorado, spent Sunday here the guests of their friends, Mr. and Mrs. F. T. Wilhelm.
 Mr. J. W. Couch and daughter, Miss Clara Mae, of Abilene, spent Sunday in Snyder, the guests of friends.
 Bob Galbraith, of Abilene, spent Sunday here, the guests of his friend, Collie Fish.
 Miss Lillian Fish returned Sunday from Fort Worth, where she has been attending T. W. C. College. Miss Fish has completed her art course at this college.
 Wilson Harber, of Knox county, has been designated for appointment to the United States Naval Academy at Annapolis, Maryland.
 Gertie Smith.
 Mrs. R. N. Miller, of Gail, was here this week, visiting with Mrs. Ed Miller and assisting and waiting on their little daughter, Margaret, who has been seriously ill.
 Congressman Marvin Jones of the Eighteenth Texas Congressional District, who has been very active during the present session of Congress, as a member of the Committee on Agriculture, which handles much important legislation, recently made a speech in which he arraigned New York bankers and business men for their propaganda methods to secure legislation.
 Mr. Jones pointed out that he was like all members of Congress, anxious to receive the views of his constituents, but he drew the line at being swamped with form letters from the New Yorkers and others in behalf of legislation which specially favors them. He also urged tax reduction, the most rigid economy in government.
 The next meeting of the "Texas Club" in Washington is to be held February 28, when new officers will be elected, and the annual dance will be held. Congressman C. B. Hudspeth of the El Paso district, is now president; and Miss Alla Clary is secretary. The club has a large membership and is growing in numbers.

CO-OPERATIVE GROCERY CO. HOLDS STOCKHOLDERS MEET

The Co-Operative Grocery Company held its annual stockholders meeting Jan. 24th, when officers and directors were elected.
 Directors: A. M. Curry, W. H. Graham, Gay McGlaun, J. E. Adams, W. A. Stewart.

INFANNT CHILLD OF MR. MRS. A. C. PRUEITT DIED

The infant son, Arthur, of Mr. and Mrs. A. C. Prueitt died last Tuesday at the Lubbock sanitarium and was buried in the Snyder Cemetery on Wednesday afternoon at 3:30. The funeral services were conducted by Rev. C. E. Jameson assisted by Rev. W. T. Rouse.
 Mrs. Prueitt's father, Rev. Clark of Waco was present at the funeral.
 The child had been under treatment at the Lubbock sanitarium for some time and had recently underwent an operation from which it did not recover.
 The Times-Signal extends their sympathy to the bereaved parents in this their darkest hour.

W. S. Arms of Fort Worth was a visitor in Snyder last Wednesday afternoon and night.

DERMOTT

Dermott farmers are beginning to turn their soil preparing for another bumper crop.
 Bro. Bently of Abilene preached at Dermott Friday Saturday and Sunday night. We certainly appreciate this good man to preach for us. There is a great deal of sickness in our community several cases of measles.
 Ivan Burrough made a business trip to Fluvanna Saturday.
 Mrs. Bertha and Mary Ruth West took supper Sunday night with their friend, Mrs. C. B. Alexander.
 Mr. and Mrs. Hale visited their son at Fluvanna last Friday.
 Mr. and Mrs. Gordon are the proud parents of a fine baby boy.
 Our school is moving along nicely. Miss Rhoda Hale spent Saturday and Sunday with Fluvanna friends.
 Mr. Perriman and family of White Bluff community were visitors in our Sunday school Sunday afternoon. We were glad to have their good family with us. Hope they come again.
 Bro. Sparks of Snyder will preach at Dermott next Sunday afternoon and Sunday night. Come, be with us.
BLUE EYES.

BUSINESS WOMEN'S CLUB MEET AT LUNCHEON

The Business Woman's Club had a call meeting at 8 o'clock Thursday evening at the Manhattan Hotel. Thirteen members answered to the roll call. After which a delicious luncheon was served. The business of the evening consisted of naming the following committees:
 Constitution and by-laws, Mesdames Caton, Gray, Leftwich, Ben Smith, Miss Ida Kelly, Squires; Membership Committee, Misses Maggie Norred, May McClinton, Mrs. Watkins; Arrangement Committee, Miss Bess Garner, chairman, Mrs. Orenshaw and Dodson; Program Committee, Mesdames Cooper, Ben Smith, Miss Stone; Executive Committee, Mesdames W. E. Smith, Gray, Ben Smith; Finance Committee, Misses Norred, Lill Wilson, Connie Isaacs.

RUPTURE

EXPERT COMING TO SWEETWATER

Will Give Free Demonstration Monday and Tuesday, on Feb. 4-5.
 at
 Wright Hotel
 from 9 a. m. to 4 p. m.
TWO DAYS ONLY
 They Come Many Miles to See Him.

On above date C. F. Redlich, the noted rupture appliance expert, will give a free personal demonstration on his latest appliances to relieve ruptures at once and permanently.
 Persons with rupture should not delay, but promptly avail themselves of this chance, because postponement, neglect or an illfitting, old-style truss always turns a mild and easily relieved case into a troublesome, even dangerous one, necessitating surgical operation.
 Large and difficult cases are especially invited and should come at once and be convinced of the immediate relief obtained by the use of these different appliances.
 If you have been suffering personal discomfort and are unable to work do not fail to call. Remember that demonstration will be free on above date only and that his appliances are different and superior to others.
 Home Office: 335 Boston Block Minneapolis, Minn.
 Mr. and Mrs. Ed Warren, of Post, spent the week-end here attending the bedside of their friend, Mrs.

Oliver & Case Implements

We have just unloaded a car load each of the well known Oliver Cultivators and Planters and the J. I. Case Plows and Planters. These are the best implements on the market and you, as a successful farmer, will want the best. We advise you to buy your implements now, as the next implements may be higher in price. To farm successfully and obtain the best results, you must have implements with which to do the work—both the Oliver and J. I. Case have stood the test—they will do any kind of work under any conditions.

A Carload of Furniture

We now have on display some of the finest Furniture we have ever shown. This Furniture consists of beautiful dining room suites, living room suites, bed room suites and kitchen furniture. We also have a wonderful showing of dressers, beds, chifferrobes, library tables, rockers and many other items of useful furniture. We will be glad to show you this beautiful display.

Will Endeavor to Guard the Youths of the Land

PARENTS AND GUARDIANS MUST HOLD TIGHT REIN ON CHILDREN

Down at Ballenger last week a mass meeting was held and plans launched to protect the young people of that community against themselves. An appeal was made to parents against petting parties and familiarity between the youths of the city. The parents and guardians will be asked to hold a tighter rein over their children and train them in the home against immoral tendencies which are alleged to exist throughout the country.

At Columbus, Ohio, last week, startling developments took place also, in reference to the young people. A sweeping investigation was inaugurated in reference to charge of immorality among high school girls and those running an immoral house in which these school girls were enticed for immoral purposes. They were met there by men and school boys for immoral indulgences.

Scurry county's grand jury in its final report, as published in the Times-Signal in its issue of January 17th, called the attention of parents to promiscuous joy riding and the general loose reigns over the young people. This same problem faces

every section of the United States. This same problem faces every section of the United States. Sin and passion is running riot among the younger set and even among school girls and boys. Immorality is debasing this nation. In fully realizing the situation we must ascertain if possible the cause. Wherein lies the cause for immorality among the youth of the land? The Times-Signal will undertake to give an answer. In giving this answer we will fling the whole situation back in the faces of mothers and fathers of this nation. The example being set before our boys and girls is responsible for the delinquency now prevailing in the nation among the young people. The boys and girls of this nation are not to blame when their daddies and mummies practice adultery before their very eyes. The divorce scandal is ever before the youth of the land. Too much running around to clubs and fashionable places by the mummies of this land and a universal disposition to turn the young people loose to amuse themselves in any manner they may see fit. Parents do the boys and girls. How many parents plan wholesome entertainment for their children or entertainments have been given in our communities the past year for our dear boys and girls? How many parents have seen fit to open the doors to the younger set in wholesome refined entertainment? The older people think more of entertaining themselves than they do in entertaining the young people.

The way a twig is bent will be the way the tree will grow. The way mamma lives today means the way daughter is living and will continue to live when she reaches woman's estate. Our children are following in our footsteps and the older people are setting the example that is leading girls and boys to ruin. When mothers dress in an extreme manner before their daughters they are setting the example for the flapper. What does our girls think of their mothers when they appear in public dressed in a manner to attract sex appeal? Does it not license them to

do likewise, and in so doing they display less judgment than do their mothers, because they have not reached the age to judge rightly in these matters. In fine, the manner in which our mothers act today will be the way our daughters will act in years to come. If mother divorces and marries one or two more men, may not we expect daughter to do the same? The same rule applies to men. Our boys will become our counter-part in after life. If we patronize the bottlelegger we may expect son to do the same. If we reflect upon the law and belittle the custom of society that makes for our security may we not expect our sons to go us one better? If we gamble and use profanity in their presence are we not bending the twig in the way we expect it to grow?

Going back to the original question and problem that is being sought to solve, we wish to say that it is high time that this question of over-indulgence among the young people were given serious thought. This nation can rise no higher than its citizenship. If our citizenship are to degenerate itself in sin and self-indulgence may we not expect to see the beginning of the end of our American civilization? The hand that rocks the cradle truly stirs the ship of civilization. The womanhood of this nation are character makers of our future generations. Upon them depend the future civilization of America. No nation can stand when virtue declines. No nation can rise higher than its womanhood. Therefore, this question of protecting our young people from modern vices is all-important. Mothers need to give their daughters more of their time and council. Fathers need to take their sons in closer relation, and teach and lead them to a higher standard of citizenship.

The question of auto riding by the young people has been thoroughly discussed and the evils pointed out. The automobile has come to stay, and we might as well recognize these new and changed conditions, and teach the young people that they can be true boys and girls in cars as well as any other conveyance or amusement. Not all the development is done in automobiles by a long shot. There are other places and amusement just as vicious when used in an evil way. The solution of the whole problem hinges around the matter of proper character training this day and age. We must return

to our ancient Southern ideals, when womanhood was looked upon as the greatest piece of work of God Almighty; when manhood stood out prominently and when knighthood was never more in flower than when our mothers and fathers comprised society of fifty years ago. Those days of noble womanhood and gentlemanly ideals seems to have passed forever. We must return to them, and build our character foundation anew. We must return to the days of chaperones for our girls and less latitude in their regard. We must return to the days when our boys were taught that virtue was the foundation of manhood, and that woman was a little lower than the angels in creation and respect due her. God save us from the loose flapper age; from this age of dirty divorce suits aired before the young and old alike; from the custom of too much familiarity among the sex.

There is some uneasiness in this community lest the Times-Signal will support Jas. E. Ferguson for governor. No need of uneasiness in the matter. We will not support Mr. Ferguson, on the other hand, in all probability we will support Mr. Lynch Davidson of Houston on a strict business man's platform. The Times-Signal writer is rather a free lance in political favors. As to Mr. Ferguson's ability we are of the opinion that he has plenty business qualifications to commend him to the people of Texas. Our break with Ferguson was rather of a personal nature over the old A. & M., but we have always given Jim justice and will continue to do so. We do not consider that he will ever be able to come back politically, regardless of the views of his fitness or unfitness. In Lynch Davidson we have a business man and one capable of putting over a constructive business administration. We are not to take much dish in State politics, and will only use editorial space occasionally to keep in touch with the campaign. Ewing Thompson would have been our first choice, but he has declined to make the race. We are rather inclined at this time to Mr. Davidson.

We hear a great deal said these days about the "Sow, Cow and Hen," as a mortgage lifter. It might be well to again remind the people that this phrase originated in Snyder, and was first adopted as a slogan here. Since then it has been taken up by all railroads doing a work along the lines of education. The "Sow, Cow and Hen" has done a wonderful big thing for Scurry county. This program will work wonders for all the West. There is big money in diversification.

Ford
THE UNIVERSAL CAR

Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

SCHOOL NEWS

Boys Basket Ball

The basket ball boys were slow in getting started this year but they are coming in good fashion now. Out of the six games played this year, they have won five. The game lost was to Hermleigh, but since then they have beaten the Hermleigh team in a game played at Snyder. They now have the championship of Scurry and Borden counties, and they will play for the championship of Dawson and Gaines counties Saturday. If they win this game they will go to Lubbock to play for the district championship. The total number of points scored by the team thus far is 155, by their opponents, 74.

Hermleigh vs. Snyder (at Snyder) on Jan. 14. The Snyder basket ball team played the Hermleigh team at Hermleigh and lost with the score 14-23. Tuesday, Jan. 22, the Hermleigh team came to Snyder to return the game. The boys were evenly matched, and the game was hard fought from the start. Snyder was determined to avenge herself for the game she had lost and Hermleigh was determined to hold what she had already gained. The game was very rough, but it showed lots of interest and pep. The referee did not bother much. He threw the ball up in center and then spent the rest of the time in keeping out of the way. For the first half the score was close and it was hard to tell how the game would terminate, but in the last half our boys got into good form and by the time the game closed the score was 24 to 13 in favor of Snyder. The line-up for Snyder was as follows: Robert Greer and Pete Golden, forwards; Ward Golden and Judson McGaha, guards; Dub McMullen and Beecher Bennett, center.

Girls Basket Ball

The girls of the Snyder high school organized their basket ball team since the holidays. Miss Zadia Runkles, who has been coach for the past two years, is here again this year with the girls. The past two years were very successful for the team, and they are expecting to be the winners at Lubbock this year.

They have played only two games which were won by Snyder Jan. 18. They played Post City and won 25 to 10, and Jan. 26 they played Hermleigh and won 15 to 3.

The line-up is as follows:

Catherine Cooper and Janie Davis, captain, forward; Bice Johnson and Jewell McGaha, guards; Frankie Goodwin and Elizabeth Hays, centers.

Junior Luncheon

Wednesday, Jan. 23, the Juniors gave a luncheon for the purpose of helping raise money to buy an automatic electrical bell, which the Juniors and Seniors are going to give the school instead of putting out an annual. The boys brought fruit and cakes and the girls brought sandwiches and other things. The lunch was served cafeteria style. The Seniors and the rest of the school were loyal in giving their support and every thing was sold out.

Boys' Literary Society

On Jan. 25, the Boys' Literary Society of Snyder High School, met in regular session. The meeting was postponed from Thursday, our regular meeting day, until Friday on account of the assembly.

We had an excellent debate on the

quest on, "Resolved, That the suspended sentence law should be abolished." The affirmative was represented by Raymond Greer and Beecher Bennett. The negative, by Olan Curry and Tracy Smith. Both sides were handicapped as they were not notified until a day before the debate. However, they gave splendid arguments. The affirmative won by a two to one vote. The judges were Mr. Carr, Miss Hard, and Mr. Sennell.

Fresh News

The Freshman class entertained at home of the year. As an introduction, Mr. Bagwell gave us some much assembly Jan. 24, with the first pro- ceeded admonition in a mild humor- ous manner. Altogether they were not harsh. They impressed us in a way we will not soon forget.

The program rendered was as follows:

Napoleon Bonaparte crossing the Rhine (rind). A very exciting event which almost took our breath.

Essay—Lavon Curry. The subject of this essay was "The Differences Between a Girl and a Cow." We were all surprised that he was able to find so many.

Song, "America"—By Audience. Exhibition of the most unusual boy in the Freshman class. Every- body will admit that he was unusual, but it is generally understood that unusualness is a common malady with Freshmen.

Saxophone solo—James Martin, accompanied on the piano by his mother. This number was rendered excellently and was so much enjoyed by the audience that the roar of applause would not cease until they agreed to give an encore.

Song, "In the Sweet Lonzazo"—by the orchestra and four girls in Colonial costumes.

A talk by Mr. A. J. Anderson. This was a fitting climax for the program. The substance of his talk was that we can get what we want if we want it bad enough and that with the opportunities we have there is no reason why we should not amount to

something worthwhile in the world.

Exemptions

The exemptions for the mid-term examinations in high school are as follows:

Seniors—Mary Robinson, Ruth Clements, Willie Fern Curry, Leora Huggins, Virgil Jones, Mary Ellen McMath, Carl Periman, Ruth Rosser. Juniors—Howard Alexander, Morine Conwell, Eura Mae Garner, Ralph Glascock, Mary Franc's Ham- lett, Vin McMaster, Sealy Potect, Margaret Rouse, Maxine Whitmore.

Sophomore—Dorothy Strayhorn, Grace Wills, Nona Carr, Hubert Cur- ry, Nash Huggins.

Freshman—Joe Parks.

A number of pupils have been out of school on account of sickness during the last few weeks. Some have returned but many others are still sick, and will have to miss the exami- nations. We wish them a speedy re- covery, and we hope the examinations they will have to take will not be as hard as the ones we are taking.

Notice

The Freshmen will have an apple sandwich and orange sale Tuesday, Feb. 5. Every one come and buy. These will be extra good and fresh because they will be sold by Fresh- men. Come! Buy!

Notice

The compulsory attendance law began Monday, Jan. 21, and will continue in force throughout the term.

High Seventh Party

On the night of January 16th, the seventh grade was honored by a party given at the home of Beatrice Stoker. At 7:30 the pupils began to assemble. As we entered, we were presented with our class colors (purple and gold) by the hostess and by the assistance of others. After all had arrived, we began to play different games, which every one enjoyed very much. We were served a delicious luncheon consisting of sandwiches, cakes, and hot chocolate. After we had eaten we played a few other games. When we were ready to return home we assembled on the porch and gave several yells.

High Fifth.

The high fifth grade room has the honor of having the largest number of pupils exempt from examinations for the present term. Seven in this grade were exempt. This room works.

The high fifth room wishes to ex- press its sympathy for Joe Brown, in the loss of his grandfather.

NEWS FROM MARVIN JONES

Washington, D. C., Jan. 1924.—Congressman Marvin Jones has just received from the Agriculture Department a number of copies of the "Soil Survey of Northwest Texas", which he is desirous of getting into the hands of the citizens in his congressional district. Mr. Jones says he will be glad to send a copy of the survey to any one who will write to him.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recom- mended

CARDUI

The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life with- out any trouble. I can highly recommend Cardui."

At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardui. It should help you, as it has helped others.

Farm Organization Passes the Two Billion Mark

U. S. SCHOOL ENROLLMENT EXCEEDS \$22,000,000 A YEAR

Headings similar to the above have been prominent in the newspapers since the beginning of the new year. According to estimates made by the Department of Agriculture more than \$2,000,000,000 of business was done by over 10,000 co-operative farm business organizations in 1923. About 90 per cent of the organizations were engaged in selling and shipping farm products and 10 per cent in the collective purchasing of farm supplies.

The U. S. Bureau of Education, Department of the Interior, calls attention to the fact that of the co-operative work among farmers the most important of all is not taken into account. Some hundreds of millions could be added to the two billions of dollars of business mentioned above if we include the co-operative work done in the promotion of better rural schools. Wherever good country schools exist it is found that they have been made possible by co-operative work among farmers or between farm communities.

It is not generally realized that the business of providing schools for 22,000,000 children enrolled in the United States exceeds one billion dollars a year and that about one-third of the amount is expended for rural schools. It is often asserted that the children are the most valuable farm product and we know that good education adds billions to their value. The finest co-operative work farmers can do is that of improving local school facilities. Every one of the 15,000 consolidated schools now in existence is backed by a rural organization. The money expended upon these schools amounts to a large sum. The transportation of pupils alone costs more than \$20,000,000 a year. But it pays.

HIT 'EM AGIN

Hit 'em again, Editor Smith; you are on right track with a hot trail. Shameful and serious as it is, it is none the less a fact that the trial courts of our country have come to be in large measure, mere shams, a pretense, a make believe course of so-called "legal procedure." Trials of offenders are often sham battles, in which there is much noise and smoke (hot air); but when the game is over, and we look for results, we find none that fit the honest, law-abiding citizen fails to find what he had just reason to expect. But on the other hand, he does find that valuable time and a considerable sum of public money, raised by taxation, has been expended, wasted, yes, more than wasted! because good citizens are humiliated and discouraged, justice has been robbed of her virtue and our statutes treated as a mere "Scrap of paper."

The way the laws of our country are being disregarded, misapplied and over-ridden by means of perjury on the part of jurors and the crooked, deceptive, brow-beating schemes and pleadings on the part of lawyers, is enough to shame the face of every worthy, law-abiding citizen, humiliate the state and disgrace the nation.

I believe that every just and fair minded citizen is not only willing but really desires that every accused person, who is really innocent of the charge brought against him, should be freed from such charge and have his honor vindicated. Likewise, every worthy citizen should be just as anxious to have the guilty offender receive the wage of his own conduct and pay full penalty of his offense.

To clear a guilty client is unjust to him; and, at the same time, a gross imposition thrust upon the law-abiding public.

Judge Leslie's statement, as loosely quoted in The Times of Jan. 17, are certainly commendable; and his position should be warmly seconded by all who love justice, order and peace.

This scribe stands for these principles. Where do you stand, reader?

JAS. H. TATE.

AS YOU LIKE IT CLUB

The As You Like It Club met in regular meeting Wednesday Jan. 16 at the home of Mrs. Eston Bertram. A short business meeting was held during which their plans for the coming year were discussed. The members there enjoyed an hour of needle work, after which dainty refreshments were served to the following: Mrs. Page Cleavenger, Mrs. Frank Darby, Mrs. Charles Cleavenger, Mrs. Claud Sims, Mrs. Dewey Higginbotham, Mrs. Jim Hutcheson, Mrs. Bill Hutcheson, Mrs. Addison Casstevens, and the hostess. Next meeting will be at Mrs. Addison Casstevens Wednesday, Jan. 30, at 8:00 o'clock.

SEEKING LAND IN THE PANHANDLE

The General Land Office at Austin is authority for the statement that there is much interest being shown in the land of the Panhandle of Texas. Since it has been generally known that the State of Texas has recovered from the Capital syndicates something like 60,000 acres of land and the General Land Office is practically flooded with letters inquiring about this land, the commissioner has given out the in-

formation that the judgement of the court provides that the quantity shall be in a sold body and of equal average of the whole tract.

Sales will be made to those who will pay the most for it, provided the price offered shall not be less than the price fixed on it by the department. One-fourth of the price offered must be paid in cash and a note bearing five per cent interest must be given for the balance. One may buy as much as eight sections, though that suitable for agriculture will be surveyed into quarter sections of 160 acres each. Each tract will be sold separately and as a whole. In what county or counties the land will be situated cannot be known until the commissioner's selection. Sales can't be made until the court has approved the plan. It is planned to have the commissioners conclude their labors and the court enter its decree in time to have the land surveyed, classified, valued and advertised for sale on September 1, this year. It cannot be ready for the May list, as that is now in the hands of the printer and it is expected to be ready for distribution soon.

The fact that so many applications or inquiries have been made regarding the land, is conclusive evidence that many people have grown tired of renting and working their lives out on the farms of the east and they are wanting to come west, get a tract of land and start anew. The Plains country furnishes the largest tract of almost unbroken agricultural land that can be found anywhere in the United States and for that reason, there will be more people to the square mile in this country than any other part of the great Southwest. That is going to make this one of the greatest producing sections of the United States, and it means the most wonderful development that has ever been known.

It means that the fellow who predicts that the towns are outgrowing the surrounding country, and that

there will be a slump that will ruin everybody, will be disappointed and he will have to wait for many years to get homes and lands at his own price. True there may be some hard years, but with the proper exercise of judgment the calamities of past years need not be repeated in this country. Safe and sane methods of farming—correct diversification will bring this section into the sure crop list of farming communities in the United States, and there will be more happy prosperous people out here than any where else.—Lubbock Avalanche.

ATTEMPTED ROBBERY

About five o'clock last Monday afternoon as Mrs. Dr. L. W. Kitchen was going home a Mexican grabbed at her expecting her to drop her purse which she failed to do and the Mexican seeing a man coming, ran.

He was later caught and placed in jail where he remained only a few hours when he was baled out by

It's all right to bail prisoners out in some cases but we think this gentleman(?) should have been denied bail and placed on the county roads at hard labor for a term long enough to teach him that Mexicans and "niggers" must be good here.—Post City Post.

ENDEAVORING TO GET HOMESEEKERS RATES RE-ESTABLISHED WEST TEXAS

To All Officers, Secretaries, Unit Directors, et al:
Gentlemen:—
As you know we have for some several years been trying to get the railroads operating in West Texas to re-instate home seekers rates into West Texas. We have on numerous occasions placed this matter before

the lines operating into our territory. It was with a great deal of satisfaction that the writer and other representatives of your Chamber recently appeared before Mr. Farmer of the Rock Island and had from him the announcement that the Rock Island would again put these rates into effect, and that he understood the Santa Fe would do likewise; and that we would have his support in our plan to ask all of the railroads to put these rates into effect when our representative appeared before the meeting of the Southwestern Passenger Agents Association at Houston on January 17th next, which he did, presenting the case directly to them.

These rates are to apply on the basis of parties of 5, and the rate is to be round trip ticket on the basis of one fare ticket plus \$2.

Respectfully yours,
PORTER A. WHALEY, Mgr.

HIGGINBOTHAM'S

Notes of Interest From Simmons

SIMMONS BASKETEERS WILL START TOUR SUNDAY NIGHT

The co-ed basketball squad of Simmons College will leave Sunday night for a week's tour on which they are scheduled to meet some of the strongest college teams in the state. They will also contest the swift Baptist church team of Fort Worth. Last year this team took the big end of a score from the Cowgirl basketeers although the latter staged a spectacular come back and outplayed their opponents in the last half of the contest.

The Cowboy basketeers of Simmons College in company with Coach A. B. Hays will go to Brownwood Monday where they will meet the Howard Payne Yellow Jackets Monday and Tuesday nights. These games will inaugurate a week's trip, the Cowboys journeying to Georgetown to meet the Southwestern Pirates on the two following nights and winding up with two tilts with the San Marcos Bobcats. This will be the only road trip this season, the remainder of the games all being scheduled in Abilene. Nine men will make the trip.

Parramore Field, the Simmons College athletic ground will be enlarged and extensive improvements made immediately, to afford the best track facilities in this part of the state according to announcement of Coach A. B. Hays of Simmons. The action was taken recently by the Board of Trustees of the college in preparation for the annual meet of the T. I. A. A. which will be held in Abilene on May the 8th. and 9th. with Simmons College and Abilene Christian College, the newest member of the association as host. Work will begin at once on a regulation quarter mile cinder track and new bleachers will be constructed.

J. D. McCLANAHAN DIES

A gloom of sadness this week is hovering over our little village, and entire community, and especially the Williams home, by the death of J. D. McClanahan, Jr., in a sanitarium in Lubbock, who was ill only a few hours. Saturday morning, Jan. 19, at 2 a. m. he was awakened by his wife who administered to him and called the amily physicians. On advice, he left for the sanitarium in Lubbock. Physicians and special nurses did everthing in their power but his throat kept swelling. A tube was inserted that he might breathe but his life was smothered out Monday, the 21, at 6 a. m.

Mr. McClanahan was born and reared in Blooming Grove, and on Aug. 8 last was 34 years of age. He was the son of Dr. J. D. McClanahan who was a prominent physician for a number of years in this community. J. D. left Blooming Grove 14 years ago with J. H. Sears Dry Goods Co. for Snyder, and has been book-keeper and head supervisor over the gents furnishing department these number of years, this firm having the utmost confidence in his ability. J. D.'s home was a happy Christian home, and his fixed purpose was to

live the life of a manly man, and his death while so young is another reminder of the mysteries we are not to understand. His life was one of unselfishness and service for others, and his going has caused great sorrow in Snyder and wherever he was known. From Snyder many beautiful floral offerings were sent as a tribute of respect. Mrs. McClanahan will be remembered as Miss Mamie Williams and had J. D. lived one hour longer they would have been married exactly 10 years.

The remains arrived here Tuesday afternoon at 4 o'clock, accompanied by his wife, daughter, and friends. Arrangements had been made to hold the funeral services at the Methodist church, but the rain prevented the carrying out of these plans and the services were held at the Williams home at 2 p. m. Wednesday by the pastor of the Methodist church, Rev. B. R. Wagner, and seldom have we listened to a more beautiful tribute to one's life. Besides a wife, and daughter, he leaves an aged father, Dr. J. D. McClanahan, Sr. of Mineral Wells; one sister, Mrs. Frank Wolfenden, Gainsville; three brothers Ed, Hillsboro; Allie, New York City; and Gerald of Wyoming besides a host of friends where he has lived.

Interment was made in Rose Hill cemetery, the following serving as active pallbearers; Tom George, Jr. Hub Willeford, Harry Dillingham, Floyd Erwin, Will Read, John Glenn. The following were the honorary pallbearers; Jim Wallace, Sr., T. H. Butcher, Richard Griffin, Joe Jones, Will Crockett and Jim Williams.

UNION NEWS

The health of this community is not so good at this writing, for the measles are very popular out here.

There was a box supper at Crowder School House Friday night.

The party at Mr. Head's was enjoyed by all Saturday night.

Ellon Cannon is visiting with friends in this community.

Oh, how the wedding bells are ringing in this community! There are three new married couples: Guy Ware and Mrs. Ruth Herrington; Clarence Thomas and Miss Vera Weatherbus; Mr. Joddy Bynum and Miss Lucille Perry. We all wish them a long happy married life.

Sunday school at Union chapel Sunday.

Preaching at Turner Sunday at 11 o'clock.

The Turner and Union singing class united together and went to Bison Sunday eve when they got there they met Prof. Matthews, who opened the singing about 3 o'clock. He led the first two songs; next, W. W. Merritt, next Leonard Beardon; next, Zeb Womack and some more good leaders. A quartet from Turner sung by W. W. Merritt, soprano; Eula Mae Berry, alto; Leonard Beardon, Tenor; Charley Eastman, bass. Title, "Don't Forget the Fam-

ily Prayer." A duet sung by W. W. Merritt, soprano, and Nora Merritt, alto. All accompanied by Vera Beaderon at the organ. Everybody enjoyed this singing and extend them an invitation to come and be with us any time.

W. S. Upton and family visited S. W. Lights Sunday.

Essie Mae Biggs visited Margaret Carrel Sunday.

Prayer meeting at Union Sunday night.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Borden county, Greeting:

You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Borden if there be a newspaper published in sad county but if not, in the nearest county where a newspaper is published, for four successive weeks previous to the return day hereof you summons F. L. Lemley whose residence is unknown to be and appear before the Hon. District Court, in and for the County of Borden at the Court House thereof in the town of Gail on the 25th day of February, A. D. 1924.

The number of said cause being 298 then and there to answer the petition of Josie Lemley field in said court on the 22nd day of January, A. D. 1924, against the said F. L. Lemley and alleging in substance as follows:

Suit for divorce on the grounds of abandonment for more than three years and on the grounds of cruelty and outrageous conduct on the part of defendant toward plaintiff, and for the care and custody of the child born of the marriage of plaintiff and defendant.

Herein fail not, but have you then and there before said Court this Writ, with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, in Gail, Texas, this 22nd day of January, A. D. 1924.

Attest: MAGGIE WILLIAMS, Clerk District Court Borden County, Texas.

A great deal has been said about the Mayfield-Peddy contest in the United States Senate and it is in keeping with our out-spoken policy we want to be heard. Regardless of

how any one voted in the primaries and in the general election we are of the opinion that Mayfield's election was regular, legal and he is now the constituted choice of Texas people. We are not in sympathy with George B. Peddy nor his contest. It is costing the people of the United States a considerable sum in a foolish contest and at the end Mr. Mayfield's election will be sustained by the Senate. Peddy's fight is the back-fire of the Bailey guard. George B. was rather young and unexperienced in politics and it is our opinion that Nickels and that bunch of disgruntled politicians made a cats-paw out of him to pull their political chestnuts out of the fire.

PADUCAH PIONEER AND RANCHER DIES

PADUCAH, Jan. 24.—T. J. Richards, 65, ranchman and property owner of this county, died in a local sanitarium last night. Richards was one of the pioneers of this county, having come here 35 years ago.

He was one of the larges individual landowners in this county, also owned considerable town property. He owned the famous "Ball Face" pasture joining the town of Paducah on the south and extending 12 miles. He was a brother of the late W. Q. Richards who died here 12 months ago.

He leaves besides his wife, five sons, John, Merrill, W. Q., Jr., Dan and Lucian Richards.

Mr. T. J. Richards was an uncle of Mrs. C. W. Aucutt of Snyder.

A Will C. Edwards For Lieutenant Governor Club was organized at Denton a few days ago with five hundred initial members. It is said to have been the largest political gathering ever held in Denton county, all of which goes to prove that Will C. Edwards stands ace high among his home folks. It is necessary to gain success in a political way to have the backing of one's home people. We would hate to run for any office where the home folks had tabooed our aspirations. In fact, we would not run for office if we were opposed by home folks. Will Edwards is going to be our next Lieutenant governor. This is one political forecast that we feel confidently of making.

LEE GRANT OFFERS FOR COMMISSIONER OF PRECINCT NO. 3

In this issue of the Scurry County Times-Signal will be found the announcement of Lee Grant for County Commissioner of Precinct No. 3, subject to the democratic primaries. Mr. Grant has been living in Precinct No. 3, of Scurry county, for 22 years, and is entitled to be numbered among our old timers. He is a successful farmer and one of our very best citizens. If elected, he will serve the people of his precinct and the entire county with credit to himself and to the satisfaction of Scurry county people. As a man he is strictly upright in his every dealing, and enjoys the respect and good will of his neighbors and acquaintances.

If elected, we have no hesitation saying that Mr. Grant will fill the office in a creditable manner. He is thoroughly familiar with the needs of Scurry county people in roads as well as in other matters. We take pleasure in presenting his name to the democratic voters of precinct 3 and ask that his candidacy be given due consideration.

ITCH!

MONEY BACK WITHOUT QUESTION

HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap) fails in the treatment of Itch your druggist is fully authorized to return to you the purchase price.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says:

"Some people dislike to call it the Itch, but candor compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed."

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) are especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases, and is sold on our money-back guarantee by all reliable drug stores.

Remember, if it fails it costs you nothing, so give it a trial at our risk.

For Sale By Stinson Drug Co.

STOP--THINK!

Are you fully protected from financial loss in case your property should be destroyed? We write all kinds of insurance in some of the best old line companies operating in Texas.

Bring us your policies and let us renew them with the proper insurance. We know just what you need. Writing insurance is our business.

Call and see us and let us talk over your insurance problems with you.

Giving the Telephone Life

WHEREVER your thought goes, your voice may go. You can talk across the continent as if face to face. Your telephone is the latch which will open any door in the land, to you.

There is the web of wires; the many switchboards; the maze of apparatus; the millions of telephones. All are parts of the great system which provides nation-wide telephone service. The equipment has cost over two billion dollars. But more than equipment is needed.

There must be the guardians of the wires to keep them vital with speech-carrying electrical currents. There must be the thousands of operators to watch the millions of tiny switchboard lights. There must be skilled workers of every sort to construct, repair and operate.

A quarter of a million men and women are united to give nation-wide telephone service. With their brains and hands they make the Bell System live.
