AND SNYDER SIGNAL

VOLUME XXXVII

SNYDER, TEXAS, THURSDAY, JUNE 12, 1924

NUMBER 2

## Senator Collins to Speak In Snyder Saturday, 14th

Senator V. A. Collins

Senator V. A. Collins, candidate for Governor, who speaks in Snyder, on Saturday, June 14th, at 11:00 a. m. in the interest of his candidacy was first elected to the Senate of Texas in 1910 from the 14th (Beaumont) District.

While a member of the Senate, Senator Collins was responsible for much legislation that has a far-reaching effect on the citizenship of this state. Among the more important measures for which he was responsible was the Statewide Statutory Prohibition Law, the Primary Woman's Suffrage Bill, and the 54-hour Female Labor Law.

The Statutory Statewide Prohibition Law was held unconstitutional by the Court of Criminal Appeals, but the Civil Courts held differently and the measure was enforced by injunction by the then Attorney General, Mr. Looney.

The Primary Woman's Suffrage Bill gave the women of Texas the ballot in the Democratic Primary before the passage of the Nineteenth Amendment to the Federal Constitution.

The 54-hour Female Labor Law limits the hours women can be employed in certain classes of industry.

In addition to the foregoing measures, Senator Collins was author of the Workmen's Compensation Act of 1913. This Act was a preferential demand of the State Federation of Labor and generally met the approval of the big employers of the State. Senator Collins says: "Under the provisions of this Act, \$25,000,000.00 has been paid injured and disabled workmen of this state; much litigation avoided and a finer spirit of co-operation brought about between employer and employee."

Senator Collins takes a special pride in his authorship of the law providing for the sanitary inspection of factories employing female labor, for he says that this measure has required "the sweat-shops of Texas to clean up and provide wholesome, clean and sanitary surroundings for their female employees."

Senator Collins was also author of the Eight-Hour Law, Contracting Stevedore Law and valuable amendments to the state Child Labor Laws.—Publicity.

### FLY IN BROWN COUNTY KILLS GRASSHOPPERS.

Brownwood, June 13.—A strange looking fly has made its appearance in the grasshopper stricken fields of Brown county, and is killing the grasshoppers by the millions, according to reports brought in by farmers.

The fly lights on the object of its attack and deposits eggs in the joint that connects the head and body of the grasshopper. The sting stupefies the grasshopper and while in this state the eggs hatch and the larvae at once begin to feed on the carcass of the grasshopper.

It was said that in many localities the ground for miles is literally covered with dead grasshoppers killed by the fly.

### SAFE ROBBED AT SANTA FE STATION.

The safe at the Santa passenger depot was robbed Monday night of some \$20 or \$21. Entrance was made into the ticket office from the outside by prizing up a window with a piece of iron. The lock fastening the lower and bottom sash was broken, and the window raised.

No clew so far has been found as to the guilty parties and a thorough investigation is being made. The Santa Company had detectives here Tuesday, looking into the case.

Brother W. A. Bentley came up from Dunn for the evening services.

### Church Dedicates New Building

The East Side Church of Christ held their initial services in their new building last Sunday. The building just completed is a handsome stucco, with basement containing 8 class rooms for Sunday school work. There were three services in the new building, at 11, in the afternoon and at night.

Those attending the services from a distance were J. D. Pepper and Bro. Smith and wife of Sweetwater, A. P. Smith and son of Post, Bro. Wellborn of Graham's Chapel, O. E. Bonner of Clantonville, Lee Grant and family of Sharon, and others from Dunn and Hermleigh.

### COMPANY "G" TO LEAVE FOR ENCAMPMENT AT GALVESTON, JULY 5th.

Company "G" 142 Infantry, received between ten and eleven thousand pounds of equipment from the property and dispensing officer at Camp Mabry, Austin, Texas, about ten days ago. This equipment includes everything necessary for a company at home or on encampment, everything from shoe strings up to tents and automatic rifles. The issue of individual equipment for the men as well as the training is being rushed preparatory to the encampment which is to be held at Galveston from July 5th to July 19th. Company "G" will be one of the youngest, if not the youngest company at the encampment this year but the officers in charge state that the company will be in good shape for the training and shall take part in all activities.

The company can accept eight or ten more enlistments, according to Capt. Sentell. Any man wishing to join should do so immediately in order that he may be equipped and get some training before leaving for the encampment. This is a good opportunity for young men wishing to get some training and at the same time get a wonderful trip and outing at no expense to himself. The camp will be in a few hundred yards of the water; the training will be done in the mornings and the afternoons and evenings left for swimming and recreation.

### O. E. S. MEETING

At the last regular meeting of the O. E. S. the following officers were elected for the ensuing year: Worthy Matron, Lulu Towle; Worthy Patron, H. L. Davis; Associate Matron, Vivian Morrow; Secretary, Emma Isaacs; Treasurer, Maud Avery; Conductress, Ella Sears; Associate Conductress, Florence Leftwich; Chaplain, Adella Moore; Marshall, Viola Warren; Organist, Ada Davis; Ada, Laura Stinson; Ruth, Alice Northcutt; Esther, Connie Isaacs; Martha, Cecil Strayhorn; Electra, Ruby Smith; Warder, Eula Richardson; Sentinel, W. C. Davidson. At a call meeting of the chapter last Friday night a short business session was held closing all business left over and initiation of candidates after which Grand Matron Mary S. Brown, District Deputy Grand Matron took charge of the meeting and in her pleasing and efficient manner proceeded with the the installation. Mrs. Florence Leftwich in a few well chosen words, in behalf of the chapter, presented our past Worthy Matron, Mrs. Ada Brown, with a past Matron's jewel. Mrs. Brown responded, thanking each and every member of the chapter for the loyal support given her in her year's work.

At the close of the evening's meeting the refreshment committee served angel food cake and brick ice cream to some 80 members and visitors.

### RESOLUTIONS OF RESPECT.

Whereas, the Almighty Father has seen fit to remove Mr. Rex Awtart from this invisible empire to the empire invisible; be it

Resolved, by the Snyder Klan No. 180 in regular Klunklave assemble, that we will feel a great loss in the death of this Christian gentleman and faithful clansman. That he was faithful to every task given him and always trying to exemplify the Christ-like life while he was among us. He has been taken from us, but his life will live in our memory through the years; nad be it further

Resolved, That a copy of those resolutions be published in our local paper, a copy sent to his family and a copy filed on our records.

Dine in reguar Klunklave assemble, this 27th day of May A. D. 1924.

### Bird James Buried; Military Honors

Tuesday, June 10, members of Company "G" 142nd Infantry and members of the local post of the American Legion joined in paying their last respects to a departed comrade and veteran of the World War, Bird James, who died at Kerrville, after a long illness due to wounds received at the Meuse Argonne offensive in 1918. The funeral was held from the deceased's old home in Fluvana and was conducted by the pastor of the First Presbyterian church of Snyder, Rev. Bryant. Following Bro. Bryant's eulogy and commitment, the guardsmen and legionnaires, under the command of Lieut. H. W. Waterman, performed the military burial rites with a guard of honor, color guard and firing squad. Messrs. Faifer and Morris blew taps, the soliders' last earthly call.

### List of Jurors For Fourth Week of District Court

List of persons drawn by the Jury Commissioners of the District Court of Scurry County, Texas, at the December term, 1923, to serve as petit jurors during the fourth week of the May term, 1924, of the said court:

Buchanan, J. T. Biggs, J. W. Card, E. E. Grant, W. D. Hooper, J. L. Bowen, J. E. Murphy, S. G. Lunsford, C. M. Boren, W. W. Merritt, J. G. Davis, J. D. Boone, B. F. Shuler, R. L. Sims, T. W. Crenshaw, Edgar Taylor, W. P. Sims, W. R. Bell, Earl Brown, J. I. Baze, S. M. Kemp, R. I. Stallings, C. E. Fish.

### AMERICAN LEGION HOLDS MEETING

The Will Layne Post No. 180, American Legion, held its monthly meeting, last Friday night, June 6th, at the Woodrow Hotel. A good crowd of ex-service men were on hand and thoroughly enjoyed the refreshments served by Mrs. Johnson. Music was provided by the Snyder Municipal Band under the leadership of Bandmaster Faifer and same was gratefully appreciated by the members of the post and their guests. Enjoyable talks were delivered during the evening by Messrs. Faifer, A. P. Morris, A. C. Alexander, Rosenberg and last but not least, Arthur (Red) Townsend, who has shown himself to be a veritable fountain of good-humored advice and suggestion. The stirring and interesting speeches were instrumental in securing two new memberships for the local post and the meeting was voted a success by all present. After setting the next meeting for July 3rd, the meeting was adjourned.

### PURCHASED FILLING STATION

Joe Clark, of Blum, Texas, was here several days the first of the week and while in town closed the deal for the First and Last Filling station on the east highway owned by Thompson and Ikard. Mr. Clark left Wednesday for his home and will return in about ten days with his family and will assume charge of the business.

### FIRST CHRISTIAN CHURCH

Our revival meeting will begin at the First Christian Church, next Sunday morning at 11:00 a. m. The services will be conducted by home people and there will be some especially interesting sermons and song services during this meeting. The services during the week will begin promptly at eight fifteen each evening.

Every one is extended a cordial invitation to come out and help us make this meeting a success. Don't forget the date and the time of the services.

### LOSES FINGER IN CULTIVATOR.

J. E. Bryant, son-in-law of Rev. R. W. Rowe of Camp Springs, lost a finger as result of getting it caught in cultivator Tuesday. He was taken to Colorado where the finger was amputated between the first and second joints. The injury was very painful, but the patient is doing nicely and will soon recover.

### Preaching at Plainview Schoolhouse.

Rev. W. T. Rouse will preach at Plainview schoolhouse next Sunday afternoon at 3:30. All the people in the community are invited to be present.

Nell, of the Turner community, were Mr. Patterson and daughter, Miss in town Tuesday, doing some shopping and visiting with their daughter and sister, Mrs. Joe Caton.

### Mrs. Dink Merrell Dies at Dallas

Mrs. Dink Merrell died at Dallas and was buried Sunday in that city. She died of blood poisoning and had been in Dallas for treatment several months. They made their home at Littlefield where Mr. Merrell was principal of the school. He is a son of Mr. and Mrs. W. A. Merrell of Snyder. Mrs. Merrell's mother resided in Dallas.

The friends of the family regret to learn of the death of Mrs. Merrell and sympathize with her husband in their sad misfortune.

### BRIDGE PARTY.

Mrs. Dixie Smith was hostess to the Bridge Club at the home of Mrs. A. J. Towle Tuesday afternoon from three to six o'clock.

Three tables were arranged for the fascinating game and soon filled by enthusiastic players, each one doing their very best playing in order to carry off the honors for the afternoon.

Those present and enjoying the occasion were: Mesdames L. O. Smith, R. H. Curnutte, Ivan Dodson, Sidney Johnson and Billie Wilsford. The guests were: Mesdames Harris, Chas. Cooper, J. O. Dodson, Fritz R. Smith, Sadie Davis, J. W. Leftwich and Austin Erwin.

At the close of the afternoon's games the hostess assisted by Mrs. Towle served a delicious salad course.

### MEETING OF THE CITY COUNCIL

The City Council of Snyder, Texas, met in regular session at the City Hall on the afternoon of June 4th, 1924, with Mayor Smith presiding. Other officials present: Secretary A. C. Prewitt, Aldermen A. C. Alexander, W. R. Bell, Little Westbrook, J. C. Dawson.

Minutes of previous meeting read and approved.

Motion made and carried that the City Marshal publish a notice notifying the citizens that all dogs not wearing dog tax by the 15th day of June, 1924, will be killed.

Motion made and carried that blocks be placed on each corner of the square to direct the turning of traffic on the square and the City Marshal enforce the city traffic regulations.

Motion made and carried that the Council accept J. I. Baze resignation as alderman of the West Ward for the reason he is moving to the North Ward.

Motion made and carried to increase the City Marshal's salary to \$150 per month.

Little Westbrook was appointed by the Mayor to fill the place of J. I. Baze, resigned, on the street and bridge committee.

Motion made and carried. That the bond tax be reduced for the year 1924 from 25 cents to 10 cents on the \$100. Valuation and the general fund tax be increased 5 cents on the \$100 valuation and the street and bridge fund tax be increased 10 cents on the \$100 valuation, thereby fixing the tax rates for 1924 as follows. Bond tax rate 10 cents on \$100 valuation; general fund tax rate 30 cents on \$100 valuation; street and bridges fund tax rate 35 cents on \$100 valuation.

### TO THE VOTERS OF SCURRY COUNTY.

It may be that I will not be able to see all of you before the primaries as I have had to look after the cotton yard this spring, being manager of the yard I have had to see to shipping this cotton and we have not shipped it all yet, some 40 or 50 bales remaining on the yard.

I want to say to the voters that there seems to be some misunderstanding as to my not asking for the second term when I was your tax assessor. Some think I resigned during my term of office, but such is not the case. I filled out two years and did not ask for the second term as the health of my family would not permit it. As I saw it then a man could not assess taxes and be home with his family at the same time.

After consulting the Doctor I decided not to ask for the office for fear I might not be able to do my duty in regard to the work as I considered I ought to. I thought then and think now that a man should give his best efforts to his work, be whatever it may. Hoping this will clear up the rumor; and in this connection I wish to say that I feel grateful for the votes I received when you elected me tax assessor, and will thank you for your votes for cotton weigher and will try and do my best.

Truly yours,  
F. M. BROWNFIELD.

## Congress Ends Session Amid Great Turmoil

### Lamesa Fire Loss About Half Million

SLATON, Lubbock Co., Tex., June 8.—Fire originating in the paint department of the Cicero Smith Lumber Company at Lamesa, Dawson County, about 4 o'clock Saturday afternoon, was fanned by a forty-mile gale and soon spread to the lumber yard of the Higginbotham-Bartlett Company, where it spread to the recently constructed brick buildings on the south side of the square, which were also destroyed. The loss approximates \$500,000.

It was soon evident that the local fire boys would be unable to handle the situation, so calls were made to Big Springs, Tahoka, Slaton and Lubbock. All responded very quickly, driving through the country. The Slaton firemen were playing a stream of water in two hours and twenty-five minutes from the time they left Slaton. The Lubbock truck was driven to Slaton, where a special train was waiting for the fire ladders, and they made the trip in that manner, but arrived too late to be of service.

Building and equipment of the following firms are involved in the blaze: Cicero Smith Lumber Company, Higginbotham-Bartlett Lumber Company, McCade Dry Goods Store, Wilson Barber Shop, South Side Cafe, A. G. Gray Harness Shop, Lankford Variety Store, Simpson Garage and the residence of A. M. Duvall.

So far as ascertained, there were no casualties, and the local water supply was sufficient to take care of the situation. Had it not been for the extra wide street between the brick buildings on the south side of the courthouse the entire town to the north would have been destroyed.

The lumber yards destroyed were the largest on the South Plains and were well stocked, to take care of the rapid growth of Lamesa.

### NOTICE TO CAR OWNERS.

It is against the laws of the city of Snyder for boys and girls to drive cars within the city limits of Snyder who are under the age of 14. Heretofore we have allowed boys and girls of this age to drive cars by special permits. All special permits have been withdrawn and hereafter the laws in reference to the matter will be rapidly enforced. Please take notice and keep the boys and girls of the age suggested from driving automobiles.

There is a state law against running cars with mufflers opened, and this law will also be enforced in Snyder. Hereafter all mufflers must be closed.

Notice is also given against the habit of double parking of cars on the streets and public square. Hereafter no double parking will be allowed. Cars are allowed to be parked at the curb in the center of the square and at the court yard curb, but positively no double parking will be permitted.

The city has replaced the turning blocks on the public square and all drivers of automobiles are required to observe the ordinance against permissive cutting of corners.

These laws and ordinances must be obeyed and any violation of same will be prosecuted.

J. E. CHINN, City Marshal.  
FRITZ R. SMITH, Mayor.

### EVANGELIST HUCKABEE OPER- ATED ON AT WACO.

Dr. M. E. CORBIN of Post City was in the city Tuesday en route home from Waco where he went to take Rev. P. R. Huckabee for an operation, which took place at the Baptist sanitarium. The operation was successful, but Dr. Corbin says that Brother Huckabee's condition is such that it will be many months before he is able to leave the hospital. He will finally have to go into plaster paris cast and remain in same for several months. He has spinal trouble.

Rev. Huckabee is district evangelist for the Christian churches in West Texas and is a godly, consecrated worker in the Master's vineyard. He has been in bad health for some time, and has undergone operations before. It is hoped that this last operation will restore him to permanent health.

Mrs. Millroy of Gorman and Niece, Wednesday on a few days' visit with their friend, Mrs. W. E. Smith.

Mrs. Willie Barton of Colorado is here this week visiting with her sister, Mrs. Walter Morton.

Congress ended its six months session last Saturday in an atmosphere of controversy and turmoil characteristic of the bitter session which has marked its proceedings from the very start.

Western senators and representatives in the final hours of the session fought and lost a desperate fight for legislation to relieve the farmer and reform the reclamation policy of the government.

Many other measures including the bill authorizing construction of eight new cruisers and modernization of battleships and the deficiency appropriation bill carried funds to begin operation of the bonus law, and for many other purposes failed in the final crush of legislation, when the session ended automatically at 7 p. m.

Not only did the deficiency bill go down in defeat in the race against time but a special resolution passed in the last five minutes by the house to make the bonus appropriation available regardless was lost in the senate.

Republican leaders declared that only a special session of congress would provide the necessary funds for the initial costs of the compensation measure.

The deficiency bill itself was blocked at the last minute by Senator Pittman, Democrat, Nevada, because of the omission of a reclamation appropriation proposed by him and action on the emergency bonus resolution was prevented by objection of Senator Borah, Republican, Idaho, and King, Democrat, Utah.

The postal salaries increase bill passed by both senate and house by almost unanimous vote, also went by he board when President Coolidge vetoed it on the ground that it was 'extravagant.' No effort to call it up for passage was made in the short time remaining.

A renewal of the Teapot dome debate in the senate growing out of the futile effort by Senator Walsh of Montana to secure approval of the majority report of the oil committee tied up business at that end of the capital most of the afternoon. The house cleaned up many minor bills but spent most of the day quarreling over the reclamation legislation, which had been attached by the senate to the deficiency bill. The principal feature of the administration's reclamation plan finally were accomplished but other changes were made to which the senate could not agree.

Among the mourners over the unusually painful demise of the session was the senate Daugherty committee, whose plans to resume sessions in mid-summer went awry because Chairman Brookhart failed to obtain opportunity to call up an authorizing resolution drafted for that purpose.

An hour before the final fall of the gavel on the presiding officers' desks in the senate and the house, President Coolidge went to his room in the capitol to affix his signature to last minute legislation. He signed a number of bills and received there the senate committees appointed to formally notify him of the adjournment.

The house drifted along listlessly during the day but as the windup approached there was more activity, marked by a break in the ranks of the house "drys" for the first time since the arrival of prohibition.

Representatives Crampton, republican, Michigan, proposed that teeth be put in the prohibition enforcement investigation to be conducted during the recess by the alcoholic liquor traffic commission, by giving it two clerks, and permission to hold sessions away from Washington. Representative Blanton, Democrat, Texas who had previously stood shoulder to shoulder with Mr. Crampton and other "drys" on prohibition, opposed the proposal, referring to the inquiry as a "lot of nonsense." The committee which until recently had not held a session for five years, and is with out a clerical force, he declared, was aiming to do some junketing during the summer, and he insisted that its investigation could no more duplicate one which will be undertaken by a senate committee.

The Champton resolution was rejected 153 to 85. Immediately afterwards and without debate, the house adopted a resolution authorizing its veterans committee during the recess to investigate conditions in various veterans hospitals and soldiers and sailors homes.

James Smith, of the Spindle Cotton Company and who has interests in large farm holdings in the Fluvanna country, was here several days this week looking after his interests in this section.

**NOT APPRECIATED**

It is not likely Plainview will have a chautauqua next year. There was a deficit of \$800 in the expense of the one which closed Sunday night, which was covered by \$20 in cash from each of the forty guarantors. Last year five guarantors had to foot up a loss of \$600. The year before there was a shortage of \$600, and only six men behind it.—Plainview News.

Snyder, too, faced a deficit in its chautauqua funds yet the people of Snyder signed up with 101 good men and women on the contract for another season. A small committee this year bore the brunt of the expense of the chautauqua. Next year more are sharing the burden. The suggestion was made last Sunday night that we buy the chautauqua outright next year and give it to the people free, which should be done. In this day and age of light entertainment and literature the chautauqua furnishes the only avenue for real worth-while entertainment for the young people. If we are to deny them the benefits of the splendid lectures that come with our entertainments we will license them to feed to their fill upon cheap light entertainment that come their way. People fill tent shows night after night and listen to cheap vaudeville and plays of little merit yet they are not willing to pay 20 cents to hear some of the nation's big men in lectures of real importance. Never before in the history of America does the situation demand that we bring to the people good and wholesome instruction and entertainment. It can be found only in lyceum, and chautauqua.

There are several of the candidates for governor who cannot successfully manage and finance their own personal affairs, yet they feel competent to manage the affairs of a great state of five million people whose property valuations are ten billion dollars.—Plainview News.

The man that makes a failure in private business is usually the man that decides that he can finance for all the people. A man resorts to politics as the last chance to make a living. We elect too many financial failures to office. The custom should be to elect only men to office who are financial successes in private business. We have too many small bore financiers in office, and as a result the country suffers.

A jolt that is liable to jostle Jess Adams, of the Plainview News, is the information that a young lady in

Louisiana bobbed her hair and then committed suicide. This seems to be an age of bobbed hair extreme dresses and the general idea is that a woman suicides as to her looks the minute she parts with her tresses.

Some one has said that you can depend on the Democrats doing the wrong thing at the wrong time. It seems to hold good this year. The party is preparing to nominate Wm. McAdoo, who will be easy picking for the Republicans. Of all the numerous big men in the Democratic parties McAdoo has been decided on, with his past record favoring government ownership of railroads, with oil scandal closely connecting his private transactions, etc. The reasonable conclusion to reach is that the Democratic party selects McAdoo as a compliment to his departed father-in-law, Woodrow Wilson. Just because Wilson was a big man the suggestion is not borne out in William McAdoo's record. It is to be hoped that a dark horse will come on the scene in New York and run over the McAdoo forces.

Congress is fixing to adjourn for the summer. For all the good they have done the past six months ad-This has been a Congress of idleness journalment should have come long ago, as far as real constructive work. The present session of Congress has done little but investigate members and private individuals. Our government for, by and of the people. Let Congress take its rest from its overwork of investigation.

When the Senate adjourned in a hurry, failing to act on several matters because of a blockade from irate members, it endangered the immediate tax cut this year as far as 1,000,000 taxpayers are concerned, held up the bonus and killed other desired legislation. A special session of Congress may be necessary to unravel the tangle, it is becoming increasingly evident.

The two young millionaire sons that committed murder on the 14-year-old Frank boy in Chicago claim they were hunting something exciting. They were evidently devotees of the movies and imagined that life was getting rather tame for them. They now face the gallows, and disgrace for their parents. The boys had all the money at their command their hearts could desire, yet they wanted to play kidnappers and as a result they became murderers. Their millionaire daddies will spend a part of their fortunes to save the necks of their worthless offsprings. But these daddies are not to be condemned for defending their boys. Its blood calling to blood, and where is the father that would not come to the rescue of the son when in trouble. The real moral however, is the suggestion that we should raise our sons that such extremities would not come our way. After all it is hard to raise a boy right in this age of the world when there is many things to attract them away from home and the path of right living. Many a boy goes wrong nowadays when parents have lived the right life before them. The question of our boys is the big question of the age. The question of getting them to see the real vision of life and stir them towards a course of correct living is our big task. The parents that are raising children have real problems before them. The custom of wild oat sowing was never more dangerous than at present. It is so hard

to get some boys beyond the fool age, when sober thoughts take the place of those of wild youth. With many of us if we get our boys past this reckless age it will be only by the Providence of God. And the worst of it all, the boys today are the same as yesterday—good intention, but just thoughtless and reckless, which in many cases lead to criminality. God save and protect the dear boys of this land and nation.

These past few warm days reminds one that the fish is biting, and nature is calling we tired sons of Adam to cooler places. Soon the vacation season will be in full swing. As for the editor, he expects to attend the press meeting at Amarillo next week and maybe we will get to cast a few lines later on.

**SINGING MEET AT CANYON TO BRING CROWDS**

CANYON, June 13.—Fully 5,000 persons are expected to attend the annual meeting of the Plateau Singing Convention, largest organization on the Plains, at its 1924 session here June 14 and 15.

One of the features of the gathering will be a monster barbecue Sunday noon for which preparations are now being made to feed between 3,000 and 4,000 persons. It will be held at Hale's Park just north of the Santa Fe depot, and is being given jointly by the Randall County Singing Convention and the Canyon Chamber of Commerce. Twelve beehives have been donated by the county people to feed the crowds.

Registration will begin at 8:30 Saturday morning at West Texas State Teachers College here, in the auditorium of which most of the sessions will be held. Rev. Lyn Claybrook, pastor of the Baptist church, will pronounce the invocation and S. G. Bridges will lead the opening song. Louis F. Hart, manager of the Chamber of Commerce, will deliver the address of welcome and the response will be given by R. M. Morgan, J. A. Hill, president of West Texas State Teachers College will deliver an address at the Saturday afternoon session on "The Key."

Seventy musical numbers are scheduled on the lengthy program, and will follow each other in rapid-fire order, according to John F. Taylor, president of the Plateau organization. J. L. Lovvern, Randall County president, and Miss Edith Gibson, Randall County secretary, both will appear on the program.

The singers will come by every known mode of conveyance, those coming overland bringing camping equipment, while a survey of the city is being made to find accommo-

dations for those coming by train. Four leading songbook companies are sending quartets to represent them at the convention, and each of these has been given a place on the program.

Three sessions will be held Saturday and two on Sunday. Indications are that the attendance will go 50 per cent over that at Plainview last year, when it reached the 3,500 mark.

**\$4,410,169 GRANTED TO TEXAS FOR ROADS**

WASHINGTON, June 8.—Apportionment among the States and Hawaii of \$75,000,000 for Federal aid highway construction for the year beginning July 1 was announced Sunday by Secretary Wallace.

Prompt apportionment of the Federal funds insures continuation of the work without interruption. Of the 170,000-mile Federal aid highway system, 60,000 miles have been surfaced and 8,700 miles graded, leaving 110,000 miles to be surfaced, which will require an annual program of 11,000 miles to be completed by 1934.

The apportionment of the 1925 funds, by States, includes: Texas \$4,410,169 and Oklahoma \$1,753,139.

**Pepsinated Calomel Is Better than the Old-Time Sickening Kind**

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

STINSON DRUG COMPANY  
 GAINES COUNTY FARM LANDS  
 AT REASONABLE PRICES AND ATTRACTIVE TERMS

Very little ready money is required to own a good farm in the South Plains of the Texas Panhandle. Payments for your farm are on about the same basis as paying rent.

At Seagraves, Gaines County, Texas, we offer you farm land at prices from \$12.00 to \$20.00 per acre, cash payment down only one dollar per acre, four yearly payments of one dollar per acre and the balance in yearly payments of two dollars per acre with interest at six per cent.

This is strictly a general farming country. Abundance of pure water, no boll weevil; and cotton a sure crop. At present prices of cotton it will not take a great many bales to pay for a 160 acre farm in one season.

This is your big opportunity. If interested in securing a farm and home for yourself and family on very unusual terms, now is the time to act.

Address W. A. SoRelle, General Agent, 17 Santa Fe Building, Seagraves, Gaines County, Texas, for terms of sale and descriptive folder.

### RESULTS WERE LASTING SAYS JOS. P. HARDING

#### Tanlac Restored Corsicana Man to Health Seven Years Ago.

"About the best thing I could say for Tanlac is that I am still enjoying the good health it brought me six or seven years ago," recently declared Jos. P. Harding, 210 W. 4th Ave., Corsicana, Texas. Mr. Harding further said:

"I am now 73 years old, weigh 180 pounds, and enjoy perfect health. To have no physical ailments and feel so strong and well at that age is certainly something to be thankful for and I just can't praise Tanlac too highly.

"Before I got on to Tanlac my appetite had left me. I was away down in weight, was extremely nervous and had very little strength or energy. As I was getting along in years I didn't know but what my ailments indicated a general decline.

"But in a few days after I began taking Tanlac I started to come right back and then I knew that all I needed was the right medicine for my case. Five or six bottles of Tanlac fixed me up with a dandy appetite, set my nerves in order, brought back my strength and added ten pounds to my weight.

"Tanlac just about made me over, you might say, and I feel good enough now to go out and do the old work of farming and saw milling again. My advice to anyone who can't eat or sleep right and feels run down, is TAKE TANLAC. It sure will build them up and make them feel like new."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlac Vegetable Pills are made and recommended by the Manufacturers of TANLAC.

Mrs. King and granddaughter, Miss Erma King who has been here for the past week visiting with her uncle and aunt, Mr. and Mrs. Porter King, left Friday for San Angelo, where they will spend a few days sitting with relatives and from there will go to San Marcus, where they will spend the summer. Mr. and Mrs. King accompanied them as far as Sweetwater.

#### OBITUARY

Mr. Burt James, a soldier boy was wounded in the army the first day of November, ten days before the armistice was signed. He came home but never recovered from the wound. Tuberculosis also set up and he went to the sanitarium at Kerville, Texas, but on June 7 died. His body was brought back to his home in Fluvana, where he was tenderly laid to rest.

On account of Brother Tate's serious condition with his heart, Rev. J. T. Bryant, the pastor of the First Presbyterian church at Snyder, was called to take charge of the funeral. The soldiers of this post attended in dress parade and performed their part of the funeral ceremony in honor of their dead buddy in a most impressive manner. Never can we, who witnessed this service for the first time, ever forget the impression made, and that bugle call, we can hear it yet, and the answer in the distance. It so solemnly said to us, "Your call will come some day; how will you answer?" It was indeed touching to see the dear mother of Mr. James receive the flag of her country for whom her boy gave his life for his country, but showed the world how a christian soldier could return to his home a clean christian boy and to gladly answer the call of the world to men to show the world how to live and this he did and would have made a great worker had he lived. He loved his church and his pastor and wife and he was led to accept Christ through the faithful service and personal work of Bro. Tate, and joined the church and made a faithful and loyal member to the end. There was a very large attendance, over 60 cars beside other conveyances. May God bless the home from which he is taken and the

## Commencing Thursday, JUNE 12th

We are going to "put over" one of the biggest "off-season" sales ever attempted in all of West Texas. This sale is going to be an event that will be long remembered by the people of this trade territory. We have employed the Mayfield Sale System of Dallas, Texas, who has one of their live wire sale directors tagging, marking and displaying our entire stock to where it will make shopping here a real pleasure. Be sure and read every itemized price below, as this is an "Honest-to-Goodness" Sale with "Honest-to-Goodness" bargain prices." Every buy at this sale means a saving to you.

There is a reason for all sales—this sale is no exception—the

reason of this sale is two-fold: First: we are overstocked on a number of staple lines—we over bought and you are going to reap the benefit. Secondly: We must raise some money—we have the goods and we are going to put a price on them that will bring us the money. If you will read the prices listed below, of standard, guaranteed merchandise and you can easily figure a great saving. If you have not the money on hand to take advantage of these "Honest-to-Goodness" bargains it will pay you to borrow it and pay interest, for you will never again be offered such quality merchandise at these ridiculously low prices. **Pres. Eliot Shows  
How to Live to 90**

**C**HARLES W. ELIOT, President Emeritus of Harvard University, who recently celebrated his ninety-third birthday gives the following recipe for adding a full score of years to the Biblical three score years and ten.

"How to live long—Go to church. Keep a clean heart and a good conscience. Give your mind exercise as well as your body, really think. Exercise regularly, eat in moderation, take a full allowance of sleep. Avoid indulgence in luxuries and the habitual use of any drug whatsoever—not only of alcohol, but of tobacco, tea and coffee."

President Eliot holds first position among America's "grand old men." He has witnessed in his life the development of railroads, steamships, submarines, aeroplanes, breech-loading guns, the telegraph, telephone, two-cent postage, of radio, automobiles, the X-ray, elevators and skyscrapers. He was President of Harvard when the Hohenzollerns founded the German Empire.

**A WONDERFUL CAST  
SEEN IN "THE FOG"**

Nathan Forge, as played by Cullen Landis in "The Fog," at the Cozy Theatre, is just such a youth as Kipling must have had in mind when he wrote "If"—one who could meet every emergency. And there were plenty of things to stand up against—a scheming, hypocritical father, poverty, blasted love affairs, disillusionment and misrepresentations that kept the sensitive boy in a maze until he found the ideal love of which he dreamed. Nathan Forge is one of the best character studies we have ever seen on the screen, and he is portrayed by Cullen Landis with fine sympathy and restraint.

Mildred gives a beautiful interpretation of a difficult role as Madeleine Theddon, the girl whose love was the light that pierced through the fog of Nathan's life and brought him happiness.

The whole cast was selected with rare judgment. Each player in this amazingly fascinating photoplay lives his part and the result is a co-ordination of the highest types of screen acting. The cast includes such notable players as Louise Fazenda, Ethel Wales, Louise Dresser, Marjorie Prevost, Ann May, Ralph Lewis, David Butler, Frank Currier and Edward Phillips.

We can't remember when we have sat through a more absorbing picture. The unusual story by William Dudley Pelley is packed with adventure, thrills, pathos and emotional appeal. Incident is piled on incident in rapid-fire fashion right up to the powerful climax. These incidents are pleasingly unified by the masterly direction of Paul Powell.

The story was adapted by H. H.

**320-ACRE TRACTS TO BE  
OFFERED IN PANHANDLE**

AUSTIN, Tex., June 6.—Of the 55,000 acres of land recovered by the State from the Capitol Syndicate, 30,000 are in one body in Hartley County, near Channing, the county seat. The other 27,000 acres are in Dallam county, about twenty miles north of Dalhart, about twenty miles of the Dallam County tract. Not a bush of any kind is on it, according to State Land Commissioner Robinson, who recently went over both areas for the purpose of determining into what size and form tracts it should be surveyed.

After inspecting the land and conferring with many farmers at their homes on their farms, Mr. Robinson reached the conclusion that a real home could scarcely be maintained on less than 320 acres and surveys are now being made in tracts of about that size. The Commissioner said that the lines of the surveys will be sufficiently far advanced by the middle of June for him to inspect each tract for the purpose of classification and valuation. Anyone interested in this meeting Mr. Robinson in Hartley or Dallam County about June 15. The land will go on the market on Sept. 1.

Van Loan. The scenario was prepared by Winifred Dunn. The photoplay is the work of John R. Arnold. The picture was produced for Metro under the personal supervision of Max Graf.

**UNIVERSITY REGENTS MAKE  
BUDGET APPROPRIATION**

AUSTIN, Tex., June 13.—According to the budget recently adopted by the Board of Regents of the University of Texas, the apportionment is \$1,432,110.32 for the Main University; \$90,000 for the Galveston Medical School; and \$45,810 for the El Paso College of Mines. The next meeting of the Board will be on June 10.

Announcement was made of three promotions from the rank of associate professor to full professor. These were Dr. J. B. Wharey, of the department of English; Dr. T. S. Painter, of the department of zoology; and F. W. Graff, of the School of Business Administration.

Earl C. Hankamer, of the Hankamer Mercantile Company, of Sank Lake, is the new regent appointed by Governor Pat M. Neff to succeed Frank O. Jones, of Houston, resigned.

AUSTIN, Tex., June 13.—Excellent progress is being made on the directory of students and ex-students of the University of Texas, it is announced by the Ex-Students' Association. It is planned to have the directory finished and ready for distribution this fall. Questionnaires have been sent to all ex-students and the answers are now being tabulated. Students now in the University are also furnishing information about themselves for the book.

**FROM THE DEPARTMENT OF INFORMATION SOUTHERN METHODIST UNIVERSITY**

DALLAS, Tex., June 4.—"With an increase in the student body of 20 per cent, the greatest in the history of the school; with an enlarged faculty and an expanded program of education, there are many reasons to justify the confident expectation that Southern Methodist University will soon become one of the greatest educational institutions of the Southwest," said President Charles C. Selecman in summing up the work of the present school year. The total enrollment this year was 2,425, including 1,295 boys and 1,130 girls.

Achievements of the year include completion of the second million dollar endowment fund. Important gifts for buildings include \$100,000 from R. Harper and Annie Kirby of Austin for a building for the School of Theology and \$300,000 from Mr. and Mrs. R. M. McFarlin of San Antonio for an auditorium to seat 3,500. The theological building is nearing completion. Plans are now being made for the auditorium and it is expected it will be completed early in the next school year. Another incident of major importance is the establishment of the George F. and Ora Nixon Arnold foundation to endow with \$120,000 a chair of American Statesmanship at Southern Methodist University, announced January 1, 1924. The announced purpose was the training of leaders who would lend their influence toward perpetuating long established and well-tried American institutions of government.

In athletics, S. M. U. won the Southwestern football, golf championship and third place in tennis. In debates, S. M. U. students won five out of seven. In poetry, S. M. U. students took first and third prizes in a national contest participated in by students of seventy-two universities and colleges.

New prizes offered students during the year included: Best woman debater, \$25, won by Miss Margaret Pilley of Mineral Wells; sophomore doing best work in the school of commerce, \$25, won by Meyer Romotky of Dallas; best originality and scholarship in English, \$25, won by George Bond of Hillsboro; best news or feature story, \$25, won by Robert L. Johnson of Orange California; best student in Latin or Greek, \$100, not yet awarded; highest scholarship average made by a boy student, \$100, not yet awarded; best series of sales letters by a member of the salesmanship class of the school of commerce, Newman medal, not yet awarded.

**BUSINESS CONCERNS ARE BIG LOSERS; TOWNS AID WITH FIRE DEPARTMENT**

LAMESA, Tex., June 7.—Fire originating in the southside Cicero Smith Lumber Yard this afternoon spread quickly and engulfed this company's property and thence spread across the street to the Higginbotham-Bartlett Lumber company, both yards being levelled. The fire then attacked the entire row of bricks on the south side, levelling seven of them and damaging the Majestic Theatre to the extent of \$1,000.

The Worth Corner Drug Store escaped with little damage.

The firms entirely burned out are Simpson-Bennett Motor Co.; The Economy Store; Tourist Cafe; Payne Grocery Co.; A. G. Gray Saddle Shop, Bodzen Dry Goods Co.; R. T. McCade Dry Goods Co.; Rix Furniture and Undertaking Co.; Caldwell Tailor Shop; Wilson Barber Shop; Bobs Candy Kitchen.

These firms were entirely destroyed except for the few articles which were carried out by hand.

The Tahoka fire department and the Slaton department responded to the appeals for help by driving equipment through the country. Lubbock also sent her fire department by a special train donated by the Santa Fe, headed personally by Supt. J. F. Anton.

The loss is over \$500,000.

Fire, which originated in the southwest corner of the Cicero Smith Lumber Yard, completely destroyed more than two blocks of the business district of Lamesa Saturday evening, according to a telephone communication with the Reporter Saturday night. The loss is said to be at least \$250,000.

Two lumber yards, the Smith yard and the Higginbotham-Bartlett company, and seven brick business buildings in the business district were burned. The loss of the Higginbotham-Bartlett company will be at least \$50,000 and possibly \$75,000, it was said by officials of the company here, the exact extent of the stock at Lamesa not being known here.

The seven store buildings destroyed were: Rix Furniture Company, Style Shop, a harness shop, a racket store, a real estate office and a barber shop.

The fire, which originated in the southwest of the Cicero Smith Lumber yard, was well under way before it was discovered. A high wind,

**NEWS FROM OUR NEIGHBOR TOWN, LUBBOCK**

**Small Pox Cases Have Increased in Numbers.**

An epidemic of smallpox never preceded in number of cases in this section is threatened Lubbock, and there are now more than twenty-five cases in the city, according to statements made at the office of the city health officer Saturday.

Two arrests have been made and heavy fines imposed for violations of the quarantine rules, and additional arrests and even heavier fines are to be made unless more of those afflicted with the disease begin at once to showing better regard for the health of the other people of the city, according to the health officer.

Fears that Lubbock might have to be quarantined have been expressed in some circles, and the co-operation of every citizen in keeping the epi-

demic limited to the comparative few homes is asked by the health officer.

S. C. Evans, club specialist and assistant state agent of Boys' Club Work in Texas, will be in Lubbock June 11th and supervise the meeting of club boys and girls together with the county agents of several counties here.

Dawson, Lynn, Crosby, Dickens, Nolan, Mitchell and Lubbock counties will be represented by groups of from five to eight club boys together with about that number of club girls at the meeting, all of whom will participate in contests.

The winners of these contests will not only be eligible to represent the district in the contests at the Farmers Short Course to be held at College Station, but will also be given cash prizes which have been contributed by the Lubbock Weekly Avalanche. The Weekly Avalanche made this contribution to the contest in order to have a part in stimulating interest in club work on the plains for the management realizes that the work being done through these clubs will result in bringing about greater prosperity for the farmers and if possible a higher standard of living among the farm people.

The meeting will be held in the

blowing from the south at a rate of about 35 miles per hour, made fighting the flames difficult. The fire was believed to be under control at 7:30 o'clock.

Tahoka, Big Springs and Slaton rushed fire-fighting equipment to the distressed city, reports said. A later report said that a special train with equipment was being rushed from Lubbock.

Lamesa is considered one of the fastest growing cities on the Plains, claiming a population of around 5,000. The population in 1920 was 1,188. The development of the Dawson county land has been rapid, however, and many new business structures have been erected during the past year. The scholastic census of the town jumped from 584 in 1923 to 1,000 during the present year.

The difficulty encountered in fighting the fire was insufficient, according to reports. An ample supply was at hand to bring the flames under control, however.

**AMARILLO, June 7.—Two and a half business blocks at Lamesa, have been destroyed and flames are still raging, according to reports received here by the Panhandle and Santa Fe general office. The fire started about 4:30 o'clock with a strong westerly wind blowing. Telephone communication with the town is paralyzed. The Lubbock fire department left Slaton at 6:45 o'clock this evening on a special train provided by the Santa Fe and will assist in fighting the flames.**

**new County club house which will be completed by that time.**

The case of Robert Petit et al vs. W. E. and J. E. Spencer was started in the 72nd Judicial District Court here Monday morning with Judge Clark M. Mullican on the bench.

The case is one of the most important civil cases that has ever been tried in this court, in the opinion of observers, who point out that the sum of \$180,000 being involved in this case represents perhaps a larger sum than involved in any other suit tried here.

Jickers & Campbell, of Lubbock, and G. E. Lockhart, of Tahoka, represent the plaintiffs, while the defendants are represented by L. H. McRae, of Cisco, and Bean & Klett, of Lubbock.—Lubbock Avalanche.

Mrs. Forister and daughter, Miss Ruby of Fluvanna were here for the week-end the guest of friends.

**COOLIDGE VETOES POSTAL INCREASE**

WASHINGTON, June 13.—The postal salary increase bill was vetoed by President Coolidge Saturday with the declaration that "Government extravagance must stop."

It was returned to the Senate with a message objecting to the legislation because it made no provision for raising the approximately \$68,000,000 from the postal revenues.

Approval was given by the President to the provision added to the bill to regulate campaign expenditures and the statement was made that he would approve that section if it stood alone.

Mr. and Mrs. Leo Allen of Colorado, were in our city Monday, doing shopping and visiting with our business people.

**UPHOLD MAYFIELD  
IN SEAT CONTEST**

WASHINGTON, June 7.—The Senate committee investigating the election contest against Senator Mayfield (Dem.), Texas, Saturday upheld his right to a seat in the Senate.

The evidence presented by his Republican opponent, George E. B. Peddy, was held to be insufficient to support charges that excessive campaign funds had been spent in his behalf by the Ku Klux Klan or any other organization or individual in 1922.

The decision was announced after counsel for Peddy, who have been presenting testimony for several weeks, had argued in an executive session of the committee for a continuation of the hearings during the recess of Congress. Senator Mayfield's attorneys had urged action, declaring sufficient evidence already had been produced to enable the committee to decide.

Chairman Spencer, in announcing the view of the committee, explained that the full Elections Committee still must act on the contest and that it would be necessary then to obtain action by the Senate itself.

At the request of counsel for Peddy the committee agreed to make a further examination before it drafts its report into the charges of intimidation and unfair practices in the election. Briefs will be filed by counsel on those two phases of the case.

**THE BALLOON TIRE  
COMES TO STAY**

Though balloon tires are made to be used at low air pressures, it does not follow that any old pressure will insure maximum mileage from the tire, engineers of the Goodyear Tire & Rubber Co. point out.

Because balloon tires carry very low air pressures to begin with, a drop of from five to ten pounds represents a big percentage of decrease in the total recommended pressure. And so, running underinflated is just as harmful to the balloon tire as it is to drive a car equipped with high pressure tires at inflations below those recommended for a normal load.

Owners of cars with balloon tires should never let the pressures drop more than 10 per cent below the recommended inflation for a normal load. For instance, if the recommended pressure is 30 pounds, the absolute minimum is 27 pounds of air, below which the tire is certain to suffer damage.

The accompanying table of pressure for a normal load with balloon tires is given for handy reference.

Failure to realize that even though the balloon tire offers exceptional cushioning properties, it is nevertheless not a stunt tire, is resulting in the loss of good mileage to motorists.

Properly cared for, balloon tires will last as long and give mileage equal to that of high pressure tires. It is remarkable how much abuse some balloons will stand but the motorist should remember that every time he runs over a curb or extremely rough road he is gambling away mileage.

Because the balloon tire will not stand any more abuse than a regular high pressure tire it is no reason for thinking that the balloon is a fragile piece of workmanship. Given average care such as the ordinary motorist expects to give his regular tires, the balloon will not disappoint him in long service. Moreover, it has the added feature of extra cushioning for the mechanism of the car, thereby reducing mechanical repair bills. To determine the load on each tire the care owner should consult the local dealer who sells his make of car. Or

the car owner can figure out the weights and loads himself. Weigh the car first front and then rear with a normal passenger load—the number of passengers that will be carried most of the time—to determine the load the tires can safely carry.

Then divide the front load and the rear load by two to get the actual weight on each front and rear wheel and then follow the schedule shown in the table.

**SNYDER BOY TOURING EUROPE**

Theodore Yoder, who has just finished his second year at Southern Methodist University spent Thursday, June 6, with his parents, Mr. and Mrs. D. P. Yoder and with some of his schoolmates who were in high school here with him. He left Friday morning for the Y. M. C. A. encampment at Hollister, Mo., where he is a group leader this year. He will be there for 10 days after which he leaves for New York where he will join a group of Y. M. C. A. student boys who are going to Europe in charge of two men who have spent several years in relief and other work in different parts of Europe. It is a "Friendship Pilgrimage" to get acquainted with students and conditions in general in England, France, Belgium, Germany, Switzerland, Czechoslovakia, Hungary and Poland. This group of sixteen boys are picked from the whole of the U. S. and will meet prominent persons in each country where interested in student and Y. M. C. A. work.

They will see some of the more important points of interest on their trip and will leave Europe for home on Sept. 6, according to present plans. This trip is said by the leaders in Y. M. C. A. work to be worth at least one year in college and the young men who were selected to go are being congratulated by their friends both old and young.

**EXTREME CARE HERE IN  
USE OF ARSENIC URGED**

"If the farmers of this county will follow the government instructions in regard to the use of arsenic in fighting grasshoppers there will be absolutely no danger," declared Dr. W. A. V. Cash, city and county health officer, Saturday afternoon.

"The main danger of the use of the arsenic," Dr. Cash continued "is that if the water should become contaminated it will prove very damaging. Extreme care should be used in handling the arsenic."

Instructions sent out by the Texas A. and M. College and the United States department of agriculture, warn against leaving any arsenic lying loose about the house either in

the 'bran mash' form or unmixed. Should poultry, livestock or children eat the arsenic it will prove very damaging, likely causing death. Water used in mash is mixed should not be poured where it can run into wells on where it will stand.

County Judge Carlos D. Speck has received a number of additional instructions sent out by the Texas A. and M. College, it was said Saturday. These will be furnished any farmer who purchased the arsenic recently ordered by the county or by anyone else if request is made to Judge Speck.

Miss Georgia Winston returned home Saturday from Simmons College at Abilene, where she has been attending school the past term. Miss Winston received her degree having finished a four-year course in this school.

Miss Leftwich spent the week-end in Post, visiting with friends.

**NEW LAW FIRM FORMED IN SNYDER.**  
 Messrs. C. F. and J. E. Sentell formed a partnership in Snyder for the general practice of law. Mr. Sentell is county attorney of Scurry county and Mr. J. S. Sentell was principal of Snyder high school last year. He was admitted to the bar some time ago, but has not followed law, remaining in school and in the school room as teacher. He and his brother were admitted to the bar at the same time, but J. E. took two years in the State University after being admitted to the bar and added two years credit from that institute. Both are products of the University of Texas.

The Sentells come to Snyder from Weatherford and have proven very valuable citizens. They, in entering the general law practice in Snyder, adds to the strength of the bar and to our citizenship generally.

## Sweetwater and Hermleigh Win In Scout Meet

The people of Hermleigh increased their reputation as hosts by their entertainment of the Boy Scout Field Meet and quarterly Council meeting last Friday. Under the leadership of the Scoutmaster, Rev. C. A. Jones, everything possible was done to make the visitors enjoy themselves. Rev. Jones was ably assisted by Assistant Scoutmaster, Elmer Louder, H. O. Barbour and Dallas Whaley.

This is the first field meet to be held by the Buffalo Trail Council and officials of the organization say that it went ahead of their expectations in point of interest and attendance. About 150 Scouts from all four counties of the council, were present and about that number of adults attended. Much good natured rivalry developed over the field events and it took the last contest to decide the winners.

Mrs. Horace Cotton, who recently underwent an operation in the Lubbock sanitarium returned home Sunday. The friends of Mrs. Cotton are glad to know she is improving nicely and will soon be entirely recovered.
