AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, NOVEMBER 19, 1925

Number 24

## ECONOMY STORE BUYS BUSINESS PROPERTY.

Henry Rosenberg, manager of the Economy Store, announces the purchase of the business house on the south side of the square which is occupied at the present time by the Bryant furniture department. This building was owned by E. C. Dodson and Mrs. Nettie Wasson. The new owners will not get possession of the building until the first of January, 1926. It is the intention of the Economy store to redecorate and remodel the building and use it as rental property. The consideration is unknown to the Times-Signal.

## ANNUAL MEETING.

The Snyder Fire Department held their annual meeting, Thursday, Nov. 12, for the purpose of electing officers. J. I. Baze was re-elected president; B. L. Baze, fire chief; Addison Casstevens, assistant chief; Frank Darby, secretary-treasurer.

The resignations of D. P. Yoder, Forest Sears and Dewey Winstead were accepted. A vote of thanks was tendered to them for their services to the department.

Herbert Baze, Mark Johnson and Max Gideon were elected to fill the vacancies.

B. L. Baze and C. J. Yoder were appointed to get prices of siren and installing of same.

No further business was adjourned.

## LINDSEY SISTERS' HOME DESTROYED BY FIRE.

The home of the Misses Lindsey in the east part of the city was totally destroyed by fire about 10 o'clock Tuesday night. The origin of the fire is unknown. The Misses Lindsey were at home at the time, but have no idea how the fire originated. The first they noticed was a flickering of the electric light, which suddenly went out. The next moment they smelled smoke, but the house being in total darkness, they were unable to do anything in the way of saving any of their household effects. In fact, within a few minutes after they discovered that their home was on fire a large portion of the house was a mass of flame.

The fire department made a run, but the home was so far from the water mains, the firemen were unable to get any water on the flames, and as a result the house with its contents was a total loss. \$5,000 insurance was carried on the building and \$1,500 on the contents. The house was a large, well-built, 2-story structure, the material alone costing more today than the amount of insurance carried.

At the time of the fire, the wind was blowing a gale, and the fact that there were no other buildings near it, no doubt averted a much heavier fire loss in that part of the city.

## NEIMAN PROMISES GOOD SHOW.

Neiman Kincannon, who will be here with the "Flying Circus," is an old Snyder boy, and says that he will do his best to give Snyder folks a good show. He invites all of his old friends to be present, as they will see airplane stunts not often seen outside the larger cities.

## NOTICE TO OUR ADVERTISERS.

In paying for their ads that made the "Flying Circus" possible, one or two advertisers remarked that the advertising rate was much higher than the Times-Signal's regular rate. Very true. Aviators are not doing their stunts and bringing people to town just for the fun of it. The Times-Signal is getting only its regular rate, the increased rate is going to the aviators and promoters. In fact, the Times-Signal is giving \$50.00 in advertising to help bring the show to town. Furthermore, those who contracted for the ads, with only about three exceptions, did so of their own accord, as no one connected with the Times-Signal office had anything to do with selling the advertising.

## D. C. BARTON, JR., RUN DOWN ON VICYCLE.

Last Thursday afternoon D. C. Barton, Jr., was thrown from the bicycle on which he was riding, when a car driven by Doc Howell of Lamesa struck the bicycle. Mr. Howell had turned the corner in front of H. L. Davis Co. and the lights of the car did not reveal the child in time to avoid the accident. The clothing of the boy was badly torn and he was slightly scratched and bruised, but the attending physician declared, upon examination, that the child was not seriously hurt.

## J. E. CHINN RESIGNS AS MARSHAL.

At a meeting of the city council Thursday, J. E. Chinn offered his resignation as city marshal effective December 1, as on or about December 1, Mr. Chinn and family will move to New Mexico where Mr. Chinn expects to go into the cattle business.

Mr. Chinn's resignation was accepted and Nightwatchman J. A. Woodfin was elected to fill out Mr. Chinn's unexpired term. P. M. Bawlin was elected building inspector.

## PASTORS EXCHANGE PLACES.

Rev. A. B. Davidson, pastor of the Methodist church of this city, and Rev. B. W. Dodson, pastor of the Slaton Methodist church, have exchanged places for the coming conference year.

The year just closed here by Rev. Davidson was one of the most successful in the history of the church at this place, there being something like 130 additions to the membership. Rev. and Mrs. Davidson will leave in a few days for their new field of labor, carrying with them the best wishes of their many friends in Snyder and Scurry County.

Rev. Dodson, the new pastor for this charge, is said to be one of the strongest preachers in all West Texas, and will have the hearty support of his membership here.

## C. L. BANKS BUYS JONES GROCERY.

Mr. C. L. Banks has purchased the Noah Jones grocery on North Clairemont Street, and has already taken possession. Mr. Banks is foreman of the R. S. & P. section crew and is well liked. The Times-Signal wishes Mr. Banks success with his new venture.

## JOE STRAYHORN REMOVED SHOP.

Joe Strayhorn has just completed the work of removing his workshop into the new annex which he built this summer on the north side of his original building. This is roomy and affords much more light than was afforded in the former room. Mr. Strayhorn now has one of the largest and best equipped Ford shops and the largest stock of Ford supplies and accessories in all West Texas.

## ROTAN ADVANCE THINKS SNYDER SANTA FE'S OBJECTIVE.

A party of surveyors with the Santa Fe Railroad Company are camped in Rotan and are making surveys west of town.

It is, of course, impossible to obtain any information as to what the outcome of this work will be, possibly even the railroad officials do not yet know what will be done, but there are rumors, some of which may have some foundation.

It is the expectation of some that the Santa Fe will build a line from Fort Worth to some point on the plains and that Rotan will be on this line. Surveys have been made in the country north of Rotan, and it is said that no feasible route was found there that they could use to cross the many canyons. It is suggested that the Santa Fe has bought or will buy the M.-K.-T. line from Rotan to Waco, or some intermediate point and extend west from Rotan to Snyder to connect with the line of the Santa Fe there.

It is a well known fact that there is keen rivalry between several roads for the western trade and the Santa Fe are surely interested in this territory as well as other roads. The short construction of 30 miles from Rotan to Snyder is the shortest gap between eastern terminals in this section and it looks like this might be the objective of the Santa Fe.

By the time construction work could start on a railroad Rotan will have an unlimited supply of pure water and if there is any building activities in this line Rotan will be right in the middle of it.—Rotan Advance.

Mrs. Joe Strayhorn is visiting her son, Rob Strayhorn, and family in Rotan for a few days.

## MISS NORA CASEY MAKES GREATEST GAIN; RALPH WOLFE IN THE LEAD

The Times-Signal's automobile race is warming up, several thousand votes having been polled since our last issue. Miss Nora Casey made the greatest gain, going from seventh place to fifth place. Ralph Wolfe came up from third place to first place. Mrs. Biggs and Miss Eva Strayhorn each made good gains.

Don't forget that the contest will close promptly at 9:00 o'clock Wednesday night, December 23. We don't mean 9:15. All receipt books and the money corresponding must be in the hands of the judges by 9:00 o'clock, as it will positively close at that time. If you are really in the race, you had better be making good use of your time. If you expect to help your editor secure his 3,000 subscribers, why not subscribe, renew or send one or more copies for one or more years to some friend now, and help some contestant. Why wait until the last day?

You readers living in another county or other state, why not pay up for several years while you can get the Times-Signal at reduced rates? After the contest the Times-Signal will be \$2.50 a year outside of Scurry county, and two (2.00) dollars a year in the county. Following was the standing at noon Thursday, No. 19.

Ralph Wolfe	44,600
Eva Strayhorn	40,200
Mrs. A. P. Biggs	40,000
Mary Belle Trevey	28,400
Nora Casey	27,100
Mary Higgins	17,500
Janie Martin	10,100
Sadie Lightfoot	5,400

## EMMETT WHITAKER PREPARING FOR MINISTRY.

Emmett Whitaker, who has been linotype operator in the News office the past several months, leaves this week for a few days visit with the home folks at Seminole, after which he and his brother, Lewis, will enter Wayland Baptist College at Plainview. Emmett has acquired considerable proficiency as an operator and is a good printer. He will study for the ministry in Wayland. His place as operator on the News force will be filled by Miss Ethel Purnell of Lewisville, who arrived in Tahoka today (Thursday). Miss Purnell received her first experience and training in C. I. A. at Denton and has since operated a machine in the shop of the Saint Joe Tribune.—Lynn County News.

Emmett worked on the Times-Signal several months last year. He is a good, honest young man, and the Times-Signal wishes him God's blessings in his chosen work.

## BOX SUPPER AT IRA SCHOOL.

There will be Thanksgiving program and box supper at Ira school auditorium Thanksgiving.

Dr. Leslie attended the Southern Medical Association at Dallas this week.

R. E. Dever visited his daughter at Texico this week. He says that it is too cold up there for him, and that he was mighty glad after a visit with his daughter to get back to God's country.

Mr. and Mrs. M. A. Adams and Mr. and Mrs. Garrett Holcomb visited at Happy since our last issue.

Rev. A. B. Davidson was confined to his room Wednesday with a severe cold. He was greatly revived, however, when he received word from College Station that another big boy had appeared at the home of his daughter, Mrs. Harrison.

Rev. Dodson, the Methodist pastor, will preach his initial sermon here Sunday.

A friend of the Times-Signal kindly sends in the following: "Mrs. P. H. Harman argues that there is profit in turkeys, as she has just sold 78 for \$319.75. She says that she never fed them only when they were young, but simply herded them in the cotton field to keep down the worms, and by so doing, she made more cotton."

Marshall Higgins attended the Rotan-Post football game in Rotan Wednesday, November 11.

Mrs. Roland Irving and little daughter, Enid, who have been visiting with Mrs. Irving's parents, Dr. and Mrs. A. O. Scarborough, left last Saturday for Abilene where they visited for a few days with Mrs. Irving's sister, Mrs. Guy Paxton, before returning to their home in El Paso. They were accompanied to Abilene for the day by Mrs. Irving's mother, Mrs. A. O. Scarborough, and brother, Hugh Scarborough.

Mrs. C. M. Fish returned Thursday from Gorman, Texas, where she attended the funeral of her aged mother, Mrs. T. M. Collie.

Messrs Robert L. Clayton and John Sportsman of Celina, Texas, after a few days' visit in Dalhart, stopped over for a day and night last week in Snyder with Frank Crenshaw.

## UNION DOTS.

Ivey Biggs and family left Thursday for Brownfield where Mr. Biggs will teach school the next school year. We hope for him a successful year.

The Crowder school which began Monday morning will be taught by Mrs. Johnson, who taught as principal last year, and Miss Elizabeth Hays, one of our home girls.

Miss Delia Carrell left for Fluvanna Sunday evening to take up her school work again after a three weeks' vacation to gather some of the crops. Some of the farmers are catching up with their picking but there is lots of cotton to pick yet. Ben Scott made a trip upon the Plains last week. Ben seems to have some sort of unfinished business up there.

L. M. Bynum and family moved to the teacherage at Turner schoolhouse where Mr. Bynum will teach the school the next school year, with Miss Rue Horsley as assistant.

Ray Morgan and Margaret Carrell took dinner with Jewell Ramsey Sunday.

Miss Flora Melton left Sunday evening to begin her school in Mitchell County.

Homer Bentley said Sunday that he was taking medicine every three hours and washing his mouth out the balance of the time. We suggest that possibly he was taking horse tonic.

Grady Biggs, wife and baby moved to the Canyon community where Mr. Biggs will teach the Canyon school the next school year, assisted by Mrs. Lucy Sivert.

Miss Fay Morgan left last week for Lamesa. She will teach school 15 miles west of Lamesa the next school year.

Sunday being the regular preaching day at the Baptist church Rev. Wilkerson was there with another good sermon on Stewardship. Text 25:14-30.

Bro. Alexander, associational missionary, was present and preached at night. Subject, The Rural Church; Its Problems; the Preacher and His Requirements. Bro. Alexander made a good talk, stressing the fact that we need more such country preachers as John the Baptist, Matt. 3. And we sure believe that such consecration by some of our ministers would go a great way toward solving the rural church problems or conditions.

The Sunday Schools at this place are not attended as they should be as so many of us forget to do our duty at this time of year. The following will give you some idea: For the Methodist Sunday School—present 46, absent 30, collections \$1.59. For the Baptist Sunday School—present 52, absent 15, collection \$2.19. There should be at least 110 enrolled in the Baptist Sunday School and 100 in the Methodist Sunday School. There are other items that I have probably missed but I must desist as the Madam calls.—Reporter.

Miss Frances Bently began her school Monday morning at Big Sulphur.

Mrs. Mary B. Sterrett of Long Beach, California, has been in Snyder on business for the past week. She left Friday for Galveston, Texas, where she will visit with her daughter, Mrs. Gano Fairbanks.

## LOCAL LIONS TO PRESENT PLAY.

On the nights of Dec. 2 and 3 the Local Lions will present to the citizens of Snyder a two-act musical comedy entitled, "In Hot Tamale Land." This is a very clever play and has a goodly sprinkling of popular and Spanish songs and dancing. Local talent will be used and rehearsals have already started. The play will be given at the Palace Theatre and is being directed by Miss Dorcas Horton of the Lone Star Producing Co., of Greenville, Texas. Proceeds will be used for Christmas charity.

## DERMOTT.

The Woman's Progressive House Demonstration Club, the Get Up and Goers met with Miss Roten at the home of Mrs. W. E. Bass Nov. 16. Fourteen members, Miss Roten and two visitors were present.

Miss Roten gave a demonstration on drop biscuits which were delicious. Also presented each member a recipe pamphlet.

We had three additional members to the kitchen contest. They are Mrs. Elvie Greenfield, Mrs. McBride and Mrs. Harvey Greenfield.

Mrs. Roten will give a beef canning demonstration at the home of Mrs. C. B. Alexander Tuesday, December 8.

Miss Roten will give us some Christmas suggestions at our next meeting. We will meet again, Nov. 30, at the home of Mrs. D. N. Sharp.—Club Reporter.

## A DISTINGUISHED TEXAN.

Dr. Crystal Ross, daughter of Dr. A. A. Ross of Lockhart is the guest of her aunt, Mrs. Dora Cunningham, who is living on the ranch.

Miss Ross spent several summers here when a child. Since then she has pursued her education at the University of Texas, where she received her B. A. degree with Phi Beta Kappa, at Columbia University in the City of New York, where she received her master's degree, cum laude, after which she has studied two years in Europe at the Sorbonne in Paris, at the British Museum in London, and at the University of Strasbourg where she received her Ph.D. with highest honors, in May of this year.

Miss Ross published her thesis, written in French, in France. It is a study in comparative literature on the relation between the American and French short story. She is the first woman to receive this degree, the only American to have done the work, and one of the youngest doctors in the academic world.

Since her return to America in July, Miss Ross has had charge of the department of comparative literature of the University of Texas for the summer session. There she gave lectures on the realistic French novel, and the international short story, and other phases of comparative literature in Continental universities.

Since September Miss Ross has been visiting friends in various parts of the state. In coming out she stopped in Abilene where she was the house guest of the George L. Paxton, Sr.

Miss Ross says she is enjoying her visit very much and is glad to be learning more about life in West Texas. She says she has never felt quite at ease in telling foreigners that she was from Texas when she was unable to substantiate the assertion with a few appropriate gestures with the lariat. She says that when Texas is mentioned, most foreigners remark, "Yes, that big ranch near Mexico. I have seen it in the movies."

## KNAPP NEWS.

We have been having pretty weather for the last week or two.

There was a party at Joe Burneys' house Saturday night. Everyone had as nice time.

There was Sunday School at Bison Sunday. Wasn't much of a crowd. You people around in this community ought to come to Sunday School. We want to keep our Sunday School going.

There was singing at Mr. Trevey's Sunday night. Everyone had a nice time.

Gean House and family visited at Knapp Sunday.

Ellis House came to Knapp Sunday. Don't know what he come for. Guess he came to see his girl or see the city, don't know which, but we have both.

Mr. and Mrs. Walker Huddleston, Mr. and Mrs. Jack Burney visited relatives at Abilene Saturday night and Sunday.—Breezy.

## ENNIS CREEK.

The Ennis Creek people took advantage of the favorable weather the past week and picked lots of cotton. Bro. McGaha will preach for us at 11 o'clock, fourth Sunday. Everyone come.

Mr. Galyean purchased a new 1926 model Ford Saturday. Mr. Galyean and family were visitors at Mr. Everett Shultz's Sunday.

Miss Bonnie Davis, who is attending school at Snyder, spent the week-end with homefolks.

Quite a crowd attended the party at Mr. Colclazer's Saturday night. Everyone reported a nice time.

Clarence and Nathan Wade, Bird, Era, Hattie Lee and Treva Hart and Lillian Colclazer visited Ethel Robinson Sunday evening.

Mr. and Mrs. J. D. Robinson were visitors at Mr. Dee Robinson's Sunday.

Mr. and Mrs. Ramage, Mrs. White and Treva Hart visited at Mr. Colclazer's Sunday.

Mr. and Mrs. Wade and mother visited Mr. and Mrs. Everett Shultz Sunday afternoon.

Our school began Monday. Quite a number of boys and girls were present. Others are still busy picking cotton.

Mr. Gee and family, Byron Pitner and John Pitner spent Sunday with Grandma Pitner.

Herman Galyean spent Saturday night with Anthem Wade.—Dan.

## IRA SNAP SHOTS.

The people around Ira are beginning to get fresh meat hungry. These cold snaps make them want something besides spuds, beans and turnips.

Mrs. Jollie Bowers and Mrs. W. T. Goffert visited Mr. and Mrs. J. F. Jordan Thursday afternoon.

Mr. and Mrs. Ralph Lewis of Ralls have been visiting relatives here but will return home Friday.

F. T. Bryant, Misses Verdia Davenport, Addie Miller and Tom Miller went to singing Sunday night at County Line.

Winfrey Giddens visited Miss Estelle Williamson and Luther Williamson of Pleasant Hill Saturday night and Sunday.

Miss Mary Hailey and Plenty Head of Ennis were married last Saturday night in the office of Judge Holley, the Judge officiating.

Mrs. Tom Hailey, assisted by Mrs. I. A. Joyce, entertained the pupils of the 5th and 6th grades on Friday afternoon, November 13. The occasion was to celebrate the birthday of Ina Mae Hailey. The afternoon was spent in playing games, which were directed by Misses King and Howell.

Refreshments were served to Lloyd Webb, Russell Parsons, Orville Taylor, Robert Howell, Johnnie Jordan, Estelle Jordan, Ruby Giddens, Ethel West Falls, Myrtle and Bessie Russell, Inez and Lucille Smallwood, Tiny Lou Taylor and Ina Mae Hailey.

Winfrey Giddens was surprised with a birthday party last Tuesday night, November 10, at his home. The following were present: Mr. and Mrs. T. J. Miller, Mr. and Mrs. Silas Davenport, Mr. and Mrs. Ed Taylor and son, Orville, Mrs. Kropp, Mr. and Mrs. A. L. Barnett, Misses Verdia and Clellia Davenport, Misses Addie and Thelma Miller, John Miller and Vern Geyshecker. The big supper was enjoyed by all.

Cline Newman of Ira recently sold his gin and bought some land near Stanton. He is busy this week making improvements on his land.

The Parent-Teacher Association had a call meeting last Thursday afternoon, Nov. 12. The purpose of this meeting was to discuss plans for the payment of schoolground equipment. It was decided to have a Thanksgiving program, after which there is to be a "pie supper."—Horse Taming Shorty.

Mr. and Mrs. Doc Richardson and son, Mrs. G. N. Richardson and Miss Eula Richardson visited in Dunn last Wednesday.

R. A. Blackard and family, who left Snyder a few weeks ago to make Wichita Falls their future home, have returned to Snyder. Mr. Blackard declares that he has been fully cured, and that he will never leave again until he leaves for "that bourne whence no traveler returns." Mr. Blackard might have known better than attempt to stay away from Snyder and Scurry County for any length of time, after having drunk water out of Deep Creek all his life.

Mesdames O. P. Thrane and H. G. Towle were visitors in Abilene Tuesday of last week.

Pete Brady is here this week from Austin. Pete looks well and declares that he never felt better in his life.

### Time to Get Out of Debt---

The following statements are taken from Roger H. Babson's, one of the world's greatest economists and statisticians. The remarks are so pregnant with truth and so aptly fit the condition of our own community that we wish them to appear over the signature of our bank in a general advertisement.

"At no time in our business experience have we known so many people in debt as today. They range from the poorest consumers, who are buying luxuries on the installments, to the hordes of Florida 'investors' who are buying land on a shoestring. Recently the brokers' loans in New York touched the largest figure ever reached. Stock market averages are also at their highest point, not excepting even the wild market of 1919-1920.

We cannot make any hard and fast predictions as to what the result of this borrowing epidemic will be, for there never has been anything quite like it before. The installment companies tell us it is alright; that it is merely the extension of legitimate business credit to the customer. The real estate people point to the growth in property values and to the fact that no one has yet lost money in this real estate boom.

We have learned, however, that when everybody is rushing in one direction, it is usually good business to rush some other way. Surely today the great majority of people are rushing into debt. To us this means that now is the time to get out of debt. Whether you are a bull or a bear on the outlook, at least trim down your speculative deals so that you still will be operating with your own money."

### YES, WE ARE NOT GETTING RICH.

A few days ago a number of persons were commenting on the great (?) amount of money the Times-Signal was taking in on its present subscription campaign, and it was decided that the editor was getting rich.

You bet we are—NOT. For the benefit of those who imagine that all money taken in on subscription, advertising and job work is all profit,

we will state at the beginning that it costs us \$1,100.00 a month to run the Times-Signal. Furthermore, we have not taken in much more than half enough on subscriptions to pay the actual cost of the two automobiles. Furthermore, at \$1.50 a year, we lose money on every subscription, as \$1.50 just about pays for the blank paper and postage. And, furthermore, we are going to say that no matter how much money we take in on the present campaign, we are going to lose money; that is, so far as

the subscriptions are concerned. Our only reason for putting on the contest is to secure a subscription list large enough to be able to get more advertising at a high rate. If we make any money at all, it will be

from advertising.

Therefore, if you want to help your local editor build up a subscription list that will enable him to give you a better paper in the future than the Times-Signal is at present and to enable your editor to make a respectable living, to say the least, subscribe or renew during the present campaign. So far, it looks very much like we were going to fall short of our 3,000, which we had hoped to have when the contest is over. But that makes no difference with us, the two automobiles are going to be given away, no matter how great or how few the subscribers we get. Therefore, to the contestants we say: Just keep on working, believe nothing you hear, but rest assured that every promise made by the Times-Signal will be carried out to the last letter.

**THE STATE OF TEXAS.**

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Scurry, State of Texas, if there be a newspaper in said county but if not, in the nearest county where a newspaper is published, for four successive weeks previous to the return day hereof you summons B. F. Tingle, whose residence is unknown to be and appear before the Hon. District Court in and for the County of Scurry at the next regular term thereof, to be holden in the County of Scurry at the Court House therein in Snyder, Texas, on the Fourth Monday in December, 1925, same being the 28th day of December, 1925. The number of said cause being 2357 then and there to answer the petition of Myrtle Tingle, filed in said court on the 18th day of November, A. D. 1925 against the said B. F. Tingle, and alleging in substance as follows: That plaintiff and defendant were married September 11, 1920, and separated September 17, 1921; that defendant without cause or provocation abandoned plaintiff more than three years prior to the filing of this suit, with the intention then and there expressed of never living with plaintiff again. Plaintiff alleges that

prior to her separation defendant cursed and abused her and pursued such a course of cruel and inhuman treatment as to render their further living together unbearable and insupportable. Wherefore, plaintiff prays for an absolute divorce from the defendant, and that her maiden name of Myrtle Russell be restored to her.

Herein fail not, but have you then and there before said Court this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Snyder, Scurry County, Texas, this 18th day of November A. D. 1925.

**MRS. EILAND ANNOUNCES FOR COUNTY CLERK.**

In this week's issue will be found the announcement of Mrs. Ethel Cherry Eiland as a candidate for the

office of County Clerk which will no doubt be read with considerable interest by her many friends and acquaintances.

Left an orphan when 11 years of age, Mrs. Eiland completed her high school course when only 15, and immediately commenced teaching in the public schools of Mills County where she remained for four years.

Coming first to Scurry County in 1902 she later went to Jasper County teaching in a saw mill camp for a time where she organized the first Sunday School in that entire section. Returning to Scurry County she taught for 5 years at Ira, 3 years at Hermligh and one year each at China Grove and Canyon.

As Ethel Cherry she is perhaps one of the best and most favorably known women in Scurry County. Married

in 1914 to Mr. Graddon Eiland, she was left by his untimely death again on her own resources in 1922 when she was employed for a time in the County Collectors' office and then for almost three years has been connected with the Snyder Utilities Company where her uniform courtesy and ability has earned for her the position of one of Snyder's most able business women.

With her candidacy there is no question but Scurry County will have the opportunity of electing an officer thoroughly capable of filling the office to which she aspires.

Miss Lucile Strayhorn was in Colorado City last Friday. She was accompanied home by Miss Gertrude Herm who spent Saturday and Sunday with her.

Mrs. J. A. Hightower of Amarillo has been visiting with Mr. and Mrs. R. Lee Sanders at their home eight miles west of Snyder.

Messrs. and Mesdames, J. K. Power, J. T. Hurd and Clyde Connel of Post were the guests of Mrs. J. M. Harris Wednesday of last week.

Miss Nellie Cotten began her school at China Grove Monday morning, November 16.

Louis Alvarado, who has been clerk operator at the Western Union office here has been transferred to Bogalusa, La.

Mrs. Herbert Patterson of Midland, Texas, is visiting with her father, Judge Holley.

Miss Ophelia Dorward, Melvin Blackard, and Mr. and Mrs. Maurice Brownfield spent last Sunday at the Dorward ranch near Gail.

**A. N. EPPS FOR COUNTY CLERK.**

It is with pleasure that the Times-Signal announces the candidacy of Mr. A. N. Epps for the office of County Clerk of Scurry County. Mr. Epps is no stranger to the people of this county, having moved here in 1900, locating near Dunn. During

his residence at Dunn he taught school for six years at that place. Some ten years ago he moved to Snyder and was in the employ of Blackard Brothers for nine years—until they sold their business last January since that time he has been with J. C. Dawson. Mr. Epps is a man that is well qualified to capably fill the office if elected. He attended the North Texas State Teachers College and is also a graduate of the commercial department of that college. He holds a permanent teacher's certificate. With his educational quali-

cations and his experience in business he will, if elected, conduct the affairs of the office of County Clerk with credit to himself and his constituents. The writer does not hesitate in recommending him to the voters of Scurry County and from his dealings with him in a business and friendly way feels sure that you will be glad that you supported him in the Democratic primary next July.

Mrs. W. F. Martin Jr., of Slaton, Texas, visited last week with her parents, Mr. and Mrs. W. F. Martin, here.

"The first time I took Cardui I was in an awful bad way," says Mrs. Ora Carille, R. F. D. 5, Troup, Texas. "I went fishing one day. A heavy storm came up and I got soaking wet in the rain. I was afflicted with awful smothering spells. I could not get my breath. My mother had some

In the house that she was taking, so she immediately began giving it to me. In a few days I got all right. "Last fall I got run-down in health. I was weak and lumpy and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement.

"Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that's made it pick up."

Foot troubles are universal. Government records show that 7 out of every 10 adult people have some form of foot trouble.

You are probably a victim of foot trouble yourself. It may be only a corn, a callous, a bunion or some more serious trouble such as weak and broken-down arches. You might not know the nature of your trouble but you do know that your feet ache, pain, and get all tired out on the slightest provocation.

NEIGHBORING COUNTY NOTES.

W. E. Ponder, for many years a practicing attorney of Sweetwater and a former prosecuting attorney of Nolan County, is removing to Roscoe where he will resume his law practice. Claud Patterson, a former resident of Roby, died the past week in Fort

Worth of pneumonia. Edgar, the 19-year-old son of Al Brawley of Spur, was shot and killed in an altercation between the Brawley and Denson families Sunday. J. A. Davis, one of the pioneers of the Spur country, died the past week of acute indigestion. The Burton-Lingo Lumber Company is opening a yard at Rotan at the old Weldon-Smith yard. Last Saturday while S. C. Carlton, city marshal of Lorenzo, was under

his car, which he had jacked up for repairs, the car rolled off the jack, dropping on Mr. Carlton's neck, broke it, causing instant death. Grandpa Lackey, the oldest person in Lynn County, died at the home of his daughter, Mrs. J. M. Tallant at O'Donnell last Thursday at the age of 102. Deceased was born in Springfield, Missouri, December 2, 1823. His father fought side by side with George Washington, and died at the age of 105. Deceased leaves a large

family, the eldest child being 84 years old. The new Presbyterian church of Sweetwater was formally dedicated Sunday, Rev. A. H. P. McCurdy conducting the services. The Rev. Chas. T. Whaley, former pastor of the Memphis, Texas, Baptist church, was bitten on the leg by a huge rattler near Seagreaves a short time ago. Pearl, the 8-year-old daughter of

D. F. Nichols of near Grassland, picked 380 pounds of cotton in one day a few days ago. Her sister, Louise, aged 6, picked 264 pounds the same day.

Robert, the 19-year-old son of W. A. Perry of San Angelo, but formerly of Sweetwater, died the past week. He leaves a young wife.

John T. Johnson, a pioneer Sweetwater business man, died in that city last Friday. Deceased was connected with the Western Windmill Company.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calomel, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calomel at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

THREE TIMES BETTER THAN PLAIN CALOMEL

Here is a new combination of well known drugs that regulate liver, aid digestion, stimulate kidneys and acts as an intestinal antiseptic.

Actual tests prove that calomel, in connection with pepsin, makes the ideal day-in and day-out laxative, that can be taken at any and all times.

Whenever you need a good laxative, whether for toxemia, torpid liver, biliousness, headaches, constipation, indigestion or colds, go to any drug store and get a package of "pepsinated calomel" and you'll feel fine and fresh next morning. Sold by STINSON DRUG CO.

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Scurry, State of Texas, if there be a newspaper published in said County but if not, in the nearest county where a newspaper is published, for four successive weeks previous to the return day hereof you summons Walter B. Whitlock, the unknown heirs of Walter B. Whitlock, and the assigns of Walter B. Whitlock and their heirs, whose residence is unknown to be and appear before the Hon. District Court, in and for the County of Scurry, at the next regular term thereof, to be holden in the County of Scurry, at the Court House thereof in Snyder, Texas, on the Fourth Monday in December, 1925, same being the 28th day of December, 1925, the number of said cause being 2358, then and there to answer the petition of R. S. Moore, filed in said court on the 18th day of November A. D. 1925, against the said Walter B. Whitlock et al, and alleging in substance as follows: That on the 18th day of November, 1925, plaintiff was lawfully seized and possessed of the following described land and premises situated in Scurry County, Texas, holding and claiming the same in fee simple, to-wit: The south half of lot No. 1 in block No. 36, of the Lundy Park Addition to the town of Snyder, Scurry County, Texas, as said lot and block appear on recorded plat of said addition in Book 1 at page 298, Deed Records of Scurry County, Texas, Plaintiff alleges that on said 18th day of November, 1925, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withhold from him the possession thereof, to his damage in the sum of \$2,000.00; that the reasonable rental value of said land is \$300.00 per year. Plaintiff alleges that in addition to being owner of the legal title to said premises, he is also seized and possessed of the same under and by virtue of the three, five and ten year statutes of limitation.

Wherefore, plaintiff prays that defendants be cited and that he have judgment for the title and possession of said above described land and premises with his writ of restitution and for his rents, damages and cost of suit.

Herein fail not, but have you then and there before said Court this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, in Snyder, Scurry County, Texas, this 18th day of November A. D. 1925.

Attest: JEAN GRIGGS, Clerk District Court Scurry County, Texas. 24-4t-c

All Worn Out?

So Was Mrs. Thompson, Who Tells Her Experience.

Are you tired all the time; worn-out night and day? Does your back ache as if it would break? Do you suffer dizziness, headaches, rheumatic twinges or distressing urinary disorders? You have good cause, then, to be alarmed about your kidneys. Do as many of your townfolk recommended. Use Doan's Pills—a stimulant diuretic to the kidneys. This Snyder case is convincing: Mrs. M. S. Thompson says: "My back hurt most all the time and when I stooped, sharp cutting pains darted through it. My kidneys acted irregularly, too. Headaches came over me often and I felt tired and worn out. Doan's Pills from the Stinson Drug Store soon cured me, and the cure has lasted."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Thompson had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

**TALKING RULE.**

I'm not going to discuss school, the teachers, but the "Talking Rule."

And what I'll say, I'll say it quick. This "talking rule" makes me sick.

I can't be good for eight long hours, I guess I'm like the little flowers, they have to have a world of sun, I have to have a world of fun.

And when I do, I always pay, thirty minutes after school that day, just if they fail to call my name,

You may be sure I'll not remain.  
**ERNEST HAYLEY.**

**ARM CHAIR FOR AGRICULTURE ROOM.**

Mr. I. C. Bagwell, our school superintendent, ordered a number of tablet arm chairs to be used in our agriculture class room. These chairs are especially convenient for students who write a great deal. They are more comfortable than the ordinary school desk and require less floor space.—Reporter.

The Snyder teachers met in the high school auditorium last Saturday and attended an institute. The home institutes pertain particularly to our own work.

The basket ball girls have been practicing for the past week and will continue to do so. We expect to have a game soon. The senior and junior girls will have a practice game some time this week.

**COLORADO BEATS DELEON.**

Coach Sims and ten Tigers went to Colorado Monday afternoon to see the football game. The Tigers were: May, Martin, Woosley, Morgan, Reed, Cotten, Stacy, Fesmire, Brown and Cooper.

Colorado won the district championship by defeating DeLeon 13-6. It was a fast, hard-fought game.

**FOOTBALL NEWS.**

The Tigers have taken a new interest in football and twenty men are out for practice daily. There will be two more games for the Tigers this season. One this coming Friday and the other Thanksgiving. There will be an announcement later as to whom the opponents will be.

**AN ANNOUNCEMENT.**

The Taming of the Shrew. Have you studied Shakespeare? or read any of his works? Then you must not miss "The Taming of the Shrew," to be presented by expression pupils of Miss Elaine Rosser and assisted by several others in the school.

The cast will be all girls and we hope when you have seen the play you will think it an all-star entertainment.

To see the costumes alone will be worth the price of admission. They are to be ordered from a costume house in Chicago and will be true to

Shakespearian times.  
 You'll just have to hold your sides during the scene between Petruchis and Katherina and also at the antics of Biondello the court jester and Gunmiro the servant.

You can't afford to miss it so buy your ticket early!

**HOME PROJECTS.**

In Texas there are two kinds of home economics—vocational and non-vocational. The chief difference between the two kinds of work being home projects, which are required for all vocational work either in agricultural or home economics.

A home project is not merely a job but is an educational job. It is chiefly for the purpose of acquiring skill and managing ability. It is just as sensible to try to teach horseback riding by mail as it is to teach home economics without any co-operation at home. In the laboratory the work of necessity must be done in small amounts or by groups. Many times the girl can be only a spectator or a helper in class while at home the project enables the girl to be the manager as well as the worker.

There are several things necessary in order to have a successful project.

1. A purposeful activity on the part of the pupil.  
 2. A normal unit of home work offering a chance for the girl to become proficient in some piece of work. A normal unit means the whole job included. For instance, if it is the cooking of meals it should include the planning of menu, the buying of food, preparation, serving, cleaning up afterward and the necessary preliminary practice work.

3. The project is a part of the regular credit class and therefore it must be closely related to the class work.

4. Project must be carefully planned and carried through to completion.

5. Project must be well supervised by the instructor.

**HOME ECONOMIC NEWS.**

The second year girls have been serving luncheons this week. We had to plan the menu, cook the luncheon and serve one of the groups with a member of the faculty as our guest. Group three served Mr. and Mrs. Bagwell, Misses Clark, Maurine Stokes, Vivian Davidson and Nina Frances Banks. A delightful luncheon consisting of the following menu

**Special Sinclair Tractor OIL**

Is not the continued, efficient operation of a tractor just as important as hauling or other business incident to marketing the products garnered by these tractors?

The very fact that a tractor consumes much more oil in a year than a motor car makes this item of quality oil for the tractor of double importance.

We know it will pay the farmer in cost of upkeep, in eventual operating cost, in production, to use the best motor oil on the market for his tractors and with this in view we offer him SINCLAIR OILS!

MONTEVALLO COAL is noted for its long-lasting quality. Extensive tests show that it goes 25 per cent farther than any other coal produced in the South. That is the secret of its supremacy! MONTEVALLO costs more per ton—but less per season—because fewer tons are needed.

This superior coal will not clinker or coke. It is clean—free of impurities—and its rate of burning can be easily con-

trolled. You can hold the fire overnight, or produce heat, as your prefer.

In three domestic sizes—fancy lump, washed domestic egg, washed furnace nut.

There is only one Original MONTEVALLO Coal. Be sure you get it. Inferior coal is being sold as Montevallo. Buy from an authorized MONTEVALLO dealer.

**WHAT'S DOING IN WEST TEXAS.**

**LITTLEFIELD**—This town claims to have more memberships in the West Texas Chamber of Commerce per capita than any town in West Texas. B. F. Bennett who was here this week secured sixty-two memberships here and was told to call again if that was not enough. Littlefield is awake to the benefits derived from loyal support of the organization and is unanimously behind the West Texas Chamber of Commerce.

**COLORADO**—R. Q. Lee, president of the West Texas Chamber of Commerce will speak here on the evening of November 30. He is to make a campaign along the T-P reaching as far as El Paso. His complete itinerary for trip is: Hermleigh 4:30 p. m., Nov. 19; Roscoe, noon, Nov. 20; Loraine, 3 p. m., Nov. 20; Colorado, 8 p. m., Nov. 20; Big Spring, noon, Nov. 21; Stanton, 8 p. m., Nov. 21; Big Spring, Sunday, Nov. 22 he will speak at the First Baptist church; Lamesa, noon, Nov. 23; Midland, 8 p. m., Nov. 23; Barstow, 10 a. m., Nov. 24; Pecos, noon, Nov. 24; El Paso, Nov. 25. Mr. Lee may stop at Balmorhea Nov. 26, on his return trip.

**COLEMAN**—The Heart of Texas district convention of the West Texas Chamber of Commerce will be held here Dec. 18 and preparations are already under way to make this the greatest district convention ever held. This district includes a number of counties in Central West Texas and some unusual features will be staged during the convention.

**ROBERT LEE**—A big irrigation meeting was held here Nov. 13. Eminent men in irrigation were here and high officials of the Orient Railroad were present to encourage the project. A. Lincoln Fellowes, head of the United States Reclamation Bureau made the principal talk. West Texas Chamber of Commerce was represented by E. H. Whitehead, publicity manager of the organization. The project here is located on the Colorado River and is potentially one of the greatest projects in the country. It will be entirely located in Coke County.

**ABILENE**—Armistice Day was celebrated in appropriate manner all over West Texas. Many towns staged parades. Prominent figures of the State and Nation spoke at various points over West Texas. Many cities enjoyed football games and athletic contests. The religious side of the holiday was not overlooked. Appropriate ceremonies being held in churches over the entire section.

Practically every city of consequence in the section observed the holiday.

**MIDLAND**—The ordinary "pie" melon which grows wild throughout West Texas is the best medium known with which to poison rabbits. Experiments here have demonstrated this fact. Farmers of the Midland country are being urged to haul in and preserve these melons for use in fighting the pests. The melons ordinarily considered valueless are meeting with ready sale for this purpose.

**FLOYDADA**—A direct highway from Post through Floydada to Clarendon connecting the Glacier to Gulf with the Colorado to Gulf is now assured. Crosby County has let the contract for the road down to Capreok leading to Post. This road will be a great asset to Floydada as well as a convenience to tourists.

**SAGERTON**—The Southwest precinct of Haskell County voted bonds in the sum of \$100,000 for hard surfacing the highway through this corner of the county.

**CLOVIS, N. M.**—This city was able to greatly reduce city taxes by the sale of the water and light plant which has been municipally owned to a private corporation. City taxation has been reduced from \$64,050 to \$33,499 as a result of the sale.

**BAIRD**—Callahan County now has a county farm demonstration agent. Farmers and townspeople of the entire county joined in petitioning the commissioners' court of the county to appropriate the necessary funds to secure the work and the court allowed the petition. Callahan County is making great strides agriculturally.

**LETTER FROM LIVE STOCK SANITARY COMMISSION.**

Fort Worth, Texas, Nov. 14.  
Mr. John Carmichael,  
County Agent,  
Snyder, Texas.

Dear Sir:  
I am mailing you a book of certificates for dressed poultry shipments, also a few affidavits. There are no inspection requirements on the poultry and the certificates are to be issued by you upon the presentation of an affidavit properly filled out and acknowledged before a notary public. Should you need more affidavits you may write Mr. J. P. White, Box 541, Abilene, Texas.

Please communicate with us should there be anything you do not understand regarding this.

Yours very truly,  
T. O. BOOTH,  
Assistant State Veterinarian.

**MONTHLY REPORT OF ALATHEAN CLASS.**

The Alathean class of the First Baptist church met in regular monthly business meeting, November 12, in the home of Mrs. Geo. Alexander.

The meeting was opened with prayer and class song, Loyalty to Christ.

This being the beginning of a new year in our class work Mrs. Northcutt, our outgoing president, introduced Mrs. H. J. Brice, our president for the coming year. Mrs. Brice took charge of the meeting and introduced to the class their officers for the coming year: Mrs. A. L. Stoker, first vice-president; Mrs. J. S. Bardbury, second vice-president; Mrs. W. C. Hamilton, third vice-president; Mrs. O. S. Williamson, secretary; Mrs. C. E. Ross, assistant secretary; Mrs. A. A. Bullock, treasurer; Mrs. J. E. Chinn, teacher; Mrs. W. M. Morrow, assistant teacher; Mrs. H. M. Blackard, reporter.

The vigilance committee reported 35 visits to the sick, membership committee 18 religious visits.

Our next regular meeting being in December the class decided to have a Christmas tree. The meeting will be in the ladies parlor at the church with Mrs. Northcutt, Mrs. Williamson, Mrs. Taylor and Mrs. Morrow as hostesses.

The social committee took charge of meeting and an hour was spent in contests and singing.

The hostess, assisted by Mrs. Harvey Shuler, Mrs. D. C. Bantau and Mrs. J. O. Spear served a dainty plate luncheon to: Mrs. C. T. Glenn, Mrs. W. E. Keith, Mrs. C. E. Ross, Mrs. Easter Hayley, Mrs. W. C. Hamilton, Mrs. O. S. Williamson, Mrs. Geo. Northcutt, Mrs. J. S. Bradbury, Mrs. H. M. Blackard, Mrs. T. J. Shaw, Mrs. W. M. Morrow, Mrs. Charles Reichardt, Mrs. J. B. Taggart, Mrs. W. O. was served: Green pea soup, crutons, chicken salad, potato chips, olives, cranberry jelly, biscuits, cheese straws, cocoa, whipped cream, lemon pie.

Group No. 1 served Mr. M. D. Lewis as guest.

Group No. 2 served Mr. J. A. Roberts as guest.

The purpose of this is to teach the girls how to prepare and cook a meal for a family. All the luncheons were a decided success and enjoyed by all.

A jell-o demonstrator came Monday. She showed us many attractive ways of fixing jell-o for deserts. Many of us had never whipped jell-o before but she taught us how. Salad and jello were served to all the H. E. girls. Also Mr. and Mrs. Bagwell and Miss Greene.

The first year class have finished breakfast serving and are taking canning and preserving so if you want any done call on some of them.

The home economic club met Tuesday afternoon and all the mothers were invited. A program was held in the auditorium and later light refreshments were served in the laboratory. The purpose of the meeting was to explain home projects to the mothers and to allow an opportunity for the mothers and instructor to become better acquainted.—Reporter.

### HOME PRACTICE AND HOME PROJECTS.

Home practice is a necessary part of a home project. Home practice is of shorter duration and is for the purpose of acquiring skill. For instance suppose a girl undertakes to prepare and serve a series of breakfasts to her family. They cannot be imposed upon without some previous home practice where she prepares the recipes in family sizes and thus acquires skill. It is a good plan for her to begin by supplementing her mother's meal with one dish at a time. Later she can put these together to form a whole meal.

Care must be taken in the selection of a project to see that it suits the girl. It is necessary to first secure the permission of the mother. An

ambitious project is much better than one which is too small as the girl must be made to feel that she is accomplishing something worthwhile. The mother should not be expected to lend her approval to a hazard piece of work. Therefore there should be a definite understanding between the three parties concerned—the mother, the instructor and the student.

Reports are kept in home project books and time is allowed at school for all written work.

### PATENTS GRANTED TO TEXANS.

Of 982 patents issued in the past week, Texas inventors obtained 23. Richard D. Hill of Wichita Falls, Rotary slip. This provides rotary slips with teeth in the top thereof to prevent circumferential slippage of the drill stem in the slips. Mr. Hill assigns one-third of his patent to John M. Spellman, Esq.

Julius Owen Mearns of Fentress, Pump jack. This invention relates to improvements in pump jacks and in such connection it relates more particularly to the arrangement and construction of the parts thereof.

Julius R. Berndt of Caldwell, File. This relates to improvements in files and has for its principal object to provide a simple and efficient means whereby various records may be kept and filed in an alphabetic order, the files being of such construction as to facilitate access thereto.

Charles F. Quick of Dallas, Tennis racket. This provides means for varying the tension exerted on the strings together with a novel form of string spacing and supporting devices.

Joseph F. Hagan of Electra, Burglar proof tool house. The principal feature of this invention is its novel and practical construction and arrangement combined with its comparative economical manufacture. Mr. Hagan assigns one-half of his patent to W. C. Kiker.

Sanford W. French of Fort Bliss, Watch holder for vehicle steering wheels. The primary object of this invention resides in the provision of such a holder that may be applied to or removed from the steering wheel any great difficulty.

Samuel E. Holland of Corsicana, Tool joint. This provides upon the engaging parts of a tool joint a locking means for securing the parts of the tool joint against rotation while the drill stem is being rotated.

Harry L. Tonkinson of Texarkana, Automatic train stop. This provides

means for releasing the air from the train line of a car, train of cars, or the like when they become derailed so as to prevent the train from piling up one car on another.

Otta A. Sauer of San Antonio, Feed control for pulverizing mills. This relates to feed control means for roller mills wherein the pulverized product is removed from the mill by an air current. Mr. Sauer assigns three-fourths of his patent to Eugene D. Nims.

John T. Barton of San Angelo, Fence. This invention relates to an improved fence, and it has particular reference to means for use in connection with the fence proper to prevent scaling of the fence by animals.

John A. Barnes of Dallas, Blow out boot. This relates to blowout boots such as are used within pneumatic automobile and truck tires of the ordinary, low pressure or balloon type, to strengthen and reinforce the tire at a point where it has become weakened. Mr. Barnes assigns his patent to Fowler Co., Inc., of Dallas.

Ellsworth Gray of Houston, Pump. This relates to an improvement in pumps, particularly adapted for deep well work, and is further intended to operate in handling liquids containing a certain amount of sand or other sediment tending to wear the pump.

Osmyn Mowers of Houston, Pump. An object of this invention is to provide a plunger for deep well pumps which will be adapted for working in all kinds of tubing without the necessity of the usual working barrel.
