NUMBER 43

MEN'S BIBLE CLASS TO HOLD BIG BANQUET FRIDAY NIGHT

MEMBERSHIP GROWING

Secretary Moore of the Chamber of Commerce reports a flattering response for new members in Scurry County. The bustling little city of Hermleigh turned in nine lives last week. Any one who has the active interest of the county at heart should join at once without further invitation. Fluvanna, Dunn, Inadale and Ira have advised that they are interested. Secretary Moore expects to visit these towns very shortly. Let's have a membership of 5000 in Scurry County by fall. Whaddayousay?

Wolfe Park to be Scene of Get-Together of Non-Denominational Sunday School Folks

The non-denominational Bible Class that has been progressing so nicely under the able leadership of Mr. J. L. Martin, are to meet at Wolfe Park tomorrow evening for a good-fellowship gathering. Wives and friends of the class are included in the affair. The promise of a chicken-fry and other goodies will in all probability bring out a large number. The banquet committee includes Hal Young, Wayne Boren, Ralph Odum and Joe Harrington.

This class who have been holding their meetings regularly in Dr. English's office, decided to start in last Sunday and meet at the Palace Theatre. With an attendance of 40 men, the officers of the class, namely Warren Dodson, president; and Joe Harrington, secretary, decided the chicken-fry Friday night—a mighty good proposition. The suggestion met with a hearty response on the part of those attending.

Secretary Joe Harrington had been talking about organizing a baseball team the previous week, and that matter was brought up. It received a ready hearing and the members are starting to work out this week. Members who have already expressed a desire to play, up to the time of going to press, include: Claude Sims, M. A. Johnson, C. C. Willis, Bud Williams, George Webb, H. G. Knippa, H. A. Blevins, A. B. Casstevens, George F. Smith, J. P. Nelson, Dr. J. G. Hicks, P. M. Chambers, Wayne Boren, Hal Young, Ralph Odum and W. Taylor. Others are to be added and in all probability the Snyder Hi team will be their first opposition. O. R. Collier of the H. G. Towle Jewelry Store will umpire.

Joe Graham and Harvey Shuler say they intend organizing a team among the Baptist Sunday school men which should provide merry amusement for both sides.

Several indoor ball teams are also to be organized, so that it looks like Snyder will have some good times this summer.

Leon English of Spur was a Snyder visitor Monday.

Mrs. H. N. Hilliard and children, Eloise and Howard Ray, of Pomona, California, are visiting her parents, Mr. and Mrs. A. L. Casey, of Ira.

It was definitely decided that the Boy Scouts summer camp would be held August 10 to 20, but Executive E. A. Moore stated that the site had not been fully determined.

At the Friday night meeting which was attended by W. M. Elliott, Colorado; Monte E. Owen, Sweetwater; L. B. Elliott, Colorado; J. R. Jordan, Colorado; Guy McNeal, Hamlin; L. E. Northcutt, Westbrook; B. H. McLain, Sweetwater; and Executive E. A. Moore, the following local council committees were elected:

Leader Training: Will H. Scott, chairman, Sweetwater; Fred Stevenson, Roby; Jim Day, Rotan; C. F. Sentell, Snyder; Ralph Lee, Colorado.

Court of Honor: B. H. McLain, chairman, Sweetwater; Roy B. McEford, Roby; Carl C. Wilson, Rotan; J. E. Ketter, Snyder; Dr. P. C. Coleman, Colorado.

Civic Service: Guy McNeal, chairman, Plasterco; Jim Ferguson, Colorado; Guy Patterson, Rotan; C. W. Bryant, Sweetwater; C. M. Boren, Snyder.

Publicity: Monte E. Owen, chairman, Sweetwater; F. B. Whipkey, Colorado; W. P. King, Snyder; H. C. Shelton, Rotan; N. A. Terrell, Westbrook.

Camping: J. D. Corhn, chairman, Rotan; Jess Robertson, Sweetwater; J. B. Mills, Colorado; W. E. Pritchett, Snyder; C. J. Conn, Roby.

Finance: Joe H. Smoot, chairman, Colorado; C. R. Simmons, Sweetwater; J. W. Hale, Roby; Fritz R. Smith, Snyder; O. P. Norman, Rotan.

Troop Organization: A. A. Bullock, chairman, Snyder; Rev. J. T. Henson, Sweetwater; C. R.

COMMANDERY SPECIAL EASTER SERVICES TO BE HELD SUNDAY

Declamation Finals Given

Schools Make Good Records But No. 7 Wins Bullock Cup

During the final check up on the declamation contest in the recent School Fair, the following results were inadvertently overlooked by the committee.

In the All-Rural division the following results were awarded:

Junior Boys—Richard Lewis, Center Line, first; John Williams, Big Sulphur, second; J. C. Field, Camp Springs, third.

Junior girls—Jessie Fay Slaughter, Santafe, first; Retta Battles, Arah, second; Mozell Roach, Plainview, third.

Senior boys—Arle Reece, Sandon; Henry Flournoy, Arah, third. Senior girls—Ruby Champion, Arah, first; Fannie Lee Davis, Crowder, second; Leola Clark, Ira, third.

CHAS. REICHAERT BUYS GIN

Charley Reichardt has purchased the Boren & Taylor gin on West Bridge Street. Mr. Reichardt intended to give the gin a thorough overhauling and have it in the very best of condition by the time that the coming season opens. Charley is a good gin man and his many friends and old customers will be pleased to know that he will continue in the ginning business in Snyder.

Mrs. W. B. Coppedge of Gallup, N. M., arrived Thursday morning on an extended visit with her sister-in-law, Mrs. R. P. Jones.

Bison Secures Loving Cup in County Wide School Contest

Medal Awards Given to the Winners This Week by Committee.

Bison Common School District No. 7 won the loving cup that was offered by County Superintendent Bullock at the beginning of the term for the highest score made on a basis of the score card used in the schools this year.

The score is based, not on the size of the school, but on the amount of improvement made this year along all lines listed on the card, plus the building equipment and certifications of the teachers, etc.

Some of the other schools scored a little higher perhaps than Bison on the amount of improvement done this year, but Bison won when all points were considered.

It is hoped that all those people interested in the schools of the county will notice the scores made by their respective schools and try to make it possible for a higher score next year.

The following is the score made by each school that reported with the exception of three who sent in their cards and gave no name on the back of them, hence the county office could not tell what school they came from.

School	Beginning	Now
Faver, No. 1	260	599
Guinn, No. 2	265	574
Pyron, No. 3	130	496
Camp Springs, 4	325	784
Canyon, No. 6	305	710
Bison, No. 7	318	872
Co. Line, No. 8	310	729

Petitions Lost In Circulation

Signatures Must Be Secured to Get Much Needed Soil Survey

Last week twenty-one petitions were put in the mail for circulation and signatures for the purpose of getting a soil survey for Scurry County. In signing these petitions no one in any way will bind or obligate himself to anything. It is simply a request of the people for this work. This work will cost nothing, and it is bound to be of some benefit to the further development of the county. It has been learned that these petitions, or a large per cent of them, have lodged in the hands of one man who is at the present keeping them and not putting them back in the mails. It is a very small thing to ask of a man to look over the petition and either sign it or pass it on to the next man for his consideration. This would be to the interest of everyone, and the people that now have these petitions should by all means be careful that they do their part toward getting a circulation of them by seeing that they are put at once back into the mail and by scratching the names of the people that are now non-residents on the envelope. It is as much to the interest of every citizen as to any one man. The mail carriers can possibly do more toward circulating these than anyone else, and some of these boys are getting a good circulation on their routes by insisting on people signing them and putting them back on the route, and one man in the Ira community has put the petition in a public place for the signatures of the people who come in. One man is welcome to take this petition out of the mail and

Established Custom for All Knight Templars to be Observed

It has long been an established custom for all Knight Templars to observe and attend the Commandery Special Easter Services. A recent order from the Grand Commandery to the local body insists that the entire membership attend these services in a body, to not only celebrate an epoch in world history, but showing the due reverence the order's belief in, and dependence on this great event.

Next Sunday afternoon the services will be observed at the First Baptist Church, with Rev. W. F. Ferguson delivering the Easter address. The entire local membership, and including nearby Knights will appear in uniform and march to the church in a body.

In addition to the inspiring address that will be delivered by Rev. Ferguson, the following musical program will be observed: Processional by Orchestra.

Hymn, "Christ Arose," by congregation.

Vocal duet, by Miss Rhoda Martin and Otis D. Carter.

Anthem, "God So Loved the World," by choir.

C. OF C. NOTES

By E. P. MOORE, Secretary

Hermleigh citizens prove their loyalty to the Scurry County Chamber of Commerce and signify their willingness to give their cooperation to any movement that will help Scurry County by their membership pledges to the secretary this week. Following are the new members from Hermleigh for last week: Dr. W. H. Ward, First State Bank of Hermleigh, Gleason Brothers, Higginbotham-Bartlett Company, Sam Randals, C. H. Callis of the Ford Garage, Drennan & McQuaid Garage, Ferguson Brothers, T. W. Windle, Hermleigh Pharmacy, W. E. Louder, proprietor. The new members joining in Snyder since last issue of the Times-Signal were J. J. Taylor, W. C. Shull of Shull's Variety Store, D. C. Rogers of Rogers Studio, Glover's Service Station, W. E. Doak of the Snyder Garage, Taylor & Reid barber shop, H. Freeman, and Abe Rogers (Himself). It just looks like everybody is ready to boost Scurry County judging from the way they are becoming members of the Chamber of Commerce. When we're a year old, we'll match results with the best in West Texas.

Here's another instance of what can be done in Scurry County with 3 cows. Bill Giddens, who lives 13 miles south of Snyder, near Ira, markets his cream from his three cows in Snyder, and for the month of March the net profits on cream amounted to \$43.89. The month of March was not an exceptional month with Mr. Giddens. Mr. Farmer, if you will get out your pencil and multiply \$43.89 by 12, you will find that you will have \$526.68. Mr. Giddens' cows are not out of the ordinary—they're half Jersey and half Holstein. His original investment was \$200 for the three cows. Do you know of anything that will pay a farmer better than 200 per cent profit?

There was imported into the United States last year 41,722,875 pounds of peanuts of the white Spanish variety in spite of the fact that there is a four-cent per pound duty on them. The United States can produce a better peanut than the original countries, and that is why our secretary is calling on the farmers of Scurry County for 2,000 acres in Scurry County this year. John Tarleton College of Stephenville, Texas, made a net profit of \$67.47 per acre on five acres last year. All this information is on file.

ROCK SPRINGS DESTROYED BY TORNADO TUESDAY NIGHT

Joe Harrington's Brother in Calamity That Visits South Texas Town

A bulletin from San Antonio yesterday brought the information that 125 persons are believed to have lost their lives in a devastating cyclone which struck the little town of Rock Springs, county seat of Edwards County, early Tuesday night.

C. A. Harrington, brother of Joe Harrington of this city, and little son are now in a sanitarium at San Antonio seriously hurt, according to a telephone message received here this morning. Reliable information received later than the first flash of the awful news, reveals that around 60 lost their lives in the storm and that over a hundred more or less seriously hurt.

There were only four houses standing in the little town of 800 people, according to Mr. Harrington. This lack of shelter for the homeless, in the face of the torrential rain which followed the Tornado, combined to make the terrible tragedy all the more gruesome and unbearable. Thousands of dollars worth of property was completely demolished, including a recently finished \$80,000 school building.

A. C. Alexander, secretary of the Scurry County Chapter, American Red Cross, received the following telegram yesterday morning from the main headquarters of that organization in St. Louis, which reads:

"Your Chapter authorized issue immediate appeal for contributions for relief of Rock Springs, Texas, which was completely destroyed by tornado early this evening with heavy loss of life and many injuries. Chapters at San Antonio and Kerrville and many civilian and government agencies are extending prompt relief. Much money will be required to assist citizens of stricken community to resume their normal lives. Arthur Shaw, experienced Red Cross worker, is on way to Rock Springs to direct Red Cross relief. Report daily to this office amount of contributions received and make daily remittance this office of American Red Cross Disaster Relief, Rock Springs, Texas.

"Signed, Wm. N. Baxter, Jr."

Snyder residents and those of Scurry County are requested to get in touch with Mr. Alexander at the Snyder National Bank at once, that he can fulfill this section's obligations to the storm wrecked town. Do not delay—but get in touch with him today, preferably in person, but if this be impossible, on the phone. Scurry County should go "over the top" to help, right now.

Highway Advocates to Meet at Lamesa Tuesday, April 19th

Association to be Formed to Designate Route No. 83

Next Tuesday, scores of highway advocates will gather at Lamesa to further the great east-west road running from Carlsbad to Fort Worth. The purpose of the meeting is to form an association for Route No. 83, which incidentally runs through Snyder and Scurry County.

According to the Dawson County Journal, this day is expected to be the most enthusiastic and historic meeting to be held in West Texas this spring. The real purpose of the meeting is to complete the highway from Lamesa through to Carlsbad which would shorten the route 103 miles from Fort Worth to Carlsbad, whose famous caves are widely known.

Towns which have been asked to send large delegations include: Snyder, Albany, Anson, McCaulley, Silverton, Roby, Camp Springs, Gail, Seminole, Seagraves, Lovington and Carlsbad. Secretary Moore of the Scurry County Chamber of Commerce is anxious that at least six automobiles bearing local and county members will go with him to this meeting. Hermleigh has already promised to help, and it is hoped that the entire board of directors will attend this noteworthy meeting. It means much to Scurry County, and Snyder should contribute with time and money in making route No. 83 a state highway, that it may be continued through to Carlsbad, New Mexico.

WHERE'S OUR BAND

Several men came into the Times office this week, and offered a question as "to what had become of our band?" Snyder needs a live musical organization of this kind, and we kindly referred the gentlemen to Secretary Moore at the chamber of commerce.

DO YOU REMEMBER?

The Times-Signal editor is anxious to know the names of Scurry County folks who read the first newspaper ever issued in the county. It will soon be forty years that a newspaper was started in Snyder. In other words, this newspaper will soon have a birthday at which time we could place forty candles on our birthday cake.

Please drop us a line about whether or not any reader knows of a member of your family having read the first paper—or what have you?

Better Sires Now In Bull Circles

County Agent Gives Good Advice to Raisers of Livestock.

Perhaps the most widespread livestock improvement plan to be adopted by any section of the United States is the present system of bull circle organizations in West Texas. This scheme which originated in Swisher County has been adopted by a number of other counties until over one hundred and fifty of the best bred bulls that could be found have been placed in the hands of good farmers of West Texas for the improvement of their dairy herds. That this plan is successful is thoroughly demonstrated by the evidence of improvement found among the herds in Hale and Swisher Counties where the first bull circles of the state were organized. When one sees the type of heifers that are being sired by these highly bred bulls and out of the most ordinary cows, he can not but be convinced of the wonderful improvement that is gained in the first generation. The most striking example is found in the herd of John Adams of Tulsa. Mr. Adams has been using his circle bulls for nearly four years and he has in his herd a number of daughters of these bulls which have come into production. When asked his opinion of the bull circle plan, he had the following to say: "We thought so much of our bulls that we refused to sell one of them for \$2500.00. He will be worth more than that to our county in improving the offspring of our dairy cows." Turning to a group of excellent young cows in the lot, Mr. Adams said, "There are three heifers that are producing almost twice as much as their mothers, and all that increase has come from this fine bull. I think this is the best investment I ever made."

You have in Scurry County ten bulls from the great herd of Mr. Laseter at Falfurrias that are the result of many years breeding up for high production and good type, and no farmer who is within reach of these animals can afford to deny himself the use of them on his dairy cattle. In a few years the daughters of these circle bulls will be producing and then you will begin to see some highly profitable dairy cattle in this county.

The homes of the Scurry County bull circle bulls are: Mack Neil, Snyder; L. L. Eubank, Knapp; G. H. Bishop, Ira; R. L. Lightfoot, Fluvanna; C. T. Simmons, Lloyd Mountain; A. D. Higginbotham, Hermleigh; T. E. Grimes, Dunn; Ross Williams, Hermleigh; H. M. Murphy, China Grove; D. P. Smith, Colorado.

NEW FIRE CHIEF

B. L. Baze has tendered his resignation as chief of the Snyder Volunteer Fire Department, and Mr. Addison Casstevens was elected in his stead. Mr. Baze resigned because the position in a way conflicted with his duties as head of the city water department.

Mr. Casstevens will make a good chief, in fact, it would have been a difficult matter to have found a better man than he to succeed Mr. Baze. The thing for the people of Snyder to do is to stand by its excellent fire department in their efforts to give the property owner better fire protection.

THE RESURRECTION

In keeping with a promise that I made to Uncle Ben Davis, that octogenarian father in Israel, I will try to write on the Resurrection.

For many years I have made it a practice to study the resurrection during Easter week. I have written many articles on the resurrection, but have submitted but two for publication.

I do not know enough about homelies to arrange this article in homelie order, but will discuss it under three heads; first, the Introduction; second, the Importance of the Resurrection; third, the Proof of the Resurrection.

Introduction "He is not here; for He is risen as He said. Come see the place where the Lord lay." "And go quickly and tell His disciples that He is risen from the dead." This is the language of an angel.

A faint glimmer of the resurrection. One beautiful Easter morn when the sun began to unbar the portals of light, sending its rays through the rifted morning clouds, then a beam cast athwart through the deep etherial blue and into our eastern window, kissed our eyes ope to a new born day, and brought us from a sweet unconscious slumber to a realization that the night, (the emblem of death) was past and that the day had come. In rapture I looked toward the morning land of America and feasted my eyes upon radiant clouds of crimson and purple and gray and long stretches of gold with a background of deep blue sky.

The resolute morn advanced with all of its beauty and radiance and glory and grandeur and sublimity, pushing to shame the feeble art of feeble-minded man by tongue or pen or brush to copy its glittering splendors.

I don't think that God will ever paint a more beautiful sunrise this side of the resurrection morn. I thought of the winter season, the long dead night of the year, which was just past. The spring-time showers had moistened the earth, and the sun had given warmth to slumbering nature and kissed to life the budding flower, the green leaf and the blade of grass. The mating birds sang forth their sweetest lay to greet the resurrected springtime, now robed in her bridal ornamental green. Oh, how emblematical of the resurrected Lord, and how it prefigures the future resurrection of his followers.

Uncle Ben, I saw now linking of the great resurrection day which is coming to every Christian. I hope how soon "Blessed are they who love His appearance."

I don't know when the resurrection day will come, but I know that it will come when Jesus comes to gather up His bloodwashed followers. When He comes, the dead in Christ will rise first, and the Christians who are then living will be caught up to meet Him in the air.

That day is coming, and oh, what an eventful day it will be. He will come as He went away, in a cloud. The angels said He would. In my mind I can see Him accompanied with teeming millions of Angels and redeemed spirits to be reunited with the bodies which had been sown corruptible, but now raised incorruptible, fashioned after perfection.

Now as the angels upon the Judean hills proclaimed to the shepherds that a babe was born in Bethlehem of Judea, and His name was to be called Jesus for He shall save His people. In like manner as the angels proclaimed His first advent, so one day, I know not when, this earth will be circled with a band of angels proclaiming the glad tidings of the second coming of the Lord and of the resurrection of the dead in Christ. Now in rapture let us look and see, not one moment before time nor one moment behind time. The Lord of earth and heaven appears in a cloud. What an eventful moment to the redeemed of every age, nation and clime, from new born time down to this moment!

Listen; now I hear the voice of the Son of God like as he spoke to Lazarus: "Come forth." The dead in their graves hear that voice and the gates of hell no longer hold their dead, but are burst asunder, and the long, long night is past and the new born age is here.

The Bridegroom has come His bride to claim. Now I see his Bride, the Church, mount up, clothed in garments of glittering white, to meet Him in the air.

Now angels witness the scene, the Bridegroom and the Bride are made one and one. Now I hear the glad shout of victory over death, hell and the grave.

Now I leave us in the rapture of the saints, the paradise of God.

With the permission of the editors and the will of my Father, I will write for the next week's issue on the Importance of the Resurrection.

Your servant, E. C. DODSON.

JOY OF STEWARDSHIP SUBJECT OF MEETING

At the weekly meeting of the Presbyterian Women's Auxiliary last Monday at the church the monthly program on stewardship was given, the subject being "The Joy of Stewardship." A helpful devotional was led by Mrs. Abercrombie. Mrs. Wilburn gave an interesting story, "A Poor Heart For Figures, But a Heart to Give." An inspiring paper on the "Stewardship of Prayer" was read by Mrs. Piguet. There were thirteen members present, each taking part in the sentence prayers at the close of the meeting. Next Monday will be the monthly social meeting, at which time reports from those in attendance at the Annual Presbyterial meeting held in Eastland will be heard.

PATENTS GRANTED TO TEXANS

Granville A. Humason of Houston, and Charles G. Lambers of Shreveport, La., oil vaporizer and burner. A feature of this invention resides in the provision of a device embodying a novel construction whereby the feed of the oil through the device may be easily regulated. The inventors assign their patent to J. A. Logan, one third.

Arthur Grumbles of Ft. Worth, book rest. This has reference to that type of book rest particularly adapted for holding a book in an open position while reading, to obviate the necessity of holding it in the hand as is customary.

Bunkichi Yokoyama of Los Angeles, process of making fried rice food. This has reference to a process for manufacturing a food composition, and the object is to produce a food of the character set forth in patent 1,621,763, that is unpalatable and of good keeping quality.

Walter B. Johnson of Breckenridge, shoe shining cabinet. This invention relates to new and useful improvements in shoe shining cabinets and particularly has to do with shoe shining equipment for home use.

Willie L. Allen of Nacogdoches, valve lifter. This provides a pneumatically operated device which can be applied quickly to the valve and can be adjusted readily to structures of different sizes.

Jose Peguero of Port Arthur, casing puller. This invention relates to improvements in grapples, and has reference more particularly to a simple and efficient device for removing casings from oil wells.

Adolph E. Ashleman and Thomas E. Haney of Waco, crank lock for box car doors. This provides a novel form of operating mechanism whereby the door may be readily moved from its closed position to its open position or vice versa.

Verla L. Formway and Roy F. Formway of Roby, pump. This invention pertains to pumps, and it contemplates the provision of a double action pump of peculiar and advantageous construction.

Edwin C. Hardesty of Abernathy, mousetrap. This invention relates to fishing and trapping and more particularly to a trap of the spring actuated jaw type employed to catch mice, rats and other small animals.

Charles R. Edwards of Houston, collapsible taper thread cutting tool. This may be readily collapsed and released from work when the thread has been completed, so that the tap may be readily withdrawn without injury to it or to the threads.

J. L. Martin, Jr., who is attending Simmons University, will spend the week end with his parents. "Jimmy" Jr. will have a birthday Monday, and certain plans are being laid for the young man.

Mr. and Mrs. Dick Crowell and Mr. and Mrs. Walla Fish and Mrs. G. M. Garner went to Lubbock Sunday to take Mr. G. M. Garner to the sanitarium for treatment. Mr. Garner returned Monday.

Judge and Mrs. C. R. Buchanan, accompanied by Mr. and Mrs. Clyde Tittle and daughters, Clyde and Frances Tittle, of Hillsboro, Texas, spent last Saturday in Post and Lubbock and general sight-seeing on the Plains.

Melvin Newton who shoots orders at the Harpole grocery nearly ran our mechanical force out of the back door Monday morning. He had the mumps—but our boys weren't scared for they knew he had fully recovered.

J. A. J. Jones and brother, David, of Ft. Worth were business visitors here Monday. J. A. J. said he didn't believe in the old

fashioned blue Monday thought, and things surely didn't look that way around the square here.

Will Snyder celebrate the Fourth this year? It's none too early to plan a mammoth celebration for that day and date—have everybody in Scurry County come to town, and enjoy the day. What suggestions have you to offer? How about a barbecue?

Rev. and Mrs. W. P. Ferguson and children left Friday of last week for Iowa Park where they were called on account of the illness of Mrs. Ferguson's mother. Reverend Ferguson returned home the following day, while Mrs. Ferguson remained for a visit.

Mr. and Mrs. H. P. Brown and Mrs. Brown's brother, Charles Stinson, were in Roysie City last week visiting with Mr. Brown's sister, Mrs. Leslie Sherrill. They also went to Nevada where they were the guests of Mr. Brown's parents, Mr. and Mrs. E. Brown.

The annual meeting of the Abilene Prebyterial in Eastland April 13 and 14 was attended by Mrs. C. R. Buchanan, Presbyterial first vice president and secretary of missionary education, Mrs. P. C. Chensault, local delegate, Mrs. J. W. McConch, alternate, and Mrs. H. J. Manley.

Mrs. P. C. Dabney of Sweetwater and Mrs. Claude Beall and daughter, Billie Beall, of San Angelo visited here Saturday with their grandparents, Mr. and Mrs. C. R. Buchanan. Little Miss Billie Beall, aged four months, is the only great-granddaughter in the Buchanan family, and is a very precious possession of her many relatives.

Mrs. Henry Rosenberg left the early part of the week for Fort Worth where she will remain for an extended visit with her parents, Mr. and Mrs. Sam Gilbert. Henry plans to spend from Friday night until Tuesday in Fort Worth, while his brother, Nathan Rosenberg, of Brownwood will look after the interests of the Economy Store in his absence.

COUNTY FEDERATION MEET

The Scurry County Federation of Clubs met at the district court room Saturday afternoon, April 9, with the president, Mrs. R. H. Curritte, in charge. Very good reports were given from the various clubs, while a number of the rural clubs had unusually interesting reports. The Federation elected Miss Myrtle Akers as delegate for the Seventh District meeting which will be held in Quanah April 17-22. Mesdames J. T. Whitmore and H. G. Towle will also attend.

Immediately following the Federation meeting, the committees started the planting of flowers.

It was the third day of hubby's vacation and he was becoming a little bored with existence. As they sat together on the hotel porch he suddenly demanded of his wife, "How in the world did we happen to pick out this dump as a resort?" His wife gazed at him in a pained surprise for a moment before she could reply, "Why, Edward, you know you always enjoyed the scandals here immensely!"—Pittsburg

Illusion Often Lost by Personal Contact

The best authors should be read, not known. Even if a poet has written an epic, one hour's association with him may destroy the most idolatrous reader's illusion of him.

Your favorite humorist may turn out to be an ordinary person dull in the use of the spoken word. Or, what you believe to be the greatest living novelist may prove to be a little peevish man whose false glamour is not it, made intolerant by the same indulgence or egotism.

Being wise, says Corn Harris in the Saturday Evening Post, some people whom you have admired for long in the purple and gold of a great town, is almost sure to give vent to some neatly phrased and not quite so well thought out public sentiment in the course of that mortal chat, because of a divine mood which he has not and the other normal mood which may be a mean, little mood.

Serly Altars Allaze With Human Sacrifices

Throughout the ages man has made human sacrifices whenever they were under adversity and felt that the gods were angry. It is a picture of a public picture of a scene that may have occurred in the dawn of a prehistoric day about the vast stone altars of the Wiltshire uplands at Stonehenge, in England—the bright priests with scabbard pointed knives, the air of solemnity among the people who have come wearing their very best and garments for the occasion and the helpless victims gazing toward the distant smoking altars upon which they are to die.

As time went on, the practice of human sacrifice became more elaborate. The reasons and occasions for human sacrifices were codified. The most civilized races decided that an entire community might be cleansed of an epidemic or saved from other calamity by this barbarous means.

Few of World's Great Cut Hours of Sleep

It is often said of great men that they needed and took but few hours of sleep. It is true that in their desire to accomplish as much work as possible they have spent so many hours in bed than was necessary, but those who found that less than six or eight hours would suffice then were very few.

Alexander von Humboldt, Linnaeus, Charles Darwin, Isaac Newton and the composer, Dvorak, are all the four-hour sleepers I have come upon in a long list of distinguished men. Napoleon, who is sometimes mentioned in this class, took from six to eight hours and did not hesitate to nap in the daytime and even in the midst of conversation. He could go for long periods without sleep, but he always counted himself correspondingly long periods of rest afterward, sleeping on one occasion for 35 hours at a stretch.

Goethe was a very sound sleeper, and Descartes, who is said to have done more original work than any man of his century, slept a great deal. Brahms could sleep at will and under any conditions, and Dumas, "after writing for some hours at a stretch, would suddenly fling himself on his bed, and in a few seconds be sound asleep; 15 or 20 minutes later he would wake up again with equal abruptness and return to work—a giant refreshed."—Scientific Monthly.

There's a wealth of Western scenery in "The Overland Stage," starring Ken Maynard, which comes to the Palace Theatre next Friday and Saturday.

The First National company, directed by Albert Ronell, journeyed first to Deadwood, S. D., where the

great pageant and celebration of "The Days of '26" was filmed as a cognate part of the story. The celebration, held in August, was an a particularly impressive scale this year, because of the fact that it was the semi-centennial of the days that Deadwood celebrates. Of course, the beautiful scenery of the Black Hills was utilized to the fullest extent.

After returning from South Dakota and working a few weeks in the studio, the company travelled a much shorter way to Idylwild, one of the real beauty spots of Southern California, where the picture was finished. It is recognized by every up to date producer that trips like these return more than their cost in the added beauty and appeal of the picture.

"The Overland Stage" is from the story by Marion Jackson. The cast includes Kathleen Collins as leading lady.

The lawn was divided into sections with a number of clubs designated to plant and care for their respective division. Mrs. H. J. Brice was chairman for the southwest division, Mrs. Allen Warren for the southeast, Mrs. Lee Stinson for the northeast and Miss Myrtle Akers for the northwest. The progressive women of Snyder have commenced a work which will surely be appreciated by all the citizens of Snyder, besides, it will leave a pleasing memory of our town to tourists and all who happen to pass our way.

FLUVANNA NEWS

Business Affairs
Our farmers are quite busy, although nearly all of them are well up with their work. The land is in fine condition, having ample moisture for present needs. Wheat is looking fine and grass is coming rapidly. Thus, the general outlook is quite good. Now let the farmers remember that ample diversification is the real key to success. Making a living at home is the matter of first importance. This reminds the writer of a recent statement to the effect that Mr. and Mrs. Bob White, residing a few miles south of Fluvanna, marketed last month cream and eggs to the amount of \$89.30. These figures speak eloquently for themselves. Comment is unnecessary.

We understand that the well on the Snodgrass place was down 900 feet Sunday. Be it remembered, however, to the everlasting credit of those contractors, that they do not drill on Sunday.

We also understand that the well on the De Boren place nine miles north of Fluvanna reached a depth last week of some 2100 feet. We are expecting plenty of oil for our typewriter in the near future.

J. B. Birchfield has bought J. N. Bley's garage business and is now operating same. He handles the Texas gas and lubes.

J. N. Bley has resigned his position as telephone operator and, as we understand, is moving to the plains country. We further understand that Miss Roy Carmichael has closed contract whereby she becomes phone operator.

Church Services
Rev. Alexander, County Baptist Missionary, supplied Rev. Anderson's pulpit here last Sunday. Large audiences attended the services.

Regular services were held at the Presbyterian church last Sunday.

Twelve of the Epworth Leaguers journeyed to Union last

Sunday where they attended quarterly conference during the day, and then the two Leagues put on a joint program at night. Of course they had a good time.

Next Sunday the Christian church will hold its usual morning services.
The Methodist church will, likewise, be on the job next Sunday. A stereopticon lecture representing the life, death and resurrection of Christ will be put on in that church at night.

John Slavley, Pat Weems and wife and Jas. H. Tate attended the meeting of the Presbytery of Abilene in Eastland this week.

"Just couldn't go to church Sunday, we had company all day," is an excuse and a source of worry with which we are continually meeting. This explanation has been heard many times by the Village Preacher. No difference how diligently the preacher had prepared his sermons and program, how important the occasion may have been for the church, and, maybe, that very family, or how much they were needed in the Sunday school or other services they could not attend (though they meant to do so) because company came and they could not easily be induced to go to the services because "We did not come prepared to come to church." "We would rather spend the Lord's Day gossiping, talking business, looking at crops and stock, playing dominoes or checkers and eating a fine dinner than repairing to the house of God where the soul may be fed and the whole and moral social nature lifted to a higher plane. Sunday visiting where and when it interferes with church attendance, is really a serious matter and ought not to be indulged in. Let's don't do it any more.

C. L. Rea went to a neighbor's house a few days ago and prepared a setting of choice hen eggs. On his return he divided his attention between the car and the egg with the result that the car took to the ditch and turned over. No serious damage was done to either the driver or car, but the eggs—well, they may not hatch.

BORDEN COUNTY NEWS FROM GAIL

The Borden County Interscholastic League meet was held here at the school building April 1 and 2. It was the best meet we have ever had, and was especially so from the standpoint of entries and the attendance. This county is one hundred per cent in membership in the University Interscholastic League. There were a number of one teacher schools to send in their membership during the meet.

On Friday afternoon the auditorium of the high school was filled to its capacity for the literary events. The schools scored the following points: Gail, 112, Trendway 67, Grape Creek 22, Union 10. There were a large number of people on Saturday, to see the track events. The following points were scored: Gail 90, Trendway 51, Union 43. The people of Borden County brought basket lunches and everybody enjoyed a real dinner spread at 1:30.

Several pieces of woodwork that were made by the Gail manual training class were auctioned off to the highest bidder, netting \$19.25. Also a history quilt, made by the fourth, fifth and sixth grades, brought \$19.05, sold by the pay bid method. This money goes to the Gail school.

The school fair was a success,

this being the first school fair for Borden County. There was some real good work exhibited, which shows that these schools are working, and back of their work is cooperation on the part of the parents and teachers. Without this no school can do its best. We are proud of the meet this year. The schools and the pupils have a right to be proud of their work. The extra events, a baseball game by the boys and men and a basketball game by the women teachers, were of interest to all.

Saturday, April 2, Miss Grace Cantrell of Gail and Lawrence Anderson of near Big Spring, drove over to Snyder and were quietly married by Rev. W. F. Ferruson at the Baptist parsonage.

Mrs. Henry Holler, who has been visiting relatives in Aspermont and Abilene, has returned. She was accompanied home by her daughter, Mrs. Davis, of Abilene.

Mr. and Mrs. J. H. Wicker of Durham were in Gail Monday of last week.

Mr. and Mrs. Bob Ally, J. K. Mitchell, Obo Wilson, C. A. Johnson and A. J. Cantrell and wife were in Snyder shopping last Monday.

W. M. Jackson and family visited in Colorado Sunday.

J. E. Peper, Mr. and Mrs. C. S. Harvis of Gail went to Snyder last Saturday.

Mrs. Keen, who has been sick for some time, is reported some better.

Mrs. S. S. Williams, who has been very sick for some time, has been taken to Lubbock for treatment.

Joe Clayton of Lawton was visitor in Gail last Saturday.

Misses Nora Sealy, Thelma Myers and Ruby Lee Cockerel

spent Tuesday night with the writer.

The people of Gail and surrounding communities will meet at the cemetery Saturday afternoon to clean up the cemetery grounds.

BLACK TIGERS LOSE

Manager Roy Jennings' Black Tigers ball team lost a wild game to the dusky boys from Rotan, 12 to 8, yesterday. For a time the local team led, and their elation got away with them, for they went right out and lost the ball game. The umpiring was rather a problem with George Allen in charge, for to the crowd that attended, they figured George had a mouthful of mush, but he got away with it.

The Black Tigers are playing the Colorado team here today.

FARMER KEEPS BOOKS

Farm and Ranch shows by positive proof that a live-at-home program is practical in West Texas by the record of J. C. Franklin who lives in Mitchell County. Since the first of the year Franklin has kept books on his farming operations and his expenses, including everything from haircuts to gasoline have amounted to only \$17 more than his receipts. At this rate, his first two bales of cotton will pay all living and crop expenses and he will have the

money from the remainder of his 160 acres for other purposes.

Franklin sells eggs and sweet cream daily and every few months has some hogs to sell. During the winter he sold his surplus hams, lard and sausage at fancy prices. A live-at-home program similar to this will make every farmer independent and free the South from cotton slavery.

WANTED AT ONCE

The Times-Signal wants reporters in every section of Scurry County that are not now represented in the paper. A list of the communities that should be in the paper every week include Canyon, Knapp, Ennis Creek, Inadale, Polar, Dunn, Ira, Woodward, Plainview, Whatley, Round Top, Lone Wolf and Camp Springs.

Folks who have pride in their communities should get in touch with the Times-Signal at once. Civic and home pride should place every neighborhood in the newspaper EVERY WEEK. We are here to please, to serve and help Scurry County—but we must have your cooperation to make this newspaper a real county-wide herald.

CHANGE IN TIMES-SIGNAL

On April 1, Mr. George F. Smith of Cleveland, Ohio, acquired by purchase a one-half interest in the Times-Signal paper and subscription list. Mr. Smith will be actively associated with me in the work incident to getting out a real live country weekly, and with his able assistance we hope to make the Times-Signal one of the very best weekly papers in all West Texas.

There will be no change in the policy of the paper, as it will continue to give the people of Scurry County and the Times-Signal's readers generally the news while it is news, and to stand by what its editors believe to be right regardless of cost or consequence.

Mr. Smith, who was brought up in the newspaper business, knows the newspaper game from every angle, and no one ever came to Snyder more highly recommended than he, and recommended by many of the leading men of his state, Ohio, from the state's present

governor on down to the bankers, merchants and ministers of his home town. Only recently he declined the position of Field Secretary of the Buckeye State Press Association at a very lucrative salary, also refused other lucrative salaries because he wanted to return to his first love—the country newspaper game.

Mr. Smith has already made a favorable impression upon the people of Snyder, and Mr. Smith, in turn, thinks Snyder and Scurry County the greatest places he has ever seen and that the people are as fine as the sun ever shone upon.

So, with the able assistance of Mr. Smith and through the hearty cooperation of the people of Snyder and Scurry County we hope to give our friends real service and at all times a paper fully in keeping with the patronage accorded it.

Very truly, J. L. MARTIN.

SALUTATORY

By way of introduction to Scurry County folk and residents of Snyder, the writer arrived here March 28th at the invitation of the editor and owner of the Times-Signal to consider entering into a partnership and pursuing business relations together. Frankly, we were entirely sold on the town, the county and the folks who reside within its gates the second day we were here. But first, we wanted to know Mr. Martin, his newspaper, Snyder residents and general conditions before leaving, entirely, our home in Ohio. We knew what was there; we wanted to know what was here.

So we were satisfied, quickly, that Snyder and Scurry County were two of the finest propositions possible, that both were remarkable places to move to, become acquainted with everyone, to raise one's family and to pursue the business they were born into, and raised within—and so we have consummated a partnership with Mr. J. L. Martin.

We are satisfied, completely, and we sincerely hope that the good people of this zone of living think the same thing about us and our little family when they arrive.

That you may have a better idea of the writer, we hope you will pardon our printing a letter, sent by our home-town banker at Leipsic, Ohio, to the vice president of one of your Snyder banks, who said:

My Dear Sir:—My old friend, Mr. George F. Smith, is yielding to the lure of the West, and particularly your part of Texas. And when a banker wants to do some one of his acquaintances any good by the way of writing of letters, he generally directs his efforts to some one of the profession, his profession, which will account for addressing you.

I have known George F. Smith ever since he was ten years old. He comes from an old family that has lived here since Indian days. George's father started our town paper and after his father died, he conducted it until he sold it out a few years ago. And in my opinion he is a first class newspaper man. He gets the news and knows how to express it in the paper.

While he resided here he was quick to see any public need and knew how to direct the appeal.

He won't come to you with a whole lot of money, neither will there be a lot of bills follow him. His relations with us in a banking way have always been very satisfactory, loyal and appreciative.

Headache dizziness

"I HAVE headache once in a while, usually coming from constipation," says Mr. L. A. Morriss, of Pottsville, Ark., "and the very best remedy I have found to correct this condition is Theford's Black-Draught. It acts quickly and easily, and it just can't be beat. "Black-Draught is the very best laxative I have found. I always feel so much better after taking it. "My wife takes Black-Draught, too. For dizziness, costiveness and any little stomach disorder, we find it most satisfactory, and consider Black-Draught a family medicine."

Constipation locks up poisons in the body and allows them to do their dangerous work. Being purely vegetable and containing no harmful drugs, Black-Draught acts gently helping the system get rid of impurities and preventing serious sickness. Get a package today. Sold everywhere. 25 cents.

The West will get another booster and the East loses one.

Hoping the change of residence will work out to the mutual advantage, which I feel sure it will, of Mr. Smith and the city of Snyder, I remain,

Very truly yours, F. D. ROSENBERGER, Cashier.

We hope to have the pleasure of meeting every Scurry County booster, personally, and hope you will treat us with the same sincere feeling that we have towards you. Working with Mr. Martin, we hope to make the Scurry County Times-Signal the finest weekly newspaper in West Texas, and with your Good Will, Help and Assistance, we will do it.

Deeply appreciating the many fine friendships already started, and of a continuance, we are, Yours to Serve, GEORGE F. SMITH.

Note—Mrs. Smith, with Janet Ann (16 months old); Mary Janet, 13 years old and Billy, 9 years old, will arrive here within the next 30 days.

J. T. Biggs and wife and Mrs. Davis visited their children, Arlie Biggs and family and Fred Davis and wife, Saturday and Sunday at Big Spring.

Rev. Ivey Biggs and family have moved back to the community, having been in Dallas attending S. M. U. the past six months.

Mrs. Eitel Gilbert and son of Ladonia, Texas, are visiting her sister, Mrs. C. E. Land, and family. Gordon Bourland and wife and Alvin Brock and wife spent the week end with their brothers, Elmer and Homer Bentley, and families.

Miss Louise Martin gave a birthday dinner Sunday. Quite a number of the young folk were guests and enjoyed the occasion immensely. We will not mention her age for fear we might be telling a secret.

Mr. and Mrs. Cal Witherspoon came home Sunday from the hospital where they had their time for treatment for so long a time. The boy is apparently improving slowly.

Mrs. C. E. Land has been confined to her bed for several days with the flu and other complications.

Mr. Howell and family of Snyder spent Sunday with S. D. Hays and family.

Wash Day

IS A drudgery on the housewife in more ways than one. Did you ever know it to fail that on wash day above all others you had more company or was interrupted more than on any other day? That's usually the way it happens.

Let us relieve you of that drudgery and interruption by taking your washing out of and away from your home.

There is nothing like peace of mind, especially when it is obtainable at such a nominal cost.

YOU DON'T SAVE MONEY BY DOING YOUR WASHING AT HOME.

If you think this statement is not correct, sit down with pencil and paper and figure it out for yourself. Or better still, let us prove it to you.

fell from a saw-horse, tearing some ribs loose from the back bone, from which injury he never recovered.

The remains were brought to Lorenzo and interment took place Wednesday afternoon at 2 o'clock in the Lorenzo cemetery. Brother Sanders, who is conducting a meeting at Lorenzo, had charge of the service which was held at the cemetery.

Deceased was an old Confederate soldier. An aged wife and five children survive. Two daughters, Mrs. Frank Lockwood of Elida, New Mexico, and Mrs. Myrtle Laddlow, of Abilene, and a son of Hamlin, Texas, were present at the funeral.

Mr. Crockett formerly resided in the Robertson community before moving to Elida, and his many friends in this community were greatly grieved when the word was flashed that he had passed away. The Tribune joins the many friends of the family in extending sympathy to the bereaved ones.—Lorenzo Tribune.

Mr. Crockett was formerly a resident of Scurry County, and will be remembered by many of our older residents.

NOTICE TO SCHOOL SUPERINTENDENTS!

AUSTIN, April 6.—We are mailing our warrants this week for the payment of \$2.00 on the per capita apportionment to all counties and independent districts qualified to receive them. On account of not having received the depository report for the counties of Gray and Lamb for the year 1924-25, the warrants are withheld. This is also true for the counties of Dimmitt and Parmer with respect to the reports of the county superintendents. There are 144 counties that have not yet filed approved depository bonds. The statutes do not permit warrants to be mailed to the former depositories and these funds will be withheld until approved bonds are filed in this department. You should inquire at your depository on or after April 12 whether or not this warrant has been received. You may expect another payment of \$2.00 on or about May 10.

Very truly yours,
S. M. N. MARRS,
State Superintendent.

BUILDING NOTES

Mrs. Sarah E. Collom is building a residence on her place 12 miles west of Snyder.
Charlie Marr is building a residence on his place twelve miles west of town.
Lon Favor has just completed a nice little home on North Claiborne Street.
The old Maxwell hotel building is being given a thorough overhauling. This was originally a concrete block, two-story structure and inconvenient. A new front with plate glass will be one of the many improvements, and the interior will be worked over, making it modern in every respect.

The lower floor will be converted into store rooms, while the upper floor will be used as a rooming house as heretofore.

Harvey Shuler is building a modern brick veneer home in East Snyder to cost complete about \$7,500.

The front of the Yoder-Webb building has just received a coat of pebble-dash, which adds greatly to its appearance.

Mrs. Dora Cunningham has just completed a nice residence on her farm about 16 miles north of town.

Mrs. J. M. Bynum is remodeling her home west of town.

TIMES-SIGNAL SIGNALS

A lot of little boys who used to love to play tag have now grown up and become traffic cops and bandits.

The Snyder boy who can't decide whether it is best to marry a good looking girl or a cook better take the cook. He might die of indigestion while the good looking one was learning.

As we understand it, the chief fault with hair restorers is that they don't restore. They remove the cause—and the hair.

It's pretty hard to find a Snyder man who can remember four of the ten commandments, but any of them can name at least twenty makes of automobiles.

The budget system is a thing that enables a country to tell in advance just how much money it is going to waste.

The old saying that "all men are fools" is correct, only a single man isn't reminded of it five or six times a day.

After the average Snyder man has been married 30 or 40 years he doesn't have to worry about what to get his wife for her birthday. He goes out and buys her a new coffee pot.

If fleas have to have a home, why don't they stick to the cat instead of picking on a good fellow like a dog?

No citizen of Snyder is in need of eyeglasses so long as a dollar looks bigger to him when it is going out than it looks when it is coming in.

You may get tired of seeing your wife while you are well—but she surely looks good to you while you're sick.

Sometimes we meet a man who gives us the impression that he only reads the Bible because he wants to be able to argue with a preacher.

A Chicago paper says, "A single policeman licked five men." Wonder how many a married policeman could have licked.

Any Snyder man who wants to get rich quick might try inventing a radio set that will work perfectly when there's company in the house.

Marriage is that part of a girl's life that comes between the lipstick and the broomstick.

H. P. Wellborn says it seems strange to think that there was a time when a woman spent as many hours putting polish on a stove as she now spends putting powder on her face.

According to Allen Warren, another form of waste consists in killing a perfectly good sheep to make parchment for a college diploma.

It's about time now to drag out last spring's suit and see if it is good for another 10,000 miles without a puncture or blowout.

"The main trouble with the fellow who has seen better days," asserts O. P. Thrane, "is that he always wants to use up your valuable time in telling you about it."

This is also the season when a fellow finds out right after he has eaten them whether they were toad-tools or mushrooms.

Sam Hamlett wants to know what has become of the old-fashioned beau who used to encounter the points of many pins when he put his arm around his girl's waist.

WHAT'S DOING IN WEST TEXAS

SPUR—An additional 12,000 egg capacity incubator is to be installed here in the near future. Custom hatching has grown to large proportions in this section, with Dickens and Kent County farmers stocking their farms with chickens furnished by the Spur Poultry Ranch. The ranch was recently sold to C. O. Davis of Rule.

HEREFORD—An additional position has been installed here at the central office of the Southwestern Telephone Company for the purpose of handling the rural and toll lines. Hereford has five positions on the board, which will be ample to take care of increased business.

SWEETWATER—Another important industry has been added to Sweetwater's list with the announcement that A. A. Koh, for the past year manager of the San Angelo Foundry and Machine Co., has purchased land here and will begin immediately the erection of a foundry and steel plant. The new industry is to be known as the Star Foundry, Steel and Machine Company.

BALMORHEA—The name of Madera Valley has superseded the title "Toyah Valley" following a unanimous vote of the local chamber of commerce. The change was made due to confusion of the valley with the town of Toyah and Toyahville.

ANSON—Graveling on all intersections and grading of streets preparatory to putting gravel on is under way here. The city is paying for the street work.

KRESS—Contract has been let here for three brick business houses, and work will start at once on these.

WICHITA FALLS—The choral contest sponsored annually in connection with the big yearly convention of the West Texas Chamber of Commerce has been expanded this year to include four classes of organizations. Choral clubs, college and high school glee clubs and choirs are eligible to compete this year. One hundred dollars as first prize and fifty dollars as second award are to be given in each class of the contest.

CHILDRESS—The fourth West Texas Chamber of Commerce convention of the year will be held in this city May 5, when representatives from the Green Belt and Lower Panhandle district gather here. More than thirty towns are expected to send delegates.

STANTON—Work has begun on a 10-cottage tourist camp on the west edge of Stanton on the Bankhead highway. The cabins are drive-in type and are equipped with heater, running water and conveniences for cooking and comforts.

MEGARGEL—A successful clean-up campaign has been completed here under the sponsorship of the Current Literature Club of Megargel. Substantial prizes were offered for the largest piles of trash, the cleanest premises, and such.

COLEMAN—Leon Shield, oil man and banker of this city has offered \$100 in gold as prize money in the West Texas Chamber of Commerce "Home Town" speaking contest to be held at Wichita Falls during the ninth annual convention of the organization May 16 and 17. Winner of first prize in the contest is to be awarded \$100 in gold, the Thomas Etheridge Jr. loving cup, and scholarships to Texas Tech and to the West Texas State Teachers College at Canyon. Fifty dollars will be given winners of second place; twenty-five dollars will go to third winner, and fifteen and ten dollars will go to winners of fourth and fifth places respectively. The contest is open to high school boys and girls in member towns of the West Texas organization.

Sardis High defeated Snyder Hi Tuesday, 12 to 7.

GLOBE TROTTERS COMING BACK HOME

Mr. and Mrs. F. E. Bartlett of Snyder, who left the States last October for a tour of the world, have advised local relatives that they left Cherbourg, France, April 6 and expected to arrive in New York Tuesday.

Owing to the ill health of Mrs. Bartlett the return to their home country was made necessary. They have visited England, Ireland and France since leaving here, and according to letters have enjoyed their trip abroad.

They further expect to spend a little time in the North, and to arrive in Snyder some time in the fall.

SNYDER VISITORS

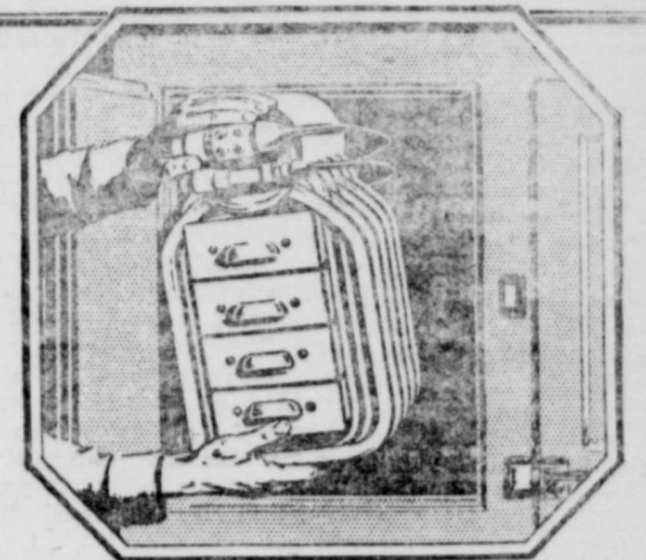

Mr. and Mrs. C. R. Buchanan had as their guests the latter part of last week Mr. and Mrs. J. C. Pittle and little son, Jackie, of Rotan; Mr. and Mrs. C. C. Pittle and little daughter, Frances, of Hillsboro. Miss Clyde Pittle, a teacher at Hud and a daughter of Mr. and Mrs. C. C. Pittle, was also a guest.

"Where Style Reigns Supreme"

C. OF C. NOTES

(Continued From Page 1)

George Wright, who owns and operates the Bell City Hatchery near Ira, spent a few moments in the office of the Scurry County Chamber of Commerce last week. George says that in about two weeks his hatchery will turn out about 800 more real money makers for Scurry County in the shape of registered white Leghorn chicks. George knows his stuff in starting baby chicks off right, and Scurry County folks will do well to see his hatchery and grab some of these baby chicks. George did not raise any cotton last year, and he's going to raise less this year. Stick to your chicks, George.

A good IDEA! An IDEA BOX! You will find on the door of the office of the chamber of commerce an idea box. We want your ideas, Mr. and Mrs. Scurry County Citizens. For anything that you think will benefit Scurry County or Snyder. That's what the office of the chamber of commerce is for. The secretary will give your idea due consideration, besides submit same to the board of directors. Harp- leigh, Darn, Fluvanna, Ira, Dey- rault, Inadine, come on with your ideas for a better Scurry County. Shall them if you cannot come to the office.

You cannot make Scurry County great and hay elsewhere. With six registered Jersey cows and 160 chickens, Mrs. T. C. Bills, who lives 8 miles southeast of Snyder, feeds seven healthy, hungry children besides herself and the baby, Mr. Bills, making a family of nine, and banks \$65.00 per month. Mrs. Bills was a very pleasant caller last week at this office. She says she doesn't feed her little chicks anything but skimmed milk, and that they are growing fast, giving her very little trouble. She says they have purchased very little feed for their cows. Mrs. Bills was well and modestly dressed, reflecting the successful housewife manager that she is.

Yes, I'm guilty. Guilty of what? Handing out a big Snyder dollar to a lady that handed me a paper which stated that she was deaf and dumb, and had been made so by some kind of sickness, and that she was too old to be admitted to a state school for such unfortunate people, and wanted some money to pay her way in a private institution. Your secretary thinks that was about the way the paper read. Well, I congratulate the lady, and am going to give her the benefit of my doubt and say she was a lady, for she had just 40 names ahead of mine that had given her one dollar, and upon investigation I learned several had given fifty cents that didn't set their names down. Forty-one good Snyder dollars gone that I know of. What assurance have we that she is going to attend any such institution? Why should she attend any institution with the revenue Snyder folks give her? She'd be foolish to spoil such an easy way of making a living. If afflicted as she claims, there's not a county in Texas that would refuse her proper training from the county she

belongs in. Easy? I should say we are. But this is telling all the good people of Snyder and Scurry County what your secretary of the Scurry County Chamber of Commerce has done. I give because I see the names of our big business firms heading the list, but no more. In the future I've got to know that the cause is a worthy and just one. I'm from Missouri from now on—it's coming too fast of late. We've many charitable organizations right here in Snyder, and many worthy people that need our extra dollars. Your secretary is going to recommend that a committee be appointed at our next directors meeting to approve or disapprove the worthiness of any claim for charity, and I don't mind telling you this has been done for many years in the eastern and central states. You either have the proper papers from your chamber of commerce, or you don't sell or receive.

Mr. J. Gilmer Davis told the secretary of the Scurry County Chamber of Commerce this week of his experience with white Spanish peanuts on his farm in the Knapp community. Gilmer had 5 acres of peanuts last year; he has been most all the year threshing them by hand he had so many. He still has a good supply on hand, and Gilmer made only 75 bushels per acre. Gilmer is getting ONLY \$2.25 per bushel for his peanuts, only 165.75 per acre from his land, and if Gilmer had a thousand ear loads he could get the same price. Thirty-two million pounds of white Spanish peanuts were imported into this country last year with a 4 cent duty on each pound. Figure it yourself, Gilmer; that's 1,400 ear loads of 30,000 pounds each, and if the Scurry County farmers got ONLY the 4 cent duty on them they would have \$1,680,000. That's a great deal more money than Scurry County farmers ever received for a cotton crop with no more expense per acre cultivation and cost than Gilmer Davis spent on his five acres last year.

Mr. T. A. White, superintendent of the Southwestern Bell Telephone Company, with headquarters at Lubbock, was a busy man in Snyder Monday. Mr. White is getting to be a regular Snyderite, and he's got a great big right to be, for he approved the expense of his good company's buying four memberships in the Scurry County Chamber of Commerce. Mr. White says it's Scurry County and Snyder folks that increase the revenue of their several offices in Scurry County, and it's the policy of the "Bell" to help build up any community with service and cash remuneration. Scurry County and Snyder folks, there's a "Bell" Booth in the office of the Scurry County Chamber of Commerce for your convenience. Read your favorite daily paper or magazine while waiting for your call; write a letter to some friend; there's stationery and stamps for you with a brand new desk at your service. Let's help the Bell phone to grow—they are helping us.

Some people say that a fellow talks too much—he's "windy." All right, Mister, just keep silent, and you will be forgotten. Snyder has got to go forward or real estate values will go backward. Simply real estate is the base of our real values. Towns that cease to grow greater become smaller. Lots of

talk and no action don't get us anywhere. Let's all make the Scurry County Chamber of Commerce the best in West Texas. Will you do your part?

The Snyder Merchants Association authorized Secretary Moore to have the band stand painted. It is located on the court house lawn and is the property of the Snyder merchants. The Scurry County Federation of Women's Clubs can be given the credit for seeing that this stand needed painting and will improve the appearance of our court house square very much. Now, let's mark our streets so that cars will be correctly parked, and we will have the nicest and cleanest town in West Texas for the tourists to admire this summer.

Secretary Moore of the Scurry County Chamber of Commerce visited the intersection of Highways 93 and 18 this week, and upon making a check of the automobiles that go from Fort Worth and Dallas to Amarillo and Lubbock, it was learned that only one automobile out of seven takes the right road 20 miles out of Albany. The road via Anson, Roby and Snyder and Post is 16 miles the nearest route and is a much better road. At a meeting of the directors of the Scurry County Chamber of Commerce Secretary Moore was instructed to see that a large sign was put up at the intersection of these highways, and the chambers of commerce at Post, Anson and Roby have authorized the payment of their part on the expense of the sign. The sign will be 8 x 16 feet, well constructed, and lit up at night from Deleo system at the billing station just across the highway from the sign. This sign will route many thousands of people through Snyder that would otherwise not visit us.

There was a mass meeting held at Union Saturday night to discuss the consolidation of the Bethel and Crowder schools. Superintendent Bullock was there with some facts and figures as to costs of buildings of different types. He also read some recent legislation concerning the schools. There was some discussion pro and con, but no definite action was taken. It appears to take us a long time to make up our minds to jump; in fact, I am inclined to believe the final solution of the rural school proposition will come by legislation as bad as we hate to be made to do the right thing. Of course everyone is honest in his opinions, but I am honestly of the opinion that we let the dollar mark control our opinions to a very considerable extent, when we should think for posterity and the future more than the fact that we might or might not have a few dollars additional expense.

Esker Land is confined to the house with measles, but is getting on nicely and will be able to call on the girls real soon. A number of the young folk took dinner at the home of Mr. and Mrs. E. H. Lewis Sunday. This was a farewell dinner in honor of one of our young men, Freeman Perry, who left for Detroit, Mich.,

Uncle Billy Hackabee's brother and water visited him Sunday. T. I. Bynum and wife, and daughter, Miss Alma, are visiting at Wichita Falls. UNION DOTS

Splendid day Sunday, Mr. Editor! Sunday school well attended, good preaching service conducted by C. R. Hardy, pastor of the Methodist church! Had a nice crowd of the Fluvanna Methodists attend all of the services of the day. Those of Fluvanna who attended were Mr. and Mrs. W. F. Mathis and family, Mr. and Mrs. L. A. Haynes and baby, Mr. and Mrs. Cullen Berry and family, Mrs. J. G. Landrum, Mrs. Colon James, Misses Angie, Pauline and Nadine Haynes, and Brother Clifford Haynes and Marvin Handback.

The Epworth League program for Sunday was a joint program by the Fluvanna League and the Union League, led by Mrs. Colon James, and right here we want to say that the program was rendered in a way that was a real inspiration to everyone present. After the League there was a short intermission after which the newly elected League officers were installed. The hour was then turned over to J. E. Kirby of Colorado who is the district League secretary. Mr. Kirby made a splendid talk and everyone enjoyed his talk. At the close of this talk Vernon F. Perry, also of Colorado, was introduced and made a splendid short talk. Each of these young men impressed us as splendid young men and each of them will be before the district conference for license to preach.

Hollis Loyd, who is teaching at Gannaway, spent Saturday night and Sunday in the home of the writer. This is another splendid young man who is preparing to enter the ministry. Arlie Biggs and family visited their home folk Saturday night and Sunday. Fred Davis and wife visited their parents Saturday night and Sunday. Byron Wren and family, who have moved to Colorado, were visiting among friends and relatives the past week end. Miss Lois Huckabee is visiting her sister at Wichita Falls at this writing.

MR. AND MRS. FRANCIS BERRY ENTERTAIN

Last Friday night at early dusk a large bunch of jolly youngsters, all dressed in their funny costumes, assembled at the home of Mr. and Mrs. Francis Berry to have an "April Fool" party. The bunch was feeling rather gay, trying to find out who the other fellows were. As soon as all were recognized, they began playing games which continued for about two hours.

It was getting late, and the bunch was getting hungry. We were told to go to the creek to eat, and we lost no time in getting there. When we arrived, what do you think? We found a big camp fire with a pile of marshmallows nearby. We all got plenty for Alvis Minton and Floyd Logan said they didn't like marshmallows.

At the late hour of twelve midnight we departed tired and sleepy, hoping we would soon have the privilege of going to another such party.

MRS. HICKS HOSTESS TO EL FELIS

The El Felis Club members and guests were delightfully entertained at the home of Mrs. J. G. Hicks Friday afternoon, April 15. A short business session was held in which the officers for the ensuing year were elected as follows: Mrs. Wade Winston, president; Mrs. Hugh Boren, vice president; Mrs. W. E. Smith, secretary, and Mrs. J. G. Hicks, treasurer.

A number of interesting games of forty-two were followed by a delicious two course luncheon which was served to Mesdames O. P. Thrane, Lee Stinson, R. J. Randa, H. J. Brice, Joe Stinson, Gertie Smith, W. W. Hamilton, C. C. Higgins, Wade Winston, Dixie Smith, L. O. Smith, Hugh Boren, George Northcutt, C. W. Harless, H. L. Davis, Ivan Dodson, W. W. Wilsford, Bob Warren and W. D. Beggs, members, and Mesdames Joe Monroe, Joe Caton, H. P. Brown, Allen Warren, Hugh Taylor and Wraymond Sims and Misses Bailey of Altus, Oklahoma, and Adeline Tucker of Bowie.

Mrs. Vick Montgomery and Mrs. Ivan Teters spent Sunday at Post with the latter's parents.

A Word With the Old Folks

Elderly People Are Learning Importance of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Stuffy or burning passages, of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endusers who acclaim the merit of Doan's. Ask your neighbor!

VICTORY BIBLE CLASS MEETING

The monthly social meeting of the Victory Bible Class was held at the home of Mrs. D. P. Yoder Tuesday afternoon, April 12, with Mesdames A. E. Birdwell, W. A. Black and J. M. Bannister as hostesses. A short business session was held in which the report of ninety seven visits to sick and strangers were made, twenty two garments given, three dozen eggs, four luncheons carried and four bouquets given. The motion was made and carried that the class room be beautified, with Mesdames A. O. Scarborough and J. C. Dorward appointed as the committee for the furthering of plans. Mrs. W. H. Cauble gave a table for the room, the remodeling of which will be done by Mrs. A. E. Birdwell. Mrs. A. E. Bell was elected superintendent of the home department, while Mesdames I. W. Boren and Floyd Thompson were appointed the visiting committee for the ensuing month. Mrs. J. E. Ketter expressed her thanks for flowers sent by the class during her illness. Mesdames Cauble, Birdwell and Dorward kindly consented to serve

SINE CURA MEETS WITH MISS SMITH

Miss Ruth Smith was a pleasing hostess when she entertained the Sine Cura club members and guests at her home Tuesday afternoon, April 12. Delicious salads and ices were served to Mesdames E. J. Anderson, R. H. Curantto, Ivan Dodson, Austin Erwin, W. R. Lee, Charles Cooper, O. P. Thrane, W. W. Lechner, A. J. Towle and J. M. Harris and Miss Cecile Strayhorn, members, and Mesdames P. M. Chambers, Bib Byrd, George Oldham, Nathan Reynolds, Bob Warren, Tom Gates and W. D. Beggs, guests.

GIVES DEMONSTRATION TO SNYDER HIGH STUDENTS

Miss Augusta M. Harris of Springfield, Missouri, demonstrator for the Jello Company, gave a very beneficial and worth while demonstration in the preparation of Jello foods to all members of the home economics classes and other students of the Snyder high school April 6. Miss Harris brought a number of interesting points in the preparation of this product which the average person does not know, and which when followed will give more satisfactory results.

1. When preparing ingredients to be added to Jello, such as celery, always cut lengthwise before dicing to prevent stringing.
2. Vegetables and other foods to be added should not be diced while held in the fingers, as this destroys the greater part of the juices.
3. Jello should be whipped while still in a liquid form. Waiting until after it hardens results in air bubbles and lumpy jello.
4. When adding other substances to jello, such as whipped cream and fruits, do not stir, as this destroys the firmness of the dessert. Fold it in lightly.
5. To remove jello from mould, take a pan of water just warm enough to be uncomfortable to the hand. Do not hold mould in the water, but touch it lightly with a circular movement, after which it should remove to dish easily.
6. Sugar should never be added in the preparation of jello.

Tuna Fish Salad

Dissolve a package of lemon Jello in a pint of boiling water to which two tablespoonfuls of vinegar has been added. Let set in ice box until it jells to the consistency of thick molasses, and add the following ingredients, mix, mould and turn out on a lettuce

COAHOMA PROGRESSING

According to The Coahoma Citizen, newly created newspaper in the bustling village by that name, the Magnolia Petroleum Company is building a pipe line 15 miles in length from their refinery to the plant at Iatan. It also stated that Iatan will be the location for two 55,000 barrel storage tanks.

Coahoma is said to have tripled in growth in the past three years, owing to the oil activity there. There are approximately 160 wells in operation in that section.

The editor of the Terry County Herald recently visited Coahoma, and speaking of the activity there, said:

"We also visited the old Chalk ranch home, found up among the mesquite bushes in the southeast part of the field and near the rim of mountains. While his income is said to be about \$4,000 weekly, Mr. Chalk is content to remain at the old ranch home, but has recently purchased a \$7,000 gold-mounted car. On some of his land he is also drilling wells on his own hook, on land that had not been leased."

NEW GARZA COUNTY AGENT

Knox Parr, of Seminole, Gaines County, is the new county agent for Garza County, succeeding C. F. Lockridge. Mr. Parr is a graduate of A. and M. College, and comes highly recommended.

Mr. and Mrs. P. M. Chambers had as their guest Sunday Mr. Chambers' nephew, W. A. Schawe, of Waco.

NEW COW FEED

L. L. Medlock of Roscos has perfected a new cow feed that is said to be of high quality food content. It is especially adapted for milk producing qualities and contains 50 per cent ground maize, 25 per cent bran, 24 per cent cotton seed meal and 1 per cent salt. According to the Bureau of Standards, it contains 18 per cent protein, 3.5 per cent fat, 9.5 per cent crude fabrics, and 61 per cent nitrogen free extracts.

Dink Merrill and F. Malcolm Crouch were in Sweetwater Saturday and Sunday the guests of Mr. and Mrs. Neil Gross.

Messrs. Ivan Dodson, Forrest Sears, Jodie Monroe and Henry Brice left Snyder Sunday for a few days trip to Dallas.

NEW HERMLEIGH CORRESPONDENT

Miss Ina Mae Caswell will be the Times-Signal's new reporter for Hermleigh, commencing next week. Patrons living in that section should make it a point to get in touch with her and give the news and other happenings of the neighborhood. Miss Caswell is also authorized to accept new and renewal subscriptions.

LET'S GO, SNYDER!
Mr. and Mrs. W. I. Gross and Miss Fimple were in Sweetwater Saturday and Sunday the guests of Mr. and Mrs. Neil Gross.

Miss Mattie E. Clark visited with her brother, Charles Clark, of Sweetwater and county agent of Nolan County, Sunday.

Your Car's Life Depends on it

YOU can't afford to take chances with your motor oil. The very life of your car depends upon proper lubrication. So, instead of asking for a "quart of oil" and hoping that it will do the job, ask for the correct grade of Conoco Motor Oil and be sure. There's a grade of Conoco for your motor. You'll find it listed on the Conoco chart which any Conoco dealer will be glad to give you.

THE STATE OF TEXAS. To the Sheriff or any Constable of Scurry County, GREETING: You are hereby commanded to cause to be published for more than twenty days previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the estates of S. D. Gee and Mattie May Gee, deceased, know ye that Robt. H. Curmiste, Administrator of the estates of S. D. Gee and Mattie May Gee, deceased, having on the 12th day of April, 1927, filed in the County Court of Scurry County, Texas, his application to sell the following described land belonging to said estate:

330 acres of land out of Section 257, in Block 97, H. & T. C. Ry. Co. survey, in Scurry County, Texas, which land is described by metes and bounds as follows: Beginning at a stage set in the South line of Section 257, 673.3 varas East of the Southwest corner of said section; Thence North 0 degrees, 35 minutes, East 1677 varas to stake in North line of said Section, which stake is set at a point 673.3 varas East of the Northwest corner of said Section; Thence East 1110.9 varas to stake in North line of said Section for Northeast corner of this tract; Thence South 0 degrees, 35 minutes West 1677 varas to stake in South line of said Section 257 for Southwest corner of said tract; Thence West 1110.9 varas to the point of beginning.

Now therefore, these notices are to notify all persons interested in said estates to be and personally appear at the next regular term of the Honorable County Court, to be held at the court house in the city of Snyder, on the second Monday in May, 1927, same being the 9th day of said month, then and there to show cause why such sale should not be made should they choose to do so.

Given under my hand and seal of office this, the 12th day of April, 1927.

(Seal) MABEL Y. GERMAN, Clerk County Court, Scurry County, Texas. I hereby certify that the above and foregoing is a true and correct copy of the original citation now in my hands.

F. M. BROWNFIELD, Sheriff of Scurry County, Texas.

BROTHER OF MRS. PEARL ERWIN DIES SUDDENLY Mrs. Pearl Erwin of this city received the sad message that her brother, R. E. Williams, had died suddenly Friday morning at Pampa, Texas.

Mr. Williams was at one time county judge of Gray County. He has a number of friends throughout West Texas who will regret to learn of his death.

REPORTER. MRS. JOHN WELLER'S BROTHER DIES IN N. M.

S. M. Beeman, a brother of Mrs. John Weller of this city, died in Richland, New Mexico, last week.

Mr. and Mrs. Weller went to Richland to attend the funeral. Mr. Beeman is survived by several children, some of them being former residents of Snyder. They are as follows: G. A. Beeman, Sweetwater, Texas; S. F. Beeman, Richland, N. M.; F. M. Beeman, Richland, N. M.; T. L. Beeman, Tucuman, N. M.; and Mrs. J. E. Boyce, Haggerman, N. M.

CLEAN-UP DAY Will Snyder have a Clean-Up Day—and when? All of us should clean up our premises and places of business to make Snyder a welcome place to the tourist or home-seekers that are arriving weekly.

Who will start the ball rolling for a Clean-Up Day in Snyder?

Mr. and Mrs. Byron Wren of Colorado spent Saturday and Sunday in Snyder with their parents, Mr. and Mrs. W. B. Lemons and Mr. and Mrs. W. R. Wren.

Mr. and Mrs. T. J. Trice and A. H. Trice were Abilene visitors Tuesday and Wednesday. They were accompanied back by Mrs. Will Trice of Birmingham, Ala., who will be a visitor in the Trice homes.

Money borrowed on farms and ranches. These loans pay them selves out at the end of 33 years. Very liberal options. Inspections made promptly.

See us before securing your loan elsewhere.

Concerning Price

THE last service to a loved one cannot be purchased in the same way as merchandise—clearly with a viewpoint of price. Notwithstanding, our charges are adaptable to the wants and purses of everyone. They are based solely on the quality of the casket and the extent of the service desired. But regardless of what the price may be, the same tender care—the same human sympathy—is always extended to those we serve.
