

SEEK FEDERAL AID FOR DAL-PASO ROUTE

LOVINGTON AND SEMINOLE TO ABIDE BY COMMISSION Highway Marked Eastern Terminal Cities to Cooperate With Towns On Route

A committee representing the Dal-Paso Cavern Highway Association soon to be appointed by Judge Dixie Kilgore of Lamesa, president of the association, will appear before the State Highway Commission...

The authority for the appointment was conferred upon the president at a meeting of the executive committee held at Breckinridge two weeks ago.

The presentation of the claims of the association for a designation westward from Lamesa follows a controversy that has developed whereby the highway commission has instructed the engineer not to inspect the route westward after it had been intimated that such a state designation would be made.

Commissions Settle Kouting The controversy between representatives of the town of Lovington and Seminole over the routing of the highway west of the New Mexico boundary, after growing rather spirited, was concluded by the officials of the association...

The paving of a mile of highway in Shackelford County connecting No. 18 with the Dal-Paso Cavern pavement in Jones County was discussed. Shackelford County, it is understood, is agreed to match the state fifty-fifty the expense, estimated at around \$25,000.

Notice was taken of elimination of "cuts" and acute curves on the D-P route. Victor L. Winter of Carlsbad outlined a plan for federalization of the highway under a scheme evolved for other Mexican highways.

Secretary Wilson is working out a plan for thoroughly marking the route with enamel arrows to be placed on the pavement of the highway from Dallas to Carlsbad, the expense of the arrows pointing towards Carlsbad to be defrayed by the towns on the route...

HE WHO LAUGHS LAST LAUGHS BEST

George Garner has been having the laugh on a lot of the folks owing to the remarkable amount of maize that he took from a new crop of maize. The fields were planted to oats last year, but the ground had never been broken. They told Mr. Garner that he couldn't raise any maize on this new ground.

Tahoka Editor Liked Looks of Snyder Crowds

Editor E. L. Hill of the Lynn County News at Tahoka said editorially last week: "The News editor passed through Snyder two weeks ago while the county fair was on. We did not have time to visit the fair, but we did have time to note the crowds of people in town. The sidewalks were lined with people. There was a great parade in which many interests were represented—business men stock men leading their horses and cows, a great host of school children. And everybody in the county seemed interested. It was everybody's fair. Wonder if we can't have something like that in Tahoka next year."

"LEAD KINDLY LIGHT" DEDICATED TO BEREAVED

Wednesday morning at 11:30 o'clock, Raymond La Pere, playing the grand organ at the Palace Theatre, Dallas, and broadcast over WFAA, gave as the first number, "Lead Kindly Light," which was dedicated to Mr. and Mrs. Arthur A. Bagwill of Plano and Mrs. Sam P. Harben of Richardson, in bereavement.

If Al Smith should be the Democratic nominee next year, Dallas will be a remarkably popular spot in the South about the first week in November.

Christmas Seal Sale Committee Is Ready to Go

Mrs. Allen Warren has been appointed by the Texas Public Health Association chairman of the 1927 Tuberculosis Christmas Seal Sale for the city of Snyder. Mrs. Warren will have the active cooperation of Superintendent C. Wedgeworth and Mrs. H. J. Brice, president of the local Parents Teachers Association. In putting on the annual seal sale in Snyder, it is expected that one of the state association's public health nurses will soon be available for school health examinations in Snyder. The P. T. A. is much interested in the sale and it is hoped to have definite information on the subject before the next meeting of the local school organization.

Arrangements for the Christmas Seal Sale in Snyder and Scurry County were completed Monday by George H. Craze, field representative of the Texas Public Health Association. In the county outside of Snyder the rural schools with the cooperation of County Supt. A. A. Bullock will have the opportunity to take part in the sale and also work for a prize in the shape of an attractive first aid kit, which will be awarded to each school selling \$10 worth of seals. The same prize is being offered to the local school.

It is hoped that the public health nurse will also be able to visit some of the rural schools. The state association's representative stated that during the past school year 8,200 school children were given a thorough physical examination. In addition to the school examination work, the Texas Public Health Association carries on numerous other forms of health educational work, all of which is supported by the annual sale of the familiar little seals.

STRAYHORN FORD AGENCY BUILDING ANOTHER PLANT

The spirit of West Texas—that of "get ahead and do it"—that of spirit is written all over the Strayhorn Ford agency, as they are digging themselves out of the disastrous fire of last week. A Times-Signal man was in their plant yesterday morning. Joe, the father, and Roy, the son, were busy on the spot, supervising the tearing down detail. Joe's face was dirty, so was ours, it's the spirit that predominates in all these West Texas towns and of its residents, that never gives up. That's why folks who come here never want to leave. It won't be long until Joe and Roy will have a finer, better plant than before, and with the sparkling new Ford that is coming, business will never be better. Our right mitt, our hearts, and all about us, are right with these gentlemen in their going ahead activity.

Fluvanna Boosts Town and Farms With Page Ad

It takes lots of towns, lots of villages, and lots of communities to make up the great part of Uncle Sam's domain known as West Texas. In that large mass of people and ground lies a wonderful spot of fertility, crops and fine folk known as Fluvanna. They believe in themselves—in their town—in the things that they produce, and they are backing their faith by broadcasting a full page to the outside world in this issue of the Times-Signal.

Rev. Jas. H. Tate is counted among the enthusiastic boosters for Fluvanna. He is also representative for this paper in that hustling little city to the northwest of us. It was through Rev. Tate and the progressive merchants of Fluvanna that the full page ad was made possible in this issue.

To cap the entire matter, Fluvanna is getting plenty of extra copies of this edition that will not only have a resting place in Fluvanna homes, but which will be mailed to various parts of the country to boost Fluvanna and to interest new capital and folks to come to this live spot in Scurry County.

Yes, people, Scurry County is on the map aplenty.

WILD ANIMAL SHOW COMING TO SNYDER NEXT MONDAY

Snyder is to have an honest to goodness real wild animal show next Monday, Oct. 10, when Moon Brothers Big Animal Shows will pick their tent here for one day only. Two performances are to be given, one in the afternoon, and one at night.

Here is an opportunity to bring the little folks to town to get their first glimpse of real wild animals such as elephants, camels, lions, tigers, leopards, mandrill-monkeys, in fact a traveling zoological arena will be shown in open days in the free street parade that starts at 1:00 p. m.

"All-American" Visit Station at Spur Monday

Albert Hawley, captain of the Haskell Indian School football team of Lawrence, Kan., garbed in his native costume. He is one of the star players on a team which last year was one of the few remaining undefeated at the end of the season. The Redskins scored a total of 578 points to 63 for their opponents in thirteen games played.

Colorado Hears Col. Owsley at Big Banquet

"Regardless of what you may think of it, it is my opinion that the guilty party who issued the recent false report from the Department of Agriculture regarding cotton, should be in a penitentiary," said Col. Alvin M. Owsley, speaking to 200 Colorado business men and women at the annual banquet of the Colorado Chamber of Commerce Tuesday night.

"It makes no difference to me whether it is taking the money at the point of a gun or by a deliberate false statement that will take money from the farmer. It is as bad as the other, and I favor a law that will make it a penitentiary offense to issue a false report from Washington regarding cotton crop or prices," Colonel Owsley continued.

Colonel Owsley told the business and professional men and women present that their chief concern should be the welfare of the farmer, and especially the cotton farmer.

"Prosperity of the towns and cities of Texas depends upon the price of cotton and the prosperity of the farmers," he said. He also referred to the world war and the sacrifices of the youth of the land and said that industry and commerce should be drafted in time of war the same as man power. Many former service men present cheered these remarks. Dr. C. C. Coleman, president of the Chamber of Commerce, presided, and in addition to Col. Owsley, Mrs. J. Lee Jones, Monte Owen and J. H. Greene spoke.

COTTON PICKERS BEING PLACED IN RECORD TIME

The Scurry County Chamber of Commerce, with the personal cooperation of William C. Perez, United States Department of Labor, placed 200 cotton pickers Monday. Telegraphic advices from Brady, Abilene, Fort Worth and San Antonio assure the local organization that they will receive all the pickers they can use this week.

FORMER RESIDENT KILLS WIFE AND SELF SATURDAY

Louis Cenear, well known to Snyder residents and who had been with the Snyder Tailoring Company for over six years, murdered his wife Saturday at Mercedes, close to the border. He then killed himself.

According to Mrs. J. A. Meadows of North Snyder, with whom the couple formerly lived, Mrs. Cenear after an altercation two weeks ago, suddenly left Snyder and went to her father's home at Mercedes. Mr. Cenear resigned his position here Thursday and left without informing Mrs. Meadows as to his destination or what he intended doing.

Sixteen Farmers Visit Station at Spur Monday

Sixteen men formed a caravan Monday morning in a pilgrimage to the Texas Agricultural Experiment Station located near Spur. The day was ideal. Every member of the party enjoyed a very interesting and profitable day.

Upon locating R. E. Dickson, superintendent of the experiment station, the tour over the farm began. The party was very much impressed with the practical manner in which the experiments were conducted, the efficiency of the farm, and the information that was available.

Mr. Dickson first led the party over to the cotton variety seed blocks. The matter of seed, character, size of bolls, storm resistance, type of stalk, and ease of picking of each variety was observed. These varieties included four strains of Mebane, Clifton, Hal and Cook Westcott, Kashi, Lone Star, Rowden, Durango, Lightning Express, Boykin, Acala, Truitt and a Mebane selection that had been made over a period of ten years at the farm.

It was very easy to note the various characteristics of the different varieties. Half and Half led in yield, but a good strain of Mebane was considered the most valuable cotton and the best to plant. Half and Half can not be sold extensively on any market, without injuring that market. It was noticed that some of the better staple cottons as Durango, Lightning Express, and Acala also gave good yields.

Various kinds and varieties of feed were noticed planted side by side. Two strains of Feterita, Nigera, Sargo, Primo, Dares, and two strains of Kaffir, and Red Top cane. Conclusions indicated that the best feed was the most profitable roughage, with kaffir second and superior for feeding some classes of stock, and milo maize the best for headed feed.

The soil experiments are a feature of the Spur station. Accurate information is obtained on the amount of water running off, the soil wash-off on various grades and under various farm practices. On fallow land having a two per cent grade, soil washed off at the rate of 42 tons per acre. Over thirty tons left the plot planted to cotton on a three per cent grade. These experiments show the value and necessity of terracing. Also experiments were in progress to determine the level terraces appear to be by far the best system. An acre terraced on a level has made 38 more this year than an adjoining acre with a 6 to 8 inch rainfall.

Incidental items noted in the rounds were implements, bees, hogs, dairy cattle, sheep, weather recording instruments, and the ornamental salt cellars meeting to the attractiveness of the farm.

During the noon hour the party was served a luncheon through the courtesy of the city of Spur. J. L. Carrell acted as toastmaster. Talks were made by Mr. Dickson, H. C. Williams, S. G. Lunsford, J. A. Huckleberry, H. M. Murphy, with Mr. Lee, a Spur banker, making the principal speech. Mr. Lee showed the benefit the county had reaped from a dairying and poultry program. He stated that this year the county possessed 22 circle bulls, and also stressed the value of alfalfa for pasture.

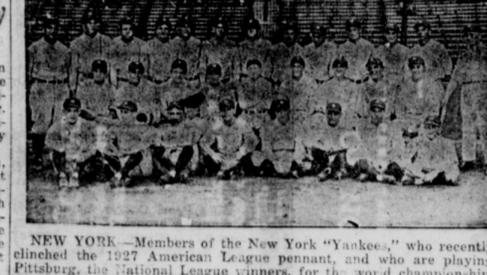

The Spur experiment station is operated for the benefit of the people of this county, and many who have not should visit this farm. The party making this trip included: H. M. Murphy, R. D. Kinney, Leonard Jones, Neal Farr of Hermleigh; H. B. Patterson, D. L. Patterson, Elmer Bentley, D. H. Bentley, W. B. Lemons, Joe Wolf, J. A. Huckleberry, J. A. Huckleberry, Jr., C. C. Wilcox, L. L. Lunsford, S. G. Lunsford, Holly Shuler, Sherman Blakely, Snyder.

CITY COUNCIL TO CONSIDER LETTING FRANCHISE FOR GAS

Officials of the Community Natural Gas Company of Dallas, a subsidiary of the Lone Star Gas Company, met with the City Council Monday night. The officials of the gas company, met with the City Council Monday night and asked for a franchise to place natural gas within the City of Snyder.

The council has taken the matter under advisement and will report back next week. The meeting was held at the Higginbotham Brothers store. Snyder has been asking, yearning and begging for gas for many years. Let's hope our city dais put the idea across right now, for it means the advancement for the best small city in all West Texas.

American League Winners

NEW YORK—Members of the New York "Yankees," who recently clinched the 1927 American League pennant, and who are playing Pittsburg, the National League winners, for the world championship.

WATCH THE PAPER

Don't overlook the coupon in this paper which entitles every Times-Signal reader to a free box of the wonderful Kellogg Corn Flakes. Every grocer in Scurry County is stocked with a large supply—so take your coupon to your favorite trading place.

Presbyterians To Go Ahead on New Church

The Presbyterian congregation in Snyder has been worshipping for three or four years in their concrete basement, but the membership in the church and in the Sunday school is increasing in numbers, and the congregation feels very sorely the need of completing its church edifice.

Plans are now being worked out by a competent architect and builder for the completion of the building, and will be submitted in a few days for approval of the congregation and the building committee, and when this is done the congregation and its committee will push the work of raising funds to meet the cost of construction and completing the auditorium.

SHOWING AT FAIR

Snyder is well represented at the Midwest Exposition at Sweetwater this week by Sidney Johnson, who has his Hereford bull, "Prince President," there; Winslow Brothers also have two of their high class Hereford bulls on exhibit.

Freak Wells Furnish Power For Pumping

Scurry County has two freak wells. One of these is located fourteen miles southwest of Snyder on the all lease of the Northwest Company near Ira. This well flows cold air continuously, and the pressure is so great that the Northwest Company operates two oil well pumps with its pressure. This well has been flowing cold air continuously for more than two years.

The other well is located on S. A. Smith's farm five miles east of Snyder. This well has a windmill over it. There will be several days that the windmill can not pump any water. During this time the well will be either sucking air or blowing out cool air. When it is either sucking in air or blowing it out the noise can be heard for 100 feet. Fire tests have frequently been made, with the results that the blaze was either sucked into the casing or blown out. The water from this well has been analysed and shows nothing out of the ordinary.

PURCHASES HOME A. B. Campbell purchased the Grandma Broxton home south of the Baptist church, and is moving this week.

FARMERS SHOULD PLANT GOOD SEED

"Handy Man" Is Ready to Help With New Ideas

Several weeks ago the Times-Signal made the announcement that it was adding a "Handy Man" to its service, and for the benefit of our readers, but it so happened that our source of supply at the last moment were unable to furnish us with the size cuts that we needed to handle the matter in a two column width. We went after our source of supply, post haste, to eliminate the difficulty and finally, last Friday, coming through a clear sky, Uncle Samuel delivered a mail package, and the Handy Man was ready to go to work.

Each week henceforth, starting today, plans and drawings for making some popular useful article for home use will appear. These plans are so simple that boys can pick up the details and get ahead and any man who likes to work with tools will enjoy this series. Especially will these plans appeal to grade and high school boys in town, as well as to the rural school.

There has been a remarkable growth of interest in this hobby—if such a useful pastime may be called a hobby—of making things at home; of having a workshop in the home where the man of the house can make those things that strike his fancy.

While the development of this interest in this country has come mostly since the war, it is not new to other parts of the world. In many countries, in England, for example, it has long been an almost universal custom for the man of the house to have a workshop down in the cellar, up in the attic, out in the tool shed or garage, or somewhere where he can "make things."

In our own neighborhood there have lately been many evidences of the growth of this new interest. Our boys, studying manual training in school, are showing Dad how to use the saw and the plane. It is not unusual to see even our busy neighbors "tinkering" around home in the evenings. Hand-made cedar chests, porch swings, and the like are no longer unusual.

Recognizing this interest, the Times-Signal has just completed arrangements to supply its readers with a weekly series of plans and drawings that will show how to make those things that "handy men" everywhere like to make—such things as a work-bench, smoking stand, kitchen stool, sewing cabinet, and dozens of similar things.

BILL SMITH TAKES BLAME FOR ROBY SHERIFF KILLINGS

Bill Smith, held at Morganfield, Ky., on charges of murder in connection with the killing of Sheriff Bob Smith and Deputy Jake Owens of Fisher County, made a statement Wednesday to Pete Norfleet, Texas special officer, in which he endeavored to clear Lloyd Conatser, 19, who is also charged with the officers' deaths, say Wednesday morning dispatches.

SNYDER AIRPORT SHOULD FOLLOW WRITER'S PLEA

As transportation develops, so does the country. The coming of the railroad, the automobile, meant rapid strides in the making of America. Now the age of aerial transportation is here. The whole country is waking up to the fact. Many towns no larger than Snyder have airports. Why not Snyder? Our neighboring city has a well equipped field including a hangar for three planes, high life gasoline pump and graded field.

A few days ago a plane came to Snyder. The only place that could be found for it to land was in a soft, bumpy field. Let's improve this condition, so as not to allow our town be isolated from the air.

Want some citizen donate the use of an open level tract of land 1200 by 1200 feet, or better still 1800 by 1800 feet. The 1200 size would make a Class C field and the 1800 a Class B field. With some leveling work and possibly a little clearing, the field being marked with the insignia of an airplane landing field (a 100-foot white circle) Snyder would have an established landing field and be on the aerial map.

ADVICE GIVEN ON SAVING GOOD SEED FOR PLANTING

Is Good Advice

Local Farmers May Send Doubtful Seed to A. & M. For Test Now is the time for the cotton farmer to check up on the results of his year's work by getting squarely down to his production, J. S. Mogford of the agronomy department, A. & M. College, points out.

Among the questions that every cotton grower should ask himself, Mr. Mogford said, are the following: Was the planting seed used this year a good one, one that would be preferred for next year? Did the seed germinate ninety per cent, or better? Were they clean, pure seed, large, free from disease, and did they produce strong, healthy plants? How long was it from flowering to the first open bolls? Were the plants close jointed? Were the bolls large? Were the bolls of all the plants alike. How many bolls were there to the pound? Just exactly what was the acre yield? Was the harvest 350 pounds of lint to the acre or was the cotton production carried on at a loss?

"Cotton is grown chiefly for the lint it produces and therefore the grower should be sure that the variety grown produces a good, strong fiber that will meet the demands of the market," Mr. Mogford said. "If the farmer is unable to determine himself whether the staple is at least one inch long, if it is hard and strong, if all the fibers are of approximately the same length, if there is a heavy body of fibers on the seed, he may by sending his sample of lint to the Textile Department of the A. and M. College, get such information. If your cotton does not come up to the requirements of a good variety, don't start next year's crop with poor seed. Get pure seed, of a good variety, from a state certified seed breeder."

HERMLEIGH BANKER ESTIMATES YIELD

R. D. Kinney, Jr., president of the First State Bank at Hermleigh, estimates Scurry County's cotton yield at from 25,000 to 30,000 bales, and not to exceed the latter amount.

BUY FOOD WITH COTTON MONEY

"There are 6,000,000 people in Texas and they eat 18,000,000 meals a day. Every meal that is served on their table were raised on Texas farms we would be the richest country per capita in the world."

"We are spending \$6,000,000 a year for lettuce and tomatoes shipped from California to Texas," Orms pointed out, "and we can raise lettuce and tomatoes here that are just as good."

"We will make 4,760,000 bales of cotton in the state this year and receive \$60 a bale more for it than we received last year. But a big part of this money will be sent out of the state for food and feed crops that we could raise right here at an immense saving."

"We buy 20,000,000 pounds of butter annually from other states and Texas is admirably adapted to the dairy cattle business."

"We spend \$50,000,000 a year for pork products that we could raise at a profit in our country."

"We buy 20,000,000 pounds of hogs increasing, and I believe that the development of the dairy cattle, beef cattle, hog and poultry business in Texas is due to mean much to the state."

- SCURRY COUNTY IS GROWING
Court house records are the most authentic sources for information possible.
They are reliable and based on fact.
County Clerk Mabel Y. German informs the Times-Signal that from January 1, 1926 to October 1, 1926, there were 177 babies born to Scurry County parents. During the same period for 1927 the vital statistics show 207 fine, new babies coming to our county and city people a clear gain of THIRTY new residents.
During the period of January 1, 1926, to October 1, 1926, there were 58 marriages. During the same period for 1927 there were 88 marriages, a gain of THIRTY.
It is quite a queer coincidence that the birth and marriage increases in Scurry County are exactly the same.
Let's keep up the good work. Scurry County for 50,000 population in 1930!

The Farmer's Friend

Mrs. Ira Lee Sanders was called to Sulphur, Okla., last week on account of the death of her brother, R. L. Merrell. He was buried Friday.

Miss Juanita Whitmore, who is teaching at Roby, and Miss Rose Waddell visited the former's parents, Dr. and Mrs. J. T. Whitmore, over the week-end.

Post deferred Idalou High, 46 to 13, Friday.

Mr. and Mrs. Hugh Boren and son, Hugh, Jr., will leave Friday for Fort Worth where they will spend a few days with Miss Helen Boren of T. C. U.

G. A. Cole and Dewey Tidwell of Colorado came over Sunday in their airplane to spend the day with Collie Fish. Collie is a member of the Colorado Flying Club.

Mr. and Mrs. Bob Preston returned to their home in Midland Friday after an extended visit with Mrs. Preston's parents, Mr. and Mrs. S. C. Porter.

Mr. and Mrs. Clyde W. Shull visited with Mr. Shull's brother, Ed B. Shull, at the Hilton Hotel in Abilene Sunday. Mrs. Ed B. Shull returned home with them for a short visit.

Mrs. Dixie Smith went to Sweetwater Friday to meet her niece, Miss Rubine Johnson, and Miss Ellen Buice Johnson of Simmons University who spent the week-end in Snyder.

Mr. and Mrs. Nathan Reynolds returned from Fort Worth last Friday. Mr. Reynolds has also been to New York where he witnessed the international polo games.

Mrs. G. M. Garner and daughter, Bob, left Sunday for Alpine. Miss Bob will be a student at Sul Ross college.

Mrs. Earl Brown and children, Burgess, Elizabeth and Earl, Jr., of Abilene spent Sunday with Mr. Brown in Snyder.

Carl Yoder was in Menard last week and issued a franchise to a firm in that place to bottle Big Boy drinks.

Dr. and Mrs. W. M. McLaurey and son, Billie, of Jayton spent last week-end with Mrs. McLaurey's mother, Mrs. Jack Smith, and Mr. and Mrs. L. O. Smith.

Misses Alma Hood, Thelma Kilburn and Messrs. Mac Waskom and Lewis Blackard spent the week-end on the Waskom ranch as guests of Miss Punk Waskom.

Mr. and Mrs. Earl Henry and little son, Billie Mac, returned to their home in Abilene Monday after a short visit with Mr. and Mrs. W. D. Sims.

Mr. and Mrs. Clair Card, Mesdames Adrian Cruickshanks and Kate Cotten and Misses Thora Cotten and Clementine Card were Colorado visitors Sunday.

Mrs. Ira Lee Sanders was called to Sulphur, Okla., last week on account of the death of her brother, R. L. Merrell. He was buried Friday.

Miss Juanita Whitmore, who is teaching at Roby, and Miss Rose Waddell visited the former's parents, Dr. and Mrs. J. T. Whitmore, over the week-end.

Post deferred Idalou High, 46 to 13, Friday.

Mrs. A. B. Campbell and daughter, Maydell, returned to Snyder Sunday from a month's visit in New Mexico and Colorado. They were accompanied to Colorado by Mrs. Campbell's sister and brother, Mrs. C. W. Anderson and C. S. Funk.

Mrs. G. N. Richardson returned home Friday from the Lubbock Sanitarium where her son, Ollie, underwent an operation one day last week. She was accompanied by her daughter, Mrs. F. A. Carey of Pampa, who will visit relatives and friends a few days.

R. G. Horsley, another good Times-Signal booster, who lives on Route 2 out of Snyder, boosted his subscription ahead to Nov. 11, 1928, Saturday. That's what we call a real booster, one who puts a far ahead date in the next year at the end of his name.

Mr. and Mrs. Bob Preston returned to their home in Midland Friday after an extended visit with Mrs. Preston's parents, Mr. and Mrs. S. C. Porter.

Mr. and Mrs. Clyde W. Shull visited with Mr. Shull's brother, Ed B. Shull, at the Hilton Hotel in Abilene Sunday. Mrs. Ed B. Shull returned home with them for a short visit.

Mrs. Dixie Smith went to Sweetwater Friday to meet her niece, Miss Rubine Johnson, and Miss Ellen Buice Johnson of Simmons University who spent the week-end in Snyder.

Mr. and Mrs. Nathan Reynolds returned from Fort Worth last Friday. Mr. Reynolds has also been to New York where he witnessed the international polo games.

Mrs. G. M. Garner and daughter, Bob, left Sunday for Alpine. Miss Bob will be a student at Sul Ross college.

Mrs. Earl Brown and children, Burgess, Elizabeth and Earl, Jr., of Abilene spent Sunday with Mr. Brown in Snyder.

Carl Yoder was in Menard last week and issued a franchise to a firm in that place to bottle Big Boy drinks.

Dr. and Mrs. W. M. McLaurey and son, Billie, of Jayton spent last week-end with Mrs. McLaurey's mother, Mrs. Jack Smith, and Mr. and Mrs. L. O. Smith.

Misses Alma Hood, Thelma Kilburn and Messrs. Mac Waskom and Lewis Blackard spent the week-end on the Waskom ranch as guests of Miss Punk Waskom.

Mr. and Mrs. Earl Henry and little son, Billie Mac, returned to their home in Abilene Monday after a short visit with Mr. and Mrs. W. D. Sims.

Mr. and Mrs. Clair Card, Mesdames Adrian Cruickshanks and Kate Cotten and Misses Thora Cotten and Clementine Card were Colorado visitors Sunday.

Mrs. Ira Lee Sanders was called to Sulphur, Okla., last week on account of the death of her brother, R. L. Merrell. He was buried Friday.

Miss Juanita Whitmore, who is teaching at Roby, and Miss Rose Waddell visited the former's parents, Dr. and Mrs. J. T. Whitmore, over the week-end.

Post deferred Idalou High, 46 to 13, Friday.

PRESBYTERIAN SYNOD HOLDS MEET AT WACO

Nearly 1,000 ministers and laymen of the Presbyterian faith were expected at Waco Tuesday for the three day annual meeting of the Synod of Texas, Presbyterian church. It was the first time in 37 years that the meeting was held in Waco. Dr. James S. Hardie, Houston, moderator of the synod, delivered the opening sermon Tuesday night. He retired after the sermon and a new moderator was chosen.

Scurry County farmers are asking the Times-Signal every week if the Poultry Show catalog is out. All that we can tell them is that no arrangements have been made, and we are ready to cooperate.

WELLS & DAVIS SELL TO HARRY E. HICKS

A real estate deal was completed Monday by H. E. Hicks in which he will take over the Wells & Davis Garage and Filling Station, located opposite the Woodrow Hotel. With the purchase of this garage, this will give the Hicks brothers two finely located filling stations, one on the Dal-Paso Cavern Highway; the other on No. 7, direct route to Lubbock and the plains. Both Ralph and Earl know how to treat customers, believe in only the fair way of doing business. Their many friends will join the Times-Signal in extending congratulations. Rev. A. E. Arnfield is the new Presbyterian pastor at Lamesa.

Gary Cooper in "THE LAST OUTLAW." Also Pathe Comedy, "THERE AIN'T NO SANTA CLAUS."

Come Out and Enjoy This Big Double Bill and Help Your Favorite to Win a Prize. ADMISSION: Children 15c; Adults 35c

THE FRUITS OF LABOR

THE only lasting benefit that can come from a prosperous harvest season is when the fruits of labor have been stored away against future need.

For the individual there is no protection that can equal the accumulation of a Reserve Account in a strong bank. It provides working capital; makes possible the grasping of opportunities; it is an ever-present fund with which to weather seasons of sickness, accident or other adversity. In short, it is a bulwark of protection for the certainties of today and the uncertainties of tomorrow.

Because we know the blessings that attend the building of a strong Reserve Bank Account, we urge the people of this community to put something aside in a Special Reserve from each harvest deposit.

"We're On The Dal-Paso Cavern Highway"

30 YEARS AGO
News Taken From The Coming West
SEPT. 30, 1897

Homes for hundreds of settlers on the odd sections of Block 97. It is estimated that Colorado will ship out 2500 bales of cotton this season, and that about 1,500 bales of it comes from Scurry County.

Walter Culberson left Tuesday for a visit with his father at Odessa. He will return in time to take charge of the Camp Springs school.

W. T. Baze while cutting out a mortise Monday, let his chisel slip, cutting the main artery of his left wrist.

Block 97 Settlers Victory
I take pleasure in announcing to you that the fight is ended; the battle won. The right to your homes is perfected. Your applications are legally in the surveyor's office.

A. J. Scarborough,
Hero of Block 97.

10 YEARS AGO
SEPT. 21, 1917

A training camp is to be established in Snyder. Alderman Joe Caton came in Monday from Floydada and because of having moved away temporarily, resigned as alderman in Ward 3.

H. O. Wade, who recently sold his plumbing and tin work business here, has been notified to report to the Aviation Corps.

A carload of 675 bushels of seed wheat was brought to Snyder Monday evening, and by Tuesday night every bushel of it had been sold at \$2.45 to Scurry County farmers for sowing.

Dr. W. R. Johnson received his commission Saturday as first lieutenant in the Medical Reserve Corps of the United States Army. The Snyder Fire Department has elected new officers as follows: H. G. Towle, chief; J. I. Baze, assistant chief; J. D. McClanahan, secretary; O. F. Davenport, treasurer.

ADVERTISING EXPERT "TOUCHES" DOWN

Another publicity expert blew into our quiet little city last week and offered to get up some new menus for a local restaurant by canvassing the merchants for enough advertising to pay the printer and keep a goodly rake-off until he could work the next town. Said publicity expert neither met boodle, as he disappeared with a nice folder belonging to the restaurant keeper and also forgot to pay his room rent at a local rooming house. These publicity experts are beginning to become numerous during the busy season, but are never in hand when a collection is taken up for any local enterprise. Moral: "Keep your advertising money at home and it will come back to you."

MARRIAGE LICENSES ISSUED

L. R. Summers and Miss Vera Nolen, Sept. 29.
Elmo Winn and Miss Lola Bishop, Sept. 28.

BIRTHS RECORDED

A girl, Mary Margaret Johnson, Sept. 17, Mr. and Mrs. Lon H. Johnson, Snyder.

A boy, Oliver Frank Kuss, Sept. 24, Mr. and Mrs. M. J. Kuss, Snyder.

A boy, Owen Eugene Anderson, Sept. 28, Mr. and Mrs. L. M. Anderson, Snyder.

A boy, John Kenneth Martin, Sept. 21, Mr. and Mrs. W. N. Martin, Snyder.

A boy, Sept. 27, Mr. and Mrs. M. A. Winkey.

A boy, Sept. 25, Mr. and Mrs. C. B. Rely, Snyder.

A boy, Sept. 28, Mr. and Mrs. Chas. G. Shelton, Snyder.

A girl, Sept. 29, Mr. and Mrs. T. A. Martin, Snyder.

A girl, Josie Queen Agüero, Oct. 2, Mr. and Mrs. Bosillo Agüero, Snyder.

WANTS LIST CORRECTED

The following letter was received from Mrs. Mollie I. Simmons, which is self explanatory:

take made by the writer of the fair notes who said I won in the yearling heifer calf class and the grand champion on a yearling heifer from Mr. Lightfoot's circle bull at Fluvanna. That heifer is owned by someone else. My register heifer won first place in the yearling past class."

COUNTY AGENT GETS WET

Our good friend, Claude C. Willis, the best county farm agent in the state of Texas, doesn't believe in an eight-hour day work schedule. Willis is just as liable to visit a farm home at night as in the daytime if something specific is needed, or an important mission performed.

However, Claude pulled a faux pas one night last week. He went to a farm home after dark and stepped into a hole full of water that had been caused from a recent rain. It not only wet Claude's trousers up as far as he hooks his galluses, but got his dander all wet, too.

Willis told us this morning that from now on when doing night work he'll be carrying a lantern with him.

REV. WILL HOGG TO HOLD MEETING AT ABILENE

Dr. Will Hogg and Rev. S. J. T. Williams and the Hogg party will begin a month's meeting in Abilene on October 9. It has been designated as the "Abilene Trinity County Cooperative Campaign."

The meeting is to hold under a large tent with seating capacity of 6,000 people. Practically all the churches in the town are interested and are taking part in the campaign. Dr. J. W. Hunt and Dr. J. D. Sandifer, presidents of McMurry College and Simmons University, are giving their support to the meeting. It is planned to take a religious census of the whole town.

ANTI-THEFT BODY COULD PROTECT COUNTY POULTRY

Scurry County farmers can organize an anti-theft association for the protection of poultry and other property against thieves.

This organization is already a proven success in other counties, and we hope that the men and women who are interested in the

will take advantage of this means of protecting their property.

This organization makes use of a recently invented tattoo marker for branding poultry and hogs. These brands are then registered with the association in a permanent book and kept for ready reference in case of need.

This system makes the identification of stolen property a much easier task than by any system heretofore known.

County agents are cooperating in the movement.

CONATSER GOES ON TRIAL AT ANSON

was to go on trial at Anson Monday morning for the killing of Sheriff Bob Smith of Fisher County near Roby August 27, but continuance was granted to Oct. 10.

A special venire of 100 men reported to Judge W. E. Chapman in 104th district court at 9 o'clock Monday morning as prospective jurors in the case. Unless the unforeseen develops, the case will go to trial.

Conatser faces two murder charges, one for the slaying of Sheriff Smith and the other for the killing of his deputy, Jake Owen, on the same occasion. Conatser in previous statements has denied any connection with killing of the two men, claiming the fatal shots were fired by his companion, Bill Smith, who has not been arrested.

It is presumed that Conatser will make this claim his defense.

A special session of district court called at Roby two weeks ago by Judge Chapman the two cases pending against Conatser were transferred from Fisher County because of the belief that the defendant could not obtain a fair trial there.

The trial for the slaying of Sheriff Smith was transferred to Anson. Conatser will be tried at Abilene November 23 on the charge of murdering Owen.

NOTE—Monday's papers stated that Bill Smith had been caught in Kentucky.

FALL BUSINESS

Snyder merchants are hoping for a good fall business and present indications are that they will be kept pretty busy supplying the needs of the scores of buyers who come to their stores daily, not only from this city, but from all parts

THE COST

—of keeping your shoes in a good state of repair is insignificant. Failure to do so might prove expensive. Cold, wet feet endanger health.

"Health is Wealth"

We want to help you safeguard your health by keeping your shoes in good condition.

E. D. CURRY

Court House Basement 15-2w

The Vogue of Patents

SHOES OF THE HIGHEST QUALITY

The beautiful J & K and Dr. Austin shoes—They fit so well, they look so well, it's really a pleasure to sell them and to fit them on our customers' feet. Comfort—you get it to a high degree in these quality shoes—and too—at new lower prices.

MEN'S SHOES

Good, comfortable Men's Dress Shoes at from \$3.95 up into the finer, higher grades. Visit our men's and boys' department. You'll get a comfortable fit and be pleased with your purchase.

CHILDREN'S SHOES

And now, the children's—there is where we like to be of service. It's so important that a child be fitted correctly with the correct type.

J. Collie Fish, our shoe department salesman, has had plenty of experience in fitting shoes, and has learned the art to a high degree. Here in Texas as well as in the North he has learned that people want to be fitted comfortably, correctly, in a courteous, efficient manner. Collie invites you to H. L. Davis Co. and to the shoe department especially.

QUALITY MERCHANDISE AT LOW COST

ly nearly anything you want in Snyder stores, and, at reduced prices. Read the advertisements in the Times-Signal every week and find out the bargains our merchants are offering from day to day.

SNYDER GIRL GETS CHOIR APPOINTMENT

Miss Dorothy Strayhorn has been named a member of the chapel choir at Trinity University for the present year. She was appointed to membership by Clark Leaming, dean of the Trinity Conservatory of Music.

The choir sings at the chapel exercises each day, and on numerous occasions offers special numbers.

Mrs. W. F. Collins and little son, Billie, of Carlsbad, N. M., left Saturday for Lubbock after a short visit with her sister, Mrs. J. C. Stinson, and family. In Lubbock she is the guest of another sister, Mrs. Fred A. Grayum.

TON OF PORK MAKES PROFIT

That a ton of pork can be profitably grown in 180 days has been demonstrated by Milton Nalley, at Itasca, vocational agriculture student, whose eleven pigs averaged 278.7 pounds. The total weight exceeds the mark reached by H. M. Hay of Waco, who won the total prize in 1926. Mr. Nalley's total is 965, or 39 pounds over the record of last year.

Figuring the litter at top price on the market today the total re-

proximate value of feed for the litter and feed for the sow during gestation and nursing period amounts to \$139. The profit amounts to \$198.26.

The mother of these 25 pigs, Peggy's Pretty Sensation, raised 11 of all her first litter. The second litter numbers 14, and all are living and are vigorous at 15 days of age. The sire of these pigs is owned by the Hill County Swine Breeders' Association, Itasca.

CLEANING, PRESSING AND ALTERATION SERVICE

Shall be maintained during the fall rush months the same as during the quieter seasons. Two additional men of experience have been added to our operating force, a Presser and an Alteration Man.

Our chief aim shall continue to be—The Utmost Service to Our Customers the year around.

TIMES-SIGNAL, SNYDER, TEXAS

Snyder Polo Club Loses to Wichita After Hard Fight

That Wichita Falls was compelled to fight every foot of ground to defeat the Snyder Polo Club at Floydada was forcibly brought out in last week's issue of the Hesperian, published in that city.

Commenting on the matter, the paper said:

Suffering a loss of their first game with the Snyder Polo Club on Thursday of last week and meeting with swift opponents, the Wichita Falls quartet came forth in the following two games with a wonderful offensive and defensive play which netted for them four silver loving cups presented to the winning team of the three-game series played here during the Floyd County Fair. The first game of the series ended in favor of Snyder, 9 to 8. The score of the other two games were 11 to 6 and 16 to 9, respectively, in favor of the champions.

Large crowds of spectators from all sections of the South Plains witnessed the three games. The last of the three games, played Sunday afternoon, probably drew more out-of-the-county visitors than any other game. A large group of visitors from Snyder were here Sunday to boost for their home team.

In accordance with the national polo rules, a handicap of 6 points was allowed the Snyder team. All three games were hotly contested. With the Wichita team striving to overcome the handicap and the Snyder quartet putting forth their best efforts to hold their lead, visitors were privileged to see what was undoubtedly the fastest polo games ever played in this section.

Of the three games, the deciding game Sunday was the more closely contested and brought out the finer points of the teams.

In the second game, Saturday afternoon C. H. Featherston, Major J. H. Fletcher, Dave White and Horace A. Robbins composed the winning Wichita team. Featherston and Robbins both made many stellar plays during the eight chukkers. These four men also took part in the last game of the series and made many extraordinary plays. The work of White was also very noticeable in Sunday's game.

It is difficult to pick a star from the Snyder quartet, although the playing of Ted Gardner and Mac Waskom stood out foremost. These two young players, with their partners, Don Gardner, Allen Stevens and Frank Crenshaw, made one wonderful drive after another. Time and again they succeeded in drawing the ball from between the Wichita goal posts and making long drives towards their own goal. This team, only three months old, made many plays during the series that only the best of trained players are capable of making. Especially

were the first and last games a credit to this young game.

Swift Playing Saturday

Dave White of the Blues started the scoring of Wichita Falls a few seconds after the start of the second game. Major Fletcher also scored in the first chukker for Wichita. The second chukker remained unscored and Featherston scored three times in the following chukker. At the beginning of the fourth chukker, Robinson received a very painful bruise on the knee that held the game for a few minutes. Robbins scored twice, Major Fletcher twice and White once for Wichita Falls in the remainder of Saturday's game. Snyder made several dangerous attempts at scoring and several times drove the ball to their end of the field but failed to score, and the game ended with Snyder holding her 6 point handicap.

The game Sunday was packed full of thrills for both the spectators and player. Fast playing and dangerous drives featured this game which determined the holders of the silver cups.

The game was opened after a few minutes play by Featherston by a score for the blues. He scored again in the second chukker. Robbins scored twice in the third chukker and White once. White drove two through the posts in the fourth, however, and Featherston one. White drove practically the full length of the field in the fifth for a score, and Robbins made two wonderful plays for scores in the sixth period. Featherston scored and Major Fletcher scored one in the seventh chukker. Featherston and Robbins together tallied the last score of the game for Wichita Falls.

For the swift Snyder team, Stevens drove the ball through the posts after a piece of wonderful team work had carried the ball near the goal in the second chukker. The team again carried the ball to the Snyder goal and Ted Gardner scored in the fourth. Waskom made a very stellar play in the fifth chukker and made a long drive for a score for the Reds.

Watch Your Kidneys!

To Be Well See That They Function Properly.

YOUR kidneys! Do you realize what an important part they play in your health and length of life? Your kidneys are the blood filters. When they act sluggishly, waste poisons remain in the blood and make one tired and drowsy, with often nagging backache, annoying headache and dizzy spells. That the kidneys are not acting right is often shown by scanty or burning excretions. **Ask the kidneys with a stimulant diuretic. Use Doan's Pills.** Doan's are endorsed the country over. Ask your neighbor!

DOAN'S PILLS

***** COUNTY AGENT NOTES *****

C. C. Willis, County Agent
Wheat can be successfully treated for smut with coppernate dust at the rate of 4 oz. to the bushel. It is not expensive or difficult to treat.

Many poultry raisers are finding that vaccinating for roup is very successful.

It is requested that people owning registered boar hogs list them with the county agent, as many requests come for service from various parts of the county.

Clyde Miller was injured at his Borden County ranch Tuesday when a block fell from a tower, hitting him on the head. Dr. Johnson attended him and found that the outer table of the skull was slightly fractured. Mr. Miller is doing well, and the injury is not considered serious, but is very painful.

ABILENE TO ENTERTAIN METHODIST STUDENTS

With representatives present from practically every college and university in Texas, the state meeting of the Methodist Students Federation to be held at McMurry College, Abilene, Oct. 20 to 23, inclusive, gives promise of being the best attended and the most interesting since the beginning of the federation in 1922.

The Abilene federation is making preparations, in cooperation with the McMurry authorities, to entertain 250 delegates. Dr. Marvin Culbreth of Nashville, Tenn., a member of the Southern Methodist Board of Education will tour Texas in the interest of the federation, and in an effort to secure for the state meeting the largest possible number of delegates.

Governor Dan Moody Saturday issued a proclamation declaring fire prevention week in Texas Oct. 9 to 15.

BAPTIST W. M. U.

The Baptist W. M. U. met Oct. 3 in regular business meeting, 17 members being present. Mrs. J. A. Woodfin, the former president, having moved away, Mrs. George Northcutt, first vice president, presided.

Mrs. J. M. Newton was elected president for the ensuing year. A very interesting program was outlined for the year's work. Bro. Ferguson made an interesting talk, urging a more perfect organization, that the members get a new vision of the work to be done and a renewed conscience on the matter of attendance, pledging his services at all times.

The W. M. U. needs every woman in the church to help in the great program to be carried out this year. If you do not attend these meetings, get the work on your heart and come and be with us in our business meetings the first Monday, and the missionary meetings the third Monday of the month. Circle meetings are held the second and fourth Mondays.

REPORTER.

The County Federation will meet in the district court room Saturday afternoon. All representatives and all that wish to come are urged to be present.

DALLAS
OCT. 8-23, 1927

\$50,000.00

in CASH PRIZES

and 12,000 valuable awards for best 300-word letters on

Here are the NATIONAL PRIZES

1st prize	\$10,000
2nd prize	5,000
3rd prize	2,000
4th prize	1,250
5th prize	1,000
6th prize	700
7th prize	500
8th prize	400
9th prize	250
10th prize	100

For the 49 state and Canadian prize lists and full details of 12,000 valuable service awards, consult the booklet, "Ask Me Another About The Laundry" obtainable at laundries EVERYWHERE.

"Why the Laundry Should Do My Washing"

READ—Then Act!

FIRST—This is a competition for best letters (not more than 300 words, on: "Why the Laundry Should Do My Washing."

SECOND—Competition starts October 1. Your letter must be mailed to **\$50,000 Competition Judges, Century Building, Indianapolis, Indiana**, by midnight, Dec. 1, 1927. Postal cancellation stamp shows time.

THIRD—No one directly or indirectly connected with the laundry industry is eligible to compete.

FOURTH—Write only on one side of sheet. Put full name and complete address in upper left corner of each page.

FIFTH—Your entry automatically permits Laundryowners National Association to use all or any part of your letter.

SIXTH—Laundryowners in each state will select ten prize winning letters and the 240 state service awards. Prize winners from each state automatically compete for national awards. A committee will select the 10 national prize winners from the state prize winners. Canada will be considered as one state. In event of tie for any state or national prize, each tying contestant will be paid full amount of prize.

Come Look BUY!

Extra Special

Right after school has started, here is a special for the boys that will break all records for quick sale.

FORTY BOYS' KNEE PANT SUITS, Sizes 10 to 18

\$5.00 PER SUIT

Just the suit for school wear. We want to move these suits this week.

THINK THIS OVER—These suits are cheaper than work clothes.

We made a good buy—and are passing it on to our friends and customers.

You'll enjoy looking over our other lines—the most complete ever brought to Scurry County.

Caton-Dodson Dry Goods Company

THINGS THAT ENDURE
 Honor and truth and manhood—
 There are the things that stand,
 Though the sneer and jibe of the
 cynic tribe
 Are loud through the width of
 the land.
 The scoffer may lord it an hour
 on earth,
 And a lie may live for a day,
 But truth and honor and manly
 worth
 Are things that endure always.
 Courage and toil and service,
 Old, yet forever new—
 These are the rock that abides the
 shock
 And holds through the storm,
 flint-true.
 Fad and folly, the whims of an
 hour,
 May bicker and rant and shrill;
 But the living granite of truth
 will tower
 Long after their rage is still.
 Labor and love and virtue—
 Time does not dim their glow;
 Though the smart may say in their
 languid way
 "O we've outgrown all that, you
 know!"
 But a lie, whatever disguise it
 wears,
 And a truth that has lasted a mil-
 lion years
 Is good for a million more!

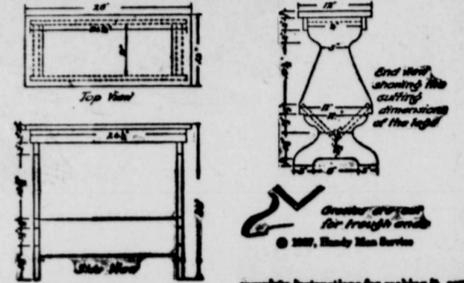

THINK IT OVER
 Did it ever occur to you, while
 participating in or listening to a
 conversation, to observe how much
 of the conversation is devoted to
 criticism? Criticism of the govern-
 ment, criticism of the state au-
 thorities, criticism of municipal
 authorities, criticism of individuals,
 criticism of everything and
 everybody? If you have not done
 so, as an experiment try it a few
 times. The results will astonish
 you, and incidentally teach you,
 possibly, a lesson of incalculable
 worth to you.

**ROBY HIGH DEFEATS
 SNYDER HIGH FRIDAY**
 Roby High defeated Snyder
 High Friday, 7 to 0, in one of the
 most bitterly fought games ever
 played on a local gridiron. Each
 side battled for every yard they
 made, but both played clean foot-
 ball.
 Snyder High lost a beautiful
 chance to tie the score in the last
 quarter when within the three-
 yard line of a touchdown, by run-
 ning a wide end run they lost out,
 when they should have smashed
 their way through to a touchdown.
 But all the rough spots are get-
 ting fairly well worked off on the
 local squad, and there should be a
 decided difference in their play
 tomorrow when Loraine comes
 here.
 Each and every member of the

Helps for the Handy Man
 Useful things that can be made at home

**An Attractive, Easy-to-Make
 End Table**
 An inexpensive and
 Convenient Addition
 to the Home
 attractive grain is selected for use here.
 Woods such as clear white pine, poplar,
 or bass may be used. Or, if desired, the
 table may be made of such wood as wal-
 nut, mahogany or oak.
 Any one of several finishes may be used.
 A penetrating or oil stain will make an
 attractive finish. Put on enough coats to
 get the shade desired to match the other
 furniture in the room. This table will be
 very attractive with the popular lacquer
 finish. Stencil designs may be used.
 If you wish large detailed working
 drawings of this end table, together with

The drawing specifies 1/4-inch material
 for the end pieces or legs and the board
 top. Either solid or plywood may be
 used for these parts. If table with heavy,
 more substantial lines will be more in
 keeping with the room in which it is to
 be used, 1/2-inch material may be sub-
 stituted for these parts and will give the
 effect desired.
 Of course, the important piece in any
 table is the top. This design provides a
 roomy top. Beautiful effects may be pro-
 duced if a sound piece of wood with an

local high school team promised
 to religiously follow training rules.
 The Junior Editor positively
 knows that some of them are not
 doing this, and it is not to their
 honor, either, if they cannot pass
 up the frailties of the human ken,
 to concentrate and play the game
 square. It's the breaking of
 training rules that often spells
 the difference between victory and
 defeat. Boys who will smoke,
 keep late hours and like things
 cannot smash a line and get the
 necessary yardage. The quicker

property rights, court jurisdiction,
 etc., which require presentation of
 certified birth certificates. Em-
 phasis was placed on this need
 quite recently when a letter was
 received by my department from a
 young boy in another state, who
 wrote that if he could secure a
 copy of his birth certificate, it
 would help him out of serious
 trouble. Unfortunately, his birth
 was not recorded, and we could
 not help him.
 The Snyder Parent-Teacher As-
 sociation would materially assist
 in a greater government popula-
 tion census by cooperating in the
 movement started by the State De-
 partment of Health.

**CHARTER RENEWED FOR
 BANK AT SEMINOLE**
 The State Banking Board has
 granted a charter for the First
 State Bank of Seminole, Gaines
 County, with capital stock of \$25,
 000, fully paid up. S. R. Simp-
 son, Lamesa, is president; W. A.
 Cox, vice president, and B. B.
 Curry, cashier, both of Seminole.

A REASONABLE DOUBT
 How his customer could have
 failed to see the sign bearing the
 words, "Beware of Fresh Paint,"
 the grocer could not imagine. He
 hurried forward to placate the
 angry man.
 "I'm very sorry indeed, sir," he
 began. "But surely you noticed
 the warning?"
 "I did," replied the victim, look-
 ing at the board dubiously, "but
 I've often seen similar things here
 announcing fresh eggs, butter,
 vegetables, and so on, only to be
 deceived, and I suspected this
 sign was nothing but another
 fib."

**MANY NEW HOMES AT
 SNYDER ARE UNDER WAY**
 For the first time in three
 years Snyder has a real home
 building boom going on. Twelve
 pretty homes in the \$5000 class
 are in course of construction.
 In every instance the house is
 being built for a home. While
 Snyder has no immediate
 chance for gas, most of the
 home builders know that Snyder
 will ultimately have gas and
 are building with gas for fuel
 in view.
 Next year, however, will see
 the Lone Star Gas Company of
 Dallas bringing their product
 to our homes.
 Many of those building
 homes admit that they would
 have built long ago had Snyder
 had any fire fighting equip-
 ment. Now that Snyder has a
 modern fire truck and an abun-
 dant water supply, the building
 campaign has begun in earnest.
 Let it continue. Snyder
 could use fifty more modern
 new homes now.

Another good friend of the
 Times-Signal, Mrs. J. A. Meadows,
 more affectionately known to her
 many friends as "Mother," was a
 pleasant visitor at the office Tues-
 day with a long ago had Snyder
 had any fire fighting equip-
 ment. Now that Snyder has a
 modern fire truck and an abun-
 dant water supply, the building
 campaign has begun in earnest.
 Let it continue. Snyder
 could use fifty more modern
 new homes now.

Colorado had ginned 3,808 bales
 up to last Thursday noon.

County Girls Honored
 Two girls from Scurry County
 will attend the Dallas Fair En-
 campment which will be held Oct.
 18-21. Miss Ruth Truss of Pin-
 yanna and Miss Chloedelle McMil-
 lan of Hermligh are the two dele-
 gates from this county. These
 girls get this trip because of the
 good quality of all round club
 work done during the year.

The Senior Editor was kindly
 remembered by his venerable
 friend, Mr. A. C. Morton, a few
 days ago with a treat of country
 ham. And best of all, it was not
 like the fellows corn, it was
 "shelled," that is, already cooked.
 Such remembrances may seem of
 small importance to some, but to
 the real human heart that re-
 sponds to acts of kindness and
 love, these little things are what
 really and truly make one feel
 that life is really worth living.

O. E. S.
 Our next regular meeting will
 be held Thursday, Oct. 13 at 7:15
 p. m. Remember our Grand
 Chapter meets in Mineral Wells
 Oct. 24-27. Get ready and at-
 tend.

**SANITARIUM NEWS
 FROM LUBBOCK**
 Mrs. J. H. Langford of Snyder
 had a tonsil operation a few days
 ago.
 Mrs. Blanche Moore of Snyder,
 who was operated on Thursday, is
 doing well at this time.
 Miss Floyd Hamrick of Fluvanna,
 who was operated on for a
 ruptured appendix last week, is
 doing well.
 Mrs. Ida Huffstutler of Snyder
 is doing nicely, having had an op-
 eration about two weeks ago. Mrs.
 Huffstutler has been quite ill, but
 is much improved.

Mrs. G. W. Wolfe of Snyder,
 who was operated on about ten
 days ago, is able to sit up and will
 go home in a few days.
 Miss Mattie Carden of Snyder
 is improving following an opera-
 tion several days ago.

 —No Throat Irritation
 —No Cough
 11,105* doctors give written opinion**

**"Roxy,"
 a favorite in
 Radio-land,
 writes:**
 "During a strenuous sched-
 ule, with the work entailed
 in operating the World's
 Largest Radio Show, I
 was nervous & sore in
 working under great pressure,
 there is nothing quite like
 Lucky Strike cigarettes. It does
 not irritate the voice, and gives
 the mental relaxation so es-
 sential to carry on."

WHAT is the quality that
 Giuseppe Danise, Adam
 Didur, Queena Marie, Antonio Cortis,
 Lenore Ulric, Nanette Guilford,
 Wilton Lackaye, "Foxy," and other
 famous singers, actors, broadcasters
 and public speakers have found that
 makes LUCKY STRIKES deli-
 cious and of no possible injury to their
 voices?
 For the answer we turned to medical
 men and asked them this question:
 Do you think from your experi-
 ence with LUCKY STRIKE cig-
 arettes that they are less irritating
 to sensitive or tender throats than
 other cigarettes, whatever the
 reason?
 11,105* doctors answered this
 question "YES."
 These figures represent the opinion
 and experience of doctors, those
 whose business it is to know.
"It's toasted"
 No Throat Irritation—No Cough.

**WE WANT YOUR HOGS AND WILL

these boys realize this the better
 off they will be.
 The Times-Signal and the citi-
 zens of Snyder are behind them
 to a person when they are doing
 what is right, but, brother, when
 they're out on the highways at
 night and breaking every known
 training rule, then we, for one, are
 "agin 'em"—and that goes today,
 tomorrow and for all time.

**CLUB WOMEN TO
 PROMOTE BIRTH
 REGISTRATION HERE**
 Records will show in Scurry
 County that many babies have
 been born within the county's lim-
 its that have never been regis-
 tered. County Clerk Mabel Ger-
 man will confirm this statement.
 This, perhaps, has been mostly
 caused from a forgetful doctor, or
 where no physician was called.
 But this condition is going to be
 eliminated.
 The club women of Texas and
 especially the parent-teacher as-
 sociations at this time are actively
 interested in the registration of
 the births of children in their re-
 spective communities, according
 to information from many sections
 of the state reaching Dr. C. E.
 Durham, director of the bureau of
 vital statistics of the state depart-
 ment of health.
 "This interest," Dr. Durham
 stated, "will aid materially in
 arousing public sentiment to the
 need for registration of each
 child's birth. The necessity for
 such registration is increasing
 each year, with the enactment in
 numbers of states of stricter laws
 governing school attendance,

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Weather, Crops and Business

We have had some fine weather lately, though this has been interrupted by cool, cloudy weather and accompanied by rain Saturday night amounting to five-eighths of an inch. This, following the fine rains which fell several days ago, gives us a good season for the maturing of late crops and the sowing of grain. Of course, this scribe does not know what the future may hold in store for us, but he believes that this is a good time to sow small grain—that is, he believes that grain sown this fall, or even in the early spring, will stand a good chance to make a profitable crop. Did someone ask why we make this guess? Well, there is a reason. The long Jupiter period has passed.

Except for weather interruptions, cotton picking is progressing finely now; and there is a lot of it smiling an invitation to all willing pickers. Twenty Mexicans have recently been employed on the D. A. Jones farms for picking cotton, and we understand that 30 Mexicans are expected this week on the D. T. Whitley farms for the same kind of service. That's right. Get the fleecy staple as fast as possible. Weather conditions are very uncertain now.

Our merchants are enjoying a lively trade these days—especially on Saturdays. Last Saturday there was a big crowd in town, and they had a mind to buy.

J. A. Martin, formerly of Polar, moved to Fluvanna a few days ago. Mr. Martin has purchased the Birchfield filling station business and took charge of same last Monday. Mr. and Mrs. Martin have the appearance of being fine people and will no doubt prove valuable additions to our community. The probability is that they will enjoy a big business at the corner. Drew Wilson has reopened the market on the north side. He offers fresh meats to all who wish them. His business should prosper, since people will get hungry about three times a day—more especially when they work.

Miss Hazel Spikes of Hermleigh has been employed as teacher of the Snellings school west of town. We understand that M. L. Bowden has leased the J. E. Sneed farm and ranch six miles southwest of Fluvanna for a period of five years. Mr. Sneed and his good wife contemplate going to California where they have several children.

We have just learned that J. R. Wills has recently sold the 80-acre Walter Wills farm home, some seven miles northwest of town. Purchaser and consideration have not been learned.

Church Services
In addition to the usual Sunday schools and young people's meetings last Sunday, there were very good congregations at the morning and evening services at the Presbyterian church. This manifestation of good interest in spite of the wet roads and streets! Among others from the Methodist church was Rev. C. R. Hardy with his hearty amens, to encourage the V.

Regular services will be held at the Presbyterian church next Sunday. J. L. Martin of Snyder will be with us Sunday night. Come and see and hear him. Then again on the fifth Sunday in this month, there will be an all-day service at the same church. A number of visitors, preachers and other speakers are expected on that occasion.

Rev. E. E. Christian of Lubbock, former pastor here, preached for the congregation of the Christian church last Sunday morning and afternoon. Elder Christian has many friends here who are always glad to meet and hear him.

Visits and Trips
C. D. Cribbs and family made a business trip to Sweetwater last week.

J. M. Fuller and wife of Minden, La., have been here several days visiting their daughter, Mrs. Flournoy, and family.

O. S. Wills and Clarence Dowdy departed Sunday for a flying trip to Brownwood.

Miss Angie Haynes departed last Thursday for Abilene where she will enter McMurry College.

John Humeccutt was in San Antonio last week attending the County Judges and Commissioners Convention in that city.

H. R. Anderson of Snyder was visiting in Fluvanna and attended church last Sunday.

Miscellaneous Notes
Many will be interested in the amusement features scheduled for next Saturday on our amusement and recreation field in the afternoon. At that time there will be polo, different forms of racing, roping contests, etc.

C. D. Cribbs and family have moved to town this week, preparatory to the erection of their new home here.

Dr. Leslie, county health officer, called up Tuesday and lifted the quarantine from the home of Jess and Mrs. Hale where there has been a case of infantile paralysis. The child is said to be doing well, and the danger period has passed.

Ambrose Trussell, age 8, has been on the sick list for several days. Our people seem to be becoming more and more interested in our good county paper, the Times-Signal. This week we have on renewal, Mrs. P. E. Reeder, and a half dozen new ones as follows: Mrs. Era Fry, Pat Jones, J. T. Sulenger, Rev. C. R. Hardy, C. T. Perry and J. E. Brown. This is a fine thing to do. These people mean to keep themselves and their families posted concerning all local and county affairs.

Just here let us call special attention to the fine page of general advertising, covering much of the commercial interests of our town and a comprehensive description of our entire community—including its general resources, possibilities and outlook. V. P. recommends that each Fluvanna subscriber read this issue carefully, then wrap, place on a two-cent stamp, mark and address to some relative or friend who might like to come to our community if he only knew about it. This will be a good service.

News Notes Hermleigh

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

Church Notes
Central Baptist Sunday School every Sunday at 10:00 a. m. Preaching every first and third Sunday.

B. Y. P. U. every Sunday evening at 7:00.
H. T. Gleastine, superintendent.
Broughton Morgan, pastor.

First Baptist church: Sunday school at 10:00 a. m. Preaching on the first Sunday in each month and on Saturday before. Everybody invited to come.
L. H. Beane, superintendent.
C. E. Leslie, pastor.

Methodist church: Sunday school every Sunday at 10:00 a. m. Preaching every second, third and fourth Sunday in each month.
J. R. Coker, superintendent.
M. H. Hudson, pastor.

The Rev. M. L. Hudson put pepper in the coffee of his Sunday

school folk last Sunday morning and the result was the gathering of a group of men, led by Superintendent Coker, at the church early Monday morning who cleared all the rubbish away, and a "perfect church having neither spot nor wrinkle or any such things" was left, it is reported.

This doing is worthy of mention, or even emulation, if any other church lawn in town happens to be in bad repair. Our churches will have to "get on wheels and step on the gas" if they keep pace with the rapid going of our time.

Local News
Mr. and Mrs. Jess Vaughn are the proud parents of a big baby boy born this week.

Elmer Gardner and family have moved to their farm west of town. Our Draughton students, Ieta Henry, Ina Mae Caswell, Taft Patterson and Bernard Gleastine, M. H. Hudson, pastor.

end. Tom Coker of Westbrook visited his parents, Mr. and Mrs. J. R. Coker last week-end.

Little R. S. Jr., son of Editor and Mrs. Norman, made his official appearance in Hermleigh this morning at 5:30 o'clock. The young 7½-pound preacher-editor has a large mouth and keeps it open all the time.

Mr. and Mrs. Lee Sturdivant announce through Dr. Ward that they are rejoicing this morning over the arrival of their new daughter.

Miss Troy Atchley of the city was married last Saturday night to Thomas Sturdivant of Slaton. The new bride was reared here, and her many friends join in wishing her and her chosen life-companion much happiness.

Joe Patterson of Wichita Falls was in town this week. It seemed to have been a great pleasure to him to see his old friends. Patterson is a resident of a city of no mean reputation, but he was glad to be back. There is no place like home.

The Fuller Gin Company completed their new office building this week. It had its formal opening last Wednesday night, dedicating it to the farmers by a big forty two game, according to a

report from Andy Gump. B. Y. Rae, Will Coffey, Will Stephens and Manuel Vernon were among those present, according to the report.

Mr. and Mrs. Grady Hamrick and niece, Alene, of Quitman spent Sunday night with Mr. and Mrs. M. U. Vernon of this place. They were en route to the Plainview community where they will teach school.

The Rev. C. E. Leslie filled his regular appointment at Fluvanna Saturday and Sunday.

The Rev. L. H. Beane filled his regular appointment at Woodard Chapel Sunday.

The boy (Dad) Jenkins was in the Herald office last Saturday afternoon. Many winters have frost on Dad's toes, and the heat of many summers have beaten down on his head, but "The Boy Jenkins" is still in the ring.

Miss Omah Bullard, who is teaching in the public school in Snyder, spent the week-end with home folks last week. She was joined in this home visit by her sister, Gladys.

Miss Martin of Temple, who took the place in the school vacated by Mrs. Forrester, who resigned recently, has arrived and is busy with the preparation for the primary work in the school. Mrs. Forrester resigned on account of declining health.

4-H Club in Hermleigh Wins First Place

As most people who attended the Hermleigh Community Fair have noticed, our 4-H club girls are making great progress in their work, and also as most of you must have noticed, their work was neat, pretty and well done; some of it even winning over the experienced women canners of this community.

In the standard exhibits contest Ben Stevenson won the blue ribbon on first year work, while in second year work Farris Stevenson won first place and Mary Ann Nechlinger won second place.

And to further show how their work ranks in county contests, we find that Farris Stevenson, second year complete exhibit, won the

blue ribbon and prize, and by so doing also won a trip to the state fair at Dallas. But because she attended the State Fair last year, she was barred from the trip this year, and Chloedelle McMillan, who won second place on her exhibit, will attend the State Fair this year, and we hereby take this opportunity of wishing Miss Chloedelle a very pleasant trip.

Now, dear reader of this paper, think for a moment. We have the girls! We have a county home demonstration agent! So why not have a better 4-H girls club. Furthermore, we have the women and the above mentioned agent, so why not organize a women's club? Men and boys, we also have, and they are also invited to enlist in the work superintended by our farm agent, C. C. Willis, and help in bettering the 4-H side of this town and community in which we live.

Mrs. Garland Wolf, who underwent a serious operation at the Lubbock Sanitarium, has returned to her home in North Snyder. She is convalescing fast.

SNYDER, TEXAS
We're On The Dal-Paso Cavern Highway

DERMOTT NEWS

Dermott has been visited again by a good rain which was beneficial to the ranchmen, but not so much to the farmers as it damaged and delayed cotton to some extent.

P. L. Fuller shipped two cars of mixed cattle to the Fort Worth market this week.

Eugene Sanders' sister, Mrs. D. L. Lane, of Plains is visiting him this week.

Mrs. A. N. Edmonson, Mrs. Russell and Mrs. Harvey Greenfield were shopping in Snyder Monday.

Quite a few Dermott people attended Booger Red's rodeo at Snyder Friday, Saturday and Monday.

Misses Evelyn and Georgia Elkins spend Sunday with the Misses Durden.

Brother Sanders of Snyder will preach at Dermott next Sunday at 3 and Sunday night.

The school house is being repaired and repaired for another term of school.

Mrs. Roy Elkins and girls were in Snyder shopping Monday.

Misses Rena and Gerline Durden visited Miss Gladys Adkins of Snyder Saturday.

Eugene Sanders made a business trip to Sweetwater Monday.

Brother Moore of Snyder preached at Dermott last Sunday. Everyone enjoyed his sermon very much. He will preach again here a month from Sunday.

Mrs. Burrough and Mrs. Carl Odom of Justiceburg visited Mrs. George Odom Tuesday.

The athletic club meets every Tuesday and Friday night. Come and join.

REPORTER.

SERIOUS AUTO ACCIDENT

Mr. and Mrs. H. M. Higgins, Mr. Higgins' mother and sister, Mrs. Mary Simpson, were on their way to Lubbock to be at the bedside of Jim Simpson Sunday when the car in which they were riding skidded and turned over. Mrs. Simpson suffered a broken collar bone and Mr. Higgins' mother sustained a fractured wrist. None of the other occupants of the car was hurt, but the top of the car was torn off and the windshield broken.

SUNDAY SCHOOL TO INSTALL TEACHERS AND OFFICERS

Officers and teachers that were elected at the conference of the church Wednesday night, will be formally inducted into their respective positions at the general assembly period of the Baptist Sunday school next Sunday morning, according to A. C. Alexander, superintendent.

Quite a number of vacancies were filled, and other changes were made in the Sunday school organization. A program has been arranged for the installation service, and the Rev. W. F. Ferguson, pastor, will deliver a message in keeping with the spirit of the occasion. A record crowd is expected for the service.

BOB'S COFFEE SHOP CHANGES HANDS

R. L. Terry has sold his cafe known as "Bob's Coffee Shop" to W. W. Early, Jr. and J. C. Card, both of this city. Each of the new proprietors has had considerable cafe experience and feels and looks and acts like a real old-timer in the business. Both are extending a cordial invitation to all of their old friends to call and see them when in town.

Education is great stuff (but it often happens that the boy who never passed the eighth grade has to help support a brother who went through college.

HIGH 7TH ORGANIZE

The high seventh grade was organized Sept. 20. The following officers were chosen: Maurine Stinson, president; Rodney Glasscock, vice president; Grover Scott, secretary; Mozelle Jenkins, treasurer; Brentz Anderson, reporter.

No name has as yet been chosen but will be soon.

UNION DOTS

Well, Mr. Editor, as I haven't sent a line from Union for some time and fearing that some of our friends will think that Union is doing nothing, therefore had nothing to write about, we will just send in a few lines.

The folk around Union are about to get in the big middle of cotton picking after so long. You see on account of so much rain in this locality cotton has been opening very slowly, so the delay has been unavoidable.

Last Sunday being the first Sunday in the month, Bro. G. W. Land preached at the Baptist Church at 11 and at 7:30. Good congregations heard him at both services.

The Sunday schools were very well attended, but some were absent on account of the rain early Sunday morning. There was singing at 3 o'clock. We had with us the Woodard class, with the new Stamps-Bagster song books; also quite a number from the Pleasant Hill singing class.

Say, Mr. Editor, those folk can sing till you feel good all over.

Mrs. J. Leslie Berry, with the assistance of some of the young folk, organized a Junior Epworth League with twelve charter members, and Miss Fay Morgan as president. Miss Fay is fully capable to efficiently lead these juniors in a way that will make them real useful Leaguers, and also equip them to be better Christian workers. We say amen! On with the good work.

We understand that A. H. Merrie has sold his home to someone from McCauley. We are sorry to lose A. H., for we have gotten used to him and we know that he can make a straighter row in his field than anyone else in the community.

Jake Huffman was trying to get help to head maize the other day. He wanted someone to go along and carry a box for him to stand on, and he said he would do the work himself. Of course, carrying a box wouldn't be work. We suggest that he do like Pat—cut the stalk down, then he can reach the head.

Sixteen farmers of the county made a trip to the experiment station at Spur Monday. Mr. Willis, county agent, reported the trip in full to the paper and it may be found elsewhere in this paper. So note it be.

J. L. CARRELL.

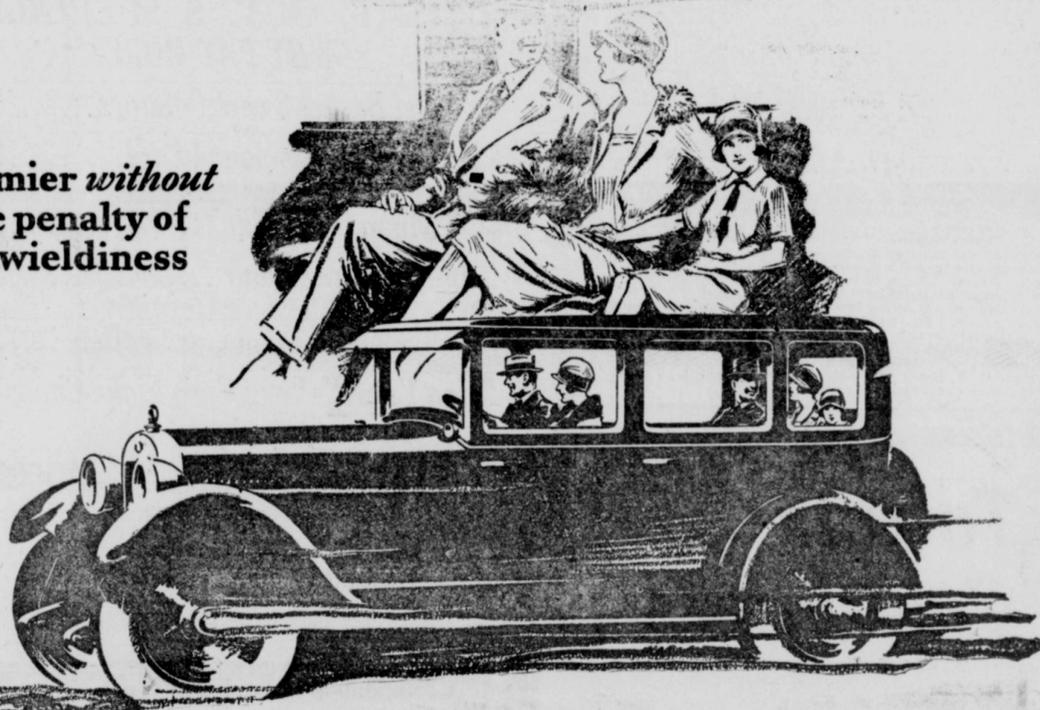

"BLACKIE" MOVES CAFE

W. H. (Blackie) Robison has removed his cafe from the old Baze stand to the old Epley stand under Shull's Variety Store. "Blackie" has an ad in this issue telling you for several reasons why you should eat with him when in the city.

A New York art collector has just paid \$50,000 for a bust. But some fellows we know have been out on less expensive ones.

As we understand our agricultural geography, a farm is a neglected body of land surrounded by prosperity.

Roomier without
the penalty of
unwieldiness

Real Car Joy must include

6-Cylinder Smoothness and Dash—High-compression Power and Performance—Size and Roominess without Unwieldiness—Steady Riding without Useless Weight—50 Miles an hour all day long—and far greater speed when wanted—Riding Ease Like Gliding—Economy of Price, Operation and Maintenance

And Essex Alone Combines Them All

Its Super-Six motor is the most powerful stock car motor per cubic inch displacement in the world, developing more than 2 1/2 times the power its size ordinarily rates it. It converts waste heat to power and gives an economy in fuel and oil that is astounding.

But owners also increasingly appreciate its great qualities of everyday service—the added comfort, roominess, riding ease and easy driving—the reliability and simplicity of maintenance, which are possible only be-

cause of Essex unity construction. Every part is designed and built in true balance with every other part. Clutch, transmission, axles and frame are specially engineered to make a perfect unit. This gives compactness. Yet it also adds 15% to the length of the body without extending beyond the rear axle—a great advantage in safety and riding comfort.

This unity of construction assures added advantage in every particular of performance, reliability, comfort, safety and economy.

Fluvanna Community It's Resources and Possibilities Won First Prize 1927 Scurry Co. Fair

GEOGRAPHICALLY

It includes about 250 square miles and is situated in the northwest part of Scurry County (and lapping over into Borden), at the head of Deep Creek and on top of the divide between the Colorado and Brazos river systems; and has an altitude of 2665 feet.

CLIMATIC CONDITIONS

Are, on the average, very good. It is true we have some windy days—some very warm and some very cold days; nevertheless, real sand storms seldom occur, and our temperatures range from about ten to one hundred and ten degrees above zero—60 degrees being about the average for the year; and a range of 30 degrees being common for a single day. Zero weather is rarely experienced. Many would think 110 degrees unbearable; but at our altitude, and with constant breezes, it is not nearly so oppressive as 90 degrees in low altitudes where humidity is much greater.

Average precipitation is about 22 inches. This is on a basis of measurements taken over a period of twelve years (1915-1926) and including the great drouth. Last year we got 30 3-8 inches of water. With the help of the usual cool nights; our deep, fertile soil will produce abundant crops on 20 inches of water fairly well distributed.

Both our geographical position and climatic conditions are conducive to good health. We usually breathe a clean, dry atmosphere; hence, malaria is unknown. Then we are practically free from annoying and germ-carrying insects, such as mosquitoes and the different kinds of ticks—none of the latter—even chiggers being of little consequence.

GENERAL RESOURCES

—Are evidently ample but only slightly developed. Usually an ample supply of good, soft water is found at an average depth of 100 feet. The early-day open range has yielded to pasture and farm; and the old time longhorns have given place to select and highly bred cattle—usually Hereford for beef and marketing and the Jersey for milk. Well bred horses and mules are raised in sufficient numbers for local use. A few farmers and stock men are finding goats and sheep profitable; while nearly every barnyard has a few hogs and is well stocked with fowls.

Our soil is a sandy loam in some places; but mainly black and closely related to the black wax lands of Central Texas. Either kind is drouth-resisting and

Mrs. Fields Honored With Luncheon at Thrane Home

The study clubs of Snyder, namely, the Twentieth Century, Altrurian, Mothers, Musical Coterie and Twentieth Century, Jr., had the unusual privilege of entertaining a most distinguished visitor, Mrs. J. U. Fields of Hasbell, who is state president of the Federated Clubs, with an elaborate luncheon at the spacious home of Mrs. O. P. Thrane on Tuesday.

The occasion was one of the most unique and highly enjoyable of the social events of club women of the season, where the beauty and fragrance of a profusion of cut flowers in many mingled varieties and hues, in artistic arrangement, made an ideal setting for the prettily appointed tables. A large banquet table, adorned with gay flowers which nodded cheerfully at the guests, and bearing at the four corners silver candelabra tied with bow-knots of tulle, and holding glimmering candles of a delicate pink, centered the dining room. The original place cards with the inscription, "Welcome Fields," harmonized with the medley of colors. The surrounding smaller tables were likewise attractively laid in madiera and decorated in corresponding splendor.

Covers were laid at the center table for the honoree and Mesdames W. P. Averette of Lamesa, Guy Speck of Post City and J. T. Whitmore, H. G. Towle, Fritz R. Smith, P. C. Chenault, Wraymond Sims, H. J. Brice, O. P. Thrane and Allen Warren and Miss Elaine Rosser, who were either officers of the various clubs or assistants to the program. Mrs. Whitmore was the versatile toastmistress of the occasion, while Mrs. Towle in a manner very befitting of the occasion gave the invocation. Mrs. Warren, president of the Scurry County Federation, made the welcome address, which was pleasing and truly appreciated. The main theme of the address, "Friendship," in which her sentiments were expressed in the quotation, "The More You Come the More We Adore You." The response, the theme of which was "Out in Snyder Town," was most clever and humorous throughout. The concluding number of the program was the eloquent address by Mrs. Fields in which she showed great personality and charm. She also touched on the theme of friendship and gave a brief sketch of the origin of club work, as well as discussing plans and the outlook of clubs for a great future. Miss Elaine Rosser gave a reading, "Winning a Beauty Contest at Carrot Corners," which contained a hearty laugh for all.

Other club women hearing the enlightening address of Mrs. Fields were Mesdames W. R. Bell, H. P. Brown, C. R. Buchanan, Joe Cator, R. H. Curnutte, R. D. English, W. W. Hamilton, C. C. Higgins, J. M. Harris, A. C. Pruitt, Fritz R. Smith, L. T. Sinson, W. E. Smith, J. C. Stinson, J. W. Leftwich, J. J. Taylor, C. J. Yoder, Bob Gray, H. J. Brice, J. C. Dorward, H. E. Rosser, C. F. Sentell, Joe Strayhorn, J. E. Sentell, Wade Winston, P. M. Chambers, Hugh Boren, Homer Snyder, Melvin Blackard, Sam Hamlett, W. W. Wilsford, George Northcutt, G. H. Leath, H. L. Davis, and Stewart, and Miss Bessie Carr, and Mesdames Sam Bandalls of Hermleigh, R. E. Simpson, Hut Speck, Hettner of Lamesa and Lyne and Ed Warren of Post City.

SURPRISE PARTY GIVEN C. F. SENTELL

A very delightful surprise party was given yesterday evening at the home of Mr. and Mrs. C. F. Sentell when Mrs. Sentell entertained in honor of Mr. Sentell's fortieth birthday. Mr. Sentell was completely unaware of such an event until the arrival of the guests, who were Messrs. and Mesdames George Northcutt, H. G. Towle, W. W. Hamilton, Joe Cator, Jack Harris, Wade Winston, Charlie Noble and J. E. Sentell. Forty two was an enjoyable diversion of the evening after which a most delicious two course luncheon was served. Handmade open Bibles showing the birth record and bearing the date, October 5, with dainty ribbons as markers were unique favors for the ladies, while farmer boys in blue, carrying papers in their pockets with the same inscription were for the men.

MRS. FAVER HONORED WITH DINNER

The Manhattan Hotel was the scene of a delightful occasion Tuesday evening when Lon B. Faver was host to a dinner party in honor of Mrs. Faver's birthday. Those sharing the pleasures of the evening with the honoree were Messrs. and Mesdames Wayne Williams, G. B. Clark, Jr., Joe Graham, Tom C. Gates and S. C. Saylor.

SINE CURA MEETS WITH MRS. ERWIN

A pretty party was given at the home of Mrs. A. D. Erwin Tuesday afternoon when she entertained the Sine Cura Bridge Club. In the playing, Mrs. Ernest Taylor won high score, while low went to Mrs. Hagan. A most delicious two course luncheon was served to Mesdames Fritz R. Smith, W. R. Johnson, Ernest Taylor, R. H. Curnutte, O. P. Thrane, H. G. Towle, W. B. Lee, G. A. Hagan, Dixie Smith, Jack Harris, George F. Smith and W. W. Wilsford and Misses Cecile Strayhorn and Ruth Smith.

MRS. BRUTON ENTERTAINS

The basement of the first Baptist Church was the scene of "A

for more ladies of our church to avail themselves of this study, as it tends to make us better mothers and better citizens.

The next lesson will be Oct. 10 at three o'clock at the church.

ALTRURIANS MEET WITH MRS. HIGGINS

Many and varied hues of cut flowers adorned the home of Mrs. C. C. Higgins Friday afternoon when she very delightfully entertained the Altrurian Club and special guests.

Mrs. H. G. Towle, the president, opened the meeting for the study of "The Deserted Village," which was one of unusual interest and indeed a pretty lesson of one of the oldest of classics and ably led by Mrs. Fritz R. Smith. Twenty-one members answered to roll call by "Where is Democracy Relected," followed by an introduction, Oliver Goldsmith and "His Theory," by Mrs. Joe Cator. An "Analysis of The Deserted Village" was given by Mrs. R. H. Curnutte, while Mrs. H. P. Brown held undivided attention in the giving of the paper, "The Village, Master, and Preacher," which was highly interesting.

The study hour was followed by a delightful plate luncheon, which was served to the club members and Mesdames G. A. Hagan, Stewart Joe Monroe and Miss Myrtle Akers.

SOCIETY H. E. CLUB GIRLS HAVE PARTY FRIDAY

The Home Economics Club members, both old and new, came together Friday night at the school building for the purpose of initiating the new members.

The new members initiated are Pauline Boren, Audrey Burrow, Gladys Bullard, Mittie Mary Clarkson, Beulah Lee Crowder, Allene Curry, Mary Bell Carroll, Ruby Curry, Vera Chandler, Connie Grantham, Mariwaid Harless, Eldess Hester, Alma Hawkins, Mabel Isaacs, Mary Joyce, Elsie Jones, Avella Morris, Myrtle McMaster, Katherine Northcutt, Lorena Patterson, Mildred Plummer, Mildred Patterson, Bonnie Ramsey, Rachael Sanders, Vivian Sterling, Ada Marie Weaver, Lila Mae Williamson, Doris Pope Elza and Bobbie Chambers.

After the initiation a delicious plate luncheon was served to the whole club and Mr. and Mrs. Jno. R. Covey and little John, Jr. Everyone seemed to enjoy the evening, and those initiated felt like genuine members.

"FLAPPER GRANDMOTHER"

The first entertainment to be presented at the high school auditorium since the opening of school for the present session was "The Flapper Grandmother," given Thursday evening under the auspices of the Presbyterian ladies and ably directed by Miss Barnie Farish. The presentation was a musical comedy, the players home talent, and the approval of the large audience truly expressed in laughter and applause.

The main theme of the play dealt with the outstanding problems of the present day, one of which was the attempt to have peace beneath the same roof where the modern girl, Lena, lived the desire of her grandmother, Margie Pepper, to be a flapper, in disapproval of her father, Andrew Spriggins, who was well pleased with the ideas of the old fashioned girl and likewise his daughter, Belindy. An old character such as Pa Spriggins was truly expressed by Albert Norred, while the part of Mat, his wife, was played by Miss Maurine Cunningham. Mat likewise wanted to be up-to-date but knew no means of going about it with the exception of continual nagging at Andrew. Miss Dixie Ruth Smith was pleasing in the part of Lena, who was called the "wild child" and had her time entirely filled by the presence of her admirers. Among those paying homage to Lena were Dick Tate, the motor cop, played by Herman Trigg, who successfully managed his affairs and later those of Lena. Jimmy Swift also had aspirations for Lena, but decided in favor of Belindy upon her return from Europe. Miss Ila Martin was a success in the part of Belindy, who was so out of date

METHODIST LADIES' BEGIN NEW STUDY

Auxiliary No. 1 met at the church Monday afternoon at three o'clock. After a few important items of business were attended to, the class went into the study of the first chapter of "Straightway Toward Tomorrow," by Mary Schaffler Platt. This is a very wonderful study of childhood. There was an interesting and enthusiastic discussion on the children of the world since 1924. These discussions consisted of the Destructive Forces: War, Infant Mortality, Child Labor, Ignorance, Superstition, Irreligion and Constructive Forces; Health Programs; Orphanages and Red Cross Protective Legislation; Christian Education; and Personal Knowledge of God. The seventeen ladies present entered very heartily into the lesson. We should be glad

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

DEPENDABLE Delco-Light THE IDEAL FARM ELECTRIC PLANT Frigidaire ELECTRIC REFRIGERATION—CHEAPER—BETTER

You Need Never Change Your Oil if You Own a Buick

Last year Buick said: "Change your oil only four times a year." Buick tests at that time had shown that oil changes would never be necessary, with the Oil Filter to remove impurities, and the Crankcase Ventilator to prevent oil dilution. Now, more than a year has passed, and Buick owners in every section of the world—under every climatic condition—have also proved that you never need change your oil if you own a Buick—replenishment and inspection of the Buick Oil Filter only are required.

Sedans \$1195 to \$1995 Coupes \$1195 to \$1850 Sport Models \$1195 to \$1525

BUICK for 1928 WESTERN MOTOR CO., SWEETWATER, TEXAS

that she was impossible, but the interests of whom were centered in the heart of Grandmother, Maggie. Miss Martha Gray played to perfection the part of the Flapper Grandmother, who was sixty years young and who became the belle of the town upon her return from Europe where she had her face lifted and all the redeeming marks of youth restored to her. The recreation was an added charm in the sight of all with the exception of Pa Spriggins and Dr. Joy, the latter of whom had always found his love returned. Ivan P. Oliver filled the requirements for the part of Dr. Joy, as did James Holcomb appear in the likeness of the timid, bashful boy, who also worshipped at the feet of Lena. Malcolm Crouch accounted for the part of the comedy in the part of Count Seeker Rich, an Englishman who followed grandma home from Europe and had an eye on her money. Robert Gray was Rastus, the colored servant of the household, while Mrs. R. E. Gray was Lilly, a desiring widow of the same ebony hue.

Interspersed between the acts and having direct bearing upon the plot of the play were songs by the chorus girls, Jelly Beans, Rag Dolls, Door Knobs and others. Miss Wynona Keller was a charming little lady in the part of "Mummy," while Miss Dorris Pope Elza was "Ellie." A number of the Presbyterians were added attractions in the parts of matrons, who were patrons of the Spriggins store, and who likewise had desires for the pleasing effects of the fountain of youth recently visited by the Flapper Grandmother.

Adobe Houses Coming Back in Popular Vogue

Return of the demand for something rustic is to bring the famous adobe house of a half century ago along the Mexican border back into vogue and hundreds of these mud brick houses are now being built all over Texas, says L. A. Wilke in Farm and Ranch.

For most part the craze for these old-style adobe houses has been confined to "dude ranches" and tourist camps, but in several West Texas towns some very beautiful homes, owned by wealthy ranchmen, are built of adobe bricks.

Although these houses can be built in almost any part of the world, when the builder knows how, they are most popular in the United States in what is known as the Big Bend country along the Texas-Mexico border.

Many claim that the houses are built successfully only by Mexicans, whose ability is a heritage. There are now thousands of Mexican adobe brick houses now being built all over Texas, says L. A. Wilke in Farm and Ranch.

Recently, when Pete Crawford, manager of Rancho Valley in Cleburne, in Brewster County, Texas, decided to start a "dude ranch" he planned the resort house of adobe. This was because of the "color" it would give for Eastern visitors, and with quite a bit of consideration as to the price of building.

Mexicans along the river, as peons who can't speak a word of English, usually are the most adept adobe brick makers. These peons made and lay these foot-square mud bricks for from \$10 to \$20 per 1,000, depending upon their need of money to buy beans.

How he likes his beans! Sometimes a peon will make 1,000 brick, take his dinero, and spend the entire amount on frijole beans. He then goes to his hotel and refuses to do any more work until the last bean has been consumed.

The process of adobe brick-making is simple, else the peons couldn't do it. Nevertheless, there is quite a secret in doing it successfully. The ingredients include cup-up straw, dirt, manure and water.

Soil for Adobe Brick Adobe brick can be made from soil found in almost every section of the state. Any dirt that will harden after being worked up

while wet is suitable for adobe brick-making. If you have a place where the ground is left hard where the hogs have wallowed in wet weather, this dirt is ideal for adobe brick. Another indication of good soil for this purpose is where the crawfish builds his house above his hole in the ground and this dirt house hardens to where it will not crumble. Any soil that will not pulverize easily when dry is suited for adobe work.

The Way to Mix It The Mexicans mix ingredients together with odd-shaped hoes, standing in the center of the mud vat with their bare feet. When the right consistency is reached the mud is poured into a wooden mold, making a double brick.

The form is immediately lifted and the bricks left on the bare ground to bake. After a few days they are turned over, then later turned on the side. This baking process requires two weeks of border sun, and the sun west of the Pecos is the hottest sun in the world.

Adobe bricks are made any convenient size by preparing a mold of wood, lined with galvanized iron, of the size desired. The usual size, however, for the outside walls of a building is 12 inches by 12 inches by 4 inches. For the interior walls bricks of 8 inches by 12 inches by 4 inches are commonly used.

A number of farmers are experimenting with adobe brick by constructing such outhouses as chicken houses, barns and cow sheds with them, while in driving around one may see a large number of adobe bungalows, many very attractive ones. Some have stuccoed the outside and plastered the inside, which undoubtedly will insure the adobe building a long life of service without repair, besides improving the looks of it.

It Not Expensive

Mr. and Mrs. L. N. Periman and daughters, Vera and Ilahee, of White Bluff visited our singing andy. We invite everyone to come and be with us the third unday.

The singing convention meets at Ennis Creek the fourth Sunday of this month. We hope the singing will be well attended. We are looking forward to a good time and a lot of dinner.

The ladies of this community are putting forth efforts to care for the visitors from other communities.

EDNA GALYEAN. BOOSTS HOME PRODUCTS

Mrs. Austin A. Erwin was hostess to the Sine Cura Bridge Club Tuesday afternoon and the second course of the fine luncheon consisted of the Snyder Creamery Company's brick ice cream.

Mrs. Erwin stated to a Times-Signal representative Tuesday that the brick ice cream furnished by the local plant was the finest she had ever had. She also said that it would be just great if other clubs realized what fine ice cream is produced by the local company.

Fine work, Mrs. Erwin. All of us should boost our home industries. Who'll be the next to boost the Snyder Creamery?

JUNIOR C. E.

The Junior Christian Endeavor of the First Christian Church met October 2 and studied a fine lesson on "Going Forward." There were 19 present. We are glad to have our leader, Mr. Cody, back again. Reporter.

ENNIS CREEK DOTS

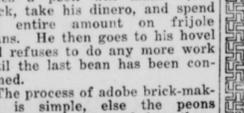

Ennis Creek is still the center of interest in cotton picking. All the farmers are working to get their cotton picked before winter. Another fine rain fell Sunday morning, but we don't think it will delay cotton picking.

Francis Prather of Miles spent the week-end with his parents, Mr. and Mrs. Martin Prather. Sunday school was well attended Sunday, 72 being present. Several visitors were present. Singing was largely attended Sunday. A number of Woodard people were present, and there were some visitors from Snyder.

TEXAS FARMER CREATING NEW HOME OWNERS

A Texas farmer, O. H. Cross, has decided to make an experiment. His 1,000-acre farm has been cut into 100-acre tracts, on each of which a good house will be erected. Each tract will be rented on terms that call for a living-at-home program. This is the right policy toward agricultural rehabilitation. Under this plan, there will be ten additional farm home owners, and the land will be far more systematically and thoroughly cultivated. The yield per man, as well as per acre, also will be much larger.

Next time you buy calomel ask for

The thoroughly purified and refined calomel combined with assistant and corrective agents. Nausealess—Safe—Sure

Mr. and Mrs. L. N. Periman and daughters, Vera and Ilahee, of White Bluff visited our singing andy. We invite everyone to come and be with us the third unday.

The singing convention meets at Ennis Creek the fourth Sunday of this month. We hope the singing will be well attended. We are looking forward to a good time and a lot of dinner.

The ladies of this community are putting forth efforts to care for the visitors from other communities.

FARMERS NOTICE A. J. Towle, secretary-treasurer for Scurry County of the Federal Land Bank of Houston, wants to advise that the bank is going to award \$100 in prizes for the best letters received from borrowers on how they pay their amortization installments.

Here is the official data: \$100 PRIZES For Letters On HOW I MEET MY INSTALLMENTS

Frequently one borrower has a method of making money to meet installment payments on his loan that would be of great aid if followed by other farmers. The farmer who has a particularly good plan loses nothing by making it available to others—in fact, he may be on the prize for the time required to write the letter.

First Prize, \$25.00; Second Prize, \$15.00; Third Prize, \$10.00 and ten prizes of \$5.00 each. Write your letter soon. Pass on your ideas to Brother Farmers. Address your letters to Contest Committee, Federal Land Bank, Houston, Texas. Contest Closes November 1st. 16-1tc.

CITATION ON APPOINTMENT OF TEMPORARY GUARDIAN

THE STATE OF TEXAS. To the Sheriff or any Constable of Scurry County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return date hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the welfare of Jack J. Reynolds, Rosanna Reynolds, Margery Reynolds, Robert Hunt Reynolds and Andrew E. Reynolds, minors, Jim J. Reynolds was by the County Court of Scurry County, Texas, on the 19th day of September, A. D. 1927, duly appointed Temporary Guardian of the estate of said minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the 2nd Monday in November, A. D. 1927, at the Court House thereof, in Snyder, at which time all persons interested in the welfare of said minors may appear and contest such appointment if they so desire.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this 21st day of September, A. D. 1927. MABEL Y. GERMAN, (Seal) Clerk County Court, Scurry County, Texas. 15-2c.

PARENT-TEACHERS AWAKE

First regular meeting of the Snyder Parent-Teachers Association will be held next Thursday afternoon at 4:05 p. m. at the high school auditorium.

All parents and teachers are invited to attend, especially the parents. Snyder should have better than five hundred parents on their membership roster. Active work on the part of the officers of the association will bring that number. The association can rest assured that the Times-Signal will cooperate one hundred per cent in furnishing publicity for their business sessions.

Next Tuesday night will be the regular monthly meeting night of the Scurry County Chamber of Commerce. Every farmer and business man in Scurry County and his family are invited. Now let's fill the district court room of the court house. The fun will start at 8 o'clock sharp and will close at 9. No one is going to be kept late Tuesday night; it's not going to be a speaking fest; there is going to be some real acting Tuesday night. Whether you're a member or not, if you live in Scurry County, you and your family will be expected to be on hand at eight o'clock sharp. Be sure to tell your friends and let's all get acquainted and have a jolly good time.

DEMONSTRATION NOTES Bessie Carr, County Agent

The County Council met Saturday afternoon at the home demonstration agent's office for the purpose of reorganizing and to discuss the yearbook for the ensuing year. The following officers were elected: Mrs. J. L. Carrell, chairman; Mrs. Mattie Murphy, secretary; and Mrs. Ben Scott, reporter.

As chairman, Mrs. Carrell appointed the following women to work with the agent in compiling the yearbook: Mrs. Mattie Murphy, Mrs. Frank A. Wilson, Mrs. Periman, Mrs. Ben Scott, Mrs. S. A. Smith, Mrs. Lillie Talley, Mrs. L. P. Sterling, Mrs. Pat Jones, and Mrs. Lynn Henderson.

Each of the above mentioned women is requested to mention the following year's work to the club members in order that the program will be representative of the members' wishes. Any requests must be made to this committee during this month in order for the book to get on the press in due time.

The meeting Saturday was a good one and was fairly representative of the county, eight clubs being present. It is hoped that the meetings every fourth Saturday will be as good or even better than this last one. It is not the demonstration agent's meeting but everyone's meeting.

EAGERLY AWAITED FILM TO BE HERE AT PALACE SOON "The Big Parade," which has been rightly called the biggest picture in screen history, has been eagerly awaited in this city. King Vidor's Metro-Goldwyn-Mayer picture of Laurence Stallings' story is coming to the Palace Theatre Monday, Oct. 17.

Briefly, the story of "The Big Parade" centers in Jim Apperson, a typical fun-loving American and much like every other rich man's son. In the spring of 1917, fired by a new patriotism, he enlists and departs for service in France. The succeeding scenes show Jim and his two buddies, Bull, a former Bowery bartender, and Slim, an ex-riveter, and their life in the doughboys' billets in rural France. Mr. Stallings is said to have created a trio as original as Kipling's "Soldiers Three."

And then Jim meets Melisande—as played by Renee Adoree—and forgets about his American sweetheart. This little French girl in her wooden sabots and milkmaid garb is a figure of high romance. Some of the most touching scenes ever filmed are those of the love-making of Jim and Melisande. Then comes the advance to the front and the lovers are separated. Vital moments of drama are shown in the advance through the forest, the attack on the French village, the trenches, shell-holes, machine gun nests, the wounding of Jim and the final fight for his two pals. Then home again and the reconstruction period when the two lovers are reunited. Realism dominates every scene. Supporting John Gilbert are such sterling players as Renee Adoree, Karl Dane, Tom O'Brien, Hobart Bosworth, Claire Adams, Cleo Medowell, Rosita Marstini and Robert Ober.

PROGRAM FOR P. T. A. The first meeting of the year of the Parent Teachers Association will be held Thursday, Oct. 13, at 4 p. m. at the high school building.

Roll call, "Why are You a Member of the P. T. A.?" Business session, followed by a talk, "The Opinion of our Superintendent," by Mr. C. Wedgeworth.

A friendly get-together period. Mrs. J. T. Whitmore, chairman program committee.

The Cowboy Band of Simmons University passed through Snyder Monday evening en route to Roswell, N. M., to attend the Chavez County Cotton Carnival as the official musical organization of the exposition.

Dollar Day

Tuesday, Oct. 11th

Tremendous savings for everybody here next Tuesday, October 11th. Every department is humming with activity and is all agog for the great bargain event that is to take place in this store that day.
