SNYDER, TEXAS, THURSDAY, APRIL 12, 1928

NUMBER 43

TEXAS AND TEXANS

BY WILL H. MAYES

Mohair Industry Increases
FROM every section of Texas where attention is being paid to the mohair industry, reports are that the yield this spring is larger than heretofore and that the growers are pleased with prices and profits. The goat is no longer the humble animal, but the pride of the place. In Lampasas County there has been a ten-fold increase in mohair production in the last five years. The shipments this spring are expected to reach ten carloads. San Marcos estimates that the Hays County production will bring in approximately \$100,000. The price ranges from 52 to 65 cents a pound. There is hardly a farm in Texas, unless it be the small fruit or truck farm, which does not have at least a few goats may not be brought to profit and with little trouble.

Milk Goats Popular
THE prejudice that once existed against the use of goat milk has about gone, and as people are learning the healthfulness of the milk and its gentle and delicate food, especially for invalids and young children, many farm and town homes now have a few milk goats. The milk goat is about the cleanest of the domesticated animals. It is easily and inexpensively kept and it is gentle and docile. Many families throughout the country, that reluctantly began the use of goats' milk for some invalid or the recommendation of a physician, have found it so wholesome and nourishing that they have turned to it as a substitute for cows' milk for family use.

Millions of Rats Killed
ACCORDING to reports compiled by the Texas Experiment Station at College Station, 1,917,000 rats were killed in thirteen counties in Texas from December, 1927, to the close of February, 1928. The United States Department of Agriculture estimates that a rat will eat and destroy \$2.00 worth of feedstuff every year. These thirteen counties, therefore, will be nearly \$4,000,000 better off because of their rat-killing campaigns. Texas should and could be cleared of rats in a short while if the other counties of the state would only get about killing them as energetically as have Navarro, Smith, Ellis, Grayson, Fannin, Lamar, Bell, Wood, Denton, Grimes, Red River, Kaufman and Jefferson, the counties that have made their reports. To be most effective, every part of the state should assist in the destruction of this pest.

Small Town Co-operation
DR. Clay Lauderdale, a Buda physician, having decided that the people around the village could not make enough money growing cotton to pay the doctors' bills, got up in meeting and began shouting for a cheese factory. The suggestion took, and a subscription for stock in the enterprise was started. Kyle, a neighboring town, decided to strike business along, its bankers and business men taking stock in it. It was a neighborly thing for Kyle to do, but Kyle figured that good roads bring the two towns very close together and that Kyle farmers and dairymen would profit from a cheese factory at Buda, about as much as those closer to Buda. And so, thanks to the friendly co-operation, the Buda cheese factory will be built.

Beautifying Contest
THE Dilley Civic League has put on a contest of a kind that might well be inaugurated in every place in Texas. The town is divided into four sections by the intersecting highways centering there. These sections will strive to see which can be made the most beautiful, the prizes being rosesets to be awarded by the Civic Club, which, of course, will be used to still further beautify the winning sections in the contest.

Blackberry Picking Time
BLACKBERRY picking has begun in Smith County, where the acreage is larger and the crop better than ever before, and stained lips and teeth all over the country will soon be giving testimony to the popularity of this delicious Texas fruit. Lindale and Swan are the leading berry centers of the county, there being 4,000 acres grown in the Lindale community.

Jubilant Pearsal
Million Dollar Community
ROWENA, which the last census estimated had only 500 inhabitants, but which is surrounded by a fine agricultural section, gained 8,000 acres of cotton during the season just closed, that crop having an estimated value of \$800,000. In addition the produce sold in the town, according to estimates, was 86,000 pounds of butter, valued at \$26,000; ten cars of eggs, \$28,000; four cars of wheat, \$3,000; six cars of oats, \$10,000. Ballinger, the county seat, which is close by, bought Rowena grown products estimated at \$200,000. Many items like fruit and vegetables are not included in the estimates of Rowena-grown products. This paragraph explains why Rowena

Railroad Plans Commencing to Get Under Way

Promoters Visit Every Town Along Route With Success

Details of the trip taken last week on the Artesia, Roswell & Snyder Railroad brought back good reports from every community visited.

Capt. Ed Kennedy with his staff, composed of L. P. Ward, J. W. Roach and A. L. Dickenson of the Townsite Development Co. of Houston, and Sec'y M. G. Evans of the Scurry County Chamber of Commerce, left here early last Tuesday.

At Gail the committee was met by Chairman Judge Doward, and after getting a view of the proposed route through the canyon there, the ladies of Gail presented the visitors with an old fashioned feed. Gail was asked to give 200 acres of land and \$35,000 as a bonus.

During the trip along the route it was brought out that two lines are under contemplation; one going out of Snyder via the R. S. & P tracks to Fluvanna, thence due west to O'Donnell and on to Brownfield. The other route was west out of Snyder to Gail and Lamesa, thence to Brownfield, where it would connect up with the northern route of the newly proposed line. At Gail it was brought out that 85 per cent of Borden County lands are not under cultivation.

The engineers accompanying the Citizens of Lamesa, headed by Sec'y Wm. A. Wilson, met the railroad party at Gail and returned to their home city. At the Lamesa meeting every cooperation and help was extended.

At Roswell, where more than a quarter million acres in motion and lands has been given, the committee was shown the diversified agricultural section surrounding that country, with fruits, vegetables, cotton and apples being raised on irrigated lands.

The engineers accompanying the party made a survey ascending the caprock and reported that going into O'Donnell or Lamesa could be accomplished very successfully. The same held true at Cap Rock. The land under the caprock at Roswell is in a shallow water belt, and it was proved that it could be irrigated at a minimum of expense.

Tonnage figures obtainable at all points along the route showed that even at the present time there was more than enough tonnage to make the proposed route a paying proposition.

A. L. Dickinson of Houston, associated with the Townsite Development Company, was so pleased with the attractive sites offered that good prices were made for the sites.

Enough money in bonuses and townsites, together with right of ways, has already been offered to practically assure the grading of the entire route according to Secretary Evans of the Chamber of Commerce. Commenting upon the matter, Mr. Evans said: "In every town visited, and particularly the lands in the rural sections, we simply awaiting the touch of the flow and a railroad to make it possible to get crops to market at a low expense. In addition to agricultural possibilities, various minerals such as potash, gypsum beds, coal and various other substances were to be found that would make the new line one of the most profitable and best paying in the entire state."

Secretary Evans' last remarks indicated a hearty welcome at every point along the route on this return here Saturday. Mr. Dickinson of the townsite company returned with him, while Capt. Kennedy and the balance of the party remained in Roswell to complete negotiations that have been pending there for some time.

It has been assured for many months that a real rail battle is to be waged in West Texas, and no matter whether it's the Katy, the Frisco, the Santa Fe, Burlington or the T. & E.—at it come, this vast West Texas needs adequate transportation facilities.

Crop Outlook Improved With Week-End Rain

Easter Sunday brought with it a combination of mist, a drizzle, snow and rain that put a wonderful smile on everyone's face. The downfall finally developed into a good sized rain that will give a good season and, according to reliable sources, the precipitation was more than a half inch.

The lowered temperature of Sunday did not prove of material harm to fruit or other growing crops, we are told.

SERVICES TO BEGIN AT CHURCH OF CHRIST

The Busby-Taylor meeting will begin Sunday, April 15, at 11 a. m. at the city tabernacle. Two services will be held daily, short sermons for busy people at the Palace Theatre 10:45 to 11:20 a. m.

Good Report Is Sent In For Snyder High

Inspector Praises School and Citizenship of This Section

The State Department of Education through Mr. A. M. Blackman, chief supervisor of high schools, has furnished the official report of the inspection made here recently by H. F. Alves, one of the inspectors from the state department.

The report as printed is taken verbatim from the official record: "I take pleasure in enclosing the official report of the supervisor who recently visited your high school. A copy of this report is also sent to the president of the school board for his information. This report is official, it should be filed for future reference."

"The Department of Education is very anxious to render real, constructive service to the high schools, and any requests or suggestions from teachers or school officials will receive very careful consideration."

"Thanking you for your cooperation in the improvement of the schools of the state, I am

"Very truly yours,"
"A. M. BLACKMAN,"
Chief Supervisor of High Schools.

Snyder High School is occupying for the first year the new building which was in process of construction at the time of the visit of the supervisor last year. One of the outstanding features of the present building is the modern equipment that was installed for classroom and laboratory work. It is now the hope and plan to acquire an athletic field and to provide a gymnasium, both of which are needed. The present athletic field is not school property.

1. That the following items denoting material progress be noted and commended:
 - a. The following expenditures have been made this year:
 - (1) \$200 has been spent for additions to the high school library, and \$140 for additions to the laboratories.
 - (2) \$500 has been expended for desks, etc. necessary to equip additional classrooms for the year.
 - (3) Four teachers have been added to the system for this year.
 - (4) A kindergarten teacher has been employed for the first time in the system.
 2. a. That an inventory—by subject matter—of the high school library in order that deficiencies may be supplied. Apparently, additional general outside reading for English should be supplied.
 - b. A copy of the inventory is to be filed in the superintendent's office for future reference.
 3. That an inventory, by rooms, be made of the grade school libraries, and existing deficiencies supplied before another school year opens. At this time the grade school is not meeting requirements of \$25 per room, as found in the minimum requirements in bulletin 225. These requirements are necessary for classification, which precedes affiliation.

In this connection, it is urgently recommended that a yearly appropriation for replacements and additions to the libraries be provided in the annual school budget. This is a necessity in a growing school, if a high standard of efficiency is to be maintained in the school work. The constant use of library books will necessarily call for yearly replacements; the yearly increase in enrollment, for additions.

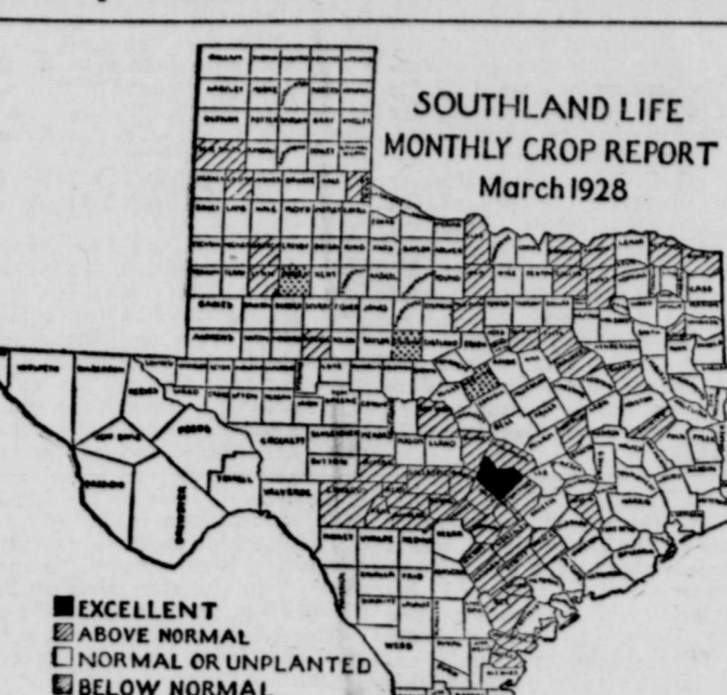

4. That special commendation be given for the determination to improve the standard of English to warrant recognition of the fourth unit. A special class in English grammar has been organized for those pupils needing this extra work. The pupils are to be commended for the excellent response they have shown in this work.
5. That material for accreditation be submitted in those subjects in which applications have been filed.
6. That commendation be given to the superintendent and his corps of teachers for the splendid results being obtained through the addition of extra-curricular activities, for which a regular period is provided on the daily schedule. This is as it should be.

The supervisor was most favorably impressed with the strong and harmonious organization of the school, with the sincerity of purpose of Supt. Wedgworth, and with the good attitude of the teachers and pupils toward their work. Apparently, the citizenship of Snyder is equally as enthusiastic and interested as the school authorities and the faculty. Commendable work is being done in both high school and grades; some unusually good work was observed in the classes visited throughout the day.

The supervisor wishes to express his personal appreciation as well as that of the Department for the courtesies extended to him by Supt. Wedgworth, faculty members and citizens of Snyder.

KNAPP RABBIT DRIVE
Pat Bullock informs the Times-Signal that up to noon yesterday he had personally counted 9,368 rabbits killed at the Knapp drive. Readers can use a little salt on

Crop Outlook in Texas Favorable

DALLAS, April 12.—There is a bright and cheery aspect in crop reports compiled by the Department of Public Relations of the Southland Life Insurance Co. up to April 1.

Favorable weather has greatly increased prospects over practically the entire state and especially in Central and North Texas. Dry weather in the region known as the South Plains is causing some worry, but the dry area apparently is not extensive.

The question of cotton acreage reduction apparently is as vague as ever. Certain localities, notably in the northern part of the state, indicate a real reduction in cotton acreage, the main cotton producing acreage, "no change," and some South Texas counties actually report a proposed increase in acreage. Tabulation, however, indicate that there will be little change in the number of acres devoted to raising cotton.

Reports of expected boll weevil and pink bollworm infestation are not alarming, although four Texas counties, Austin, Mitchell, Travis and April, have planted earlier than over this year, and in many sections all crops other than cotton are in the ground.

One of the most optimistic notes is typified by the following: "The ground has been better prepared than at any time since I can remember"—this indicating a desire on the part of Texas farmers to farm less and better.

Roll of Honor Shows Boosters of Home Paper

Good friends and boosters for the Times-Signal have made it possible to place a contract for an added improvement in the way our Linotype works. Recently we mailed out a letter to our subscribers asking their help to make some new improvements to the newspaper, the first of which was an electric pot. Their reply with subject matter, which has proven to be the most satisfactory plan. Renewals and new subscribers since our last publication of a Roll of Honor include:

F. A. Greer, two years; J. W. Riley, two years; Oscar Davis, J. H. Rollins, two years; W. M. Nichols, R. H. Mitchell, J. W. Lettwith, Mrs. M. A. Lettwith, S. N. Richardson, P. J. Sterling, G. L. Rogers, George Webb, Abel Barrientes, Jake W. Smith, J. E. Hardy, B. R. Templeton, Mrs. J. M. Harris, two years; Mrs. Lela Ellis and J. C. Amos.

R. H. Odem, W. R. Wren, R. L. Lightfoot, C. E. Ferguson, W. H. Merritt, J. R. Dobbs, P. E. Davenport, Arthur Chandler, 2 years; Lloyd Thompson, H. G. Towle, S. A. Larue, 2 years; Mrs. B. Y. Rea.

See ROLL OF HONOR—Page 3

FORMER SNYDER BOY PLAYS IN NATIONAL BASKETBALL MEET

Charley Lockhart, son of C. R. Lockhart of Austin and a former Snyder school student, participated in the national basketball tournament at Chicago last week and was instrumental in defeating the Englewood High team of Chicago, said to have been the stiffest assignment of the entire meet for the first round. Mr. Lockhart was a member of the Austin High Crismon Kids who won the game 29 to 25. He played guard.

The Austin American in speaking of the final series done at Chicago, said "With only a half minute left to play, Sellers leaped higher than he ever leaped before and got the tip-off as Charley Lockhart leaped into the air to receive it. A fast pass, Lockhart to Jimmy Burr to Sellers under the basket, netted the last two points."

PERMITS GROWING

According to permits submitted by Building Inspector Bolin, from the first day of January, 1928, to March 10, the total permits to be granted total \$188,940.

This total for less than four months of 1928 exceeds the entire total for 1927 by more than \$40,000.

BASEBALL NEWS
Officers of the County League closed a contract Tuesday night for a lease on Wolf Park for the season.

Dr. J. G. Hicks was appointed official scorekeeper, that all games may be reported in the Times-Signal.

All teams who are not ready to play at 5 o'clock will forfeit the game, according to rules laid

Lions Hold Good Luncheon With Ladies Present

Mrs. Helen Clutter Speaks On County Library Proposition

Yesterday's meeting was a wonderful gathering of Snyder folks who, if they were not already members of the Lions Club, showed their keen interest in the organization.

President Wedgworth fairly outshone any previous attempt in "throwing the King's English," and after getting the mystery of K. P. Konitkee off his chest with the presentation of a young knife to George Alexander, the party went forward.

Various cruel thrusts had been made by "Swag," as the gang knows him, at the round spirit who answers to the name of the Senior Editor, regarding a song or something resembling a "solow." It brought out a point that the singer, the Senior Editor knows more about training up on Lucky Strikes than anything else. Chairman Wedgworth followed the song with one "out of the air," which took fifteen minutes prologue to introduce and only one minute to lose every sheep in all West Texas. Mr. Wedgworth, however, has promised to sing for the gang and with T. L. Lollar and J. M. Harris will render a trio next Wednesday noon entitled "The Return of the Lost Sheep."

Of particular interest and to the delight of the Lions Club, the presiding officers of local clubs, and other members, were guests, together with the main speaker of the hour, Mrs. Helen Clutter, state library organizer.

Ladies and clubs represented were: Altrurian, Mrs. H. G. Towle; Coterie, Mrs. Fritz R. Smith; Alpha Study, Mrs. Wayne Boren; Mothers, Mrs. P. C. Chenault; Twentieth Century, Mrs. J. C. Doward; El Felis, Mrs. W. E. Moreland; San Souci, Mrs. E. E. Smith; County Federation, Mrs. Allen Warren; library committee, Mrs. C. R. Buchanan, Mrs. J. M. Harris, Mrs. Joe Canon and Mrs. W. E. Smith.

Mrs. Clutter in her address to the audience which numbered more than sixty stressed the importance of Snyder County adding a county library to its other improvements. Of the proven success in the seven counties in Texas as already organized, and of the importance of every man and woman signing their name to the petition that will be presented to the commissioners court. Mrs. Clutter gave a fine address which was listened to with rapt attention during the entire time she occupied the floor. Hearty applause greeted the conclusion of her masterly talk.

Secretary Evans of the Chamber of Commerce was called upon, and he talked briefly on the Dal-Paso Caverns Highway next Thursday, as well as the local railroad situation. Mr. Evans also paid a deserved compliment to Snyder High School's Vocational Agriculture class, whose picture appeared in this month's Times-Signal. Today more than thirty members will join with the Colorado Lions Club in a district session there today.

Woodman Circle to Hold Meeting Sunday, Apr. 22

National officers of the Woodman Circle will come to Snyder Sunday, April 22, for an open meeting of the local Grove at Wolf Park, in honor of the visitors.

Among the nationally known officers who will be present will be Mrs. Mary E. LaRocca, national president, and Mrs. Dora A. Talley, both of Omaha, Neb., Mrs. Etta Davidson, state supervisor for Texas; Mrs. Tressie Goldstick, district manager, of Stamford, Conn.

Entertainment will be provided for the visitors and the general public who are invited, with the juvenile team giving special drills, with talks by the national and state officers. The new national home to be built at Sherman for the aged and orphans will be brought to the attention of local friends.

Snyder should turn out en masse to welcome the visitors and help the local body in their work.

SNYDER TO HAVE NEW INDUSTRY

Mrs. Ruth Lechner and Miss Francis Harris have organized the Em-T Products Company to manufacture and distribute two products, a French salad dressing and a sweet pickle. Folks who have tasted either of the delicious and delectable bits will tell you there is nothing like either of these foods on the market.

The recipe for the salad dressing was secured by Mr. W. W. Lechner while in France serving in the aero squadron. The sweet pickle recipe has long been the property of Mrs. George Harris.

The Times-Signal wishes these ladies every success.

Invitations are being mailed out by the Panhandle Press Association for their next meeting at

May Day Queen To Be Selected by Popular Vote

Four High School Girls in Contest for May Fete Honors

Interest is developing in the selection of a May Day Queen from one of the high school classes for the May Day Fete to be sponsored by the Altrurian Club at the City Tabernacle Friday evening, May 11.

Candidates already selected include:

Senior Class, Polly Harpole.
Junior Class, Mary Edith Hood.
Sophomore Class, Audra Jenkins.
Freshman Class, Evelyn Pratt.

To vote for your favorite, one penny counts as one vote, and voting booths are now at Warren's drug store, Stinson drug store No. 1 and the school building. Select your favorite today and get your voting strength ready for action. The contest closes Tuesday May 1.

The May Day Fete will be one of the big attractions given during Music Week, which is sponsored by the Coterie Club. A small admission fee will be charged to be used for the scholarship fund established by the Altrurians. At present the club is financing a student at a Texas college.

Prizes Being Offered to 4-H Club Members

Most all of the boys' 4-H Clubs have been organized with a possibility that two more schools will be added to the list of eleven that now have organizations. One hundred and nine boys have enrolled and sent in their cards. There are many more boys than this who are club members who have not sent in their cards, but in order to be enrolled in the state organization the club cards must be sent in. Hermleigh is standing away out in front in this respect with 25 members. Pleasant Hill has 19 members, Pleasant Hill, Tra 8, Shannon 3, Camp Springs 8, Fluvanna 7, Bison 7, Bethel 4, Dunn one.

Club Prizes Wanted

There are many, many farmers and merchants who should be willing to offer prizes to encourage the young men in the county. These prizes would be profitable investments in advertising, at the same time being stimulants to thrift for the boys. What could prizes be given for? The boy who raises the best baby born in the county. What would be considered good prizes? Pigs, chickens, lambs, settings of eggs, calves, merchandise, money and scholarships or trips to the A. & M. College, Dallas Fair, Fort Worth Stock Show, etc.

Invitations are being mailed out to all member towns, county judges and commissioners courts by Sec'y Wm. A. Wilson of Lamesa, who reports an enthusiastic response to these invitations. The Scurry County Chamber of Commerce and the Lions Club will co-operate here to make the visitors welcome and to serve them with a typical Snyder Good Will Dinner and other entertainment.

Methodists to Observe Sunday With Program

Next Sunday will be the official Sunday School Day observance at the First Methodist Church, and plans are being completed by a large committee to give a program that will be replete with interesting details.

Special music will be provided, and each department will be seated in a reserved section of the church. Impressive will be the various subjects to be handled in portraying the various departments of Sunday school activity.

Every member of the church who is standing behind every activity of the Sunday school should join in the services Sunday. Visitors cordially invited.

Exchange of Plants To Be Held Saturday

Every woman in Scurry County is being asked to take a definite part in the Plant and Magazine Exchange that will be held at the court house next Saturday at two.

The movement is one that is sweeping the country as being a part and parcel of the Better Homes Campaign and is receiving the endorsement of national, state and county leaders. Every woman in every town, every county and in every section of the country is expected to attend and join in the work.

Scurry County women to make their campaign a success must each bring plants and magazines to the court house the day of the meeting for exchange. If you have a surplus of something else that might be of interest to some other women in the opposite end of the county, bring that. The whole idea is one of cooperation in furthering a movement that is

Dal-Paso Way Boosters Meet Here Thursday

Official Highway Band Will Furnish Music During Session

All towns, including Breckenridge, Albany, Anson, Roby, Snyder, Gail, Lamesa, Seminole, Carlisbad, N. M., and El Paso, will attend the Dal-Paso Cavern Highway Association at Snyder next Thursday, according to information that is being received by Wm. A. Wilson, secretary of the association. A program of accomplishments, and plans for the future is being worked out by Judge Dixie Kilgore, president of the association. The election of officers for the next year will be had at the Snyder meeting.

Some of the outstanding accomplishments of the organization for the last year are: state designation of the route from Lamesa to the state line, the naming of the association, publicity for the entire route, a closer fellowship and friendship of all towns along the route and three meetings of the association, straightening of the route and shortening the curves and crooks, increased traffic over 200 per cent over the route. The Anson band is being re-elected as the official band for the organization and will be on hand with plenty of band music for the meeting here.

The State Highway Department made an announcement Tuesday that brought joy to the hearts of the Dal-Paso Cavern Highway towns and members when it announced that in Fisher County on Route 83 between Roby and Anson repairs were now being made on a stretch of road that has often proved nearly impassable to motorists during rainy weather. The stretch of new pavement was eliminated and a new grade being added. The re-location will also eliminate four right angles.

This announcement coming right ahead of the first annual meeting of the highway association at Snyder Thursday, April 19, brings a new joy to the member towns, and will assist in getting to hardsurfing details, first in Fisher County and then continuing west to the New Mexico line.

On the same day of the meeting here the Broadway of America boosters, which includes the Bankshead Highway towns, will be meeting in official sessions at Memphis, Tenn. The local meeting intends wiring words of good will and felicitations to these highway boosters, asking also for their good will.

Invitations are being mailed out to all member towns, county judges and commissioners courts by Sec'y Wm. A. Wilson of Lamesa, who reports an enthusiastic response to these invitations. The Scurry County Chamber of Commerce and the Lions Club will co-operate here to make the visitors welcome and to serve them with a typical Snyder Good Will Dinner and other entertainment.

WHERE DID OUR CREAMERY GO?

A mystery as deep as one of Sherlock Holmes's best stories pervades the air with regard to "Where Has the New Snyder Creamery Gone?"

Ross J. Saveracied of Iowa City, Iowa, came to Snyder and made an exhaustive survey of Scurry County. He asked for nothing more than cooperation which was given him wholeheartedly, and a new brick building was started by one of our local men. All seemed well. He said he was satisfied 100 per cent.

Tuesday the report came that Mr. Saveracied was moving his creamery business to Fort Worth (which had never been started here) and the air was as thick as molasses.

The old-fashioned remark of "There's something rotten in Denmark" best explains the situation as it stands today. Some steam roller tactics have happened some place along the line.

A BANK SERVICE

For Business and Business Men

Ours is a progressive financial institution, amply equipped to serve satisfactorily every business enterprise. Our staff, our ideas and our equipment are thoroughly modern, able to advise and facilitate any banking problems you have.

The advantages of banking here are three-fold—first, sound, conservative policies that insure the safety of your funds; secondly, we have; a thorough knowledge of modern business practices and can offer constructive advice; and last, but not least important, is the courtesy and unflinching willingness to serve, on the part of every employee.

We'll supply answers to every business question if we can.

The First State Bank & Trust Co.

Mrs. Howard McDonald spent Saturday and Sunday with her mother, Mrs. R. F. Hemby, at Sweetwater.

Mr. and Mrs. Horace Eiland and son, Billy Jay, of Stanton were guests of Mrs. A. G. Eiland over Sunday.

Miss Helen Boren, student at Texas Christian University, spent Easter with her parents, Mr. and Mrs. Hugh Boren.

Doris Buchanan, Margaret Dell Prim, Dorothy Strayhorn and Zilpha Webb returned to Trinity University Monday after spending Easter vacation with their parents.

Cody Sisson and Jack Davenport of Courtney, Okla., were visiting Mrs. Erah Williams over Sunday. They were en route to Long Beach, Cal.

Mr. and Mrs. W. B. McCormick of Los Angeles, who were the guests of Mr. and Mrs. E. J. Anderson last week, left Friday for Livingstone, Ala., to visit relatives.

Mr. and Mrs. B. D. Jones of Abilene were guests of his parents, Commissioner and Mrs. W. V. Jones, over the week-end. Mr. Jones is associated with the White Eagle Oil Company as a geologist.

The laying of the gas mains has most of the streets torn up at the present time, but the inconvenience is nothing compared to the better things in store for Snyder with the coming of natural gas.

Mrs. C. C. Higgins left Monday to attend the conference of the Women's Missionary Auxiliary held at Seymour this week, as a special delegate from the M. W. M. S. of Snyder.

Herman S. Darby of Snyder is reported on the honor roll at Texas Technological College during the last term, having carried six courses with an average grade of "B".

James Turner of Arah Route, one of the good, substantial friends of the Times-Signal, was a welcome caller at the office Tuesday morning and advanced his subscription ahead another two years. Every newspaper must have friends, and we surely enjoyed Mr. Turner's visit and his faith in the paper.

BAPTIST WORKERS HOLD GOOD MEETING AT IRA LAST WEEK

The Workers' Conference of the Mitchell-Scurry Association met in all-day session with the Ira Baptist Church Tuesday. There was an unusually good attendance from all over the association.

The spirit of the meeting was fine and the reports encouraging. The morning hour was given over to the discussion of the office of deacon, and following this the beautiful ceremony of ordaining was observed by ordaining a deacon, Mr. Lloyd, in the Ira church.

Following the noon hour the men went into a board meeting and the women had a W. M. U. session. The hour was given to finishing the reports for the district meeting to be held in Colorado April 12-15, and other important matters. The program was given by the Snyder women on "Far Above Rubies," in an interesting and inspirational manner.

Following this, all assembled in the church, where Rev. Burnett, pastor at Westbrook, gave the Bible address on "The Origin and Establishment of the New Testament Church."

Reports were given from the Conquest Campaign.

The good women of Ira served a most bountiful dinner of all kinds of good things. The next meeting is to be at Gail, Borden County.

BRIDGE IS BEING BUILT ON HIGHWAY

Construction has started on the bridge project on Highway No. 101 between this city and Colorado, which was destroyed last fall by an overloaded truck.

When this bridge is completed the highway will be in excellent condition, since it has just undergone a re-grading.

SILVER BUCK HAS HEROIC FILM JOB RESCUING MASTER

Silver Buck, the famous white horse belonging to Buck Jones, saves his master from being ground under the wheels of an express train in "The Branded Sombra." Buck's latest production for Fox Films, which has been booked at the Palace Theatre for Saturday. Buck attempts to save a huge sum of money belonging to his sweetheart.

Attacked from behind, Buck is overcome and his unconscious body placed across the path of an incoming express train. Silver sees his master's predicament and tears his bonds loose just as the train passes over the spot.

Leila Hyams plays opposite the western star. Others in the cast are Jack Baston, Francis Ford, Josephine Borio and Leo Kelley.

REPUBLICANS TO MEET AT DALLAS MAY 22

The call for the State Republican Convention to meet in the City Hall Auditorium at Dallas at 10 a. m. May 22, has been mailed to county chairmen throughout the state by the Republican state headquarters. The call is over the signatures of Eugene Nolte, chairman of the Republican state executive committee, and of Leonard Withington, secretary of the committee and director of the Republican organization in Texas.

The Republican state executive committee is also called to meet May 21 in the City Hall at Dallas at 10 a. m. to canvass the returns and credentials showing the election of delegates to the convention, to prepare a roll for the convention and to hear contests for seats.

The regular singing session for Snyder will be held Sunday afternoon at the City Tabernacle.

WANTED!
100 RED HEADED GIRLS
To Call at The ECONOMY DRY GOODS CO.
on **SATURDAY**
For this one day we will give to each red headed girl between the ages of 1 and 14 years, FREE one strand of beads.

THE HUMAN FLY FROZE

Henry D. Roland, the "human fly" who was presumed to climb the court house Saturday, had a tough assignment given him when with a cold drizzle and a bitter wind he completed more of the climb than we would expect O. L. Jones or some of our other well known fat gentlemen. Com Ezell told us he would try it if someone would give him a pair of earmuffs, a suit of flannel underwear and cover him with tanglefoot. Sidney Johnson, who was with Com, said he could do nothing but bite his way through or until his second growth of teeth came in.

MARTIN WINNING STEADILY FOR S. U.

Jimmie Martin, a member of the Simmons University tennis team, has been steadily winning all games against opposing colleges, and checked up another win Saturday against Southwestern University.

The tennis players are on a jaunt this week to Alpine where they are playing Sul Ross Teachers. Simmons has defeated this school already at tennis, and they should have no trouble in again winning.

Texas has two elements for making glass, an abundance of silica and cheap fuel in the form of natural gas.

R. C. Bell of Abilene will preach at the Church of Christ Sunday, April 15, at the usual hours, 11 a. m. and 8 p. m.

Texas has an inexhaustible supply of lignite. The belt extends from the vicinity of Laredo to Northeast Texas covering a territory of 60,000 square miles and having an estimated quantity of 30 billions of tons of unmined lignite.

4 Per Cent Interest Paid on Savings Accounts

Snyder, Texas

PRIZES—

(Continued From Page 1)

parents of club boys and girls who would take advantage of this rate through them. Also to boys and girls who will not have the money to buy chicks at this price, Mr. Green will make a special offer. Mr. Green, by adopting this policy, has made it possible for any club boy or girl in the county to start in the poultry business. He wants them to show some of the stock they raise at the county poultry show.

Mr. Bell of the Bell Tire and Rubber Company will give a setting of Speckled Sussex or Golden Campines to the boy who will show them.

C. W. Green Gives Baby Chicks For Poultry Essay

Mr. C. W. Green, owner of the Green Hill Hatchery, has made an offer of 150 baby chicks to the 4-H Club boys and girls for an essay on the subject, "My Favorite Breed of Poultry and Why I Keep It." One hundred baby chicks will go to the first prize essay and 50 to the second. The essay must not be over 200 words and must be mailed to C. W. Green, Snyder, Texas, by May 1. W. S. Patrick and George F. Smith of the Scurry County Times-Signal will act as judges of the essays, and the winner will be announced on the final day of the contest. The judges will base their awards on the brevity of the subject matter offered, the originality, and the information pertaining to the breed that the contestant writes about, as to why it is the one best breed. Each contestant is requested to give his or her age on the essay, as this will be considered in the scoring.

This is a wonderful offer for the club boys and girls of the county. In making this offer Mr. Green made the comment that he hoped that boys and girls would tie into this. This is a very generous offer, and every club boy and girl in the county should get into this contest. The teachers in each of the schools will no doubt give the pupils writing on this subject credit for a composition in their regular school work. While you are working at school, be going after those baby chicks.

Two Settings Offered

C. W. Morton offers two settings of Standard Bred Anconas to two club boys in the county who will come after them agreeing to put their raising in the County Poultry Show. Mr. Morton will want to approve the methods used in caring for the eggs and chicks after they are raised. He is the foremost Ancona breeder in the county and in this section of the state, and this will give two boys an opportunity to get started with the best.

LOSES FEED BY FIRE

M. O. Jauer, who lives one mile south of Inadale, had the misfortune Wednesday of losing all of his feed, ten head of hogs, and some plow tools were badly damaged by fire about noon. The loss is estimated at about \$800.

MOVES TO NEW OFFICE

The Texas Company Agency, Gay McLaughlin, chief scraper and ram-rod, is newly located in its new offices in the Highway Garage. We stopped in there Tuesday morning, and Gay was naturally kidding Ralph Hicks on the Fire Department ball team, and Fort Kelly for being a member of "Red" Harris's String Demons. However, we saw no hair-pulling. Those boys stay hitched in the harness of cooperation and progress.

Is Your Appetite Poor? Sleep Broken?

Port Arthur, Texas.—"I was all rundown, my appetite was poor, my sleep broken, and I was at a loss what to do to regain my health when someone advised me to try Dr. Pierce's Golden Medical Discovery. I did so, and it was really a surprise to me how quickly I began to feel better and pick up. A few bottles put me in good health and since then I go for a bottle of the 'Discovery' just as soon as I begin to go down in health. It is a wonderful tonic."—G. W. Wagon, 930-7th St.

All dealers. Large bottles, Liquid \$1.35; Tablets \$1.35 and 65c.

DUNN DOINGS

A two-inch snow fell at the same time yours did and refreshed the vegetation a little. Farm prospects are splendid.

The general health of our people is better with the exception of the sore arms caused by vaccination.

J. C. Beakley is up again after a two-weeks illness.

The young son of Albert Johnston has recovered from a severe attack of pneumonia.

Mrs. J. W. Ivy is convalescing. She was very sick last week.

Mrs. Oscar Worthington is on the sick list this week, but is able to sit up again.

School is progressing in its usual fine way. The graduating class have mailed out the announcements, reminding us that boys and girls are rapidly becoming men and women, prepared to enter into the activities of life.

Church services were "nil" Sunday because of the snow.

The Methodist people have finished the basement walls and are framing the main building. They will be able to occupy the new building by the time summer is here.

Several local Baptists attended the Workers Conference at Ira recently and report a fine day.

Rev. and Mrs. J. E. McDermott spent the week-end at Wellman, Texas, the guests of Dee Moon and children. The parson preached to the fine people there each night and Sunday morning; also conducted the chapel services at the school Monday morning.

Mrs. Ruby West and daughter, Miss Allethe, are home from a five months stay in Dallas.

We are all tired of boiled eggs, because after making preparation for an Easter egg hunt the cold weather prevented it, so of course the eggs just HAD to be eaten this week.

DERMOTT NEWS

The rain and snow that we had Saturday and Sunday has been and will be very beneficial to the farmers and stockmen.

Owing to the Easter cold spell, we were not able to have the Easter program, but will have it this next Sunday at 2:30 o'clock. Everyone is cordially invited.

Mrs. J. W. Williams, who has been visiting at the L. P. ranch, has returned to her home in Breckenridge.

Mr. and Mrs. Johnnie Browning of this place and Mr. and Mrs. Harve Browning and family of Justiceburg spent the week-end in Abilene.

We are very glad to report that those who have been on the sick list for the past two weeks are greatly improved.

Mrs. Mark Hardin of Post spent the week-end with her daughter, Mrs. Roy Elkins, and family of this place.

We are very glad to say that George Odom, who has been taking treatment in Mineral Wells, has returned home very much improved.

Mrs. Barker is spending this week in Post visiting relatives and friends.

Mrs. Jim Nipp spent the week-end visiting her mother, Mrs. Zeigler, of Fluvanna.

POLAR SCHOOL KIDS HUNT EASTER EGGS

On last Friday afternoon the children of Polar school enjoyed Easter egg hunts. Lois Lovelady found the most eggs among the primary children, while Andrew Blair found the most with the larger children. Mrs. Ernest Peterson found the prize egg.

Mrs. Gill entertained the primary children and the little "outsiders" with an Easter party, and interesting games were played.

NEW MEMBERS ELECTED

The election for the Snyder Independent School District passed off very quietly Saturday with only four names on the ballot: J. C. Dorward, Hugh Taylor, O. L. Jones and P. C. Chenault. These gentlemen were all former members of the board and of thirty votes cast at the election, not one dissenting vote was cast. This is indeed an honor to the gentlemen concerned.

Joe Stinson, J. S. Bradbury and C. E. Ross hold over from the old board. Joe Stinson has been elected president and J. S. Bradbury secretary.

School affairs are moving along fine in Snyder. It augurs well for any city whose school affairs are in such splendid condition as Snyder's.

Among the metals found in Texas are iron, lead, copper, manganese, mercury, zinc, silver, tin, titanium, tungsten, and uranium.

GUILTY OF BEING SMART

About the only thing the two-week Congressional bombardment of the firm of Anderson, Clayton & Co., big cotton merchants of Houston, has brought to light as yet is that the members of the firm are guilty of being smart merchants and as such have made tremendous amount of money, says the Floydada Hesperian.

Congress right now is beset with a hysteria of investigation. When a storm is on it is usually the tallest trees and the highest pines that attract the lightning.

Anderson, Clayton & Company have been so busy giving their business attention for the past several years that probably they have not taken the time to listen to street conversation which is associated with their firm's name with much of the kind of talk that is now being thundered out on the floor of Congress, and while the medicine is "hard to take," it may be as well for the good of the cotton business as a whole and their own business in particular that the white lights play on every phase of their giant operations for awhile to the satisfaction of all concerned. Certainly, the general public, after absorbing the street corner gossip for a good many years, will not be satisfied with just a general denial.

F. B. WHIPKEY, VETERAN PUBLISHER, RETIRES

Last Monday, the 68th birthday of F. B. Whipkey, was announced as the date for his retirement as active manager of the Whipkey Printing Co., and the Colorado Record at which time active management will pass to his son, Walter Whipkey.

While ownership of the plant is to remain with F. B. Whipkey and W. W. Whipkey, the veteran publisher will be connected with the plant only in an advisory and financial capacity after April 9, according to his announcement.

RUTH YODER WINS IN DECLAMATION CONTEST AT SCHOOL

As an aftermath of the recent county interscholastic League meet the Altrurian Club offered a five-dollar prize for the best patriotic declamation.

Miss Ruth Yoder, senior, with "Ideals and Idols" won first prize over Robert Garner, senior, with "I Am an American" yesterday morning at the assembly at the high school. The judges were Mesdames P. C. Chenault, C. R. Buchanan and J. T. Whitmore. Mrs. Buchanan announced following the winner's announcement that the points were unusually close and that a second prize should have been offered.

Mrs. Helen Clutter of Austin, a member of the State Library Commission, was present as the guest of Mrs. J. M. Harris, and told of the needs of a county library here and of the ease in securing one. Following her interesting talk a poll was taken of the student body as to whether or not they wished a county library. Like the Lions Club vote, it was 100 per cent unanimous. A petition is to be presented to the commissioners court asking for their approval of giving Scurry County a library that would be accessible to every school.

FARM BUREAU PICTURE DRAWS LARGE CROWD

The moving picture given by the Scurry County Farm Bureau last Saturday at the Palace Theatre was well received and highly commended by those who saw it. The films consisted of six reels, "The Romance of Sleepy Valley," a story that beautifully illustrated the things to be accomplished with cooperation, especially in communities.

The advantages of having a county agent and home demonstration agent were shown clearly and the audience was visibly impressed, judging from their conversation which brought out the fact that Scurry County has two of the best agents in the state of Texas whose work was on a par with the examples shown in the film.

The other reel was a comedy that was a howling success, and the Scurry County Farm Bureau is to be commended for bringing such noteworthy entertainment to our citizenship. The Farm Bureau meeting that was held the same day was also reported in last week's Times-Signal by J. L. Carrell of Union.

SNYDER WOULD GLADLY VOTE FOR DR. COLEMAN

Dr. P. C. Coleman, president of the Colorado Chamber of Commerce, "the grand old man of West Texas, and father of the Texas Tech," is slated for election as president of the West Texas Chamber of Commerce and will be elected to that honorable office at the next annual meeting in Fort Worth in June if his supporters and friends throughout West Texas can persuade him to accept the place, according to letters being mailed out by Breckenridge, Stamford, Abilene and Ft. Worth supporters of Dr. Coleman.

WEARS REPRODUCTIONS OF RUSSIAN CROWN JEWELS

Where are the crown jewels of Russia? Many of them have been scattered to the four corners of the earth—but faithful reproductions have again caused them to gleam as of old—on the screen.

Greta Garbo, the famous Swedish screen charmer, wears a reproduction of the complete set of Russian jewels during her role of Anna Karenina in "Love," Metro-Goldwyn-Mayer's filmization of Tolstoy's "Anna Karenina," coming Monday to the Palace Theatre.

Rene Hubert, a Parisian, for many years associated with Pointe, the famous gown designer, learned the details of these jewels while in Paris, and was able to successfully reproduce them for the picture.

John Gilbert and Miss Garbo play together in "Love" for the first time since their remarkable hit in "Flesh and the Devil."

The story is a spectacular romance of Russia before the revolution, set in spectacular surroundings, with gorgeous costumes, uniforms and other incidentals.

SIGNS NAME WITH EACH HAND AT THE SAME TIME

Emmett Trevey, one of the substantial farmers of the Ira neighborhood who lets no stone unturned to boost his neighborhood school at Sharon, was a Times-Signal visitor Friday and added two more years of renewal to the label on his paper. Mr. Trevey has an unusual knack of being able to write his name with both hands working at the same time. The Times-Signal dares to say that not another reader of the paper is able to do that sort of thing at one and the same time. Mr. Trevey also invited us out to his home for a little fishing jaunt—and we're sure going to take advantage of this kind invitation.

SWEETWATER BONDS VOTED

By a vote of 30 to 1 citizens of Sweetwater Thursday approved three city bond issues, totaling \$433,822. The issues were submitted to the voters by the city commission in its plan for financing the city, building additions to its water system and making sewer extensions.

Of this \$183,833 is to be used to replace old warrants and notes, \$225,000 is for the construction of a new system of water wells now nearly completed and \$25,000 for sewer extensions.

DEAD LOOKING PLACE

Twenty years from now tourists will look down as they fly over the country and ask, "what dead looking place is that?" Someone will say, "That is a city whose residents back in the nineteen-twenties were not progressive enough to establish an airport."—Dallas Times-Herald.

The salt resources of Texas are enormous. Some salt strata beneath West Texas are from 250 to 1,000 feet thick.

The value of mineral waters produced in Texas ranges between \$50,000 and \$200,000 annually.

CAMP SPRINGS NEWS

W. A. Perry and J. D. Boone made a business trip to Gaines County Wednesday of last week. S. T. Minor is visiting with friends and relatives in Denton County.

J. M. Bailey and Earl Horton left Thursday of last week for an extended tour of South Texas. They expect to visit all points of interest in the Rio Grande Valley and probably a few points in Mexico, returning by the way of San Antonio and Austin.

Frank Parsons of Oklahoma was the guest of his mother-in-law, Mrs. Ann T. Porter, a few days of last week.

Mr. and Mrs. Grady Hambrick and Miss Alline Hambrick of Plainview, Mr. and Mrs. Sam Crenshaw of Straphorn community, and Mr. and Mrs. John DeShazo of this community spent Sunday afternoon with Mr. and Mrs. W. A. Perry.

Mr. and Mrs. John Parsons of Hot Springs, N. M., are the guests of Mrs. Parsons' sister, Mrs. G. M. Mehl.

Delmus Perry is on the sick list but seems to be improving some.

W. V. Jones of Snyder was in Camp Springs one day last week looking over his property here.

Mr. and Mrs. Smith spent Saturday and Sunday in Snyder visiting friends and relatives.

The following trustees were elected Saturday for the Camp

Springs school: Olin Wixon, A. R. Morton, T. W. Pollard, Mills Aldredge, Guy E. Casey, E. D. DeShazo and W. C. Davidson.

Junior Missionary Society Program for Monday, April 16:
Subject, What it Means to be on Jesus' Side.

Leader, Emma Jo Davidson; Scripture reading John 10:14-16.

Prayer, Mrs. J. R. Williamson; Song, "Jesus Lover of My Soul"; Choosing Sides, Rex Fields; Being Chosen, Delmus Perry; Go to the Right, Mary Ellen Davidson.

Following the Leader, Mary Ada Brown.

Making Citizens, Margaret Fields.

Which Side Are You On?, a poem, Oma Bavousett.

Jesus, The Leader, Hazel Pollard.

W. M. S. Program for Monday:
Subject, Characteristics of the Disciples.

Bible Lesson Mark 9:35; 9:39-41; 9:43-54, Mrs. T. J. DeShazo.

St. Mark's, the House of Neighborly Love, Mrs. John DeShazo.

Why Have Social Service in the Missionary Society, Mrs. Reg. Burnett.

The Parade of the Postage Stamp, Mrs. Bill Davidson.

Cases for the Missionary Society, Mrs. Oscar Coston and Mrs. S. O. Stokes.

The second quarterly conference of the Methodist Church for Camp Springs will meet at Mt. Zion Saturday, April 21. Preaching at eleven by the presiding elder, dinner on ground as usual; conference immediately after the noon hour.

Epworth League program for Sunday:
Subject: Seeing Life Whole.

What is Education, Vivian Davidson, leader.

Mistakes in Education, William McCollum.

The Christian Teacher, Marie Casey.

Religious Education, Gordon Wills.

Southern Methodist Schools, Roe Bavousett.

ENNIS CREEK DOTS

The people of this community are rejoicing over the snow that fell Saturday night and Sunday. We hope this will leave us a slight season.

Misses Velma Prather and Ruth Horton spent Saturday night and Sunday with Callie Mae and Bertha Prather near Snyder.

Prof. F. C. Cherry motored to Clovis, N. M., on business last Friday.

Miss Gertrude Isaacs, teacher in the Ennis Creek school, spent the week-end with her parents in Snyder.

Luther McCollum returned to his home last Tuesday from a week's visit with friends and relatives in Rains and Wood Counties.

Mr. and Mrs. Allen Davis are the proud parents of a fine baby girl that arrived Friday morning.

There are several on the sick list this week, among whom are Mrs. T. S. Davis and son, Elmo; Mrs. McGlaun and children and Roy Holmes. We hope to report them better in the next issue.

Sidney Galyean, who won first place in senior declamation at the county meet, is preparing to go

to Abilene April 21 to enter the district declamation contest.

The school enjoyed an Easter egg hunt Friday afternoon, followed by a baseball game played by the outsiders and the school boys. The outsiders beat the school boys by a few scores.

The school rendered a very nice little program in the presence of A. A. Bullock, H. L. Gantz, the junior editor and Miss Davis.

Mr. Gantz gave us a very interesting talk on the four-square community. We organized a community club, the following officers being elected: Walter Holmes, president; O. D. McGlaun, vice-president; Miss Ruth Horton, secretary. These officers will select committees at the next meeting the first Tuesday night in May.

NOT ALONE

A new bank clerk dictating was in doubt as to the use of a certain phrase, so he said to his stenographer:
"Do you retire a loan?"
And the wistful eyed one interrupted rather sleepily:
"No, I sleep with mama."

Editor Roberts of the O'Donnell Index, en route to his home from an over Sunday visit at Haskell, stopped into the Times-Signal office Monday to say hello. Mr. Roberts stated that the citizens of O'Donnell were "rarin' to go" on the new railroad and were offering every cooperation and help to Capt. Kennedy and his staff.

The NEW Maytag Washer

Offers an Advanced Method of Soap and Water Removal

Some Additional Advantages of the NEW Maytag

- Does an average weekly wash in one hour.
- Washes everything without hand-rubbing.
- Lifetime cast-aluminum tub is non-corroding, satin-smooth and keeps water hot during entire washing.
- Precision-cut gears make the New Maytag as quiet in operation as a kitten purring under the kitchen stove. Will not annoy apartment neighbors.
- Adjustable legs, hinged cover, sediment trap, drain hose.
- Beautiful Durable Lacquer Finish.

Phone

Use the New Maytag in your home—FREE. Do a washing with it. Test the marvellous new roller water remover on your own laundry. Compare it. If the New Maytag doesn't sell itself—don't buy it.

PERFECT Wringing! Water and soap removed even from bunched blankets and lumpy overalls— from any garment no matter how unevenly fed to the rollers. Automatic adjustment to all thicknesses and shapes, to every fold, seam and crevice.

Water and soap squeezed completely from the thinnest silk handkerchief, yet buttons and ornaments passed without crushing! Clothes fed instantly into the roller by a new automatic safety feed. Such is the New Maytag Roller Water Remover.

This advanced water and soap removing device is exclusively owned and controlled by The Maytag Company and is obtainable only as a part of the NEW Maytag Washer.

See the New Maytag now on display at your dealer's store. Ask the Maytag dealer to show you how simple to use, quick and convenient this new washer is, how superior to anything you have ever used before.

NOTHING NEW

Three thousand years ago King Solomon, the wisest man of all the time, said:

"What has been is what shall be. What has gone on is what shall go on, and there is nothing new under the sun."

Many Texas and West Texas counties have just increased their tax rates with bonds to improve some part of their county activity. The increased tax burden has and will be a blessing to the land owner only in the event that it stimulates increased production.

From the beginning of time lands farmed from year to year in the same crop have been impoverished and finally abandoned.

Again let us quote Solomon. He said: "Take shares in several ventures, you never know what will go wrong in this world."

Hegari or other adaptable sorghum grains make a wonderful substitute for corn when corn fails to make.

It is soon time to plant cotton on many farms, but we hope that before planting the cotton that each farmer will ask anew just what Solomon meant in the above quoted sayings.

The First National Bank SNYDER, TEXAS

"The Bank Where You Feel at Home."
We're On The Dal-Paso Cavern Highway

Hermleigh News Notes

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

Work on Water System Nearing Completion

The work on the city water works is almost completed, and it will not be long, so we are informed, until the people of Hermleigh will be using water from a system of which any town of this size, or indeed much larger than this, could well be proud. Practically all of the machinery for the pumping system has arrived and will soon be installed, except the well pump, which was delayed on the way here, but which is expected to arrive in the near future.

The mains have been laid into the greater part of the town and will soon be in readiness for the water to be turned into them. The tank, too, is all completed with the exceptions mentioned.

Proposed Extension to Hard Surface Road

Judge Ely of the State Highway Commission will be in Snyder and Hermleigh some time this week in the interest of good roads in Scurry County. Already our county has a hard surfaced road across the county with the exception of the distance from Hermleigh to the Nolan County line. This county has agreed to surface that part of the road that is in their limits if we do our part and meet them at the line.

This road is a very important one, being not only state highway, but also a connecting link between the Dal-Paso Cavern Highway on the north and the Broadway of America on the South, and should get much of the traffic from each. Hermleigh is fortunately located in a position to benefit from this double traffic.

The approximate cost of this road is \$45,000. This will complete the road, and of this the state pays two dollars to each one dollar the county spends. In other words, the road will cost Scurry County \$15,000 and the state \$30,000.

PATH OF RIGHTEOUSNESS

Mark Twain was called upon to speak at a club and took for his subject "Honesty". He said that when he was a boy at home he one day saw a cart of melons. He was a boy, tempted; besides he liked melons.

"I sneaked up to that cart," said Mark, "and stole a melon. I went into the alley to devour it. But no sooner set my teeth into it than I paused; a strange feeling came over me. I came to a quick conclusion. Firmly, I walked up to that cart, replaced the melon and—took a ripe one."

SWEETWATER EDITOR KICKED

Luther M. Watson of the Nolan County News at Sweetwater, who incidentally is president of the West Texas Press Association,

wields a wicked pen when he is of a mind to. At a recent press meeting Tom Jordan of the Big Spring Herald told a story about Mr. Watson in his younger days when a fine daughter arrived at their home, and being of a playful mood around kiddies, Luther was simply a great sport around the house when he happened to be at home.

But several months afterward, Mr. Jordan related, the following nice appeared in the Nolan County News:

"There's a limit to all things. I don't mind washing the dishes. I don't mind feeding the cat. I don't mind mending my own clothes. But I'll be blamed if I'll wear pink ribbons on my night-shirt to fool the baby."

LAMESA TO HAVE NEW CHURCHES DURING YEAR

Three new churches for Lamesa this year is not a bad interest in church affairs. The Church of Christ is finishing up its donations on its new brick church which will be a thing of both beauty and comfort when completed. The Methodists will finish their \$100,000 church this year, as indicated by a unanimous vote taken last Sunday, and the Bryan Street Baptist Church has completed a nice building and the congregation is now at home in same.

WEST TEXAS LEAGUE OPENS APRIL 25TH

The West Texas League will be a six-club circuit this season, and the schedule will open April 25, it was decided at a meeting of club owners at Midland recently. Opening games will be as follows: Lubbock at Midland, San Angelo at Coleman and Abilene at Hamlin.

Natural Gas Will Soon Be Snyder Reality

The laying of gas mains and the coming of natural gas to Snyder brings to mind that the gas industry has made forward strides in the development of the product.

One of the latest appliances to be introduced by the gas industry is a combination range and gas refrigerator. Just imagine—cooking and freezing with the same appliance—a roast chicken and a plate of ice cream, both prepared by gas!

To our forefathers the mere idea would have been as magic, akin to the waving of a wand by Cinderella's fairy godmother. Airplanes, radios, television would have seemed no more improbable. Such is the gap that modern science is providing, and such is the notable step taken forward by the gas industry.

Other indications of the gas company's progressive march include gas house heating, laundry appliances, radiant heaters, heat control ranges, automatic water heaters, 60,000 industrial appliances.

It is a far cry from 1803 when a chap by the name of Windsor wanted to organize the first gas company in London. Sir Walter Scott called him a "madman," and

even Napoleon scoffed at the idea. In 1817 the first gas company in this country was organized in Baltimore. Today we have 1,700 manufactured and natural gas companies, each a good size market. They serve 15,000,000 homes and attract 600,000 new customers annually, says the Gas Age-Record.

Things are surely happening fast in the gas industry, and Snyder citizens are happy over its coming here with an organization that is more than able to live up to every representation and promise made. Welcome to the Community Natural Gas Company, and its bigger brother, the Lone Star Gas Company!

MOTHERS CULTURE CLUB MEETS TUESDAY

Mrs. H. L. Davis entertained the Mothers Self Culture Club Tuesday afternoon. The business session was opened by the president, Mrs. P. C. Chenault. After roll call and disposing with business, the club went into the election of officers for the coming year. Mrs. Chenault was re-elected president, Mrs. J. R. Huckabee, first vice president; Mrs. H. L. Davis, second vice president; Mrs. George Northcutt, third vice president; Mrs. B. M. West secretary, Mrs. E. J. Richardson, treasurer; Mrs. C. J. Yoder, critic, and Mrs. J. M. Harris, reporter.

An inspirational lesson was led by Mrs. Yoder. The first number, "How to Make Home Attractive to Young People," was given by Mrs. J. M. Harris. The following topics

were discussed: Evening games in the family; music; reading aloud; other recreations; inviting the friends of our boys. Mrs. Northcutt read "George Elliot on Music." Mrs. Manley's "Song in the Home" intermingled with experiences of childhood, was exceedingly interesting.

The last but no less interesting "Music and Poetry" was given by Mrs. G. H. Leath. The club was unanimous in declaring this to be

one of the best programs of the year.

Mrs. Woodfin's name was presented for membership in the club and was unanimously received. The hostess served dainty refreshments to the following club members: Mesdames Chenault, Leath, Manley, Northcutt, West, Yoder, Huckabee, Ferguson, Harris, Miss Mayes and one appreciated guest, Mrs. J. W. Scott.

CACTUS CLUB
The Cactus Club met March 20 at the home of Mrs. J. C. Ezell. There were two new members, Mrs. Floyd and Mrs. McClasland. The program was on community improvement.

The Baptist people of Crosbyton have decided to build a new brick church. Construction will begin soon.

USED CARS

Town Gets Big Returns From Milk Industry

A short time ago the Marshall, Texas, News picked up a news item and reproduced. It was from the Winston County Journal published near Starkville, Miss., and referred to a pay day by the milk plant in the latter town. We reproduce part of the article:

"On last Wednesday the sum of \$110,000 was paid out to dairymen around Starkville for milk bought during the month by the Southern Condensery.

"It is said that 500 visitors from other counties and from Louisiana, Arkansas and Alabama were in Starkville for the purpose of witnessing the sight of this pay day of the Borden Company and were amazed at the spectacle.

"From early morning until late at night the streets of Starkville were thronged with people and merchants just mopped up. Every business house in the city was congested with traders.

"The banks were taxed to their limit, cashing checks, receiving payment on notes and other business in which these dairy people figured.

"This condition is only cited to show what prosperity comes to a dairy section. Just visualize \$110,000 per month being paid out on one item alone and figure the prosperity it would bring to every industry here."

"This milk plant at Starkville," continues the Marshall newspaper, "was established two years ago and has brought a marvelous era of prosperity to that county and the adjoining territory. This pay day was for November, which is one of the least favorable for milk production, and yet, this would mean a distribution of \$1,320,000 to the farmers of one county alone during the year.

"The Starkville country is not nearly as favorable for milk production as is this land of grass and running water here in Harrison and adjoining counties. The cooperation of all our people—bankers, merchants and farmers—will bring not only prosperity to our city, but will enhance the value of every acre of land within 30 miles of Marshall."

To that hint the bankers, business men and farmers of Harrison County responded. The Texas Milk Products Company was organized and will open sometime in April. Another organization has since been formed to finance the purchase of pure bred dairy cattle to be sold to farmers on the partial payment plan. Marshall is on the way to become a rival

of Starkville—and to pass that Mississippi town if that well-known Marshall spirit is kept up. Snyder can well get on her toes with a proposition of this nature.

CROWDER CLUB

The Crowder Club met Friday, April 6, at the Crowder school building with Miss Davis present. The second year girls handed in their dresser scarfs and hem patches. Miss Davis gave some very helpful information on the bungalow aprons. She also gave some designs for the dresses and some samples of different materials suitable for the aprons.

At the next meeting the girls will be given a foods demonstration.

A pie supper was held recently to raise money to send on the club members to the state short course at College Station.

Juanita McKinney.

NOLAN COUNTY ROAD PASSED AT AUSTIN

County Engineer S. C. Daugherty has received word that plans and specifications for the 9-mile stretch of Highway No. 7 north of Roscoe have been approved by the state department at Austin and have been sent to Fort Worth to receive the approval of the federal highway department, says the Sweetwater Reporter.

If the plans are approved by the federal government they will be returned to Austin, where blue prints will be made after which they will be advertised. Advertisement for bids must be made two weeks before the letting of the contracts.

No. 7 will lead the improvement to the Scurry County Line, then it is up to our Commissioners Court.

It is complained that people do not make calls as freely as they ought to, but anyway the slow debt payers are called on frequently.

FARMING FOR PROFIT

I see in the March 22 issue of the Scurry County Times-Signal the First National Bank has a good letter or a report from a Mr. Moore of Grand Prairie on his 1927 crop. This crop made good down in that country for Mr. Moore, but you can bet your hat and be safe on the bet that if Mr. Moore was a renter, his crop would have been planted differently. What would a landlord say if a renter in Scurry County planted his 1928 crop like Mr. Moore did? There wouldn't be but one thing for him to do—move in the fall of 1928.

I have been reading about rotation of crops in Scurry for the last 15 years, but I can't see where a man can do very much rotating with cotton and maize, and mostly cotton.

Some may think I am taking a rap at the landlords, but I am not doing anything of the kind. Scurry County has some of the best landlords to be found anywhere, and I have one of the best, and last year I planted oats, wheat and barley and we both lost big. Cotton and maize made good. But who knew that the wheat, oats and barley would be a failure? I didn't. I am going to plant this grain and to cotton in 1928, and I will know in about six months whether I am right or wrong, and I reckon I will be wrong. About the only way I see to do very much of this rotating unless we could have more rain at the right time, is to plant red maize, white maize, red kaffir, white kaffir, and red top cane and rotate our cotton this way—Mebane one year, then Kusch, and the next year half and half. But I don't know how this would do as a sale builder. But one thing I do know—that a good Jersey cow is the surest thing on the farm. They will pay you a profit every day you are milking them. But remember, I said good Jerseys.

E. C. PAYNE.

NO USE

The neighbor of a man noted for his extreme thrift saw him going down the road on a week day dressed up in his Sunday clothes.

"What's up, Cy," he called out. "Why the glad rags?"

"Haven't you heard the news?"

"News! What news?"

"Triplets."

"Oh, and you're celebratin'?"

"No, but what the hell's the use tryin' to be economical now?"

The town booster says

Cities reflect the tendencies of the time either alive and going or slow, falling behind—quick or dead. You can feed the circulation of a growing city; there is a

snap, a go to it, an atmosphere you like to live in—Snyder today gives that impression to the visitor. Snyder will—if you will!

LOOKS GOOD TO VISITORS

Most every visitor in Snyder declares there is more business being transacted; more business buildings and home under construction and more evidence of pep and hustle in movements and activities of the citizenship than in any small city in West Texas.

Morton has voted \$50,000 bonds for the erection of a modern high school building. The issue carried by a 10-1 vote.

A SCHOOLMINDED CITIZENSHIP

West Texas is about the "school buildingest" place you can imagine now. A \$150,000 building for Big Spring and the same for Odessa. An \$80,000 school for Rankin. Midland has voted bonds for a \$100,000 school. Ira

an is contemplating a \$20,000 building. Sweetwater is figuring on another structure. Snyder schools are crowded to the limit and must soon build.

FOR MEN ONLY!
(Read Backwards)
Scurry County needs 2,000 Jersey cows.
Didn't you if girl a be wouldn't you, it read would you knew we.

Good Flour Is Baking Economy

A few cents more in the price of the flour — makes dollars of difference in the baking results!

Millions of Model T Fords are still in active service

FOR nearly twenty years, the Model T Ford led the motor industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, as Henry Ford himself says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

No matter where you live, therefore, you can still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford over the longest period of time, we suggest that you take the car to the nearest Ford dealer and have him estimate on the cost of any replacement parts which may be necessary. You may find that a very small expenditure will maintain the value of your car and will be the means of giving you thousands of miles of additional service.

Home Economics Class

---of---

Snyder High School to Have Charge Monday, April 16

We have invited and are glad to announce that the Snyder High School Home Economics Class will accept our invitation to conduct our store for one whole day, Monday, April 17th.

This will give this fine class of young men and women an opportunity to learn at first hand modern methods of merchandising. This is one of the courses the school is asking for affiliation on. The State Department recommends this type of practical work along with such courses. Our first floor and also our basement store will be in their charge.

They will sell, buy and exchange. They will be used in every department, selling ready-to-wear, millinery, piece goods, shoes, and the hundreds of different articles in our basement store.

We think this experience will be of benefit to these young people, and hereby invite the public to come in and see them at work.

This day, Monday, the 17th, will be the last day of our Seventh Anniversary Sale. Extra values in merchandise will be given this day.

SOCIETY

CRADLE ROLL CHILDREN GIVEN EASTER PARTY

The Cradle Roll Department of the Methodist Sunday School was entertained Saturday afternoon by Mrs. J. L. Martin and Mrs. Will Clark at the home of Mrs. Martin.

Easter stories were told, then each kiddie was presented with a pretty Easter basket, and excitement ran high, with about twenty little tots joining in the hunt.

After the collection of eggs, the children were led to a room containing a huge bunny nest, and each child was invited to draw a string and was delighted with the fluffy chickens which he pulled from the nest.

Refreshments consisting of ice cream cones and animal cookies were served.

EASTER HUNT

On Saturday afternoon from 3 to 5 at the home of their parents, Miss Ruby Curry and Mrs. Homer Snyder entertained the Beginners Department of the Methodist Sunday school with an Easter egg hunt. The youngsters enjoyed games and stories during the afternoon, after which they hunted the Easter eggs. Refreshments were served to twenty-seven children and several of the mothers.

ALATHEANS MEET

The Althean Class of the First Baptist Sunday School met in regular business and social meeting Thursday at the beautiful home of Mrs. W. M. Scott seven miles west of town.

Twenty-one members answered to roll call, and the reports showed that all committees were very active, many visits having been made to the sick, elderly and the shut-ins. Many gifts of flowers and dainty food were reported.

After the business meeting the president, Mrs. Nelson Dunn, led in a very interesting and instructive parliamentary drill.

The hostess, assisted by Mrs. Charlie Retard, Mrs. T. Shaw and Mrs. Will Williams served a delicious plate lunch carrying out the Easter theme in food, color and favors. Mrs. Douglas McCoy and little son of Wichita Falls were appreciated guests.

BRIDGE PARTY

Mrs. R. P. Jones entertained a crowd of young folks on Friday evening at the home of Mrs. Geo. F. Smith, honoring Miss Lucille Carpenter of Teague.

A series of bridge games were enjoyed with high score awards won by Miss Gwendolyn Chambers and Sam Jenkins.

Refreshments were served to the following guests: Misses Cecile Strayhorn, Bill Swan, Ila Martin, Mary Edith Hood, Gwendolyn Chambers, Gladys Teague, Doris Buchanan, Dorothy Strayhorn, Mary Lynn Nation, Thelma Kilburn and Messrs. J. D. Scott, J. P. Strayhorn, Lewis Blackard, E. O. Wedgeworth, Nibs Warren, Sam Jenkins, Ivan P. Oliver, Charles Cooper, Holman Ritzenthaler, Charles Glassen, and Joe Drake.

VICTORY CLASS MEETS

Members and several guests of the Victory Bible Class of the First Methodist Church met at the home of Mrs. A. M. Curry Wednesday afternoon with Misses Curry, W. H. Cauble and H. P. Brown as hostesses.

The meeting was called to order by Mrs. Bell, and important business was discussed, followed by committee reports of 65 visits, 12 plates and 8 bouquets having been delivered to the sick.

After the business session various contests were enjoyed and piano solos by Misses Pauline Boren and Ola Lee Cauble, and readings by Allene Curry and Lucille Brown were highly entertaining to all.

At the close a delicious salad plate was served and the class adjourned to meet with Misses Doak and Dorward in May.

BIRTHDAY DINNER PARTY

Miss Dorothy Strayhorn was hostess to an informal birthday dinner party Easter Sunday at the home of her parents, Mr. and Mrs. Joe Strayhorn. Those enjoying this hospitality were the Misses Helen Boren, Dixie Ruth Smith, Mary Lynn Nation and the immediate Strayhorn family.

MRS. R. J. RANDALS HOSTESS TO EL FELIS

The regular meeting of the El Felis Club was held Friday afternoon with Mrs. R. J. Randals as hostess.

A business session was held, and the following officers were elected for the coming year: Mrs. Hugh Boren, president; Mrs. W. E. Smith, vice president; Mrs. A. J. Cody, secretary; Mrs. H. L. Davis, treasurer.

Tables were arranged for the usual play of forty two, with score cards and plate favors carrying out lovely effects of Easter-tide. Tempting refreshments were served to Misses Lee Simpson, C. C. Higgins, W. E. Smith, Bob Warren, Geo. Northcutt, C. W. Harless, A. J. Cody, T. L. Lollar, J. C. Dorward, W. D. Beggis, L. O. Smith, H. L. Davis, Henry Brice, W. M. Scott, H. G. Towle, A. J. Towle, J. G. Hicks and W. W. Hamilton, members, and Mrs. O. D. McCoy of Wichita Falls, out-of-town guest. Mrs. Ralph Odum will be hostess to the next regular meeting of the club on April 20.

EUZELIAN CLASS MEETS WITH MRS. NOBLE

The beautiful new home of Mrs. Chas. Noble in West Snyder was the gathering place of a very enthusiastic group of members of the Euzelean Class of the First Baptist Sunday School on last Thursday afternoon from three to

by Mrs. A. C. Humphreys, met the members, and each at once felt the keen hospitality of the hostesses.

With the president, Mrs. G. H. Leath, in the chair, fifteen members answered roll call. A wonderful interest in the growth of this class was manifested. It is always an inspiration to attend the class on Sunday morning and hear Mrs. George Northcutt discuss the lesson in such an enlightening manner.

A very interesting contest on attendance closed April 1, the results being a doubling of the class attendance. "The Poll System" was adopted for the next three months. This is one of the youngest classes in the Sunday school, but is a wide awake one ready to respond when called upon. Following the business session Mrs. W. Barrett brought a very wonderful message in a tribute to the life of Ruth and Naomi.

Mrs. Noble and Mrs. Humphreys served an ice course to the members and Rev. Ferguson, an appreciated guest.

The next meeting will be with Mrs. Gideon and Mrs. Womack.

ESRUDOMA MEETS

The Esrudoma class of the Baptist Sunday school held its monthly class meeting at the home of Mrs. R. D. English, teacher, yesterday afternoon. After an interesting business session, a short social hour was enjoyed, and dainty refreshments were served to the following members: Mesdames Hutcherson, Moore, Bartlett, Van Roeder, Clark, Nunn, Byron, Snyder, Holley, Wilsford, Wade and McGlaun; and Mesdames Noble, Miller and Henry, visitors.

Mrs. Wade and Moore will entertain the next class meeting at Mrs. Wade's home in East Snyder on May 9.

MISS AKERS BECOMES BRIDE OF RALPH HICKS

The home of Mr. and Mrs. Billy Frank was the scene of a pretty sunrise wedding on Easter Sunday morning at 6:45, when Miss Merle March Akers became the bride of Mr. James Ralph Hicks, with J. F. Lawlis officiating with the beautiful and impressive ring ceremony.

The new apartment home of Mr. and Mrs. Frank was decorated with Easter lilies and lovely hydrangeas and ferns.

The bride wore a costume of rose beige crepe with hat and accessories to match, and the groom was attired in a suit of blue serge.

After enjoying a sumptuous wedding breakfast served by Mrs.

Frank, Mr. and Mrs. Hicks left immediately for an overland tour through Colorado, Wyoming and the Pacific coast states, and plan to return to their Snyder home about May 15.

SNYDER JUNIOR AUDUBON CLUB FORMED

April 3 about fifty pupils met in Miss Elva Lemon's room to organize a Junior Audubon Club. Officers were elected as follows: Horace Holley, Jr., president; Marcia Holcomb, secretary.

The object of the club is to study about and learn all they can about wild birds, and to try to save any from being wantonly killed.

By sending a fee to the national association of Audubon Societies the club becomes affiliated with that organization and will receive material for work. This material consists of bird pictures and literature to study.

The club members are proud of their club pins, which have the picture of a Blue Jay engraved upon it. Regular meetings are held on Tuesdays at 3:15.

SAN SOUCI CLUB MEETS

Members and guests of the San Souci Club were graciously entertained Tuesday evening at the home of Mrs. C. R. Buchanan, with Mrs. Lee Newsom, Mrs. J. P. Nelson and Miss Ila Martin as joint hostesses.

Seven tables were neatly arranged for the evening's entertainment at bridge, and a delicious salad course was served to the guests: Mmes. C. R. Buchanan, club members and the following: Maurice Brownfield, C. B. Vincent, J. G. Hicks, Geo. Oldham, Melvin Blackard, Amos Joyce, R. P. Jones, and the Misses Davida Curry, Alma Nell Morris, Lucile Carpenter and Myrtle Martin.

W. M. S. MEETS

The Women's Missionary Society of the Methodist Church met in a profitable mission study class Monday afternoon at the church. It was made plain how the missionary effort is hampered by denominationalism, but how it was being overcome in some coun-

tries, notably China, by establishing a union church.

Mrs. C. C. Higgins represents the local society this week at the annual conference which is being held in Seymour.

THE STORY HOUR

The Mothers Club is still sponsoring a story hour at the county court room every first and third Saturday afternoon at three. The children are delighted with the beautiful stories told each time by our efficient kindergarten teacher, Miss Mayes. Mothers, send your children. All children are cordially invited to attend.

TRY A WANT AD

MRS. HAMLETT HOSTESS TO ALPHA STUDY CLUB

Members of the Alpha Study Club held a very interesting meeting at the home of Mrs. Sam Hamlett Tuesday at 4 p. m.

After a 30-minute business session Mrs. Forest Sears led an enjoyable program pertaining to the pioneer history of Texas. A pleasant social hour was spent when refreshments were served to Mmes. Wayne Williams, Homer Snyder, Ixon Joyce, Joe Graham, J. G. Hicks, Tom Gates, Wade Winston, G. B. Clark, Jr., Clyde Boren, Forest Sears, Wayne Boren, Albert Norred, Wraymond Sims, and Misses Hattie Herm and Neoma Strayhorn, members, and

Mrs. W. E. Smith and Mrs. Maurice Brownfield, guests.

HERMLEIGH CLUB

The 4-H Club girls of Hermleigh met in their regular meeting last Wednesday. A food demonstration was given. Scalloped corn and creamed cabbage were prepared and served to the members present and to two visitors.

After the food preparation Miss Davis checked the amount of sewing that had been done and gave directions for further work on sewing projects.

Farris Stevenson, Reporter.

PRODUCT OF GENERAL MOTORS

A Successful Six now winning Even Greater Success

Sensational Success - based on sensational value

You need to know only a few of the exclusive superiorities offered by today's Pontiac Six to understand that its sensational success is based on sensational value. It is the lowest priced six in the world with body by Fisher. It is the lowest priced six offering the

G-M-R cylinder head, the cross-flow radiator and the AC fuel pump. It is the only low-priced six combining 185 cubic inches piston displacement, a full-pressure oiling system, interchangeable main bearings and instant action four-wheel brakes. Add to these evident advan-

tages in design the fact that it is the lowest priced six built by General Motors—that in the hands of 200,000 owners it has won a worldwide reputation for endurance, long life and high resale value—and then you will know why Pontiac Six sales are continually reaching new record-breaking heights!

Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

TO ALL MEMBERS OF THE COUNTY DEMOCRATIC EXECUTIVE COMMITTEE

You are advised that a meeting of the members of the Scurry County Democratic Executive Committee is called for Saturday, April 21st, at two o'clock p. m. in the District Court Room of the Court House at Snyder, Texas, at which time business of importance will come up for consideration. All members are urged to be present.

J. M. HARRIS, County Chairman. 43-2c.

TO THE PEOPLE OF SNYDER

I wish to express my thanks and appreciation to the people of Snyder for their support in the recent election, and for their cooperation in my duties as City Marshal of Snyder. Your continued cooperation will be appreciated personally by me, and to the end that we may all work together for the good of Snyder and to make our city the best possible place in which to live. Again thanking you, I am Yours truly, J. A. WOODFIN, City Marshal. 43-1c.

RESOLUTIONS OF RESPECT

Whereas, God in His wisdom has seen fit to remove from our rank Bro. W. J. Gideon, a member of Snyder Lodge, 485, I. O. O. F. Whereas, this Lodge has lost a true member and his family a kind and affectionate father who will be sadly missed by this Lodge and his dear ones.

Therefore, be it resolved that we, the members of this Lodge, extend to his loved ones our sincere sympathy and that a copy of these resolutions be sent his family, a copy spread on the minutes of this Lodge, and that a copy be furnished the Scurry County Times-Signal for publication. Respectfully submitted, ED. J. THOMPSON, MARCUS BOYD, W. A. TEMPLE, Committee. 43-1tc.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUG. 24, 1912

Of The Scurry County Times-Signal published weekly at Snyder, Texas, for April 1, 1928. STATE OF TEXAS, County of Scurry, ss. Before me, a notary public in and for the state and county aforesaid, personally appeared W. H. Ritzenthaler, who, having been duly sworn according to law, deposes and says that he is one of the owners of the Scurry County Times-Signal, and that the following is, to the best of his knowledge

and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are: Geo. F. Smith and W. H. Ritzenthaler, Snyder, Texas. 2. That the owners are Geo. F. Smith and W. H. Ritzenthaler, Snyder, Texas.

3. That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are First National Bank, Snyder, Texas.

W. H. RITZENTHALER, Sworn to and subscribed before me this 9th day of April, 1928. (Seal) CHLOE HARRIS.

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States for the Northern District of Texas in Bankruptcy, Abilene, Texas.

In the matter of A. T. Nicks, bankrupt. No. 1258 in Bankruptcy, Abilene, Texas, April 9, 1928.

Office of Referee

To the creditors of A. T. Nicks of Snyder, in the County of Scurry and District aforesaid, a bankrupt. Notice is hereby given that on the 23rd day of March, A. D. 1928, the said A. T. Nicks was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the city of Abilene, Taylor County, Texas, on the 20th day of April, A. D. 1928, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact

such other business as may properly come before said meeting.

D. M. OLDHAM, Jr., Referee in Bankruptcy. 1tc
