### Funeral Services Honor Pioneer Resident Sunday

#### Tributes Paid A. J. Towle in Funeral Services

Snyder Commandery Observe Passing Pioneer Citizen Sunday Afternoon

Business, fraternal and social friends of a short life time paid fitting tribute to the memory of A. J. Towle, Sunday afternoon when members of Snyder Knight Templar Commandery No. 69, with many from nearby towns held one of the most beautiful and solemn services ever given in this section of West Texas.

The scene of this memorable and solemn occasion was the First Methodist Church and previous to the start of the funeral services, the church was unable to hold the immense audience that had gathered to pay their final compliment of tribute to a man who was not only an honored citizen of our city, but the state as well. As the funeral cortege reached the church, the Knight Templars in full regalia, led by Eminent Commander Porter King and Captain General J. G. Hicks marshaled their comrades in order and lined up from the bears to the entrance to the church. The active pall bearers were Wm. Jones, Joe Merritt, Allen Warren, John Irwin, Tom Greer, Ralph Hicks, Hugh and Tom Boren. Bearing the body of their friend in life, they passed with the casket through the center of an aisle provided by the Knights.

C. WEDGEWORTH  
Superintendent of Schools

The supervisor gloried in the responsiveness of the student body which she stated was so cordial and the manifestation of a wonderful school spirit. She further added that the same spirit typified the co-operative spirit of the teachers which was so evident in the high brand of work that showed up in every department.

Miss Cotham also visited the student activity period and personally complimented the school highly for having given a place in the schedule for extra-curricular activities. During this period, she remarked that only the larger and most highly rated schools of the state are doing this. Teachers were given many fine compliments for the enthusiasm shown in their work and the fine discipline of the pupils as regards discipline.

The Grammar school receives its equal need of praise for the splendid work being done there, together with the compliment to the teachers and the heads for the work they were consummating.

Even the cleanly appearance of the buildings and grounds was given high words of compliment, and the campus a thing of beauty to respect and adore.

Added encomiums came with the extension of the curriculum to include such courses as Commercial work, Public School Music and Penmanship under specialized teachers, Miss Cotham said. She gave the High School Band and Orchestra a pat on the back with compliments that were profuse and sincere and that later will be mailed the Board of Education for their personal. She greatly enjoyed the Toy Band that is composed of primary children from the first three grades.

She visited three clubs during the day: Spanish, Press and Science Research. Miss Cotham had no hesitancy in stating that she had never visited in a school that seemed to be carrying on a more constructive and worth-while extra-curricular work, and that she was overjoyed at the fine improvements made since she last visited the school, three years ago.

The Supervisor said that she readily understood why Snyder was left off the list of schools to be visited last year, and stated: "Snyder is carrying on and doing a most excellent type of work without any state supervision." Following her entire day's work here, the State Supervisor had no criticism of any kind to offer, which was one of the greatest compliments she could pay to our school.

That brings us then to the bouquets. The fact that the Board of Education have re-elected Supt. C. Wedgeworth to head the local school system shows what they think about it all. Wedgeworth has ably demonstrated his type of man, and general all-around efficiency

#### Annual Clean-Up City of Snyder Will Be April 1-10

Scurry County Chamber of Commerce to Sponsor "Shine-Up"

Sec'y Watt Scott of the Chamber of Commerce has announced the official rules that will govern Snyder's annual clean-up, with Saturday, April 8th being the big day of the activity.

Cash prizes totaling \$15.00 will be given Snyder youngsters, both boys and girls. First prize will be \$7.50; second, \$5; and third, \$2.50.

Rules governing the contest include:

1. Any boy or girl of school age who lives within the city limits may enter.
  2. Prizes will be awarded to the boys or girls having the largest collection of trash and rubbish. Tree limbs, boxes (except as trash containers) must not be included.
  3. Trash must be where wagons can get it easily from the alley or front curb.
  4. All cans, bottles, and other rubbish must be put in sacks or may be easily handled.
- Scoutmaster Munger Y. Lewis and Jake Smyth have advised that both local Boy Scout troops will make a special effort in the clean-up but will have no advantage over other contestants. Sec'y Scott will receive special co-operation from the schools and other social organizations to see that Snyder is made a cleaner city in which to live, and a civic spot that stands as a monument to those citizens who want to join in its onward advancement.

#### Santa Fe System Improving With 90 Pound Steel

Entire Crew of 640 Men Will Soon Be at Dermott

Snyder would welcome the entire crew of 640 men, comprising the rail-laying crew of the Santa Fe Railway System who are now at Post. They will work south from that point as far as Dermott.

The editor of the Slatonite at Slaton in reviewing a visit he made to Post recently, said:

"We met Geo. Correl, the major-domo of the outfit, who with the latest in improved machinery and appliances was superintending the work. We saw the surfacing gang in action, being the follow up with an improved tamping machine, using 80 pounds air pressure, with a short stroke tamping the ballast firmly to its bed. A power jack run by gas is used for raising the rails, where in former times the small jack was used and man power required to raise the rails. The surfacing gang is completing approximately one-half mile per 8 hours. We drove on passing Augustus, to view the work of taking up the old track and relaying the new steel. This is done by a crane, lifting the rails without even disconnecting the angle bars, another gas driven car follows up, lifting the new rails in place. Three men care for this work. The rail is nicely balanced, a man at either end and one in the middle who attaches the grip, when the rail is placed in position, with a due allowance for expansion, men follow up disconnecting the old track, angle irons are put in place and the nuts screwed on by power, the spikes are driven in place by power as well. As one casts the eye down the long steel ribbons, he is impressed with the exactness, but the elevation and the accurate spacing between the rails is not a matter of chance. The distance must be perfect for the flanges of the wheels. The precautions used for safety of employees is very marked and accidents have almost been eliminated, where in the old day, many were the injuries sustained by the employees. The Santa Fe has 15 miles on this work, and the relaying of the new steel covers 46 miles, with 610 men employed on this work. They are using 25 ties to the rail or 3,520 ties to the mile, using 41 kegs of spikes or 8,200 pounds to the mile, with 270 joints, 9 kegs of bolts, and 141,43 gross tons of steel rails to the mile. The rails are 39 feet long, and known as 90 pound steel, being 30 pounds to the foot. That some idea might be conveyed as to the magnitude of the project it would require for transporting the steel rails, 130 cars, making a train one and one-quarter miles long. This is indeed a wonderful work. The Santa Fe is doing, as the editor of this system is betterment in all departments."

#### Clean-Up Proclamation

Hear this Ye people. Think! Act!! Know All Men, Women and Children

By these Presents: THAT, Whereas the NATIONAL CLEAN UP CAMPAIGN has resulted in many advantages to community life throughout the United States, In safeguarding HEALTH; In promoting THRIFT; In furthering FIRE PREVENTION; In stimulating CIVIC PRIDE; and In making the "HOME AND CITY BEAUTIFUL; NOW, THEREFORE, Be it known that plans have been perfected for a thorough CLEAN UP CAMPAIGN in Snyder Beginning April 1st to 10th. These dates to mark the Opening of a real campaign of persistent and constructive effort in cleaning up and KEEPING IT UP. In this worthy movement of Cleaning, Painting, Planting, Repairing and general Rehabilitation and Beautification we urge each citizen to do his or her best part to make our community

Clean, Healthy, Thrifty Safe and Beautiful  
**Howard G. Towle**  
Mayor

#### Rev. Ferguson Given Banquet By Old Friends

Sixty-Seven Snyder Business Men and Citizens Join in Farewell Dinner

Business men and citizens of Snyder, coupled with seven Slaton visitors paid tribute and honor to Rev. W. F. Ferguson in a banquet at the Manhattan Hotel, Monday evening, in one of the finest and most worthy programs ever given in Snyder.

With Supt. C. Wedgeworth as toastmaster, the rank and file of Snyder men of various beliefs and creeds filled into the spacious dining room of the hotel to join in a farewell to the honored guest of the evening. Preliminary entertainment consisted of a fine piano number by Master Billie Hamilton, followed by a solo number by Harold Brown that set everyone right to enjoy the best feast that Landlord and Mrs. Deakins ever put before a local crowd.

Toastmaster Wedgeworth then introduced the Slaton contingent which included: Dr. E. C. Foster, G. W. Bounds, Paul Owen, J. W. Hood, W. N. Long, George Marriott, G. J. Catchings and Rev. James Rayburn. The guest of honor, likewise now of Slaton, needed no introduction at that point.

Judge Fritz R. Smith was the first speaker and he paid high tribute to Rev. Ferguson when he said: "The only thing we have against you Slaton boys is that you are taking Preacher Ferguson away from us. The citizenship of Snyder dislikes seeing him leave here for he was a man among men and we are losing one of the greatest pulpit orators that has ever been in Snyder."

Pat Bullock's quartet was then called which consisted of Patrick himself, Willard Jones, W. C. Deaver and Emmitt Butts. They gave a fine number, followed by a duet by Devers and Butts.

Judge J. M. Harris briefly told of the great work that Ferguson had done here and the wholesome activity that had been accomplished and of his standing among the business interest of the city.

Rev. Cal C. Wright in a happy vein added zest to the occasion with his witty remarks and suggestions. Pat Bullock told of the high respects that Snyder held for Pastor Ferguson and the genuine regret of his leaving.

G. J. Catchings of Slaton then told of the spirit that actuated their group in coveting the good fellowship that local business men and citizens, generally, had shown for this farewell.

Rev. James Rayburn, also of Slaton, spoke feelingly of the remarkable co-operation that was shown in this gathering for men coming from all walks of life to honor a man who was leaving their midst. He welcomed Rev. Ferguson on behalf of the Slaton group for coming to their city.

Toastmaster Wedgeworth in befitting words spoke of Rev. Ferguson's activities, not only in church but for his activity in the schools and paid him tributes that were wholesome, that were true and that came straight from his heart.

#### Texas Cotton "Co-Op" Needs More Members

C. O. Moser, Dallas, Will Visit Lubbock Soon in Great Campaign

Snyder which is in the Northwest Texas District of the Texas Cotton Co-operative Association will be interested in the meeting to be held in Lubbock soon. Plans to help inaugurate a membership campaign will be completed.

According to a dispatch from Lubbock, Dean A. H. Ledeligh of Texas Tech and a member of Governor Moody's market board, and R. E. Overstreet, director of the Texas Cotton Co-operative Association, met with the Chamber of Commerce directors to explain purposes of the meeting and to outline other plans of the Texas and American cotton organizations.

Texas has been divided into six districts, Ledigh and Overstreet said at the meeting. Lubbock is in the Northwest Texas district, composed of all the counties west of the east boundaries of Taylor, Jones, Haskell, Knox, Foard and Hardeman, and north of the south boundaries of Taylor, Nolan, Mitchell, Howard, Martin and Andrews.

Two separate meetings are being planned when Moser comes to Lubbock. The first meeting will be made up largely of business men, with a group of leading farmers of the section, while the attendance of the second meeting will be largely farmers out to hear of plans for the Texas Cotton Co-operative Association.

Farmers of Northwest Texas have been co-operating with the existing co-operative association in past years and they expect to give the Farm Board more than usual support in the program this year.

#### LOWER FIRE RATE FOR YEAR OF 1930

Building Inspector P. M. Bolin was advised last week that a 15% reduction had been made in the Snyder insurance rate by the state fire insurance commissioner's offices. With a fire loss of only \$3,500 in 1929, Snyder the lowest rate that is possible to be made. That's more good news and mightily acceptable to the rank and file of Snyder citizenship and likewise is praise to the efforts of our Snyder Fire Department. The speed and activity of the fire boys when fire does come is one of the main causes of the reduction and they are entitled to every word of praise.

#### 38

National advertisers were in the Times-Signal during 1929, a further proof that the larger circulation and a paid-in-advance subscription list are attractions for the national advertiser as well as the merchants of Snyder.

The following list of National Advertisers who sold Scurry County during 1929 with Times-Signal advertising: AUTOMOTIVE: General Motors Corporation; Mobiloil, Texaco Oils & Gasoline, Ford, Buick, Hudson-Essex, Plymouth, Chrysler, Oakland, Pontiac, Continental Oil, Gulf Refining Co., Oldsmobile, and Texas and Pacific Oil Company.

ELECTRICAL: Frigidaire, General Electric, Delco Light and Maytag Washer.

INSECTICIDES: Fly-Tox, and Fly-Fu.

INSURANCE: S. W. Life Insurance Co. and Kansas City Life Insurance Co.

MEDICAL: Tanlac, Nujol, Vicks, Lydia E. Pinkham, Doans Kidney Pills, Cardui, Black Draught and Scott's Emulsion.

MISCELLANEOUS: Perry's Seeds, Northrup King Company.

TRANSPORTATION: Santa Fe, Texas & Pacific, Greyhound Lines and Pickwick Stages.

TIRES: Goodbear, Goodrich, Firestone and Dayton.

Forty-three years of constructive service are bearing returns to those who use the columns of West Texas' largest weekly newspaper.

#### SPEAKING OF SERVICE

Several weeks ago, Edgar Shuler of the First State Bank & Trust Company advertised a Jersey Milk Cow for sale. Shortly after that, G. W. Filippin of Odessa wired him about the cow with Mr. Shuler wiring him in return. To complete the matter, Mr. and Mrs. Filppen arrived here last Thursday night, and loaded the cow, Friday morning, and returned to their home near Odessa.

That is just another example of the complete coverage and success that the Times-Signal is giving its advertisers and subscribers. Mr. and Mrs. Filppen were old Scurry county residents, they still read the old home news and the transaction that was completed proves beyond the shadow of any doubt that it does pay to use the classified columns of the newspaper that represents forty-three years of active and constructive service in the best small city and progressive county in all West Texas.

#### INTERESTING NOTES

In Mexico City a structure built as a residence for Cortez in 1521 is now used as a pawn shop.

#### Hundred Women Expected Here

Sweetwater District to Hold Methodist Missionary Conference

The Methodist Women's Missionary Conference will meet at the First Methodist Church next Friday, for an all day session. Thirty churches in the Sweetwater District will be represented by more than one hundred delegates.

Among the out of the District visitors expected are Mrs. Nat G. Rollins and Mrs. Frank Potts, of Abilene. Mrs. Rollins is President of the Northwest Texas Women's Conference and Mrs. Potts is Secretary. It is also expected that one or more missionaries from the foreign fields, will be in attendance.

Mrs. R. H. Odom, the President of the local organization, and the other officers are making plans for a large attendance and a full program.

#### FLUVANNA HONORED

The Fluvanna schools were paid high praise and compliment last week when Miss Margaret Cotham, State High School Supervisor completed her inspection of the schools there. Following the inspection last year, a number of requirements were placed for completion by the supervisor, all of which had been consummated previous to the visit of Miss Cotham this year.

Fluvanna is on its way to becoming affiliated with 13 credits which places them in an enviable position, and one worthy of the attention of every Scurry county resident. Supt. E. O. Wedgeworth, brother to Supt. Wedgeworth of Snyder is making rapid progress and has a fine faculty to work with, a fine group of teachers and a Board of Education that stands first for progressive activity.

Our hats off to Fluvanna, and when their new \$50,000 high school building is ready, the dedication should call for a county-wide demonstration, with a program built up of the best talent available and a genuine old-timey barbecue dinner. Fluvanna never does anything by halves.

#### SPECIAL CALLED FARMERS MEETING

R. O. VonRoeder has received word from Fred W. Davis, Chief of State Marketing Department to call a mass meeting of Scurry county farmers Friday and Saturday of this week at the Court House.

With Mr. Davis will be Mr. Alford, Judge Gough, Prof. O. P. Norman and others of the Department of Agriculture and it is hoped that every section of the county will be represented at these meetings.

Something worth while will be brought to the attention of our farmers, according to Mr. VonRoeder.

#### GILES GARNER BRINGS NEW PROJECT TO FURTHER SELL IDEA

#### Booster Citizen

Poultry Ranch Will Be Model for West Texans to Follow and Learn

Giles Garner has announced the location of a 36,000 capacity battery brooder in the brick building formerly occupied by the Snyder Hardware and Implement Company on West Bridge street. Lease has already been made and signed up with construction already started on twenty four-deck battery brooders by the Higginbotham-Bartlett Lumber Company.

The name of Scurry County's most widely known farmer and booster is perhaps more widely known in the four corners of the earth than any other one man, with the possible exception of J. Wright Mosar. When Mr. Garner broke the world's wheat production per acre record in 1924, the West Texas Chamber of Commerce broadcasted that idea to all points of the compass. It brought the name of Snyder and Scurry County before the world in a pleasing and constructive way. Mr. Garner received the plaudits of work well done in a most reserved manner and has never sought the publicity lights but has kept spaces with onward activities by being just a step ahead of the other fellow, and always the happiest when building new projects that will further keep the name of his home county before the world.

When Mr. Garner purchased 2,600 chickens in September, the moving(?) ones said: "Well Garner will sure fall down on this proposition." But when the Times-Signal recently printed a story about the project running better than a thousand dollars profit, monthly, the proof that this section can be made the poultry center of West Texas was further enhanced.

The new battery brooders are not new in other sections of the state but it is brand new for Scurry County. Each of the brooders will take care of 2,000 baby chicks, 10 to each, and up to fifteen days later. From the time they are put in the brooder until they are ready for the market at ten weeks, when they weigh around two pounds, they never see the sunlight. At this age, being half-grown, they are sold as broilers and being scientifically fed and warmed from birth, they make a most appetizing bit for the table. Each deck is 50"x72" and they stand around five feet in height. The brooders will be in operation by the first of the month.

#### Other Poultry Plans

It is Mr. Garner's plan to have 10,000 laying hens by fall, and construction of eight more modern houses is to be started at once. Each plot of ground and house will have 1,000 laying hens. When all is complete, the houses will be painted white with green roofs.

Visitors from all sections of West Texas have visited the ranch of Mr. Garner and express keen satisfaction at the remarkable display of fine poultry that he has, and the returns that have been made in a financial way. Farm magazines have sent representatives to Snyder to photograph the plants and have carried stories of the place which is furthering the good name of our town and county. Personally, the Times-Signal takes its hat off to Mr. Garner and wishes him further success in this great undertaking. It takes hard work, real cash, perseverance and honest-to-Jawn nerve to build up any section and Garner is the type of citizen that is doing things. Scurry County needs a lot of citizens just like him.

#### WE DON'T BLAME HIM

Visitors at the Snyder Hardware & Implement Company Monday morning, were impressed with the grin and general up-and-at-'em of George Oldham. Handling out free cigars and generally making of himself a real Santa Claus, however, wonder was natural at such actions in George. It didn't take long, however, for the old truth to come out as Mrs. Oldham presented George with a fine big ten pound son, Sunday morning. Mother and babe are just doing fine. George expects to live through it all right and here is congratulations all the way around.

#### FLUVANNA GOES ON AIR TOMORROW NIGHT

The Fluvanna High School Band with director J. W. Crowley and Supt. Wedgeworth leading the attack will "go on the air" Friday (tomorrow) night, March 21st, over Station KFYO, Abilene. Special numbers are being prepared for the event. Citizens of Fluvanna are asking local radio enthusiasts and those of a wide territory to listen in, tomorrow night, starting at 8:00 o'clock and remaining for one hour.

### BUBBLING OVER

"BUBBLING OVER," the winner of the 1926 Kentucky Derby had for his name a requisite that is necessary for every individual if his goal is to be attained.

A winner in any walk of life must be "Bubbling Over." Bubbling over with enthusiasm about the work in which he is engaged.

A good bank account gives a man confidence and helps to make him a winner.

Mrs. W. R. Craig and children. Mrs. J. T. Simms returned from Odessa last week where she has been visiting her sister.

Mrs. G. M. Elkins is confined to her bed with the 'flu' this week.

#### SNYDER HIGH GETS SHOW IN TRACK MEET

At the Fat Stock Show track meet, Saturday, Buck Howell reached the finals of the 220 yard dash, winning his preliminary heats easily, but failed to show when the finals were called, getting eliminated.

Bedford McClinton was leading his field by a full hurdle in the 220 yard tussle when he fell in the qualifying round.

G. L. Huestis reached the finals in both the high jump and pole vault. On the latter he cleared the bar at 11 foot, 8 inches, the highest he had ever reached. In fact at the recent Snyder track meet, 10 foot, 10 inches was the best record reached and three men tied for that height.

#### ECONOMY STORE GIVE PRIZE

Manager Nate Rosenberg over at the Economy Dry Goods store is offering a valuable athletic footwear prize to the winner of some of the events, Saturday. He is leaving the matter to the Athletic Director, R. S. Sullivan.

#### CELEBRATE BIRTHDAY

The South Side Drug store celebrated their second year anniversary in Snyder, Monday, according to their ad in this issue. The Caskeys have made many friends during their residence in Snyder who will join in congratulations to them.

**N. ROSENBERG-MGR.**

### Why buy cheap inferior chicks

when you can pay only a small amount more and get chicks that are hatched with quality born in them?

If you want to buy any of the breeds I will mention come to our hatchery. If you are not satisfied with what I tell you about the flocks I secure my eggs from I will take you in my car and show you that I am hatching chicks from quality stock breeds as follows: Home flock, Single Comb Reds that we have specialized in for many years—as good as there is in the State—\$18.00 per hundred. Other Reds \$13.00. Economy Anconas \$10.00 per hundred—as good as you can buy. English White Leghorns that can't be beat for egg production \$15.00 per hundred. Another class \$11.00. Silver Laced Wyandotts \$13 per hundred. You will find none better. Also we have other breeds priced in proportion. These prices are on day old chicks. Also keep one and two weeks old chickens that can be bought at a fair price. Chicks that are hatched here will live and grow if they are kept clean and warm and dry. Don't get confused and don't be deceived about where to get your chicks or where to have them hatched. I have two No. 16 Petersime Incubators. These incubators are the highest priced incubators of the same capacity that you can buy, and let me stop long enough to tell you that they have yet to build a better incubator than the No. 16 Petersime.

Custom hatching \$3.00 per 100. Our prices on hatching are cheaper than you can hatch your own. One price to each and all the season through. Bring your eggs each Monday and Thursday. My place is easy found on West Bridge street and is convenient. And don't forget when you get chicks from us they have quality born in them.

### The Modern Mother Can Get Her Oldest Wish-----

A PROGRESSIVE LAUNDRY WITH THE NEWEST IMPROVED EQUIPMENT—GIVES HER LEISURE FOR THE BUSINESS OF MAKING A HOME

The "new" woman is as old as Eve—but as modern as the morning. Her aspirations, hopes, plans, all are attuned to today's world. Above else, she seeks to be thrifty and progressive—a good wife and mother. But the wise wife, the modern mother, refuses to be tied down to a heavy health-breaking household "stone-age" drudgery. She has found a plan that is more thrifty for her. Clothing washed in the new modern Laundry where the Laundrying process is continuous soft water flow in every process, through which the clothes pass following logically and with each other do not damage the clothes—where soft water and the finest laundry soaps are used—where your clothing is not twisted and knotted—and where while being ironed the fabrics of the finest garments are not even in the least bit stretched—when you have laundry done at such a place, your clothes will last many times longer and look 50 per cent better—both neater and more fresh.

She finds this modern method is economical, she has found a plan that leaves her free for the more important business of managing a home.

Members of both Texas and National Laundry Owners Association

## SAVE Your Laundry and Dry Cleaning Bills

## IT PAYS YOU TO DO IT

# The Snyder National Bank

Nearly a Quarter Century of Complete Banking Service

above the beach, and extends 8 or 10 miles along the ocean. This city has been called the playground of the nation. It is estimated that 160,000 people were in Atlantic City on Feb. 22nd. It contains the largest and most complete Auditorium in the world, which was erected at a cost of 15 million dollars, the main auditorium having a seating capacity of 46,000, while 100,000 people may be comfortably seated by using all the different auditoriums and conference rooms.

**The Association**  
The National Educational Association is the largest gathering of educators and the most important educational conference held in the world. The attendance at the meeting was estimated at 20,000 school people besides numbers and numbers of other people who attended. General sessions were held in the mornings and evenings while sectional meetings were held in the afternoons. The theme of the general meetings was "The Spirit of Life," while the theme for the rural division was "Our American Rural Heritage and Its Contributions to National Life."

I consider this meeting and the associations and contacts had on the trip, worth many months in school for we heard the most able men and women in the world today, discuss the problems of our educational life and welfare that is so vitally important to every living person in the United States.

As has been stated in the daily papers of the Nation, Dr. N. R. Crozier, Superintendent of the Dallas Public Schools, was elected President of the N. E. A., an honor that has never come to the South before.

We spent one day in New York City although the delegation did not go there in a body. New York City impressed me very much because of its throngs of people all seeming to be in a hurry, and its numerous places of interest.

The Texas Delegation spent Friday, Feb. 28 in Washington, D. C. This city is regarded by many as the most beautiful city in the world. Through the kindness of Senators Morris Sheppard and Tom Connally we were permitted to visit the Senate while in action and the Supreme Court which was also in session. This court is the highest court of the land and is conducted with much seriousness and dignity. The Senators also arranged for the delegation to meet the President, Herbert Hoover, on the steps of the Army and Navy building where he posed for a picture with us.

On the sight-seeing tour from Washington we visited the city of Alexandria, one of the oldest towns in the United States. This is the former home town of George Washington, Light Horse Harry Lee, Robt. E. Lee and many other men noted for their services to this country. We visited the old church and sat in the pews once occupied by Washington and his family and also the one belonging to Robt. E. Lee. We also visited the old Masonic Lodge of which Washington was the first Worshipful Master. There, one may still see the chair he used and his implements of office. At Mt. Vernon, the home of Washington, we saw the rooms as occupied by the Washington family, the Lafayette room where he entertained that distinguished gentleman, the kitchen with the wide fire place, the beautiful grounds, the broad Potomac river, the old and new tomb

of Washington and all the other places of interest.

On the return trip a four hour stop was made at Atlanta, Ga., where Stone Mountain was visited and from there we came through without any long stops, to Dallas, Texas, having covered more than 5,000 miles.

After having been in the North and North East, I am mighty happy that I can say that I live in the South and in West Texas, where a fellow has time to say "howdy" and pass the time of day, where comradeship and brotherly feeling still exists as it exists in no other part of the Nation. I can truthfully say that I returned to Snyder thinking that I had seen no place, that was to me, as good as Snyder and Scurry County and no people that could quite measure up to hers.

### SWEETWATER CITIZENS SEEKING GAS RATES

The Board of City Development of Sweetwater, Tuesday, announced that they were going to seek data on gas rates in other cities, following a discussion regarding excessive gas bills during the past winter as reported by a number of citizens. The Community Natural Gas Company Offices at Sweetwater are to conduct a school to show how to economize on gas and the Times-Signal joins in a wholesome welcome to the company to put on a like demonstration here.

### SWEETWATER MAN MADE COMPTROLLER

George H. Sheppard of Sweetwater was appointed State Comptroller Tuesday by Gov. Dan Moody and the nomination was sent to the Senate for confirmation. The appointment was made to fill the vacancy caused by the resignation of S. H. Terrell and will take effect as soon as the Senate acts on it. Mr. Sheppard is a former Tax Assessor of Nolan county, and mayor of Sweetwater.

### BLEKEY BOILS BLUE

J. E. Blekey has received a new nickname this week when folks around the Texas Electric Service Co. commenced calling him "Stiff-Neck." It seems that Blekey had a fine new bolt start on his neck that became most obnoxious and which caused him to decline all social obligations. This leaves Roy Strayhorn an opportunity to give Blekey another nickname other than what they have been calling him, "Slow-Foot."

### MOVES TO LAMESA

Mr. and Mrs. A. E. Harvey moved to Lamesa, where the Mr. has accepted the Singer Sewing Machine agency for Dawson county. The Times-Signal dislikes seeing these two fine folks leave our town but wishes them much success in the new location. There is always a welcome awaits them should they return to the best town in West Texas.

### WOOTEN GROCERY IS VISITED BY THIEVES

Thieves entered the Wooten Grocery warehouse some time Sunday night and got way with about \$200 worth of cigarettes.

### BLACKBIRDS FLIES

Two colored gentlemen who had just reduced the population of a farmer's hen-roost near Ira, were making a getaway.

"Laws, Mose," gasped Sam, "what you suppose them flies follow us so close?"

"Keep gallopin', nigger," said Mose, "them ain't flies, them's buckshot."

### SCIENTIFIC CRIME

Modern crime is a scientific proposition, making use of all modern inventions.

Consider how automobiles assist crime. While bewildered victims are getting word of their losses to the police, the fleeing crooks speed over lonely roads many miles away.

The poor old burglars of dark lazen days had their troubles. They must have trembled and often made a hasty exit, when the flickering flame of their feeble lamp was extinguished by a gust of wind. Today, illuminated by the pocket flash, their cat-like tread moves securely about your home.

The master mind organizes a modern robbery as a scientific military commander organizes a movement against enemy trenches. Every man knows his stunt, just as a mechanic knows his part on a construction blue print.

Scientific crime can be met by scientific detection. But if the equipment given our police and detectives is years behind that possessed by the crooks, we shall not get them very fast. However, the telephone reaches out after them with a long arm, and the radio's instantaneous broadcast beats the swiftest automobile. And we need scientific education, also. The young folks must be shown that they ruin their lives when they enter the dirty yellow path.

### LEGION GUESTS HERE

State Adjutant Bob Whitaker, American Legion, Austin, with Mrs. Whitaker, and Mrs. Lois Carpenter, Chairman State Womens' Auxiliary for the Legion were Snyder visitors Tuesday, and paid a social call to Adjutant A. C. Preult. They were enroute to visit posts west of here.

### "BILL" CLEANING

"Bill" Doak, of the Snyder Garage, is setting a pace for other West Bridge street business houses by having the entire front finished in white and making a most notable improvement to his business place. Charley Shaffer is the contractor on the job.

### WELCOMES SCHOOLS

Joe Caton, famous head of Caton-Dodson Dry Goods Co., is carrying a good-will boost for the schools of today in his ad in this issue, entitled "The Teacher." It is an epic in poetry and worthy of the sincere attention of every Times-Signal reader.

### At Last

Jim the Porter—Boss, de ladies has finally givin' ain't they? Boss—Give in? How? Jim—Well, I just now seen a sign down the street that said: "Ladies ready-to-wear Clothes."

### OFFICIAL DATA

Taken From Records of the County Clerk

#### Births

Mr. and Mrs. G. T. Crawford, boy, March 12th.

#### Real Estate

A. A. Bullock and wife to S. M. Bullock, Lot 2, Block 67, Grayum & Nelson Second Addition.

Cleveland Newman, to Roy D. Golston, S. E. portion of N. E. 1-4 of Sec. 113, Block 97, H. & T. C. survey.

#### Mineral Deed

Roy D. Golston to D. H. Byrd and H. A. Harmon, 1-2 interest of minerals in S. E. portion of N. E. 1-4 Sec. 113, Block 97, H. & T. C. survey.

#### New Cars

Marshall Higgins, Ford coupe, Snyder.

Ed Curry, Chevrolet coupe, Snyder.

### TEXAS POLITICAL CALENDAR, 1930

June 2—Last day for candidates for State offices and district offices in districts containing more than one county, to file requests to have their names placed on the ballot.

June 9—Meeting of state executive committee.

June 14—Last day for county and precinct candidates and district candidates, in districts composed of only one county, to file requests to have names placed on ballots.

June 16—County executive committee meets to determine the order of names on ballot and estimate expenses of election.

June 23—Last day for candidates

to pay assessments for their share of expenses incident to holding election.

June 26 to July 1—Candidates must file their first report of campaign expenses not more than 30 nor less than 25 days prior to date of the primary.

June 26 to July 1—Time for voters who are absent from county to appear before a notary public and request ballot.

July 14 — Primary committee meets to prepare ballot.

July 14 of 18—Candidate must file second statement of campaign expenses.

July 16 to 23—Time for voters who intend to be absent from the county on date of election to appear before clerk and vote an absentee ballot.

July 24—Day upon which county clerk shall send absentee votes to the presiding judges of the respective voting precincts.

July 26—Primary election day; polls open at 8 a. m. and close at 7 p. m. Precinct conventions are held to elect delegates to county convention.

August 2—County executive committee meets to canvass results. County conventions are held.

August 5—Last day for candidates

to file third reports of expense.

August 11—State executive committee meets to canvass returns.

August 23—Date of second primary. District convention meets to canvass returns for district candidates.

September 1—Meeting of State executive committee.

September 2—Meeting of State convention.

November 14—Candidates should file report of expenses with county judge.

Save this issue of the Times-Signal for future reference.

### TEXAS LEADS WORLD IN WOODMEN MEMBERS

Texas again took the leadership in a recent drive for new members for the Woodmen of the World Life Insurance Association.

Officials of Sam Houston Camp No. 55 declared that 100 more members will be enrolled by April 1.

W. A. Fraser, President of the Woodman of the World Life Insurance Association paid high respect to the ambitions of the Texas Camps for their campaign for more members.

Have any visitors? Phone 47.

## WHEN A WOMAN LOOKS AT A MAN

WHAT a way these women have of taking one in at a glance!.....she had thrown you only one fleeting look, a trifle haughty, but very obviously interested.....and her smart, little, erect figure had swept quickly past. But somehow you had a feeling that those sparkling eyes had seen directly through you.....had appraised every article you were wearing. Your shoes were shined. Your cravat was straight. Your suit measured and tailored by the Snyder Tailoring Company, also cleaned and pressed by careful, skillful tailors. Then you will win her glance of approval.

## Chevrolet announces

### A NEW

## SERVICE POLICY

The Chevrolet Motor Company and its dealers are pleased to announce a new service policy—one of the most liberal ever offered on a low-priced automobile.

Put into force as a written agreement given to the purchaser by the Chevrolet dealer when the car is delivered—it offers the following provisions:

- 1 Every Chevrolet owner receives his car from the dealer in perfect condition—thoroughly lubricated, properly adjusted, and ready to operate efficiently from the first mile of ownership.
- 2 Every Chevrolet owner is entitled to free inspection and adjustment of his car at the end of the first 500 miles of usage.
- 3 Every Chevrolet owner is entitled to free inspection of his car every 1000 miles thereafter, so long as the car is in operation.
- 4 Every Chevrolet owner is entitled to free replacement of any part which may prove defective in workmanship or material, within the terms of Chevrolet's standard warranty. This includes both parts and labor.
- 5 Provision number 4 will be carried out by any Chevrolet dealer in the United States. As a result, the Chevrolet

owner may travel to any part of the country, with assurance that the guarantee on materials and workmanship will remain in force.

This new policy constitutes proof of Chevrolet's high quality—for such liberal provisions could only be made in connection with a car built of fine materials to exacting standards of workmanship.

Back of this policy, and assuring its successful operation, is one of the most complete and efficient service organizations in the world.

There are more than 10,000 Authorized Chevrolet Dealer Service Stations in the United States alone. Each employs skilled mechanics thoroughly trained at Chevrolet Service Schools. Each has specially designed tools and machinery developed exclusively for Chevrolet service work. And each has on hand, at all times, an adequate stock of genuine Chevrolet replacement parts.

Chevrolet's flat-rate charges, including both parts and labor, are the lowest in the industry on many service operations! In considering the purchase of a low-priced automobile, think what this service means—in terms of lasting satisfaction, as well as in increased economy.

Chevrolet cars range in price from \$495 up, f. o. b. factory, Flint, Michigan

## A SIX IN THE PRICE RANGE OF THE FOUR Yoder-Anderson Motor Co.

### MY TRIP TO ATLANTIC CITY

Co. Supt. A. A. Bullock

At the request of the newspapers here and also at the request of a number of my friends and in the interest of the school boys and girls of the county, I am glad to give a brief review of the recent trip to Atlantic City, New Jersey, to the National Educational Association Meeting. Those of you who have made similar trips will understand that the account must of necessity be brief.

The special train that took the Texas delegation to the convention left Dallas on Thursday, Feb. 20. We were routed over the T. & P. to New Orleans; over the L. & N. to Cincinnati; and over the Pennsylvania system to Atlantic City. The routing carried us through 14 states and the District of Columbia. The states passed through were: Texas, Mississippi, Alabama, Louisiana, Tennessee, Kentucky, Ohio, Pennsylvania, New Jersey, Maryland, West Virginia, The District of Columbia, Virginia and Georgia. Sight seeing trips were made in New Orleans, Philadelphia, Washington and Atlanta.

We reached New Orleans on Friday morning, Feb. 21 at a little after sunup. There we got our first glimpse of the Mississippi River, the Father of Waters. It is easy to understand why this magnificent river is called the Father of Waters when one looks over its broad expanse of water and comes to realize just how big it is. We crossed the river on a ferry that ferried the train across and arrived at the station about 8:30. From that time until 1:45 the time was spent in sight seeing in the old historic city of New Orleans. Those of you who have been in New Orleans will recall that the city is some 12 or 15 feet below the river level. We visited the old French quarters where Lafitte and his men were imprisoned. Esplanade Avenue, Jackson Square, City Park, a 2000 cow dairy, the Tetreair Cemetery, and the St. Louis Cathedral, next to the oldest

in the United States. The canals of the city which are now being covered over as streets and paved, and the cemetery were among the unique things that we saw there. The main street, Canal Street, was once a broad canal flowing between the buildings on either side. It is now bridged over and paved so that one cannot tell that a canal was ever there. The city is drained by a system of canals that completely network it. The Cemetery is very unique because of the fact that they bury on top of the ground, an entire family being buried in one vault.

From New Orleans, those who wished caught sight seeing busses and made the drive to Biloxi Bay, Miss., where the Special train was waiting. On this drive was seen the beautiful summer homes of many people of note, among those were the homes of Woodrow Wilson, known as the White House of the South, the summer home of Roosevelt and Jefferson Davis and the federate Hospital.

**In Philadelphia**  
We arrived in Philadelphia, also one of the most historical cities in the country, in time for breakfast on Sunday morning, Feb. 23. We visited Independence Hall, saw the room, the chairs, the tables where the Declaration of Independence was signed, the Liberty Bell, and Congress Hall, where Washington and Adams were both inaugurated. We visited Valley Forge, saw Franklin's grave, William Penn's house and the Betsy Ross house where the famous American flag was made for the nation. At Valley Forge the things that struck me as being most interesting were: Washington's headquarters, the hut used as a hospital during that awful winter, the statue of Mad Anthony Wayne, the Memorial church built in memory of Washington and the old school house, still standing and in good repair, furniture and all, just as it was before the Revolutionary War.

**Atlantic City**  
Atlantic City has a population of about 65,000, 15,000 of which are colored. It is on an island, and faces the Atlantic Ocean. The Board Walk is from thirty to sixty feet wide and about five or six feet

their LIVES are in YOUR HANDS!

DOWNY LITTLE THINGS... not long out of their shells... how much they must depend on you for the things they need to live and get big. They need a feed filled with nourishment. A feed which will build bones quickly... building muscles strong... change fuzz to feathers in a hurry... all this they demand... and yet their little crops can handle only one tiny thimbleful of feed a day! What a job for feed!

Consider Purina Chick Startena (mash) for this job! In every thimbleful are twelve ingredients! Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there... each one with a real job to do. Purina Startena is mixed over and over again... 960 times just to be thorough! And you will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena.

Your chicks... what they do for themselves... what they do for you... is entirely in your hands. They eat so little... yet it counts so much... that you can afford to do only one thing... feed Purina Chick Startena!

NEW SLANTS ON GEOGRAPHY

What do you know about Geography? Not a whole lot, you'll decide, when Robert L. Ripley gives you the shatter some popular beliefs. He's the wizard who departs, from day to day, unusual things for you to believe or not.

The other day he corrected some erroneous impressions about geography. New York, it seems, is farther west than Valparaiso, Chile, on the west coast of South America. The Pacific entrance to the Panama canal is east of the Atlantic entrance. Rome is farther north than New York.

And, to carry out Ripley's suggestion, a study of the maps and globe will reveal equally surprising facts about this world we live in.

Which is the nearest to Dalhart, Texas—Butte, Mont., St. Paul, Minn., or Brownsville, Texas? The airline distance is about the same to all three from Dalhart. The southernmost waters of Hudson Bay are closer to the Gulf of Mexico than they are to the extreme northern boundary of Canada. Illinois is only 20 miles from the nearest Texas point.

Snyder is nearer Havana, Cuba, than it is Pittsburgh, San Francisco or Detroit.

And it is about as far across Texas, at the widest points, as it is from Texas to the Canadian border.

Algiers, Africa, is north of Dallas, Texas, and it is about as far from Snyder to Kansas City, Mo., as to Brownsville, Texas.

Note—We stole this idea without giving credit, and inserting Snyder instead of another well-known zone of living.

AVIATORS OF WORLD TO COMPETE FOR CUP GIVEN BY EASTERWOOD

A letter to the Times-Signal from our friend, Col. "Bill" Easterwood, Jr., told about him getting the name of Dallas included on a handsome trophy cup, which will be competed for by aviators representing nearly every country of the civilized world. The endurance contest will take place June 24-26 at Paris.

Colonel Easterwood will leave about June 1 for Paris, where he will witness the event. He donated the cup, which is engraved "The Easterwood Franco-American Trophy," below which are the words "Dallas, Texas." A special permit was necessary from the Air Ministry to include the name of Dallas on the cup.

The contest will be under the sponsorship of the French Reserve Air Corps.

A letter from Count Delmitt of Rome, addressed to Colonel Easterwood with no address other than "U. S. A." was recently delivered to his office in Dallas. The Count sought information on the Rome to Dallas flight, for which he has posted \$25,000.

ENDEAVORS TO MEET THIS WEEK AT ABILENE

Delegations that are expected to reach 200 persons are expected the three last days of this week at Abilene, when the District Christian Endeavor societies meet there. Rev. T. M. Broadfoot of Snyder will be a speaker on the program.

Officers of the association are: C. I. Reid, Sweetwater, president; Jimmie Leach, Sweetwater, vice-president; Mrs. Hughie Tucker, Abilene, vice-president; Miss Juanita Durham, Abilene, Secretary.

THE TOWN DOCTOR A DOCTOR OF TOWNS

IF YOU WANT TO HELP BUILD SNYDER—READ THIS! Snyder has something to sell. That is, Snyder has something to be sold unless Snyder is want-less—unless it does NOT desire to grow, keep be a live, wide-awake, DOING community.

With something to sell, it is the desires, pleasures and demands of those who can, will and might buy it, that counts. Disregard that, and sales will be limited to the "necessity urge" only, which means, in case of a community, practically no sale at all.

What Snyder has to sell may be a location for a factory, homes for new and more people, or any and many things that any good, healthy community would want and could use. But regardless of what it is, it is the buyer who is boss, first, last and all the time—and what the buyer wants and the way he wants it is what the seller must give him.

Because so many sellers do not recognize this, because so many retailers try to make people buy the way the retailers want to sell, is one reason for so much turmoil in retailing today; because so many people and communities fail or refuse to recognize the desires and demands of the buyers of that which they have to sell, is a reason why so many communities have empty factory buildings, or sites on which there are no factories.

There are five accepted requisites in order that a town may be generally considered as a good factory town; namely, accessibility of raw materials, advantageous marketing of products, suitable transportation, labor supply, wages and power. But that is not all!

There are many towns with all five requisites but still they fail to attract new industries or new people because the people who make up and ARE the community, are not "right."

A town can be below par on these standard requisites, but with the proper "spirit" it can not only compete with other towns but out distance them. Of sixteen towns recently considered for a factory with an annual payroll of several million dollars, eleven had better factory sites better transportation, location as good if not better, and several other physical features than the town that got it. Those others lacked the "spirit," the fire, the gumption, and people with the right attitude toward the town.

Manufacturers seeking locations for new factories, people seeking a place to live, desire and demand many things which perhaps you cannot make possible, but you can make possible a favorable reply to the ever-present question, "what is the attitude of the people of Snyder towards their community?" A question which is more and more becoming a vital factor in both industrial and commercial community growth.

It is not a question of whether you CAN—it is WILL YOU? Next week in this column you will be given an opportunity to do something to "build" Snyder. It will cost you no more than a two-cent stamp, plus a willingness to do it. In the meantime ask your neighbor, your fellow-worker, and all those with whom you come in contact, to read the Town Doctor in next weeks Times-Signal and in that way "Help Build Snyder."

and Mrs. Frank Dearing, Abilene, treasurer. Counties in the Abilene district are Eastland, Callahan, Taylor, Nolan, Mitchell, Scurry, Fisher, Jones, Shackelford, Stephens, Haskell, Stonewall and Kent.

PROMINENT IRA MAN BURIED THERE SUNDAY

Funeral services for Tom Hailey, 38, were held from the First Christian church at Ira, Sunday, by Bro. W. H. Speck. Mr. Hailey was one of Scurry county's most widely known citizens, a power for good in whatever he undertook and a citizen that will be hard to replace in that community. Brother members in the Odd Fellow Lodge served as pall bearers at the service.

GRAND JURY NEWS

The Scurry county Grand Jury in two day's deliberations this week returned eight indictments, three for bootlegging, three for burglary one for theft, and one for aggravated assault. This total of eight indictments is the most that have been returned in any one term of court during the past court year.

The Teacher

An old man going a lone highway Came at evening, cold and gray. To a chasm, vast and deep, and wide, The old man crossed in the twilight dim, The swollen stream had no fears for him; But he turned, when safe on the other side, And built a bridge to span the tide.

"Old Man," said a fellow pilgrim near, "You are wasting your time in building here, You never again will pass this way, Your journey will end with the closing day, You have crossed the chasm, deep and wide, Why build you this bridge at even-tide?"

The builder lifted his old gray head, "Good friend, in the way I've come," he said, "There followeth after me today, A youth, whose feet must pass this way; This stream, that has been as naught to me, To the fair haired youth might a pit-fall be; He, too, must cross in the twilight dim; Good friend, I am building this bridge for him."

—Selected.

Caton-Dodson Dry Goods Co.

THAT FRIENDLY STORE

FERGUSON—

(Continued from Page 1) duced and his opening remarks were: "That I'm sorry that the wife and children are not here to see what a grand daddy they had. I have received many bouquets but this is the first meeting of this kind that I have ever attended. The richest joys of life are shown in the manner in which your citizenship has treated me in the four years of my pastorate. I want the prayers, the faith, the friendship of all you boys in my further journey in life."

The speaker was working under a difficult task, at this point, and here and there in the large crowd present were eyes dim with tears of sincerity for a man who had been a friend to Snyder and Scurry county citizenship.

Following Rev. Ferguson's splendid talk, Rev. Wright gave a poem: "When Once I Rubbed Shoulders With You" that truly hit the occasion.

Lyman Wren, a deacon of the local Baptist church said "that he was glad to say a few words as an officer of the church. We're miffed at Slaton boys but we'll get over it. Regarding Bro. Ferguson, his deep passion for men who were lost was one of his greatest purposes in life. Lifting his fellow men to higher planes is a noble thought. Preachers can be good men and should have the backing and co-operation of the church membership." Mr. Wren thanked Snyder men of all creeds for the fine way they treated Bro. Ferguson and he added that Slaton was getting a good man. It was a fitting close to a program that was full of rich sentiment and good fellowship.

But before closing we must add that Com Ezell and his famous asthma-sneeze punctuated the early parts of the program, being later introduced in the preliminary details to give an actual demonstration.

FORMER SNYDER PASTOR WILL HOLD SERVICES

Rev. W. F. Ferguson who has gone to Slaton to accept the pastorate of the First Baptist Church has announced an evangelistic campaign to start March 23 and continue to April 6th. Lee A. Stules, who assisted him in revival service here three years ago will assist in the revival.

EDITOR NORMAN LEAVES HERMLEIGH HERALD

Editor R. S. Norman after three years ownership of the Hermleigh Herald has sold his subscription list and good will and is preparing to establish a farm community weekly at Plainview, Jones & Smyth will continue the publication of the Hermleigh paper and have engaged Miss Verna Louder to take charge of the Hermleigh office.

Mr. Norman left Hermleigh Tuesday morning, for Dallas, where he expects to purchase a new press and other equipment to get the Plainview paper started at an early date. Charles J. Lewis, former Hermleigh banker is interested with Mr. Norman in the Plainview project. The best wishes of his many Snyder and Scurry county friends are extended to Bro. Norman and his family in their new location.

ROTAN BAPTISTS PRAY THAT RAIN BE SENT TO END THE DROUGHT

Special prayers for rain were features of both morning and evening services at the Baptist church at Rotan, according to announcement of the pastor, Rev. Fred Clark.

Dry weather has occasioned suffering, the pastor stated, and the people are not generally alarmed, but the lack of moisture is holding up all kinds of farm work in that vicinity.

TRANSMISSION LINES BRING THE ADVANTAGES OF DEPENDABLE AND ECONOMICAL electric SERVICE THE power transmission lines of the Texas Electric Service Company bring the comforts and conveniences of electric service to Texas homes in cities, towns and villages. There is scarcely a household task which can not be done better and more quickly by electricity. From the time work begins in the home in the morning until it is finished at night electricity is the constant servant of the modern homemaker. Transmission line electric service meets increasing needs of the modern home and business in a manner impossible to an isolated power plant. Transmission line service is flexible and dependable, making possible more than one source of power supply to a community. It is economical, partaking of the economies of group management, together with the greater efficiency and skill possible in an organization with a diversified scope of activity. Texas Electric Service Company

FLUVANNA NEWS

Church Services

Sunday School attendance at the churches was good again Sunday. Next Sunday will be regular preaching day at both the First Baptist and Fluvanna Baptist Churches.

Rev. and Mrs. J. I. Kelly accompanied by Mrs. W. H. Snodgrass attended the World's Council of the Methodist Church at Amarillo Sunday.

The District Conference of the Methodist Church meets in Snyder the 21st of this month.

The E. Y. P. U. Association will meet at Union Chapel, five miles west of Snyder, on the Gall road, March 30th. This meeting is held in one of the liveliest communities in Scurry county, and besides the hospitality it will be a worth-while program. The program will start at three o'clock promptly, and everyone is invited, and those who are interested in this young people's work are urged to be there.

Sickness

Word was received Monday that Rev. D. G. Wells was very sick.

Quite a number of our people in town are suffering now from vaccinations, all seem to have quite a sore arm, and in some cases are very sick also.

Visits and Trips

Mr. and Mrs. C. M. Perry of Hermleigh were visiting with relatives here Sunday.

Mrs. Clarence Dowdy, Mrs. W. P. Mathis and Mrs. Nelle Mallock attended the meeting of the council of the Home Demonstration club held at Snyder last week.

B. O. Stavelly and wife and Jas. W. Crowley and wife went to Fort Worth to attend the Fat Stock Show Saturday.

Mr. J. E. Jones is back from Mineral Wells where he has been receiving medical aid.

Mr. J. R. Patterson and family went to Ft. Worth Thursday afternoon to attend the Fat Stock Show.

Mr. and Mrs. Dan Whately and daughter Dean attended the Fat Stock Show also last week on their return from their home in Wichita Falls.

Miss Burline Boynton and also Loyd Ainsworth from the Tech College at Lubbock were spending the week end with home folks here.

Miscellaneous

Mr. B. O. Stavelly made a trip to Lubbock Monday to get some material for the new school building. Some burglars entered the Fluvanna Mercantile Store here on last Friday night entering through the rear door, but no great amount of merchandise was taken, seeming to have been merely prowling around.

Deaths

Quite a number of people from here attended the funeral at Snyder of Mr. A. J. Towle.

Mrs. J. Boren was called to the bedside of her sister, Mrs. G. S. Dickenson at Hillsboro who died last Thursday night only a short while before Mrs. Boren reached there. The writer joins in sympathy with the bereaved in both instances.

School Notes

The school buildings, that is, the buildings of the schools that were consolidated with Fluvanna were sold at auction here Saturday afternoon.

School News

Time flies as the wheels continue to turn toward a successful school year for Fluvanna High. The new building continues to make good headway. The roof is being put on this week and will be complete by the time this goes to press.

News comes from all the different departments that they are ready for the county meet to start, and everyone is expecting P. H. S. to bring the cup back to the proper place.

Advertisement for Cardui medicine, featuring a woman's portrait and text: 'Back Quit Hurting... I was in a very weak condition from a nervous sickness... My mother told me I must arouse myself from the sleepiness, and take something to help get my strength back...'

again this year. The senior class of 1930 has completed arrangements for an up-to-date trophy case to be put in the new high school building, that is now under construction. The case will be found just to the left of the main entrance built in the wall. The Seniors are leaving this as a token of good will to Fluvanna High. Thanks a lot to the seniors. The High School Band will be heard over the air Friday night of this week, over Station KPVO at Abilene, Texas, from eight to nine o'clock. Everyone is invited to tune in and hear the Fluvanna Musicians do their stuff.

The Fluvanna Girls Debating Team defeated the Ira Girls Debating Team Tuesday night of last week. This gives the local girls the right to compete in the county meet. Dunn will be the other girls team to compete. Fluvanna has a record of 1000 per cent while Dunn has a record of 500 per cent. These two teams will debate in the county meet and the winning team will win the county championship and also the right to represent the county at the district meet at Abilene next month.

The "Follies," sponsored by the Basket Ball team was well attended Friday night, considering the circumstances. A nice door receipt was realized which will go toward paying for the girls' basket ball suits. There will not be any school next Friday on account of the County Meet which will be held at Snyder.

With the permission of the indulgent editors, I wish to write along a different line this time. This first paragraph, however, is not in line with my theme—the remaining part of this letter. If I were still a citizen of old Scurry county, I doubt if I could refrain from making reply to an article which recently appeared in this paper, in the course of which the writer evidently got a burden off his chest by romping on that large and most excellent group of citizens in Scurry county and throughout Texas who, although Democrats, supported Mr. Hoover in 1928 for President of the U. S. rather than the platform-bolter, Tammany Hall lool, boot-leg patron and anti-revolutionist — Alfred Smith. Of course, there is no ever, a vociferous group of politicians who are ready to flay that noble host of Godly citizens—men and women—who dared to stand for principle, rather than for an avowed wet party leader. Not many of that well informed, sober-minded company would do differently if

FALLING SHORT

Rev. Jas. H. Tate

Now for another digression. I just must say it. Congratulations to the Fluvanna community on the progress it is making in the erection of its splendid new school building. Hurray for the girls' debating team; and again Hurray for those who won the loving cup at the recent county track meet, and three rousing cheers for the Fluvanna band.

Fine rains in Southern California Friday and Friday night. I hope they also reached West Texas. Good wishes to every body.

the same conditions are to arise again. However strongly inclined to write along this line, I must desist and turn to my subject.

Possibly all who may read this article will remember reading, in the papers, of that ill-fated transport airplane, piloted by James E. Dolan and accompanied by two other men, which was found on the 7th peak in the San Bernardino Mountains after a search of nearly two weeks. (I wrote in a recent article of seeing some of the planes engaged in the search.) Three men—good men we hope—lost their lives instantly and probably without a minute's warning when their plane, flying in a heavy fog or rain, struck a peak of the mountain range full drive. Too bad! What a tragedy! It is reported here that if the plane had been five feet higher it would have missed the peak. So near and yet so far! For aught I know these men may have been, and I hope they were, prepared for their sudden exit into eternity. Anyway, I want us to learn a lesson here: that is, one may be a good citizen, a good and respectable neighbor and still be below the danger line with reference to his future well fare. In other words, he may be respectable but not religious—reputable but not regenerated. Of course every one should be as good a citizen as possible. But it is a pity for one to be so near the kingdom and yet entirely out of it. One may be within a few inches of a state or national line, and yet not having crossed it. The plane, above mentioned, was (according to report) within a few feet of safety, but not safe. Let us read: "Then Arrippa said unto Paul, almost thou persuadest me to be a Christian"—Acts 28:28. "Almost, but lost." Jesus said unto a certain scribe, "Thou art not far from the Kingdom of God"—Mark 12:34. So it is to this day. There are many who are very near the line of demarcation, but who have never crossed it. What a pity it is for so many, or even one person, to run wild and yet stop short of the goal!

Again Konjola Gives Proof of Amazing Power

Ten Years of Rheumatism Ended When New Medicine Is Given a Chance

MRS. G. H. COLEMAN

What cheer and encouragement are to be found in the many victories of Konjola, the new and different medicine of 32 ingredients. Take, as a typical example of Konjola at work, the case of Mrs. G. H. Coleman, R. F. D. No. 3, Ft. Smith, Ark. Imagine her happiness when she was able to say: "When I look back and think how I suffered from rheumatism and kidney trouble for ten years I can hardly believe that I am well and happy as I am today. And all this glorious change is due to Konjola. For ten years I endured awful agonies. At times the pain in my limbs was so severe that I could not get around. Every night I was up many times, and the loss of sleep and rest told on my general health. A friend urged me to try Konjola, and what good advice that proved to be. In four weeks I was without a sign of rheumatism, and my kidneys were as good as ever. No wonder Konjola is the most talked of medicine in America. It should be in every home throughout the land." Konjola is sold in Snyder at Stinson Drug Co., and by all the best druggists in all towns throughout this entire section. adv.

AMERICAN LEGION

The American Legion District meeting in which Snyder is located will be held at Childress next Sunday. Snyder is in the 18th District.

METHODIST CHURCH

Cal C. Wright, Pastor

Sunday School at 9:45. Our attendance and interest is growing, and we want your help to make the best possible School.

Preaching at 11 o'clock. Preaching at 7:45 o'clock.

There are few choirs that furnish better congregational and special music than ours do. Won't you come and enjoy the services with us? You are invited to worship with us.

DUNN HIGH SCHOOL GIVEN APPROVAL

The Dunn schools have been given a "clean bill" by the State Department of education, says our good friend, Bill Cooper.

Miss Marguerite Cotham, supervisor for the high school division, State department of education, recently completed her report as to additional classification credits found in the high school at Dunn.

While the supervisor did not state, it is conceded that the five additional units of accredited affiliation sought are to be announced next June when revision of all affiliated high schools are to be made at Austin. The report did state, however, that Dunn was one of the best rural high schools to be found in West Texas and meriting from every standpoint a "clean bill" by the department.

The school now has a total of ten credits of affiliation. The additional five credits which Supt. Claude

Hooks believes will be authorized this year will place the total at fifteen.

The school has an enrollment of 210 students and is equipped for teaching all subjects required of the state. The school is housed in an attractive brick building, erected a few years ago to replace the old frame structure, lost by fire.

The Dunn board of trustees recently elected Mr. Hooks as superintendent of the school for the fourth consecutive year. Hooks authorized the statement Tuesday that he had accepted to continue his work with the school.

"Especially is the Dunn school making excellent progress in debating, and our team is coming to Colorado soon to take your champion debaters to task," Hook stated while here Tuesday. "We have a team at Dunn that is yet to be defeated at debating and you may count on producing some outstanding speakers if we lose this record to Colorado."

IRA PASTOR FILLS COLORADO PULPIT

Rev. J. D. Farmer of Ira, pastor of the Methodist churches at Ira, Dunn and Buford, preached at the First Methodist church at Colorado Sunday morning at the 11 o'clock service, "pitch-hitting" for Rev. W. C. Hinds, pastor, who was confined to his home because of illness. Rev. Mr. Farmer, who was in a meeting at Buford, came to Colorado to hold services for the local pastor at the suggestion of L. N. Lipscomb, presiding elder.

Rev. Mr. Hinds, stricken Friday of last week with an infection in his face, is reported as being much improved. He was under care of physicians a few days of this and last week.

THAT WAS TOUGH

Editor "Bill" Cooper of the Colorado Record was a Times-Signal visitor recently and he told us a brand new story that Sec'y Jimmie Greene had told him which follows: "A business man specified in his will that all his pall bearers should be bankers and when asked for an explanation he replied: 'Well, I'm an appreciative fellow. These bankers have been carrying me all my life and I'd like them to finish the job.'"

MITCHELL PIONEER DIES

Mrs. Mary Eleanor Womack, 72, pioneer of Mitchell county for forty years died at her home in the Cuthbert community Monday.

The Economy Store Has Always Had a Reputation For Fair Dealing.

**SIDELIGHTS**  
by  
**MARVIN JONES**  
Member of Congress from Texas

Southward, as well as Westward, the star of Empire takes its way. We have reached the end of an epoch in the history of our country. New England industry is on the wane. The South and Southwest have been growing and building.

The coming decade will witness the greatest development in the Southern and Southwestern States that has ever taken place within the borders of America.

In making this statement I am not merely expressing my own views. It represents the viewpoint of practically everyone who has studied these conditions.

What are the influences that are bringing about this new development? What are men of experience advising young men to seek their fortunes in this fast-growing section?

Here is the reason: The South and Southwest today possesses much of the reserve supply of the natural resources of America, the raw material out of which so many thousands of articles are being made.

The South has a large reserve supply of timber, coal and iron. The Southwest has a large supply of the world's oil, natural gas and hydro-electric power.

Our portion of the Union has, in large measure, a natural monopoly on cotton, cotton seed and cotton seed oil.

We have the finest wheat lands in America. In addition to all these advantages, the Southwest has a climate and a fertile soil with which no other section of the world can compare.

If properly utilized, her coal, oil, natural gas and water-power will give her a tremendous advantage over New England—that of cheap power with which to transform her raw materials into the finished article. By saving the freight charges from New England to the Southern States, our factory owners would prosper, our laborers could be well paid, and our section would grow wealthy.

The difference in climate between our section and the Northern States gives the average family in the South and Southwest a decided advantage in the cost of clothes and fuel, to say nothing of the saving in building construction.

According to the Department of Commerce, our industries have tripled in the last decade.

As a dairying section, we are destined to lead the nation. Our soil, climate and abundance of feed materials give us advantages with which other sections cannot compete.

When the fact becomes generally known that Texas and surrounding States are practically free from tuberculosis among the cattle, while the cattle of the Northern States, and especially the Northeastern States, are infested to a dangerous degree, the demand for our dairy products will be greater than can be supplied.

The South has passed through the stress period that followed the Civil War, and a new day is dawning. She is destined to lead the world in the triumphant march of future progress.

**SWEETWATER EDITOR FOR "RAIN OR BUST"**

Chester S. Boyles, Jr., is editor of the Nolan County News at Sweetwater, and when that young gentleman gets on the typewriter he throws the King's English in many ways. One of his latest effusions headed "Rain Or Bust" said:

The News, with this issue, is beginning an intensive campaign for rain. Our plans have been carefully made. Our course is mapped out in detail. Our decision is sure and firm. Let the chips fall where they may; let the anti-rains, if any, storm protest. We have said the word and the fight is on until Old Sol tucks his tail in flight and inky clouds frown upon a starving universe to finally burst with a roar of thunder and drench this parched land. A light sprinkle is not sufficient. We will not compromise with a mere drizzle. Our goal is set for a real old-fashioned gully washer. Nothing short of an honest-to-goodness soaker will do.

This is to serve notice, therefore, that the campaign is on. And there will be no hoisting of the white flag; no retreat, no pleas for an armistice, until this good old weekly journal of truth and light has scored another triumph. The Times-Signal joins heartily in this desire, even in view of the light shower that came to us last Friday.

**Many Weddings in Sight**

When some girl's are already thinking of the wedding ring, they become nervous, high-strung, irritable, and through this loss of control many a young woman loses her future happiness. As a tonic at this time, and in motherhood or in middle life, there is nothing to equal Dr. Pierce's Favorite Prescription.

"I was suffering with my back, headache and nervousness, but by the time I had taken two bottles of the 'Prescription' I felt a thousand times better."—Mrs. B. W. Cummins, 314 Bryant Ave., Fort Worth, Texas. (Dealers.) Write Dr. Pierce's Clinic, in Buffalo, N. Y., for medical advice, free.

**COST OF POOR ROADS**

Increased use of motor vehicles will give the roads of Texas harder wear during the coming season than ever before. Taxpayers groan as they consider the cost of modern roads. Yet do they consider what poor roads cost?

Research workers of Iowa state college recently estimated that it costs 2.37 cents a mile more to drive over rough roads than over first class pavement. So if the complaining taxpayer drives his car 10,000 miles a year over such poor roads, it costs \$237. more than it would to drive over first class surfaces.

The cost of putting such first class pavement on all country roads would of course be prohibitive. Yet many supposed economies on roads are not real savings. If we spend \$25. to \$100. more for automobile and truck repairs as the result of rough roads, and if our depreciation charge is doubled for the same reason, we could afford to spend more on highway improvement.

Automobiles stand up amazingly considering the strain they have to take. Their life is shorter, and they require more constant and costly tinkering as the result of this strain.

Trucking and business errands take more time over rough roads, which makes commodities cost more. Trade is driven away from cities and towns by poor roads. We feel directly the taxes we pay for road improvement, but do we have any realization of what poor roads cost us indirectly?

**WELCOME MISS AKERS**

The Times-Signal joins with the many old friends of Miss Maude Akers in welcoming her back to Snyder as a citizen. Miss Akers, who is a sister of Mrs. Ralph Hicks, returns here from Brownsville. She formerly was associated here with Baker, Grayum & Anderson, and the Snyder National Bank.

**ATTEND AMARILLO MEETING**

Mrs. Cal C. Wright and Mrs. Ralph Odum spent three days at Amarillo last week, attending the Council Meeting of the Southern Methodist Missionary Societies held in that city. This is the first meeting of this Council to be held in Texas in eight years.

**DUNN COMMUNITY ASKING FOR RAIN**

Farmers of the Dunn section have their land in fine condition and the outlook is all that one could wish, says J. C. Beakley, prominent citizen of that town, who spent a business visit in Snyder Monday.

**EYES IMPROVED**

J. R. Coker, popular Hermleigh resident and candidate for County Commissioner, Pct. 4, was recently operated on at Abilene for eye trouble and has been greatly relieved, which is good news to his many friends in Scurry county.

**BANKHEAD HIGHWAY WILL BE FULLY PAVED**

Construction on the last gap of the Bankhead highway in this section of West Texas is expected to be started in Mitchell county about June 1, when work is to be started on a concrete surface road between Westbrook, Mitchell county, and the Nolan county line.

When this is complete, the Bankhead will be paved across Texas, Hudspeith county is the only remaining county where paving has not been completed and the work is now under construction there.

This is to give tourists a paved road across the largest state in North America and will increase the travel, it is believed. Boosters for the Dal-Paso Cavern Highway hope this widely known route will likewise be hard-surfaced and paved before another two years. If the road can secure Federal designation, paving will be hurried along.

Good sanitation in the poultry flock increases the number of fertile eggs produced during the breeding season. The fowls should be fed liberally on wholesome feed and should be kept in houses that are dry and well ventilated. It is especially important not to overcrowd the houses and to keep the litter clean and dry in the breeding season.

**TOWLE—**

(Continued from Page 1)

Wisconsin, September 28, 1868 and was married to Miss Lulu Cook at Lincoln, Nebraska, in 1898. They came to Texas in 1909, locating at Lubbock where they remained for eight years when they came to Snyder where the family has maintained its home ever since. Mr. Towle was in good health up to last December when two major operations were made necessary which hastened his death on Friday, March 14th at 10:10 p. m., being 61 years, 5 months and 16 days old at death.

The complete Commandery service was one of the finest tributes that could have been paid Mr. Towle, for his life time had been wrapped up in things, Masonically speaking. He took his Blue Lodge degrees in Sheridan, Wyoming; Chapter and Commandery in Lubbock. At the latter place some of the most effective work of his Masonic career was consummated and he helped immeasurably to build their hall. He was twice honored by the local Commandery in being elected Eminent Commander and has served as local Secretary for the past twelve years.

Mr. Towle stood high in state Commandery circles and had been solicited many times to be a state officer, but in his unassuming way declined the high honors extended to him. He has often been referred to as a dubbing more Knights than any other one man in the state of Texas.

These matters were all referred to by Pastor Jameson in his explanatory remarks and as he stood in front of a huge bank of floral tributes from friends in all walks of life, with Rev. Cal Wright at his side, the solemnity of the occasion baffles description. It was truly a honor to a man who has ever been on the right side of Life's battle and a man who stood for the right of his convictions, unflinchingly. Honored not only in fraternal circles but likewise in the business life of the community, Mr. Towle stood foursquare to the world, a man among men, a worthy friend true to his family, true to his friends and a foe worthy of the stern of a Knight in life's activities. No finer tribute could be paid any man than the friends who gathered 'round him when illness came to stretch his form on a hospital bed, those friends stood with him, by him a through the long illness and when

death came, they were the first to respond to the call that sooner or later touches each human soul. Besides the widow, three brothers remain, Howard G. of Snyder; Gordon B. of Trenton, Nebraska; R. R. of Boise City, Idaho; and one sister, Mrs. Sadie Watt of York, Nebr.

Under the wide and starry sky Dig the grave and let me lie; Glad did I live and gladly die; And I laid me down with a will.

This be the verse you grave for me: Here he lies where he longed to be; Home is the sailor, home from sea, And the Hunter home from the hill.

**Visiting Knights Present**  
Out of town Knight Templars attending the funeral were as follows: Rotan—J. W. Jackson, Isaac Corbin, J. D. Corbin, H. T. Fillingim, E. L. Akers, L. L. Morgan, and J. R. Strayhorn.

Post—A. C. Surman, I. L. Duckworth and M. C. Bishop. Fluvanna—W. H. Jones and John Stavley.

Canyon—C. E. Jameson. Colorado—A. L. Maddin, A. E. Maddin, J. A. Buchanan, B. F. Du-laney.

Other out-of-town guests noted at the funeral included the following from Colorado: Mr. and Mrs. James

T. Johnson, Mrs. J. H. Greene, Mrs. Pearl Shannon, Mr. Frazier, Mr. and Mrs. J. A. Buchanan, Miss Kate Buchanan, Mr. and Mrs. Oscar Majors, Mr. and Mrs. H. E. Grantland, Walter Davis of Sweetwater. Mr. and Mrs. W. H. Ritzenthaler of O'Donnell.

Mrs. Pickett of Post; Mrs. Edwards, Mrs. Householder and Mrs. Joe Penny, all of Lubbock.

**SNYDER MEN ATTEND LUBBOCK BANQUET**  
E. C. Neecley and D. H. Singletary were counted among the T. P. Coal & Oil Company boosters at a banquet given by the company, at Lubbock, Friday night.

With M. Farnsworth, assistant sales manager of the company, of Fort Worth, presiding, a short program was held in which discussion of plans and policies for the year was held. Outline of the policies included "a mammoth development and expansion program."

**DISTRICT COURT IN ACTION MONDAY**  
Judge Fritz R. Smith got the District Court under way Monday, with complete organization completed and the Grand Jury in session. He expects to complete the docket within two weeks.

The first case Tuesday was that of County Line School District vs. Brown, et al.

**TOM HAILEY AS I KNEW HIM**  
by T. J. Bryant

Tom Hailey and I met many years ago but were not closely associated until 1922. At that time he was a member of the Ira School Board and for several years we worked together, he as a member of the Board and I as superintendent of the school. For two years I lived in his home.

Tom Hailey was of gentle breeding, of choice pioneer stock, and was a gentleman by birth, choice, training and habit. He loved only those things in his heart, that are clean and pure. He was religious and this fact kept him on the right side of every question that had a right and wrong side.

He was a man of clean life, clean hands, and a clean heart. Things that were lovely and beautiful found in him a friend; things that were deformed, ugly, dirty or unholy, repelled him. There was nothing unclean in his daily talk, walk or private life. He loved a joke, and could tell a good one. But his love of fun and of congenial company would not persuade him to tell an unclean story. He was modest and unassuming. He was good, true and noble.

In all his social and home relations he was beyond reproach. His ambition was for the happiness and success of his friends. His wife was the only woman who received a second thought after she gave her life to him. The only use he had for a dollar was to buy something that would please his wife, promote the welfare of his children, or the comfort and happiness of his friends.

He loved his church, God and Christ. He hated shams and hypocrites. Tom Hailey was a good citizen. No one who knew him ever doubted his relation to any person or institution where loyalty could be expected. To have known this good man was a blessing everlasting.

Mr. and Mrs. Ross Williams of Hermleigh announce the arrival of a baby boy at their home.

**TRUSTEE ELECTION**  
Date, April 5, 1930. Four members term expires, Hugh Taylor, C. C. Harless, P. C. Chenaault and H. L. Davis. Same board has been solicited to run for re-election and Taylor, Harless and Davis will run with Dr. J. G. Hicks in place of P. C. Chenaault, who is moving to Abilene.

It is claimed that people's minds close up, but anyway they keep their mouths open.

**GUINN NO. 3 WELL**  
Drilling was resumed on the Guinn No. 3 well yesterday, after a short lay-off, due to non-arrival of fuel oil. Depth was at 4,015 feet in a hard grey lime formation.

# COMPARE VALUES BEFORE YOU BUY AN AUTOMOBILE

**Low charges for distribution of the new Ford save you at least \$50 to \$75 in addition to the many savings in making the car**

**THESE** are days when every dollar counts. The period of reckless spending is over. People are going back to the good old-fashioned principles of thrift and economy. Value is again being carefully considered.

Nowhere is this more important than in the selection of an automobile. For the purchase of a car represents a considerable investment. It should not be decided on hurriedly, but only after analyzing every important factor that concerns cost, value and performance. The time to do this is before buying—not afterward when it is too late.

ON THE basis of cost, performance and the actual comparative worth of every part, the new Ford is a value far above the price you pay. It is made of better materials and with greater care and accuracy because of the recognized efficiency and economy of Ford manufacturing methods.

The value of these methods is known and understood by millions of people. It is not generally realized, however, that these same principles of efficiency and economy are applied also to every step in the distribution of the Ford car. The low cost of selling, financing time payments, etc., means a direct saving to you of at least \$50 to \$75 in addition to the money saved by Ford economies in making the car. Here are three reasons why this is so.

(1) The Ford dealer does business on a smaller margin of profit because of the greater number of

cars he sells. His discount or commission is the lowest of any automobile dealer. The difference in your favor, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

(2) The Ford charges for financing are low.

(3) No expensive extra equipment is needed when you buy a Ford. The car leaves the factory ready for use. The f.o.b. price includes a Triplex shatter-proof glass windshield and an extra steel-spoke wheel, in addition to four Houdaille double-acting shock absorbers and fully enclosed four-wheel brakes. Any accessories you may wish for your individual taste are sold considerably below the usual prices. None of these charges for selling, financing or accessories is marked up or increased to cover a high trade-in allowance on a used car.

Get all the facts, therefore, before you buy and figure out just what you are getting for your automobile dollars. Go beyond the f.o.b. price and find out how much more you pay the dealer than the dealer pays at the factory. Analyze the used-car allowance. Compare all charges—item for item—value for value.

WHEN you do this you will have a new appreciation of what the Ford Motor Company and Ford dealers are doing to keep down the cost of Ford cars. You will also know why it is possible to put so much real value into the new Ford and still retain the low price. The money you pay goes for value in the car. It is not wasted in excessive costs in manufacturing or selling.

**FORD MOTOR COMPANY**

**Comfortable Low-Cost Travel**

to all points in TEXAS

COMFORT, economy, convenience—that is what motor coach travel represents. This dependable transportation company serves nearly every city and town in Texas over the 3,653 miles of their routes.

**A few low fares:**

Lamesa	\$2.50
Albany	3.95
Ft. Worth	7.85

## "Bosses Banquet" Is Enjoyed By Nearly Hundred Boosters

The first "Bosses Banquet" to be given by the Business & Professional Women's Clubs of Snyder was one of the finest and most entertaining events that has been given here in many a year. With more than ninety members and guests present, Tuesday evening, at the First Presbyterian church, the evening was one of full enjoyment with food that was delicious, with decorations that carried out the season's most notable date and with speaking details that kept the crowd in a jovial mood.

Alma W. Buchanan, President and Toastmistress, left no stone unturned in her various discourses to make everyone welcome. With shafts of wit here, burnished with descriptive truths and nonsense, she kept the various events of the evening moving in an even tenor that greatly added to the enjoyment of the whole.

Mrs. Buchanan in her opening address of greetings made it plain that there was wholesomeness supreme in the efforts of the club members to make this first event an achievement in the history of the organization that has been "doing things" since its inception more than two years ago. Recognition was given the invited guests as "bosses" and as "leaders" but there might have been sarcasm to that, even so, the toastmistress covered it so cleverly that to the uninitiated, it came as a truisim.

### WOMAN

She's an angel in truth, a demon in fiction; a woman's the greatest of all contradictions. She's afraid of a cockroach, she'll scream at a mouse, but she'll tackle a husband as big as a house. She'll take him for better, she'll take him for worse, she'll split his head open and then be his nurse, and when he is well and can get out of bed, she'll pick up a teapot and throw at his head. She's faithful, deceitful, keen-sighted and blind; she's crafty, she's simple, she's cruel, she's kind; she'll lift a man up, she'll cast a man down; she'll make him her hero, she'll make him her clown. You fancy she's this but you find she is that, for she'll play like a kitten and bite like a cat. In the morning she will, in the evening she won't, and you're always expecting she does—but she don't.

When Louise Darby gave her toast to "Our Bosses" she overlooked one or two lines but ended it so cleverly with her water glass held aloft and her sincerity making it plain that it was the "Bosses" that it, too, got a hearty laugh.

In responding to greetings, Judge Fritz R. Smith needs no flowery words. He just does it, that's all, notwithstanding the story that Supt. Wedgeworth told on him later in the evening. The judge's verdict of the evening was reserved until further food was forthcoming but when it did arrive, he with all guests present enjoyed one of the finest banquets ever given here.

Miss Martha Gray in "Impersonations" gave a short welcome num-

ber and one that was joyously received.

Nancy Caton, original booster for the organization of a Business and Professional Women's Club in Snyder told of the national tie-up that Snyder was enjoying in this banquet here two years ago and the original charter containing 40 members. Accomplishments made by the club have been many and stand out in the general onward advance of the city and county. Mrs. Caton, who was honored as the first president of the club, gave a fine address.

E. J. Anderson in his talk on "Doing Two Jobs at Once" stressed the activity of the woman in the home and in business, and of the notable records that were being accomplished by the womanhood of today. As an after-dinner speaker, Andy filled a most important spotlight in the evening's program.

Mrs. Daisy Smith in her splendid rendition of two Irish melodies added to the St. Patrick angles that had been brought into every portion of the evening's enjoyments. Mrs. Melvin Blackard accompanied at the piano.

Miss Marilu Rosser's interpretation of a Spanish dance was greeted with generous applause and was another highlight in the many enjoyable features provided.

At this point, Joe Stinson added some fine thoughts to the males present when he generously gave a box of cigars to the club who in turn passed them out to the bunch of so-called "bosses" that were present.

In Mrs. Buchanan's introduction of the final speaker, Katherine Thrane, weights were nearly made necessary to hold the oncoming speaker in position but she lived up to her title of "the best sport on earth." Her subject, "Through the Looking Glass" ranged from the ridiculous to the sublime but she put it over in a big way.

On behalf of the visitors and guests present, C. Wedgeworth responded nobly and well. We understand Wedge and Judge Fritz Smith had a battle at catch-weights following the program, with no bloodshed reported. Visitors introduced were Lon Geer and A. A. Eberle of the Texas Electric Service Co., Sweeswater, and Tom A. White of Lubbock.

Pat Bullock and John E. Sentell both celebrating their birthday, Tuesday, were given spots to shine and they shone.

Miss Vernelle Stinson gave a number of piano numbers during the serving of the banquet that were appreciated.

But the program was replete from start to finish with so many enjoyable thoughts and features that it would take an entire page to tell it all. It was good, supremely so. The Times-Signal editor is indebted to Mrs. Buchanan and Mrs. Deakins for the pleasure of being able to attend.

### MRS. W. M. SCOTT HOSTESS TO EL FELIZ

Members of the El Feliz Club were delightfully entertained Friday afternoon at the ranch home of Mrs. W. M. Scott.

The St. Patrick color motif was featured in table appointments and was again expressed in refreshments served to the following members: Mmes. Hugh Boren, H. J. Brice, W. H. Cauble, A. J. Cody, J. C. Dorward, J. C. Ezell, R. L. Gray, C. W. Harless, Gertie Smith, R. S. Snow, L. T. Stinson, and Wade Winston.

### RED VERBENAS

It is a real joy to the people of Snyder to see the red verbenas; our town covered with radiant red flowers throughout the summer months. The Red Verbena as our town flower, was adopted three years ago by the several organizations of the city, thereby receiving the vote of some one in most every family. The response has been very gratifying as many lawns in every section of the city has the flower in curb or bed.

Spring is here again and the urge for assisting nature in beautifying the landscape arrived in due time, for we see the effects of it everywhere. So lets not forget to plant the Red Verbenas somewhere on the lawn, so that we may continue to enjoy it ourselves, as well as the rapturous delight of the visitor and tourist, when they see such continuous blooming of the red flower throughout our city. It is indeed beautiful. It is hoped that no lawn will be without our town flower when the planting season is over.

### 14TH DISTRICT P-T CONVENTION AT STAMFORD

Mrs. J. W. McCoach, director of education, for the 14th District Parent-Teachers Association will attend the annual meeting of the organization at Stamford, April 8 to 10th.

Assistance in entertaining the visitors will be given by the Stamford Chamber of Commerce and Board of City Development, the Pierian Club, the Music Club and churches and service clubs.

Included in the list of entertainments planned for the visitors from the twenty counties in Northwest Texas which make up the district will be three luncheons, a musical tea and a theater party.

### BRIDGE PARTY

The Misses Lucille Eoff and Mary Joyce entertained a group of friends

with a bridge party on Saturday afternoon at the home of Miss Joyce.

The St. Patrick color scheme was attractively carried out in tallies and favors, and in the bridge play, Mrs. Noel Banks won high score prize, and Mrs. Wayne Williams second high.

At tea time delicious refreshments were served to Mmes. Ixon Joyce, Amos Joyce, Bill Tatum, Wayne Williams, Noel Banks, Walla D. Fish, and the Misses Polly Porter, Pauline and Ruth Bell Boren, Faye Joyce, Mildred Harless, Alma Nell Morris, Adelle Baugh, Mavis Webb, Enid Sears and Eleanor German.

### MRS. W. J. ELY HOSTESS TO TWENTIETH CENTURY CLUB

Members and guests of the Twentieth Century Club enjoyed an interesting meeting on Tuesday afternoon, with Mrs. W. J. Ely as hostess.

The following program was given with Mrs. Ollie Bruton as leader:

Response to roll call "Something of the Indians."  
"Texas Indians and Where They Located," Mrs. O. S. Williamson.  
"Indian Myths of Water, Fire and Cloud," Mrs. J. J. Taylor.  
Piano solo, "Pale Moon," Mrs. C. E. Fish.  
"Legends of Indian and Spanish Occupations in Texas" Mrs. H. J. Brice.

"Indian Legends from 'The Vanishing American'" Mrs. W. T. Payton.

A two course refreshment was served to Mmes. I. W. Boren, C. H. Bruton, H. J. Brice, Nelson Durn, C. F. Fish, H. E. Rosser, W. T. Payton, W. M. Scott, Joe Strayhorn, J. J. Taylor, Allen Warren, B. M. West, O. S. Williamson and H. M. Blackard, members, and Mmes. W. B. Hampton, L. G. Ely, and J. P. Morgan, and Mrs. R. Medlen of Pearing Springs, and Mrs. A. B. Cranston and daughter Grace Lee of Abilene, guests.

### MISS RUTH BELL BORN HONORED WITH PARTY

Miss Ora Norred entertained a group of friends on Monday afternoon with two tables of bridge, honoring Miss Ruth Bell Boren who was at home over the week end from W. T. T. C. at Canyon.

The hostess served delicious refreshments to the following guests: Misses Maurine Cunningham, Pauline Boren, Eleanor German, Mary Joyce, Ethel Mae Sturdivant, Martha Gray, and the honoree.

### ALTRURIAN DAUGHTERS

The new Junior Altrurian Club held their second meeting on Monday evening with Miss Mary Lynn Nation as hostess, at the home of

her parents, Mr. and Mrs. Joe Stinson.

In the business session, with Miss Nation, President, presiding, constitution and by-laws were adopted, and different phases of the club work were discussed.

The ladies, assisted by her mother, Mrs. Stinson, served a delicious salad course, using St. Patrick colors.

Members attending were the Misses Vera Nell Garntham, Martha Gray, Inez Caskey, Mary Harkey, Mildred Patterson and Eloise Scott, and guests were Mmes. W. W. Hamilton, Joe Caton, L. T. Stinson, and Mrs. Jim Stinson of Abilene and Mrs. Wilson Hartgrove of Paint Rock.

### SAN SOUCL CLUB MEETS

The Misses Gertrude and Hattie Herm were hostesses to the San Soucl Club members and guests on Friday evening, at their home in West Snyder.

After an interesting play of bridge, tempting refreshments were served to Mmes. Forest Sears, Jesse Sellers, J. P. Nelson, Dan Gibson, Wayne Boren, J. R. Hicks, Melvin Blackard, Jack Harris, and Misses Sally Boone and Norma Strayhorn, members, and Mmes. J. G. Hicks, C. C. Shull and Mrs. Ivan Head of Midland and Mrs. DeWitt Fears of Lubbock, guests.

### SURPRISE PARTY

Weldon Alexander was pleasantly surprised Monday evening when a crowd of young friends dashed hilariously into the Alexander farmhouse, announcing that a party was on, and the occasion being Weldon's sixteenth birthday.

Party arrangements were made by the Misses Kenneth Alexander, Raylene Smith, and Grace Avery. Forty-two and various games were played.

Saint Patrick colors were used in the lovely refreshments served to Dixie Lee Davis, Saxton West, Frances Faye Huestis, Bonnie Miller, Ida Sue Wallace, Mary Janet Smith, Emmett Askins, Lee Francis York, Leighton Griffin, Grover Scott and Borden Gray.

The folks left at a late hour with many happy returns of the day and many more birthday celebrations for the host.

### OF INTEREST TO CLUB WOMEN

Mrs. R. F. Lindsay, state president of the Texas Federation of Women's Clubs, is seeking to give publicity to her programs of health and beautification. Co-operation is being sought through the medium of communication with the various clubs, the radio and the press, according to Mrs. C. R. Buchanan, Seventh District Publicity Chair-

man. It is only a little bit of service for each of these agencies and individually it amounts to but little, but the team-work counts for a great deal. When the results of the combined efforts of all have been accomplished these policies will be sufficiently disseminated and our good Texas citizens will be observing the two programs and in so doing will be making ours a better state in which to live.

Station W. P. A. A. is kindly giving one hour, beginning at ten o'clock on the first Thursday morning of each month, to broadcasting for the Texas Federation of Wo-

men's Clubs. Club women are cordially invited to send whatever message they may wish to be broadcasted to their District Chairman of Radio, who in turn sends it to the state chairman of Radio and the state chairman transmits it to the supervisor of the station above mentioned. Your message should be in the hands of the state chairman of radio as early as the 25th of the month preceding the first Thursday of the next month. May we not listen in, when our turn comes, and be informed of the many worthwhile things the women of Seventh District are doing? Who will be the first to respond? Send your message

to Mrs. Lee Patton, Jayton, Texas, Chairman of Radio for Seventh District.

Blue geese have been developed at a government zoological park.

The J. Wright Moor No. 1 well was shut down Monday at 4,050 feet, waiting for orders. At the depth named, they found a hard grey lime, difficult to penetrate.

**FOR TRADE**  
Several unencumbered houses and lots in Snyder to trade for good farm land. See Ernest Taylor. 40-tfc

**REGISTERED Jersey male** for sale. See Steve Murphree, farm located six miles northeast of Snyder. 40-2tp

**200 ACRES** in cultivation with a good four room house, and plenty of good water and grass. L. F. Head, Snyder, Texas. 40-1tp

**CARD OF THANKS**  
To the many friends who contributed their kind words and sympathy during the prolonged illness and death of our loved one, our hearts are full of thanks to each and every one of you. The floral offerings at the burial services but perpetuate the longing that is in our hearts to thank each of you individually. To Snyder Commandery, Rev. C. E. Jameson and Rev. Cal Wright go our sincerest and personal thanks. May the Lord richly repay each and everyone of you. Sincerely,  
Mrs. A. J. Towle  
Mr. and Mrs. H. G. Towle  
and Mary Margaret Towle  
40-1tc

**CARD OF THANKS**  
We take this means for expressing our appreciation for the loving kindness shown us in the loss of our beloved Maude. May God bless each one, and keep them as nearly as possible from such sorrow as ours has been.  
Signed: M. K. Maples and children; Mrs. F. M. White; J. R. White and family; Mrs. J. A. Lewis and family; H. A. M. White and family.  
40-1tp
