## UNION DOTS

By J. L. Carrell

Whiz! Bang! Boom Boom! Rattle! Zoo-Ee!

That's about as near as I can describe the coming of that northern Sunday night. My, how the wind did blow; but they do say that every cloud has its silver lining, and I guess 'tis true, only we out Union way had the silver lining first. Of course you want to know how that could be, so I will tell the good things that we at Union way Sunday and you may judge. First, we had two good Sunday schools with real good attendance; then in the afternoon at 3 p. m. the Mitchell-Scurry B. Y. P. U. met with the Union B. Y. P. U. in their regular quarterly convention. The convention came to order on the dot at the call of the President, J. C. Smyth (say, I don't know whether to put an e after the h or not) but at any rate, J. C. knows how to preside over a B. Y. P. U. convention and makes every minute interesting. The pastor of the First Baptist church at Loraine, Rev. Cobb, was there with a strong delegation. The Snyder B. Y. P. U. had a large delegation on hand. Hermleigh had their delegation there and carried the Attendance Banner home with them. Colorado had their delegation on hand, and Dunn with the Pastor, Rev. T. L. Nipp (who is also pastor at Union) was there with a strong representation, but not strong enough to carry the attendance banner back home with them. Of course we of the Union community were there because we just don't like to miss any good thing.

The Rev. T. I. Nipp announced that the Union B. Y. P. U. had attained the Standard of Excellence and was requested to tell how they accomplished so much. Nipp passed the buck, as is so often the case with the men, and asked that his wife be permitted to tell how it was done and her reply was "Hard Work", and say! this reply in my humble opinion just about fills the bill for everything worth while that

is accomplished. What say, Jimmy? Dr. Frey of Simmons University was there and made a splendid talk. Miss Hall of Loraine sang a solo that was enjoyed by all.

The Jones-Newton Quartette sang and say, those boys and their wives can sing, and as the saying goes, I don't mean maybe. The president was on the job all the time and mixed the business in along with the other good things till you would hardly realize that there was any particular business, but everything was attended to in order. The convention goes to Colorado the next time, which will be in June. I believe that is all that I can remember that occurred at the convention that is of special mention, and if there is anything overlooked, I am sorry and will apologize now.

And now we come to the close of the day, which is another high point, when the Senior B. Y. P. U., as arranged one month ago, came over to the Methodist Church and gave their program there after which the Epworth League put on a pageant celebrating the 40th anniversary of the Epworth League.

These programs were enjoyed by every one present and were a benediction to the community and should be continued. I don't believe there is any serious sickness in the community at present. Of course some of us have sand colic or the grouchies, I can't say which, but at any rate, it isn't catching or fatal and so, don't worry about us.

Ben Scott and Jim Mebane said tell you that they have their terracing done and are now ready for the next call and they hope it will be a wet rain in the place of a West Texas shower.

Well, dinner is ready and I am hungry, and if there is anything else I have forgotten it and will quit.

So mote it be.

J. L. Carrell.

## ATTEND SAN ANGELO RACES

P. L. Fuller, Roy Strayhorn, Ivan Dodson, and C. W. Harless attended the races at San Angelo Saturday. "Taboka" one of Mr. Fuller's horses, won first place in one of the races.

## COTTON DATA UP TO NOW

### COTTON LETTER

New York, March 13, 1930.

There seem to us to be three things for the cotton trade to consider at the present time.

First: Will the cotton farmer continue to raise a large crop of cotton at a loss?

Second: Will the bankers of the world assist the spinner, who has been the principal loser on the decline in cotton, to continue to buy cotton below cost of production to average his price?

Third: Will the speculator take the view that there will be little reduction in acreage, that a larger acreage means a large crop, and will he, therefore, sell cotton anticipating the heavy movement? Or will he buy, seeing little, if any, change in the carry-over, and knowing the many uncertainties during the growing season?

In the meantime, the market, after successive shocks that have unsettled confidence, has seemingly reached a level that makes it attractive to the far-seeing merchant.

Financial interests in foreign lands forced cotton for sale. In order to clear up the many uncertainties as to the much talked of increase in outside growth, especially Indian, we give the following table of world production by the countries for the past nine years. These figures are taken from the New York Cotton Exchange Weekly Trade Report.

	1921-22	22-23	23-24	24-25	25-26	26-27	27-28	28-29	29-30

HUBBARD BROS. & CO.

## METHODIST CHURCH

Cal C. Wright, Pastor

Sunday School at 9:45. We shall look for you in the classes.

Preaching at 11 o'clock. Subject: "A Righteous Man's Prayer."

We have good music, good fellowship and a will to do something for the Kingdom, and want you to meet with us.

The Sunday evening service will be given over to a special song service. We have our new song books, and want to become acquainted with them.

Our Revival begins April 6th. Won't you begin NOW to get ready for the meeting? Our brethren of the other churches are invited to attend and take part in the services.

tire crop acreage in some sort of feed and 12 signed up to plant one half of their entire crop acreage in feed.

U. D. Wudfilin, chairman of the agricultural club in Mitchell county, was in charge of the meeting where J. C. Hall, former county judge of Mitchell county, was the principal speaker. J. H. Greene of the Colorado Chamber of Commerce, acted as secretary of the session.

"The people have got to do more than talk about this proposition—they've got to execute it or it will be even worse than ever," J. C. Hall, connected with the First State Bank of Loraine, declared.

"The fact of the thing is, some of them even get confidential with me and say that now is the time to make the jack while all the others are in for the reduction. That won't do at all," Mr. Hall declared.

"The people really don't realize the seriousness of this cotton acreage—there will have to be something done or cotton will not bring over 10 cents a pound this fall," he continued.

Tom Stonerod, vice-president of the City National Bank of Colorado, declared a reduction must be made in the cotton acreage and that successful farmers of Mitchell county were those who have fed to sell the year round.

W. A. Wolen, Mitchell county agent, stressed the importance of a better and longer staple cotton.

Almost 100 per cent of the farmers that attended the meeting pledged themselves on the cotton acreage reduction program.

About 36,000 Americans are in France continually on an average.

## PLEDGE CUT IN MITCHELL CO.

FARMERS AT COLORADO MEETING WILL REDUCE COTTON ACREAGE

Eighty-seven Mitchell county farmers pledged themselves to join the nation-wide cotton reduction program in a called meeting of farmers, bankers, and gin men held in the court house at Colorado Saturday afternoon.

Seventy-five of the farmers pledged themselves to plant as much as one-third of their en-

Flowers everywhere...next to the hedge, under the windows, in flower boxes, in beds, in yard corners, along the back fence. Inexpensive, easy to grow, colorful, fragrant. There are no better seeds offered than those obtainable in Northrup, King & Co.'s Seed Box at your dealers. Make Selection Now.

Northrup, King & Co's Seeds

## WELL KNOWN COUNTY SINGER TO BROADCAST OVER KOA STATION

Roy Beights, son of H. A. Beights, Mitchell county, and widely known in Scurry county, especially in the Dunn and China Grove communities is to appear in a special program to be broadcast Friday, March 28th, over station KOA, Denver.

The program will be given by the Methodist choir of La Junta, Colorado, and will come on the air at 9:45 Mountain Time, which will be one hour later, or at 10:45 Central Standard time here.

Mr. Beights has a wonderful reputation for his musical ability and Scurry county friends will be happy of the opportunity to tune in and hear this program.

## CORRESPONDENTS WANTED

So many requests have been received at the Times-Signal from subscribers of their desire to see more communities in the county represented that we are inviting writers in every part of the county to handle the matter for their respective neighborhoods. Correspondents are wanted at Ira, Dunn, Hermleigh, Dermott, Ennis Creek, Bison, Camp Springs, Knapp and any other point not now represented in our columns.

Those who are interested are invited to call at the Times-Signal where complete supplies will be provided and other interesting information. It is an honor and a privilege for your home community to appear in the news columns of your home county newspaper.

## GARZA COUNTY WINS SECOND AT STOCK SHOW

Garza county was winner of second prize of \$300.00 in the agricultural department at the Fort Worth Exposition & Fat Stock Show with Randall county coming out with first honors. Randall scored 946 points closely followed by Garza county with 944.5. Harrison county won a \$250 prize for third place and Ellis won fourth with \$200.

Advertise in the Times-Signal.

## FIRST CHURCH OF CHRIST

Thos. M. Broadfoot, Minister

The prophet spoke of the age in which we live. Of what class did he speak when he said: "I was glad when they said unto me, Let us go into the house of the Lord?"

And here is the man who says Christianity has not benefited him both economically and socially? Yet the church is the vehicle which transports that same Christianity along the highway of civilization's progress. Why, then should the church not receive the active, as well as the nominal, support of those who cannot deny being the beneficiaries. Remove the church and Christianity fails. Remove Christianity and our civilization falls. Then we go back into heathenism out of which we came only a few centuries ago. Certainly it was the class who appreciate these facts of whom the prophet spoke.

Now, we can show our appreciation for that divine institution and its work by giving it our support. We can support it best by making our attendance sure, thus pointing others to the door from which they may count their blessings.

The Missionary Ladies will have charge of the program at the evening hour on next Lord's Day. The program will consist of a playlet, addresses, and other special features. Everyone will be given an opportunity to make an offering for missions.

Come! Enjoy the evening worship with them. The invitation is cordial to all, and a hearty welcome awaits you.

## UNION CHAPEL ENTERTAIN B. Y. P. U. BODY SUNDAY

The Mitchell-Scurry B. Y. P. U. Association held an enjoyable meeting at Union Chapel, Sunday afternoon, with an estimated attendance of 250 persons. A group of fine talks and special music was given, that was thoroughly enjoyed by those who were there.

## INJURED SATURDAY

Miss Evelyn Farmer, daughter of Rev. and Mrs. J. A. Farmer of Dunn received painful bruises and cuts about her head and body, Saturday, in an automobile accident. She with several other Dunn folks were driving home from the track meet here, and in a near collision with another car, Miss Farmer was injured as noted. Miss Farmer was able to return to her home Monday.

# WINNING REAL FRIENDS BY GIVING REAL SATISFACTION

There can be little doubt of the warm friendship that Oldsmobile and Viking owners accord their cars. For Oldsmobile and Viking owners are quick to express their satisfaction . . . always ready and eager to recommend Oldsmobile and Viking to their friends and neighbors.

Assuredly it takes more than mere close acquaintance with a motor car to build such loyalty. And both Oldsmobile and Viking have that "something more" in a measure above the ordinary. Brilliant performance—at high speeds or hard pulling—in every phase of motoring. Restful riding comfort and ease of control over every type of road. Continued economy that becomes more apparent as time goes on. Thoroughgoing dependability over the months and the miles.

These are the things that create friendship for Oldsmobile and Viking. These, plus the vitally important factor of honest value.

If you wish to learn more about the qualities of either of these two fine cars, inquire among your friends who drive them. Then come and see Oldsmobile and Viking yourself. Drive them and know what they can do. Prove to your personal satisfaction that each is a great car—a real value—at its price.

YES! PASS US THE BANANAS

A very good friend of the Times-Signal who regularly mails us stunts from San Antonio, on things happening in the Legislative Halls at Austin, said in a letter this morning:

"In frontier dance halls it was not uncommon to see this sign: 'DON'T SHOOT THE FLAMIST. HE IS DOING THE BEST HE KNOWS HOW!'"

If one wished to be facetious it is easy to apply this to our legislature that has just adjourned. However, the situation is too serious for that and calls for some thoughtful consideration. The present legislature is no different than its predecessors. It is made up of average men with the same average intelligence of those that have gone on before. Editorial comment on the 39th legislature is practically the same as the 41st. The fact is as the State grows older and its population increases its affairs become more complex. This calls for trained leaders that are not to be had.

"There is one thing, however, that can be said about the 41st legislature. It has done nothing to solve the question of taxation but it has made it an issue.

"This year might well be made the turning point in this 'new era' of Texas history. It is an opportunity for such a campaign of education in public matters as the State has never experienced. There is the power in taxation to build or destroy. We have the opportunity between now and the November election to decide along the road to the destruction of industry and enterprise or on the other hand select men who will understand and meet the growing needs of the State by relieving industry and placing increased burdens on the basic monopoly in land."

The more we see and hear of politics, and of candidates the Hon. Earle B. Mayfield will be Texas' next Governor by a wider margin than any candidate who has ever stepped into office.

WELCOME TEXAS WEEKLY

Volume 1 No. 1 of The Texas Weekly has arrived at the Times-Signal exchange desk. Edited by Peter Molyneux, the first edition sparkles with things "Texas." The current of Texas life is the aim of the new weekly which is destined to find its place best adapted in the smaller and medium-sized towns of the state whose activity is reflected in every big town daily. Things that are moving ahead in every town and hamlet of the state will be carried in the weekly and here is best wishes to the editor and staff of The Texas Weekly. May they succeed in their undertaking and that financial success will likewise keep pace with their circulation efforts. Times-Signal subscribers desiring to look over the new paper are invited to come to the office and inspect this new and brilliant effort to put Texas before the world today, in a concentrated and constructive effort.

WELCOME THE CENSUS TAKER

Agriculture authorities advise farmers to welcome the United States census takers, who will go on duty on the morning of April 2, continuing thru the months, until each farm and town home in every county in America shall have been visited.

"If you love your home, if you believe in your country, if you are proud of your state, you will contribute correct answers to the questions of your federal census taker, because the good name of your district is at stake. The object to oppose a census taker proves the ignorance of any person unwilling to help answer the census questions," is the advice one state leader puts it.

"All farm and business organizations, civic and social clubs and societies, as well as each individual, should go the limit to cooperate with the census takers, looking to correct answers from every family in Texas. The federal census taken in April will show whether West Texas and Texans are pressing forward or slipping back in the battle of life.

ANOTHER RABBIT DRIVE

Rabbit drives are becoming popular in Scurry county. Citizens of the Gannaway community, east of Hermleigh, started in at Ed Joyce's place yesterday morning and went through to J. A. Hood's ranch. Nearly a hundred were said to have been in the drive with plenty of food ready for the helpers. Other drives have been held with prospects of many more soon.

ATTEND BANQUET

Munger Y. Lewis and Sam Larue attended the banquet of the Retail Merchants Association at Lubbock, Tuesday night. They report a mighty fine time and a great lot of fine food which both Munger and Sam are not averse to adopting at any time or place.

WILL YOU SPEND TWO CENTS TO HELP BUILD SNYDER?

EDITOR'S NOTE: This is the first of a special group of Town Doctor Articles setting forth those things which industrial concerns, manufacturers and individuals interested in a community, desire to know in addition to the regular technical data required—information which Mr. and Mrs. Average Citizen can give, and which is exceedingly valuable and important.

Every day manufacturers and individuals are inquiring about communities—most every day some community gets a new factory, a new business or some such which means dollars and cents to the community. Before any community gets anything worth while, those who are responsible for it give the matter much thought, make careful investigation and analyze every phase of the business of that community. Much of the needed information and data is of a technical nature, requiring the services of engineers, plus the aid of civic organization committees; but there is another phase that is equally important.

When a manufacturer is given the technical data, invariably there are two other questions he asks, one of which is "how about the people—what is their attitude toward the town?" The other is, "what kind of stores does this town have?"

Now it is an easy matter to obtain an answer to either or both of these questions, but the only kind of an answer that people who are interested in your town will accept is an unbiased, impartial one, and YOU—the people who live, work and play in the community—are the only ones who can give that kind of an answer.

Perhaps you feel and justly so, that you cannot afford to take hours of time away from your work to serve on committees to assist in getting this information; nor do you feel that you can afford to donate ten or a hundred dollars to a fund to pay someone else to do it. You say that such is the work and duty of the civic organizations, and you are absolutely right. BUT here is something that they can't do but YOU can—YOU CAN if you WILL—and all it will cost you is a two cent stamp.

Here is how you can "Help Build Snyder." Following are four questions. Take a pencil and piece of paper—any kind of paper—and write your answers to these questions. Don't pay any attention to grammar or anything else—just say what you think and feel.

- 1-If you had it all to do over, would you still live in Snyder? 2-In your estimation what is Snyder's greatest asset as a city in which to live? 3-What is Snyder's greatest drawback, if any? 4-If you were running the business of Snyder, what would you do to make it the city you would like it to be?

The answering of these four questions by a hundred or more citizens of Snyder will answer the question "What do the people who live in Snyder think about their community?" and you don't know, there may be dozens of interested parties asking that question now.

Here is a way YOU can "Help Build Snyder," that can mean thousands of dollars to Snyder—and that means nothing less money in your pocket. YOU CAN do this, and it will help more than you realize. If you refuse or fail to do it, that will tell a story that COULD cost a lot of money.

It costs only a two-cent stamp and very little effort—do that much for your community. Just address your answer to Town Doctor, 322 So. Michigan Ave., Chicago, and I will do the rest. You don't have to sign your name if you do not wish to, but please state if the answer is made by a lady or gentlemen and also state your occupation.

Don't leave THIS for the other fellow to do—remember you can't take out unless you put in, and here you can put in.

POLAR NEWS

By Mrs. J. A. Martin

A man at Polar last week said: "Good rains all over Texas," and someone else says "It hasn't rained here yet." We live in Kent county and a lot of people who don't know but have heard, think that is in Old Mexico, because a fellow can be tough and get all the liquor he wants. Most of Kent county except here has received some rain, so we know our time is coming, and we don't think our county is as tough as its name.

Prayer service was led by Maurice Davis Saturday night and there was good spirit through the service. Maurice is a young man just 14 years old, with a fine Christian character. All our community needs more young men like him.

A greater number than usual were present at Sunday school Sunday afternoon. After Sunday school, the young people's class (Sunshine Workers), gave a program reviewing the lessons for this quarter. After the program the class with a number of guests went to the home of their teacher, Mrs. J. A. Martin, where they enjoyed a supper consisting of sandwiches, cake and chocolate. Twenty-six young people were present.

William Sellars, son of Mr. and Mrs. W. T. Sellars has been quite sick for the past week, but is better at present. We know of no other sickness.

Mr. and Mrs. Wayman Green and family spent Sunday with Mr. and Mrs. W. A. Clanton.

Mr. and Mrs. J. A. J. Jones of Fluvanna were guests of Mr. and Mrs. Will Clanton Monday night and Tuesday.

E. L. Peterson and wife and Jeff Cargile attended a Shriners meeting at Spur last Friday.

Judge H. W. Davis and family were Polar visitors Sunday.

Mr. and Mrs. Criggs and son Willie, of Dermott, Mr. and Mrs. Card of Snyder, Miss Nealy Squires and Roland Squires of Fluvanna and Mr. and Mrs. G. M. Elkins and Andrew Blair were Sunday dinner guests of A. C. Elkins and family.

Polar Singing Class went to Dermott Sunday night. All report a good time.

Mr. and Mrs. A. C. Cargile, Mr. and Mrs. E. L. Peterson, and B. A. Moore attended court at Clairmont Monday.

Mrs. Marvin Bailey and Miss Iris Bullock visited in the Ennis Creek community last Wednesday night.

"THE BIG RACE WILL SOON BE ON"

BORDEN CO. OIL NEWS

Phillips Petroleum Company's No. 1 Tom Good, Borden county's chief claim to interest among the oil men, was still underreaming 12 1-2 inch casing to a total depth of 1,095 feet to shut off a hole full of water encountered at 975 feet. The well is located 330 feet north and east of the southwest corner of section 46, block 33, township 4 north, T. & P. Ry. Co. survey. Condon Oil Company's No. 1 Hall, a well located about 5 miles southeast of Phillips' No. 1 Good, topped the lime around 2,936 feet.

THE PROBLEM OF THE PINK BOLLWORM

The pink bollworm was introduced into Mexico in the year 1911 in a shipment of cotton seed coming from Egypt, and after extending itself throughout the Laguna District, it invaded the neighboring nation to the north.

Separately, the two Governments have busied themselves with the problem, but it continues without being solved, because there are so many factors which in it overlap

and make it difficult and complicated.

With the hope of saving from the devastating action of this insect, the immense rich cotton belt, the Washington Government tries to apply drastic methods of obliging the farmers of the infested zones to forego completely for one or two years, the cultivation of cotton, previously providing for reimbursement for losses sustained.

But the sanitary agricultural authorities of the United States, after studying the problem in all its aspects, arrived at the conclusion that even though, through the application of greater efforts, they should reduce and even exterminate completely the pink bollworm in the fields of the United States, it still remains in readiness for a new invasion if the Mexican farmers of the Laguna district do not forego at the same time, cultivation of cotton and for the same period as the farmers adjacent to the Rio Grande.

Realizing the gravity of the situation, our Government has named and sent commissioners who shall ultimately inspect the cotton regions north (in Mexico) with the object of assembling indispensable

facts to give an equitable and certain solution to the problem.

Joint action of the two Governments against the pink boll worm goes to confirm that which we have heretofore said about international cooperation. We have come to recognize the importance of this in order to see the success in the future of a complete harmony of action of all the civilized nations in solving grave economic plant problems such as the plagues and infirmities of cultivated plants, just as in the case with which we are now occupied." Printed at the request of R. O. Von Roeder.

THE power transmission lines of the Texas Electric Service Company bring the comforts and conveniences of electric service to Texas homes in cities, towns and villages. There is scarcely a household task which can not be done better and more quickly by electricity. From the time work begins in the home in the morning until it is finished at night electricity is the constant servant of the modern homemaker. Transmission line electric service meets increasing needs of the modern home and business in a manner impossible to an isolated power plant. Transmission line service is flexible and dependable, making possible more than one source of power supply to a community. It is economical, partaking of the economies of group management, together with the greater efficiency and skill possible in an organization with a diversified scope of activity. Texas Electric Service Company'.

### FLUVANNA NEWS

Mr. Raymond Seale of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

#### Church Services

It was reported a good attendance at all the Sunday Schools Sunday.

Rev. D. G. Wells filled his regular appointment at the Fluvanna Baptist Church Saturday night, Sunday and Sunday night.

Sunday School Rally will be held at the Methodist Church Sunday, as per program in the issue of 13th. Beginning at 10:00 o'clock, Sunday School, sermon at 11:00 o'clock by Rev. W. H. Harris and lunch will be served at the Church at 12:30 o'clock; then the program will continue beginning at 1:30 o'clock. I am sure that this will be a fine program and all should attend who can.

The ordaining of the deacons at the Fluvanna Baptist church was postponed until the second Sunday in next month. This was to have been done Sunday, but since the R. Y. P. U. meeting was held at Union Chapel, it was postponed.

In last issue of the paper I had the date of the B. Y. P. U. association meet at Union Chapel as the 30th of March, but an error was made in the dates and it was held Sunday. The writer and wife and Coke Clark, brother of the latter, attended. This was certainly a fine meeting and some fine points were brought out that should be of benefit to the different B. Y. P. U.'s throughout the Union.

#### Visits and Trips

L. F. and Sam Beaver returned Friday from Jonesboro where they had been visiting.

L. W. Guerrant from Lamesa was in town Monday and Bro. Wells returned to his home with him.

W. H. Jones went to Jayton and Clairmont Sunday on a visit.

John Stavely was in Post Sunday also on a visit.

Colon James, Mrs. H. H. Haynes and son J. W. Haynes went to Big Spring Sunday on a visit.

Mrs. J. I. Boren, Vera and Mrs. Stavely went to Roscoe Sunday on a visit.

Bos Stavely went to Camp Spring on a visit Sunday.

Miss Lorene Smith, who is teaching school at Lloyd Mountain was visiting in the J. R. Patterson home during the week end, going with them to Abilene Friday night to the Fluvanna broadcast event.

Sickness and Deaths

Mrs. D. Ellis was carried to the Emergency Hospital, as it was thought that she had blood poison, but it is reported that she is back and doing fine.

Mrs. Clarence Dowdy was rushed to the Emergency Hospital Sunday afternoon where she underwent an operation for appendicitis. On last report from her Monday, she was doing fine. We all wish for her a speedy recovery.

Mr. J. M. Cunningham, who was the founder of our city of Fluvanna, died in California last week.

#### Miscellaneous

Mr. D. A. Jones started to tearing down the Moore School Monday and he is intending to move it to town and erect a building here out of it.

Lee Crumble had the misfortune of losing his home and entire contents by fire last week. The fire resulted from an explosion of an oil stove that was burning in the kitchen and had run up, causing gas formation, and the explosion resulted. Mrs. Crumble was in the house, and tried to get to the stove to put out the fire, but got just inside the room when the stove exploded and the fire singed her hair, burned her on the forehead and other parts of the face. She escaped any serious injury.

Since the fire started in or near the center of the house, the fire spread rapidly, and before anyone could reach the house it was blazing, and it was impossible to reach any of the contents, hence all was lost in the fire.

J. E. Jones received a report Tuesday morning from Big Spring that a nephew there had met with an accident and was killed. They left immediately for that point and at this writing it is not known as to how the accident occurred, or any of the details of the matter.

#### School News

The Fluvanna Public Schools brought home the bacon again last Saturday when they won the highest number of points at the county meet at Snyder. Fluvanna was first with 304 points and Dunn was second with 270 points. This makes two years that the local schools have won the cup, and when they win it again it will be the permanent property of the school. A complete detail of the meet will be found in other sections of the paper.

Progress on the new High School Building is going fine, and every one is looking forward to the completion with interest.

The Fluvanna Girls debating team met the Dunn Boys team in a practice debate Wednesday afternoon.

No judges were used as this was a practice debate. Both of these teams will represent the county in the District meet at Abilene next month.

Mr. S. T. Matherly was out of school Monday on account of illness.

The Fluvanna "Radio Entertainers" received a wonderful reception over Station KPVO last Friday night, when they put out what was said to be the best program that had gone over the station this year.

The Fluvanna Musicians were urged to repeat the program in the near future, and maybe they will.

Watch for the dedication of the New High School Building and be there. Watch for dates on the Senior play.

#### DOUGHBOY SARCASM

The weary doughboy, fresh from the trenches, moved slowly up the aisle of the "Y" theater.

"Ah, say, soldier, you can't sit there!" said the secretary. "The front is reserved for officers."

"Well, the one I just came from wasn't!" the soldier snapped back in reply.

### FLUVANNA WINS

(Continued from Page 1)

ond with 25 1-2 points and Pyron third with 4 1-2 points. Snyder carried the class A division.

#### Debate

Dunn boys with Boyce Grimes and Martin Murphy won first; with Ira second with Ernest Wiggins and Howard Franks; Snyder third with Gerald Green and Alvin Camp.

Girls debate—Fluvanna first with Pauline Haynes and LaVerne Farquhar; Dunn second with Edna Murphy and Dorothy Swann; Ira third with Revis Chandler and Ethel Veris Falls.

#### Track and Field

Senior B: Fluvanna first, Dunn second, Pyron third.

Junior—Dunn first, Fluvanna second, Hermleigh third.

#### Playground Ball

Girls—Hermleigh first; Pyron, Snyder and Fluvanna tied for second.

#### Tennis

Pyron won both the singles and doubles for Girls; Hermleigh won second for the same honors.

Weldon Alexander won the boys singles; Buddy Martin and Grover Scott, the doubles; Dunn took second honors.

#### Three-R Contest

Rural—Arah first; Big Sulphur second; Dermott third.

#### Rural Pentathlon

Plainview first and Bethel second. The three schools winning in their respective division in the county interscholastic meet were Snyder in Class A, Fluvanna in Class B, and Arlin in the Rural Division. Since Snyder was the only Class A school in the county, there was no competition for them, however, they competed in the Class B division in several events. The points won by them therefore were not totaled. Each division was rewarded with a loving cup of great value.

One hundred medals were presented to contestants in the different divisions who won first place. As many red and white ribbons were given to as many second and third places respectively.

The Times-Signal desires to thank Director E. H. McCarter for his co-operation in furnishing us with the literary contest data which is printed complete.

#### ATHLETIC EVENTS

Senior Class High Hurdles—Huestis, Snyder; Shipman, Fluvanna. Time 22 seconds.

50-yd. Dash—Goodlett, Dunn; Groves, Hermleigh; Ellis, Dunn. Time: 6 seconds.

100-yd. Dash—Goodlett, Dunn, Johnston, Dunn; Pierce, Hermleigh; James, Dunn. Time: 12 seconds.

440-yd. Relay—Bethel, first; Plainview, second; Big Sulphur, third, and Crowder, fourth.

880-yd.—Johnston, Dunn; Erwin, Snyder; Clark, Snyder; Greenfield, Snyder.

Low Hurdles—McClinton, Snyder; Johnston, Dunn, Clark, Fluvanna; Piper, Snyder. Time 28.6.

440-yd.—Bley, Fluvanna; Howell, Snyder; McGinty, Snyder; Clark, Snyder. Time 54 seconds.

220-yd.—Howell, Snyder; McGinty, Snyder; Johnston, Dunn, Isaacs, Snyder. Time 23 1-2 seconds.

1-mile Run—Jones, Snyder; Brown, Dunn; Pylant, Fluvanna; Chenault, Snyder. Time 5 min. 48 seconds.

Relay: Snyder first with Erwin, Huestis, Greenfield and Clark; Fluvanna second, and Dunn, third. 3 minutes, 57 1-2 seconds.

Pole Vault: Huestis, Snyder, Teaff, Hermleigh; Houston, Fluvanna; Reese, Pyron.

High Jump—Bley, Fluvanna; Huestis, Snyder; Gary, Dunn, and Greenfield, Snyder. Height, 5 ft. 7 inches.

Broad Jump—Howell and McClinton tied for first place at 18ft. 5 in. Huestis and Bley.

Shot Put—Trice, first, Greenfield, 2nd; Reese, Pyron, third; Odum, Fluvanna, 4th. Distance, 35 ft. 9 1-2 inches.

Javelin—Hairston, Dunn; Greenfield, Snyder; Swan, Dunn; Jones, Snyder. Distance: 141 feet.

Discus—Trice, first; Pylant, Fluvanna; Jones, Snyder; Reese, Pyron.

50-yd. Dash—Goodlett, Dunn; Groves, Hermleigh; Ellis, Dunn. Time: 6 seconds.

100-yd. Dash—Goodlett, Dunn, Johnston, Dunn; Pierce, Hermleigh; James, Dunn. Time: 12 seconds.

Cleo Corvell and Alta Mae Wood; Hermleigh third with Delbert Wason and John Sheenan.

Sub-Junior—Fluvanna first, Nelle Rosa Stavley and Cecil Boren; Snyder second with Joetta Beauchamp and Marie Oliver; Dunn third, Frances Bowers and Norma Johnston.

Girls debate—Fluvanna first with Pauline Haynes and LaVerne Farquhar; Dunn second with Edna Murphy and Dorothy Swann; Ira third with Revis Chandler and Ethel Veris Falls.

Senior Girls—Bison first with Jeanette Allen; Ennis Creek second with Ardis Poindexter; Lloyd Mountain third with Glenbell Wittin.

Senior Boys—Bethel first with Weldon Jeffreys, Big Sulphur second with Melvin Lipham; Plainview third with Lloyd Minyard.

Declaration—A & B Junior Boys, Dunn first with William Ross; Snyder second with William Miller; Hermleigh third, Marlin Leech.

Junior Girls Snyder first, Netha Lynn Rogers; Ira second, Georgene Falls; Dunn third, Evelyn Thomas; Fluvanna 4th, Elena Clarkson.

Senior Boys, Pyron first, Harold Barland; Snyder second, Dawson Bridgeman; Fluvanna third, J. T. Beavers.

Senior Girls, Snyder first, Brentz Anderson; Hermleigh second, Ernestine Rector; Pyron third, Bulalia Schattel.

Extemporaneous Speech

Fluvanna High first, Ruby Bley; Hermleigh second, Claris Harkins; Dunn third, John Nixon.

Picture Memory

Bison, Big Sulphur, Dunn, tied for first place, Hermleigh second, Canyon third.

Muscle Memory

Rural—Bison first, and for High Schools, Fluvanna.

Arithmetic

Snyder first with Estine Doward and Frances Northcutt; Hermleigh second with Gaynelle McMillan and Zera Davis.

Essay Writing

B Schools—Fluvanna first with May Belle Tucker; Hermleigh second with Claris Harkins; Dunn third with Marcus Johnston.

A School—Snyder with Lee Francis York.

Ward School—Fluvanna first; Hermleigh second.

Rural Schools—Ennis Creek with Ouida Horsley.

Spelling

Senior—Fluvanna first, Jeff Payer and Maurine Roddy; Ira second, Eloise Cook and Ethel Veris Falls; Hermleigh third with Claris Harkins and Nalda Gleastine.

Junior—Fluvanna first, Melva Rea and Jessie Odum; Dunn second,

Send Your Laundry and Keep your Youth

Renewing the bloom in your family clothes robs the bloom from your cheeks and ironing out clothes wrinkles hastens face wrinkles. It's all so unnecessary.

THE LAUNDRY IS THE PLACE

Actual demonstrations that have been given at our laundry to individuals and club women as to the difference between the hand-washed method or small washing machine method have proved beyond the slightest doubt that with the soft water we use, the finest soaps obtainable and the thorough rinsing and cleaning that is given, that the first class laundry is the place for your clothes if you are at all particular in having clean, sweet-smelling clothes to have about you.

Junior Relay—Hermleigh, Pyron; Dunn and Dermott.

Records of the meet were not kept as carefully as in the past and the Times-Signal had no way of placing their hands on the records that should have been kept religiously of every event on the entire day's program.

It has been suggested that inasmuch as running so many different classes the same day has proven top-heavy that next year's meet should have the Rural Schools run their athletic events the week ahead of the Interscholastic Meet so that the schools desiring to compete in either the Senior or Junior Classes would be fit and ready for the bigger events.

Two Athletic Directors next year instead of the one this year is being agitated, one to handle the Rural School problem alone, the other to take care of the Junior and Senior events. That sounds sensible and a mighty fine suggestion. That leaves it up to the teachers to decide what they want to do.

#### BELIEVE IT OR DON'T

Everybody has heard the story of how Lot's wife turned into a pillar of salt. Well, just as wonderful things transpire in this day and age. "Com" Ezell, Mayor of Ennis Creek tells this one:

"Just the other day Mr. Wood and Mr. Stone were talking at the corner of the First State Bank when a beautiful lady passed.

The result was miraculous. Stone turned to Wood. Wood turned to

FAMOUS CATTLEMAN DIES IN OKLAHOMA

Ed C. Lasater, well-known throughout the United States as a cattle breeder and owner of the largest Jersey cattle farm in the world, died in an Ardmore, Okla., hospital, Thursday noon, following an illness of three days.

Lasater was born near Goliad, Texas. His father was a ranchman who moved to the state just before the Civil War when Texas was an open range. Losing his interest during the readjustment period following the war, he entered the mercantile business at Goliad. Young Lasater studied for law but ill health forced him to give it up and he engaged in the sheep business with his father, which he continued until his father's death.

The Lasater ranch of 300,000 acres near Falfurrias is a result of this start. During the panic of 1893, Lasater had on hand more than 30,000 head of cattle and when he dropped to \$2.70 a hundred he sold at a loss of \$130,000 on his herd. This loss proved disastrous for his business and he started in to again build up his fortune. He always credited his success to his losses in the panic.

On the heels of his failure, he started in to secure land and cattle on which to start anew. He contracted with large English interests to buy up the land and immediately ordered 30,000 head of cattle. From these small tracts of land purchased from original owners under old Spanish grants, he built up a property of 300,000 acres in Duval, Brooks and Willacy counties. This ranch is now known as "La Mota," and has headquarters near Falfurrias, which means "Heart's Desire." About 60,000 of the original 300,000 acres have been sold to farmers.

Lasater had won national fame with his purebred livestock for years. He was known around livestock shows throughout the country.

Ultra-violet rays have been used successfully in treating distemper in dogs.

PRIMO PRIMES ON TEA

PRIMO CARNERA, athletic marvel of the year, finds regulation American teacups inadequate to satisfy his appetite for good, strong tea. The Italian ring giant, who flattened Big Boy Peterson and Elzear Trout, each in less than one round, demands so many standard-sized cups of tea at a meal that his corps of managers is looking around for a nice, big vat to accommodate him in his training program.

ALBANY EDITOR WRITES OF SNYDER BOOSTER

Editor Dick McCarty of Albany is known for his unique and unusual writings and recently spoke of a Snyder man, "Buster" Cauble in the following manner:

"Buster Cauble, an old-time Shackelford county cowman, who now lives in Snyder and ranches in Stonewall county, was in town this week. Like the old range horse, every once in a while he wanders back down here to look the old way over, and get a glimpse of the undulating hills and fertile valleys of the undulating country on earth, grass in abundance, water aplenty, breaks and hills and dales, the native home of the white faced cattle. Noted throughout the Southwest as the home of the Hereford. But gosh, yes, the boy likes to come back and look the old range over, where he spent his boyhood days chasing after the cattle—Grew up in the saddle, leggings and spurs and a ten gallon hat was his paraphernalia. Of course the boy made a mistake when he left, and that mistake is pictured in facial expression. Just has a longing to come back and pick up a slice of the old range since Buster left, the price of lands have gone sky-high. The liquid gold is flowing and spluttered up the old cow trails, the honk of the oil truck, the eternal pounding of the drill is heard in the land. Why durn sure, it makes a fellow home sick, feels like he turned a bird loose, let a fortune slip out of his hands and migrated west. Of course Buster is doing alright out there, a good hustler, a good cowman, but gosh he left us too soon.—Selah."

Advertise in the Times-Signal.

SNYDER BOY WITH U. S. MARINES

Private Robert J. Smith, son of the senior member of the Times-Signal organization, is with Uncle Sam's Marine Corps at Balboa, Canal Zone. Writing under date of January 9th, the letter was received here in Snyder, March 23rd: Aboard U. S. S. Rochester.

Dear Dad, Mother and Kids— Christmas and New Year boxes have been received. My! but they make a fellow feel good who is so far away from the old home fire-side. My other letter, I believe, told what was in my heart at that Christmas box. That is that. We are firing the big guns tonight and don't think there won't be a lot of confusion. We fire after supper and in the dark, so try to picture us reaching for powder bags and shells and can't even see our hands in front of us.

Say, I wish you could see the Panama Canal, since I have learned more about it I have come to think it is one of the seven wonders of the world. Coming into it, it looks harmless as everything, but in reality every island is fortified with disappearing guns. The other nite they had a mimic battle and the soldiers defended it against the enemy and talk about the canal not being defended. You just tell them they are all wet, because from what I saw the best army would have a hard time taking it. The searchlights lighted up the whole horizon and then some. When the Fleet comes thru here they are going to try to take the canal. They tried last year but failed to do so. The Fleet will be down here shortly and it will mean work for all hands on the signal bridge.

You know I always thought that men in the service were looked up to, but down here they are shunned by Americans, the people we are supposed to be protecting. It makes me mad every time I think about it. How can anybody expect us to stick up for people who don't even respect us, and also they think that because a spick is aiming down the sights of a rifle it isn't dangerous. Well, I wish they would get that out of their heads, because a gook can kill you just as easy as a German or any other race of people. In fact I think I would much rather fight a white man than a gook because they aren't as treacherous. Did I tell you that I made Private First Class the first of the year?

Son's Blood Thin and His Stomach Disordered

Wichita Falls, Texas—"My son was in poor health when he was about twenty years of age. His blood became thin and he was pale. He was also troubled with his stomach and his face broke out with pimples. Finally, I decided to have him try Dr. Pierce's Golden Medical Discovery. By the time he had taken a few bottles of the "Discovery" he was completely relieved of all these troubles, his blood became healthy, and he had no more stomach trouble."—Mrs. Beulah Simpton, 808 Austin St. Druggists. Write to Dr. Pierce's Clinic in Buffalo, N. Y., if you desire free advice. Send 10c for a trial pkg. of the tablets.

Nice Iron Hossie! "To the station to see my wife off for a month's holiday." "But how black your hands are!" "Hallo, where have you been?" "Yes, I patted the engine."

That's a pretty good start for the new year, isn't it? If my request goes thru for radio school I will be sitting on top of the world with every chance I want to make good and don't ever think I am going to pass it up.

We have heard that we are going to New Orleans the middle of February. I hope so, because we have been down here long enough and a little change of scenery will do the whole crew a lot of good, besides being a good bit of publicity for old Uncle Sam. The latest dope of our going to the states for overseas probably around the twenty-fifth of May. I would sure like to be able to make a trip to Texas but time and the terrific expense will make it impossible. I might be able to go to Detroit but even that is doubtful. At least I am going to take a leave even if it is New York. The Peruvian Navy is due in today. Their navy consists of two ships about the size of ours and three submarines. We have been ordered to keep a sharp lookout for them which is of course an additional bit of work.

Well, seeing as to how I have to get hot and vibrate on that lookout business I had better close. Write soon.

Love, Your son, Bob.

TWO TEXAS GIRLS GET WASHINGTON TRIP

Millie Novosad, of the King's Highway community, Brazos county, and Ruth Kemp, McCauley, Fisher co., will represent the 4-H Club Girls of Texas at the National 4-H Club Encampment at Washington, D. C., in June by reason of their records in the annual Texas 4-H Club girls contest. As winners of what are known as the Wash-

ington trip scholarships, these girls will attend the encampment as guests of the Progressive Farmer, donor of two free trips for 4-H Club girls to the Washington gathering. Announcement of the winners has just been made by Miss Bess Edwards, assistant state home demonstration agent of the Extension Service, A. & M. College of Texas, which supervised the contest. Each of the girls has had four years of club work.

Millie Novosad as a member of the King's Highway "Wide-A-Wake Club" took poultry and gardening as demonstrations during her four years as a club member. In three years with poultry project she realized a profit of \$520.87, in four years she canned 760 quarts of vegetables and fruits. She engaged in varied home improvement tasks.

Ruth Kemp's record shows a total profit on various projects over a period of four years of \$1,429.96. Productive demonstrations brought in \$297.50 while food preservation showed returns of \$373.45.

SINGING SCHOOL MAY BE STARTED AT SWEETWATER

Plans for holding a six-weeks singing school at Sweetwater this summer, conducted by Frank Stamps, were revealed Saturday by those in charge at Sweetwater. Mr. Stamps has already agreed to terms if the class is held and would cost \$500 for the full six weeks. Efforts will be made to enlist 100 persons in the school, making possible a \$3 tuition charge.

Don't Let It Happen Again "I'm a father!" cried young Jones as he burst into the office late. "So's your old man," replied the boss. "Get to work!"

CHAS. J. LEWIS WILL RUN FOR COUNTY CLERK

Charles J. Lewis announces for County Clerk in this week's Times-Signal and asks for the support of the voters. Mr. Lewis formerly was President of the First State Bank at Harnleigh and while he considered for a time of going to Plain-

view with Editor Norman he preferred remaining in Scurry county to make his home. Mr. Lewis has been a business man all of his life and promises the taxpayers full and complete service if elected, and has announced at the request of many friends of the section.

Would you like to cook a meal in your own kitchen with STARGAS?

What could be a truer test of STARGAS than to try it out in your own kitchen? To cook a meal for your family with it. This test can be made with any type of stove you are now using. Test installation is made in less than five minutes. Nothing has to be done that would "mess up" your kitchen. Of course this "sample," which the coupon will bring, can't give you any idea of the efficiency of a beautiful STARGAS range. There is absolutely no obligation to you. This "sample" demonstration of STARGAS is absolutely free! There is positively no obligation to you at any time. There will be no "high pressure" salesmanship. STARGAS, when its many advantages are fully explained sells itself.

This demonstration truck brings you free "sample" of STARGAS to your kitchen door. Mail the coupon for appointment.

"We have used STARGAS a little over one month. It cooks quicker than pipe line gas, at a cost much less than we expected." Mrs. J. K. McA., Dallas, Texas

The above was taken from one of the many letters of praise for STARGAS that are coming into headquarters. Women who have not experienced the many pleasures of cooking with gas are over-joyed with their STARGAS installations. STARGAS is so clean... always ready to go... strike a match... turn the handle... instantly you have a blue hot flame. No fussing with wicks... no running out of fuel just when the biscuits are beginning to rise... and never again will you need to get all "messy" filling fuel tanks. You can never run out of STARGAS. When the first cylinder is empty you merely turn the little lever on the second cylinder... give your local agent a ring or drop him a post card, and out comes a fresh cylinder. Each cylinder is lasting the average family about two months for cooking. After every installation, STARGAS representatives make frequent "check up" calls. This continuous, dependable STARGAS service is guaranteed by the Lone Star Gas Company. Read the letters below from STARGAS users and then send the coupon for demonstration appointment and complete information about STARGAS... the safe, reliable, economical fuel for everyone beyond the reach of gas mains.

What others are Saying about STARGAS Have used Stargas in my ranch house for over six months. Its performance has exceeded my keenest expectations. It has given us the comforts and conveniences of a city home, twelve miles away from the nearest railroad, but we also find that Stargas is not expensive. Very truly yours E. T. L.—Webb, Texas I have been using the electrolux since last June and so far have never seen its equal for farm or ranch use. We run our box from 6 to 7 weeks on one drum of Stargas. During extreme cold weather we use very little gas, about 2 1/2 months on one drum of gas. Yours sincerely T. A. B.—Sheffield, Texas Your Stargas solved a very perplexing household problem for me. I had been able to secure at my country place all city conveniences except gas, and I had experimented with many substitutes for gas with poor success. Stargas supplies this deficiency completely. Yours very truly M. T. L.—Dallas

Stargas Equipment Including Range \$180 Complete STARGAS equipment, consisting of cabinet, two cylinders of gas, house piping for cooking and STARGAS range, can be purchased for about \$180.00, depending on the range selected. Convenient terms if desired. The coupon will bring you further information.

STARGAS STARTS WHERE GAS MAINS STOP COMMUNITY NATURAL GAS CO. SNYDER, TEXAS

IF YOU CAN'T CALL IMMEDIATELY, MAIL COUPON NOW!

Please send complete information and make an appointment for the STARGAS Demonstrator to call at my home. Name Address

"Things I Ate Hurt Me" I had a severe case of indigestion... THEFORD'S BLACK-DRAUGHT For CONSTIPATION, INDIGESTION, BILIOUSNESS. WOMEN who need a tonic should take CARDUI Used over 50 years.

WHAT A DIFFERENCE 90 DAYS MAKE! TODAY A TODDLING CHICK... in 90 days a proud pullet about to lay. There's something to think about! Tiny bones and little muscles have grown several times in size... a delicate fuzz has sprouted into hundreds of feathers... a chick weighing grams has grown into a pullet weighing pounds... all in 90 short days! A wonderful change... and only one thing can do it... good feed! This year consider Purina Startena Chow (mash) and Purina Chick Chow (scratch) or All-Mash Startena Chow for the first six weeks... and then Purina Growena and Purina Intermediate Hen Chow until your pullets are laying at 16 weeks. Put these Chows before your chicks. You will see pullets that are built right... pullets that will lay eggs aplenty in fall and winter when eggs are always worth good money. ### MRS. IXON JOYCE HOSTESS TO ALPHA STUDY CLUB

Members and guests of the Alpha Study Club enjoyed an interesting Art program Tuesday afternoon with Mrs. Ixon Joyce as hostess.

With Mrs. Melvin Blackard as leader the following program was given: Response to roll call, "A picture I Love." Lecture from "Picture Study"—Mrs. Alfred McGlaun.

Article from Literary Digest—Mrs. Wade Winston. Discussion of Art Galleries and Exhibits—Mrs. J. E. Sentell.

### FIRST CHRISTIAN CHURCH MISSIONARY PROGRAM

The Missionary Society of the First Christian Church held their regular meeting at 3 p. m. Monday.

The following program was given: Scripture reading—John, 12 Chapter, 18-21 verses. Mrs. W. B. Stanfield.

Prayer—Mrs. J. H. Hamlett. Quiet Hour—Mrs. Pierce.

Leaders Talk—Mrs. Hugh Boren. Family Life—Mrs. Piper.

About the Topic—Mrs. Fritz R. Smith.

Beginning the Topic Hour—Mrs. Strady.

Missionary Playlet—"Why Tibet?"—Mrs. Broadfoot, Mrs. A. J. Cody, Mrs. Gertrude Smith and Miss Elizabeth Smith.

### HAZEL-CLOUD

Miss Hazel Caudle and Mr. Owen Cloud were married at the Presbyterian Church Friday morning at eight o'clock.

Four tables were arranged for the play of progressive forty-two, and in table appointments and refreshments, a color scheme of pink and white was used.

A delicious plate refreshment was served to the following guests: Messrs. Joe Graham, Clarence Wenginger, Wayne Williams, P. C. Chenault, C. L. Noble, T. A. Kenard, A. C. Preull, C. E. Fish, Collie Fish, John Keller, and Misses Hazel Lewis, Mary Joyce, May McClintock, and Mrs. Lowell Ponver of Abilene.

W. M. S. MEET

The Methodist W. M. S. met Monday at 3 p. m. in the home of Mrs. Dorward with Mesdames Hardy, Harless and Wallace assistant hostesses.

The meeting was opened with prayer and the business was dispatched during which the "Life and Letters of Paul" was chosen as a text for Bible Study.

There were fifty-eight guests present at the luncheon. Mr. and Mrs. Lowell Ponder of Abilene; Mr. and Mrs. Albert Thompson of Pryor; Mr. and Mrs. Frank Brooks and family of Ira; Mr. and Mrs. John Y. Bowen and family of Hermleigh; Mr. W. A. Bowen of Pryor; Miss Nell Thompson of Turner; Miss Mabel Carmach of Hermleigh; Mr. Elvin Thompson and family of Ira; Mrs. J. L. Patterson of Inadale; Mr. and Mrs. Oran Thompson; Mr. and Mrs. Edward Thompson and family of Snyder; Mr. and Mrs. W. O. Moore of Hermleigh; and others were present.

Each and every one wished Mrs. M. M. Thompson and W. A. Bowen just as many more happy birthdays in the future as they were years old in the past.

### CLUB MEET

Mrs. Frank Brownfield was hostess to the Mothers' Self Culture Club Tuesday afternoon. After the business session a very instructive lesson on "Greek and Modern Sculpture" was led by Mrs. J. L. Caskey.

Roll Call was answered with some thought pertaining to sculpture. "Characteristics of Greek Sculpture," by Mrs. Wayne Williams.

"Modern Sculpture," Mrs. Estelle Wylie. "Self Culture Questions," led by Mrs. J. A. Woodfin.

The diversion was two well rendered piano selections by Mr. Homer Springfield.

The hostess served a refreshing plate to the following members: Mesdames J. L. Caskey, J. P. Avery,

### J. A. Woodfin, E. F. Sears, A. C. Alexander, Estelle Wylie, L. E. Trentz, Will Williams, P. C. Chenault and B. M. West.

The club is honoring their husbands with a 42 party March 28 in the home of Mrs. J. P. Avery.

### HOMER F. SPRINGFIELD HOST

As a token of appreciation for the untiring and sincere efforts of members of the cast of the one-act play which was given at Sweetwater last night, director Homer F. Springfield entertained with a dinner at the Manhattan Hotel, Sunday. The following players were present: Messrs. Lucille Brown, Brentz Anderson, and Messrs. Cloyce Drinkard, Dan Trice and G. L. Huestas.

### THURSDAY NIGHT BRIDGE CLUB

Mr. and Mrs. Robert Curmiste, Jr., entertained members and guests of the Thursday Night Bridge Club at the home of Mr. and Mrs. J. A. Hood, on Thursday evening, March 20.

Members of the club winning high score prizes were Mrs. J. G. Hicks and Albert Norred, while high awards to guests went to Mr. and Mrs. Billy Lee.

Club members attending included Messrs. and Mmes. J. G. Hicks, Raymond Sims, W. T. Raybon, Albert Norred, Wayne Williams, Wayne Boren, Clark Shull, Albert Norred, G. B. Clark, Jr., and Ivan Dodson and Jesse Sellers, and guests were Judge and Mrs. Fritz R. Smith, Fritz R. Smith, Jr., Mr. and Mrs. Billy Lee, and Mmes. A. H. Sams, P. M. Chambers, Lee Newsom, L. E. Trigg, J. A. Hood.

### PARTY HONORING DALLAS VISITOR

Mrs. Walla D. Fish graciously entertained a group of friends last Friday afternoon, at her home in West Snyder, honoring her sister, Mrs. Henry Wren of Dallas.

Four tables were arranged for the play of progressive forty-two, and in table appointments and refreshments, a color scheme of pink and white was used.

A delicious plate refreshment was served to the following guests: Messrs. Joe Graham, Clarence Wenginger, Wayne Williams, P. C. Chenault, C. L. Noble, T. A. Kenard, A. C. Preull, C. E. Fish, Collie Fish, John Keller, and Misses Hazel Lewis, Mary Joyce, May McClintock, and Mrs. Lowell Ponver of Abilene.

### ALTRURIANS ENTERTAINED AT SCHOOL CAFETERIA

Mrs. J. W. Leftwich was hostess to Altrurian Club members on Thursday afternoon, March 20th, at the High School Cafeteria.

The subject for study at this meeting was "The Virginian" by Owen Wister, and the following program was given:

Story told in Dialect of the West, "Em'ly"—Mrs. English. Response to roll call—A bit of cowboy philosophy.

Review—Chapter headings in the "Virginian"—Are these suggestive of contents?—Mrs. Brown. Exposition—Elements in Western Ranch Life Embodied in this Story—Mrs. Thrane.

A dainty plate lunch was served to fourteen club members, and two youthful guests, little Miss Jean Taylor and Master William Leftwich.

### HEALTH PROGRAM OF TEXAS FEDERATION OF WOMENS CLUBS

Seventh District Chairman, Mrs. A. Q. Bonner Delhart

1. A County Health Unit in every Texas County.

2. Adoption of the Standard Milk Ordinance by every municipality of 1000 population or over.

3. Co-operation with official health body in enforcing sanitary laws and ordinances.

4. Mosquito control campaign to stamp out malaria.

5. Physical examination of children in all public schools. Write Dr. J. C. Anderson, State Department of Health, Austin.

6. Clean-up Week—Birth registration—Report of Communicable Diseases.

All work to be in connection with recognized agencies and local authorities.

### CHARACTER IS FOUNDATION OF GOOD AMERICAN HOME, SAYS MRS. HILL

EDITOR'S NOTE: The following article is one of a series by Mrs. J. A. Hill of Canyon, chairman of the Home Department of the Seventh District of Women's Federated Clubs.

"The foundation of all big business is not money but character."

There is no bigger business than that of living. Therefore, character is the foundation of living.

You will say, "That is a sophomoric syllogism." Good! Then let's proceed.

Big business is not built in a day. Neither is character. Bit by bit the latter is built from birth to date. It does not, like Topsy, "just grow."

So much is said these days about inhibitions, inferiority, and superiority complexes. Psychologists tell us that these have their beginnings in infancy. Certain dormant mental and emotional qualities must be chiseled down, others rounded off and still others built up.

Where must the quarrying be done? Who are the quarryers? Hoover says, "Our nation is not an agglomeration of factories, or dynamos, or statistics. It is a nation of homes." The making of a successful home should not be considered a responsibility alone but as a blessed opportunity. There is no greater service in the world than that of training our children to be good citizens.

Our homes are the nurseries where the foundation stones of child character are fashioned and parents are the quarryers and stone masons who fitted together symmetrically and cemented so strongly that they will not crumble in life's rough weather.

Dr. Alfred, the Austrian psychologist, contends that mothers are the greatest aids to crime prevention. I wonder! It is not fair to put all the responsibility upon mothers. Parenthood should be a co-operative

association. It is a vocation for which a high class training is essential. Technical psychology is helpful though not absolutely necessary, but a common sense daily study of each individual child is obligatory.

### "COM" EZZEL SHINING FARM PLACE RIGHT

County Agent Logan and the Times-Signal editor enjoyed a real visit with the Mayor of Ennis Creek, "Com" Ezzel, and his next-door neighbor, B. M. West, one day last week. The reason of the trip was to ascertain from the farmers in that section of Ennis Creek, their disposition toward Government activity in the elimination of wolves and coyotes.

On arrival at the Ezzel home, we found Mayor Ezzel ready to give a demonstration of his Delco lighting system, a recent addition, likewise showing the operation of a churn off the line shaft, also heating of water for home use and pumping water. Mr. Ezzel has installed a top 5 all gall, Mrs. Ezzel provided the visitors with a marvelous supper that was keenly enjoyed by the visitors. It was truly a feast.

### PARTNER CELEBRATES

Usually when folks celebrate a birthday they expect gifts from the other fellow, but not so at the Times-Signal. Our friendly partner, J. W. Roberts celebrated 37 years of living in West Texas yesterday.

Gosh, we thought that J. W. was still younger than that, so at the noon hour, J. W. went home as peacefully as one could do and soon after, the Times-Signal gang landed at the home where Mrs. Roberts had fit for a king. Mrs. Smith led the Times-Signal party with Preeman Neal, Roy Fesmire and bald-headed Jimmy in the rear and we all sat down and had the time of our lives. We all thanked Mrs. Roberts for the wonderful dinner she served, and shook hands with the Mr. many times to wish him many happy returns of the day. It was a gladsome occasion.

### MARCH WINDS

Booming, zooming, Urging, surging, Chasing, racing to and fro—Whining, pining, Floating, floating, Quivering winds they go.

Scouting, flouting, Seizing, freezing, Dipping, ripping winds that go—Roaming, moaning, Roaring, soaring, Screeching winds that blow.

Squealing, keeling, Skiting, fleeing, Shifting, lifting as before—Twirling, swirling, Listing, twisting, Chilling winds from shore.

Rasping, grasping, Tearing, rearing, Pounding, bounding winds that blow—Soothing, cooling, Dying, trying, Blanching winds we know.

Growling, prowling, Rumbling, grumbling, Dancing, prancing winds do blow—Panting, taunting, Pouncing, ranting, Shrieking winds we know.

Yowling, howling, Sighing, flying, Lasting, blasting winds do sing—Whistling, whispering, Crying, dying, Walling winds—Tis spring.

Published through special permission of MARY BROWN BUSSEY, Lucerne Apts. Amarillo, Texas

### MINNESOTA VISITOR HERE

F. L. Magie, of Duluth, Minn., was a visitor of Dr. Annand, associated with Quinn No. 3 well, Tuesday. Mr. Magie is Sheriff of St. Louis county, Minn., and is financially interested in the success of the wildcat that is now being drilled. He was a visitor to Scurry county four years ago when Mr. Miller was in charge of drilling operations and noted the many improvements that had been made in Snyder in that space of time.

### DR. E. E. COCKERELL

Rectal and Skin Specialist of Abilene, Texas

WILL BE IN SNYDER at Manhattan Hotel

March 30th Examination Free

From 12 to 5 P. M.

### TIME TO TRANSFER-

boxes of merchandise, barrels, bales, crates or other "moveables"? Then it's time to call upon us for prompt, active cooperation. Our trucks and men are always ready to respond to any call for a speedy, efficient and economical transfer service. Whenever you want us, just phone 164.

### SNYDER TRANSFER CO.

### COYOTES TO BE POISONED

Mr. E. T. Personett of the U. S. Biological Survey has been in the county for a few days in answer to calls for assistance in the eradication of coyotes. Mr. Personett is an experienced trapper and hunter and has been doing the finishing work in cleaning up counties from coyotes and bob cats in central and south Texas.

The Biological Survey in cooperation with the Game and Fish Commission has just finished an eradication campaign in South Texas where nearly 200,000 poison baits were put out, and where several truck loads of coyotes and deer wolves were picked up. The deer were unable to breed, and turkeys and quail were being ruined so the State Game and Fish Commission had to do something.

Some of the ranchmen and stockmen in Scurry county report the loss of sheep and some calves, and they are not going to stand for these losses much longer. Mr. Personett says. Several have put out poison and others are putting it out under the plan that most effective dogs should keep them confined for a month or six weeks and the poison pork will have disappeared.

### ROSOCOE CITY TAX RATE CUT TO \$1.00

The Roscoe Times said last week: At a called meeting of the City Council Tuesday that body voted unanimously to accept the work just completed by George H. Ehrenberg, valuation engineer, and to authorize the payment of \$1500 for the work. The payment is to be made January 1931.

The council met again Wednesday morning and set the tax rate for this year at \$1.00 on the hundred dollars and the valuation of property to be set at 66 2-3 per cent of the 100 per cent value of property. The old tax rate was \$1.40.

The new hundred per cent value of real and personal property has been raised to \$1,533,095, a raise of about \$100,000 over the old value. Roscoe is one of the few cities in Texas that has a tax rate as low as \$1.

### INTERNATIONAL PLANE TOUR THRU SWEETWATER

West Texas folks will see the International Air-line race at Sweetwater which will make a 7,580 mile circuit of the United States, Mexico and Canada next summer.

Cash prizes totaling \$25,000 are to be offered by F. R. Maxwell, president of a Marysville, Mich., airplane engine company.

### RABBIT DRIVE GOOD

The recent rabbit drive in the Bison community was highly successful, according to H. P. Welborn, one of the efficient "ram-roads" of the day's festivities. Around 800 rabbits were killed while the visitors had no hesitation in stating that the best food obtainable was provided for the gang when they got ready to eat.

### NEW 4-H CLUB IN GERMAN COMMUNITY

The girls 4-H Club of German was organized March 19 with nine members.

The officers elected were as follows: President, Georgie Ruth Pagan; Vice-President, Emma Schulze; Secretary, Clara Watz; Reporter, Aurelia Wimmer; Song leader, Philomena Wimmer; Yell leader, Mary Schulze; Local leader, Mrs. H. J. Schulze.

The second meeting was held March 24 and the girls all had their material, and the first garments were cut out. The met with all members present.

### BORDEN TEST BEING PLUGGED

Monerief's No. 1 Drunger, Borden county well, drilled to a depth of 3,517 feet is being plugged. The well was located 1,980 feet from the north and east lines of Sec. 15, block 31, township 4 north, T. & P. Ry. Co. survey. Water in this well was first encountered at 3,290-95 feet.

Mrs. Joe Stinson and daughter, Miss Mary Lynn Nation visited relatives at Abilene this week.

### SNYDER HIGH SCHOOL BOYS AT TEXAS TECH

Five teams from the Vocational Agriculture class of Snyder High School left Monday morning for Lubbock to enter the contests at Texas Tech in livestock, poultry, grain, dairy and shop contests.

Boys who were in the party included: Shop Contest—M. M. Clark, C. W. Pettit and N. R. Clements.

Grain Judging—Odell Graham, Jess Bottling and Kenneth Pitner.

Beef Cattle—Carroll Greenfield, Kerney Rucker, Forrest Boss and J. W. Greene.

Dairy Contest—Maxey Chenault, Frank Stoker, S. D. Hays and Ted Pitner.

Poultry Contest—Grover Scott, Billie Mitchell and Oran Sturdivant.

### WILL GO TO LUBBOCK

**Spinsters Were History's Heroines, Recent Biographical Survey Shows**

**CHICAGO.**—Most of the great women of history have been spinsters. Consideration of the biographies of the heroines of all ages for inclusion in the World Book encyclopedia has prompted this tribute to an economic group frequently classified by psychologists as "superfluous women."

"A check of more than 200 biographies of historically-important women shows that the majority of them have been single," Ellsworth D. Foster, managing editor of the World Book, said in an address before a leading women's club here.

"The psychologic explanation of why more spinsters than wives have made significant contributions to world progress casts no reflection on the latter.

"Women are monogamous. It is their nature to become absorbed in a single love. Or at least, in one love at a time. When the maternal in-

**Happy to Tell All the World About Konjola**  
 St. Louis Citizen Found New Medicine to Be Only One That Made Good

**MR. THOMAS J. BIRGE**  
 After all is said and done, every medicine must meet this test: Does It Make Good? Konjola has made good in so many other cases when all else tried has failed that it is the most talked of medicine in America today. Take the case of Mr. Thomas J. Birge, 2632 Chateau street, St. Louis, for instance. Read what he says about this master medicine:

"I am sixty years old, and most of my life—at least as long as I remember—I had stomach trouble, and nothing helped me until I found Konjola. Imagine my astonishment when the very first bottle of this wonderful remedy started me on the road to complete recovery. Today I can eat whatever I like, no matter how rich and heavy the food, without the least discomfort. Fact is, I feel like a new man, and many of my friends to whom I recommended Konjola are as enthusiastic about it as I am."

Konjola is sold in Snyder at Stinson Drug Co., and by all the best druggists in all towns throughout the entire nation.

**COUNTY AGENT'S NOTES**  
**W. O. LOGAN**  
**CONCRETE ENGINEER**  
**STOPS OVER HERE**

Mr. Rainey of Dallas stopped over Saturday with the County Agent and discussed concrete work in Scurry County. Mr. Rainey is a graduate of Mississippi A. & M. and was connected with the Agricultural Engineering department of Texas A. & M. a couple of years until the Cement Company needed a good engineer. He says he has furnished watering plans for many ranchers and farmers, and one ranchman now wants plans for forty or fifty tanks and specifications. He furnished the plans and specifications for the 13,000-gal. double tank Dan Gibson built for his new home and ranch north on the Clairmont road. He told the County Agent that septic tanks, poultry houses, cellars, dipping vats, or any permanent concrete work like that or especially large watering tanks, etc., he would be glad to give the benefit of his experience in such work as well as expert advice in the building material and specifications. Should anyone be contemplating cement work, dairy barn floors, or anything and need plans or expert engineering advice, Mr. Rainey expects to come back this way in a few weeks, and will be glad to talk with you.

**PANHANDLE-PLAINS DAIRY SHOW**

On April 7th at Plainview, Texas there will be the finest exhibition of dairy cattle to be seen in fifty-four Panhandle-Plains counties. Not only will they be on display, but the

**STAR FEED & HATCHERY**  
 "Bill" Tatum—the Boss, West Bridge St.

production contest shows how much butter and milk they will produce under test. Last year the Champion of the show was the production winner, combining beauty and production.

Every farmer in Scurry county would enjoy seeing these dairy cows. Now, while prices are low, and some people are wanting to quit, is a good time to cull our poor producers. The man that culls his poor producing cows and sells them to the butcher now while butterfat is low can buy good cows or feed his others at lower cost. Seeing this Dairy Show will be worth more than you ever expected. Some good cows will sell at auction and cheap, but go to see how dairying has developed in this country of ours.

The Creamery plant there owned by 800 Hale county farmers has given them a ready market for their butterfat, and at a nice premium over what Scurry county farmers have gotten. It takes cows and care, and enough production to keep a plant going. Every farmer that wants to go and see and learn how it is being done, write, phone or leave word with the County Agent. If you haven't a way let him know, if you are going and can take another let him know. Let Scurry county have at least 25 farmers at this show, it's the best in the West or the entire state, we think.

**SNYDER STUDENT IS PLEDGED TO FRATERNITY**  
 Announcement has been made in The Daily Texan, Austin, that Samuel R. Greer, Scurry county product, has been pledged to Phi Delta Phi fraternity.

The Austin paper said: Phi Delta Phi is the oldest of professional fraternities. It was founded at the University of Michigan in 1869. Although Phi Delta Phi is not primarily an honorary organization, Roberts Inn at the University requires that every candidate maintain a high average in all of his courses. Only regular students of the School of Law are eligible for membership in the fraternity.

The avowed purpose of the founders is to "provide a higher standard of professional ethics and culture in this and other law schools and in the profession at large."

**IT WAS TIME**  
 Miss Frette: "When did you first suspect that your husband was not all right mentally?"  
 Mrs. Mitchell: "When he shook the hall tree and began feeling around on the floor for apples."
