

SCURRYLY SPEAKING

Ten Business Commandments.
Thou shalt not fail to maintain
thine own integrity, nor shalt
thou be guilty of anything
that will lessen thy good
respect for thyself.—

BY JAKE.

A MAN who has left such an
impress of service and beauty
on his fellows as C. R. Buchan-
anan needs no eulogistic words in
any newspaper.
But I would do sacrifice to the
memories of this Scurry County
man among men if I were to ded-
icate this column to a subject less
serious.
His departing shadows lengthen-
ed far beyond the county in which
he chose to spend more than 30
years of his fruitful life.
I think of him as a man of state
wide intellects and capabilities who
chose rather to serve his neighbors
only during most of his 61 years.
The high points of his life, as
written into the news story, were
reached in political offices; but we
who have lived with him for over
three years or less know that his
chief claim to prominence was in
the service he rendered as a private
citizen—in the quiet strength of
intellect and courage by which he
dominated men and situations.

IN A generation whose major
purpose is speed and whose
main theme is "Let George
do it," Judge Buchanan was a rare
balance wheel of careful wisdom
and accomplishment.
I know that the old-timers of
Scurry County, the men who were
rearing families here before I was
born, will miss this giant more than
I could possibly miss him.
Yet, after knowing him less than
three years, I call him friend, and
know that I shall miss him as
friend even as I shall miss him as
county judge and Snyder citizen.
A kind fate placed me in his home
often.
I was even permitted to stand be-
fore an altar in his home and hear
the words that linked my life to
the life of another in marriage.
He was always so kind and
thoughtful, so full of love and sym-
pathy that I learned to love
him, unspokenly.
His influence on my life, like his
influence on the life of many an-
other who touched his elbow, and
like his influence on Scurry County,
will never completely pass away.
God give us more men like C. R.
Buchanan!

Roscoe Loses As Sw'ater Crushes Hamlin's Pipers

While Roscoe was taking it
under the chin from Stanton Friday
afternoon, 32 to 0, making it dou-
bly certain that Snyder will take
its district bunting in a walk, the
Sweetwater brigade was rising up
to prove that her ballyhoo artists
were not altogether mistaken.
The Nolan County Mustangs, the
best advertised football team in
West Texas, sewed away 89 points
when they scrapped the Hamlin
Pipers last week. Incidentally,
the Pipers are in the eastern
half of Snyder's District 9.
Neither of these games was a
conference affair, of course, and
neither of them will probably mean
much as pre-season dose stuff. But
the result of the Sweetwater-Hamlin
fray makes the Mustang-Tigers
battle, one week hence, loom as one
of the sweetest games West Texas
will see this year. Remember, on
the side that Mike (The Freight)
Hicks has moved from Roscoe, and
that he made about half of the
points over and around the Hamlin
line Friday.
The Roscoe-Stanton game head-
lines Mike Hicks' absence from the
Floyby line-up and also tells the
world that Stanton may give the
Tigers a little more opposition than
they did last year in the bi-district
mix-up—provided the Tigers reach
that stage, as they now seem cer-
tain to do.

Watermelons and Golf.
Pat Bullock and Jake Smyth were
watermelon eaters and golfers on
the Elchier and Von Rooder places
southwest of Snyder, Monday of
this week. That is to say, they raid-
ed the watermelon patches and took
soft lessons from the Knapp and
Murphy club welders.

COUNTY NEEDS HEAVY CROP OF COTTON HANDS

Charity Groups Warn Families Not
Willing to Pick Cotton Will
Be Denied Help.

Immediate need for a number of
cotton pickers in Scurry County has
been broadcasted by the Chamber
of Commerce, but Secretary J. W.
Scott declares that the demand is
far from filled.
More than 50 farmers have called
at the commerce hall, unable to se-
cure pickers for their fast-opening
bolls so fast that much of the staple
will be wasted if it is not taken
from the fields soon.
Charity groups that fed more than
400 families during the winter and
spring warn that families or individ-
uals refusing to pick cotton, unless
they have other jobs, will not be
given aid this winter. A careful
check is being made on habitual
loafers and charity seekers, and
they will be remembered with a
black mark when the cold months
come.
Farmers offer transportation to
and from town, plus the standard
wages of 40 cents for picking and
30 cents for pulling. Houses, fuel
and water are furnished in some
cases.

Legion Checks Most Successful Year and Reelects Its Officers

Plans Made for Fall Membership
Drive; Excellent Reports by
All Committees.

Checking and double checking its
most successful year, the Will Layne
Post No. 181 American Legion,
Monday night met in annual busi-
ness session in the Chamber of
Commerce hall.
After doing some more checking,
the ex-service boys decided to keep
on the road of progress by re-elect-
ing practically the entire corps of
old officers.

Harris Winston, commander, who
is rounding out his second year as
the chair, was given much credit
for the organization's jump to 114
members, and was given a unani-
mous re-election vote.

Other officers re-elected included
T. S. Smith, first vice commander;
A. C. Pruitt, adjutant; Porter
King, historian; J. M. Newton, mem-
bership chairman; Rev. Cal C.
Wright, chaplain; W. W. Hull, fi-
nance officer.

New Officers Added.
Warren Dodson was made chair-
man of the service committee, of
which he has been a member. The
post voted to designate this officer
according to the Legion constitu-
tion, and to allow Dodson and the
executive committee to appoint the
committee members.
Frank J. Clecker of Inadale was
made second vice commander.

Financial Report.
W. W. Hull, finance officer, told
the post members that they have
more than \$100 in the bank, and
made an excellent outline of a well
budgeted year. Commander Win-
ston declared that no other finance
officer of any organization in West
Texas could dig up more than \$100.
Dr. R. L. Howell was given spe-
cial mention as a willing and sacri-
ficial worker for the Legion legs.
He was included on the service
committee with Warren Dodson, J.
E. LeMond, C. F. Sentell and Dr.
W. R. Johnson.

Newton's work as chairman of the
membership committee was praised,
as was King's work in searching
for historical highlights of the lo-
cal post.
The new executive committee was
named as follows: Harris Winston,
A. C. Pruitt, Pete Coker, Stephen A.
Taylor, W. H. Kinney, Jess Henley,
J. P. DeShazo, E. W. Boatwright,
L. T. Stinson, Dr. W. R. Johnson,
J. E. Sentell and Walla Fish.

Pruitt Tells of Convention.
A. C. Pruitt, whose work as ad-
jutant was highly commended, gave
a detailed report of his recent trip
to the state Legion convention at
El Paso, but refused to comment on
the Juarez convention sessions. This
report may have much influence on
adjusted compensation action of
the national government.

The membership committee is
composed of Melvin Newton, S. T.
Weatherly, Walla Fish, Boss Baze
and Mark Johnson.
After lively discussion, featuring
Dodson against the house and Sen-
tell, local dues for the ensuing year
were reduced from \$1 to 25 cents.

The commander and the ad-
jutant declared that 1931 has been
the outstanding Legion year since
the inception of the Will Layne
Post, and urged the membership to
carry on.
Legion Trust Not Betrayed.
The commander pointed out that
the two purposes of the Legion, as
set forth in the national statutes,
are to support the national pro-
gram in war times and peace times,
and to be of service in the home
community. "I am proud to say,"
he told his men, "that no one in
this post has betrayed this trust as
far as I know."
"I hope this organization will
continue to merit the confidence of
its members, and will continue to
support its policies, which are re-
sponsible for our growth and pow-
er."

J. C. Smyth of the Times force
braved a brief word of praise for
the principles and activities of the
Legion.

**Officers point out that the pub-
lic has a cordial invitation to at-
tend all Legion sessions in order
to have a first-hand vision of the
organization's ideals and workings.**
**Mrs. Vida Conroe Is
Buried at Fluvanna**
Mrs. Vida Conroe, 22, died Thurs-
day at her home here, after a brief
illness. Funeral services were held
Friday at the home on Avenue R,
with Rev. Cal C. Wright and Rev.
J. F. Pickling in charge. Burial was
in the Fluvanna cemetery, with the
Odom Funeral Home in charge.
Surviving Mrs. Conroe are her
husband and a 10-day-old child;
her parents, Mr. and Mrs. J. W.
Perrell; three brothers and three
sisters.
Mrs. Conroe professed faith in
Christ two years ago. She was a
faithful Christian, and told her
mother as a final testimony that
all was clear toward her Savior.

Cigarette Smokers Roll Their Own As Ready-Rolls Go Up

When Old Man Texas put a
tax on ready-made fags recent-
ly, and the smokers promptly
made a five-cent jump per pack-
age addict made a bee-line for
roll-their-owns. That is history.
Now, after three of four weeks
of the new tax, the four popu-
lar ready-made varieties are
about as thick as Sahara wind-
mills, and cans and sacks have
taken their places in hip pocket
and dresser drawers. What
looked like a brief protest
against the tax has become a
serious economy movement.

One entirely new tobacco, with
long filler and a roll-your-own
attachment, has become popular
over-night, and is running a
close race with the older blends.

Gasoline Sells For 14 Cents in Scurry County This Season

If Governor Murray of Oklahoma
did no more than get his name in
headlines by calling out the soldier-
men, thereby helping give the oil
trusts a healthy boost, he would
probably have become a saint. But
he helped the gasoline prices in
Snyder take a jump to 14 cents
late last month, so he may not be
such a monumental hero in the eyes
of the common people, after all.
When the price jumped two cents
recently, folks thought that it was
just a temporary hoist, but now that
there seems to be no chance for a
drop, the puddle jumper chauffeur
is wondering if the Oklahoma mil-
lions shouldn't have stayed at home.

In the meantime, motor oil has
brought the same 25, 30 and 35
cents per quart whether crude oil
was \$1.50 or 25 cents a barrel.

CLAUCH GETS COTTON IDEAS

State Representative J. M. Claunch
wired friends here last week to ask
their opinion concerning cotton leg-
islation in Scurry and the adjoining
counties. He has been in the midst
of the Austin scramble this week.
The Huey Long Plan of forbid-
ding cotton planting in 1932 has
few friends among business men
and farmers in this section, if every
possibility of information is gath-
ered by the Times is accurate.
On the other hand, practically 100 per
cent of Scurry County folks seem
to be in favor of some form of cot-
ton acreage reduction by legisla-
tion.

Senior Class To Choose Princess For County Fair

Miss Snyder, this city's official
representative to the Mitchell Coun-
ty Fair, which is to be staged Octo-
ber 22, 23 and 24, will be chosen
by the high school senior class next
week, at the suggestion of Jimmie
Green, secretary of the Colorado
Chamber of Commerce.
Other towns in this section of
West Texas will likewise be re-
presented by princesses to the queen's
covenant and ball on the evening
of Thursday, October 22. A fea-
ture of this pageant of royalty will
be the costumes. No more than \$6,
aside from shoes, must be spent on
any one entire costume, and all ma-
terials must be of cotton.
The hefty secretary, while ar-
ranging for selection of Miss Snyder
Tuesday, said that Mitchell
County was stretching hamstrings
to make a glorious 1931 fair. Since
Abilene and Sweetwater, as well as
Snyder, will have no fair this year,
this entire section is expected to
join Colorado in arranging agricul-
tural and educational exhibits, and
to attend the three-day fair by the
hundreds.

Andrew Meadors, 24, died in the
Emergency Hospital at 11 o'clock
Wednesday night, five hours after
he fell beneath the wheels of a
north-bound Santa Fe freight train
near the local passenger station.
The young man, who was con-
scious until the hour of death, was
attempting to catch the train but
"it was too fast for me," he said,
that he was on his way from Abi-
lene, where he had been staying
with a sister, to Brownfield, where
a job was awaiting him.
An Odom ambulance brought him
to the hospital, where first aid was
given.

The left leg was almost severed
at the ankle, and the left arm was
hanging by only a small bit of flesh
just above the elbow. Heavy loss
of blood hastened the young man's
death. No other serious injuries
were sustained.
Survivors are four sisters and four
brothers, as follows: Mrs. T. A.
Troutman of Abilene, Mrs. John
Huntstinger of Mathis, Mrs. Eva
Coleman of Waco, Miss Venita
Meadors of Mathis; Sed Meadors of
Slaton, J. C. Meadors of Portland,
Paul M. Meadors of Waco, Henry
Meadors of Waco.

Funeral services were held this
afternoon at 1:00 o'clock at the
Snyder cemetery, with Rev. T. L.
Nipp of Fluvanna officiating. A
number of his relatives were pres-
ent.

**Lockhart Buys
Filling Station**
Tate Lockhart, who has been
head mechanic for Joe Strayhorn,
Ford dealer, for several years, has
taken over management of the Tex-
aco service station just north of
the square on Highway 7, former-
ly known as Jim's Service Station.
After several days in the new
stand, Tate says he is well pleased
with the business accorded him by
friends and tourists. In addition to
providing regular filling station ser-
vice, he is doing washing, greasing
and light repair work.
Jim Nipp will locate at Silver-
ton, while Collie Fish, the other re-
tiring operator of the station, has
not announced future plans.

Another Drop In Cleaning Prices Noted in Snyder

Cleaning and pressing prices hit
the toboggan again in Snyder this
week.
Fifty cents is now the standard
price for cleaning and pressing
men's suits, although one or two
shops have cut the figure to 35 cents.
Women's dresses and coats have
hit proportionately low levels.
The same price prevailed earlier
in the year at all shops, but the
majority of the six shops here have
kept the 75-cent balance for clean-
ing and pressing suits for some
time.

Project Work Is Featured During Abilene Ag Meet

Twenty-four teachers of voca-
tional agriculture in West Texas
were told during their annual meet-
ing at Abilene Saturday that they
are urged to put every boy in at
least three projects—feeding baby
bees, hogs, or hens for egg production,
or construction of poultry houses
and feeders.
A. C. Hammond, Snyder's new
V. A. instructor, was one of the
attendees.
The rating of teachers will be A
and B, based on a possible score of
1,000. The points for scoring will
be supervised projects for boys,
Future Farmers organizations, even-
ing schools, stock judging teams,
fair exhibits, methods of teaching
and arrangement of the agriculture
department.
C. L. Davis, Austin, state super-
visor of agriculture education, was
in charge, assisted by J. B. Rut-
land, assistant supervisor; E. R.
Alexander and J. C. Dykes, teach-
er trainers at A. & M. College.
Abilene was made the permanent
meeting place of the association. To
the fall meeting, each instructor
was asked to bring the officers of
his Future Farmers of America
club, as activities of that organi-
zation are to be stressed in the dis-
cussions. The Cisco chapter will
put on a model initiation ceremony,
and Mr. Binion will map a Future
Farmer program of work.

Firemen Extinguish Stacy Garage Blaze

Firemen made a rush call to East

The volunteers gathered in central
session Tuesday evening at the city
office to discuss two items of busi-

Services Held First Of Week for Pioneer

Funeral services were conducted
Sunday afternoon, 3:00 o'clock, at
the Snyder cemetery for Mrs. A. A.

tain community.
Rev. Liff Sanders, pastor of the
Church of Christ, Snyder, officiat-

Walter Helps Henry Save His Flour

While Walter Camp, city mar-
shal, and F. M. Brownfield, sheriff,
were wandering down Avenue R,
just north of the square, Saturday
night, an enterprising young man
was shouldering a 100-pound sack
of flour inside Ware's Bakery.
Because Henry Ware hadn't given

a hot news story was born. Here

just as the flour was being carried

1931 Schedule for Tiger Squad Is No Easy Gravy Train

Three or four games on the
football schedule through which
the high school Tigers must
wade keeps the season road
from being one of primroses.
The line-up, with three gaps,
looks like this:
Slaton at Snyder—September
18
Sweetwater at Sweetwater—
September 25.
Rotan at Snyder—October 2.
Roscoe at Roscoe—October 23.
Roby at Roby—November 6.
Lamesa at Snyder (tentative)—
November 11.
Coach "Red" Moore hopes to
have October 9 and October 16
games to announce next week.

Funeral Services for Judge C. R. Buchanan Held This Afternoon

Several hundred friends and rela-
tives of C. R. Buchanan, 61, judge
of Scurry County, are gathering in
Snyder, as The Times goes to press,
to mourn the passing of this man
whose political and private career is
a legend of honesty and accomplish-
ment.
Death came at a Lubbock sanitarium
Tuesday afternoon at 5:30
o'clock. He had been rushing there
early in the morning, after suffer-
ing an acute attack of ulcer of the
stomach. He was at his office Sat-
urday, and complained of only a
slight illness Sunday. His condi-
tion became serious Monday.
Funeral services were to have been
held at 3 o'clock in the First Pres-
byterian church, with Rev. J. Wood
Parker, pastor, and Rev. E. B. Sur-
face of Abilene officiating. Burial
was to have been in the Snyder
cemetery. All stores were to be
closed, beginning at 2:45 o'clock.
C. R. Buchanan came to Scurry
County with his parents in 1893.
Since the late twenties he has been
prominent in public life. For four
years he was head of the Snyder
schools. In 1902 he was made coun-
ty and district clerk, serving for
four years. From 1906 until 1930
he was county judge, serving 24
years in public life. He purchased
the Scurry County Abstract Com-
pany, of which he was owner for
several years. In 1912 he again be-
came county judge for a four-year
period.
Retiring from his second year in
the judge's chair, he was elected to
the state senate. He prepared to
devote his interests to Scurry
County after one term, and was not
a candidate for re-election. He was
associated for a short time with the
state comptroller's office at Aus-
tin.
For more than 10 years he had
withdrawn actively from the poli-
tics arena, but he chose to seek
the county judgeship for the third
time last year, and he was seated
January 1, 1931. Just as the impos-
ing court house stands as a monu-
ment to his public career, so does
his tenure of office he purchased
the Scurry County Abstract Com-
pany, of which he was owner for
several years. In 1912 he again be-
came county judge for a four-year

Boy Scout Troop Is Searching for Home Each Monday Night

Boy Scout Troop No. 48 of Snyder
will have a regular meeting
place if a Monday evening discus-
sion of the troop committee and Scout-
master Roy Irvin bears fruit. An
effort is being made this week to
provide quarters for the troop, and
a definite announcement is expect-
ed next week.
A. C. Williamson, Sweetwater,
Buffalo Trail area executive, met
with the committee and the troop
Monday evening, and suggested
that a concerted effort to secure a
regular meeting place be obtained.
More than 20 boys have been meet-
ing each week in the basement of
the Baptist Church.
Members of the local committee,
Chairman E. Bullock, Rev.
Phillip C. McGahey, Harvey Shuler,
W. C. Hamilton and J. C. Smyth.

are urged to put every boy in at
least three projects—feeding baby
bees, hogs, or hens for egg production,
or construction of poultry houses
and feeders.
A. C. Hammond, Snyder's new
V. A. instructor, was one of the
attendees.
The rating of teachers will be A
and B, based on a possible score of
1,000. The points for scoring will
be supervised projects for boys,
Future Farmers organizations, even-
ing schools, stock judging teams,
fair exhibits, methods of teaching
and arrangement of the agriculture
department.
C. L. Davis, Austin, state super-
visor of agriculture education, was
in charge, assisted by J. B. Rut-
land, assistant supervisor; E. R.
Alexander and J. C. Dykes, teach-
er trainers at A. & M. College.
Abilene was made the permanent
meeting place of the association. To
the fall meeting, each instructor
was asked to bring the officers of
his Future Farmers of America
club, as activities of that organi-
zation are to be stressed in the dis-
cussions. The Cisco chapter will
put on a model initiation ceremony,
and Mr. Binion will map a Future
Farmer program of work.

Freight Train Fatal to Man

Andrew Meadors, 24, died in the
Emergency Hospital at 11 o'clock
Wednesday night, five hours after
he fell beneath the wheels of a
north-bound Santa Fe freight train
near the local passenger station.
The young man, who was con-
scious until the hour of death, was
attempting to catch the train but
"it was too fast for me," he said,
that he was on his way from Abi-
lene, where he had been staying
with a sister, to Brownfield, where
a job was awaiting him.
An Odom ambulance brought him
to the hospital, where first aid was
given.

Firemen Extinguish Stacy Garage Blaze

Firemen made a rush call to East
Snyder Monday evening and quick-
ly extinguished a fire in the M.
Stacy garage. The Stacy car, in
an adjoining shed, was backed out
before the flames made headway.
The volunteers gathered in central
session Tuesday evening at the city
office to discuss two items of busi-
ness presented by President Melvin
Newton and Chief N. W. Aury.

Lockhart Buys Filling Station

Tate Lockhart, who has been
head mechanic for Joe Strayhorn,
Ford dealer, for several years, has
taken over management of the Tex-
aco service station just north of
the square on Highway 7, former-
ly known as Jim's Service Station.
After several days in the new
stand, Tate says he is well pleased
with the business accorded him by
friends and tourists. In addition to
providing regular filling station ser-
vice, he is doing washing, greasing
and light repair work.
Jim Nipp will locate at Silver-
ton, while Collie Fish, the other re-
tiring operator of the station, has
not announced future plans.

Another Drop In Cleaning Prices Noted in Snyder

Cleaning and pressing prices hit
the toboggan again in Snyder this
week.
Fifty cents is now the standard
price for cleaning and pressing
men's suits, although one or two
shops have cut the figure to 35 cents.
Women's dresses and coats have
hit proportionately low levels.
The same price prevailed earlier
in the year at all shops, but the
majority of the six shops here have
kept the 75-cent balance for clean-
ing and pressing suits for some
time.

County Federation Meets Saturday

The first fall meeting of the County Federation was held Saturday afternoon, 3:40 o'clock, in the district court room, with Mrs. C. R. Buchanan presiding. Representatives from every federated club in the city were present, the total number present being 15. Vacancies for the following offices were filled: Mrs. R. D. English was elected president, and Mrs. H. J. Brice was elected secretary. It was voted to pay the state federation dues out of the treasury. As there was no representation from any of the rural clubs, and since the object of the County Federation is to establish a closer relationship between the town and the rural clubs, it was deemed advisable to adjourn the regular meetings until it was more convenient for the rural women to attend. Adjournment was then taken subject to the call of the president.

Mrs. Odum Gives Watermelon Feast

The lawn of the R. H. Odum was the scene of enjoyment Friday evening when Mrs. Odum entertained her Sunday School class, the Crusaders with a bountiful watermelon feast. Spear, secretary; Mrs. W. G. secretary; Mrs. W. A. secretary; Mrs. J. A. secretary.

Perhaps You Will Have a Favorite

Starting in next week's issue of the Times, Favorites are being printed; that is, "your" favorite recipe. Several to be printed next week are ever original. All of the ladies in the city or in rural communities are asked to send in your favorite or original recipes. They can be for pies, cakes, salads etc. Next week there will be some fine pie recipes by Mrs. W. W. Smith, J. G. Hicks, J. C. Stinson, Wilnot Cloud and J. P. Avery. Just to read them will indeed make one's mouth water.

Pete Brooks spent the week-end at Martin.
Gray Parks and family moved to Snyder last week in order that Garland might enter school there. This is his last year in grammar school.
Mr. and Mrs. Grady Gofford and Mrs. Gofford's brother, and also Mr. and Mrs. C. E. Carnes, all of Bell, were guests of Mr. and Mrs. Bill Wood Saturday evening.
Mrs. John Woodward left Thursday for Coleman to be at the bedside of her father, who is quite ill.
Miss Florence Martin and Jesse Ballard of Bell were visitors in this community Sunday.
Mrs. John Gallyean was very ill last week but she is better at this writing.
Young and old alike are working very faithfully at this cotton pulling. Last week it was new to us but even then some pretty good records were made, especially good

when the poor crop of cotton is taken into consideration. Oley and Smith pulled 501 pounds Thursday, which is the greatest number of pounds pulled by any other person reported to us. O. D. Barnes was a close second, with 490 pounds as a days work. Mrs. Roe Rosser led the girls and women with a record of 286 pounds. In addition to this she did the family cooking, housework and etc. Little Warner Barnes, who is just ten years old, pulled 194 pounds Saturday morning but he did not pull Saturday afternoon. We are guessing that he took a half holiday and went to town—anyway he deserved it.
The B. J. Candill family moved to Hobbs, New Mexico, last week. Miss Arpie Ballard and little brother, Encell, have moved into their home here.
Mrs. Ben Brooks entertained in her home Friday evening honoring her daughter, Imogene's, 14th birthday. Games and contests were features of the evening. Those present were Misses Elizabeth Phillips, Edna Mae Armstrong, Lois Yantis, Quinta and Dixie Lee Mitchell, Bonita Smith, Arpie Ballard, Charlei-

lee Jones, Imogene and Louise Brooks, Messrs. Hugh, F. E. and Encell Ballard, J. A. Love, Hardy Mitchell, Dean Smith, Pete Brooks, Arland and Leslie Vandiver, Roby Mitchell and E. L. Jones.
We've missed Rev. Vandrieve from our Sunday School the last two Sundays but he assures us that he will be with us next Sunday, provided it's the Lord's will. Mrs. Pogue is giving some interesting and helpful supplementary material in

the young people's class on the Bible in general. Come and see how you "rate."

THE WEEKLY DOZEN

More Than One on Some Corners.
Pessimism Pete remembers the time when "one on every corner" meant saloons. Now it means men who remark smugly concerning women's styles, or other types of human deadwood.

Bring Back Those Cornbread Days!
Another trouble with these old United States is that too many folks who once ate dinner at twelve o'clock from an unappointed bench now eat dinner at six o'clock from a charge grocery account.

Doesn't I. O. U. Mean S. O. S.?
Here is our weekly squibulation from The Pathfinder: "Arthur Brisbane and many others to the contrary notwithstanding, it looks as if the next war will be fought with I. O. U.'s." Now you write one— I. O. U.!

Education vs. Chewing Gum.
The cost of maintaining the University of Texas during the year is approximately the amount spent in Texas for chewing gum. Old Wrigley advertises: "An exchange wisecracker so informs us. Still, we have more sympathy for the gum chewing generation than we have for the rag chewing bunch that begot distrust and rotten politics."

You'll Have to Give Credit.
Even those who think the Snyder Times are given too much publicity, and that admits should be shoved down a few notches, must admit that gridiron success has probably given this section more headlines in dailies during the last two seasons than any other one thing. If present indications mean anything, there will be plenty more about Snyder football in 1931 headlines.

It Must Be Growing Here.
Marijuana, three West Texas papers explained last year, is a weed-looking plant that makes one have sensations akin to those caused by opium, beer, jake and wine combined. We understand that it is smoked. Down in Sweetwater it made a Mexican run all over his end of town without clothes and sense. That's really nothing. Here in Snyder we have men who run around without sense, and women who aver that they have nothing to wear.

He Has Cooked His Goose.
One of the most recent political geese to be cooked is that of J. M. Claunch, more fittingly known as Jimmie. At least, his legislative ambitions will drift on thin air if they are ever turned loose in this immediate territory. The reason, as many have heard, is that our friend Jimmie is teaching school in East Texas, while his West Texas constituents wonder whether he has flown. Our opinion is that he made a good law-maker and bill-drafter while in Austin, but that he isn't shooting exactly straight in his last move.

Cluttering Up Our Meanings.
Economy has become such a byword in recent weeks that it will soon become known as a whole buyless library. Oh, luscious economy, what sins have been committed in thy name! Organizations are sacrificing the very objectives for which they were organized, and individuals are forgetting the goals of tomorrow in the orgy of today's economy. In truth, economy is not economy when it cuts out the essentials of sane living, while it cuts throats while saving wishbones. The sooner we reconstrue the meaning of this ill-used word, the sooner we will hit the trail to prosperity again.

Some New Signs of The Times.
The Times has been advertising well its trade-in proposition to farmers—your produce for your subscription. So many bargains have been struck that practically all varieties of the products of Scurry County gardens and chicken lots have been brought into the Times office. In fact, the response has been so liberal that several Times stomachs are probably lined with red dye from watermelons, beets and tomatoes. But we haven't given up the ship. If you have anything under the sun to trade—at least anything that we can eat or use—bring it around and let's strike a bargain.

Thumbs Down on Brother Murray.
Our personal opinion of Governor Oklahoma is that he has more guts than gumption, and that his circus acts in recent days have been in direct opposition to the principles of democratic government. Our last atom of hope that he would prove himself something besides a headline governor vanished when he ejected an humble reporter from his sanctum Friday. The public had a right to know what the reporter wanted to know, and Murray knew it. Force was his only weapon... and it's just about the only one he has ever used, except his alfalfa voice.

And This Isn't Ballyhoo Stuff.
Yes is willing to wager money to marbles, timers say, that Scurry County will pass a bale cotton mark this season. If the crop is one-fourth better than it was at this

What About Utilities Rates?

In the face of repeated attacks on West Texas utilities, especially from our newspaper brothers, The Times makes a plea for sanity and justice.

Simply because a utility is a utility is no reason for making wholesale accusations and demands without basis. The Times believes that, so far, Snyder does not have a right to ask wholesale reductions from the Community Natural Gas Company or from the Texas Electric Service Company.

There is not the shadow of a doubt but that the heavy investments of the gas company have so far failed to merit the company's faith in Snyder. In the first place, Snyder has been drouth stricken most of the time since the gas mains were installed, and in the second place the rates here are on one of the lowest levels in Texas, despite the fact that we are on a "dead-end" line.

Perhaps electric rates, in rare instances, are out of line, but the Times publishers know from experience in several towns that "juice" here is cheaper than it is in many towns of 10,000 population and more. We understand that rates are far less than half, on the whole, of those applying while a private plant was in operation here.

Who would change overnight to the small power plant, however efficient it might have been, or to oil and coal stoves—even at the same price?

If Snyder utilities rates are really excessive, let's join our neighboring towns in demanding adjustments. But let's not kick until we have something unfair and profiteering to hit.

The Legion Sticks to Its Guns.

The American Legion is probably the most influential political organization in American life today, including the Democratic, Hoover and Republican parties. This is true despite the fact that the Legion is one of the most exclusive organizations under the sun, whereas any bozo more than 21 years of age can join the party of his choice. The Legion, in service, stands head and shoulders above parties or lodges, societies or clubs.

The Legion's steady growth in recent years, in spite of depression and increasing farness of World War days, has come because the soldier boys have stuck to their guns.

The shameful part of the Legion program is that its leaders permit the public to receive warped impressions, principally through the newspapers. Headline after headline screams the news, in guarded language, that the Legion is planning a raid on the public treasury. At the same time, horticulturalists for disabled veterans, patriotism in peace-time clothing, and worth-while community enterprises of all natures are given tiny, inside-page write-ups.

The trouble with the Legion is, not that it has failed, in large measure, to live up to its ideals, but that it has failed to tell the public about its ideals and its accomplishments.

Legionnaires, more especially those who compose the Will Layne Post No. 181, have been faithful to the trust imposed upon them by the American people more than a dozen years ago. They have carried their patriotism into peace times. They have striven for the ideals of Americanism first, their disabled buddies second, and their own selfish interests third.

What the Legion needs is not new leadership, new ideals or new organization. It needs publicity men who will help the nation separate the chaff from the wheat, who will headline the patriotism and selflessness and courage of almost 4,000,000 ex-service boys rather than the self-aspirations of a few Legion leaders.

In this connection, The Times wishes to pay tribute to the Will Layne Post, Scurry County's unit of this organization whose accomplishments have been so largely unheralded. In the first place, few towns the size of Snyder have more than 100 Legion members. The Will Layne Post has 114. In the second place, only a handful of posts are as fortunate in their leadership. Striking testimony of this fact was given Monday night, when the post unanimously chose its 1931 leaders to serve during 1932.

The Times will be backing the Legion tooth and toenail as long as the organization continues to place patriotism and loyalty to disabled buddies above self seeking.

EDITORIAL OF THE WEEK

A CHALLENGE

There is more cotton in the world today than there ever has been before. There is more wheat, more corn, and more of everything that enters into human living, especially food products. And by some strange, unexplainable paradox, there is more want and hunger among the people of the earth. On top of all that, the farmer and producer of farm products is offered less for his products than he has ever been offered before, much less than the cost of production. This is a condition radically wrong. Back of it all there is some mysterious cause. Somebody or some thing is to blame. It is not a mere accident. There has been a horrible mistake made somewhere. All of the minds of the earth are trying to solve the riddle, so far without effect.

But one thing is certain. It is universally agreed that the coming winter is to be one of dire suffering. It is estimated that some seven million wage earners are now without employment, with no chance of the number being reduced as the winter comes on. In fact the chances are that unemployment will increase as weather conditions hinder outdoor activities.

Meeting this problem is not a matter of the federal government, of state governments, of the various city governments, but of every man and woman in this nation. The governments will exert every effort to furnish employment, and all charity agencies will be busy dispensing relief. But that will not be sufficient.

It is up to every organization, civic, commercial, charitable, social, to begin at once to meet this greatest problem that has ever confronted our country. There is something for everyone to do. Every chamber of commerce, every Lions Club, every Rotary Club, every other civic organization, should get busy

time last year, our prophetic vision has played us false. Even if we don't get more than \$7.50 a bale, we have maybe put stars in our crown by shoveling more gravel into the lap of the Wall Street cotton market. If this writer were a farmer, however, we'd have to admit that one dollar in the hand would be worth half a dozen stars earned in this wise.

He Wants Less Bumps.

One of our most faithful customers has called attention to the fact that his backbone performs a perfect arc every time he chugs his automobile over the R. S. & P. crossing on Twenty-sixth Street. We laughed at his earnestness, but after experiencing the same sensation this week—twice or thrice—we have a soft place in our heart for his pleadings. However, Mr. R. S. & P. probably wists not that the crossing is so unbecomable. If you will call his attention to the roughness of the crossing, perhaps he will lend an ear—and spread the crossing less bumpily.

CURRENT... COMMENT

BY LEON GUINN

From Italy comes the nice news that the Italy-Papal State dissonance is settled temporarily. Mussolini and Pope Pius XI have at least reached terms acceptable to both. That's good. Progress in religious, as well as state affairs can be effected only through compromise as well as agreement. The Italian government promises to pay for confiscated church property, the Papal State goes its way and another controversy is cooled down. Il Duce has fought an admirable political battle in keeping political dissonance from disturbing Italians.

Church-State politics has for years been a national problem for Italy. Mussolini presented the small Papal State around Vatican City

now and be ready to meet the situation. A survey must be made of every city and town and facts and figures compiled of every family out of work or likely to be out of work and in need this winter. Every public work in every county and in every city of this state must be rushed into action in order to furnish all the employment possible. Every private individual must exert every effort to supply employment for his neighbor, in the way of repairing, building and improving property. Don't be afraid of using that savings account. If there ever was a time when it could be used to good effect, that time is now. Your money will buy more in the way of material right now than it would have at any time within the past ten years. Get it out and put it to work.

The small towns will suffer less than the large cities. But there is a way in which the smaller cities can relieve the suffering that is sure to prevail in the cities this winter. They can provide employment for and call home their citizens who have migrated to the large cities. In many cases there are those in the smaller towns and cities who have relatives in large cities. Now is the time to bring home those relatives and set them up in their home town where they belong. The small towns need the population the cities don't.

Now is the time to start a "back to the farm" movement in every county in Texas. Hundreds of farmers in every county have sons and daughters in the cities, and many of these sons and daughters will add to the great army of unemployed this winter. Now is the time for them to return to the home fold, where, in many cases, the farm needs younger blood and younger brawn. A united movement between citizens of towns and farmers can do much to relieve the tragic situation with which the nation will surely be confronted this winter. Every individual in the land must do his duty.—Texas Commercial News.

A CRY in the night. Cooled No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

Fletcher's CASTORIA

to the Pope, he coins his own money, has his own way as far as possible. Because he governs is to allow 15,000 Catholic Action clubs to reopen, in return the young Fascist-Baillia organizations are to function.

I'm not for the religion prevalent in Italy. I'm not for the Catholics at all! But in case you came in late I'll say that the significance of this comes close to your home, your religion. As a result of this agreement the U. S. Southern Baptists organizations, the Methodist organizations are to remain in Italy. Religious toleration. It must be, and is in vogue in progressive countries. To us that have the church and state distinctly separate, its hard to realize the economic state of affairs that can follow.

In Italy you obey the orders of strong, forceful Mussolini. Here you obey the first impulse that happens to click with you. You either have your favorite religion or no, your favorite this or that and say that the world owes it to you. I recently heard a fellow say that the world owed him a living anyhow, but that he had never been able to collect even the interest. In Italy it is asserted loyal Italians spend hours wrestling with the beloved 10 feet of spaghetti, and then accomplish this feat by eating it a foot at a time. Here Americans sit down to a high pressure meal of compact eatables, beans and bread, or ham and eggs, or tough cow, poke it down and call it a meal.

What don't spend their time working Italian farmlands, or listening to Mussolini, or kissing the Pope's big toe, have a festival occasionally. Florence, Venice, Milan and other cultural cities in Italy have contributed much to world art. Italians are as proud of Columbus as we are of Washington, as proud of their beautiful villas and moustaches as we are of our pork chops, and proud of their Amontillado and other wines that Americans frequently study the medical effects such (as they assert) might have.

LETTERS FROM THE PEOPLE

OUR READERS' OUR VIEWS

Caring for the Needy.

Editors, Scurry County Times:

I am writing a little suggestion for our people here in Snyder. I will begin with the churches and give Bible for my stand. In those days, when the number of disciples was multiplied, there arose a murmuring of the Grecians against the Hebrews because their widows were neglected in the daily ministrations. Then the twelve called the multitude of the disciples unto them and said, "It is not reason that we should leave the word of God and serve tables. Wherefore, brethren, look ye out among you seven men of honest report full of the Holy Ghost and wisdom, whom we appoint over this business." What business? This daily ministrations. Now this is apostolic practice.

Rome, then, centers the attention to her Pagan doors. This seven hill city has been the scene of many historical epochs. The glory that was Caesar's, the history Roman Legions made, and the past civilization that centers here. It is here Caesar lived, where Angelo worked, that the present controversy results. If you are proud of your political, religious, freedom show it by being thankful religion symbolic of American ideals is allowed to stay in Italy!

and I presume that all the churches in Snyder claim to be apostolic. Now, then, if you all will have your deacons to look after your needy members, they will not be neglected. When the deacons find needy ones, let them report to the church. Now to the worldly part. Let our worldly officials formulate some way to furnish people work, and let the needy work for a living. Now to the traveling beggar. When he comes to your house, furnish him with some kind of work to do to pay for his meals, and when they find out they have to pay for their meals they won't come so often.

Now this depression is on us, and we will have to do the best we can until it is over. Now I am writing this for the good of the people. May God direct us. As ever, Snyder. W. J. HIGGINS.

It costs more to harvest 50 acres of wheat or oats with a combine than by the old methods; for 100 acres costs are about equal; for 150 or 200 acres the combine is considerably more economical.

The best rule is to forget what a man has done and judge him by what he is doing now.

AMERICA'S ONLY REFINER OF GERM PROCESSED OIL OFFERS....

\$10,000 IN CASH PRIZES

FOR THE BEST ANSWERS EXPLAINING THE MYSTERY OF THE "HIDDEN QUART" AND TELLING HOW THIS QUART BENEFITS MOTORISTS

Fact No. 1—Thousands of motorists and service station men have observed that after a car has been given its first fill of Conoco Germ Processed Motor Oil and is driven 200 to 350 miles, a look at the crankcase gauge shows that about one quart of oil is apparently missing... but

Fact No. 2—These same people have noticed that on the second and later fillings with Conoco Germ Processed Motor Oil, scarcely a drop of oil will disappear during the first 350 miles and practically none at 500 and up to 1,000 miles!

THE above facts have been checked by actual tests with cars that use six quarts of oil for the crankcase, cars in good mechanical condition and driven at ordinary rates of speed. These facts will also prove true for your car, in proportion to the amount of oil your

crankcase usually holds, your car's mechanical condition and the speeds at which you drive. What becomes of the "hidden quart"? The answer is easy if you study the Facts given above and keep in mind the things that only

Conoco Germ Processed Motor Oil can do. The explanation of the whereabouts of the "hidden quart" is simple — no technical knowledge of motors or oil is necessary.

Remember — The "hidden quart" of Germ Processed Oil does not escape through leakage... does not burn up, wear out, evaporate. It is "present but unaccounted for." Fact No. 2, given above, proves all this.

After you've found where the "hidden quart" goes, you can easily see the special benefits it gives the motorist—advantages that no other oil can give.

Ask at any Conoco Station or Conoco Dealer for free entry blank, which contains information about Conoco Germ Processed Motor Oil that may help you win. Conoco Station and Dealer employees will gladly answer your questions. Remember, you do not have to buy anything to enter this contest... Any Conoco Station or Conoco Dealer will give you, free of charge, a convenient Official Contest Entry Blank for writing your answer.

Answers written on one side only of any plain white paper will be accepted as accredited entries in the contest. But we recommend that you secure an Official Contest Entry Blank, which gives valuable information about Conoco Germ Processed Motor Oil and its operation in motors—clues about the "hidden quart" that may help you write an answer that will win a prize.

THE QUESTION

"What becomes of the 'hidden quart' and how does this quart benefit the motorist?"

COMPLETE RULES OF CONTEST

- Answers may be any length not exceeding 200 words; length of answers will not determine winners. Write answers on Official Contest Entry Blanks preferably, or on plain white paper. Conoco Stations and Dealers will give you an Official Contest Entry Blank free. Elaborate presentations of answers will not count in your favor.
- Write your answer in plain, simple language. Technical terms or special scientific knowledge will not influence the judges.
- Contest closes midnight, Sept. 28, 1931, and no entries bearing postmarks after midnight, Sept. 28, 1931, will be accepted.
- Contest open to everybody except employees and executives of the Continental Oil Company, Conoco Stations, Conoco Dealers and the Company's advertising agency, and their families.
- In case of tie, both contestants will receive full amount of prize tied for.
- You do not have to use or purchase Conoco Germ Processed Motor Oil or other Conoco products to compete for prizes.
- All entries submitted, whether or not they win prizes, become the property of the Continental Oil Company and may be used in advertising without payment, and none can be returned to senders.

October 15 is the last date on which state and county taxes may be paid without penalty, Assistant Tax Collector S. T. Elza points out. Only a 10 per cent fee has been added for 1930 tax delinquency since a legislative ruling was passed early in the year, but the full delinquency clause will take effect after the middle of next month. Mr. Elza reports that taxes have gradually trickled in this summer, but that they will fall woefully short unless substantial payments are received within the next month.

Snyder Dentists To Be Plainview Guests Two Days

Dr. Sed A. Harris, secretary and treasurer of the West Texas Dental Society for a number of years, and Dr. J. G. Hicks will attend the society's twenty-first annual session at Plainview Friday and Saturday of this week. Dr. Harris has been in charge of programs, badges and other items incident to the convention. All sessions will be held in the Elks Club rooms, and the Hilton Hotel will be headquarters. Dr. J. St. C. Boyer, Anson, president, will open the convention at 9:00 o'clock Friday morning, and business sessions will be continued until 10:30 o'clock. An illustrated lecture by Dr. George H. Mensel, president of the society, El Paso, will conclude the morning meeting. Lunch will be had jointly with the Kiwanis, Rotary and Lions of Plainview.

Five West Texas dentists will be in charge of a general clinic from 2:00 until 4:00 o'clock in the afternoon. A golf tournament, swimming contest, chicken barbecue and dance will follow.

A business session at 2:00 o'clock Saturday afternoon will conclude the convention.

Womack Infant Is Buried Here

Funeral services for the infant boy of Mr. and Mrs. Zeb Womack of Big Springs were held here Friday, September 11, at the Snyder cemetery. Rev. Philip C. McGahey officiated and arrangements were in charge of the Odum Funeral Home.

The water mains in Canyon are to be extended at a cost of \$18,000.

RUPTURE Expert Here

C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in Sweetwater, Monday, Sept. 21, at the Blue Bonnet Hotel from 10 a. m. to 4 p. m. Please come early.
 Mr. C. F. Redlich says: "The Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a very short time.
 The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort and detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.
 Stomach troubles, backache and constipation, nearly always a consequence of rupture, promptly disappear.
 Bring your children. According to statistics 95 per cent recover by our method.
 Attention: You cannot fit yourself with appliances sent by mail. It requires personal attention by an expert to obtain lasting results.

Anderson Thinks Tiger 11 Is Better Than Last Year

Prexy Anderson, the most read man in West Texas during football season, believes the Tigers were as good Friday night as they were at the top of their 1930 stride. The Abilene sports scribe has his sights too high, in our humble opinion. The Tigers were just about as good Friday night as they were when they played their first 1930 game—but no better, if our eyes are not bad.

But Prexy has plenty to say about the 1931 Tigers. Here it is:

This department hereby institutes a Snyder-for-Class-A campaign. Last December we glimpsed the Tigers in action at the regional Class B final and were amazed at their size, speed and class. It's only a happen-so, we thought, the sort of team that comes to a B division school once in an age. Then Snyder bobbed up here Friday night to play Winters, a team above the average. With only four letter men enlisted, with only three weeks of training behind them, the Bengals were just about as ferocious as they were at their 1930 peak.

There is no doubt Snyder could deliver against a number of Class A teams. Red Moore may have picked too stern a test in the Sweetwater Mustangs, halfblooded as one of the state's mightiest schoolboy contingents, but anyhow the teams are going to play on September 25, and the Snyder constituents are intently antcipating the encounter.

Mrs. Dowdy Will Be Writer at Fluvanna

Mrs. Clarence Dowdy is the new Times correspondent at Fluvanna. She succeeds Miss Burline Boynton, who will teach in the Clairmont school this year.

Fluvanna has been represented so regularly in the columns of The Times that folks in the north end of the county certainly miss the news when it doesn't come every week. The beloved Rev. Jas. H. Tate was correspondent there for some time. Just as the publishers considered themselves fortunate in securing the services of Miss Boynton, so do they feel fortunate in adding Mrs. Dowdy to their corps of writers.

Rev. O. P. Clark, presiding elder of the Sweetwater district, will conduct the service at the Methodist Church Sunday morning at 11:00 o'clock.

This will probably be Rev. Clark's last visit to Snyder for a long while. Pastor Cal C. Wright urges everyone to attend.

Weatherford ships from 20 to 30 carloads of turkeys to the northern and eastern markets every year.

Coleman Fair Planned.

Secretary Sim O'Neal of the chamber of commerce today announced that the third annual Coleman County Fair will open with a street parade at 10 o'clock the morning of October 7, headed by Governor Ross Sterling, bands from neighboring towns and visiting delegations. Immediately after the parade Governor Sterling will address the people at the grand stand at Fair Park at 11 o'clock. Governor Sterling has given assurance that he and Mrs. Sterling will be here unless providentially hindered.—Coleman Democrat Voice.

Good Willers at Post.

Post will be visited by one of the four good will automobile caravans that are to be sent out in the next two weeks from Lubbock advertising the Panhandle South Plains Fair. The trip here will be on Friday, September 18, and the party is scheduled at 9:15 a. m.—Post Dispatch.

School Standards Stressed.

The faculty of Electra Public Schools enjoyed one of the most successful sessions of teachers' institutes ever held here, Saturday, according to a general consensus of opinion of its members. The Saturday morning session opened

at 9 o'clock with Superintendent B. M. Dismore presiding. Every member of the 1931-32 faculty was in attendance, and Harvey Stanford, head coach in boys' athletics, addressed the assembly on the subject of "The Value of Athletics to the School." He stressed the physical, mental and moral development of adolescent youth through school athletics.—Electra News.

Great Donley Exhibits.

The outlook at the present points to one of the most complete and finest agricultural exhibits ever to represent Donley County will be shown at the Tri-State Exhibition and the State Fair at Dallas this fall. County Agent T. R. Brown and chamber of commerce secretary, G. L. Boykin are especially optimistic over the prospects of a prize winning exhibit.—Clarendon News.

Corn for Charities.

One hundred cans of corn have been prepared by Reagan Reed for use this winter by the United Charities Association. The cans were donated by the ladies of the Union community, and the corn and canning by Mr. Reed, with the Slaton Motor Company and the Slatonite office furnishing the labels for the cans.—Slaton Slatonite.

Sudan Co-op Planned.

An executive committee was named at Plainview Wednesday to effect the organization of a Sudan growers' co-operative association. This action was taken at a meeting of growers and business men, following several similar meetings that have been held in various local-

ties.—Lamb County Leader.

Big Fair at Canadian.

The 1931 Hemphill County Fair looks like it might surpass any previous exhibition of its kind held in Canadian. Plans for the fair, which will be held Friday and Saturday, September 18 and 19, in the City Auditorium, are about complete. Ten communities have already signified their intention of bringing community exhibits to the fair. This will be the largest exhibit ever shown in this class.—Canadian Record.

Floydada in Rate Fight.

The City Council of Floydada embarked on its electric rate-fixing fight with the Texas Utilities Company at the regular meeting Tuesday night of last week, setting up a schedule of rate which J. B. Scott, general manager of the company, gave notice would not be accepted. The ordinance setting up a new schedule of rates for gas service was not adopted at the meeting, action being deferred to a future date.—Floyd County Hesperian.

A Confident Merchant.

Confidence in the return to normal markets is being evidenced by B. A. Hallum of this city, who has converted part of the Brady Auto Company garage into storage for oats and barley. The north wall, together with the west and east ends of the building, form three sides of the immense bin, while shipload nailed to 2x4 studs have closed in the remaining, or unloading side, and the garage roof provides protection from the elements.

—Brady Standard.

Rural Schools Rebudgeted.

School teachers and trustees will keep a sharp eye on the expenses in Brown County rural schools this year. The budget this year is based on receipts and disbursements for last year. Teachers will have to stay within last year's limit because additional vouchers will not be granted by the county superintendent's office over last year's figure.—Brownwood News.

Tarrant County's tax valuations are \$190,000,000 for 1931.

Amarillo has the largest highway underpass in Texas. It is 770 feet long, connects two main portions of the city and carries the traffic of eight state highways. Three hundred carloads of steel and concrete were consumed in its construction, and it cost a quarter of a million dollars.

Never Before Has There Been So Forceful a Lesson Brought To Young Men and Women.

The depression has convinced them that they must get a superior practical education if they hope to succeed in any line of endeavor. The five Byrnes Colleges are giving such a training at a reasonable cost and on terms that are reasonable and business-like. Instead of cutting our courses we have strengthened them. The better trained gets the better positions. Business men pay according to the profit there is in your service.

Drive in and visit one of the Byrnes Colleges located at: Dallas, Houston, San Antonio, Fort Worth and Oklahoma City. A personal interview with the President, or principal will help you to intelligently select your course of study and work out your plan of payment. A young man came into one of our schools this week and said he had been corresponding with us for some time about a Complete Business course and that he never would have gotten just the course and made the satisfactory arrangements he did if he had not come in and had a personal interview with the President. Fathers and mothers often come in and complete the arrangements for their son or daughter to take up their practical, specialized education upon which much of their future life's work depends. They like to see the men and women to whom they are going to entrust their boy or girl, see the school, or are to work to earn their board and room. We want you to come and see for yourself. We are pleased to take plenty of time explaining everything to you and help you select the course that will best fit you for the position you desire.

H. E. Byrnes, President, of the five Byrnes Commercial Colleges located in large employment centers: Dallas, Houston, San Antonio, Fort Worth and Oklahoma City. Get the best, it will pay you dividends for some 10 years of your active business career.

Mr. and Mrs. J. O. Sheld and family visited Mr. and Mrs. L. M. Irion and family Sunday.

Chlole and Prentice Smith visited Nila and Dick Irion Sunday afternoon.

Smith was visited by his father, Jake W. Smith, south of Snyder.

Dick Irion spent Saturday night with Gerald Sheld, of Snyder.

The farmers of this community are all starting to picking their cotton.

Miss Joyce Clarkson is visiting her sister in Dallas and she is going to school there.

Miss Jennie Bates is going to school at Berger.

Miss Mary Holt has returned home from school.

COUNTY LINE

Mrs. Dick Hardee, Correspondent

Our people are still wishing for a rain, not so much for the crops, but for stock water. Quite a few wells are falling and stock water is getting scarce. A rain would do more damage than good now, so so much cotton is open. You can see pickers in almost every field these mornings.

Lloyd and Miss Charlie Ritchey visited at Buntce, New Mexico, last week.

Burr Brown and wife of Westbrook, Wesley Thompson and family and Bill Thompson and family of Vincent, were visitors in the Sam Brown home last Sunday.

Billy Erwin visited his grandparents at Westbrook last week.

Little Leland McCarty had the misfortune of getting his arm broken last week but he is doing nicely at this writing.

Grandmother Clark, who has been with her daughter, Mrs. Jim Allen, returned to Rising Star last week.

Alvie Lewis, his wife and baby, and Mr. and Mrs. Bynum spent a most enjoyable time on a fishing trip on the Concho last week.

Grandmother Stryker left last Wednesday for a visit with her son at Clifton.

Silas Devenport and family of Evans Creek, were visitors at Sunday School last Sunday. Mr. Devenport's talk was enjoyed very much. The following officers were elected for the Sunday School: George Madison, superintendent; Ed Mann, assistant superintendent; and Elizabeth Caruthers, teacher of the card class.

Margaret Duke of Snyder spent last week-end with Mrs. Dick Hardee.

Sam Brown and Crockett made a business trip to Sweetwater last Wednesday.

Mrs. Lankin and daughter of Dallas, Mrs. Langster and son of Waco, visited their sister, Mrs. P. Patten, last week.

Zona Erwin spent part of last week with her grandparents of Colorado.

C. A. Richey and Floyd made a business trip to Commerce last Monday.

Our Willing Workers Club met with Mrs. Madison last Tuesday with 15 workers present. Our work was working Dutch girls and but-terflies. The visitors were Mrs. V. Lloyd and Mrs. Cupp of Colorado, and Mrs. Bynum. Our club decided we would disband until after cotton picking was over, as quite a few of our members are planning on picking and the cars would be in use hauling cotton. Our club hadn't weakened one bit and we plan to start up later, for we feel like our club has been a great help to our community and we surely did have some enjoyable times being together.

Vaunelle Erwin entered school at Colorado last Monday.

Mr. and Mrs. Frank Dunn returned last week from a visit at Santa Anna.

Dad Erwin and Grover made a flying trip to Martin County last Sunday.

I extend to our new correspondents a hearty welcome into our circle. We missed Miss Ethel Verle's letter in last week's news. She has been so prompt with her letters. Ethel Verle told me she was going to school at Snyder and had been unable to get a representative from Ira. I wish some one would take her place, for we need a correspondent from that place. I surely did enjoy the poetry, "The Guiding Star," by Mrs. Abernathy in last week's paper. I enjoy her poetry so much.

Quite a few from our community are planning on attending the singing at Ira each Sunday afternoon. The class was organized last Sunday. I'm sure that everyone will enjoy it. There are enough people at Ira to have a real singing class if everyone will come and help out and I'm sure that they will.

ENNIS CREEK

Practically all the farmers in our community are busy pulling this week. The drought cut the cotton short this year.

Mrs. Frank Wilson suffered a serious attack of appendicitis Sunday night, and has been in a critical condition ever since.

Miss Lil Jo Wilson of Snyder visited with Mr. and Mrs. Frank Wilson last week.

Dale Rains has typhoid fever. He was resting well at the last report, and hope to see him up and going again soon.

W. A. Wade and family spent the day with Jim Galyean and family in the Independence community Sunday. Lottie Galyean returned home with them.

Manly Chandler spent last week-end with Cecil Wood in the Wood-ward community.

Mr. and Mrs. Bobbie Adams and children of Ira visited with Bob Niles Sunday.

Thurman and Shot Allen of the Lloyd Mountain community were visitors in our community Sunday.

Taney Rainwater was a guest of T. B. and Travis Green at Snyder Saturday.

Mr. and Mrs. John Floyd and children of Strayhorn spent the day in the W. W. Floyd home Sunday.

Bill Stone has moved from the B. M. West place to the Ernest Taylor farm.

John C. Darr and Miss Jessie Fay Todd were married Sunday morning, September 6, at 10:30 with Rev. M. H. Hudson performing the ceremony at his residence. They left at 2:00 p. m. for Big Spring, where they will make their home. Miss Todd is a graduate of the Hermleigh high school. Mr. Darr is employed by the Shell Pipe Line Company at Big Spring. We join their many other friends in wishing for them much happiness and success.

Mr. and Mrs. O. B. Carthen of Sweetwater have announced the arrival of an 11 pound girl who made appearance Tuesday, September 8. Her name is Dorothy Rose.

Mr. and Mrs. Emmett Shaw and the former's parents, Mr. and Mrs. F. A. Shaw, moved in the J. W. Wenken residence last Thursday.

School was closed here Friday on account of the need for the children in the fields.

Mrs. K. B. Rector left Saturday for McCauley to visit her sister, Mrs. George Mabery, who has a new baby girl.

Mrs. A. A. Bullock and daughter, Frances, of Snyder, visited their parents and grandparents, Mr. and Mrs. J. M. Appleton, Saturday.

The writer enjoyed a visit in the Times office Friday and Mr. Jones began to talk about pie the first thing I thought he ate enough at the picnic to last him until the next meeting didn't you, correspondents? J. C. Smyth states that the only thing he didn't like about the picnic was that he didn't get enough to eat because he had to take up the biggest part of his time serving as water boy. You know, I think that we should fix up a special plate for Mr. Smyth the next time. What do you say?

If the correspondents who were unfortunate enough to miss the picnic read Mrs. Dick Hardee's and the editor's articles about the picnic and the names of those present in the secretary's letter, they should feel like they were there too. But they can't imagine how nice our editors were to us, and how we enjoyed those good eats, melons and drinks.

Idus Holamon, Mrs. D. Willet and Oscar Willet of Brown County, brother, sister and brother-in-law of S. E. N. Holamon, visited him last week. They brought a truck-load of supplies, including flour, sugar, meal, dried and green peas, and more than 100 cans of fruits and vegetables, besides various other supplies, such as linens, etc.

The neighbors and relatives harvested S. E. N. Holamon's feed last week. Those assisting were Messrs. Roy Caston, Marvin Snowden, R. Groves, Willie Sturdivant and son, Charley Gleastine, Ray and Vance Clift, Idus Holamon and Oscar Willet. Mr. Willet remained to gather the cotton.

Doris McMillan, who has been working in Fort Worth for several months, returned home Saturday to remain.

Mr. and Mrs. J. W. Smith and son, Joe, and Mrs. Nola Smith returned home last Thursday from Richmond, where they visited their son, brother and husband, August Smith.

Several enjoyed the music Friday night in the A. A. McMillan home, which was furnished by Jack Ward and Elmer Abernathy.

Mr. and Mrs. J. H. Lynde had as their Sunday guests, Mr. and Mrs. Serling Williams of Hobbs, and Mrs. W. A. Bellar of Pvron.

Mr. and Mrs. W. A. Vernon and children of Sweetwater spent Saturday and Sunday visiting relatives here.

Mrs. M. U. Vernon and daughters, Lois and Chlole, and Miss Gaynelle McMillan enjoyed the four-county singing convention that was held at Loralne Sunday.

Hermleigh Writer Calls.

Miss Minnie Lee Williams, Times correspondent at Hermleigh, is a pleasant visitor at the office Friday. She was worried about Willard Jones, who ate so much at the recent picnic for correspondents, that he was not expected to survive. "I certainly enjoy getting the news," said Miss Williams, "and I want Hermleigh folks to send me every item that they can get."

FLUVANNA NEWS

Mrs. J. C. Dowdy, Correspondent

Fluvanna's public school doors opened Monday morning, September 14, with a large attendance of parents and school children. A special program was rendered. The following is the program. Song by the audience. Prayer by Rev. Nipp. Talk by Rev. Nipp. Talk by Pat Bullock, introduction of new teachers, F. R. Bussey Jr. of Timpon and Leo Beaver of Fluvanna. Talk by Jake Smith. Special announcements for registration by E. O. Wedgeworth. Great interest was made manifest by the patrons, children and parents. If we will abide by Mr. Smyth's recipe for "smiles" we will have one of the greatest school years that we have ever had, in spite of the depression.

Plans for reorganizing the P. T. A. will be perfected next week. The time of our first meeting will be made known at a later date.

Mr. and Mrs. J. R. Patterson went to Snyder September 7 in order to put their children in a nine-months school, not knowing at the time that Fluvanna was to have a nine-months school. We surely hate to lose the Patterson family, but our loss is Snyder's gain.

J. W. Clawson and family are moving to the Will Noel house this week.

Mr. and Mrs. O. A. Sewalt have moved to Post to enter their daughter in school.

T. J. Ward, district sanitarian, will be in our community Thursday to test the city water and see about some other of the sanitary conditions. Those who wish to see Mr. Ward, see Mrs. J. C. Dowdy for an appointment.

Mr. and Mrs. J. R. Patterson of Snyder were visiting here Sunday. Mrs. Patterson also attended the school opening here Monday morning.

Rev. Charles Johnson of Abilene will preach at the Church of Christ Sunday. Everyone is invited to attend. Sunday School at 10:00 o'clock and preaching at 11:00 o'clock. Mr. Johnson is to preach every third Sunday of each month.

Mrs. J. Z. Mills of Woodville is visiting her mother, Mrs. Johnson, and sister, Mrs. R. D. Sherrod.

Mrs. John Zolman and Mrs. J. S. Drennan of Hermleigh were visitors of Mrs. W. A. Hunter Sunday afternoon.

Mr. and Mrs. Earl Hunter and children attended the funeral of their brother-in-law and uncle, George Carroll, at Colorado Tuesday afternoon.

Miss Arvie Bishop spent the week-end with homefolks at Vincent.

Mr. and Mrs. W. A. Hunter and little daughter and W. A. Johnston spent the latter part of last week in Roswell, New Mexico. They brought 25 bushels of apples back with them.

Miss Oleta Westbrook is boarding with her aunt, Mrs. Ellis Parker, and attending high school at Iraan. Large crowds have been attending the Christian meeting, with Rev. J. D. Harvey of Colorado doing the preaching. There have been visitors from adjoining communities and from Snyder and Colorado. The meeting will continue through this week.

Bill Woods' car was stolen while he was at Ira the other night and was later found near Snyder—or rather, the remains were found, as it had been burned. No trace of the thief has been found.

Many thanks, publishers, for the Palace Theatre ticket. This makes four tickets which I have received.

GAS OFFICIALS MEET WITH BUSINESS MEN

Two officials of the Community Natural Gas Company who met Monday afternoon with members of the City Council and several other local business men declared that it is impossible to reduce rates here without jeopardizing their entire service.

The meeting was called at the instance of the two representatives, M. L. Byrd, assistant to the vice president at Dallas, and L. M. Scholl, Sweetwater, district manager, when it was learned that complaints had been heard from various local sources concerning excessive rates.

A comparative rate chart in the Chamber of Commerce office shows Snyder has a rate as cheap as any other West Texas town, despite the fact that it is on a "dead-end" line out of Colorado. Among the West Texas towns that have the same rate as Snyder are Colorado, Balinger, Lorraine, Merkel, Sweetwater, Thent, Winters, and others. This rate is 6 1/2 cents net per 1,000 cubic feet, plus a 50-cent service charge, with a \$1 minimum.

West Texas towns that are paying 7 1/2 cents per 1,000, with a \$2 minimum, include Anson, Benjamin, Goree, Hamlin, Haskell, Munday, Roby, Seymour, Stamford and Weimert. The rate applying to the larger cities of Dallas, Waco and Fort Worth is \$1.25 net for the initial 1,000 cubic feet, and 6 1/2 cents per 1,000 a rate slightly higher than Snyder's.

"The line was not laid to Snyder at the time the service was given to Sweetwater and Colorado," the officials reminded, "for the reason that the investment necessary in the tap line, for the number of customers to be obtained at that time, was too great. We were then appealed to in numerous instances from leading citizens of Snyder to bring a supply of gas to the town, and the investment was made largely on future possibilities.

"The dry seasons since that time have been very detrimental to our business; and obviously we are, as far as this particular investment is concerned, in a worse condition than many of the other Texas towns."

More than 30 other West Texas towns have protested gas rates by way of their newspapers, civic organizations and other factors. The officials are visiting the other complaining towns to attempt to prove that lower rates are impossible as conditions exist.

Snyder Takes

Continued From Page 1

without being touched.

McClinton Snyder backfield captain and safety-quarterback, furnished one of the prettiest runs of the evening when he shimmied his way through eight or 10 tacklers for a 38-yard punt-return touchdown.

Theo and Byrl Rigby, who came to these parts from Lamesa, proved themselves ball-toting and blocking experts, who should make sensational running mates for McClinton and Howell, who have apparently improved in all departments since the Albany rout last December.

Line Punched Hard

That fighting line, with gobs of weight but not much experience, featured last year's two lettermen, Jesse and Leslie Browning, and Robert Dunn, former Colorado star.

Those three boys, with Weldon Johnson, Richard Jenkins, Billy Lee, Earl White and Clint Fesmire, made up a fighting line that has lots to learn but plenty to brag about. Last year's line, one of the best ever produced in Texas Class B football, was probably not so good when the season opened in September of 1930.

Winters failed to make a first down after the second quarter. The Tiger total was nine. It was all Snyder after the middle whistle, although the fast, tough Blizzards made it a fight for every point.

That Scoring Machine.

The second Tiger tally came in the third round, after B. Rigby had raced the kickoff from the 5 to the 40 yard line. Two first downs and a 15 yard penalty for Winters put the ball on the 1 yard line. Byrl plunged it across after he had made one stab and McClinton had made one.

After the Blizzards safety man brought one of B. Rigby's pretty kick-offs 21 yards back to the 35 line, Winters was penalized 25 yards for clipping, and promptly decided to punt. Jesse Browning broke through to block and cover the kick, hoisting the score to 18-7.

Another blocked punt by Jesse helped the backfield to make the fourth marker. T. Rigby's 12 yard scramble and Winters' final end run for 15 yards turned the trick.

T. Rigby was the chief factor in making the fourth-quarter touchdown. He skirted an end for a 30 yard touchdown shortly after he became a 17 yard pass from McClinton. Falling in four attempts

to kick goal, the locals ran Theo through the line for their only after-touchdown point.

Substitutes Take the Field.

With several substitutes in action the last quarter, the Tigers made almost as much headway as they had done before. Men outside the starting line-up seeing action included Pessaire, Jones, Green, Watkins and Scott.

The line-up:

Winters—Browning, le; Adams, lt; Roundtree, lg; Key, c; Pierce, rg; Lett, re; Coley, qb; Pratt (e) lb; Dunn, rh; Baldwin, fb.

Snyder—Johnson, le; J. Browning, lt; Lee, lg; White, c; Dunn, rg; L. Browning, rt; Jenkins, re; McClinton, qb; B. Rigby, lb; Howell, rh; T. Rigby, fb.

Score by periods:

Winters 0 7 0 0—7
Snyder 8 0 18 7—31

Scoring: Winters—touchdown, Coley. Snyder—touchdowns, McClinton, B. Rigby; J. Browning, Howell 2; punt after touchdown, B. Rigby.

Referee, Cranfill (Bethany); umpire, Hicks (Southwestern); head linesman, Pratt (Texas).

CITATION BY PUBLICATION.

The State of Texas: To the Sheriff or any Constable of Scurry County: **Grating**.

You are hereby commanded to summon **Tarlie Clark** by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county newspaper; and if no newspaper is published, to answer a petition filed in said court on the 11th day of June, A. D. 1931, in a suit, numbered on the docket of said court as No. 2642, wherein **Earl Clark** is plaintiff, and **Tarlie Clark** is defendant, plaintiff's cause of action being as follows:

Plaintiff alleges that he has been a bona fide inhabitant of the state of Texas for more than 12 months, and a resident of said state and county for more than 12 months next preceding the filing of this suit; that defendant's residence is unknown to plaintiff; that plaintiff and defendant were married about the month of December, 1923; that defendant left plaintiff in the fall of 1924, with the intention of permanently abandoning him, and that she has never had any intention of living with him again as his wife.

Plaintiff says that he and defendant have one child, a boy, **Earl Clark Jr.**, who is seven years old, and that since their separation he has had the custody of said child; that defendant has been away from Scurry County practically all the time since she left plaintiff; that plaintiff is in position to raise and care for said child, and that its best interest demand that it be awarded to plaintiff.

Wherefore, plaintiff prays for a divorce, and for care and custody of his minor child, and any other and further relief to which he may be entitled.

Herein fall not, and have you before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Snyder, Texas, this 19th day of August, A. D. 1931.—**Lonis E. Darby**, Clerk of the District Court, Scurry County. 13-4tc
