"YOUR HOME COUNTY PAPER"

SNYDER, TEXAS, THURSDAY, MAY 12, 1932

NUMBER 48

FOURTH YEAR.

SCURRYLY SPEAKING

That government is best which interferes the least with rights and privileges of the individual citizen, and it should go no further than to exercise its legitimate part in preserving equal opportunities for all—Marvin Jones, our Congressman.

BY JAKE.

AFTER a two-month vacation, this column is coming into its own again this week. Unlike my candidate friends, I am not bowing, as far as I know, to the will of the people.

Only a few friends have mentioned the fact that Scurryly Speaking has been taking a vacation, and I think most of those were complimentary only for conversation's sake.

But Scurryly Speaking, for almost three years, has provided me a means of letting off steam.

It has been the petcock for some of my pet peeves and personal prejudices.

Newspapermen, especially, need to let off steam occasionally, for even an Irishman can't be pacific all the time.

Scurryly Speaking, therefore, will probably continue at regular intervals, unless I manage to open the petcock in some other direction before press day.

Scurryly Speaking has eight or ten doctors, who should be able to cope with even an aggravated case of Scurryly Speakingitis.

But, so far, their medical and surgical skill has failed to turn the trick.

Times readers must do the suffering, paradoxical as it may seem.

MY LIFE has been filled by only one dog and noted intervals. The other barking animals with whom I have been on familiar terms are just hazy memories, like modesty and my first case of itch.

Shep was one of those full-haired dogs who are supposed to be brave and intelligent and trustworthy.

He was all of that, but he was a pal to me, too, just as mongrels are pals to many another boy; just as pedigreed feists are pals to society women and mothers and dads and little girls.

When we moved to another part of the state my dad gave Shep to one of the neighbors, and I didn't know my pal wasn't going along until it was too late to do anything about it except cry.

The only reason I haven't owned a dog in recent years is because I don't have time to care for one.

But I love dogs just the same—and if you love very many people, you probably love dogs, too, for they are almost human.

Several dogs have been poisoned in Snyder recently; most of them have died.

I can think of nothing outside the realm of man's inhumanity to man that smacks so much of cruelty as the ordinary poisoning of a dog.

A few dogs deserve poisoning, of course, just as a few humans deserve to be poisoned; but most dogs are fine fellows.

If they do you some actual damage, or molest you in any way, the chances are that their owners will make it right, and keep the offenders off your premises.

A neighborly word might right the situation; a poison bowl only fans the flame.

If someone had poisoned Shep, and I knew who he was, I believe I would have detested him these 18 or 20 years.

Your neighbor's dog may be your neighbor's pal, his faithful friend; why not try striking a bargain with him, and keep your poison on your medicine shelf?

I WAS there when—A. C. Pruitt went a slouch hat every time he went to the cow pen.

Ralph Mathison invited me to eat dewberries out in his pretty patch. Joe Stinson became a golf fiend.

E. F. McCarthy fished an hour without a nibble.

Dick Randalls was nonchalant about the arrival of Jimmy's sister.

MANY PLAN TO VISIT S'WATER WTCC MEETING

One Hundred and Thirteen Towns Have Completed Affiliation With Regional Body.

Many Scurry County people began the 40-mile trek to Sweetwater this morning as official and unofficial delegates to the annual West Texas Chamber of Commerce convention.

No organized group left here today, and Friday's and Saturday's delegations will also be "on their own." But husbands bearing "Snyder" in large letters are being worn by practically all goers, with J. W. Scott, local Chamber of Commerce secretary, doing the distributing.

Houston Harde of San Angelo, president, Manager D. A. Bandoen of Stamford, and Wilbur C. Hawk of Amarillo, first vice president, arrived at Sweetwater yesterday, and a brief business session with committeemen was immediately under way, says an Associated Press report.

Bandoen said the chamber had weathered the past year, in spite of distressed economic conditions, and emerged out of debt and with a slight balance in the treasury.

One hundred and thirteen towns have completed affiliation, an even dozen more than belonged to the organization when the convention opened at Lubbock a year ago.

Governor R. S. Sterling will be one of the speakers for the opening sessions. It is reported that he may make his official announcement as a candidate for governor at that time.

Amarillo, Big Spring, Mineral Wells and San Angelo are seeking the 1932 convention.

Resolutions and recommendations coming before the committee on convention work indicated the session would be devoted largely to the chamber's program of reducing public expenditures and taxes and cutting the budgets for city, county, state and national government.

COUNTY AGAIN GIVEN SOAKING

Rains Friday, Saturday, Monday, Tuesday and Wednesday brought the county total for the past two weeks to an average of more than 3.50 inches, and kept fields and roadways soaked from day to day.

The actual rains for Snyder since last Wednesday have totaled only 1.26 inches, but they have come so slowly that practically every drop has gone into the ground. By day the rainfall was: Friday, .30; Saturday, .10; Monday, .06; Tuesday, .80. So says W. R. Merrell's official gauge.

The showers have been scattered, but every community has been visited by at least three or four inches of precipitation since the last week in April. Fortunately, no serious hail damage has come, and few sections have received rains of wash-out proportions.

Heavy rains west and south of Snyder washed out bridges on the T & P., and did serious damage in many localities.

Auxiliary Play Nets Methodist Women a \$35 Profit Saturday

"Old Maid's Convention," given Saturday evening by the Ruth Anson Auxiliary of the First Methodist Church at the high school auditorium, was a decided success.

An admission price of 10 cents brought a crowded house and a net profit of \$35. Part of the proceeds will be used for the pledge to help the missionary in Brazil, for whom the auxiliary is named.

Mrs. P. W. Cloud directed the novelty play, and Mrs. J. G. Hicks was business manager.

School Closing Exercises Being Held Throughout the County This Month

Old Mother Scurry County is primping all her school children for the time of their young lives this month, for schools from one corner of the county to another are getting ready to close their doors.

In fact, two or three schools have already closed.

For the most part, graduating exercises and other school closing programs are being planned almost as fully as in former years. At least one play is being given in practically every community, and in a few places two plays are being planned.

The annual seventh grade graduation exercises for all schools of the county will be held in the Snyder High School auditorium on Thursday evening of next week, with George Mahon, district attorney, bringing the principal address.

The Dunn business service will be held Sunday, with Rev. J. P. Magee, pastor of the Methodist Church, delivering the sermon. The commencement exercises will be held Friday evening, May 20, with A. A. Bullock delivering the address. Jessie Hanson is valedictorian, and Edna Murphy is salutatorian.

Bethel school will feature "Fun

Another Record Is Broken by Writers

Rural correspondents of The Times broke another record last week, when 35 of them sent news letters to their Home County Paper.

The average for the past several months has not fallen below 30 letters, and the spring months have seen a gradual increase over any other months in Times history.

The publishers continue to believe that a county paper should serve all the people in the county, and they have every intention of using an increasingly large number of fine news letters for the benefit of Scurry County communities.

LOCAL RACERS RATE THIRD AT LEAGUE MEET

McClinton Leads Low Hurdles, While Howell Takes Second And Fourth in Dashes.

Climaxing their school's greatest athletic year, Bedford McClinton and Buck Howell last Saturday captured third place for Snyder in the state Interscholastic League track meet at Austin.

McClinton was not even pressed to win the low hurdles event in 24.8 seconds, two seconds more than he used to top qualifiers in the meet's opening rounds. He was third in the event at the state meet last year.

Howell was only a stride behind the winner of the 220-yard dash, and no other runners were near the two pace-makers. Hebling of North Side, Fort Worth, was timed at 21.6 as he won the race. Howell took a fourth place in the 100-yard dash, which was won by Hebling in 10.14.

Sherman's winning track team garnered only 13 points, while Hebling was giving North Side second place with 10 points, and the McClinton-Howell combination was bringing nine points and third place to Snyder.

Clint Pesante, third member of the local squad, failed to qualify in the 880-yard run.

By taking third place in the meet, Snyder topped the West Texas list, and likewise became one of the smallest schools in the state ever to place so high in the state event. The placing climaxed the greatest track season in local history. Second place in the San Angelo invitation meet, first place in the Tech Relays at Lubbock and first place in the district meet top the Snyder victory parade.

Ashley of Dunn, who was winner of pole vault at the district meet, failed to appear at Austin.

McClinton took the low hurdles crown immediately after he had come in at fifth place in the 100-yard dash. Howell's single point in this event, for fourth place might as well have been two or three points, declares "Red" Moore, the coach, who says second, third and fourth runners were almost abreast when they struck the tape.

Kat Klaw Golfers Rained Out Sunday In Lamesa Match

Snyder's Class B golf team, a member of the newly organized Kat Klaw Golf Association, went to Lamesa Sunday for their first scheduled match, but sky-juice fell in torrents throughout the afternoon, causing the match to be postponed.

Just when the match was played has not been definitely decided.

Results of the other matches in the association played Sunday afternoon were: Stanton 36, Seminole 8; Brownfield 29, Tahoka 15.

Snyder's Kat Klaw Golfers will be hosts to Stanton Sunday afternoon in their second scheduled game, and the general public has a cordial invitation to witness the matches.

School Closing Exercises Being Held Throughout the County This Month

In a Chinese Laundry," a two-act play, Friday evening. The county superintendent will speak during the program. Eight students will take part in the county-wide seventh grade exercises at Snyder Thursday evening, May 19.

Strayhorn school was closed last Friday evening, with a program at the school house. Threatening clouds cut the program short.

Little Sulphur school will celebrate the closing of school Friday evening of next week by staging a free-for-all picnic.

China Grove will close its school doors Friday evening of this week, when a program will be rendered. A. A. Bullock is scheduled to speak.

Fluvanna closing exercises will begin Saturday night, with the senior play, "Zippy." Rev. Frank Storey will preach the graduation sermon Sunday, May 22, and John H. Morris of Abilene Christian College will give the commencement address on May 27.

Tra and Hermaligh schools will be continued until the first week in June.

Crowder is listed among the schools to close Friday evening of this week, but nothing is known of the program.

"BACKWARD, TURN BACKWARD . . ." - By Adams

This is the second Guy Adams cartoon published by The Times. The story in picture leaves nothing untold . . . but you might tell Guy how much you enjoy his clever pencil pushings. There may be other cartoons by Adams in The Times.

FINAL SCHOOL DAYS PLANNED

With the delivery of the graduation sermon for local seniors Sunday evening in the high school auditorium, the beginning of the end will really begin. Rev. Philip C. McGahey will preach. All churches of the town will dismiss for this 8:00 o'clock service.

Regular examinations will begin Monday, the seniors completing theirs this week.

Seventh grade graduation exercises will be held Thursday evening, with other schools of the county cooperating. Miss Vernelle Stinson is assisting A. A. Bullock, county superintendent, in arranging the program. George Mahon, district attorney, will be the principal speaker.

The final program will come Friday evening of next week.

Death Takes Mother Of Snyder Citizens At Home in Anson

Mrs. A. B. Ely, 73, resident of Jones County for more than 25 years, and the mother of W. J. and L. G. Ely of Snyder, died at the family home in Anson Monday morning. She had been in failing health for several years.

Funeral services were conducted Tuesday afternoon at the Anson Methodist Church, with Rev. C. W. Young of Hermaligh, Rev. A. B. English of Anson and Rev. S. H. Young of Snyder officiating. Burial was in the Merkel cemetery.

Besides her husband, Mrs. Ely is survived by five sons, G. W. Ely of Sweetwater, A. L. Ely of Anson, L. G. and W. J. Ely of Snyder and J. W. Ely of Abilene, and five daughters, Mrs. G. W. Cook and Mrs. Harry Marvin of Anson, Mrs. Cecil Horris of Hodges, Mrs. Robert Eidson of Sylvester and Mrs. Roy Bussey of Abilene.

LOCAL GOLFERS IN PLACE NO. 4

Snyder golfers climbed into fourth position in the Sand Belt Golf Association ladder by defeating the Odessa crew Sunday afternoon at Odessa. Points were: Snyder 29, Odessa 15.

It was the third game of the schedule and was played over a rain-soaked course which caused medal scores to mount. The match was interrupted at the half-way mark and all club welders took shelter in parked automobiles while a terrific hailstorm raged for about 10 minutes.

In individual matches Fish defeated Shuffler, one up, 19 holes; Cloud lost to Neal, two and one; Roberts defeated W. T. Henderson, one up; Raybon defeated Piques, three and two; Hagan defeated M. Henderson, three and two; Hicks won over Frank, one up, 19 holes; Cloud lost to Meade, one up; Blackard defeated Elliott, three and two.

In the foursome parings Fish and Cloud were defeated for low ball by Shuffler and Neal, one up; Roberts and Raybon defeated W. T. Henderson and Piques, one up; Hagan and Hicks won over M. Henderson and Frank; Dodson and Blackard defeated Meade and Elliott.

Season's standing throughout last week's matches are: Lamesa 90, Big Spring 82, Midland 80, Snyder 67, Cotador 66, Sweetwater 58, Texon 58, and Odessa 31.

Results of last Sunday's matches of other clubs in the association were: Lamesa 29, Sweetwater 15; Big Spring 25, Midland 19; Colorado 29, Texon 15.

Snyder's next match will be with Texon on May 22, and probably will be played on neutral ground, at Big Spring or Midland. The local team will be host to Lamesa on June 5.

Club officials have asked that The Times extend a cordial invitation to everyone to witness all matches on the local course. The entrance gate to the club grounds is always left open when tournament matches are being played in order to allow visitors to come out and witness the matches.

Rain Spoils P.-T. A. Play Friday Evening

Threatening weather, with flurries of rain, played havoc with the P.-T. A. play, "Marrying Off Father," in the high school auditorium Friday evening.

Nevertheless, a good crowd attended, considering weather and conflicting attractions. The play itself was a treat, and music by the high school band, plus songs and dances by Empress Lucile Wolcott, and a concert solo by Bob Hamilton, were also featured.

Carriers to Abilene. County mail carriers are making plans to attend the district organization of National Association of Letter Carriers, which convenes in Abilene May 21. Visitors are expected from Sweetwater, Big Spring, Ballinger, San Angelo, Eastland, Cisco, Brownwood, Coleman and Stamford.

Fowl Proceedings For Camp Springs

Mrs. Eloie Basham, Camp Springs storekeeper, keeps other things besides stamps and post office paste. Besides groceries, a hen and adopted kittens occupy an empty fruit box. Mrs. Basham left a cat, plus kittens, in an empty box recently, but on returning found a hen with a queer complex hovering the kittens—the cat having retired meowingly, and the complex made it fowl proceeding.

"Believe it or not," a queer spot for a motherly cluck is a chicken persuading the cats to scratch mice. Thus let be known all kittens by these hen pecks.—Per L. G.

SCHOOL BOARD AGAIN SLASHES ALL SALARIES

Practically Entire Snyder Faculty Re-Elected for Grammar and High School Places.

Salaries of all teachers in the local school system were reduced from 10 to 20 per cent Tuesday night, when the board met in its regular monthly session.

Along with the far-reaching economy move, the trustees re-elected practically every teacher in grammar school and high school.

The greatest percentage of reduction was made in the salary of Superintendent Wedgworth, who voluntarily took a 20 per cent slice. He was given a 16 2-3 per cent reduction last school year, making his total reduction for the two-year period 36 2-3 per cent. Tuesday's 20 per cent cut was made in face of the fact that he signed a contract in February, when he was re-elected, calling for a proportionate reduction with other faculty members.

All teachers were given a 10 per cent reduction, which, with the 10 per cent cut made last year, reduces their salaries to the lowest level permitted if the school is to retain state affiliation of credits.

The budget for the school year 1931-32 was cut approximately \$12,000 under the 1930-31 budget. Additional economy moves recently, including the salary cuts Tuesday night, bring the total reductions for the two-year period to more than \$20,000. Other cuts in school maintenance will be made later, according to board members.

High school faculty members were re-elected as follows: R. L. Williams, principal; Otis N. Moore, coach; W. F. Cox, W. W. Hill, Miss Effie McLeod, Misses Maurine and Mattie Ross Cunningham and Mrs. J. P. Nelson.

Grammar school re-elections followed. S. J. Conest, principal; Homer F. Springfield, Misses Jo Huley, Elva Lemons, Loyce Clark, Vernele and Jeslye Stinson, Nona Carr, Opal Wedgworth, Hattie and Gertrude Herm, Blanche Mitchell and Mrs. J. P. Moore, and Misses York Lemley, Oma Ryan and Melvin Blackard.

Last Entries In Yard and Garden Drive Are Given

With final entries in the Times Yard and Garden Contest already lined up, the judges are waiting only for pretty weather to make the first of their three monthly inspections.

Season's standing throughout last week's matches are: Lamesa 90, Big Spring 82, Midland 80, Snyder 67, Cotador 66, Sweetwater 58, Texon 58, and Odessa 31.

Results of last Sunday's matches of other clubs in the association were: Lamesa 29, Sweetwater 15; Big Spring 25, Midland 19; Colorado 29, Texon 15.

Snyder's next match will be with Texon on May 22, and probably will be played on neutral ground, at Big Spring or Midland. The local team will be host to Lamesa on June 5.

Club officials have asked that The Times extend a cordial invitation to everyone to witness all matches on the local course. The entrance gate to the club grounds is always left open when tournament matches are being played in order to allow visitors to come out and witness the matches.

Only One More Day For Local Swapping

Saturday will be the last day of the exchange which has been held for several Saturdays at the Bell Flower Shop, under supervision of Mrs. W. R. Bell and women from various county communities. The exchange will be held from 2:30 to 3:30 o'clock.

Rural people, especially, are urged to come, bringing a surplus of canned goods, plants and other things for exchange with something needed in their homes.

The exchanges have been well attended, and have been worth while in every respect, according to the sponsors.

City Maintainer on Streets This Month

The new city maintainer, in all its red glory, was put on the job by Guy Adams last week. It has a six-cylinder, latest type, Buick motor, pneumatic tires and other new features. Practically all grading and other maintenance work here can be done, with one man at the controls, by this machine.

Lee Stinson, street and bridge committee chairman of the City Council, and his co-workers, believe that the maintainer will do the work cheaper, better and more quickly than any other invention on the market.

GARNER VOTES RULE RALLY OF COUNTY DEMS

Five Delegates to State Convention Unanimously Instructed to Cast Ballot for Texas Man.

John N. Garner of Texas was the unanimous choice of the Scurry County Democratic convention for nomination to the presidency of the United States, when the vote was taken in the district court room Saturday afternoon.

The five delegates who were named to attend the state rally in Houston May 26 were instructed to vote for Garner as long as his name was before the convention. A few precinct delegates were in favor of a Scurry delegation instructed to support Garner to the extent of instructing the state delegation to vote for the Texas man as long as the delegates felt that he had a fair chance to be nominated.

The convention was unified in supporting Garner, and a suggestion that a second choice be made was quickly dismissed, after a statement from the chair that the delegation should not be hampered in its support of the House of Representatives speaker.

Delegates Are Named. H. J. Brice, Joe Monroe, H. P. Wellborn, Pete Brady and J. M. Harris were nominated by the committee on delegates as Scurry representatives at the state convention, and they were accepted without a dissenting vote. Warren Dodson, J. N. Brumley and J. S. Golden composed the committee.

The credentials committee, composed of P. M. Bolin, Joe Monroe and J. S. Golden, recommended seating all delegates as named by the precinct conventions. J. H. Allen, C. H. West, and T. Corns Davis, members of the resolutions committee, reported that no resolutions were presented for the convention's consideration.

No questions outside the presidential nomination realm were considered by the convention.

Townsend Lauds Party. F. I. Townsend, county Democratic chairman, who presided, declared that the party has the best chance of nominating a president that it has since—or during—1912.

"There is no reason for bolting the party," he reiterated, "for there is not a man who has been mentioned as a possible nominee for president who would not be a standard-bearer of integrity and ability. It is an insult to the Democratic party to assume that any man who is not worthy would be nominated."

"We should be interested not so much in side issues as in things that mean bread and meat." The chairman declared those who injected false issues into the 1932 campaign, and declared that he would fight to the finish any such move made this year. "I am a firm believer in the principles of Democracy as opposed to the principles of Republicanism, for I believe that the Democratic party is the party of the great masses as opposed to the classes. I am giving my time to the best interests of the party, and shall continue to do so because I am interested in the welfare of the men, women and children of this country."

Bearing the Load. Mr. Townsend stated that one of the main things the matter with the country today is that citizens are not living up to their duties. He called the messenger attendance on precinct conventions, and promised that those who will be loudest to condemn the party will be those who had no part in precinct and county conventions.

"Every man who carry his part of the load if this country ever gets back on its feet," he said.

H. J. Brice, secretary, Dr. H. E. Rosser, J. H. Allen, Warren Dodson, J. S. Golden and Jim Reynolds were among speakers who spoke favorably of the Garner candidacy, and expressed their faith in Democratic principles.

Pyron School Girls Serve Eight Guests

Eight guests were served Tuesday evening by girls of the third year home economics class at Pyron High School, under direction of Mrs. Grady Hamrick, teacher. Fried chicken and numerous other delicacies made up the Snyder menu.

Guests from Snyder were A. A. Bullock, John E. Sentell and Warren Dodson. Grady Hamrick, Pyron superintendent, with Schley Adams, Jim Light, Jesse Young and Bernard Stinson, past and present trustees, were the other visitors.

Good-Will Group to Visit Friday, 12:10

Dallas will send a train-load of boosters to Snyder Friday afternoon for a Good-Will visit that has become an annual affair. The group is scheduled to remain here for a 45-minute visit with local merchants and others.

J. Durrell Padgett, the general chairman of the tour, requests that business men and others remain in stores so that members of the city group may call on them.

The Dallasites will be en route to Sweetwater, where they will take part in the West Texas Chamber of Commerce convention.

GRAIN O' SAND AND THE PILLS

By Lucilester Roberson
A STORY FOR CHILDREN

Grandfather Sandstone was looking down over the rim of his spectacles at the seven little grains of sand lined up before him. Of course Grain o' Sand was one of them.

"Now, tell me just which one of you was in my prickly pear orchard," he demanded.

"I wasn't, grandfather," said Bit o' Sand, in her piping voice, "cause I was over at Aunt Nancy Pebble's, playing with little Nancy."

"How about you, Grain?" asked grandfather.

Grain hung his head, for he knew that everyone remembered how well he liked prickly pears. He decided that it would be no use to tell a story, for grandfather would find out. He always did.

"Ah—us, I did go in, but I didn't touch a single prickly pear apple. Honest I didn't, grandfather."

"Well, what were you doing in there, young man?"

Again Grain hung his head. He decided to make up an excuse but then he swallowed hard and didn't do it.

"I just wanted to see if any of them were ripe," he replied.

"They aren't," grandfather told him. "All of you listen to me. Green prickly pear apples will make you sick. And just as sure as any of you have the stomach ache and wake me up, I am going to give you a tumbledweed pill. Just remember that. Now clear out of here, every last one of you, while I take my nap."

They all walked quietly away, so as not to disturb grandfather any longer. He might call Uncle Sandbur, and you know how afraid little grains of sand are of him.

"What do tumbledweed pills taste like, Grain?" asked one of his cousins.

"Oh, they aren't bad," he answered.

"As a matter of fact, he had never tasted one himself, but he wanted to appear big in the eyes of the others.

"What do they do to you?" another wanted to know.

"Why, they make you well, of course," said Grain o' Sand; "that is what all medicine is good for."

"Would you be afraid to take one?" inquired Flat Grain, so called because he was flat.

"Naw, of course I'm not," replied Grain, puffing out his chest. "I've taken all kinds of things. Even dog fennel won't cause me to make a face."

"Let me see you prove it, then," said Sharp Grain. "You've got to prove to me you can take medicine without making a face."

That was too much for Grain's pride. "Go bring anything you want to and I'll take it," he boasted.

The bride is the daughter of Mr. and Mrs. L. H. Walton, who live east of Snyder, and Mr. Hudson is the son of Mrs. M. L. Hudson of this city.

The couple is making their home in the Baptist Church met last Wednesday evening, 8:45 o'clock, at the home of Rev. Walter Deaver, Baptist minister.

Those present were Mmes. R. H. Odom, Homer Snyder, Worley Early, Wellington Taylor, John Whitmore, J. G. Hicks, V. L. Littlepage, R. E. Gray, Tate Lockhart, Ivan Dodson, Hal Yoder and Miss Ora Norred.

Man Lost 26 Lbs. Looks 100% Better

Just to prove to any doubtful man or woman that Kruschen Salts is the SAFE way to reduce—let us take the letter of Mr. F. J. Fritz of Cincinnati, Ohio, recently received.

He writes: "I've tried extreme dieting, setting up exercises with very little results—but the results from Kruschen are almost incredible. In three months I reduced from 205 to 179 pounds and feel stronger than ever—no more wheezing or gasping for breath. Friends say I look 100 per cent better."

Bear in mind, you fat men, that there is danger in too much fat. Try the safe way to reduce—one-half teaspoonful of Kruschen Salts in a glass of hot water every morning—cut down on fatty meats and sweets—one bottle that lasts four weeks costs but a trifle. Get it at Stinson Drug Company's two stores, or any drug store in the world. D-1

Altrurians Daughters Hostesses to Mothers, Friends and Altrurians

The Altrurian Daughters Club entertained Monday evening honoring their mothers, friends and members of the Altrurian Club at the beautiful home of Mrs. J. C. Stinson, 2907 Avenue U.

A profusion of roses of various hues and crimson poppies were very attractively arranged about the entertaining rooms.

Assisting Mrs. Stinson and her daughter Mrs. J. D. Scott, in receiving were members of the hostess club: Misses Polly Porter, Ola Lee Cauble, Mary Harkey, Grace Avery and Dorothy Strayhorn; Mmes. Elmer Spears, P. W. Cloud, Herbert Bannister and Max Brownfield.

A welcome was given to the guests by Mrs. Scott, president of the Altrurian Daughters. "Mother March" and "Grandma" were sung by Miss Dorothy Strayhorn, accompanied at the piano by Mrs. Elmer Spears. Mrs. P. W. Cloud gave a musical reading, "What Is Home?" with Mrs. Spears accompanying at the piano. "Callis" by Albertz was a piano solo played by Mrs. Spears, accomplished pianist. "Memories" were related by Mrs. Max Brownfield, after which Mrs. Violet McKnight sang "That Wonderful Mother of Mine," accompanied by Mrs. Spears.

Like ice, angel food squares and mints carried out a pretty pink and green color scheme in the refreshment. Plate favors were tiny rosebuds and fern tied with green ribbon.

Guests were Mmes. J. P. Avery, J. M. Bannister, R. C. Grantham, F. M. Brownfield, W. H. Cauble, R. E. Gray, J. W. Scott, C. E. Ferguson, Woodie Scarborough, S. F. Robert H. Curnutte Enters Politics As Seeker of Judgeship

A number of my friends from various parts of the county have asked that I submit my name to the voters of Scurry County for the office of county judge.

Under present conditions drastic reductions in county expenses will have to be made to help relieve the people of the heavy burden of taxes.

I can only promise to use all my efforts to do this for the county. I have lived here more than 30 years, and the people should know me well enough to decide if I can trust me to carry out such a program.

I will be unable to make a canvass of the county and see the voters personally, but must depend on the people who know me. So if the people of Scurry County have faith that I can be of benefit to them in carrying out county through the present crisis, I shall be glad to give all that is in me to carry on with them behind me to help.

Fluvanna Graduates To Present "Zippy" Next Tuesday Eve

Fluvanna seniors, 18 strong, will send 13 of their members to the stage Tuesday night, when "Zippy" will be presented as the annual graduating play. "It probably will be the best senior play in the history of the school," says E. O. Wedgworth, superintendent.

The cast includes Estelle Faver, Evelyn White, Ola Mae Walker, Jennie Tucker, Zell White, Viola Ball, Sam Houston, E. V. Boynton Jr., Brud Boren, Jeff Faver, Marion Tarter and John Truss Jr. In the snappy traudiville between acts, Roland Squyres and Frank Taylor will be featured.

The sermon to graduates will be preached Sunday morning, May 22, by Rev. Frank Storey, pastor of the Fluvanna Methodist Church. Commencement exercises to be held Friday evening, May 27, will feature a graduating class in Fluvanna history—six girls and 12 boys. Don H. Morris of Abilene Christian College will be the speaker of the occasion.

ASKS JUDGESHIP

E. M. Overshiner, above, of Abilene, has announced his candidacy for associate justice of the Court of Civil Appeals for the Eleventh District, Eastland, which includes Scurry County. "I believe that I can improve on the work of Hon. O. C. Funderburk, incumbent, and am asking the opportunity to do so," he says.

Hundreds Attend Funeral Rites of Tahoka Minister

Hundreds of friends and fellow pastors of Rev. O. J. Hull, 52, who died Friday afternoon, crowded into the First Baptist Church Sunday afternoon to pay tribute to the widely-known and universally-loved pastor of the Tahoka Baptist Church. Rev. Hull was the son of Rev. I. D. Hull, veteran local minister, and a brother of Mrs. E. M. Inman, who also resides here.

The body of the preacher was found slumped over the steering wheel of his car late Friday, probably two hours after his death. His death was attributed to heart disease. The automobile had rolled off state highway No. 9 and stopped against a fence post, undamaged. The minister was en route to Morgan community, where a daughter, Miss Clarice Hull, is a school teacher.

Rev. Hull, a graduate of Simmons University, Abilene, had been pastor of the Southside Baptist Church there, and of churches at Midland, Gatesville and other towns. He pastored two churches in Scurry County, at Ennis Creek and Union Chapel, a number of years ago. He came to Tahoka two years ago. His wife, two daughters, Doris Lynn, a student in Simmons, and Clarice, and two sons, Truett and Bryan, are survivors in the immediate family.

Rites were held at the Tahoka church Sunday morning, and the body was brought immediately to Snyder. Burial was in the Snyder cemetery.

One of the most impressive funeral services ever held in Snyder precluded the burial of this beloved minister. Rev. E. F. Cole of Lamesa brought the message of the hour. Mrs. Applewhite of Tahoka played the dirge, followed by a song by the choir. Rev. W. F. Ferguson of Slaton, former pastor here, read the scripture, spoke briefly, and led in prayer, followed by tributes from Rev. Philip C. McGahey, the local pastor, Rev. R. E. Day of Big Spring and J. D. Carroll of Lubbock. A vocal duet by Mrs. McGahey and Mrs. Violet McKnight, and a quartet of men from Tahoka were also included. The closing prayer was by Rev. W. C. Bishop of Post.

Masonic rites were in charge of R. V. Hyatt of Midland, assisted by C. R. Riley and W. S. Anglin of Tahoka. Pallbearers were: D. H. Goodhough, A. M. Cads, J. Wilonsky of Tahoka; J. O. Nobles, Midland; Harvey Shuler, Warren Dodson, J. G. Whitley and S. A. LaRue, Snyder.

Fishermen Think Great Times Are Ahead Near Dam

The Snyder Fishing Club roster, recently completed with a membership of 26, thinks great times are ahead for bassing, perch and catfishing near Thompson's Dam, three miles south of town. Game fishing has been practically nil since the season opened May 1, due to high waters, but passing of the spring rains is expected to bring a revival of the sport.

Officers of the club, chosen early in the spring, are: H. L. Wren, president; Clarence Weninger, vice-president; Wayne Williams, secretary; J. M. Harris, attorney. The officers, with George Northcutt, compose the board of directors. A member is privileged to invite members of his own family, and a friend and family. Hunting is not allowed on the grounds, swimming is forbidden above the dam, and picnickers other than members and friends are excluded from the premises.

The members are: Leonard Gill, George Avery, N. W. Autry, J. M. Harris, George Northcutt, H. L. Wren, J. C. Smyth, J. W. Roberts, W. T. Raybon, M. T. White, A. D. Moore, Lee Grant, Charlie Noble, Wayne Williams, Clarence Weninger, R. O. von Roeder, Joe Taylor, M. M. Gideon, P. W. Cloud, A. A. Bullock, Frank Sentell, John Sentell, Wellington Taylor, John Keller, Melvin Blackard and Hugh Boren.

Spring Footballing Has Two-Week Spree

Spring football practice has just ended for a group of Snyder High School huskies, who, under Coach Otis N. Moore, have been pounding away on Tiger field for two weeks. Prospects for the third consecutive bi-district championship are a shade brighter than they were last year, thinks "Red," but he is making no promises except to put the best that he has into training the boys to wear the crown again.

Officials In Favor Of Reimbursing Gas Money to Counties

West Texas commissioners and judges, meeting at Midland a few days ago, passed a resolution asking that enough of the gasoline tax be returned to counties to reimburse them for state highway construction, past and present.

The officials also passed a resolution urging that no bill affecting county funds be passed by the Legislature without conferring with officials of the counties affected.

Judge John E. Sentell and Commissioners Lee Grant, John C. Day and Walter Dowell attended from this county. Day is a member of the legislative committee.

The officials will meet in the fall at Amarillo.

Horace Eiland and family and Mrs. A. G. Eiland and son, Royce, were guests of Mmes. W. W. Eiland and J. B. Taylor in Stanton Sunday.

King Won't Play with the Kids Now!

Poor King, the children's friend. How still he lies. Pat him ever so gently, his tail no longer wags in response. His eyes—how glassy. They no longer look up with that expression of inquiry or friendliness. No more will he hear the glad shouts of the romping children or join them in their sports on the lawn. No longer will he bask in the sunshine of the porch or slip through the opening door shutters to more comfortable quarters inside. For King is dead!

King is a dog, a dead dog, on the West Side. Some pet rabbits had met with a tragic death. King was seen in the neighborhood, but King never killed rabbits; for you remember many times he played with them and even helped the children catch them without harming them in the least.

But circumstantial evidence was against him. A nice, juicy steak was prepared for him, and, although he was bountifully supplied with food at home, he was over-tempted. He ate... and died.

How cold and lifeless his form lay on the back steps, covered with a snow white sheet, while the children prepared his grave. A deep hole was dug, a rude coffin was nailed together from the scraps of lumber, and gentle hands laid him in his box, and trembling hands lowered him to his last resting place.

Were there tears? Plenty of them. Why not? Was not King a friend that loved them? How small is everything else when compared with love with a child. So there were tears, plenty of them, as the dirt fell ruthlessly on his coffin.

old seemed to be marior of ceremonies, and with a piping voice led that old, touching and appropriate song, "My Bonnie Lies Over the Ocean." How sad!

A modest tombstone was prepared and placed at the head of the grave, bearing his age and date of demise, while a profusion of roses and larkspur covered the mound.

Poor King... he is dead!

Baptist Course Ends.
The Baptist training school, at which five study courses in B. T. S. work were taught, ended Thursday night, a day ahead of schedule because of conflicting programs. Fifty-one was the average attendance, and examinations were taken by 40. Melvin Newton, Mrs. Willis Rogers, Rev. Philip C. McGahey, A. C. Alexander and J. C. Smyth were the teachers.

Experiment Station At Big Spring Will Give Feeding Plans

On Friday, May 20, a Feeders' Day program will be held at the United States Experiment Station at Big Spring, where during the past season experiments have been made on utilization of home grown feeds for fattening home grown cattle.

On November 20, 1931, 60 head of high grade Hereford calves were put on feed for the purpose of studying the relative value of different methods of preparing milo for fattening cattle. These cattle were divided up into four lots of 15 head each and fed the following rations:

Lot No. 1, whole threshed milo, cottonseed meal and red top (sumac) fodder; lot No. 2, ground threshed milo, whole threshed milo, red top (sumac) fodder; lot No. 3, whole milo heads, cottonseed meal, red top (sumac) fodder; lot No. 4,

Advertiser Convention.
You can tell the world that Thomas H. Chilton, commander of the George Green Camp of the Spanish War Veterans, is advertising the state convention which will come to Sweetwater next month. Among other things, he has broadcast several newspaper cuts of himself—that should be a "heap big" drawing card.

Leon Gunn of Camp Springs was a Snyder visitor Wednesday.

ground milo heads, whole milo heads and cottonseed meal.

The 180-day feeding period will be completed on May 20. On this date a Feeders' Day meeting will be held at the experiment station, at which time the results of the experiments will be announced and general feeding problems discussed.

Everyone interested in the feeding of cattle is extended a cordial invitation to attend this meeting, according to C. T. Watson, station superintendent.

Pessimism Pete sees a quick demise of the new "mesh" fashions created for mild and yours. Even in hard times, he says, or for fashion's sake, women won't wear holey garments for long.

NOT MUCH TO DO.

Have you ever noticed that the fellow who doesn't have much to do is usually the fellow whose clothes are slouchy, whose yard is weed-ridden, who spends little time in reading and being neighborly? The lazy are always with us, depression or no depression.

THEY COME, ANYWAY.

Some West Texas communities couldn't get rain until several flocks of sea gulls flew over. Scurry County must have gotten here because of the folks she has, or because she hasn't cussed her neighbors too much. One thing is certain: When the gulls come, the buzzards won't.

PASTE POT AND SCISSORS.

An editor without paste pot and scissors, relates an age-old saw, is as rudderless as a mule without a bridle. But what would any of us know about our business, our wives, our food, our sleep, our children, if it were not for the knowledge we gain from the printed page—or from those who read the printed page? Originality is more than an art. It is the most-sought, and least touched, attribute of mankind.

PATMAN OR RAINEY, WHICH?

Are our congressmen conscientious, or do they vote and create and give interviews only as they think their home territory ballots will fall? That question welled into many minds during the intense bonus fight, when Patman tore his hair on one side of the fence, and Rainey rained epithets on the other. At that, we admire both of these gentlemen for taking a stand on the issue, and not straddling the fence in the common legislative fashion.

WHAT IS ENTERTAINMENT?

Entertainment must be the gift of God to depression mongers. Snyder's series of 10-cent and 15-cent entertainments have been a blessing to the folks—some of them, at least—who had drawn up in their shells and started withering away. A laugh or two . . . a clever song or three . . . a bizarre costume or four . . . a touch of romance or five—and presto, the blues have gone for a season, never to return for at least a dozen hours.

ALL BEAUTIFY.

This Yard and Garden Contest is bringing Snyder such a siege of yard workers as she has seldom seen before. We're all beautifying for the sake of . . . what? Back of the desire to win a prize and to keep our yards beautiful for beauty's own sake, we probably have half-utler motives. For instance: Keeping peace with the matron of the house; trying to out-do our neighbors; getting exercise and sore muscles for health's sweet sake; keeping passersby from talking about our yard's slouchiness.

GOING TO SWEETWATER?

We are going to Sweetwater tomorrow. The main reason, we guess, is to have fellowship with the newspaper crewmen we know. Another reason is that we want to catch more of the spirit of West Texas than we can catch by remaining all the time in our own narrow valleys. Too, we have an abiding faith in the purposes, the possibilities and the accomplishments of the West Texas Chamber of Commerce, regardless of the fact that one or two of her protagonists have slipped into political alleys, where they didn't belong.

ARE THEY WORTH IT?

The fact that Snyder High School is graduating one of its largest classes this year, and that other schools in the county have more seniors, as a whole, than usual, indicates that parents have gained a new sense of educational values in recent years. A few years ago it was nothing unusual for parents to withdraw their children from school on the least pretense. Most graduates are worth all the education you give them. Our responsibility lies in seeing that they either continue through college, or find something to do that fits their abilities.

PRACTICAL EDUCATION.

If Mr. or Miss High School Graduate were to start out this morning on a job-seeking tour, where would he or she go? Most of them wouldn't know where to go. They could say "I made a 'straight A' card" or "I was president of my class" or "I was a four-letter man" . . . but can they say "I am more capable of earning my own living, of rearing a family, of knowing how to do something that the world needs done." Commencement speakers, as a rule, dwell too much on beautiful theories and too little on things practical. The same criticism applies to our state

On to Sweetwater!

Have you ever been to a West Texas Chamber of Commerce convention? You have missed something worth while, then.

The annual WTCC convention, like many others, has been elevated in recent years from a highly social affair to a highly business-like affair. Programs are mapped out with the primary intention of providing meat for hungry souls, inspiration for drab attendants and helpfulness to everyone who would be helped.

West Texas beautification, for instance, will take a leading role at Sweetwater. That idea dovetails with Snyder's own Yard and Garden Contest.

The feeder-breeder movement will be considered, discussed and acted on from many angles. It deserves—and we need to recognize the fact—a much firmer foothold in Scurry County.

Tax reduction plans will be one of the biggest bits of helpfulness discussed. They have already been set afoot by the regional organization, but they probably will take the limelight at Sweetwater, as they rightly should do. Here is a topic that touches every one of our pocketbooks and prejudices.

Agriculture will receive much attention, also. It is remembered that the WTCC was responsible for obtaining government loans and Red Cross relief for this section. The farmer who has it into his head that this organization is not his friend has another think coming.

Once or twice the WTCC, or its official family, has made a mistake. But even then the results and motives have been woefully exaggerated and misconstrued. The WTCC belongs to you and to me, whether we pay part of its operating expenses or not. If we attend its annual convention at Sweetwater today, Friday or Saturday, we will be the winners.

EDITORIAL OF THE WEEK.

THE COTTON CRISIS.

On last Saturday middling spot cotton sold on the New York market for 5.6 cents a pound, which was the lowest price in more than thirty years, with the exception of the prices prevailing on two days last October. On October 3 the price was the same, 5.6 cents a pound, and on October 5 it was ten points lower, 5.5 cents a pound. With the slight exception of those two days, the spot cotton market reached its lowest point in more than thirty years on last Saturday.

Chairman Stone of the Federal Farm Board recently declared that "port and mill stocks in Europe are between 800,000 and 1,000,000 bales below what they should be at the present rate of consumption of American cotton." And to this he added: "It is our belief that this condition is largely attributable to the inability of foreign buyers to finance purchases."

Before the collapse of 1929, Europe was buying nearly \$700,000,000 worth of American cotton a year. This year Europe is buying less than \$200,000,000 worth of American cotton. There you have one thing that is the matter. The average annual exports of American cotton to Europe during the four years ending December 31, 1928, were valued at \$329,629,000 in 1930.

During the current fiscal year, which ends on July 31, Europe will buy less than \$200,000,000 worth of American cotton. In other words, the cotton-growing South is receiving less than one-third as much money from Europe for cotton this year as it received each year during 1925, 1926, 1927 and 1928. Each of those years the South received \$500,000,000 more from Europe for cotton than it is receiving this year. During that period Europe bought an average of 6,936,000 bales a year at an average price of 19.6 cents a pound. During the current fiscal year Europe will not be able to buy as much as 5,500,000 bales, at an average price of less than 7 cents a pound!

How long are we going to permit this condition to continue without even attempting to do something about it? Is it not clear by this time that the condition from which we are suffering is international? And does it not seem that international effort to deal with it should be undertaken? Is it not about time that we demanded of our representatives at Washington that they face this fact squarely? They will not face it until public opinion compels them to do so. They think the people want them to "stay out of Europe." And so we drift toward disaster. Is it not time to call a halt?—The Texas Weeker.

Saying It In Rhyme.

SPLASHY SPRING SHOWERS.

Spring showers rout the sleeping
Flowers from their bed;
A ramblor rose is creeping
To form a trellis overhead.

The crystal sky is bluer,
Each yard is tilled with care;
When Spring makes brown spots fever
By sprinkling flowers everywhere.

Spring warms the chilling bloodstream
And Fashion decrees fresh prints;
Women dabble in strawberries
To make beauty a la cosmetic hints.

Dew-drops fall on violets
When the stars twinkle that it's night,
With the wide, rolling Texas pastures
A riot, a pastoral, a delight.

Give me a Texas sweetheart
And a Texas paper to read,
With the prairie a carpet of flowers—
That's all a human should need.

—Leon Guinn, Camp Springs.

school system. Let us give our youngsters some definite, tangible, useable knowledge, as well as wisdom to use what they absorb.

A TRIBUTE TO PREACHERS.

What would this world do without preachers? Those who condemn preachers as a class are either prejudiced or ignorant. The occasional black sheep who slips into the ministerial fold should not be taken as a sample for the thousands of worthy and godly men in our pulpits. The wide-spread influence of a preacher who lived a life of consecrated service is seldom more beautifully reflected than it was here Sunday, when the grave claimed one of God's good preachers. Hundreds came to pay tribute because they loved him. Give us more preachers—and more grace to appreciate their worth.

GARNER WHIPS ROOSEVELT.

The amazing upset that gave Garner the California presidential votes may turn out to be the straw that will keep Roosevelt from being perched on the most eminent seat of authority in the world. Forty years of history has proven, according to The Texas Weekly, that the Democrats have never nominated a man who failed by a straw to carry the convention on the first ballot. Roosevelt cannot be nominated on the first ballot. Says the Weekly: "Even if Garner should not be nominated, the fact that the Democrats of a state like California, by popular vote, have selected him as their choice for the presidency will go down as a historic event. It is the first nail in the coffin of the obsolete idea that no Texan—and, indeed, no Southerner—can be nominated and elected to the presidency."

LETTERS FROM THE PEOPLE

OUR READERS' OUR VIEWS

Candidates Should Commit Themselves.

Editors, The Times:
Democracy demands that each candidate for county, district, state or national office declare himself or herself openly, fearlessly, peerlessly and defiantly, if need be, upon the vital and fundamental principles of government and not be lock-jawed to the crying needs of the people.

Many candidates hate definite declaration of fundamental principles of government as badly as the devil hates holy water.

It is stupid psychology to vote for a candidate upon the grounds of personal friendship in order to appease his or her ambition, ignoring excellent mental qualifications, undaunted courage and unquestionable integrity.

The candidate who advocates definite principles of reform is more likely to set these reforms in motion, as these proposed reforms are conclusive evidence of a clear and deep insight into the political affairs and needs of the people. Now is the psychological time to set these reforms in motion, because the people are as restless as the waves and tides of the ocean.

A candidate who has the initiative to propose reforms it is reasonable to suppose that he has ingenuity enough to secure the recognition of the constituency of the sister districts.

Reforms are symbolical of political peace, happiness and prosperity. This is why they are always written by persons who have as pure and fervent a motive as ever swelled or stirred the heart of a fellow comrade. They are more or less beautiful in theory, excellent in practice and of a permanent duration if once put in motion.

Municipal law is a rule of action prescribed by the supreme power of the state commanding that which is right and prohibiting that which is wrong.

Permit me to appeal to the fairness of your minds, the generosity of your hearts and the sympathy of our natures, and ask you, Does the law always command that which is right? And does it prohibit wrong? If not, reforms are imperative.

I love my state, its laws, its institutions, colleges, university, its flag and its traditions. This is why I have the highest hopes and fondest desires to see West Texas take her position equal in rank with the other districts of the state. This can be done more effectively by electing a candidate who has a clear insight into the political situation of the people.—ED C. RALSTON, Snyder, P. O. Box 682.

Superintendent's Term.

To the Members of the Democratic Party of Scurry County:

Some time in January of this year, a statement was published in The Scurry County Times to the effect that A. A. Bullock, the county superintendent of public schools, would not stand for election this year, as he was serving a four-year term.

When I read that statement I believed that it was incorrect as to Mr. Bullock being entitled to a four-year term. My reasons for arriving at that conclusion were that the law seeking to extend the term of county superintendents from two to four years is unconstitutional and void, and even though the law were constitutional, Mr. Bullock was elected for a two-year term in November, 1930, and the law seeking to increase the term of office of county superintendents from two to four years did not become effective until January 1, 1931, and therefore could not have the effect of changing the term of office to which he had previously been elected from two to four years.

I wrote to the chairman of the State Democratic Executive Committee and requested that he officially advise me whether or not the county superintendent of this county is entitled to serve for a term of four years. In response to my request the state chairman rendered an opinion in which he holds that the county superintendent is not entitled to a four-year term and that a county superintendent should be elected at the next general election.

I am, therefore, giving notice that I will accept the application of any Democrat to have his or her name placed on the primary election ballot as a candidate for county superintendent of schools in the primary election to be held July 23, 1932.

F. I. TOWNSEND, Chairman, Scurry County Democratic Executive Committee.

From Superintendent Bullock.

To the Voters of Scurry County: You will note elsewhere in this issue of The Times that the county Democratic chairman, F. I. Townsend, acting upon a ruling from the state Democratic chairman, W. O. Huggins, of Houston, is declaring the office of county superintendent open for candidates. I wish to state concerning this ruling that Mr. Huggins' ruling does not make it the law and that it is directly contrary to the ruling of the attorney general of Texas and a number of

Doesn't It Make You Dizzy?

CURRENT COMMENT

BY LEON GUINN

Though ex-Senator J. T. Heflin made a five-hour speech in the Senate, the Senate was unimpressed. At this extraordinary courtesy, a typical funny story was the one about the widow at her husband's funeral. Being surprised at the preacher's eulogy, she sent her son up to the coffin to see if that was really her husband. More seriously, though, is the fact that politics often is fraught with shady elections. Farmers are warned not to fall for Grohoma, an inferior sorghum seed, sold by sell-and-go trucks. One of our representatives at Austin recently bought a suit with stamps we, the people, allotted to him for correspondence. At that we saved the price of stationery and ink.

Unique news story: Boer, South African, farmers heard them. The sky was darkened by them, and 500 miles long came the onrushing cloud of locusts, devastating 100 miles a day. Billions of whirling locust wings, then a darkened sky, then the whirling, whirling again. The Bible remarks that locusts and honey are good to eat—but the taste must be acquired. Africans wait-

able lawyers who have ruled on the questions. Following is the constitutional amendment adopted by the voters of Texas at the general election in 1928 relating to extending the term of office of school officials:

Section 10a. The Legislature shall fix by law the terms of all offices of the public school system of Texas and the state institutions of higher education, inclusive, and the terms of members of the respective boards, not to exceed six years. (Adopted November, 1928).

Acting upon this amendment, the Legislature did pass a law relating to the terms of county superintendents as well as trustees and other school officers. The law changing the length of the term of county superintendents of Texas reads as follows:

Senate Bill No. 31, Chapter 61. An act to extend the term of office of elective county superintendents of public instruction to four years, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas: Section 1. In all counties in which the county superintendent of schools is chosen by popular election the term of office shall be four years.

Section 2. This act shall take effect January 1, 1931.

Section 3. The importance of this legislation creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act be in force and take effect from and after its passage, and it is so enacted. (Approved March 20, 1930).

Since this is the law until proven otherwise, and since the attorney general elected for the purpose, among other things, of interpreting the law, has ruled that it is the law and is constitutional, I shall institute proceedings to enjoin the Democratic chairman of Scurry County from placing any names on the ballot for the office of county superintendent.

In doing this I want it distinctly understood by the people of Scurry County that my sole interest is to test the law, which I think is valid. If the law is not valid and the courts so hold, I certainly do not want to try to keep any person from offering for the place who so desires and shall do so myself. This ruling not only affects Scurry County but the entire state of Texas, and in fairness to all county superintendents and any possible candidates for said office, and since the movement was started in Scurry County, I believe the law should be tested and tested in this county. If the law is valid the courts will settle it, and if it is not valid they will settle it, and we will know where we are. It is a matter of law and the courts should decide it—not one man down at Houston, Texas.

So far as I know, the validity of the law has not been questioned in any other county. I have heard from a number of officials from other counties and they knew nothing of it and its validity had not been questioned in their counties; but since the state chairman has ruled to our county chairman, Mr. Townsend, he feels that it is his duty to follow the instructions of the man higher up.

Should the courts set the law aside, I am willing to leave it to the people and I shall appreciate your support in the coming elections. Very respectfully yours,
A. A. (Pat) BULLOCK.

is certainly worth the price

You know that a little powder now and then is well worth the money it costs. In fact, compared with the effect, the price is so trifling you hardly consider it at all. Yet the cost of electricity is just as moderate. Consider the examples below. They are typical. Where else does a penny buy more than in electric service? Electricity is cheap—use more of it.

"THE PRAIRIE ROSE"—HISTORY OF SNYDER'S '32 SENIOR CLASS

By Nana Bess Egerton.

The sweet wild rose of '32 has blossomed forth—yes, full blown and beautiful, ready to show itself as a finished product to the world outside of Snyder High School.

Superintendent C. Wedgeworth, the main floral expert, who has served in that capacity for the four years we have been in high school, kindly met us at the garden gate and in turn left us to Miss Maurine Cunningham. She, better known as the "Senorita," was the first who used her tools to break the hard ground for the future flowers.

There is no rose so perfect, so complete, But has a thorn amid its scented leaf: There is no life so perfect, so complete, But has its cares, its doubts, and bitter briefs.

It isn't hard to remember the hard green little bud the rose was four years ago in '28 when it wrote itself, chewed gum and giggled. Just think—about 40 of the liveliest youngsters just chucked full of mischief and undeveloped gray matter! They were popular, though, mostly because they had courage and faith in the astounding ability of "catching on" to things and were noted as the best little boosters that ever pushed things over the top.

As sophomores, a tiny speck of color flared from the top of the bud and folks began to take courage and faith in the astounding ability of "catching on" to things and were noted as the best little boosters that ever pushed things over the top.

Another year passes and the green falls back, leaving a delicately carved little bud—shy, yet asking questions just like most juniors—each petal drinking in the golden sunshine of knowledge with an earnestness that awed the freshmen.

During the junior year two almost full bloom roses were plucked by the Greatest Teacher from our garden of roses—Doris Doak and L. E. Martin.

As a junior Buck Howell began to shine in athletics. He first began to be a star here, and has been shining ever since, with increasing brilliancy each year. This is the second year that he has represented our school in the state Interscholastic League contests, and we are indeed proud of calling him one of our own.

We also want to note that out of the eleven second regional football champions, the senior class of 1932 owned five—Buck Howell, L. S. Browning, Byrle Rigby, Ester Jones, and Earl White.

This also was the year that we entertained the seniors with a junior-senior banquet at the cafeteria. We almost willed from the strain of preparing the largest junior-senior banquet ever held in Snyder High School.

Finally, the nightmares of geometry, English literature and various other junior troubles were at an end, and the year of '32 rolled around with ease and grace as president, Charline Ely as vice president, Charles Ella Hamlett as secretary-treasurer and Jeanette Lollar as reporter.

This year included the senior parties, debates, whoop roasts, all-day senior picnic at Perry, the junior-senior banquet and the senior play, entitled "My House of Dreams" which far exceeded our dreams when we realized \$63, making \$50 clear profit to be prorated among the seniors for their caps and gowns (a splendid custom). This year also

was filled with another regional championship in football, first place in the Tech College relays at Lubbock, winning of the state track meet at Abilene third place at the state meet, and last of all, but not least, commencement, which is to be May 20. The days of notebooks, cuts, physics, history, bawling, excuses, pure unadulterated joy of high school are over.

The rose unfolds its beauty to the world, shedding the sweet perfume of youthful confidence and faith from its place on the dusty Plains of Texas. It is ready to give its petals to the four winds and scatter them far and near, that they may do their share with light hearts and willing hands that keep the old world turning around.

Good luck to the class of '32!

Billy Hamilton Will Be Heard in Recital

Homer F. Springfield will present Billy Hamilton, young musical genius, in a piano recital, assisted by Roland and Pickas Bell at the First Baptist Church Monday night, May 16, at 8:15 o'clock.

The program follows: L'Allegretto, Op. 48 by Heller; Warrick's Song, Op. 45 by Heller; Valse by John Mokres—Billy Hamilton.

It Couldn't Be Done, by Edgar A. Guest; Out to Old Aunt Mary's, by Judd Mortimer Lewis—Roland Bell; Witches Dance, Op. 17 No. 2, by E. A. MacDowell; To a Toy Soldier, by Robert Warner—Billy Hamilton.

The Cricket and the Hearth, by Charles Dickens—Pickas Bell. Mimes: L'Antique, Op. 14 No. 1, by T. J. Paderewski; Valse in E-Flat, Op. 83, No. 1, by Auguste Durand; Prelude in C-Sharp Minor, Op. 3, No. 2, by Sergei Rachmaninoff—Billy Hamilton.

Dozens of Teachers Are Without Places

Scurry County's young army of school teachers will be only partially in the ranks when schools open next fall. With the exception of one vacancy at Pyron, and possibly one or two at Camp Springs, it is understood that every vacancy in rural and independent schools, are filled.

For every opening—and there have been few of them—there have been a bevy of applicants. Faculties, as a rule, are being retained in full, and the economy axe has been used as never before.

LOCAL AND PERSONAL

Fred Dunnam and Truman Chick returned last week from a 10-day visit with the latter's parents in San Antonio.

Mr. and Mrs. Rufus Davis of Sweetwater were guests in the homes of J. T. Key and Leland Autry Sunday. Mrs. Davis is a sister to Mmes. Hard and Autry.

Mrs. E. A. Black returned Tuesday from Tahoka, where she had been at the bedside of her sister, Mrs. W. A. Vernon, who passed away last week. Funeral services were conducted for Mrs. Vernon on Thursday, May 5, in Lubbock.

Mr. and Mrs. R. H. Odom and Mr. and Mrs. A. D. Moore were visitors in Abilene Tuesday.

The T. J. McDonnell's have as their guests this week Mr. and Mrs. G. S. Chamberlain and two children of Dallas.

W. J. Higgins and son, Austin, were week-end visitors at Petersburg, Florida and other North Texas points. They report that the wheat crop is rapidly coming into its own after a severe setback by lack of early moisture.

Strawberries, they say, are the most delicious and beautiful that Scurry County has ever grown.

Mrs. H. J. Brice has returned from an extended visit with friends and relatives in Bowie and Eastland.

Miss Jan Thompson left recently for Fort Worth, where she has entered training at the All-Saints Hospital. She was accompanied by her mother, Mrs. Ed Thompson, and Miss Mavis Webb, who will return after a several days' visit there.

D. P. Yoder Named As WTCC Director

Among the local delegates to the West Texas Chamber of Commerce convention will be D. P. Yoder, who was recently named as Scurry County director of the regional organization. He is interested, especially in the body's tax reduction program, and will attend sessions of the convention today and tomorrow, along with other directors of the local Chamber of Commerce.

Harrie Winston, president of the Scurry County Chamber of Commerce and vice president of the Northwest Highway Association, will also be among local delegates.

Many Highlights on Program of Baptist Group at Wastella

Among the impressive features of the monthly Baptist workers' meeting of the Mitchell-Scurry Association, held Tuesday at Wastella, was one acceptance of a call to preach, one reconsecration to religious life and two dedications to special religious services.

Rev. Phillip C. McGahey, local pastor, was on the concluding speaker, and Rev. I. D. Hull of Snyder was a morning speaker. A number of Baptists from Snyder and other Scurry County churches attended, despite the threatening weather.

Other speakers included Rev. G. W. Parks, Rev. Butler, Rev. T. L. Nipp of Fluvanna and Rev. A. C. Harrell. The Wastella Intermediate B. Y. P. U. presented a mission play in the afternoon. A sumptuous dinner was served at noon.

The June meeting will be held at Westbrook.

Farm a Heaven to Many

The Russell Record quotes a widely known Missouri farmer: "As long as I am on the farm I've got a job. I may eventually lose the farm, it is true, but I shan't walk any streets this winter, anyway." There are about eight million wage earners in the cities of the United States that are wondering where the next meal and the rent is coming from this winter. They are envying the farmer for the first time in many years.

Farmers at least have a roof over their heads and plenty to eat. That seems like heaven to many people that are walking the streets.

Easter Farmer of Newark, Ohio, poured a half-gallon jug of liquor into her bed clothes just before the police raved her home, but the necessary evidence was obtained by writing the liquor out of them into a dishpan.

Local Seniors Lead In Athletic Events

Senior boys were leading yesterday, with a tie in playground ball with the freshmen, and a victory in volleyball as the first of the series of inter-class activities were being planned.

W. V. Hill, coach, is arranging several groups of class relays for this afternoon as a climax and deciding feature of the three-way competition. After the relays, if enough winner money can be raised, the boys will retire to the creek and eat away their hostilities.

Intense interest in the games and relays has been manifest.

Commissioners O. K. Report of Treasurer

The commissioners' court, meeting in regular session early this week, put their approval on the treasurer's quarterly report, which appears in detail on another page of The Times. The court canvassed returns of the Pyron-Lone Wolf consolidation election, and declared the election carried. Only routine business filled the remainder of the session.

An item of interest transacted by the April term of the court was overlooked when the report was published; namely, reduction of amount allowable for care and feeding of county prisoners, from 90 cents to 60 cents per day.

Company "G" Helps Legion Boys to Eat

About 125 National Guards of Company "G" and ex-service men of the local Will Layne Post rubbed their noses under an armory mess tables Monday night, and it turned out to be one of the swiftest affairs of the year. Boss Baze and Jesse Reeves were the chefs in the case, and fried chicken with trimmings had little chance before the joint onslaught.

Harrie Winston, Legion commander, John E. Sentell, Company "G" captain, and Warren Dodson were on the speaker list. An impromptu string band furnished music.

Easter Farmer of Newark, Ohio, poured a half-gallon jug of liquor into her bed clothes just before the police raved her home, but the necessary evidence was obtained by writing the liquor out of them into a dishpan.
