

Legion Makes Plans for 18th District Rally

Snyder Citizens Requested to Offer Homes for Use of Visiting Group November 4-5.

Plans for entertaining the 18th District American Legion convention here November 4 and 5 were started with a bang when the Will Layne Post met in regular session Monday evening.

Committees were named, a tentative program was outlined, and members of the new committees were asked to meet again Friday evening at 7:30 o'clock to make more complete plans.

Wives, mothers and sisters of Legionnaires have been extended a special invitation to meet Friday evening, also, in order to perfect a permanent Legion Auxiliary organization. Mrs. W. H. Palmer, temporary chairman, urges that every eligible woman in the county be present for this organization meeting.

APPEAL FOR HOMES

Snyder citizens who have spare bedrooms are urged to get in touch with E. M. Deakins, chairman of the housing committee. Hundreds of visitors will need beds, and it is up to private homes to provide many of them, says L. T. Stinson, post commander. A rate of \$1 per person will be paid for this service. No meals are to be furnished. If you have room for one or more visitors, you are requested to call Mr. Deakins at the Manhattan Hotel—at once.

Efforts are being made to secure Hon. Paul M. Neff, former governor, now president of Baylor University, as principal speaker of the occasion. Practically all state and district Legion officials, as well as other distinguished visitors, are to be here also.

Plans are being completed for an intensive decoration of the Snyder business district. A parade is to feature the two-day convention. Since the crowd will probably be the largest convention group ever entertained here, all hands are working toward 100 per cent cooperation of townspeople. Upwards of 1,000 visitors are expected if fair weather prevails.

SEVERAL RESERVATIONS MADE.

Several reservations have already been made at the Manhattan Hotel by Legionnaires.

Among special entertainment features will be boxing Saturday night, a football game Saturday afternoon and a special lunch at the city club Saturday at 12:00 o'clock for all registered guests.

Anson has agreed to play her regular conference football game here the Saturday afternoon of the convention rather than on November 17, as originally scheduled. The local high school band will play from the courthouse bandstand to greet visitors, and will perform at practically all programs during the two days. The greatest treat will be a banquet at the hotel. Both organizations are under direction of Clyde Rowe.

A breakfast will be given Sunday morning at 8:00 o'clock for visiting committees. The afternoon meeting at 10:00 o'clock an instructional service will be in charge of Floyd Sloan of Amarillo, state executive. The First Baptist Church will be used for the devotional service at 11:00 o'clock. The afternoon meeting scheduled to begin at 1:30 o'clock will be open to the public.

Committees Named.

Committees were named Monday evening as follows:

Entertainment—C. Wedgeworth, chairman; Warren Dodson, J. E. Sencell.

Decorations—J. E. Shipp, chairman; Frank Arnett, Clyde Shull.

Chow—Harrie Winston, chairman; Boss Baze, Clarence McMinn, Clayton McMinn.

Registration—W. R. Lacey, chairman; committee to be named.

Housing—E. M. Deakins, chairman; J. E. LeMond, Porter King.

Parade—To be named.

Publicity—J. C. Smyth, chairman; J. M. Newton, others to be named.

Insurance Man Marries.

Samuel L. Davis, local agent for the American National Insurance Company, was married Thursday of last week at Detroit, Texas, to Miss Lillie Mae Parks of that town. The newlyweds have returned to make their home in Snyder. While on his trip, Mr. Davis visited his parents, who were very ill at their home in De Kalb.

MAKING PLANS FOR ROLL CALL

Plans for the annual Red Cross Roll Call will be formulated here tomorrow, under direction of C. Edway Palmer, field representative of the American National Red Cross. Mr. Palmer was scheduled to be here last week, but was unable to come at that time.

New committees for this year's Roll Call are being appointed, and these workers will be asked to meet with the visitor some time Friday. L. T. Stinson, county Red Cross chairman, expresses the belief that Scurry County will go over the top this year even more completely than in 1932.

REIGN OF DUST ENDS IN TRAIL OF RAINSTORM

Several Parts of County Receive Heaviest Downpour of Year Tuesday; Little Damage.

A reign of dust that had begun to choke everything except open cotton was ended in Scurry County Tuesday and Tuesday night.

The year's heaviest rain fell in several localities, breaking a dry spell of far more than a month's duration. It is reported that a strip reaching from the Dunn to the Hermleigh country, and beyond, totaled in the neighborhood of six inches. Many communities reported three to four inches, while only a few sections received as little as an inch. In Snyder the official fall was 2.55 inches.

Wind was not heavy enough to do damage, but a few spots, notably in the Crowder vicinity, were damaged by hail. Flood waters were heavy on Deep Creek, Dry Creek and on other county streams, but damaging overflows were scarce. Except in rare cases, damage to cotton was more than offset by aid to the cotton crop and the big boost to late feed, pastures and winter grains.

Dr. R. L. Howell In Office Over Caton's

Dr. R. L. Howell, pioneer physician, moved his office last Friday from over Stinson No. 2 to talk No. 2 over the Caton-Dodson store. The doctor has used his west side office for more than six years. His patrons are requested to remember the change.

PLAYS OFFERED AT FLUVANNA

Stage play season in the Fluvanna section will be inaugurated Saturday evening when two plays will be presented. Action will begin with an old fiddlers' contest before the curtains rise, promptly at 7:30 o'clock.

The first play, a one-act tragedy, "Dead Men Can't Hurt You," is said by Director E. C. Wedgeworth to be something different—and it is plenty entertaining. Characters are Cecil Travis Smith, Juanita Ball, E. V. Boynton Jr., Hurston Lemons and W. D. Huffine.

About 25 characters will take part in the second offering, a two-act farce comedy, "Hey, Teacher," that will get the audience off its first play nerves. All members of the Curtin Club, dramatic organization of high school students, will be seen in this number.

Vaudeville numbers, featuring Miss Merle Zoo Smith, Frances Stavelly and Adeline Smith will be presented between plays.

Admission prices will be 10 and 30 cents.

Cotton Grades Drop In Local Territory

The red lands and Plains cotton district, of which Scurry County is a part, reports a distinct drop in the grades of cotton produced during the past week. Following is the government report:

Four per cent of the ginnings were classed as equivalent to the extra white standards, while approximately 38 per cent was white strict middling and better as against approximately 50 per cent last week. More than 52 per cent of the cotton classed was 7-8 inch in staple length, and slightly more than 15 per cent was 15-16 inch and longer; whereas, the staple designations for the previous week showed 50 per cent 7-8 inch and 38 per cent 15-16 inch and longer.

Death Claims Past Resident of County

Death entered an Abilene home Tuesday to claim Mrs. A. M. Boyd, 78 years old, a native daughter of the Lone Star state and resident of West Texas since 1891. With her husband, a building contractor, she lived in Snyder in the nineties.

She is survived by her husband and five children, who were at the bedside. Funeral rites were held Wednesday afternoon from the Lauchler Funeral Home, with Dr. E. B. Surface, pastor of the Central Presbyterian Church, officiating.

Barbers Make Changes.

W. H. Alford, who has been with the Gordon barber shop for some time, left last week for Sweetwater. Earl Johnson, who is well known to the barber trade here, is now associated with Mr. Gordon.

STEADY PURR OF GINS HALTED

Tuesday's heavy rains halted a steady run of ginnings throughout the county. For a week, all gins had been buzzing during the day and on into the night.

Totals in Snyder had reached approximately 2,100 this morning when The Times gathered totals. The county total is estimated at 4,700, with heavy output at the Hermleigh and Inadale gins.

The rain delayed the crop enough to assure considerable picking during December and January, whereas the cool, dry days that had prevailed for two or three weeks were fast bringing the cotton picking season to a close.

Unless the wisecracks are badly fooled, the county will yield at least 25,000 bales, and a few are saying that the 30,000 mark will be passed.

Outside pickers are more than exceeding the demand. Mexicans, especially, have been taking the town by storm, by most of them are moving on, since most big growers have crews already at work.

Full Program of Oil Belt Teachers Meeting Is Given

Members of the Oil Belt Educational Association are being informed this week that a complete program has been arranged for their meeting at Abilene on October 23. C. Wedgeworth, local superintendent, who is chairman of the program committee, expresses the belief that the outstanding speakers and keen interest in teaching programs will bring a heavy attendance, including many from Scurry County.

Beginning at 4:00 o'clock, two groups, superintendents and principals, will meet at Mrs. Pauline High School. L. A. Woods, state superintendent, has accepted an invitation to address superintendents on "The New Deal Set-Up in Texas Schools." Dr. D. M. Wiggins of Simmons University, Abilene, is to talk on "Reorganization of Curriculum to Meet Present Day Needs." The local superintendent is to be chairman of this meeting.

The principals' section will discuss "Uniformity in the Curriculum." E. T. Nearest, principal of Sweetwater High School, is to be chairman. Four talks will be made, as follows: W. P. Palm of Eastland, "As to Subjects Offered Each Year;" Miss Tommie Clark of Abilene, "As to Order of Units Presented in English Course;" J. F. Bailey of Breckenridge, "As to Valuation of Credits of Students from Unaffiliated Schools."

The evening session, a banquet at the Hilton Hotel, will be opened by invocation by Superintendent W. C. Blankenship of Big Spring. State Superintendent Woods will bring greetings from the State Department of Education. Dr. J. W. Hunt, president of McMurry College, Abilene, will bring the principal address.

Officers of the association include: L. E. Dudley of Abilene, president; B. H. McLain of Sweetwater, past president; Mrs. Pauline C. Brigham of Howard County, vice president; O. G. Lanier of Ranger, secretary-treasurer; C. Wedgeworth of Snyder, chairman of program committee; R. P. Holloway of Ranger, legislation committee; M. A. Williams of Taylor County, resolutions committee.

Pleasant Hill Service.

Julian Hammond of Colorado announces that he will preach Sunday morning, 11:00 o'clock, at Pleasant Hill, on "The Coming World Dictator."

HOWARD BROS. OPEN GROCERY

The Howard Brothers grocery opened for business late last week at the former location of J. S. Bradbury's Red & White Store, northeast corner of the square. The Bradbury stock and fixtures were purchased by the new groceryman.

John Howard is actively in charge of the store, which is known as Howard Brothers Grocery. A full stock of staple and fancy groceries is being carried.

The Howards have been in the independent oil and gas business here for several years. They state that the policy of honest values and fair prices that has always characterized their business dealings will continue in the new grocery.

New Law, New Deal, Newlyweds

True love, the New Deal and repeal of the "gin" marriage law was repealed late in August. During September, 13 couples obtained licenses to wed. That was with an increase of 68 per cent over the same month in 1932; when only six licenses were issued.

Those records mean a lot. In the first place, they mean that many a couple that otherwise would traipse into New Mexico in order to avoid the three-day notice are now marrying at home. That means more income for Scurry County's official family, her preachers, her jewelers, her clothiers. Too, it

QUESTIONNAIRES FOR PARENTS HELP FIRE PREVENTION DRIVE

Each student in Snyder schools has been given a questionnaire this week that is designed to gain the interest of his parents in National Fire Prevention Week, October 8 to 14, inclusive.

The questionnaire is designed to call attention to fire traps and hazards, and to cause parents and children alike to be more careful to head off the fire demon.

Assembly and home room programs throughout this week have called students' attention to various angles of fire prevention. High school and grade school has each selected a fire commission of five students, whose duties include location of fire hazards, and reporting to the principal each day this week and one each week the remainder of the school year.

Two Prize Contests.

Prizes are being offered for the best fire prevention posters and themes. Superintendent C. Wedgeworth reports keen interest in these contests. Winning posters and themes will be presented in assembly Friday morning at 10:30 o'clock. Members of the fire department and City Council have been invited to take part in the program.

"Safeguard Snyder Against Fire"

is the heading of the questionnaire that is being presented to parents. After data obtained from the questionnaires is compiled by school officials, the questionnaires will be turned over to P. M. Bolin, fire marshal, for his use.

The Fire Questionnaire.

Following is full text of the fire questionnaire:

- 1.—Is there any rubbish, such as old papers, broken furniture, etc. in the attic?
- 2.—Is there any rubbish or scattered kindling in the basement or cellar?
- 3.—Is there any inflammable rubbish in the yard?
- 4.—Are floors under stoves protected by metal or otherwise?
- 5.—Are walls, ceilings and partitions protected from overheating of stoves, furnaces and pipes?
- 6.—How do you dispose of your ashes?
- 7.—Do you keep your matches away from heat and out of the reach of children?
- 8.—What is the material of the house and of the roof?
- 9.—Is the foundation enclosed?
- 10.—Are the chimneys in good repair? When were they last cleaned?
- 11.—Do stovepipes pass through attics or closets?
- 12.—If there are any unused stovepipe holes, how are they covered?
- 13.—Do you ever keep or use gasoline in the house?
- 14.—Do you use a gasoline or kerosene stove for any purpose?
- 15.—How is your home heated?
- 16.—Are there any gas connections made with rubber tubing?
- 17.—Name all the purposes for which kerosene is used in your home.
- 18.—Do you use a "dustless" oil mop? If so, where do you keep it when not in use?
- 19.—Do you use electric smoothing irons? How do you safeguard them when not in use?
- 20.—When was the electric wiring and equipment in your home last examined by an expert electrician?
- 21.—Name any other fire dangers in or about your home.
- 22.—Have you a fire extinguisher in your home? Do you know how to use a fire extinguisher?
- 23.—Where is the fire alarm box located in your home? What is the fire department's telephone number? Do you know how to turn in a fire alarm?

BENGALS TAKE ON ROTANITES

The Tigers make their first conference invasion Friday afternoon at 3:30 o'clock when they tackle the Yellowhammers in Rotan.

Since the Fisher County boys sprung a giant surprise by winning their first conference battle and tying their second, the Mooremen are preparing for the worst. Rotan has always furnished plenty of scrap, but until this year many of their efforts have been wasted on the desert air. This year it is different.

There have been some painful Tiger injuries in practice this week, but not a player will probably be out of the line-up because of misplaced skin or cracked bones. The line-up will probably be the same as that presented in last week's tilt with Hamlin.

Barring muddy roads, a big delegation of fans will make the jaunt.

R. L. MILLER IS DISTRICT HEAD

R. L. Miller, manager of the local ice plant for more than a year, was transferred late last week to Midland, where he is district manager of the Texas Electric Service Company.

The former Fort Worth man came here as manager of the Citizens Ice Company. When ownership of the plant was changed to the Texas Public Utilities Corporation, he was retained in the same capacity. The new change was made last week.

Mr. and Mrs. Miller have moved to Midland. Frank, their son, is a student in Texas Christian University, Fort Worth. All three have expressed their keen regrets at leaving Snyder.

J. E. Blakey, local Texas Electric Service Company manager, now has charge of both the electric and ice plants here.

A Fair Question

W. W. Merritt, who lives not far west of town, brought in some hedgehogs last week that were good for sore eyes. They are so long and fat that one could hardly believe that Scurry County missed rain for many weeks this year. Mr. Merritt has seven acres of the feed that are almost as good as the sample heads. The heads are on display in the Times office.

P. T. A. LEADER TO SPEAK HERE

Mrs. R. E. Day, district president, will be principal speaker and guest when the Parent-Teacher Association convenes in the high school auditorium Thursday afternoon of next week at 4:00 o'clock.

The public is urged to attend the special meeting, "Developing Character in Your Child" has been selected as the course of study for the year.

The Thursday program follows: "What About Play?" by C. Wedgeworth; "The Fire Brigade" by Mrs. Hilton Lambert; number by Choral Club; "Daily Food Requirements for the Family" by Miss Elizabeth Ward.

THE NEW DEAL'S DECALOGUE

One of the new assistant secretaries of state, Harry F. Payer, of Cleveland, who, in a recent speech laid down the Ten Commandments of the New Deal, said partly as follows:

"First—Thou shalt not live, my dear country, beyond thy means.

"Second—Thou shalt not lose confidence in thyself or thy great strength.

"Third—Thou shalt not make mammon thy god but neither shalt thou be unmindful of thy monetary system lest it destroy thee.

"Fourth—Thou shalt not make gold thy god but thy servant.

"Fifth—Thou shalt not permit the unemployment of thy people, well beloved; this is the first and greatest commandment.

"Sixth—Thou shalt not fail to manage well and rationalize thy industry.

"Seventh—Thou shalt not suffer the paradox of poverty amid plenty else thou shalt grievously offend.—Events, Enid, Oklahoma.

THOUSANDS OF DOLLARS SENT BY UNCLE SAM

Cotton checks poured into Snyder for four consecutive days last week, bringing the Scurry County total to \$145,701.

This government money went to 750 out of the 1,265 holders of plow-up contracts in this county. Of the total amount of cash to be received, \$105,719 remains.

The largest group of checks came Friday. Two batches totaling almost \$57,000 were received for 280 farmers. Saturday brought two batches totaling \$25,192 for 140 farmers. Sunday, \$16,200 for 90 contract holders.

The average for each farmer receiving checks up to this time is about \$92. The average per farmer for the entire amount due in cash is \$198.75.

List of check receivers as tabulated by the office of W. R. Lacey, county agent, follows:

Thursday, October 5, Checks.

DR. BANNISTER DIES SUDDENLY

Death claimed Dr. J. M. Bannister, 25 years a Snyder physician, as he slept at his home early Thursday morning. The 51-year-old resident, who had been in ill health for several years, was lifeless when his wife awoke about 2:00 a. m. He had been active in his practice here this week.

Rev. S. H. Young, pastor, will be in charge of services at the First Methodist Church Friday afternoon at 3:30 o'clock. Burial will be in Snyder cemetery, with Odum Funeral Home in charge.

Dr. Bannister is survived by his wife and two children, Herbert and Hazel, all of Snyder.

Palbearers will be: E. F. Alford, R. C. McClure, Gay McClain, R. C. Grandham, R. L. Miller, H. L. Williams, J. R. Hicks and A. H. Trice. Mrs. P. W. Cloud, Mrs. Elmer Spears, Miss Gwendolyn Gray and Miss Frances Lewis will be in charge of flowers.

Rites Held Monday For Mrs. F. L. Burrus Of Borden County

Funeral service for Mrs. F. L. Burrus, 38 years old, of Tredway, Borden County, daughter of a pioneer Baptist minister, Rev. G. W. White, residing at 1368 North Nineteenth Street, was held from Laughner's Funeral Home Monday morning at 10:00 o'clock. Burial followed in the Abilene cemetery.

Mrs. Burrus succumbed Sunday morning in a local sanitarium, where she was entered for medical attention last Tuesday. Stricken seriously 13 days ago, she failed to respond satisfactorily to treatments during the interlude.

Besides her parents, both living, Mrs. Burrus is survived by her husband and five children, Dec, Stella, Francis, Margaret and Jack, all of Tredway. Other survivors are three brothers, A. C. White of Jacksonville, C. K. White of Breckenridge and John A. White of Abilene; and five sisters, Mrs. J. W. Howell of Phoenix, Arizona, Mrs. Jean Fuller and Miss Aleta White of Abilene, Mrs. Oia O'Donald of Fort Worth and Mrs. C. W. Poppe of Snyder.

Born in Union Grove in 1895, Fannie White moved with her parents to West Texas in 1904, settling in Colorado. In the years following the family moved to towns in the surrounding area, where Rev. White took an active part in organization of churches. Following her marriage 15 years ago, she has resided in Tredway—Abilene Morning News.

Auto Code Received For County Dealers

Local automobile dealers have received a draft of the national automobile code, which causes several changes in working hours and trade practices.

Working time is hoisted from the blanket code maximum of 40 hours to 44 hours. A market code, effective November 1, in the years following the code may no longer be given on parts or used cars, and that a certain price is fixed on second-hand cars of various makes and grades.

Good Opening Days Says F. T. Wilhelm

Friday and Saturday were fine opening days for Hande-Dandé No. 2, according to F. T. Wilhelm, veteran groceryman, who is in charge of the new business just west of the square.

To make matters better, says Mr. Wilhelm, business has kept on keeping on during this week, and he is looking forward to a big week-end.

PLENTY of seed wheat for sale; if you want it, I have it.—J. S. Golden, Route 1.

"Uncle Joe" put that ad in the Times last week when he came to town from his Canyon community home. He expected good results, and got them, from that 25-cent classified.

But he had lots of wheat. He wanted to sell some more. In order to assure getting the ad good results, and get them, from that 25-cent classified.

Mr. Golden has joined dozens of Times readers who have discovered that a small classified at a small rate will pay big results.

Dollar Rate Applies in Scurry and Adjoining Counties; \$1.50 Per Year Elsewhere.

When will Bargain Days begin? That question has been asked a number of times during the last few days.

The answer is "now." New or renewal subscribers to The Scurry County Times may now secure the paper for \$1 per year. For the third consecutive year Bargain Days have come along to cut the regular subscription price of \$2 in half—to provide year-round reading of Your Home County paper at less than two cents per copy.

The Times is striving to publish a better paper from week to week. Hundreds of subscribers showed their appreciation and interest last year by renewing without any special drive. The publishers feel certain that many of those who felt unable to take the paper last fall have been awaiting Bargain Days to get back on the mailing list.

You may subscribe at the Times office, send your subscription by mail, or hand your dollar to your community correspondent, who gets commission on each subscription.

The \$1 rate applies in Scurry, Fisher, Borden, Mitchell, Howard, Nolan, Kent and Garza Counties. Elsewhere the Bargain Days price is \$1.50.

Special money saving combinations rates on The Times and the Semi-Weekly Farm News, Abilene Morning News, Dallas News, Fort Worth Star-Telegram and Pathfinder Magazine are announced on another page.

New subscriptions received any time during October will be dated to expire October 31, 1934.

Changes In System Holding Back Loans

A complete change in the state system of handling loans through the Home Owners Loan Corporation causing delay in local loans in the government set-up, according to Ben F. Smith, appraiser for this county.

Mr. Smith announces that one loan has been completed, two appraisals are pending, and about 50 applications are in process of completion.

W. W. Merritt, who lives not far west of town, brought in some hedgehogs last week that were good for sore eyes. Miss Mary Harkey Becomes Bride of Marshall C. Higgins Last Tuesday

Marriage of Miss Mary Harkey of Wynne, Arkansas, and Marshall C. Higgins of El Paso was solemnized at the home of her sister, Mrs. James Mitchell, 502 South Main Street, Brinkley, Arkansas, last Tuesday afternoon at 3:00 o'clock.

The home was beautifully decorated with autumn flowers and pretty pot plants. Little Miss Mary Louise Mitchell, niece of the bride, sang "I Love You Truly" before the ceremony. Lohengrin's Wedding March was played by Miss Annabyn Mitchell, another niece of the bride, as the bride and bridegroom entered the living room and stood before a bank of lovely ferns and autumn flowers. The ring ceremony was read by Rev. J. Gallo-way, pastor of the First Methodist Church in Brinkley, with a number of the bride's close friends present.

The bride was lovely in a triple sheer black crepe afternoon dress, with white accessories, and wore a beautiful corsage of roses and gardenias. She is the daughter of Mr. and Mrs. G. R. Harkey of Russellville, Arkansas, and has been for the past year Western Union operator at Wynne, Arkansas. Before that time she was employed with that company in Snyder.

Mr. Higgins is the son of Mrs. C. C. Higgins of Sweetwater, who until recently made her home here. He was employed with the First State Bank here for a number of years and is now associated with the Texas Department of Justice, with headquarters in El Paso.

Immediately after the ceremony the happy couple left for Russellville for a short visit with the bride's parents. For the past week they have been guests of Mrs. C. C. Higgins in Sweetwater, and have visited with their many friends in Snyder.

Mr. and Mrs. Higgins, after this week, will be at home in El Paso.

Two showers were given in Mrs. Higgins' honor during their stay in Snyder.

20th Century Meets With Mrs. Taylor.

The Twentieth Century Club met with Mrs. J. J. Taylor Tuesday afternoon, with Mrs. W. J. Ely as program leader. In answer to roll call interesting things about our government were given.

"Our President" was Mrs. J. E. LeMond's topic; "The First Lady of the Land" was given by Mrs. W. M. Scott; "The City of Washington" was discussed by Mrs. Joe Strayhorn; and the leader gave "What is Being Done for the Betterment of Government."

The hostess served coffee and cake to the following members: Mmes. I. W. Boren, H. J. Brice, P. C. Chennault, Nelson Dunn, W. J. Ely, C. E. Fish, W. C. Hamilton, J. E. LeMond, W. M. Scott, Allie Warren, Joe Strayhorn and O. S. Williamson. Mmes. W. R. Bell and Charles Owens were guests.

Art Guild Studies Texas Sculpture.

Miss Effie McLeod was hostess to the Art Guild Monday evening at the home of Mrs. J. W. Templeton, at which time Mary Doak led an interesting program on "Texas Sculpture."

Ellen Joyce had as her subject "Texas Italian Sculptors: Enrico Cerrachio and Pompeo Coppini;" Leola Williams gave "Texas Women Sculptors: Bonnie McHenry and Waudlin Pauch;" and "Native Born Texas Men Sculptors: Joseph L. Boulton, C. D. Pruitt and Charles Summery" was Aileen Smyth's paper.

Interesting shades of green were carried out in the salad course served by the hostess.

Mmes. Boren and LeMond Hostesses.

Mmes. J. E. LeMond and Clyde Boren were joint hostesses to members of the Euzelian Sunday school class of the First Baptist Church in their first meeting of the year in the home of the former Thursday afternoon.

The meeting opened with the singing of the class song, "Let Others See Jesus in You," in chorus, followed by a prayer. The retiring president, Mrs. LeMond, opened the business meeting, disposing of all unfinished business. After the business, Mrs. LeMond gave an appreciation to the class, presented each member with a hand-made basket of candy flowers, and in conclusion gave a toast to the new president, Mrs. R. S. Sullivan. In response, Mrs. Clyde Boren offered a toast to Mrs. LeMond, and presented her with a scrapbook made by the class.

New officers were elected as follows: Jack Reynolds, president; Marie Oliver, vice president; Clyde Sturdivant, secretary-treasurer; and Estine Doward, reporter. Marie Oliver, Lloyds Moreland and Ruth Letcher were appointed on the program committee.

The new club will meet on alternate Wednesdays.

Sine Cura Meets With Mrs. Towle.

The Sine Cura Club was entertained by Mrs. H. G. Towle at her home, 2911 Avenue U, Tuesday afternoon. The house was decorated beautifully with autumn flowers, a color scheme of green and yellow being carried out in decorations and the refreshment plate.

At the close of the bridge play Mrs. Forest Sears was high, Mrs. Garrett Harrell was second high, and Mrs. Gordon Towle received a guest prize.

Those present were: Mmes. A. D. Erwin, T. L. Lollar, Garrett Harrell, Forest Sears, R. H. Curmutte, O. P. Thrane, Wayne Boren, W. B. Lee, Hugh Boren and G. A. Haran, members; and Mrs. Gordon Towle of Trenton, Nebraska, and Mrs. Pearl Shannon of Colorado, guests.

Spanish Club Organized.

Spanish students at Snyder High School, under sponsorship of Miss Maurine Cunningham, recently organized into a club, choosing for their name "Ene Ere A" meaning NRA, and using the motto, "Hacemos Nuestra Parte," or "We Do Our Part."

New officers were elected as follows: Jack Reynolds, president; Marie Oliver, vice president; Clyde Sturdivant, secretary-treasurer; and Estine Doward, reporter. Marie Oliver, Lloyds Moreland and Ruth Letcher were appointed on the program committee.

The new club will meet on alternate Wednesdays.

Chandler-Graham Wedding Wednesday.

The marriage of Miss Blanche Chandler, daughter of Mr. and Mrs. C. P. Chandler, to Howard Graham took place last Wednesday afternoon at 2:00 o'clock at the home of Rev. S. J. Shettlesworth, pastor of the First Christian Church in Big Spring. Rev. Shettlesworth read the impressive ring ceremony in the presence of the couple and Mrs. Loy Boyd, sister of the bride, of Colorado, and Miss Willie Pearl Glen of Snyder.

The bride was dressed in a smart, brown silk crepe sports dress trimmed with brown satin and worn with all-brown accessories. She has resided here with her family for a number of years, and is very well known.

The bridegroom is the son of Mr. and Mrs. J. E. Graham, and is now employed at the Graham Sanitary Dairy.

Immediately after the ceremony Mr. and Mrs. Graham and Miss Glen returned to Colorado and were guests of Mrs. Boyd until Saturday. The young couple will make their home in Snyder.

Mrs. Anderson Is San Souci Hostess.

Members of the San Souci Club and guests were entertained by Mrs. E. J. Anderson in her home Tuesday evening. The house was beautifully decorated with pretty autumn flowers, dahlias and zinnias, and at the close of bridge games Mrs. Marcel Josephson, member, and Mrs. Ivan Dodson, guest, were awarded high score prizes.

The hostess passed a salad plate to the following: Mmes. C. Wedgeworth, Wayne Boren, Marcel Josephson, Dan Gibson, Forest Sears, and Albert Norred, and Misses Hattie and Gertrude Horn, Mattie Ross and Maurine Cunningham, Jessyle Stinson, Maggie Norred and Neoma Strayhorn, members; Mmes. SNYDER TAKES SERIES OPENER FROM HAMLIN

It Was a Ragged Game on Tiger Field Friday, But It Had Bright Spots As Locals Won, 31-0.

The Tigers' first conference game was a ragged affair, like the depression and last year's shirt, but it saw the conference champs come through brilliantly in a few spots to down Hamlin, 31 to 0.

When Wiesse shot off tackle for 60 yards and a touchdown in the opening play after kick-off, it looked like a sure bet that the home boys would win by 50 or 60 points. But when L. Raley, Hamlin's star quarterback, plucked through center for 22 yards on the visiting team's second play from scrimmage, the "Oh's" and "Ah's" began peeping the well filled grandstand.

The Pied Pipers did not threaten for long. After an exchange of punts, which neither squad could make much yardage, the Tigers began a drive that ended by Joyce plunging over for the second touchdown. A 20-yard pass from Wiesse to Huestis, and an 18-yard off-tackle run by Pesmire featured this drive.

Game Slows In Second.

A series of offside penalties for the locals, plus some slow-motion playing, held the score at 12 to 0 until the first half ended. Then, with some new blood in their veins, the Tigers came back in the third quarter to outplay the Mounties, who were using several substitutes. The visitors made three of their six first downs in this quarter, one after the other, but they were stopped long before they got into dangerous territory.

It was in that third quarter that L. Raley, Jones County signal caller, stamped himself as the outstanding player on the field. He was on the passing end of all the Hamlin air game, and gained far more yardage than all his backfield mates combined. A heavy line that featured McCoy, R. Raley and Tanner made many holes for him, helped hold down Tiger yardage considerably. In fact, the center of the visiting line came very near outplaying the Snyder boys, although Green was on his toes all the time, and the other end-to-end crew showed spurts of good playing.

Passes Look Good.

Wiesse and Huestis vied for backfield honors, while Pesmire, Joyce and Boren also looked fairly good in that department. The pass twirling department looked particularly good, with Huestis and Beavers.

SAVINGS MAKE THEM REAL

Plans develop from dreams into realities through systematic savings. A home, a car, college for the children, personal advancement or a fund for old-age retirement . . . how else can these be assured except by savings?

"We owe his life to that faithful friend"

Peaceful stillness of a winter night was broken by the hoarse cough of a child. Mrs. Peery bent over the little white crib for a minute. Then, she hurried to the telephone.

"Doctor . . . please hurry!"

The doctor's face was grave . . . "Diphtheria. It's going to be a hard fight. We must operate. It's our one chance."

Along the wires another message flashed. A skilled surgeon and a trained nurse came. A child's life was saved.

Mrs. Peery says: "Today, as I look at my sturdy boy, I know we owe his life to that ever faithful friend within our home."

If that family never uses the telephone again, it will have repaid a hundredfold for all it has paid for telephone service. Yet, daily the telephone brings comfort, pleasure, and often money to most of us.

You can buy few things which cost so little and are worth so much.

This has a Special Meaning for Homes

The Penney "New Deal" has brought direct benefits to many millions of families . . . three generations of people.

These benefits . . . direct savings in money spent and the satisfaction in use which only honest merchandise provides . . . rest squarely on economies of operation passed on to the customer.

This did not take place overnight. It took time.

The national "New Deal," too, may require time before each one of us feels any direct benefit. But the purpose of the program provides just that . . . better opportunities, better conditions, lower taxes.

That means a lot to every family. But it demands cooperation and support.

The Penney "New Deal" is in effect now. It offers values for every member of the family. It offers, too, interested, thoughtful service by store personnel who take a real interest in your needs . . . they're local people . . . your neighbors.

The Times Creed:

For the cause that needs assistance;
For the wrongs that need resistance;
For the future in the distance,
And the good that we can do.

THE WEEKLY DOZEN

The Cleverest Sign.

We submit as the cleverest sign that has been through Snyder on a tin-henry this week: "For God, For Country, For Sale."

Let's Push Awhile.

Pessimism Pete says Snyder will soon air away her day of grace if she does not get behind her Chamber of Commerce—and stay there.

Your Annual Opportunity.

Now that bargain days are here on all the dailies there is not much excuse for any man not to know how many gangsters killed how many citizens; and how many investigations the Legislature is conducting or plans to conduct.

Two New NRA Angles.

The Pathfinder Magazine suggests two newly coined phrases based on NRA. "No Runs Allowed" is said to have been the motto of the Washington Senators—before they met the New York Giants in mortal combat. "Nuptial Relations Association" is what NRA has proven to thousands of boys and girls who have married since the Blue Eagle put them back to work.

Hats Versus Sanity.

Talkative Tillie insists that it's better to have been optimistic and lost than never to have been optimistic at all. Take those dippy little hats, for example. Even a blind man could not have been optimistic about them last fall, but they are returning this season in greater dizziness than ever. If dresses ever reduce in the same proportion, optometrists should have a rushing business.

"The End Is Not Yet."

An exchange emits this timely warning: If vast numbers of good citizens are so critical of prohibition, as we have known it, as to withhold their sanction, they are nevertheless just as critical of the wet movement as they observe it today. The end of this fight is not yet and the victory will be won by the side which makes the best appeal to the good men and women who have been staying away from the polls in 1933.

NRA Scores a Big Hit.

Dun & Bradstreet, barometer for business of the nation, report that there is now definite proof that the NRA drive has resulted in an increase of business. In fact, in some lines it is now difficult to get enough goods to fill the orders, as dealers have been carrying such small stocks. If Scurry County folks will check their debits against their credits, they will find that recovery in this neck of the woods is traveling alongside nation-wide recovery.

Success Is Certain Now.

Now that W. R. Hearst, the nation's most prolific publisher, has declared war on NRA, success of the Roosevelt movement is certainly assured. It was Hearst, you will remember, who did his best to start that foolish "Buy American" movement last year . . . and whose palatial California home is filled to the brim with furniture and knick-knacks from the four corners of the earth. Not many folks in the nation will take WRH in preference to NRA.

Do You Believe It?

The Texas Outlook, state teachers' magazine is authority for this best "Believe It or Not" of the season: A farmer hung his vest on a fence in his backyard. A calf chewed up a pocket in the garment, in which was a gold watch. Seven years later the animal, a staid old milch cow, was butchered for a beef, and the timepiece was found in such a position between the lungs of the cow that the respiration kept the stem-winder wound up, and the watch had lost only four minutes in the seven years.

Progress In Printing.

A favorite axiom of the printing industry, "Printing Is the Inseparable Companion of Achievement," has never been more clearly demonstrated than now. NRA and the other giant ramifications of the New Deal program have depended largely on the printing press, despite the admitted influence of the radio. Type can not be erased, whereas the ether waves are here today, gone tomorrow. Those who have not realized the vast part printing is playing in national recovery will do well to help do their part by use of the printed word.

"Will-to-Peace" Rallies.

Mass meetings in 450 cities in 43 states and the District of Columbia have been scheduled as part of the disarmament campaign of the organized peace forces of the country, prior to the Geneva disarmament conference October 16. Secretary of State Cordell Hull lends dignity and hope to the movement by stating that "nothing can so hearten the statesman seeking to solve the complicated problem of disarmament as the knowledge that behind him stand millions of his fellow countrymen ready to inspire him with courage and confidence."

Pay As You Drink and Bathe.

Many otherwise good citizens have been making the city of Snyder a goal for several months. They drink water, bathe in water and sprinkle their yards in water from daylight until after dark, but when it comes time to pay for the water, they seem to have a lapse of conscience and memory.

The argument that many of these water users just can not pay their bills because the depression has hit them holds good in a very few cases. How about their electric bills? How about their telephone bills? How about their gas bills? A first grader can answer either question. These three privately owned utilities will tell you, politely enough, that unless you pay up you will be cut off. And, sure enough, unless you pay up you get cut off.

Peculiarly enough, very few families have their electricity, telephones or gas disconnected. By some hook or crook, they rake up the necessary shekels, and the utilities keep on keeping on.

Thanks to Snyder's fine water department and her capable City Council and mayor, the town has remained on a cash basis. That is something so rare among West Texas towns that it should make a song of joy rise in the heart of every citizen. Instead, many folks either do not express an opinion at all or they cuss city officials for not doing this and so . . . and then go home to use more unpaid-for water.

The city dads have been more than lenient. They have realized the predicament of many water users, and have not had the heart to cut off the juice. But times are getting better now. Most families have an increased income. And the users who are doing all the paying are justifiably insisting that the non-payers either pay up or get off the charity list.

The city government—which is us—has made a straight-forward appeal to water users. Except in rare instances, back bills will be paid or definite arrangements will be made to pay them. A few hard-shells, who insist that the other fellow pay all the freight, will fume and fuss. Let 'em fuss . . . and then do without water.

American (abroad)—"Tough luck, monna. We've come all the way from New York to see a London fog, and when we get here everything's blotted out by this darn mist."

Husband (to wife on first morning in the desert)—"Quick, darling, come and see this wonderful mirage."

Wife (peering intently)—"I'm sorry, dear, but I don't see a thing—but let's hurry and have our breakfast, then go for a swim in that beautiful lake."

"I've been thinking, my son, of retiring next year and leaving the business to you."

"There's no hurry, is there, Dad? You go ahead and work a few years more, and then we can retire together."

Professor—"If there are any dumbbells in the room, please stand up."

A long pause and then a lone freshman stands up.

"What—do you consider yourself a dumbbell?"

"Well, not exactly that, sir, but I hate to see you standing alone."

CURRENT COMMENT

BY LEON GUINN

Geometry students have accepted the theory that millions of invisible lines penetrate the ether and, in theory, go through mountains, even water. . . . Now Italy's famed Senator Guglielmo Marconi comes forward with an announcement concerning his work in "bending." If you please, around the earth's curve short waves. . . . Termed micro-waves. . . . This recent discovery will influence the future of radio reception. . . . Although micro-waves probably bend over mountains, they are not susceptible to static, the famed acoustic villain. . . . Daylight and darkness evidently do not alter the course of these tiny micro-waves. . . . The world is getting smaller for Senator Marconi and assistants, since space merchants have much room for theory diagnosis. . . . Radio theme song: A word encircles the globe in one-seventh of a second. . . . How is that for speed?

Since the liquor big shots have known America would go wet, importers have rushed madly to obtain a preferred list of liquors of a foreign brand, since whiskey profits will go to men with the stomach for to sell. . . . Imports to the U. S. before the war totaled a fat \$17,000,000 annually. . . . The Treasury Department secretly is encouraging whiskey ageing, since seven months' supply is in American storage in bonded warehouses. . . . Treasury agents say money is needed, but needed shekels will not be supplied by legalized whiskey, Roosevelt or not. . . . Foreign names like Johnny Walker, Dewar's, John Haig, White Horse and Gordon's gin will soon be familiar to American garglers. . . . The present U. S. set-up of whiskey interests is in the big time to the tune of \$125,000,000 estimated annual income. . . . Roosevelt aides suggest it is possibly the unbonded instead of bonded stuff that breaks down blood corpuscles. . . . We shall see.

In order to take a focus on early American theology, it is of value to study eminent scholastic treatment of the subject. . . . Steeped in English tradition, Dr. John Lightfoot, vice chancellor of the University of Cambridge, said: "Heaven and earth, center and circumference, were created all together, in the same instant, and clouds full of water. . . . This work took place and man was created by the Trinity on October 23, 4004 B. C., at 9:00 o'clock in the morning." . . . However, at this time, the people along the Nile were studying architectural designs, and worrying how more taxes could efficiently be collected. . . . Scientific religious research has proven much past theological writings incorrect in viewpoint, but virtually the same in principle. . . . And a few hundred years hence theologians will have much to say relative to some beliefs held today. . . . More people should realize that the date of creation is not so important as the date of accepting the Ten Commandments as lamps unto America's feet.

Davidson Against the World.
Lynch Davidson, a figure in Texas political pictures for a number of years, fought the relief bond issue before it was authorized by popular vote, and he is fighting it again. Using Lawrence Westbrook's testimony before the Senate investigating committee as authority, he points out that propagandists forced the issue on the people, and are now sticking their noses into the feed trough. Mr. Davidson says: "Article 3, Section 51 of the constitution gives the Legislature sufficient power to grant necessary relief and it can be done, without the issuance of bonds, under controlled distribution, and without paid and costly welfare workers."

THE MASTER EXECUTIVE

BY BRUCE BARTON

Simplicity and Strength.

Jesus hated proxy dullness. He praised the Centurion who was anxious not to waste his time; the only prayer which He publicly commended was uttered by a poor publican who merely cried out, "God, be merciful to me a sinner." A seven-word prayer, Jesus called it a good one. A 68-word prayer, He said, contained all that men needed to say or God to hear. What would be His verdict on most of our prayers and speeches and our advertisements?

Psalm, the Gettysburg Address. Recall their phraseology: "Our Father which art in heaven, hallowed be Thy name." . . . "The Lord is my shepherd; I shall not want." . . . "Four score and seven years ago." . . . Not a single three-syllable word; hardly any two-syllable words. All the greatest things in human life are one-syllable things—love, joy, hope, home, child, wife, trust, faith, God—and the great advertisements generally speaking, are those in which the most small words are found.

"I recollect a case in which my father at a public meeting was appointed to draw up an article," Beecher continued. "He had written one sentence: 'It is wrong.' Someone in the meeting got up and moved in his enthusiasm that the sentence read: 'It is exceedingly wrong.' My father got up and said in his mild way, 'When I was writing out this resolution in its original shape that was the way I wrote it, but to make it stronger, I took out the "exceedingly".'"

Jesus used few qualifying words and no long ones. We refer to those three literary masterpieces, the Lord's Prayer, the Twenty-Third

JE'VER STOP TO THINK?

BY EDSON R. WAITE

James E. Barrett, managing director of the Oklahoma Biltmore Hotel in Oklahoma City, says:

"Every business man knows in this day and age that a Chamber of Commerce is organized for the purpose of looking after the affairs of a community.

"Individuals can not do it—each individual has his own affairs to take care of.

"Experience has proven that an organization composed of all the business men to act on behalf and for the general interests of all brings results.

"Its membership should be as large as the intent and purpose of such a body is to add to the profit and prosperity of all.

"Chambers of Commerce are business bodies and they will, when properly conducted and supported, increase the gross business of a city.

"In order to make a city greater and to increase the prosperity of a community, every citizen should support this organization in proportion to his means.

"In union there is strength, and a union of all the people of a city in a work for the entire community always proves most profitable.

"The business man who refuses to contribute his small mite of time and money to carry on this work which benefits him is indeed a sorry apology for a man."

Teacher—"Johnny, I'm surprised! Do you know any more jokes like that?"

Johnny—"Yes, teacher."

Teacher—"Well, stay after school."

The Government 10c Cotton Loan

Can Be Received Through The COTTON COOPERATIVE MARKETING ASSOCIATION

Do not sell your cotton for less than ten cents, as the Government will loan 10 cents per pound on cotton classing low middling or better in grade with staple seven eighth inch or longer; and eight cents for similar grades with staple shorter than seven eighth inch, stored in warehouses acceptable to the Reconstruction Finance Corporation. Freight and other costs of making delivery to the warehouse are to be borne by the producer.

The loans will be made on cotton of this year's growth to producers who agree to reduce their nineteen thirty four acreage. The reduction required will not be more than forty per cent of the five year average, for which a rental of from three dollars to eleven dollars per acre will be paid. The producer will be required to give a note for the loan, but there will be no liability on his part in case the cotton eventually is sold for a lesser amount.

Complete details and forms are expected to be received from Washington in the next few days, at which time The Cotton Cooperative will be in position to make the loan immediately after warehouse receipts are delivered to them.

Do Not Sell Your Cotton for Less Than The Government Advance!

Columbus Day Being Observed By Banks

Local banks are observing Columbus Day, Thursday, by closing all day.

As far as most other business houses, and 99 out of 100 average citizens are concerned, Columbus might have discovered America on December 25 or November 11. But history records the date as October 12, 1492; so the banks are closed.

Merkel Badgers Threaten To Upset All Comers As Fullback Boaz Leads

Led by Fullback Boaz, who appears to be bitter medicine on anybody's gridiron, the Merkel Badgers established themselves last Friday as topnotchers in District No. 9. The burrowing boys trounced Stamford, 19 to 6, just a week after they had given Anson the works, 6 to 0.

Here is what the Abilene Morning News says of Boaz the Badman: "In the first quarter, Boaz broke through from the 45-yard line, and behind good blocking went to a touchdown, after which he kicked goal for point. In the third period he caught a fumble in midair and ran 24 yards for another counter. He registered the final touchdown in the last half minute of play. Trying desperately to score, Stamford hurled a pass back over its goal. Shelton intercepted it, was down on the one-yard line, and Boaz plunged across on the first play. The losers led in first downs, 12 to 5."

Haskell was given a severe setback in her first conference affair, falling prey to the Roby Lions, when Nickles intercepted a pass and raced 70 yards for touchdown. The score was 6 to 0. It was also Roby's first conference game.

If you remember the scores of two or three non-conference games, and if you place any trust in them, you will more than likely conclude that Merkel, Roscoe and Snyder will fight it out for the conference bunting. Colorado beat Roscoe by only a 7 to 6 count three weeks ago, then turned around and played a scoreless tie last week with Winters, a team that whipped Roscoe, 31 to 0. Scores to date indicate that Snyder has a slight shade over any of these contenders, but you never can tell until the various eleven's play in each other's backyards.

Here is the way the conference schedule stands to date:

Team	P	D	Tied	Won	Lost	Pct.
Merkel	2	0	2	0	1000	
Snyder	1	0	1	0	1000	
Roby	1	0	1	0	1000	
Roscoe	0	0	0	0	1990	
Rotan	2	1	1	0	.750	
Anson	2	1	0	1	.250	
Haskell	1	0	0	1	000	
Hamlin	1	0	0	1	000	
Stamford	2	0	0	2	000

Stop Getting Up Nites
Physic the Bladder With Juniper Oil
Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder physic, also containing buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Stinson Drug Co. says BUKETS is a best seller. B-35

We Want Your Abstract Business!
...We solicit your abstract business on the merits of the service we render. Your title work entrusted to us will receive careful attention and can be depended on to reveal your title. We render the highest type of abstract service available.
...Our abstracts are not mere work sheets requiring you to go to the county records to examine your title, but enable a full and complete examination of your title to be made.
...The depression has taught us the folly of investments in stocks, bonds, business interests, or what have you. REAL ESTATE has continued to produce. Your cotton, corn, feeds, grains, and vegetables for your family have produced abundantly—thus providing the necessities of your livelihood. Your land is your only REAL investment.
...Protect your investment in Real Estate by an examination of your title. The law books are full of laws affecting real estate and the rights of the owners thereof. An abstract will not make your title good, but is an "X-Ray" showing the condition it is in. Correct that deed now—where a flaw was made years ago. You may have opportunity to sell, lease or borrow on your real estate, and if that flaw is in your way it may cost you thousands of dollars.

Wanted (continued)
answer the petition filed in said court on the 28th day of September, 1933, in suit numbered No. 2723 on the docket of said court, wherein the San Antonio Joint Stock Land Bank of San Antonio, a corporation, is plaintiff and R. L. McMullan, Mary L. McMullan, John A. Simpson, Jesse H. Roberson, Barney Prince, Harvey Chapman, Dew G. Davis, James A. Autry, Harry Winston, Wade Winston, Com Ezell, Pete Hart, D. R. Fowler, Houston Hill, Empire Gas & Electric Company, each for \$3,037.50 and one final installment for \$2,168.10, such installments maturing on the first day of January of each year thereafter, and that such installments include interest at the rate of six (6) per cent per annum; that said note provides that all installments past due and unpaid shall bear interest from maturity date thereof until paid at the rate of eight (8) per cent per annum; but that plaintiff has demanded interest thereon at the rate of six (6) per cent per annum; said note also provides that if default be made in any of the payments therein provided for, then the whole of said note may be matured; plaintiff further alleges that the defendants secured the payment of said note by deed of trust of even date with said note to Wm. B. Lape, trustee, covering and resting upon said 4,373 acres of land hereinabove described; that the defendants thereby created and fixed a valid and subsisting lien thereon; that the defendants, R. L. McMullan and Mary L. McMullan, defaulted in the payment of installments which matured on the first days of January, 1932 and 1933; that plaintiff exercised its option and declared the whole of said note due, and that said note provided that if collected by suit, or if placed in the hands of an attorney for collection, the maker thereof agreed to pay a sum equivalent to ten (10) per cent of the amount of principal and interest then due thereon; that the defendants, R. L. McMullan and Mary L. McMullan failed to pay said note or any part thereof save and except that they paid all annual installments which were due on said note prior to January 1, 1932; that plaintiff prays for judgment against the defendant, R. L. McMullan and interest and attorney's fees due on said note and against all of the defendants for foreclosure of its lien and this in the event the relief prayed for under its plea in the first count of its petition be denied.
Herein fail not but have you before said court on the first day of the next term thereof this writ with your return thereon showing how you have executed the same.
Witness: MAUDE M. AKERS, Clerk of the District Court of Scurry County, Texas.
Given under my hand and the seal of said court at Snyder, Texas, this 28th day of September, 1933, the date of issuance hereof.—MAUDE M. AKERS, Clerk of the District Court of Scurry County, Texas. 18-4tc

Overcome Pains

this better way
WOMEN who get into a weak, run-down condition can hardly expect to be free from troublesome "small symptoms."
 Where the trouble is due to weakness, Carbol helps women to get stronger and thus makes it easier for nature to take its orderly course. Painful, nagging symptoms disappear as nourishment of the body is improved.
 Instead of depending on temporary pain pills during the time of suffering, take Carbol to build up your resistance to womanly ailments.

"Thank Goodness, Jim,"

COLD WEATHER NEVER DELAYS US!"

Ann: "Betty would be late on our first air trip, but as usual when it gets cold, it's to be expected." Jim: "You mean that temperature actually has an effect on her promptness?" Ann: "Yes, she is very prompt ordinarily—it's a case of car trouble in cold weather. Bill doesn't see that the difficulty is in his choice of gas and oil." Jim: "Well, Ann, you couldn't expect everybody to buy Conoco, could you?" Ann: "If everyone knew how Conoco oil and gasoline protect both you and your motor against the difficulties of cold weather driving they would!" Jim: "Guess I'd better get Bill on the phone and see what the delay is!" Ann: "Please do!"

YOU HAVE ONLY A FEW MINUTES BETTY
 I KNOW JIM BUT BILL JUST GOT THE CAR STARTED AFTER HALF HOUR TRYING

YOU DID GET HERE, I'M SO GLAD!
 CAR TROUBLE? BETTER TELL BILL TO BUY CONOCO GAS NEXT TIME

Betty: "We had the most awful time, Ann! We were ready to leave in plenty of time, but when Bill tried to get the motor started, it wouldn't budge. After running down the battery he rolled the car out of the garage and got some one to push it till it started—and just in time. The car just doesn't seem to work right." Ann: "It isn't the car, Betty, it's the oil and gas Bill buys. Why don't you tell him to get Conoco Germ Processed Motor Oil and Conoco Bronze Gasoline—they are more economical and have cold weather performance that gives us instant starting and 'Hidden Quart' protection." Betty: "I'm sold!—and Bill will be too just as soon as I get to him!"

CONOCO

at the sign of the Red Triangle

Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart," stays up in your motor and never drains away.

Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled.

Quality and Fair Prices!

We do not advertise "We Have Gone Back to Quality"—because we have never left Quality! Keep This In Mind: Throughout the depression this store maintained the Quality Standard in the lines of merchandise bought, because we have always felt that our clientele wants quality at all times. Hence, we do not advertise now that "We have gone back to Quality," because we have never left Quality!

We own this merchandise at lowest prices. . . . We will not scare you by saying that merchandise is much higher (although it will be when present stocks are gone)—but we want you to come in and see how cheap you can buy Quality Merchandise now! We will pass on to you the savings we have made by buying before even present-day prices become effective.
