

Increased State Aid Slated For 1933-34

District Supervisor Complimentary Of Work Done in Face of Depressed Conditions.

Praise for the general efficiency of Scurry County schools was voiced last week by Miss Sue B. Mann, district supervisor, at the conclusion of an inspection tour of the state aid districts.

Although Miss Mann made no written report, she stated orally that schools in this county are in good condition considering the trials of recent years.

Recommendations for state aid in 1933-34 exceed the 1932-33 quota by more than \$6,000, the report left in the hands of Frank Farmer, county superintendent, reveals. In 1932-33 the totals were \$16,622.25; in 1933-34, \$23,622.25.

Rise in Transportation. The principal rise is in the matter of transportation. Six school buses have been added since last year's state aid grant. Ira has one, Hermleigh one, Dunn one, Fryon one, and Snyder two. In the present fiscal year only \$2,633 was allowed for transportation, whereas the new figures are \$8,153.

Late word from Austin indicates that salary recommendations will show a slight rise—from \$10,741 to \$11,113. Mr. Farmer points out, however, that only the first half payment will be made in this basis, all the second half payment coming only if money enough is left in the state school fund.

High school tuition shows a reduction from \$3,133.25 to \$2,726.25. Industrial aid jumped from \$140 to \$1,190 due to the fact that three-teacher schools were placed back on the eligible list this year. Each school is allowed \$100 for home economics and \$100 for manual training.

Salary-Industrial Aid. Following is the teacher salary aid and industrial aid, by schools, as recommended by Miss Mann, subject to approval of the State Department of Education:

Camp Springs—\$21 salary, Canyon—\$621 salary, \$200 industrial. Bison—\$293 salary, \$200 industrial. Bethel—\$236 salary. Independence—\$144 salary. Plainview—\$916 salary. Dermott—\$74 salary. Crowder—\$120 salary. Gannaway—\$266 salary. Woodard—\$393 salary. Emis—\$342 salary. Turner—\$321 salary, \$200 industrial.

China Grove—\$252 salary. Sulphur—\$393 salary. Woodward—\$306 salary. German—\$244 salary. Pyron—\$305 salary, \$200 industrial. Lloyd Mountain—\$198 salary. Ira—\$780 salary, \$200 industrial. Dunn—\$2361 salary. Fluvanna—\$170 salary. Hermleigh—\$1,443 salary, \$100 industrial.

GINS CONTINUE AT SLOW PACE

Most Scurry County gins continue to operate at intervals, although it was thought three months ago that the crop would be out early in January.

Snyder gins settled down two weeks ago to operating only on Wednesday, Friday and Saturday, and they will probably continue that schedule through next week.

A county-wide ginning report gathered January 10 by the Fuller Cotton Oil Company, shows 30,787 bales have been turned out in the county. It was generally estimated at that time that about 50 bales remained to be ginned. If this be true, the final figure will be about 31,300.

Highway Garage Improves. The Highway Garage is among the several local business houses that have felt the call for improvement of their premises since the New Deal found. White paint is to be tacked from one end of the station to the other. Several minor improvements have been made by Fred Yoder, proprietor.

CONFIDENCE COLUMN

General business conditions in West Texas during the past several months have been the best in nearly seven years, and prospects are for continued improvement over the area.

This was the consensus of opinion among branch managers of the Bryant-Link group of general merchandise stores when they gathered in an annual conference last Wednesday in Stamford. E. E. Weatherbee, local manager, attended the meeting.

Business and general conditions in the Snyder territory were reported as among the best in the state's showings. With better crops than the average during the fall of 1933, and higher prices for these products, a decided increase in buying was reported by Weatherbee. Both the dry goods and hardware departments showed increased sales.

STATE SCHOOL CHIEF TO TALK HERE TONIGHT

J. H. Sears Feels Better, But Finds Home Looks Best

After three weeks in Kansas, J. H. Sears, pioneer merchant, says Scurry County looks almost like paradise to him. Mrs. Sears, who accompanied him, feels the same way about the matter.

Mr. Sears was under treatment at a Rosalia, Kansas, sanitarium for three weeks, and returned much improved in health.

The local man not only had an opportunity to observe hundreds of acres of fertile farm land that was badly in need of moisture, but he learned from people of almost every state in the Union that rain is wanted practically everywhere.

"It seems to me," Mr. Sears said when he returned, "that we are in just about the best condition from a standpoint of 1933 crops and 1934 prospects, of any section of farm country to be found anywhere. It was fine to see the greenery here after the bleak fields and pastures of the territory farther north."

Graduation for High and Grade Schools Is Brief

A New Deal in graduation exercises was introduced Friday morning when five students were graduated from Snyder High School and a class numbering 16 were graduated from grammar school into high school.

Superintendent O. Wedgeworth presented the diplomas at the close of the "class day" program given by high school graduates on which Mr. Wedgeworth was main speaker. High school diplomas were presented to the smallest number in several years—to Misses Lola Mae Littlepage, Mavis Shuler and Bonita McGeary, and Norman York and Henry Clements. Lola Mae Littlepage was valedictorian with an average of 91.87; Mavis Shuler was declared salutatorian with an average of 82.57; and Norman York's grade of 82.75 ranked him the place of highest ranking boy. Lola Mae Littlepage also received the honor of having her name on the Merit Plaque. Bonita McGeary was a close second in merit points.

The grammar school class included the following: Josephine Kelly, Horace Young, Mary Helen Bell, Weldon Strayhorn, Dorothy Pinkerton, Jay Rogers, Ernestine Minkton, Billy King, Faynell Spears, Bo Mott, and three seconds, Michal Smith, J. P. Tate, Naomi Smith, Matthew Casey and Lorraine Todd.

In that class Josephine Kelly and Horace Young tied for the highest ranking position, and Weldon Strayhorn, in a close second, Michal Smith, J. P. Tate, Naomi Smith, Matthew Casey and Lorraine Todd.

CORN-HOG IDEA GETS INTEREST

Increased interest in the 1934 corn-hog contract offered by the A.A.A. is reported throughout Texas by county agents, according to E. M. Regenbath, Extension swine specialist at Texas A. & M. College.

In Scurry County, W. R. Loe reports that he has a list of growers and answers, in pamphlet form, which he will be glad to give farmers interested in the new contract. He is also willing and anxious to discuss the plan with any interested farmers.

The county agent plans to be in Lubbock Tuesday for a regional meeting of agents to learn more of the hog-contract.

"The plan is rather complicated," says Mr. Regenbath, "but its provisions are liberal and offer so many benefits to those who raise either corn or hogs or both that farmers are asking county agents for more details."

W. Dever in Charge Of Howard Grocery

Effective several days ago, Henry Howard purchased the interest in his brother's John, in the Howard Brothers grocery, northeast corner of the square. The institution is being operated under the name of Howard's Grocery.

Walter Dever, who has been employed by the Howards several years at one of their filling stations, is in charge of the grocery. T. J. Green, who has considerable grocery experience to his credit, also is associated with the store. They invite their friends to visit them.

Nurse Joins CWA Force

L. A. Woods, Texas Superintendent, and A. A. (Pat) Bullock on Special Program.

The county-wide public health program, made possible through cooperation of the U. S. Public Health Service and the CWA, is hitting a full stride this week under direction of M. K. Maples.

Mrs. Ivan Elkins, a graduate nurse, was installed Wednesday morning as county health nurse. Her duties are to center largely in schools, where she will direct work looking toward correction of internal and skin diseases, and allments of the eyes, ears and nose. She will also do home sanitation work, organize for immunization campaigns, and later plan health clubs.

County sanitary and health surveys are being started with immunization, health education, purification of water supplies and other objectives in mind.

Three cesspools have been completed in the county, 16 pit toilets have been installed, and several water connections have been corrected, according to Mr. Maples. Herrleigh will be the center of activities next week, with a full force of workmen on various health improvement projects.

Cooperation with Miss Sue B. Mann, district school supervisor, in inspection and correction of school toilets is one of the projects outlined by the county health supervisor.

Miss Adelle Baugh was employed last week as secretary to the county health official.

NEW STUDENTS CROWD SCHOOL

A swarm of new students greeted local high school and grammar school authorities last Saturday, enrollment day for the new semester, and early this week, when new classes started.

At least 125 will be the total new enrollment from January 1 to the end of this week, according to C. Wedgeworth, superintendent. The schools now have their largest total enrollment in history.

Billy Beavers Dies In Snyder Hospital

Death came Monday morning in the Emergency Hospital to Billy Beavers, seven, son of Mr. and Mrs. Charles Beavers, who reside north-east of Snyder. The child had been operated Friday night after his appendix had been ruptured. Gangrene and pneumonia complicated the boy's illness.

Ero. O. D. Dial officiated at funeral rites held Tuesday at the Church of Christ. Odum Funeral Home was in charge. Burial was in the local cemetery.

Survivors are the parents, five sisters and two brothers. Pallbearers were Ralph Neal, Travis Green, Marshall Jones, Edward Hollingsworth and Royce Ellard. Mrs. Owen Morton, and Misses Acie Dell Morton, Winnie Haney and Eileen Sheid were in charge of flowers.

County Resident Beyond 40 Years Buried Thursday

Final rites for Mrs. Elsie Basham, 47, who died Wednesday last week, were held Thursday afternoon at Camp Springs church, and burial was in the Camp Springs cemetery. O. D. Dial of Snyder was the officiating minister. Odum Funeral Home was in charge.

Born in Ellis County, Mrs. Basham moved to Camp Springs when she was only three years of age. The remainder of her life was spent there with the exception of a short residence east of Snyder and a few years in East Texas. She had been postmistress at Camp Springs for more than four years.

Death came three days after an attack of lung trouble that had bothered her previously.

Survivors are D. E. Basham, husband; two sons, W. F. and Bruce McCollum of Waco; three sisters, Mrs. J. M. Aldridge of Big Spring, Mrs. Chester Rucker of East Scurry County, and Mrs. Ethel Duncan of Leaday; two brothers, Jess Bailey of Big Spring and Joe Bailey, traveling salesman; father, M. B. Bailey of Big Spring; Mrs. Basham's sister was the second white girl born in Scurry County.

Pallbearers were Wilburn Keys, E. P. Simpson, C. P. Gilmore, W. C. Davidson, J. L. Fields and W. A. Perry. Flower girls were Mady Davidson and Mary Alice Simpson.

PETITIONS ASK 3.2 BEER VOTE FOR FEBRUARY

Commissioners' Court Requested to Call Special Election in County on February 19.

Petitions asking the Commissioners' Court to call a special election on Saturday, February 19, for the purpose of voting on the sale of 3.2 beer in Scurry County, were passed in Snyder and other communities early this week.

The necessary 169 qualified voters' signatures were secured by P. I. Townsend, county chairman, to be secured within a short time.

It is required by statute that at least 10 per cent of the number of voters who cast ballots in the last general election sign such a petition.

Following is a copy of the petition:

"To the Honorable Commissioners' Court of Scurry County, Texas: We, the undersigned, constituting at least 10 per cent of the qualified voters of Scurry County, Texas, according to the vote for general election held in the year 1932, respectfully petition your honorable body to order an election for said county of Scurry, to be held on the 19th day of February, A. D. 1934, within the hours, in the manner and by election officers provided by law.

At such election there shall be submitted to the qualified voters of said county of Scurry the question of whether or not the sale of beer containing not more than 3.2 per cent of alcohol by weight shall be permitted or prohibited in the county of Scurry."

Young Dems Will Be Organized In January Meeting

A mass meeting of the Democrats of Scurry County will be held in the district court room Saturday afternoon, January 27, at 2:30, for the purpose of organizing the "Young Democrats of Scurry County," according to F. I. Townsend, chairman of the county democratic executive committee.

Similar clubs are being organized throughout the United States, under the leadership of the national democratic executive committee and the national administration.

"The Democrats of Scurry County are cordially invited to attend the mass meeting, at the young men and young women voters are especially requested to be present," Mr. Townsend states. "It is, in fact, a young Democrat's organization. While all Democrats are eligible to membership, no one over 40 years of age can hold any position in the organization."

After completing the organization of the club, election of officers and other work incident to the organization, delegates will be elected to attend a convention of "Young Democratic Clubs" to be held in Lubbock on February 3. At that time delegates from 131 West Texas counties are expected to be present.

Mr. Townsend, who will address the mass meeting on January 27, explaining the purpose of the organization, urges Democrats to "get in line to support the administration of President Roosevelt by attending the meeting and joining the 'Young Democrats'."

Campaign to Clear Manse Is Complete

A campaign by local Presbyterians to raise funds for clearing their manse of indebtedness has proven successful, members of the committee announced early this week.

The committee request The Times to thank members of the church and other citizens who cooperated so loyally during the drive.

Mexican Killer Out On Bond Last Week

Teodosio Cisneros, the Mexican who admits having shot and killed Erasmo Mirelez during a free-for-all fracas in North Snyder New Year's Eve, was released from the county jail Thursday of last week when Floresville friends arranged his bond. Evidence in the case will be submitted before the grand jury during the April term of district court.

County Starts Cotton Sign-Up For 1934-35

Outline of Cotton Plan Given in All Sectors by Agent

Following is the county agent's schedule of engagements this week and next week for outlining of the government's new cotton program to farmers and landlords:

Monday, Tuesday and Wednesday of this week—Fluvanna, Ira, Union and Dunn.

Tuesday (Thursday), 7:15 o'clock—Hermleigh.

Friday—Camp Springs, 1:30 p. m.; Plainview, 7:15 p. m.

Monday—Bison, 1:30 p. m.; Pleasant Hill, 7:15 p. m.

Wednesday—Canyon, 1:30 p. m.; Ira, 7:15 p. m.

Everyone interested in the program has an invitation to attend any of the meetings at the designated places.

Baptist Meeting to Convene in Snyder Church February 6

Snyder was selected Tuesday afternoon at Pleasant Valley as the next site of the Mitchell-Scurry Baptist workers' meeting. The session will be held February 6 instead of the accustomed second Tuesday, which would have made the meeting February 13. Rev. Basil Nayler was host pastor at Pleasant Valley. Several local delegates attended.

Pastor Philip C. McGeary of the local church was made chairman of a committee of five whose duty is to confer with committees from the Lamesa and Big Spring associations concerning adding a missionary and enlistment man for the district. The associational meeting voted to unite with the other two groups of the district in employing the joint worker.

Other members of the committee are Rev. A. C. Hardin of Lorraine, Rev. P. D. O'Brien of Colorado, Rev. C. C. Scott of Westbrook, and T. D. Wilson of Washburn. The committee plan to hold an informal meeting at Ciseo next week during a pastors' retreat, and then to make final plans at Colorado February 5.

Basket Shooters From County Go To Area Tourney

Scurry County entered four teams in the Colorado basketball tournament and one of them—Dunn—climbed high in the 25-team meet. The boys were nosed out by Colorado, tournament champions by a third round score of 36 to 29. In the first round they gave Westbrook a sound trouncing, then climbed through Coahoma, 33 to 23.

Morris Ashley was selected as one of the all-tournament forwards. This stellar Dunn player will also be remembered because of a similar ranking last year and for his showing in the county meet last year. The all-stars were awarded miniature gold basketballs.

Colorado played only half time in the first round to eliminate Ira. The Scurry boys were behind, 43 to 5 at the half, and forfeited. The Wolves later won from Duran, then from Abilene by a score of 37 to 23. Wylie, finalist with Colorado, won from Big Spring, favorite in the tourney, by a surprise score of 39 to 21. The Wolves then nipped over the energy Wylie tossers by a score of 33 to 32.

Ira nosed out Hermleigh in the first round, while Hamlin knocked Fluvanna out of the running. Hermleigh defaulted to Lorraine in the consolation matches. Fluvanna downed Merkel, 19 to 16, then lost to Sylvester, 30 to 22.

Piggly Wiggly Improving.

Enlargement of display space and addition of a modern meat market are steps being taken this week by Piggly Wiggly No. 2 to complete one of the most up-to-date stores in this section of the state. Official opening of the improved store—on its birthday—will be announced for next week-end.

DOCTORS HEAR SECRETARY AT BANQUET HERE

Dr. Holman Taylor of Fort Worth Honored Thursday by Seven-County Association.

Dr. Holman Taylor of Fort Worth, secretary of the Texas Medical Association, was banqueted at the Manhattan Hotel Thursday evening of last week by members of the Scurry Seven-County Medical Association.

Dr. W. R. Johnson and Dr. H. E. Reynolds, president and secretary, respectively, of the area association, were hosts in chief, with the following local doctors assisting: A. C. Leslie, A. O. Scarborough, I. A. Griffin, Charles B. Reed and R. L. Howell.

Among out-of-town attendees were Drs. A. W. Browning of Fluvanna, R. L. Alexander of Jayton and D. C. Wylie of Aspermont. The area association is composed of Scurry, Kent, Dickens, Borden, King, Garza and Stoneval Counties.

Dr. Taylor is on a tour of the state, discussing "Medical Aspect of Indigent Relief," with particular reference to the statute passed by the Texas legislature in 1933 which sets aside funds for payment of a small percentage of the regular fee to doctors for services to indigents.

This statute is considered important in that it is the first time the government has recognized that the care of the indigent is the responsibility of the community and not of the medical profession, Dr. Taylor stressed.

Local doctors describe the visitor's address and other features of the meeting as contributing toward the most enjoyable occasion attended by area medical men in a long while.

New Counters Help Stinson Modernize

Addition of two new pyramid display counters to Stinson No. 1 last week was one of the final steps toward making the local drug store one of the most modern in the state.

First of the three special built counters was put in place several weeks ago. The trio of additions permit merchandise to be displayed to best advantage, and give much additional display room.

Traveling men are free with their compliments of the new arrangement. Many of them declare that no drug store in West Texas presents more up-to-date displays.

League Plans Will Be Made Saturday

A meeting of the county Interscholastic League executive committee has been called for Saturday morning at 10:00 o'clock, in the gymnasium. Plans for the Interscholastic League meet this spring will be made at that time.

Plans for the county basketball tournament, to be held in the Hobbs gymnasium, February 9 and 10, will also be discussed Saturday.

842 EMPLOYED FOR CWA WORK

Total CWA employees for the past fiscal week were 842 men and women, and the payroll was \$747.21. Approximately these figures are being maintained this week, word from Administrator Joe Monroe's office indicates.

A state inspector who visited county projects this week expressed himself as highly pleased with the type of work being done.

Application has been made for extension of time and money on several of the projects. Judging from press reports, continuance of CWA work beyond the present deadline, February 15, is expected.

The Snyder school campus project is rapidly rounding into shape, and the 15-inch rock wall around the building is almost half complete.

Road work continues to employ men in practically every sector of the county.

Summary of Benefits From 1933 Program Reveal Remarkable Income for County.

Preparation has been made at the county agent's office for farmers to sign cotton acreage reduction contracts in double quick time. Enough extra help has been added to avoid a heavy rush at any time. First contracts were signed Tuesday.

County Agent W. R. Loe is speaking at various points in the county to acquaint farmers with details of the new plan. His schedule will be found elsewhere on this page.

The office reports that 75 to 80 per cent of the county farmers who had option contracts have signed up to put their cotton in the government's option pool. The remainder chose outright sale of the contracts or in definite bidding. January 15 was the closing date for taking advantage of the option pool offer.

Some Not Eligible.

Only those whose per-acre lint production during the five-year period previous to 1932 was more than 160 pounds or one-fifth of a bale are eligible to participate in the new plan, under present rulings. The local office has exchanged telegrams and letters with Washington for several days in an effort to get a more nearly normal average for the county than the present 103 pounds. The county officials are encouraged with the response from headquarters, and they are cooperating this week with other Texas counties in a concerted drive to have the production period changed for this area.

The \$20 per bale advance to those who ride with the government in its 1934-35 cotton program will total about \$94,000, latest figures reveal. These payments may be expected within 30 to 60 days, press dispatches indicate.

Add to this amount the \$38,000 that will accrue to those who requested outright sale of their option contracts, and the total cash that is expected soon mounts to about \$132,000.

Cotton Price Rising.

Based on the present uprush cotton market, the advanced increase of \$45,000 to \$69,000 should come to those who put their cotton in the government's option pool. This amount, plus the \$132,000 indicated in the preceding paragraph, plus the \$27,000 received directly from the play-up of the 1933 crop means that Scurry County farmers will easily net \$450,000 from their cooperation with Uncle Sam in his 1933 program.

As the thousands of dollars in feedstuffs harvested from the plowed-up acres, and the total will easily reach the half million mark.

The county's ginned crop of more than 31,000 bales will net more than \$1,410,000. It is believed by county observers that an addition of several thousand dollars to farmers who are holding over their cotton for the coming price advances, added to the above figure and to the half million play-up total will eventually bring the county's total income from cotton lands in 1933 to \$2,000,000.

AREA PIONEER SERIOUSLY ILL

J. Wright Moore, one of Scurry County's and West Texas' pioneer buffalo hunters and settlers, is seriously ill at the home of Mr. and Mrs. T. J. McDonnell in East Snyder.

Pneumonia set in Sunday, only a day or two after it was believed that Mr. Moore was safely on the road to recovery from a less serious illness of several days' duration. Reports from the attending physician this morning indicate that the pioneer continues to be seriously ill.

Active and alert despite his advancing years, Mr. Moore came to town Saturday and then seemed to be further recuperating by day until pneumonia suddenly took control after he retired in the evening.

The well wishes of thousands of friends go out in the early evening, and dozens of them inquire daily about his condition.

Private Mail Boxes Made for Mail Only

Private mail boxes should be used exclusively for stamped mail matter, according to word just received by Mrs. Gladys M. Anderson, postmistress, from the post office department at Washington.

The practice of placing circulars, sales bills, statements and other such material in mail boxes is contrary to postal regulations. Postmaster General James A. Farley has advised.

Carriers have been instructed to report violations of this regulation to the postmaster.

Pans Made For Three Parties Honoring President Roosevelt

Proceeds from the affairs will be included in the birthday gift to be presented to the President to endow Warm Springs Foundation, so that it may carry on its nationwide work for the relief of sufferers from infantile paralysis.

Check sales, under the direction of Mrs. Max Brownfield, are to be carried forward, beginning this week-end, through the various clubs of the city. Couples will be admitted to the bridge and forty-two parties for \$1.00, individuals for 50 cents. Couples will be admitted at the ball for \$1.00.

The bride party will be held at the home of Mrs. Robert H. Curritte Sr., and the forty-two party at the home of Mrs. Joe Monroe. The ball will be held at the Wilford Tea Room, northeast corner of the square. Mrs. Curritte and Mrs. Monroe are chairmen of the parties. Dr. and Mrs. Towle will be among chaperons at the ball.

Eight-thirty o'clock is the starting time for the parties, nine o'clock for the ball. From 10:15 to 11:15 all activities will cease, and all participants will listen in to a nationwide radio broadcast honoring the President.

Mayor H. G. Towle, who was requested to start activities looking toward the celebration, and who appointed Mrs. Scott as general chairman, is anticipating one of the most general celebrations ever held in Snyder. He points out that the parties and ball will provide funds for a worthy cause and reflect the county's confidence in the President.

Mid-term Graduates Feted at Series Of Parties, Banquets During Week

Although the mid-term graduates were few in number, they were entertained on every hand with banquets and parties. Entertainments which started several weeks ago came to a climax with the Junior-Senior banquet, and ended with a pretty waffle supper.

Junior-Senior Banquet.

The Junior A Class of the high school, sponsored by Miss Mattie Ross Cunningham, were hosts to the mid-term graduates with a delightful banquet given in the school cafeteria on last Thursday evening at 7:30 o'clock. The Junior-Senior banquet is a semi-annual affair.

Blue and gold, senior class colors, predominated in decorations. Tables were covered with white linen, and beautiful hot house plants were used to center the tables. Ivy streamers led from the centerpieces to each plate where attractive hand-made place cards marked places for those present. Favors were all-day suckers dressed in the class colors—with dainty blue organza bonnets atop golden curls and gold crepe paper skirts flaring about milady's slender form.

The dinner, a delicious four-course one, was deftly served by Misses Frances Northcutt and La-Francis Hamilton.

Jack Reynolds, president of the Junior A class, was toastmaster, and presented a welcome to the honorees and members of the high school faculty who were present. Norman York, senior president, responded. During the course of the evening's program, Roland Bell, member of the Junior Class, gave a toast to the Snyder High School faculty. R. L. Williams, high school principal and main speaker for the occasion, gave an inspiring message—as well as a humorous one—in hope for future success for graduates and combined it with a note of admonition. Miss Maurine Cunningham, guest artist, read several sections, and in conclusion Miss Effie McLeod, senior sponsor, gave her words of farewell to members of the graduating class.

Those present were the following: Misses Lola Mae Littlepage, Bonita McGahey, Mavis Shuler and Frances Boren, and Henry Clements, Bob Hamilton and Norman York, members of the graduating class; Misses Melba Clark, Martha Jo Jenkins, Germaine Longbottom, Delaine Shamblin, Frances Stinson, Geraldine Riley, Mabel Watkins and Helen Witherspoon, and Roland Bell and Jack Reynolds, juniors; Misses Mattie Ross Cunningham, Maurine Cunningham and Effie McLeod, and R. L. Williams, faculty members.

Sponsor Gives Party.

Miss Effie Elizabeth McLeod, sponsor of the graduating class, and Miss Maxine Shuler, an ex-student of Snyder High School, were hostesses to graduates and guests for a pretty party given in the home of the latter Friday night.

Here, too, the blue and gold color note was emphasized, with crepe paper running from the light fixtures in corners of both living room and dining room of the Shuler home. Frilly streamers of crepe paper dangled from light fixtures, and the room was softly lighted with blue and gold shades. Delightful games were enjoyed during the evening.

Refreshment plates, consisting of jellied tuna salad, bread and butter sandwiches, gold cake and hot chocolate, were passed to the following: Misses Lola Mae Littlepage, Bonita McGahey, Frances Boren, Virginia Wills and Mavis Shuler, and Norman York, Henry Clements, Bob Hamilton and Richard Davis.

Waffle Supper Given.

The Baptist ladies of the town carried out a custom which has been practiced by them for several years by entertaining members of the graduating class Saturday evening. The affair was a delightful waffle supper given at the home of Rev. and Mrs. Philip C. McGahey.

Arrangements were made by a committee consisting of Misses J. C. Smyth, G. B. Clark Jr., H. L. Wren, Giles Bowers and Philip C. McGahey.

The class colors, blue and gold, were carried out in table appointments. Tags were pinned on each guest at the door, and places were found by place cards being similar to the tags.

A delicious waffle supper was served by members of the committee after which table games furnished amusement for several hours.

Small Crowd Enjoys Weiner Roast.

The gravel pit south of town was the scene for a delightful weiner roast Saturday evening. A picnic supper consisting of weiners, mustard, pickles, buns and hot coffee was enjoyed by the following: Misses Jonnie Mathison, Margaret Deakins, Mildred Stokes, Dorothy Darby, Gwendolyn Gray and Bonnie Miller, and Jack Darby, Henry Clements, Albert Carlson, R. C. Miller, Morris Sturdivant and Oscar Brice.

Victory Bible Class Meets in Ely Home.

The W. J. Ely home in West Snyder was the scene for the monthly meeting of the Victory Bible Class of the First Methodist Church last Wednesday afternoon with Misses Ely and I. W. Boren as hostesses.

During the business session 56 visits and 40 trays were reported. Games of forty-two were enjoyed during the social hour.

The hostesses passed delicious pineapple pie with whipped cream and hot coffee to the following: Misses. S. A. Harris, W. H. Henderson, W. H. Cauble, W. E. Doak, W. R. Merrill, J. P. Avary, J. C. Dorward, A. M. Curry, D. P. Strayhorn, A. H. Trice, T. W. Keys, W. A. Rodgers, Charles J. Lewis, R. M. Stokes, J. E. Hardy, S. H. Young and Joe Caton, members, and Misses J. P. Morgan and Bill Keys of Pilot Point, guests.

Mrs. Pratt Hostess For Art Guild.

Mrs. Loyce Pratt was hostess to the Art Guild Monday evening in the home of Mrs. C. W. Harless. Mrs. J. C. Smyth was leader for the evening's program.

Members answered to roll call with current events. Miss Elizabeth Ward presented "Texas Museums," and Mrs. Ison Joyce sent her paper on "Private Collections in Texas" to be read by the leader. Miss Hattie Hearn conducted a parliamentary drill.

Lovely fruit cake topped with whipped cream and hot coffee was served to the following: Mary Doak, Bonnie Gary, Hattie Hearn, Overa Jones, Blanche Mitchell, Mary Ruth Speers, Erma Owens, Omah Ryan, Allean Smyth and Elizabeth Ward, members, and Mrs. C. W. Harless, a guest.

J. Monroes Entertain Friendly Fellows Club.

Mr. and Mrs. J. Monroe were host and hostess to the Friendly Fellows Club last Thursday evening. At the close of the forty-two games the hostess passed a dainty salad plate to each one present.

The following members enjoyed the party: Messrs. and Misses W. C. Hamilton, W. R. Bell, W. A. Morton, J. S. Bradbury, Hugh Taylor, A. W. Arnold, B. H. Odum and the host and hostess. Guests were Messrs. and Misses A. C. Pruitt, A. J. Coody, J. C. Dorward, O. P. Thrane, W. B. Stanfield, A. E. Harvey, R. J. Randall and R. D. English. Misses Pearl Shannon, Jimmie Dougherty, Gertrude Smith and J. W. Tompkins, and H. G. Towle and Dwight Monroe.

"While" said his mother, "you have told me a falsehood. Do you know what happens to little boys who tell falsehoods?"

"Yes," replied Willie sheepishly. "Why," continued his mother, "a little black man with only one eye in the center of his forehead comes along and files with him up to the room, and makes him pick sticks for the rest of his life. Now, you'll never tell a falsehood again, will you? It's awfully wicked."

Mary Roberts Rinehart, writing in "My Story" about her resourceful grandmothers, says: "Completely untrained and with no openings for women except school teaching in those days, she fell back on her needle." "Reminding one," comments A. W., "of the man who sat down on the spur of the moment."

Doctors Give Creosote For Chest Colds

For many years our best doctors have prescribed creosote in some form for colds, coughs and bronchitis, knowing how dangerous it is to let them hang on. Creosolium with creosote and six other highly important medicinal elements, quickly and effectively stops coughing and effectively stops lead to serious trouble. Creosolium is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take. Your own druggist guarantees Creosolium by refunding your money if you are not relieved after taking Creosolium as directed. Beware the cough or cold that hangs on. Always keep Creosolium on hand for instant use. (adv.)

Build Up Health and Pains Go Away

WOMEN who suffer from weakness often have many aches and pains which a stronger state of health would prevent.

Women in this condition should take Cardul, a purely vegetable tonic that has been in use for over 40 years. Take Cardul to improve the general tone of the system in cases of run-down health and "tired nerves."

Women have found, in such cases, that Cardul helps them to overcome pains and make the monthly periods easier. CARDUL is safe and wholesome for women of all ages. Try it!

The Times is authorized to announce the following candidates for office, subject to action of the Snyder City Election, Tuesday, April 3.

Irvin Asks Place As Superintendent Of County Schools

To the Voters of Scurry County: I am submitting my name as a candidate for the office of county school superintendent because I feel that I am qualified to fill the place. As many of you will recall, I was office assistant to Mr. Bullock during two years of his administration. During that time I gained a very good working knowledge of the duties of the county superintendent. Since that time I have taught continuously in the rural schools of this county. I believe that the chief concern of the county superintendent should be the welfare of the children in the rural districts, and I feel that I know their needs. I have made an effort to keep abreast of the changes and developments of the school program; hence I do not ask you to vote for an inexperienced person for this very important office. I shall see every voter in the county before the primary election, and in the meantime I shall be glad to discuss any phase of the school work with anyone who is interested in it. Respectfully submitted, Roy O. Irvin.

Former Councilman Seeks Position As Secretary of City

Announcement of J. S. Bradbury for city secretary of Snyder, subject to the April election, was turned in to The Times yesterday. Civic duties are not new to Mr. Bradbury. For six years he served the city as councilman, and he has served in other capacities of a public nature. Even when he was not directly connected with governmental affairs, he has taken an active part in the ongoing of the community. His friends point out that there is not a more faithful and efficient servant in Snyder than Mr. Bradbury. Election to the secretaryship will be to this public servant just an opportunity to continue the high type of stewardship that has characterized his efforts in the past. He solicits the support of Snyder citizens in his first campaign for public office. J. A. Clark to Announce. J. A. Clark, member of the City Council, will be a candidate for reelection to his next ward place, he informed The Times this week too late for a formal announcement. Next week's paper will carry the full announcement.

Joe A. Merritt Out For Representative Of Snyder District

To the Voters of the 118th Representative District: I am coming before the voters of the 118th Representative District for reelection as your representative. I offer to each of you my record in the Legislature as an accomplishment justifying my return to the House of Representatives. The platform on which I was elected two years ago by so handsome a majority was economy and honesty in government. I feel that I have kept the faith with my constituents. The last Legislature very promptly cut the cost of state government approximately thirteen million dollars, and, as your representative, threw my whole strength in the fight that won for Texas an accomplishment in economy never before written in her history.

Honesty in administering the state government has been my guiding star, and I feel that I have played no small part toward placing Texas government upon a higher plane. My efforts and my vote have been spent on the side of honesty. If I did not win, it was because I was outvoted and not for the reason of inaction. I feel that my experience has better qualified me to serve you and my state far better as a legislator than before. I can not offer you a greater effort than I have already put forth, but I can offer you greater results by reason of my knowledge and experience in legislative work. Texas, as every other state, has and is undergoing the most disastrous depression of all time, and if economy and honesty of government are not scrupulously adhered to the state will founder upon the rocks of taxation and graft as sure as time hurks us to them, and I promise you, if reelected by your vote, to use all my ability to help steer the state of Texas into safer and easier channels of financial existence.

I am no hand to play politics. My youth and early manhood have been spent upon the farm close to nature and God. By hard knocks and reverses, struggles to exist and observing the right of my fellow-man, I have learned what the poor man's lot is. My sympathy is with him in his struggles to rear and educate his family and I assure you most ardently that when opportunity has presented itself in the Texas Legislature, of which I am a member, my efforts have been to lighten the burdens and assist in educating the great mass of Texas children. I have opposed the extremes in all lines. I do not hold to either extreme economy or indulgence. They are each dangerous to sound progress and there are many reforms needed in Texas but these reforms, in my judgment, should proceed with caution and if you return me to your House of Representatives I shall, at all times, as has been my custom, welcome your advice as well as your criticism. I realize that he who would lead must serve. Again thanking you for your hearty support in the last election and soliciting your vote and influence, I remain, Yours most sincerely, Joe A. Merritt.

Bob Martin a Candidate.

Bob Martin, night watchman announced this week that he is a candidate for city marshal and tax collector, subject to the April primary. Since his detailed announcement came too late for publication, Times readers may look for it in next week's issue.

Mrs. Peck—"She's very pretty, but she never says a word. I can't imagine why all the men speak so highly of her." Mr. Peck—"I can."

If the committee fails to decide then...

Walter Grant Gets Into Commissioner Running from No. 1

Precinct No. 1 has another candidate for commissioner this week in the person of W. H. (Walter) Grant, a Scurry County resident for 34 years. For 10 years Mr. Grant has been employed on state and county roads, and he feels that he is well versed in this type of work. He has spent four years of that period on Precinct No. 1 roads. "Because of my long residence and my long term of road service among the people of my precinct, I feel that I need no introduction to any of them. I solicit their support on my record as a citizen and my ability to handle the commissioner's job to their satisfaction."

D. P. Ammons Asks Inadale Weigher's Place Second Term

To the Voters of Precinct No. 13: I want to express my appreciation for having had the honor of serving as your weigher during the past year and am now asking for the honor of a second term. I have at all times tried to render the courteous, efficient service you have had a right to expect of me as a public weigher, and if reelected I promise to give you my continued best service. I respectfully and earnestly ask for your consideration, influence and vote in the coming July election. Respectfully, D. P. Ammons, Inadale.

K. B. Rector Asks Reelection to His Weigher's Position

K. B. Rector of Hermleigh announces this week that he is a candidate for reelection to the office of weigher from Precinct No. 4. Strong solicitations from friends prompts Mr. Rector to seek the office again. He states that he is running on the record he is making in office, and his promise to continue to carry out the weigher's duties to the best of his ability. The candidate has been a resident of Hermleigh for 17 years, and is well known to the voters in his precinct. He solicits the active support of his friends and neighbors.

Harvey Shuler Not Out for Secretary

Harvey Shuler stated early this week that he will not be in the race for reelection to the office of city secretary of Snyder. He is serving his first term in the position. "I wish to express publicly my deep appreciation for the support given me when I was elected to the place and for the continuous spirit of cooperation shown by local citizens," Mr. Shuler said. "My work with the City Council has been pleasant from beginning to end, and I trust that my successor may enjoy the work as I have done."

Mary Maude Akers Seeks Reelection to District Clerk Place

Believing that her experience in the office during the past two years has fitted her to better serve the people of the county, Miss Mary Maude Akers this week asks The Times to announce that she will again seek election to the position of clerk of the district court. She is the first to announce for the place. Friends of the clerk state those who have conducted business with her office have been impressed with the dispatch and courtesy of Miss Akers' tenure. It is on her record in the position that she seeks the support of vote and influence in the primary campaign. She promises continued good service to patrons of the office should the voters see fit to have her return. Duties of the office will not permit her making a concerted canvass of the voters of the county at this time, she states.

Harvey Shuler Not Out for Secretary

Harvey Shuler stated early this week that he will not be in the race for reelection to the office of city secretary of Snyder. He is serving his first term in the position. "I wish to express publicly my deep appreciation for the support given me when I was elected to the place and for the continuous spirit of cooperation shown by local citizens," Mr. Shuler said. "My work with the City Council has been pleasant from beginning to end, and I trust that my successor may enjoy the work as I have done."

postage, freight and expense charges. 5—Printing and stationery. 6—Procuring and formulating the lists of voters. 7—Headquarters or office rent. 8—Newspaper and other advertising and publicity. 9—Renting of hall or providing places for public meetings and all expenses usually incident to holding such meetings. Campaign Expenses. Under the law, campaign expenses of candidates are restricted to the following amount: For United States Senator, \$10,000.00. For governor, \$10,000.00. For all other officers to be chosen by voters of the entire state, including judges of courts of last resort, district members of Congress, and members of Congress at large, \$2,500.00. For members of the State Senate, \$1,000.00. For members of the House of Representatives (state), \$300.00. For county officers in counties having a population of 30,000 or more, and less than 50,000, \$500.00. For county officers in counties having a population of less than 30,000, \$300.00. (Federal census of 1930 to determine the population of a county.) For any other position which the law may provide shall be chosen in primary election, \$100.00. Four-fifths of the sum stipulated may be expended in the campaign preceding the first primary and the remainder in the second campaign.

Taut nerves mean tired tomorrows. Did you hear that noise...? How many times have husbands been awakened in the middle of the night by that tense question? How many times have wives been rudely reminded... "It's your imagination..." But, fear is something real. Taut nerves cause sleepless nights and tired tomorrows. A woman is afraid...and a man fails to make an out-of-town trip essential to his business. Serious illness often is traceable to fear. May we suggest a simple remedy? Snyder, Texas, Thursday, January 18, 1934

THE WEEKLY DOZEN

In the Right Direction.
 We are on our way and we are headed in the right direction—President Roosevelt.

The Days of Return.
 Pessimism Pete says this is the month of returning ducks, candidates, taxes, automobile tags and winter gripes.

Red Flannel Days.
 Talkative Tillie reminds the flappers who were not ready for cold weather that if scant clothing be on the wing, red flannels can't be far behind.

Deaf, Dumb, Blind.
 None so blind as he who will not see.
 None so deaf as he who will not hear.
 None so dumb as he who will not speak in his own behalf.—Exchange.

A Snyder Eyesore.
 Another good work for the CWA or some other agency would be to convince garages, filling stations and other such enterprises that junk should be hauled to the dump grounds. The Snyder city limits has far more than a slightly share of wrecked cars, oil cans and other such trash.

The South Is a Step Behind.
 The South and Southwest, with their bent for things agricultural, have dropped behind the remainder of the country in development of an unprejudiced international viewpoint. Thanks to Peter Molyneux of The Texas Weekly and a few other far-looker souls who realize that an isolationist policy is a death policy, this attitude is rapidly being ironed away.

The Only Way Is to Run.
 If you have the political itches . . . if your skin itches with an unquenchable desire to run for office . . . if you take one encouraging word from a friend to mean that the whole countryside is backing you for any given office . . . the only thing left for you to do is to run for dear life—toward the office. But if you run, and lose, don't blame anyone except your own self. Maybe your friends know you too well.

Business Is Improving.
 Many of us wonder just where we are going, but heaven knows, in contrast with one and two years ago, we are at least on our way. And I know that the business with which I have contacts is improving. Many of our clients are greatly increasing their 1934 advertising appropriations. To date no client has decreased his 1934 appropriation in comparison with his 1933 appropriation.—Winthrop Hoyt in Editor & Publisher.

Roosevelian Initials.
 A news article from Washington indicates that the Roosevelt administration has created or brought into prominence exactly 34 governmental agencies that are known by the initials they keep. They range from CCC (the land of forest camps and parks) to NIRA (the land of codes and clashes). Too, they range from Washington to the common man's pocketbook, and from the United States treasury to your doorstep and mine. Some initials!

A Fair Trial for Roosevelt.
 A message sent to governors of the other 47 states by Governor Clyde L. Herring of Iowa addresses President Roosevelt in part as follows: "Our farmers and workers have been patient and moderate. Most of our employers have been willing to make sacrifices. This must not change if prosperity is to be restored. Much has been done. Much remains to be done. We pledge a fair trial of your policies. By a fair trial we mean active and harmonious cooperation."

The Year With Us.
 "No one can say what 1934 may hold. But it is hopeful to know that some wages have been raised . . . that wheat and cotton and oil have brought some money into the Southwest . . . that, almost as a unit, the nation's industry has taken a notch in its belt and settled itself for the long pull back." Thus speaks the Southwest Bell Telephone Company's little bulletin for January. "Let's hope red ink will not be needed in 1934." Is its optimistic final word.

The Three Little Pigs.
 Walt Disney, creator of "The Three Little Pigs," "Silly Symphonies" and "Mickey Mouse," writes in a magazine article that those pigs have done more to help international relations than any three statesmen anyone can name. He has created the pigs in several languages. He has forced Englishmen, Frenchmen, Germans to laugh with Americans at

Scurry County Takes Stock of Roosevelt.

Scurry County has been treated so royally by the Roosevelt administration that we would do well to pause in our rush toward better times to consider some barefaced results.

By barefaced results are meant results that are felt in pocketbooks, at firesides and in the minds of people who were discouraged and heartick.

The year 1933 was undoubtedly the outstanding peace-time period in the history of our nation. It was the most remarkable year in Scurry County annals, too. The results that have been achieved could not be recorded here, even if space permitted; for changes in the spirit with which men and women labor are often not to be caught with words.

Let us consider for a moment the changes that may be touched by any one of us.

The 1933 cotton plan was without a doubt the most impressive Rooseveltian scheme for giving Scurry County a helping hand. There is little reason to believe that the price of cotton would have been beyond five cents a pound had the government not stepped into the picture. Those few farmers who bragged about staying out of the bandwagon, and then profited more than their neighbors who were willing to cooperate with the government, are to be pitied. They reaped where they did not sow, and there is every reason to believe that Uncle Sam will make it hard on them when the 1934 plan gets into full operation.

All things considered, it is probable that this county is making at least twice the amount of money from its 1933 cotton crop than it would have made without government intervention. The profits are still coming, in the form of the \$20 per bale advances, and the government gives the farmer a chance to make still more from his option if cotton takes the expected rise.

Long before the CWA program became effective, this county was receiving full dividends in actual wages from the President it supported. RFC work put many thousands of dollars where no dollars would otherwise have grown. For the destitute there has been pork and other essentials direct from the government till. For the wheat farmer there has been a doubling of price that surprised even Uncle Sam's head men.

Although efforts to help the hog and beef industries have not been altogether satisfactory, they enabled Secretary Wallace to outline a new plan of action that will no doubt gradually pull ranchers out of their slough of despond within a few months. That it has been and is a slow, tedious process no one can deny; yet it must be admitted that the trend is upward, and that the secretary of agriculture is doing all in his power to keep it that way.

There has been much talk of the processing taxes, and a few have declared that this new way of raising money would throw a burden on the common man. Those who have taken stock have learned the error of their ways. Go from one necessity to another, in grocery store, dry goods store, or elsewhere, and you will find a comparatively small proportion of rise. Indeed, the rise has been small compared to the benefits that have already come to 90 per cent of our farmers and their families. As witness, we point you to the large number of new cars, the siege of debt paying, and many other local manifestations of returning prosperity that are familiar to all of us.

NRA came in the nick of time. It put hope into the hopeless hearts of many merchants, and it gave the laboring class an opportunity to get back on a plane of decent living. We are not on the plane yet, but we are gradually going in the right direction. Backhand practices among business men, growing like a canker for many generations, are being wiped out in the small space of a few months. Unfair trade practices now entitle a man to boycott rather than the extra business that often came under the depression regime.

Home owners are being given relief. Landowners are being benefited in many ways. New loan corporations are functioning or will be functioning in a short time. Is there no end to the directions in which Uncle Sam is extending a helping hand?

Of most importance and profit to this county at the moment is the giant CWA movement. It is not enough to say that an average of more than 500 men weekly has been employed on gainful work within the past few weeks. One must add that many of these men would have been destitute if the CWA had not come along. One must add that the projects are building toward the future—that generations to come will look back on the foundation laid by CWA, and call it blessed.

Scurry County has never before had such a payroll. Unless she becomes the home of some manufacturing enterprise at a future date, she will never again see so much money paid out for labor in such a short period of time. Five to ten thousand dollars a week is lifeblood not only to the families that receive it but to the community in which most of the money is redistributed.

Only the surface of Roosevelt's myriad plans for helping his fellow Americans have been touched on here. If you would burrow beneath the skin and find what the Roosevelt program means in the final analysis, check your own affairs and note the improvement. Talk with your neighbor and notice with what good cheer he faces the coming months. If you have not imbibed of the Roosevelt spirit of helpfulness, for prosperity's sake do not spread your gospel of disension abroad. Stay out of the road, you son of do-nothingness, and then come back a few years later to call the Roosevelt program American's greatest peace-time menu.

Stop hoarding—there is no longer any reason for it. Be an optimist—and act as you preach. The sun of prosperity is chasing the clouds away.

The teacher of a certain school had sent a note home with a pupil asking her parents to buy her a grammar, and received the following answer: "Missus Teacher: I do not desire that Jennie shall engage in grammar, as I prefer her to engage in more useful studies, and I can learn her to speak grammar myself. I went through two grammars, and can't say as they done me any good anyhow."

Two little pigs who built their house of straw and then laughed at the other for spending so much time on his house of bricks.

An Apology to Bailey Jr.

Joseph Weldon Bailey Jr., who is one of Texas' three Dallas representatives to Congress, was slightly upset when he was forwarded a copy of a Times editorial that gave him a gentle chiding for sending forth mimeographed news articles on costly engraved stationery. A letter from the congressman reminds us that the stationery was a "leftover" from the old partnership of Joseph Weldon Bailey Sr. and Luther Nickels, both deceased. "Instead of extravagance, it was economy," writes the at-large representative. We agree, and apologize for the gentle chiding. But we cannot agree with Mr. Bailey's big Bertha attack on Senator Tom Connally's record nor his dripping wet activities.

CURRENT COMMENT

By LEON GUINN

The recent mass flight of six large naval seaplanes from Norfolk to Pearl Harbor, Honolulu, with a stop at San Francisco, definitely proves the U. S. has plenty of gray matter behind air defense . . . Any cockeyed time Japan or Russia starts fighting Americans will know that we have planes big enough and men large enough to hold forever sacred the virtue of right . . . As a race Americans would like to mollycoddle themselves into believing dear old peace will always in all ways be theirs, but present indications prove a conflict between foreign nations inevitable . . . The picture "Son of a Sailor" was very interesting in photography, and it proved the efficiency of robot plane control . . . People are pretty smart when brains can produce with electricity and metal a device that will fly and return an airplane . . . In the next paragraph observe America backstepping.

With facts and figures Joe Monroe and his assistants have proved themselves very human in Scurry County CWA work . . . When America's glass house crashed groundward inventors had reached the practical zenith of machine this and machine that until millions of men and women were thrown out of employment . . . Now with pick and shovel we are beautifying the America we know: Shrewd, rugged and hell-bent for money . . . You see the first railroad was constructed with pick and shovel (thanks to a Times reader for this information) and it is only fitting we return to that transition in life when the shovel is a respected piece of furniture . . . It would seem to me it is not the quantity of CWA work done but the quality, and Scurry CWA officials know what quality work means . . . A tour of the entire county recently proved that to this writer.

A naval trophy belonging to Australia has an interesting history, as things seaworthy go . . . Thousands of Anzacs were buried during the war at Gallipoli, thus creating a monument of enduring fame to Australian valor . . . And in the war the Australian navy sunk the German raider Emden near the Cocos Islands; inventoried with a great loss of life . . . The cruiser Sydney did the work, and the Emden bell became Australia's navy trophy No. 1, highly prized until last April when vandals snatched it . . . Last week a Sydney newspaper received a mystery telephone call directing men to an obscure spot . . . When a shovel struck metal glad tidings were sounded, for it was the Emden's bell, the strawberry in the braid of a young and somewhat greenish navy . . . Ancient man thought a club sufficient protection, but since the human family numbers millions now, more efficient things like guns are safety's most concrete guarantee.

The Crucial Round

Editor, The Times:
 I have frequently been told by my friends that my writing is something on the order of Egyptian hieroglyphics, and I have considered this a gross libel on a very legible handwriting, but since reading the article that I wrote and that was printed in last week's issue of your paper, I have concluded that my friends who have criticized my writing may be right, and that I am mistaken in thinking that my writing is plain and easily read, and that my writing is to be blamed for the typographical errors in my article instead of the linotype operator and proof reader. Permit me to correct a few of the errors. Where I wrote that some candidates and office holders were merely giving lip service to the party, it was printed "life" service, and where I wrote that some members of the House were just as likely

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptional preparation in which there are no mineral drugs. Its ingredients are on the label. By using

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

1. First. Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup pepsin has the highest standing among liquid laxatives, and it is one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

HUDSON BESTS COUNTY BOXER

Red McGinty lost a close decision Saturday night to the unbeaten boxer from Oklahoma, Jackie Hudson. Most fans are agreed that it was the best mix-up of the season. It was fight, fight, fight all the way. In the end, it was Hudson's superior ring generalship that conquered Red's aggressive Irish spirit.

A Colorado youngster, Jack Erwin, is coming to take on the clean hitting Hudson this Saturday. Jack has been fighting around Fort Worth for some time, and he is said to be a puncher of considerable merit.

Prices are being reduced for this week's fight. Townsend Brothers announce. Men will be admitted for 25 cents, women and children for 15 cents. A warm building and plenty of warm preliminaries are promised.

Former Anson Man Visits Old Friends

From The Western Enterprise, Anson:

R. H. Stovall of Snyder was in Anson Wednesday en route home from a holiday visit in Fort Worth and Albany. Mr. Stovall lived in Anson from the last day of June, 1887, to 1923, when he moved to Snyder.

He is well versed on Jones County history, and this paper expects to use material he prefers in publishing more historical articles soon.

Simple Rules For Motorists In 1934

Automobile accident fatalities approached 30,000, and injuries neared 1,000,000 during 1933, the national bureau of casualty and surety underwriters declares.

So the organization presents five simple rules for the guidance of motorists during 1934. "Obedience to them would have saved a majority of the lives and limbs lost during 1933. Remember them in 1934."

1. Drive at speeds suited to traffic conditions; slowly in the city, moderately on the open highway.
2. Use better judgment in passing. Wait until there is 500 feet of clear distance ahead before attempting to maneuver.
3. Slow down at intersections.
4. Obey traffic signals.
5. Watch out for pedestrians.

Dirt Broken For Mitchell County Highway Project

From Colorado Record.

Dirt was broken Wednesday morning on Highway No. 101, projected thoroughfare extending north from Colorado to Snyder. The Womack-Henning Construction Company of Abilene, recently awarded grade and drainage construction contracts by the state highway commission, began to move in machinery last week and expect to progress in building of the road without interruption.

The initial start toward construction of this important route to Colorado and this section of the state was made on the farm of T. C. Richardson, two and one-half miles north from the city limits. Corals have been located at the Richardson place for keeping teams but no camp for housing men employed on the works is to be established at the present.

Hugh Henning of Abilene, who is in charge of the work, has opened an office at 411 Colorado Hotel. Mr. Henning stated Wednesday night that he expected to complete the eight and eight-tenths miles of road within three and one-half months, or by May 1.

Bob Cooksey, recently of Waco, is foreman of the crew operating dirt moving machines. For the present only freeways are to be used, due to light fills called for in the vicinity of Colorado and Buford. J. H. Turner of Abilene, is in charge of some clearing the right-of-way.

H. M. Dyer, associated with the Abilene division office, State Highway Commission, is engineer in charge of the project. Three other engineers, P. A. Mixon, R. W. Allen and R. W. Young, are also assigned to the local project.

Announcement was made from the Abilene office a few weeks ago that after construction of the first segment, extending from Colorado north to the Mitchell-Snyder line, had been started, engineering on the Snyder segment, leading to connection with state and federal highways near Snyder, would be started.

Interior Paint Job For Snyder Church

A complete interior paint job on the First Methodist Church, Snyder, was finished early this week, according to Rev. S. H. Young, the pastor.

After crumbling plaster was repaired in several places, the walls were painted a dark cream and the ceiling a light cream. Woodwork was given a coating of clear varnish.

The new paint job not only adds much to the beauty of the church interior, but gives much needed light.

POISON GRAINS DESTROY DOGS

Prairie dogs are rapidly being thinned out in Scurry County as CWA workers put out many pounds of poison grains.

With corn, wheat and labor furnished by Uncle Sam, landowners have an opportunity to rid themselves of these rodents simply by paying for the poison.

From the county agent's office it is learned that 24 farmers and ranchers have already made application for the poisoning work. Others are invited to make application at the office in the courthouse. Since the time is limited on this work, the agent urges immediate action.

SCURRY COUNTY TIMES-SIGNAL

Issue of January 3, 1924.

Last Friday morning at an early hour fire was discovered in the Ellie Confectionery and Ben Wasson's tailor shop. The fire started at the petition near where the sleeves set. Quick work of the fire department saved a very destructive conflagration. As it was some two or three thousand dollars damage was done to the building and the stocks badly damaged with no estimate placed on same.

The Snyder Laundry has installed a new boiler which gives them added facilities. The boiler is of the latest design and carries an extra quantity of steam compared to the old boiler.

SCURRY COUNTY NEWS

Publication of "The Spur Ranch" by Dr. W. J. Holden of Texas Technological College has been announced by the Christopher Publishing House, Boston. This is the third book to be published by Dr. Holden, besides about 40 articles dealing with the history and archaeology of West Texas. Other books are "Alkali Trails" and "Rollie Burns."

"The Spur Ranch" is an analytical treatment of the inclosed phase of the ranching industry of the Great Plains during the last quarter of the nineteenth century, dealing with the era immediately following the free range stage of the cattle business. It gives a history of the Espula (Spur) Land and Cattle Company, Limited, of London, which acquired the Spur Ranch of nearly half a million acres located in Dickens, Kent, Garza, and Crosby Counties.

In this publication, Dr. Holden analyzes the various phases of the ranching industry, using almost exclusively the early Spur Ranch records. A limited use of verbal testimony from persons associated with the history gives the added color characteristic of the country.

SNYDER-SIGNAL

January 1, 1914.

One of the most elegant and elaborate society events ever given in Snyder was the Second Annual Reception, tendered on Wednesday evening by the members of the Round-Up Club in their elegant club rooms. Delicious punch was served by Mrs. W. E. Johnson and Mrs. Comodoro Essel. Mr. and Mrs. Clifton S. Perkins then directed the company to the Snyder Hotel, where they were ushered there into the reception hall, where friends met friends on common grounds of unhampered friendship, and the Snyder Orchestra regaled the gathering crowds with delightful music. In an unimpaired and everyone felt the impression of the spirit of the occasion.

The rural mail carriers of Scurry, Nolan, Mitchell and Howard Counties had a meeting in Snyder on Thursday, January 1, and went into permanent organization of a District Association. J. A. Farmer of Snyder was elected president; M. J. Giallisti of Hermleigh, vice-president; Asa Chappell of Roscoe, secretary-treasurer.

The New Year was ushered in by a waiting people filled with hope for the future. Regrets were laid away in cold storage, the past was in a measure forgotten and all faces are set to the forward. There were bells at midnight to toll the

CENSUS TAKEN ON BUSINESSES

Work was begun this week on a county-wide "Census of American Business," one of the government's latest CWA projects.

A. Rhoades is making a thorough canvass of Snyder business houses of all kinds, while Edgar Taylor of Ira is making the survey in other parts of the county.

Confidential reports concerning incomes, expenditures, operating expenses, salaries and other items in 1933 are gathered by the two census takers.

Data obtained in this work is to be used by the government in its national drive to revive business and keep it revived.

SHULER MOVES MEAT MARKET

Work of moving and installing fixtures of the Shuler meat market in the Hande-Dande grocery store No. 1 is being completed today. Equipment in the grocery department of the east side grocery is also being rearranged and remodeled. Grocery stocks of the Shuler store were purchased by the Wilhelm-Pitner interests of the Hande-Dande Company, which are being added to the latter stock.

The market will continue to be in charge of Mr. Shuler, who will be assisted by Ben Webb, who has been connected with the Shuler concern for several years.

Fine quality meats and groceries, plus the usual Wilhelm-Pitner-Shuler courtesy are assured old and new patrons of the combined establishment, state the proprietors.

Work is the yeast that raises the dough.

Funeral Home of Stamford was in charge.

Mrs. Rains and four brothers survive. The brothers, all residents of Scurry County, are Floyd, Dodd, Gus and Dale Rains.

The following officers were elected: Pansy Moon, president; Mildred Fuller, vice-president; Evelyn Horton, secretary-treasurer; and Miss Pauline Jones was selected as sponsor. The girls will meet each Monday night at seven o'clock at the Baptist Church. The girls of the community are invited to attend and take part in these meetings.

The boys basketball team entered the tournament at Colorado last week. They played the opening game Thursday night with Westbrook and won by the score of 51 to 27. Their second game was Friday night with Coahoma, with Dunn again winning by the score of 33 to 23. Their next game was with Colorado Saturday morning, and even though our boys lost they put up a mighty battle. The score was 15 to 15 at the half, then Dunn got in the lead and was doing fine until one forward and one guard went out on toils in the last quarter. The game ended with the score Colorado 36, Dunn 29. Colorado won the tournament. We are mighty proud of the way our boys played, and we are expecting to see more of their good work yet. Morris Ashley was chosen as one of the forwards on the all-tournament team. The boys received their new suits in time for the tournament.

The Big Advantage is under the hood-

A V-8 Engine

IF YOU want 8-cylinder performance, but not at the usual 8-cylinder cost—step into the new Ford V-8 for 1934!

Here is a car that will do better than 80 miles an hour. At 50 to 60 miles per hour it is actually running at ease. This reserve power means acceleration unequalled by practically any other make of American automobile, regardless of price.

The Ford V-8 for 1934 offers you many other advantages. 20 miles per gallon at 45 miles per hour, in exhaustive test runs. More actual body room than in many more expensive cars. Riding comfort—with free action for all four wheels plus the proved safety of a front axle.

Before you buy any car at any price, drive the new Ford V-8 for 1934.

RECORD MADE BY SNYDER IN '33 FIRE LOSS

Only \$9,625 Insured Loss Last Year; \$17,403 in 1932 Says State Department

An insured fire loss of only \$9,625 during 1933 has brought to Snyder the warm commendation of the Texas Fire Insurance Department.

"We are very much delighted with the fine showing, and feel that this reduction in your fire losses during 1933 was brought about by cooperation between your city officials, county and district attorney, fire marshal, fire chief and his department, and your citizens," declares a letter from Raymond S. Mauk, fire insurance commissioner, to H. G. Towle, mayor.

The low 1933 loss, plus a 1932 loss of only \$17,403, means that Snyder will probably get a much lower fire insurance rate about March 1. The city now has a rating nine points below par because of heavy losses during the early thirties. It is expected that the new record will bring the rate at least to normal.

Investigation of suspicious fires, plus unusual care in preventing fires, are credited by the commissioner with bringing about the good record.

"We want to urge your business men and citizens to cooperate with your local fire marsh and fire department in seeing that frequent inspections are made of your city during this year, and to remind them that a clean place seldom burns, and it is by close inspection that places are kept clear," says the letter to Mayor Towle continues.

The mayor believes that the 1933 loss was the lowest Snyder has known since she was incorporated, and he is highly pleased with the new record. Had it not been for the gin fire just before Christmas, the past year's loss would have been practically nothing. As it was, the fire department made no use whatsoever of the big hose during seven months of 1933.

Methodists to Rotan For District Meet

Members of the young people's department of the local Methodist Church who represented the department at the district meeting held at Rotan the past week-end included Mrs. Rubye Littlepage, Misses Ruth Yoder and Genevieve Jarratt, and Richard Davis. One hundred and thirty-four names were on the register at the close of the meeting.

During the afternoon's business meeting the district banner was awarded to Big Spring. Snyder ranking third. The Willing Worker's Union, of which the local department is a member, was second in the race for the loving cup. Doyle Martin of Abilene, district president, was elected to represent the Sweetwater district at the summer assembly to be held at McMurry College, Abilene. The goal for attendance of the assembly from the Sweetwater district was set for 100.

The next district meeting will be held in Colorado sometime in April, and the next Willing Worker's union meeting will be held at Post on February 20.

Gulf Station Under Two New Operators

The Gulf Service Station, one block north of the public square, went into the hands of two new operators Monday of this week.

Vernon Littlepage and Lloyd Devport have taken over the business over from Claybrook brothers.

Both young men are well known to county service station patrons. They offer the customary services for motorists, plus a line of accessories.

Special Baptist Page.

The Baptist Standard, state denominational paper, has carried for three consecutive weeks announcements concerning activities of the local Baptist Church. This plan of publicizing church work is liberally supported by local advertisers. The issues of the paper carrying this special page goes into all Snyder Baptist homes.

Christmas in the Old Confederate Home Was a Happy One

By Mrs. B. M. Roberts, formerly of Snyder.

Christmas this year in the Old Confederate Home has been a quiet, peaceful one, and one of the happiest Yuletide seasons it has ever been our pleasure to witness.

It seems as though the members of the Home are tied together in a new tie of brotherly and sisterly love that only death can loose. And why not, when our superintendent and his entire staff of workers are making it their first thought and aim to see that each member of this home has every comfort and pleasure it is possible for them to give the Daughters of the Confederacy. May God bless them for this home, and its interests are near and dear to their hearts. They love, honor and reverence these old soldiers who so nobly wore the Gray, and their wives and widows come in for a large share of their love and sympathy, and the efforts that they put forth for our happiness untiringly. Again we bow our heads and reverently pray to God to bless the Daughters of the Confederacy.

It is an old-time custom for the Daughters of the Confederacy at the return of Christmas time to give to each Confederate Home an entertainment and Christmas tree. So on Friday evening nearly the entire home assembled in the chapel to see a large Christmas tree all decorated with different colored lights, making a beautiful picture against the green background of the tree. To the right we saw baskets of delicious fruits and candy. And last, but not least, nice, soft, fluffy cushions for each one of us. After the entertainment was over and the presents given out, there was such a hubbub of thanksgiving and showing of presents, as if they were not all alike.

The ones in the hospital and all who were not able to go to the chapel received nice gifts, too. Saturday night we enjoyed an entertainment in our dining room. It was a short program, but enjoyed by all who attended.

Now, you may learn from this letter that we have in deed and in truth a happy home. Mrs. Bynum, our house-mother, has won the hearts of this entire home by her sweet, kind and motherly ways.

Blue Bird Cafe Moves. The Blue Bird Cafe, located east of the square on the highway, changed locations last week. A portion of the old building, long vacant, was torn away, and the cafe was moved about 100 feet east.

CWA TEACHERS OPEN CLASSES

Three teachers began classes last week in as many types of work under CWA supervision.

Miss Neoma Strayhorn is teaching a kindergarten class in the First Methodist Church for children of pre-school ages. Miss Violet Bradberry has more than 35 pupils of school and adult ages in her art classes at the local high school building. Miss Maurice McClinton is offering typing and other business courses for those wishing this type of training. She also teaches in the high school building.

C. Wedgeworth, in charge of this work, states that the county is entitled to one more teacher, but no one else has applied.

Beauty Shop Owner To Coastal Meeting

Mrs. Woodie Scarborough, owner of Every Woman's Beauty Shop, left Sunday for California, where she will combine a vacation and business trip.

She will visit friends and relatives at Stockton, Los Angeles, and other points. Late in January she will fly to San Francisco, where she will attend the annual convention of the National Hairdressers' Association. She will take special beauty culture work in connection with the convention sessions.

Misses Julia von Roeder and Ida Mae Mathe are in charge of the shop during Mrs. Scarborough's absence.

Miss McFarland in Chorus.

One Snyder student, Miss Elverna McFarland, is a member of the Simmons University Chorus, which has already given a number of programs this year and has started work on the famous Gilbert-Sullivan opera, "The Mikado," to be presented in the near future. Miss McFarland is also a member of writing groups in the university.

Rundown, Nervous?

Mrs. Martha McLasky of 1022 Street 31, Shreveport, La., said: "Some years ago I was rundown and in need of a tonic and revive. I can still vividly remember the wonderful benefit I received from Dr. Pierce's Favorite Prescription. I do not care to go into details about my symptoms, suffice it to say, I can cheerfully recommend the 'Prescription' to any ailing woman."

New size, tablets 30 cts., liquid \$1.00.

Hospital Notes

Mr. and Mrs. T. J. Bryant are the proud parents of a baby girl, born Tuesday night in the Emergency Hospital.

Frank Floyd of Ennis Creek underwent an appendicitis operation Saturday night. He is doing nicely.

A. P. Smith Jr., who lives 12 miles west of town in the Turner community, had an appendicitis operation in the hospital Monday night. His condition is satisfactory.

Ted Jones of Ira was found Saturday in a state of unconsciousness caused, supposedly, by his being brought to his horse. He was brought to the Emergency Hospital Saturday, but as yet he has not regained consciousness.

Billy Beavers, 7-year-old son of Charlie Beavers, was operated on Friday night and died early Monday morning. In addition to his appendix having ruptured, both gangrene poisoning and pneumonia had set up.

New Cars Registered.

According to records in the tax collector's office as given by S. T. Elza, deputy tax collector, only three new cars were registered during December. Car owners are as follows:

John Neitzler of Hermleigh, 1933 Ford V-8 Sedan.

J. W. Scott, 1933 Ford V-8 Sedan.

Walter Goebel of Hermleigh, 1934 Ford Tudor Sedan.
