

## STAMPS FOUR WILL BE HEARD HERE TUESDAY

Well Known Quartet Will Give Program at City Tabernacle; Lions Club Sponsor.

A hike to an unnamed place near Snyder is the principal item of interest among members of the newly organized troop of Boy Scouts in Snyder just now. The hike is scheduled for Saturday afternoon, beginning at 4:00 o'clock, and starting from the regular meeting place. Scoutmaster Willard Jones and Assistant Cecil Wexley and Jack Reynolds are sponsoring the first hike of the troop. The full roster of 11 members is expected to make the hike.

The original troop is making application this week for its charter, following completion of Tenderfoot tests by the eight charter members. Boys scheduled to receive Tenderfoot badges and membership certificates at the Saturday session are: Roy Allen Baze and Wallace Smith, Comanche Patrol; Carl Patterson and Jackie Scarborough, Owl Patrol; Wolsky Barratt and Weldon Kincaid, Cat Patrol; and Leon Autry and James Gidion, Bob White Patrol.

Applications of three new members are on file with the leaders this week, and this trio will accompany the Tenderfoots on their Saturday afternoon hike. A plan of inducting four new members into the troop at a time is being followed, upon completion of Tenderfoot tests by the boys already in the order. This system permits the new members to receive aid from these already holding Tenderfoot training. It is explained.

A second troop is being organized this week, with Charlie Ben Shell as scoutmaster and N. R. Clements as assistant. First meeting was held Monday afternoon, with six or eight hand-picked boys being present. The same plan of training eight boys at a time will be followed as in the first troop, the leaders state, and new boys will be added in groups of four as the boys complete the Tenderfoot tests.

Scoutmaster Shell's outfit is composed of Billy King, Fred Boren, Horace Young, Charles Harless, Lyle Alexander, Preston Wilson, Weldon Strayhorn and Jack Hamilton. The boys in the second troop hope to catch up with the first troop within a few days so that the two groups may be worked together for group sessions.

The same hall is being used for both troops. It is located upstairs over the Winston & Clements feed store, one block north of the square. With creation of funds by the Lions Club and the American Legion, carpenters were employed to make repairs and additions recently that make the hall an ideal one for the Boy Scout work. Plenty of floor space permits the playing of games with all the boys participating. More equipment will be added from time to time, it is announced.

Plans are already under way for carrying a fine delegation of local scouts to the annual area camp, beginning July 10. Most of the boys have indicated their intention of making the camp, and it is not improbable that almost 100 per cent of the boys will arrange to attend. The camp will be held on Spring Creek, about 40 miles southwest of San Angelo, holding away for two weeks. Transportation will be furnished by the local council to and from the camp. A camp fee of \$5 per week, which includes all meals and other privileges, has been set as the nominal charge this year.

Scoutmasters Shell and Jones and their assistants would appreciate aid being notified of available odd jobs for members of the Boy Scouts, which will permit them to earn funds to be used in making the camp trip. Some of the boys probably will be able to enjoy this fine outing only by making their own fees. Shell may be reached by phone at the bank, and Jones may be contacted at the Times office.

**Wells-Robinson Test.**  
R. Wells and C. A. Robinson, who have been conducting an interest in Scurry County oil activities in recent years, announce that they are starting drilling on a test near Ballin, Tex.

### It Wasn't Barrow, Alexander Decides

Clyde Barrow had been dead about 10 hours when A. C. Alexander felt the sting of a bullet as he stood in front of Sunston No. 1 Wednesday evening of last week so the local banker had no suspicion of the southwestern desperado.

But the bullet wound, a red welt between the thumb and forefinger, was there. Banter-like, Mr. Alexander concluded that there must have been a bullet, although he hadn't seen or heard it.

There was no bullet in the post upon which his hand was resting; no bullet on the sidewalk. After he had gone home, a 22 bullet, hard-nosed, was discovered in Mr. Alexander's outside coat pocket, over the heart. Presumably, the bullet was fired by someone on the east side of town, and had spent its force when it struck Mr. Alexander's hand and pocket.

One of Stamps' well known quartets, Columbia and Victor recording artists, will present a program at the city tabernacle here Tuesday night, June 5, under auspices of the Snyder Lions Club.

Hailing from Dallas, Chattanooga and Lubbock, the four singers and their accompanist have been appearing recently in a number of West Texas and Oklahoma concerts. They represent the Stamps-Baxter Music Company.

This big-time program is said to be arranged to please everyone. It ranges from the classical to the comic, and is interspersed with fun, newspaper readings, and other features.

The large percentage of proceeds to be received by the Lions Club will be used for purchase of glasses for school children of the county whose parents cannot afford to buy glasses. Five pairs of glasses have been fitted and delivered by the club during the past week.

Placards advertising the quartet have been placed in many points in the county, and a crowd of several hundred is expected by Ernest Butts, who is assisting the Lions Club in promoting appearance of the singers. The Lions committee is composed of J. L. Caskey, O. D. McGlaun and W. E. Holcomb.

The tabernacle is to be cleaned and renovated thoroughly, and lighting effects will be arranged so that every attendant will have an excellent view of the stage.

Adult tickets will be 25 cents, children's tickets 15 cents, and a family party size will be admitted for 75 cents.

The stamps group is composed of Behols, tenor and manager; Burleson, tenor; Shipn, baritone; Bennett, bass; Ivey, pianist.

## New Races Built On Blood of War Judge Declares

"New races have been built in this world on the blood of past wars, and America, through this war, has participated in this process. It is a process which is horrible and revolting, but it is a process which is necessary for the molding of united kingdoms on Christian principles."

These were the words that climaxed the memorial address Sunday afternoon by Judge Clark M. Mulliken at the First Baptist Church sponsored by the American Legion post. Friends and relatives of fallen heroes were in the audience.

Judge Mulliken used the six major conflicts which America has taken part in as a background for his address. "We can not condemn war altogether," said the Lubbock man, "because we find that wars have waged in Bible times when God had a leading part in them, as He has today. He fought with the children of Israel, and walked beside Joshua and Gideon. God is now fighting with the Christian people, that His will may be accomplished through the sons of man."

The address followed several other numbers, directed by Mrs. Elmer Spears, with Mrs. A. C. Prentiss accompanying. Following the address a quartet, composed of R. D. Curry, L. Watson, W. J. Ely and D. P. Yoder, sang a special number. Lee T. Stinson, commander of the Will Lytle American Legion Post, presided at the service and introduced the speaker.

### Car Taken Saturday Morning on Square

A 1933 model Ford V-8, belonging to A. B. Lee, was stolen Saturday morning about 9:30 o'clock from the Snyder square.

The sheriff's department traced the stolen car to Brownfield, where the license plates were found, and they believe the thief will be found within a few days.

### Aged Camp Springs Resident Is Buried

W. D. Wiley, 77, died at his home on the Boone place, near Camp Springs, Sunday. Final rites were held at the Hebbes cemetery graveside Monday afternoon. He had been in ill health for some time.

## HERE SATURDAY

Maury Hughes of Dallas, candidate for governor, will be the first speaker of state office to speak in Snyder this year. He will speak Saturday morning of this week, at 10:30 o'clock.

## RECORD SET IN POPPY SELLING

Under direction of Mrs. Clyde Boren, of the American Legion Auxiliary, Snyder set a poppy selling record Saturday.

More than 500 of the little red flowers, made by the house of displaced veterans, were sold on Poppy Day, with high school girls as the chief sellers.

The original order for 250 flowers was increased last week, by wire, to 500. When the 500 were sold out, about 200 more were collected from buyers and resold.

### Whale, Many Other Fish Will Be Shown In City Next Week

Sea monsters on parade! Said to be the finest collection of sea animals in America, Captain Frank Lee's exhibit car of specimens will be displayed in Snyder June 8 or 9. Later it will be transported to the Chicago World's Fair.

The huge display contains, among other specimens, a real whale, a giant octopus, a shark, a 20-foot crucian fish, a turtle weighing 1000 pounds, an Australian crocodile, 150 kinds of shells from all over the world, and the following kinds of fish: Spade, saw, shell, star, sculpin, sea horse, pig-face, porcupine, sea crab, oriental snail and Japanese blow.

A portion of the receipts will go for charitable purposes, according to advance word from Captain Lee, who is now making his way Atlanticward from Los Angeles.

### Mark Johnson Moves.

Mr. and Mrs. Mark Johnson left Tuesday for Pollock, California, where he has a position in the oil fields. Mark has recently been associated with Gus McClintock in operation of the Highway Garage. He has been in the filling station business here for several years.

### Johnson Calves Go to Muleshoe For Four-H Club

Five choice Hereford calves were purchased Monday from the Sidney Johnson herd by J. B. Waide of Muleshoe, Bailey County farm agent. The calves are to be fed out by the H Club boys.

Mr. Waide, while in Scurry County, expressed himself as highly pleased with the type of calves he found in this territory.

George W. Eakin, beef specialist of the U. S. Extension Service, recently selected these calves from the Johnson herd. He makes a specialty of selecting animals for Four-H Club work, and has won a reputation for picking only choice calves.

The Johnson herd is just the reason why Scurry County is becoming better known all over as a Hereford center. It is considered one of the best in this area. The agricultural cross within the past week selected four calves from the Johnson herd earlier in the year.

## MORE COUNTY SCHOOLS WILL CLOSE FRIDAY

Two Larger Schools, Hermleigh And Fluvanna, and Other Schools, End Terms.

After Friday night of this week only a few Scurry County schools will continue their 1933-34 terms.

Among the major schools of the county, Hermleigh and Fluvanna will hold final exercises on the night of June 1, and several of the smaller schools likewise close their doors on this date.

Hermleigh will have grade school exercises today (Thursday). Friday night graduation exercises will be held for 15 seniors, who compose one of the school's last set of graduation classes. Twenty-one youngsters are in the grade school class. Names of all graduates were published last week.

At Fluvanna, final exercises will also be held Friday night, with Lon Smith of Fort Worth as principal speaker. The junior-senior banquet was held Saturday night, with J. M. Harris of Snyder as speaker. The graduating sermon was preached Sunday morning by Rev. Frank Story. The high school graduates are W. D. Huffins, Robert Eddins, Ernest Shipman, Adrian McGuire, Leslie V. Dyess, Cma Jones, Evelyn Farquhar, Mozelle Patterson, Junita Landrum (valuedictorian), Auna Sheed and Emma Browning.

Other school closings are listed as follows by county Superintendent Frank Farmer:

June 1—German, Canyon, Bethel and Crowder.

June 8—Camp Springs and Ennis Creek.

June 15—China Grove.

## State Candidate Duet Will Speak This Week, Next

Two state candidates have announced speaking engagements for Snyder within the next few days.

John E. Hines, a candidate for governor, will appear at the bandstand on the courthouse lawn Saturday of this week at 10:30 o'clock in the morning.

Joseph W. Bailey Jr., seaker of the senatorial post now held by Tom Connally, will appear at the bandstand on the courthouse lawn Saturday of this week at 8:15 p. m.

Mr. Hines, former Democratic chieftain in Texas, led the fight for repeal of the 18th amendment. He favors a state liquor tax, with half going to the schools. He favors taking the rafter force out of politics, a half cent more of the gas tax to schools, unemployment insurance, old-age pensions, federal parole system, continuation of taxed horse racing.

Mr. Bailey, also of Dallas, now congressman-at-large, enunciates the "doctrine of state rights and government according to the provisions of the Constitution of the United States, and calls for a plan to create millions of jobs for the unemployed by the decentralization of industry, and announces himself as opposed to such measures as the Bankhead Bill. He favors amendments to the NRA in order to protect small merchants and business men.

### O. D. Dial Leading Pleasant Hill Meet

Bro. O. D. Dial, leader of the local Church of Christ, is conducting special services in the Pleasant Hill community this week. Song services are being led by Herbert Smith, also of Snyder.

The religious meetings are being held in the new Pleasant Hill tabernacle, a mile west of the school house. Bro. Dial reports that good crowds are attending.

## Proposals For New Post Office Site In Snyder Solicited By Government

Uncle Sam is soliciting proposals for a post office building in Snyder, according to A. S. Page, Fort Worth, post office inspector, who was here last week.

## Charley Lockhart Mingles Thursday With Old Friends

Charley Lockhart, diminutive state treasurer, felt at home when he visited in Snyder Thursday.

He talked to Tom, Dick and Harry just as he did during the 16 years when he was treasurer of Scurry County. He shook hands, talked of his gray hair, of his race for reelection, and of the new car that was displaying "Charley Lockhart for State Treasurer."

"Charley," as he is still called by the friends who knew him "back yonder when," is running for his third term as state treasurer. He was reelected two years ago without opposition.

Several thousand miles have already been put on the new car's speedometer. Charley, having visited practically every corner of the state in recent weeks.

He was a guest of his brother, Jim Lockhart, while here.

## HOME FOLKS

Everybody knows Charley. He was here last week—back among the friends he knew in childhood and as treasurer of Scurry County for 16 years. Now he is seeking reelection to the office of state treasurer for a third term.

Lockhart has made good," captain attaches will tell you.

## SUMMER TERM OPENS MONDAY

Enrollment in the local summer school will begin Monday morning, with prospects of a good attendance, according to R. E. Sullivan, who will be in charge. He will be assisted by W. W. Hill and W. F. Cox.

High school classes will probably be held in the mornings and grade school classes in the afternoons, with hour and a half classes, Monday through Saturday.

Tuition in high school will be \$15 for two courses, \$8 for one course. In grade school, tuition will be \$15 for full half-grade work, or \$3 per course for three subjects or less.

## Snyder Drug Installs Freezing Apparatus

With the installation last week of a Tutill ice cream freezing machine, combined with a storage freezer, Snyder Drug Company hopes to offer a new service for its fountain patronage.

The machine will enable the concern to make its own cream and ices, which will assure an abundance of these coolers at all times.

Thirty gallons of cream may be stored in the freezer, which is refrigerated by the cooling system of the freezer.

The Caskeys invite their friends to inspect the machine, one of the first to be installed in West Texas, they say.

## REDUCTION OF ELECTRIC RATE NOW IN EFFECT

Both Residential and Commercial Customers to Benefit, Says District Manager.

A general reduction in electric rates to all residential and commercial customers of the Texas Electric Service Company in Snyder was announced today by L. J. Geer, district manager of the company and filed with the city officials. A similar reduction is being made in all of the larger cities and towns of West Texas served by the company.

The new rates will allow a substantial saving to every residential customer whether large or small. Mr. Geer said. The energy charge of seven cents per kilowatt hour in the present rate has been cut to six cents and the present five cent step for all additional current use during the month will apply only to the next six kilowatt hours. Then the rate drops to three cents for the next 100 kilowatt hours, and two cents a kilowatt hour for all additional current use during the month. What the flat charge of the present rate remains the same, the minimum charge has been reduced from \$1.50 to \$1.

Helps Little Customers.

To provide a reduction to customers in small and large houses and using only a small amount of power, an optional rate is offered, which will result in a substantial saving. Under this rate, the customer will receive eight kilowatt hours for the \$1 minimum charge, and as more energy is used, the rate goes to eight cents for the next 42 kilowatt hours, five cents for the next 50 kilowatt hours, and three cents a kilowatt hour for all over 100.

The new rates will become effective with all bills rendered on and after July 1.

"This voluntary reduction in electric rates is a part of the policy of the Texas Electric Service Company to give the best service possible at the lowest rates consistent with sound business practices," Mr. Geer declared. "It is significant that the company has lowered its rates at a time when the price of many other items in the family budget are climbing.

The present reduction in rates is the first since the Texas Electric Service Company to business recovery in this area and is made possible only because of the company's faith in the future of Snyder and other cities and towns in the area it serves.

More Electric Appliances.

"With the new low rates, residential and commercial customers will be able to make still greater use of electric service and it is expected that as business recovery gets under way, the increased demand for electricity will offset to some extent the decreased revenues resulting from this reduction. The low residential rates will encourage citizens to electrify their homes more completely, for most of our customers will find that the fullest use of electric appliances will add very little to their electric bills, especially if they are now using enough electricity to reach the low rate of two cents a kilowatt hour. For one cent at this rate, a 50 watt lamp will burn 10 hours, or a 100 watt electric fan will run for 12 hours.

"A number of voluntary reductions in electric rates have been made in Snyder, and the new rates compare favorably with rates in any city of comparable size. Electric rates here have dropped since 1925 to where most customers are paying only about half as much for the same amount of electricity."

## Band Boys Carried On Lueders Outing By Their Director

Members of the Tiger Band and of Director Clyde Rowe's Sunday school class at the First Baptist Church were on a picnic and fun-fest at Lueders, Jones County, last Sunday. Several special guests were also in the party.

Fishing and other activities were enjoyed, along with quieter pastimes. The director-teacher and his wife provided plenty of food, the boys will tell you.

The crowd included W. H. Shuler, Royce Eiland, Bob Hamilton, G. L. Autry, Jack Smith, Jackie Scarborough, Carlos Yoder, Eunice Duff, Corwin Patterson, Lewis Wilsford, Gordon Sentell, Matthew Casey, Alden Kincaid, Joe Rue Lemley, Adriel Moore, P. W. Cloud, Mr. and Mrs. Pete Benbenek and children, Daren, Orden, Thaba, Thana, Wanda; Mr. and Mrs. Porter King and children, Billy and Katherine; Mr. and Mrs. W. F. Cox and two children; and Mr. Rowe.

## Building Moved for Colored School Use

A portion of the old J. O. Spears house near the school campus, purchased recently by the school board, has been moved to the colored district near the oil mill, where it will be used in construction of another school building.

## JOE BAILEY JR.

One of Texas' congressmen-at-large, Joseph W. Bailey Jr., will speak in Snyder Wednesday of next week in the interest of his candidacy to the state senatorial office now held by Tom Connally.

## HOME TOWN IN MAHON RALLY

A giant Mahon-for-Congress rally is to be staged at Colorado Friday evening of this week at 8:00 o'clock, Colorado, the district attorney, home town, and Loraine, where he spent his boyhood days, are combining forces under direction of Judge C. C. Thompson.

Warren Dodson, attorney of Scurry County, represents this county on the speaking program. "Every interested person in Mitchell, Seury and other counties of the 19th district is invited to attend," says a telegraphic message from Judge Thompson yesterday.

Ruddick Park is to be the scene of the rally for George Mahon. Music will be furnished by the Loraine Band and the Colorado Chuck Wagon Serenaders. Addresses will be made by G. H. Nelson, district attorney, Tahoka; A. S. Mauze, district judge, Sweetwater; M. H. Morrison, Big Spring; and Warren Dodson of Snyder.

## Colorado Women in Fatal Car Crash on Mineral Wells Road

Miss Roxie Holman and Mrs. Hays Holman of Colorado were victims of a head-on automobile-truck collision three miles east of Mineral Wells Saturday night. Miss Holman died before her body was taken from the wrecked coupe in which she was riding, and Mrs. Holman died in a Mineral Wells hospital Sunday morning.

Mr. Holman, brother and husband of the victims, was thrown from the car and escaped with painful injuries. The driver of the truck was also injured. Mr. Holman was sufficiently recovered to attend funerals for his sister and wife at Windham Monday.

Mr. Holman is remembered by a number of Snyder men as chief speaker at a recent zone meeting of Lions Clubs at the local Manhattan Hotel. He is principal of the junior high school at Colorado, and his wife was a grade school teacher.

The three Holmans were on route to Commerce, where a brother of Mrs. Holman was to be graduated from high school, when the accident occurred.

## A. M. Herren Is Taken by Death North of Snyder

Funeral services were held at the Snyder cemetery Sunday afternoon for A. M. Herren, a Scurry County resident since 1905. Death came Saturday morning, following an extended illness, at the Herron home 15 miles north of Snyder.

The pioneer was born in Tennessee in 1854. He moved to Texas when he was 16 years of age. During his 29 years of residence in Scurry County he watched with interest the progress and development of Snyder and the county. It is said that he was always interested in the welfare of the county and his community.

Mr. Herren reared his own family and five grandchildren. Mrs. Herren and two daughters, Mrs. Henry Metcalf of Mountair, New Mexico, and Mrs. Tisha Sligh of Snyder, survive.

Bro. R. E. Dever of Camp Springs preached the funeral service. Cocon Funeral Home was in charge. Burial was in the Snyder cemetery.

## LOCAL STORES RANSACKED BY NIGHT VISITORS

Several Hundred Dollars in Cash And Merchandise Stolen From Bryant-Link, Taylor.

Several hundred dollars in cash and merchandise were taken from the Bryant-Link Company and Huth Taylor & Company by Saturday night invaders.

Snyder's largest robbery in several years remains unsolved. City and county officers stated yesterday that they have no tangible clues that might lead to the apprehension of suspects.

First signs of the looting were discovered early Sunday morning by Melvin Blackard at Huth Taylor & Company. The intruders had knocked the knob from the store's safe and wrenched the door, but had failed to open it. A number of small items were taken.

The heaviest loss was discovered at 10:00 o'clock Sunday morning at Bryant-Link's. Several hundred dollars in cash and checks were taken from the safe after the knob had been knocked off and the door pried open. Missing merchandise included men's suits, shoes, hats and shirts, and several guns.

Entrance to the department store was gained at the north front door, on which the night lock was apparently opened with a lever. The intruders left by a rear door, through which officers believe they carried their loot to a car waiting in the alley. The grocery store was entered through the rear door, which was left ajar.

## Lions Nominate Officers to Be Chosen June 26

At its annual nomination meeting Tuesday at noon, the Snyder Lions Club nominated candidates for places that will be filled by an election to be held June 26.

The following nominations were made from the floor: President, J. C. Smith (re-election); first vice-president, Joe Stinson; President Parmer; secretary, J. P. Nelson (re-election); treasurer, G. B. Clark Jr. (re-election); Lion tamer, W. J. Ely; Willard Jones (re-election); fall towler, W. R. Lacey; Marel Josephson (re-election); directors, two to be elected, Wayne Boren, Buel Fox, Dr. Charles B. Reed, Guy McGlaun, Warren Dodson, Hugh Boren, H. L. Vann (re-election).

In a drawing to determine the year director, Maurice Brownfield and H. J. Price were chosen to serve until July 1, 1935. The two directors to be chosen next month will serve until July 1, 1936. All other officers will serve from July, 1934, to July, 1935.

Entertainment was provided by Billy Hamilton, club pianist, who was well applauded in two numbers.

Grady Hamrick, now a Snyder resident, was unanimously received as a member of the club.

## Decorations Day Closing

The Snyder National Bank and its post office were closed all day Wednesday in celebration of Decorations Day, a national holiday in memory of the war dead. A morning delivery in the business section was made by post office carriers, but all other deliveries and all window services were suspended.

## Grass

By John J. Ingalls.

Grass is the forgiveness of nature—her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grown green again with grass, and carnage is forgotten. She is abandoned by traffic become grass-grown like rural lanes, and are cluttered; forests decay, harvests perish, flowers vanish, but grass is immortal. Bleagured by the swollen hots of winter, it withdraws into the impalpable to treat of its subterranean vitality and emerges upon the solicitation of Spring. Sown by the winds, by wandering birds, propagated by the subtle horticulture of the elements, which are its ministers and servants, it softens the rude outline of the world.

Its tenuous fibers hold the earth in its place, and prevent its soluble components from washing into the sea. It invades the solitude of deserts, climbs the inaccessible slopes and forbidding pinnacles of mountains, modifies climates and determines the history, character and destiny of nations.

Unobtrusive and patient, it has immortal vigor and aggression. Banished from the thoroughfare and field, it hides its time to return, and when vigilance is relaxed, or the dynasty is perished, it silently resumes the throne from which it has been expelled but which it never abdicates. It bears no blazonry of bloom to charm the senses with fragrance or splendor, but its remedy hue is more enchanting than the flit or the rose. It yields no fruit or grain, and yet should its harvest fail for a single year famine would depopulate the world.

## ALLIED TO SPEAK

As The Times goes to press on Thursday morning, word comes that Attorney General James V. Allred, candidate for governor, is to speak from the bandstand on the courthouse lawn at 3:00 p. m. Thursday, June 7.

Those who wish to hear issues of the campaign discussed by the Wichita Falls man are invited to be present.

### Monthly Pains Relieved

Women who take CARDUI have found that severe monthly pains have been relieved and that by continued use of it for a reasonable length of time their strength has been renewed and their general health improved.

"I am glad to speak a few words for Cardui, the medicine I have taken for a week, run-down condition, for bad pain in my side and back and for irregular periods," writes Mrs. Ray Chandler, of Cassata, Ala. "Cardui strengthened me out and I felt 100 per cent better. It certainly helped me."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

### Mary Martha Class Honors Mothers.

The Mary Martha class of the First Baptist Church honored mothers of the class members with a lovely picnic given at Wolf Park last Thursday evening.

The following were present for the affair: Mmes. O. S. Williams, J. M. Drake, J. D. Isaacs, Bill Paulmer, Henry Ware, S. J. Littlepage, W. R. Bell and Ethel Eiland and Mary Ruth Ware, guests; Mrs. W. B. Rodgers, class teacher; and Misses Hilda Gene Williamson, Bonita McGahey, Melba Deak, Bonnie Miller, Charlyne Kincaid, Jeffrey D. Isaacs, Mary Nell Morter, Oteka Ware, Lola Mae Littlepage, and Vernelle Bradbury, members of the class.

### Juanita Golden Weds in Amarillo.

The following article concerning the marriage of Miss Juanita Golden, daughter of Mr. and Mrs. J. S. Golden of the Canyon community, appeared in the West Texas State Teachers' College weekly newspaper, "The Prairie."

"Juanita Golden of Snyder and Alvin Ream of Shamrock were married May 11, in Amarillo. The ceremony was performed by Rev. D. D. Sumeral at the San Jacinto Baptist Church.

"Mrs. Ream is a graduate of the Snyder High School and is a member of the freshman class of W. T. High School and is completing his sophomore work at W. T. He is prominent in class activities, and is a representative of the sophomore class in the student council. "They are making their home in Canyon at the McMinn Apartments."

June Is Political Priming Month in County and State

June is the month for political priming in Texas. With the first primary only a few weeks away, candidates must bear in mind these important dates: June 4—Last day for filing on party primary ballot for state and district offices. June 11—State executive committee meets, prepares state ballot, and selects place of meeting of state convention. June 16—Last day for candidates for offices within counties, including districts within the confines of any single county, and candidates for county chairman, to file for places on the primary ballot. (Two years ago a pair of Scurry County candidates failed to file in time.) June 25—Last day for candidates to pay ballot fees.

New Printing Plant Opening on Square

The Peerless Printery will open for business on the southeast corner of the Snyder square this week, according to E. L. K. Rice, owner of equipment that was moved from Oklahoma last week. Mr. Rice said yesterday that he will return to Oklahoma temporarily to attend to other business interests. The commercial printing shop will be in charge of George Brown Jr., who will be assisted by his son, Buster Brown.

All Cream Will Be Graded by Produce Buyers on June 1

Beginning Friday, June 1, cream will be bought in Texas on grades with a two-cent premium paid for No. 1 cream over No. 2 cream, and No. 3 cream not bought at all. All local produce men have announced their intention of measuring up to the new grades 100 per cent.

The cream grades as set forth by the State Department of Agriculture are: No. 1 sour cream is slightly sour, clean to the taste and free from objectionable odors and flavors, and containing not less than 25 per cent butterfat, and shall be free from extraneous and deleterious matters.

No. 2 cream is too sour to grade No. 1 and may contain slightly off flavors and odors and shall be reasonably free from extraneous and deleterious matters.

No. 3 cream shall be any cream which will not qualify as No. 1 or No. 2 cream, and which consists of all cream containing oily, yeasty, musty, onion or any other similar flavor or foreign fats and scrap butter that would render it unfit for human consumption.

R. C. Grantham and daughters, Miss Edith Grantham and Mrs. Herbert Bannister, and little Billy Herb Bannister spent the week-end in Lubbock. Mrs. Grantham, who has been treated in the West Texas Hospital there for several days, accompanied them home. She is much improved.

Mr. and Mrs. G. B. Clark are on a month's vacation. They are visiting with friends and relatives in Tennessee.

WALLER KILLED

Rex Waller, candidate for state treasurer to succeed Charley Lockhart, died in a Houston hospital Wednesday of last week, after several changes from an automatic pistol entered his body. E. Will Spierstoeser, railroad clerk, was charged with murder. The shooting occurred in the business section of Trinity, Waller's home town.

WTCC Committees Receive Credit in New Snyder Honor

W. J. Ely, local West Texas Chamber of Commerce director, gives his committee credit for Snyder's recognition last week as the most active town out of 127 members taking part in WTCC-sponsored movements.

"We just earned 100 per cent in everything the organization asked us to do, that is all," Mr. Ely said when asked about how Snyder won such a distinction honor. "We were as surprised as anyone else when it was announced that the award was to come our way," he said. Harrie Winken, local president, and J. W. Scott, secretary, were also practically floored when the announcement was made from the floor during the annual convention at San Angelo.

Here are the major committees to which Mr. Ely gives credit: Beautification—Mrs. W. R. Bell, Mrs. Lee T. Stinson, Mrs. O. P. Thrane.

Goodyear G-3 Said To Whip Problem of Modern Tread Wear

"The modern automobile is responsible for the greatest tire company has ever made," declared Pollard and Jones, local dealers for The Goodyear Tire and Rubber Company.

"Present day cars with their greater speed, faster getaway and more powerful brakes for quick stops have produced a problem in tire wear which has been solved by Goodyear engineers in the newly introduced G-3 tire," they asserted. "With the advent of smaller wheel diameters, high speed motors and powerful fur-wheel brakes, tread wear became more of a problem—a problem immediately tackled by the company's engineers and research men. At once they started work on a new tire that would defeat these conditions, and our new G-3 is the answer."

Many Towns Expect To Select Cowgirls

One hundred towns and cities of West Texas are expected to send girls to the fifth annual Texas Cow-boy Reunion to be held at Stamford July 2, 3 and 4. Letters inviting the naming of the sponsors are being mailed to chambers of commerce this week by H. G. Andrews, chairman of the committee in charge of this feature of the reunion.

The local chamber of commerce will choose a sponsor, says J. W. Scott, secretary. Miss Mildred Harless, now Mrs. Aubrey Stokes, represented Snyder last year.

Mrs. H. P. Colwell and daughters, Mrs. Mary Jo Horan and Miss Ida Lofton of Sweetwater, are guests of Mr. and Mrs. Rhea McFarland and children.

Hospital Notes

Miss Estelle Williamson of the Pleasant Hill community was carried to her home Wednesday morning, ten days after an operation for appendicitis.

Billy Joe Stinson's tonsil operation was postponed until Monday morning of this week. He was moved to his home Tuesday morning.

A baby boy was born to Mr. and Mrs. Gibb Carlton Friday; a baby boy to Mr. and Mrs. Carl Keller Sunday; a baby girl to Mr. and Mrs. Frank Miller of Borden County Thursday morning of last week.

Miss Jewel Westfall visited at Aspermont with Mr. and Mrs. Leonard Westfall from Saturday until Tuesday.

Five victims of an automobile accident north of Snyder Monday were treated for minor injuries. Occupants of a car bound from Austin to their home at Bownfield, the five adults stated that their vehicle was overturned when it struck a concrete bridge near Demott as they attempted to dodge a yearling.

Bryant-Link Force Goes to Wolf Park

Employees and their families of the local Bryant-Link Company store went to Wolf Park Friday evening for a picnic and outing.

With Manager E. E. Westberber at the helm, the group enjoyed plenty of sociability along with their ice cream and cake.

The picnicking crowd included Mr. and Mrs. Weatherbee and children, Claude and Marybell; Mr. and

Mrs. A. C. Kincaid and son, Weldon; Mr. and Mrs. H. C. Moore; Mr. and Mrs. P. D. Lambeth and son, Beverly; Mr. and Mrs. Tom DeShazo and daughter, Irene; Mrs. J. O. Dabson, and Miss Edith Grantham and Mildred Patterson.

Trip to Weatherford. Sheriff Henry Newman and Deputy Sid Bruton were in the Weatherford country early this week. They report crops in a critical condition in much of that area because of recent dry weather and hot days.

free \$1500.00 in PRIZES for the best letter on "Why I like a Modern Gas Kitchen"

Your gas company and a number of leading appliance manufacturers offer 50 handsome prizes for the best letter on "Why I Like a Modern Gas Kitchen." You don't have to buy a thing to win one of these prizes, which have been donated for the purpose by manufacturers. All you need to do is to consider the advantages of the modern gas range, gas refrigerator and water heater, then write down in your own words the reasons why you like a modern gas kitchen. Possibly the convenience of gas appliances, or their efficiency, or economy, or all three of these qualities appeal to you.

You do not need actual experience with all the equipment of an up-to-date gas kitchen to enter this contest. What counts most are your own ideas of the chief advantages of modern gas appliances and what they can do for a home. There are fifty prizes! You can win one! Try it! Begin your letter today.

50 PRIZES

GRAND PRIZE: The three absolutely essential appliances of the modern kitchen—an automatic gas range, an Electrolux gas refrigerator and an automatic gas water heater.

SECOND PRIZE: An Electrolux Gas Refrigerator.

THIRD PRIZE: A modern gas range.

FOURTH PRIZE: A modern gas range.

FIFTH PRIZE: A modern gas range.

SIXTH PRIZE: A modern automatic gas water heater.

SEVENTH PRIZE: A modern automatic gas water heater.

EIGHTH PRIZE: A modern automatic gas water heater.

NINTH PRIZE: A modern automatic gas water heater.

TENTH PRIZE: A 10-radiant room heater.

ALSO 40 small room heaters as additional prizes for letters that receive honorable mention.

The Rules

(Contest Opens June 1, 1934. Closes June 30, 1934)

1 All gas customers, and Stargas customers, and members of their families served by any company in the Lone Star Gas System in Texas are eligible to compete for these valuable prizes, except employes and members of their families.

2 Write legibly on one side of the paper only.

3 Write your name and address plainly at the bottom of your letter.

4 Mail your letter to Gas Contest Judges, 301 South Harwood, Dallas, Texas, or bring it to the office of your gas company.

5 All entries received become the property of the Lone Star Gas System for their use and will not be returned.

The home economics representatives of three leading Texas colleges will act as judges.

**THE WEEKLY DOZEN**

**Airflow—Ancient and Modern.**  
 Talkative Tillie says the new airflow cars have nothing on the age-old hot-airflow curb breakers.

**Hoes vs. Steering Wheels.**  
 Pessimism Pete says the main difference between the man with the hoe and the man with the steering wheel is that liquor and hoes sometimes mix.

**Does It Sound Familiar?**  
 "Pledging unreserved loyalty to, and cooperation with the people of this state, and the President of the United States, in bringing about an orderly conduct . . ." And so on, far into the campaign. You will hear that vote catching opening sentence, in different guises, until the last campaign guns have been fired. And our grandfathers no doubt heard it before the first Civil War guns were fired.

**Chicago Is Ready Again.**  
 Chicago, the World's Fair city of 1933, has become the World's Fair city of 1934. Literature concerning the opening last Saturday says, "Three miles of exposition grounds on the lake shore close to the center of downtown Chicago, more than 80 buildings and spectacular features, some of them of gigantic proportions, 84 miles of free exhibits, constitute the new Fair of 1934."

**Less Taxes—More Money.**  
 No less inconsistent than our long-drawn-out criminal procedure is our long-drawn-out method of collecting taxes. Although he can not be called a criminal in the legal sense of the word, the property owner who can pay taxes and does not pay them is certainly a citizen that causes our taxes to be so high. If every taxpayer who could pay, would pay, you would see a gradual decline in the tax load.

**Every Candidate a Prospect.**  
 Every candidate for state and national office deserves the consideration of every voter in the state. Pre-conceived ideas of an office seeker are usually wrong. Hear a man, study his platform, size him up from every angle, then determine how you shall vote. Two leading candidates—one for United States senator and the other for governor—will be in Snyder within a few days. Let's hear them, and size them up.

**Gone Again, by Hector!**  
 While this quib is being written (Saturday afternoon), clouds are again hovering to the east and south like beads of perspiration on the forehead of a working man. For a week, now, the whitecaps have been coming and going. Showers they will be, if rain does not come soon . . . so says many a farmer and rancher and man-about-town. But like the marvelous engine of Flannigan's, they may be off again, on again, gone again.

**Boy Scouts of Tomorrow.**  
 Organization of two Boy Scout troops in Snyder means a new day for boys of the town. Most Americans have a way of judging the future by the present, so the program has been adjusted to meet demands of the present and the future. But the most glorious results of Boy Scout work come in early manhood, and down through the years, when lessons of citizenship, well learned, prepare youth for a constant combat against crime, immorality and selfishness.

**Farmers Get the Benefits.**  
 It is so remarkable that a government agency should apply the major portion of its funds on the beneficiaries of that agency that the Farm Credit Administration deserves a word of commendation. Nearly nine-tenths of the proceeds of land bank and land bank commissioner's loans made during the year was used for refinancing farmers' indebtedness. Since the administration was established exactly a year ago, approximately \$16,000 farm mortgage loans aggregating \$791,000,000 have been closed.

**Modern Kitchen Comforts.**  
 Announcement of a "kitchen contest" for housewives, under sponsorship of the Lone Star gas system, calls attention to the changes that have been made in kitchen arrangements and furnishings during the past 25 years. Our mothers grew old too early, and one of the reasons was a kitchen that was stuffy, poorly lighted, heat-filled and inconvenient. The gas company, of course, has sale of gas appliances as one of its motives behind the contest, but if it helps turn mother-drudgery into mother-pleasure, we should thank it for a task well done.

**Selling Maize by Feeding Maize.**  
 This paper lays no claim to farming and ranching knowledge; but it does feel qualified to say that the state and national experiment stations, some of them in West Texas, have performed remarkable things for crop growers and livestock men. A feeders' day meeting at the Big Spring experiment station will be held Friday, June 8. Experiments were conducted to make comparisons of the relative values of whole

**Another Scurry County Servant.**

Scurry County is blessed with a large number of men who count public service among their duties. Not the least of these—and surely one of the leaders among the leaders—is W. J. Ely, whose zeal for public service was reached this year when he led Snyder in being recognized as the most active town in West Texas Chamber of Commerce activities. Mr. Ely is not the type of man who will relish reading long-winded tributes to his service. But his multitudes of friends will agree with The Times that this editorial comment concerning his various community activities is not only justified but highly deserved. Snyder and Scurry County owe much of their solid growth to such men. Mr. Ely is not alone, of course. He is one of several leaders who have helped earn for Snyder and Scurry County a reputation for solidity, rugged honesty and gradual progress.

**EDITORIAL OF THE WEEK**

**WASHINGTON'S WEAKNESS.**  
 It seems to me, on the basis of years of close-range observation, that Washington's perpetual weakness is lack of adequate brains. There is never enough good brain power within a government to conduct the well-meant programs. If ability could be measured in a tin bucket, I should say that the Roosevelt Administration contains more gallons of ability than any of its recent predecessors. But the tasks which this Administration has set for itself are proportionately greater. The increase in size of tasks is greater than the increase in ability to do them.

Washington's great weakness, therefore, is not in its honesty, its intentions, its motives, or its zeal, but in its personnel. We don't have enough good men in government to do the big things Government thinks it is going to do. New administrators, especially of the reform variety, seldom learn their limitations, never appreciate the drags and the lags of human psychology, for a year or two. The Roosevelt regime has just begun to get a glimmer of an idea on this point, but it hasn't begun really to understand. The coming year is the year when understanding will dawn.

To improve the quality of upper-levels of government executives, two things should be done: First, pay higher salaries. Many good men are willing to step from private into public life, but they can't carry their obligations on government salaries. Second, temper the present system by which almost any man who comes up before the Senate for confirmation to high office is subjected to vicious attacks by suspicious and often selfishly-motivated Senators.—Nation's Business.

**Ghosts vs. Demons.**

**By State Press, in The Dallas News.**  
 Current Comment in The Scurry County Times: Belief in the supernatural is so prevalent in England that there are more than 150 manor houses and castles which are unoccupied because "ghosts" are said to flit about the premises.

That may be the reason stated by the owners of said castles and manor houses, but a closer examination of the situation might reveal the fact that the cost of taxes and upkeep has compelled the titleholders to live in cheaper quarters. It may be that they spread the tale about ghosts in order to frighten tax collectors off the premises. Yet it could be that some manor houses and castles are haunted. Lots of wicked things have been done in such places. England used to be a very lawless country, and many of the manor houses and castles were built with heavy fortifications designed to resist sieges. The lords of the manor, the barons, and the knights who fought on salary or commission, were double tough propositions in former days. Their cruelties and crimes gave good reason for ghosts to take up quarters in such houses. A ghost knows where ghosts are entitled to feel at home. State Press, who is somewhat versed in demonology, is not so well acquainted with the ways of ghosts, but as a rule ghosts are harmless. Demons, on the other hand, heaped by the old nethermost, the old he-demon, are vicious and destructive, never ceasing to hunt out those whom they may subvert. These of us who know the difference between demons and ghosts give credit to the latter. They never do any harm. They sometimes scare, but never devour those they contact. Demons, on the other hand, make it their profession to destroy goodness as represented by worthy men and women. They are forever striving for a reign of universal misery, over which Satan may rule as King. Next time you see a ghost, shake hands with it. It will be glad to be friendly.

**OVERWORKED WORDS.**

Many good and expressive English words have lost their power through indiscriminate usage, and some adjectives have so far lost caste that even in the superlative form they fail to serve the purpose for which they are intended. For example, the word "most" should be used sparingly, and only when occasion justifies the superlative, which is seldom. "Very," the comparative form, would probably be the better word three-fourths of the time.

Other words being overworked are, "best," "largest," "greatest" and "loveliest" and persons using them should be sure that the facts substantiate their use. It might be well to evaluate words according to their worth, and pretend that we're all on a budget. "Good" is a nickel word. "Lovely" is ordinarily worth about a dime, and "largest," "best" and others of corresponding expressiveness ought to bring about two-bits. Likewise "elaborate," "delicious," "too divine" and "gorgeous" are a little too expensive for common usage. The custom of expressing everything in the superlative form of an adjective is like the person who cried "wolf" so often jokingly that when the animal did appear he couldn't get any help. We all have to watch our pocketbooks carefully to see that our desires don't get the better of us. Why not pare the budget a little on our adjectives; then what we can afford to use will be worth more.—Menard Messenger.

threshed milk, ground threshed milk, whole milk heads and ground milk heads. Results should be of interest to every man who feeds any kind of stock.

**It's "Good" in Texas.**

Texas continues to be principally "white." In other words, the white portion, meaning "good" business conditions, on the map of the nation's business, prepared monthly by Frank Greene, shows all of the eastern section and part of the western area of Texas. East Texas depends on oil, of course; the Panhandle white spot is due to a bumper wheat crop; the El Paso area depends for its whiteness on a general return toward prosperity. Since March, business conditions have slowed considerably in the South as a whole, but Texas' white spots go on and on.

**Farms Burdened With Debt Given New Ray of Hope**

There is now a new hope for thousands for farmers who, burdened heavily with debt, live constantly in fear of foreclosure and dispossession of their farm homes and life savings, according to members of the Scurry County committee. Governors of more than two-thirds of the states have taken steps to further farm-debt adjustment work. This work is directed at bringing about voluntary debt settlement, either by composition and scale-down of debt indebtedness to a point where it can be handled as a new loan, or by an extension agreement that will permit worthy debtors to work out their financial difficulties.

At the request of Henry Morgenthau, Jr., former governor of the State of New York, the Federal Farm Credit Administration, a state committee, who assisted him in selecting the county committees to carry on this great work.

Although the Farm Credit Administration is advising with the government in this effort, it is not the work of the federal government. It is primarily a responsibility to be shouldered by leaders in each community at the request of their governor.

The local committees are selected to represent both the creditors and debtors, and every effort was made to choose members who will deal fairly with both groups. They will not help the farmer who has knowingly dealt unfairly with his creditors, or who has abandoned his property and has not provided for its proper care.

If the farmer has made an honest effort to meet his debts, if he is a good manager and farmer, and if his inability to pay in full has been due largely to general conditions beyond his control, it is likely that this farmer would be a pretty good type to remain on his farm.

Frequently such debtors will be able to pay more to their creditors than farmers who must replace them. It is also likely that if this farmer remains on his farm, although in debt, he would do a better job of farming as a titleholder than a tenant. This would be true especially if some arrangement were agreed to whereby he would have a chance to repay his debts in time. In most cases creditors will appreciate these conditions. If the debtor's case is not hopeless, foreclosure will be avoided in a large percentage of cases handled by the committee.

The committees have been very successful in making hundreds of adjustments in this state and have stopped numbers of foreclosures. They are ready to assist any farmer in distress and to see that his creditor interests are justly protected.

Farmers wishing to take advantage of this service should contact the local county committee, and failing to make proper adjustments, the county committee will then call upon the state committee if the occasion demands. The local committee is composed of the following members: B. F.

**J. I. Baze Becomes Sinclair Co-Dealer**

J. I. Baze, local agent for American Refining Properties three and a half years, announces that he has formed a partnership with R. H. Curmote Jr. in handling the Sinclair agency in Scurry County. Offices of the concern continue to be maintained at the Manhattan service station. Mr. Baze is now operating a truck for distribution of Sinclair products.

**Little Business Is Completed by Court**

The Commissioners' Court had a fairly light session Monday, regular bi-monthly meeting time. Exchange of \$14,000 in Scurry County road and bridge bonds, said by the court to have been a mere formality, and granting of several accounts, were the county dad's chief actions.

**Another Record Set By Coyote Hunters**

The record haul of 10 coyote pups made from one den, recently by two Scurry County youths has gone down in defeat. A. C. Ekins and party went forth to the Fuller pasture not far from Polar a few days ago and returned with 11 young coyotes from the same den and apparently from the same hole.

Clarence Irion and Iver Johnston were the champions who recently found the 10-pup litter near the headwaters of Deep Creek.

**Rented Acres Used.**  
 Badly needed feed crops are being planted on rented cotton acres in Morris County, with half the plantings devoted to peas or other legumes, which will enrich the soil and at the same time give some food.

**Hectic Days Sleepless Nights.**

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nerveine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nerveine. I now enjoy myself thoroughly and sleep every night. Miss Juliette Currie, New Market, N. H.

I have used Dr. Miles Nerveine in liquid form and find it the best medicine for the nerves I have ever used. Christine Lanier, Middleton, Tennessee

Whenever I have over-indulged and feel restless I take one or two Nerveine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nerveine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. Miss Grace Redman, St. James, Minn.

Before using your Nerveine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful. J. H. Redding, 1027 18th Ave., Rock Island, Ill.

### Gas Users Given Chance To Earn Prizes For Home

Customers of the local gas company are given an opportunity to win some handsome gas kitchen appliances in an essay contest launched throughout the territory served by companies in the Lone Star Gas system. Announcement of the contest was made today in advertisements appearing in many newspapers.

The subject of the letter writing contest is, "Why I Like a Modern Gas Kitchen." There will be 50 valuable prizes in all, totaling in value more than \$1500. The prizes have been donated for advertising purposes by the manufacturers of the appliances.

Leading the list is the grand prize of the three essentials of the modern kitchen—an Electrolux gas refrigerator, an automatic gas range, and an automatic gas water heater. The other prizes include automatic ranges of the latest design, automatic gas water heaters, another gas refrigerator, and many room heaters.

The purpose of the contest is to acquaint the public with the convenience, economy and all-round advantages of modern gas appliances.

All the contestants has to do is to write a letter giving his or her ideas of the advantages of the gas kitchen. The letter is to be mailed to gas contest judges, 301 South Harwood Street, Dallas, or left at the local office of the gas company. Literature on the contest may be obtained at the gas company office or by writing the contest judges.

The contest opens June 1 and closes June 30, and is open to all customers of companies in the Lone Star gas system, except employees and members of their families. There is no restriction on the length of the letters. They will be judged on the ideas submitted. Three representatives of three leading Texas colleges will act as judges.

### Feeders' Day Meet At Big Spring Soon

The annual feeders' day meeting will be held at the Big Spring U. S. extension station on Friday, June 8, according to Fred Keating, superintendent.

During the past 196 days 60 head of Hereford calves have been under experiment for the purpose of making comparisons of the relative value of whole threshed milo, ground threshed milo, whole milo heads and ground milo heads. Some interesting results have been obtained from these tests, and should be of interest to all farmers and stockmen of this section," declares the superintendent.

Cotton acreage is increasing in Kansas, 4,000 acres being devoted to the crop this year.

### Homer Chestnut Is Injured in Mishap

Three broken ribs and minor injuries were sustained by Homer Chestnut Monday night when the Borden Produce Company empty truck in which he was returning from Lubbock overturned four miles north of Snyder.

The accident occurred when Chestnut's truck went into the ditch while attempting to dodge what he terms a "road hog" driver. The local man was unconscious when he was picked up by Mrs. Walter Williams, near whose home the accident occurred. His condition is not serious, according to the attending physician.

### Molyneaux Says High Tariff Wall Must Be Downed

That the interest of the country as a whole, and especially of the South, requires that the United States shall abandon the policy of economic nationalism, as embodied in high tariffs and henceforth follow a policy of patient and persistent international cooperation is the argument of the new booklet, "What Economic Nationalism Means to the South," just issued jointly by the Foreign Policy Association of New York and the World Peace Foundation of Boston and New York. The pamphlet, which is a companion work to Secretary of Agriculture Wallace's "America Must Choose," recently issued under the same auspices, was written by Peter Molyneaux, editor of The Texas Weekly, and was prepared in cooperation with the Arnold Foundation of Southern Methodist University.

In a 12,000-word closely reasoned argument, supported with salient facts at every point, Mr. Molyneaux sets forth that the commercial policy of the United States for the past century has tended to reduce the cotton states to an inferior economic position, and then proceeds to show that, in the changed world situation today, a continuation of this policy must injure the South to even greater degree in the future.

Mr. Molyneaux gives particular attention to the problem of the tenant farmer, declaring that "the submerged population of the South, making up the body of cotton tenants and croppers, continues the major economic and social problem of the region." He traces the origin and growth of tenantry from the Civil War down to the collapse of 1929, and argues that the condition of this submerged population will become absolutely hopeless if the present commercial policy of the United States is continued.

Mrs. Erton Tate, Correspondent

Mr. and Mrs. J. A. Bertram had visiting in their home during the week-end her parents, Mr. and Mrs. W. S. Thomas, and Mrs. Edna Wood and children, all of Lubbock. Ben Brooks, who has been ill for some time, was able to be out for a short time Sunday evening.

Little Monte Rex Smith spent from Friday until Sunday with his sister, Mrs. Erton Tate, of Camp Springs.

The people of the community enjoyed thoroughly the play given at the school house Tuesday evening by the Turner people.

Albert Duck of Sweetwater spent Wednesday night with Mr. and Mrs. Dean Smith.

Miss Tommie Reed of Snyder was a guest in this community Sunday.

J. A. Bertram and family visited friends and relatives of Sweetwater Sunday.

Mr. and Mrs. Ocky Smith of Hereleigh, formerly of this community, are the happy parents of a little boy, born Saturday, May 26. They have not yet given him a name.

The singing was far above the average Sunday evening. Last Friday, when acting as president for the first time promises to make one of the best that we have had. He certainly had everything moving fine Sunday.

Light showers fell over this community last week, but not enough to help much. Crops in general are needing rain badly.

Several from here attended the county-wide seventh grade graduation exercises held at Snyder Thursday night.

I. P. Smith had with him for lunch Sunday all of his children but two. Mrs. J. D. Bowlin of Amarillo and Ocky Smith of Hereleigh were not present.

Miss Clara Shoemaker of Colorado and Mrs. Earl Coker visited relatives Saturday and Sunday.

Sunday visitors in the community were as follows: Mr. and Mrs. Frank Stevenson and children of Snyder and Mrs. Earl Brown and family of Valley View at Mrs. A. M. Merkle's; Mrs. Adman Angel of Valley View at Mrs. Jim Merkle's; Mr. and Mrs. Robert Crowder of Round Top with Mrs. Tom Reeves; Poy Evans and family of Bauman with Mrs. John Farrar of Hereleigh; Mrs. C. F. Swain of Hereleigh; Mr. and Mrs. C. P. Scales of Colorado; Mr. and Mrs. C. M. Newby and son of El Sulphur; Mrs. Hugh, Ted and Era Coles of Valley View in the L. L. Seals home.

Mrs. P. White and Flossie B. Seale visited their sister, Mrs. Clarence Newby, of Big Spring Saturday.

Mrs. Adman Angel entertained her Sunday school class with a party on Mrs. Jim Merkle's lawn Saturday afternoon. Refreshments were served to the following children: Bennie Ruth Woods, Roy Varner, Dorothy Merket, Mary Julia Bullock, Earl and Thurl Barrett, Joyce Trotter and Francis Parr, Eugene and Lee and Ethel Brown, Elton Brown, Francis and Blaine Bryant and Jaunie York, visitors.

Robert Parr of the Grable ranch has moved on the Jim Merket place and will run one of the ice routes for Floyd Merket.

Guardia Brown's family entertained him Sunday with a dinner in honor of his seventy-seventh birthday. There were 63 guests present, including all of his children except Eugene. A bountiful dinner was served and all wished him many happy returns of the day.

School News. The China Grove baseball team defeated El Sulphur Friday by the score of 24 to 1.

The school will close June 15 with a picnic on the school grounds. On Friday night, June 8, there will be exercises by Mrs. Hamill's room and a 45-minute play by Mr. Trotter's pupils.

Pupils graduating from the seventh grade were Alexander Gillis, Flossie B. Seale, Leonard Rogers, Dorothy Merket and Jean McCalla. Mr. and Mrs. Pete White enjoyed ice cream in the home of his brother, George, at Little Sulphur Saturday night.

Mrs. C. F. Swan, Correspondent

Some rain fell in our community last week, ranging from one-fourth of an inch to an inch, and will benefit crops some.

Messrs. Anten and Frank White, Ollie and Russell Dunn, Miss White and Bessie Dunn spent last Saturday fishing at the Sweetwater lake.

Little Elton Brown of Colorado spent last Saturday night with her aunt, Mrs. Albert Krop.

Messrs. Hunter and Pope Lott Swan of Canyon Valley and Mmes. Virgil Nail and Hugh Brown of Donald Top visited their parents, Mr. and Mrs. C. F. Swan Sunday.

A large crowd attended the baseball game played on the local diamond between Canyon Valley and China Grove Sunday afternoon. The score was 4 to 3 in favor of China Grove.

## Cream Producers

GET MORE FOR CREAM

BY GRADING IT!

Under new rulings recently set out by the State Department of Agriculture, buyers of cream will be authorized to purchase only better grades of cream from producers in the state. This is made mandatory because of strict regulations now affecting the manufacturers of butter.

Effective June 1, 1934, all cream received by stations will be graded, and prices will be paid according to the grade. Your product will bring a better price if you will bring us only the higher grade of cream. The following regulations will govern grading effective June 1:

First grade cream is cream that is slightly sour, clean to the taste, free from objectionable flavors and odors, and free from foreign material or matter, and to contain no less than 25 per cent butterfat.

Second grade cream shall be defined as cream that is too sour to grade as first grade sour cream, and shall be free from foreign matter, but may contain slight off flavors or odors.

Third grade cream shall be cream that will not qualify as first or second grade cream, and shall include all cream containing oil, dirt, musty, onion or other disagreeable flavors or odors, or foreign fat or scrap butter, that would render it unfit for human consumption.

THIRD GRADE CREAM SHALL NOT BE ACCEPTED AT ANY PRICE!

We Want to Give You the Best Prices For Your Cream—You Can Help Us By Bringing in Only Good Cream.
