

## GUARDS LEAVE SNYDER FRIDAY FOR SEA CAMP

Full Roster for Company "G" When Annual Jaunt to Palacios Begins at 3:20 p. m.

The boys are having their shoes shined and their clothes cleaned, their hair bear-grassed and their whippers trimmed. In just a day they'll be leaving for the far-flung sea, where thousands of National Guardsmen annually combine military training and the spirit of adventure that goes with army life that is far removed from battle fields.

Company "G," with a full roster of 60 men and three officers, will assemble at the armory shortly after noon Friday. By 3:20 o'clock, if schedules jibe, the Santa Fe will be taking its lonesome farewells whistle, and the 1934 hitch will be on its way.

Many "Green" Men.

In the past, Company "G" has won its share of camp honors, and it has once been designated as the governor's official bodyguard. Although he has a large number of "green" recruits, this year, Captain John E. Senter expects to be near the top of the list again. Tim Cook, first lieutenant, is second in command, while Roy Irvin, second lieutenant, is third officer. Private Weldon Birdwell is company clerk.

Following is a complete roster of the company:

Big Spring Golfers Beat Snyder Sunday

Snyder Sandbelt golfers bowed to the Big Spring club to the tune of 28 to 12 Sunday afternoon. The games were played on the Big Spring links.

Only one Snyder man, Sam Williams, won his individual match, while his playing partner, Leonard Cotton, assisted him in winning four-hole honors, which accounted for the four points won by the Snyder club. Others making the trip were Earl Fish, Lex Wilmetts, J. W. Roberts, Wayne Scott, Frank Farmer and Dick Raudales.

Only one more game remains on the schedule and that will be played against the Colorado club at Lake Snyder club grounds August 12. Midland has already copied the flag for this season, by winning over the Stanton club last Sunday by the score of 22 to 18. The Snyder club is occupying the cellar position.

Primitive Group to Convene August 16

Rev. W. J. Higgins, moderator, announces that the West Texas Baptist Association will convene with the New Hope church, at Lake View school house, 10 miles southeast of Floydada, beginning Thursday night, August 16. The meeting will continue for three days.

"Everybody is welcome," says the local moderator.

## Father and Son to Preach Sunday in Farewell Services

Rev. W. R. Floyd, student pastor of the First Presbyterian Church for the summer, and his father, Dr. I. K. Floyd, pastor of the Presbyterian church at Brownwood, will divide time in the local pulpit Sunday.

The elder pastor will preach at the 11:30 o'clock service, and his son will preach at 8:15 p. m. The Brownwood pastor is to be here for a special communion service. All who wish to enter the church are requested to be present.

Members of the church are making special efforts to have good attendance at both services. It will be the student pastor's last appearance here. He began service at the local church the first of June.

## Fruit and Truck on Sale at Low Prices

Fruit and truck from one end of the county to the other has been selling here for a week or two at remarkably low prices in view of the short crops.

Watermelons from the Weatherford country, peaches from points east, peaches and grapes from California and Central Texas, and a new crop of apples from the west have been featured by groceries and other fruit and vegetable dealers.

## SCOUTS TO BE ON CLUB MENU

About 20 Boy Scouts of the two local troops will provide most of the program for the Lions Club in its Tuesday noon session, according to Abe Rogers, Dr. Charles B. Reed and W. C. Harless, members of the club's scout committee.

William Jones, scoutmaster, is assisting in arranging the program. Singing, test passing and stunts will feature the program.

This week's regular Lions session was postponed because of the death of Oscar Bice, son of H. J. Bice, a charter member.

## Sheriff Jenkins Loses to Covey in Border Race

D. R. Covey won from J. R. Jenkins, sheriff and tax collector of Borden County for 12 years, in the leading race of the primary in that county. The count was 276 to 231.

Miss Maegle Williams, county and district clerk for several years, won from T. A. Holler by a vote of 253 to 238. George E. Martin, treasurer, won from both opponents, W. M. Stephens and J. O. von Roeder's name was written in by 26 voters. J. M. Patterson had no opposition in Precinct No. 4. Sterling Williams remains as county chairman.

Complete returns in state and district races are as follows:

For United States Senator—Fish 2; Connally, 65; Bailey, 109.

For governor—Small 77; Russell 1; Hughes 11; Witt 14; Alfred 89; McDonald 64; Hunter 134.

For lieutenant governor—Moore 51; Hornsby 42; Woodell 76; Rogers 64; Berkley 58; Johnson 25.

## WESTFALL TO ENTER RUNOFF WITH MERRITT

Stonewall County Judge Lacks Only 372 Votes of Having Majority Over Two Opponents.

Complete but unofficial returns from the state representative race indicate that Leonard Westfall, judge of Stonewall County, lacks only 372 votes of having a majority over his two Scurry County opponents.

Joe Merritt, incumbent, will go into the runoff with Judge Westfall. His total stands at 3845, while the Westfall total is 4773—a margin of 928 votes. Ben P. Smith, the other Scurry County entry, polled 1300 ballots.

Westfall led in three counties—Stonewall, Dickens and Kent. Merritt led in the remaining three—Scurry, Garza and Borden. Most of the Westfall loss came in his home county, Stonewall. He surprised most political observers by polling more than 1100 votes in Scurry County.

This is the first time in recent years that all returns from this race have been compiled for the first paper following the tabulation. Final results were tabulated only after W. D. Starcher, publisher of the Dickens County Times, made a trip in his county Monday afternoon to get two rural boxes.

Following is a tabulation of returns from the six counties of the 118th district:

	Merritt	Westfall	Smith
Scurry	1333	1109	439
Dickens	801	1067	277
Stonewall	415	1307	83

## Budget Planning Meeting Set for Schools Tuesday

Patrons of the Snyder school district are invited to attend the annual budget planning meeting, set for 3:00 o'clock Tuesday afternoon, in the district court room.

Secretary A. C. Prentiss states that a tentative budget, based on receipts and expenditures of the fiscal year just closing, has been made out for the fiscal year beginning September 1. It will be subject to suggested changes of any school patron.

A statute providing for budget hearings for all district and county governmental sub-divisions went into effect for the first time last year. Practically no citizens were interested enough to attend the hearings in 1933.

Tuesday night has been set as time for the regular monthly school board meeting. The board plans to make definite plans for a careful and systematic outline of the year's expenditures at that time, and to arrange for handling them in a thoroughly business-like manner.

## HORSE RACING FOR FLUVANNA

Boss Stavelly of Fluvanna has announced that horse races will be held Saturday and Sunday afternoons at his place.

Beginning each afternoon at 2:30 o'clock, the following races will be run: 300 yards, saddle horses; one-eighth mile; one-fourth mile; three-eighths mile. Sweepstakes and match races are planned.

A number of good West Texas horses have already been entered. They include Ada Hawkins of Brownfield, W. H. Hope of Ackert, C. W. Watson of Slaton, M. Ferguson of Colorado, Ada Honey of Snyder, Jack Martin of Fluvanna.

Calif roping will also be featured during the two afternoons. Admission price is 25 cents.

## Miss Mann Says Nearly All Students in County Can Attend Good Schools

In her district report for the school year just passed, Miss Sue B. Mann, deputy state superintendent, points to Scurry County as one of the three counties in the 16-county district to offer unusual high school privileges to rural students.

"The county boards of education in Stephens, Mitchell and Scurry Counties," the report reads, "by properly classifying schools, have given to nearly all the rural students of high school age, in their respective counties, opportunity to attend accredited schools. Only one rural school in Stephens County was classified this year for tenth grade work, while only three such schools in Mitchell County were classified for tenth grade work. No unaffiliated school in either county was classified to do eleventh grade work. Approximately 75 per cent of the Stephens county rural schools were classified for teaching only seven grades. In Mitchell County 10 unaffiliated schools were classified to do eleventh grade work."

This is the first time in recent years that all returns from this race have been compiled for the first paper following the tabulation. Final results were tabulated only after W. D. Starcher, publisher of the Dickens County Times, made a trip in his county Monday afternoon to get two rural boxes.

Following is a tabulation of returns from the six counties of the 118th district:

	Merritt	Westfall	Smith
Scurry	1333	1109	439
Dickens	801	1067	277
Stonewall	415	1307	83
Garza	756	516	262

## Makon Leads by Heavy Tally for Congress Place

George Makon of Colorado was off to a breath-taking start Saturday night in his race for the new 16th district congressional seat. The district attorney took the lead early and practically doubled his two nearest opponents, McEllen and Duggan, in all counties.

On the face of returns that are not yet quite complete, Makon has 4622, McEllen practically as many, 4512, and Duggan has 2261. The other candidates in the race are: Pharr, who led a portion of the time, has 990 votes with his credit. Pharr is fourth with 4823 ballots.

Scurry County gave Makon 516 more votes than all his opponents combined. Mitchell County was Makon-minded almost five to one. The vote by counties follows:

For Congress, Makon took a commanding lead, as he did in the district, but Duggan led Mulliken for second honors. Outlaw, Cornelius and Terry were in the district order of the district attorney, Merritt led Westfall, contrary to the district standing.

## Excellent Rodeo Events Featured in First Miller Bros. Cowboy Reunion

Featuring rodeo events that kept afternoon and night crowds on edge, the first Miller Brothers Cowboy Reunion attracted seven thousand persons Thursday and Friday.

Cowpunchers from Tucuman, Wellington, Rankin, Pecos, Roswell, Denton and other distant points, gave spectators full value for the money, while more than 100 head of Brahma cows and steers, plus fleet calves and fast roping horses, added their share of the fun.

The heavy purses attracted the cream of cowhands, but drouthy conditions cut down heavily on gate receipts. Too, the unseasoned park made it impossible to keep out "drifters" by the hundreds. Miller Brothers state that they came out on the short end of the financial horn. They ask the Times to thank those who assisted them in any way to make the event a success in all other respects.

A loud speaker system was provided by a Stewart-Warner sound car. Free barbecue the first day, free dances both nights, and the holiday atmosphere created by several concessions were other highlights of the two-day event.

Aubrey Stokes Wins. Bob Gray, Bob Corley of Stamford and J. C. Williamson judged. Aubrey Stokes, Snyder rope specialist, took first in the two-day cow milking and calf roping average, with 117 4-5 seconds. Eddie Smith of Wellington was close behind.

## ONLY THIRD OF STOCK SOLD IN RELIEF SET-UP

Two Hundred Producers Who Have Disposed of Animals Keep Two-Thirds to Feed.

That there is no immediate danger of depleting county stock is proven by the figures released yesterday from the county agent's office in a survey of relief set-up.

The figures show that the 200 producers who had turned over their animals to Uncle Sam through Tuesday night had disposed of only one-third of their total herds.

A total of 4221 cattle had been disposed of through Tuesday. It is estimated in the agent's office that a total of 8,500 to 9,000 head of stock would be put up for government sale before the drought relief program ends. A few applications are being made daily.

First producers who disposed of their cattle have already received their checks, indicating that all checks may probably be expected within 12 days to three weeks of the time of shipment.

Several thousand dollars in checks have been received. At an average of about \$12 per head, the government's program will bring approximately \$100,000 to Scurry County.

## NO JURIES FOR DISTRICT COURT

The district court docket has been so light since Judge A. S. Manzey officially opened the four-week term, on Monday, July 23, that no grand or petit jury has yet been called.

Judge Manzey told the court that the county courts saved the expense and trouble of juries—at least \$300 to \$400—unless lawyers involved in cases on the docket could prove to him that either a grand jury or a petit jury is needed.

Several divorces and other civil cases have been settled by the judge.

## BRIDGE WORK TO BE STARTED SOON ON HIGHWAY JOB

Loading of gravel and sand near the northeastern corner of the country club golf course, and arrival of structural steel will probably insure beginning of the 40-foot concrete bridge there within a short time.

The bridge will span Highway No. 2 after the new building leads to the west side of the Santa Fe tracks coming into Snyder.

Grading and topsoil work, started 12 days ago, continues, with Jake Walsh in charge. The forecast is that in this county a large part of the time for the past two years. Caliche has been put down for more than a half mile north of the soil course. Grading goes on between Snyder and the links. The bridge approach to the proposed underpass, about 1/4 mile north of Snyder, is being graded, and material is being unloaded between that point and the new bridge.

In the meantime, Engineer M. E. Savage has opened an office in the grand jury room of the courthouse, preparatory to starting work on No. 7 between Snyder and Hermleigh, and on No. 83 between Snyder and the Fisher County line. Federal relief funds already allocated to Scurry County, are expected at any time. A number of men will be put to work on the two new projects immediately upon receipt of the money, according to the engineer.

Mr. and Mrs. Savage have moved to Snyder from Aspermont, where Mr. Savage has been on location for several months.

George Outlaw proved to be the best runner in the district attorney race, with J. R. Cornelius in second place, and V. Earl Earp entirely out of the running.

## Thousands Watch At Election Party For County Folks

Probably the largest election night crowd ever to assemble in Snyder watched and listened on the west side Saturday night, as the largest county vote on record was the center of attraction.

Instead of breaking up at midnight, when election returns are supposed to end, the first primary crowd stayed until 1:00 o'clock, when 21 out of the 23 county boxes had reported, and as many district results as possible had been obtained.

Between sundown and dark, a megaphone was used for broadcasting returns. After dark, results were flashed on a screen. Telephone connections with practically all portions of the congressional, district attorney and state representative districts provided the most complete returns that have ever been handed here.

Business men and candidates, through the Chamber of Commerce, financed the election party. Special thanks are due Drs. H. E. Rosser and Charles B. Reed for use of their offices, and the several persons who donated their services in tabulating and broadcasting returns.

The Bison box came in shortly after 1:00 o'clock to complete the rural vote, and county returns were rounded out just after daylight, when the count was completed in Southeast Snyder.

## WASTE NEEDED FOR BANKHEAD

Farmers are being urged by the county agent's office to make application to their community committees at once for their cotton allotments under the Bankhead Act. All these sworn applications must be in before any of the county allotment is made.

Two teams of workers explained workings of the Bankhead Act in various community meetings four days last week. Good attendance marked all the meetings.

## Gunshot in Head Proves Fatal to Youth This Week

A gunshot wound through the head brought death Monday night to Oscar Bice, 23-year-old son of Mr. and Mrs. H. J. Bice. It was declared by local officers and a physician who rushed to the lifeless body immediately after its discovery was reported early Tuesday morning.

The body of young Bice was slumped in a car parked just inside the country club grounds, two miles northwest of Snyder. An automatic pistol was clutched in his right hand. The discovery was made by a small son of the club caretaker.

Robert H. Carnutte, county judge, stated last night that a coroner's verdict will be rendered today. The parents, who were vacationing in Galveston, were contacted immediately, and arrived shortly before midnight Tuesday. The other two sons, Wylie and Richard, were in Snyder from Aspermont, where Mr. Savage has been on location for several months.

## EARP DROPPED FROM LINE-UP

George Outlaw proved to be the best runner in the district attorney race, with J. R. Cornelius in second place, and V. Earl Earp entirely out of the running.

Outlaw has 4637 votes, against 3384 for Cornelius and 2380 for Earp. The leader was ahead in every county.

The three men ran close together in Scurry County, lining up in the order of their district standing. Following is the tabulated vote:

	Outlaw	Cornelius	Earp
Scurry	995	973	812
Nolan	2223	2023	803
Mitchell	1280	1181	655
Borden	1280	1181	655

## ONLY QUARTET OF RUNOFFS IN COUNTY RACES

Newman and Camp, Candidates for Sheriff, to Stage Battle for Scurry-Wide Place.

More than 3,000 voters went to Scurry polling places Saturday with the evident intention of saving county and precinct candidates the expense and trouble of a runoff.

They were 75 per cent perfect for when the unofficial count was completed Sunday morning, only 8 out of a field of 52 county and precinct office seekers remained.

S. H. Newman, incumbent, will oppose Walter Camp in the sheriff final. That is the only county-wide race remaining. In precinct No. 3, H. M. Blackard will oppose Lee Grant, incumbent, for the commissioner's place. Hoyt Murphy faces H. E. Brock in the commissioner's race, precinct No. 4. P. E. Davenport and Chas. J. Lewis are leaders in the Justice of peace scramble.

A record group of voters gave county politics plenty of surprises. Largely silent until election day, approximately 3,000 people balloted Saturday without regard for "ins" or "outs." Other factors evidently decided the fate of 32 candidates in the 1934 first primary election.

Mrs. Otto S. Williamson won from the incumbent, Mrs. Edna E. Tucker, 1,829 to 1,157, to take the treasurer's chair. Newman led in his race, 1,183 to Newport 986, with Bill Taylor coming third with 832 votes.

Bernard Longbotham, tax assessor, polled the heaviest contested county vote in his race for assessor-elect. He defeated W. W. Nelson, collector, 2,576 to 617. Frank Partner, serving an appointive term as county superintendent, won over Grady Hamrick, 1,753 to 1,199.

All other county candidates were unopposed. They are: Mattie B. Trimble, county clerk, re-elected; Mary Maude Albers, district clerk, re-elected; R. B. Curruette, county judge, re-elected; R. W. Dick Webb, county attorney.

Close Commissioner Races.

Forest Jones, present commissioner in precinct No. 1, won from Iam Day, formerly in the same office, and W. H. Grant, by a clear majority. The votes were: Jones, 365; Day, 159; Grant, 164. In precinct No. 2, Holly Smiler was unopposed for a second term.

Blackard proved the high man in the Justice of peace race, defeating Mary Maude Albers, district clerk, re-elected; R. B. Curruette, county judge, re-elected; R. W. Dick Webb, county attorney.

County Dems to Gather Saturday Afternoon, 3:30

Democrats of Scurry County will hold their regular convention on Saturday afternoon at 3:30 o'clock, in the district court room, according to F. I. Townsend, county chairman.

Since precinct conventions were not held last Saturday, it will be necessary for each district to name its delegates when this week's meeting is held.

Delegates will be named to represent this county at the congressional, state representative and state conventions, according to the chairman. Other business will also come before the group, he said.

TO THE PEOPLE OF SCURRY COUNTY.

I take great pleasure in expressing to you my sincerest thanks for the support given me in the recent election. I want to assure every person in this county, whether he voted for me or not, that upon assuming my duties as treasurer of Scurry County I shall do my very best to work for the interest of the entire county. I feel that you have entrusted me with an important office, and it will be my aim to render to you the service that should be justly required of a public servant. I hope to render such attentions made during my campaign, because it is almost impossible to remember well the great number of people met in so short a space of time. After I take office, I cordially invite you to come by to visit me, and thus give us both a chance to know each other better. Very sincerely yours, Mrs. Otto S. Williamson.

NEWMAN Appreciates Support.

I appreciate the lead given me in Saturday's election by the good people of Scurry County. During my first term of office, I have tried to make you a good sheriff, and if elected for a second term I shall do my best to carry out the law and the wishes of my constituents. I shall appreciate the support and influence of every citizen in the second primary race.—S. H. Newman.

TO THE PEOPLE.

I wish to take this opportunity to thank the faithful people who voted for and worked for me in the recent primary election. And to the others I wish to say I believe with all my heart you have elected a capable treasury and a good woman. I feel that every vote I received was on my own merits. Negative rumors circulated, I have run a clean race. My conscience is clear and I feel proud of it. I want to thank each and every citizen for any kindness or courtesy shown me during my several years of public service. It has been a pleasure to serve you, and will ever be a bright spot in my memory.—Edna B. Tinker.

TO THE VOTERS.

I am taking this means to say to my friends, who supported me in the campaign just closed that I am indeed grateful for anything you said or did to promote my candidacy. I tried to make a clean race and I trust my action and efforts may prove worthy of your confidence.

I want to extend congratulations to Mr. Farmer, on his winning, and to suggest to my supporters that they offer our whole-hearted support in helping him establish and carry out a sound and progressive educational program for the county schools.

I am at present in college at Commerce, but will be back in Snyder early in September. Again thanking each and every person who supported me in the campaign, I remain your friend.—Grady Hamrick.

Upper photo shows half starved cattle vainly seeking grazing ground on a drought-stricken farm near Dallas, S. Da. Center photo shows a congressional delegation from drought stricken Texas leaving the White House after conferring with President Roosevelt. Left to right, Sen. Arthur Capper and Rep. Bottom, a partly dust-buried farm house in South Dakota as a result of choking dust storms during recent weeks.

BLACKBARD THANKS VOTERS.

The splendid support given me by the voters of Precinct No. 3 in the primary election last Saturday, in which I received almost 50 per cent of the votes, is gratifying to me. Words cannot express my appreciation, but I promise that if elected in the second primary no voter will regret having supported me. I hope to see the voters again before the Aug. 4 run-off. I believe I am qualified to handle the affairs of the precinct with efficiency.—H. M. (Bub) Blackbard.

A WORD OF APPRECIATION.

Those who supported me in my campaign for state representative have my heartiest thanks. I gave the best that I had. The three-cornered race was clean from start to finish, and I wish to commend my two opponents for the high plane on which it was run. I shall always cherish the friends I made and the old acquaintances I renewed during the campaign.—Ben F. Smith.

THANKS PRECINCT ONE CITIZENS.

The overwhelmingly majority given me Saturday gives me full opportunity for thanking the citizens of precinct 1. I consider the heavy vote not only a vote of confidence in my first term of office but a belief that I will carry out an administration in 1935 and 1936 that is honest and efficient, unbiased and business-like. I crave your continued cooperation in my work.—Forrest Jones.

Bilious Attacks

For bilious attacks due to constipation, thousands of men and women take Theford's Black-Draught because it is purely vegetable and brings prompt, refreshing relief. "I have used Black-Draught," writes Mr. T. L. Austin, of McAdenville, N. C. "There is a package of it on my mantel now. I take it for biliousness. If I did not take it, the dullness and headache would put me out of business. It is the quickest medicine to relieve me that I know." Theford's Black-Draught Purely Vegetable Laxative "CHILDREN LIKE THE SYRUP"

THANKS.....

Realizing the utter impossibility of seeing each Scurry County voter personally, I want to take this means to express my sincere and everlasting thanks for the splendid support shown me by the good people of this county, in my race for District Attorney.

GEORGE W. OUTLAW

TO PRECINCT NO. 4 VOTERS.

The rousing vote I received in my first political race is certainly an inspiration to one who has always tried to command the respect and friendship of his neighbors. As I enter the second primary I wish to assure every citizen that should I be elected, his needs will be cared for as best I know how, regardless of how he votes. I take this opportunity of thanking those who supported me, and to respectfully solicit the vote and influence of those who saw fit to stand by one of my three worthy opponents.—H. M. (Hoyt) Murphy.

THANKS VOTERS.

I take this means of thanking my friends for their loyal support in the race for Justice of the Peace, and assure you of my appreciation of same.—Geo. W. Brown.

VOTERS THANKED.

While I had no opposition in my race for constable, I feel that the heavy vote I received in every box is an expression of confidence in my ability to perform the duties of the office. After my term of office begins, please feel free to call upon me for any service within my power as a peace officer to perform. I thank each voter sincerely for his or her ballot of confidence.—Albert Smith.

TO THE VOTERS OF PRECINCT NO. 1.

I wish to extend my thanks for the lead you gave me in the primary, and am asking the dutiful support in the run-off August 25.—F. E. Davenport.

Your husband (in early morning)—"It must be time to get up." Wife—"Why?" Husband—"Baby's fallen asleep."

CLAWSON THANKS VOTERS.

I wish to thank the voters of precinct No. 2 for their support in Saturday's election. To my opponents I will say that I have no ill will, and that I wish to thank them for the clean race. Those who did not vote for me may be assured that I will render them the same efficient and courteous service that will be accorded the others.—J. W. Clawson.

VOTERS.

I am deeply grateful to the voters who supported me in the first primary. It is my desire to see each voter before the second primary—a thing I was unable to do before July 28. If you see fit to give me your vote and influence, I promise you an honest, economical and painstaking administration of the affairs of precinct 4 and the entire county.—H. E. Brock.

CARD OF THANKS.

I wish to thank you people who stood by me and gave me your loyal support in the primary election. Words can't express my appreciation. May the Lord bless you with many happy birthdays and prosperous years in the future.—Uncle Billie.

A WORD TO THE VOTERS.

You have given me my first elective term of office by a majority of several hundred votes. Your vote indicates to me that you wish a continuation of the honest and county-wide administration I have attempted to render since my appointive term began. I shall do my best to live up to your confidence. The race has been interesting and above-board in every way and I crave the cooperation of every citizen, no matter for whom he voted.—Frank Farmer.

TO THE VOTERS OF SCURRY COUNTY.

I wish to express my sincere thanks to my many friends for their confidence and vote as evidenced by the result of Saturday's election. It will be my pleasure to endeavor to repay you with the best service of which I am capable as your tax assessor-collector. I shall endeavor to conduct the affairs of the office in such a manner that will be pleasing and satisfactory to all concerned. Gratefully yours, Bernard Longbotham.

**THE WEEKLY DOZEN**

**Four Merry Marchers.**  
 Voters who saw All-red and followed the call of a chubby Hunter in the first primary should have a feeling of sympathy for McDonald, Pa and Ma, who came out on the Small end of the horn.

**Looks, Names and Votes.**  
 Talkative Thillie, who usually votes on a man's looks if she has seen him and on his name if she hasn't, wonders how many office holders can thank a swanky face or a paternal name for their political success.

**For Candidates Only.**  
 Pessimism Pete says that while candidates are thanking voters for their ballots of confidence and non-voters for their friendly enmity, they should not forget the drouth which has made even babes-in-arms forget their crops and think about politics.

**Light Court Session.**  
 Again Scurry County presents a light district court docket. Aside from bootlegging and gambling, plus a few divorce cases, Judge Mauney found little to occupy his time here. The judge is to be congratulated for doing away with several hundred dollars of court expense in preference to making a mere show of jury calling.

**More Scouting Dividends.**  
 Boy Scout work is probably paying heavier dividends in Snyder than it has ever paid before. It has conscientious hard-working leaders, and boys who want to become true scouts. In fact, it's hard to find a boy who does not want to become a good scout, given the proper leadership. Snyder is to be congratulated for the interest she is taking in her boys.

**Corraling Labor Troubles.**  
 While labor troubles on the east and west coasts affect Snyder only indirectly, we should be vitally interested in every development growing out of the battle between employee and employer. Watch for needed government control over strikes. Capital loves money too much and labor leans toward radical leadership too much to insure peace without a powerful arbiter.

**The Highways Go On.**  
 Unless luck turns a handspiring within the next few weeks, Scurry County should be well away on a highway building program that includes three state roads that split her acres in every direction. One of the things that will assure a continuance of work through the dull months ahead is flawless cooperation of officials and private citizens. The man whose selflessness stands in the path of a highway is not even half a citizen.

**Public Sentiment Rules.**  
 Public sentiment continues to rule the movies, just as it does all other forms of entertainment. Movie producers have been pretending that they were forced to bring movie tones down to the public. Now they are learning, in the face of an organized public wave of protest against sex and crime films, that they will be forced to hoist movie tones up to a public that is always more moral and more spiritualistic than dollar chasers would have you believe.

**A Remarkable Newspaper.**  
 Few editions of a Texas weekly newspaper have equalled the 25th anniversary achievement that was issued by the Wellington Leader last week. With Deskin Wells at the helm, the Plains paper came forth in the midst of a drouth-depression with 92 pages of historical data and current news. Some of Deskin's newspaper friends are wondering if the pleasant young man hasn't done just about as much for Wellington as the pioneers of whom he writes.

**Voters Like 'Em Rough.**  
 In some races, voters have expressed a decided rip-roaring type. Over in the seventeenth district, Long-Winded Blanton told what he has done and would do so many times that his constituents believed it for the tenth time. In the attorney general's race, the quietest man was last. We prophesy that the gubernatorial candidate who becomes most vitriolic and bombastic will win the race. So note it bel!

**The Wrong Election System.**  
 The chief trouble in Texas politics is that the wrong men are too often elected to office. That evident circumstance is brought about by the fact that we have one of the most antiquated primary systems on the face of the globe. As Peter Molyneux points out in *The Texas Weekly*, a minority candidate who is almost always displeasing to a vast majority of the voters usually occupies the governor's chair. Hunter is a case in point. If he should beat Alfred in the run-off, he will be the choice of only about 20 per cent of the voters in the first primary. If Alfred

**Good Riddance for Snyder.**

Open operation of slot machines and beer joints passed out of Snyder early this week. Only a handful of citizens who have been making money from these illegitimate operations will resent the course of the law. Even those who have been wasting their nickels and dimes on slot machines and the soapy fluid will, on the whole, rejoice that temptation has been removed from their public path.

There is no question but that their selling in Scurry County is unlawful, no matter what guise it may take. The beer seller, in the eyes of the law, is a bootlegger. The slot machine operator and operate, in the eyes of the same law, is a squalor.

The next step is for public sentiment and officers of the law to keep the clamps down on flagrant violation of beer and gambling laws.

**Good Morning, Congressman!**

Scurry County friends of George Mahon gasped with pleasant surprise Saturday night when it was learned that the Colorado man was polling more votes than his two nearest opponents combined. When later returns Sunday morning indicated that George continued to poll almost 40 per cent of the votes, more than 2,000 voters in this county were ready to say, "Good morning, Congressman Mahon!"

Not that Mahon will win the second primary race without a struggle. At this writing it is not positively known whether Mullican or Dugan will be his opponent. Both are strong men, and they have deep-rooted strength in their own balliwicks.

The difference between win and lose for George Mahon is largely a matter of support from the men and women who have known him for years. Unless they are careful, these men and women will have a tendency to fall back on their oars and take it for granted that the race is already won. Even the rousing vote given the district attorney in Mitchell, Scurry and Howard Counties, where he is best known, may not turn the trick. The thing for us to do, if we want to see the 19th district represented by one of the most capable men in these 25 counties, is to tell folks who do not know George that he is the right man for a high place.

Scurry County will pull for you, George. She gave you a majority of several hundred votes over all your opponents combined in the first primary. Between now and the second primary she will be advertising your good graces to an electorate that needs only to know.

**EDITORIAL OF THE WEEK**

**IF WE HAD A HITLER.**

Nobody has ever questioned that a one-man government is much more efficient than a democratic one, in which the rule is spread among a large number. Think how much easier it would be right now if we had a Hitler in control at Washington. Instead of letting those old Republicans get together at Jackson, Michigan, and have a love-feast and start making trouble again, an airplane could have dropped a bomb over the meeting—and the chief offenders could all have been destroyed in a single puff.

In a nation like ours even the minorities are supposed to have some rights—but minorities can be awfully troublesome. How simple it would be to send government agents around everywhere and put the question to everybody, "Are you on our side or not?" If they were on the other side, they could be wiped out by some newly discovered death-ray or transported to Death Valley and gassed.

General Johnson, instead of allowing the "dead cats" to clog up his NRA works, might have converted them into fertilizer, to be distributed free to the tobacco and cotton planters and others. Thus at least they could have been turned to some account. "Rugged Individual," "Old Dealers," "chiselers," "10 per centers" and other obstructors could be gathered together and done away with, by some cheap and painless method. Hated bankers and financiers could be turned out on arid land somewhere and given the privilege of making their own living if they wanted to live, and their banks, etc., could be turned over to government men.

The Hitler method has many things to commend it. If it was applied in this country along the lines here suggested, it could get rid of that half of the people who are always taking trouble, and thus make the way clear for real reformers.

Bismarck the "Iron man" who got Germany ready for the World War, once said: "Not by speeches and resolutions of minorities are great questions decided, but by blood and iron." Hitler seems to be following Bismarck's footsteps.—The Pathfinder.

**CURRENT COMMENT**

By LEON GUINN

Postmaster General James Farley recently crossed the continent to California, there to inspect post offices and speak a few words for Hiram Johnson, who will soon be up for re-election. . . . At other train stops in other states Jim Farley also inspected post offices and was busy fixing up the fence political. . . . While senators and Democratic friends have criticized Farley for his slowness in dispensing patronage, he takes his own good time in dishing out jobs, which is the favorite fruit of the administration. . . . Possibly one thing that causes caustic remarks is Mr. Farley's blind loyalty to the party, and office memos have occasionally advised him to be liberal. . . . Yet James Farley and his assistant, Emil Hurja, are using a bit of strategy in recommending applicants, and they are building up strength where it is most needed.

Emil Hurja is an interesting person. . . . One-time newsman, he became Farley's right-hand man in 1932 and since has been busy with many thousands of applications and letters. . . . Regular government jobs for Farley and Hurja to dispense total nearly 75,000 with an additional 75,000 created by new alphabet branches—PWA, NRA, AAA, etc. . . . Hurja formula for recommendations (to officials): Okey, white paper, satisfactory and better, buff paper, and blue paper for claims in the superlative. . . . Patronage is a first cousin of graft, and great care is being used to give honest postmasters, civil service employees and field men jobs. . . . New Dealers like Wallace and Tilden object to the P. G.'s plans, and Mr. Farley when riled does not object to an occasional expetive like rief and other terms of temper.

History to Determine.

Q. What will determine the allotment to be made to the individual producer?  
 A. The cotton history of the farm as evidenced by information supplied by the producer and other sources.

Q. What is an exemption certificate?  
 A. A written declaration specifying the amount of cotton to be paid from the tax.

Q. Will the act be difficult to administer?  
 A. Yes. There are always difficulties with any new measure. The

Bankhead Act is a pioneering measure which calls for patience, complete cooperation, and above all understanding of the reason why such a measure was enacted into law. The reason for such action by Congress was the demand from cotton producers. The reason for the demand by cotton producers grew out of the 50-year fight for control and better prices. The greatest difficulties will be encountered at the outset. Once under way, annoying problems will be solved and the path for satisfactory administration smoothed.

Q. Does all cotton entering the channels of trade have to have bale tags affixed?  
 A. Yes.

Q. What is a bale tag?  
 A. The term "bale tag" means nondetachable bale tag, stamp, or other means of identifying taxpayer or exempt cotton.

Q. Why is it that Napoleon is always shown with his hand inside his coat?  
 Shadbelly—"Even Napoleon had to scratch the cooties, didn't he?"

**Election Sores Healing.**

As the Abilene Morning News notes, election sores will soon be healed, and former candidates will be going back to their old haunts, their old conversations and their old friendships. Indeed, many wounds are already healing. Thanks to a group of candidates that did little stooping to mud-slinging, the sores are getting well with a minimum of doctoring.

**HOUSE JOINT RESOLUTION NO. 41.**

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5, of Article XI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any city, which shall exceed two and one-half per cent (2½%) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2%) thereon; provided further that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, to be held on the first Tuesday after the first Monday in November, 1934; at which election all voters favoring such proposed amendment shall write or have written on their ballots the words: "For the amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months"; and those opposed shall write or have

**Water—**

In the parched desert wastes, or in tropical undergrowth men have through centuries sought the most precious in liquids, water. It is strange that a liquid can cover two-thirds of the earth's surface and yet be more precious than gold, more eagerly sought than diamonds, yet cheaper in cash value than wild grapes.

Water, the one substance given by God to man, that makes the fields green and productive, that is drawn up in finely spun clouds to drip life and sustenance to a fast-moving world. The one substance that aids the sun and wind in erosion on hillsides, and deposits the rich silt in valleys and river beds, always seeing its way to the ocean.

Water, cursing its way beneath the earth's crust between strata of rock and sand, awaiting the work of man to draw it to the surface and flow in the nerve mains of cities, to grow food and raiment, to produce steam and soften winter's chill. The one substance of equal value to all peoples, whose thirst demands purity in composition.

Water, salty and full of sea brine. Water, with sulphur in its depths for medicine. Water, with a tang of limestone in each dripping cup. Water full of minerals for the ailments and pains of the human race. Truly the only substance purified and filtered by seeping through sand and used in millions by the billion.

Without it life would soon be terminated and the earth explode and crackle from internal heat and

printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

**Questions and Answers Are Used In Explaining Bankhead Problems**

Following are questions and answers on administration of the Bankhead Act, which should be of particular interest to the farmers and others of Scurry County:

Q. What is the purpose of the Act in regard to the cotton industry?  
 A. To place the cotton industry on a sound commercial basis, to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, and to more effectively regulate production and consumption of cotton.

Q. Does there still remain a need for balancing production and consumption of cotton?  
 A. Yes. The world supply of American cotton for the 1933-34 season was 24,774,000 bales, while the world total consumption of American cotton has never exceeded 15,760,000 bales in any one season.

Q. What is the first step producers who have cotton produced prior to the 1933-34 season should make in complying with the provisions of the Act?  
 A. Apply for bale tags for all cotton in their possession produced previous to the crop for 1934-35.

Q. For what crop year will the act be effective?  
 A. One year, June 1, 1934, to May 31, 1935.

Q. Is the tax levied on the acreage of cotton?  
 A. No. The tax is levied on the quantity of cotton.

Q. How many bales will be exempt from the tax for the crop year 1934-35?  
 A. 10,000,000 bales is fixed as the maximum amount.

Q. How is the tax-exempt allotment made to states?  
 A. The allotment to states is determined by the ratio of the average number of bales produced in each state during the five crop years preceding the passage of this act to the average number of bales produced in all the states during the same period.

Q. What will determine the allotment to be made to the individual producer?  
 A. The cotton history of the farm as evidenced by information supplied by the producer and other sources.

Q. What is an exemption certificate?  
 A. A written declaration specifying the amount of cotton to be paid from the tax.

Q. Will the act be difficult to administer?  
 A. Yes. There are always difficulties with any new measure. The

It took years for the human brain to conceive the idea of punching a deep hole in the ground and utilize brass, leather, iron and wood to the extent that working barrels, working and standing valves, sucker rods and piping could draw huge quantities of this magic liquid that makes life possible in varied climates. # ALLRED, TOM ENTER RUNOFF FOR GOVERNOR

### Woodward and McCraw in Merry Scramble; Lockhart, Shepherd Win in First Primary.

James V. Allred and Tom Hunter, both of Wichita Falls, will enter the final gubernatorial scramble in Texas, as voters decided Saturday.

At the same time, more than 1,000,000 ballot casters gave Walter Woodward and Bill McCraw a neck-and-neck attorney general runoff. Tom Connally whipped young Joe Bailey soundly for his junior senator post. Charley Lockhart and George Sheppard won without another struggle.

In a nutshell, that is the story of the leading state races, which gave an interested electorate plenty to think about Sunday, as fairly complete returns rumbled in. Latest returns give these totals for the leading candidates:

Governor—Allred, 269,470; McDonald, 189,001; Hughes, 81,248; Hunter, 219,554; Russell, 4,404; Witt, 85,598; Small, 111,510.

Attorney general—Woodward, 119,250; McCraw, 312,967.

Railroad commissioner—Smith, 229,533; Pundt, 194,088; Hatcher, 164,400.

Lieutenant governor—Woodul, 236,030; Moore, 124,845.

Congress—Connally, 409,506; Bailey, 289,128.

J. F. McDonald, commissioner of agriculture, also apparently won his race without the necessity of a runoff.

## TO THE PEOPLE OF SCURRY COUNTY.

I wish to express my sincere appreciation to those whose vote and influence made it possible for me to enter the runoff primarily as a candidate for sheriff. You may be assured that I shall continue to make my campaign on the basis of merit alone, and that I crave your continued support only on that basis. I invite those who voted for either of my opponents in the first primary to seriously consider my qualifications, and to vote August 23 in the interest of law enforcement.

—Walter Camp

Early opening is intended to insure longer terms and to give a convenient time for cotton picking.

### Few Reports From County Ball League

Reports have come to Frank Farmer this week from only two Scurry County Baseball League games, although several games were to have been played Wednesday and Saturday of last week.

Pivanna won from Plainview Wednesday, 8 to 3, while Snyder was forfeiting to Dunn.

Plainview won from Ira Saturday by a 6 to 4 count.

The Times is anxious to give all the games full publicity, but lack of reports has made it impossible to do so.

Dave gave the new hand a plateful of mushrooms for supper. He had gathered a bucketful in a new paddock.

"Isn't anyone else having mushrooms for supper," the new hand asked, noticing that he was the only one eating them.

"We like them for breakfast best," Dave told him.

Next morning Dave went to the new hand's room and asked him how he felt.

"I feel splendid," was the reply.

Dave turned and walked to the kitchen. Putting his head in the door, he shouted:

"It's all right, Sarah, you can cook the rest of them mushrooms for breakfast."

## Three Losers Get Goods Back Again

Two valuable medicine cases, two pairs of glasses and a woman's purse have been returned to Scurry County owners within the past few days, after hope had almost vanished.

The first restoration came Saturday night, when Walker Sumrall's glasses were found and turned over to the election "broadcasting" station.

On the same night, Dr. Charles E. Reed's cases were stolen from his car on a side street in the business district. Values at almost \$200, the bags and contents were found Monday in a pasture west of Snyder, only a flashlight having been taken from them.

Inside one of the bags was a purse containing glasses. Both articles were taken from the J. J. Koonsman car Saturday night.

Ben F. Smith Goes To Meeting of Loan Corporation Today

Ben F. Smith, appraiser for the Home Owners' Loan Corporation, is in Sweetwater today, attending a meeting of the district county appraisers. He is accompanied by R. S. Snow, The Home Owners' Loan Corporation is now setting in operation an amendment to the corporation, known as "Reconditioning of Homes." This reconditioning of homes includes repairing, remodeling and modernization of homes.

An act of Congress approved on April 27, 1934, authorizes the Home Owners' Loan Corporation to make loans for repair, remodeling, and modernizing to the following groups of home owners:

1. Those who have already secured loans from the corporation.

2. Those who are eligible to have their mortgages taken over by the corporation.

3. Those who own their homes clear of any mortgages; but only if they cannot get reconditioning loans from any private lending agency.

"Every home needs reconditioning every year," says Mr. Smith. "But reconditioning is easy to put off. In the past four years of financial strain, home owners generally have postponed vendors. Observers assigned that three out of five American homes now need extensive reconditioning. Your home may be one of them. If so, the corporation will not refinance your mortgage unless the essential repairs are made. This rule is necessary for your own protection. The safety and comfort of your home depend upon it, the protection of the savings you have invested in your home demands it."

Mr. Smith says that he will be ready in a short time to file applications for reconditioning of homes, which will include repairing, remodeling, building extra rooms, and modernization. Those interested should see him at once in the terms of the new loans will be 15 years at 5 per cent interest. The monthly payments, with interest and principal figured in an each monthly payment. Mr. Smith's office is in the basement of the old State Bank building.

## Long Illness Is Fatal to Mrs. L. Caton Saturday

A lengthy illness was fatal to Mrs. L. Caton Saturday at her home in Southwest Snyder. The 64-year-old citizen had been attended for a long while by her stepson, Joe Caton, Mrs. Joe Caton, and Mrs. J. H. Lewis, a niece, of Hermleigh. Her husband preceded her in death more than a year ago.

Final rites were held Sunday afternoon at the family residence, with Rev. S. H. Young, Mrs. Caton's pastor, officiating, and the Odem Funeral Home in charge. Burial was in the Snyder cemetery.

The elderly woman had been a resident of Scurry County since 1909. She was married to L. Caton in April, 1915.

The following grandchildren survive: Joe Caton of Snyder, Ed and Pierce Caton of Medina, Emmett Caton of Ingleside, Mrs. Orville Keys of Junction, Mrs. R. L. Livergood of Haskell and Mrs. Ira T. Bell of Houston. One sister, Mrs. Ola Whitaker, of Oklahoma, also survives. Miss Mabel Wilkerson, a niece who formerly taught in the schools here, resides in Denton.

Funeral services were held Sunday at 10 o'clock at the home of Mrs. J. H. Lewis, Edger Wilson, H. L. Davis and O. P. Thrane, Mrs. J. D. Scott, Mrs. P. W. Cloud, Miss Margaret Dell Price and Miss Grace Avery were in charge of the flowers.

### First Baptist Church

Last Sunday closed my first month with the church as pastor. Due to election returns the attendance was smaller than usual, it being the only Sunday during the month with less than 300 in Sunday school. During the month 12 have been added to the church. The financial receipts show an encouraging amount of \$596.21 being raised for July.

The finance committee is working faithfully this week and next to raise the deficit for the first six months of the fiscal year. The amount is \$225. This amount can be raised and thus our budget will be kept in balance.

We were happy to welcome into our fellowship last Sunday Mrs. C. C. Walker and Leighton Griffin. Others ought to make the local church their church home.

We express the hope that all our people will stand by their church during these hot summer months. Let's go 350 strong Sunday morning to Sunday school and 100 strong to B. T. S. Fill the pews for both hours and make the worship service great in attendance, spirit, worship and helpfulness.

Mrs. Ethel Eiland is chairman of the census committee, a committee whose work is to secure a complete religious census for the entire community. All cards will be turned over to the respective pastors of the different churches as church preference is indicated.

There will be special music both morning and evening Sunday. The morning worship hour is 10:30. Evening is 8:15. "Come thou this way and we shall do thee good."

—Lawrence Hays, Pastor.

H. Farmer is postmaster at Farmer City, Ill'nois.

## HERE IS MORE CONCERNING Festivity CONCLUDED FROM PAGE 1

In all 16,943 miles," continues the report. "The personal car mileage amounted to 4,737 and other mileage charged to the state equaled 2,206."

"The total number of schools visited in the district was 235, some of these schools having received more than one official visit. There are 43 classified high schools in this district, and all of these are visited at least once." Four of these—Snyder, Hermleigh, Dunn and Pivanna—are in Scurry County.

"School leaders of the district have worked consistently throughout the year in an attempt to further the state's program of equalizing educational opportunities," declares the district report. "Progress has been made; some of the 'yard sticks' used in measuring the year's school work are as follows:

1. Classifying schools in accordance with the recommendations of the state superintendent of public instruction.

2. Strengthening the length of school terms.

3. Encouraging rural boys and girls to attend accredited high schools.

4. Library improvements made.

5. Improving library facilities.

6. Strengthening transportation facilities.

7. Setting up programs for curricula revision.

8. Organizing teachers into county associations.

9. Improving school property.

10. Unifying teacher groups—elementary, secondary and higher education."

Turning to finances, the report says that "school superintendents report a decided improvement in school finance. One hundred and fifty-nine schools in the district have terms extending beyond those of the previous year, 1932-33."

"There are many attractive rural school plants in the district. This year much repair work has been done on school property for rural aid schools in the several counties."

### Recommendations Reported.

The report contains several recommendations as to how the supervisory plan might be improved.

"The writer assigned to District 9 realizes that she has not been able to supervise in an adequate way the schools within her territory. Those responsible for these schools also have realized this fact."

An outline of her work in Scurry County is thus given by Miss Mann:

Number of school districts—25.  
Number of schools visited—23.  
Number of rural aid schools visited—22.  
Schools with 8-9 months terms—27.  
Rural schools classified for seven grades—5.  
Transportation improved—Several instances noted.

Standard testing program—Yes.  
County teachers' association—Yes.

### SCOUT NEWS

BOY SCOUTS OF AMERICA

The annual Buffalo Trails Council Boy Scout camp, which closed early last week, still remains as the most important matter in the minds of the 21 boys from Snyder who made the camp. It was the first camp for all but one boy, since practically all the local scouts are "rookies." That fact did not hinder the boys in making a fine record in camp, for they soon got into the regular routine of camp life and distinguished themselves in several ways throughout the two weeks.

Not only did the boys enjoy the trip from a vacation angle, but practically all of them used their leisure periods at camp in working for advancement in Scout work. Two one-hour periods each day were devoted to special classes in the various tests for higher rank. These tests included such practical work as swimming, life saving, woodcraft, leathercraft, use of knife and hatchet, judging, hiking, cooking, first aid, tree and bird study, practicing of Scout principles, signaling, thrift, map making, compass, etc.

Boy who passed from Tenderfoot to Second Class rank while in camp are: Clyde Boren, Lyle Alexander, Lee Roy Strayhorn, Weldon Kirk, Fred Boren, Ardash Head, Eugene Emerton, Gordon Rogers, Leon Autry, Jay Rogers, Clarice Harless, Jackie Scarborough, Gordon Senteil, Weldon Strayhorn, Wallace Smith, Martin Harris and Pkcas Bell. Three of these boys advanced also to the First Class rank: Leon Autry, Lyle Alexander and Charles Burk.

Jack Reynolds, the only veteran Scout in the Snyder troop, brought honor to the Snyder delegation also by being awarded a Star Scout badge by virtue of having passed tests for five merit badges. Tests completed were those in swimming, civics, bird study, first aid and cooking. Jack is senior patrol leader of Troop 35 and assisted Scoutmaster Willard Jones with tests for the boys. He is working on his Life Scout badge, which is awarded when he shall have passed 10 merit badge tests.

In addition to the straight Boy Scout Work, a number of the Snyder boys took part in rifle shooting while at camp. A rifle range was operated at camp under sponsorship of the National Rifle Association, with Devere Lyle in charge. Seven boys won Pro-Marksmen badges for high scores at the range. They are: Jackie Scarborough, Gordon Senteil, Weldon Strayhorn, Wallace Smith, Jolay Boren, Martin Harris and Pkcas Bell.

The trip to camp was made possible for several boys who were unable to raise sufficient funds at the time by loans from several individuals, firms and civic organizations. Among those to give and loan money for the trip are: Piek & Fry store, Warren Dodson, Mrs. J. M. Harris, Ross Pate, Hande-Dande, Stinson Drug Company, W. J. Ely, The Scurry County Times, Chamber of Commerce, Snyder Fire Department, Piggly Wiggly Stores

A special award service is to be held this (Thursday) evening in the district court room for the two Snyder troops. Parents and friends of the boys are especially invited. Membership certificates and Tenderfoot badges will be presented to more than 25 boys by Scoutmasters Charlie Ben Shell and Jones, Buffalo Trails Council Executive A. C. Williamson of Sweetwater is scheduled to speak to the assembly on Boy Scout Work.

### Baby Chick Convention.

The 11th annual convention of the Texas Baby Chick Association, to be held at Lubbock August 14 and 15, has been termed the "Second International" by President A. H.
