

NEWMAN WINS SHERIFF RACE BY 102 VOTES

Blackard and Brock Lead in Run-Offs for Commissioner; New Justice Is Davenport.

Henry Newman goes back into the sheriff's office for another term. In a nip and tuck battle with Walter Camp for the place Saturday, he finally pulled 102 votes ahead. The totals were Newman 1,485, Camp 1,383.

In precinct No. 3, H. M. (Bub) Blackard successfully completed his first political venture with a 522 to 324 win over Lee Grant, incumbent, for the place Saturday.

The precinct No. 4 commissioner's race was warmer, with Herbert Brock pulling ahead of Hoyt Murphy, 499 to 449, primarily on the basis of Hermleigh's 219 to 78 vote for Brock.

P. E. Davenport will succeed "Uncle Dave" Nation in the justice of peace office, following his 1,008 to 903 victory over Charles J. Lewis.

The county vote exceeded all expectations. The balloting for governor looked only 32 of tying the record first primary vote. In the first primary, the eight candidates received 2,934 tallies; in the second primary, Allred and Hunter received 2,902 markers. It was by far the heaviest run-off vote ever recorded in the county.

Delegates Named From Five Clubs To H. D. School

Five clubs have selected representatives to the pattern school, which will be conducted September 3 and 4, beginning at 9:30 a. m. in the basement of the Presbyterian church. Others will select two women each, at meetings to be held before that time.

Each representative will make a foundation pattern, and will receive training and sufficient experience to teach others in their communities. The purpose of a foundation pattern is to make an accurate, neat and comfortable fitting pattern that can be used as a foundation for cutting all garments for the individual for whom it is made.

Miss Sue Bonner, county home demonstration agent for Jones County, will assist in holding this two-day course.

These courses will be represented by the following women: Mrs. W. L. Clark and Mrs. Cora Phamie; Ennis Creek, Mrs. S. L. Terry and Mrs. E. C. Davis; Hermleigh, Mrs. E. R. Jones and Mrs. Ed Shaw; Canyon, Mrs. Sue Martin and Mrs. Annie Martin; Union, Mrs. M. L. Andrew and Mrs. Lather Vaughn.

Past Snyder Pastor Visits Local Folks

Rev. W. F. Ferguson, pastor of the Greenville Baptist Church, was here twice during the past week to mingle with folks he knew during his first Baptist Church pastorate that ended about four years ago. He took part Saturday morning in the revival services at the city tabernacle.

The former local pastor was accompanied by his son, Travis. Ferguson is conducting a revival service at Anson. "It's fine to be back among you people I learned to love so much," he said.

Rev. Richardson To Cancel Engagement

Rev. H. G. Richardson, independent Baptist evangelist, who was scheduled to open a two-week revival at the city tabernacle next Sunday night, has been called back to St. Louis, and can not carry out the local engagement.

The preacher and a singer, Mr. Darby, have just completed a meeting at Deep Creek.

CONGRESSMAN

George Mahon is not quite so young yet, but when he beat Clark M. Mulligan of Lubbock for the Democratic nomination for the new 19th district position, he was just about Washington bound. This is George, now serving as district attorney in this area.

SEVERAL GO TO LEGION CONFAB

Scurry County is represented at the state American Legion meeting at Mineral Wells by several legionnaires and auxiliary members. A partial list follows: Ross Pate, Mr. and Mrs. Frank Arnett, Jack Colwell and Ben Wilson of Snyder; Arlie McMillan and J. D. Padman of Horna.

Two From Snyder To Be Threats On 1934 Cowboy Team

Forty men will answer the call of Coach Leslie Canfield when the Hardin-Simmons University Cowboys open football training at Abilene on September 10. Only 12 days later they will play their first game to launch a strenuous season of 10 contests.

The group will include two Snyder boys who scintillated on the freshman team last year. They are Theo Risby and Buck Howell. Howell is a freshman on championship Tiger teams. Risby, who played offensively in the backfield here, is now stationed at guard, while Howell is listed as a quarterback rather than at his former halfback position.

Another Snyder star, G. L. Huettis, is freshman coach of the Abilene college this year. He was a Simmons star for four years.

Election Tallies on Air Again Saturday

The Times, local business men and County Chairman F. I. Townsend cooperated again last Saturday to give folks quick election figures.

Because most returns were received before dark, the stereopticon was not used, but a megaphone provided the wanted information. A microphone hookup by the Radio Electric Shop failed to produce enough volume for the purpose.

All county returns were complete at 9:35 p. m., and district reports were complete enough at that time to ascertain winners.

Scurry Man Taking Part In Ohio Races

Lieutenant Commander Ernest Ward, Medical Corps, U. S. Navy, son of Dr. and Mrs. W. H. Ward of Hermleigh, is flight surgeon for the aircraft squadrons of the fleet marine force, Quantico, Virginia, and will be with the squadrons at Cleveland, Ohio, during the National Air Races from August 31 to September 3.

Dr. Ward entered the service in 1918 and has been with aviation since 1928. Prior to coming in aviation, he spent three years in Asia Minor and Southern Russia with Near East Relief, fighting the typhus epidemic among the Greek and Armenian refugees.

Business Light for Commission Monday

Only routine business came before the Commissioners' Court in its regular session Monday. A number of accounts were allowed, transfers were made from one county fund to another in two instances, and offers for right-of-way on highways 83 and 7 were decided on in three cases.

SHEEP BUYING PLAN WILL BE STARTED SOON

Sheep and Goat Raisers Asked to Meet in Courthouse Saturday Afternoon at 3:00.

The program for buying sheep and goats in Scurry County under the emergency drought relief plan will be started as soon as arrangements have been made for handling of the animals fit for shipment, according to word received early this week at county agent's office.

A meeting of all sheep and goat men of the county has been called at the district court room Saturday afternoon, 2:00 o'clock. At that time the entire program will be discussed, and opportunity will be given raisers to sign up for disposal of their animals. A central committee of sheepmen will be named at that time.

Sheep and goats will not be purchased until producers have listed with the county agent the number of sheep and goats they will have for sale.

Only ewes over one year old and female Angora goats over one year old will be purchased. No stunted lambs, kids, wethers or bucks will be purchased.

In connection with the cattle buying program, which is continuing under the new plan set up last week, with Scurry and Fisher Counties in the same district, the county agent points out that routing of the inspector and appraiser is being arranged with the assistance of a cattle committee. J. J. Koomman, Will Johnson and Whit Thompson compose the committee, which also assists the agent with all other affairs pertaining to the cattle buying program.

Fluvanna School Begins Business Monday Morning

With E. O. Wedgeworth as superintendent and E. H. McCarter Jr. as principal for the seventh consecutive year, Fluvanna schools will open for business Monday morning at 8:00 o'clock.

Seventeen affiliated credits will be offered high school students. Fourth year English, typing and two credits in Spanish were added last year.

The superintendent expects that approximately 230 students will be enrolled this year. Many of these will be transported to the school by the five buses that served the district last year.

No changes have been made in the faculty since last year. Following is the list of teachers: Buford Browning, Charles Gates, E. O. Beavers; Misses Vernelle Willard, Charlene Tarter, Mercedes Robertson and Myrtle Turner.

Warren Car Found, Returned To Owner

The 1927 Chevrolet coupe stolen near the Palace Theatre two weeks ago, was found last week at Cleburne, and has been returned to its owner, Mrs. Allen Warren. Discovery was reported to J. A. Woodfin, city marshal, by the Theft Bureau at Dallas. The marshal had been working on the case since the car disappeared.

License tags were gone, the spare tire was missing, the motor number had been tampered with, and about 1,200 miles had been added to the mileage. Otherwise, the car was in good condition. It had been abandoned in the Johnson County city, and no trace of its driver was found.

Greens For Winter From Tiled Garden

Forty feet of concrete tile has been made and laid in the garden of Mrs. M. L. Andrew, member of the Union Home Demonstration Club. Greens for fall use have been planted over this.

Another forty-foot row, which will be placed on the south side of the house, and will be further protected by a frame which may be covered with glass cloth, is to be made.

This will provide a bed of 140 square feet in which lettuce, radishes and other tender vegetables can be grown for home use during the entire winter.

BAND GOES TO SUMMER CAMP

Headed by Director Clyde Rowe, the Snyder Band left Tuesday for the Baptist encampment grounds at Lueders, where they will be in summer camp until Tuesday of next week.

West Side Takes Lead In First Round of New Softball League Frays

Snyder's softball show started with a barrage of runs, hits and errors last Friday, as the West Side eked out a 12 to 10 victory from the East Side.

West Siders are sitting on top of the four-team heap today, with two victories and no defeats on their record. They marked up a close decision over the North Side Tuesday evening, 13 to 12, just a day after the North Side trounced the South Side, 9 to 0.

South Side turned up yesterday with a revamped team, but in an overtime affair they finally lost to the East Side, 5 to 4. It was easily the classiest game of the four played in the "square" schedule.

Here is the team standing through Wednesday:

Team	P	W	L	Pct.
West Side	2	2	0	1.000
North Side	2	1	1	.500
East Side	2	1	1	.500
South Side	2	0	2	.000

The first game of the schedule found the West Side leading the East Side by a 12 to 10 decision. Earl Brown's crew pulled ahead in late innings, and were leading when time was called, despite a last-inning rally by the losers.

FORD AGENCY IS NOW OPEN

Arrangements of stocks and cars and parts are being completed this week in the new Louder Motor Company, three doors east of the square on Twenty-Fifth Street.

Ford sales and service constitute the business of this newest automotive concern. No active Ford agency has been in Snyder for nearly two months.

Earl Louder is proprietor of the company. He has operated the Ford dealership at Roscoe for 10 years. Stocks of the Nolan County firm have been transferred here, following closing of the agency there.

Roy Strayhorn, who formerly was connected with the Ford agency here from 1916 until 1932, will be connected with the sales department. Other local citizens will be employed at the concern.

Short Staple Crop Foreseen In Texas Because of Drouth

The report released Saturday by the Division of Cotton Marketing at Austin giving the quality of cotton sown in Texas shows that even running grades can not be expected in all localities. A large number of grades are indicated in this report. There is a predominance of extra white grades above middling this year.

No report has yet been made up for the red lands and plains region, of which Scurry County is part, because the crop has barely begun moving.

The state-wide report shows only 3 per cent of inch cotton this year. "Unless there is an improvement in staple in Texas, there will be a shortage of inch cotton produced in Texas," it points out.

The total tennable cotton produced during the week was 97.1 per cent.

At Piggy Wiggy Meeting

Mr. and Mrs. Maurice Brownfield of the local Piggy-Wiggy stores left last week to attend the national Piggy Wiggy convention, which met in Asheville, North Carolina, August 27, 28 and 29. The meeting is an annual affair, having convened in Chicago last year. The Brownfields will return probably Friday.

Escaped Man Under 99-Year Sentence Surrenders Here Without Resistance

Clarence Brown, who escaped with Virgil Stalcup from the Dickens County jail at Dickens on the morning of August 18, was captured at his home in Northwest Snyder early Sunday morning by a quartet of local officers who had been tipped of his whereabouts.

The 38-year-old Snyder man, with a short prison sentence behind him, and a 99-year term ahead of him for alleged robbery with firearms in Wichita County, surrendered without resistance, after the officers surrounded his home. J. A. Woodfin, city marshal, headed the officers. Two deputies, S. J. Casstevens and J. L. Byrd, and Deputy Ranger C. H. Leath were with him.

Mrs. Brown, who lives at the home with a small daughter and two small nephews, told the marshal when she left the house to do the morning milking that she had not seen her husband since his escape. While one of the officers left to secure a search warrant, however, she re-entered the house, and evidently persuaded her husband to give up without resistance.

"Hits" in the following summary were, in some cases, not hits at all, since a man was credited with a hit even when he got on base by the error route.

29 MEN GIVEN GRIDIRON GARB

Football suits were issued Monday to 29 prospective members of the 1934 Tiger squad. Coach W. W. Hill expects the number to increase to 30 or 31 before the week is out.

Rain interfered with practice Tuesday, and a double dose was given the youngsters yesterday. The coach hopes to have them lined up in fair condition by early next week.

New Conception of Optometry, Eastern Lecturer Declares

A totally new conception of optometry and its service to the public has come about in the past few years, Ralph Barstow of Rochester, New York, counselor and economist, told West Texas optometrists at Abilene Monday night.

The lecturer also declared that optometrists throughout the nation are cooperating under NRA to strengthen the protection of the public against quackery, inferior materials and unfair practices.

Dr. and Mrs. H. G. Towle of Snyder, who attended the Monday night session, and Dr. Towle returned for Tuesday's session, at which Mr. Barstow was again the principal speaker. As vice president of the State Board of Examiners in Optometry, Dr. Towle took an active interest in the two-day gathering.

Tomatoes Get Busy After Tile Is Laid

"My tomatoes have already begun to bear since placing the tile," says Mrs. J. L. Carrell, member of the Union Home Demonstration Club. A row of tile was placed near an outside row of plants which had failed to bear this summer. The tile had been in the ground only a short time before results could be seen, according to Mrs. Carrell.

Former Publisher Here

Mr. and Mrs. W. M. Curry, publishers of the Crosbyton Review, and their daughter, Louise, visited relatives in Snyder during the week-end. The Currys are former residents of Snyder, having published The Snyder Signal here from 1929 until 1924, at which time the family moved to Crosbyton. They were accompanied here Sunday by their son, Robert, who will teach in the Snyder schools.

MEASURING OF COTTON LANDS IS COMPLETED

Cotton Committee Highly Pleased With Spirit of Cooperation Shown by Farmers.

Measuring of cotton lands contracted under the Bankhead Act has been completed in Scurry County.

The county cotton committee, which is completing work on allotments, is highly pleased with the spirit of cooperation manifested by farmers.

"Measuring crews are unanimous in saying that growers have done their best to present their cotton facts accurately, and the committee is anxious to congratulate contract signers for their assistance in putting the program across," the committee chairman said yesterday.

"Since the entire agricultural program is dependent on voluntary cooperation of farmers, the spirit shown by Scurry County farmers is especially praiseworthy," the chairman continued. "Secretary Wallace has pointed out repeatedly that the agricultural program is being framed to suit the farmers themselves rather than selfish political or industrial interests."

Interim certificates, which give growers a chance to have their cotton ginned, tagged and sold as soon as it is picked, are being issued out of the cotton office in increasing numbers. The committee states that these certificates will be issued until the cotton is actually ready to be ginned.

Opportunity For Righteousness At Hand Says Hays

In a 10-minute talk to the Lions Club Tuesday afternoon, Pastor Lawrence Hays of the First Baptist Church declared that the world has the largest opportunity for civic and social righteousness that it has ever known.

Referring to religious, political and social revolutions of other eras, he said that people of this generation have a chance, if they will but take it, of bringing about an upheaval for righteousness in every direction. He said that the liquor evil, "rotten" motion pictures, Sabbath desecration and "yellow" newspapers probably run the gamut of today's unrighteousness.

Ewell Bone of Haskell, who is leading song services for the Baptist revival, rendered a vocal solo, "Pass It On."

Earl Louder, new Ford dealer, was presented as a guest of the club. He was formerly a member of the Roscoe Lions Club. C. Wedgeworth, who has been absent during the summer, was back at his place.

It was a banner day for Tall Twister Josephson. Including his own dollar, which was a donation to the club because he did not bring in rain on or before Tuesday of last week, he collected \$5 in fines.

R. L. "Red" Williams was unanimously elected as secretary of the club to succeed J. P. Nelson, resigned. He begins his duties immediately.

A. C. Alexander, chairman of the program committee, read names of committee members who will be in charge of programs during September and early October. The publicity and bulletin committee, headed by Nathan Rosenberg, will be in charge next week.

Marauders Warned Concerning Schools

Marauders who have been responsible for broken windows and doors and other destruction of school property in Scurry County are warned this week by Frank Farmer, county superintendent, that such misdeeds are punishable by fines or imprisonment.

Several cases of destruction of school property have been reported to the superintendent.

Final Messages by Glasscock Sunday

Rodney Glasscock's two final sermons will be preached at the First Christian Church Sunday. The student pastor has been occupying the local pulpit morning and evening during the summer. Sunday services will be at 11:00 a. m. and 8:00 p. m.

The youthful minister leaves in a few days for Phillips University, Enid, Oklahoma, where he will continue his ministerial training.

BUSINESS MEN PLAN MEETING

All Snyder business men and any others interested in the town's progress are invited to attend a meeting in the district court room Tuesday evening at 8:15 o'clock. The Chamber of Commerce has called the gathering for the purpose of making plans concerning a community-wide Trades Day. It has been suggested to J. W. Scott, secretary, that a plan be worked out for having such a day each Wednesday.

JIMMIE WINS

"Just a boy," Jim Ferguson said of this serious-looking gentleman, James V. Allred, cordially known as "Jimmie," virtually became governor of Texas Saturday, when he defeated Tom F. Hunter, a fellow citizen of Wichita Falls, for the Democratic nomination.

The Snyder fall totaled 1.25 inches. A quarter inch fell Thursday and Friday. Heaviest showers were Sunday afternoon, when the gauge registered 1.25 inches. The total for the week was 2.70 inches.

BANK AND P. O. SHUT MONDAY

Labor Day will be observed in Snyder by closing of the Snyder National Bank and the post office.

True to their custom, the business houses will continue in their accustomed ways. To them, the first Monday in September is just another Monday.

Young Closes M. E. Meeting at Inadale

A successful 8-day revival meeting was closed Sunday night at the Inadale Methodist Church, Pastor S. H. Young of the local church said early this week. Rev. Young and his father, C. W. Young of Hermleigh, were in charge of the services.

"A fine spirit was manifested all through the meeting among people of the community," said Rev. Young.

Methodist services for the local church will be dismissed Sunday night in deference to the Baptist revival.

Guinn Man Taken By Heart Attack At Home Sunday

A heart ailment claimed the life of R. L. Gartman, 68-year-old resident of the Guinn community, Sunday morning. The pioneer resident died at his home.

Funeral rites were held at the Hermleigh tabernacle Sunday afternoon at 7:30 o'clock. Baptist services were held at the home of C. C. Scott of Westbrook officiating and the Odom Funeral Home in charge. Burial was in the Pyron cemetery, where fellow members of the Masonic Lodge were in charge.

Mrs. Gartman and five children survive. The children are: R. L. Gartman, Jr.; Sweetwater; W. M. Gartman, Blum; Mrs. H. M. Mayes, Sweetwater; Mrs. Hall Higginbotham, Hermleigh; Mrs. James M. Bradley, Hermleigh.

Funeral services for the local church will be dismissed Sunday night in deference to the Baptist revival.

Miss Mann Will Again Serve For Schools of Area

Miss Sue B. Mann will again serve Scurry County as deputy state superintendent, but a shift has been made from District No. 9 to District No. 2. The deputy's headquarters will continue to be at Abilene.

Several counties in the new district have been changed, and Miss Mann will have two more counties than heretofore. The new district is composed of Taylor, Nolan, Jones, Mitchell, Fisher, Haskell, Stonehall, Kent, Knox, King, Dickens and Scurry.

Miss Mann has invited school officials of her new district to confer with her this week-end concerning problems which may have arisen during the summer.

Mrs. Buchanan And Daughter At "Home"

Week-end visitors in Snyder included Mrs. O. R. Buchanan and her daughter, Doris, former residents here.

Mrs. Buchanan, who is head of the textbook division of the State Department of Education, returned to her work at Austin this week.

BEST RAIN OF YEAR DISPELS GLOOM CLOUD

Most Communities of County Are Visited by Wetness as Drouth Broken in West Texas.

Showers that began in Scurry County Thursday night of last week continued their pouring until Tuesday morning. They were gloom dispellers for a drouth-ridden county.

By that time most communities of the county had received precipitation ranging from good showers to 2 1/2 inches. The heavier fall totals March 25 and 26, when Snyder received an inch and a half of rain; the average probably running three-quarters of an inch to an inch.

The Snyder fall totaled 1.25 inches. A quarter inch fell Thursday and Friday. Heaviest showers were Sunday afternoon, when the gauge registered 1.25 inches. The total for the week was 2.70 inches.

It was the most general rain of the year. Only one other downpour has approached it in 1934. That was March 25 and 26, when Snyder received an inch and a half of rain; but the county as a whole was not so fortunate at that time.

West Texas as a whole has been drenched within the past week. In some localities, notably at Abilene and on the central plains, waterspouts did considerable damage to property.

People Looking Up

With the drouth apparently broken, stockmen have reason to look for better days. Farmers, in many cases, think the late-August rainfall will increase the county cotton crop 2,000 or 3,000 bales.

With the exception of March, when the rainfall was 2.70 inches, August has proven the wettest month of the year, with 1.25 inches. The seven-month total to date is 6.35 inches, about one-half of normal. By months, the 1934 fall has been: January, .25; February, .22; March, 2.70; April, .58; May, .65; June, .40; July, .22; August, 1.25.

Complete Unofficial Returns of Run-Off Primary

Belo wis a complete tabulated report of the Unofficial Returns of the Democratic Second Primary, held August 25 in Scurry County. The returns were gathered by The Times from election officials at the various boxes. Official returns probably will not alter any standing.

Mullican Thanks Supporters And Salutes Winner

To the people of the 19th Congressional district:

"This is to thank my good friends and neighbors of Lubbock and all counties of this district for their unwavering loyalty and support in my race for Congress.

"To the victor belongs the spoils, but I assure you the vanquished is equally happy in the knowledge that he fought a good fight and kept the faith and that he has conducted his campaign as to have nothing to look back upon and regret.

"The people have made their choice. The democratic voice has spoken. Now let all of us cast aside our campaign prejudices and feelings and unite behind the young man who assumes the mantle of responsibility, to the end that he may achieve for the common good.

"I salute the first congressman from the 19th district. I extend sincere congratulations and all good wishes, together with my warm personal friendship.

"To those who have worked and traveled and labored so faithfully and untiringly in my behalf, I express my deepest thanks and appreciation. You have been my friends, and I assure you I am yours, now and forever.

"To those who opposed me, I have only the highest admiration for your sportsmanship and four fair-weather friends. With few exceptions you have been a gallant and friendly bunch, and I have enjoyed the contest of 'trust and parry' with you immensely. There are no scars to heal and no regrets to offer.

"I salute you all, and wish for our united people the hope of the future, which is the attainment of happiness and contentment as our goal of life."—Clark M. Mullican.

BROCK THANKS VOTERS.

The hearty vote given me in Saturday's election was certainly appreciated. It made me determine more fervently than ever before to make precinct 4 a good commissioner. I wish not only to thank all those who assisted me in any way, but my opponent in the runoff, who was fair in every way throughout the campaign.—H. E. (Herbert) Brock.

Loans Now Allow Modernizing For Owners of Homes

Remodeling, rebuilding or repairing of homes has been made possible through a new amendment to the Home Owners Loan Corporation plan, according to Ben F. Smith, local appraiser.

The new plan also allows for payment of back taxes and of mortgages on homes. Owners who came into possession of their homes prior to June 13, 1933, are eligible for these new loans.

Spread over a period of 15 years, and bearing only 5 per cent interest, the loans offer home owners an opportunity not only to save their property but to modernize it and clear it of other indebtedness. The average monthly repayment of interest and principal, per \$1,000 loan, is \$7.52.

The local appraiser attended a district meeting of appraisers in Lubbock Thursday of last week, where he learned details of the new loan plan.

Summarized, the new loans may be made for back taxes, mortgages, rebuilding, addition of one or more rooms, rebuilding, reroofing, and addition of electric equipment.

TO THE VOTERS.

I am deeply grateful to those who have entrusted me with the office of sheriff for a second term. I pledge every citizen that I shall do my best to make a better sheriff during the second term than I have made the first. No matter how you voted, I want your cooperation in seeing that the laws are enforced and that peace is maintained in our county.—S. H. (Henry) Newman.

TO PRECINCT 3 VOTERS.

Your wholehearted support in Saturday's election makes me deeply grateful. I shall use all my energy and ability to make you a good commissioner. In order to do this, I crave the continued support of the entire precinct citizenship, including those who saw fit to vote for my worthy opponent.—H. M. (Bub) Blackard.

Things have gotten so that the United States seems to be a small body of land completely surrounded by filling stations.

Junior Department Has Picnic at Dunn.

The Junior department of the First Methodist Church enjoyed a picnic at Dunn Thursday afternoon given by the department workers, Warren Dodson and Billy King, assisted the ladies with arrangements for the affair.

The group enjoyed exploring the creek, and then a hectic game of soft ball was indulged in. A picnic supper, consisting of fried chicken and all the trimmings with ice cream, was served at sundown.

The following were present: Mr. and Mrs. Warren Dodson, Mrs. Porter King, Mrs. R. J. Randalls, Mrs. R. L. Martin, Mrs. R. W. West, Mrs. A. M. Curry, Billy King, I. L. King Jr. of San Angelo, Kathryn King, Irene DeShazo, Melba Ann Odom, Mary Alice Whitmore, Billie Jean Wilford, Vivian Nell Wilford, Margaret Webb, Wanda Jean Sims, Patricia Dodson, Patty Joyce Hicks, Mary Louise Taylor, Ernest Taylor Jr., Robert George Taylor, Billy Joe Louder, Glynn Curry Snyder, Lynn Hulse, Jimmie Randalls and Virgil Walton.

Mrs. Louder Is Honored in Roscoe.

A lovely farewell party was given in Roscoe recently at the home of Mrs. R. H. Whorton, honoring Mrs. Earl Louder, who has moved to Snyder. Mr. Louder has taken over the Ford agency here.

Mrs. Louder was presented a Bird of Paradise as a parting gift, and delightful refreshments were served.

Even when the fighting was hottest the colonel of an Irish regiment noticed that one of the privates was following him everywhere, with apparently much devotion. So at length he called the man to him and said:

"You've stuck to me well this day, Private Rooney?"

"Yis, so," replied Rooney, saluting smartly. "Me ould mother sez to me, 'Patrick, me boy, stick to the colonel, and ye'll be all right; thim colonels niver get hurt!'"

HOME DEMONSTRATION NOTES

Union Club Meets.
Mrs. Luther Vaughan gave a glove pattern to each member present for the meeting of the Union Club had at the Methodist Church last Tuesday, and also gave an interesting report from the A. & M. Short Course which she attended as their delegate.

Mrs. M. L. Address reported having laid 24 feet of garden tile for her fall garden. Messrs. Vaughan and Address were appointed to attend the Foundation Pattern School at Snyder on September 3 and 4.

The club will meet on September 11 with Mrs. J. T. Biggs, at which time Miss Nellie Ward, county agent, will give a demonstration on the making of sandwich spread. Every member is urged to be present and bring a new member.

4-H Club Organized.
Miss Nellie Ward, county demonstration agent, met with the girls of the Bethel community Tuesday afternoon and organized a "Girls 4-H Club." The club will take up the study of "Bedroom Improvements" for the winter.

The following officers for the club were elected: Elura Jones, president; Annie Ruth Laster, vice president; Mildred Hall, secretary; and Vera Crumley, reporter.

The club will meet the second Thursday in each month, and the next meeting will be at the school house at 2:30 o'clock on September 13.

Dermott Club to Meet.
The Dermott Home Demonstration Club will meet September 5 with Mrs. J. R. Payne. Miss Ward will meet with us and give a demonstration on making processed cheese. All the ladies of the community are invited to be present.—Reporter.

Mrs. J. G. Lane is Hostess.
August 22 the Canyon Home Demonstration Club met with Mrs. J. G. Lane, with eight members and three visitors present.

Mrs. L. P. Sterling gave a very interesting talk on her trip to the A. & M. Short Course, and a demonstration on turf work.

The next meeting will be with Mrs. Ross Beeman, and Miss Ward will give a demonstration on meats for sandwiches. We cordially invite all the ladies to meet with us.—Mrs. J. G. Lane, Reporter.

Santa Fe Extending Low Railroad Fares

The railroads have decided to extend until September 30 the present low passenger fares, based on three cents per mile for first class tickets, and two cents per mile for coach travel, according to announcement made by T. B. Gallaher, general passenger agent, Santa Fe lines, Amarillo.

Round trip first class tickets cost two cents per mile traveled when the limit is ten days, or two and one half cents per mile traveled when the limit is six months. The present low passenger fares, based on ten days in addition to date of sale, cost but one and eight-tenths cents per mile, a most remarkable fare for individual travel. These rates are applicable to points in territory east of Chicago and St. Louis, however, through passengers are given benefit of the low fares up to these points.

CAMP EXTENDS THANKS.

Those who supported me in my race for sheriff have my sincere thanks, although I fell short of victory by about 100 votes. Many of you worked for me day after day without thought of anything more than thanks, and I am deeply appreciative.—Walter Camp.

MAHON LEADS COUNTY TALLY

George Mahon of Colorado, new congressman from the 19th District, polled the highest Scurry County vote Saturday, when he ran up a margin of almost two and one-half to one over Clark M. Mullican of Lubbock. His vote was 1,959 to 867, Joe Merritt barely nosed out Leonard Westfall, 1,462 to 1,385, in the state representative race.

The county yielded an extremely close ballot in all state races. Allred, Woodul, Woodward, Smith and Lattimore were the leaders, with margins ranging from 36 in the governor's race to 193 in the lieutenant governor's scramble.

ON TEXAS FARMS

By W. S. Darrow, Extension Service Editor

Pruned and staked tomato vines in the garden of Mrs. W. B. Harkness, pantry demonstrator of the Kaufman Home Demonstration Club, bore heavily; pruned but not staked the production was not a satisfactory result; neither pruned nor staked the production was practically naught.

A 30-bushel-to-the-acre yield from corn planted every other row from intensive cultivation designed to kill Johnson grass was obtained by the Great of Mound in Coryell County, contrasting handsomely with the 20-bushel yield of the corn planted on every row on similar land.

One-half acre of strawberries returned \$360 to Dr. J. H. Loving, a Brooks County farmer having straw berries for a hobby. Proper preparation of the soil, barnyard manure and cover crops are the secret of his success. Dr. Loving says that while he can make \$300 profit on half an acre he doesn't feel like selling into thinking that he can make \$300 on five acres.

The record for speed on corn as seed planted, to seed harvested and planted again, is probably held by Texas with Honey June sweet corn as the crop. In Starr County Georgia Guerra in March planted his sample of the new sweet corn developed by the Texas Experiment Station. In Rusk County a business man tried to get a sample but was too late. It had all been planted. He then offered a dollar for an ear of it sufficiently mature to plant by June 25. One June 23 Mr. Guerra mailed him an ear of corn and received the dollar.

HEALTH NEWS

From Dr. John W. Brown, State Health Officer

Dr. John W. Brown, state health officer, warns those going on a vacation or picnic to be careful about their food and the water they drink if they want to avoid unpleasant effects.

"As to foods," Dr. Brown said, "First be sure that what you take is perfectly fresh. Second, take things that won't spoil. During the hot muggy weather that prevails at this time of the year, it is hard to keep any kind of food in good condition, as every housekeeper knows. Rich, perishable food taken off the ice and then carried around for several hours before using will spoil very quickly.

"It is better to avoid rich salads and indigestible combinations and to stick to the simpler things, sandwiches—of which an infinite variety can be prepared—cake, the simpler the better—and plenty of fresh, ripe fruit, are usually safe and satisfying and should form the principal part of your menu. Whatever you take, don't overeat and don't indulge in all sorts of queer mixtures. If you do, the day after the picnic is not likely to be a pleasant one for you.

"And as a third precaution: Take your own drinking water, unless you are sure that the water supply of the place where you are going to spend the day, is free from contamination. Thermos bottles, thermos jugs, fruit jars, can all be pressed into service. It may be more trouble to carry water from home, but it is much safer than to drink water from a source that may be contaminated with disease germs, especially those of typhoid fever."

Judge—"The jury finds you guilty."
Prisoner—"That's all right, judge, I know you're too intelligent to be influenced by what they say."

TO MEMBERS OF THE Snyder Local Mutual Life Association

The report that your association is changing to a flat rate plan is absolutely false. We DO NOT contemplate changing from the assessment plan, and the Insurance Commission has assured us that a change in plans can not be forced on mutual associations by law.

Mrs. J. R. G. Burt
Secretary-Treasurer

Westfall Expresses Appreciation to All Voters of District

I wish to express my appreciation for the splendid vote of confidence that gave me the nomination in the second primary of last Saturday. I feel no grudge against those who opposed me, and expect the full cooperation of everyone in making the best representative that it is possible for me to make. The greatest desire of my life is to give you the service you have a right to expect, and that those who helped me will not regret having done so and those who opposed me will be proud I won.

I expect and invite constructive criticism and advice from anyone with an unselfish motive, and your sympathy and cooperation will to a great extent determine my success in getting worthwhile things through the Legislature.

I accept this important position with humility and a feeling of grave responsibility to the people of this district and the state, fully realizing

Mahon Thankful for Support in District

From his home in Colorado, George Mahon, successful candidate for Congress from the new 19th district, sends this statement for publication in The Times:

"I feel under everlasting obligations to the people of the 19th congressional district for the vote given me Saturday. I find myself incapable of fully expressing my appreciation.

"In the great task that is before us I solicit the support and good will of all our people throughout the district."

the desperate conditions that confront the Legislature and the complex problems it will be called on to deal with, and try to make myself equal to the occasion and give my wholehearted service to the best interest of all concerned, and the future welfare of the people of Texas.

With best wishes,
LEONARD WESTFALL.

 For the cause that needs assistance;
 For the wrongs that need redress;
 For the future in the distance,
 And the good that we can do.

Snyder, Texas, Thursday, August 30, 1934

THE WEEKLY DOZEN

Tillie Talks of Slogans.
 Talkative Tillie says "It's Time for Tom" might have been a good campaign slogan in its day, but she thinks "It's a Jolt for Jimmie" would be more appropriate since August 25.

They Didn't Need a Rain.
 Pessimism Pete says the rain was scared off in Scurry County before election day because most of the candidates were already doing plenty of mud-slinging in the midst of a wholesale drought.

Wise Birds, Those Ducks.
 Sweetwater reports that duck have arrived at Lake Sweetwater, although the hottest weather of the year is at hand. Maybe the wise birds are on their way to Austin, where they are lending succor to the legislative lame ducks.

The ABC of Safety.
 "Always Be Careful" has been suggested as the ABC for the cause of safety. Because that motto is being constantly violated in homes, places of business and especially in automobiles, thousands of people die needlessly every year. In no other nation do accidents take such a heavy toll. Let's all learn our ABC's.

Not Traditional Education.
 There's no basic solution for business problems except in education but not in more education of the traditional kind—Edward A. Filene. You have stated the matter plainly, Mr. Filene. Thanks to a large group of educational leaders who have dropped a generation behind the thinking of our times, we have a knowledge-grounded but wisdom-missing set of educated citizens.

Alien Shows a Gain.
 A survey at Abilene reveals that general conditions are much better than they were a year ago. The Taylor County city has more electric customers, more gas customers, more telephones, more water meters, heavier postal receipts, larger bank deposits, more automobile registrations. As General Johnson might say, put that in your pipe and smoke it, you hewlers against the New Deal.

The Golden Rule of Driving.
 "If every motorist would drive his car as he expects others to drive, our highway accidents would be decreased to a minimum," declares Chief L. G. Phares of the state highway patrol. "To accomplish this end it is necessary to drive carefully and courteously and to be sure that brakes and other car equipment are 100 per cent perfect and effective." Mr. Phares had particular reference to the new Texas "info-map" just issued by the Gulf Company, which carries a resume of Texas traffic rules.

Busting the Color Line.
 It took a shrapnel shell,
 Straight from the jaws of hell,
 To bust the color line,
 Till even a fool could tell
 A nigger's man and a man's divine.

The Red Cross Moves On.
 Local persons who have taken a keen interest in the American Red Cross will be pleased to learn that membership enrollment for the year ending June 30, 1934, was 3,802,284 for the United States and its insular possessions. This enrollment shows an increase of 100,518 members over the roll call of the previous year. The Scurry County roll call is not far away. Each individual who believes in lending a helping hand to humanity should begin now to make plans to join 100 per cent in helping the new roll call chairman, Maurice Brownfield.

Texas Invites the World.
 Texas invites the world to her Texas Centennial celebration in 1936. And, peculiarly enough, some parts of the world may be more interested in the giant celebration than some parts of Texas. The Congress named a special Centennial committee months ago. Lions International, from its Chicago office, has sent letters to Texas Lions Club presidents saying: "Here is an opportunity to get in on an activity, the success of which will mean much to Texas, and we recommend your hearty cooperation with the Centennial Commission, with Lionism taking the lead in this great project."

Fighting the New Deal.
 Enemies and caustic critics of the New Deal are arising on so many hands that one wonders what it's all about . . . unless one reads between the lines. The new Liberty League, so widely publicized, is headed by men who have crows to pick with Roosevelt because he whipped them politically. Industrialists, whose pie is being eaten in some cases by someone else, are raising a heavy kief. For instance, chev this morsel from the Industrial News Review, which is controlled by "individual" capitalists: "There can be no progress if the individual is suppressed—if he is

Pledge
 I will think—talk—write . . . Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be . . .

A Pledge To Our New Officials.

The Times has been in a peculiar political situation this year. The eight ballots cast in each primary by Times families and employees showed marked differences. Only one candidate has been supported editorially.

In view of this divergence of opinion in its own ranks, this newspaper naturally awoke Sunday morning to find some of its favorites to be winners, some of them to be losers. But it makes little difference to us who goes into county or district or state office on January 1—as far as our support of the new set of office-holders is concerned. The majority has spoken. We shall put our shoulder to the wheel now, and help every office-holder to fill his job. We shall not bicker about the foolish pre-election differences. The county, the district, the state must be served.

Who among us is small enough to prostitute the efficiency and the honesty of government to selfish political ends? Let's keep our eyes peeled for such narrow-minded folks.

The Times, however, does not propose to sit idly by and watch office-holders eat out of the public trough and give nothing in return. If our state representative, our congressman, our governor, our sheriff, our commissioner, our attorney general—if any official—fails to live up to his pledges and the confidence of the majority that elected him, our editorial columns will count it a duty to turn against him.

Our pledge, then, is this: Wholehearted support in exchange for wholehearted public service; wholehearted rebuke in exchange for wholehearted disregard of public trust.

EDITORIAL OF THE WEEK

CRIME COSTS ANNUALLY \$12,930,000.00.

A committee of United States Senators which has been making a study of the cost of crime in the United States places the figure at nearly \$12,930,000.00 annually. This is a staggering sum, so large that it is beyond comprehension. Every citizen who pays taxes, directly or indirectly, helps to foot this bill, and will continue to pay increasing amounts unless the wave of crime subsides.

Numerically the number of professional criminals is small indeed, but they seem to evade arrest, or if captured, make their escape either from the jails in which they are placed or through the courts.

In spite of the fact that criminals run rampant over the country, robbing banks, kidnaping men, women and children, and shooting down citizens at the least provocation, there is little being done about it. True, officers spend much time and money in running them down and make arrests occasionally, but being arrested seems to be the least of their troubles. Every criminal knows there is a chance to escape jail, and if prevented, there are the courts, bound by precedent and rules of procedure, which give them a 70 per cent chance of being freed. Should, perchance, a verdict of guilty be rendered after four or five years of delay, and this verdict be sustained by the higher court after another two years, they always have a governor to appeal to for a pardon.

In dozens of courts in the Southwest today cases are being tried the second and third time. The crimes vary from five to ten years of age. Children have grown into manhood and womanhood and new crimes are taking the attention of the public. The Legislatures in the various states meet and adjourn without giving the matter serious thought. Every attempt to bring about a reform in procedure and to cut the red tape that binds and limits the powers of our judges is defeated. Lawyers in the Legislature are not willing to give the people an even chance with criminals before the law. Years of effort to reform our courts and to simplify procedure in the cause of justice has brought few returns. Lawyers will not do the job for us. If the people are to be relieved from the constant menace of criminals; if the courts are to serve the people efficiently and without unnecessary delay, the laymen, not lawyers, will have to force the issue. If the lawyers refuse to act, then let us quit sending lawyers to the Legislature.—Farm and Ranch.

CURRENT COMMENT

By LEON GUINN
 With scattered rains in several states, it is to be hoped the grip of the 1934 drought is being relaxed. . . . Lack of rain caused short crops in 36 states, with a total of 1,406 counties devastated by the sun's parching rays. . . . It will be the policy of the administration henceforth to yell fewer pork chops, pounce on profiteers dealing in feed and food. . . . Cost in cash of the drought tips \$5,000,000,000,000, with indications that highly germinating planting seed for all crops next spring will be at a premium. . . . The AAA will slightly up acreage for 1935 along many fronts, and in this unusual condition we find that for several years farmers have failed to raise enough feed to secure a forage backlog to last over 24 months, and good feed crops will be stressed. . . . A surplus in the nation's larder exists only in cotton (for reasons) that will cause any worry. . . . The real test of the New Deal will come this winter and next spring. . . . And the outlook is bright.

A. C. Cairns of Liverpool, England, a brother of Kent County bee and frog raiser B. C. Cairns, is an interesting type of Scotch financier fast disappearing from the American Southwest. . . . Wealthy, he made a pot in cotton, is still a member of the Liverpool Cotton Exchange, leads a sedate life in Liverpool. . . . He owns a 49-section Kent County ranch, has invested many thousands in the affair. . . . A Texas legal firm handles his interests. . . . He has previously been mentioned in Texas papers, and the majority of Scotch and English traders that invested in Texas have dwindled.

made a vassal of an all-powerful state. Independence of thought, faith in our capabilities, inflexible character—these things can we lay our past achievements. We must not lose them."

Softballing to Happiness.
 Many a Snyder business man is softballing his way out of the dumps these days. If you think the depression and droughts have put folks underfoot and stamped on them, come out to the school grounds almost any evening, as spectator or player, and get a more pleasant slant on life. The softball league is a boon for Snyder. It will be a happy day when more teams are organized and more folks become interested.

MISS KELLER AT WALDEMAR

Miss Wynona Keller, daughter of Mr. and Mrs. John Keller, residing at 2905 Avenue B, was recently awarded a silver loving cup at Camp Waldemar, near Kerrville, for excellence in western riding. The above picture, which appeared in the Fort Worth Star-Telegram, shows Miss Keller in her riding togs standing by her horse.

Schedule and Regulations Of City Softball League Effective Friday

Opening play on a schedule of 18 softball games in which the four sides of the public square are taking part was begun Friday evening on the school grounds. Regulations for the four-team league were perfected earlier in the week. Captains of the teams are as follows: North Side, M. W. Astry; East Side, Ralph Odum; South Side, "Red" Williams; West Side, Earl Brown.

Results of the games played thus far will be found in another part of this paper. All games are scheduled regularly for seven innings. However, if one team is leading by 10 runs at the end of the fifth inning, the game will be called for the leader. Games are called promptly at 8:15 o'clock, whether a full time-up is present or not.

Each side furnishes a good, hard ball for every game. Following is the complete schedule of games until Tuesday, September 18:
 Friday, August 24—West Side vs. East Side.
 Monday, August 27—North Side vs. South Side.
 Tuesday, August 28—North Side vs. West Side.
 Wednesday, August 29—South Side vs. East Side.
 Thursday, August 30—West Side vs. South Side.
 Friday, August 31—North Side vs. East Side.
 Monday, September 3—West Side vs. East Side.
 Tuesday, September 4—North Side vs. South Side.
 Wednesday, September 5—North Side vs. West Side.
 Thursday, September 6—South Side vs. East Side.
 Friday, September 7—West Side vs. South Side.

 Rent That Extra Room—Sell That Piece of Furniture That's Idle!

TELL US WHY YOU PREFER THIS FINE BEAUTY SOAP AND YOU MAY WIN

\$1,000.00

EVERY YEAR OF YOUR LIFE!

Hurry! Enter the Contest Today
 Don't delay one day longer! Contest closes October 15. There's just time to give Camay a fair trial and to send in your entry.
 Think what it means to win \$1,000 in cash every year of your life! Or \$1,000 in one cash payment—or \$750 all at once! A new car—new clothes—new opportunities for your children! Wouldn't that make your dreams come true?
 You don't have to be an expert writer to enter and win this contest. Simple, sincere, easy-to-write letters are sure to win the prizes. Just write as if you were writing to some woman friend.
 Procter & Gamble, the makers of Camay, are conducting this prize contest to get you to try this fine beauty soap—to introduce Camay to 3,000,000 other women. You'll be glad you entered. For it's your chance, as well, to discover the beauty soap that can improve the beauty of your complexion!

EASY RULES
 1 Anyone may compete, except employees of Procter & Gamble (and affiliated companies), the Union Central Life Insurance Co., and their families.
 2 Write 100 words or less on "Why Camay is the Best Beauty Soap for My Skin." Attach to your letter 8 green and yellow Camay wrappers or 8 copies. Write as many entries as you wish, but each must be accompanied by 8 Camay wrappers or copies and signed by the actual writer.
 3 Print your name and address, and the name and address of your regular dealer or grocer on your letter.
 4 The First Prize of \$1,000 a year for life will be awarded each Christmas Day, beginning Christmas, 1934, for the remainder of the winner's life to the contestant whose letter the judge thinks best. (If the winner elects, a lump sum of \$10,000 cash will be paid as First Prize in lieu of \$1,000 a year for life.) First Prize guaranteed by the Union Central Life Insurance Co. All prizes except First Prize are one-time cash payments.
 5 Letters will be judged on the clearness, sincerity, and interest of the statements you make about Camay, and prizes will be awarded for the best letters meeting these requirements. Judges will be Katharine Clayburger, Associate Editor, Woman's Home Companion; Hildegard Fillmore, Beauty Editor, McCall's Magazine; Ruth Martin, Beauty Editor, Good Housekeeping Magazine. The judges of this contest are unbiased. They will judge only the effectiveness of the arguments submitted. Their decisions shall be final and without recourse. In the event of a tie, identical prizes will be awarded to tying contestants. All entries submitted become the property of The Procter & Gamble Co.
 6 Mail your entry to Camay, Dept. B, Box 969, Cincinnati, O. Entries must be postmarked before midnight, October 15, 1934. Prize winners will be notified by mail as soon as possible after the contest closes. Contest applies to United States only and is subject to all provisions of Federal, State, and Local Regulations.

554 PRIZES! FOR LETTERS TELLING "Why Camay is the Best Beauty Soap for My Skin"
GRAND PRIZE, \$1,000 A YEAR FOR LIFE
 (Guaranteed by The Procter & Gamble Co. and the Union Central Life Insurance Co.)
 Or \$10,000 cash in a lump-sum payment, if the winner elects.
 2nd PRIZE . . . \$1,000 cash in one payment
 3rd PRIZE . . . \$750 cash in one payment
 4th PRIZE . . . \$250 cash in one payment
 50 PRIZES OF . . . \$100 each, cash in one payment
 500 PRIZES OF . . . \$10 each, cash in one payment

Annual Convention Of Baptists Will Be Held September 6-7

Around 300 Baptists from the Mitchell-Scurry Baptist Association, which includes Mitchell, Borden and Scurry Counties, and a small portion of Nolan County, are expected to attend the annual convention of the association in Colorado, Thursday and Friday, September 6 and 7.

The program for the two-day session was announced this week by Rev. Dick O'Brien, pastor of the host church and moderator of the association.

Annual meeting of the association will be held at the Methodist church. The convention proper will open Thursday evening, when business matters will be given attention. At this time the annual associational sermon will be preached by Rev. T. A. Patterson of Roscoe.

HERE IS MORE CONCERNING Softball CONCLUDED FROM PAGE 1

North Side 9, South Side 8. In Monday's game, the North Side shut out the South Side by a count of 9 to 0. The scorekeeper recorded only 15 errors to 18, with the losers leading. Hits favored the winners, 17 to 14. The southern crew put plenty of men on bases, but they couldn't deliver in the pinches.

Box score for North Side vs South Side. Columns: Player, AB, R, H, PO, A, E. Includes players like Josephson, Theo Rigby, Autry, etc.

Box score for South Side vs North Side. Columns: Player, AB, R, H, PO, A, E. Includes players like Bradbury, Martin, E. Fish, etc.

*Nelson batted for E. Fish in 7th.

West Side 13, North Side 12. The West Side's breath-taking win Tuesday afternoon, 13-12, came in the last half of the seventh, after the North Side had pulled one run ahead with a four-run rally in the first half of the final inning.

Box score for West Side vs North Side. Columns: Player, AB, R, H, E. Includes players like Brown, Smyth, Blackard, etc.

Box score for North Side vs West Side. Columns: Player, AB, R, H, E. Includes players like Josephson, Sims, Autry, etc.

Score by innings: West 6, 4, 3, 0, 2-13; North 4, 0, 0, 2, 0, 2, 4-12

East Side 5, South Side 4. Wednesday's line-up:

Box score for East Side vs South Side. Columns: Player, AB, R, H, E. Includes players like Sullivan, Cox, Stacy, etc.

Box score for East Side vs South Side. Columns: Player, AB, R, H, E. Includes players like Jones, Shipp, Curry, etc.

Score by innings: R, H, E. South Side 004 000 00-4 5 7; East Side 210 001 01-5 7 3

READ THE WANT ADS FOR PROFIT

How About A Labor Day for Ma?— by A. B. Chapin

DEFINITIONS. Boy—A noise with dirt on it—Punch. Jealousy—The friendship one woman has for another.—The Arcadians. Home—The place in which we are treated the best and grumble the most. Conscience—An inner voice that warns us somebody is looking.—H. L. Mencken. Saxophone—An ill wind which nobody blows good. Detour—The roughest distance between two points. Telephone booth—A sort of vertical coffin where sweet dispositions are buried.—Ed Dynn. A Lie (small boys' version)—An abomination to the Lord, and an ever present help in time of trouble. Middle aged—A person 10 years older than you are. Etc.—Sign used to make others believe you know more than you do.

Vegetables Grown On Sub-Irrigated Plot Almost Ripe. It won't be long now until the vegetables that are growing on the sub-irrigated city garden will be "ripe". With only three waterings since the first planting July 13, the co-operative garden spot promises to yield many dollars worth of vegetables within a few weeks. But the vegetables, which will be distributed to families on relief, will not be the most important results of the project. The main thing is that the 3,900 pieces of tile used in the garden may prove to be of immense help, by example, to Scurry County farmers. Seven home demonstration club women are already using tile to advantage, according to Miss Nellie Ward, demonstration agent. The agent points out that one-third to one-half the amount of water necessary for surface watering is sufficient for sub-irrigation. Lima beans, pintos, beets, carrots, Swiss chard, spinach, turnips, rape and radishes have been planted. The greens are just about ready for eating. The installment plan of a dollar down and a dollar a week the remainder of your life is discouraging. But think what a reputation it makes for a lot of sales managers.

Red Cross Membership 3,802,384; 100,000 Increase Over Last Year

Chairman John Barton Payne of the American Red Cross last week announced from Washington that the membership enrollment in the National Red Cross for the year ending June 30, 1934, was 3,802,384 for the United States and its insular possessions. This enrollment showed an increase of 100,515 members over the roll call for the previous year. Maurice Brownfield, new roll call chairman for Scurry County, calls attention to the fact that this county has enrolled many more members during the past two years than at any time previous. He is making plans for a thorough canvass of the county when the 1934 roll call opens in November. Chairman Payne pointed out that during the five years of the depression the Red Cross membership had shown a decrease of only 7.8 per cent for the entire period, and during the past year the roll call showed an increase of 2.72 per cent over the previous year. Red Cross Shows Gain. "I am gratified to be able to report this fine showing on Red Cross membership," Chairman Payne said. "It not only shows that the Red Cross did not suffer a serious loss at any time during the period of stress, but that such small decline in membership as was inevitable is now being erased, and the response to our roll call is now on the upgrade. "This fine enrollment of men and women in the Red Cross is evidence that the country realizes the vital work the Red Cross has done and its increasing responsibilities of the past several years. "An important activity of the National Red Cross and its 3,700 chapters during the past year has been cooperation with the government agencies for relief. The Red Cross trained approximately 75,000 Civil Works Administration workers in first aid methods, thereby materially cutting the rate of accidental deaths and injuries. Government Assisted. "Red Cross chapters have disseminated information on government relief measures in their communities. Many nurses and other 'white collar' workers, placed on Civil Works Administration rolls, had their activities directed through Red Cross chapters. Enrollment of boys and war veterans for Civilian Conservation Corps camps was handled by Red Cross chapters in many places. "Chapters and emergency relief units have worked together for the common good of our citizens. "Immediately upon President Roosevelt's taking office in March, 1933, the Red Cross pledged him its support and use of all its facilities. Efficiency Maintained. "Because of our membership and continued public support, the Red Cross is enabled to maintain every one of its services at maximum efficiency. It has responded this year to calls for help from 86 disaster-stricken communities. More than 250,000 ex-service men and their dependents have been aided. "Increased support by the nation-

al organization for public health nursing services has been forthcoming because we have realized the strain upon the health especially of our mothers and children during the prolonged period of unemployment. We have placed great stress upon our instruction courses in home hygiene work and care of the sick in order to further safeguard the public health. "First aid and life saving instruction has reached a greater number of persons than in any year before in its history. Volunteer activities in sewing, in community relief through training volunteers in social work, in organizing motor corps to assist all agencies, in hospital business and recreation work—all have revealed a greater public interest and feeling of responsibility for community welfare. Horses Return to Fair. The return of the horse, the jack, the jennet and the mule to Texas is best evidenced in the increased interest in horses and the large number which will be on exhibit, will be shown in the charity horse show, will be raced on the track and will be auctioned off at a sale—all of this at the 1934 State Fair of Texas. A deserving old man of Sweetwater had a beautiful, dutiful daughter; She washed all the dishes, And fed the goldfishes, And did everything just as she oughter.

THE TRUCK THAT COSTS SO little to run

New Chevrolet Valve-in-Head Six, Largest Selling Truck in the World. Now offered at Greatly Reduced Prices

now costs as much as \$50 less to buy

To the savings effected by Chevrolet's great economy, rugged construction and outstanding dependability has recently been added a saving of as much as \$50 in the purchase price. You can now obtain a big, fast Chevrolet truck for every purpose at prices among the lowest for which Chevrolet trucks have ever been sold. And these low prices bring you the same features that have made Chevrolet trucks so popular in every hauling field—the valve-in-head, six-cylinder engine—the sturdy bodies—the exceptionally heavy frame, axle, and transmission. Your Chevrolet dealer will gladly show you how Chevrolet trucks can help to reduce your hauling costs, and how easy they are to buy at these new low prices combined with convenient G.M.A.C. terms.

Miss Ruth Plunkett of Big Spring spent Tuesday of last week with Mrs. K. B. Rector.
Mr. and Mrs. Bob Walker are the proud parents of a five-pound girl, Bobbie Joyce, who made her appearance Sunday at 9:30 p. m. Mother and baby are doing nicely and the father is expected to slowly recover.
The new arrival is a granddaughter to Mr. and Mrs. Roscoe Williams who are also doing fairly well.
The people of this community are mourning the passing of two former citizens who have gone on to dwell in that celestial home with their blessed Masters. Both were well known here. R. L. Gartman, Sr. passed away in his home in the Mt. Zion community Saturday night at the age of sixty-eight years. Rev. C. C. Scott of Westbrook conducted the funeral services in the tabernacle here Sunday afternoon. Pall bearers were Messrs. Dixon, Irvin, Jones, Smith and Walker of Mt. Zion community. Ray Dacus of this place, D. Z. Hess, Dave Ammons, Fred and Jim Glass, Lee McMillan and Vern Gilmore of Pylon. Flower girls were: Misses Kathleen Wilson, Wynona Higginbotham, Roberta Mays and Ellen Dixon. Deceased is survived by his wife and five children as follows: R. L. Gartman, Jr., Sweetwater, W. M. Gartman, Blum, Mmes. H. M. Mays, Sweetwater, Hall Higginbotham and James M. Bralley of this place. Eleven grand children and two great grand children also survive. Interment was made in the Pylon Cemetery with the Masons in charge of the body. We join the community in extending sympathy to the loved ones in their sad hours of grief. The other deceased was in the person of T. W. Winkle, a former business man who died in a sanitarium at Wichita Falls Thursday evening after a kidney operation. He was in business at Grandfield, Oklahoma at the time of his departure. He leaves a wife and two sisters and two brothers to mourn their loss. Interment was made in the Granite, Oklahoma, Cemetery Friday afternoon. Mr. and Mrs. Jay Vaughn were the only funeral attendants from this place.
Mr. and Mrs. W. E. (Ged) Hassell of Best returned home this morning (Tuesday) after visiting in the W. A. Louder home a few days.
We are glad to report that it is raining as this is being written Tuesday. A big rain would mean several hundred dollars to farmers of this community.
Mr. and Mrs. C. H. Callis of Snyder spent Saturday night with Mr. and Mrs. J. L. Pargason and son, J. L. Jr.
Mrs. Della Morgan of Collin County and Mrs. Hudson Powell and little son of Fort Worth returned home last Tuesday after visiting several days with their mother and grandmother, Mrs. Laura Patterson. Miss Etta May and Nelson Powell of Fort Worth remained for a more lengthy visit.
Will Wilson of Sweetwater attended the funeral Sunday of R. L. Gartman.
Mr. and Mrs. W. W. Early and daughter, Vera, left Thursday morning for San Marcus to get their daughter and sister, Ila, who has been attending school there. They left there for Port Aransas to visit their daughter and sister, Mrs. Allen Fox and family. They will return this week. Mr. and Mrs. Jeff Knoles of Sardinia are running the Early Filling Station.

"THE BEST FOR LESS"

GEORGE MAHON AND WESTFALL WIN VICTORIES

Colorado Man and Stonewall Judge Go to District Jobs by Very Decisive Margins.

Lacking only 1,500 votes of gaining a two-to-one victory, George Mahon Saturday became the first congressman from the new 19th district. At the latest count, with only a few hundred ballots not counted, the district attorney from Colorado was leading 35,054 to 19,122.

In the other district race, Leonard Westfall, county judge of Stonewall County, became state representative to succeed Joe Merritt of Scurry County, with approximately 1,000 votes to spare. Latest totals are 5,032 for Westfall, 4,108 for Merritt.

Mahon's victory was district-wide. He carried 21 out of the 25 counties in the district, losing only Lubbock, Mulliken's home county, and three small counties—Bailey, King and Yoakum. In Lubbock County, Mulliken's margin was only 4,292 to 3,643. Mahon's lead was especially impressive in Mitchell County, his home, and Scurry, Howard and Borden, which have been in his judicial district.

Although Merritt led in three out of the six counties in the district, as he did in the first primary, his margin was sliced by Westfall's home-county vote of 295 to 1,028, and his Kent County leadership of 583 to 296. Merritt gained ground in Dickens County in the runoff, losing by a margin of 1,158 to 1,144. Only 63 votes separated them in Scurry County.

A few votes from Stonewall, Kent and Garza Counties are not included in the following results, but they will not alter the standing of the two candidates:

	Merritt	Westfall
Scurry	1426	1372
Dickens	1144	1159
Stonewall	295	1093
Garza	744	844
Kent	296	583
Borden	203	115
Totals	4108	5032

Camp Springs

Mrs. J. P. DeShazo, Correspondent.

Tom Jones of Pecos, N. M. and Miss Allene Hamilton of Coleman were quietly married in the home of the bride's parents in Coleman, August 22nd. Enroute to their New Mexico home they visited Mr. and Mrs. Jim Jones here and other relatives near Roton. Mr. Jones formerly lived in this community. Local friends wish them much happiness.

Miss Helen Guinn and Leon Guinn were in the Guinn community Sunday for church services.

Miss Pauline Jenkins of Snyder spent last week with Misses Mildred and Callie DeShazo.

Miss Ruth Letcher of Snyder is a guest this week of Misses Oma and Betty Bavousette.

Misses Mary Ellen Davidson and Mary Alice Simpson were slightly injured Friday night when a car in which they were riding turned over at the double corner two miles north of Plainview school house. Miss Davidson sprained her wrist and Miss Simpson suffered several cuts on her back.

James and Ellsworth Simpson had as their guest last week their cousin Jeff DeShazo of Snyder.

Miss Frances Slavy of Fuvanna spent last week with her aunt, Mrs. W. F. Talley and other relatives.

The Methodist meeting is in progress here with Rev. Frank Story of Fuvanna helping our pastor, C. E. Young of Hermeleigh, Myrti Gary of Dunn is in charge of the song services.

Newton Reep of Tulla and Miss Beatrice Buckner of Snyder were married here August 20. After a short visit with relatives here they will make their home in Tulla. Mr. Reep is the son of Mr. and Mrs. Martin Reep of this place.

Mr. and Mrs. Roy Hargrove of Roton and Mr. and Mrs. W. M. Davidson and family of Dunn were guests over the week-end in the W. C. Davidson home.

W. H. Talley is in Fuvanna this week doing some carpenter work.

Mr. and Mrs. Marion Reep and children of Tulla spent last week visiting relatives here.

Local Happenings

Mr. and Mrs. Emmett Askins of Stamford were visiting homefolks here Sunday.

Mrs. J. C. Smyth and daughter, Margaret, visited with friends in Colorado Friday.

Miss Sula Sloggin is visiting with relatives in Oklahoma City. She will be gone several weeks.

Mrs. Z. Teague of Eastland is visiting with her sister, Mrs. W. R. Hudson, and other relatives here.

Mr. and Mrs. Harry Ward of Abilene are visiting Mrs. Ward's parents, Mr. and Mrs. Ollie Sims, in Colorado Friday.

Mr. and Mrs. W. O. Logan of Fort Worth spent the week-end here several years.

Miss La Vera Cox, who has been a guest of her aunt, Mrs. Nathan Rosenberg, returned to her home in Sidney Tuesday.

Misses Irene Powell and Elizabeth Grantland of Colorado were week-end guests of Misses Margaret Deakins and Rubie Lee.

Loren Cotton left last week for Seagraves, where he will teach Spanish and history in the high school during the school term.

Mrs. Wayne Boren has as her guest her mother, Mrs. J. W. Bondurant, and her grandmother, Mrs. E. Gallup, both of Fort Worth.

J. I. Burroughs left on the Saturday night train for Fort Worth, where he was the week-end guest of a brother, who was seriously ill.

Mrs. Della Bailey and Miss Jo Bailey returned home from Denton Friday. Miss Bailey has been attending school there during the summer.

Mrs. A. C. Prentiss has as guests her mother, Mrs. W. M. Clark, of Fort Worth; her brother and family, Mr. and Mrs. J. Freeman Clark and son, of Dallas.

Misses T. L. Lollar and W. D. Beags and Miss Jeanette Lollar visited with Mrs. Beags' daughter, Mrs. Price Stoll, on her ranch near Maryneal this week.

Mrs. Ray DeRusha and children of Plainview are here visiting her mother, Mrs. Josie B. Hood, who is ill in the home of her daughter, Mrs. W. H. Askins.

Miss Virginia Wills, who is attending Draughon's Business College in Abilene, spent the week-end with her sister, Mrs. Grace Wills, and her mother, Mrs. A. D. Johnson, here.

Donald Darby of Austin, son of Mrs. Louise Darby and a former resident of Snyder, has been visiting with his grandmother and other relatives here. He returned home Sunday.

Mr. and Mrs. Nathan Rosenberg had as their guests this week Mrs. Rosenberg's mother, Mrs. J. W. McCarty of Pecos, and her brother, L. R. McCarty, and wife and son of Stephenville.

Mr. and Mrs. R. T. Vaughan of Claude, who are returning from Colorado, visited with Mrs. W. G. Talston the first of the week. The Vaughans were accompanied here by Mrs. Charles Head of Hubbard.

Mr. and Mrs. S. T. Elza had as their guests last week and during the week-end Mr. and Mrs. John Elza of Anson. Mr. and Mrs. J. B. Johnson of Alvarado and Mr. and Mrs. Oren Elmore and son, Oren Jr., of Abilene.

Mr. and Mrs. Overt Littlepage and children, Elda Jean and Junior, have returned from Fort Worth, where they have been visiting relatives. Dr. Henry Littlepage removed Elda Jean's tonsils while they were there, and she is recovering nicely.

Miss Edith Grantham spent the week-end with her sister, Mrs. Allan Moses, in Lubbock. She attended a breakfast given for Mrs. Roy Young of Littlefield, the former Miss Gladys Wales, at the Hilton Hotel, Lubbock, Sunday morning.

Mrs. Young was Miss Grantham's house guest the week before her marriage here August 12.

Miss Brent Anderson of Culver City, California, returned to Snyder Thursday of last week from Berkeley-Simmons University, Abilene, where she had been the guest for two weeks of Miss Everne McFarland. Miss McFarland, who returned with her after completing her summer school course, will continue her work when the fall term begins next month. Miss Anderson is visiting her parents, Mr. and Mrs. E. J. Anderson.

Allred Whips Hunter After Caustic Fight

Woodul, McCraw, Smith and Sharp Other Winners in One of State's Keenest Runoffs.

James V. Allred, termed "Just a boy" by his political enemies, wound up one of the state's most caustic gubernatorial races Saturday with most of the laurels. At 36 years of age he will step into the governor's chair, despite the run-off threat of Tom P. Hunter, Wichita Falls lawyer and oil man, who carried the ever-present Ferguson mantle.

Latest returns to the Texas Election Bureau, including 282 out of 284 counties, with 211 complete, gave Allred a lead of 44,342 votes. His total was 496,846; Hunter's was 452,200.

In the most bitterly fought campaign of all, William McCraw of Dallas led Walter Woodward of Coleman by about 89,000 ballots. The latest totals were McCraw 493,457, Woodward 408,664.

John H. Sharp of Ellis County provided the run-off's chief surprise when he beat out H. S. Lattimore of Fort Worth by about 15,990 votes. Latest figures give Sharp 445,655, Lattimore 429,661.

Walter Woodul of Houston led the lieutenant governor's field, as expected, 513,433 to 397,519 for Joe Moore of Hunt County.

The other state race finds Lon A. Smith, veteran of many political wars, returning to his railroad commissioner post. He was leading John Pundt of Dallas, 499,588 to 329,452, at latest reports.

Yesterday everything had been happy. Tonight they sat at extreme ends of the settee, in unbroken silence.

Harold could not fathom the cause. Had he not written a poem in her honor?

"Mister Holt," said the girl at length, "do you know that the feet of the Statue of Liberty, in New York Harbor, measure 18 feet six inches?"

"So I have heard."

"The waist is 35 feet around," she continued. "The nose is four feet six inches long; the mouth is a yard across; the diameter of the head is 10 feet. Did you know these facts?"

"Y-yes."

"Then will you explain why you state in your poem that I remind you of the Statue of Liberty?"

In her school essay on "Parents," a little girl wrote: "We get our parents at so late an age that it is impossible to change their habits."

Four New Teachers To Be Presented As Schools Open Here September 10

When Snyder schools open Monday morning, September 10, four new faculty members will be presented by C. Wedgeworth, who is starting his eighth year as local superintendent.

In high school, Hadley H. Reese of Pecos will teach mathematics, and Mrs. Lee will be in charge of the home economics department. Bub Curry of Crosbyton will teach in grammar school and coach athletics in that department, and Miss Velma Sharp of Abilene will also teach in grammar school.

Water in Borden Test. Continental Oil had a disappointment in Borden County at No. 1 Clayton & Johnson, sulphur water being picked up at 3,525 feet and drilled to total depth of 3,375 feet, where it probably will be abandoned. Sunday's Dallas News said.

Big Enrollment Expected. At least 1,000 students are expected to enroll Friday and Saturday, September 7 and 8. Friday will be junior and senior registration day; Saturday, freshman and sophomore. The first teachers' meeting will be held Saturday morning.

Last year an aggregate of 1,187 students were enrolled for the year, and the 1934 scholastic census shows 125 more than last year's census. These figures give rise to the belief that this year's total will pass last year's record mark.

The local school's 33 credits are affiliated.

Woodard Bus Stopped. Woodard school, which transferred its students to Snyder last year, is conducting its own classes this year, so the bus that ran east last year has been discontinued. The bus that collected high school students northwest and north may also be discontinued.

Last year's faculty members in the local schools were as follows: High school—R. L. Williams, principal; Mrs. J. P. Nelson, Misses Mattie Ross and Maurine Cunningham, Miss Effie McLeod and W. F. Cox.

Junior high and grammar school—R. S. Sullivan, principal; Clyde Rowe, Misses Jo Halley, Hattie and Gertrude Herm, Jessie Sumson, Bonnie Gary, Nona Carr and Dorothy Strayhorn; Misses Helen Boren Rodgers, C. W. Popcoe, Opal Wedgeworth Darby, Oma Ryan and Juste York Lemley.

Woodard Bus Stopped. Woodard school, which transferred its students to Snyder last year, is conducting its own classes this year, so the bus that ran east last year has been discontinued. The bus that collected high school students northwest and north may also be discontinued.

Last year's faculty members in the local schools were as follows: High school—R. L. Williams, principal; Mrs. J. P. Nelson, Misses Mattie Ross and Maurine Cunningham, Miss Effie McLeod and W. F. Cox.

Junior high and grammar school—R. S. Sullivan, principal; Clyde Rowe, Misses Jo Halley, Hattie and Gertrude Herm, Jessie Sumson, Bonnie Gary, Nona Carr and Dorothy Strayhorn; Misses Helen Boren Rodgers, C. W. Popcoe, Opal Wedgeworth Darby, Oma Ryan and Juste York Lemley.

If You Just Can't Enjoy Game, Join Sideline Johnnies

Some fellows have such a poor sense of values that they just can't appreciate professional football.

But in the Snyder football league, where the sideline Johnnies are as wild as the game is the wizards of sweat-and-error, one may join the razzing section with assurance of getting his money's worth.

Indeed, Hugh Taylor and Hollerlin Holcomb, yell leaders for the buzzard's roost, invite newcomers to the razzing league. All you need, in order to forget your mother-in-law and other dry-weather subjects, is a capacity for hot air and the ability to appreciate:

1. Warren Dodson, lone eagle razzing, getting soaked in the ear with a batted ball.

2. Norman Autry turning two somersaults after tripping over Red Williams' shins.

3. Jack McCarty trying to stretch a home run into a double.

4. Watt Scott starting a double play but never finishing one.

"Dad," said the small boy, looking up from his book, "where is Atoms?"

"You mean, 'where are atoms?'" said his father. "There is no place called Atoms."

"No, I mean a place."

"You must be thinking of Athens."

"No," the small boy insisted, "I mean Atoms—the place where the things get blown to."

"Dealer—"Let me sell you some of our new patent bait, sir."

"Fisherman—"is it effective?"

"Dealer—"Effective? Why, I sold a man some of it last week, and he got turned out of the church for telling the truth about the fish he caught."

Four New Teachers To Be Presented As Schools Open Here September 10

When Snyder schools open Monday morning, September 10, four new faculty members will be presented by C. Wedgeworth, who is starting his eighth year as local superintendent.

In high school, Hadley H. Reese of Pecos will teach mathematics, and Mrs. Lee will be in charge of the home economics department. Bub Curry of Crosbyton will teach in grammar school and coach athletics in that department, and Miss Velma Sharp of Abilene will also teach in grammar school.

Water in Borden Test. Continental Oil had a disappointment in Borden County at No. 1 Clayton & Johnson, sulphur water being picked up at 3,525 feet and drilled to total depth of 3,375 feet, where it probably will be abandoned. Sunday's Dallas News said.

Big Enrollment Expected. At least 1,000 students are expected to enroll Friday and Saturday, September 7 and 8. Friday will be junior and senior registration day; Saturday, freshman and sophomore. The first teachers' meeting will be held Saturday morning.

Last year an aggregate of 1,187 students were enrolled for the year, and the 1934 scholastic census shows 125 more than last year's census. These figures give rise to the belief that this year's total will pass last year's record mark.

The local school's 33 credits are affiliated.
