

EAST TEAM ON TOP PERCH OF LEAGUE ROOST

Odum's Crew Takes Two Softball Games In Succession as South Side Also Gains Ground.

By winning easy games from the North Side and the West Side since last Wednesday, Ralph Odum's East Side crew of softball artists took possession of the top perch in Snyder's softball league.

Pressing them for honors was Red Williams' South Side delegation, which downed the West Side in easy fashion and then won a breath-taking victory from the North Side.

Team standings through Wednesday show up like this:

Team	P.	W.	L.	Pct.
East Side	4	3	1	.750
South Side	4	2	2	.500
North Side	5	2	3	.400
West Side	5	2	3	.400

Three Walk-Aways

Three of the five games played during the past week were walk-aways. The North Side and the South Side put up a battle Tuesday afternoon for nine innings, with the Southerners finally winning in the last of the ninth as Stacy socked a home run with the bases loaded. The score was 7 to 6.

The West Side, after dropping two poorly played tilts to the South and the East, 11 to 0 and 12 to 1, to lose their last week leadership, made it rough for the North Side yesterday afternoon. The West-siders finally lost, 4 to 3, despite a seventh-inning rally.

Half of the 18-game schedule is over, and it is still anybody's team to win.

East vs. South Today

The East and the South meet this afternoon. If the East wins again, its average will be boosted to 800, while the South will fall to the 400 level of the other two. A South Side win would tie the two squads for leadership with an average of .500 each.

Following is the remainder of the schedule through next Wednesday:

Friday, September 7—West Side vs. South Side.

Monday, September 10—North Side vs. East Side.

Tuesday, September 11—West Side vs. East Side.

Wednesday, September 12—North Side vs. South Side.

Complete box scores of all games from Thursday to Thursday will be found on page eight.

Brownfields Enjoy Piggly Wiggly Meet In Southern State

"It was one of the greatest trips of our lives," Mr. and Mrs. Maurice Brownfield said Saturday when they returned from the annual national convention of Piggly Wiggly operators, held at Asheville, North Carolina, August 27, 28 and 29.

Aside from convention highlights, the local grocerman and his wife were thrilled with the scenery of the Old South beyond the Mississippi River.

Outstanding speaker on the sparkling three-day program was Albert H. Morrill of Cincinnati, president of the Piggly Wiggly Corporation. He and other speakers stressed features of the New Deal program as it affects the grocery industry. Constructive criticism was given in many cases, according to Mr. Brownfield.

Mrs. Brownfield's most memorable experience was a visit to the famed 11-million-dollar Vanderbilt estate near Asheville.

O. D. Dial Holding Hermleigh Meeting

After spending 13 weeks in revival services throughout West Texas, O. D. Dial, minister of the Church of Christ, is back in Scurry County.

He is conducting a meeting this week, probably through next Sunday, at Hermleigh. He ended a series of services at Roton the past Sunday night.

The minister states that he will probably be in the local pulpit after this week.

Committee Making Trades Day Plans

Definite plans for a Snyder Trades Day are being mapped this week by a committee named Tuesday night at a meeting of business men in the district court room.

It was decided at the meeting that details of the special day would be left up to the committee, named by J. W. Scott, secretary of the Chamber of Commerce, who presided. Several plans of procedure were discussed in open meeting.

The committee is composed of Forest Adams, W. G. Weininger, Earl Fox, Abe Rogers and Pat Brown. It expects to make a report to business men individually some time next week.

Final Rites For C. B. White Held Sunday At 4:00

Funeral rites were held Sunday afternoon, 4:00 o'clock, at the Church of Christ for C. B. White, 64 years old, whose lifeless body was found Saturday morning at 8:15 o'clock in the courthouse boiler room by a number of workmen.

The head of the deceased was in a bucket into which a gas bottle had been run. An empty bottle with a carbolic acid label was found nearby. A note addressed to Warren Dodson, county attorney, found on a table in the room, indicated that the courthouse caretaker took his own life. Coroner Dave Nation rendered a verdict of suicide.

O. D. Dial conducted final services, and Odum Funeral Home was in charge. Burial was in the Snyder cemetery.

Prior to becoming courthouse caretaker several years ago, Mr. White was a carpenter. He erected a number of ranch and farm homes in this area.

Surviving are Mrs. White; six daughters, Meses. Homer Walton, Claud Harless, Homer Robison, Bill Greene, W. H. Waldrip and Clarence Williams; one son, Odie White; his mother, of Shamrock; and one sister, Mrs. S. Shelton, of Shamrock.

Walter Camp, Warren Dodson, C. L. Banks, Bob Harless, Dee Robison and Charles Kelly were active pallbearers. Honorary pallbearers were R. C. Higgins, J. L. Caskey, Ira Sturdivant, R. H. Curruite, Joe Caton, Lee Stinson, G. B. Clark Sr., Joe Drinkard, Forest Jones, O. P. Turane, Joe Monroe, I. H. Spikes, Lee Grant, Abe Rogers and Dr. W. R. Johnson. Flower girls were Meses Juanita Sturdivant, Laura Banks, Frances Clements and Inez Caskey.

Funeral For Mother Of Snyder Woman At Dunn Tuesday

Mrs. W. H. Richardson of Dunn died at the C. L. Root Hospital as a result of complications caused by a broken hip early last week. Funeral services were held at the Dunn Methodist Church last Tuesday afternoon, with Rev. Cal C. Wright, pastor of First Methodist Church at Colorado, officiating, assisted by Rev. W. G. Anderson of Dunn.

Survivors, besides her husband, include three daughters and two sons. They are: Mrs. W. A. Taylor and Mrs. Fred Bowers of Dunn and Mrs. Pearl Heed of Snyder; T. A. Richardson of Colorado and Earl Richardson of Dunn.

Frank Crowder, Richard McFarland, Oscar Bowers, Harrison Durham, Pete Coker and H. M. Murphy were pallbearers. Burial was in the Dunn cemetery.

More Activity For County Test Wells

The wildcat well two miles southeast of the Ira pool drilled by Paul C. Teas and Darby Petroleum Corporation, No. 1 Chapman, pumped out an eighth barrel of oil yesterday following a second acid treatment last week. It was estimated good for 25 to 30 barrels daily, and has been adding more storage and a pipe line connection.

DUSK ROBBERY AT HERMLEIGH

Entering the Hermleigh drug store at dusk Tuesday, three unknown men held W. L. Jones, owner, and Lige Hays at pistol point while they loaded two slot machines into their waiting automobile. No other property was taken.

The sheriff's department reported yesterday that no trace of the trio had been discovered.

One of the bandits held Mr. Jones at bay while his two companions took the slot machines. When Mr. Hays, who sleeps in the rear of the store, tried to throw up his hands, he promptly was discovered by the sleeping quarters, the man with the gun threatened him gruffly.

Mr. Jones was close to the store when the robbery occurred. Only he and Mr. Hays witnessed the hold-up. The car carrying the trio sped west from the store, the drug men believe.

GROUP TO ASK FOR EXTENSION OF STATE ROAD

Lengthening of Highway No. 101 To Sterling City Will Be Asked At Austin Monday.

A group of men from Scurry, Mitchell and Sterling Counties will appear before the State Highway Commission Monday to seek extension of State Highway No. 101 from Colorado to Sterling City.

Appointment of the group was made at Colorado Tuesday morning at a gathering of representatives from the three counties. Dunn was represented at the meeting by J. C. Reakley, W. A. Johnston and L. A. Russell; Snyder by J. W. Scott, Joe Monroe and John Spears.

The group designated to appear at Austin includes county judges and commissioners from the three counties, and one other man from each county. Scurry will be represented by J. W. Scott, secretary of the Chamber of Commerce; Mitchell by Jimmie Greene, who holds the same position at Colorado. One representative of the 50-mile strip of road will mean much more than merely additional traffic on that stretch, it was pointed out at the Tuesday session. It will mean connection of No. 101 with No. 1 at Sterling City, with No. 1 (Bankhead) at Colorado, and with No. 7 and No. 83 at Snyder.

With designation would come improvement and probably surfacing, it is declared by sponsors of the plan. In addition, the designation would probably mean hastening of the work on No. 101 between Snyder and Colorado.

The 27-mile strip is in poor condition. In Mitchell County, a new route has been graded, and drainage structures have been completed, but little of it is useable. In Scurry County, no work has been done except the making of preliminary surveys. The county Commission's Court said long ago, however, that it would provide right-of-way any time the highway department is ready for it.

Pioneer Farmer And Rancher Is Taken By Death

Prolonged ill health brought death Friday morning to J. D. Robison, 71 years old, pioneer Scurry County rancher and farmer. The end came at this home place just northeast of Snyder.

Mrs. Robison preceded her husband in death last June.

Final rites were conducted at the First Baptist Church Saturday afternoon, with Rev. J. W. McGaha, assisted by Rev. Lawrence Hays, officiating, and the Odum Funeral Home in charge.

Mr. Robison came to Ira, in Scurry County, from Midland in 1910. Five years later he moved to Ennis Creek. The family live there until 1927, when Mr. and Mrs. Robison moved to Snyder. The deceased was active in community affairs while he resided on farm or ranch. He owned real estate of several kinds in this county.

Six children survive. They are: Mrs. J. A. Green, Mrs. Jesse Koornman, Dee Robison, Hubert Robison and Homer Robison, of Scurry County; and Mrs. Joe York of Justitomburg.

J. Davis, P. T. Eades, J. L. Praetzer, Jess Green, Ben Harless and W. A. Wade were active pallbearers. Joe Stinson, Cub Murphy, P. A. Miller, O. P. Thrane, H. G. Towle, J. C. Maxwell, J. J. Koornman, E. J. Boyd, Will Williams, C. C. Woods, Com. Emling and Jasper Helms were honorary pallbearers. Misses Gladys Wade, Millie Wade and Era Hart, and Mrs. Clarence Wade were in charge of flowers.

Mrs. Mike Moore Is Claimed By Illness

Mrs. Mike Moore of the Ira community died at a Colorado hospital Tuesday when she failed to recover from an appendicitis operation. Funeral rites for the 30-year-old mother of two children were held at the Ira tabernacle yesterday afternoon, and burial was in the cemetery there. Rev. E. C. Arthur of the Big Spring Church of God, assisted by Rev. J. W. McGaha, officiated, with the Odum Funeral Home in charge.

Mrs. Moore had been an active Christian since her conversion and baptism in July, 1921. Survivors in addition to the husband and two children are the parents, and four brothers—Horace, Sigmon, Seward and Cornal Lloyd.

Lofty Tower Means Cheap School Wafer

Probably the tallest windmill tower in Snyder was erected on the school grounds late in August. It is 94 feet in height.

Low priced water for the extensive school grounds is being provided by the new mill. It sits atop the old well used for filling the Snyder swimming pool of other days. A three-inch pipe, already in the ground, brings the water to the surface.

Snyder School Days to Begin Monday

Thinks American Women Given Too Many Privileges

Miss Svoboda Fudulova of Sofia, Bulgaria, told the Lions Club Tuesday at noon that American women have been given too many rights. As a result, the youthful visitor said, America has many more divorces than European countries. She suggested that American men do something about the situation.

"I care little for your Roosevelt," Miss Fudulova was frank to say. "I am a monarchist, and do not like many of your liberties."

Discussing the spirit of freedom here, she said it was unknown in her country for girls to stay out until 3:00 or 4:00 o'clock in the morning. When a girl goes out to a ball or other social engagement in Bulgaria, she must be accompanied by a relative instead of a sweetheart. "A man meets a woman in his country, and in a few hours they are engaged to marry," the speaker related. "In my country that is unknown."

The visitor held the club's deep interest as she told of her own country—its location, its history, its politics and its cultural background. "You have nothing to hold you in this country," she declared, "except interest. We have our national screws, with songs and literature to commemorate them."

Accompanying Miss Fudulova was her Scurry County hostess, Miss Alberta Sturgeon. Other guests of the day were M. E. Savage, engineer with the State Highway Department, and Herman Darby, who has returned to Snyder after a New Mexico leave-taking.

Earl Leuder, new Ford dealer here, was unanimously accepted as a member of the club. He transfers from the Roscoe club.

Discussions concerning softball activities were given briefly by Earl Leuder, president; Capt. Ralph Odum, east side captain; Red Williams, south side captain; Marcel Josephson, north side pitcher; and Holler's Holcomb, razzberry artist.

R. L. Williams, high school principal, urged parent-members to assist their children in arranging their courses of study for the new school year.

Full Corps of City Councilmen on Hand

Monday's meeting of the City Council attracted a full corps for the first time since the Snyder losses recognized after the April election. Attendees were Mayor H. G. Towle, Secretary J. S. Bradbury, and Councilmen James A. Clark, R. H. Odum, J. E. Shipp, W. J. Ely, G. H. Leath and Dwight Monroe.

The collections of fines and water rents were reported. There were no building permits in August. The Snyder National Bank was approved as city depository.

G. H. Leath was named as mayor pro-tem.

Many Baptists Off For Annual Session

Many Scurry County Baptists will be in Colorado today and tomorrow for annual meeting of the Mitchell-Scurry Association.

The local group is headed by Pastor Lawrence Hays, who is to present a sermon on "Baptists and the New Testament Church."

Business sessions are being held this morning and afternoon, with the convention proper opening tonight. It will continue all day tomorrow.

ALMOST 1,000 COTTON BALES

Cotton stored in Scurry County through Wednesday totaled almost 1,000 bales, incomplete reports gathered by The Times indicate.

The four Snyder gins that are opening have turned out approximately 500 bales, and T. A. Dunn, Camp Springs, China Grove, Trade, Hermleigh and Fluvanna gins account for a similar number.

The average estimate for this year's total ginnings is 6,000 to 7,000 bales.

Hill Encouraged as His Team Gets Into Shape

Coach W. W. Hill is pretty well encouraged over the showing of his Tigers this week, as the golden-jerseyed youngsters prepare for their first game with Slaton here September 14.

With just enough odd heads to balance the first squad and set all hands to working for positions, the Bengal tribe has more brawn than the coach had dared hope for.

The first string line-up will probably be made up from this group: J. C. Morgan and Otha Lee Clark, center-infield; Delbert Johnston and Bo Moffett, guard; Forest Beavers, Rescoe Chapman and L. A. O'Connell, end; H. B. Patterson and Otis Clark, tackle; Sonley Huston, Aubrey West, William Boren, Pat Johnston, Fred Wilcott and Johnny Boren, backs.

Bob Curry, grade school coach, is assisting Coach Hill with the "senior fodder" squad which brings the total of men out for the training camp to about 30. The two-week training period will end this week.

The tribe goes to Lamasa for a second non-conference game September 21. First conference play-up will be at Hamlin October 5. Seven more conference tilts are slated.

DISTRICT SONG MEET SUNDAY

Singers from several counties will gather in Roscoe Sunday for semi-annual session of the Four County Singing Convention, says Lawrence Dever of Snyder, convention president.

The early fall session usually attracts one of the largest delegations of any convention in this area, and President Dever is confident that Sunday's meeting will be no exception. Scurry, Fisher, Mitchell and Nolan counties compose the district.

Miss Ola Westbrook of Sweetwater is secretary.

C. C. Nance of Big Spring, and Odie Echols and his quartet of Lubbock are planning to be on hand. It is possible that Virgil Stamps may also attend.

Singing will begin in the high school auditorium at 10:00 o'clock.

Baptist Revival Of Much Benefit Declare Leaders

First Baptist Church leaders are of the opinion that the two-week revival services that ended Sunday night at the city tabernacle were of much benefit to the entire community.

Outlasting the meeting were two outstanding services Sunday, with more than 20 coming forward as converts or new church members, and to dedicate their lives. Sunday school attracted 470 persons, and 150 attended the Baptist Training Service in the evening.

"Let all of our people, together with the new additions, be in attendance Sunday at 9:45 to reach our goal of 500," Pastor Lawrence Hays, who conducted the revival services, urged yesterday.

The entire group to come forward during the meeting totaled 50. Approximately \$500 for revival expenses and other church needs was raised on the concluding day. Song services were in charge of Ewell Bone of Haskell.

"Knowing the 'Times' will be the pastor's subject Sunday evening at 8:00 o'clock. It is a 'repeat' message, requested by many who heard it at the Tuesday morning service last week.

A special appeal is made to the men to be in the Sunday evening service. "We want at least 100 men," declares the pastor.

Corn-Hog Meeting Set For Saturday

A county-wide meeting for corn-hog contract signers has been set for the district court room Saturday afternoon at 2:00 o'clock, the county agent's office reports.

Setting up of a permanent corn-hog organization in the county will be the chief business to come before the group of producers.

Final signatures on corn-hog contracts for the crop year will also be secured at the Saturday meeting.

BAND CONCERT SUNDAY P. M.

The first band concert of the season is to be given at the bandstand Sunday afternoon at 5:00 o'clock, according to Clyde Rowe, director of the local musicians.

"The boys are in fine shape after their campment," the director says. "We invite folks to come out and hear them."

It was a happy bunch of bandsters that returned from the week's camp at Leuders Tuesday. In spite of fun and dry weather, the group put in plenty of practice, and they caught enough fish for at least one meal.

Housing Plan Will Be Given Friday To West Texas Group

Several Snyder men are planning to be in Abilene Friday afternoon at 3:00 o'clock to hear a discussion of the new federal housing plan by R. A. Stuart, director of the West Texas district.

Similar meetings are being held at Lubbock and Big Spring this week. The West Texas Chamber of Commerce is cooperating with Mr. Stuart in presenting details of the plan before bankers, material men, contractors, newspaper men and property owners, along with representatives of civic organizations.

Raymond Berryhill Best At Big Spring

A Scurry County cowpuncher by the name of Raymond Berryhill Tuesday to Big Spring Monday and Tuesday to take top honors as the best all-around rodeo artist.

Raymond's prize in the competition was a \$100 saddle. Most of his points were picked up in roping events. The young puncher is well known in West Texas rodeo circles.

Registration for High School Set Friday, Saturday

Official opening of Snyder schools will come Monday morning at 9:00 o'clock, but before that hour the rails on which a successful school year is destined to travel will have been well oiled and greased.

Superintendent C. Wedgeworth, High School Principal R. L. Williams and Grade School Principal R. S. Sullivan are anxious that all parents and students remember the following registration periods this week and early next week:

- Seniors—Friday morning, 9:00 to 12:00 o'clock.
- Juniors—Friday afternoon, 1:00 to 3:30 o'clock.
- Sophomores—Saturday afternoon, 1:00 to 3:30 o'clock.
- Freshmen—Saturday afternoon, 3:30 to 5:00 o'clock.

Grade school and post graduate students—Monday morning, beginning at 9:00 o'clock.

Some to Come by Bus.

In addition to students in the Snyder district, a number of high school students will be transported by bus from the Baker, Crowder and Turner districts. W. J. Norrell will drive the bus. An opening registration of almost 1,000 is expected.

Superintendent Fred Worth announces that the first faculty meeting will be held Saturday morning. Four new faces will be found among the teachers. Faculty members and school board members will picnic on the grounds Friday evening.

High school officials are anxious that parents will cooperate with the students in arranging courses of study that will be of greatest benefit. Four subjects are usually taken by underclassmen. Five may be taken by seniors.

Outline of H. S. Courses

Following is an outline of the entire course of study for each high school grade, with required and optional subjects designated. Officials suggest that parent and student decide together on the course of study before registration time.

Courses by grades:

Freshman B—Required, English and mathematics; optional, occupation, general science, Spanish, Latin B, home economics B.

Sophomore B (minimum of 3% credits)—Required, English, mathematics and history; optional, physical geography (if no general science has been taken), Latin B, Spanish, home economics B, typing, economics, Latin 2.

Sophomore A (minimum of 5% credits)—All subjects same as Sophomore B.

Junior and Senior Courses.

Junior B (minimum of 7% credits)—Required, English and mathematics; optional, American history, Texas history, public speaking, biology B (if no physiology has been taken), Latin B, Spanish, typing, home economics B, Latin 3.

Junior A (minimum of 9% credits)—All subjects same as Junior B.

Senior B (minimum of 11 credits)—Required, English; optional, geometry, arithmetic, American history, Texas history, civics, public speaking, Latin B, physics B, typing, economics, Latin 2.

Senior A (minimum of 13% credits)—Required, English (arithmetic and geometry required if they have not been taken)—1/2 credit in civics or one credit in American history also required; optional, Texas history, public speaking, Spanish 2-A, home economics B, typing, economics, Latin 3.

Dunn School To Open New Term Early Next Week

Guy Stark will be at the helm for the third consecutive year when the Dunn school begins its new term next Monday morning. Cleo Tarter is the principal.

Miss Bonnie Bess Sayer of Hamlin is the only new teacher. The faculty includes Mrs. Gilbert Mize and Meses Mabel Mitchell, Pauline Jones, Olive Wills and Mildred Holt.

Three buses will transport students to the school this year. A new one will pick up high school students from Big Spring, Little Sulphur and China Grove districts.

Most other county schools will wait until late September or early October for their opening, thus missing the heavy cotton picking season.

Fluvanna school opened Monday of this week, with good attendance of students and patrons.

C. E. CHIEF TO SPEAK SUNDAY

Gordon Wier, president of the Texas Christian Endeavor Union, will be the speaker at the regular Sunday evening meeting of the young people's Christian Endeavor Society of the First Christian Church at 6:45 o'clock. He will also speak at the evening church service, 8:00 o'clock.

As state president, Mr. Wier has addressed groups of young people throughout Texas, and he has conducted services in a number of churches. He is reported to be a forceful and inspiring speaker.

All Christian Endeavor members and other young people are invited to be present for the services, and church leavers.

Waunita Darby and J. P. Strayhorn Marry Saturday Evening In Colorado

Miss Waunita Darby and J. P. Strayhorn, both life-long residents of Snyder, rected their marriage vows Saturday evening at the First Methodist parsonage in Colorado. Rev. Carl G. Wright, pastor in Colorado and formerly pastor of the First Methodist Church here, officiated for the ring ceremony, said at 7:30 o'clock in the presence of Mrs. Wright and Mr. and Mrs. Herman S. Darby. Mr. Darby is a brother of the bride.

The marriage was a climaxing event in a romance lasting several months, and it united two of Snyder's most prominent families.

The bride was dressed in a smart ensemble of sheer navy crepe trimmed with silver and worn with navy accessories. Mrs. Darby wore navy triple sheer, with harmonizing accessories.

Miss Strayhorn is the daughter of Mr. and Mrs. E. L. Darby. She attended school here and later took a business course in Amarillo. For two years before coming back to the old home town she was employed in the office of the well known firm of Kilgough & Davis, getting clothing in Amarillo. At the present time she is cashier at the Snyder city water department.

Mr. Strayhorn, a son of Mr. and Mrs. Joe Strayhorn, also attended school here. He attended Trinity University, Waxahatchie, two years, and was enrolled in an exclusive school in Maryville, Tennessee, for one year. He is now superintendent of the city water department.

The couple left Colorado immediately following the ceremony for a short wedding trip to Abilene. They are at home at 2207 Twentieth Street.

Wedding of Snyder Couple At Roby.

Miss Ida Mae Maulle, daughter of Mr. and Mrs. M. M. Maulle, and Lovell Baze were married at the Church of Christ in Roby Friday evening at 7:00 o'clock. O. P. Dill, minister of the Snyder Church of Christ, officiating, using the impressive ring ceremony. Only members of the immediate families and close friends were present for the service.

The bride was dressed in navy blue for the wedding. Her navy crepe suit was trimmed with blue and silver buttons and buckle. She wore a smart navy felt hat and navy shoes, and other accessories harmonized.

In addition to her high school work here, she attended a school of beauty culture in California. Returning here, she began work with Mrs. Woodie Scarborough at Every Woman's Beauty Shop. Several parties have been given in her honor recently.

Mr. Baze is a son of Mrs. M. P. Baze. He attended East Texas State Teachers College at San Marcos for a time, after his graduation from high school. He was employed at the Tavern at the time of his marriage.

The couple was in Sweetwater and Abilene during the week-end, and are at home with Mr. Baze's mother, Mrs. M. P. Baze, in East Snyder.

Bridge-Shower Given For Mrs. Darby.

Honoring Mrs. Herman Darby, who was before her recent marriage Miss Opal Wedgworth, Mrs. Billy Boren, Mrs. Claude Sims and Miss Dorothy Darby entertained at the home of their parents, Mr. and Mrs. E. L. Darby, southeast of Snyder, Tuesday afternoon with a delightful bridge-shower.

Six tables of close friends of the honoree gathered for games of contract, with Mrs. Marcel Josephson winning high score prize. At the close of the games, the honoree was given a ribbon with the instructions "to follow and see where it leads." After wandering about the house and yard for several minutes (hours to her), she found in the fish pond a lovely pink rose-bud on which was securely fastened a key. Her problem then was to find the lock which might be opened with the key. A lovely shower of bridal gifts was her reward.

A pink, green and white color note was emphasized in the ice course passed.

Guests registering in the bride's book included: Mmes. Ixon Joyce, J. D. Scott, H. G. Towle, J. C. Stinson, Max Brownfield, Amos Joyce, W. W. Hill, Gaither Bell, G. M. Heinzelmann, Dan Gibson, F. W. Claud, Herbert Bannister, Marcel Josephson, Elmer Spars and E. O. Wedgworth; and Misses Dorothy Strayhorn, Mattie Ross Cunningham, Faye Joyce, Ora Norred and Allene Curry, bridge guests; and Misses Lee T. Stinson, J. H. Hamlett and E. L. Darby, tea guests.

Miss Dorothy Darby had as her guest Friday J. E. "Lefty" Hamilton of Roby.

Big Spring Woman Is Guest Speaker.

Mrs. C. A. Bickley of Big Spring, who is superintendent of Young Women's Circles in the Northwest Texas Conference, was guest speaker for the annual Guest Day meeting of the Ruth Anderson Auxiliary of the First Methodist Church, which was held at the church last Thursday afternoon.

The guest speaker spoke on "Service" bringing in the service that one can be of to someone else. She also emphasized service to the church and missionary societies of which each is a member. Mrs. R. H. Odum, president of the Ruth Anderson Auxiliary, introduced the speaker.

Dainty refreshments were passed to the group at the close of the inspiring talk by Mrs. Bickley.

The following guests were present: Mrs. Bickley and Mrs. Jack Nail and little daughter of Big Spring; Mrs. S. W. Patton of Fort Worth; Mmes. A. M. Curry, Herman Doak, R. M. Stokes, R. W. West, T. W. Pollard, W. W. Hamilton, H. P. Brown, Lee T. Stinson, Frank Farmer, S. H. Young, Howell McClinton, C. J. Yoder and B. L. Kent.

Members of the hostess auxiliary present included Mmes. Ivan Dodson, J. W. Roberts, R. H. Odum, F. L. Joyner, John Whitmore, Ed W. Thompson, R. J. Randals, Homer Snyder, Rubye Littlepage and J. G. Hicks.

Rev. Alan Darling Honored With Party.

The Christian Endeavor of the First Presbyterian Church honored Rev. Alan Darling, student minister, Monday night with a party in the form a scavenger hunt.

After several hours of fun, the crowd met at the home of Mr. and Mrs. P. W. Wolcott, where Miss Irene Wolcott was hostess to the group. Punch and cookies were served to the following: Lucile Greene, Valdean Keller, Lucile Robertson, Sterlene Taylor, Virginia Egerton, Mary Bess Abercrombie, Almaren Heard, Frances and Vivian Chenault, Tom Carr, Maxey Chenault, Murray Gray, Corwin Patterson, J. S. McGriff, Mr. and Mrs. Horace Roe, Mrs. P. C. Chenault, Mr. and Mrs. Wolcott and the honoree.

Woman's Culture Club Has First Meeting.

Mrs. J. A. Woodfin, Woman's Culture Club president, was hostess to the club in the first meeting of the year Tuesday afternoon at her home in West Snyder. Lovely roses were used in decorating.

Mrs. D. P. Strayhorn was leader for the President's Day program, which was begun by the entire club repeating the Club Woman's Creed in unison. Mrs. A. C. Alexander, retiring president, gave a message of appreciation to the club members for their cooperation during the past club year, and she presented the new president, Mrs. J. A. Woodfin.

Mrs. Woodfin offered words in connection with the work planned for the coming year, and she introduced the remainder of the incoming officers: Mrs. J. R. Hucklebee, first vice president; Mrs. F. M. Brownfield, second vice president; Mrs. D. P. Strayhorn, recording secretary; Mrs. R. W. Cunningham, corresponding secretary; Mrs. E. P. Sears, treasurer; Mrs. J. P. Avary, parliamentarian; Mrs. W. A. Morton, reporter.

Mrs. D. P. Strayhorn talked on "One Year's Work" and Mrs. Avary conducted a parliamentary drill, after which the hostess passed a lovely salad plate with hot cocoa to those present.

Willing Workers Have Picnic Tuesday.

The Willing Workers Class of the First Methodist Church enjoyed a delightful picnic at Wolf Park Tuesday evening. Miss Grace Avary and Mrs. Hugh Birdwell were hostesses on the occasion. A picnic lunch, consisting of fried chicken and all the trimmings, was served with iced tea at the twilight hour.

The following were present: Mrs. W. W. Hamilton, teacher; Mrs. P. W. Cloud, Miss Ruth Quinn, Miss Grace Holcomb, Mrs. J. D. Scott, Miss Eda McFarland, Mrs. Herman Doak and Miss Dorothy Strayhorn, members of the class; and Mrs. S. H. Young, Miss Lena Hamilton and Miss Rayolene Smith, guests.

Mrs. P. W. Cloud and Miss Allene Curry will be hostesses to the class at its next meeting.

Mmes. Taylor Cotton and E. J. Richardson, and Miss Nellie Cotton were in Colorado Friday.

From Now Till December 1 for 65c

Miss Strayhorn is the daughter of Mr. and Mrs. E. L. Darby. She attended school here and later took a business course in Amarillo. For two years before coming back to the old home town she was employed in the office of the well known firm of Kilgough & Davis, getting clothing in Amarillo. At the present time she is cashier at the Snyder city water department.

Mr. Strayhorn, a son of Mr. and Mrs. Joe Strayhorn, also attended school here. He attended Trinity University, Waxahatchie, two years, and was enrolled in an exclusive school in Maryville, Tennessee, for one year. He is now superintendent of the city water department.

The couple left Colorado immediately following the ceremony for a short wedding trip to Abilene. They are at home at 2207 Twentieth Street.

Miss Ida Mae Maulle, daughter of Mr. and Mrs. M. M. Maulle, and Lovell Baze were married at the Church of Christ in Roby Friday evening at 7:00 o'clock. O. P. Dill, minister of the Snyder Church of Christ, officiating, using the impressive ring ceremony. Only members of the immediate families and close friends were present for the service.

The bride was dressed in navy blue for the wedding. Her navy crepe suit was trimmed with blue and silver buttons and buckle. She wore a smart navy felt hat and navy shoes, and other accessories harmonized.

In addition to her high school work here, she attended a school of beauty culture in California. Returning here, she began work with Mrs. Woodie Scarborough at Every Woman's Beauty Shop. Several parties have been given in her honor recently.

Mr. Baze is a son of Mrs. M. P. Baze. He attended East Texas State Teachers College at San Marcos for a time, after his graduation from high school. He was employed at the Tavern at the time of his marriage.

The couple was in Sweetwater and Abilene during the week-end, and are at home with Mr. Baze's mother, Mrs. M. P. Baze, in East Snyder.

Honoring Mrs. Herman Darby, who was before her recent marriage Miss Opal Wedgworth, Mrs. Billy Boren, Mrs. Claude Sims and Miss Dorothy Darby entertained at the home of their parents, Mr. and Mrs. E. L. Darby, southeast of Snyder, Tuesday afternoon with a delightful bridge-shower.

Six tables of close friends of the honoree gathered for games of contract, with Mrs. Marcel Josephson winning high score prize. At the close of the games, the honoree was given a ribbon with the instructions "to follow and see where it leads." After wandering about the house and yard for several minutes (hours to her), she found in the fish pond a lovely pink rose-bud on which was securely fastened a key. Her problem then was to find the lock which might be opened with the key. A lovely shower of bridal gifts was her reward.

A pink, green and white color note was emphasized in the ice course passed.

Guests registering in the bride's book included: Mmes. Ixon Joyce, J. D. Scott, H. G. Towle, J. C. Stinson, Max Brownfield, Amos Joyce, W. W. Hill, Gaither Bell, G. M. Heinzelmann, Dan Gibson, F. W. Claud, Herbert Bannister, Marcel Josephson, Elmer Spars and E. O. Wedgworth; and Misses Dorothy Strayhorn, Mattie Ross Cunningham, Faye Joyce, Ora Norred and Allene Curry, bridge guests; and Misses Lee T. Stinson, J. H. Hamlett and E. L. Darby, tea guests.

Miss Dorothy Darby had as her guest Friday J. E. "Lefty" Hamilton of Roby.

Mrs. C. A. Bickley of Big Spring, who is superintendent of Young Women's Circles in the Northwest Texas Conference, was guest speaker for the annual Guest Day meeting of the Ruth Anderson Auxiliary of the First Methodist Church, which was held at the church last Thursday afternoon.

The guest speaker spoke on "Service" bringing in the service that one can be of to someone else. She also emphasized service to the church and missionary societies of which each is a member. Mrs. R. H. Odum, president of the Ruth Anderson Auxiliary, introduced the speaker.

Dainty refreshments were passed to the group at the close of the inspiring talk by Mrs. Bickley.

The following guests were present: Mrs. Bickley and Mrs. Jack Nail and little daughter of Big Spring; Mrs. S. W. Patton of Fort Worth; Mmes. A. M. Curry, Herman Doak, R. M. Stokes, R. W. West, T. W. Pollard, W. W. Hamilton, H. P. Brown, Lee T. Stinson, Frank Farmer, S. H. Young, Howell McClinton, C. J. Yoder and B. L. Kent.

Members of the hostess auxiliary present included Mmes. Ivan Dodson, J. W. Roberts, R. H. Odum, F. L. Joyner, John Whitmore, Ed W. Thompson, R. J. Randals, Homer Snyder, Rubye Littlepage and J. G. Hicks.

The Christian Endeavor of the First Presbyterian Church honored Rev. Alan Darling, student minister, Monday night with a party in the form a scavenger hunt.

After several hours of fun, the crowd met at the home of Mr. and Mrs. P. W. Wolcott, where Miss Irene Wolcott was hostess to the group. Punch and cookies were served to the following: Lucile Greene, Valdean Keller, Lucile Robertson, Sterlene Taylor, Virginia Egerton, Mary Bess Abercrombie, Almaren Heard, Frances and Vivian Chenault, Tom Carr, Maxey Chenault, Murray Gray, Corwin Patterson, J. S. McGriff, Mr. and Mrs. Horace Roe, Mrs. P. C. Chenault, Mr. and Mrs. Wolcott and the honoree.

Mrs. J. A. Woodfin, Woman's Culture Club president, was hostess to the club in the first meeting of the year Tuesday afternoon at her home in West Snyder. Lovely roses were used in decorating.

Mrs. D. P. Strayhorn was leader for the President's Day program, which was begun by the entire club repeating the Club Woman's Creed in unison. Mrs. A. C. Alexander, retiring president, gave a message of appreciation to the club members for their cooperation during the past club year, and she presented the new president, Mrs. J. A. Woodfin.

Mrs. Woodfin offered words in connection with the work planned for the coming year, and she introduced the remainder of the incoming officers: Mrs. J. R. Hucklebee, first vice president; Mrs. F. M. Brownfield, second vice president; Mrs. D. P. Strayhorn, recording secretary; Mrs. R. W. Cunningham, corresponding secretary; Mrs. E. P. Sears, treasurer; Mrs. J. P. Avary, parliamentarian; Mrs. W. A. Morton, reporter.

Mrs. D. P. Strayhorn talked on "One Year's Work" and Mrs. Avary conducted a parliamentary drill, after which the hostess passed a lovely salad plate with hot cocoa to those present.

The Willing Workers Class of the First Methodist Church enjoyed a delightful picnic at Wolf Park Tuesday evening. Miss Grace Avary and Mrs. Hugh Birdwell were hostesses on the occasion. A picnic lunch, consisting of fried chicken and all the trimmings, was served with iced tea at the twilight hour.

The following were present: Mrs. W. W. Hamilton, teacher; Mrs. P. W. Cloud, Miss Ruth Quinn, Miss Grace Holcomb, Mrs. J. D. Scott, Miss Eda McFarland, Mrs. Herman Doak and Miss Dorothy Strayhorn, members of the class; and Mrs. S. H. Young, Miss Lena Hamilton and Miss Rayolene Smith, guests.

Mrs. P. W. Cloud and Miss Allene Curry will be hostesses to the class at its next meeting.

Mmes. Taylor Cotton and E. J. Richardson, and Miss Nellie Cotton were in Colorado Friday.

Home Demonstration Notes

Cheese Used as Spread.

Pickles or olives may be added to newtchee cheese and be used for a sandwich spread or salad, members of the Home Demonstration Club of Bison were told at a club meeting in the home of Mrs. Fred Sorrells Thursday, August 23.

As this was a called meeting there were only five members present, and three guests—Jim Sorrells and two daughters, Lucille and Ellen. Delicious lemonade and sugar cookies were served.

Miss Ward will give a demonstration on process cheese at the home of Mrs. Charlie Wellborn Thursday of this week—Mrs. P. M. Miller, Reporter.

Glove Making Demonstrated.

Home Makers Club of Bell met Wednesday, August 29, at the home of Mrs. Warren Sturgeon. Three new members were enrolled in the club—Mrs. Bryan Etheredge, Mrs. G. N. Greer and Mrs. Minnie Abernathy.

Mrs. A. H. Tate tendered her resignation as vice president, as she is moving, so it was necessary to elect a new one. Mrs. Minnie Abernathy was elected in her stead.

Several subjects relating to gardening, poultry and beautifying the home were discussed. Delegates were elected to the pattern school. Glove making was demonstrated, after which the meeting adjourned and refreshments were served.

Our next regular meeting will be Wednesday, September 12, at 3:00 o'clock, p. m., in the home of Mrs. E. C. Tate—Mrs. Will Caffey, Reporter.

J. W. Brown should attend the pattern school being held this week in Snyder. They will learn to fit and make patterns and be prepared to teach the other members at the next meeting. A committee also was appointed to prepare the booth for the coming county fair. Mrs. Virgil Nail and Mrs. Ashley of East Dunn will serve on this committee.

Miss Ward brought with her a lovely bedspread she is making on colored sheeting by the tufted candlestick method. Everyone was quite interested in the work. Several of the women had seen work of this description but quite a few had not.

Several new names were added to the club roll call, they being: Mmes. H. L. Harrison, Virgil Nail, C. P. Swan of China Grove, Hugh Brown and Miss Eugene Lurham.

Next meeting will be in the basement of the Methodist Church at Dunn—Mrs. Hugh Brown, Reporter.

The Business and Professional Woman's Club had its reassembly party Tuesday evening at the home of Mr. and Mrs. R. E. Gray, with Mrs. W. R. Merrill and Misses Gwen Gray, Ora Norred and Kenneth Alexander as hostesses.

Plans were discussed for the coming year's work under the direction of Miss Kenneth Alexander, vice president. The next meeting will be a social gathering, and will be held September 18.

Ice cream and cake were passed to the following: Mmes. E. M. Deakins, Mrs. Nathan Rosenberg, Miss Maggie Norred, Mrs. R. E. Gray, Miss Era Holt and the hostesses.

Mr. and Mrs. Tenine Riley of Clovis, New Mexico, and Mrs. Green of Los Angeles, California, were guests of Mr. and Mrs. A. J. Riley Sunday.

Mrs. Joe Stinson was hostess to members of the Tuesday Afternoon Bridge Club at her home, 2907 Avenue U, this week.

Guests for the afternoon were Mmes. O. P. Thrane, W. W. Hamilton, Pearl Shannon and W. D. Bagg. Members present included the following: Mmes. E. M. Deakins, J. C. Dorward, W. J. Ely, Sidney Johnson, W. R. Johnson, G. A. Hagan, T. L. Lollar and W. M. Scott.

The hostess passed a lovely fruit and salad plate to those present at the close of contract games.

Mr. and Mrs. Vachel Hargrove and little daughter, Lorene, returned to their home in Amarillo after a few days' visit with their mother, Mrs. B. F. Hargrove, and other relatives.

Touch of Old World Brought To Snyder By Bulgarian Guest

A touch of Old World culture and customs has come to Snyder in recent days. One self-possessed young lady, a native of the Balkan country of Bulgaria, has been responsible. By name she is Miss Svoboda Fudulova, who has been the guest for several days of Misses Maxine Shuler and Alberta Sturgeon. The European visitor attended Baylor College at Belton with the two Scurry County young women. She will return to the Texas school for the fall term.

Although she is a profound Catholic, Miss Fudulova sang in English for the First Baptist Church congregation Sunday morning, and in her native tongue for the same group in the evening.

Tuesday at noon she talked of her homeland before the Snyder Lions Club. Her dress follows modern American trends, but she has the history-laden reserve and preciseness of the Old World. She speaks seven languages fluently and has studied and traveled extensively in European countries.

If you are a typical American, you will save your pride by not analyzing her attitude toward America too closely. Our brazen sense of humor does not touch her often, but she laughs from the heart when a point strikes home. American politics does not appeal to her. Monarchist by birth and training, she is also monarchist in her attitude toward women's rights of suffrage.

Perhaps Miss Fudulova has not fallen in love with America. Perhaps she has. No matter. She will carry home with her a storehouse of Americanisms at whose telling many a Bulgarian fireside probably will be politely amused. And she will set many Americans with whom she comes in contact to thinking that the United States is not the only pebble on the beach, after all.

Miss Cunningham Home. Miss Mattie Ross Cunningham, who has been attending Leland-Stanford University in Palo Alto, California, returned home Sunday. She will resume her work in the local high school as head of the Latin department when school opens Monday. Miss Cunningham states that the cool climate and attractive surroundings, together with the wonderful facilities of the university, were inducements which caused her to work hard and play hard during the summer months.

Of course, you have a right to voice your opinion. So has the fellow you condemn for voicing his. Last rites for Walter Owens, 58, Elm Grove, Taylor County, resident who was killed when struck by an automobile three miles north of Stamford Thursday night of last week, were conducted Tuesday afternoon at the Buffalo Gap cemetery. He was a half-brother of Mrs. Mart Smith of this county.

Ladies Entertained By Colorado Lions

Colorado Lions staged their annual ladies' night program Friday night. It was preceded by a chicken barbecue, at which 200 members of Lions families were present. The lengthy program, featured by an address by Del W. Harrington of El Paso, past district governor, was given at the open-air stage in Rud-dick Park.

Boasting one of the largest Lions Club memberships in existence, the Colorado group dedicated the special event not only to their special guests but to Joe Mills, retiring president, under whose leadership the club grew to such proportions. Snyder Lions Club was represented by J. O. Smyth, president.

Merritt Extends Thanks For Vote In Run-Off Race

This letter came to The Times late last week from J. A. Merritt, state representative, who is attending the special legislative session at Austin this week:

"To the Voters of Scurry County and District No. 118: I wish to express my thanks for the vote I received in the August 23 election. I can not assign any reason why I was not elected only I did not receive votes enough. However, I believe I have some friends in the district who are the salt of the earth. I tried my best at all times to make a record that could not be assailed on the side of good morals and economy, but from the votes I received in Scurry County after living there 20 years trying to do my mite at all times on the side of better morals and civic affairs, it seems that a lot of folks disapprove of my course and the stand which I have taken. I have one consolation—that I have never surrendered a sacred principle for anyone's vote or friendship. I only hope the man whom you have selected to succeed me will make you a far better servant than I have, and he will if he can put over the promises he has made. I have another consolation, which is that I have some 4,200 friends in the district. One other thought: Nearly every man that stood out against the immoral questions that we were confronted with in the regular session was defeated. Notwithstanding we are spending millions of dollars every year for education and better morals. We are here now trying to work out the best plan to care for the destitute the coming winter, and nearly everyone has the best idea. No doubt lots of my constituents think I should not have any trouble doing anything they think should be done. I wish everyone could serve one term in the Legislature. So I bow to the will of the people, and shall strive to be the same citizen I have been in Scurry County for the past 29 years."

HEALTH NEWS

From Dr. John W. Brown, State Health Officer

For the first time in the history of Texas, the United States Bureau of Census has published the Texas birth rate along with that of the other states in the union. Last year 107,924 births were registered with the Texas State Department of Health.

Texas, in comparison with the large states, ranked first in birth rate, 17.9 per thousand of population; third in number of births filed; and fifth in population. This is the first time comparisons could be made between all the states, and Texas is proud of her showing in this first test.

To secure admission to the registration area of the United States it is necessary for at least 99 per cent of all births to be filed with the State Department of Health. Each parent or relative of a new born child should make sure that

its birth is filed with the local registrar.

The registration of births is valuable to the individual in that a birth certificate may be necessary to secure passports, prove school age, prove citizenship, prove right to vote, prove legal age for marriage, prove age for military service, prove right to hold public office, prove right to property inherited, prove qualification for jury service, prove age under child labor laws, prove nationality in foreign countries, determine the birth rate in state, counties and cities, establish proof for pensions, insurance, compensation, etc.

Scurry Relative Dies. Last rites for Walter Owens, 58, Elm Grove, Taylor County, resident who was killed when struck by an automobile three miles north of Stamford Thursday night of last week, were conducted Tuesday afternoon at the Buffalo Gap cemetery. He was a half-brother of Mrs. Mart Smith of this county.

To the Voters of Precinct No. 3. After eight years of service as your commissioner, I bow to the will of the people as expressed in the run-off primary. Murphy Thanks Friends.

I wish to say to the voters of precinct No. 4 that their support in the run-off primary is deeply appreciated. The fact that a change of only 26 votes would have given me the office and an opportunity to serve you more than repays me for the time and effort I put into the race. I come out of my first venture into politics with a clear conscience and with the sincere hope that Mr. Brock may make a commissioner of whom all of us will be proud.—H. M. (Hoyt) Murphy. 1tp

Baylor County Irrigating.

Baylor County has gone for garden sub-irrigation 10,520 feet strong. Seventy-six families have put down that much tile, one family as much as 560 feet. A speed of 100 tile per day was attained by a great many men of these families, and one boy who made them for sale became so good that he could turn out 300 daily.

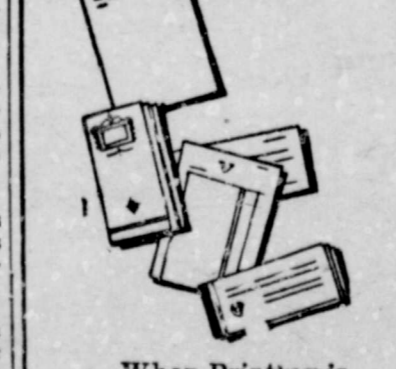

Maybe the reason some citizens are good at breaking a promise is because it's so easy to make another one.

If mother, daughter and son can drive the car, father is the only one who ever has to get his shoes half-soled.

175 MILLION DOLLARS Paid to Texas People

THE LEGAL RESERVE life insurance companies of Texas have paid to Texas people \$175,000,000.00 in cash . . . as death claims, surrender values, endowments and annuities. The amount so paid out increases each year. Such payments in 1933 amounted to \$20,000,000.00.

These Texas companies make it easy and convenient for the people of Texas to practice thrift and thereby provide for their own future needs. That the people of Texas appreciate this service is evidenced by the fact that 1,200,000 are policyholders, owning insurance in the amount of \$1,150,000,000.00.

Texas legal reserve life insurance companies have assets of \$184,000,000.00 so invested as to safeguard the interests of policyholders as well as to contribute largely to the progress of Texas.

When you buy life insurance in a Texas legal reserve company you become a participant in the program to make Texas a better state in which to live and make a living.

THE WEEKLY DOZEN

When It Reigns It Pours.

Pessimism Pete says the old adage, when it rains it pours, can be applied in any weather to the reign in some sidewalk circles of the cud-walloper.

The Way of All Flesh.

Talkative Tillie suggests that if the holes in these new-fangled dresses become much larger, the old saying that slips don't go will go the way of all flesh.

The Novelist's Political Corner.

Upton Sinclair's Democratic victory in California turned out before the election to be a novel affair. Witness the novel writer's campaign book, "I, Governor of California."

He Wants a Potshot.

A Snyder wiseguy has stated publicly that he would be glad to pay more than a dollar for a migratory-bird stamp if it would give him a shot at the lame duck session down at Austin.

No Nostrums for Rainfall.

We should not laugh at honest efforts to produce rain, whether it be by bombs, prayer, prophecy or what-not. But the old-fashioned formula of trusting in hard work, careful planning and intensive cooperation with one's fellow man is undoubtedly a part of the divine plan.

The Trades Day's A-Comin'.

It has been several years since Snyder offered folks of her territory a Trades Day. The special event will probably be offered next week. If it is observed intelligently by those who trade and those who sell, a Trades Day becomes of benefit to all concerned. Why not make the Snyder Trades Day an event of mutual helpfulness and economy?

A Job for Parents.

Parents who are accustomed to sending their children back to school every September in the attitude of "let the teacher do the rest" may awake some morning in 1938 or 1940 to discover that the job is too big for the teacher alone. The job for parents, as wise school officials point out, is to assist the children, especially those of high school age, to adjust themselves to a school program that will most nearly fit into future plans. Haphazard schooling often leads to an education in crime or do-nothingness.

Monarchy vs. Democracy.

Many a man who attended the Lions Club luncheon Tuesday at noon heard it said for the first time that monarchy is preferable to democracy. A young woman barely of voting age, a citizen of Bulgaria, made the statement with all the fervor of youth and the conviction of patriotism. Who are we to contend too strenuously for "pure" democracy. Our form of government pleases our fanciful American allusions of freedom, but it has not yet proven any more capable of adjustment in time of trouble than a limited monarchy.

It's Funny About Hunters.

Hunters, to be brazen, are a funny that way. They spend a month's salary for a gun, a week's salary for ammunition, and then mortgage their souls for an automobile that will take them to happy hunting grounds in a hurry. They risk it all by hunting in forbidden territory to save a small license fee, and do all in their power to dodge the game warden or the irate landlady. Get ready in a few weeks to see many duck hunters risk paying a \$500 fine to Uncle Sam rather than go to the Snyder post office and secure a \$1 migratory-bird stamp.

The Farmer Has the Say.

Secretary Wallace is putting it squarely up to the farmer as to whether the crop control plan shall be put into effect another year. The Times is strongly in favor of continuing the plan, modified to meet conditions, of course. But we do not propose to suggest how any farmer shall vote. All we shall seek is that each farmer will study the program thoroughly, weigh its benefits, close his ears to the mob of capitalistic critics, and then do his own thinking. The farmer has the say. We believe the farmer will say right, just as he has cooperated in the 1933 and 1934 programs.

Our Three Highways.

One of this county's greatest assets is the network of highways that spread-eagles from the Snyder square in five directions. Three state highways, one of them recently designated as a federal route, can not be claimed by many communities in Texas aside from the population centers. The highways are growing in importance as they grow in improvement. Fortunately, good roadways benefit farmers and ranchers, as a rule, as much as they benefit business and professional men. Fortunately, again, these roadways are being paid for with gasoline money, spent of our own free will and accord.

The Knocker Brigade.

You will hear much of the Liberty League during the next few months. Republicans, drouth, murders, Hollywood divorces and rumors of war will also be in the headlines.

The League's professed purpose is to keep America's shoulder against the Constitution and her eye on individual and industrial freedom.

Actually, one would glean from the League roster and from opening comments of its founders, it is aimed at Roosevelt and the New Deal.

The knocker brigade includes, of course, that Happy Warrior, Al Smith, who seems to be happy only when he is paying Roosevelt back for whipping his ears down for boosting him to the Democratic nomination for president.

John W. Davis is there, too. You would expect him. He is another unsuccessful Democratic candidate for the presidency. The Democrats just were not popular when he ran, but he also belongs to Wall Street and part of Wall Street to him.

The others? The names matter little. Most of them are industrialists who have eaten from the fat of the lambs so long that they whimper like a passed of sick dogs when their meat is taken away.

Take Du Pont, for example. He is reputed to be many times a millionaire. That is no sin, of course, but it will be remembered that the Du Ponts were World War profiteers, and eat even now from hunks of war meat they throw out to the nations in the form of propaganda.

Liberty League? Liberty for whom? Certainly not for the man with the hoe, the man with the shovel, the man with the small store, the man Roosevelt has been trying to help in spite of that coagulation of Midases and political sordoughs.

The Liberty Lady who stands in New York harbor is surely wincing at thus having her name taken in vain.

EDITORIAL OF THE WEEK

POPULATION TREND TOWARD RURAL TOWN

About the best proof that our small towns, villages and rural communities are the best places in which to live is the fact that Americans continue to flock back to them: Following the World War our population made its fateful city-ward movement. For a whole decade or more the people made a desperate effort to embrace the swift, artificial modes of life in our big cities. The 1930 census showed that the urban population in this country was 62.2 per cent of the total, while the rural population was credited with 43.8 per cent. But the great exodus to the country and small towns since then has made it almost a 50-50 proposition.

It took only a short period of the four-year depression to send many ex-villagers and many of their city cousins back to the wholesome life in our villages and rural communities. We say "wholesome" because no less an authority than the New York State College of Agriculture has listed the advantages of village life as follows: "Quiet, fresh air; cooler temperature in summer; better conditions for children's play; the opportunity for flowers and a garden; cheaper taxes, cheaper living, greater opportunity to own a home; and greater security, especially in the present times."

When we balance this up with the places the city-folks live in we can readily understand these advantages. City folks live in the grand canyons of big buildings. They live in a world of a billion noises. And when it comes to fresh air, they seldom breathe anything but poison fumes.

This movement back to the land and the villages continues despite the fact that conditions of employment, etc., in the big cities have improved vastly since last March. The administration is encouraging it and is doing its share by establishing subsistence farms and communities where workers may help support themselves and their families.

Dr. Oliver E. Baker, the famous economist and publisher who, by the way, was born in a small town, has said that "the road of our nation's destiny is now turned back to the village." If we remember our history correctly, it has always been the products of village and rural America, who have more or less directed the nation's destiny since 1776—Salisbury (Missouri) Press-Spectator.

People are saying a great deal about attracting a bumper crop of tourists to the proposed Texas Centennial celebration, but in our opinion most of them would balk at a five-cent gasoline tax which Texans are required to pay.

CURRENT COMMENT

By LEON GUINN

With hog prices at their highest levels since 1929 for some choice cuts of pork, an interesting angle of the AAA hog reduction campaign comes to light. . . . Well known was the fact that for each batch of pigs reduced by 25 per cent the AAA paid a \$5 bonus per head for the rest. . . . When this news trickled into Middlesex County, in New England, elite Boston citizens nearby were not thrilled. . . . But Middlesex County Agent A. F. MacDougal was. . . . Would the AAA pay Middlesex farmers (totaling 105) to reduce the piglet crop, keep pork prices up? . . . Of a certainty, replied Mr. Wallace. . . . But when 105 farmers sent in contracts asserting they raised 100,000 pigs each year Rex Tugwell had a dandy chill and AAA in a huff sent investigators. . . . Bantonsites were this time shocked. . . . Few had seen piglets in Boston. . . . Middlesex farmers thought they were going to clean up, eh? . . . Besides, freight receipts showed that no corn of any amount was shipped into Middlesex County.

Investigators found that each farmer had a hog farm of five to six acres; fed pigs on succulent Boston garbage. . . . Well, the honor of 105 farmers was vindicated and AAA hog checks this season in Middlesex County will total \$365,000. . . . Was 3A's official face pink? . . . In the cotton reduction division of AAA we find first AAA upping the price of cotton by its famed campaign. . . . With that phrase we are familiar. But few farmers are familiar with inside operations holding down the price to 13 cents. . . . We find Wall Street mortally fearing Roosevelt and his monetary policy, and using the 10,000,000-bale surplus as a weight for prices. . . . But despite what Wall Street or any other group are doing, cotton prices are doing very well. . . . In fact, only 5,000,000 bales of the surplus are tenderable, and the linters bales will remain ditory in the coffee for some time.

HISTORY OF CENTENNIAL TOLD IN BROCHURE RECEIVED HERE

Within the last few days there has been mailed from Corsicana by the publicity committee of the Texas Centennial Commission more than 4,000 copies of a 44-page brochure, accurately portraying the history of the Texas Centennial movement from its inception some 11 years ago to the present date.

This brochure has been received by the Times office, by J. W. Scott, secretary of the Chamber of Commerce, and to local members of the advisory board—Mrs. H. G. Towle, Mrs. Robert H. Curmutte, O. P. Thrane and J. C. Smyth—to the local school library and to all state officials.

The distribution of the brochure is necessarily limited, and being sent to the various agencies outlined above is intended to serve in every Texas community as a reference work for writers, teachers, students, speakers and other public-spirited citizens.

Book Is Work of Art.
 It will be available for inspection at all times at the places named above to any person desiring information from it. No additional copies, however, can be mailed by the publicity committee because the supply is exhausted.

The book is a master creation of the printer's art, and its content has been carefully edited, with the purpose of being absolutely true to facts and history in every instance.

On the frontispiece is shown in colors the six flags under which Texas lived, underneath being a reproduction of the state capitol at Austin. The title of the brochure is "Commemorating a Hundred Years of Texas History."

Purpose Is Explained.
 The preface of the book is an eloquent explanation of the purposes of the Texas Centennial from a historical and romantic viewpoint, written by Cullen P. Thomas, president of the Texas Centennial Commission.

On this page begins a series of footnotes, one appearing on every page, where is recounted in brief the running story of the early day history of Texas, the facts for this presentation having been obtained from the state library at Austin.

Next comes the eloquent proclamation issued by the then Governor Pat M. Neff on February 12, 1924, calling for the first Texas Centennial conference.

History of Movement.
 Then comes a page discussion of the history of the Texas Centennial movement, followed by a review of the meeting of the Tenth District Advertising Clubs in Corsicana November 5 to 7, 1923, when the idea of the Centennial first was advanced.

Following this is the report made to the committee at a meeting in Austin by Lovay Martin, who had been named chairman of a survey committee. This showed sentiment

Fall Bargain Rate On Abilene Dailies Effective At Once
 Effective at once, folks in this trade territory may subscribe for the Abilene Morning News or the Abilene Daily Reporter for \$4.85 per year. This rate includes Sunday papers. The regular rate is \$7 per year.

"As yet," writes the circulation manager, "we have not decided what our bargain rate will be later in the fall, but since \$4.85 was our bargain rate last fall, we will accept subscriptions at this rate until we advise you to the contrary. Very likely this year's special rate will be some higher than the \$4.85 rate—at least it will not be cheaper."

The Abilene papers specialize on spot news from West Texas. "Printed last—reaches you first" is their slogan.

Subscriptions to either Abilene paper may be obtained at the Times office.

to be practically unanimous in favor of the Centennial. Then followed a mass meeting in Austin in answer to the proclamation of Governor Neff when a Centennial board of 100 was created, with Calo Sells of Port Worth as chairman.

Later the governing board named Jesse H. Jones, now chairman of the Federal Reconstruction Finance Corporation, as director, general.

Idea Kept Alive by Few.
 The brochure then discusses how in the intervening years the Centennial movement was kept alive by the work of a few men until the Legislature submitted in 1931 a constitutional amendment authorizing a Centennial.

Following a determined campaign waged by the Texas press this amendment was adopted by an overwhelming majority. The signing of the legislative enactment carrying out the purposes of the amendment early in 1934 is then reviewed, followed by the listing of the present Texas Centennial Commission, as provided for in the enactment.

Officers of the advisory board are shown, together with an outline of its duties, and also is carried the full list of advisory boards in all Texas counties.

Federal Committee Named.
 The creation of a federal committee, headed by Senator Tom Connally, is reviewed, also the organization of the commission and the active work it has carried out to the present.

A beautiful reproduction of the Texas Centennial map is given, and text of the constitutional amendment and the legislative act following are carried in full.

The book throughout is beautifully illustrated, and it is the hope of the publicity committee that it will prove a valuable contribution to the history of the state, not only at this time, but for the perusal of future generations.

Pick & Pay Will Be In Larger Quarters

The Pick & Pay Store, north side of the square, will move late next week to the Howell building, northeast corner of the square. Howard Brothers Grocery, now in the corner location, will be moved to the building recently remodeled next door to the Howard service station, three blocks east of the square.

Mr. and Mrs. Marcel Josephson, operators of the Pick & Pay Store, announce a removal sale beginning this week-end. "We want to have a practically new stock when we move into the larger and more accommodating quarters," they say.

Henry Howard, owner of the Howard store, is constructing new shelving in preparation for moving of his stock.

Success or Failure of AAA Program To Be Left Squarely Up To Farmers

A step to bring farmers more wholeheartedly into the AAA fold is in the making at Washington, as the administration drafts plans for a poll of 3,000,000 who participated into the 1934 production control.

In Scurry County and throughout the agricultural belt the farmer will be given an opportunity to determine whether he wants the control program to be continued. Here, of course, the control plan embodies cotton almost altogether.

Because corn and hogs are primarily domestically consumed crops, they will furnish the experimental ground for the poll plan. Wheat, cotton and other products will come later.

The AAA turned Monday toward its 1935 adjustment battle, an Associated Press report indicates. Officials, although worried at times in recent months over reaction to crop curtailment in the face of drouth, thanked the latter for reducing surpluses in one-third of

the time they had expected it would take.

Next year, as a result, they face the delicate problem of adjusting supply to demand instead of limiting acreage wholesale. That is will require more thought and ingenuity than has been exercised before was freely admitted.

The AAA, Farm Credit Administration and Federal Relief Administration continued drouth relief activities, admitting that they must continue until the early summer months of 1935.

The AAA, while giving due credit to the drouth, was cheered by the report that the index of prices received by farmers had increased seven points, from 80 to 87 during the month ended August 15 and that the exchange value of farm products increased five points to 71 per cent of pre-war parity.

"We want to get prices at a fair level and hold them there," he said.

Introducing

A Gas Water Heater Radically Different

Original and individual in appearance, this new Rued is a radical departure in gas water heater design and performance. Conventional ideas have had no part in its development. It is wholly unlike any automatic water heater you've ever seen!

The glistening porcelain-enameled jacket is a delight to the eye. But what's more important is the "inside" where a new principle of "Faucet-Control" and "Faucet-Action" is employed to give you an instant, unlimited flow of hot water at a fuel cost controlled by your hand at the faucet.

The faucet's opening starts gas-burner and hot water flowing with instant synchronization—with burner open in direct ratio with water flow. You pay only for the water you use as there is no tank to waste heat with tank radiation.

HARD PRESSED FARMERS MAY GET DEBT AID

Ben F. Smith Named Conciliation Commissioner for Scurry and Borden Counties.

Farmers unable to meet their debts as they mature may get a new lease on life under terms of a recent amendment to National Bankruptcy Act.

Ben F. Smith of Snyder has been appointed conciliation commissioner under the amendment for Scurry and Borden Counties by Judge James C. Wilson, according to an announcement by R. J. Murray, supervising conciliation commissioner of the northern district, with headquarters at Austin.

Under terms of the recent amendment, federal judges are required to appoint a conciliation commissioner in each agricultural county, and at any time within five years after the amendment takes effect, a petition may be filed by any farmer before the federal county conciliation commissioner, stating that the farmer is insolvent or unable to meet his debts as they mature, and that it is desirable to effect a composition or extension of time to pay his debts.

May Work Out Settlement.

The local commissioner then attempts to work out a settlement which will be satisfactory to a majority of the farmer's creditors. If a commissioner secures their approval the court may then make the settlement binding on unsecured minority creditors, even though they disapprove of the basis of settlement.

Mr. Smith states that he will be pleased to confer with any farmer on his debt problems. His office is in connection with Boren-Gray.

The final step which the debtor may take as a last resort after all other efforts have failed is to file a petition in bankruptcy under the recently adopted Frazier-Lemke amendment. Under the provisions of this amendment the debtor may be allowed to retain possession of his farm for a period of either five or six years. During this period he may make certain payments under a six-year purchase plan including the payment of taxes and one percent interest on the principal each year in addition to certain payments on the principal of the debt.

Rental May Be Arranged.

This plan is followed provided the secured creditors give their consent. If they do not accept the plan, the farmer may retain possession by paying into the court a fixed annual rental. At the end of this five or six-year period or before the debtor may re-purchase the farm by paying a price set upon it by three appraisers appointed by the federal court.

Murray, who is chairman of the Texas Farm Debt Conciliation Committee, strongly recommends that every effort be made to assist distressed farmers to secure a voluntary adjustment of their debts through the farm debt adjustment committees already appointed in each county, or with the aid of the county conciliation commissioner before resorting to bankruptcy proceedings under the Frazier-Lemke amendment. This amendment requires farming under the jurisdiction of the court, and gives the farmer no assurance that he will be able to borrow the money at the end of the six-year period to pay the appraised price of the farm.

Planning Aid In Feeds Situation For State Farms

Every available help that the agencies of A. M. College can give to aid the state in the existing feed shortage will be made immediately available, according to plans made at College Station. To this end a meeting was held in the experiment station conference room at College Station, presided over by A. B. Conner, director, at which various phases of the situation were presented by members of the experiment station, the Extension Service and the college teaching staff.

With this pooling of information it was decided to line up and get before the public facts relating to the problem in the order of their immediate importance. The conservation of hay and other roughage now standing in the fields will be treated by C. N. Shephardson, in charge of dairy husbandry. Cotton plants and burs as feed, Dr. G. S. Frang, state chemist, will work on all forage planting in South Texas and small winter grains for grazing will be handled by Dr. P. C. Manselord, agronomist. Fall forage for the central section of the state and legumes for winter planting were assigned to E. A. Miller, extension agronomist. And fertilizer for pasture crops in East Texas was given to E. B. Reynolds, agronomist.

It was agreed that every existing particle of feed should be taken care of and used, and that when rains come planting should begin at once for winter grazing. Straw from threshed grain is, in the light of present scarcity, a much more important feed than is usual, it was stated. And much stunted grain sorghum and corn exists that ordinarily it would not be economical to harvest, but which under existing circumstances it would pay the farmers to put in a trench pile and feed.

From other states it was reported that farmers were cutting and stacking wild cane, cat-tails, bullrushes and weeds as a sort of "sue-cotash" for their cattle, while Russian thistle, or tumble weed, is also being stacked for roughage next winter.

Mrs. Wedgeworth to Temple. Mrs. C. Wedgeworth was taken to Temple Monday to go through the clinic at Scott & White Hospital. She was accompanied there by her husband, and friends expect them to return the latter part of this week.

STOCK MOVING FROM COUNTY

Movement of government-bought cattle continues out of Scurry County. The regular schedule of Thursday, Friday and Saturday buying will be observed this week, the county agent's office indicates.

The regulation county quota of 450 head per week is being observed this week, as it was last week. Efforts to have the quota raised until the selling program is completed are being continued.

Waterfowl Stamps Must Be Procured By Adult Hunters

Everyone who hunts waterfowl in the United States must have a migratory-bird hunting stamp, unless he is under 16 years of age. An act of Congress effective June 16 not only makes it unlawful to hunt ducks, geese or other water birds without such a stamp, but provides severe penalties for violation.

Stamps may be procured at the local post office according to Mrs. Gladys M. Anderson, postmaster, who has posted notices to that effect in the federal building.

The stamps are sold at \$1 each. Proceeds will be used for acquisition of marsh and water areas needed in the present nation-wide program of waterfowl restoration.

Form of application for stamps will be provided by the postmaster. Stamps are dated to expire June 30, 1935. They do not exempt the hunter from complying with state and federal regulations.

A fine of not more than \$500, or imprisonment for not more than six months, or both fine and imprisonment, are penalties for violation of the statute.

Hunters Bring Few Birds This Season

Bird hunting is not what it used to be. Especially is this true of prairie birds-on hunting, which netted few kills for local hunters during the early-September season.

Doves have been brought back in considerably larger quantities, but dry weather has evidently taken a heavy toll, also, among these timid birds.

Among chicken hunters who went to the Southwest Plains were P. W. Cloud, Robert Curritte, R. C. Miller, Max Brownfield, R. L. Williams, Oscar Mustain, Forest Wad, Claude Ineram and J. W. Roberts. The latter was accompanied by his brothers, Sam of Haskell and Grady of Chillicothe, and Lee Glasser, also of Chillicothe. Joe Moser, Virgil Moser and Henry Vaught of Colorado accompanied Max Brownfield and party.

Irigation Makes Tomatoes

Sub-irrigation has an advocate in Mrs. J. L. McElroy, member of the Cliff Home Demonstration Club in Schleicher County, who has enjoyed fresh tomatoes right through the worst of the drought. "It doesn't take as much water or labor. We have tomatoes of the same varieties and age under surface irrigation and they are not yet bearing," she said.

Lady Says CARDUI Fased Pain In Side

Cardui helped an Oklahoma lady, as described below, and many others have been benefited in a similar way. "I had a hurting in my side every few weeks," writes Mrs. Bill Stewart, of Dewar, Okla. "I had heard of Cardui and started taking it. It stopped my hurting and built up my strength. I took 11 bottles and I sure felt better."

Try Cardui for pains, cramps, nervousness due to a run-down condition. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Conservation By Stock Resources Seen By Bureau

The efforts of stock raisers in cooperation with the government to salvage as much as possible from the ravages of the drought and to conserve the limited feed and pasture for coming months were reflected in livestock shipments in Texas during July, according to Dr. E. A. Buschel, assistant director of the University of Texas Bureau of Business Research.

"The unprecedented total of 4,381 cars was shipped to Fort Worth and interstate points during the month against 3,366 cars during the similar month a year ago," he said. "These figures do not include shipments to markets within the state other than Fort Worth or the cattle purchased by the government and processed by canning plants for emergency relief. Contributing further to the disappearance of livestock from Texas ranges are unusually high death losses and the destruction of diseased and emaciated animals by the government."

"Cattle and calf shipments accounted for practically all of the increase, although there was a slight increase in the number of sheep, while shipments of hogs were only half as large.

"The hog statistics for the month deserve special notice. During July this year the receipts of hogs into Texas from outside states exceeded shipments to the states by 112 cars; whereas in July, 1933, shipments from Texas to outside states exceeded receipts from cut-of-state points by almost exactly the same number of cars. Moreover, this disparity is likely to increase in future months as the government program of hog reduction last year did not get well under way until about August. The sharp rise in hog prices, which promises to reach a still higher level in coming months intensifies the outflow of money from Texas for live hogs, to say nothing of the added amounts for dressed pork, of which there is at present no record."

Co-Op Director To Abilene This Week

J. L. Carrell, Scurry County director of the West Texas Cotton Cooperative Association will be in Abilene Monday to discuss plans for co-op buying of cotton here this season, and other factors governing the organization.

He was accompanied by Sterling Taylor, A. A. Crumley and Paris McPherson.

Mr. Carrell states that a buyer for the association will be located in Snyder shortly.

COUNTY RELIEF ROSTER SLICED

Work relief has been practically eliminated in Scurry County for the time being, Administrator Joe Monroe said yesterday.

Only a few men are now employed in connection with the cattle shipping program and no small projects already under way, Mr. Monroe stated. More than 600 persons were assisted last week by work relief.

With cotton picking time at hand, Mr. Monroe has orders from Austin to send those who wish to work to the fields.

Heads Bottlegger Drive

KANSAS CITY... A. J. Mellott (above), of this place, is the man selected by the government to head the army of 3,298 operatives in the new drive now launched to eliminate the illicit liquor business and round up all bootleggers.

NEW OFFICERS FOR VETERANS

When members of the Will Layne American Legion Post meet Monday night, they will install a new group of officers. Headed by Walls Fish, commander, to succeed Lee T. Strison. The new officials will begin their duties in October, first month of the Legion fiscal year.

Reports will be heard from members who attended the state convention at Mineral Wells last week. The post will also be presented with the charter of the Boy Scout troop of which it has been sponsor for several weeks.

The way things are speeding up in this country it won't be long until a man can take a two weeks' vacation in four days.

When burglars burgled a laundry in Dallas the other day they made a clean sweep of \$-valuable cash.

THIS IS A DROUTH RIDDEN YEAR, ALL RIGHT, AS FIGURES REVEAL

Rainfall Statistics for Almost Six Years Compiled From Data At Weather Bureau.

It's been mighty dry, all right. Figures gleaned from the records of W. R. Merrill, local weatherman, prove it.

Any way you look at it, the first eight months of 1934 were drier than the similar period in either of the five preceding years.

The average rainfall, January through August, for the past five years, was 12.44 inches. This year the total has been only 6.35 inches.

Average for the entire year, 1929 through 1933, was 20.41 inches. At the present rate, the average for 1934 will be no more than half that amount if the present rate of rainfall continues.

Table with 12 columns: Month, 1929, 1930, 1931, 1932, 1933, 1934, Mo. Avg.

It is interesting to note that 1933 was the driest year out of the last five, 14.34 inches, yet the county made one of its best crops.

Averages through August for the six years including 1934 are as follows: 1929, 11.29 inches; 1930, 13.48 inches; 1931, 8.26 inches; 1932, 20.09 inches; 1933, 9.69 inches; 1934, 6.35 inches.

This year's fall has been divided as follows: January, 35 inch; February, 22 inch; March, 2.70 inch; April, 56 inch; May, 65 inch; June, 40 inch; July, 22 inch; August, 1.25 inches.

Following is a table that gives rainfall, by months, for the entire period, from January, 1929, to September, 1934:

Table with 12 columns: Month, 1929, 1930, 1931, 1932, 1933, 1934, Mo. Avg.
