

CATTLE TESTS NEXT WEEK ON SCURRY HERDS

E. L. Jones Will Head Federal Squad of 10 Men to Make Tuberculosis Check.

A squad of 10 men with the Bureau of Animal Husbandry will begin early next week on the job of testing Scurry County cattle for tuberculosis. They will be headed by Dr. E. L. Jones, who was in Snyder Wednesday to make advance arrangements for the county-wide tests.

Dr. Jones states that all livestock owners will be notified in advance concerning the tests. He requests the full cooperation of owners in order that the tests may be carried through with a minimum of time and inconvenience.

The squad will come into Scurry from Stonewall and Kent Counties. Dr. Jones says few tuberculars are being found in this section of the state.

The tests, which are being conducted throughout the United States by the federal bureau, are made through the cooperation of state and county authorities. The county agent's office will be headquarters for the group while they are in this county.

Dr. Jones expects that the county survey will require about three weeks.

All dairy breeds in the county will be tested. Ten per cent of grown range cows, all bulls, and all purebreds will also undergo tests.

HERE A YEAR

Rev. Lawrence Hays, pastor of the First Baptist Church for exactly a year, will be given special tribute morning and evening by his congregation next Sunday. High attendance goals have been set for all departments of the church, and a member-wide canvass has been inaugurated in order to reach the goals.

SUPERVISOR IN COUNTY TO AID FARM CLIENTS

Mrs. Ruth E. Baker of Brownfield Helps Scurry Women With Rehabilitation Work.

Clients of the Scurry County rehabilitation program are entering into a new field this month, with the coming of Mrs. Ruth E. Baker from Brownfield.

The new home supervisor for women in the 120 families being financed through rehabilitation loans works directly with her clients, performing somewhat the same work as a home demonstration agent. She states that special emphasis is being placed just now on a canning program.

"Every relief client has a garden of some sort, and most of them are good," David C. Fawcett, rehabilitation supervisor for this county, said earlier this week. Mrs. Baker entered directly into this canning program when she came last Friday to take over home supervision. She says an ample supply of canned goods in each client's home is her immediate goal.

The new home supervisor is a graduate of West Texas State Teachers College, Canyon. She has done work for some time in connection with the government's new self-help program.

She is one of 78 rural home supervisors in the state. Gardening, yard improvement, meal planning, uses of food, refrigeration budgeting, repairing equipment, care of clothing, and systematic addition of home needs are among other duties of the supervisors.

SHIPP NAMED NEW CHIEF OF LEGIONNAIRES

Lubbock Post Invited to Snyder Late This Month for Annual Officer Installation.

J. E. Shipp was elevated Tuesday night to the commandship of the Will Layne Post of the American Legion. He has served as first vice commander during the fiscal year just closed. He succeeds Walla D. Fish.

At the annual election Tuesday night at the Legion hall, Hal A. Lattimore was selected as adjutant to succeed Clyde Boren.

It was decided that an invitation will be extended to the Lubbock Legion post to come to Snyder late this month to conduct the annual installation service. A special ladies' night program and "feed" is being planned for that occasion.

Other officers named Tuesday night are as follows: W. F. Mathis, P. Luanna, succeeding J. E. LeMond as second vice commander; Lex Wilmet, speaker of the house, succeeding Ross Pate as sergeant-at-arms; Warren Dodson, re-elected as service officer; J. E. Lemond, succeeding W. W. Hull as finance officer; Porter King, re-elected as historian; H. J. Gill, succeeding D. R. Todd as chaplain.

Thrane Will Go To Stamford for PCA Conference

O. P. Thrane, director of the Sweetwater Production Credit Association at Sweetwater, will leave Wednesday for Stamford where he will attend a group meeting of Production Credit Associations, to be held there July 10. The directors will meet with the officers and field representatives of the Production Credit Corporation of Houston, the parent organization, which provides the capital and supervises the operations of production credit associations in Texas.

According to Mr. Thrane, it is believed desirable to bring boards of directors and secretary-treasurers of production credit associations together in groups during the summer in order to make them more familiar with the Farm Credit Administration, the operation and capital structure of the Production Credit Corporation and to review the operation of the associations during the first part of 1935.

General discussion of production credit problems, comparison of operating methods and exchange of mutually helpful ideas will be the order of business at the meeting, and plans will be made to take care of the production credit needs for farmers and ranchers during the next producing season.

Town Closed Fairly Tight for Thursday

Snyder is closed down fairly tight for the Fourth of July celebration. Only filling stations, restaurants and similar business houses are open for business, and merchants and their employees enjoy Independence Day in various fashions.

The country club picnic Thursday evening is the only local observance in the offing. Many folks are just resting, visiting kinsfolks or catching up on their sleep, while many others are taking part in festivities at Stamford, Colorado, Pecos, Sweetwater and elsewhere.

New Pharmacist in Bannister's Place at Stinson Drug No. 1

Altus Bowden, registered pharmacist, has taken over Herbert Bannister's duties at Stinson drug store No. 1, north side of the square. Bannister and his family will leave in a few days for Lubbock, where he will be associated with the Upjohn Company.

Bowden comes from Santa Anna, where he has been serving as a pharmacist for several years. He is a graduate of the Baylor University School of Pharmacy, Dallas, 1929.

The new pharmacist and Mrs. Bowden, with their two-year-old daughter, Sandra Jean, aged two, moved to Snyder early this week. They are residing in the Egerton apartment, 2506 Avenue N.

First Softball Game Slated For Monday

Four Teams Will Play on School Grounds in Weekly Summer Planned Schedule.

Snyder's softball league is on its way!

Four captains, meeting Tuesday afternoon, flipped for places, chose names from a list of 40 who had indicated they wanted to play, and outlined a schedule of games.

Team No. 1, with Red Hill as captain, will meet team No. 2, of which Shorty Sims is captain, in the first game of the league schedule—Monday afternoon, July 6, 6:30 o'clock, at the school grounds.

Tuesday will find Norman Autry's squad, No. 3, lined up against Jake Smyth's gang, No. 4, at the same hour and place.

How Schedule Runs.

The remainder of the schedule for the first few games of the league play looks like this:

Wednesday, July 10—No. 1 vs. No. 3.

Thursday, July 11—No. 2 vs. No. 4.

Monday, July 15—No. 1 vs. No. 4.

Tuesday, July 16—No. 2 vs. No. 3.

The schedule will then continue in the same order, with games Monday through Thursday of each week. No. 1 will play No. 2 again Wednesday, July 17, No. 3 will play No. 4 Thursday, July 18, etc.

Ball-Bat For Each.

It was decided that each squad shall furnish one good ball and one good bat for each game. Those whose names are not included on the list may be chosen for one of the teams by enrolling with Marcel Josephson at Pick & Pay store.

No captain may go outside his chosen group for players, and no player may be used by any team other than that on which he was chosen. It was agreed that no more than 15 players may be on each list.

The public is invited to witness any of the games. There will be no charge.

Two Big Days On Golf Menu

Two big days are on tap for local golf enthusiasts.

Members of the Snyder Country Club and their families will gather at the club house the evening of July 4 for a basket picnic. Preceding this affair, the members and some of their ladies will play golf and take advantage of the swimming pool.

The 12 leading golfers from the club will go to Colorado Sunday afternoon for a return engagement with the Mitchell County tee artists. The two clubs tied in a match here 10 days ago.

Scarboroughs Will Stay in California

Dr. and Mrs. A. O. Scarborough and son, Hugh, left early this week for Long Beach, California, where they will spend the summer months. The veteran doctor says he has been putting in full time lately, and "a man of my age needs some rest and relaxation."

The Scarboroughs will reside at 13 East Plymouth Street, North Long Beach, a home that Dr. Scarborough has owned and visited frequently in recent years.

Weather Wisdom

A rising fog, fair weather—a setting fog, rain.

Morning fogs usually are followed by fair weather.

Rain before seven, stop before eleven.

A rainbow at night—sailor's delight; rainbow in the morning—sailor's warning.

A hazy morning and the sun seen through a mist in blue sky brings a warm day.

Unusually strong perfume from flowers indicates rain.

Many Visitors to Hospital Site See Pretty Brickwork

Dr. Stewart Cooper of Abilene Discusses the Future Care of Indigent Sick.

The pretty white brick that is being used for the exterior of Snyder General Hospital is attracting dozens of visitors to the East Snyder site each day.

Brickwork began Monday morning. The interior tile wall, plus the brick, gives the walls a total thickness of 13 inches, which means maximum coolness in the summer and maximum warmth in the winter.

Those who have inspected the foundation, which includes a large basement, and the intricate plumbing, are convinced that nothing but the best workmanship and materials are going into the \$200,000 structure.

With a continuation of fair weather, Dunlap & Coughran, contractors, expect that the job will be completed by mid-August, several days ahead of the maximum contract period.

JULY IS MONTH FOR TRANSFER

July is the annual transfer month for county students. Superintendent Frank Farmer reminds trustees, teachers and parents of the 27 districts. One hundred seventy-five to 200 are normally transferred.

The law requires that all transfers be made before August 1, Farmer points out, "and I want to urge that all school officials take care of this matter as quickly as possible." All transfers, for common and independent districts, must be made through the county superintendent's office.

Snyder Deposits Still Protected By Federal Plan

Snyder National Bank received a wire Saturday from Leo R. Crowley, chairman of the Federal Deposit Insurance Corporation, advising that depositors here will continue to be fully insured, as before, under the provisions of the federal banking act, up to \$5,000.

The message from Crowley, Washington, D. C. which was received by the local bank, was dated June 28. It follows:

You are advised that by joint resolution of Congress approved today by the president deposits in your bank continue to be insured without interruption until August 31, 1935, and that provision is made in the existing law whereby permanent insurance may be effective from that date. The maximum of such insurance for deposits for each depositor in your bank is five thousand dollars.

Past Publishers of Local Papers Here To See Old Friends

Snyder has been visited this week by two former publishers of her newspapers.

The first was "Chubby" Ritzenthaler of Salisbury, Missouri, who was here with his wife, daughter of E. D. Curry. "Chubby" was formerly co-publisher with Jimmie Smith of The Scurry County Times. The Ritzenthalers left for Missouri early Tuesday, by way of Dallas.

W. M. Curry, who has published the Crosbyton Review since he left Snyder 11 years ago, visited here Tuesday. He was accompanied by Mrs. Curry and by their son, Bob, teacher last year in the local school system.

The Crosbyton man, who published the Snyder Signal for four years prior to his removal from Snyder, was the county's first tax collector in a separate office, and was county clerk prior to his purchase of the Signal.

Edgar Taylor Store Plans Selling Event

Edgar Taylor came to Snyder just six months—a half year—ago, and he's celebrating the half-birthday by giving food buyers special prices for the week-end.

The former Mrs. groceryman, who now holds forth a block west of the square on 25th Street, says the folks of this trade area have been mighty good to him. "And I am trying to prove that I appreciate their reception by giving two days of attractive prices on quality food products," says Edgar.

A half page ad in The Times, plus circulars, advertise the event.

DOCTORS HERE THIS WEEK IN ZONE MEETING

Twelve medical doctors from a six-county area were in Snyder Tuesday afternoon for the quarterly Scurry-Six County Medical Society session. The office of Dr. H. E. Rosser was the meeting place.

A lengthy and interesting talk by Dr. Stewart Cooper of Abilene, district counselor for the medical society, on what will be done with our indigent sick when they are removed from government relief rolls, headlined the gathering.

A round-table discussion of the problem raised by Dr. Cooper, and a discussion of national and state medical legislation, plus a brief business meeting, concluded the Tuesday zone session.

The society will meet October 9 in connection with the district medical meeting at Colorado.

Member counties in this zone are Scurry, Borden, Garza, Stonewall, King and Kent. Dr. W. R. Johnson of Snyder is president, and Dr. Rosser is secretary.

Tuesday's attendance included: Dr. D. C. Williams, Post; Dr. D. C. Wylie, Aspermont; Dr. R. L. Alexander and son, Jayton; Dr. Grady Shyltes, Abilene; Drs. Johnson, Rosser, R. C. L. Robertson, I. A. Griffin, R. L. Howell and A. C. Leslie, Snyder.

Immunization Is Offered Against County Diseases

Dr. H. E. Rosser, Scurry and Borden County health officer, announces that immunizing doses against typhoid fever and diphtheria are being offered persons who reside anywhere in the two counties outside Snyder and Hermitage.

Each patient will be charged the nominal fee of 10 cents for administration of the dose, provided he calls between the hours of 8:00 a. m. and 5:00 p. m., says the health officer. The regular immunization fee will be charged after other hours.

Dr. Rosser says the service is being offered since he received 150 immunizing doses for public distribution.

The 300 persons who received the diphtheria immunization last year and did not return for the Chick test may call at the health officer's office and receive the test under the same plan as that outlined for the new doses. No one can be sure about his diphtheria immunization unless he takes this test, says the doctor.

ALL BANKHEAD FUNDS OKEYED

Notice has been received at the county agent's office that approval has been received for the second and last Bankhead payment checks.

The payment, when it arrives, will be for \$27,000 on a total of 1,798 trust agreements. The first Bankhead payment was received in February of this year.

Kent County Youth Is in the Army Now

The district recruiting office at Dodd Field, Fort Sam Houston, notifies The Times that William O. Davis, son of Mr. and Mrs. Corvino Davis, who live on the Polar route out of Dermott, is "in the army now."

Young Davis has been enlisted in the U. S. Army, and has been assigned to the 15th field artillery, stationed at Fort Sam Houston, near San Antonio.

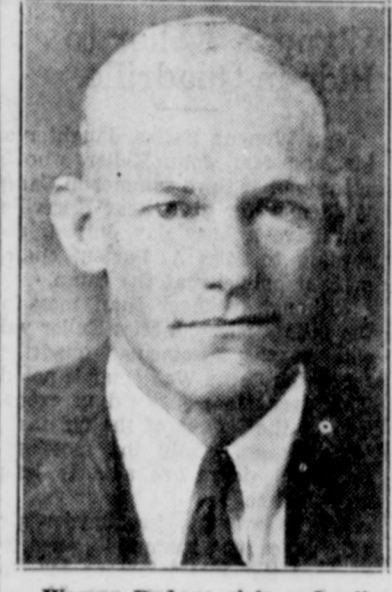

The June quota of U. S. naval recruits from the Abilene district, four in number, included Ray Houston Woody of Snyder. Woody, with the three mates from this district, were put into service out of the Dallas office about two weeks ago.

Stanfield Cooper of El Paso Is Burned

Stanfield Cooper, son of Mrs. Ella Cooper of El Paso, received severe burns on his right hand and arm last week from hot asphalt being spilled. He was employed with the state highway department near El Paso when he was burned.

Cooper is a former resident of Snyder, having gone to high school here. He is a guest in the home of Mr. and Mrs. J. O. Dodson. He will be unable to work for five or six months, according to Mrs. Dodson.

POSTMASTER

Warren Dodson, civic and religious leader, and former county attorney of Scurry County, became postmaster of Snyder Monday morning. Notice was received early last month that Dodson had been recommended for the place by Congressman Geo. Mahon. Mrs. Gladys M. Anderson has been postmaster for more than five years.

DODSON TAKES P. M. POSITION HERE MONDAY

Succeeds Mrs. Gladys M. Anderson, Who Has Served Here Since March 1, 1931.

Warren Dodson, civic and church leader, and former county attorney, became postmaster of Snyder Monday morning, July 1. He succeeds Mrs. Gladys M. Anderson, who has held the position since March 1, 1931, when she took over the duties of the late B. F. Womack.

Notice of Dodson's recommendation by Congressman George Mahon was received here late in May by Dodson and the 14 other applicants.

For eight years prior to 1935 Dodson was county attorney of Scurry County. He has since been in private practice of law. He is a past president of the Lions Club, is now serving as superintendent of the Methodist Sunday school, is a leader in Masonic Lodge circles, and has otherwise taken an active interest in affairs of the city and county.

"It's all new to me," Dodson confessed Monday morning. "All I can say is that I will do my best to give folks efficient courteous service at all times."

Texas Listed With States Having Too Much 1935 Rainfall

An Associated Press map in Sunday dailies revealed that Texas is among five states of the Union having too much rainfall from January 1 to June 15. The Lone Star state is joined by Arkansas, Louisiana, Illinois and Maryland. "Too much" in this case, means 21 or more per cent above normal.

"Of the states stricken by drought last year and dust storms this spring, all except Kansas are shown to have normal or surplus of moisture, and June deluges may have balanced that state," the report accompanying the map said.

New Mexico and Oklahoma are nearby states given as normal, while Colorado, Missouri, Tennessee, Mississippi and Alabama are among states given as having 5 to 20 per cent above normal rainfall.

About one-third of the states are listed as below normal in rainfall for the year.

WOBBLY BRIDGE TO WEST SIDE BEING REPAIRED, TOP, BOTTOM

City Dads Vote Monday Night to Send Firemen to the Annual School at A. & M.

The City Council in regular monthly session Monday night voted to do extensive work on the 27th Street bridge across Deep Creek. Work on the structure, which was made more wobbly than ever by recent high water, was begun early this week.

Weak foundations are being restored, and a complete new floor will be built. A load limit of 5000 pounds was placed on the bridge following first Deep Creek rises this spring.

The city dads voted to pay \$50 on expenses of two firemen who will be chosen to attend the annual firemen's school at A. & M. College late this month. It was pointed out that the town will be entitled to a three per cent credit on the key fire insurance rate if two firemen take part in the school.

SEEKS CHANGE OF VENUE FOR MURDER TRIAL

Witnesses Are Being Heard Today, July 4, as Green Says Snyder Is Prejudiced.

Witnesses are being heard today (Thursday, July 4) in district court, as C. W. (Chicken) Green seeks a change of venue in his trial for the murder of Erwin Woellert on the night of March 30.

Green's application to the court for a change of venue, filed Monday, sets out that he could not obtain a fair trial here because of prejudice, because "there is a dangerous combination against him instigated by influential persons," and that the killing out of which the murder charge grew "has been largely fixed in the minds of the people" of Snyder.

Time Set for Monday.

If Green's petition for a change of venue is denied, the case will be called Monday, July 8, as scheduled at the spring term of district court by A. S. Mauzey, presiding judge.

The summer term grand jury went into its deliberations Monday, but the majority of court procedure is expected by court attaches to be cleared away in preparation for the first Scurry County murder trial in recent years. A petit jury was also empaneled for the first week, but it has not been called.

Attorneys Are Named.

R. Temple Dickson of Sweetwater and D. J. Brookerson of Benjamin are defense attorneys. District Attorney George S. Outlaw is chief prosecuting attorney.

The application for change of venue sets out Green's points in this language:

"First, that there exists in this, Scurry County, Texas, so great a prejudice against him that he cannot obtain a fair trial.

"Second, that there is a dangerous combination against him instigated by influential persons, by reason of which he cannot expect a fair trial in said Scurry County, Texas.

"Largely Fixed in Minds."

"Third, and in aid of each of the above allegations by way of innuendo, the defendant respectfully shows to the court that the killing out of which the charge herein against him arose, happened in this, Snyder, the county seat of said Scurry County, which said town contains a large percentage of all the inhabitants of said county, and which is the only business center and market place in said county, and attracted a great deal of attention, excitement and talk at the time, and has been largely fixed in the minds of the people including the jurors of said county.

"Wherefore, the defendant prays the court to change the venue of this cause to some other county not subject to the same objections and other objections in order that justice might be done.

"The petition was sworn to by F. T. Wilhelm and J. H. Shuler, who declared that they had read "the above application for change of venue herein, and the statements of fact therein are true."

Melba Clark Named Baylor Class Head

Melba Clark of Snyder, graduate of the local mid-term class in 1934, was recently elected president of the freshmen class at Mary Hardin-Baylor College for the summer session.

Melba has been prominent in campus and class activities, is a member of the freshmen volleyball team, and is a member of the Women's Sports Association.

LIONS AND THEIR LADIES ENJOY ANNUAL INSTALLATION SERVICE

Full Program of Entertainment and Business at Manhattan Hotel Tuesday Evening.

Lions and their ladies gathered in the Manhattan Hotel dining room Tuesday evening to enjoy a full program of entertainment and business, including annual installation of officers to serve during the Lions Club year that began July 1. Warren Dodson was toastmaster.

H. J. Brice charged the incoming group of officers, headed by President John E. Scuttell, with their individual duties, and closed the installation service with a charge that they follow the Lions International code of ethics, which he recited.

Marcel Josephson, outgoing "tail twister," was marshal for the occasion. After the charge, the new "tail twister," W. E. Holcomb, presented Josephson with a bouquet of wild flowers and carrots, "to show you," he said, "that there is no more than a carload of animosity between us."

Tables were centered with candles held by holders decorated with patriotic colors, and red, white and blue streamers ran the length of the tables. American flags centered the bowls of ice cream that were passed. Mrs. Alfred McLaughlin, assisted by Mrs. Buel Fox, had charge of the decorations.

A feature of the gathering was the presence of W. A. Louder, Hermleigh, who was one of the party that went from this county recently to Marshalltown, Iowa, for eye treatments. He told of the trip from beginning to end, and put special emphasis on the fact that the Lions Club of Marshalltown was a constant friend to all the Scurry County group, including the two children who underwent successful sight restoration operations under local Lions Club sponsorship.

The Hermleigh man was introduced by W. R. Bell, chairman of the Lions Banquet, Page 8

Miss Faye Joyce Bride of Dock Polk In Sunday Morning Service Here

Miss Faye Joyce, daughter of Mr. and Mrs. R. E. Joyce, became the bride of Dock Polk of Floydada Sunday morning at 8:00 o'clock in an impressive service held at the home of the bride's parents, 3106 Avenue U.

O. D. Dial, minister of the Church of Christ here, officiated with the ring ceremony. Only relatives and close friends of the couple attended.

The couple was attended by Miss Bert Hicks of San Angelo, maid of honor, and O. B. Hoyt of Lubbock, best man.

Miss Pauline Boren, soprano, sang "At Dawning" preceding the service. Her accompanist was Mrs. A. C. Preuitt, who furnished other wedding music. The wedding march was from Lohegrin, and "I Love You Truly" was played during the service.

Flowers Beautifully Setting.
Miss Joyce entered on the arm of her father, who gave her in marriage. The couple met and stood before an improvised altar of lily-of-the-valley, pink roses, and a large pink ribbon bow in the center adding color. Baskets of rose buds and fern were at each side of the altar, and rosebuds, sweet peas and pink verbena added to the charm of the room. A color note of pink and white, the bride's chosen colors, was attractively carried out in decorations.

The bride's wedding dress was of heavenly blue triple sheer crepe fashioned with a short cape and white lace collar and cuffs. She wore a large picture hat of white lace and other accessories of white, and carried a bouquet of pink rose buds and baby's breath. She traveled in a tailored suit of yellow light-weight wool, worn with white accessories. The bouquet was caught by Miss Marie Casey of Lubbock.

Miss Hicks Attends Bride.
Miss Hicks, the bride's only attendant, was dressed in a pink frock of triple sheer crepe with a shirred cape. She also wore a picture hat, hers of pink embroidery, and her other accessories were of white. She wore a shoulder corsage of sweet peas.

The bride's parents are prominent ranch people of this section. They have lived in the county for a number of years, and in Snyder for the past 15 years. Faye finished high school here, and has attended West Texas State Teachers College, Canyon, and Texas Technological College, Lubbock. She has taught in the Hobbs school, and more recently at Hermleigh.

Mr. Polk was formerly of Lubbock, but he was transferred to Floydada several months ago. He is connected with the Piggy-Wiggy store in that city at the present time. His parents are Mr. and Mrs. H. L. Polk of Wellington, who formerly resided in Fisher County.

An informal reception was given honoring the couple immediately following the wedding. The three-tiered wedding cake, which was decorated with wedding bells, was cut by the bride, and the cake and hot coffee were served by Misses Margaret Doll Prim, Elizabeth McCarty, and Milton Louise Joyce. Mrs. Bythel Martin poured. The dining room was also decorated with lovely cut flowers, and a tiny bride standing on a reflector centered the dining table.

Leave for Plainview.
The couple left immediately after the reception for Plainview. From there they went to their home in Floydada.

Out-of-town guests for the wedding included: Miss Hicks and Mr. Hoyt; Miss Marie Casey, Jim Tom Casey, Morris Casey and Myrtle Jones of Lubbock; Miss Mary Frances Miller of Amarillo, W. Rash of Aspermont, and Mmes. W. L. Jones and Jay Vaughn of Hermleigh.

Wynona Keller to Ride in Quadrille.

Miss Wynona Keller, daughter of Mr. and Mrs. John Keller, who is spending her third summer in Camp Waldemar for girls, near Kerrville, will have a busy day July 4, according to Miss A. Parten, chairman of publicity at the camp.

Although younger than most of the others selected, Miss Keller will ride in the spectacular quadrille, for which Camp Waldemar is noted. This event is a fast riding execution of the figures of the old-fashioned dance. Only the most experienced riders are able to keep up the pace.

In the evening, the Snyder girl will dance the merriment dance as part of the entertainment for the royal court in the pageant, "A Romance of the Sea."

Among the hundreds of parents and friends who will be present for the holiday activities of the camp are Miss Keller's mother, Mrs. John Keller, her grandmother, Mrs. J. R. G. Burt, and her sister, Ramona Keller, who left here Tuesday.

Win One Class Has Two Recent Parties.

Misses Genevieve Jarratt, Mary Davis and Elizabeth Blakey were hostesses to the Win One Class of the First Methodist Church at the home of Miss Blakey's parents, Mr. and Mrs. J. E. Blakey, Tuesday afternoon.

A discussion of colleges was had at the meeting, and the girls spent the afternoon in embroidery. Ice cream and angel's food cake were passed to Mrs. Joe Caton, teacher, and La Frances Hamilton, Roberta Ely, Dossie Mae Caton, Hazel Polard and Virginia Yoder.

At a recent meeting of the class, Mrs. Caton was hostess. Ten members were present, and Misses Florenz Winston, Frances Northcutt and Sadie Tell Jenkins were guests.

Class meetings are being held for the group every two weeks during the summer—on alternate Wednesday afternoons.

Junior Coterie in Summer Meetings.

The Junior Coterie, music club for junior music students which is sponsored by the Musical Coterie, had the first of its summer meetings last Thursday afternoon. Wanda Jean Sims was hostess at the home of her grandmother, Mrs. E. L. Darby.

Mrs. E. E. Spears, sponsor of the club, directed musical games during the afternoon, and also helped members with their scrapbooks. A business session was had with Dorothy Pinkerton, president, in the chair.

At tea time the hostess passed a lovely plate to the following: Jeanne Taylor, Betty Ann Schutts, Mrs. Herman Darby, Mrs. C. J. Sims, Mrs. J. P. Strayhorn, Mrs. Billy Boren, Billy Jack Boren, Miss Dorothy Darby, Bobby Sims and E. L. Darby, guests; and Mrs. Spears, sponsor, and Louise LeMond, Nell Verna LeMond, Cyrella Fish, Virginia Preuitt, Billie Lue Thompson, Helen Ruth Pawcett, and Mary and Genevieve Yoder.

The group will continue their monthly meetings during the summer.

Mrs. Brownfield Back.
Mrs. Maurice Brownfield, who underwent an appendicitis operation in the Abilene Sanitarium Tuesday of last week, was returned to her home here Monday. She is recovering rapidly from the operation, Maurice said yesterday.

Ruth Anderson Auxiliary Meets.

At the Monday meeting this week of the Ruth Anderson Auxiliary of the First Methodist Church at the church, Mrs. R. J. Randals gave the devotional. The subject for the afternoon's study was "Peace."

Mrs. Homer Snyder discussed "The Peace Action Committee: What, Where and Why"; "Blessed Are the Peacemakers" was Mrs. J. G. Hicks' subject for the afternoon.

Members present were: Mmes. Homer Snyder, T. J. DeShazo, J. C. Gay, H. C. Gordon, J. O. Littlepage, T. W. Pollard, J. G. Hicks, R. H. Odum, Harry S. Lee and R. J. Randals.

A delightful social meeting was had by members of the Ruth Anderson Auxiliary of the First Methodist Church last Monday at the home of Mrs. R. H. Odum, with Mmes. Odum and J. O. Littlepage as hostesses.

Mrs. Ivan Dodson's devotional given at the afternoon meeting was on "The Call to Worship." Others taking part on the program were as follows: Mrs. Earl H. Louder talking on "The Forgotten Women," Mrs. T. W. Pollard telling of "The Methodist Women of Today," Mrs. B. L. Kent presenting the stewardship topic, and Mrs. Homer Snyder giving missionary news.

Reports for the month showed as follows: Fifty-two calls, 9 trays, 14 bouquets, 6 letters and 3 cards.

Refreshments were passed to the following: Mmes. B. L. Kent, T. W. Pollard, T. J. DeShazo, Edd Thompson, R. J. Randals, J. G. Hicks, P. W. Cloud, Earl H. Louder, Ivan Dodson, J. C. Gay, H. A. Lattimore, Lex Wilmeth and O. D. McGlaun and Miss Ruby Curry.

Methodist Society Studies Orientals.

The Adult Missionary Society of the First Methodist Church met Monday afternoon at the church for a study of "The Oriental American," directed by Mrs. A. C. Preuitt.

Mrs. Joe Strayhorn led the devotional at the first of the meeting, and then the group heard an interesting program led by Mrs. Preuitt. Mmes. Lee T. Stinson and W. W. Hamilton gave a clever skit on "The Chinese and American Women"; Mrs. Joe Caton discussed "Psychological Handicaps"; and Mrs. A. M. Curry presented "The Story of Martha Master."

Members present for the program and business meeting that followed were: Mmes. Joe Caton, H. P. Brown, R. W. West, W. W. Hamilton, A. C. Preuitt, A. M. Curry, Joe Strayhorn and Lee T. Stinson.

Duce Club Picnics At Johnson's Ranch.

Misses Mary Jane Beall and Gwen Gray were hostesses to members of the Duce Bridge Club and guests last Thursday evening with a delightful picnic, given at the Sidney Johnson ranch, 12 miles northeast of town.

The two were assisted in entertaining by Miss Beall's sister, Mrs. Sidney Johnson, and by Mrs. Roy Strayhorn.

After a refreshing swim in the creek south of the ranchhouse, the group enjoyed a picnic supper served from a table on the lawn. The menu consisted of pimiento and cheese sandwiches, tuna fish sandwiches, potato chips, pickles, lemons, ice cream and cake.

Guests present were Misses Jeanette Lollar, Maurice McClinton, and Ruth Yoder. The following club members attended: Lera Mae Scott, Jan Thompson, Dorothy Darby, Janice Erwin, Mattie Vira Harrell, Johnnie Mathison, Margaret Deakins, Mildred Stokes, Allene Curry and the hostesses.

THOUSANDTH

Enrolled as the thousandth student at Texas State College for Women (CIA) this summer, Miss Ruth Land, Beaumont, is studying art under Alexandre Hogue, prominent artist of the Southwest who is a member of the faculty at the college. Miss Land, the winner of a national award in modern art, is beginning her second year of college work. Her registration for the first six-weeks' term at the college brought total enrollment to an increase of 100 per cent over the summer attendance two years ago, when 408 were enrolled.

Workers Enjoy Council Meeting.

The workers in the children's division of the First Methodist Church met for a council meeting last Thursday afternoon at the home of Mrs. R. J. Randals. Mrs. H. Roper was assistant hostess.

Mrs. J. E. Hardy, division superintendent, conducted the business session. All departments were well represented, and each worker gave a splendid report, according to the superintendent.

The hostesses served refreshments to Mmes. J. E. Hardy, W. W. Smith, R. W. West, H. B. Winston, H. Keith, Homer Snyder, Mary E. Banks, Allen Warren, J. D. Scott, H. L. Vann and A. M. Curry and Miss Ruby Curry.

Sine Cura Club Meets Tuesday.

The Sine Cura Club met with Mrs. H. G. Towle Tuesday afternoon. Spring flowers added to the attractiveness of entertaining rooms, as three tables were arranged for players. Nasturtiums were used to center each table as a fruit plate was passed following the bridge play.

Mrs. Ernest Taylor played high in the games. Mrs. J. M. Harris, second high, and Mrs. T. L. Lollar received the traveling prize.

Guests were Mmes. Joe Strayhorn, J. M. Harris and S. P. Kirksey. The following members were present: Mmes. Vern McMullen, W. R. Johnson, O. P. Thraane, T. L. Lollar, Forest Sears, Ernest Taylor, Hugh Boren, Joe Stinson, R. H. Curmutte and W. B. Lee.

Mrs. J. M. Harris will entertain the club at its next meeting.

Sponsor Entertains Cresset Junior Club.

Mrs. Max Brownfield, sponsor, was charming hostess to the Cresset Junior Club at her home Tuesday evening. Her house was decorated with lovely sweet peas.

Allene Curry directed the evening's program, conducting an English drill at the beginning of the program. Almarene Heard gave an interesting review of "Mother Mason," novel by Bess Streeter Aldrich.

A dainty salad course was passed with iced punch to Mary McCarty, a guest, and to the following members: Ruth Yoder, Lera Mae Scott, Mary Jane Beall, Frances Boren, Frances Chenualt, Jan Thompson, Adelle Baugh, Almarene Heard, Lorraine McCormick and Allene Curry.

Mary Jane Beall will be next hostess to the club at the home of Mrs. Zack Taylor, July 16, and Jan Thompson will direct the program.

Baptist Sunbeams Meet at Church.

The Sunbeams of the First Baptist Church met Monday afternoon at 5:00 o'clock at the church. The afternoon's program consisted of a story given by Loleta Cleavenger and a report by Maribelle Weathersbee, and following the program the group went "treasure hunting."

Those present were: Billy Jay Elland, June Jones, Helen Joy Taylor, Barbara Inman, Carolyn Niedeken, Loleta Cleavenger, Frances Leath, Ola Margaret Leath, Arlene Cooke, Jeanette Watkins, Grace Reeves, Mary Joyce Reeves, Joyce Cleavenger, Margaret Smyth, Billy James Reeves, Bobbie Hays, Peggy Hays, Maribelle Weathersbee and the sponsors, Adelle Watkins and Lola Mae Littlepage.

Friendly Fellows Are Entertained Thursday.

Mr. and Mrs. R. H. Odum were host and hostess to the Friendly Fellows Forty-two Club at their home last Thursday evening. Following a series of forty-two games, a salad course with punch was served.

The following were present for the entertainment: Messrs. and Mmes. J. C. Gay, Leonard Gill, H. L. Vann, W. W. Smith and Joe Caton and W. J. Ely, guests; and Messrs. and Mmes. A. W. Arnold, W. R. Bell, J. S. Bradbury, R. D. English, J. Monroe, Hugh Taylor, C. E. Fish and F. W. Wolcott, club members.

The club will meet next time with the F. W. Wolcotts.

Miss Faye Joyce Honored Saturday.

Honoring Miss Faye Joyce, bride-elect of Dock Polk of Floydada, Mmes. A. C. Preuitt, Bythel Martin and John Irwin and Miss Margaret Dell Prim entertained Friday morning with a bridge-breakfast and gift party at the home of Mrs. Preuitt.

Summer flowers decorated the house for the party. Pastel net covers in orchid and green were used on the tables, and lovely nasturtiums in crystal baskets centered the tables.

A two-course breakfast was served, and bridge games followed. Mrs. E. E. Spears received the high score prize, and in turn presented it to the honoree.

The honoree was led into the dining room, where a tiny bride on the table reigned over an array of lovely gifts, that were opened and admired by the entire group.

Guests for the morning party were the following: The honoree, her mother, Mrs. R. E. Joyce, and her sisters, Mrs. Wilmet Wade and Mrs. Herman McPherson of Big Spring; Mmes. E. E. Spears, J. P. Strayhorn, John Keller, Faye Joyce, Andy Jones, P. W. Cloud, Herbert Bannister, Max Brownfield and Amos Joyce, Miss Allene Curry and Miss Mary Frances Miller of Amarillo.

Picnic at School Park Is Enjoyed.

Nine couples enjoyed a picnic at the school park Tuesday evening. A delicious picnic supper was served to the group.

The group included: Misses Martha Jo Jenkins, Frances Stinson, Mary Margaret Towle, Francis Northcutt, Sadie Tell Jenkins, La Frances Hamilton, LaVera Cox, Estine Doward and Roberta Ely; Glen Graham, Woodie Halstrom, Corwin Patterson, William Boren, Otha Lee Clark, Wylie Brice, Jack Darby, John Blakey and York Murphy.

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Statesville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Joye Anz Is Honored With Birthday Party.

Joye Anz, six-year-old daughter of Mr. and Mrs. Dudley Anz, was honored Monday by her mother with a birthday party, given at the Anz home, 2400 Avenue N. Mrs. Sam Stokes assisted in entertaining the youngsters.

A pink and white color note was emphasized. The birthday cake was iced in pink and white and served with pink ice cream to the group late in the afternoon. Lollipops were party favors for the attending Joye's party. Each guest brought a dainty gift for the honoree.

The following were present: Ima Jean and James Wade, Bobbie Morrow, Mamie Lou Stokes, Mary Ellen Brown, Marcel and Mozelle Newman, Juanita Greene, Donna Jean Autry, James and Arlen Bailey, Arlen and Doyle Stokes, John Billy Harvey and Joye and Jean Anz.

Guests of Mmes. Mack Gideon and W. C. Wenninger are their mother, Mrs. J. E. Boles, their sister, Mrs. P. R. Owens, and Mrs. Owens' son, Billy, all of Los Angeles, California. The Owens plan also to visit with friends in Abilene before returning home.

Crusaders Class In Social Meeting.

Miss Jo Halley and Mrs. A. E. Harvey were joint hostesses to the Crusaders Class of the First Methodist Church at the home of Mrs. Halley Friday evening.

During the business session, 1 were made for a basket picnic in July. Dainty refreshments consisting of cake and ice cream were passed to the class members.

The group included Mrs. I. Odum, teacher, and the following members of the class: Mmes. A. Biggs, Jim Hester, G. L. Higbotham, Mungler Y. Lewis, Me Blackard, Bill Taylor, Frank Pauer, Harry S. Lee, R. C. Gilling, W. M. McMath, Bill Vaughn and M. L. German, Misses Neoma Strayhorn, Susie Black, Ora Norred and Mozelle Roach and the hostesses.

APPROVAL OF AAA VOICED BY DIRT FARMERS

Local Delegates Hear Chief of Cotton Division at a Dallas Legislative Hearing.

Led by Cully A. Cobb, chief of the AAA's cotton division, representatives of Texas farmers presented arguments favoring continued federal crop restriction before the Texas Legislature's cotton investigating committee Monday in the Baker el, Dallas.

More than 300 bronzed cotton growers shouted vociferous approval as county and growers' association speakers mounted the forum for short presentations. A graphic report was kept of proceedings for submission to James V. Alfred and the Legislature in the development of a permanent cotton policy.

Borden-Scurry Delegates.

Scurry County was represented at the conference by County Agent W. R. Lacey; Pat Johnston, who is president of the Scurry County Agricultural Association; O. P. Thrane, chairman of the county cotton committee; and Giles Bowers, president of the Snyder Agricultural Association.

Borden County, neighbor to the west, was represented by Clemens and Nolan von Roeder of the Murphy community.

Mr. and Mrs. Lacey left last week, and are visiting friends and relatives before they return. The other delegates made a hurried trip, leaving early Monday morning and returning that night.

Says Income Double.

The Dallas News continues with its account of the gathering as follows:

Because of the AAA program, Texas' 1933 cotton crop income was double that of 1932, Mr. Cobb declared. In spite of the drought the state's 1934 income from cotton was 40 per cent above that of 1932, he said.

"The rise in farm purchasing power in the Cotton Belt since 1932 has in turn been reflected in increased buying by cotton farmers," he said.

"Business barometers during the last 20 months have pointed to rural customers in the South as the most active in the United States."

Objects, Accomplishments.

"The cotton adjustment program has as its objectives the increase of annual income to cotton producers so that they may enjoy a standard of living comparable to other occupations; the adjustment and maintenance of American cotton supplies to the demand for such cotton at a fair price; the freeing of women and children from the cotton field; the enablement of cotton farmers to operate on a cash basis, and to individually organize their farming operations so that the best use of land and labor may be made.

"In answer to those described objectives, I submit these accomplishments:

World Carryover Reduced.

The world carryover of American cotton on August 1, 1935, will be between 8,500,000 and 9,000,000 bales. On the same date of 1933 it was 11,588,000 bales.

"The average price received by producers per pound of lint for the 1932-33 crop was 6.5 cents. For the 1933-34 crop the price was 9.7 cents and farmers will receive for the 1934-35 crop an average of 12.3 cents.

"During the 1933-34 crop year, 10,497,000 acres were taken out of cotton production and during the 1934-35 year 14,548,000 acres were similarly treated.

Big Exports, Poverty.

"In 1934, 1,521,954 votes were cast in the Bankhead Act referendum, and 89.5 favored continuation of the act's provisions through 1935.

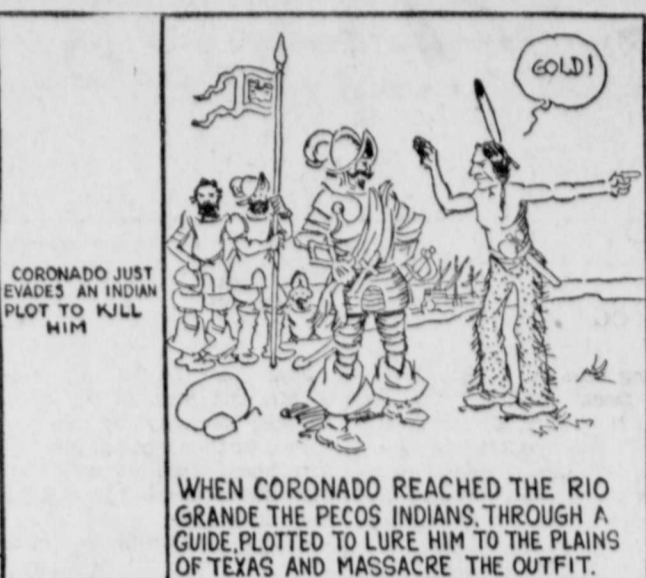

"We must take a long-time view of the cotton situation. Our program would be empty mockery if the South were benefited for only a year or so, and then the project allowed to lapse. It is important to note that 1931 and 1932 were black years in the South's cotton history, though they were years of exceptionally heavy export. We sent 9,193,000 bales abroad in 1931 and 8,895,000 bales in 1932.

"With few exceptions, large export years have always meant fewer dollars to the cotton producer. Heavy exports during the war were one exception, and another was in accompaniment of our heavy loans abroad during the Hoover administration."

"What attracted you to your bride?" asked the minister, after the ceremony.

"Well, sah," replied the ebony-faced groom, "de fast time Ah seed Dinah, I took er fancy to her—she was so good looking. Den, when Ah learned dat she was doin' steady washin' for seven families, right den an' dar, Ah surrendered."

SHELTERBELT MIGHT EMPLOY AAA ACREAGE

Forest Service May Plant Acres Taken Out of Basic Crop Production.

Acres taken out of basic crop production under AAA contract may be used by the Forest Service in its shelterbelt program, according to an agreement with the Agricultural Adjustment Administration.

The shelterbelt zone, which is about 100 miles wide, extends northward about 1,000 miles from Scurry, Fisher and Jones Counties in Texas through Oklahoma, Kansas, Nebraska, South and North Dakota, to the Canadian border.

The main purposes of the shelterbelt project are to check the sweep of winds, to conserve soil moisture, help prevent soil erosion, and offer shade and protection for human needs.

Two phases of the shelterbelt project involve AAA cooperation. They are strip planting and farmstead planting.

For the duration of the AAA contracts, landowners would continue to receive AAA rental payments on acres taken over by the Forest Service. According to the agreement, the Forest Service would take over the land and make lease-option agreements to insure control of the land by the Forest Service after expiration of the crop adjustment contract.

Studio Whispers From Hollywood

BY GEORGE FISCHER

Freddie Bartholomew, the sensational kid actor who scored in "David Copperfield," and who last week stole the show from Garbo in her newest screen bid for fame, "Anna Karenina," was all set today to handle the title role of "Oliver Twist" for MGM.

"Oliver Twist," one of the earliest and most poignantly beautiful of the major works of Charles Dickens, contains such unforgettable characters as Fagin, Bill Sikes, Monks, Mr. Brownlow, Nancy and others. The book also contributed largely toward bringing about sweeping reforms in child welfare in the British Empire, at the time of its publication in 1837.

"Black Chamber."

Deep secrets of the famous "Black Chamber" of World War fame have begun to unfold under the analytical genius of William Powell, suave super sleuth of the screen. "Black Chamber" will present Bill in the most unusual characterization of his career. He graduates from a newspaper picture puzzle editor to the outstanding trapper of international spies. Rosalind Russell, Binnie Barnes, Sterling Holloway, Cesar Romero and Mickey Rooney will support Powell. Production gets under way immediately.

New Western Star.

Add Lyle Talbot to the long list of aspiring rodeo riders, bronco riders and "gentleman of the ten-gallon hat" type.

Lyle, who likes to warble the lyrics to Ray Noble's "The Very Thought of You" in his spare time, has been selected by Warner Brothers to star in six westerns on their 1935-36 program of pictures.

You can expect to see Lyle swagging across the many mid-western movie screens any day now, but you won't expect him to break out in song, will you?

And Now Spanky.

Spanky McParland sings!

What's more, the famous little comedian of "Our Gang" sings with no less a personage than Ted Lewis! Spanky has been added to the cast of "Here Comes the Band," with Lewis and his orchestra, to appear with the singing bandmaster in the number "You're My Thrill." He makes an entrance in pajamas, sliding down a banister, to be caught by Lewis, enacting his proud father. The child comedian has an excellent voice!

Beery and Cooper.

Because they were reunited again in MGM's "O'Shaughnessy's Boy," Wallace Beery and Jackie Cooper decided to see Europe together. The

Public Asked to Give Suggestions On Relief Funds

The Times has been requested by George B. Simpson, state auditor, to publish the following statement concerning public assistance in expending relief funds:

"Under Acts of the 43rd Legislature, the state auditor's office is charged with the duty of auditing relief expenditures and making quarterly reports to each member of the Legislature and the press. However, adequate provision was not made for auditing expenditures of the various county administrative offices, where most of the relief funds are actually disbursed.

"The cooperation of the public is sought in this connection, and we would be pleased to receive suggestions for improvement in the manner of expending relief funds by county organizations. Also, any criticism of past expenditures will be carefully considered when called to our attention."

Snyder Produce Changes.

Snyder Produce has been changing things up quite a bit recently in order to give customers and employees more comfort and service. The office has been enlarged and connected with the cream testing room by a "peep-hole." W. C. Ballard, new manager, says the new arrangement is a big asset to the produce house.

famous screen pals let it be known recently that their plans to tour Europe coincided with their picture making schedule. It's Jackie's first trip abroad!

"Suffered Beyond Words"

—but now she knows what Stomach comfort is again, with Gordon's.

From all over the country the letters come with praise for GORDON'S wonderful compound. From New Orleans: "After suffering beyond expression of words with gas on stomach, for about a year, your wonderful GORDON'S COMPOUND was recommended to me by a friend. I purchased a bottle from the Economical Drug Store, found so much relief I have taken 9 or 10 bottles. Would not be without it."—Mrs. Ella Brown, 3012 Jackson Ave., New Orleans.

"Don't spend the rest of your natural life groaning with an upset stomach. Try Gordon's for ACID STOMACH, INDIGESTION, GAS ON STOMACH, SORE STOMACH, HEARTBURN, BLOATING, DYSPEPSIA and see for yourself! Take GORDON'S and eat what you like! Money back on first bottle if not satisfied."

Ex-Students of ACC To Picnic in Austin

Ex-students of Abilene Christian College, Abilene, who are doing graduate work at the University of Texas this summer, will hold a reunion at Austin Monday, according to word received here.

Superintendent R. L. Williams of the local high school, is expected to be among the 50 ex-students present. The reunion will be in the form of a picnic, and Comer Clay, president of the ex-students association, will be in charge of the meeting.

BORDEN READY WITH CHECKS

Cline E. Morris, county agent of Borden County, has received all of the final checks from the certificate pool of last year, he informs The Times.

Producers are advised that these checks are now available at the county agent's office at Gail, and each producer will have an opportunity to place the remaining poundage in the special pool. July 18 has been set as the final date for placing certificates in the special pool from Borden County.

Three Meals Daily And Times Is O. K.

"We are still having three meals a day, and a nice place to live... and believe you me, if I do have to cut out anything it won't be The Times." So writes Mrs. Mary B. Sterrett of Hollywood, California, formerly of this county.

"Not getting the paper on time is too much like missing an expected visit from an old friend," Mrs. Sterrett continues, as she sends her renewal check for a Times subscription.

THE WEEKLY DOZEN

More Than Fishermen Three.

Talkative Tillie thinks West Texas is really getting into the high-water belt, now that the women are going on fishing parties—and bringing back visible results.

Stranger Than Fiction.

The Pathfinder: "A reader complains that no outstanding American fiction has been written recently. Just be patient, brother, until the political parties get around to writing their platforms next year."

Weekly Rooseveltiana.

President Roosevelt: "Every form of cooperative human endeavor cries out for men and women who, in their thinking processes, will know something of the broader aspects of any given problem."

The Snyder Rail-Birds.

Pessimism Pete says the only thing that keeps some of those rail-birds on the north side of the old First State Bank from toppling over onto the Borden & Grayum downstairs is the fact that their feet are heavier than their gray matter.

The Game of the Year.

With practically every town of any size having regular softball games, it is evident that the new sport is to some extent replacing regular baseball. Softball, with its low cost, its snappy action, its close-range playing, and its exercise benefits, is surely the game of the year.

As the Santa Fe Sees It.

The monthly Santa Fe Railway report bears out the tales that have been told about heavy crop damage in many parts of the state, especially along watersheds of the larger streams. Fair crops but wonderful pastures is the general outlook, it would seem, for the state as a whole.

Freedom and Government.

A clipping from somewhere: "The men who wrote the Constitution of the United States knew human nature in all of its angles. . . Freedom to work for a living—energy to provide a surplus over the daily needs—thrift to save it for his family—protection for his savings—can be found under no other government on earth."

Borden County Peaches.

It is no accident that Nolan von Roeder, out in the Murphy section of Borden County, is raising hundreds of dollars worth of peaches this year. Hard work, good deep sand and a good season turned the trick. It is probable that hard work and definite planning are just as much responsible for the bumper crop as the other factors. Anyway, Nolan's peaches are good, and you may lay to that!

More Tourist Traffic.

Conoco's famous Travel Bureau says tourist traffic through Snyder will more than double this summer—and Conoco ought to know, for the company spends thousands of dollars in gathering travel information for the benefit of any who ask. Snyder merchants, as they check and double check their stocks and their service, should remember that tourists leave tens of thousands of dollars here every year.

What About Your Appendix?

Appendix operations are quite the style nowadays. Folks are having the cantankerous little organ removed when it gives them the slightest trouble—and wisely so. It is probable that our forebears were often stricken by appendicitis and went to their graves with no one ever knowing what was the matter with them. Medical science knows about appendicitis now, and thousands of lives are saved by timely operations or treatments.

How're Your Crops Today?

Nobody seems to know within 50 per cent of how good or how bad the Scurry County crop yield for 1935 will turn out to be. Almost everyone agrees that feed will be far above average, and that pastures are in excellent condition. But with cotton it's different. "It's fair to good," says one. "It's good to better," says another. "It'll make 30,000," says a sheer optimist. Generally speaking, most of the prophets are generally speaking. And nature is tending to the crops.

Postmasters—New and Old.

A new postmaster has taken charge of Snyder's mail business. He is not a newcomer, of course, for folks have known Warren Dodson, in his various capacities of service, for quite a few years. But he is greeted with enthusiasm by a citizenship that has learned, under Mrs. Anderson's administration, that Uncle Sam's business does not necessarily have to be handled in hard-boiled fashion. Friendly helpfulness will continue to be the rule, just as it has been under the former administration.

The legislators who framed the ancient republics knew that their business was too arduous to be accomplished with no better apparatus than the metaphysics of an undergraduate, and the mathematics and arithmetic of an excise man. They had to do with men, and they were obliged to study human nature.—Edmund Burke.

"Our Greatest Economic Trinity."

Following is an interesting excerpt from an address by Louis J. Taber, master of the National Grange, before the recent Dearborn Conference of Agriculture, Industry and Science at Dearborn, Michigan:

"The American farmer hopes that this conference will set in motion influences that will do more for rural life than the politician has ever been able to accomplish. During the crisis through which we have passed, it was necessary to reduce surpluses, to curtail acreage, and to put the agricultural plant in order on much the same basis as used by the manufacturer in reducing production. As a permanent policy, however, the energy of the American farmer, and our fertile acres cry aloud for a prosperity of abundance rather than one of scarcity.

"The scientists and the industrial leader can render outstanding service in broadening the uses of products grown on the farms of the United States. This service can be developed along four distinct lines:

"First: To find new industrial uses for products now grown on our farms, with special emphasis to additional uses for such great basic crops as cotton, tobacco, wheat, corn, oils, and fats, slash pine, forest products, etc.

"Second: To find new plants that can be successfully grown in this country to take the place of imported products.

"Third: To expand the non-food uses of our present and potential agricultural productions.

"Fourth: To develop additional American-produced raw materials for industry and commerce to the end that cooperation, understanding, and team work may be developed between agriculture, industry and science—America's greatest economic trinity.

"This program can mean billions to the welfare of our country. It can bless agriculture and bless industry. Every dollar that goes to the American farmer is 100 per cent certain to be spent here, while every dollar that goes abroad for raw material may or may not find its way back home.

"The hour has come for us to recognize the unpleasant fact that temporarily the entire world has gone nationalistic, and there is practically no force except the slow-moving factors of time and intelligence that will change it. Other nations are struggling for military and economic reasons to be self-sufficient. Italy has performed the almost impossible, and now produces her own wheat. France has changed from an import to an export nation in many of her food products. Germany is determined to produce her own fats, and all over the world we find a desire in each nation to produce their own food, fibre and raw material needs.

"Let America recognize the economic and nationalistic trends of the world, and while we do everything humanly possible to promote foreign trade, let us remember that international currents, once in motion, are temporarily irresistible. Let us grow every plant and every product in the United States that can be grown here. Let us unlock the forces of science to find uses for the products we have. Let us remember that our diversified soil and climate make it possible to produce in the United States much that is now imported."

CURRENT COMMENT.

By Leon Guinn.

A new organization known as "The Americans" has a high mark to aim at in pushing plans to deport 6,000,000 aliens (unnaturalized) from America. . . Backed by 153 firms and societies, The Americans recognize our national relief problem is acute because of 1,000,000 alien clients smuggled in. . . From the Canadian border, from Old Mexico, from the Atlantic and Pacific seacoasts these aliens have come with foreign ideals and low moral standards, until our cities are glutted with unwanted aliens. . . Check the police filing cards in any city, or visit the teeming tenements, and it isn't hard to see why this gluttersop element of Europe is the spawning bed of crime. . . America is the only nation today lax about immigration bars, hence The Americans with their unattainable quota of deportees.

Peritonitis, a hovering fear when doctors perform abdominal operations for gall stones, appendicitis or ulcers, is gradually yielding to the march of science. . . Dr. Bernhard Steinberg, Toledo Hospital researcher, and Dr. Herbert L. Johnson of Boston are doing notable work in this field. . . The colorless membrane around the abdominal cavity (the peritoneum) when infected demands instant attention. . . Dr. Steinberg, for instance, concocts Coll-Bactragen, promising but not widely used. . . From the Pasteur Institute, Paris, he obtains strain 300 B-Coll (Coll-bacteria; commonly called putrefaction microbes), and to the bacteria he kills is added a seaweed extract of gum tragacanth, plus aleuronin (low sugar content wheat flour). . . The American Medical Association is closely watching these two doctors, and peritonitis before long will lose its sting, along with other operative dangers.

Self interest is the great motor. . . Therefore to accomplish any political end, no provoking speeches are necessary. On the contrary, they defeat the object in view.—General Sherman.

Glorious Fourth If No Accidents Come Says M. D.

It would be a glorious Fourth of July if no accidents occurred to mar the joy of celebrating our one hundred and fifty-ninth anniversary of independence, declared Dr. John W. Brown of Austin, state health officer. "It is most unfortunate that a day of joy and celebration leaves in its wake one of sadness and sorrow in many homes.

"It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails or other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus, or lockjaw, as the disease is commonly called.

"Tetanus is fatal in a large proportion of cases. Fortunately, we have tetanus antitoxin as a means of preventing the disease. Antitoxin must be administered promptly following the accident. Treatment after the disease develops is rarely successful. Preventive measures include: The avoidance of such wounds and proper medical treatment.

"A few don'ts for the Fourth of July celebration would not be amiss. "1. Don't be careless in the handling of explosives.

"2. Don't look into firecrackers which have failed to explode.

"3. Don't drive recklessly and at excess speeds.

"4. Don't overdo in swimming, especially in water of an unknown depth.

"5. Last and most important: Don't fail to get prompt medical attention if a wound is suffered."

Lovell Baze Caught In State High Tide During June Rains

Lovell Baze, former resident of Snyder, who has been trucking out of the Sandia truck country recently, was in the big middle of some of the floods that devastated Central, South Central and North Central Texas last month.

"I started out with a load of melons on a 40-mile trip," he relates, "and hadn't reached my destination after I had traveled more than 400 miles. I was hemmed in by water every direction I turned."

With the exception of the country immediately adjoining Sandia, where cotton is looking fine, Baze said little of the country south or west of here looks as good as Scurry County. "Washed out or hauled out," is his explanation.

Baze and his wife, the former Ida Mae Mauls, daughter of Mr. and Mrs. M. M. Mauls of Snyder, are visiting here for a few days.

Extension Head Is Taken by Paralytic Stroke at A. & M.

Funeral services were held Monday for O. B. Martin, 64, director of the Texas A. & M. College Extension Service, who died suddenly Sunday.

Martin was known personally to W. R. Luce, Scurry County agent, and to a number of other folks in this area.

He suffered a paralytic stroke while reading a newspaper at his home Sunday morning. He died late that night without regaining consciousness.

Martin came to Texas in 1927 from Washington, where he was director of the southern region under the department of agriculture.

He was born in South Carolina and from 1903 to 1908 he served his native state as superintendent of education. In 1909 he went to Washington, where he joined the department of agriculture, assisting in the development of boys' and girls' farm club work.

He is survived by his wife.

We want to live so that people will know that we are Christians. We desire that all members of our church do the same. In all of our services during this month we will be stressing consistent living. We urge a full attendance.—H. C. Gordon, pastor.

Putnam Loses Finger.

Lynn Putnam, former Scurry County man, recently associated with Henry Shuler in operation of an east-side grocery, lost a finger several days ago, according to word from Knox City, where he has been working as a bricklayer. An injury from a trowel became infected, and the amputation was necessary in order to save Putnam's hand.

Miss Mary Frances Miller of Amarillo arrived here the latter part of last week to be guest in the R. E. Joyce home for the wedding of their daughter, Miss Faye Joyce, and Dock Polk of Floydada Sunday. Misses Miller and Joyce were room mates at W. T. S. T. C., Canyon, for two years.

He Had an Alibi.

He was relating at the breakfast table an incident that occurred at the lodge the previous evening. The president of the order, he said, offered a silk hat to the brother who could truthfully say that during his married life he had never kissed any woman but his own wife. "And, would you believe it, not one stood up?" "George," his wife said severely, "why didn't you stand up?" "Well," he replied, "I was going to, but, you know, dear, I look like the devil in a silk hat."

NATIONAL VET LEADER URGES PAYING BONUS

Several District Legionnaires, But None From County, Attend Amarillo Meet.

Immediate cash payment of adjusted service certificates was urged as an effective relief and recovery measure by Frank N. Belgrano Jr. of San Francisco, national commander of the American Legion, in an address at a legion meeting in Amarillo Saturday night.

Belgrano was the principal speaker at an annual convention of the American Legion of the fifth division of Texas. Several legionnaires from George Mahon's 19th congressional district attended the meeting, but Scurry County had no delegates, according to Walla D. Fish, commander of the Will Layne Post.

Belgrano said that the American Legion will continue to press for payment of the bonus in the present session of Congress.

Other aims of the legion's national program—preservation of American principles, a strong national defense, removing profit from war, proper guidance for children, and care for disabled veterans—were also stressed by the national commander.

"If there is another war, the legion is determined that the burden of conducting and winning it should be borne by all of the people without exception," he said.

Belgrano attacked what he termed the propaganda of alien "isms." "The agents of communists in their doctrine of destruction openly," he said, "do not anticipate any revolution, but we are mobilized to a man to combat these un-American groups."

"We uphold the right of free speech and free press. But freedom of speech and freedom of the press end where treason begins."

Dewey Richberg of Pecos is commander of the fifth division, which embraces the 16th, 17th, 18th, 19th and 21st congressional districts.

A parade preceded and dances and shows followed Belgrano's address.

The 18th district of the Texas department of the Legion met concurrently with the division group.

Clover Hay: "Say, dad, we all had a narrow escape from being eaten alive last summer, I tell you."

Timothy Hay: "How so, daughter?"

Presbyterians in Midst of School For Bible Study

Daily vacation Bible school was started in the First Presbyterian Church Monday under direction of Miss Lucile Robertson, who is dean of the school, and her able teachers and helpers.

Attendance more than doubled the second day, and with the competition that is being carried on among the boys and girls, it is believed by the dean that over 50 boys and girls will be enrolled before the end of the week.

All boys and girls in town between the ages of four and 14, inclusive, are invited, regardless of what church they attend.

Instruction in the school includes Bible study, missionary study, hymnology, hand work and recreation.

At a meeting of the congregation Sunday morning, two elders of the church were chosen. W. R. Luce was elected to the office of elder.

CROP OUTLOOK IN TEXAS HURT BY JUNE RAINS

Santa Fe Monthly Report Indicates Ranges in Good Shape, but Cotton Damaged.

The Santa Fe Railway's crop report for June says: "The fairly favorable weather which prevailed generally over Texas during the first half of June was followed by unusually heavy rains in the northern, eastern, central and southwestern sections of the state, with continued wet weather during a period of one week."

"Ranges have been greatly benefited, and livestock is doing well." "The overflow of the Colorado River destroyed all crops with the exception of rice on several thousand acres. The oats crop in the central and northern parts of the state being practically mature, and approximately 25 per cent harvested, was badly damaged by the rains."

"Wet weather made it impossible for farmers to keep up with their work. As a result the cotton crop, which is up to a good stand, is badly in need of cultivation. The boll weevil has made its appearance in various sections of the state."

"Continued wet weather has caused damage to the vegetable crop, especially reducing the production of potatoes in the Eagle Lake-Wharton section, tomatoes in East Texas, cantaloupes in the vicinity of Milano, and onions in the Farmerville-Garland district."

"In Northwest Texas rains ranging from a trace to five inches have made changes for the better in the agricultural situation. Cotton shows a good stand, but a large acreage is late."

Hospital Notes

Darward Jaynes, son of Mr. and Mrs. W. A. Jayne, who had an appendicectomy operation at the Emergency Hospital two weeks ago, was taken home this week.

The condition of Verdie Lee Eades after an appendix operation last Tuesday, is satisfactory.

Mildred Wallace, who was operated Friday for abscessed appendix, is improving.

In the local Emergency Hospital, is Mrs. Horace Williamson underwent an abscessed appendix operation Monday.

Albert Thompson was operated at the local hospital early this week for ruptured gangrenous appendix. The doctor states that his condition is satisfactory.

Mrs. Jim Patterson entered the hospital for medical treatment Wednesday.

Rose Scribner of Dermott was brought to the hospital here Sunday after having had his thumb almost cut off when the turtle of a coupe fell on it. Several stitches were taken.

"Wheat improved as it ripened, and the estimate now stands around 9,000,000 bushels, or less than a quarter of an average crop. Harvest is under way."

"Vegetables Damaged. Continued wet weather has caused damage to the vegetable crop, especially reducing the production of potatoes in the Eagle Lake-Wharton section, tomatoes in East Texas, cantaloupes in the vicinity of Milano, and onions in the Farmerville-Garland district."

Hermleigh Revival To Cotton School.

O. D. Dial, minister of the Snyder Church of Christ, will close out a revival at Hermleigh church Sunday night.

A cotton classing school of the West Texas Cotton Association at Abilene late in June was attended by 58 West Texans, including Sterling Taylor of Snyder.

Mrs. M. J. Patterson entered the hospital for medical treatment Wednesday.

Wagona spent Sunday in the home of Mr. and Mrs. Elmer Bentley. Rev. and Mrs. Forest Huffman and daughters of China Grove spent the past week in the home of his parents, Mr. and Mrs. J. E. Huffman. The second quarterly conference met Sunday at the Methodist Church. Lunch was served. Rev. Long of Sweetwater is in charge of the morning services Saturday and Sunday.

Use Your Beans to Vary Them

HAVE you ever realized the number of different kinds of beans you can get in a can? Baked beans, Koshier beans, lima beans, beans with pork, red kidney beans, stringless beans and beans with tomato sauce all come to you in this convenient form. Of course you can make a great variety of dishes with all these different kinds of beans, but the ones most difficult to vary are the baked beans. These make a fine dish just as they come from the can, but have you ever tasted Carried Baked Beans? Fry one-fourth pound bacon, and remove to dish to keep hot. Add two shredded green peppers to fat, and saute until golden brown. Add two No. 2 cans baked beans, two cups tomatoes, one-fourth teaspoon curry powder, and simmer from fifteen to twenty minutes or until slightly thickened. Serve garnished with the bacon slices and whole sweet gherkins. Serves eight.

Another Foreign Tang

If you don't particularly like curry, but do pine for a sharp taste in your beans, here is another recipe with a foreign tang: Mexican Baked Beans: Fry six-teen rashers bacon, and remove to platter to keep hot. Pour off all but about six tablespoons fat. Add two diced onions, and saute till golden brown. Add the contents of two No. 2 cans baked beans and two teaspoons chili powder, and heat thoroughly. Add salt, if desired, to taste. Serve bacon on top. Serves eight. And fine for picnics are Baked Bean Sandwiches: Mash one-half cup cold canned beans, add two tablespoons chili sauce, one tablespoon chopped capers, two tablespoons chopped dill pickles, salt and paprika, and spread between buttered slices of brown bread.

Government reports received here indicate that Texas handled wheat contracts covering 3,674,186 acres which, by October 1, 1934, had brought first rental payments of \$3,726,395.44 to producers.

The average local cost of handling this work in Texas was 1.2 cents per bushel. For the United States as a whole the cost was 1.42 cents.

Parker County with a cost of 4.2 cents per bushel, Ellis with 4.3 cents, Fannin with 4.6 cents, and Hockley with 5 cents, are the highest for the state.

Sherman is lowest with a .7 cents cost per bushel. Next are Bell, Briscoe, Jack, Knox, and Ochiltree Counties, with costs of 8 cents per bushel.

"Lady," said the policeman, who had motioned her to stop, "how long do you expect to be out?" "What do you mean by that question?" she demanded indignantly.

"Well," he replied sarcastically, "there are a couple of thousand other motorists who would like to use this street after you get through with it."

Here's the Motoring Giraffe

Passing cars on hills has always constituted an invitation to disaster, but it seems not to have occurred to many drivers, from the way the practice is indulged in by some motorists.

The person who passes another car on a hill, and especially near the top, is really doing what the fellow in the above illustration is trying to do. He's so eager to get on his way, that his neck is stretched away out. Some people call this type of driver the "peeping tom of the highway." A driver who is very much like the person illustrated is the one who swings around traffic on curves when it's impossible to tell what is coming from the opposite direction.

Last year, according to statistics of the Travelers Insurance Company, nearly 10,000 automobile accidents were caused by drivers who passed on hills and curves. There were nearly 500 persons killed and more than 10,000 who were injured. Drivers who are in the habit of passing improperly should remember that "it is all very well to enjoy the sights, but not to be one."

Nerves Do they torture you by day? Keep you awake at night? What is it that keeps hospitals open and doctors busy? NERVES. What is it that makes your face wrinkled and makes you feel old? NERVES. Nine times out of ten it's NERVES that make you restless, worried, haggard.

Nerves Do they make you Cranky, Blue—give you Nervous Indigestion, Nervous Headache? When nerves are over-taxed, you worry over trifles, find it hard to concentrate, can't sit still. Nerve Strain brings on Headache. Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.

Nerves Do they interfere with your work; ruin your pleasure; drive away your friends? You're cheating yourself and the man who pays you if you work when your NERVES are not normal. You can't have a good time when you are nervous. You can't make or keep friends when you are keyed up and irritable. You may excuse yourself, but to others you are just a plain crank.

\$3,300 ADDED TO PER CAPITA IN THE COUNTY

Action of State Board in Raising Apportionment Assures the Scurry Benefit.

Scurry County's school fund for the fiscal year beginning September 1 will be augmented approximately \$3,289 by action of the state board of education which last week set a per capita apportionment of \$17.50 for Texas scholastics during 1935-36.

The new amount is the statutory maximum for state school aid. The current year's apportionment was \$16.50.

The county's scholastic census, according to figures recently completed by County Superintendent Frank Farmer, is 3,289. This figure is subject to slight revision.

Scholarships by Districts. Snyder has 1,021 scholastics, the figures show. Other independent district figures are: Hernleigh, 277; Fluvanna, 196; Dunn, 186. Common school districts, 23 in number, total 1,609. Of this group, Ira is largest, with 253, and Pyron is next, with 212.

Scholarship census figures for the past year show a decided drop over those of the past school year, Farmer says. The total in 1934-35 was 3,636, or 347 more than this year's figures; in 1933-34, the total was 3,671, or 382 more than for 1935-36. Austin press dispatches quoted the state school board as saying that augmented by income from special levies, the school fund overcame the usual four to eight months deficit, and that a cash balance of \$2,500,000 was predicted on August 31, end of the fiscal year.

Per Capita High in 1929. Only once before, in 1929, was the apportionment \$17.50. For 1933-34 it was \$16. Except for the statutory limit, the board said the apportionment could have been \$19 or \$20.

Prospects that the apportionment would not consume all of available school funds heightened likelihood of a reduction of the present 35 cents per \$100 valuation ad valorem levy for school support. It was estimated that a rate of 32 cents could be set by the automatic tax board in July would yield a balance in 1936-1937.

CONOCO SAYS RICH HARVEST AWAITS TOWN

Travel Bureau Declares Tourist Traffic Will Be Twice as Great This Summer.

"Snyder merchants who are 'on their toes' and looking for their share of this summer's tourist dollar should reap a rich harvest. The reason: There will be twice as many tourists on the road as there were last summer."

Such is the surprising prediction just released by the Conoco Travel Bureau, America's largest free travel service, maintained by Continental Oil Company, Denver, Colorado.

In a bulletin addressed to the merchants of "Main Street" in all parts of the United States, the bureau advises them to prepare for the greatest tourist trade in years.

Highways Beautiful. "Dust storms have spent their fury, leaving a new top soil, and flood waters have receded," says Joe H. Thompson, director of the bureau. "As a result of heavy rainfall, America's highways are green in vegetation, and wild flowers are more beautiful than ever."

"During the first five and a half months of this year the Conoco Travel Bureau received 115 per cent more trip service applications than during the same period in 1934.

"At present, more than 250 carefully trained employees are working day and night shifts in the bureau's Denver offices. During the early part of June last year the Denver personnel numbered only 126.

Bureau Anxious to Help. "The Conoco Travel Bureau was founded five and one-half years ago in response to the demands of motor vacationists and everyday travelers anxious to secure accurate, up-to-the-minute information regarding North American highways, scenic regions and travel costs. Each motorist applying for Travel Bureau assistance receives a generous assortment of maps, booklets, cottage camp and hotel guides, and special instructions covering every phase of his journey. Even temporary highway detours and choice fishing and hunting areas are indicated. More than 22,000 Conoco dealer stations in 42 states act as branches of the bureau, and are equipped to render additional tourist assistance of a more localized nature."

Readers of this newspaper may secure individualized trip services without spending a cent—even for postage—merely by writing the Conoco Travel Bureau, Continental Oil Building, Denver, Colorado, stating where and when they wish to go.

Farm, Home Demonstration Contest Launched for Centennial Celebration

A Centennial farm and home demonstration contest directed by the Texas Extension Service and sponsored by the Dallas News and the Semi-Weekly Farm News for the purpose of recognizing improvement in agriculture and the improvement and beautification of rural homes, has been announced by O. B. Martin, Texas Extension director. Prizes amounting to approximately \$2500 will be awarded the winners.

Any Texas farm family living on a farm or ranch, or in a town or a village of a population of not more than 2500, on a designated state or federal highway, may enter the contest by registering with the county farm and home demonstration agents in the county and working under their supervision. The house must be on the contest property.

Registration Here. Registration cards can be obtained from the county agricultural or home demonstration agent. They must be filled out and returned to the agent's office not later than September 1, 1935.

The county judging committees will be composed of three members: One appointed by the county agricultural agent, one by the home demonstration agent and the other appointed jointly. A district agricultural agent and a district home demonstration agent will select the district winners immediately after June 1, 1936.

State winners will be selected by the director of the Extension Service, the vice director and state agent, and the state home demonstration agent, or by a committee appointed by them.

What Judges Want. A story of the activity and the farm record and a simple plan of the farmstead must be furnished the judges. Points to be considered in the judging are: The buildings and equipment; the grounds; the soil; the crops; the livestock; the food supply and other resources.

Additional information to aid contestants can be secured from the county Extension agents, from articles published from time to time in the Dallas News and the Semi-Weekly Farm News, and over radio station WFAA, Dallas.

The Mitchell-Scurry Fifth Sunday Association Baptist Training Union met with the Plainview Baptist Church Sunday afternoon, with good attendance from the following churches: Ira, 9; Ennis Creek, 10; Roscoe, 9; Wastella, 7; Buford, 14; Plainview, 25; Colorado, 25.

The following officers were elected for the ensuing year: Ernest Wiman of Roscoe, president (re-elected); Buster Edwards of Ira, vice president; and Mrs. Mary Lynch of Colorado, secretary.

Rev. P. D. O'Brien of Colorado delivered the sermon for the afternoon on "The Young People of the Bible."

Ira won the efficiency banner, and Colorado took the attendance banner.

The club's blind work committee, who paid high tribute to the club's helpfulness, and also to the full cooperation of Dr. H. G. Towle, the Marshalltown Liens Club, and to Dr. Otis R. Wolfe, the eminent surgeon who performed the operations.

Entertainment Numbers. Miss Estine Dorward, club pianist, and Miss Florentz Winston, opened the entertainment with two piano duets. Mrs. John E. Sentell rendered two vocal selections, and Mrs. R. C. L. Robertson gave a humorous reading, "Maggie and Jiggs in Heaven."

The retiring president, J. C. Smyth, in a "Backward Look," held up service and good-fellowship as the two major Lions Club objectives.

After the installation service, the new president expressed keen appreciation for the work of the club during the past year, and pledged himself, with the help of other officers and committees, to carry on the club's program of service. He also made committee appointments for the new fiscal year, declaring that he will depend heavily on these committees to help carry on the work of the club.

MAGNOLIA OIL TEST AT 1,945

A Tuesday night report from the 7,000-foot Magnolia test on the J. Wright Moor Ranch, northwest of Snyder, placed the depth at 1,945 feet.

No trouble of any kind has been encountered. The first oil showing is expected at 2,200 to 2,250 feet, judging from previous logs of that territory.

No report has been received here this week from the proposed test scheduled to be sunk on the W. A. Wade tract, southwestern Scurry County, as a diagonal offset to the Murphy No. 1.

Guests Are Honored With Party Tuesday. Mmes. W. H. Ware and J. S. Bradbury entertained in honor of their guests, Mrs. W. C. Hamilton of Memphis and Mrs. Charles Cleavenger of San Angelo, with a forty-two party given last Tuesday evening at the home of Mrs. Ware.

After forty-two games were played, hostesses passed ice cream and cake to the following: Mmes. Hugh Taylor, J. Monroe, Horace Eiland, J. E. LeMond, R. D. English, H. P. Brown, C. T. Glen, Lawrence Hays, C. E. Fish, Lora Miller, I. A. Griffin, A. C. Martin, A. W. Arnold, W. A. Morton and Otto S. Williamson and the honorees.

Get Rid of Poisons Produced by Constipation. A cleansing laxative—purely vegetable Black-Draught—is the first thought of thousands of men and women who have found that by restoring the downward movement of the bowels many disagreeable symptoms of constipation promptly can be relieved.

Mr. J. P. Mahaffey, of Clinton, S. C., writes: "I have found that Black-Draught is very effective in the cleansing of the system. When afflicted by the dull headache, the drowsiness and lassitude caused by constipation, I take Black-Draught. A natural, purely vegetable laxative."

Telephone your gas company now for a heating man to visit your home and advise with you on proper equipment, or better still, visit our showroom and see these advanced circulating heaters. Pay only a small amount down and equipment will be installed at your convenience. Balance in monthly payments beginning in October.

FLOOR FURNACE—ideal for homes without basements because it furnishes furnace-type heat. Easily installed beneath floor. Heats one or two rooms.

Seaman's Pie: Sauté one small onion in two tablespoons butter a few minutes, then slowly add one and a half tablespoons flour and one cup milk, making a white sauce. Put alternate layers of salmon from a half pound can and mushrooms from a 4-ounce can in a buttered baking dish, and pour sauce over. Meanwhile four potatoes should be boiled, drained, mashed and seasoned with two tablespoons butter, four tablespoons hot milk and salt and pepper, and then piled lightly on top of the fish mixture. Bake in hot oven till brown. Serves six to eight.

Salmon Puffs with Hollandaise Sauce: Beat sixteen eggs well, add two quarts milk and the flaked salmon from four 1-pound cans. Add two quarts soft bread crumbs, four teaspoons salt, paprika and nutmeg to taste, and turn into well-greased molds, each of which has a slice of hard-cooked egg in the bottom. Set molds in hot water and bake in a slow oven—300 degrees—for forty to fifty minutes or till set and a knife comes out clean. Turn onto plates and garnish with Hollandaise sauce and a bit of watercress. Serves fifty. May also be served with cream sauce or tomato sauce.

In a Salad and Soup. Salmon Mayonnaise: Chill a 1-pound can of salmon in the ice box for several hours or, better, over night. Remove from can, sliding out carefully onto a platter. Cover with one-half cup mayonnaise and garnish with eight pickle fans. Serves four liberally.

Salmon and Tomato Bisque: Turn the contents of a 1-pound can of salmon, including liquor, into a stew pan, and add the contents of a 15-ounce can of tomatoes, one bay leaf, one sliced onion, one-fourth teaspoon paprika and one cup water, and stew gently for about fifteen minutes. Press through a coarse sieve. Reheat and add a pinch of

In the meanwhile salmon had continued to be one of the most popular of foods more because of its delicious taste than because it has become cheap and is always nutritious. From small beginnings back in 1864 the industry of canning salmon had grown to a pack of more than four hundred million cans a year. So now we can all eat this great delicacy at small expense.

The next question is how to eat it. It is now served in many ways, but in which of these ways does it taste best? Well, that's a matter of individual preference. The only way to solve it is to try some of the ways and see which you like best. So here are some recipes for its use.

Always Remained Popular. When the early settlers came to America they found salmon in vast numbers in the rivers of New York and New England, and they were the staple food of the coastal Indians both East and West. We are glad that various members of our Bible school and church are fortunate in that they can take vacation trips.

A Favorite For Centuries

NEW foods have enjoyed the popularity over a course of centuries that a certain delicious fish has maintained. When Julius Caesar marched his victorious legions through Gaul, about the year 56 B.C., his warriors saw a silver hoard of glistening fish which leaped and jumped in the sunlight, and battled their way against the current of the river Gironde. This kind of fish was new to the Romans who named it Salmo, probably from the Latin word salire which means "to leap." And it is known as salmon to this day.

This delicious fish soon found its way to the tables of the emperors of Rome. In 77 A.D. Pliny writes: "In Aquitania the river salmon is preferred to all the fish that swim in the sea." About four hundred years later, Decimus Magnus Ausonius lauded salmon as "a fit dish for feasts where choice is difficult," and the literature of Ireland, England, Scotland and Wales is filled with references to salmon.
