

ORGANIZATION SET UP SUNDAY FIGHTS LIQUOR

ers of Snyder Cooperate With Allied Forces for Prohibition In This State.

Sunday afternoon ministers of the churches in Snyder met for the purpose of setting up an organization and formulating plans for cooperation with the allied forces for prohibition in Texas, and setting in motion plans for organization of Scurry County in an active campaign between now and August 24, to keep Texas a dry state. At the meeting Rev. H. C. Gordon, Methodist pastor, was elected chairman of the group and Rev. Alfred M. Dorsett, Presbyterian minister, was elected secretary.

"It was the unanimous conviction of the entire group that liquor traffic in any form is contrary to the principles and teachings of Jesus Christ and that it is the duty of the churches and church members to take a firm stand and lead in opposing any move to bring back into a devastating business into the state of Texas," secretary for the group said yesterday.

The youth of Scurry County are to have a county-wide meeting Thursday evening, July 25, in the First Methodist Church for the purpose of perfecting their forces in fighting the proposed amendment to the constitution. At that time an outstanding young man will be heard. Other definite plans call for a city-wide mass meeting to be held Sunday, July 28, at the First Baptist Church, at which time a speaker of state-wide reputation will be secured.

Rallies will be held on the courthouse lawn each Saturday afternoon, beginning Saturday, June 15, and each church in the city will sponsor one of these Saturday rallies and be responsible for the speaker and for carrying on the meeting.

A committee composed of Rev. Lawrence Hays, chairman, and Revs. G. W. McPherson and Alfred M. Dorsett was set up to secure speakers for these meetings and to promote the meetings.

The ministers are convinced that the people only need to know the truth to be aroused to the great issue which is facing our state and then they will respond to the great challenge that it offers. "This fight will be won by earnest, Christian people facing their responsibilities and throwing their whole efforts in a campaign to keep Texas dry for the cause of right and justice," the ministers state.

Fluvanna Leads in Immunization Drive In Scurry County

Fluvanna led communities of Scurry County in securing immunization against typhoid fever and diphtheria during the past week, according to Dr. H. E. Rosser, health officer for Scurry and Borden Counties. Several from Borden County also have taken advantage of the free inoculation.

One hundred and fifty doses have been received by the local physician to be given free to any person residing in the counties, outside of Snyder and Hermleigh. Administration of the dose by the doctor is being made for a nominal fee of 10 cents between the hours of 10:00 a. m. and 5:30 p. m.

The 300 persons who received the diphtheria immunization last year and did not return for the Chick test may call at the health officer's office and receive the test under the same plan as that outlined for the new cases. No one can be sure about his diphtheria immunization unless he takes this test, says the doctor.

Attends Sinclair Meet.

Robert H. Curnutte Jr. was in Big Spring Saturday to attend a meeting of agents and dealers for the Sinclair Refining Company of the nine-county Big Spring district. Several state officials of the company were present for the confab. Curnutte is Scurry County agent for Sinclair products.

A. Johnston Has Earliest Blooms

First blooms of the season for Scurry County cotton already reported to The Times were those on the A. Johnston place, two miles north of Snyder. Mr. Johnston states that he found several blooms in his fields last Thursday, July 4. Numbers of blooms have been reported this week by growers in other sections of the county.

Errors Are Feature of First Games Of Snyder's Softball League Play

Softball in Snyder got off to a fumbling start here Monday afternoon when "Shorty" Sims team led at the end of nine innings of scuffling with "Red" Hill's cohorts, 12 to 4. But the count was in errors. Reason we mention the Sims-men lead first is that his team-mates' errors were unquestionably features of the initial meeting of the four-team league.

Scores for the day were 18 to 9—and they weren't for Sims and his boys. Marcel Josephson and Norman Autry, umpires, saw that the scores were not more.

Several of the runs were due to the errors, of course, and five or six homeruns resulted which should have been only base hits or outs. Garth Austin, Lee Smyth and Grover Scott of Sims' team, tied with Herman McClinton of Hill's squad for three errors each. Hill led scorers with four runs out of five trips to bat. Moreland and Hall scored three runs each. Moreland lead hitting, with three singles out of four tries.

Box score, as prepared by George Brown, official score keeper, for Monday's game follows:

STATEMENT OF BANK IS GIVEN

Condition of the Snyder National Bank is considered fine by officials of the institution, in spite of continued abnormal times in the area. Statement of condition of the bank is printed on another page of The Times today, at close of business as of June 29, in pursuance to call issued by state and national controllers.

Deposits reflected some decrease from last statement, issued as of March 4, however, this was accounted for by withdrawals by the county and other heavy depositors recently. The county a few weeks ago invested \$40,000 of its deposits. Loans and discounts showed an increase from \$234,280.35 on March 4 to \$255,804.99 on June 29.

Underpass Planned At Roscoe Crossing

Plans for an underpass beneath the T. & P. and R. S. & P. tracks in the city limits of Roscoe will be drawn by the city and county authorities and members of the two interested railroads, according to word from Roscoe during the week-end. This decision was reached following a conference with the mayor of Roscoe and Clabe Duvall of Big Spring, division engineer of the Texas & Pacific Railroad.

CORN ACREAGE WORK STARTED

Work of compiling corn acreage statistics for Scurry County for the 1935 corn-hog control program was started yesterday by the Scurry County Corn-Hog Control Association. A. Johnston is secretary of the organization.

Actual records are being made under general supervision of Mel Andrews, county supervisor. Wallace Simpson is in charge of the northern half of the county, and Cecil Hall is handling the southern half. Small maps of each member's corn acreage are being carried to be attached to his contract when the hog figures are ascertained.

COUNTY CLUBS HAVING PICNIC AT PARK HERE

Several Hundred People Expected To Attend Feasts and See Dress Contests.

Wolf Park will be the scene Saturday of a basket picnic and exhibition being staged under auspices of the Home Demonstration Club women of Scurry County. Several hundred members of the clubs of the county, their families and some especially invited guests are expected to attend the affair.

Mrs. George Anderson, chairman of the invitation committee, sent out letters to all members of the clubs in the county to attend. Several out-of-town persons have been invited.

"You and your family are urged to be here, and since it is to be a basket picnic you are asked to bring a full basket, plus a few eggs and some milk or any other ingredient that goes to make that good old country ice cream," the invitation reads.

Albert Thompson Of Hermleigh Is Buried Saturday

Albert Thompson, farmer of near Hermleigh, well known among Scurry County people, died last Friday in a local hospital, following an operation for appendicitis. He had been ill since the preceding Sunday.

Funeral services for the 30-year-old man were held Saturday afternoon, 3:00 o'clock, at the First Baptist Church in Snyder. Rev. J. Lowell Ponder, minister of Rochester, and long-time friend of the family, officiated at the funeral. Rev. Lawrence Hays, local Baptist pastor, assisted in the services. Interment was in Snyder cemetery, in charge of Odum Funeral Home.

Change of Venue Is Granted Green In Murder Trial

Change of venue in the murder case of C. W. (Chicken) Green was granted Thursday by Judge A. S. Mauzey. The case is scheduled to come up at Colorado, Mitchell County, on Monday, November 4. The case was in connection with the murder of Erwin Woellert on the night of March 30.

Twenty-one Snyder Boy Scouts Leave Here Tuesday For Camp Louis Farr

Twenty-one members of the two Snyder troops of Boy Scouts were up early Tuesday morning. They left the courthouse square at 6:00 o'clock for Camp Louis Farr, near Mertzon, with lusty yells and good-byes for parents and friends.

Jesse Clements was in charge of the delegation of youngsters, who will spend a week in the annual Buffalo Trail Council camp southwest of San Angelo. Mack Wall piloted the truck that carried the hussies out of town. At camp they will join over 200 other boys from this 16-county area, under supervision of A. C. Williamson of Sweetwater, council Boy Scout executive.

DELEGATE Sisk Is Chosen as Postal Delegate To Visit Atlanta

Noa B. Sisk of the Snyder post office will represent the Texas Affiliated Postal Organizations at the national convention of postal workers to be held at Atlanta, Georgia, in September. He was elected delegate at the state convention last week during sessions at Tyler.

Actual work will begin early next month on the surfacing of 5.7 miles of highway from the Snyder city limits north on Highway No. 7, according to word from the contractors.

The work, for which Brown & Root, Inc., of Austin, were successful bidders, will be of double bituminous surfacing. Contract price for the project was \$12,339. Award for the contract was made by the State Highway Commission middle of last week at Austin.

Dirt work and drainage structures were completed on this stretch almost a year ago. Caliche base of standard thickness was applied, and is thoroughly settled. The strip of nearly six miles will lead to the recently completed stretch north of the proposed Santa Fe underpass.

Plans for the underpass, which have been hanging for several months, were approved by the railroad company two weeks ago, and actual work should begin at once, The Times is advised.

A stretch of 10.9 miles of triple asphalt surfacing on Highway No. 7 in Lamb County from Amherst to northwest of Sudan was also awarded at the same time of the Scurry County contract. Cooke & Braden of Amarillo secured the contract on a quotation of \$57,052.

Geological Tests Of Underground Water Is Sought

City of Snyder residents should be particularly interested in a proposed governmental geological survey of underground water resources for this section requested by Congressman George Mahon of Colorado Saturday at Washington.

Request for an appropriation of \$100,000 was presented to Frank Walker, head of the works progress division of applications and information by Mahon to survey underground water resources on the high plains of southwestern states. This survey would be included in such a survey.

Deep Creek Bridge On Twenty-Seventh Street Gets Repairs

Work on the big bridge crossing Deep Creek on Twenty-seventh Street, just southwest of the square, was progressing nicely this week. Everything except the steel on the structure was removed last week and additions are being made rapidly this week. Repairs and additions will cost approximately \$1200, funds being furnished jointly by the city of Snyder and the county.

Three Months Are Gone Since Fire

If Snyder Fire Department goes through today (Thursday) without a fire call, it will have been three months since the big hose has been used by the boys, according to N. W. Autry, fire chief.

Three calls have been made since the April 11 blaze that damaged the Riley place in S.theast Snyder. Two were minor fires that did not require the big hose, and the other was one outside the city limits, northeast of town, which the boys answered.

It is pointed out by the chief that the hot, dry weather the city is experiencing makes it imperative that extra caution be observed by Snyder citizens in prevention of fire hazards.

FINAL COTTON PAYMENTS FOR COUNTY HERE

County Agent W. R. Lacey last week-end received 1795 checks totaling \$27,779.37 for Scurry County farmers. This represents the net balance on tax exemption certificates from last fall's cotton pool.

The money amounts to about 18 1/2 per cent of the total value of the certificates Lacey said. County farmers already have received 50 per cent of the value, or approximately \$78,000. There remains about 31 per cent which the farmers may elect to leave in the pool, and the agent states that most of the growers are doing this. The certificates may be sold at five cents per pound in 1935, or may be taken out for their own use in having cotton ginned without payment of tax for this fall's ginnings.

J. C. Welch Passes At Dunn Following Appendicectomy

Funeral services for J. C. Welch, 48, resident of Dunn for the past two years, were held Friday afternoon at the Dunn Methodist Church. Rev. H. C. Gordon, pastor of the First Methodist Church of Snyder, officiated. Interment was in the Dunn cemetery.

Mahon Appeals for New Army Hospital

Representative George Mahon of the nineteenth Congress district, of which Scurry County is a part, appealed Friday to the veterans' administration for a new general army hospital in West Texas, preferably at Lubbock or Big Spring.

Snyder Girl Passes Following Operation

Death came Tuesday to Mildred Odessa Wallace, 15, following an appendicectomy operation in a local hospital. Funeral services were held Wednesday afternoon, 2:00 o'clock, at the Odum Funeral Home, officiated by Bro. O. D. Dial. Interment was in the Snyder cemetery, in charge of Odum.

ETHEREDGE IS TRIED MONDAY

Jury in the case of John Etheredge, Snyder, charged with sale of intoxicating liquor, returned a verdict of not guilty on instruction of District Judge A. S. Mauzey in district court here Monday noon.

The chief state witness, on whom the strength of the case depended, stated from the stand Monday morning that the defendant was not the man who sold him liquor several months ago. Grand jury for the county had filed the charge against Etheredge on testimony given previously by the witness.

The WOMAN'S Page

Mr. and Mrs. Herbert Bannister Are Honored Before Their Departure

Several parties were given as farewell compliments to Mr. and Mrs. Herbert Bannister before they moved to Lubbock late last week. The Bannisters have lived here for a number of years.

Mrs. Bannister has been prominent in Junior club work of the city, and Mr. Bannister made his place in the business world as a pharmacist in Stinson Drug Store No. 1. Both are popular in the younger married group.

They, with their two sons, Billy Herb, aged three years, and Jay Madison, four months, left last Thursday to make their home in Lubbock, where Mr. Bannister is associated with the Upjohn Company, a wholesale drug company.

Breakfast Given Tuesday.

Mmes. P. W. Cloud and E. E. Spears were hostesses last Tuesday morning to a delightful breakfast at the school park honoring Mrs. Herbert Bannister, who moved to Lubbock Thursday.

Close friends of the honoree, who were invited for breakfast, numbered about 30. The menu consisted of sliced fresh pineapple, bacon and eggs, rolls, doughnuts and coffee. Farewell gifts were presented to Mrs. Bannister.

Following the breakfast several close friends enjoyed a "spend the day party" at the home of Mrs. Cloud, at which she and Mrs. Spears were luncheon hostesses. Each friend presented the honoree with a dainty parting gift at luncheon.

Honored at Hicks Home.

Honoring Mr. and Mrs. Herbert Bannister, who left Sunday for their new home in Lubbock, an eight-table bridge party was given in the home of Dr. and Mrs. J. G. Hicks Saturday evening. Hosts for the evening were Mr. and Mrs. Herman Darby, Mr. and Mrs. J. D. Scott and Dr. and Mrs. Hicks.

At the close of contract bridge games, high score prizes went to Mr. and Mrs. Robert H. Curmutte Jr. Gifts were presented to the honorees also.

An ice course was passed to the following: Mr. and Mrs. Bannister; Mrs. J. L. Dougherty of Cincinnati, Ohio; Mrs. Ross Howard of Atlanta, Georgia; Miss Edith Grantham; Mrs. Ivan Dodson; Mrs. Max Brownfield; Mrs. P. W. Cloud; Mr. and Mrs. G. B. Clark Jr.; Mr. and Mrs. Robert H. Curmutte Jr.; Mr. and Mrs. A. R. Norred; Mr. and Mrs. J. P. Strayhorn; Mr. and Mrs. Wayne Williams; Mr. and Mrs. J. P. Nelson; Mr. and Mrs. W. Hill; Mr. and Mrs. E. E. Spears and W. E. Holcomb.

Endeavors Picnic July 4.

Fourteen members of the Young People's Christian Endeavor of the First Presbyterian Church enjoyed a picnic at Rudderick Park in Colorado last Thursday afternoon. Besides the eats, the outing was featured by swimming and games, under direction of Misses Vivian Chenault and Lenora Patterson. Pastor Alfred M. Borsett of the local church was in charge of the group.

Myrtle Mae Day, daughter of Mr. and Mrs. J. C. Day, was taken to Abilene for an appendix operation Monday night in the West Texas Baptist Sanitarium. Friends here, who have received word, say that she is doing nicely.

Hospital Notes

Mrs. Jim Patterson, who has been in the Emergency Hospital for medical treatment since last Wednesday, was able to be taken home yesterday.

Jackie Davis, daughter of Jack Davis, had an appendix operation at the local hospital Sunday. She is doing nicely.

An appendix operation for Mrs. E. Rinehart Friday proved successful in the Emergency Hospital. Her condition is satisfactory.

Mrs. H. race Williamson, who underwent an abscessed appendix operation last Monday, will be taken home today.

Miss Opal Crowder of Fort Worth visited over the week-end with her homefolks here.

LET'S TALK ABOUT CLOTHES

By a "Young Modern"

These are the days when we all long for the wide open spaces. They are the days of anticipation, and, of course, we are anticipating just what to wear.

Watch the crowds at the tennis matches, the railbirds at the races, the country club foursomes at tea time—and you will see they are wearing white. Watch the throngs at the city's cool lunching spots—they are wearing white, too.

Clothes potentates at Texas State College for Women say white is in smart repute this summer. Not, however, just pure unadorned white. A gay note of contrast is the other half of the story and just as important as the first.

It's not news to find white on the tennis court, for this is one place it has always held sway. But the new action frocks themselves, their fabrics and their flighty contrasts are something else.

In fabrics, those that take a cool crisp white are best. Silk or cotton pique, washable chalk crepe, jacquard silks, or the smooth-finished cotton broadcloths, since satin-surfaced weaves are back in vogue.

That doesn't mean you can ignore the rough ones. Nothing could make a more charming frock than the silk or cotton shantung, porous nubby weaves and rustic linens.

White with any color that suits you is the only rule for your new frock. Newest ideas show white with raspberry, white with royal purple, white with coral or tangerine. There are cunning little trimming tricks in which buttons play the most important role. Shoe buttons down the front are very special, and you can always delightfully trim a frock with string, colorful bone buttons or leather.

Week-end guests of Mr. and Mrs. S. S. Daugherty and Mrs. Ella Hamilton included the following: Mr. and Mrs. D. B. Daugherty Jr. and children of Wichita Falls, Mrs. Land Walls and children of Quanah, Mrs. George McCann of Abilene and Mr. and Mrs. F. J. Piguet and children of Lorraine.

Intermediate GA Meets Tuesday.

The Intermediate G. A. of the First Baptist Church met Tuesday afternoon at 3:00 o'clock at the home of Mrs. W. W. McCarty, acting sponsor.

After a brief business meeting, an interesting discussion of the Bible was given by members. Four new members were initiated at the Tuesday afternoon meeting.

Delicious refreshments were served to Bernice Starnes, Irene Jenkins, Elizabeth McCarty, Gertrude Ross, Adelle Watkins, Geraldine Chapman, Faye Niedecken, Allie Ruth Jenkins, Marva Nell Curtis, Dorothy Mae Lankford, Doris Worley and Johnnie Lee Greene.

Miss Lucille Jarratt of Lorraine is a guest of Miss Genevieve Jarratt here this week.

T. E. L. Class Has Monthly Meeting.

The T. E. L. Class of the First Baptist Church met at the home of Mrs. A. P. Morris last Wednesday afternoon for its regular monthly business and social meeting. Mmes. W. W. Gross, G. B. Clark Sr. and R. W. Cunningham assisted Mrs. Morris with hostess duties.

At the close of a business session, the social hour was enjoyed, and a dainty salad plate with iced punch was passed to 15 members.

Mrs. W. W. Smith is visiting in Weatherford and Dallas this week. While in Dallas she will be the guest of her parents, Mr. and Mrs. D. D. Goodman, and will visit with her sister, Mrs. J. H. D.-ss, and with Mr. and Mrs. J. O. Smith in Weatherford.

Miss Rube Lee, daughter of Mr. and Mrs. W. B. Lee, returned home Sunday from a two weeks' visit with her aunt, Mrs. C. C. Ligon, in Eastland.

Mr. and Mrs. E. O. Wedgewood returned Tuesday from a vacation in Temple, Nacogdoches and Galveston.

Encouraging Work Report of Baptists

Encouraging reports from various departments of the church were heard Sunday morning at the First Baptist Church in celebration of one year's service by Pastor Lawrence Hays. Decided increases in enrollments and attendances during the year featured the reports. Rev. Hays delivered a special message at the morning hour encouraging his congregation to have faith and continue in its good work for greater accomplishments. Inauguration of a junior choir was a highlight of the evening service. Youngsters will be used in the or exclusively Sunday evenings several weeks, the pastor announced.

Mens Bible Class to Meet in Tabernacle

Last Sunday morning the members of the Mens Bible Class of the First Christian Church voted to hold their Sunday morning meeting in the city tabernacle during the remainder of the summer months. This action was taken so that they might meet where it would be cool and comfortable; also they have hopes that many would be glad to attend the class who would feel more at liberty to come in their shirt sleeves.

The president of the class, J. W. Leftwich, states that every man or young man in Snyder who is not attending services at other churches is welcome, and asks that they come dressed as they are. Remember the meeting place next Sunday, and each Sunday thereafter, will be in the city tabernacle.

Report of Work For Crippled Is Heard by Lions

Report of work being done by the Texas Society for Crippled Children was the principal feature of the regular Tuesday meeting of the Snyder Lions Club. The report, as given by County Chairman Frank Farmer of the society, was especially interesting because he reported the condition of Olan Brown, Snyder boy, who entered St. Mary's Infirmary at Fort Worth through efforts of the society, as much improved.

Farmer stated that Dr. Clegg, who is treating the boy, believes that the boy will have a perfectly usable foot within a few weeks. A peculiar bone disease had decayed about two-thirds of the foot and ankle, but treatment is restoring the member. Young Brown suffered a crushed foot about two years ago in an accident north of Roscoe, and it has been necessary for him to use a crutch since the mishap.

John E. Sentell was in the president's chair for his initial meeting Tuesday, as were several other officers who were elected two weeks ago by the Lions. W. E. Holcomb functioned like a veteran as tall-twister.

Sentell reported an active membership of 4 Lions at the present time. He announced that the membership committee probably would build the roll to the half century mark within a few weeks. Report of the sick committee will be heard weekly, Sentell stated.

Buel Fox and Marcel Josephson were named as a program committee for the remainder of July by Chairman Warren Dodson of the permanent program committee. Hal Lattimore and Earl Louder compose the committee for August.

J. R. Reeves was instructed to provide suitable staff for the club flag by next meeting.

Pat Bullock Will Be Speaker at Butman

A. A. (Pat) Bullock of the rural aid division of the State Department of Education, is slated to be the principal speaker today at a celebration in Butman, 14 miles southwest of Merkel. The celebration, an old-fashioned West Texas get-together, is expected to draw hundreds of people. Features will be a rodeo, stage performances and addresses, singing and old fiddlers' contests.

Mr. Bullock, former county school superintendent, will be greeted by several Scurry County folks who plan to attend the event. His address will be on the department's attitude toward consolidated school districts.

Mrs. C. E. Ferguson and son, Grady, were guests of Mr. and Mrs. Bob Corley in Stamford during the Texas Cowboy Reunion last week. They attended the reunion Tuesday, Wednesday and Thursday.

This new small-model electric refrigerator with the door in front is one of the new low-priced refrigerators that is being displayed by dealers.

The "lift-top" electric refrigerators have won quickly a host of new friends, especially those who have small families or whose refrigeration needs do not include a large storage space. These models are designed for apartments, small families, small stores and cafes.

ASK any woman what she likes most about her electric refrigerator and she will have a difficult time in answering. There are so many things about an electric refrigerator that endears it to every woman that no single advantage stands out alone.

It is Beautiful. Its white porcelain exterior and interior are easy to clean and to keep clean.

It is Convenient. Times without number the woman who owns an electric refrigerator is reminded of the steps saved, the time saved and the uncertainty that is eliminated by constant, automatic refrigeration.

It has Quality. Nothing in the kitchen is as finely and carefully made as an electric refrigerator. Into it goes years of engineering experience, and above all, many more years of actual use by millions of women who have helped make the modern electric refrigerator of today.

It is Economical. In addition to the other advantages, an electric refrigerator saves money and saves food. It is inexpensive to own, and costs only a few cents a day to operate.

Beauty . . Convenience . . Quality . . Economy . . . all are yours with the new Electric Refrigerators.

THE WEEKLY DOZEN

Think Twice Before You Talk.
This has been good advice for generations. How much bitterness, heartache and even pain could be averted if we would practice the axiom in our everyday life! More thinking—less talking.

Weekly Rooseveltiana.
President Roosevelt: "The most important phase in the long run is the problem of controlling, by adequate planning, the creation and distribution of those products which our vast economic machine is capable of yielding."

They All Don't Get Away.
Reports of fishermen during the past few weeks have been different from the proverbial fish tales. Evidence of catching the big ones has been brought back to substantiate the stories. Well, you know, the proof of the pudding, etc.

The Eyes of Texas Are Upon Us.
A delegation of citizens from a town not 200 miles from Snyder came here first of the week to look over the Snyder General Hospital, now under construction. The institution will probably be used as a model for several communities of the state.

Anyway, They Look Better.
"A little bit of powder and a little dab of paint makes the comely woman look like what she ain't." And a few boards and some paint improve the looks of the home. Mr. Home Owner (or Renter), be a handy man about the place and it'll make you feel better.

Some Women Are That Way.
Talkative Tillie says it was mighty bad during this period of unemployment for the man who wanted to be a burglar, and his wife wouldn't let him go out nights. She opines that it would be an opportunity for some wives to get some sound sleep without the snores.

Scouts in Camp This Week.
The week's stay of some two dozen Snyder boys in the annual summer camp this week at Merton will be worth more than can be valued in dollars and cents. Valuable training in practical lines, interspersed with plenty of fun and outing, will live with the boys for years to come.

Public Works Help Employment.
Several weeks of highway construction in Scurry County have meant much bread and beans to many families in this area. Money wisely spent for highways comes back manifold and in many forms. Indications are that much road work will be done in this section in the next few years.

Flowers for the Living.
Another outcome of the so-called depression of the past few years has been a growing appreciation for Mother Nature. Never before in the history of the country have flowers been so cultivated and cared for. And flowers respond to a little attention, bringing cheer and fragrance as pay for their keep.

It Used to Be a Day of Patriotism.
Pessimism Pete says he used to read in history books that the Fourth of July marked a new era of independence in the lives of American citizens. Little patriotic atmosphere is attached to the day now. Careless driving, gorged tummies and blistered backs are keynotes of the modern Fourth of July, he says.

Rural Women to Celebrate.
In spite of the fact that a home demonstration agent has not been on the ground for several months, the women of the rural communities of Scurry County are carrying on a wonderful constructive program in their demonstration clubs. At the county-wide basket picnic Saturday at Wolf Park the women will display some of the recent projects featured in their club activities.

How to Have Law Enforcement.
Governor Allred of Texas: "Crime already has already cost too much in Texas. The law should be enforced. This can only be done when public sentiment is aroused and when people in local communities will themselves enforce the law. After all, the state government is powerless to finally uphold the laws in any community unless the better element of our citizenship will back it up."

Mix Fun With Your Work.
Inauguration of playground ball for the business men of Snyder after work hours beginning this week is a good move. Too many of the business men of the day give their bodies and their minds so little time off from their regular duties that they are prone to get into a rut.

A couple of hours late in the afternoon spent in wholesome recreation come back to the man the next day in a cheery disposition and a more lively body. The man on the farm who occasionally takes time out and plays can forget many of the struggles he has ahead of him and hits them with renewed vigor when he returns to his chores.

We are reminded of our several years on the farm when we were boys. Dad was a good farmer. He worked hard—and he had five boys who worked hard. Those hours spent occasionally with his boys and all, some fishing poles, some guns or in the onion patch came back to him in more work than contented boys. We looked forward to days of play, and made our work hours allow play time. Dad, Mr. Farmer, Mr. Professional man and then you can work more.

EDITORIAL OF THE WEEK

SOME COTTON STATISTICS.
Interesting if not encouraging were some cotton statistics issued the other day by the National Industrial Conference Board.

Of the 1934-35 production the United States furnished 43 per cent. Only a few years ago we supplied 60 per cent. Chief competitor now is India, with 17.1 per cent of the latest crop to her credit. China stands third, 9.8 per cent; Soviet Russia fourth, 8.6 per cent. Hot on the heels of Egypt (6.9) comes the new white hope, Brazil (5.6 per cent), where production is being expanded at an amazing—and disconcerting rate.

World consumption of American cotton during the first nine months of the present crop year fell off 18.5 per cent. Foreign consumption of our cotton dropped 27.3 per cent, domestic consumption fell 5.7 per cent.

The world outside the United States last crop season produced 12,615,000 bales, an increase of 1.3 per cent.

The threat of Brazil is a matter of deep concern, for two prime reasons: Brazil has vast areas capable of producing the staple; and the cotton grown in Brazil is similar to the American product, and therefore comes into direct competition with it in the world market. The entry of American ginneries and processing mills into the Brazilian field is ominous. It means that these hard-headed business men are taking the Brazilian threat seriously, and intend to get in on the ground floor.

Mill men assert that England can import raw materials from her colonies, process it in England, pay the import taxes into this country—and still undersell the home-grown and home-processed American product.—Abilene Morning News.

CURRENT COMMENT.

By Leon Guinn.
From whence came the first Americans is a question we probably will never ascertain the answer to, yet scores of field men unearthing new artifacts indicate the existence of man in the great Southwest, possibly dating back to Pleistocene times. . . . Archaeologists and paleontologists find much food for digestion in so-called Folsom stone artifacts (after Folsom quarry, New Mexico) usually found in Pleistocene strata and with mammal and bison bones, as itemized by Dr. Barnum Brown of the Museum of Natural History, New York. . . . The Panhandle-Plains Historical Society, Canyon, is making with government aid for labor, important excavations, has specimens of the 3-toed Pliocene horse, camel, tiger and bison. . . . Near Colorado, Texas, is found in gravel beds skeletons of the "bison figgenzi," the only flat-horned type in America, and geologists assert this dates the buffalo back 50,000 years on this continent.

Frank P. Hill of The Lynn County News says this about prehistoric man: "Stone artifacts in different stages of development indicate the growth of an art that has covered a long period of time. . . . Discovery of a few more artifacts in close proximity to bones of prehistoric animals will undoubtedly set the period of man's existence here back thousands of years, even a million." . . . Charles Phelps Cushing would give the implied impressions the Ohio Mound Builders were the earliest Americans, but so many arrowheads, spearheads, and other artifacts unearthed in the Southwest with bison and mammal bones indicate the first Americans were found in Colorado, New Mexico, Texas and Arizona. . . . Whatever the hypothesis about prehistoric man, the Southwest undoubtedly will reveal the answer. . . . Personal: A Times Reader, Miss N. M. K., writes: "I like your articles, but how do you think up such things?" . . . Quick, Jake, the sassafras tea! . . . And to know I was accused of actually thinking!

Avoid Unregistered Salesmen.

Who is he?
Can I depend upon his word?
Is he registered and licensed?
These are the questions that you should have answered to your complete satisfaction before buying stocks, bonds, oil leases, royalty or any other form of investment securities from a salesman—particularly when the salesman is a stranger. That's the advice of Secretary of State Gerald C. Mann, administrator and chief enforcement officer of Texas' new Securities Act.

Designed to curb the fraudulent and crooked seller of securities, the new law requires every security dealer, agent and salesman to be registered with the state. Any citizen may determine for himself if the salesman is registered by writing to the Secretary of State. The records are open to the public.

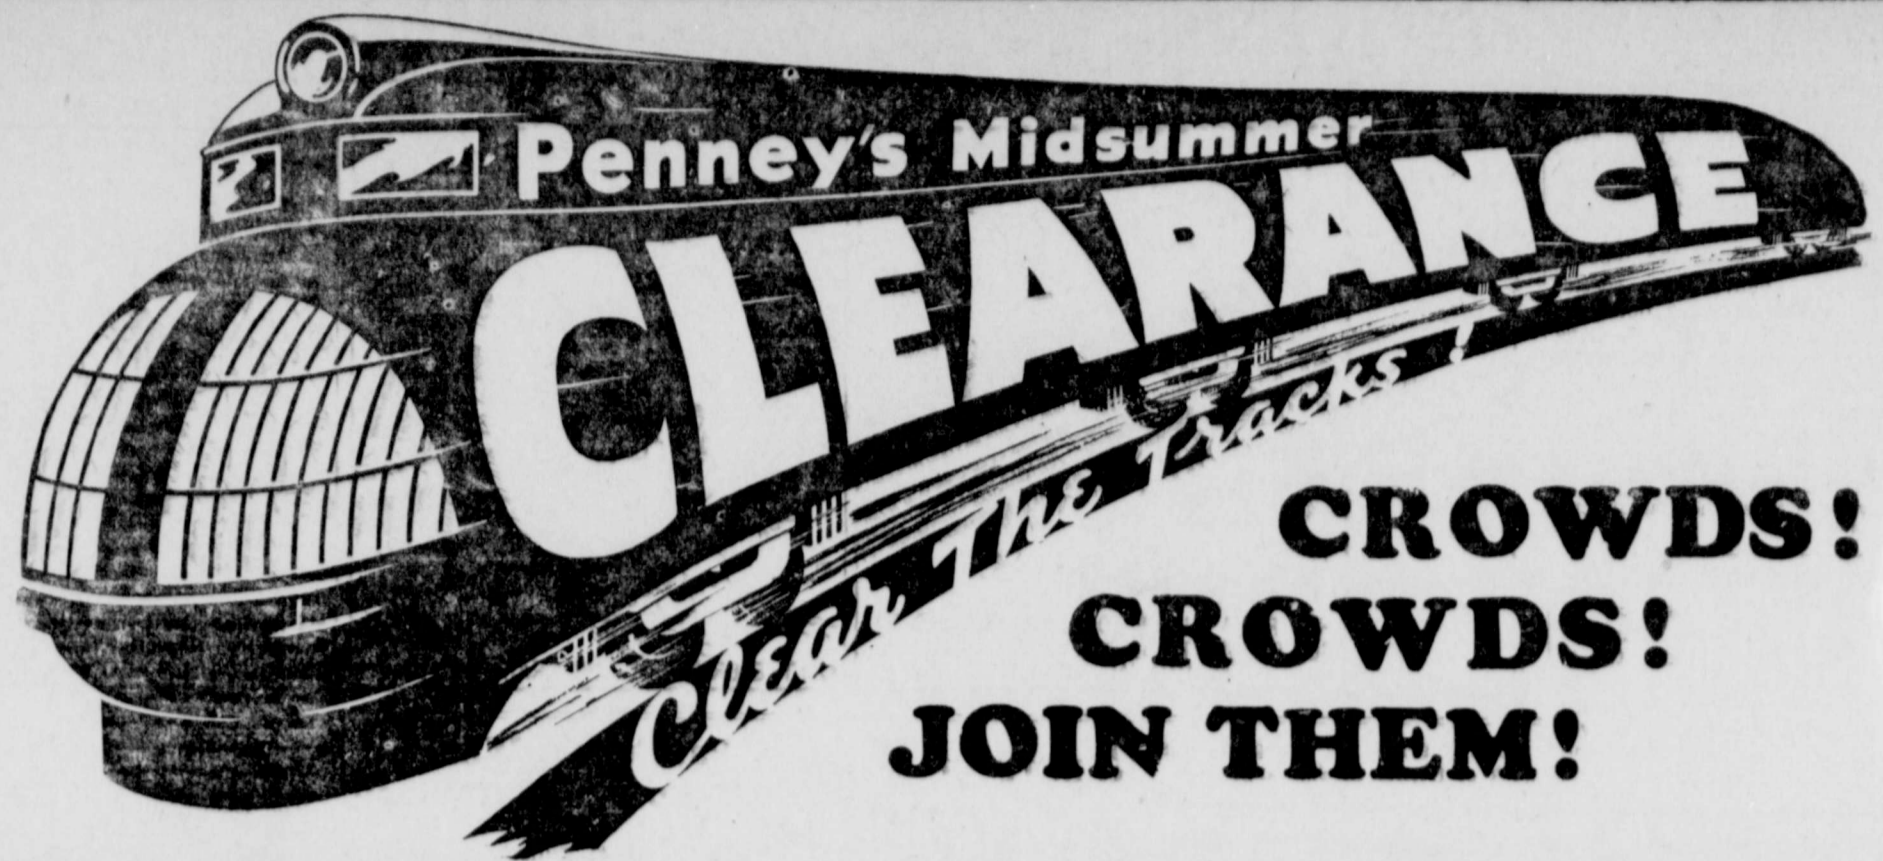

The state does not propose to guarantee or endorse any stock, bond or other security. However, salesmen may be held strictly accountable for representations made in the sale of securities.

The important thing, according to Secretary Mann, is to be sure that the salesman is registered.—Canyon News.

"As long as things are getting better each week, it's time to sit tight."—Henry Morgenthau, Secretary of the Treasury.

For the wrongs that need resistance;
For the future in the distance,
And the good that we can do.

DICK RANDALS WINS COUNTRY CLUB HONORS

Mrs. C. F. Sentell Star of Ladies As Members and Families Celebrate Fourth.

Fourth of July was Dick Randals' declaration of independence from the ordinary run of golfers around these parts. He took his bag of clubs and beat his way through a wall of duffers at the Snyder Country Club last Thursday in an all-day series of tournaments on the local course to win three major contests.

Mrs. C. F. Sentell was star among the ladies for the day, winning two individual honors and one team contest paired with C. E. Fish.

The contests were a part of the annual celebration at the local country club. A basket picnic was staged late in the afternoon, which several score members and their families attended.

Winners in the various contests, with prizes awarded to each, follow: Winner handicap, Dick Randals, three Kro-Flite golf balls donated by Stinson Drug No. 1; runner-up handicap, Wayne Boren, two-pound can Red & White coffee given by Brown & Son; driving contest, Lex Wilmet, shirt from The Fair Store (drove two balls for total of 469 yards); pitching contest, Wayne Boren, bottle of Fitch's shampoo donated by Pierce's Barber Shop; approaching contest, J. G. Hicks, bridge cards given by Ben Franklin Store; putting contest, Bob Carnutte, auto polish by Higginbotham-Bartlett Company.

Scotch foursome, C. E. Fish and Frank Farmer, pocket knife given by Snyder Hardware and flashlight donated by Stinson Drug No. 2; dub golfer, C. F. Sentell, pair men's hose given by Perry Brothers; most one-put greens, Dick Randals, two chicken dinners at Leath's Cafe; most birdies in handicap, Dick Randals, necktie given by J. H. Sears & Company.

In the ladies' contests, winners were: Putting contest, Mrs. C. F. Sentell, pair ladies' hose given by J. C. Penney Company; approaching contest, Mrs. C. F. Sentell, earclips given by H. G. Towle Jewelry Company.

Mrs. C. F. Sentell and C. E. Fish won the mixed Scotch foursome, with a cake from Ware's Bakery as prize.

Convention Goers Have New Treat In Sunday Meet

Attendees of the Southwestern Singing Convention at Lubbock Sunday were treated to a new kind of special when a duet of the singers were made into a solo. Principals were Mrs. Alma Earnest of the Egypt community and W. D. Elder of Cisco, and Rev. Speck, Baptist minister of Lubbock, played the accompaniment when he spoke the words that made them man and wife.

The ceremony was performed at 3:00 o'clock at the courthouse, where the convention was in progress. President of the convention announced that a special number would be presented, and the wedding was a surprise to the Sacred Harp singers.

Mrs. Earnest, well known in the southern part of the county, was a Times correspondent for two years until several weeks ago. Mr. Elder is proprietor of a confectionery at Cisco, where the couple will make their home.

Locals to Attend Highway Meet in Abilene Tuesday

A delegation of possibly a dozen from this county will attend a meeting of highway engineers, county judges and commissioners, county agents and others interested in new methods of highway construction as affecting property owners along the roads, in Abilene next Tuesday, July 16. Resident Engineer M. E. Savage will head the group from Scurry County.

The meeting, which will be in charge of Divisional Engineer W. A. French of Abilene, is to be an open meeting for representatives of the 13 counties in Division No. 3. Mr. French stated during a visit in Snyder Monday morning, George Kempen, resident engineer for Taylor County, accompanied French here.

Soil erosion with reference to storm damage along the public highways will be the chief subject of discussion. "Handling of surplus waters along highways of the state during rainy seasons has long been the most serious problem which the highway officials as well as property owners have had to contend with," Mr. French pointed out Monday. "and this meeting in Abilene is being called in the hope of bringing a closer cooperation between the highway builders and the adjoining property owners in the proper handling of this water."

The engineer explained that in many instances farmers along the highways so terraced their lands to throw water onto the highway right-of-ways, and, in turn, the highway builders were forced to throw the water onto some other farmer's place on down the line. All three parties in such arrangements are sufferers—the first farmer loses the most valuable part of his land when it washes away in flood time; the highway authorities are forced to spend thousands of dollars in trying to preserve the right-of-way, provide adequate drainage structures and avoid danger to travelers during high-water periods; and the owner of property below is forced to suffer damage because of concentrated water diverted to his place.

"The meeting in Abilene is to seek to work out plans whereby the three principals in each case may work together in efforts to stop the damage suffered by each through proper terracing and other practical methods.

Investigation the past few days by highway officials in Scurry County reveals many typical cases of damage to farm property and highways, French and Savage state, which can be worked out with proper cooperation between interested parties.

Scurry Folks Go Contest Winning Fourth of July

Scurry County folks went visiting on the Fourth of July and helped to entertain and be entertained. Some of the county's cowhands brought back honors with them.

Chief among the holiday features in this section was the Texas Cowboy Reunion at Stamford. Probably 75 people attended from the county. More than 12,000 attendees were reported officially from the Jones County city, and several hundred more were unable to get accommodations for the fete and returned to their homes without being entertained.

Raymon Berryhill of Snyder placed first in the cow milking contest at the Stamford rodeo events. Peevee Flowers and N. A. Pitcock of Asperment, north of Snyder, tied for third and fourth places in the calf roping contests. Mrs. Addison Jones of Justiceburg placed fifth among the sponsors from the various West Texas towns participating in the parades. Bob White, 55, of Fluvanna was a fiddling contest entrant.

Second in interest to Scurry County Fourth of July celebrants was the rodeo at Colorado Joe York of Snyder, with time of 21 seconds, took first place in calf roping contests in the Mitchell County capital. Aubrey Stokes also of Snyder, placed second in the wild cow milking contests.

Approximately 4,000 were said to have attended the festivities at Colorado. A street dance featured the evening program, which was attended by several from Scurry County.

Presbyterian Church

Ladies' Auxiliary of the church will have charge of the morning worship service Sunday morning, in cooperation with a plan to have various organs of the church in charge of the worship services on each second Sunday. The pastor will preach Sunday morning on "Bitter Waters Made Sweet." Read Exodus 15. Mrs. J. E. Sentell will sing "Sunrise Tomorrow."

Sunday school at 9:45 a. m. Our goal of 400 in attendance during the summer months challenge us to go afield after the absentees and bring our visiting friends and relatives.

We express the hope that rather than succumb to the "summer slump," our classes and departments will overcome the environment and challenge all our people to victory in spite of hot weather and spiritual slothfulness.

B. T. U. at 7:30 p. m. The attendance in this department is 44 over last year. There is a place for every member of our church family in training for service. Our leaders can best lead when our

people follow. The subject for the evening worship hour at 8:30 o'clock is "Jesus Left in Jerusalem." The special music will be a violin duet. The juniors will make up our choir for the summer months. Last Sunday evening some 30 voices thrilled our people with their soulful singing and great leadership. Don't go to college and leave your mind at home.

Mrs. Robert Masters, who has been in Lincoln, Nebraska, has returned here this week.

THE RAMBLING RHYMER VISITS SNYDER.

If you are wondering where to buy Because prices are soaring high, Let the Rambling Rhymer suggest Places to buy that he knows are best.

If you want drugs, you want 'em pure. And there's only one best place in Snyder, I'm sure, And that's Irwin's Drug Store where most folks buy. And if you do the same you'll never sigh.

If it's cleaning you need of any description, There's one place in Snyder can fill the prescription. And that's Jack Colwell's Dry Cleaners; they haven't been here so long, But have your work done there and you haven't gone wrong.

Maybe you're hungry and want to eat, I'll tell you a place no one can beat, The Strawn Cafe, boy, they give you a fill. And if you eat there once you always will.

If you are a lady seeking beauty, We feel that it is our heaven bound duty To recommend Polly Ann's Beauty Shoppe to all; For there's the job right whether it's great or small.

If a lot of walking you have to do, Some one is going to repair that shoe; Just take them to Guy's Shoe Shop, they will have 'em out before night. And they'll do it for a price you know is right.

If you have eggs, chickens or cream for sale, There's no need carrying them around in a pail. For there's only one highest place, you see, That happened the Snyder Produce Company to be.

If your mattress is thin and you can feel the slat, We know a way to remedy that; Just carry it to Snyder Mattress Factory and have it remade. And then every night you'll sleep like a babe.

AN OLD ROMAN LAW—

AND ITS PRESENT-DAY SIGNIFICANCE

There was an old Roman law relating to bank deposits to the effect that a depositor who left his money only for safety ranked before a depositor who received interest for his money.

Today, in America, each of those depositors is protected against loss in insured banks. Whether or not their funds earn interest makes no difference. All depositors of an insured bank, share in the benefits of Deposit Insurance.

Deposits up to \$5,000.00 in this Bank are insured by the Federal Deposit Insurance Corporation.

SALARIES OF SCURRY COUNTY TEACHERS AFFECTED BY STATE

New Schedule to Change Pay of Instructors on Education and Experience Basis.

Salaries of teachers in Scurry County schools will be altered for the coming year, according to the county school superintendent, Frank Farmer. These changes are to be made in compliance with the new official salary schedule just issued by the State Department of Education for state aid schools of Texas, received Monday by Mr. Farmer's office in Snyder.

Twenty-two rural schools and six independent schools making up the system in the county will be affected. The new schedule was adopted by the State Board of Education June 25.

Principal feature of the new schedule is increased pay for teachers having three years' college work, additional for degree and for five and ten years' teaching experience.

The county superintendent explains that teachers with no college work, who have not been teaching for at least five years will not be given teaching positions in state aid schools. Base pay for any teacher, principal or superintendent with less than two years' college training is \$75 per month.

In schools not accredited or classified by the state, basic pay will be \$80 per month. There are 22 non-accredited schools in Scurry County under this classification.

One-teacher schools, where the teacher acts as principal, will pay a basic salary of \$80, plus \$5 per month for the principalship. Four one-teacher schools in Scurry County will thus be classified.

In schools where more than one teacher is employed, \$5 per month will be added to the principal's salary for each teacher over one. Under this classification 12 two-teacher schools will pay the principal \$95 per month, and one four-teacher school will pay the principal \$100 per month.

Five schools with eight teachers and more will pay the superintendent and principals \$120 per month next year in Scurry County. Two of these five schools are fully affiliated and three are partially affiliated with accredited units of work.

Schools having 16 or more units of affiliation take the same salary scale as shown above with the exception of the base pay, which shall be \$90 per month.

The bulletin issued by the State Board of Education to Farmer has special provisions for vocational agriculture teachers. Horse Raisers and County Agent Work For Blooded Jack

Efforts are being made by several horse raisers of the county, cooperating with the county agent's office, to secure a blooded breeding jack for the month of August or September. Assurance of the animal for the county was made definite by the commissioner of agriculture's office if 39 or 40 mares and jennets could be promised by raisers for the month.

J. E. McDonald, commissioner, has written Andy Trevey of Knapp, that General Linden, grand champion jack at the Tennessee State

Breeders interested in availing of the opportunity to use the animal are urged by County Agent W. R. Lacey to confer with his office within the next few days and so advise.

Fair last year, which has been purchased for breeding purposes in Texas, can be secured for this county for August or September.

General Linden, five years old and weighing 1200 pounds, is recommended by the Department of Agriculture as one of the finest animals in the United States.

"Owners having mares or jennets to breed could well afford to truck them quite a distance in order to breed to this jack," Mr. McDonald states in the letter to Mr. Trevey.
