Local Pastor Married to Corsicana Girl in Late Afternoon Ceremony

Rev. Alfred M. Dorsett, pastor of the local Presbyterian Church, and Miss Eleanor Patterson of Corsicana recited their marriage vows last Thursday afternoon at 5:30 o'clock at the Third Avenue Presbyterian Church in Corsicana before an altar of ferns and white gladioli. Rev. Erwin McPhail, pastor, officiated for the ceremony.

Rev. and Mrs. Dorsett arrived here late Friday and are at home in the Presbyterian manse, 1707 Twenty-ninth Street. The bride, a daughter of Mr. and Mrs. R. L. Patterson of Corsicana, was given in marriage by her father. She wore a lovely white satin gown with a hem-length veil and orange blossoms. Her bridal bouquet was of white lilies. She traveled in a brown crepe suit with gold trimmings worn with brown accessories.

Mrs. Emmett Dubberly of Dallas, sister of the bride, was maid of honor, and Miss Anna Ruth Patterson, sister of the bride, and Miss Lucy Crews were bridesmaids. Junior bridesmaids were nieces of the bridegroom, Misses Marjorie Ann and Donnie Dorsett. Attendants were dressed in pastel taffeta frocks and matching off-the-face hats and carried colonial bouquets of pink roses.

Miss Josephine Lumpkins of Waxahachie, an accomplished organist and a close friend of the couple, played the wedding music. She wore a floor-length dress of blue crepe and pink rose-buds fashioned in a shoulder corsage.

Winston Wilbanks of Texarkana was best man, and James Spivey of Jacksboro and Carlton Allen of Plano served as ushers.

Mrs. Dorsett, who is a 1935 graduate of Trinity University, Waxahachie, was made honoree at a number of pre-nuptial affairs in Corsicana by both Corsicana and Waxahachie friends during the summer.

Rev. Dorsett is a graduate of Trinity University and of Princeton Theological Seminary.

Alpha Study Club Has Initial Meeting.

Mrs. J. R. Sheehan was hostess to the Alpha Study Club in its initial meeting for the club year last Tuesday afternoon at the home of Mrs. Wade Winston. Lovely cut flowers were used to decorate the house.

Mrs. A. R. Norred, club president, was leader for the program on "Texas Literature." "Texas Legend" was a discussion by the leader to open the program. A review of "Feliciana" by Stark Young was given by Mrs. G. Hicks, and "So Red the Rose," a play by Stark Young, was discussed by Mrs. Ivan Dodson.

A lovely plate with coffee was passed by the hostess to the following club members: Mmes. Melvin Blackard, Ivan Dodson, Joe Graham, J. G. Hicks, Ixon Joyce, Alfred McGlaun, J. P. Nelson, A. R. Norred, F. G. Sears, J. E. Sentell, C. P. Sentell, Raymond Sims, J. C. Smyth, Wayne Williams, Wade Winston, R. C. L. Robertson, Marcel Josephson and Buel Fox.

Guests were Mrs. J. P. Sharp of Hermleigh and Miss Elizabeth Powell of Lufkin.

Mrs. C. F. Sentell will be next hostess to the club Tuesday afternoon, September 17, at her home. The study will be "Hawaii and Alaska."

Faculty Members Entertained Tuesday.

The board of trustees for the local school and Superintendent C. Wedgeworth were hosts to the faculty with a get-acquainted watermelon feast at the school park Tuesday evening.

C. Wedgeworth was master of ceremonies. He introduced H. L. Davis, president of the board, who welcomed the teachers and guests. Other board members spoke briefly—A. C. Preuit, R. J. Randall, Edgar Wilson, W. W. Smith, R. H. Odom and G. H. Leath.

New teachers were introduced by the master of ceremonies, and they responded to the warm welcome extended them by the board. A social meeting followed, and iced watermelon was served to those present.

The families of the school board members, the faculty and the following were guests: Mr. and Mrs. Hugh Birdwell, Mrs. R. S. Sullivan, Mrs. W. P. Cox, Mrs. W. W. Hill, Herman Darby, Hal A. Lattimore, W. P. King and J. P. Nelson.

Alathean Class Has Party at Shuler Home.

Members of the Alathean Class of the First Baptist Church were entertained in the home of Mr. and Mrs. Harvey Shuler last Thursday afternoon with their monthly business and social meeting. Hostesses were Mmes. Shuler, J. S. Bradbury and W. R. McFarland.

Mrs. Bradbury, class president, presided during the business meeting, and Mrs. J. W. W. Patterson presented the devotional. Bouquets of red and white roses were house decorations for the party.

A plate of sandwiches, cake and coffee was passed to the following: Mmes. W. A. Morton, J. W. W. Patterson, W. G. Williams, C. T. Glen, W. M. Scott, A. C. Martin, Lora Miller, C. L. Banks, N. W. Autry, J. M. Seiser and J. B. Pierce.

Friendly Helpers in Thursday Meeting.

The Friendly Helpers Class of the First Methodist Church was entertained at the home of Mrs. A. R. Norred last Thursday afternoon, with Mmes. J. O. Littlepage and Henley as assistant hostesses.

Officers for the year elected at the meeting following: Irene Preuit, teacher; Lila Dodson and Mattie Lattimore, assistant teachers; Laura Stinson, president; Pauline Kent, vice president; Lorena Cox, general secretary; Ruby Cox, secretary-treasurer. Mrs. B. L. Kent is membership chairman, Mrs. Wayne Boren, social service chairman; Mrs. J. G. Hicks, finance chairman; and Mrs. Earl Louder, chairman of recreation.

Mrs. B. L. Kent gave a devotional at the meeting on the subject of "Service," and refreshments were passed.

The following were present for the meeting: Mmes. Lee T. Stinson, Fred Joiner, J. G. Hicks, C. J. Sims, J. C. Stinson, T. J. DeShazo, T. W. Pollard, Edd Thompson, B. L. Kent, C. W. Harless, Ivan Dodson, A. C. Preuit, Headstream, W. W. Smith, Fred Trice, Hal A. Lattimore and C. R. Burk.

Twentieth Century Begins Year's Work.

An enjoyable luncheon Tuesday at the home of Mrs. Allen Warren was the opening meeting of the Twentieth Century Club for the year 1935-36.

Yellow and white fall flowers were used to decorate the house, as a three-course luncheon was served on tables centered with baskets of yellow and white flowers to carry out the club colors.

Mrs. J. Nelson Dunn was leader for the program, and she was assisted by Mmes. I. W. Boren, C. E. Fish, C. J. Lewis and J. E. LeMond in giving interesting talks on "This Golden Half Century."

Members present were: Mmes. P. C. Chenuault, I. W. Boren, W. H. Ware, J. E. LeMond, W. M. Scott, J. Nelson Dunn, B. M. West, H. J. Brice, C. E. Fish, Joe Strayhorn, C. J. Lewis, R. W. Cunningham, W. R. Lace and Allen Warren.

Senior A Class Elects Officers.

Otha Lee Clark was elected president of the mid-term graduating class of the local high school in a Senior A Class meeting Wednesday morning. Clark was president of the class last year.

Mrs. Sue M. Lee, home economics teacher, is sponsor of the class. Other officers elected are as follows: W. D. Sanders, vice president; Mayme Lee Gibson, secretary-treasurer; Genevieve Jarratt, reporter; J. C. Morgan, critic; and Irene Wolcott and Royal Connell, song leaders.

Plans for various class activities are already being taken up by committees, and a full social calendar is promised for the class.

LET'S TALK ABOUT CLOTHES

By a "Young Modern"

Just at this time of the year when everywhere co-eds are preparing for the annual trek to college, the question of suitable clothes comes up from temporary oblivion. Young moderns take the helm and fashion again dictates gay and brilliant ensembles for campus wear.

Privious plaids, soft curling wools and debonair corduroys will be featured by the college girl in skirts, blouses and two piece ensembles. As in past years, this type of dress will again hold sway on the campus.

You'll see a diminutive blonde walking across chapel hill in a brilliant blue plaid blouse featuring a cunning little velvet Peter Pan collar and tiny matching cuffs. The skirt is also made of velvet and in her hand she will carry one of the "pull over" berets in the blending velvet hue. Her shoes will have flat heels and will be trimmed with huge buckles and wide straps.

The tall brunette sophisticate will be seen about the campus in dull tones of brown and brick corduroys. Her dress is one of the new two-piece styles, showing a trim of Roman striped grosgrain ribbon. Heavy bone or wooden buttons give the dress a smart tailored appearance and she wears medium heeled sport oxfords.

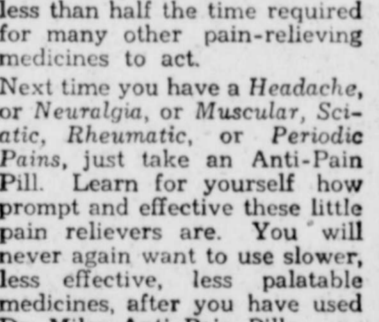

Everywhere on the 1935-36 college campus will be seen gay combinations of skirts and blouses. These so-called vagabond clothes are a delight to girls at Texas State Teachers College for Women, and their versatility is one of the most revealing features. Loud three-cornered scarfs tied "Boy Scout" fashion are "top notch" for those costumes. Lacings in sweaters and in the last year's slit hems are also in the lead.

A fond father visited a college to see what progress his son was making. In response to his inquiry, the professor said: "Your son will probably go down in history—"

"That's good news!" exclaimed the father.

The professor lifted his eyes and continued: "But he might do better in geography and the other subjects."

Mrs. G. W. Boswell of Wills Point, who was formerly a resident of Snyder, is a guest of her mother, Mrs. B. F. Hargrove, and other relatives and friends here.

WHEN you are suffering, you want relief—not tomorrow—not next week—but right away. DR. MILES' ANTI-PAIN PILLS relieve in just a few minutes—less than half the time required for many other pain-relieving medicines to act.

Next time you have a *Headache*, or *Neuralgia*, or *Muscular, Sciatic, Rheumatic*, or *Periodic Pains*, just take an *Anti-Pain Pill*. Learn for yourself how prompt and effective these little pain relievers are. You will never again want to use slower, less effective, less palatable medicines, after you have used **DR. MILES' Anti-Pain Pills**.

I am much pleased with your *Anti-Pain Pills*. They sure are wonderful for a headache and for functional pains. I have tried every kind of pills for headache, but none satisfied me as your *Anti-Pain Pills* have.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health.

"Mrs. C. E. Radtiff of Hinton, W. Va., writes: 'After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommended it to other ladies.'"

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Teachers Return to School Here After Pleasant Vacation - Times

Snyder welcomed late last week teachers, old and new, who took up their work in the local school Monday. A number of school patrons were present at the opening exercises in the school auditorium Monday morning to meet the new teachers and to learn of their work before coming here.

Old teachers who are returning here had delightful vacations, so they say, in various ways. Some attended school, some taught and still others spent their vacations resting and visiting with friends and relatives.

Superintendent C. Wedgeworth, returning as head of the local schools for the ninth year, spent the summer in Tenaha with his wife, who has been ill for several months. He is happy to report that his wife is slowly improving, and he sends greetings to her Snyder friends by her husband.

R. S. Sullivan, principal of junior high and grammar schools, was in school the first six weeks at Stephen F. Austin State Teachers College, Nacogdoches. For the remainder of the summer he and his family visited with relatives in and around the East Texas city.

Coach W. W. (Red) Hill attended the S. M. U. coaching school after the summer school closed here. He taught in the local summer school, and attended S. M. U. during August.

W. F. Cox, science teacher, was also a summer school teacher here. With the exception of a ten-day vacation spent with his folks near Commerce, the Cox family was here all summer.

Mrs. J. P. Nelson was in school at Texas Technological College at Lubbock the first six weeks. A vacation trip to Galveston with her husband and a few weeks of resting made the summer complete for the high school history teacher.

Miss Effie McLeod, head of the high school English department, took work in Texas University, Austin, part of the summer, and spent the remainder of the time with her mother, Mrs. J. C. McLeod, in Florence.

Leland Stanford University, Palo Alto, California, was the scene of an unusually pleasant summer for Miss Mattie Ross Cunningham, teacher of Latin and history in high school. Her social calendar was quite full, and among notable people she met during the summer

Wednesday Party Is Double Compliment.

Mrs. J. D. Mitchell was hostess last Wednesday evening to friends at her home, 809 Twenty-fifth Street, for bridge, entertaining formally for the first time since her recent marriage. Party appointments were in black and white.

Misses Evelyn Worley and Polly Harpole, who leave soon for Lubbock to attend Texas Tech this fall, were named honorees. Bridge prizes went to Katherine Northcutt, high, and Miss Harpole, low.

A dainty ice course was passed to the following: Mrs. Joe Hale, Katherine Northcutt, Grace Avery, Violet Bradbury, Thelma Leslie, Allene Curry and the honorees.

were former President Hoover and Mrs. Hoover and Mrs. Calvin Coolidge.

Mrs. Sue M. Lee, whose home is in Stamford, returns here as home economics teacher for the second year. After going to school for the past three summers, she felt that she was due a rest, so she had her summer of rest in Stamford and Abilene with relatives and friends.

F. H. Reeve, head of the mathematics department in the high school, left immediately after the school closed last spring to spend several weeks with his parents, Mr. and Mrs. F. W. Reeve, in Friona. He was a student in Texas Tech, Lubbock both summer semesters.

Dorothy Strayhorn was in school in Lubbock the first six weeks, and has been here since. She teaches in junior high school.

Fred P. Rattan and wife had a vacation in California soon after school closing in May, and returned here late in July. Rattan, who is band director in the local school and teacher in junior high school, conducted a band school during the summer preceding the school opening this fall.

Mrs. Herman Darby spent several weeks during the summer visiting her mother, Mrs. J. R. Wedgeworth, in Nacogdoches, and old friends in Timpan and Tenaha, and rested at her home here during the remaining part of vacation-time.

Miss Bonnie Gary will have charge of the beginners this year. She was in school in Texas Tech, Lubbock, the first six weeks, and was at home in Dunn the latter part of the summer.

Vacation for Misses Mattie and Gertrude Herm was more attending school. The two and their mother, Mrs. R. C. Herm, spent the entire summer in Denton, the girls attending school. North Texas State Teachers College there housed them most of the time.

Mrs. O'Dell Ryan and her husband were in Oklahoma City attending school all summer. They returned here August 20 to rest for several weeks before she began her school work Monday.

Miss Velma Sharp of Abilene, who teaches in the grade school, took work in the University of Texas, and visited in Texas and New Mexico.

Teacher: "Now if I subtract 25 from 27, what's the difference?" "That's what I say," said little Willie. "Who cares?"

Win One S. S. Class Honors Graduates.

Members of the Win One Sunday School Class of the First Methodist Church, who were members of the 1935 graduating class of the local high school, were honored at the home of the class teacher, Mrs. Joe Caton, Tuesday afternoon, with the last class party before their departure for their chosen colleges and universities.

New officers elected for the class include Virginia Yoder, who was secretary-treasurer, now president to succeed Estine Dorward, and Sterline Taylor, secretary-treasurer. An enjoyable meeting was had by the group of girls, 11 in number, at the Tuesday meeting, and refreshments were passed at tea time. Regular class meetings will be once a month, the first Tuesday in each month, it was announced at the party.

Business Women To Have Meeting.

The Business Women's Club will hold its first meeting of the new club year at the home of Mrs. Hattie Wade Tuesday evening at 7:30 o'clock. Grace Holcomb will be assistant hostess.

Officers for the year include: Allene Curry, society editor of The Times; president; Mrs. William A. DeBold, representative of Southwestern Life Insurance Company, vice president; Ruth Yoder, book-keeper for Yoder Chevrolet Company, secretary; Grace Holcomb, telephone operator, treasurer.

The membership committee appointed recently is composed of Mrs. Ethel Eliand, Mrs. DeBold and Miss Ora Norred.

Ira Couple Married.

Two young people from Ira community, J. O. Wilson and Miss Lois Mae Tracy, were married Saturday afternoon at the First Methodist Church parsonage, with Rev. H. C. Gordon officiating. It was a simple ceremony, witnessed by several friends of the couple.

Buys Tourist Camp.

G. G. Hollingsworth, well-known farmer and poultry man residing just southwest of Snyder, and formerly in business here, announces purchase of the tourist camp two blocks north of the square, on the highway, from A. C. Carden. Hollingsworth says he will keep the cabins in best condition for the traveling public.

Two negro men were talking, one said: "Did you hear about Captain Jones shooting Rastus in his chicken coop?"

The other one replied, "Yes, I heard about it—mighty bad, mighty bad, but it could have been worse, it could have been worse."

"I don't see how it could have been worse when it killed him."

"Yes, but if it had been the night before it would have been me."

Death Claims State Senator Who Fought For Rights of Area

Arthur P. Duggan of Littlefield, senator from the 30th district in the South Plains, died suddenly at Gonzales Friday of a heart attack at the home of his sister-in-law, Miss Mary Harral.

Senator Duggan, 58, underwent an operation several weeks ago in Lubbock and had recovered sufficiently to make a business trip to Laredo three weeks ago. He became ill there and after a week in a hospital was brought to Gonzales to recuperate.

Funeral services were held at Austin Sunday. Senator Duggan was prominent in the development of the South Plains and in councils of the West Texas Chamber of Commerce, of which he was the sixth president in 1926.

His election to the 43rd Senate in 1933 was his first political attempt, while a campaign for Congress last year was unsuccessful. He became known during the latter campaign to a number of Scurry County citizens.

Quartet of Dark Tilts on Tigers' Nine-Point Menu

Coach Red Hill announced yesterday that the Tigers' nine-game completed schedule includes a quartet of night games, first of which will be the initial mix-up of the season at Slaton Friday night of this week.

Two games with Colorado are on the menu. Snyder will go to the Mitchell County capital Friday, September 27, for a tilt at 8:00 o'clock that will dedicate the Wolves' new lighted field. It will be the first meeting of the neighboring teams since 1930. Colorado has since been traveling in Class A company, but left that classification last year.

The first Wolf fray will be a non-conference affair. The Colorado-Snyder conference meeting will come November 22 at Snyder. Lamesa Tornados, regular regional champions, come to Snyder Friday, September 20, for the opening home game. The time will be 3:45 o'clock. The third night game will be against the strong Class A Lubbock squad on Tech Field, 8:00 o'clock, Friday, October 11.

The revised conference schedule includes Lorraine here on the afternoon of Friday, October 25. Lorraine is a new conference member. Rotan entertains the Tigers Friday night, October 4, 8:00 o'clock, in the first conference battle. Roby comes here the afternoon of November 1, and the Tigers go to Roscoe Monday, November 11.

Don't mistreat a person because some other person has mistreated you.

Snyder Methodists Are Hosts at Zone Meeting Thursday

A zone meeting of the Sweetwater district Missionary Societies was had in the local First Methodist Church last Thursday in connection with the district study league institute. The affair was an all-day meeting, with a covered dish luncheon served at noon.

Representatives from the First Methodist Church and the Highland Heights Methodist Church in Sweetwater and Colorado, Herleigh Post, Pfluganna, Union Chapel, Westbrook and Buford Methodist churches were present at the meeting.

Mrs. R. H. Odom, zone leader and president of the local Ruth Anderson Auxiliary, was in charge of the program for the day.

Mrs. Ivan Dodson gave the welcome and Mrs. Cal C. Wright of Colorado responded. Rev. H. C. Gordon, local Methodist pastor, gave the devotional on "Spiritual Life Is the Most Important."

Mrs. C. A. Long, district study leader, had charge of the study institute, presenting the first lesson in the new study book, "That Other America," in an instructive way, using maps and posters to illustrate her points.

Mrs. Keeten of Sweetwater talked on "The Road to Fellowship"; and Mrs. H. K. Roberts of Sweetwater presented an interesting paper on "Old Customs in New Countries," giving the history of the Indians since 1913, as the last part on the morning program.

In the afternoon, Mrs. W. W. Hamilton gave an inspirational talk on "Jesus, the Teacher." About 50 visiting women were present for the all-day meeting.

Mr. and Mrs. J. H. Doss of Weatherford, Mr. and Mrs. Dallas Goss of Baton Rouge spent last week with Mr. and Mrs. W. W. Smith.

County Remains In Dry Column By Local Option

Scurry County continues to be legally dry as far as sale of any beer or hard liquor is concerned. State officials have ruled that any county or subdivision that was dry by local option preceding constitutional prohibition January 3, 1919, remains dry until the old local laws are repealed.

William M. Thornton, staff correspondent for The Dallas News, said Wednesday that legalized sales of liquor are held to a few counties and precincts. A great majority of the state is dry. Counties and subdivisions not dry can become wet only by voting for license in special local option elections.

The Legislature may adopt the state control plan of liquor sales in Texas or the old strict regulation with the sales in private hands. It will collect its tax in either event.

Sale of hard liquors is legal in all portions of 14 counties and in parts of 28 others, State Comptroller George H. Sheppard said Tuesday, by reason of the state canvassing board declaring that the prohibition repeal amendment had carried.

"Practically all of the wet territory is in South Texas, and that was the section of the state which rolled up the huge majority for repeal, so large that dry North and West Texas could not overcome it," Thornton said in The News.

Builds New Driveway.
In order to make the approach to the Snyder Garage more accessible to car owners, W. E. Deak late last week built a new driveway on the west entrance to his place of business, just west of the square. The scaling down of the "bump" that formerly greeted folks is a big help, say garage employees.

Cigarettes
The best way to make a union of two pieces of metal is by welding together.
... and the best way to get a more pleasing flavor and a better taste in a cigarette is by welding together the different types of tobacco...

That is just what we do in making CHESTERFIELD Cigarettes—the three types of mild ripe home-grown tobaccos, that is tobaccos grown in this country, are welded together. Then they are welded with aromatic Turkish. When these tobaccos are welded together you get a combined flavor which is entirely different from any one type of tobacco.

It is this welding of the right amounts of the right kind of tobaccos that makes CHESTERFIELD a milder and better-tasting cigarette.

THE APPROVED I.E.S. BETTER SIGHT LAMP
1 Wide opening at the top of the shade throws light to ceiling and eliminates shadows.
2 Glass reflector softens light, prevents glare.
3 Wide shade gives ample light over your work.
4 Shade lining is white to reflect more light.
5 Lamp is high enough to light a large working area.
IMPORTANT
Be sure to look for the authorized certification tag on lamp you buy. It isn't an I. E. S. Better Sight Lamp if it doesn't have this tag.

Drive away the frown of eyestrain with Better Light
A frown is the danger signal that your child may be reading in a poor light and perhaps is straining a pair of precious eyes. Children often do not complain when they must study or read without sufficient light, but they are weakening their eyes needlessly, and may suffer lasting damage to their vision.
Fortunately, new and scientifically correct reading and study lamps have been designed to provide just the right amount of glareless light for students and for others who read or sew. Protect the eyesight of your family with these modern lamps that meet the Better Sight requirements as explained in the cut-away sketch.

THE WEEKLY DOZEN

If Clothes Make the Man. Talkative Tillie says if clothes really make the man, as a slogan-making sage once said, some of the 1935 school youths will have a hard time making the grade.

Our Unemployables. Pessimism Pete says: "Judging by the last-minute rush for WPA projects, it looks like West Texas expects to be practically out of other employment for a year or two."

Weekly Rooseveltiana. President Roosevelt: "The reforms for which we were condemned 24 years ago are taken today as a matter of course. And so, I believe, will be regarded the reforms that cause such concern to the reactionaries of 1935."

Will Rogers Lives On. Will Rogers' popularity is continuing to grow as time casts a sort of halo about his head. This fact was amply proven last week, when all seats were taken at the Palace Theatre for that remarkable Will Rogers picture, "Steamboat Round the Bend."

We Need Erosion Service. Scurry County is in dire need of the soil erosion service that is being offered by the government. It is entirely probable that she could get a demonstration project if the Chamber of Commerce or some other group would go after the proposition in hammer and tongs fashion—as Snyder has been going after other worth-while projects.

Then He Finds It. When a man accepts all disagreeable changes and takes the chances as they come, and all with a smile—when a fellow faces the rough and the smooth alike with that smile—when he is cheerful in disappointment and hopeful in distress—when such a man starts out for success—he finds it.—Fred D. Van Amburgh.

West Texas Loses a Friend. The death of Arthur P. Duggan was a severe blow to West Texas. Senator Duggan, who was successful financially in his own right, proved equally as successful in working long and earnestly for the people he represented. Nor was he petty or sectional in his views. A new senator will be elected late this month, but not another Arthur P. Duggan.

Football's Back Again. Football's back again, and most folks are happy. Call the game a great American sport or call it a cruel pastime, call it this or call it that... it remains the most thrilling of all games to tens of thousands of men and women who are as sober-minded in business and social life as you or I. Local fans will welcome this week-end, when the Tigers get into action again.

The Government Loan Plan. There have been so many daily newspaper articles about the government 10-cent cotton loan that not many of us know exactly what it's all about. Fortunately, Scurry County is not ginning much cotton yet, and by the time the gins begin to roll, farmers will probably know what is best and what is not best. Just now, it appears that selling rather than holding is the logical procedure.

A No. 1 West Texan. Snyder has taken her hat off several times to W. J. Ely because the genial ginner and civic leader gets things done as few men can get them done. That West Texas also recognizes his leadership and wisdom is proven by the article in the current issue of West Texas Today, which says, among other things, that "Bill Ely would be a No. 1 citizen in any man's town." Snyder is fortunate that she, rather than some other West Texas town, calls this man a resident.

Now That the Ball Is Over. An exchange says "Now That the Ball Is Over"—the "ball" meaning Congress—has become a popular American air. The solons appropriated \$10,000,000,000. And they gave the president almost everything he asked for, demonstrating that while Roosevelt potency may be slipping, it still exists to a remarkable degree. "The session was historic—and just what kind of history it made is a matter of opinion," observes the same exchange.

Checking Tuberculosis. The problem of tuberculosis in the South, with particular reference to tuberculosis among negroes, will be the main theme of the papers and discussions at the meeting of the Southern Tuberculosis Conference and Southern Sanatorium Association which will be held in Houston September 16 to 18. Whites are at last waking up to the fact that tuberculosis treatment for negroes is not only humanitarian but a definite check on the general spread of the white plague.

The Times Creed: For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance, And the good that we can do.

Editorial vs. Jack-Rabbits.

Some editorial writers have dared to believe that their printed words were designed for thought. A few have even hinted that the editorial page is designed for the 10 per cent of their readers who are said to do most of the thinking for the other 90 per cent. Believe as you will.

This one thing is certain: That more folks will read and enjoy this poem about the jack-rabbit than would possibly wade through a regulation editorial. Give R. Henderson Shuffler, news editor of the Odessa News-Times, the credit for writing the ode: West Texas Today, credit for printing it.

A NATIVE SON'S ODE TO THE JACK-RABBIT.

O son of the wasteland, wild and free, Whose eyes are dull, whose pace is slow, I sing a song of praise for thee; A song these many years belated, Because men thought thee addle-pated, Duped by Nature's old disguise, Of foolish face for creature wise.

Your long and mulish ears Cause many foolish tears For those who believe beauty A part of Nature's duty. They cannot understand You're hard to apprehend Because those hyperbolic Ears are microphonic.

To them it was not given To see your body driven Like a meteoric flash Across the plain, in a wild dash For life and liberty and love. While in the clear air just above You, circling, soared a predatory Hawk, with cruel talons gory.

It has never been their lot to see you In the spring morn's sparkling dew Sporting at your natural games With your sleek and playful dames, While in their simple soulful eyes A world of tender passion lies, With never a dreary scientific Fact to curb instincts prolific.

O son of the wasteland, wild and free, Have pity on such fools as me. Whose ears are useless as they're short, Whore too intelligent to cavort, Whose eyes are dull, whose pace is slow, Whose silly qualms you'll never know.

CURRENT COMMENT

By Leon Guinn.

In the field of science one of the year's most incisive steps in the relentless fight against cancer is that taken by Dr. Ernest O. Lawrence, University of California, in announcing radium charged table salt for cancerous tissue treatment. Chemists take this genial 34-year-old atom smasher seriously, are optimistic about this new innovation in medical science. Until recently doctors could allow radium to shoot its gamma rays at skin cancers, or let tiny capsules of the mineral down into the stomach, but at \$50,000 a gram radium makes treatments indeed costly. Dr. Lawrence worked on the thesis radium should be applied in the body directly at a cancerous spot of tissue. Problem—Radium's steady gamma ray stream would destroy the body before cancer did. Now enters the lowly table salt into the equation. Dr. Lawrence took charged radium particles and turned their gamma ray into a 4,000,000 volt cathode ray tube. From the tube zoomed deuterons, which are positive bits of electricity, at the rate of 10,000 miles a second, smashing the sodium atoms of salt. After thus charging salt's sodium atoms for 13 hours, the salt glowed and discharged radium gamma rays for 15 hours, and herein is its chief virtue. Internal cancerous tumors can be given a 15-hour shower of gamma rays, and the substance reverts to harmless salt. Common table salt now assumes a place of first importance as a technical radioactive substance, capable of halting the destructive effect of cancer. In Ireland the Irish are troubled by cancer of the mouth, due to smoking clay pipes, and in American skin cancers, and internal cancerous tumors are the main concern, blood cancers presenting the most difficult equation for science.

EDITORIAL OF THE WEEK

REVOLUTIONIZED FARMING METHODS.

Not so many years ago agricultural cooperatives were regarded with suspicion. Some believed that they could produce nothing worth while, they were needless "luxuries." Others thought they would merely waste time and money of their farm members. Today the cooperative has come into the "necessity" classification so far as the progressive farmer is concerned. The time he gives to it is as nothing compared to the benefits he receives. And the money he contributes in dues is returned to him many times over in more stable markets, and better prices for his produce. The cooperatives have slowly, quietly and effectively caused a virtual agricultural revolution. They have gone a long way toward taking the guess-work out of farming—wherein each producer raised as much as he could, irrespective of markets or demand, and sold it for what he was offered. The old-time farmer was at the mercy of the middleman—the modern farmer, with his organization doing the talking and bargaining for him, has applied proven business methods toward achieving a better place in the world. Cooperatives have made a great record during depression—and when better times return, they are going to show the country what real agricultural progress means.—Industrial News Review.

All-West Texas Farm Field Day At Spur Station

An all-West Texas field day, promising to be one of the most outstanding agricultural events ever held in the western part of the state is scheduled at the Spur experiment station, Friday, September 20. Delegations headed by county agents and vocational agricultural teachers from over 40 counties are making plans to attend.

There will be no speech making, but results of experiments conducted at Texas experiment stations will be discussed by the best authorities in the state, according to the announcement. Chief topics for observation and discussion will be trench silos, cattle feeding experiments and soil and water conservation.

R. E. Dickson, superintendent of the Spur station, is to be in charge of the program. W. R. Luce, Scurry County agent, asks that farmers interested in attending the meeting notify him, so that cars might be arranged to accommodate all wishing to go. He hopes that Scurry County will have a large representation.

Presbyterian Church

There is no greater joy in human experience than the joy which comes in the full fellowship and close comradeship of a Christian with his Master. The religion of Jesus is a religion of joy and of happiness. Theme for the morning worship service Sunday at 11:00 o'clock will be "The Joy of Being a Christian." Theme for the evening worship service at 8:15 p. m. will be "Messages of Silence."

Sunday school will meet in all departments at 9:45 a. m. The young people's society of Christian Endeavor will meet at 7:00 p. m. to study "Social Standards and Ideals." The Texas Christian Endeavor will meet at the same hour. All next week a standard leadership training class will be conducted in the church, two classes each evening, beginning at 7:30 p. m. All Sunday school teachers, officers or prospective teachers in Snyder that desire to advance their standing and work toward a diploma from the International Council are cordially invited to participate with us in this course. "New Trails for Christian Teachers," a book on "methods."—Alfred M. Dorsett, pastor.

Mitchell Well Cements

Geddes-Drake et al, drilling in Mitchell County along a trend between the old Westbrook field and the Ira pool in Scurry County set 8 1-4 inch casing at 500 feet and cemented late last week. The well-tit is in section 80, block 97, H&TC survey.

Mrs. Guy E. Casey and sons, Jim Tom and Clyde Lee, of Lubbock, who formerly lived here, visited friends in the county last week.

County Sends at Least 12 Studes To Stephenville

Unless Texas Tech or Hardin-Simmons gets a last-minute jump, John Tarleton Agricultural College at Stephenville will attract more Scurry County students this year than any other college.

Late figures show that at least a dozen county students have already gone to John Tarleton or will leave this week-end for the school. The term begins there Monday, September 16. A local group of lads is attending football training camp this week. They are headed by Fred Wolcott, speed wizard and all-round athlete. Aubrey Wiese, also a former Tiger star, is also at football camp, and it is reported that Sonley Huestis, former local backfield ace, now of Fort-San, is also working out with the Plowboys.

Eldon Birdwell of Snyder, York Murphy of Murphy community, Wilson Ross of Dunn and Woodrow Allen of Ira are returning for their second years at the school. Others who plan to register next week are Sam Joyce, Weldon Birdwell, Murray Gray, William Boren of Snyder and W. S. Goodlett of Dunn, and Evelyn Grimes of Dunn.

Liff Sanders to Be Here Two Services

Bro. Liff Sanders of Lubbock will preach for the Church of Christ Sunday morning and night, 11:00 a. m. and 7:30 p. m., according to R. C. Huggins, a leader of the local church. The visiting preacher is no stranger here, since he lived here a few years ago. He would be pleased to meet all his old friends and acquaintances at the services.

Miss Charlyne Kincaid, who has been in Plainview studying Western Union work for the past three months, returned to her home here Sunday. Miss Kincaid was a guest of her sister, Mrs. F. E. Smith, and Mr. Smith, while in Plainview.

Many Unable to Attend Field Day Because of Rain

Rain early in the week and murky weather all day Friday prevented hundreds from attending field inspection day at the von Roeder Seed Farms in Borden County last week.

But, in spite of the weather, about 1,000 persons from Scurry, Borden and other West Texas counties took part in activities of the day. Clements and Nolan von Roeder and Edd Murphy express themselves as highly pleased over the coming of hundreds of folks despite the unsettled weather.

The visitors were impressed with the Texas Mammoth cotton seed breeding blocks, which were the center of attraction during most of the afternoon. The seed farms have some of the best crops they have ever raised on the deep sand that lies 25 miles southwest of Snyder.

Hundreds of melons were eaten during the day, and neighbors of the cottonseed breeders helped feed the visitors at noon with beef, beans and other food. Rodeo events in the morning and a baseball game in the afternoon were entertainment features.

Young Methodists In Union Meeting At Post This Week

The young people's department of the Post Methodist Church was host to the Willing Workers Union of young people Tuesday evening at Post.

Among the 50 visitors present, 18 representatives were from Snyder. The local delegation was headed by Rev. H. C. Gordon, pastor, and D. P. Yoder, union counselor, and included the following: Virginia Yoder, Dossie Mae Cason, Clarence Walton, Richard Davis, Elizabeth Gordon, Hazel Gordon, Elizabeth Blakely, Jeff DeShazo, Mary Davis, Delmus Perry, Frances and Genevieve Jarratt, Ruby and Allene Curry, Paul Wilson and Felix Jarratt.

Miss Ruth Yoder is the new union president, to succeed Happy Talley of Ira, who resigned recently, and Lloyd Devin of Ira is the new vice president.

"Problems Youth Face Today" was the topic for discussion at the meeting. Miss Thelma Clark of Post, president of that department, directed the program. Miss Allene Curry talked on "Leisure"; Harvey Carrell of Union Chapel discussed "The Evils of Alcohol"; Lloyd Devin of Ira gave an interesting talk on "War," and Richard Davis gave a discussion of "Economic Conditions."

Rev. Gordon and D. P. Yoder of Snyder, Cliff Birdwell of Ira and Rev. J. E. Stevens of Post spoke briefly.

The next union meeting will be at the Ira Methodist Church Tuesday evening, October 15.

Coach Says He Is Looking Forward To Fighting Team

Coach Red Hill of the Snyder Tigers told the Lions Club Tuesday at noon that Snyder has one of the out-scrappingest teams this year that she has seen. "And," said the coach, "we have a team with more 'weight' and more 'wait'. About 10 pounds to the man heavier than last year's team, and not a really fast man in the bunch."

He added that he is looking forward to this season because "the boys have inside of them what it takes to make a good football team." Only one or two of the boys is over 17 years of age, most of them being 14 or 15. And there are only four lettermen—all line-men—and only two other boys who have seen previous experience in a game.

The three Snyder Boy Scouts who made the 11-state western trip on the Buffalo Trail Council bus were introduced by Scoutmaster Willard Jones, who thanked the club for its financial cooperation in making work of one of the troops possible. Eugene Pinkerton, J. R. Huckle and Leon Astry gave details of their trip, and Kodak snapshots taken by J. R. were passed among the Lions. Maurice Brownfield told briefly of his trip to California. Dr. H. G. Towle gave highlights of his recent Nebraska trip, and A. C. Preuit, second vice president, who presided, announced opening of the hospital within the next 10 days.

Alford at Patterson's.

W. H. Alford, who has barbered in Snyder for a number of years, has taken the second chair at J. W. W. Patterson's shop, just north of the square. Jesse Garner has moved to the first chair, taking the place formerly filled by M. M. Maulie, who has become associated with W. C. Gordon in the shop just south of the square.

New Barber at Pierce's.

The Pierce Barber Shop announced the addition several days ago of B. N. Durham, who has barbered in Fort Worth for several years. The trio behind the chairs at the shop now includes J. B. Pierce, C. E. Pendergrass and the former Fort Worth man, who resided in the Dunn community until a few years ago.

Local Happenings

Mrs. J. N. Hale of Stamford is visiting with Mrs. B. F. Hargroves. Mr. and Mrs. W. W. Smith and son, Wallace, spent the week-end in Abilene.

Frank Farmer, county superintendent, is in Austin this week on school business. Miss Frances Carr of Sweetwater was a guest of Miss Bonnie Miller here last Thursday.

Mr. and Mrs. Maurice Brownfield and Mr. and Mrs. F. M. Brownfield returned last Wednesday from an enjoyable two weeks vacation in California—San Diego and other points.

Guests of Mrs. Taylor Cotton and other relatives here last week-end were Mrs. H. C. Cotton and son, Conrad, of Clyde and Mr. and Mrs. Herman Cotton of St. Louis, Missouri.

Mrs. R. W. Cunningham and Miss Mattie Ross Cunningham visited Dr. A. A. and C. P. Ross in Lockhart last week. Mrs. Dan Gibson and sons were guests of her parents, Mr. and Mrs. E. Engle, in Seguin.

Rodney Glascock left Sunday night for Enid, Oklahoma, where he will be in school at Phillips University. Glascock is a graduate of Randolph College, Clisco, and will be a senior in the Oklahoma university this year.

Mrs. Lee Byrd and Miss Treva Hart were in Midland Monday and Tuesday to meet Mrs. Byrd's daughter, Mrs. Max Sears, who has been in Long Beach, California. She will visit with relatives and friends here for several weeks.

Lee Francis York, who received his bachelor's degree in business administration in June from Texas Technological College, Lubbock, was a visitor here from Lubbock during the week-end. York is employed with a loan firm in Lubbock.

Alberta Jane and Yvonne Towle, daughters of Mr. and Mrs. Gordon B. Towle of Trenton, Nebraska, were guests last week of Dr. and Mrs. H. G. Towle and daughter, Mary Margaret. Dr. Towle was in the Nebraska City last week, and his nieces returned home with him.

Mr. and Mrs. Ed Darby, Mrs. Billy Boren and son, Billy Jack, and Wanda Jean Sims spent last week visiting with Mr. and Mrs. Frankie Hall in Odessa and with relatives in Pyote. Mrs. Hall, who is the former Miss Dorothy Darby, returned home with them Saturday to spend the week.

Visitors in the home of Mr. and Mrs. W. P. Thompson and Mr. and Mrs. Will H. Crowder last week were: Mrs. H. E. Melton and son of Haskell, Mr. and Mrs. Spur Taylor of Dallas, Mr. and Mrs. Jim Swan of Alvarado, Mr. and Mrs. Ray Harrell and children of Merkel, Mrs. Norton Parrott of Waco and Bill Harmon of Winters.

They Help the Telephone People Here

You'll find the homes of the telephone system in the quiet, shaded streets of a thousand towns and cities throughout the land. In little buildings where the operators work, and through whose doors come and go the men who build and maintain the lines.

Every other part of the Bell System exists simply to serve them—

American Telephone & Telegraph Company, parent company of the Bell System with its great staff of telephone experts. Bell Laboratories, with its hundreds of research scientists intent upon telephone problems. Western Electric, with its factories and its far-flung purchasing organization.

This entire, specialized group of companies has one purpose only: to help the men who patrol the lines, and the women who keep constant vigil before the switchboard in your town, do a better job of giving you good, economical telephone service.

County Resident 20 Years Buried Here Wednesday

Funeral for J. W. Patrick, 73, resident of Scurry County for 20 years, was held at the First Baptist Church Wednesday afternoon, 3:00 o'clock, with the pastor, Rev. Lawrence Hays, assisted by Rev. H. C. Gordon, officiating. Odom Funeral Home was in charge of burial in Snyder cemetery.

Mr. Patrick was born in Cleburne in 1862. He grew to manhood in Johnson County, and moved to this county in 1914. His home was in the Pleasant Hill community. He had been a Christian and a member of the Baptist Church since he was 18 years of age.

Among survivors are his wife, formerly Miss Martha Jane Merritt, sister of former State Representative Joe Merritt, to whom he was married in 1890. The five surviving children are: J. E., T. J. and M. O. Patrick of Scurry County; C. E. Patrick, Grandview, the only child who was unable to attend final rites, and Mrs. Mable Weller, Snyder.

Palbearers were Oscar Davis, W. T. Murphree, George Lloyd, Dock Kelley, T. J. Riggs and Houston Woody.

Sunshine Comes After Nine Days Of Soaking Rain

Rain that fell in most Scurry County communities every day from September 1 through September 9 was followed Tuesday by sunshine that promises to mature at least an average cotton crop and an above-average feed crop.

Cool weather that accompanied most of the showers, plus a norther that blew up Tuesday, is believed to have rid the county of the majority of its boll worm crop. Most farmers expected a siege of worms and consequent poisoning when the rains halted, but only scattered worm infestations are reported.

In case the worms start working later, farmers will be well protected as far as poison is concerned, for local stores have a good supply. Some feed was damaged by the long spell of wet weather, but practically all farmers think this damage will amount to little when compared to the benefits to late feed, winter grains and gardens.

Snyder recorded only 2.02 inches of rainfall for the nine consecutive days of precipitation, but several hours of mist were too light to be recorded. The readings, made at 8:00 a. m. on the days indicated, are as follows:

September 2, 1.06; 3rd, .15; 4th, .07; 5th, .15; 6th, .03; 8th, .02; 9th, .60.

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful . . . three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

Boren Says FCA Short Course at Canyon Success

The sectional short course of the Farm Credit Administration held at West Texas State Teachers College, Canyon, September 6 and 7, was a great success, according to Hugh Boren, secretary-treasurer of the Snyder National Farm Loan Association, who, with A. Johnston and W. B. Lemons, directors of the association, has just returned from the meeting.

All who attended had an opportunity to learn more of the operation of the various units of this large financing system for agriculture.

Mr. Williams also told of recent legislation which permits land bank commissioner loans to be made to worthy tenant farmers to enable them to purchase farms of their own.

The objective of the Farm Credit Administration of Houston in coordinating National Farm Loan Associations and Production Credit Associations was discussed by Mr. Williams. Of this he said: "Our goal is to have credit centers accessible to farmers both long and short term credit service according to their needs."

Those attending the short course included secretary-treasurers and directors of a number of National Farm Loan Associations and Production Credit Associations; representatives of the Extension Service of A. & M. College, teachers of vocational agriculture, officials of institutions discharging paper with the Federal Intermediate Credit Bank of Houston, representatives of farmers' cooperative organizations in the Panhandle, and others.

Mr. Boren reports that all those in attendance were enthusiastic in their comments on the short course.

We have four new members on our faculty this year as follows: Roy Lacy, English; and Spanish; Mrs. Allan Farrell, history and grade subjects; Gilbert Mize, principal and boys basket ball coach; Mrs. Hugh Cook, second and third grade.

Opening of school was Wednesday, as too much rain kept it from opening as scheduled. We have many new students, principally because of the new bus routes.

Hundreds of millions of dollars are spent annually on war materials. In 1930 the total cost of maintaining the armies and navies of the world amounted to \$4,500,000,000, a large proportion of which was used for the purchase or manufacture of armaments. The Editorial Research reports for June 1, 1934, said: "World armament expenditures were \$6,000,000,000 in 1931 and have probably increased since."—Exchange.

"What are the chances of my recovering, doctor?" asked the very eager patient.

"One hundred per cent," replied the doctor. "Medical records show that nine out of ten with the disease you have die. Yours is the tenth case I've tried—the others all died—so according to government statistics, you're bound to get well."

"Because it is adaptable to the needs and the changes of each day, the newspaper continues to be the leading advertising medium. Fresh every day, it never tires the advertiser down to plans that have suddenly become obsolete."

"Another thing: The habit of advertising in newspapers among business people does not change, because the habit of newspaper reading among the population at large is a fixed and permanent one."

"As a matter of fact, the more rapidly the world changes, the more people follow the news of these changes in the newspapers."

Cotton Outlook Improving, Ranges Spotted Says Santa Fe Crop Report

The Santa Fe Railway's crop report for September 1 indicated that Texas cotton conditions, as a whole, are improving, despite warm and hopper damage. Range conditions are spotted. Following is the complete report:

The Texas cotton crop is much larger than that of last year, the last official forecast indicating a production of 3,851,000 bales, compared with 2,406,000 bales in 1934. As a whole the crop has had the benefit of sufficient moisture but in some sections insect damage has been rather serious.

The crop in East, Central and South Texas apparently is developing under favorable conditions, except in the territory within 100 miles of the Gulf Coast, where showery weather has hampered efforts to prevent damage by insects, particularly the leaf hopper. Although maturity of the crop is about two weeks late, picking was well under way in the central part of the state September 1.

Corn Crop Normal. The corn crop has matured and is now being gathered; quality good and the yield considerably above normal. As a rule this crop is consumed on the farms where it is produced, however, this year several hundred carloads of good yellow

and white corn are available for market.

General rains of short duration, followed by clear weather, would be beneficial to all growing crops and ranges at this time, but continued rains would no doubt be followed by insect ravages which would materially reduce the yield of cotton.

Ranges generally are in fairly good condition for this season of the year.

Ranges Are Spotted. Crop and range conditions in the Panhandle and West Plains of Texas are quite varied as a whole, due to excessive temperatures and lack of moisture in many areas. Prospects were very good for a large feed crop but hot, dry weather during the past two or three weeks has changed the picture materially, and feed is withering and firing in many sections, especially in North-west Texas.

The cotton crop in this part of the state is in generally fair to good condition, with average yields indicated in most places.

Range conditions are spotted. Timely rains have revived vegetation in some areas, but others are extremely dry and prospects for winter grass are unfavorable. Livestock generally is in good condition.

Murphy News

Mrs. W. W. Weathers, Correspondent

A cotton demonstration and picnic was given by the von Roeder Seed Farms last Friday. Due to unfavorable weather, there were only about 1,000 people present. Such occasions are made possible by the hearty cooperation of good neighbors.

J. L. Weathers was real ill last week. Relatives called to his bedside included his mother, Mrs. G. A. Ramin, Mr. and Mrs. Frank Burns and girls and Minnie Weathers, all of Robert Lee. Mr. Weathers is much improved.

The Murphy community gave its pastor, Bro. R. E. Bratton, a pious last Sunday morning as a good will offering for his past year's work. He was called to be with us another year.

We have had plenty of rain the past week and crops are looking good.

School is in progress now, with Miss Vivian Cary as teacher again. Mrs. Walter Weathers has been confined to her bed for more than a week.

Bruce and Glyn Ed Murphy have gone to Ranger, where they will be in school this year.

GINNING STILL RUNNING LIGHT

County ginnings continue at a light pitch, although it has been almost three weeks since first bale, soggy and weighing only 420 pounds, was run through the Joyce yellow gin by Alvis Minton.

Less than a dozen bales have been turned out in the county, in comparison to far more than 1,000 bales at this time last year. Most observers anticipate 20,000 to 25,000 bales in the county, compared to less than 10,000 bales last year.

An 11,489,000-bale cotton crop this year was predicted Monday by the department of agriculture, representing a reduction of 309,000 bales from the estimate a month ago. Insect damage and dry weather in portions of the cotton belt were said to be responsible for the loss.

The reduced estimate will probably mean a slight boost in the local price when the crop begins moving, say cotton men.

No Bankhead ginning tags had been received in the county this morning.

"Whatever a man soweth, that shall he also reap." Galatians 6-7 is the text for the 11:00 o'clock service Sunday.

"He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase." Ecclesiastes 5-10 is the text for the evening service, at 8:00 o'clock.

A warm welcome awaits all who can attend these and other services of our church—H. C. Gordon, pastor.

Young bride: "Now, dear, what'll I get if I cook a dinner like that for you every day this year?"
Hubby: "My life insurance."

(Note: Jay R. Huckabee wrote this article that gives highlights of the trip he recently made with other Boy Scouts to 11 western states. Leon Atry and Eugene Pinkerton are the other local boys who made the trip.)

In last week's Times, Leon gave high points of our trip, but there are a few things of interest I have been asked to mention.

First, I want to thank scouts, the scoutmasters and everyone who made it possible for us to make the trip, which was really great.

We traveled over 6,000 miles, passed through 11 states, and visited the capitals of each. Carson City, Nevada, has a very old capitol building that is not as large as our courthouse.

Beautiful Building. Utah's capitol at Salt Lake is a very beautiful building. The most interesting part of it is the governor's reception room, which is said to be the most expensively furnished room in the United States. The rug, size 22x48 feet, woven in one piece, weighs 1,350 pounds, cost \$6,000, and was made in Scotland. The draperies, made in Florence, France, cost \$600 per pair. Total cost of the room is \$65,000. The Prince of Wales and other royalties who have visited there, say that it is the most beautiful room they have ever seen.

We also saw a large portrait of Brigham Young and the wagon in which he crossed the plains en route to Utah.

While in the Mormon temple, a recital was given on the largest pipe organ in the world.

On To Yellowstone. The next place of real interest was Yellowstone National Park, with its many geysers and boiling lakes. Old Faithful erupted regularly every 63 minutes. The animals of Yellowstone are very gentle. Cubs rolled over our beds while mothers cleaned out the garbage cans.

Points of interest were visited in Denver and then we were headed for home.

In fact, our trip was a thrill from the time we left Roscoe until we landed in Snyder 19 days later. The boys were all congenial; the bus driver was fine and Mr. Williamson could not be beaten as a chief.

I would love to go over it all again, and wish all the scouts could take a trip like it.

Annual Reports Are Heard by Churchmen At Wastella Friday

Annual reports of 29 of the 34 member churches were heard at the annual business session of the Mitchell-Scurry Baptist Association, held Thursday and Friday at Wastella. They reflected growth in every phase of church work, according to Rev. Lawrence Hays, local pastor, who headed a Snyder delegation.

Rev. A. C. Hardin, Lorraine, was selected as moderator, and Ernest Wiman of Roscoe was again named as clerk. Rev. G. W. Parks of Roscoe was selected to give the annual associational sermon next year. A summary of association activities for the past fiscal year follows: Additions, by baptism 404; by letter 219, total 623; present church membership 4,844; Sunday school enrollment 3,597; net gain in enrollment 307; B. T. U.'s reporting 51, enrollment 750; W. M. U.'s reporting 22, enrollment 296; money raised for all causes \$29,847.32, value of property \$177,068.

partments, including juniors and below, will meet for choruses and Bible drills. All children of this age are welcomed. Intermediates, seniors and adults will gather in prayer groups.

"The children can be made a great asset in encouraging Bible reading," declares Rev. Hays. "It is unheard of that any community ever witnessed a far-reaching work of reviving grace without the masses becoming interested in reading the Bible."

Reconsecration Stressed.

"Our bid shall not be primarily for more additions, but digging into our membership for consecration, deepened interest and spiritual vitality," the pastor says. "Others added to our church like many that we have will only increase our problems and add more grief. It would be a great day for the cause if we could get enough religion and see the tides of spirituality run high enough to have a 'back door' revival."

"We have more than 200 on our rolls that I would be happy to 'swap' with anyone—sight unseen. Our deepest need now is primarily not more numbers but fewer of the right sort. This worthy goal of making meaningful our profession and church affiliation shall constitute the circle of our preaching the next two weeks."

No Clap-trap Methods.

"We know of no clap-trap method of bringing a revival. Such comes by waiting on the Lord, fervent prayer, confession of sin, and forsaking the wrong that blights life. Our theme for the two weeks shall be II Chronicles 7-14. All else has failed us; it is time to try the Lord."

"We express the hope that Christians of other churches will give themselves so far as possible in cooperation with the meeting. Whenever and wherever God visits his people in any given church or community, all causes of righteousness are thereby helped in proportion to the cooperation of the public. No one church can have a revival without it touching other churches. The spirit of Christianity is contagious. When one gets it he gives it to others."

One of Leviniski's customers was notorious for his slowness in meeting liabilities. In desperation Leviniski sent the following letter:

"Sir: Who bought a lot of goods from me and did not pay? You. Who promised to pay in 60 days? You. Who didn't pay in six months? You. Who is a thief, liar and a scoundrel?"

Yours truly,
"Al Leviniski."

FOUR SCHOOLS OPEN MONDAY

Four county schools opened their doors for the new term last Monday.

Arah opened with Mrs. Zada Chapman again at the helm. Miss Lucille Watson again returns to Whately. At Martin, where two teachers were stationed last year, only Mrs. Hattie Gatlin will hold classes, and there will be six instead of eight grades.

Ira, which started last month, has secured Miss Marie Casey, formerly of Hobbs school, to take the place of Happy Talley, who went to Coahoma as grade school principal and grade and high school coach.

or to the president of the chosen college. Johnson instructed young people seeking educational aid. For work project or private industry jobs, youngsters should apply to the nearest National Reemployment Service office, he stated.

In addition to the youths who may receive help through the combined efforts of the WPA educational division and the NYA, many jobless school teachers will be benefited, Johnson predicted.

Freshman colleges in many small towns are planned. Thus, a number of young people unable to afford college training, may be grouped together and receive freshman instruction from an unemployed teacher selected by the sponsoring college or university. Twin benefits of free college training in their home town for class members and a living wage for the instructor are forecast by this plan, Johnson declared.

Emmett Blasingame Dies.

Funeral for Emmett Blasingame, prominent resident of the Buford community of Mitchell County, was held Tuesday afternoon from the family home, with Rev. Hulen Honored for Military Services; Sentell at Banquet

Five hundred fellow soldiers and fellow citizens paid tribute in a banquet at Fort Worth Tuesday night to Maj. Gen. John A. Hulen, who is retiring from active military service on his sixty-fourth birthday.

Among the guests was John E. Sentell, captain of the local National Guard unit, which is one of the companies in the 36th Division, commanded by Maj. Gen. Hulen. The veteran officer is succeeded by Gen. George P. Rains.

Captain Sentell was accompanied by his family.

For the first time in the history of Texas, a man had been lifted to the rank of Brevet Lieutenant General, highest within the power of the state. The adjutant general conferred the honor on General Hulen "in behalf of his long and faithful service to his state in time of peace and to his country in time of war."
