FORTY-EIGHTH YEAR

SNYDER, TEXAS, THURSDAY AFTERNOON, MAY 28, 1936

GENERAL RAINFALL HOISTS TRADE AREA OUT OF DOLDRUMS

FREE COOKING SCHOOL TO BE GIVEN FOR ALL

Ladies—and Husbands Too—Are Invited to Attend Second Event June 8-9-10.

A little snow, tumbled a bit, if done craftily, and with conditions in harmony for snow tumbling, soon becomes a mountain.

Just so with the secret formulas to be given freely to the ladies and their husbands—if they desire to learn of them, and most husbands do—in the coming free county-wide and community-invited Times Free Cooking School to come to Snyder June 8-9-10.

The school will be led by that gentle-hearted, informative-minded Southern lecturer, Miss Jessie Hogue, who was in charge of the first Times school last June.

A hearty invitation. It is all free, and a most hearty invitation is extended to every housewife in this city and the communities around, together with their husbands.

"Men are taking most seriously to the master art of the world—"cooking"—is an emphatic word that comes in advance from Miss Hogue.

"Leadership men throughout the nation are learning more and more the post graduate points of home-happiness—cooking. They have learned and are learning that the paramount health and happiness pinnacle of the home centers at the kitchen.

"In this fashionable parade of the preparation of foods, its value to health and happiness, harmony and secret formulas are possible that will make certain that happiness will have its play in the family-life.

"Whether it's the style, mode, fashion, pattern, elegance, preparation, griddling, codding, juggling, deviling, steaming, cooking, roasting, braising, baking, broiling, frying, par-boiling, stewing, panning, frizzling or making food ready for the family table, there are secret formulas and harmonized relations that must be known if kitchen and home-happiness is to be a star in the domestic circle.

"The housewife of today does not have to run to the back porch and grab the cow with the iron tail—the hand pump—to get water. She is surrounded with the most modern and convenient electrical, mechanical and scientific advances of this modern civilization, waiting at her beck and call and to reduce her worries and work."

The Times Free Cooking School will be held at the Palace Theatre. Sessions start at 2:00 o'clock each afternoon. Make your plans now to attend every session.

ALL AMERICAN SHOWS COMING

The first carnival of the season will come to Snyder Monday for a week's exhibit. It is the All American Shows, which has been seen here two or three times in recent years.

The feature this year will be a colored minstrel show. "A free grade, clean amusements for young and old," are other attractions promised by the press agent.

The American Legion and Snyder Volunteer Fire Department will sponsor the show.

J. W. Stinson Better. J. W. Stinson, who has been quite ill for more than a month at his home here, was better early this week, according to his daughter, Mrs. H. P. Brown. Friends will be glad to know that the long-time Snyder resident is improving.

Local Graduation Scheduled Tonight

Snyder commencement exercises, scheduled for Friday night of last week, but postponed because of the death of Mrs. C. Wedgeworth, will be held at 8:30 o'clock tonight (Thursday) in the school auditorium.

The program will be carried out as announced last week, with Dr. Tom Brabham, president of McMurry College, Abilene, delivering the principal address.

High school and grammar school closing programs will be held together this year for the first time.

Names of honor students in the entire school system will be elsewhere on this page.

MEMORIAL SET SUNDAY, 2:30

American Legion and Auxiliary members will join hands Sunday afternoon in a memorial service honoring the World War dead.

The public is invited to the ceremony, which will be held at 2:30 o'clock. At the close of the program, graves of veterans will be covered with flowers.

Those who have flowers that might be used for the graves are invited to take them to Bell's Flower Shop, where they will be arranged under direction of Mrs. W. R. Bell.

G. E. McPherson, minister of the First Christian Church, will bring the message of tribute. A salute will be fired by National Guard members. Commander J. E. Shipp and Adjutant Hal A. Lattimore will be in general charge of the program, sponsored by Will Layne Post No. 181.

Final Exercises At Dunn Schools Late This Week

Final closing exercises will be held for Dunn schools Friday night of this week, when Zolie C. Steakley Jr. of Sweetwater will deliver the commencement address.

A special seventh grade program, at which 15 graduates will be recognized, is planned for Friday morning at 10:00 o'clock.

Rev. P. O. O'Brien of Colorado, pastor of the First Baptist Church, preached the baccalaureate sermon at the Dunn Methodist Church Sunday night, with a large crowd attending despite rainy weather.

At the program Friday night, Mildred Helt will play the professional. Rev. A. P. Clink will pronounce the invocation. Louise Wood will give the salutatory and Odessa Krop the valedictory address. Shirley Morgan will render a vocal solo.

After presentation of diplomas by Superintendent Cleo W. Tarter, Rev. R. R. Cumbie will give the benediction.

Dunn citizens believe they are completing one of their most successful school years. Among their accomplishments was winning of the Class B Interscholastic League championship.

Hobbs Junior Class Gives Play May 15

"A Henpecked Hero," a three-act comedy, was presented in the Hobbs High School auditorium Friday evening, May 15. This was the junior class play of the year. It was presented by the juniors, with the help of a few from other classes.

The cast was composed of: Berta Horton, Eunice Peters, Oleta Woems, Ruby Poteet, Alva Vest, Betty Baysette, John Akers, Bunk Casey, Marvin Scott, Walter Woems and Roy Moffett.

The play was directed by the junior sponsor, Kirby Dawkins. The auditorium was well filled.

Fred Yoder Will Go To Ohio Next Month

Fred Yoder, operator of Radio Electric Shop and the local Sears-Roebuck & Company show rooms, announced this week that he is closing out this month, and will go to Springfield, Ohio, early next month.

Sears-Roebuck merchandise that has been on display here has been moved to the Sweetwater retail store. Yoder says he is closing out his Radio Electric Shop stock of washing machines, radios and other merchandise.

1936 BANQUET OF C. C. TO BE HELD TUESDAY

Goal of 200, Including Number of Visitors, Set by Officers and Program Committee.

With their attendance goal set at 200, officers and the program committee are making plans for the annual Chamber of Commerce banquet, to be staged Tuesday night, 8:00 o'clock, in the National Guard armory.

Attendants will include leading citizens from several neighboring towns, and C. J. Sweeney of Abilene, district relief administrator.

Ticket sales are going forward this week. The banquet charge is 50 cents. "The feed alone is worth that much or more, and the program will be entertaining and inspiring," says Forest Sears, president of the local civic organization.

The program committee promises plenty of good music and other entertainment. The committee is composed of Frank Farmer, chairman, Mrs. Joe Stinson and Mrs. Earl Louder.

President Sears says the meeting after the banquet and entertainment will be concerned largely with checking accomplishments of the past year and in making plans for the new fiscal year.

"We want every person, whether he is a member or not, to come with suggestions for bettering the work and plans of the Chamber of Commerce," he said.

Hermleigh Plans Special Musical Program Friday

Hermleigh will depart from custom in her commencement program Friday night. Instead of the customary address, graduates and other students will be presented in "A Garden of Memories," a unique program with a musical background.

Baccalaureate services were held at the First Methodist Church last Sunday, with Pastor Frank Story preaching the annual sermon. The class members were guests of the church. Mrs. V. D. Armstrong was presented in a solo, "My Task."

Mrs. Blanche Patterson was at the piano for accompaniment, precessional and recessional.

Evelyn Kasper was valedictorian, with an average of 87.46-54, barely ahead of a continuous classmate, Sibyl Williams, whose average was 87.46-54. Marlene McQuaid had the highest average for the senior year alone, 91.1-2. J. W. Jackson was highest ranking boy, with an average of 88.

Graduates, in addition to these four ranking students, are: Naomi Culp, Vera Barfoot, Ferrell Coston, Pete Nachlinger, Minnie May Kiker, Thelma Sturdivant, Velma Howard, Marlin Leach and Iris Spykas.

Morgan Layfield will play for the Friday night program, which will be presented against an artificial garden setting. The program follows: Precessional; Invocation, Rev. Frank Story; salutatory, "Our Garden of Memories," Sibyl Williams; "Memories," Charlotte Mobley; "In Appreciation," Fred Kerr, class sponsor; tributes of contemporary classes; valedictory, Evelyn Kasper; "The Trail of Good-byes"; "Twilight on the Trail," Girls' Chorus; presentation of diplomas, Superintendent W. T. Hanes; "Let the Rest of the World Go By," Girls' Chorus; benediction; recessional.

Piggly Wiggly Has New Water System

First new type Frigidaire water cooler to be installed in Snyder was placed last week in the front of Piggly Wiggly for the convenience of the grocery's customers.

The new cooler is unique not only in its sanitary bubbler, but in its pre-cooling system. Waste water leaves the cooler by way of small pipes inside larger pipes that carry fresh water, thus pre-cooling your drink and minimizing cost of electricity for keeping the water at an even cool temperature.

First Music Place Is Won by Cotten Girl

Chiquita Cotten, ten-year-old daughter of Mr. and Mrs. Horace Cotten, now of Aransas Pass, was awarded first place in junior piano music in her school during the past nine months. The Cottens resided in Snyder until six years ago.

The little musician, who was given a gold medal by her teacher, Miss Lona Fields, is a grand-daughter of Mr. and Mrs. R. W. West.

Last Extension of Farm Plan Signing

Final date for signing up work sheets under the soil conservation program has been set as Wednesday, June 10, the county agent's office has been informed by the state committee.

The county committee joins the state committee in urging all farmers to sign up work sheets as quickly as possible. Uncontrollable weather conditions and crop losses alone make such a procedure advisable, committee members believe. They say many growers are actually in compliance and eligible for grants, who are not aware of the fact.

The establishment of a definite base acreage alone will be of tremendous advantage in future programs, says the state committee.

There will be no further extension of sign-up date, says a late bulletin from the state office.

BYRD WILL NOT BE CANDIDATE

J. L. (Lee) Byrd, native Scurry County rancher, who was announced by his friends last week as a candidate for sheriff, asks The Times to state this week that he is not a candidate for the place. His statement follows:

"To the voters of Scurry County: I appreciate more than I can tell you the honor my friends bestowed upon me in announcing me as a candidate for sheriff. The announcement was made entirely without my knowledge. I would not care to hold the office at this time even if I were elected to it. Therefore, I am withdrawing my name from the race, with the sincere hope that my friends will understand how deeply I appreciate their confidence and esteem."

Legion Hut Fund Climbs to \$665; Vets Are Liberal

With 100 per cent pledges from buddies who have been contacted as an incentive to harder work, American Legion leaders are pressing toward their minimum goal of \$2,000 in their drive to build a native-stone hut.

Total pledges reached \$665 this week, with only about one-fourth of legionnaires in the county contacted. Commander J. E. Shipp expects the totals to pass \$1,000 within a few days.

Regular monthly meeting of the legion Thursday evening, June 4, will feature discussion of plans for building the hut.

Following are pledges that have been made since the list was printed in The Times two weeks ago:

Pledges of \$15—Sam Natton. Pledges of \$10—Dr. J. G. Hicks, W. R. Lacey, Tate Lockhart, P. W. Cloud, J. P. DeShazo, Dr. R. L. Howell, Roy Hendricks, John Etheridge, W. E. Louder, Lester Daniels, J. F. Lambert, Tolle Faver, Ben Wilson.

Pledges of \$5—O. B. Burgess, H. D. Cook, Frank Wilson, Burton Noiland, Clyde Boren, J. J. Dyer, J. C. Bea, N. J. Sealy, J. O. Casey, W. H. Kinzey.

Marry Here Thursday. Miss Elizabeth Lindsey and Vernon Thompson, both of Dallas, were married here last Thursday evening at the home of Rev. H. C. Gordon, pastor of the local First Methodist Church. The couple will live in Dallas.

Girls Closely Bunched in Local Graduation Class

Joetta Beauchamp, with a two-year average grade of 91.8, is valedictorian of the local graduating class, but she is barely leading two of her classmates.

Virginia Yoder is salutatorian, with an average of 91.7, while Marie Oliver is close behind, with an average of 91.4. Only four-tenths of a point separate the three girls.

Florentz Winston has been named as the outstanding senior in all departments of school work, and her name will thus be placed on the school honor plaque, on which names of leading graduates have been engraved for several years.

Victor Baze, whose average is 83.7, tops the list of boys who are graduating.

In the grammar school graduation class, Patty Joyce Hicks leads with an average of 92.6, Horence Leath is second with a grade of 91.5, and Garland Mustian is third with an average of 87.

Lillian Logan, a graduate, was recognized by other high school girls recently as the "ideal girl" of Snyder High School.

STATE RELIEF TO BE CLOSED THIS SUMMER

District Relief Administrator Is to Discuss Problem With Two Groups Here Tuesday.

The state-wide program of general relief for unemployed under the Texas Relief Commission is rapidly coming to a close. Funds will reach the zero stage by July 1, it has been announced to all county relief heads, including Mrs. Louis R. Bailey of Scurry County.

C. J. Sweeney, district relief administrator, with headquarters in Abilene, who has immediate supervision of Scurry and 11 other West Texas counties, is making arrangements to transfer all clients under his care to the welfare boards in the various counties.

Will Speak Tuesday. The district man will be in Snyder Tuesday to speak before two local groups.

At 2:30 p. m., in the First Baptist Church, he will speak to local and county women who are interested in social problems, and especially in handling the local relief situation to the best advantage.

At 8:00 p. m. he will address an expected crowd of 200 at the armory during the annual Chamber of Commerce banquet.

"One check will be mailed all clients from our state office in Austin the first week in June. Heretofore two checks per month were sent out, but as the program must close on June 30, with records completed, only one check for the full allotment will be the rule in June," Sweeney states.

Appeals to Citizens. "It is to be hoped that all citizens, as well as public officials, will realize the seriousness of the burden that we are transferring to their shoulders. In the three or more years that the Texas Relief Commission has been taking full charge of these unfortunate citizens, we have managed to keep their condition from public notice. The federal government ceased to allocate funds for the unemployed clients last year, and for the last six or seven months state funds have been used, but now they are exhausted."

"The WPA program continues to take care of our clients who are able to work, and it now becomes the problem of the local political subdivisions to shoulder the responsibility of those who cannot help themselves, due to physical and mental handicaps, or women."

Most County Class Rooms Close Friday

Practically all schools of the county will have been closed after Friday night commencement exercises in several communities.

Schools closing this week-end are Hermleigh, Fluvanna, Dunn, Pylon, Ennis Creek and Woodard.

Final exercises for Ira, German and Sulphur, last county schools to close, will be held Friday, June 5.

B. T. U. Program Scheduled At Dunn

Ernest Wiman of Roscoe, president, announces that the fifth Sunday Baptist Training Union meeting of the Mitchell-Scurry Association will be held at Dunn Sunday afternoon, beginning at 3:00 o'clock.

The song and devotional service will be led by Rev. C. C. Scott of Westbrook. Turner sisters of Roscoe will sing a duet, and Rev. G. W. Parks, Hermleigh pastor, will bring the sermon of the day.

Centennial Speaker-Tickets

Above (left) is Charles H. Plattenburg, assistant to General Manager W. A. Webb of the Texas Centennial Exposition, who is shown with him in the picture. The world-famous orator-lecturer will give a free address at the district court room Friday evening

of this week, 8:00 o'clock. He will give a detailed outline of the mammoth exposition that will open in Dallas June 6. Below is pictured a \$4 Centennial ticket book, which county Boy Scouts are selling until June 6, opening day of the Centennial, for \$2.50.

Centennial Speaker To Be Here Friday

Boy Scouts Selling Tickets Worth \$4.00 for \$2.50, Good for Dallas Show.

Scurry County will become more Centennial minded than ever within the next few days, and here are two of the reasons why:

1. Boy Scouts of the county are sponsoring sale of Centennial ticket books, which give the purchaser \$4 worth of interchangeable tickets for only \$2.50.

2. Charles H. Plattenburg, one of the country's outstanding orators and lecturers, now assistant to General Manager W. A. Webb of the Texas Centennial Exposition, will speak in the district court room Friday night of this week at 8:00 o'clock. The vivid lecture will be entirely free. Its purpose is to give folks of this area an advance picture of what they may expect at the celebration that opens in Dallas June 6.

Tickets Save \$1.50. Since the tickets in the souvenir books that are being sold by county Boy Scouts are transferable, the purchaser actually saves \$1.50 above gate prices, and can use the tickets any time from June 6 through November 29.

The book includes five general admission tickets and five tickets to special shows on the Centennial grounds.

The five shows are: Cavalcade of Texas, the history of Texas in action and music; Black Forest in Winter, a favorite at the 1934 Chicago Progress Exposition in Chicago; Midget Village; Hollywood Animal Stars; Old Globe Theatre, or Tony Sarg's Marionette Theatre.

Sale to Close June 6. Since these advance ticket sales must close June 6, opening day of the Centennial, those who wish to purchase books are urged to call Boy Scouts or Boy Scout leaders at once.

A percentage of each sale will be used by the Boy Scouts, primarily to pay expenses of their annual summer encampment.

W. H. Fox, western representative of the Centennial, was here yesterday to arrange for sale of tickets and to make the speaking date for Plattenburg. He expressed the opinion that at least 500 ticket books will be sold in the county if scouts and their leaders contact all prospective buyers.

COURT SITTING AS EQUALIZERS

The Commissioners Court is sitting today as a board of equalization, scheduled to begin Monday, June 8, if sufficient interest is shown by students to justify the warm weather classes, announces King Sides, high school principal.

So far, says the principal, only a few have definitely decided to take summer work. There is a possibility that the work will not be given. Enrollment will determine the fate of the term.

Those who wish to take summer school work in either high school or grade school are urged to get in touch with Principal King Sides or W. F. Cox.

ALL PARTS OF COUNTY GREET MAY SHOWERS

Planting Season Everywhere, Many Crops Already Looking To Good 1936 Yield.

Snyder and her trade territory came out of the doldrums late last week, for the most general rainfall of the year came to bless a land that had seen only spotted showers for several months.

Probably no part of the county has failed to receive enough moisture for planting, and most farmers report that the new season, with rains received earlier, gives them an outlook above average for this time of year.

Most ranchers have not received all the rain they need, but these late-May showers have given the few pastures that were not in fair condition a new lease on life.

Mostly in Showers. Most of the rainfall has come in showers, although spots in the county have received washout falls. Snyder and most of the territory for a few miles around continue to be one of the driest spots in the county, but Mrs. Wesley Evans reports a total of 1.60 inches Friday through Wednesday.

This total, with .84 of an inch previously recorded, brings the May precipitation here to almost 2.50 inches. Recordings here within the past few days are: Friday night, .25; Saturday, .60; Sunday, .49; Monday, .16; Wednesday, .10.

Rainfall has been registered here 11 days in May, with the heaviest fall in any 24-hour period being .50.

Rainfall Everywhere. Most of the state has been receiving moisture. Probably no major spot in the West Texas farming belt has been missed, and most of the big ranch country has been benefited. In South Texas, Colorado and other rivers have gone over their banks to do considerable property damage.

West Texas rainfall, as a rule, has been so slow that little of the water has been lost. In Scurry County, Deep Creek came up only slightly despite good rains in most of its drainage area.

A few old-timers of Scurry County are going so far as to say that they have not seen conditions so favorable at this time of the year in some time. Some of them are prophesying continued rains and consequent good cotton, feed and other crops.

Murphree Awarded Decision Last Week

In a county court jury case heard before Judge H. J. Brice, W. T. Murphree last Saturday was awarded \$2,500 for right-of-way and damages in connection with the overpass and highway being built partially on his property two miles southeast of Snyder.

Trial of the case began Thursday. A number of witnesses were heard for defense and plaintiff.

The county had appealed the award that had been made by a jury of view after the Commissioners Court's offer for the property had been refused by Murphree.

Townsend Questions Answered Saturday

Questions in regard to the Townsend Plan will be answered at the courthouse Saturday evening, 7:30 o'clock, by Dr. Tate of Lubbock, organizer of this district, according to officers of the local Townsend Club.

Dr. Tate will speak at Hermleigh Saturday afternoon at 2:30 o'clock.

LET'S TALK ABOUT CLOTHES

BY A YOUNG MODERN

At this time of the year people all over the country are discussing vacations. "Where to go" and "what to do" are questions that must be decided, but that of "what to wear" is of far greater importance to the feminine traveler. So many times I've heard a woman say "Oh, you can travel in anything." But can you? The traveling dress is regarded in a new light when you ask yourself this question.

Appearance and comfort are elements that must be considered in selecting a traveling frock. You want something that is cool, something that won't wrinkle easily, and something that you will feel well dressed in. Let's look over the materials shown in the stores. First of all, there's an interesting new fabric called silk linen that makes an excellent traveling dress. It can be found in the dark shades of blue and brown, and also in a smart new sea green that is particularly smart when worn with black patent leather accessories.

Sheers are always popular for traveling. Designers are showing novelty weaves with tiny self-color pin stripes in vertical lines woven into the material. They have sleeveless bolero jackets that are worn with a dark frock. Girls at Texas State College for Women (CIA) find these ensembles very smart for either automobile or train trips.

The washable silk sport frocks find an appropriate place in the traveling wardrobe. They feature large plaids, tiny conventional flower designs, and combination stripes. The dresses are gaily trimmed with patent leather buttons and matching belts, and they can't be equalled in comfort or durable qualities.

Art Guild Holds Its Final Meeting.

Art Guild members held their final meeting for this club year last Tuesday evening, when the group met at Browning Park, near Dermott, for a steak fry at 6:30 o'clock.

The supper menu included delicious broiled steaks, beans, potato salad, tomatoes and lettuce, pickles, onions, iced tea and coffee. Members present for the picnic were the following: Violet Bradbury, Mary Ruth Spears, Overa Jones, Saxton West Lee, Velma Sharp, Ila Bee Mitchell, Omaha Ryan, Edith Grantham, Katherine Northcutt, Effie McLeod, Grace King, Bonnie Gary and Leah Smith.

The study of art completed for the year, the Art Guild is making plans for their next year's work. Investigations on materials for the study of "Art Among the Indians" is being gathered by the year book committee, and their plans are to present the material to the club soon for its approval.

The club's annual reception and exhibit of work for the year has been postponed until fall, the club president says. The group has not voted where to place their picture by a Texas artist, which was presented for their last year's report at the meeting of the Texas Federation of Women's Clubs. The oil painting is in the hands of Miss Bonnie Gary, president.

Friendship Class Enjoys Quilting.

Members of the Friendship Sunday School class of the First Methodist Church met at the home of Miss Pauline Jenkins for an all-day quilting Tuesday.

A covered dish luncheon was served at noon. Two quilts were completed during the day.

Ice cream and cake were passed in the late afternoon to the following: Mmes. H. C. Gordon, Ida Henderson, C. N. Rowell, G. M. Davidson, Alfred Greenway, Dee Morton, James A. Clark, Cecil Martin and J. C. Johnson, members; and Mmes. Ace Quinn and Homer Jenkins and Misses Susie Black, Ruth Quinn, Laverne Huddleston, Ruby May and Blanche Bearden, guests.

Miss Edith Wright, teacher in the Coahoma schools, and her sister, Mrs. Joe Snyder, and son, Don Snyder, of Roscoe, were guests of Mrs. Homer Snyder early this week.

Ingleside Club Meets Tuesday.

Last meeting of the club year for the Ingleside Study Club was held at the home of Mrs. A. E. Wise last Tuesday afternoon. Final reports for the year were made, and all work for the year completed at the meeting.

Senior Class Members and Guests Go to Two Draw Lake on Senior Day

Fluvanna seniors of '36 observed senior day May 8 at Two Draw Lake near Post. Each member of the class invited some one to go as his guest, thus making 20 people. They left Fluvanna about 7:30 o'clock and reached Post about 9:00.

When the group reached the lake, five boats were rented and every one enjoyed rowing. Many had never ridden in a boat before and there was to be heard many outcries from the girls, such as "Take me back to the shore;" "Don't shake this boat!" and "Are you trying to drown me!" But this soon ceased and everyone settled down to rowing boats and enjoying the beautiful morning.

About 12:00 o'clock everyone was called to dinner with one long and two short blows from Mr. Wedgeworth's car's horn. And such a dinner it was! After dinner more boat rides were taken and Mr. Wedgeworth tried his ever-present luck at fishing. The next blow of the horn was to summons the merry group around

three large freezers of ice cream. After the freezers had been emptied and a few snapshots had been taken, the group shouldered arms and returned to "the gateway of the Plains," Fluvanna.—The Stampede.

Mrs. A. F. Cole of Fort Worth is a guest of her sisters, Mmes. R. C. Grantham, S. T. Elza and J. A. Farmer, and other relatives.

Miss Laurene Bussey of Rotan, evangelist for the Church of the Nazarene, is in charge of revival services at the tabernacle just west of the school grounds. She has B. A. and M. A. degrees from Texas Technological College, Lubbock, and a Th. B. degree from Bethany-Penial, Nazarene college.

Rain Hinders, But Gospel Meeting by Nazarenes Goes On

Rain has hindered the first part of the Church of the Nazarene revival, which began late last week under direction of Miss Laurene Bussey, Rotan, but local church leaders are hoping for good crowds and some wonderful services during the remaining days of this week.

Pastor J. Ollie Hux says: "Sister Bussey is preaching the full gospel under the leadership and unction of the Holy Spirit, so we want all who will to come and be with us, and that we will have a heart-searching time in a wonderful way in Snyder."

Due to the regular fifth Sunday zone rally at Sweetwater Sunday, there will be no Sunday afternoon services, but regular services will be held Sunday night.

Rev. Hux announces that a tent revival, led by Evangelist A. G. Pool, with Robert Jones leading the singing, will begin here June 5.

Mrs. Annie Ellis, county treasurer of Garza County, Mrs. Jessie Voss and Mr. and Mrs. Charlie Voss, all of Post, were guests of Mrs. A. M. Curry Sunday afternoon.

Calf and Pig Feeding Will Feature Activities of New County 4-H Clubs

Organization and enrollment is going forward with unusual interest and with the cooperation of breeders throughout the communities visited thus far within the county.

A meeting was held at Dunn last Friday, May 22, to discuss plans for organizing and enrolling interested boys in one or more of the major 4-H projects. Forty-seven boys were present, and an open discussion followed the outline of work given by W. R. Lacey, county agent, and E. B. McLeroy, club agent. Enrollment cards were distributed as the first step toward organization of a 4-H Club in the Dunn community.

All boys of club age who sign enrollment cards, with parent's approval, will meet again at Dunn on Friday, May 29, 1:30 p. m., for the purpose of electing officers and selecting a local club sponsor. The members of the local club will have the privilege of choosing their own local club leader from among the citizens of the Dunn community.

The Fluvanna 4-H Club has elected the following officers for their organization: Ross Belew, president; A. V. Ball, vice president; and Berry Cribb, reporter. Buford Browning of the Fluvanna school system was selected by the boys as sponsor. Several boys have not submitted enrollment cards, but will come into the club at a later date.

Ross Belew plans to feed and develop a bull calf as a breeding animal. Jimmie Smith is starting two calves from his father's herd, one to be used later as a breeding animal, and one to be fattened as a beef calf. Billie Lightfoot is feeding a pig as a project. Most of the Fluvanna boys who have selected pigs as a project are planning to use self feeders with a ration of home grown feeds as far as possible. A mineral supplement will be kept before their pigs to further aid in their growth and development.

At Plainview, activities have already begun in earnest. Club boys in that community have completed their organization and many of the members have started their projects. Officers elected are as follows: G. W. Parks, president; J. M. Boothe, vice president; Nathan Shepherd, secretary-treasurer; and Raymond Rucker, reporter. The club selected Roy Irvin as local club leader.

Boys in this community are going to offer some real competition to other club boys throughout the county in pig feeding with their fine lot of pigs. G. W. Parks has selected a thrifty Hampshire pig from his father's farm as his first feeding project. Rex Woodard is planning to feed and develop a pig as a breeding animal. Vestal Boothe has selected grain sorghums as a

major project and reports a good stand of grain on his five acres. J. M. Boothe has purchased a thrifty pig and has started his animal on a ration of skim milk and home grown feeds. Raymond Rucker will begin his pig feeding project in July. Ben Brooks Jr. is feeding a pig from his father's farm and will start another pig on feed in October. He is also going to follow a feeding and management plan for a dairy calf selected from his father's herd of Jerseys. This demonstration will include such things as feeding, fitting and showing, and will be followed through until maturity of the animal.

Boys in the vicinity of Snyder are also awake to the possibilities and benefits to be derived from 4-H Club work. Jimmie Smith is feeding a beef calf from the Winston herd. Leon Andrews has purchased a beef calf from the Harrell herd and will begin feeding a balanced ration this week. J. T. and J. W. May are each feeding a calf purchased from A. C. Martin.

Enrollment cards are available at the county agent's office for boys who have not signed up for club work in the various communities. Present plans call for completion of enrollment by June 1. Boys who plan to feed beef calves should be prepared to start their project at once, and those who plan to feed pigs may wait until a later date to start their project, although they must get their enrollment cards to the club agent by June 1.

THE WEEKLY DOZEN

Weekly Rooseveltism.

President Roosevelt: "The number of poll-parrots in our midst is steadily declining—for which we must be thankful. More and more men and women are looking up their own facts and forming their own opinions."

Silken Cords for He-Men.

Talkative Tillie thinks the new type of polo shirts for men, with their lovely silk cords, are just about the sweetest thing on the market. The next thing you know, says she, they'll be wearing silken sashes and feathered hats.

Peaceful Conventions.

The dailies say state Democratic and Republican conventions this week were peaceful. Yep, the Republicans called Roosevelt nothing worse than Benedict Arnold, and the Democrats called the Republicans nothing worse than the uncivilized spawn of degenerate forbears.

Damp, Wet, Westest.

Pessimism Pete says Snyder may continue to be in one of the driest West Texas areas as far as showers are concerned, but a few well chosen bits of observation lead him to believe that the opposite may be true as far as alcoholic beverages are concerned.

Another Horse Race.

Judging from early games, the softball season will be a horse race, with no team having a walkaway. Unless the outlook changes, Snyder teams and other county teams are just about equally divided in strength. You may look forward to one of the most interesting sport seasons in the county's history.

That Fall Fair Idea.

The Times has repeatedly voiced the belief that a wonderful fair can and should be planned for Scurry County this fall. With these wonderful spring showers, the only thing that stands in the way of an outstanding fair in the county is failure of us, as citizens, to get behind the idea and push with our might.

That Free Cooking School.

Miss Jessie Hogue, who will lead The Times Free Cooking School June 8-9-10, says men, more than ever before, are taking a keen interest in cookery. The old adage may be changed, before this second annual school is over, to "The nearest way to a woman's heart is through her . . . ah . . . er . . . kitchen."

No Landon Prescription.

Norfolk Virginian-Pilot: "Governor Landon has offered no prescription. The chasm between principles and statutes is immense. The trick is not to lay down objectives. It is to devise techniques and methods for reaching those objectives through the twilight zone that separates federal and local authority. That emphatically Governor Landon has not done."

J. Frank Norfleet.

Talking with J. Frank Norfleet, Hale County's noted detective, he reports he has captured 91 men for various crimes in his career of man hunter. The most recent was the capture of three men after a chase from Texas to Canada, and back to the western states. He used a pretty little maiden as a lure, he said. . . . Norfleet follows his hunches, he says, and they always lead him to his men.—The Hale Center American.

Now It's the G-Men.

Americans are coming to their senses. Comic strips are concerned with G-men and private detectives. Pop guns and other toys lead youngsters to play "G-men" instead of "gangster." Sensational newspapers have learned at last that the bulk of the population is more interested in a brave G-man than in a gangster whose only cowardly law is the survival of the shootingest. Don't be surprised, in a few years, to hear your youngster ask: "Pa, what is a gangster, anyway?"

New 4-H Club Plans.

The new 4-H Clubs that are being organized in Scurry County will prove to be one of this trade territory's cheapest insurance policies against severe depressions. Teach boys how to do practical things by doing—in a practical manner by an experienced teacher—and you are writing an insurance policy against ignorance, crop failures and other evils that jointly make up what we know as depressions. Those who know and do as they know are not worried too much about the next depression.

History and Resources.

The West Texas Press Association, in annual session last week, pointed out that history and romance is being maximized, resources and possibilities minimized in the Texas Centennial central exposition at Dallas. Perhaps West Texas has more resources of which to be proud; or perhaps this section is just naturally on its toes to a greater extent than her sister areas. At any rate, people who come to Texas during the Centennial will be as much interested in what can be done and what is being done in Texas to make the state more attractive, as in what was done years ago to determine the state's early history.

"They Are Fine People."

Death has taken some of Scurry County's finest citizens within the past six months.

The Grim Reaper, whose coming is not dreaded by those who have living faith in the Omnipotent One, has never before harvested so many beautiful lives in a single season.

Of most of these lives it has been said by those who have observed most closely: "He was a fine man" or "She was a fine woman." This is one of the highest tributes that can be paid one human being by another. . . . for "fine" is an adjective that connotes confidence, fellowship and character.

One of the most beautiful lives that has passed was lived in uncomplaining suffering by Mrs. C. Wedgeworth, who, at less than 30 years of age, counted her friends by the thousands.

One of the reasons why it could be said of her, "She was a fine woman," is that she was "herself" anywhere at any time. Friendship to persons of high and low estate was, to her, as natural as the virtue of sympathy to you or the habit of shaking hands to me.

The impression of such a life will remain in hundreds of Scurry County hearts, and elsewhere, as long and as sweetly as the scent of ancient perfume crushed from the loveliness of a thousand roses.

EDITORIAL OF THE WEEK

OLD-AGE SECURITY.

Every ambitious young man on the threshold of his career determines to be a financial success. He looks ahead to an old age of leisure and independence—not to an old age of dependence or poverty.

The bitter figures show how thoroughly the hopes of the great bulk of men are blasted.

Out of every 100 men 65 years old or older, five have independent incomes of sufficient size to enable them to retire and live comfortably.

Twenty-eight out of the hundred must go on working to exist, well knowing that in a few years their period of earning power will have passed.

Sixty-seven out of the hundred are dependents. Their relatives, friends or charity must support them.

Many of the men who fall are no less able, no less honest, no less aggressive than the men who succeed. Many have seen investments reduced to nothing overnight.

Today thousands of men are resolving that they will be among the small percentage of men who succeed in winning old-age independence. They are adopting savings programs, such as those offered by life insurance, that put safety and security above all. They look forward with hope and optimism to their declining years. The harsh experience of others has taught them an invaluable lesson.—Industrial News Review.

CURRENT COMMENT

BY LEON GUINN.

One of the most noble things achieved by the Texas Federation of Garden Clubs this year is the interest inspired in the wild flowers of Texas. . . . In Texas Flowers in Natural Colors by Miss Eula Whitehouse (sponsored by Garden Clubs), one finds the answer to our varied flora of Scurry County; in fact the wild flowers of Scurry County constitute one of our most valued natural assets in things beautiful.

Each spring, when Nature's flower festival is its loveliest, one finds Scurry County carpeted with oak leaved fleabane daisy, niggerheads, Indian blankets, prairie lace, baby's wreath, roadside asters, small bluet, and wild (Plains) verberna forming a magic carpet a Raphael would delight in.

For the purple robes of the festival queen, which is the wild hollyhock, one finds purple dandelion, prairie pennyroyal, purple thistle, and American Star Thistle forming a fringe of regal splendor. . . . Along creeks is found the Southern Buckeye, wild balsam gourd with its scarlet flamed gourduets in fall, thinly scattered Snow-on-the-Mountain.

Poisonous flora includes: Low ground cherry, purple nightshade (white briars), and loco weed, source of livestock poisoning. . . . Bitterweed is source of bad cow milk, tallow weed so named due to fattening properties when eaten by livestock. . . . Wild gourd is an obnoxious vine, goat heads and prairie sand bur, together with bull nettle proving a field worry. . . . With wild hyacinth is found few patches of prairie Lobelia, Venus (western) looking grass, and Texas harebell. . . . In low places near springs the dainty petaled Texas bluebell is a mass of blue beauty.

Of the mimosa pink sensitive briar is the most beautiful. . . . Better known as "touch me nots" and "maiden's blush," due to leaves curling up when touched tenderly. . . . The Moonseed vine and mistletoe (Yaupon) are widely used for holiday wreaths, mountain pink, peppergrass, bindweed, heliotrope, slender vervain, Southern heliotrope, stork's bill, and purple morning glories adding a riot of colors to Nature's flora exhibition. . . . Pretty dodder, or Love Vine, is famed in legend and is a mass of spun gold on goat heads, wild verbenas. . . . It is impossible to list so briefly the wild flowers of Scurry County, but an interest in them is one of the grandest loves one may entertain concerning Nature's handiwork.

West Texas Press Association Wants To Advertise Texas Resources More

In annual two-day session at Midland Friday and Saturday, the West Texas Press Association passed a resolution committing itself to advocacy of a \$1,000,000 state appropriation per year for ten years, "for advertising the progress, resources and future possibilities of the state."

R. Henderson Shuffler of Odessa, 29, was elected to the presidency of the association at its closing session Saturday morning. He was vice president last year, and secretary the previous year.

Other officers elected Saturday: First vice president, Mrs. Mary Dunbar, publisher of the Palo Pinto County Star, Palo Pinto; second vice president, Douglas Meador, famed young columnist and editor of the Matador Tribune; secretary-treasurer, J. C. Smyth, co-publisher of The Scurry County Times, re-elected.

Two New Directors.

Fred Landers, Monahans News, and Sam A. Roberts, Haskell Free Press, were new directors named. Holdovers are Mrs. Dunbar, Meador and the host publisher, T. Paul Barron of the Midland Reporter-Telegram.

Streetwater was elected the 1937 host city, defeating Odessa. The convention committee registered 79 delegates and wives, largest crowd in several years.

Speakers during the session included: Lowry Martin, Corsicana publisher, "daddy" of the Centennial idea, who spoke to a joint luncheon of newspaper people, Lions, Rotarians and wives of the club members; Ray Baumgardner, Dallas, International News Service chief; Houston Harte, publisher of the San Angelo Standard-Times; D. A. Barden, Stamford, manager of the West Texas Chamber of Commerce, who was host to a Saturday morning breakfast; Mrs. Dunbar of Palo Pinto; Cecil Horne, head of the journalism department, Texas Tech, Lubbock; and George Clark, secretary to Governor Allred.

The 15-inch gold loving cup, awarded annually to best all-round newspaper in the territory, was not placed now because one of the entries was misplaced. Three judges will announce their decision in a few days. The Scurry County Times won the trophy last year, and has entered the contest again this year.

Towns and cities represented at the convention by active newspapermen and their guests were: Snyder, Lamesa, Odessa, Pecos, Seymour, Sweetwater, Abilene, Matador, Rule, Haskell, Spur, Rankin, Monahans, Seagraves, San Angelo, Big Spring, Andrews, Seminole, Stanton, Palo Pinto, Lubbock, Colorado, Wink, Barstow, Fort Worth, Dallas, Corsicana, Stamford, Austin; Roswell, New Mexico; Tulsa, Oklahoma; New Orleans, Louisiana; New York City.

Father of Local Surgeon Dies at Home in Terrell

Dr. William S. Shytles, 73, attached to the medical staff of the Terrell state hospital for 21 years, with the exception of two and one-half years he spent as superintendent of the Rusk state hospital, died at midnight Friday.

The well known physician was the father of Dr. Grady Shytles, chief surgeon of Snyder General Hospital. Dr. Shytles and his family left for Terrell Wednesday morning of last week, a few hours after the Terrell physician had been stricken with a heart attack. He was unconscious from the time of the stroke until his death.

Funeral rites were held in Fort Worth and Terrell Monday. The Shytles family, only immediate sur-

Norred Recovering.
Mr. and Mrs. Albert Norred have been visiting with relatives here for several days. The former head mechanic of Yoder Chevrolet Company, who moved some months ago to Colorado to occupy the same position with Mills Chevrolet Company, has been suffering for several weeks from rheumatism. He has taken treatments at Marlin, and has more recently been visiting at Midland.

Misses Katherine Northcutt and Thelma Leslie visited friends in Lubbock Saturday.

Visitors except the widow, were attendants. Burial was at Fort Worth.

Dr. Shytles was a native of Mississippi, and graduated from the Tennessee Medical College at Memphis. He practiced in Texas at Mountain Peak and Venus before entering his career of electromyography work.

The candidate has seen considerable experience as an officer, having been night watchman here for some time, and deputy sheriff for 14 months.

If elected he promises to make a good peace officer who will enforce the law without favorites or prejudice.

Error in Hamrick Article.

The Times regrets that an error in figures was made in the article on this page last week by Grady Hamrick. Near the last of the article, the sentence should read: "... has paid a \$12,000,000 school deficit and put the school's apportionment on cash basis, and at the same time the state ad valorem tax has been reduced from 35 cents to 20 cents on the \$100 valuation." In the article last week, "25 cents" was used instead of "35 cents."

New Senate Seeker.

The Abilene Reporter-News said Sunday that Victor B. Gilbert, Callahan County lawyer, is the third candidate for Senator Wilbourne B. Collier's seat in the upper house at Austin. Harry Tom King, Abilene attorney, is Collier's other opponent for re-election.

The World Still Needs A Man of Ability

In last week's issue of The Times there appeared an article in which the writer attempted to raise a question about the qualifications of Pat Bullock, candidate for state superintendent of public instruction.

The writer dwelled at length about his friend (?) Bullock, whose lack of a college degree might cast reflection on the educational standards, should he, Bullock, be elected state superintendent. He told you that Bullock is not eligible to teach in an affiliated high school. He might as well have told you that Red Grange is not eligible to play football in any Texas high school. This would not affect his football ability nor would Mr. Bullock's technicality affect his educational administrative ability. He lacks 30 hours, or one-half year's work, having his college degree.

You will notice that the enlightened gentleman with the college degree did not even hint that Bullock is not qualified to legally serve as state superintendent or that he has not had the practical experience so necessary to efficiently serve you as your state superintendent. He would have you believe that there is a highly technical question involved and that a string of college degrees is the main qualification for the efficient administration of the school affairs of Texas. It is high time our school business was put on the same practical common sense basis that we demand in other business matters.

The people of Texas have long since learned to judge a man by what he is and does instead of how many degrees he has. Does a college degree guarantee that the bearer can successfully put into practice the things he has learned in the classroom? Isn't Mr. Woods at the present time telling us to make the curriculum practical? There isn't a more plain illustration of a self educated practical school man than Pat Bullock. Who can truthfully say you had rather have one-half year class room instruction (that's what he lacks) than years and years of practical experience in the department of education (that's what he has)?

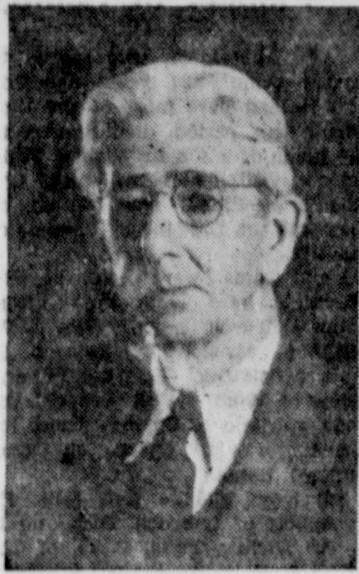

The state superintendent deals primarily with the small town and rural boys and girls of Texas. Who is better qualified than Pat Bullock, a graduate and post graduate of the school of hard knocks and experience, to understand the problems and needs of our average small town and rural boys and girls? The very fact that Mr. Bullock was deprived of educational opportunity and has had to fight every inch of the way for his education has put a burning desire in his heart to serve the people of Texas as state superintendent, in order that he might work out a more fair and practical educational system than he was privileged to attend.

Do you think he has not been ambitious to gain his degrees? Do you think he would consent for any boy or girl to be deprived of educational opportunity just because he was deprived of them? Could we not hope for and expect more educational opportunity for our common folk if we select one of us as state superintendent?

Last week's article was an insult to most of the school trustees in Texas. Are not school trustees educational leaders of their respective communities? Less than ten per cent of trustees hold degrees. Does Mr. Woods mean that this is a reflection on the school systems of Texas?

The writer did not claim Mr. Bullock is not capable, nor did he claim he is not honest, nor did he claim Mr. Bullock wants to lower standards. He only charges him with the high crime of being one

CANDIDATE

I want to be your county clerk, and I offer you faithful and efficient service and the experience of many years in business. I have never held a remunerative office.

Sincerely yours,
Chas. J. Lewis,
 Candidate for
 County Clerk of
 Scurry County.

of those unfortunate farm boys who has had to work like the dickens to make a living and by grit and West Texas determination is going to continue his education, and he has the nerve to say that he believes a more equitable system of educational opportunity can be had in Texas than we are now getting.

The previous writer cited you to what Mr. Woods has done. He very graciously takes all the credit for school money derived from gas tax, whiskey tax, cigarette tax, poll tax and just any other source from which our school money is derived. As a matter of fact, the Legislature makes our tax laws and this money would have come in to the school fund even if we had not had a state superintendent.

The gentleman with the degree got so excited about college credits that he wants to give Mr. Woods credit for everything. All right, we are willing for every man to get credit for what he does, so let's give Mr. Woods credit for the strong fight he made AGAINST a \$20 per capita apportionment for the public schools for THIS year. We will get for this year \$18.50, not because of Mr. Woods but in spite of what he could do to hold it to \$17.50. With proper support from the state superintendent, the apportionment could have been \$20. We have no quarrel with Mr. Woods and his administration. We believe in just as high standards as anyone. We only believe sincerely and honestly that Mr. Bullock would more nearly equalize educational opportunity for the average boy and girl because he knows from actual experience what those inequalities are.

West Texas has learned dearly that to get her just deserts, she must send capable men to Austin, men who love West Texas, men who know the needs of West Texas, men who are a part of us. Pat Bullock is that kind of man. West Texas will not turn him down.

You don't have to guess where I live.—W. T. HANES, Superintendent of Schools, Hermleigh. (Pol. Adv.)

LOCAL SCHOOL LEADER'S WIFE DEATH VICTIM

Mrs. C. Wedgeworth Succumbs at Home Friday After Several Years of Illness.

In the portion of West Texas that she had called home for 10 years. In the town whose citizens loved her and were loved by her, Mrs. C. Wedgeworth, wife of the Snyder school superintendent, died early Friday morning at the family residence. She was 29 years of age.

Death ended two years of continuous illness, caused by rheumatism and complications. For about a year Mrs. Wedgeworth was in a Temple hospital, for four months at her mother's home in Tenaha, and for the past six months at her home here.

Her condition had been critical for some time, but the end came as a surprise to most of her hundreds of friends.

Services Held Saturday. Initial funeral rites were held Saturday afternoon, 2:00 o'clock, at the First Baptist Church, where friends from many sections of Texas gathered to pay tribute. Her local pastor, Rev. Lawrence Hays, was in charge of the touching service.

Three former pastors of the Snyder church, Rev. W. F. Ferguson of Calmesville, Rev. M. C. Bishop of Post and Rev. Philip C. McGahey of Navasota, assisted. Rev. H. C. Gordon, pastor of the Snyder Methodist Church, and G. E. McPherson, pastor of the First Christian Church, also assisted.

She was lauded as a noble Christian woman. She was converted and joined the Baptist Church at the age of eight.

Miss Dorothy Strayhorn and Mrs. Melvin Blackard sang a duet for which words had been composed by Mrs. Wedgeworth several years ago after she heard a sermon by Rev. McGahey. Mrs. John E. Sen-

tell sang "Some Time We'll Understand."

Special Tribute Paid.

Special tribute was paid during the service to Miss Esther Bearden, who has mothered Elizabeth Ann, two-year-old daughter of the young mother, since the child was born. After the local service, the funeral cortege went to Tenaha, where final rites were held and burial was made Sunday, with Rev. Harris, Baptist pastor, officiating. Odom Funeral Home of Snyder was in charge here and at Tenaha.

Mr. Wedgeworth and daughter, Miss Bearden, Mr. and Mrs. E. O. Wedgeworth of Fluvanna, King Sides, R. S. Sullivan, W. W. Hill and Edgar Wilson attended Tenaha rites from Scurry County.

NEW OFFICERS NOMINATED BY SNYDER LIONS

Frank Farmer Suggested as Next President, Preuit, Holcomb As Vice Presidents.

Officers for the new fiscal year, beginning July 1, were nominated Tuesday by the Lions Club. Since only one name was submitted for each post, the nomination is practically equivalent to election.

Frank Farmer, county superintendent, was elevated from the first vice presidency to president, A. C. Preuit was nominated as first vice president, and W. E. Holcomb was suggested as second vice president.

Herma Darby, secretary, was nominated again, as was Willard Jones, Lion tamer, and G. B. Clark Jr., treasurer. Warren Dodson was the tall twister nominee. H. L. Vann, re-election, and Marcel Josephson were nominated as directors.

How to signal, how to make fire, how to do many other things taught in scouting was included in the demonstration given by several members of Boy Scout Troop No. 37 of Roscoe, under direction of Scoutmaster George Parks.

Given in conversation form, the program featured making fire by the friction method, using a bow, slotted board and cedar bark, and by the old flint and steel method. One of the boys gave several correct bugle calls, another demonstrated artificial respiration, and the entire group gave scout salute, motto and laws.

These scouts composed the Roscoe group: Hillman Whittington, O. C. Parks, Billy Whorton, Billy Arledge, Pat Windham, Eddie Brown, Bobby Shelinsky.

Guests of the day included E. B. McLeroy, assistant county agent; Fred Warner, Abilene, Texas Company representative, and J. W. Scott, Chamber of Commerce secretary.

The new assistant agent and County Agent W. R. Luce briefly discussed their new 4-H Club program, and said it is being expanded rapidly.

East Siders Take Lead In Softball; Rain, School Closings Delay Games

Red Hill's East Side softball squad took the lead in the eight-team league Tuesday night when they knocked the Lions to all corners of the lot for a 23 to 8 win. Close behind them are John L. Webb's Pleasant Hill crewman, who won their single tilt last week, a close one, from the West Side.

Rain and school closings have caused postponement of eight games—last Friday night, and Monday, Thursday and Friday night of this week. The announced schedule will be followed beginning Monday night of next week. Postponed games will be made up under a plan to be decided by the central committee and team managers early next week.

The committee makes it clear this week that all persons over 16 years of age, not members of teams playing any given night, must pay the admission charge of 10 cents.

After next week's schedule is completed, fans will probably see pretty definitely how the wind will blow during the season. Here is the schedule: Monday, West Side vs. East Side; Fluvanna vs. Dunn; Tuesday, Pleasant Hill vs. Lions; North Side vs. Hermleigh; Thursday, West Side vs. Fluvanna; Pleasant Hill vs. Dunn; Friday, Hermleigh vs. East Side, North Side vs. Lions.

Last Thursday night's mix-up between the West Side and North Side will probably set a record for total runs and errors during the season. The West took the cake, 21 to 18, although they were chalked up with 13 errors against North Side's 7.

Dunn pulled a surprise win, 12 to 4, over Hermleigh on the same night, while North Side won a tight game from Fluvanna, 5 to 1, Tuesday night.

Percentages of the eight teams and scores by innings for the Thursday and Tuesday games, are as follows:

Team—	TP	W	L	Pct.
East Side	2	2	0	1.000
Pleasant Hill	1	1	0	1.000
North Side	3	2	1	.667

CHINA GROVE IS SINGING SCENE

China Grove folks will be hosts Sunday afternoon, beginning at 2:00 o'clock, to the quarterly Fifth Sunday Singing Convention. Bill Hairston, China Grove president, will be host-in-chief.

Although no singers of note outside the county and adjoining counties are expected, several hundred singers are expected to crowd into the school building, following the usual attendance at these regular song conventions.

Singers from all communities are urged to come, bringing their books.

Choose your car for the things that count!

See first what a difference that *V-8 Feeling* makes

FORD

ALTHOUGH the Ford is one of the lowest-price cars, it is the only V-8 car below \$1645. That's why you can't really judge it till you drive it. Till you feel the smoother flow of its 85 horsepower—its swifter pick-up—its easier power up hills and at fast cruising speeds.

And you'll find other outstanding points in a Ford V-8. The riding comfort of a 123" springbase—almost a foot longer than wheelbase. Remarkable stability over rough roads and on turns. The complete security of a steelbody, with safety glass all around, and big Ford Super-Safety brakes.

These explain why Ford owners feel so pleased—as they report gas mileage equal to less powerful cars—and no oil added between regular changes. Ford owners get extra benefits in performance—yet pay no extra for them. Choose your new car as Ford owners do—for the things that count.
