FORTY-NINTH YEAR

SNYDER, TEXAS, THURSDAY AFTERNOON, OCTOBER 8, 1936

NUMBER 18

PREPARE CLUB LIVESTOCK FOR SHOW OCT. 24

More Than 50 Calves and Pigs Expected To Be Exhibited by Four-H Club Boys.

The calf and pig show for Four-H Club boys of the county, planned for Saturday, October 24, is attracting plenty of attention, not only among the boys and their dads, but among cattlemen and local merchants.

This report came yesterday from E. B. McLeroy, assistant county agent, who is sponsoring the club work, and W. R. Lacey, agent.

Club boys are preparing more than 50 animals—about 22 calves and 30 pigs—for the first show of its kind held in Scurry County since 1929.

Prizes to Be Raised.

Prizes of about \$100, to be raised among merchants, cattlemen and others interested in the club boys' work, are being offered, and are spurring the boys to greater effort. All winners will receive ribbons, too. An out-of-county judge will make the awards.

The old Blackard warehouse, a half block north of the square on the highway, will be used for the show. Entrants will include only county Four-H Club boys who are carrying on an active project, and who have kept a complete record of the project to the date of the show.

Each exhibitor must submit a complete record of his project before the date of the show, and the animal must be weighed on the morning of the show. The club agent will reserve the right to disqualify any animal not desirable as a show animal in any class.

Started in Spring.

Most of the feeding projects started in May and June. Both agents, as well as cattlemen who have seen the animals, are highly pleased at the progress made by the boys in the face of droughty conditions.

The Santa Fe Railway is offering trips to a boy from each county to the national Four-H Club meeting, and club leaders here are hoping that a Scurry County boy will win one of the trips.

Prizes and awards in the various classes are given below. If there are not more animals in each class than there are prizes offered, the first prize will be cancelled and the second prize will be given to the winner in the class. Other prizes in the class will follow in the same order.

Prizes and Awards.

Beef Calves—Nurse cow group and dry lot group; prizes in each group as follows: First, \$5; second, \$1; third, \$3; fourth, \$2; fifth, \$1.

Pigs—First, \$3; second, \$2.50; third, \$2; fourth, \$1.50; fifth, \$1.

Dairy Calves—First, \$3; second, \$2; third, \$1.

Best Showman, All Classes—First, \$2.50; second, \$2; third, \$1.50.

Champion Beef Calf—One prize, \$5.

Best record of project to date of show—First, \$5; second, \$4; third, \$3; fourth, \$2; fifth, \$1.

H. J. Agee Goes to Job at Big Spring

H. J. Agee, bookkeeper at H. O. Wooten Grocer Company here for almost two years, left last week for Big Spring, where he is associated with Wooten as salesman for territory that includes Lamesa. He has been with the concern for seven years.

Mrs. Agee is remaining in Snyder until the couple locates a house in Big Spring.

Herbert A. Smith, manager, and Charles Westbrook are temporarily taking care of all the duties of the local wholesale supply house.

Tahokan Harvests Maize, But Not in Proverbial Style

From Lynn County News. A long time ago Solomon said there is nothing new under the sun. But Solomon never lived in West Texas.

Farmers residing in the vicinity of the big lake beside the highway seven miles south of Tahoka they saw J. T. Johnson heading maize in a boat. This they think, is certainly something new for the plains of West Texas.

The heavy rains had put a lot of water into the dry bed of the old lake, thus inundating Mr. Johnson's feed crop, only the tops of the maize protruding above the water. To leave the maize unharvested meant its entire loss, so Mr. Johnson managed to get possession of a boat, launched it upon the waters with himself comfortably seated inside armed with a maize knife, and proceeded to harvest his maize crop.

PREVENTION OF FIRE STRESSED

Snyder has not forgotten that this is Fire Prevention Week.

City officials continue their efforts to cut down fire hazards in residences and business houses. Leading in this effort is Fire Chief N. W. Autry, Fire Marshal E. M. Bolin and Mayor H. G. Towle.

At the school, the week is being observed by the making of numerous posters and the writing of numerous essays. Special attention will be given observance of the week in Friday assembly.

Winston Animals Get Majority of Lubbock Awards

Winston and J. J. Koonsman herds are winning several high places at the Fort Worth Centennial show this week. Details of these winnings will be published in next week's Times.

Two high class registered Herefords, owned and bred by Winston Brothers of Snyder, were accorded grand champion honors of their respective classes in the Hereford division of the Panhandle-South Plains fair at Lubbock last week. The Winston animals captured most of the honors in the Hereford division.

These winnings followed by a few days several placings by the herd at the Amarillo show. The carload of show animals was moved late last week to the Texas Centennial livestock show at Dallas, which opened Monday.

Winston's Flashing Westman was first senior champion, and Girtle Mae was grand junior champion.

Other Winston placings in the show were: Senior yearling, first; senior calf, first and second; junior calf, first; five bulls, first; three bulls, first; two bulls, second; cow, two and under three, second; junior heifer, first and second; senior calf, first and second; junior calf, first and second; senior champion, female; junior champion, female; lot of four, get of sire, third; two females, first and third; pair of yearlings, first and second; pair of calves, second.

McGahey to Move; Luling Man in Area

Friends of Rev. Philip C. McGahey and family will be interested to know that the former local pastor has accepted the pastorate of the First Church, Heights, Houston, and went to the new field October 1. Rev. McGahey has been pastor at Navasota for more than two years.

Baptists, particularly, will also be interested in another pastoral change that will effect them directly. Rev. J. J. Strickland, pastor at Luling for the past eight years, has resigned to accept the position of missionary in District 5, succeeding Rev. Willis J. Ray, who became pastor at Littlefield, Scurry County, in District 5. Rev. Strickland will come on the field October 15.

Graham and Martin Have New Employee

Jimmy Yancy came from Alpine early this week to become associated with Graham & Martin, local tailors and cleaners. He succeeds Leonard Daugherty, who left several days ago to become connected with a Midland shop.

A cleaner and tailor by lifetime training and experience, Yancy has been associated with some of the leading shops in West Texas, much of the time as a shop owner. He can handle any phase of the business, say Joe Graham and Jack Martin, but he will specialize here on silks and other work requiring skillful handling.

RESTRICTIONS WILL FEATURE NEW RA LOANS

Emergency Loans for This County Authorized by Resettlement Administration.

Rehabilitation loans for the new crop year are now being authorized by the Resettlement Administration, but lack of funds requires the number and amount to be more restricted than during the past year. It was announced today by Vernon Slocumb, county rural supervisor.

"New borrowers in drought or flood areas will receive what we term emergency loans, for purchase of seed, feed and supplies for human subsistence," the supervisor said.

"We are not authorized to make any new 'standard rehabilitation' loans, which are for purchase of teams and equipment, as well as supplies. We made such standard loans last winter to 163 farmers of this county, a large number of whom were thereby enabled to buy teams and equipment and to continue farming operations, or to resume operations.

Where these previous borrowers now require supplementary loans, we are authorized to make them for the purchase of necessary supplies."

Repayments This Fall.

The supervisor said that most of the previous borrowers will repay this fall the amount borrowed for "consumable" goods, such as food, clothing, seed and feed. They have up to five years in which to repay the amount advanced for "recoverable" goods, such as teams and tools.

Borrowers who have demonstrated that they cannot be rehabilitated will be dropped from the program. In passing judgment on these, due consideration will be given to obstacles encountered, such as adverse weather conditions, poor land and sickness. First consideration for supplementary loans and grants will be given to those whose past performance "has demonstrated thrift, initiative, a willingness to work, a cooperative attitude and a proper regard for their obligations."

Pair of Football Games in County Set This Friday

While Hermleigh's new football team plays the Canyon Teachers College demonstration high school squad on their own field Friday afternoon, Fluvanna and Dunn will be matching punts and passes at Fluvanna in the initial grid entanglement for both schools.

The Hermleigh-Canyon fray is set for 2:00 p. m.; the Fluvanna-Dunn mix-up at 3:00 p. m. Both host towns have extended Snyder business men a cordial invitation to attend their games.

Superintendent W. T. Hanes of Hermleigh and Coach L. T. Barksdale are close friends, having worked together at Littlefield. A. C. Bishop is coaching the Hermleigh boys. The Hermleigh-Dunn affair will also be a game of close friendship—off the gridiron—since Superintendents E. O. Wedgeworth and Cleo Tarter were associated for several years at Fluvanna. Gilbert Mize is Fluvanna coach; A. B. Connally for Dunn.

Eighteen to 25 men are coming out for the grid game at each of the three schools, all of which are introducing football this season.

"Mill of the Gods" At Fluvanna Oct. 16 For Church Benefit

"The Mill of the Gods" will be presented at the Fluvanna High School auditorium on Friday night, October 16, under sponsorship and for the benefit of the Fluvanna Methodist Church. Special invitation is extended non-Fluvanna folks to attend the play.

Admission will be 10 and 20 cents. Plenty of entertainment will be provided between acts. "There will be plenty of laughter, tears and breathless moments of suspense as the mill of the gods grinds on," say sponsors of the play.

Characters in the play are E. O. Wedgeworth, J. W. Haynes, Cecil Boren, Daisy Nell Cavin, Mrs. I. T. Huckabee, Joe Cavin, Rhoda Haynes and Ellen Stavelly.

Terrace Expert to Visit County Soon

M. R. Bentley, agricultural engineer of the Extension Service, will come to Scurry County Friday, October 16, for assisting with a county terracing program, reports County Agent W. R. Lacey.

Bentley has been here several times in past years, primarily to assist W. O. Logan, former county agent, with new terracing on county farms.

Snyder Joins Neighbors in Cowtown Jaunt

Snyder Sponsor Is Presented At Both Centennial Affairs

The four scenes to the right are representative of the cities that were featured at the Fort Worth Centennial Monday by sponsors and other citizens. At the top is Sweetwater's municipal auditorium; second, Snyder General Hospital; center, Colorado's outdoor theatre at Ruddick Park; bottom, Big Spring's "Main Street," and a drawing showing relative positions of the cities to Fort Worth.

Mary Ellen Brown, Snyder sponsor, is pictured above in the dress she wore as Paul Whiteman, jazz king, introduced her, along with the other three sponsors, to the first "Casa Manana" crowd Monday night. During the special day the 11-year-old athletic dancer and singer gave a private audition in the "Jumbo" building before Bill Morrissey, personal representative of Billy Rose.

At Dallas on Sunday the young artist sang over the Gulf Centennial hookup, and her accompanist, T. J. Tejer, played two numbers. On Saturday she won second place in a Sanger Brothers future stars contest, and she will be given a screen test, along with other winners, at Dallas Saturday of this week.

"Among Scurry Countians who attended the Frontier show on the special day were: Mayor H. G. Towle and Mrs. Towle; Mrs. Hilton Lambert, Mary Ellen's teacher, and Mr. Lambert; Mr. and Mrs. G. H. Brown; R. J. Randalls and family; N. W. Autry; Mr. and Mrs. A. D. Erwin; Misses Vesta Green and Gwendolyn Gray; Mr. and Mrs. Buster Curtis; Mr. and Mrs. Joe Stinson; J. B. Baugh Jr.; Carl England.

Huge General Election Ticket Faces Voters November 3; Notice Posted

The general election ticket that will face voters November 3 will remind them of a newspaper rather than a ballot.

Tickets that are being printed in the Times plant this week have eight columns of candidates in addition to the condensed text of six proposed constitutional amendments.

When it is considered that there are 23 presidential electors for each

EGERTON-BELL TICKET ON TOP

The Tiger's Tale, official school paper, will be edited this year by Virginia Egerton and business managed by Egerton and Bell.

Students, after spirited campaigning and balloting, decided in favor of this pair at the assembly period last Friday. The senior-freshman combination won over Weldon Strayhorn and Jay Rogers, junior-sophomore candidates.

First issue of the Tiger's Tale for the 1936-37 school year will be Friday of this week, the new staff, under sponsorship of Miss Effie McLeod, getting into harness immediately after the election.

Clark to El Paso.

Otha Lee Clark, 1935 graduate of Snyder High School, and a star center on the Tiger football squad, has recently moved from Pecos to El Paso, where he has entered the School of Mines. He has been night clerk at a Pecos hotel for some time. He is pulling for a place on the El Paso eleven this fall.

GINNINGS PICK UP THIS WEEK

Ten days of dry weather, most of them moderate in temperature, have given county gins their only approach to a seasonal spurt, and an estimated 5,000 bales had been turned out yesterday.

This estimate is based on accurate reports from Snyder gins of almost exactly 2,500 bales, and approximate reports from the other gins of the county. Snyder gins and other county gins usually divide the crop about 50-50.

Cooler weather and wintry skies that began Tuesday are holding back the crop to some extent. Ginnings' estimates of the total county crop range from 10,000 to 12,000 bales.

Columbus Day Will Be Observed Here

Monday, October 12, is Columbus Day, and Snyder National Bank will be closed in observance of the occasion.

It was on October 12, 1492, that Christopher Columbus, with a company of 120 men from Spain, sailing in three small vessels—Santa Maria, Pinta and Nina—first sighted the land of an island, which he called San Salvador. This event is popularly hailed as the discovery of North America, and is so commemorated.

"Danger—Bridge Out." If you believe in signs, you would have dodged that one in front of the Pollard & Jones place on the southeast corner of the square early this week. The Sinclair-Studebaker-Goodyear dealers were just bridging the rough gap that led into their driveway—with brand new curved concrete.

Gym Dedication Friday at 10:30

First 1936 Taxes Already Collected

First 1936 tax receipts were issued by tax collectors here last Thursday, October 1.

To W. O. Moore goes the honor of paying initial state and county taxes—on his farm near Hermleigh. J. W. Burleson paid first city taxes on his home here, and Mrs. S. B. Crump of Munday paid first school taxes on a vacant lot.

Not many taxpayers have met their obligations this early, but Herward Longbottom in the courthouse and J. S. Bradbury for the city and school are expecting a gradual increase this month.

Public Urged To Hear Program At \$25,000 Building

Dedication ceremonies for the recently completed \$25,000 gymnasium of the Snyder school system are scheduled for Friday morning at 10:30 o'clock.

Admitted by school people and builders to be one of the most modern and attractive gymnasiums in West Texas, the native-stone building will be officially presented by C. Wedgeworth, superintendent, and received by King Sides, high school principal.

The public is invited to attend the ceremonies, which will be held on the floor of the giant court, 60x80 feet. Since this main section of the building has a seating capacity of 1,000, there will be ample room for everyone.

Plan Varied Program.

A varied program has been planned for the official dedication. With R. L. Reschlar directing, Tiger Band will present a number, followed by group singing of "America." G. W. Berry will be in charge of a demonstration of floor work by high school boys.

Patricia Cope, director of physical education for girls, will talk on "Why Girls Should Have Physical Training in Public School." Berry will conduct an introduction of "Unknown Heroes of the Gym Floor."

H. L. Davis, president of the school board, will address the group, followed by presentation of the gym by Wedgeworth and acceptance by Sides. The band and pep squad will join in a finale for the program.

Building 92x112 Feet.

The attractive gymnasium—more appropriately called a physical education building—is 92x112 feet, over all. Two large class rooms on the west end are 45x30 feet each, with walls and ceilings of celotex to produce proper acoustic effects. One room is used for physical education classes, the other for band classes.

Other parts of the building include: Physical education offices and storage rooms; band director's office and storage room; storage room for athletic equipment; two large locker rooms, 200 lockers in each, one group for boys, one group for girls; complete shower equipment; and seating capacity on the sides of the big court for 1,000 persons, plus a small program stand.

White Walls Feature.

The snow-white plastered walls give the interior a beautiful finish that is seldom seen except in modern office buildings. The center court can be used, if necessary, for two basketball games at a time. If slightly reduced playing surfaces are used, and the white walls accentuate this roominess.

The floor, with the new type of cross-cross foundation, giving added springiness, is finished in No. 1 maple.

Chinese elms fringe the building on two sides, flower beds and sidewalks surround it, and a wide sidewalk leads to the main school building. A double ticket window is at the north entrance, which is built onto the main building, and a small entrance-way is on the southeast corner. Another door enters from the west street.

The structure was made possible by WPA funds in conjunction with a portion of local school financing.

J. B. Casey to Abilene.

J. B. Casey, long-time Piggly-Wiggly employee who recently completed a radio and television course in Kansas City, left early this week for Abilene, where he is being given a tryout with the new Reporter-News station, KRBC.

SEAMAN WILL SPEAK SUNDAY

Episcopal Bishop E. Cecil Seaman of Amarillo will preach at the First Presbyterian Church Sunday morning at 11:00 o'clock.

He is bishop of the Northwest Texas Diocese and is known as one of the outstanding preachers of this section of the country. It is his custom to make one or two trips to Snyder each year, and his calls are anticipated with joy by those who have heard him.

The morning worship service at the Presbyterian Church has been given over to him so that he might meet those of his own denomination in this community and so that his many friends may have the opportunity of hearing him preach.

Lovely fall flowers decorated the home of Bonnie Miller last Thursday evening for the regular alternate Thursday meeting of the Duce Bridge Club, at which she was hostess. Vesta Green will be next club hostess.

At the meeting last Thursday, prizes went to Mary Jane Beall and Ruby Lee. Miss Lee took the high score, and Miss Beall the traveling prize.

Cherry pie with whipped cream and coffee were passed at the refreshment hour to the following: Ruby Lee, Vesta Green, Gwen Gray, Margaret Deakins, Johnnie Mathison, Mavis Webb, Mary Jane Beall, Frances Boren, Janice Erwin, Mrs. Junior Boyer, Mrs. Billie Lee Jr., Alta Bowers and Allene Curry.

"Great Men" to Be Progressive Subject.

"Great Men and Their Gifts to the Betterment and Benefit of All People" will be the Progressive Study Club subject at its meeting this (Thursday) afternoon, with Mrs. C. E. Ross as hostess. Mrs. Anton White will be leader.

At its meeting September 24, the club studied the life and works of Gertrude Emmerson, with Mrs. J. W. W. Patterson as leader and Mrs. A. P. Morris as hostess. For roll call, members gave the name of a favorite American woman. Mrs. Ross told of the ancestry of the woman under discussion, and Mrs. Edgar Wilson talked on her personal charms.

Delightful refreshments were served to Mrs. J. A. Woodfin, guest, and to club members.

"Makes" Dramatic Club.

Geraldine Shuler, freshman at Howard Payne College, Brownwood, recently passed tryouts for the school's Dramatic Club, Mr. and Mrs. H. L. Wren have learned. She is one of 30 members of the club. Geraldine played the female lead in the Interscholastic League one-act play here last year, and was a character in the senior play.

Mr. and Mrs. Bob Corley of Stamford were week-end guests of Mr. and Mrs. C. E. Ferguson here.

THANK YOU!

Thank you, readers of the Times society page, for your helpfulness in furnishing news this week.

While Allene Curry, society editor, is vacationing for two weeks, the publishers are attempting to keep this page on an even keel. Continued assistance through next week will be appreciated.

If you have club meetings, parties or other social gatherings, or if you have local news of any nature, please phone 47 as soon as it is convenient.

Mrs. Howell and Daughter to Pecos.

Mrs. Roy Howell and daughter, Erol, joined Mr. Howell the past week-end in Pecos, where he has been in the meat market business for several months.

Erol, a popular student in the local high school in past years, will enter the Pecos High School, which she visited several days last week. Miss Howell, drum major for the Tiger Band last year, will take charge of the Pecos High School band as drum major this week. She was elected there during her visit last week.

Mrs. Howell has been active in civic and club work in this city for several years. She has been a member of the local Twentieth Century Club, and her daughter was a member of the Twentieth Century Daughters, junior study club.

To Live in Scurry County.

Marriage of Miss Maggie Ola Thompson and Clifton Wayne Glasscock was solemnized at the home of Rev. H. C. Gordon, pastor of the First Methodist Church here, Saturday afternoon at 4:30 o'clock. The couple will continue to live in Scurry County.

McLeroy and Stiles Speak for Lions as Invalids Visit 'Em

In a Tuesday noon Lions Club meeting that was rushed for the sake of the World Series broadcast, E. B. McLeroy, assistant county agent, and Alfred Stiles, Boy Scout executive of the Buffalo Trail Council, were the speakers.

The agent briefly outlined the work of Four-H Club boys in the county, and asked for the 100 per cent cooperation of the Lions in making the show of October 24 a success. Stiles congratulated the club for its Boy Scout support, and said he looked for even greater scouting in the county within the next year.

It was "invalids day" at the club. C. Wedgworth, member, recuperating from an appendicitis operation, and Bill DeBold, also a member, dined with the club after a lengthy absence. Third notch of the invalids' triumvirate was Abe Rogers, a former member, who is finding health after a siege of illness.

Lowering of Grade Continues in State

Based on the report of the Bureau of Agricultural Economics, the grades of the current cotton crop were lower last week than the previous week. A continuous lowering of grades has been shown for the last four weeks, or since the week ending September 3.

Last week less than 18 per cent of the cotton classed was white strict middling and higher in grade compared with nearly 27 per cent the previous week and 37 per cent to date this season.

District 3, which includes Scurry County, reports only 6.4 per cent of its output as white strict middling or above, and only 19.8 per cent 15-16 staple and above.

Stoker Infant Dies.

Barbara Ann, infant daughter of Mr. and Mrs. Frank Stoker of Eastland, died last Thursday as a result of an intestinal ailment. The child was rushed to Fort Worth for an operation, but it proved unsuccessful. Funeral services were held at Eastland Friday morning. Mrs. Z. Teague, the child's grandmother, attended last rites.

Mrs. Munger Y. Lewis, the former Miss Maggie Norred, now of Lampasas, has been visiting her mother and other relatives here.

Hermleigh Wins Opening Football Spree Thursday

Featuring a varied running attack, the inexperienced Hermleigh football team defeated the Sweetwater junior high school club Thursday afternoon at Hermleigh by a score of 13-6. Both teams showed rare form considering that it was their opener.

Although each team scored four first downs in the first quarter, neither side was able to push across a score until the last few minutes, when Hermleigh scored as Jack Harless, fleet halfback, picked up a Sweetwater punt on his own five yard stripe and returned it 95 yards for a touchdown. The neat blocking of Kubena, Hermleigh center, and Beane, powerful tackle, made the run possible. Wiley C. McMillan converted with a line plunge.

Late in the third quarter, after the ball had been placed in scoring position by two sensational end sweeps of 30 yards each, the same runner faked an end run and tossed a short pass to the wingback, who caught it on the goal line. The kick for point was wide and short.

After a Sweetwater punt had been blocked by Junior Jones, Hermleigh guard, early in the fourth quarter, which gave the ball to the Hornets deep in Sweetwaters' territory, and a reverse and line buck had failed, Weldon Longbotham, diminutive quarterback, flipped a neat pass after a fake spin play, to McMillan, who went over standing up as Powers Anderson, left end, blocked the safety. Harless' kick was short. The game ended with the ball in possession of the Hornets on Sweetwater's 35 yard line.

Hermleigh made 15 first downs to 7 for Sweetwater. The starting line-up for Hermleigh was: Backs—Weldon Longbotham, Wiley C. McMillan, Jack Harless and Jim Layman; ends—Howard Etheredge and Powers Anderson; tackles—Dorman Beane and Max Duncan; guards—Junior Jones and Marcus Voss; center—Julius Kubena. Others getting into the game were: William Sumruld, J. W. Kimzey, Billy Pigman, Paul Anderson, Gray Webb, Ira Layman, A. B. Sealey, Clifford Hale, Thomas Kiker, Roland White and Alton Sturdivant.

Will Live in Colorado.

Miss Vada Ellen Summers, teacher in the Big Spring schools, and Lee Eggleston, who has the Maytag agency at Colorado, were married in the home of Rev. and Mrs. H. C. Gordon Saturday afternoon at 5:00 o'clock. Rev. Gordon, Methodist pastor here, read the ceremony. The couple will make their home in Colorado.

Mrs. Rheda Hutcheson's guests are her daughter, Mrs. Monroe Carpenter, and little Doris Ann, of Sterling City.

Regular schedule of services will be carried out next Sunday, with Sunday school at 9:45 a. m., morning worship at 11:00, Christian Endeavor at 6:30 p. m. and evening worship at 7:30 o'clock. Episcopal Bishop Seaman will preach at the 11:00 o'clock hour and the pastor will occupy the pulpit at the evening service. The topic at the latter service will be "The Home."

The special rally and loyalty services were well supported in interest and numbers last Sunday, and all feel that the day was an especially helpful one. A part of the service which was particularly appreciated was the reading of communications from a large number of shut-ins and non-resident members who could not be present, but who wanted to be remembered with the reading of a scripture verse when their names were called.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Entered at the post office at Snyder, Texas, as second class mail matter, according to an Act of Congress March 3, 1879.

Table with 2 columns: Subscription Rates and Amount. Includes rates for Scurry, Nolan, Fisher, Mitchell, Howard, Kent, Borden and Garza Counties, and Elsewhere.

The Weekly Dozen

Weekly Rooseveltism.

President Roosevelt: "Love of liberty and freedom of thought are as profound in the homes, on the farm and in the factories of this country as in any university. Liberty is the air Americans breathe."

Too Many Conference Games.

Pessimism Pete says he hopes the Star-Telegram was not just having its little joke when it published twice in its Sunday columns: Snyder 12, Rotan 7. As if the Tigers might need a double win last week to stay in the conference win column! What say, Tigers?

Trench Silos More Popular.

The Santa Fe Earth: "Trench silos are becoming more popular as they come into more general use, and they improve with age. The cost of a trench silo is the labor, and as they are built at a time when there is little else to do on the farm, the construction cost practically is nil."

After the Series Is Over.

Dozens of Snyder fans kept late dinner hours, skipped out of offices and stores, told lies to the wife, and did other uncommendable things in order to hear the World Series. But give the onyx medal to the hitchhiker east of Dallas who spurned a ride with a motorist who did not have a series-broadcasting radio.

Those State Amendments.

The Times is running a series of articles that are intended to give a layman's explanation of proposed state constitutional amendments that will be included on the general election ballot November 3. Voters who would like to get a clear, concise outline of these amendments would do well to read these articles carefully.

An "Old-Timer" Speaks.

Robert Louis Stevenson: "The world has no room for cowards. We must all be ready somehow to toil, to suffer, to die. And yours is not the less noble because no drum beats before you when you go out into your daily battlefields, and no crowds shout about your coming when you return from your daily victory or defeat."

A Canadian Attitude.

The Conservator (Brampton, Canada): "Authorities at Ottawa are giving no thought to the suggestion that 100,000 idle young men be added to the defense force of the dominion. Those who forwarded the proposal were of the opinion that such an enlistment would not only lessen the cost of relief but would show to the world that Canada is ready to join the other dominions in defense of the empire should occasion arise."

Newspaper Money.

The San Angelo Standard-Times produces figures to show that its employees spent several thousand more dollars in San Angelo during a year than San Angelo merchants spent with the newspapers. The Scurry County Times, with six to eight persons on the payroll at all times, cannot advertise so boldly; but the amount spent here by its employees almost equals local advertising budgets. Subscriptions and "foreign" advertising supply most of the remainder of the revenue.

After the Floods Are Over.

San Angelo Morning Times: "West Texas farmers and ranchmen have been talking soil erosion, terracing, contour cultivating and strip-cropping only a few years but during recent months, and particularly since the maximum 24-hour rainfall of two centuries fell in Tom Green County in only two days, these terms have become a part of every-day general conversation in this section. . . . Terracing, contour cultivating and strip-cropping are becoming recognized as the G-Men who alone can halt the ravages of both flood and drought and tame the elements."

Fire Insurance Too High.

Olin Culberson, secretary of the State Firemen's and Fire Marshals' Association, is responsible for this statement concerning excessive fire insurance premiums, which he makes in connection with Fire Prevention Week: "Fire losses in Texas the past three years, particularly, have been tremendously reduced, largely by reason of a campaign of fire prevention, and especially from the reduction of water damage and the prompt extinguishment of fires. . . . but there has been no decrease in the cost of fire insurance premiums notwithstanding the tremendous reduction in fire losses. There was \$461,000 more paid in Texas in 1935 in fire insurance premiums than in state ad valorem taxes!"

30-Mile Humans, 50-Mile Automobiles.

An exchange has this cryptic comment, after relating that during the past year an average of one person was killed and 30 persons injured every month in every county of this land: "Some years ago a Chinese nobleman purchased an automobile. On the second day it would not start. His servants, desirous of being helpful, began to beat with sticks the balky machine. That is just about the way America is attacking its problem of highway safety. With astounding naivete we berate the machine, whereas the real cause of most of the slaughtering and maiming is the human factor."

While They Are Winning.

In the midst of the show season for Winston Brothers Herefords, it is fitting that Snyder and Scurry County again tell these modern breeders how much they are appreciated in their home community.

The Times repeats what it said recently: There is no other institution in Scurry County that is worth more than the Winston Hereford farm.

At Lubbock last week, for example, it certainly was of remarkable advertising benefit to the county when headlines roared that the Winstons were winners of the majority of places in the Hereford show. No matter the competition or the distance from Snyder, some of the Winston animals win, year in and year out. The Winston herd name—and the town of Snyder—are spread abroad when purchasers from as far away as Canada take a liking to these home-town Herefords.

Winston animals will continue to win, of course, but we pay another, tribute to their resourcefulness and ability as breeders now, instead of waiting until . . . well, until Harrie Winston has grandchildren or Wade makes a public address!

Current Comment.

BY LEON GUINN.

Lest we forget one remarkable friend of West Texas, who is also a good friend of the Times force, we pause to salute Judge R. C. Crane of Sweetwater, congenial president of the West Texas Historical Association, and a gentle gentleman of the old school, who reminds one of a Southern colonel with his gracious mannerisms. . . . Personal: All thanks to loyal Times reader, F. I. Townsend, for his Comment compliments on last week's column.

It was Judge Crane who went before the Centennial Board of Control last spring, and single-handed sold that austere body the idea of using \$200,000 to mark the historic spots of West Texas. . . . As a result, we have many a Centennial marker being put up in West Texas, marking for the centuries historic trails, graves and noteworthy landmarks. . . . Says a board member: "I doubt very much if your section of Texas would have received the amount it did for markers, etc., had it not been for your good friend, Judge Crane."

Judge Crane, great lover of the Southwest's history, has on file today more concerning the history of West Texas than any other historian I know of, which includes the University of Texas staff compiling Texas History. . . . The Historical Records Survey, which is a new WPA project, plans to catalogue the judge's famed library of 10,000 documents in the near future. . . . Hardin-Simmons University at Abilene, for instance, has under lock and key a series of historical documents by Judge Crane which are considered of such importance no one is allowed to examine them.

Judge Crane, journalist, author and historian, got his start in West Texas as a lawyer and newspaperman. . . . The judge was a promising lawyer at Roby, and he says "allowed himself to be stuffed with the idea a newspaper should be published. . . . He and S. M. Smith started The Fisher County Call January 15, 1888. . . . While serving as county attorney he was appointed district attorney for Kent County in 1888, and thus began a brilliant career for our beloved friend, Judge Crane. . . . A historian without peer in West Texas, the judge has one of the most remarkable memories of any "young man" of his age we know."

Editorial of the Week.

LIFE, LIVING, RELIGION, DEATH, MOURNING.

From a "trade" letter to The Times: "Jis sittin' ere wundrin'. 'Thinkin' of my mother who just recently was taken home to her God. What a wonderful life she lived. Truest and most devoted wife and mother who ever had the privilege of worshipping her God. And although her faith in God imbued in her children the desire to revere this mysterious leader whose every motive, every thought is "for good."

We all stop and wonder, "What is God? Who is God? Where is God?" No one knows. Do you? Yet if we haven't any faith in a divine leadership what have we left on which to base the gracious, kindly acts, and the love of our fellow men?"

By intuition I have that faith in the divine leader. I have never been able to close my eyes in sleep without going to this divine leader in prayer—the prayer taught me at my mother's knee many, many years ago. I find myself seeking counsel and advice in analyzing earthly problems to be sure in my own mind that I am doing right. Will probably be accused of a "weakness" by those who never have had that intuition of mother training, mother love, mother devotion. I thank this God for having had that privilege of life and living.

With regard to religion, mother never countenanced this antagonism between different faiths. While she was born and raised a Methodist—so were we all—yet she always regretted any dissension between the different religious organizations. Her remark always was, "They are all worshipping the same God, why should they quarrel about it? God's teaching is love and not dissension, quarreling and hatred." Was she right or was she wrong? I think she was right.

Mahon to Speak In Other States For Party Ticket

The speakers bureau of the Democratic National Committee has called upon Congressman George Mahon to assist in the national campaign for the re-election of President Roosevelt. He has been asked to speak in several states during October, but a complete itinerary has not been scheduled, according to information received this week from Congressman Sam Rayburn of Texas, who is in New York as director of the speakers bureau of the committee.

In response to a telegram yesterday, Mr. Mahon has agreed to speak at Fort Sumner, New Mexico, October 9. Engagements in several New Mexico cities are being scheduled for next week and it is anticipated that the plans of the national committee will likely take him into several Western states before the November election.

The national committee used Mahon last spring for administration speeches in Virginia and Ohio.

Mahon announced that, although his work for the national committee would likely take him out of the state most of the month of October, his secretary, Lloyd Crossin, would keep his Colorado office open for business.

Notice of City Election

An election is ordered to be held in the City of Snyder, Texas, on the third Friday in October, 1936, same being the 16th day of October, 1936, for the purpose of electing one alderman for Ward No. 3 (East Ward). The election will be held in the Commissioners Court room of the courthouse. All male and female persons who shall have resided in Ward No. 3 of the City of Snyder, Texas, six months next preceding said election and are qualified voters under the laws of the state, are eligible to vote in said election.—J. S. BRADBURY, Secretary, City of Snyder, Texas.

Texas Cotton Increases. According to the United States Department of Agriculture, Texas cotton was increased from 10,946,000 acres in 1935 to 12,280,000 acres in 1936. The total acreage of cotton in the entire United States in 1936 is estimated at 30,621,000 acres. The Texas acreage is almost 40 per cent of the nation's acreage.

Dependent on Cotton. It has been estimated that in Texas there are 2,870,000 persons primarily dependent on cotton. This is only slightly short of one-half of the state's population of 6,073,000 as estimated for 1934, latest census figures.

Men's Church Club In Friday Meeting

Regular meeting of the Men-of-the-Churches Club will be held in the basement of the First Presbyterian Church on Friday evening at 8:00 o'clock. An interesting and helpful program has been planned and a cordial invitation is extended to all the men of the community to be present.

The club is an inter-denominational organization. A feature of the coming meeting will be adoption of the new constitution. After the regular business and devotional meeting, chili will be served, and the men will have a period of games.

Sumner to Lamesa; Kayal Store Grows

Mr. and Mrs. Ed Sumner, employees of the Economy Store here for several years, have recently accepted positions with the Fair Store at Lamesa, owned by R. N. Kayal, also owner of the local Fair Store.

Work was started last week by Kayal on enlarging his Lamesa store, which is located on the east side of the square. A 20-foot addition is being made to the rear of the building.

The first trench silo in Bailey County was filled in 1935 on E. L. Smith's farm in the West Camp community. Twenty-four other trench silos were filled last fall and 30 more this fall, making a total of 55 now in use in the county.

Miss Thelma Leslie returned home late last week from a week's vacation to points in East and Central Texas.

BUT OIL-PLATING LASTS...

Change today

Right you are. The weather hasn't made up its mind yet. But you don't care, once Conoco Germ Processed Oil—patented—is Oil-Plating your engine for Winter.

Change to modern Oil-Plating today, for instance. Then every cylinder, piston, bearing and other part is completely Oil-Plated

And today . . . tomorrow . . . next month . . . as long as you use Germ Processed, this Oil-Plating will still be up there. It gets there by means of the special "hyper-oily concentrate" which is alloyed into Germ Processed oil under patents. In circulating, this oil renews its genuine Oil-Plating, which doesn't return to the crankcase, but stays up all through your engine.

Thus the old cry of "get your right Winter viscosity" isn't the half of it, now that you can get exclusive Oil-Plating, too—a great big extra. Oil-Plating is all ready to lubricate before your starter even turns, and that lets your battery live. Oil-Plating doesn't run off in any weather, and that saves your engine and oil. You keep away from your next quart—your next battery—your next car, by changing today to Conoco Germ Processed oil. Continental Oil Company

Ten Farmers of County Saved By Resettlement Aid

Ten farmers of Scurry County have been enabled to avoid foreclosure or forced sale of their farms or equipment as a result of voluntary debt adjustments reached through aid of the Resettlement Administration. A total of 1,622 acres of land, as well as other property, was involved.

"One long-time purpose of the Resettlement Administration is to help farmers toward ownership of the land which they operate," said Ben F. Smith, chairman of the county debt adjustment committee. "It is just as important to keep them from losing land which they already own as to help them buy new land." He said that the debt adjustment work is largely with small farmers whose financial needs are so small that other agencies find no profit in handling them, or where the debt is so large, in proportion to the value of the property, that other financing agencies consider it unsafe.

The Resettlement Administration makes no loans for paying delinquent taxes, interest or principal.

Fisher Test Shut Down.

The Forest Development No. 1 A. M. Dry, western Fisher County wildcat three miles west of Rotan, was shut down last week at 4,350 feet with hole full of water, after passing its objective around 4,200 feet. Operators may continue the test to a deeper horizon. It is in section 108, block 2, H. & T. C. survey.

Alfalfa demonstrations in Swisher County are planned by three farmers working with County Agricultural Agent P. C. Colgin. The agricultural conservation program has made many farmers legume-minded, and alfalfa demonstrations will be on the increase wherever this legume can be grown.

but through committees of local volunteer workers brings about agreements between the debtor and creditors for reducing or extending the indebtedness to such an extent that the debtor has a reasonable opportunity of paying it off. Assistance is rendered in refinancing the debt, through the Farm Credit Administration or other public or private lending agencies.

Although it can make no loans for payments on land or taxes, the Resettlement Administration is authorized to make loans for purchase of teams, tools, and supplies. Such loans were made in many of the cases adjusted during the year. Unsettled cases pending September 1 totaled eight.

Members of the debt adjustment committee for Scurry and Borden Counties are: Ben F. Smith, Snyder; Joe Caton, Snyder; and L. A. Pearce, Gail.

Mercury Coming Out October With New Handy Size

The increasing tempo of modern American life demands a compact, handy and convenient type of magazine, according to the editors of The American Mercury, who are publishing their October issue in a new pocket-size format and at the reduced price of 25 cents.

The old-fashioned, leisurely, standard-size magazine of opinion, they say, is doomed to disappear from American newsstands, to be replaced by lively, up-to-the-minute, and easily-read magazines. The first issue of The Mercury, which appeared 12 years ago, was in itself a revolution in the magazine field and was later widely imitated. The editors now believe that they are taking another revolutionary but necessary step forward.

The tastes and reading habits of Americans have been strikingly changed by such magazines as Reader's Digest and Time, according to The Mercury. No longer do readers have the leisure to spend two or three hours with a large magazine containing thousands of words. They demand literary entertainment in terse, compact form—articles that are brief yet comprehensive.

The decision to make a startling change in The Mercury's format and price was reached after the extraordinary success of The American Mercury Digest, a magazine issued experimentally by The Mercury. The Digest, on its second appearance, sold more newsstand copies than all the quality magazines combined. Its immediate success clearly indicated the desires of the reading public. And its price, 25 cents, was established as the price Americans approve for a fine magazine.

Among the articles in the October issue are The Case for Dr. Landon, by H. L. Mencken, a spirited and colorful summation of the choice that faces the American voter in November; Sex Problems of the Modern Parent, by Havelock Ellis, an important and interesting approach to a vital subject by the world's most renowned authority on sex; Fame and the Poet, by Thomas Wolfe, an unusual short story of the brilliant Southern writer; Young Men See Visions, by William Allen White, a timely review by the well-known middle-western editor and author; Loose Ladies of New Orleans, by Herbert Asbury, a striking description of night-life and vice in the Southern metropolis; Is Roosevelt a Socialist?, by Harold Lord Varney, a painstaking inquiry into the present trend of the administration; and many other articles, stories and poems by distinguished writers.

Initiated by Thespians.

Francys Northcutt, daughter of Mrs. Alice Northcutt of Snyder, will be one of 25 new members initiated by the Thespian Dramatic Club of McMurry College, Abilene, at a pat-lunch supper Friday night at Hotel Wooten. Sixty-three students tried out for membership in the club, which is sponsored by R. L. Flowers, head of the speech department. Miss Northcutt, a sophomore, is also active in other student programs at McMurry.

Refreshing Relief

When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

Another Piggly Wiggly Offer For You!

For the past four months you have been saving your cash register receipts so we could refund you the money spent with us on one day a month. This, we felt, was a wonderful offer. But there is always something to take away the completeness of an advertising arrangement. We find that folks who live several miles from town were not getting their share of the refunds because they were not able to make purchases as often as some who are in town almost every day.

Now comes the big news. We have purchased a line of aluminum, which will be on display in our store within a few days. This aluminum is by far the best we could secure through our Cincinnati office that was not prohibitive in price—and the items we will have will include modern, useful kitchen utensils.

OUR NEW PREMIUM PLAN

Starting with October 1, 1936, we suggest that you save your cash register receipts as usual. (Old receipts do not qualify in this new premium plan). Use your receipts EACH MONTH to secure this new line of aluminum, under the following plan:

- Save \$5 in Cash Register Receipts each month, pay 99¢ cash, and select any item in the line.
- Save \$10 in Receipts, pay 89¢, and select any item.
- Save \$15 in Receipts, pay 79¢, and select any item.
- Save \$20 in Receipts, pay 69¢, and select any item.
- Save \$25 in Receipts, pay 59¢, and select any item.
- Save \$30 in Receipts, pay 49¢, and select any item.
- Save \$35 in Receipts, pay 39¢, and select any item.
- Save \$40 in Receipts, pay 29¢, and select any item.
- Save \$45 in Receipts, pay 19¢, and select any item.
- Save \$50 in Receipts, pay 9¢, and select any item.

Everyone has an opportunity to share in the premiums, no matter how small his purchases may be. Each item in the aluminum line has a retail value of \$1.50 or more.

Remember, this is a monthly plan, and your October receipts will not be good in November—so plan to make all your purchases at Piggly Wiggly each month. You will then be able to avail yourself of the wanted items for a very limited cash payment.

Joint Session for Scout Troops in Snyder Tuesday

A joint court of honor for Boy Scout Troops 35 and 36 of Snyder and Troop 38 of Turner was held Tuesday night in the county court room. A good representation of Troops 35 and 36 was on hand, and the Turner troop was present 100 per cent.

The Turner boys all received emblems, since every member of the troop had passed tenderfoot examinations. Committeemen Joe Clinkenbeard, James A. Woods, A. R. Turner, J. M. Bates, J. H. Barkley and J. M. Glass and Scoutmaster Eb Williamson accompanied the Turner scouts.

Troop 35 of Snyder had the following representatives at the meeting: Scoutmaster Lorain Maples, Jack Martin and James E. Spivey, assistant scoutmasters, and J. R. Reeves and H. A. Lattimore, committeemen. Scoutmaster W. F. Cox, Assistant Scoutmaster Hadley Revere and E. E. Weathersbee, committeemen, were officials present from Troop 36.

A number of good talks were made by all representatives from each troop and by boys from each troop, who pledged themselves to make Scurry County the leading county in the Buffalo Trail Council.

Clearance of Used Cars, Nation-Wide, Joined by Louder's

Louder Motor Company is taking an active part in the nation-wide used car clearance sale, sponsored by the Ford Motor Company, says Earl Louder, owner.

"This type of nation-wide clearance sale is something new and unusual in the automobile industry," declares Louder. "We are joining the rest of the Ford dealers throughout the country in inaugurating this movement, and we expect that our share of the sale will produce a large volume of used car sales."

"We feel that hundreds of persons now driving cars are finding operation costly and unsatisfactory. Our new low prices and unusual bargains offer better transportation for winter. Many of the used cars and trucks in our stock bear the famous 'R & G' emblem, which means they have been renewed and bear the written guarantee."

J. B. Early Moves To R. & K. Garage

J. B. Early, associated with Louder Motor Company for more than a year, moved Monday to the R. & K. Garage, where he is specializing in Ford V-8's.

Backed by 15 years of experience as an automobile mechanic, Early says he offers best workmanship at reasonable prices. He invites his friends from all parts of the county to visit him in his new location.

Outgained But Not Outsmarted, Hill Eleven Wins Opener of Conference

Outweighed and outgained, but not outsmarted, the Tiger eleven took their conference opener from Rotan Yellow Hammers here Friday night, 12 to 7.

A thriller from beginning to end, the game kept several hundred fans on edge beneath the yellow-bright floodlights and a comfortable, calm sky. It was probably the largest crowd ever to see a football game here except championship matches.

Both teams played wide open ball. Rotan tossed 20 passes for 7 completions, 8 fumbles and 5 interceptions. Snyder tried 8 air plays for 4 completions, 2 incompletions and 2 interceptions.

Rotan Gets Excited

The Tigers struck quickly, making two touchdowns before the game was one-third gone. After that, they were roundly outplayed in mid-field, but Rotan's backfield evidently got so excited that they could make only one touchdown, midway in the second quarter. When they approached the 30-yard line, the Yellow Hammer attack flopped, except for that one score, interceptions playing a major role in the visitors' downfall.

Because the heavier Rotan crew made hefty gains through the Tiger line on a number of downs, most of the fans wondered why they continued their passing, which was unsuccessful except for that touchdown pass.

Tigers Score Early

Rotan made a first down quickly on two line plays after they received the first kickoff, but they fumbled and then punted rather poorly. On their second play from scrimmage, the Tigers sent Boren on an end-around play for a gain of 15 yards. The sixth play of the game netted the initial Snyder touchdown. Morrow snagging a pretty pass from left-handed Tommy Winters for 12 yards, and then sprinting 18 more yards for the counter.

When the quarter ended, Snyder was on the Hammer 35-yard line. Smith's kick bounced several times near the Rotan goal, and Tate, who played a big game, pounced on it less than a yard from the marker. Vittitow, Rotan punter, poked out some nice kicks during the game, but a rushing Tiger forward evidently scared him at this crucial time, and he punted only to the 9-yard line.

Morrow went over center for the second counter, in a single plunge that caught Rotan napping again. Boren's kicks, good in four out of five tries in previous games, failed both times Friday, while Vittitow for Rotan put a perfect one through the uprights.

Rotan scored an 15-yard pass, A. Smith, backfield star, to Fleming, big ramrodding end. The Hammers took the ball for the marker in seven plays from the 50-yard line, including three hefty passes.

Passes Intercepted

After the scoring, Snyder played largely a defensive game, and Rotan

threw pass after pass, four of them intercepted and most of the others incomplete. Neither team had the ball past the other's 30-yard line after the half.

Rotan had only one exchange of substitutes, McKee for W. Smith, and vice versa. Snyder made no changes. First downs were Rotan 11, Snyder 8.

The visiting coach was Anthony Hunt, son of the late Dr. J. W. Hunt, McMurry College president and a former pastor of the First Methodist Church, Snyder. Hunt was a classmate of "Red" Hill, local head coach.

Snyder's 65-girl pep squad, led by Faynell Spears, with little Sandra Jean Bowden as mascot, was decked out in stunning new black and gold outfits. Rotan presented a pep section of 40 girls, led by Josephine Kelly, formerly of Snyder. These colorful groups, plus the Tiger Band, drum majored by baton-twirling Weldon Kincaid, added plenty of life throughout the game and between halves.

Clear Fork Bridge Proposal Accepted; Tax Rolls Checked

In session Monday, the Commissioners Court voted to accept a proposal of the Austin Bridge Company for construction of a new bridge over the Clear Fork, on Watson Lane, for \$1,990. The bridge is two miles south of Highway 15 about 16 mile southeast of Snyder. It was almost completely destroyed by recent high water.

The road is vital to that end of the county because it is used for rural Route 2 out of Harnleigh and for a Harnleigh school bus route. Two miles east of this 50-foot bridge is a 60-foot bridge that was seriously damaged by flood waters.

In session Tuesday and Wednesday, the court checked and approved the tax records of Collector Bernard Longbottom.

Council Election Today.

Election of the mayor and other members of the Student Council in Snyder High School will be held today (Thursday) instead of last week, as originally planned. Vigorous campaigns have been waged for the various council positions.

Robinson's Studio Will Open Saturday

B. E. Robinson announces that his studio, located over Bryant-Link's, will be re-opened Saturday, October 10, after a shutdown of several months.

The photographer has been working as engineer in charge of Snyder street improvement.

He has designated Saturday as a day for special re-opening bargains for the benefit of old and new customers.

Somebody Is Responsible! Is It You?

Seventeen million boys and girls between ages of four and 18 in the United States have no religious training of any kind. Average age of criminals 19 years old. Ninety-seven per cent of criminals have no religious training. Your indifference may be responsible. Men's Bible Class, First Christian Church, extends a cordial invitation to all boys and men to attend its class, 9:45 a. m. each Lord's Day.

Regardless of Price—The Same Personalized Service

Every year we conduct funerals in every price range—funerals for those in the most moderate circumstances and for people of wealth. But in every instance the same expert care, the same thoughtful attention to detail, characterizes each service.

The only difference lies in the selection of the merchandise. The family alone decides what shall be the cost of the funeral.
