UNION PEOPLE TO ENTERTAIN SINGING GROUP

Several Out-of-County Songsters
Expected for Semi-Annual
County Convention.

Several out-of-county songsters will be among attendants at the semi-annual session of the Scurry County singing convention at Union Saturday night and Sunday.

The visitors will probably include R. E. Beavers of Girard, Silas Clark of Abilene and Roy Williams of Roscoe.

Folks from this trade territory who attend are urged to bring their song books.

Union people are planning for an overflow crowd Sunday. Since this is the annual time for the election of officers, the Saturday night crowd should also be larger than at the fall session.

Officers who conclude their terms with Sunday's meeting are as follows: Emmitt Butts, president; Mrs. Rupert Walton, secretary; Rupert Walton, vice president.

J. Wright Moorar To Post Reunion With Other Vets

J. Wright Moorar of Snyder, first professional buffalo hunter in Texas, and the first white settler in Scurry County, led Scurry County's delegation to the twelfth annual Old Timers Reunion at Post Tuesday, under sponsorship of the Post Rotary Club.

Approximately 150 of the section's early day settlers spent the day renewing acquaintances and telling of the happenings of yesteryears. A hard shower late Tuesday afternoon forced removal of the program from the football field to the gymnasium. A feature of the program was a chuck wagon dinner.

Registrations for the annual affair included: G. W. Underwood, J. S. Lovelady, T. J. McDonnell, W. B. Stanfield, Pete Brady, W. G. Williams, and Hugh Boren, Snyder; R. C. Miller, Frank Miller, Gail; John S. Boren, R. A. Morgan, Luther Reed, Sam Elkins, G. D. Duckworth, J. S. Reed, Justiceburg; Roy Elkins, Dermott; J. J. Belew, J. P. Dowdy, D. A. Jones, Fluvanna; Bob Warren, formerly of Snyder, now of Post.

Hospital Directors Given Authority to Increase Capacity

Enlargement of Snyder General Hospital was left up to the board of directors Tuesday night at conclusion of a meeting of stockholders in the courthouse.

Owners of considerably more than a majority of the stock gave written or verbal authority to the secretary, A. C. Pruitt, to cast their votes in favor of immediate enlargement of the institution.

More than 25 stockholders were present in person for the meeting. The vote of confidence in the board's proposed enlargement program, subject to arrangement for financing and further investigation of the program, was made after considerable discussion as to the financial status of the hospital.

Lee T. Stinson, president of the board, presided.

Fryon Names Teachers.

Fryon school trustees several days ago re-elected their entire faculty, headed by M. H. Greenwood. A full list of the teachers and details of Fryon's progress during the past school year will be published in The Times next week.

H. M. Murphy Begins to Get Reward For His Work on Terracing Machine

More than four years of experience have proved to H. M. (Hoyt) Murphy, prominent farmer of the China Grove Community—Route 1, Hermleigh—that an inventor is blessed with no bed of roses.

Murphy's terracing and ditching machine, demonstrated on his own farm and on other farms a few years ago, did exactly the job farmers have been wanting on their farms—and did the job with a minimum of labor, time and expense.

But even after he obtained a patent on the machine, Murphy had two major problems—financing and sales. Times were hard, and the machine could not be sold in any quantity at that time. The inventor was sure. Slow prospective sales, of course, meant slow financing.

Finally, after putting hundreds of dollars, weeks and months of time, and a lifetime of experience into the machine, Murphy has placed it on the market. First sales are being made, and with the tremendous increase in the popularity of

Sweetheart

This member of the high seventh grade of Snyder Junior High School was recently elected Tiger Band "Sweetheart" over all candidates from the senior high school classes. She is Wanda Jean Sims, daughter of Mr. and Mrs. C. J. (Shorty) Sims. Wanda Jean has been accompanying the band on its several recent tours.

COUNTY READY FOR REGIONAL

Scurry County, featuring a strong literary field, is ready for the regional Interscholastic League meet, scheduled to be held in Abilene Friday and Saturday.

All contests except the one-act plays will be conducted Saturday. This division will be held Friday night at 8:00 o'clock in the high school auditorium. Fluvanna's "Clipped," representing this district in the Friday night contest, is believed by critics to stand a good chance of coping regional honors and proceeding to the state meet.

All events will begin 9:00 a. m. to 10:30 a. m. First place winners in literary events, first to fourth in most athletic events will go from district to regional meets.

Mrs. Martin's Mother Passes in Chicago

Mrs. Bessie Phillips, mother of Mrs. Phoebe Martin, superintendent of Snyder General Hospital, died at her home in Chicago, Illinois, Tuesday morning. Health of the Chicago woman, who was 84 years of age, had been bad for some 18 years.

Mrs. Martin spent two weeks with her mother in March, and her hospital duties prevented her from returning there this week for the funeral.

Dr. Howell Comes Home.

Dr. R. L. Howell, who has been in the Lubbock Sanitarium for more than a week, was brought to his home here Wednesday afternoon in an Odum ambulance. The local physician, who suffered an acute attack of neuritis, is doing nicely.

Mrs. Tate's Mother Dies.

Mrs. J. E. Gallagher, mother of Mrs. C. C. Tate, died at her home in Snyder last Wednesday night after an illness of three months. She was 65 years of age. Mr. and Mrs. Tate and Ernest Tate attended final rites at Jayton Thursday of last week.

NEW PROGRAM DOES NOT BIND FARM SIGNERS

County Agent Continues Discussion
Of 1937 U. S. Agricultural
Conservation Program.

That signing up—or filling out work sheets—for the government's 1937 agricultural conservation program does not obligate the signer to continue in the program is stressed by County Agent W. R. Lacey this week.

All interested in signing up are urged to contact the county agent's office before May 15, set definitely this week as the deadline date.

As mentioned in last week's Times, the land retired from the cotton and general bases must be planted to soil conserving and soil building crops or used in soil building practices.

Soil Building Payment.

By doing this a soil building (Class II) payment will be earned of \$1 per acre for the number of acres retired from the soil depleting crop bases mentioned above plus the acres in the soil conserving base for that farm.

To illustrate: Twenty-five acres will be retired from the cotton and general bases and this farm has a soil conserving base of three acres; then this farm will be entitled to a soil building (Class II) payment of \$28. This will be in addition to the Class I or rental payment. However, this must be earned with the proper crop or practice.

The following crops are considered soil conserving or soil building when used as listed below:

- (1) Cowpeas, Austrian winter peas, other adapted legumes.
- (2) Sudan, sweet sorghums, grain sorghums planted broadcast. Sudan may be grazed but the \$1 payment will be waived.
- (3) Small grains when turned under green. A notice must have been filed with the county committee on or before April 15. If small grains are grazed off, the soil building payment of 75 cents per acre is waived.

Crop Left on Land.

In all cases the full crop must be left on the land (one exception, peas may be gathered for home use and canned at home).

The following are considered soil building practices and may be substituted for crops or in connection with the soil conserving crop:

- (1) Summer fallowing on the contour.
- (2) Terracing when the terraces are built in 1937 and soil depleting crops are not planted on the terraces.
- (3) Strip cropping, the strips being at least four rows (standard 36 inches or better wide) and the strips alternated. Grain sorghums and peas may be planted in this way. Alternate strips of grain sorghums and fallow may be used also. If you are interested in this practice, come by the county agent's office and more details will be given.

Mrs. Miles Attends Dallas Convention

Mrs. Vera Miles of Miles Studio is this week attending the state photographers' convention held in Dallas Monday, Tuesday and Wednesday. She will probably return home late this week.

The convention will include lectures and demonstrations of all sorts that are connected with photography. Mrs. Miles is doing special study work in color and posing, according to Mrs. Mildred Nix, business partner at Miles Studio, who is in charge of the studio this week.

FINAL LEASES ON NEW BLOCK

A full block of leases centering at Ennis Creek has been completed this week, and reports have it that a test will be made in that vicinity soon.

If the test goes through as planned, it will be the first to be made in that immediate section of the county.

The three wells in the southwestern portion of the county are drilling in good shape. Goss-Henderson No. 1, spudded in last week, has hurried down just past 500 feet. Goss-Murphy No. 1 is down to 2,900 feet, and the Bristol & Cantrell Tomlinson No. 1 is plugging away at 2,575 feet.

This Is Gus

Yes, this is Gus, eldest son of Charles Rosenberg and brother of Henry and Nathan Rosenbergs. Snyder merchants. Gus, operator of one of Brownwood's largest department stores, is in charge of Brownwood's entertainment for the West Texas Chamber of Commerce convention, which goes to the Brown County capital May 10, 11 and 12.

PAIR HURT AS AUTO CRASHES

Two Hobbs, New Mexico, saloon employees received severe injuries in an automobile accident, which occurred 17 miles west of Snyder on Highway 15 Monday night about 1:30 o'clock. A third occupant was uninjured when the Plymouth coupe in which the three were riding failed to make a sharp curve.

Earl Watson and Lacey E. Bachtell were taken to the Snyder General Hospital immediately, remaining there until Wednesday, when relatives arrived, and they were taken in an Odum ambulance to Hobbs. Watson, 22, driver of the car, suffered three broken ribs, broken collar bone and internal bruises. Bachtell, 24, whose head injuries resulted in concussion, had not regained consciousness when the ambulance left for New Mexico.

Snyder's New Show In Saturday Opening

Snyder's third picture show, the Gem Theatre, opened Saturday afternoon on the east side of the square, and has shown continuously since, including Sunday afternoon.

Patrons are attracted to the show by an arched red, blue and green neon sign.

Saturday's picture was "Dodge City Trail," starring Charles Starrett. Jean Arthur and Joel McCrea were featured in the Sunday and Monday attraction, "Adventure in Manhattan."

Excitement Reaches High Pitch League

Excitement on the north side of the square reached a high pitch Monday when Southwestern Bell Telephone Company workmen cut down a pole in front of Stinson No. 1.

The pole had been standing 18 years—unless Joe Stinson's memory plays him false. A new pole has replaced it. It is the converging point for the main lines that run into the local exchange.

When a hoist cable slipped, the pole dropped far enough to damage the Stinson neon sign just over the awning.

National Printer Journalist Gives "Toddling Times" Wide Recognition

"Toddling Times," a small house organ printed "from time to time as we have time" by the Times Publishing Company, was given country-wide recognition in the March issue of National Printer Journalist, one of the most widely circulated magazines for the newspaper industry.

Written by Ruel McDaniel of San Antonio, a recent visitor in the Times plant, the article is supplemented by a picture of the front cover from the "Toddling Times" issue of May, 1936.

Here is the National Printer Journalist article, just as it appeared to thousands of publishers in all states of the Union:

The Times Publishing Company, Snyder, Texas, publisher of The Scurry County Times, demonstrates its belief in the value of advertising by issuing its own monthly house organ, "Toddling Times."

The publication is issued in magazine format 5 1/2 x 8 inches, and ordinarily contains 12 pages and covers. Although The Scurry County Times is primarily a country newspaper, catering to the rural people who make up the greater part of the county's population, there is nothing

TRIPPERS GET GOOD HEARING ON HIGHWAY 15

Delegates Along East-West Route
Appear Before State Highway
Commission Tuesday.

Probably the most representative delegation that has ever appeared before the State Highway Commission in behalf of Highway 15 were given what they consider a favorable hearing Tuesday morning.

Snyder was represented at the meeting by County Judge H. J. Brice, President Forest Sears of the Chamber of Commerce, John E. Sentell and Willard Jones. The group left for Austin Monday morning, returning Tuesday night.

The group that appeared in behalf of the east-west route included delegations from Lamesa, Breckenridge, Fort Worth and other cities and counties from Fort Worth to the New Mexico line.

The local delegation reports that the commission, headed by Robert Lee Bobbitt, stated that the route was being seriously considered for surfacing over the present dirt sector, and would be given a top place among state projects when more federal funds become available. Federalization of almost 200 miles of the route was also asked by the delegation for the near future.

That Scurry is the key county of the entire improvement program was indicated by the other members of the delegation, said the local trippers. This is the only major stretch of the route along which all or a part of the right-of-way has not been pledged, it was pointed out.

No Fudging! Marbles at Ira

Cries of "No fudging!" were heard in the Ira gymnasium Wednesday last week, when the grammar school staged a marble tournament that is destined to become an annual event.

Miller Price, leading a field of 52 contestants, shot his way to victory when he defeated Junior Miller in the finals. Both players had ardent support from the sidelines in the way of advice and suggestions. Competent judges—boys from the less lucky brackets—sustained and over-ruled the many arguments.

Jack Taylor won over E. A. Birdwell in the consolation.

The tournament last week was entirely a singles affair. The doubles, or partners, are being played this week. Appropriate prizes are being given the winners.

Earl Horton, teacher-sponsor of the unique tournament, says the marble contests take the slack out of the activity program which always follows the Interscholastic League meet.

"The boys—as well as the sponsor—get a kick out of it," declares Horton, "and it is an incentive to the ones who are too young and small to take part in the league work."

Cloud Back on Job.

"If you want to learn about operations, see me after the show" was P. W. Cloud's Monday night invitation to Palace Theatre attendants. The Palace-Ritz manager is back on his feet after a recent operation in a local hospital. A few of his closest friends have been kind enough to say that he has lost just enough weight to make him look like a young man again.

Pastor-Evangelist Coming Here

Dr. E. B. King, pastor of the Hemphill Street Presbyterian Church, Fort Worth, will be here Sunday to begin an eight-day revival for the First Presbyterian Church. Although a young man, Dr. King has advanced to

leadership in his denomination as a pastor, evangelist and young people's worker. He has been awarded the honorary doctor's degree from Trinity University in recognition of his work in Christian education in Texas.

UNION CHURCH SETS BANQUET

A missionary banquet for the Fluvanna charge of the Methodist Church will be staged at the Union Methodist Church Friday evening, 7:30 o'clock, reports the pastor, Rev. M. W. Clark.

Proceeds from the banquet will be used for liquidation of the debt of the general missionary board of the Methodist Church. An excellent feed, and good attendance, at \$1 per plate, is anticipated by church leaders.

A full program during the evening will be featured by a pageant, "Methodism Marches Forward," by young people of the church.

Slight Improvement For Pete Bridgeman

Pete Bridgeman, veteran operator of Snyder Transfer Company, ill for some time in a Lubbock hospital, has shown slight improvement since Sunday. His siege of pneumonia is practically over, but it so weakened his heart that little hope was held for his recovery late last week.

Although his condition is far from satisfactory, Bridgeman's many friends here feel that he will pull through since he weathered last week's critical hours.

Goodwill Trippers In Brief Stop Here

Forty business and profession men from Colorado Springs, Colorado, making a goodwill trip through Texas, made a brief stop in Snyder Monday—long enough to give the town a blanket invitation to spend their vacation this summer in the Pikes Peak region.

The party, traveling in 10 automobiles and one truck, are making a strictly Texas tour, traveling 2,336 miles on their eight-day jaunt, going as far south as Galveston.

DRIZZLES, NOT SOAKING RAINS

Instead of the soaking rains received by many West Texas communities during the past few days, Scurry County as a whole has received only sprinkles, light showers, blustery winds and threatening skies.

Sunday loomed clouded, windy and seemingly laden with moisture. Only scattering sprinkles recompensed for the almost winter cold of the day.

A hearty sprinkle hit much of the county Monday, but that was all. Tuesday afternoon brought spring showers out of the north and northwest, but they covered only a handful of sections in Scurry County with good showers.

PRESBYTERIAN CHURCH PLANS MEETING HERE

Eight-Day Revival, Beginning Next
Sunday, Preceded by Services
Held Cooperatively.

Coming of Dr. E. B. King and Rev. L. R. Hogan of Fort Worth to conduct an eight-day revival at the First Presbyterian Church, beginning Sunday night is expected by Pastor James E. Spivey and leaders of the congregation to be the signal for a community-wide turning toward things religious and moral.

Dr. King, pastor of the Hemphill Presbyterian Church, brings a young evangelist's consecration, experience and training. Rev. Hogan, Sunday school missionary for the Fort Worth area of the church, has seen wide experience in song leading.

The Fort Worth men were recalled by the church after conducting a successful revival here last spring.

Fellowship Meetings.

In preparation for the meeting, three fellowship meetings, with other churches of the town cooperating, are being held this week, all at the Presbyterian building.

Rev. Spivey had charge of the Wednesday night services; Rev. H. C. Gordon of the First Methodist Church, Thursday night; and Rev. Lawrence Hays of the First Baptist Church, Friday night.

Daily services will be held at 10:00 a. m. and 8:00 p. m. Rev. Hogan plans to organize a junior choir, feature of last year's services.

In addition to the daily services, Dr. King will address the high school assembly at 11:15 Monday, and will be guest speaker at the Lions Club at the regular luncheon Tuesday.

New Interest in City Tabernacle Church Meeting

Interest is growing in the revival meeting that is being conducted at the city tabernacle by Evangelist J. N. Cowan of Robstown, according to members of the local Church of Christ organization.

"He is nationally known as a representative of the Church of Christ, and his experience in dealing with every form of religion in this country qualifies him to entertain his audience upon any Bible subject," declare leaders of the religious group.

"Every discourse is delivered in a logical and scriptural manner, and with humility and kindness."

A special sermon is being announced for Friday evening of this week: "The Difference Between Congregations in Snyder Calling Themselves the Church of Christ."

The meeting is scheduled to continue through Sunday evening, April 25. Each evening service begins at 8:00 o'clock; Sunday morning service at 10:30 o'clock.

Quartet Contest to Be Revived During Lions Club Affair

Revival of one of the old favorites, a quartet contest, will be one of the features of the Lions District 2-T convention in Big Spring May 2-4.

Cecil Collins, chairman of the contest, is completing plans for pitting the club vocal units against each other at the convention.

In the past some outstanding quartets have been developed for the affair. Prizes of \$15 for first prize and \$10 for second prize are being awarded first and second place winners.

The local Lions Club is making plans to attend the annual convention in force. A quartet is being arranged for the district contest.

Two Old-Timers Missing Sunday as Hermleigh Pioneers Have Reunion

Hermleigh pioneers who gathered Sunday in their second annual reunion at Buffalo Gap were reminded that two of their number, attendants at the 1936 celebration, were missing.

George Holliday, who resided near Ballinger, organizer of the reunion, died recently in an Abilene hospital, victim of a car accident. The second well known old-timer missing from the crowd was George Hamill, for whom final rites were held at Hermleigh only two days before the all-day event.

West Texans from several communities gathered at the historic resort grounds to enjoy the reunion and reminiscence of yesteryears. Many of them had not been brought together for some time. Others were neighbors, residing in the same communities. All were ushered into the spirit of fellowship that comes when good friends and neighbors of other days are brought together.

Reunion attendants from outside Scurry County included: Mrs. George Holliday; Clyde Holliday, Ballinger; Walter Gentry, Anson; Mr. and Mrs. J. J. Billingsley, Colorado; Mr. and Mrs. W. F. Fowler, Talpa; Josephine Nally, Talpa; Mr. and Mrs. M. B. Austin, Aspermont; Nellie Mae Browning, Aspermont; Mr. and Mrs. Day, Stanton.

County people at the gathering included: Gertrude and Hattie Herm, Snyder; Mr. and Mrs. J. M. Appleton, Mr. and Mrs. Ross Williams, G. D. Williams, Tommie Williams, Juanita Williams, Sylvia Williams, Mr. and Mrs. J. G. Reed, Pay Kelley, Fern Kelley, Mr. and Mrs. Clyde Rea, Betty Ruth Rea, Mr. and Mrs. J. L. Stepienson, Mr. and Mrs. A. W. Mobley, Charlotte Mobley, Max Mobley.

The crowd was cut considerably short by blustery and threatening weather, according to those who attended the affair from this county.

P.-T. A. Program Friday Night Said To Be Outstanding for Entire Year

A presentation of Fluvanna's one-act play, "Clipped," 1937 district winner, and a program of music and readings were features of open house held by the local Parent-Teacher Association in the high school auditorium Friday evening.

Pupils of Mrs. Earl Louder, teacher of expression and accordion, and Helen Boren Rodgers, who gave a beautiful piano solo, "Romance" by Sibellus, presented a delightful program preceding the one-act play.

Mrs. Louder's program was varied, and its interest rose with the presentation of both local and out-of-town talent. Lanell White's reading was "A Tribute to Mothers," a music box tune, "Tommy Has the Tummy Ache," and "You Gotta Smile to Be H-a-p-p-y" were vocal numbers by Raymona Keller.

Mrs. Pete Watson of Sweetwater gave two solo accordion numbers and was joined by Mrs. Louder in an accordion duet, "Sorrento Thoughts." Her solos were "Las Escagnollas" and "Soprani Smile Polka." Three popular tunes were accordion selections by J. Q. Collins of Sweetwater—"Moonlight and Shadows," "On the Beach at Bali Bali" and "Twelfth Street Rag."

Bobby Hicks' novelty number, an offering of "Bob Burns and His Bazooka," presented to close Mrs. Louder's portion of the program, was a comedy arrangement of "The Old Gray Mare."

Introduced by Mrs. J. Nelson Dunn, P.-T. A. president, E. O. Wedgeworth, play director, gave a brief discussion of the experience of his players and honors won by them in county and district Inter-scholastic League meets this year. Cast for "Clipped" includes H. D. Sneed, Rossa Smith, Marlonette Patterson and Cecil Boren.

Sneed, who took first individual acting honors in both county and district contests, was easily the outstanding player, local people agreed. A comedy role, his characterization of "Uncle Horace," Friday night was flawless, according to attendants. Miss Patterson, who takes the part of the maid in the play, was given third place among girls in the district contest. Rossa Smith and Cecil Boren, both veteran players of the Fluvanna community, turned in good performances in the district winning play.

"Clipped" will vie against other district winners in the regional contest this week-end in Abilene.

Following the program, which was one of the outstanding of the year, attendants were invited to the home economics laboratory, where they were served refreshments of salad, wafers, cake and punch. The social committee, Mmes. J. E. LeMond, Hugh Taylor and Ixon Joyce, was in charge of serving.

Out-of-town guests for the evening included Mrs. Watson, Mr. Collins and Mrs. Watson's mother, Mrs. White, all of Sweetwater; Mr. and Mrs. E. O. Wedgeworth, the play cast and several others from Fluvanna; and Mrs. Louder's mother, Mrs. C. H. Boyd of Waynesboro, Tennessee.

State Winner

Patti Hicks, 13-year-old Snyder pianist, who won first place in state junior contests held recently in San Antonio. Almost 900 junior musicians of the state were entered in the contests, and in the local girl's group five districts had entries. Daughter of Dr. and Mrs. J. G. Hicks, Patti is a piano pupil of Helen Boren Rodgers.

Twentieth Century Juniors Have Party.

Two new members were welcomed at the meeting of Twentieth Century Daughters held at the home of Joanna Strayhorn last Wednesday afternoon. Jonisue Cogdell and Milton Joyce are the two new study club members.

Dorothy Winston was leader for the program, which consisted of convention reports, a piano solo played by Dorothy Pinkerton and a poem read by Irene Taylor. Louise Bowers, president-elect, of the junior club, gave interesting facts about the recent convention of Seventh District, Texas Federation of Women's Clubs, held at Canyon, to which she was the club's delegate.

Delicious ice cream and cake were served by the hostess to her mother, Mrs. Roy Strayhorn, who was a guest for the meeting, and to 13 other club members.

Twentieth Century Daughters entertained Friday evening with their annual sweetheart party at the home of Wilma Terry. Chaperones included Mrs. W. J. Ely, club sponsor, Mrs. Bob Terry and Mrs. Matthews.

A cleverly planned scavenger hunt formed the major part of the evening's entertainment. The prize went to Dorothy Winston, Ernestine Morton, Victor Baze and Leonard Ervin, who were all occupants of the winning car. The two couples were presented a box of candy as a fitting reward for their work.

Games were played when all the group had returned from the hunt, and refreshments, in which the club's colors, pink and white, were carried out, were served to the three chaperones, club members and their escorts.

The following are members and escorts who attended: Louise Bowers, Melba Ann Odum, Dorothy Winston, Ernestine Morton, Mary Helen Bolin, Louise LeMond, Joanna Strayhorn, Dorothy Pinkerton and Wilma Terry; Victor Baze, Leonard Ervin, W. A. Little, Vernon Moffett, Preston Wilson and Lee Roy Strayhorn.

Ila Bess and Hazel Gordon, daughters of Rev. and Mrs. H. C. Gordon, spent the week-end here. Ila Bess is in the Lubbock Sanitarium training school, and Hazel is a student at Draughton's Business College in Lubbock.

LaVada Baze Will Marry Post Man.

Mr. and Mrs. John R. Baze of Colorado, former residents of Snyder, are announcing the engagement and approaching marriage of their daughter, LaVada, to Hays Holman, superintendent of schools at Post.

The wedding will take place in the parlors of the First Methodist Church at Lamasa at 10:00 o'clock Saturday morning. Only members of the families and friends will attend. Ines Brown, Snyder, an aunt of Miss Baze, will be among wedding attendants.

Miss Baze, granddaughter of Mrs. W. T. Baze, Snyder, has recently resigned from the Falls High School faculty, where she has been teaching this year, to make plans for her wedding. A graduate of Colorado High School, Miss Baze took her degree in June, 1932, from Texas Technological College, Lubbock, majoring in speech arts.

Superintendent Holman has been re-elected to serve as head of the Post schools next year.

Miss Rayolene Smith Gives Report Tuesday.

Vera Periman was hostess to the Art Guild Tuesday night at the home of her sister, Mrs. J. D. Mitchell. The program consisted of a convention report, given by Rayolene Smith, delegate to Seventh District's annual convention held at Canyon recently, and a program on "Mural Painting," directed by Mrs. Glen W. Berry.

Miss Smith's report was interesting, as was the program which followed. After an introductory talk by the leader, Mrs. Joe Hale gave a report on Thomas Benton's murals, and Annie F. Sewell discussed those by Gilbert Wilson.

Refreshments were served to Ethel Lynn and Lee Alvin Hays, guests, and the following club members: Mary Ruth Spears, Dorothy Egerton, Effie McLeod, Rayolene Smith, Annie F. Sewell, Grace King, Edith Grantham, Bonnie Ruth Nance, Nelwyn Berry, Marybob Hale, Ila Bee Mitchell, Omaha Ryan, Saxton Lee, Ruth Boyer and Alta Bowers.

Sine Cura Meets With Mrs. Johnson.

Mrs. W. R. Johnson was hostess to the Sine Cura Club Tuesday afternoon of this week. Following a series of enjoyable contract bridge games, high score prize was awarded to Mrs. T. L. Lollar, and Mrs. A. J. Towle took the traveling prize.

The hostess passed a lovely refreshment plate to Mmes. J. G. Hicks, E. B. Yeatts and E. M. Deakins, guests, and the following club members: Mmes. A. D. Erwin, Ernest Taylor, Wayne Boren, H. O. Smith, T. L. Lollar, A. J. Towle, Vern McMillen, H. G. Towle and Joe Stinson.

Next meeting of the bridge club will be with Mrs. T. L. Lollar, Tuesday afternoon, May 4.

Howard Payne Folks Visit.

Geraldine Shuler, who is a student at Howard Payne College, Brownwood, spent several days the latter part of last week with Mr. and Mrs. H. L. Wren here. Professor Winnebraker, science instructor, and Tressie Sampson and Sam Hays, students, who brought the local girl here last Thursday, returned from their trip to Lubbock Saturday and were dinner guests of the Wrens before returning to their school work.

Thursday Night Club Meets at Williams'.

Mr. and Mrs. Wayne Williams were host and hostess to the Thursday Night Bridge Club and guests at their home last week with a delightful eight-table party. Fragrant lilac blooms made lovely decorations for the rooms.

High score prizes were awarded Clara Bell Clark and E. B. Yeatts, guests; and Mrs. Wayne Boren and Melvin Blackard, club members. Delicious ice cream and cake were served to those present.

Guests were: Messrs. J. C. Smyth, H. G. Towle, E. B. Yeatts, W. L. Johnson and Alfred McLaughlin; Mmes. Harold Brown and H. P. Brown; Misses Hattie and Gertrude Herm and Clara Bell Clark.

The following members attended the party: Messrs. and Mmes. Melvin Blackard, Wayne Boren, G. B. Clark Jr., Herman Darby, J. G. Hicks, J. D. Scott, Forest Sears, J. P. Strayhorn and the host and hostess, Mr. and Mrs. J. P. Strayhorn will be next hosts to the club at 8:00 o'clock Thursday evening, April 29.

University Sorority Honors Local Girls.

Two local girls, who are students at Southwestern University, Georgetown, were honored recently by the Theta Epsilon chapter of Delta Delta Sorority.

Estine Dorward, daughter of Mr. and Mrs. J. C. Dorward, was installed as president of the group, in which she served as marshal the past year, Mrs. Margaret Towle, daughter of Dr. and Mrs. H. G. Towle, was elected librarian for the organization. Both girls graduated with honors from the local high school.

Poorly Nourished Women — They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep? A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue,—don't neglect it!

Careful for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters—women to women—for over fifty years.

Try It! Thousands of women testify that it helped YOU. Consult a physician.

Gwen Gray Gives Party for Club.

Lovely cornflowers decorated entertaining rooms of the R. E. Gray home last Thursday night, when their daughter, Gwen, was hostess to the Duce Bridge Club. Shades of orchid and green were combined with white to form a refreshing spring color note for the party.

High score prize went to Mrs. R. E. Boyer, and she also took the traveling prize.

The hostess served a dainty plate of shrimp salad, wafers, olives, mints and iced tea to the following members: Vesta Green, Bonnie Miller, Mrs. Boyer, Mrs. Billie Lee Jr., Mrs. Buster Curtis, Mary Jane Beall, Mavis Webb, Janice Erwin, Johnnie Mathison, Ruby Lee, Alta Bowers, Dorothy Egerton, Frances Boren and Allene Curry.

Janice Erwin will be next hostess to the club Thursday night, April 29, at 8:00 o'clock. Plans will be made for a special party, probably a covered dish dinner.

China Grove Couple Married in Colorado.

Marriage Saturday of Jessie Mae Brown and Stanley Merket was of marked interest in the county, since both families are pioneer citizens of the China Grove community and Miss Brown is the third member of the Dunn High School senior class married this year.

Jessie Mae Brown, daughter of Mr. and Mrs. Jess Brown, and Stanley Merket, son of Mr. and Mrs. Jim Merket, were married Saturday afternoon at the Baptist parsonage in Colorado by Rev. P. D. O'Brien.

Accompanying the couple to Colorado for the wedding were four of their friends, Louise Wood, Fay Slater, and Russell and Ollie Dunn. Mr. and Mrs. Merket returned to the county from a short wedding trip Tuesday, and will make their home in the China Grove community.

Merket is a graduate of Snyder High School and has attended Texas Technological College, Lubbock.

Fidelis S. S. Class Hears Book Review.

An entertaining hour was spent last Monday evening by members of the Fidelis Sunday School Class of the First Baptist Church at the home of Mrs. W. R. Bell, when Mrs. Harold Brown gave an interesting review of Dr. Victor Heiser's book, "An American Doctor's Odyssey."

Following the usual devotional and business session, health hints for roll call were quite in keeping with the book review.

The hostess served a delicious salad course to the following class members: Willie Lock, Lil Jo Colwell, Alta Bowers, Kenneth Alexander, Ruble Brown, Esther Bearden, Lillian Huffstuetter, Lala Dunnam, Ila Bee Mitchell, Effie McLeod and Marybob Hale.

Richard Sheehan of Hermligh Tells Of Texas Tech's Engineering Show

Richard Sheehan of Hermligh, who attended the Texas Technological College engineering show at Lubbock last Saturday, favors The Times with the following account of the annual event:

Again the engineering students of Texas Technological College have provided the public with an interesting and educational show in the four buildings of the engineering department. The exhibits of the show consisted of material used by these forward students in their attempt to specialize themselves for the mechanical and scientific world they will encounter after leaving this institution of specialized learning.

The many spectators, both young and old, who had come to enlighten and enjoy themselves in viewing the exhibits put on show for their benefit were first directed to the chemistry building, where the different laboratories were arranged with experiments of special interest; one of these was the etching of visitors' names in glass as a souvenir of the show.

Geological Division.

The geological division offered a large array of fossils, rock formation in miniature, and of prehistoric animals reconstructed on the top floor of the chemistry building.

In the engineering building there was a more varied arrangement of exhibits; this is where students prepare to be civil and electrical engineers, commercial artists and architects. Miniature dams and bridges showed the latest methods of construction of these projects and how others would be built in the future.

Of special interest for the students and spectators interested in art, there was a large collection of fine art and sculpture; some of these had been done by professionals, but most of this was the work of students.

Since electricity is growing in importance to the every-day person, the electrical engineering division was of great interest to all prospective electrical engineers, and the

knowledge was of great benefit to everyone.

In remarking about the excellent facilities for specialization, it is quite appropriate that we consider the exceptional low cost for this training and the fine atmosphere surrounding it.

For a country which produces as much cotton as this, it is necessary some of its people learn to manufacture the raw product into cloth and other materials made of cotton. In achieving this knowledge, the textile building is a young mill in itself, where men are turned out ready to take important places in the cotton mills throughout the state.

In this growing age of machinery we must by no means leave out the mechanical engineers department, where students were at work with the machines in those shops, turning out metal work similar to that which is made by the largest factories of this country.

It is an honor to salute Texas Technological College on its ninth annual engineering show, and the students attending this West Texas school, which is training West Texas people to improve this great territory in which we and they live.

Junior Pianists Hear Program Thursday.

Virginia Preuit and Jeanne Taylor were co-hostesses to the Junior Pianists Club at the group's regular third Thursday meeting last week. The meeting was held at the home of Virginia's parents, Mr. and Mrs. A. C. Preuit.

Guests for the program were Mmes. Preuit, Hugh Taylor and Whit Thompson and Mary Sue Senteil. Mrs. E. E. Spears sponsors the junior music club, and she was present for the Thursday meeting.

Presented on the program were three club members, Billie Lue Thompson, Virginia Preuit and Adilee Miller. Billie Lue's three numbers were "The Maiden's Wish Waltz" by Chopin, "Saraband" by Handel and "Allegro in B Flat" by Mozart. Virginia played "Sonatina in F" by Beethoven, and Adilee's selection was "Circus on Parade."

Mrs. Spears took pictures of the group and individual kodak pictures of each one, and the picture memory contest, in which she showed pictures of famous composers and each member took part, was interesting. Dorothy Pinkerton received a box of candy for a prize in the contest.

The hostesses served delicious refreshments to the guests and the following club members: Mrs. Spears, sponsor, Billie Lue Thompson, Leonard V. Gill, June Jones, Dorothy Pinkerton, Louise LeMond, Adilee Miller, Earl Wallace Reeves and Nell Verna LeMond.

Church of Christ

The subjects for consideration next Lord's Day are as follows: 11:00 a. m., "Fruit Bearing." 8:00 p. m., "The Conversion of a Bad Man."

The attendance at all services is constantly increasing—two placing membership last Lord's Day. Let's continue to press the fight for our King. The secret of success is that "the people have a mind to work" (Neh. 4:6). Don't forget home-coming day, May 2. We anticipate a large crowd. You are hereby extended a cordial invitation to be present for this all-day service. There will be plenty to eat for all who come. Let's be sociable. Let's be friendly. Let's feel kindly toward all mankind but militant and hostile toward sin and the devil. May we count on you to do your part?—J. Porter Sanders, minister.

CHICKENS?

Do you have any little chickens in your backyard—or in your neighbors' flower beds?

If you have, you'd better keep them penned unless you want to suffer some embarrassing consequences.

City Marshal John Lynch points out that now is the time for all chickens, good and bad, to stay at home. Flowers and gardens are being planted . . . and what is more murder-provoking than to see some of your neighbor's fowls enjoying a dirt bath right where you planted a dime's worth of petunias yesterday afternoon?

Mrs. Luce Presents Program at Meeting.

Mrs. W. R. Luce, Twentieth Century Club's delegate to the recent Seventh District club women's convention held at Canyon, gave her report at a meeting of Twentieth Century Tuesday afternoon.

Mrs. H. M. Blackard was hostess to the club at the home of her daughter, Mrs. Wayne Williams, who was a guest at the meeting. Living room decorations at the Williams home for the party were pretty yellow spring roses.

Outstanding in Mrs. Luce's report was the important fact that the local study group won third place with their year's report at the convention. Tracing the convention from its beginning to the last session, Mrs. Luce told of interesting lectures, business sessions and social affairs, stressing the beauty and perfection of the two-day club annual convention.

At the close of the report, Mrs. Blackard served a dainty ice course to Mrs. Williams and the following club members: Mmes. P. C. Chennault, I. W. Boren, W. J. Ely, W. H. Ware, J. E. LeMond, J. Nelson Dunn, B. M. West, Joe Strayhorn, Allen Warren, R. W. Cunningham and W. R. Luce.

Times Continues to Offer Special Rate

You would probably be surprised at the number of subscriptions The Times is receiving from this territory at \$1 from now until the first of 1938. The principle of "the longer you wait the less paper you get for a dollar" has been applied by a number of folks in recent weeks.

Here is a list of new and returning subscribers within the past month: W. M. Wall, Mrs. G. W. Parks, Joe Woellert, A. B. Sealy, Mrs. W. W. Livingston, Eddie Williams, Jesse Clements, Richard R. Lewis, E. B. Blair, G. G. Hollingsworth, Obie Buffaloe, J. E. Neal, Henry Kelly, Carl Pettit, A. L. Casey, Richard Lewis, Mrs. O. C. Rinehart, Ivan Teter, J. A. Farmer, C. T. Burnett. Twenty-two subscriptions were received the first half of March; 65 during February; 218 in January. Thus, a total of 325 subscriptions have been received since the regular bargain days full-year period ended January 1.

Contributions Due April 25 Under TUC

Chairman-Director Orville S. Carpenter today announced that employers who are subject to the Texas Unemployment Compensation Act—those who have eight or more employees—will send in their contributions of one and eight-tenths per cent on payrolls for the months of February and March, 1937, by April 25. These contributions will be made on Form TUC 3.

Carpenter also announced that on May 31 employers will make their first quarterly summary reports to the Texas Unemployment Compensation Commission. These reports—made on forms TUC 4 and TUC 4a—will contain detailed information on employers' payrolls for the months of January, February and March, 1937.

Old Timers Meet At Union Church Despite Weather

Threatening, cool weather cut attendance at the 29th anniversary celebration of the Union Baptist Church Sunday, but dozens of charter members and other early citizens of the community gathered for a day of singing, speaking, eating and fellowshiping.

Several charter members were there. The list given in last week's Times should be amended to include Mrs. A. S. Baker of Snyder, who attended. Attendants also included several members, middle-aged or aged in point of years, who joined the church or moved to the community after founding of the Baptist congregation.

The latter group included Mrs. Belinda Whitaker of Girard, A. D. Leach of Big Spring, Miss Frankie Wren (charter member) of Abilene, and Mr. and Mrs. B. L. Wren, Colorado.

After Sunday school in the morning, H. L. Wren conducted an old-fashioned testimonial meeting. Pastor Jimmie Fields welcomed visitors. Inclement weather forced the noon meal to be spread on turned-together benches inside the building. Dozens of dishes filled with fried chicken, potato salad, ham, roast, beans, pie, cakes and other food served all visitors and home folks, with plenty to spare.

Other parts of the day's program included: "History at Union," J. T. Biggs; vocal duet, Mr. and Mrs. Holly Shuler; lay sermon, J. L. Carrell; "History of Our Sunday School," Leon Wren; sermon, Rev. J. J. Strickland, Big Spring.

Midway Bible School Ends With Lecture

The Bible school which was taught at Midway last week by the local pastor, Rev. Buster Edwards, was brought to a close with the Sunday morning lecture.

Subjects during the school included: The book of Philippians, portions from Isaiah and Ezekiel. People from Mt. Zion, Camp Springs and Strayhorn communities attended the six-night lecture course.

Of the school, Rev. Edwards says: "The large attendance was surprising, and we certainly appreciated the people from adjoining communities having been with us in our Bible school."

Some students try to become educated by "degrees."

Ruth Line Winner Of H. E. Contest; To Show Dress at Rally

On Tuesday, April 13, dresses which were made in class by the girls of the second year class of home economics were judged.

Ruth Line won first and will model her dress at the H. E. State Rally in Fort Worth, April 28. Mollie Ecker, Dorothy Jones and Lillie Mae Little's dresses will be taken to Fort Worth to be judged only on construction.

The first year class will have its dresses judged Thursday of this week. The general appearance, accessories, and construction, are the points the dresses are judged upon.

State Essay Contest Entered by Snyder

Several of the 3A, 4B, and 4A English students have entered the "Greater Texas" essay contest. They have written themes on the subject, "Why I Want to See the Greater Texas and Pan American Exposition in Dallas."

The themes will be judged first by a faculty committee composed of Mr. Sides, Mr. Hollis, and Miss Abney. Then, the eight winning themes will be sent to the Greater Texas committee for judging. The winners there will be awarded prizes.

Senior Class Selects Class Day Leaders

In a class meeting April 14, the senior A's elected the officers who will serve at the class day chapel program.

Chalmers Watkins will write the class song; Ruth Davis and Dollie Clements will compose the class poem; the class will be prepared by Jay R. Hockabee, J. H. Garner, Chalmers Watkins, and Marshall Gibson; the class prophecy will be written by Doris Davis and Virginia Egerton; Mary Davis, Faynell Spears, and Gladys Crowder will compose the class history and tabulate the class statistics.

J. F. Woodson's Adolph and Otto Poetry Reprinted

J. F. Woodson, out on Route 3, has written dozens of poems. At request of The Times, he submitted a number of them for editorial consideration. Some are fanciful, some are sad, some are joyous, some are humorous, some are religious.

But the group of poems that presents Adolph and Otto who converse in dialect, probably has the most general appeal to Times readers. So it is that the following verses, Adolph's and Otto's conversation about Adolph's dog, are reproduced in The Times.

Adolph, I guess we kill your dog Or give him once away. Because I am so mad on him— He sucked my eggs today. We want to keep or eat them eggs Or sell them at the store. For every time we sell them there It's fifty cents or more.

I keep no dog to eat our eggs, It is too much a cost; And then, if I should kill your dog It won't be much a loss. I keep no dog about the place Because it do not pay; And if I had a hundred dogs I'd give them all away.

Long time we live together here And get along so well. And now it is most every day You get so mad like hell. I set my tent upon the hill And move my cow and hog. My horse and hens and all my things, And live there with my dog.

I take some money out the bank And I'll some lumber buy. And I will build for me a house When I lay my cotton by. And then I'll dig for me a well Out there among the trees. And then I can already once Have all the dogs I please.

Adolph, I fraid that you get sick And get from out your head. And me not there to wait on you I fraid that you'll be dead. I think that we don't kill your dog, He is so good, you see. And if he sucks up all our eggs It is all right with me.

Low Ceiling Raised For Strawn's Cafe

Strawn's Cafe, over on the east side, is getting ready for hot weather.

The low ceiling was taken out late last week, leaving the high walls with plenty of space in which to keep cafe operators and customers as cool as a cucumber when warm weather arrives.

The walls and other parts of the interior are to be repainted and given a general spring housecleaning, according to Mr. and Mrs. Earl Strawn.

GIRLS SPONSOR PALACE MOVIE

Girls of the Home Economics Club, Snyder High School, are staging a ticket sale for the program that will be staged at the Palace Theatre next Tuesday and Wednesday.

Proceeds from the advance sale of tickets will be used for sending delegates to the annual home economics rally at Fort Worth, to be held Wednesday, April 28. Miss Vera Periman is sponsor of the girls' club.

"Wings of the Morning," a technical picture starring Henry Fonda and Annabella, the latter a newcomer to the screen, will be the feature of the Palace program next Tuesday and Wednesday.

Scholastic Total In Scurry County Drops This Year

School census rolls for Scurry County, completed late last week, show a decrease in the number of scholastics of more than 100 students from lists compiled for 1936-37.

Each child between the age of 6 and 18 years will draw an appointment of \$19 for his school from the state. Every child becoming six years of age before September 1 or not passing the 18th birthday before September 1 in Scurry County is thought by census takers to be listed on county census rolls compiled during March and early April.

Figures taken from records in the office of the county superintendent, courtesy of Bonnie Miller, assistant, for the 1937-38 school year follow the trend of several years past, however, with a decrease of from 100 to almost 300 each year since the 1934 census. Greatest decrease in four years came in 1935-36, when the scholastics dropped in number 292 from the 1934-35 check-up.

County totals for the past three years and the new enumeration are as follows: 1934, 3,642; 1935, 3,350; 1936, 3,232; 1937, 3,109. For city schools figures for the past four years have had their ups and downs—1934, 1,129; 1935, 1,021; 1936, 1,089; 1937, 1,012.

Snyder city schools dropped in number of listed scholastics for last year from 1,089 to 1,012. Other independent school districts gained more than 45 students the past year, with Dunn losing one from last year's number, and Fluvanna and Hermleigh gaining 14 and 34, respectively.

Other county schools gaining scholastics in the 1937 census are the following: Triangle, Crowder, Strayhorn, Sulphur, Whitley, Pyron and Ira. Ira's 1937 census was 13 students higher than last year. Crowder gained 12 and Sulphur 9. Other gains were comparatively small.

Losses and gains in the 1937 school census will be noticed in the following table, which gives 1936 and 1937 census figures by schools:

School	1936	1937

History at 40!

The outstanding American hits his first high in achievement at forty. So says Dr. Dixon Ryan Fox, above, president of Union College, and historian. "Now I don't mean that men are at the zenith of their powers at 40, by any manner of means," he added, "quite the contrary. But it does appear that critical turns in American history were influenced by men whose 'average' age is forty."

Opponents of Sales Tax Relate Effects For Scurry County

An opponent of the two per cent sales tax, as now proposed in the Texas Legislature, cites the following figures that would apply to Scurry County:

Scurry County merchants do a total retail business of \$2,254,600, and the proposed sales tax would yield \$45,092. The tax burden to be borne by each resident of the county would average \$3.70 per year.

These figures are based on a recent census of the U. S. Department of Commerce and are contained in an eight page pamphlet, "Texas Taxes, a Suggested Solution," being distributed by Rev. J. Earnest Slack of Houston, editor of the Christian American.

Dr. Slack, a minister, recently made the public statement that burdensome and excessive taxes were hampering religious activities in Texas.

Pop—"Say, whar's that cuspidor at used to set here? I miss it a lot."

Mom—"That's why it's gone. You missed it too often."

Otis J. Hood Is Killed In Hobbs By Gas Explosion

An explosion at a gas well near Hobbs, New Mexico, early last Thursday killed Otis J. Hood, 24, former Scurry County resident. When the well was finally gotten under control this week, Hood's remains were not found. Two other men were also killed and seven were injured.

Young Hood formerly resided in Snyder with his parents, Mr. and Mrs. L. V. Hood. The family moved to Abilene six years ago. Mrs. Hood and Mrs. Lora Miller, Snyder, are sisters.

Sykes Curry, son of Mrs. A. M. Curry, Snyder, said of the explosion in a letter to his family here:

"The fire burned a gas pressure of 35,000,000 cubic feet. The flames leaped 75 to 150 feet high. It will cost the oil company \$400,000 before expenses of the fire are paid. It is the biggest fire I have ever seen."

Mrs. Murphy Improves

Mrs. J. E. Murphy, who has been ill several weeks, is slightly improved this (Thursday) morning, according to her son, Alex. A grandson, York Murphy from A. & M. College, arrived Wednesday to visit with Mrs. Murphy.

This address of Abraham Lincoln is said to be the shortest speech he ever made. It was delivered at Utica, New York, in 1861.

"Ladies and Gentlemen: I have no speech to make to you, and no time to speak in. I appear before you that I may see you, and that you may see me; and I am willing to admit, that as far as the ladies are concerned, I have the best of the bargain, though I wish it to be understood that I do not make the same acknowledgment concerning the men."

The local hospital was "full to the brim" yesterday morning. Along with three of last week's patients—O. H. Holladay of Ira, M. Stacy and Roy Allen Baze of Snyder—13 new patients were admitted during the week, and only two of them left the hospital before Wednesday.

Entering for surgery were the following: Billie Smith of Gall, Mrs. R. T. Pippin of Snyder, Bruce Campbell of Colorado and Jewel Moffett of Snyder.

Medical patients since last week have been: H. U. Salley of Colorado, Mrs. W. O. Dever of Snyder, Hugh Crawley of Snyder, V. J. Richardson of Colorado, Jodie Hynum of Snyder, Mrs. M. J. Sharp of Snyder, Jack Simpson of Snyder. Mrs. Dever and Crawley left the hospital before yesterday.

Death Overtakes T. S. Worley on Louisiana Visit

A heart attack brought death within a few minutes to T. S. Worley, retired Scurry County farmer and filling station operator, at 12:10 p. m. Friday, while the 59-year-old man was visiting in Haynesville, Louisiana.

Mr. Worley had accompanied a son and daughter-in-law, Mr. and Mrs. L. B. Worley, Grand Canyon, Arizona, to the Louisiana town earlier in the week. He was planning to visit there with his only brother, Dr. A. G. Worley, and his only sister, Mrs. Ann Crow, until the younger couple returned from a visit with another son and daughter-in-law, Mr. and Mrs. Cecil Worley, in Baltimore, Maryland.

The heart attack came without warning, Mr. Worley having been in fairly good health recently. The couple from Arizona did not learn of the death until they arrived in Baltimore, more than 24 hours after the attack. Funeral rites were delayed until Tuesday afternoon, 4:00 o'clock, at the First Baptist Church, awaiting arrival of the two couples from Baltimore.

Survivors in addition to these two sons, the brother and the sister, are the widow, three daughters, Mrs. J. P. DeShazo, Evelyn and Daurice Worley, all of Snyder, and one other son, Damon, of Lubbock. Rev. Lawrence Hays, pastor of the First Baptist Church, of which Mr. Worley was a member, Rev. E. C. Gordon and Rev. R. B. Hester officiated for the Tuesday afternoon rites. Maples Funeral Home was in charge of burial in the new Hillcrest cemetery that is being opened just south of the Snyder cemetery.

Mr. Worley was born in Haynesville, Louisiana, August 13, 1877. He moved to Scurry County 22 years ago, two years after his marriage, settling in the Camp Springs community, where he farmed until 1925. In that year the family moved to Snyder, where Mr. Worley operated a service station near the home in East Snyder until he retired from that business last year.

Pallbearers were Eunice Duff, Leighton Griffin, Jack Martin, Delmus Perry, Fred Jones and J. C. Smyth. Mrs. A. A. Bailey, Mrs. Fred Jones, Mrs. Lynn Wade, Nadine Sumrild, Melba Clark and Adell Watkins were in charge of flowers. Honorary pallbearers were named as follows:

Mel Andress, W. V. Jones, A. C. Alexander, J. D. Boone, N. M. Harpole, W. C. Davidson, H. L. Wren, Leon Wren, A. P. Morris, H. H. Jeffress, H. L. Davis, T. W. Pollard, J. E. LeMond, C. J. Harrell, L. E. Howell, W. R. Bell, J. R. Kincaid, S. C. Porter, W. J. Strickland, E. P. Simpson, W. A. Perry, W. M. Murphy, R. T. Williams, Edgar Wilson, A. J. Cody, E. E. Weatherbee, J. H. Sears, Joe Graham, H. J. Brice, Joe Caton, Bernard Longbottom, Lee Stinson, Joe Stinson.

Maurice Brownfield, J. D. Mitchell, J. T. DeShazo, W. W. Hull, J. A. Woodfin, C. Wedgeworth, Fred Grayum, Marion Hamilton, Ben Hamilton, Joe Reep, Martin Reep, King Sides, S. T. Elza, M. Stacy, H. H. Elland, L. N. Periman, Dr. A. C. Leslie, Dr. H. P. Redwine, A. H. Trice, E. E. Joyce, W. M. Bayousslet, Roy Stewart, H. S. Hawkins, O. P. Thrane, Abilene; George Rainey, Hahlin; Sam Sales, Perry Holt, Jim Burnett, John Burnett, Sam Wright, Charles Shockley, Clarence Shockley, all of Haynesville, Louisiana; Cliff King, Virgil King, Phil Mabry, Homer, Louisiana; Jim Moreland, Shreveport, Louisiana; Will Moreland, Atlanta, Georgia; A. J. Horton, Waco.

First Baptist Church

Regular services will be held Sunday, with the pastor in the pulpit at both hours. Sunday school, 9:45 a. m.; morning worship service, 10:50 a. m.; Baptist Training Union, 6:45 p. m.; evening worship service, 8:00 p. m. Special music morning and evening.

The church was blessed in the Sunday evening service by a program in charge of the young people's department, featuring a mixed quartet. Rev. J. J. Strickland, Big Spring, district missionary, brought an inspiring message on "The Great Game of Life."—Lawrence Hays, pastor.

A visitor was having tea in the home of a well known editor one Sunday afternoon when the little daughter of the family came in with an illustrated Sunday School text card in her hand.

"What is that you have, daughter?" asked the father.

"Oh," said the little girl, "just an ad about heaven."

Dora had returned from Sunday School where she had been for the first time.

"What did my little daughter learn this morning?" asked her father.

"That I am a child of satan," was the beaming reply.

MORE JUNK

Most of the 15 carloads of junk iron that have been shipped out of Snyder during the past few months have gone to American foundries or to foreign ports by roundabout methods, but the three carloads of the metal that have left here during the last few days by way of R. S. & P. are going direct to Yokohama, Japan.

Instead of going to California, the cars are going to Westwego, Louisiana, thence to Japan by way of the Panama Canal. The cars average about 50,000 pounds of metal each.

Buying of metal has slackened here, aftermath of the embargo placed on American ports, but a large amount of iron remains to be shipped.

LEGION-CLUBS CHANGE MEET

Meeting of the American Legion and Auxiliary committees with committees of 12 women's clubs of Snyder, scheduled for Tuesday night of this week, was postponed until Tuesday evening of next week, 7:00 o'clock, according to Legion Commander Hal A. Lattimore. The meeting, slated for the legion hall over Winston & Clements, is set early in order not to conflict with the Presbyterian revival.

The committees are to confer in regard to purchase of a site for building of a hut or auditorium under legion sponsorship and a public library under the clubs' sponsorship.

A. C. Preullit has been added as a member of the permanent legion committee to replace Boss Baze, who recently moved to Carlsbad, New Mexico. Other members are Lee T. Stinson, chairman, Walla D. Fish, and J. E. Shipp.

Fred Johnston's Life Claimed by Pneumonia Siege

A lengthy illness from pneumonia brought death Saturday morning to Fred Wayne Johnston, 15-year-old freshman in Snyder High School and a member of the Tiger Band. He died at the home of his parents, Mr. and Mrs. A. (Pat) Johnston, prominent early settlers of Scurry County, two miles west of Snyder.

Small for his age, Fred's unassuming manner and musical ability gave him a leading place as a solo cornetist in the Tiger Band.

First Christian Church was the scene of funeral services Sunday afternoon, 3:00 o'clock. Rev. H. C. Gordon, assisted by Rev. James E. Spivey, officiated. Arrangements were in charge of Odum Funeral Home. Burial was in Snyder cemetery.

Surviving are the parents; three sisters, Mrs. Sam Williams, Snyder; Mrs. Truman Ray, Big Lake, and Miss Bess Johnston, teacher at Lordsburg, New Mexico; four brothers, Joe Tant, Delbert, Pat Jr. and Ralph, all residing at home.

Pallbearers were W. B. Lemons, H. C. Towle, Giles Bowers, T. A. Boren, J. I. Baze and E. U. Bullard. Flowers were in charge of Mrs. G. W. Hicks, Margaret Brown, Georgia Maule and Frances Boren.

Better Front Being Put Up by Bob Gray

Bob Gray's Tavern—and even Bob himself—have always put up an attractive front. But an addition to the southeast corner cafe and confectionery last week-end ends the Tavern to put up an even better front.

The addition is in the form of a concrete slab between the low curb and the high sidewalk on the corner. When and if spring rains come, Bob and his customers will not now have to worry about wet feet or soiled clothes.

Resolutions of Respect

In memory of Brother George W. Hamill Sr., who died April 15, 1937. Once again a brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward the white stone with the new name written thereon.

And, whereas, the all-wise and merciful Master of the universe has called from labor to refreshment our beloved brother, and he having been a true and faithful member of our beloved order, therefore be it

Resolved, That Hermitage Lodge No. 987, A. F. & A. M., of Hermitage, Texas, in testimony of our loss, be draped in mourning for 30 days, and that we tender to the family of our deceased brother our sincere condolence in their deep affliction and that a copy of these resolutions be sent to the family.—D. Library Has Record Of WPA Water Well Project in Howard

The board of water engineers, Austin, announces the release in mimeographed form of the records of water wells obtained by the Works Progress Administration ground-water survey in Howard County. The Snyder High School library has been favored with a copy of the survey, and it may be consulted there.

This project is part of a statewide inventory of water wells started in 1929, being conducted to obtain information concerning existing wells, to ascertain the quantity and quality of water they yield, and to put down test holes in areas where no wells or few wells exist, and to compile and publish the information thus obtained.

This release on Howard County contains 96 pages giving the records of 371 wells and 8 springs, water level measurements of 45 observation wells, 63 drillers' well logs, 30 test hole logs with altitude above sea level of 27 of these holes, and the analysis of 485 water samples. The locations of all wells, springs and test holes listed in the release are shown in a map in the back of the release.

Borden County Farm - Ranch News

By E. B. McLeroy, County Agent

The first batch of 1936 agricultural conservation checks for Borden County has been received at the county agent's office at Gail. One hundred and two checks totaling \$13,027.27 were in this first group, and other checks are expected within a few weeks. There were numerous producers whose application for payment was not cleared along with the majority of applicants, and naturally there will be considerable delay in clearing such cases. However, it is hoped that the majority of the remaining 1936 payments will be received within the next few weeks.

The final date for signing of 1937 worksheets has not been set, and producers are urged to come to the county agent's office and sign a worksheet at an early convenient time as there will be no extension of time when the final date is announced.

In answer to numerous questions as to why a farmer should sign a worksheet in 1937, even if he does not intend to comply with all provisions of the program, the Borden County agent wishes to clarify the matter with the following reasons:

(1) An operator should sign a worksheet because it is possible to earn some payment without making a reduction from the cotton or feed bases.

(2) Because weather and crop conditions and other unfavorable conditions over which a farmer has no control, may place the farm operator in a position to receive a payment later.

(3) Because payments will not be made to operators who are in compliance later unless such operators have signed a worksheet within the specified time limit.

(4) Because there are numerous cases wherein an operator is actual-

ly in compliance with certain provisions of the program and is not aware of the fact that his cropping plan will earn payments this year.

(5) Because there is no obligation connected with the signing of a worksheet.

In view of the above facts, it would seem advisable for farm operators to investigate the possibilities of the 1937 agricultural conservation program before making definite plans to stay out of the program this year.

New Electric Lines.

The Denton County Rural Electric Company may use up to \$530,000 to build about 655 miles of line to serve 2,464 customers in Collin, Wise, Cooke, Denton, Grayson and Tarrant Counties. Financing is provided through the government's REA. Up to \$250,000 to build 260 miles of line to serve 916 customers in Limestone and Falls Counties has also been provided.

Mrs. Violet McKnight, high school music instructor at Ballinger, was a week-end guest of her parents, Mr. and Mrs. Fred A. Grayum.

Fisher County Club Woman Not Forced To Hunt For Cover

"It is so convenient not to be forced to hunt for bed covers every time the weather changes," Mrs. L. C. Poteat, bedroom demonstrator of the County Line Home Demonstration Club, Fisher County, says.

When she built her clothes closet she provided space for enough covers for one bed in the end of her closet under the shelves. The space extends the entire width of the closet which is three feet, and is 18 inches wide and three feet high. The opening is formed by the top one foot plank which has hinges on each side and a latch in the center.

A stationary shoe rack is placed just above this and three shelves are over it. The space for covers in the bottom of the closet eliminates having to climb to the top of the closet for more cover or to look in another part of the house with every change of temperature.

Mrs. Watkins Goes To Father's Rites

Mrs. Coy Watkins returned Tuesday night from Garruthersville, Missouri, where she attended final rites for her father, L. W. Carter, 79. Mr. Carter formerly resided in the Dermott community, and is well known to many county residents.

Mrs. Watkins was accompanied by her small daughter, Jeanette, and by a sister, Mrs. T. B. Burroughs, Tahoka. Mrs. N. F. Wilson of Dermott, sister of the aged Missouri man, was unable to attend the rites because of illness.

The county group left last Wednesday night, when they learned of Mr. Carter's death that afternoon.

A birthday party in the Bison community Sunday for one-year-old Delona Frances Key, daughter of Mr. and Mrs. Jimmie Key, was attended by Mr. and Mrs. Emmitt Butts, Snyder, Mr. and Mrs. Book Foreman, Big Spring, Mr. and Mrs. Lester Finley and Miss Flossie Finley, Loraine.

Mr. and Mrs. V. L. Reed and children of Snyder spent Sunday visiting Mr. and Mrs. T. J. Reedy. Allan and Callan Cash of Stanton spent the week-end visiting Mr. and Mrs. Bandy Cash.

Joe Reed, Mrs. Cantrell and her daughter, Meribeth, spent Sunday in Pyron, visiting Mr. and Mrs. Gorman Odum. On the evening of April 14 Skeeter Smith was hostess to a number of her friends, the occasion being her birthday. Dinner was served at the home of Mrs. Smith, after which the group drove to Brunning Park for games.

Among those present were: Virginia Evans, Ethyleen and Melba Parchman, Shirley June Justice, Claudine Bright, Lahoma, Dorothy Mae and Aline Gordon, Jack Slater, Gordon Bright, and Hoolas and Douglas Windham. Mrs. Elmer Pettigrew and children, Wilma, Marjorie and J. W., visited in San Angelo from Wednesday until Friday of last week.

Mr. and Mrs. Claybourne Pirtle and little daughter, June, who are now stationed at Lubbock, visited here Sunday. They were accompanied by Harmon Higgins. Tuesday night of last week a group of young people had a picnic at a beautiful spot in Mr. Justice's pasture. The usual picnic food was enjoyed, and various forms of entertainment finished out the evening.

On Friday of last week the district Intercollegiate League meet was held at Lubbock, and several people of Justiceburg attended. The contestants were as follows: W. T. Parchman, Bessie Mable Pettigrew, Edward Neff, Hern Pettigrew, Harry Evans for Justiceburg, and Claudine Bright for Post.

Delayed One Week. Mr. and Mrs. W. T. Parchman and sons, W. T. and H. B., spent several days with Mr. and Mrs. L. H. Graves, of Porsan. Mr. and Mrs. Joe Trout entertained a number of friends with a dance Saturday night.

Miss Geraldine Morgan spent the past week-end with Miss Mary Turner of Verbera. Miss Virginia Evans of Justiceburg spent the past week-end in Post, visiting friends. Allan Cash of Stanton is spending a few days with his brother, Bandy Cash. The Justiceburg school was entertained Friday with a picnic, sponsored by W. J. Smith and Miss Eula Belle Whitlie.

PERFECTION-MADE SUPERFEX The Original Oil Burning Refrigerator MEETS EVERY DEMAND FOR RURAL SERVICE. NO Electricity NO Running Water NO Moving Parts. Farm life demands a refrigerator specially designed and built for rural service. Nine years ago the Perfection Stove Company created the SUPERFEX oil burning refrigerator which has since been proved in thousands of rural homes. Today its modern beauty and its super performance make it the ideal refrigerator for your home. The exclusive Super Condenser top is cooled by air and water. The kerosene burners are "on" only 2 hours a day and go out automatically—no constant flame—but you have modern refrigeration all the time. These features give SUPERFEX the lowest operating cost of any modern refrigerator. It's built to last a lifetime and you can use it or move it anywhere. It needs no electricity, running water, or piping connections. Styled for permanent satisfaction, equipped with handy door racks and adjustable shelves. It makes ample ice cubes and gives you the daily joy of cool drinks, tasty salads and frozen desserts. It pays for itself by its savings—and we have extra easy terms for you. Let us demonstrate it in your own home—then you will see and know the difference!

The Newspaper.

Charley E. Greene, in the Austin Statesman: I like as my subject today the newspaper, and the newspaper man.
More abuse is heaped upon the active newspaper than in any other line of business.
More praise is given the active newspaper than in any other line of business.
Ethical newspapers print most of the abuse heaped upon these particular institutions.
The reason probably is that most editors have unbounded faith in the people; a dominant belief that over a period of time, the printed record overshadows the verbal vituperation.
That to answer such assaults is to wade muddy waters with the challenger. That to muddy yourself in such waters is to lose an intangible something that can't be measured in cold dollars and cents.
The good newspaperman is stabbed openly and covertly, many times. Such an act seldom upsets him. Frequently, he may be lambasted by an individual whom he might have assisted only a few months before. It doesn't make a cynic of him. You don't hear him say: "Well, I won't get fooled again."
He doesn't consider he has been fooled. He merely realizes that he has been a victim of human nature.
In politics the successful candidate generally wins because of his own personal charm, his campaign abilities, his platform, his record. (His word for it.)
The defeated candidate always loses because the newspapers haven't been fair with him. (Also his word for it.)
During the late depression and the crisis of 1931, many persons, with great fear in their hearts, haunted the newspaper offices for the latest information—for assurances.
Newspapers over the country turned over every available wire, every available bit of information, private information, to industrialists, to bankers, to financiers . . . who wished to know what was happening.
These newspapers pooled their resources, their knowledge of human nature, toward stemming the tide which threatened chaos. There was a voluntary censorship established when calamities piled in like debris with a hurricane.
"You are doing a great and noble work," said the great bankers.
"God, what would we have done without the newspapers," exclaimed another great financial leader. "You kept a level head when others were losing their heads."
"When people were hanging onto every word, when the nation hung between chaos and progress by a simple phase, you came through. We shall never forget."
The editors went about their work, accepting the praise with the same nonchalance that they had previously accepted the vituperation.
"We shall never forget."
The editor knew. Once normal again, the country would react with the normal reactions of the people. And normal reactions are to condemn and to praise.
Certain individuals have held meetings against newspapers. "Now we will combine and all cut our advertising. We will demonstrate to the newspaper that we are independent of that newspaper. We don't need it."
The editors know those things.
Six months later something happens. Into his office walk some of these same individuals.
"This or that is happening," they say. "You are the only person who can help us. The power of the press, it can do anything. It moulds public opinion."
And so on into the conference.
The editors don't even smile. They simply set the wheels in motion which produces the good which the individual asks for—if it is the correct thing for the community as a whole.
These editors don't recall the boycott meetings, the denunciation of previous meetings. That was yesterday. Today? Today is the beginning of tomorrow. And it is tomorrow the editors think about.
And so it goes.
It is a great story. It is a great life. Theatrics, drama, hates, prejudices, loves.
The sneer of the politician; the tear of appreciation in a mother's eye.
And the man who conducts your newspaper? Always an optimist. Frequently understood, frequently misunderstood. But always an optimist.

April.

And Nature, like Lazarus, rise as of old!
Let our faith, which in darkness and coldness has lain
Revive with the warmth and the brightness again,
And in blooming of flower and budding of tree
The symbols and types of our destiny see;
The life of the spring-time, the life of the whole,
And, as the sun to the sleeping earth, love to the soul!
—Whittier.

Formula for Farm Success.

"If we are going to build an organization such as we would like to see," said the manager of a dairy cooperative recently, "we must find some way to make every member think and talk about the cooperative the way he does about his farm, his automobile and his livestock."
"This can be brought about by bringing more of the problems direct to the members to get their advice and counsel in local meetings. Let us learn to talk about our cooperative and other farm organizations as part owners—and proud of it—instead of intimating that these organizations belong to the boards of directors or the managers. We must build around a principle, and not around men."
As the Industrial News Review says, it would be hard to find a better general formula for farm success than this.
Whether they belong to any sort of cooperative or not, farmers certainly can do themselves more good by praising their church, their school and their community—or doing something constructive to better these units—than they can by forever condemning.
And the leaders of church, school and community, in their turn, can certainly get better results if they do not adopt high and mighty methods of supervision.
The same formula applies, of course, to business men and other city dwellers. Success in any field must be cooperative success. And especially does this formula apply to communities and to community organizations.

Current Comment.

By LEON GUINN.
The flower gardens of Scurry County are always a color melody in the spring, since West Texas has always been blessed with a diversity of native flora. . . . We have reference to the hills and pastures covered today with changing carpets of royal purple filaree; crimson red where Indian blankets occur in patches untouched by hoe or hand; and a soft golden-red yellow where the prairie daisies "cover the country lane—for daisies used to not tell."
Man, the little package that he is, realizes that in a better land above one will find unlimited acres of flowers—for flowers are truly the loveliest jewels of Divine creation, and he who loves flowers is very near to the Creator. . . . Flowers, which are "gold and blue in hearts," according to Indian legends, through the ages have remained each spring since time began the ambrosia of nature's nectar, the alabaster perfume of a thousand yesterdays unloosed in fragile vials of poignant sweetness. . . . Life's pathway, rugged thoroughfare that it is, has far too few flowers along its wayside wells; how near people approach heaven's border land when they give their roses to the living. . . . For the sleeping cannot smell the sweetness of roses, which soon wither and die. . . . But a rose given the living becomes a thing of the soul that is reborn when spring carpets the hills and vales with flowers.
K. A. G., whom my dear friend (the late B. Kirk Rankin) informed me ran the poet's corner of Southern Agriculturist, burst forth with one of the weirdest idylls I have ever seen in their April issue. . . . jumping into the juvenile theme song of when he fell and skinned his knee, K. A. G. makes this remarkable statement in rhyme: "I limped along the best I could till I got home; and there I cried into my mother's neck." . . . We knew there was something wrong with a few folks in Tennessee, but never suspected they had holes in their necks! . . . Porous necks, "Believe It Or Not!" . . . One grants K. A. G. the benefit of the doubt however, and assume he refers to the hill billy mountaineers; whom some speckled woodpeckers probably mistook for rustic oaks or hickories.

One thing that gets under the in stained hide of newspapermen, who tire of "purist" sermons quickly, is the fact a lot of young blades these days are given over to chasing after "wild women" of rather loose moral calibre. . . . They're considered fairly "good old boys" for their little oat sowings along; "flaming youths" who must indulge in a brief day of downright meanness, but who soon "settle down." . . . The youth who do not indulge are considered "good kids who aren't smart enough to think a mean thought if they wanted to." . . . Yet, the wise (?) guys who soon get "burned" with social diseases always want to marry clean Christian women, who have kept their skirts clean of any and everything that comes along. . . . Why in the devil these "flaming" hoosiers don't yearn to marry gals of their own wayward type is beyond news editors! . . . Looks like these wild birds would want a wife who can raise a little hell herself. . . . Being decent for decency's sake still keeps the world on an even keel.

Lions Hear Two Members Tell of Their Life Work

In furtherance of its series of talks by members on their business or profession, the Lions Club Tuesday heard A. C. Pruitt and W. R. Lacey. Patti Hicks, recent state winner in junior piano competition, played two highly applauded numbers for the club.
The club had two guests, Herman Dook and Rev. James E. Spivey. The latter invited the club to take part in the revival services that begin at the First Presbyterian Church Sunday.
President Frank Farmer, First Vice President A. C. Pruitt and Past President J. C. Smyth were selected as delegates to the annual District 2-T Lions convention at Big Spring May 2-4.
Pruitt, local agent for the R. S. & P. Railway since 1916, told how the road reached here in 1908, and how plans to continue to Roswell, New Mexico, were abandoned when the Santa Fe made plans to enter this territory. He described the railroad's sources of revenue, its contribution to the county, and then gave some general information of public interest in regard to railroads of the United States.
Lacey, county agent, said extension service work, originated in Texas by Seaman Knapp, is comparative new, but that it has made giant strides in helping American agriculture. He traced the growth of the movement, especially in Texas, saying that the work is now supported by federal, state and county agencies. He cited trench silos, terracing and purification of milo maize seed among special services that are being rendered in this county through the extension service, and also pointed out the extensive nature of the program that has been handled through the county agent's office since the government's AAA and other similar programs have been started.

Four Applications For CMTC Will Be Offered in County

Word has just been received from Ralph H. Durkee, civilian aide of the secretary of war, San Antonio, that four more applications will be accepted from Scurry County for attendance of citizens military training camps this summer.
Applications may be made at the Times office to J. C. Smyth, chairman for Scurry County. Dates set for the camp at Fort Sill, Oklahoma, are July 5 to August 3. Two Scurry County boys, J. W. Edmondson and Eugene Pinkerton, attended the Fort Sill camp from this county last year.
The camps are open to young men between the ages of 17 and 24 years whose character and reputation is good, and whose good health will be certified by a county physician.

Top Completed for New Gym at Pyron

Pyron's gymnasium of native stone, on which work began in March after a delay of several months, now has a complete top, and workmen are completing interior construction.
The all-purpose building will be the fourth of its kind to be completed in Scurry County. Ira, Dunn and Snyder previously having constructed similar buildings with the assistance of federal funds.

Modern Farm Show Witnessed by Many

A musical drama of the modern farm equipment industry was portrayed Saturday afternoon at the Garden Camp implement house, sponsored by the local Minneapolis-Moline dealer, John C. Day & Son. More than 200 farmers saw the talking movies.
"Speed" and "modern power" was the theme of the entire musical drama. The onlooker had an exciting tour of practically the entire county and was shown the modern M-M farm machines in operation. In the many parts of the country the different methods of farming were explained, ranging from the cotton and rice fields of the sunny South to the waving wheat and corn fields of the North and then west to California's orchards, stopping on the way to show methods of farming in irrigated sections.
Finally, as the story continued, the theme returned to the Minneapolis-Moline factory for an exciting trip showing a maze of gears and machinery of the gigantic factories.
One who never has a wise moment is an all-day sucker.

prospect, buyers and prospective buyers of printing and office supplies, and national advertisers and prospects. It fills a definite gap in the paper's selling plan, say Willard Jones and J. C. Smyth, publishers.
"We can say some things about advertising and good printing in the little publication, and get them over, that would be difficult for us to say personally," Jones explains. "Furthermore, it serves as a sprightly reminder to those receiving it that we have space and services to sell. Most important of all, in our estimation, it proves to people to whom we are trying to sell advertising that we believe enough in our product to use it ourselves in our selling plan."
Another thing the house organ does for the firm is to provide a medium through which to advertise advertising, without having to use its own paper to do it.
"Our policy is never to run a 'house' advertisement in our weekly paper, featuring the value of advertising," Jones explains. "We believe that when a publisher takes space in his own paper to advertise to advertisers that he has space for sale, he is thereby admitting that he is short on advertising copy for that issue; and that creates the wrong impression. We want to get over the idea that we have a lot of advertising space and that we have no space to waste—that it is too valuable, every week, to fill it up with our own 'house' advertisements on advertisement."
"We can get over the same fundamental sales argument for the use of advertising space by using our house organ, without danger of creating that adverse effect. And at the same time we are able to demonstrate by our careful use of type that we are able to turn out a good job of printing, as well."
Comments from local merchants indicate that "Toddling Times" is doing a good job of local selling; and letters from national accounts indicate that the house organ, unique in that it is being published by a weekly newspaper if for no other reason, is doing a satisfactory job nationally.

Leading Citizen Of Hermleigh Is Taken by Death

George W. Hamil, 70, prominent resident of the Hermleigh community for 24 years, died last Thursday afternoon at his home after a prolonged illness from pneumonia.
Final rites were held Friday afternoon, 3:00 o'clock, at the Hermleigh Methodist Church, with Rev. Ira T. Hucklebee, Rev. G. E. Leslie and Rev. L. H. Beane officiating. Mexican Church to Remember Mother's Day With Program

The local Mexican Baptist Church, of which Rev. E. P. Gonzalez is pastor, will observe Mother's Day, Sunday, May 9, at 8:00 o'clock in the morning, with a special program.
Rev. Gonzalez, who is district Mexican missionary, hopes to make the program of district-wide interest, with members of the church being joined by friends from Colorado and other Mexican communities of the area.
After a song service, Rev. Gonzalez will preach. Boys and girls, men and women will then take part in a program that will include talks, readings and poems concerning mother.
"Una grata y cordial invitacion a todos nuestros hermanos y amigos," says Rev. Gonzalez.
