CAPTAIN JOHN E. SENTELL LEADS NATIONAL GUARDS 13TH YEAR

Company G Leaves for Camp Hulien
Ready to Bring Back Her
Usual Honors.

Although he has added a number of new men during the past year, Captain John E. Sentell of Company G, 142nd Infantry, Texas National Guard, thinks the Scurry County unit will rate up to par at Camp Hulien, near Palestine.

A special Santa Fe train will carry three officers and 65 men to the seaside camp. The local group will embark Friday afternoon for the 17-day camp.

As in the past, the khaki-clad soldiers are to form near the armory. They will march onto the business section, then find their own ways to the train, along with dozens of relatives, friends and sweethearts.

Company Among Best.

Since Company G was organized by Sentell here 13 years ago, it has won a number of honors, and has not ranked lower than fourth place in federal inspection any year, and it has won top place in the regiment two years.

First place in the musketry and combat problem at camp was won in 1931 and again in 1932, with all rifle companies in the division competing. This competition has not been held in recent years.

Three charter members of Company G will make the trip: Captain Sentell, First Lieutenant Tim O. Cook and Ollie W. Dever, private first class.

Following is the full company of 65 men and three officers that will go to the annual camp:

Officers—John E. Sentell, captain; Tim O. Cook, first lieutenant; Roy O. Irvin, second lieutenant.

Sergeants—Claude E. Ingram, first sergeant; Clarence H. Brush, supply sergeant; Delmer E. Holdren, Felix W. Jarratt, platoon sergeants; Leonard W. Spence, line sergeant; Homer M. Spence, mess sergeant.

Emergent—L. McCroary (corporal), company clerk; Alfred F. Barnett (private first class), first cook; Richard V. Davis (private first class), artificer; Ollie W. Dever (private first class), and Clarence G. Irion (private first class), military police; Luther P. Kemp (private), second cook.

Corporals—Ernest E. Birdwell, Johnson R. Davis, James C. Holladay, William H. Hudson, Hugh H. Merritt, Cecil H. Reynolds.

Company G Privates.

Privates first class—George D. Bills, Leslie J. Cole, Frederick S. Eades, Robert A. Groves, Billie M. McHaney, Harry R. McHaney, Charlie B. Morrow, Kenneth O. Pitzer, Essie L. Ryan, Fulton J. Strickland, Foch W. Walton, Harvey N. Walton.

Privates—Ralph A. Bates, Max C. Browning, Lester Brown, Mitchell C. Browning, Alvin Camp, Harold D. Crawley, Jack P. Crowder, Raymond L. Curritte, George D. Dyer, Leon Eades, Verdie L. Eades, W. D. Eades, Eugene R. Gladson, Ardath V. Head, J. G. Irion, Alvin B. Johnson, T. J. Kite, Henry S. Lightfoot, William P. Martin, Clarence R. McCarter, Alton V. McCowan, Willie T. Morrow, Singular E. Spence, Eugene A. Pinkerton, Frank O. Pinkerton, A. L. Price, Jeff D. Robison, Robert J. Rosson, Thomas A. Rosson, John G. Starnes, Ethridge G. Strickland, George E. Trousdale.

Sam Hamlett of Wichita Falls visited with his parents, Mr. and Mrs. J. H. Hamlett, here during the week-end. The Wichita Falls man is a former resident of Snyder.

The county school board will meet Saturday morning at 10:00 o'clock in the office of the county superintendent, for the discussion of transfers, checking of scholastics and other work preparatory to opening of most county schools within the next month.

The moving job from the north side, where Ware's has been located for several years, is being completed, and Henry Ware, owner, expects to have a full supply of fresh cakes, cookies, rolls and doughnuts ready in his new windows for week-end trade.

The new bakery location was given a hardwood floor. The front of the entire building, including the location of J. J. Dyer, jeweler and watchmaker, was remodeled and finished in black, silver and natural oak.

The county school board will meet Saturday morning at 10:00 o'clock in the office of the county superintendent, for the discussion of transfers, checking of scholastics and other work preparatory to opening of most county schools within the next month.

Dangerous Bikes

Bicycles are staging their most impressive comeback in 20 years, but it's not too much fun for all parties concerned when the two-wheelers are mixed with 1937 traffic.

Local and county officers say the night traffic situation is becoming too complicated for safety since the bicycle craze hit town, and they warn bicycle riders that their vehicles are subject to practically the same traffic laws as cars.

Officers say bike riders should obey regular traffic rules as to turning, riding on the right side of the street, and stopping at marked intersections—day or night. And night riders are required to have headlights and rear reflectors or lights.

ANOTHER AREA TO GET POWER

China Grove community is scheduled to have its rural electrification line completed within a few days, reports Floyd Merket, one of the prime movers for power and light in this Southern Scurry County community.

The new line ties onto the Dunn line, completed in the spring, near the point where the China Grove community road meets the Dunn-Colorado road. The line is between three and three and one-half miles long, and will serve about 20 customers.

Additional lines into Scurry County communities will be built if customer loads justify the extensions, according to repeated statements of Texas Electric Service Company officials.

The line through Buford and into Dunn was the first rural electrification project in West Texas, according to available records.

Baptist Revival Grows in Power, Declares Pastor

Although the evangelist and singer did not arrive until Monday, and did not conduct their first service until Monday night, Pastor Lawrence Hays says he is well pleased with progress of the First Baptist Church revival.

Rev. B. B. Crimm, cowboy evangelist, preached Sunday morning, and the pastor filled the pulpit Sunday night.

All morning services, except Sunday, begin at 10:00 o'clock, and evening services begin at 8:15 o'clock. Each business house is being requested to send at least one representative to each morning service.

"The services are featured by the simple yet forceful preaching of the gospel by Rev. E. F. Cole, pastor of the First Baptist Church, Lamesa, and by the song leadership of Johnny Cohen," says Rev. Hays. These two men recently completed a successful meeting at the Lamesa church.

All evening services are being held at the rear of the church, where seats have been placed and lights have been strung.

Women of the church are holding two prayer services daily—9:30 a. m. and 7:45 p. m. Other groups—Juniors, young people and men—are also holding prayer services at 7:45 p. m.

Rev. Cole has announced the following sermon subjects: Saturday night, "Saturday Night and Praise"; Sunday morning, "What Think Ye of Christ?"; Sunday night, "What Will Ye Do With Jesus, Which Is Called Christ?"

EDITORIAL

The Times has endeavored for several years to be emphatic but not prejudiced in its "Trade at Home" gospel. In other words, The Times believes the average buyer will trade in his home community if he knows he can get just about what he wants at a reasonable price . . . if the home merchants impress the buyer with the fact that they really want him to trade with them.

A number of local merchants and others are this week beginning an August campaign of "Trade at Home" pages. These messages in picture and type are designed to show folks in this trade territory that Snyder is really interested in getting their business and in keeping their friendship.

Most merchants in small towns are waking up to the fact that they must do something to combat the peddlers, the mail order catalogs, the glowing advertising letters, and the city stores' advertising appeals in daily newspapers. They are realizing, as some of them have realized for years, that the survival of the small town depends more on the small town merchant himself than on any other factor.

Snyder merchants want your friendship. They need your business if Snyder is to continue to be the type of town to which you may come with pleasure and profit.

So it is that the advertising messages are offered for four consecutive weeks. To read these messages is to profit from their sentiments.

TOWN DROOPS AS HEAT WAVE SLOSHES AREA

Maybe It Wasn't Hot Enough to Fry an Egg, But It Was Hot Enough to Bake Folks.

The heat wave was broken by a shower Wednesday night, precluded and accompanied by a wind that seemed to blow in all directions. The official gauge in North Snyder measured .22 of an inch, probably slightly higher than the town as a whole. Showers in most parts of the county were light, according to early reports reaching the Times.

Heat waves sloshed against Snyder good nature Wednesday afternoon until some folks thought they were going to bake.

The mercury climbed about 2:00 o'clock to 105 degrees. This mark had been reached once previously during the summer—last Friday afternoon, July 30—but the heat wave was not so prolonged that day.

Average maximum temperature for each of the past 13 days has been slightly more than 100 degrees. Lowest average was July 25, 98 degrees.

104 Degrees June 28.

Previous high for the season was June 28, when the mercury rose to 104 degrees. The 103 figure was reached June 30, July 1, July 13, July 14, July 26 and July 29.

Despite—or perhaps because of, in some cases—the siege of hot days, Scurry County crops continue to offer their best prospects since 1932.

The outlook for cotton as a whole is excellent. Many observers believe the county will make upwards of 30,000 bales if no more rain falls before picking time. Even the most pessimistic think a 20,000 to 25,000 bale minimum will be harvested.

Bolls Well Matured.

Bolls are well matured on early cotton. Most stalks are still holding all their fruit. And the flea and other pests are making slight inroads on county fields.

Far more feed has already been assured, say farmers, than the county raised last year. A large amount of early feed is being cut in late July and early August.

Continued high cattle prices, coming in the face of Scurry County stock that is in excellent marketing condition, adds another bright color to the picture of 1937 prospects.

Citizens Requested Not to Dump Fowl, Animals in County

After hearing opinions from several ranchers and farmers, County Attorney Sterling Williams requests The Times to remind citizens of the county that it is a violation of law to dump dead fowl or animals along any public road or highway.

The law also forbids the dumping of carcasses near any house or place of business, says Williams.

Ranchers and farmers point out that burning of carcasses is the surest way to prevent spread of disease by flies and other insects. A number of county folks who live on farms or ranches are following this procedure, it is reported.

Williams believes most of the dumping of carcasses and most of the failure to burn carcasses on their own places has been just neglect or oversight on the part of county citizens. He appeals to everyone to observe these suggestions concerning carcasses, for the sake of sanitation and health.

Roy William Green and Miss Lonabelle Locklear were united in marriage Sunday evening at 6:00 o'clock by Rev. W. J. Higgins, at the home of the Primitive Baptist Church minister in Northeast Snyder. The newlyweds reside west of Snyder.

Fair To Be Sponsored By Snyder Lions Club

Lake Sweetwater Beckons to West Texas Press

Sailboating is one of the varied forms of recreation at beautiful Lake Sweetwater, one of the largest bodies of water in West Texas, where part of the play

sessions of the West Texas Press Association convention at Sweetwater August 13 and 14 are to be held. In addition to boating, fishing and swimming, the lake

is to be the scene of a barbecue the evening of the 13th and of the annual golf tournament that afternoon. The sporty nine-hole golf course is municipally owned.

PAROLE BOARD IN FIRST MEET

The Scurry County parole board, appointed recently by Governor James V. Alfred, met Saturday in initial session.

H. L. Wren of Snyder, temporary chairman, was made permanent chairman, and John Slavery of Ft. Vanaman was elected as permanent secretary. Other members of the board are H. C. Campbell of Hermleigh, J. L. Carrell of Union community and J. C. Beakley of Dunn.

Details of the meeting have been forwarded to the governor, and the board expects to have full instructions within a few days for carrying out the governor's plan of assisting paroled convicts.

Mrs. Scott Injured.

Mrs. Jeff Scott of the Midway community was painfully blistered on the feet and legs Tuesday evening at 7:00 o'clock by boiling lard. Mrs. Scott was preparing supper, and started to pour a kettleful of boiling lard into a cooking bowl. The bottom of the bowl fell out, and the popping, sputtering grease blistered Mrs. Scott's feet and legs before she could get out of the way.

Canyon School Will Begin on August 16

Canyon school will open Monday, August 16, with the distinction of being the first county rural school to begin work. Opening exercises will begin at 8:00 o'clock, school leaders say.

Mr. and Mrs. Edwin L. Goolsby and Evelyn Worley, who taught the school last year, are returning to their work this year at the eight-grade school. J. W. Layne is president of the board, and R. E. Adams is secretary.

First 1937 Bale?

Will history repeat itself? The first Scurry County bale of the 1936 season was ginned early in the afternoon of Wednesday, August 12, by Raymond Lloyd. It was during that afternoon that the hottest weather ever officially recorded in the county was chalked up—115 degrees.

Ginners won't be surprised if a bale or two hits them any time now. Several farmers have their eyes on the customary prize money and premium.

Dates for previous first bales are as follows: 1928, September 12; 1929, August 12; 1930, August 25; 1931, August 27; 1932, August 25; 1933, August 23; 1934, August 19; 1935, August 23.

Election August 31 for Alderman In North Snyder

The City Council Monday night set Tuesday, August 31, as election day for citizens in the north ward, No. 1. On that date a successor will be chosen to O. D. McGlaun, who has moved outside the city limits.

City Secretary J. S. Bradbury said yesterday that J. V. Robinson's name has been submitted as a candidate for the vacancy.

The council also set another official date, Wednesday, August 18, will be public budget hearing day for a tentative budget submitted Monday night by the city secretary.

F. G. Sears was made chairman and J. E. Shipp and Gay McGlaun members of the new board of tax equalization.

Snyder National Bank was redesignated as the city depository. Building permits for July were reported at \$6,875, total for the year at \$35,325.

July water and sewer collections were \$1,658.62. Tax collections totaled \$352.58.

J. D. Rothwell in Hermleigh Revival

With J. D. Rothwell of Littlefield doing the preaching, a revival began last Saturday night at the Hermleigh tabernacle, sponsored by the Church of Christ there.

DELEGATE HAS TALE TO TELL

Tall tales were told at the Lions Club meeting Tuesday by Willard Jones, delegate to the Lions International convention at Chicago late last month.

Jones expressed the opinion that the trip was worth while if it had brought him only a new vision of what Lions in 11 countries are doing to make life more livable for the unfortunate of thousands of communities. "Action" is the watchword of Lions everywhere, he said.

The delegate exhibited various contraptions for use of "hicks" who wish to enjoy the Windy City more thoroughly.

Guests of the day included Johnny Cohen of Palestine, who sang "Sonny Boy" and "Old Faithful," with Miss Estine Dordard accompanying; Rev. E. F. Cole of Lamesa, who, with Cohen, is conducting a revival at the First Baptist Church; and Pat Bullock, former county superintendent, vacationing from his Austin position.

Son of New Ginner Helps Father Here

V. E. Browning has come to Snyder from Waco to become associated with his father in operation of the Browning gin. J. T. Browning, the older, recently purchased the new Joyce gin, and it will henceforth be known as the Browning gin.

The younger Browning has been associated for several years as salesman and erector for the Continental Gin Company, and was earlier associated with the Hardwicke-Etter Company, Sherman.

The Brownings are repairing the gin and adding several new up-to-date pieces of equipment.

J. T. Browning came to Snyder from Welch, near Lamesa, in Dawson County.

Camp Springs Man Falls in Hot Water

"Uncle Tom" MacDonald, bachelor brother of Mrs. John May of Camp Springs, was severely scalded Tuesday about 1:00 p. m. when he fell in a tub of boiling water.

He was burned from the waist up, and according to the attending physician he has an even chance of pulling through the ordeal. MacDonald was helping Mrs. May wash, and since he is subject to dizzy spells, it is thought one of these spells occurred when he went to see about the wash water.

HOME TALENT EVENT SLATED

A fall fair for Snyder and her trade territory was assured Tuesday at noon, when the Lions Club in regular session voted to sponsor the undertaking.

The club unanimously adopted a report concerning plans for the fair, presented by W. R. Lacey, county agent, chairman of the Lions agriculture committee. A. C. Alexander and Billie Lee are the other committee members.

Lacey was made general chairman for the fair organization, and was instructed to proceed with definite plans for an area-wide exhibit and get-together probably between mid-October and early November.

No Carnival or Rodeo.

One of the committee's recommendations was that no outside carnival or rodeo be invited. Plans call for strictly a home talent show, including concessions, plenty of entertainment of various kinds, and of course a variety of exhibits from all parts of the trade territory.

Financing of the proposed three-day fair through sales of season tickets at 25 cents each was suggested by the committee. It was pointed out that 4,000 tickets at 25 cents would net \$1,000, which would provide approximately \$500 for premiums and \$500 for expenses.

"And we propose that every person who enters the grounds must buy a ticket," said Lacey. "There should be no passes."

Community Directors.

"We recommend," continued the committee report, "that a meeting be held in each community to explain the fair idea and enlist their support, and that one director be elected by the people from each community to represent that community on the board of directors."

Lacey said yesterday that plans will be announced soon for presenting the fair plan to the various communities.

Among special attractions already suggested to the committee is a baby show to be sponsored by a local women's club.

The committee suggested that the school gymnasium and school grounds be used for the fair, since no other locations offer the natural advantages of that site.

Day for Old Timers.

If interest is thought sufficient, one of the three days will be set aside for old-timers of the entire territory. The committee points out that a list of old-timers was secured last year at the Centennial celebration, and that a permanent pioneer organization might be perfected during the fair period.

Along with this organization, it has been suggested that an old timers' contest be held.

Definite plans for community meetings for ticket sales, for other phases of the fair program are expected to be announced by the committee as quickly as they can be worked out. Several committees will also be named, said Lacey.

At Wastella

Evangelist A. C. Maxwell of Beaumont will begin a revival meeting at the Wastella Baptist Church next Sunday, according to Rev. Marvin Leach, pastor. His wife will have charge of young people's work.

The WOMAN'S Page

Out-of-State Guest Honored at Tea In Melvin Blackard Home Tuesday

To introduce her house guest, Miss Mearle Preston of Richmond, Virginia, who arrived in Snyder a week ago, Mrs. Melvin Blackard entertained Tuesday afternoon with a delightfully informal seated tea at her home, 3301 Avenue U. Guests called in two groups, at 4:30 and 5:15 o'clock.

Presented on the program were Mmes. Novis Rodgers and J. E. Sennell and Miss Estine Dordard. Mrs. Blackard's sister, all local artists. Mrs. Rodgers gave piano selections, Miss Dordard presented readings, and Mrs. Sennell favored the guests with soprano solos, with Mrs. Rodgers accompanying.

Garden flowers—lovely roses and vari-colored zinnias—were attractively arranged in entertaining rooms. A bouquet of zinnias centered the dining table. Mmes. J. D. Scott, G. B. Clark Jr. and J. G. Hicks assisted in serving food punch and tea wafers.

Local women calling to greet the Virginia visitor were: Mmes. Wraymond Sims, P. W. Cloud, J. C. Smyth, Ixon Joyce, Wayne Williams, Forest Sears, Alfred McOlman, R. J. Randall, Gaither Bell, Amos Joyce, Robert E. Gray Jr., Max Brownfield, Hillon Lambert, C. E. Ferguson, R. H. Odum, Hugh Taylor, J. Monroe, H. E. Ross, H. J. Brice, C. F. Sennell, A. C. Pruitt, W. W. Hamilton and E. B. Yeatts, Misses Dorothy and Neoma Strayhorn.

Local Girl Ranks High at Draughon's

Miss Neita Smith, a graduate of the local high school, is one of the 13 highest ranking students in Draughon's Business College, Abilene, for the summer session.

An average grade of "A" in all her subjects marks Miss Smith as an outstanding business student. Publicity from the college this week indicates that honorable mention has already been given the Snyder girl for her scholastic ranking at Draughon's.

Snyder General Hospital

Rattlesnake bites have been the cause of two Scurry County children being confined several days the past week in the local hospital. Billy Jack Boren, son of Mr. and Mrs. Billy Boren, who live north of town, was brought to the hospital Friday morning after being bitten by a rattler just below his ankle. He was doing nicely Tuesday—able to be taken home. Gaylon Collier, daughter of Mr. and Mrs. B. V. Collier of Fluvanna, was brought to the hospital Friday, also, and was moved home Monday.

Mr. and Mrs. S. W. Trevey are announcing the birth of a baby daughter at the hospital last Wednesday afternoon at 3:20 o'clock. The child, who has been named Margaret Fay, weighed eight pounds 13 ounces at birth. Mrs. Trevey and daughter were moved home early this week.

Two surgical patients of this week were still in the hospital Tuesday following operations last week. Eula V. Holden of Ira was operated last Wednesday, and Richard Brice underwent surgery last Thursday.

Medical patients since last report have included the following: Mrs. Henry C. Key, Justisburg; Mrs. Jim Wilson, Snyder; Mrs. Lawrence Gray, Cuthbert; Mrs. Ethel Smith, Justisburg; Howard Andrews, Abilene; and Lynn Flowers, Cuthbert. Mrs. Gray and Lynn Flowers were still in the hospital early this week.

Last week's patients remaining in the hospital this week include: Miss Minnie Falls, who suffered a broken arm early last week; June Colwell, Rotan; Mrs. M. G. Venus and Mrs. Teola Hart, both of Colorado, last week's surgeries; Mrs. T. P. Aaron of Fluvanna and her two-week old son; and Mrs. C. K. Winston of Snyder, medical patient.

When Women Need Cardui

If you seem to have lost some of your strength you had for your favorite activities, or for your household work... and care less about your meals... and suffer severe discomfort at certain times... try Cardui!

Thousands and thousands of women say it has helped them. By increasing the appetite, improving digestion, Cardui helps you to get more nourishment. As strength returns, unnecessary functional aches, pains and nervousness just seem to go away.

Mrs. O'Dell Ryan Is Society Member.

Mrs. O'Dell Ryan, teacher in the local school system, is completing work for a B. S. degree at West Texas State Teachers College, Canyon, this summer. She has been on the local faculty for several years.

Recently Mrs. Ryan was initiated as a member of the Lloyd Green Allen National Scholarship Society, local chapter of Alpha Chi, at a formal meeting held in Cousins Hall, where the local teacher is staying. The college newspaper, "The Prairie," carried a story of the initiation in a recent issue.

Home From Vacation.

Mr. and Mrs. Willard E. Lewis and son, Willard Jr., and Mrs. Lewis' sister, June Clements, returned home Sunday from a vacation trip to Detroit, Chicago and St. Louis. Leaving two weeks ago by train, Lewis accepted delivery on a new Plymouth fordr sedan in Detroit, driving to Chicago and back to St. Louis for a visit with relatives and old friends of the local drug store employee, who lived in St. Louis for several years.

Eska Girls' Work.

The eight members of the Eska Girls' 4-H Club have made quite a step forward with regard to accomplishing their clothing goals. The following articles of clothing have been made since January: 35 dresses, 13 dresses renovated, 14 slips, 8 cup towels, 19 hand towels, 3 aprons, and 18 other garments which include such articles as smocks, pajamas, negligees and blouses.

Miss Lucille Dees of Greenville, Alabama, who has been a house guest of Mr. and Mrs. Grady Ferguson at their Borden County ranch for several weeks, left the past week-end for New Orleans to spend a few days with friends before returning home. She was accompanied as far as Merkel by Mr. and Mrs. Ferguson, who visited briefly with Mr. and Mrs. Bob Corley.

Local Girl in Audition.

Virginia Robinson, daughter of Mr. and Mrs. J. L. Robinson, left Sunday for Dallas to spend several days. She was presented Monday in an audition, singing with Lehan Smith's orchestra, for a commercial hook-up of three broadcasts weekly over Dallas radio stations. She will be a member of the Dallas Little Theatre, with the season opening in October.

Mr. and Mrs. A. J. Logan, their daughter, Mrs. Gordon Smith, and another granddaughter of the Logans, Lynn L. Logan, daughter of Mr. and Mrs. Arch Logan of Van Horn, arrived this week from a visit with Mr. and Mrs. Rex Miller at Paris, Mrs. Miller, the former Lillian Logan, who was named "Ideal Girl" in the local high school in the spring of 1925, returned home with them for a short visit.

Mrs. E. F. Sears and daughter, Mrs. Lacy Turner of Wink, were week-end visitors in Slaton with relatives and friends.

Mrs. R. H. Odum, secretary of Sweetwater district Methodist women, was among the 275 women from west of the Mississippi River registered at the Methodist missionary training school at Mount Sequoyah, near Fayetteville, Arkansas, the latter part of July.

Dr. W. T. Watkins, instructor of church history in Emory University, Atlanta, Georgia, was in charge of all morning devotionals during the 10-day school. Dr. Emory Ross, author-lecturer, was one of the outstanding speakers on the program. Recently returned from Africa, Dr. Ross gave interesting discussions of native religion, people and customs.

Courses in women's work in the church were of great value to district officials present for the school. Mrs. Odum said. The beautiful scenery was an inspiration to students and instructors alike, she said.

Other Northwest Texas Conference women attending besides Mrs. Odum and Mrs. C. A. Bickley, vice president of the conference, were the following district secretaries: Mrs. E. E. Traweck, Abilene district; Mrs. J. B. Dodson, Stamford district; Mrs. S. A. Duckett of Tulsa, Plainview district; Mrs. Bernice Young of Post, Lubbock district; and Mrs. Haymes, Amarillo district.

The West Texas women visited Rogers and Eureka Springs, also, between class hours. Site for the city of Eureka Springs, called the "Little Switzerland of America," is unique, because of its three-tier arrangement on the side of a mountain, each tier completely organized within itself.

Local Girl in Audition.

Virginia Robinson, daughter of Mr. and Mrs. J. L. Robinson, left Sunday for Dallas to spend several days. She was presented Monday in an audition, singing with Lehan Smith's orchestra, for a commercial hook-up of three broadcasts weekly over Dallas radio stations. She will be a member of the Dallas Little Theatre, with the season opening in October.

Mr. and Mrs. A. J. Logan, their daughter, Mrs. Gordon Smith, and another granddaughter of the Logans, Lynn L. Logan, daughter of Mr. and Mrs. Arch Logan of Van Horn, arrived this week from a visit with Mr. and Mrs. Rex Miller at Paris, Mrs. Miller, the former Lillian Logan, who was named "Ideal Girl" in the local high school in the spring of 1925, returned home with them for a short visit.

Mrs. E. F. Sears and daughter, Mrs. Lacy Turner of Wink, were week-end visitors in Slaton with relatives and friends.

20TH CENTURY SPONSOR FOR CITY LIBRARY

Continuing work on the club project, the city library movement began last year, Twentieth Century Club, one of Snyder's oldest study clubs, looks forward to a bright club year. With outstanding work of the past year in view, the 1927-28 club year promises to be the busiest since organization in 1921.

Featured in last year's report for Twentieth Century, which won for the club third place in the district, was initiation of the library movement, purchase of books and cash donation for building. Besides meeting all requirements set by the board, the club won a \$50 cash prize in a Texas-made products contest, made donations to the local child welfare unit and also to a crippled children's clinic at Marlin.

New yearbooks for Twentieth Century Club, the third study group of the town to complete plans for the coming year, have been given members of the club recently, according to Mrs. W. R. Lacey, president, and Mrs. Joe Strayhorn, immediate past president.

Other new club officers are: Mrs. B. M. West, first vice president; Mrs. J. Nelson Dunn, second vice president; Mrs. R. W. Cunningham, recording secretary; Mrs. Allen Warren, corresponding secretary; Mrs. J. E. LeMond, treasurer; Mrs. P. C. Chensault, parliamentary; Mrs. Joe Strayhorn, reporter; Mrs. D. P. Yoder, director of music; Mrs. H. J. Brice, timekeeper.

"The American Home," chosen by the club for study next year, holds more human interest than any selected study by local clubs, the 16 members of Twentieth Century think. Special programs during the year will include those on health, Christmas, Texas Day and federation.

First meeting will be September 21 for a study of "Family Relations," and the year will close May 17 with a program on "The Art of Every Day Living." Roll call for the May 17 program will be an exhibit of hobbies or handicrafts, and discussions will include safety, good manners, hospitality and friendship.

Social features for the year are the homecoming luncheon November 2, with a program on "International Good Will," and the traditional grandmothers' party May 3.

Marriage Announced In County This Week.

Marriage of Annie Lee Grubbs, daughter of Mr. and Mrs. Homer Grubbs of Dunn, and Arlon Elford, son of Mr. and Mrs. H. C. Elford, was solemnized Saturday morning, with J. Porter Sanders, local Church of Christ minister, reading the ceremony.

Attending the couple were Margie Lou McCollum and L. E. McCollum as maid of honor and best man. The bride wore a printed silk frock with white accessories.

Leaving immediately after the ceremony for a visit with relatives at Post and Bector, the couple will return late this week to make their home in Scurry County.

Former Residents Visit.

Guests of the D. P. Strayhorns and other friends here include former residents, who now live in Eskola—Mr. and Mrs. O. R. Hendricks, their daughter, Inez, and son, Earl, and Mrs. Hendricks' sister, Mrs. Wynona Dove. Mrs. Hendricks was formerly Maude Pryor and Mrs. Dove was Myrl Pryor during the years they attended local schools and resided in Snyder.

Miss Fern Hudson of Dalhart, a graduate of Texas Technological College, Lubbock, returned home Tuesday after several days' visit with a school friend, Juanita Sennell, at the home of the local girl's parents, Mr. and Mrs. C. F. Sennell. Arthur Earl Gamble of Lubbock was also a week-end guest of Miss Sennell.

Billy Herb, Jay and Cornelia Bannister, children of Mr. and Mrs. Herbert Bannister, of Lubbock are guests of their grandparents, Mr. and Mrs. R. C. Grantham, here this week. The Bannisters, Mrs. Allan Moses and Miss Hazel Bannister are spending the week in Dallas and Fort Worth, attending the Pan American Exposition and Frontier Fiesta.

At the home of Mrs. Strayhorn, with Mrs. Cunningham directing the afternoon's program.

LET'S TALK ABOUT CLOTHES

BY A YOUNG MODERN

The millinery world is marshaling its forces for an overwhelming uprising! Up go crowns, up go brims, and up goes milady's head when she sees how flattering are the newest, most insane creations.

Even brerts will reach skyward this fall, and floppy bows will ornament those models with ordinary crowns. Inspiration for the new modes comes from the Paris Exposition, where representatives of every nationality are adding their individual ideas to the fashion whirl.

With black definitely settled as "the" color for this fall, hats are being presented in sleek, pliable black felt, in drapable duvetynes and in antelope, which will probably lead as favorite. Gayer numbers set off their blackness with richly embroidered bands, with smart feathers with flat bits of fur and with printed ribbons.

A little bonnet affair with a high-flung crown and a short visor brim which is pushed back far enough to show bangs or a part is popular. Another model features a close-fitting crown with a flaring cuff of stitched black felt shooting straight up into the air.

Hats to be worn with suits and town dresses are set far back on the head or tip well to one side. Veils will attend any occasion again, both in little flirtatious wisps and in big circles for the toques and turbans.

The beret will be a mainstay of the season, only the new models are hardly to be recognized as berets. One is immensely high in front, climbing straight from the forehead, then sliding down in back to cling to the head with a shallow crown. The uprising is on!

Mr. and Mrs. Vernon Carnes and son, Gene Edward, of Hobbs, New Mexico, Hubert and Willard Carnes, Glen (Shorty) Graham of Houston, Mr. and Mrs. A. J. Carnes and daughters, Polly and Mary Jane, spent Sunday with Mr. and Mrs. Eugene Kruse at Ira.

Local Teachers Enjoy Lufkin Visit.

Dorothy Strayhorn and Margaret Williams returned to Snyder, where both are members of the school faculty, early last week following a vacation trip to New Mexico and Colorado and visits with friends at Winnboro and Lufkin. Miss Williams left last Thursday for her home in Frederick, Oklahoma, to stay until school opens in September.

The two and Margaret Henderson of Lubbock visited with Mrs. Bernice Weir, their companion vacationist, at Winnboro, and were guests of two other local teachers at Lufkin—Wanda Newman and Mrs. Earl Medford, the former Lillian Abney. They stopped in Fort Worth on the way back to West Texas for a night at Casa Manana.

During their five-day stay in Lufkin, Misses Strayhorn and Williams were guests at numerous social affairs, the first of which was a bridge-luncheon at a beautiful country home near Lufkin. They were included in the guest list for a picnic, which was to honor Mrs. Medford, a recent bride, and attended a morning coffee and several other bridge parties, including one given in their honor by their hostesses.

Mrs. Ira Sturdivant and daughter, Ethel Mae, were week-end visitors in Fort Worth. Miss Sturdivant, a long-time employee of Southwestern Bell-Telephone Company, transacted business for her company during the brief stay.

Charline Ely Is At Northwestern.

Charline Ely, daughter of Mr. and Mrs. W. J. Ely, who taught last year in the Water Valley school, near San Angelo, is among the 4400 students attending Northwestern University at Evanston, Illinois, this summer. Miss Ely took her B. A. degree from McMurry College, Abilene, in 1926.

Students at Northwestern, on the shore of Lake Michigan, represent every state in the Union and several foreign countries, and this summer session is the largest in the history of the university. The faculty consists of 315 persons, of whom 118 are visiting instructors.

Mr. and Mrs. R. C. Grantham and grandson, Billy Herb Bannister of Lubbock, were guests in the home of Mrs. A. F. Cole in Fort Worth during the week-end. Mrs. Cole, Mrs. Grantham's sister, accompanied them home Monday.

A Portable Yard Light Adds An Outdoor Room to Your Home

Here Are The Details of This New Portable Yard Light

White Reflector Diffuses Light

Why stay indoors on hot evenings when you can enjoy cool outside night air in your yard? With a portable yard light, described at the right, you can have just the right amount of illumination outside for reading, for games or for work in the cool of the evening.

We will be glad to demonstrate this lamp at your home, without cost or obligation. Just call our office.

The green and white porcelain reflector, containing a 300-watt globe, is mounted on a 10-foot metal rod, high enough to give a wide diffusion of light.

Sticks in Ground Easily and Quickly

The lamp can be stuck in the ground easily and quickly by stepping on the top of the spear, which has a flange for this purpose. It is easily removed by pulling.

Spear Holds Light Upright in Ground

The spear is ribbed and specially designed to hold the lamp firm in either hard or soft ground.

for Relaxation -- Entertaining -- Work

- Relax in comfort in an easy chair in the back yard and read where it is cool. This new type of portable yard light sticks in the ground anywhere, and provides a strong light for reading.
- The same light will give you brilliant illumination outside for bridge, picnic dinners at home or for dozens of other outdoor entertainments or games that cannot be played indoors in hot weather.
- Leave your yard work until after dark when it is cool and let this yard light make the work cooler and easier. It can be moved to any part of the yard for mowing the lawn or trimming the hedge.

Add new zest and relaxation to your evenings at home, and new life to outdoor parties and games with this portable yard light. This well-made flood light and the 50 feet of weather-proof cord will provide light for many pleasant evenings outdoors. This light uses only about 1 1/2 cents worth of electricity an hour.

FUN with FACTS

THE FACTS

You can readily perceive the similarity in movement between intercepting the coin and moving your foot from the accelerator to the brake in an emergency. At 40 miles per hour, you travel 60 feet in 1 second. If your reaction time is 1/4 second, your car will have traveled 30 feet between the time you recognize a dangerous situation and the time you get your foot on the brake. This has nothing to do with stopping the car; the brake action has yet to take place. Four-wheel brakes in good condition may stop your car in an additional 80 feet. Total distance, 110 feet.

At 50 M.P.H., reaction time would consume 38 feet, braking 125; total 163 feet.

At 60 M.P.H., reaction time would consume 45 feet, braking 150; total 195 feet.

Note that twice the distance is necessary to stop at 60 M. P. H. as at 40 M.P.H.

Now you can see why it pays to be careful at intersections and in congested areas.

THE FUN

Stand facing your subject, who may be sitting or standing, about two feet away. His feet are together. You have a coin or other small solid object held loosely between your thumb and forefinger, approximately 30 inches above the floor (most tables and desks are 30 inches high). Your subject watches this coin. When, without warning, you drop it, he moves his right foot to intercept the coin so that it will strike his foot instead of the floor. Try several times.

It takes the coin 3/4 of a second to reach the floor. From a height of 48 inches, it will take 1/2 of a second. From a height of 70 inches, it will take 3/4 of a second.

Reaction time of 3/4 of a second is very good; 1/2 second is fair; 3/5 of a second is slow.

TWO HUNDRED FARMERS LEARN METHOD OF HOPPER CONTROL

Two hundred Scurry County farmers Friday attended either the field demonstration on control of cotton fleas hoppers at the Nathan Wade farm, or the picture on control measures at the Ritz Theatre immediately following the field demonstration.

W. S. McGregor, entomologist with the state experiment station, led the discussion in the field. He showed typical cotton flea hopper damage by stalks from the field, explained the control measures necessary to check this damage.

Superfine sulphur has proven practically 100 per cent effective when dusted on the cotton two or three times at seven day intervals, he said. Usually 12 to 18 pounds of sulphur per acre is required for such dusting, which would make the sulphur cost around 40 cents per acre for each dusting.

McGregor pointed out that the flea hopper is on the increase over all of Texas and that control is becoming more important each year as witnessed by the increase of barren stalks in the cotton fields.

County Agent W. E. Lase said yesterday that the flea hopper infestation in Scurry County does not promise to reach serious proportions this year.

After the talk, McGregor identified the insect in its various stages for the group. He was assisted in this identification by the following visiting county agents and vocational agriculture teachers: E. B. McLeary of Borden County, Joe Williams of Dawson County, T. H. Roenach of Fisher County, Buford Browning of Fluvanna school, C. Littlepage of Hobbs school.

The group then came into the Ritz Theatre, where W. H. Mecom of the Freeport Sulphur Company presented a motion picture which served to further explain the damage done by the flea hoppers, the appearance of the insect and use of sulphur in dusting with different types of machines.

At the conclusion of the picture, Mecom and McGregor answered further questions regarding control measures. It was brought out that one farmer can dust and control the flea hopper without having to

worry about re-infestation from a neighbor who does not dust his crop. While the insects will migrate early in the season, after they locate in a cotton field they usually remain in that field during the remainder of the season.

Brother of Bailey Dies in Plainview

Marcus Bailey, 25, known to a number of Scurry County people, died July 25 in a Plainview hospital following an operation. Funeral services were held July 26 in the Ritz Center, and interment was in the Ritz Center cemetery.

Bailey was a brother of A. A. Bailey, who for a number of years had a few weeks ago was past manager of the Southwestern Bell Telephone Company. Marcus worked in various capacities for the years.

Texas Women Outnumbered. There are approximately 100,000 more men than women in Texas according to the last population figures. The actual totals are 2,955,994 males as compared to 2,855,721 females. Another interesting tabulation shows that more than 1,000,000 more Texans live on farms and in rural areas than in cities.

Irrigated Alfalfa Pays. Charles Pickrell, a farmer east of Littlefield, reports that in 1936 he cut 198 tons of alfalfa from 22 acres of irrigated crop. He made five cuttings that netted him \$142 per acre. He also raised 107 bales of cotton from 90 acres of irrigated crop.

Presbyterians to Buffalo Gap for State-Wide Meet

Evangelistic preaching, training courses, vacation Bible school, fellowship and recreation will feature the state-wide Buffalo Gap camp meeting, August 15 to 22, which several local Presbyterian families are expected to attend.

Rev. James E. Spivey, local Presbyterian pastor, and Mrs. Spivey will be superintendents of the vacation Bible school. "Although sponsored by the Presbyterian church, the meeting will be open to non-members as well," they say. Dr. Everett B. King of Fort Worth will deliver sermons, and Dr. L. R. Hogan of Fort Worth will direct the music. Mrs. Gordon Weir of Abilene will serve as pianist. Dr. King and Dr. Hogan recently conducted revival meetings at the local church.

Dean of the training school will be Rev. Ben H. Moore of Brownwood, and adult work will be in charge of Rev. Edgar Hubbard, for 15 years pastor of a church at San Antonio. Young people's courses will be taught by Rev. H. G. Markley of Breckenridge, Rev. Garland Sherrill of Gainesville, and Rev. Joe N. Everhart of Kerens.

The general staff will include Rev. Charles W. Estes, Winters, camp master; Dr. George W. Fender, Arlington; Messrs. J. M. Bannister, Lubbock, Kerens, morning watch; and Charles M. Estes, Winters, director of athletics.

Justiceburg Woman Succumbs in Local Hospital Last Week

Final rites for Mrs. Mary Ethel Smith, 58, who died in a local hospital early Friday morning, were held Saturday afternoon, 4:30 o'clock, at the Justiceburg school house. Rev. W. K. Harn of Close City and Rev. O. J. Harmonson of Southland officiated.

Mrs. Smith, a native of Texas, died after a two-day illness. She had resided in Garza County, near Justiceburg, for 17 years. The family farmed and ranched. She was a member of the Baptist church.

Surviving are two daughters, Mrs. Emma Rose of Berger and Mrs. Jimmie Dee Parks of Justiceburg; two sons John B. Smith of Justiceburg and Oliver Smith of Post; three brothers, Warren S. Butler and James M. Butler of Anson, John Butler of Station, five sisters, Mrs. Dorothy Harris of Anson, Lois Lee of Channing, Mattie Owens of Post, Virgie Smith of Post, Willie Crawford of Anson.

Mattie Funeral Home had charge of arrangements for burial in Justiceburg cemetery. Pallbearers were Robert Baughn, Clyde Woodard, Clyde Olson, Hasty Cash, Harrison Brown, Herb Patterson, E. C. Peterson and James Hight. Mrs. Ernest Deavers was in charge of flowers.

New showcard ink at The Times.

Local Happenings

Ruth Line has returned home from a vacation at Ysleta and El Paso.

Mr. and Mrs. Bob Corley of Merce were week-end guests of the C. E. Fergusons.

Tommie Black and family of Tyler are guests this week of Mr. and Mrs. W. R. Shultz.

Mr. and Mrs. Claude Hicks and children of Roswell, New Mexico, are visiting with relatives here.

Mrs. F. W. Wolcott left Monday for El Paso for a visit with her aunt, Mrs. Empress Arrington.

Misses Helen and Melva Dean Scott of Lamesa are visiting in the home of their sister, Mrs. R. M. Mathews.

Margaret Henderson of Lubbock, teacher in local schools, visited in Snyder briefly Tuesday, en route to Waco to spend a few days.

Miss Mearle Preston of Richmond, Virginia, is a house guest of Mrs. Melvin Blackard. Miss Preston arrived here last Wednesday.

Mrs. J. M. Bannister of Lubbock is a guest of Mr. and Mrs. J. S. Lewis and daughters this week. Mrs. Bannister was formerly a Snyder resident.

Mr. and Mrs. Bill Banta of San Angelo were business visitors in Snyder Tuesday. Mrs. Banta, the former Thelma Lee Burditt, also greeted old friends here.

Mrs. T. Egeron and daughters, Virginia and Dorothy, left Saturday night for Austin to spend the remainder of the summer with their daughter and sister, Nana Bess Egeron.

Guests of Mr. and Mrs. William A. DeBald this week are Mrs. DeBald's parents, Mr. and Mrs. W. T. Cook of Crosbyton, and her sister, Mrs. H. C. George, and Mr. George of Sulphur, Oklahoma.

Mr. and Mrs. Lawrence Lewis, Mrs. Charles J. Lewis, Charles Lewis, Tulla Moore and Myrtle Ray Lewis visited in Waco Sunday, returning with Jane, daughter of Lawrence Lewis.

Mr. and Mrs. Darwin Whitmore of Snyder and Paul Walker of Rising Star left here yesterday for Ventura, California, where they will visit the Rising Star meat father, E. S. Walker, and family.

Mrs. Kelley Fogg of New Orleans visited with her son and wife, Mr. and Mrs. C. E. Ferguson, here recently, en route from Los Angeles to her home. Mrs. Fogg was formerly Miss Imogene Pullen, and for several years made her home with the Fergusons here and attended local schools.

Social Security Question Box

Editors' Note: The Times is publishing a series of questions and answers concerning the federal old-age benefits provision of the Social Security Act. Employers who wish to have further questions answered should write to the Social Security Board of office, 1530 Allen Building, Dallas.

Question: In what cases, if any, should an employer file an application Form SS-5 for an employee's Social Security account number card?

Answer: Employers should file an SS-5 application on behalf of an employee and secure the employee's account number only when the employee has failed to file an application himself before (1) leaving the employer's service, (2) before attaining the age of 65, (3) before dying prior to the age of 65, or (4) before the end of an informational period (June 30, 1937, and quarterly thereafter).

In the first three cases, the employer will file the SS-5 application on or before the tenth day after such date. In the fourth case the employer will file before the tenth day after the end of such informational period.

If the employer files an application for the employee, the employer should give as much information called for as he is able, and should sign the application, inserting after the signature the word, "employer." The employer should also state at the bottom of the form the reason why he filed the application.

To Teach at Rochester. Evanelle Arnold, daughter of Mr. and Mrs. A. W. Arnold, has been elected to the faculty of the Rochester schools for this school year. A graduate of the local high school, Miss Arnold received her degree from Hardin-Simmons University, Abilene, in June of this year.

Los Angeles Times: If you can't speak well of your fellowman, let him do the talking.

Ten-Night County Line Singing Begun

A 10-night singing school started at County Line Monday night, with Eddie Williams of Hobbs teaching. According to community leaders, "everyone is invited to come and help make our singing school a success."

Ivan Potec has been one of the community leaders instrumental in securing the school.

A concert, with visiting singers invited, will close the 10-night school.

Former Pastor Is Ill

Friends of Rev. J. P. Bryant of Colorado, former Presbyterian pastor in Snyder, will be sorry to hear of his severe illness. Confined to his bed for several weeks, the former Snyder pastor was improved early this week, according to reports here. Rev. Bryant is at his home in Colorado, 428 Pine Street.

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—One of the most interesting gubernatorial campaigns in the history of Texas is developing more than a year in advance of the election, with more rumors, guesses, speculation and hot air being generated than in any previous fight for the state's highest office. The already muddled situation was further complicated this week in the minds of some political writers by the announcement in Dallas by Jim Ferguson that his wife might offer for a third time "a sufficient number of people demand it."

The Alford third term balloon, sent up a month or more ago, is still worrying some of the politicians, despite the announcement by Senator Tom Connally in Washington that the Texas federal judgeship bill, although abandoned for this session, will be passed at the January session of Congress. This revived hope in the Alford camp that the appointment of the governor to this post might still go through, thus taking Alford definitely out of the race before the campaign warms up.

Thompson Sure to Run.

Reports that Col. Ernest O. Thompson, railroad commissioner, might decide not to run for governor, have been assiduously circulated and frequently published during the past few weeks. These reports have emanated chiefly from sources to whom the wish was father to the thought. Any informed political observer, who gets his information from factual sources rather than from hopeful politicians, can find out in an hour's conversation in the right places in Austin, Dallas or Houston that Ernest Thompson will not only be a candidate when the time for announcement comes, but that several hundred active political leaders throughout the state, constituting the backbone of the forces which elected and re-elected Jimmy Alford governor of Texas, are actively at work in Thompson's behalf. It is fairly obvious that next July's primary will be a race for governor between the red-headed ex-governor of Amarillo and Bill McCraw, the attorney general, who has been campaigning actively for months.

Campaign Strategy.

Strategy of the Thompson camp is to let McCraw take the play now, and to time their own campaign for a short, intensive effort that will reach the peak at election time. Due recognition is given to McCraw's ability as a personal campaigner, but the Thompson advisers have proved to their own satisfaction in the past that organization wins elections in a state as big as Texas, and that with good organization it is necessary for their candidates to address so many high school, fraternal, club, or shop as many voters on the back. There have been exceptions enough to prove this rule—the individual speaking campaign of Pat Neff comes most vividly to mind—but the preponderance of evidence favors the organization method.

Those close to the situation here do not believe that Governor Alford will seek a third term, regardless of whether the Legislature enacts his platform demands of more general revenue, public utility regulation and further social security cooperation by the state, at the fall special sessions. As a matter of fact, the results achieved at the regular sessions would indicate that the legislators will not enact this program. As for the Ferguson third term talk, none here takes it seriously. Jim Ferguson victories have always been personal victories for Ferguson. Today, Ferguson is aged, his health impaired, and he is obviously unable to stand up under the rigors of a hard campaign under a Texas summer sun. His influence has been dissipated, and his talk now is regarded as the irresistible response of an aged firehorse, which hears the bell ring, but can no longer gallop to the blaze.

How to Get the Money.

When the special session begins next month to wrestle with the problem of raising revenue to take up the \$10,000,000 general fund deficit, another effort will be made in both houses to do something about applying existing taxes equally and fairly. The effort has been made in many sessions, and has always failed. Representative C. M. McFarland of Wichita Falls, best-informed house tax expert, has fought unsuccessfully in many sessions for measures equalizing property assessment, and enforcing collection of delinquent taxes. Senator Manley Head of Stephenville plans to sponsor the fight in the senate again. Head cites figures to show the state could pick up \$400,000 annually by merely ironing out the inequalities of automobile taxation. Last year, 1,532,168 motor cars were licensed, but only 948,741 of these cars were rendered for ad valorem property

Union Chapel

Ruth Barnett, Correspondent

Sunday visitors in the Odus Odum home were Mr. Loyd and Alton Odum of Slaton, Lane Steele and Mrs. Dave Ingram of Cross Plains, Mr. and Mrs. Ralph Odum and Rev. and Mrs. H. C. Gordon of Snyder.

Visitors in the W. A. Barnett home Sunday were Mr. and Mrs. R. C. Layne of Snyder, Miss Lola Mae McKinney of Crowder, Luella Layne of Canyon, and Mr. and Mrs. Jack Starnes of Snyder.

Nolan Adams of Rankin is visiting his parents, Mr. and Mrs. J. B. Adams.

Mr. and Mrs. Edward Bragg of Hermleigh are visiting her sister, Mrs. Odus Odum, and family. Harvey Barnett, Edward Shuler and Bob Lunsford spent the weekend in Dallas. Floyd Hodges returned with them.

Mr. and Mrs. Iver L. Johnson of O'Donnell is visiting here with Mr. and Mrs. Sherman Blakely and children.

Mrs. Loyd Odum and children of Stanton and Garth Odum of Claremont visited last week with Mr. and Mrs. Odus Odum.

Folks, don't forget that the Methodist revival will begin Sunday. Rev. Gordon of Snyder will do the preaching.

Dallas Pastor Will Conduct Ira Revival

Rev. R. B. Cooper of Dallas will be in the pulpit for a two-week revival meeting that opens Saturday night in the Ira tabernacle, under auspices of the Ira Baptist Church, reports Rev. R. E. Bratton, pastor. Services will be held daily at 10:30 a. m. and 8:30 p. m.

Home singers will be in charge of song services. Rev. Bratton asks The Times to extend a cordial invitation to folks in Ira and other communities to join his congregation in the services.

Rev. Cooper will be conducting his first revival in this section of the state. Now pastor of a Dallas church, he was formerly pastor at Idalou.

Good Crop at Post.

One of the finest fruit crops in years is reported from Post. James Casper of Cross Roads has an orchard of from 300 to 400 trees from which he expects to harvest a peach crop of approximately 300 bushels. Later the same community expects an excellent apple crop.

taxes. On those rendered, the valuations show wide variance, so that the average value of all the cars in Texas is less than \$100 each—while in some counties the average valuation is over \$200. Galveston County's average is \$305. Liveoak County's is \$10. Upshur County's average valuation on its 4,239 cars is about \$5 each.

Great Inequality.

Duval County lists only \$1 auto on its tax records, but leased licenses to \$714. Andrews, Hall, Hill and Brazos Counties failed to tax any automobile, although 14,900 licenses were issued in those four counties. Head points out passage of a simple statute, requiring automobile owners to show they had rendered their cars for property taxation, before a license is issued to them, would put nearly a half million dollars annually into the state's treasury, without imposing any new taxes.

Another classic example of inequality of valuation is in two central Texas counties where mules are rendered in one county at \$25 a head, and just across the line in the neighboring county, at \$2.50.

McFarland estimates that 11 billion dollars of property that ought to be on the rolls is escaping taxation—and that the tax yield from this would give the state enough to wipe out the state's \$10,000,000 deficit and leave 10 to 12 million dollars additional for payment of old-age pensions, without imposing a cent of new taxes, or raising any existing tax rates.

Crowder News

Lola Mae McKinney, Correspondent

Mr. Lambeth of Snyder was a visitor in this community Wednesday.

Evans Millhollan of Canyon was a Thursday afternoon visitor here. Mr. and Mrs. Carnes of Hobbs, New Mexico, were Sunday visitors with Mr. and Mrs. W. C. Brooks.

Mr. and Mrs. J. A. McKinney and children and Mr. and Mrs. Whit Farmer and son, J. H., spent Sunday with Mr. and Mrs. Tom Henderson of Post.

Lola Mae McKinney was a Saturday night and Sunday visitor with Ruth Barnett of Union.

Edd Millhollan of Canyon was a Monday visitor in this community.

Mrs. J. A. McKinney and Mrs. W. A. McKinney were Wednesday afternoon visitors with Mr. and Mrs. R. C. Layne of Snyder.

Mr. Weatherbee of Snyder was a visitor in this community Wednesday afternoon.

What's in a Name?

Strange sources furnished some of the names of Texas towns. Amarillo, which is the Spanish word for "yellow," is said to be named for the coloring of the walls of Palo Duro canyon. Three men put names into a hat and drew out the official title of "Aubrey," which was the name of one of their girl friends. The town of Blessing was given that name by John E. Pierce in appreciation of its founding. He wanted to call it "Thank God," but the railroad objected. Sacul and Tonus are "Lucas" and "Sunset" spelled in reverse, but no one knows who had the backwards idea or why the towns were so named.

Official Texas Symbols.

The state tree of Texas is the pecan, its bird the mockingbird, its motto "Friendship," and its flower, of course, the bluebonnet. "Texas, Our Texas," composed by Gladys Y. Wright and W. J. Marsh, was officially adopted as the state song in 1929. The seal of the state is a star of five points encircled by olive and live oak branches with the words "The State of Texas" inscribed.

Midway Song Hoed.

Midway community was host Sunday evening to singers from Plainview, Mt. Zion, Strayhorn, Camp Springs, Hermleigh and Hobbs. The church house was filled for the regular first Sunday evening singing. After singing, Rev. Buster Edwards baptized two persons at the Camp Springs "baptizing hole." The service was the concluding baptizing of the Midway revival.

Introducing Mr. Flea Hopper, Cotton Eater

Top photographs show the life cycle of the flea hopper, whose chief food is on cotton stalks. From egg to adult, the cycle is completed in 14 days. The grown flea is about one-eighth inch long. He breeds seven generations a year. The experimental data to the right was compiled by the U. S. Department of Agriculture, 1933-36. Pictures to the lower right show normal plant and injured plant with leaves removed, as done by the flea hopper.

GETTIN' THE BUSINESS means giving the mileage

It's up to me to make this business go, because it's mine. I never did a smarter thing than featuring Conoco Germ Processed oil, with all its long mileage for you. Talk doesn't make mileage or customers, but I can tell you what does... Oil-Plating your engine with Germ Processed oil. The patent Germ Process makes oil actually take hold of every working part and keep it coated with a durable Oil-Plating... entirely extra to the regular moving type of oil film while the car is running, and never drains down during hours of parking. Then you'll never start up without lubrication. And at the end of your longest run on a hot day, your engine will still have its full safe plating of Conoco Germ Processed oil. The way it lasts gives me a right to be called Your Mileage Merchant.

To The G Boys.

What's that old saying about the "G" string? We can't remember it just now, but we are sure the saying fits what we want to say about Company G, 142nd Infantry, Texas National Guard.

The local guard unit is quite as impressive as the title it boasts. It provides fine physical and mental training for many of the county's young men. It gives them a small but steady source of income the year round, and several extra dollars during the summer camp, when local working conditions are at lowest ebb.

The community profits, too. For several years the group of embryo soldiers has been paid several thousand dollars annually, and most of this money has remained in Scurry County. In addition, a large amount is spent for rent, supplies and other locally-paid requirements.

So here's to the G boys. And to their organizer and captain, John E. Sentell. May they return from camp with even more honors than they have received in the past.

Editorial of the Week.

DIDN'T CARE WHERE HE WAS GOING.

George McEntire tells of a farmer who bought a mule from a horse trader on trade's day in town.

The trader guaranteed the mule to be sound and in good health. The farmer mounted the mule bare-back and rode out toward his home. Everything went well until they reached the forks of the road.

The farmer wanted to travel the road that led to his home. The mule wanted to travel the road that led to the place of his former residence. A compromise was reached when the mule went sideways into some trees and brush between the two roads, leaving the farmer's shirt and bits of hide hanging on the bushes.

The farmer stuck to his mule which willingly went back to town, where he found the trader trying to sell a blind mule to a deaf and dumb man.

"Say," said the farmer, "I thought you said this mule was safe and sound. Jest look what he done to me. He is no better than a wild mule."

"That mule is all right, mister, but I forgot to tell you that he doesn't give a dam where he is going." Some car drivers are like that mule.—Sterling City News Record.

Worst Loved-Hated.

Canyon News: "Emil Ludwig, driven out of Germany because he is of Jewish parentage, has come to this country to write of the life of President Roosevelt. His first investigation leads him to state that the president is the worst hated yet best loved man in America. His enemies are among the rich, whom Roosevelt is trying to throttle and force to pay their just part of running the government; his friends and admirers are those who realize that he is the greatest friend the poor man ever had in the White House, and that he is trying to help those who have been unable to help themselves."

The Book.

Report of the American Bible Society, in 121st annual session recently, revealed that the organization has distributed 276,254,291 volumes of Scripture since its inception in 1816. The total distributed by the Society and by all other groups increases from year to year . . . reply enough for the cynic who believes religion is running at its lowest tide.

Freedom of Press.

J. F. Barnum in Syracuse Post-Standard: "The provision for the freedom of the press was not written into the Constitution for the benefit of the newspaper publishers as a class. It was written into the Constitution for the benefit of the American people. Publishers are merely trustees of the American people. Publishers are merely trustees of the right of the people to have a press free from whatever hostile governmental source that restraint may come."

Simple Enough.

One of the least dreaded of diseases in West Texas is malaria, because West Texas is bothered little with Anopheles, the malaria-causing mosquito who breeds in dampness. But ever and anon the malaria strikes. It can be put in the tomb of almost-forgotten diseases, such as leprosy, if mosquito breeding places are destroyed and if houses are properly screened.

Wattaman Budge.

Sports suggestion: If the mother of America's new tennis sensation had been a prophetess, she would surely have named her son Don't Budge.

A Chinese saying: "It is better to be a crystal and be broken, than remain perfect like a tile upon the housetop."

May silent thanks at least to God be given with a full heart; our thoughts are heard in heaven.—Wordsworth.

It must be the kid in a man that makes him hunt in Africa. You notice he always puts on knee pants.—Detroit Free Press.

The Fair's A-Comin'!

We Scurry County folks have talked about a fall fair, dreamed about a fall fair and even vaguely planned for a fall fair every year since the Wolf Park building burned back in 1930.

Now that the Lions Club has taken the fair by the horns, so to speak, there is no excuse under the sun for not staging a fair that will be a distinct credit to Snyder and her entire trade territory.

You'll be hearing plenty about the fair during the next few weeks. The more you hear, the more you will be convinced that the plan of procedure is workable, practical and progressive.

Now, if the school board sees fit to provide school gymnasium and grounds for the occasion, the fair will surely be successful from every angle.

Current Comment.

By LEON GUINN.

As our good friend J. J. Taylor let us know not so long since, there is a peculiar "circumambient ether" that hovers over Dallas. . . . Over at Fort Worth, cow-towners call it a type of "balmy fog" that accompanies late hours. . . . But whatever it is, be it fog or freckled atmosphere, or mental fatigue—from seeing what the women are not wearing—we cite the following news item as proof Dallas is a town of Texas mold, since most Texans are "different" from other folks.

Well, suh, de citified park board done decided to get 5 acres of land in de northeast part of town for a "colored" park. . . . An' put up \$4,000 in shakels, provided de owners would give a quit-claim deed to de 5 acres. . . . Boy, dat wuz \$900 an acre, an' good 'Merican money. . . . When the board members looked up ownership records, they found the City of Dallas already owned the property, under titleship papers as of 1870 date. . . . As Amas announces when excited, "Now, ain't dat sumpin'!"

As evidenced at San Antonio Monday and Tuesday, the problem that will henceforth face jurists and barristers is that grand little game of the moment known as sex appeal justice. . . . On Monday Miss Jeanne Ramsey was found guilty in corporation court of "obstructing the sidewalk" in front of a frock manufacturing plant, while on Tuesday Miss Augustina Galavis was acquitted of the same charge; with the same legal counsel on the prosecution and defense sides. . . . Relegated to the attic of yesterdays has been "neckties, frontier and posse" justice, but according to eminent lawyers, the legal profession recognizes such a thing as sex appeal justice. . . . Dear, Dear!

The other day a group of us at Sweetwater were discussing social trends of the day. . . . We were deviating from the field of research in the past, and the older men were looking into the promises of the future. . . . They were older men than I, and it afforded me a great deal of pleasure to listen to their words of wisdom; for they had looked on life when West Texas was being "settled up" and had found the journey intriguing. . . . They foresaw the day when ours would be a "static" or stationary population, rather than an increasing one.

For the trend among so many daughters of Eve is a career of some kind—in the professional or business world. . . . The young women of today are more interested in office work, or teaching, or acting than ever before. . . . They welcome these tiny kitchenette gadgets as the fad of the moment; wherein the home is sadly referred to as a bed, a can of beans and a can opener.

Woman has placed upon herself the trade mark of "Equal" in what was once a man's world, and since she has so demanded, the type of language used today would have been insulting to womankind 20 years ago. . . . The majority of girls (over 50 per cent) just aren't interested in homemaking these days, according to recent surveys. . . . It seems to be getting so the girls expect too much of the boys they marry; and the boys in turn expect too much from dad's pocket-book.

The shadows of this social trend will extend down the years of course; and the optimistic outlook is that the trend will be for the betterment of civilization. . . . It was rather odd, this meeting. . . . For I was looking into the past, while these jurists and business men of ripe wisdom were looking into the future. . . . An ancient adage has it that "He who looks ahead sees only dawning; while he who looks back sees only mileposts of fading sunsets." . . . Yet even sunsets are beautiful!

Four Farm Wastes.

Four farm wastes that should be stopped are listed by The Progressive Farmer as follows: 1.—Uncontrolled water on our lands; 2.—uncontrolled fire in our forests; 3.—uncontrolled weather on our buildings; 4.—uncontrolled ugliness on our highways and home grounds. Of course Scurry County does not worry about destruction of her forests, but the other three points cannot be emphasized too much.

Walkin' and Settin'.

Baylor County Banner: "Aunt Het says: 'They say walkin' skirts are goin' back up to the knees. I wouldn't mind them going to the knees when you're walkin' if they'd stay down to the knees when you're settin'.'"

Fluvanna School Term Will Begin Early This Year

Fluvanna will join county schools that are beginning the 1937-38 term earlier than usual, Superintendent E. O. Wedgworth said yesterday. First classes are scheduled for Monday, August 16.

The school will continue for six weeks, close a short time for cotton picking, then continue until the Christmas holidays.

Wedgworth says the consolidated district has 200 scholars. Six buses will transport students to and from the school.

Fluvanna is adding a full vocational agriculture course this year for the first time. The work will be under supervision of Buford Browning, a graduate of Texas Tech, Lubbock.

Nine teachers will be on this year's faculty, including one to be selected. Heading the list is the superintendent, who is beginning his tenth year in that position. Two newcomers will be on the faculty—Miss Rose Marie Clawson, a graduate of the school, who taught last year at Polar, and Miss Clarice Jordan of Fort Worth, a 1937 graduate of Texas Wesleyan College, who will teach grade school music. Miss Myrtle Turner returns to Fluvanna, where she previously taught seven years, after one year at Hermleigh. Gilbert Mize, principal, returns for a third year; Buford Browning, fourth year; R. C. Lacy, third year; Leo H. Beaver, sixth year.

Several Hear State School Leader Talk On West Texas Tour

Several Scurry County school people heard State Superintendent L. A. Woods in Lubbock Friday afternoon and in Abilene Saturday afternoon.

Elmer Taylor, W. T. Hanes, Earl Horton, Frank Farmer, M. H. Greenwood and E. O. Wedgworth were among county attendants at one of the meetings.

Woods discussed new school legislation enacted by the last general session of the Legislature. He pointed out that the Legislature failed to provide for the adequate transportation of high school pupils from the rural district. Appropriations for this year will expire about Christmas, according to Woods' estimate, which will mean that about 200,000 high school pupils transported from the rural districts to the high schools will be forced to either drop out of school or pay their own transportation for a period of more than four and one-half months, unless further appropriation is made by a special session.

Woods also stated that the \$22 per capita as first set by the state board of education will automatically become effective, since the board was unable to get a quorum together for business before August 1.

First Presbyterian Church

The topic of the morning sermon next Sunday will be "Seeing It Through." The pastor will occupy the pulpit at this service, but will return to Fluvanna in the afternoon to be present for the closing service of the Methodist-Presbyterian revival. There will be no evening service in Snyder, so that all may attend the Baptist revival.

Sunday school will meet at 9:45 a. m. and Christian Endeavor at 7:15 p. m. next Sunday. The Pioneer Club will meet at the church at 4:00 o'clock Monday afternoon for their trip to Sweetwater.—J. E. Spivey, pastor.

Will Improve Cotton.

Brown County's greatest effort in recent years to improve the grade of cotton grown is under way as a 4-H Club demonstration. Fifty-two 4-H Club boys have entered the contest. Each boy was furnished enough registered cotton seed to plant five acres.

Montreal Herald: You can get people to give three cheers for a thing that you can't get them to give anything else for.

YOU BET YOUR LIFE

So you never gamble! Do you ever cross the street in the middle of the block to save a minute or two? If so, you gamble the millions of minutes remaining in your normal life span against that inconsequential minute or two. Do you ever take an occasional chance while driving your car? Ever pass another car on a curve or a hill? Ever exceed the speed limit? Ever pass a standing street car? Ever fail to signal before turning? If you do take such chances, you are 11 times as likely to be killed or injured in a traffic accident this year as the holder of a sweepstakes ticket is to win even a small prize. When you gamble in lotteries your stake is a few dollars at most, but when you gamble in traffic you bet your life. Do you ever gamble?

Wheat Yield Is High.
Crosby County recently harvested the largest wheat crop the county has ever produced. Yields went considerably above early estimates, many fields averaging more than 30 bushels to the acre, while yields of as high as 40 bushels were quite common. All tested better than 60 pounds, some testing 62 and 63 pounds.

What Name Please?
The first telephone exchange was opened in Texas August 21, 1879, at Galveston. Anyone who used the phone called for his party by name, not number. In 1883 the first long distance line was constructed between Galveston and Houston. Now, according to 1933 figures, there are 1,135 exchanges over the state and 553,928 telephones.

Oscar Brown of Camp Springs Is Killed by Truck

Oscar Brown, 55-year-old Camp Springs resident, was killed Tuesday morning of last week at 2:30 o'clock seven miles west of Vaughn, New Mexico, when a truck ran over him.

Brown and Jim Beavers, Camp Springs merchant, were going to Claunch, New Mexico, to move Brown's family back to Camp Springs. They had stopped by the side of the road to catch a little sleep. Beavers left Brown in the cab of his pick-up, and made a pallet in the pick-up bed.

Beavers states he had not been asleep over 30 minutes when a passing truck awoke him. He looked in the car for Brown, but Brown was missing. About this time two men came running up, saying they had run over a man and killed him.

Brown had been troubled with insomnia, and the supposition was that he was walking up and down the road. In the truck were four Muleshoe men.

Funeral services were held Wednesday afternoon at Claunch, New Mexico. Survivors are: Mrs. Oscar Brown and daughter, Neva Mae, of Claunch, New Mexico; Mrs. Buster Harkins, Camp Springs; Mrs. Louise Blount.

Group Goes A-Fishin'.

A fishing party composed of Pat Bullock of Austin, Superintendent Earl Isbell of Jones County schools, Frank Farmer, Sheep Leader and Clemens von Roeder will return today from near San Angelo, where they journeyed for a two-day fishing spree.

Program Completed For Press Meeting On Friday the 13th

A full day and a half program of business and entertainment was completed at Sweetwater last Friday afternoon for the West Texas Press Association convention there August 13-14. J. C. Smyth of Snyder, association secretary-treasurer, attended the final program planning meeting, along with R. Henderson Shuffler of Odessa, president, and several Sweetwater leaders.

More than 200 printed programs were mailed from Snyder this week. R. J. Edwards of Denton, president of the Texas Press Association, will be principal speaker for the Friday luncheon at which press members will be guests of the Sweetwater Club. Eight other newspapermen and newspaper women will appear on speaking programs Friday and Saturday mornings.

Entertainment features will include golf, bridge, boating, fishing, swimming and other recreation at Lake Sweetwater Friday afternoon, barbecue given by Community Natural Gas Company Friday evening, dance Friday night, Saturday morning breakfast courtesy West Texas Chamber of Commerce.

It is our daily duty to consider that, in all circumstances of life, pleasurable, painful, or otherwise, the conduct of every human being affects, more or less, the happiness of others, especially of those in the same house.—Leigh Hunt.
