SERVICES FOR PRESBYTERIAN CHURCH BEGIN

Rev. Joe N. Everheart of Kerens Preached First Sermon Last Night

Following the first revival service Wednesday night, it was announced that a woman's prayer meeting will be held each evening at 7:30 o'clock; church officers will meet this Thursday evening at the same hour, and all men of the church on other evenings; and that the morning services will continue only 45 minutes, the evening services only one hour.

Opening service of the spring revival at the First Presbyterian Church was held Wednesday night, with Rev. Joe N. Everheart of Kerens in the pulpit.

The pastor-evangelist, a leader in his denomination, is stated clerk of the Waco Presbytery, and is devotional speaker for the annual young people's assembly at Buffalo Gap. He has just completed a successful revival at Electra.

A. W. Yeats is leading congregation singing. Two special musical groups will meet each evening at 7:30 o'clock—a young people's choir and a children's choir, the latter in charge of Mrs. Grady Ferguson. Chorus and stories will be featured for the children's group.

Services are being held daily at 10:00 o'clock in the morning and 8:00 o'clock in the evening. The services will continue through Sunday, May 1.

Rev. James E. Spivey, pastor, and other leaders of the church invite the community to join the Presbyterian congregation in revival services that will be of benefit to all.

Roemisch Dental Device Attracts Much Attention

The dental device perfected by Joe Roemisch of the Hermleigh community, and placed on the market last fall, is already attracting wide attention, reports Dr. C. E. Helms of Snyder, who is associated with the well-known farmer in marketing the patent.

Latest persons interested in the device, known as a "gum developer," are the two Mayos of San Antonio, relatives of the famous Minnesota Mayo Brothers. One of the Mayos was in Snyder several days ago to investigate the gum developer with the idea of manufacturing it in their associated laboratories and marketing it on a nation-wide scale.

Just now the gum developer, which has been improved since last fall, is being made only in the local office of Dr. N. C. Letcher and in a dental laboratory in San Angelo.

In addition to the Mayos a number of prominent persons have come to Scurry County to investigate the patented device, Roemisch and Dr. Helms say sales are jumping and that they anticipate widespread use of the gum developer soon.

Buster Stacy Goes to Louisiana Place

Buster Stacy, for several years an employee of the Rosenbergs in Snyder, left Saturday for Baton Rouge, Louisiana, where he will be in charge of the sports department of Montgomery Ward & Company store.

Graduate of the local high school, Stacy is the youngest son of the late M. Stacy and Mrs. Stacy, longtime residents of Snyder. He has attended North Texas Agricultural College, Arlington, and also Hardin-Simmons University, Abilene. He has gained considerable sales experience with local stores and also several months in Washington state. Ray Fesmire, former Snyder man, is manager of a Montgomery Ward store in the same district with the one with which Stacy is connected.

Classy-Fied

"Monday I lost a gold watch which I valued very highly. Immediately I inserted an ad in your lost-and-found column and waited. Yesterday I went home and found the watch in the pocket of another suit. God bless your paper."

The Times did not receive that letter, although some of the tales about Times want ad results are almost as unbelievable.

In a year the want ad columns of The Times have almost doubled. There's a reason... more and more folks are becoming convinced of the value of those little result-bringers.

More Than 200 Are Delegates to Session

MANY OTHERS OF METHODIST CHURCH HERE

Outstanding Program Heard At Annual Conference That Ends Today

Delegates registered at the 28th annual conference of Methodist Women's Missionary Societies of Northwest Texas had reached 290 late Wednesday, 20 short of the expected number. Registration of official voting delegates will probably reach 250 before the three-day conference closes at 1:00 o'clock today.

ALDERSGATE

Mrs. W. B. Landrum of Tyler, member-at-large of the women's council of the Southern Methodist Church, gave the main address of the conference at the First Methodist Church here last night before a large crowd of delegates, visitors and local citizens.

In a forceful manner Mrs. Landrum told of the heart-warming experience of John Wesley, founder of the Methodist Church, on Aldersgate Street in London 200 years ago. She centered the major part of her address on "six ways to deepen the experience of God"—silence and meditation, worship, prayer, fellowship with great persons, experiences in joy or sorrow and service.

Number of visitors registering had totaled well above the delegates, and a large group of visiting women and men did not register, according to Mrs. H. T. Sefton, local president, who is in charge of registration, and those assisting her.

Wednesday's Sessions. Outstanding sessions of the conference came yesterday, beginning with the president's, vice president's and secretary's messages and election of officers in the morning, service of remembrance in which all district secretaries took part and the tea at the home of Dr. and Mrs. H. G. Towle in the afternoon. Feature of the evening program was an address by Mrs. W. B. Landrum of Tyler, principal speaker for the conference.

Mrs. Randal Relected. Mrs. C. M. Randal of Seymour was reelected as president of the conference, and Mrs. C. A. Bickley of Abilene and Mrs. Joe Shields of Amarillo were reelected vice president and recording secretary, respectively. Mrs. J. O. Haymes of Amarillo was made conference secretary to succeed Mrs. J. G. Merritt of Colorado, who has held the office for a number of years.

Mrs. Herman E. Doak, chairman of pages, was assisted by Mrs. J. D. Scott, Margaret Gray, Patti Hicks, June Clements, Elizabeth Blakey, Melba Ann Odom and Mary Helen Bolin during the three days. Hydrangeas in a variety of colors decorated the church at all sessions.

Following an all-morning session Tuesday, the executive board members were guests of Mrs. R. H. Odom, Sweetwater district secretary and general local chairman of the conference, at luncheon.

Spiritual Life Retreat. Spiritual life retreat Tuesday afternoon, directed by Mrs. H. A. Longino of Munday, was one of the most impressive services of the three days. Appearing on the program besides Mrs. Longino were Mrs. C. A. Bickley and Mrs. Don Davidson. Mrs. Floyd Jim Hughes, Roby, was presented in vocal solos and also directed the Roby girls chorus in a group of numbers.

Mrs. J. G. Merritt presided at the fellowship banquet Tuesday night in the parlors of the local church. Mrs. W. W. Hamilton was in charge of music during the evening, and Mrs. W. B. Landrum was main speaker. Tables were decorated with miniature trees and leaves.

Reports of various superintendents, conference pledge, committee reports and final addresses by Mrs. Landrum, Longino and Merritt will feature the program this morning.

Sing-Song at Fluvanna.

Dunn, Hermleigh, Snyder, Post, Ira, Pyron and Fluvanna have accepted invitations to send their high school and grammar school choruses to Fluvanna Thursday night, April 28, 8:00 o'clock, for an old-time sing-song. The Times is compelled to omit the full program because of lack of space.

Four Places Won by Scurry Schools in Sweetwater Events

Scurry County schools fared poorly at the District 5 Interscholastic League meet at Sweetwater last week-end. Their performance was overshadowed by the strong showing made by Gail, Borden County, in the rural school division.

All winners will go to Abilene for regional competition Saturday.

Carroll Taylor, slight Snyder runner, tallied a first place in the half mile run by tripping 2:08.9. Johnston of Dunn finished third in the shot put, Hanson of Dunn third in the high hurdles, and Bullard of Snyder fourth in the low hurdles for the only other Scurry County athletic points.

Snyder's one-act play, "Differential Kindness," did not place, but Charlie Dunn was named second best actor. Alta Spikes, Hermleigh, was third in ready writers, class B. Mildred Rainwater, Snyder, was fifth in shorthand, and Joyce Singletary, Snyder, was fourth in typing.

Vera Early and Frances Patterson, Hermleigh's girls' tennis doubles team, were eliminated in the finals by Roby. Ben Blue and Bud Jackson of Fluvanna, boys' doubles, went down in the second round, and other tennis entries went out in the first round.

Gail's Elmer Ruth Hollar was on top in the rural division of ready writers, and Ross Hinshaw, rural school declaimer from Gail, was also first.

NEW WELL HAS BEEN SPURRED

An era of new development was begun yesterday afternoon in the Scurry County oil picture, with spudding of the Coffield & Guthrie No. 1 Spears & Brownfield.

Located about three and one-half miles north of Ira, the well is 330 feet from the west, 2,130 feet from the south line of section 130, block 97. It is two and one-half miles southeast of the Robinson Brothers well, recently completed with promising showings.

Local interest in the well is being manifested not only by John Spears and Maurice Brownfield, who control the test acreage, but also by dozens of business men who believe a paying pool lies beneath Scurry County's crust.

Pyron's P-T. A. Raises \$70.00 For New Gym Ceiling

A total of \$70.00 was realized at a box supper sponsored by the Pyron Parent-Teacher Association in Pyron gym Friday night. The say affair, which was presided over by Superintendent M. H. Greenwood, attracted a good sized crowd of citizens and candidates.

Previous to auction sales speeches were made by Herman S. Darby, Snyder, tax assessor-collector candidate; Truett Barber, Colorado, candidate for district attorney; E. K. Willis, Nolan County commissioner, and others.

A concert, under supervision of Mrs. N. E. Simmons, was given by the Pyron Rhythm Band, composed of second and third grade pupils. Billy Joe Clifton gave a piano solo.

Auctioneer for the evening was "Shorty" Clayton, Roscoe trader who won his spurs years ago on the auction block. In a field of four comely candidates for prettiest girl title, Mabel Light of Inadale took the cake, after a session of spirited balloting.

Business firms of Pyron, Inadale and Hermleigh, and The Times of Snyder, were represented at the box supper. The proceeds will be used by the Pyron P-T. A. to seal the gym roof over the stage with seal-tex to improve auditory reception in the native stone gymnasium and public auditorium.

Election of Singing Officers Set May 3

Election of officers for the community singing group will be in order at the next meeting in the First Presbyterian Church, set for May 3, it was decided at the singing Tuesday night of this week. The singing will not be held next week because of the revival at the church.

Almost 650 singers again crowded into the building Tuesday night. Thirty song leaders were used, and Lloyd Mize gave a guitar solo.

COUNTY PLANS BANDSTAND OF NATIVE STONE

Entire Courthouse Lawn Is Being Landscaped for Beauty and Utility

Bandstand of native stone and concrete is being erected on the courthouse lawn, near the site of the ancient steepled stand of wood. The old stand, with its rotten boards and its creaky joints, was torn down several days ago. The modern new structure, for which foundation is being dug, will be placed slightly to the southeast, 45 feet from the curb.

The new stand will be the central figure in a landscaping plan that has been worked out for the entire courthouse grounds by County Agent Luke Ballard, at request of the Commissioners Court. Resodding of the entire lawn, landscaping of all shrubs and trees, and setting out of a number of new shrubs, are included in the project.

In general charge of the bandstand work is J. A. Crabtree. NYA youths are assisting.

The bandstand will be 20x20 feet. It will have no roof, but will include substantial concrete floor and benches. Plans are being worked out for a floodlight to play on the stand from the top of the courthouse instead of the bug-attracting small lights that were used on the old stand.

A sidewalk will lead to the bandstand from the outside curb. In the center will be an "island" where shrubs and a drinking fountain will be placed.

Colored School Plans Exercises Here Next Week

Closing exercises for the local colored school will be held Thursday evening, April 28, 8:00 o'clock, at the school building. Two seventh grade graduates will receive their diplomas.

Commencement services will be held at the colored church Sunday, and the elementary school program will be held at the school building Tuesday evening, 8:00 o'clock. Friday of next week is the closing day of school.

Ed McCurtain of Sweetwater, Boy Scout executive, will deliver the principal address Thursday evening. The complete program follows:

Song, "America," audience; invocation; song, "Peace Shall Reign at Last," audience; welcome, Willie Miles Jr.; song, quartet; farewell, William Ross Todd; presentation of diplomas; address, Ed McCurtain; class song.

Two Serious Fires Almost Hit Snyder To Continue Series

Snyder's series of 1938 fires continued on its flaming way this week, as two disastrous blazes threatened. The first alarm called firemen to the First Baptist Church just after sun-up Saturday. Trash in the boiler room was responsible for flames that were quenched before they spread. Minor damage, mostly in the boiler room, was reported.

The siren screamed again Monday night about 2:00 o'clock. Roof of the N. M. Harpole grocery building, and of the building adjoining it on the east, were eaten by flames the origin of which are unknown. Harpole's grocery stock was damaged to some extent by smoke and water.

Roofs of the business buildings had been repaired only a few hours before the fire, following hail damage Sunday afternoon.

New Business Man At Dunn Is Pleased

W. L. Turner, former Sweetwater cattle buyer, who with Mrs. Turner has been operating the former James Welch store at Dunn for a month, stated Tuesday he "liked our new location fine. Especially do we find the Dunn people a good lot to live among."

"Bill" Turner—as he is known at Dunn—not only handles staple and fancy groceries and meat products, but is still buying cattle and live-stock. He invites those in the Dunn vicinity to drop by his store for a friendly chat. "I run the store," Bill says, "but I guess Mrs. Turner is the boss."

BUDGET DRIVE SWINGS AHEAD FOR C. OF C.

Forest Sears Made President To Guide the Aggressive County-Wide Body.

A city-wide drive for Scurry County Chamber of Commerce memberships was started today by the nine directors and several others who were named on a membership committee.

This is the first public activity of the aggressive Chamber of Commerce that grew out of a mass meeting several days ago. The directors announced Monday night, at the close of a second lengthy session within four days, that a minimum budget of \$3,600 must be set up if an active program is to be carried out, with a full-time secretary at the helm.

The membership committee plans to complete the major part of the drive by Friday night, when a third meeting of directors will be held.

Forest Sears President. At the first directors' meeting last Friday night, Forest Sears, who recently resigned as president, was returned to that office. Wayne Boren was named as temporary secretary of the board, J. C. Smyth was made first vice president, and Warren Dodson was elected as second vice president.

The directors immediately pledged themselves, in writing, to set aside all selfish interests and all prejudices, and to resign their places if they felt at any time that they could not work together for the good of the entire county.

It was decided that no action will be taken toward outlining a definite program nor toward selecting a secretary until the budget is raised.

Two Immediate Objects. The directors agreed, however, that the two immediate major objectives are better rural-town understanding and completion of Highway 15. Definite policies and activities will be suggested and presented to the full membership when the budget drive is completed.

An effort will be made during the membership drive to give every business man and every professional man an opportunity to become an active member of the Scurry County Chamber of Commerce. Individuals as well as firms will be given a chance to have a part in the county-wide organization.

More than six hours were required by the directors in the two meetings, for naming officers, setting out a plan of procedure, and making a suggested budget for the entire town.

Budget Begins May 1

Budget payments are scheduled to begin May 1 for new members. In order to set up a year-round program an effort will be made to secure membership pledges for a 12-month period.

Members of the board emphasize the fact that all plans and activities will be given full publicity, that every member has an equal voice in the Chamber of Commerce regardless of the amount of his pledge, and that suggestions as to the year-round program are welcomed and expected.

"There will be no high-pressure membership drive," President Sears declared yesterday. "We sincerely believe that Snyder and Scurry County are ready for an active Chamber of Commerce, and that all the vast majority of Snyder folks ask is an opportunity to become a part of such a group."

Times Continues to Offer Special Rate

Special rate of \$1 on The Times, from now until November 1, is emphasized again by the publishers this week. Outside Scurry and adjoining counties the rate is \$1.50. Regular one-year rate in the trade area is \$1; outside the trade area, \$2.50.

The new rates give folks who failed to subscribe during Bargain Days an opportunity to get the paper at a reduced price until Bargain Days open again.

It's the biggest political year in some time. You can keep informed of county and district politics only by reading The Times.

Joe Woodfin Given El Paso Promotion

Mr. and Mrs. J. A. Woodfin have learned that their son, Joe, has been promoted in the El Paso employment office from junior to senior interviewer. The promotion carries a sizeable increase in pay.

Joe has been in line for this promotion since he passed a government examination several months ago at Abilene. He later was sent by the El Paso office to a school of instruction at Austin, where information on handling social security checks was featured.

County Goes "Cash" First Time In Years

OLD SETTLERS OF HERMLEIGH ARE REUNITED

Third Annual Gathering at Buffalo Gap Attracts Over 50 People

Third annual reunion of Hermleigh old settlers, staged at the Presbyterian young people's park at Buffalo Gap Sunday, attracted more than 50 people, many of them Scurry County residents.

Headlining the reunion were families that settled in the Hermleigh area between 1900 and 1912. Several of the participants the past two years were not on hand because they have moved too far away.

A barbecue, with coffee and other trimmings, featured the noon hour. Experiences of a quarter century ago were recalled during the afternoon and before the barbecue.

Plans were made for a fourth annual reunion at the same place next Sunday.

Hermleigh was represented by Elmer Louder, H. E. Brock, Verna Louder, Mr. and Mrs. A. C. Bishop Jr. Mr. and Mrs. W. T. Hanes, R. E. Adams, Mr. and Mrs. Will Caffey, Nell Caffey, Juanita Williams, Mr. and Mrs. B. Y. Rea, Robbie Nell Jones, Mr. and Mrs. J. M. Appleton, Mrs. A. C. Bishop, Mrs. C. M. Breen, W. C. Rea and Mrs. A. W. Mobley.

Attendees from other vicinities were as follows: W. Gentry, Anson; Mrs. George Holliday and Clyde Holliday, Ballinger; H. H. Copeland and family, Van Voss, Frank Chancellor, Abilene; Mr. and Mrs. W. E. Hassell, Best; Mr. and Mrs. Pat Bullock, Lubbock; Volle Craft, Moore, Covina, California; Mr. and Mrs. Jack Howard and son, Eunice, New Mexico; Bebe Boone, Dallas; Mr. and Mrs. J. J. Billingsley, Fern Kelley, Colorado.

Second Meeting Monday of Local Scouting School

Second regular Monday night session of the scout leaders' training school for Scurry County scouts will be held Monday night of next week at the armory, according to E. E. Weatherbee, district chairman of leadership training.

In the first session Monday night of this week, the school got well underway. The course deals with the elements of scout leadership. It is being conducted by Ed McCurtain, field executive of the Buffalo Trail Council.

Stress was laid on the basic elements of scouting—character building and citizenship training. McCurtain pointed out the various ways in which, through the activities of scouting, the basic principles of the scout oath and law can be made effective in the lives of boys.

The men were organized into patrols, with W. J. Ely serving as leader of the Bobcats, and E. E. Weatherbee as leader of the Swine patrol. Other members of the Bobcat patrol are W. F. Cox, P. D. Lambeth, E. H. Williamson. In the Swine patrol are J. R. Reeves, Richard Davis and J. M. Glass.

The course will run for six weeks, with meetings to be held on Monday night only. In order to qualify for a certificate an individual must attend at least five of the six meetings. All interested men are invited.

H. B. Davenport Is Operator On Times

The Times last week added to its force H. B. Davenport, veteran linotype operator and printer, formerly of Bryan. He has seen extensive experience on dailies and weeklies in Texas and other states. He comes highly recommended as a good citizen and printer.

Davenport takes the place vacated 10 days ago by David C. Fawcett, who had been with The Times since last fall. Fawcett accepted a position at Colorado with the American National Insurance Company. He moved his family to Colorado last Thursday.

To Plainview Dairy Show.

Charlotte Mobley of Hermleigh was queen of the Scurry County community in the festivities held at Plainview Tuesday night in connection with the annual dairy show. Her attendant was Louise Coston, escorts were Billy Pigman and Wilkey C. McMillan Jr., and sponsors were Mr. and Mrs. Marvin Hanback.

Has New Name

"The Man With an Issue" is the name being applied to Senator G. H. Nelson of Lubbock, who is campaigning for the Texas lieutenant governor's job. He has a number of friends in Scurry County, and is well known in Borden County, which is in his senatorial district. Early in his career he was superintendent of Hermleigh schools for a year. The chief plank in his platform is advocacy of the one-house legislature.

HAIL DAMAGES BUILDINGS AND CROPS SUNDAY

Heaviest General Fall For Recent Years Followed By General Rainfall

The heaviest fairly general hail in recent years struck Scurry County late Sunday afternoon, inflicting several thousand dollars worth of damage to buildings, neon signs, crops and cars.

Rain that followed the hailstorm left Snyder with 46 inch of moisture, and practically all the remainder of the trade area with an inch to an inch of precipitation.

R. W. Webb's stock farm, four miles northwest of Snyder on Highway 7, was the center of a mile-wide hail strip that was six to 12 inches deep. Whiteness covered the face of the earth for several hours after hailstones beat an hour's tattoo. Enough large stones fell to damage the roof and window screens of the Webb place.

Roof Damage Is Worst. In Snyder the principal damage was inflicted on roofs and on damaged merchandise resulting from leaky roofs. Many workmen have been busy on repair jobs this week, and a number of insurance adjusters have been in town.

Two or three window panes were broken in the courthouse. A number of car tops were shot with holes as hailstones of many sizes pummeled them. A few car windows were cracked. A few stones as big as hen eggs fell like cannon balls. Many half that size bounced on concrete like rubber balls.

Minimum Crop Damage. Crop damage was at a minimum, partially because the heavy freeze recently killed most early stuff. New leaves were sliced from trees, and brave young flower, vegetable and grain shoots were hacked.

The hail lightened not far beyond Dermott, and not far west of Snyder. It was not heavy south or east very far from Snyder.

In Borden County both hail and rain were spotted. Gail received 37 inch of moisture, with only a touch of hail, while some of the county was well watered and a few spots were visited by heavy hail.

Deep Creek came down with a roar less than two hours after the hailstorm, result of the heavy hail and rain northwest of Snyder.

Dunn Church Given New Rock Frontage

A 200-foot rock wall in front of the Dunn Church of Christ, under supervision of Jess Hanson and B. W. Newhouse, was finished Friday afternoon. Only three men were employed on the 10-day project, others donating their labor free.

Starting just north of J. C. Beakley's house, the 200-foot wall lines up with the east end of Dunn school campus, and adds an attractive front to this section of Highway 101.

REFUNDING OF GENERAL FUND IS COMPLETED

Taxpayers Save Interest and County Debtors Are Paid in Cash

For the first time in many years, the government of Scurry County is being operated on a cash basis.

Completion of general fund refinancing by the Commissioners Court within the past few days broke the final barrier between the county and a paid-up financial condition.

Asked by The Times to provide figures that would give a rather complete view of the county's present financial structure, County Auditor A. C. Pruitt states that the county now has a cash balance of \$71,906.21.

Division of This Balance. Of this amount, said the auditor, \$38,198.97 is credited to the maintenance funds and \$33,707.24 is credited to the several sinking funds. After \$10,332.18 in general fund scrip now outstanding, is turned in, the maintenance fund balance will be \$27,866.79. With the sinking fund balances, the cash balance to the credit of the county would then be \$61,574.03.

This placing of the county in a cash position means a big saving in interest, reveal the auditor's figures. Six per cent interest was being paid on general fund warrants before the recent refinancing, and the fund was behind approximately three years with warrant payments.

More Auditor's Figures. Further figures from the auditor show that in addition to the cash balance of \$33,707.24 in the sinking funds of the county, the county owns \$18,509.13 in securities. The county has a bonded indebtedness of \$190,000 and time warrant indebtedness of \$268,260.

The Commissioners Court in the past several months has refunded \$184,500 in bonds and warrants, and the interest rate on a great percentage of these has been reduced to four per cent from five and one-half per cent, reflecting, of course, a substantial saving for the county.

Precinct Funds Improve. "For the past several years," says the auditor, "some of the commissioners' precinct funds have carried an unpaid balance of interest-bearing scrip warrants. This created a burden on the funds, in the form of interest, from which the taxpayer receives little or no benefit."

"Since the refunding of all these scrip warrants into a lower rate of interest time warrants, these precinct funds are on a cash basis. This places the taxpayer more benefit from his tax dollar."

Auditor's figures show the county indebtedness, by years as follows: 1934, \$54,978.27; 1936, \$502,940.02; 1938, \$468,592.16. The decrease from 1934 to 1938 is thus \$74,386.79.

Fluvanna Junior Play.

The junior play, "Behind the News," slated for the Fluvanna auditorium Friday night of this week, is reputed to be a rib-ticker. In the cast are Howard Taylor, J. D. Patterson, E. M. Little, Lolly Howell Moore, John Henry Roddy, Esma Carmichael, Edith Freeman, Ross Carmichael. It's one of the two big plays of the year at Fluvanna, and comedy is plentiful.

The WOMAN'S Page

Late Afternoon Tea at Towle Home Wednesday Feature of Women's Meet

Featured social event of the twenty-eighth annual conference of the Northwest Texas Methodist Missionary women was the late afternoon tea given by the local mission group at the home of Dr. and Mrs. H. C. Towle Wednesday from 5:30 until 7:30 o'clock. All delegates, visitors and local women were invited.

Mrs. Towle headed the receiving line, presenting the conference president, Mrs. C. M. Randall, who was re-elected for another year at the sessions held Wednesday morning. Other conference officers were in the receiving line along with Mrs. W. B. Landrum of Tyler, main speaker on the three-day convention program, secretaries of the nine Northwest Texas districts and local leaders.

Others receiving were: Mmes. C. A. Bickley, J. G. Merritt, Joe Shields, J. M. Simpson, Lorin Liebried, Billy Bryant, R. T. Campbell, S. S. Sloneker, H. A. Longino, E. B. Bowen, E. E. Traweck, J. O. Haynes, C. A. Crier, J. D. Peters, J. B. Dodson, C. E. Forbes, G. A. Duckett, R. H. Odom, Frank Graham, H. C. Gordon, M. W. Clark, A. W. Waddill and H. T. Setton.

Lovely spring flowers were attractively arranged in the reception rooms, presided over by members of the local society. A vocal quartet composed of Mmes. Hugh Boren, F. W. Wolcott, R. L. Gray and A. C. Preuit furnished the tea program. Mrs. W. W. Hamilton was their accompanist, and Mmes. W. C. Hollis and King Sides played piano selections all afternoon.

A pink and white color note was given emphasis in the dining room, where refreshment plates of pressed chicken, wafers, potato chips, squares of cake and coffee were passed. The lace-covered dining table was centered with pink and white carnations in a lovely festeria container, flanked with tall taper in crystal candelabra.

The following local women poured during the two hours: Mmes. J. C. Stinson, L. W. Boren, Harry S. Lee, Joe Strayhorn, J. G. Hicks, Herman Doak, P. W. Cloud, J. D. Scott and Wayne Boren.

Souvenir programs made attractive favors at the tea.

Two Programs are Combined Tuesday

Alpha Study's Club's program on Irish literature and on health and safety were combined at the meeting Tuesday afternoon at the home of Mrs. Alfred McGlaun, who also directed the health and safety program. Mrs. I. H. Spikes Jr. was leader for the literature study.

Questions on Irish literature asked by the director, were answered by Mmes. Ixon Joyce, J. P. Nelson and Wayne Williams. Mrs. McGlaun gave a study of the history of Irish poetry-writing, and Mrs. John E. Sentell gave illustrations from the poems. A resume of "Spreading the News" by Lady Augusta Gregory, an Irish playwright, was given by Mrs. Forest Sears. To close the Irish program the club sang "Believe Me If All Those Endearing Young Charms" led by Mrs. Melvin Blackard and accompanied by Mrs. W. C. Hollis.

A talk on "Safety" was given by Mrs. Raymond Sims, and Mrs. McGlaun, leader, gave a health test on that part of the study.

A Mexican refreshment course was served in Fiesta dishes to Faye and Myrtle Harrell, guests, and the following members: Mmes. Blackard, Wayne Boren, Maurice Brownfield, Joyce, Nelson, Sears, C. F. Sentell, John E. Sentell, Sims, J. C. Smyth, Wayne Williams, Wade Winston Hollis G. M. Heinzelmann and Spikes.

Music Program is Feature of Meeting

A program on "Texas Music Day" was the feature of regular meeting of Art Guild Tuesday night. Jewell Foster was hostess to the club at the home of Mr. and Mrs. H. C. Moore. Alta Bowers directed the program.

A. W. Yeats, high school music instructor, and a group of high school girls were presented in two chorus numbers, "Bluebonnet Time" and "Have You Ever Been to Texas in the Spring". Virginia Preuit, school girl pianist, gave "Minuetto Antico" by Carl Wiesman as a piano solo. She announced that the composer, a teacher in Dallas public schools, was recently elected new president of the Texas Music Association.

The hostess served delicious ice cream and cake to Miss Preuit and Mrs. R. L. Rescher, guests, and Quata Barrow, Effie McLeod, Helen Ruth Reeves, Edith Grantham, Annie Fannie Sewell, Mrs. Billie Lee Jr. and Rayolene Smith and Miss Bowers, club members.

Howard Appleton spent the weekend in Dallas.

Tri-Community Club Organized Recently

Fifteen women of the Woodard, Snyder and Martin communities met with the home demonstration agent, Estela Rabel, at the home of Mrs. Marvin Lemons recently to organize a demonstration club. The group, to be known as the Tri-Community Club, will meet each second and fourth Wednesday.

Newly elected officers named at the meeting were: Mrs. Joe Tant Johnston, president; Mrs. Marvin Lemons, vice president; Mrs. John C. Day, Secretary-treasurer; Mrs. Elmer Evans, reporter; Mrs. Carrie Armstrong, council delegate; Mrs. S. T. Joyner, recreation leader.

Next meeting will be in the home of Mrs. Harry Allen next Wednesday afternoon.

New Officers are Elected for Club

Election of new officers for El Feliz Club featured the meeting Friday afternoon at the home of Mrs. W. E. Doak. Mrs. H. J. Brice, newly elected president, and other new officers will take over their duties in September.

Other officers named were: Mrs. Grady Shytle, vice president; Mrs. P. C. Chenaull, secretary; Mrs. Doak, treasurer. Mrs. W. J. Ely will be next hostess to the club.

Mrs. Doak passed a dainty salad plate at the close of the business session and forty-two games of the afternoon to the following: Mmes. Allen Warren, C. E. Fish, R. D. English, W. H. Cauble, J. P. Avary and Herman Doak, guests; Mmes. Grady Shytle, Joe Strayhorn, H. J. Brice, A. J. Cody, I. W. Boren, R. H. Odom, W. J. Ely, G. H. Leath, John E. Sentell, J. E. LeMond, Lee T. Stinson, H. L. Vann, P. C. Chenaull and J. W. Scott, members. Small Mary Ann Doak, granddaughter of the hostess, was also a guest at the party.

Mrs. Thompson Home From California Trip

Mrs. Kate Thompson, who returned last Thursday from California, where she spent the winter with her daughter, Mrs. Frank L. Poteet, was honored at dinner held at the home of her son, Edward. Those present were: Mr. and Mrs. W. O. Moore and children; Mr. and Mrs. Oran Thompson and children, Mrs. Albert Thompson and children, Mr. and Mrs. C. E. Eastman and daughter, Mr. and Mrs. Wayne Glasscock, Gladys Glasscock, Elvin Thompson, W. A. Bowen, Mrs. John Bowen and son, Tom, of Hermleigh, Rev. and Mrs. James Lowell Ponder and children of Rochester. Afternoon callers included Mr. and Mrs. C. C. Bearden, Blanche Bearden, Mrs. Cecil James and children.

Nurses Attend Roscoe Meeting

Three local graduate nurses attended the regular monthly meeting of District 15, Texas Graduate Nurses Association, held at the home of Dr. and Mrs. J. W. Young in Roscoe Wednesday afternoon. Local representatives, who were among the 32 members present, were Millie Davison, Leota Glen and Doris Bailey.

A Roscoe attorney was the principal speaker of the afternoon.

During the business session a private duty section of the group was organized. This organization will be a part of the district association. Next meeting will be held May 18 at Hendrick Memorial Hospital in Abilene.

Preuit's Witness Easter Pageant

Mr. and Mrs. A. C. Preuit, their daughter, Virginia, and son, Robert, joined approximately 150,000 other pilgrims from all over the United States to witness the famed Easter pageant held annually in the Wichita Mountains near Lawton, Oklahoma, Sunday morning.

The spectacular pageant began at 3:30 o'clock in the morning and lasted until day. People were seated on two hillsides in the natural amphitheatre, and among them was a large delegation of members of the Preuit family, who gathered at the old family home in Lawton for the Easter holidays.

Trio in Sweetheart Contest This Week

Dorothy Winston, Wilma Terry and Louise Bowers were chosen Monday in assembly from the local high school junior class for the contest for hand sweetheart.

Present band sweetheart is Wanda Jean Sims, who with the sweetheart-elect will go to San Angelo this week-end for the state contest with the local Tiger Band. Miss Sims will be performing, and next year's sweetheart, one of the three nominees, will be a guest for the trip.

Election from the three candidates will come Friday, when the penny-a-vote will take on volume with the acceptance of coat-hangers, eggs and chickens for their full value in voting.

Brices Hosts to Friendly Fellows

Judge and Mrs. H. J. Brice were host and hostess to Friendly Fellows Party-two club and guests last Thursday evening. A spring motif was given emphasis in party details. Lovely red rosabuds centered the tables at the refreshment hour. A dainty salad course was served to 20 club members and the following guests: Messrs. and Mmes. Guy Stoker, A. W. Waddill, A. J. Cody and W. R. Johnson. The W. J. Elys will have the club at its next meeting.

Gwen Gray Wins High Score Award

Gwen Gray was awarded the high score prize, and Margaret Deakins retained the traveling prize at a party given for Duce Bridge Club at the home of Allene Curry last Thursday night. An Easter motif was emphasized at the refreshment hour when a plate of sandwiches and sweets was served.

The hostess was assisted in serving by her sister, Mrs. John Booth, and Mrs. Loy Logan. Others present were: Johnnie Mathison, Ruby Lee, Vesta Green, Gwen Gray, Margaret Deakins, Alta Bowers, Frances Stinson, Mmes. Billie Lee, Jr., R. E. Boyer and Willard E. Lewis.

Next meeting of the club will be with Margaret Deakins at the Manhattan Hotel.

Skating Party is Highlight of Week

The skating party given by Dorothy Winston, daughter of Mrs. and Mr. Wade Winston, for members of the high school social set, homecoming college students and other friends Friday evening at the local rink was the highlight of entertainment during the Easter season. Mmes. Wade Winston and D. M. Cogdell were chaperones for the enjoyable affair.

Sandwiches and iced punch were served to the following skaters: Melba Ann Odom, Louise Bowers, Horence Leath, June Clements, Milton Joyce, Margaret Gray, Peggy Burt, Dena Kate Odom, Doris Wilson, Irene Taylor, Jonisue Cogdell, Elizabeth McCarty, Patti Hicks, Thelma Whitley, Aileen Morrison, Faye Nell Spears, Wynona Keller, Estine Dorward, Martha Jo Jenkins, Mr. and Mrs. Sam Joyce, Mrs. Aubrey Stokes;

Mary McCarty Makes Plans For Affair

Mary McCarty, senior art student at Texas State College for Women, Denton, was in charge of plans and arrangements for an Easter dance given recently by the Alice Freeman Palmer Club at the school.

Sid Hamilton's orchestra furnished music for dancing in the Virginia Carroll Lodge, and club officers for next year were presented as special feature of the dance. The local girl is the elder daughter of Mr. and Mrs. W. W. McCarty.

Geraldine Shuler, student at Howard Payne College, Brownwood, spent the week-end with Mr. and Mrs. H. L. Wren, other relatives and friends here.

Slumber Party is Compliment to Club

Horence Leath, daughter of Mr. and Mrs. C. H. Leath, was hostess Friday night following Dorothy Winston's skating party, to several girls of the group and other members of the Lucky 13 Sports Club, high school girls' social club, at a slumber party.

Midnight supper was served the group buffet style—sandwiches, olives, fritos, fruit salad, pie and punch were on that menu. Mrs. Leath served breakfast Saturday morning on a table centered with spring flowers.

Those present were: Vera Periman, sponsor; Louise Bowers and Melba Ann Odom, guests; Jonisue Cogdell, Aileen Morrison, Elizabeth McCarty, Dorothy Winston, Margaret Gray, June Clements, Dena Kate Odom, Patti Hicks and the hostess.

Have your butter wrappers printed at the Times office.

Leslie Thompson Celebrates Birthday

Leslie Thompson, son of Mr. and Mrs. E. E. Thompson, was commemorated Saturday afternoon with a party to celebrate his eleventh birthday. Feature of entertainment was an Easter egg hunt and various games.

Laelle Niedeeck entertained, assisted by Mmes. Harold Nunn and James A. Clark Jr. and Faye Niedeeck. Birthday cake was served with lemonade to the following of Leslie's friends: Allie Ivison, Dale DeShazo, Mariwyn Bess Garner, Anna May DeShazo, Maxine Reynolds, Geneva Stansell, Mary Sue Holland, Jeanette Watkins, Vernon Brooks Howard Crenshaw, Billy Wayne Thompson, Eloise Gill, Mary Jo Burk, LaTrice Roper, Douglass Mustian, Loran Mustian, Bobbie Nunn.

Times for office supplies.

Mr. and Mrs. Jack Deakins and small daughter, Margaret Ann, of Floydada were week-end guests of Mr. and Mrs. E. M. Deakins and Margaret in Snyder.

SERVEL ELECTROLUX
THE Gas REFRIGERATOR (OR KEROSENE)

Still Going Strong... Not 1c More to Operate Now Than When New... Still Silent... Because IT HAS NO MOVING PARTS
In the Freezing System...

"We have been the satisfied owners of a Servel Electrolux refrigerator for over ten years. This remarkable refrigerator, after almost eleven years of daily use, is still just as economical, silent, and trouble-free as when it was first installed in our home."

"A representative of the local Electrolux dealer called on us recently in an attempt to interest us in trading for a late model, but we declined for the reason that our old Electrolux is still giving us such excellent and economical service that we would have nothing to gain by giving it up."

"We have lived in Abilene for fifty-five years, and I often think how wonderful it would have been could we have had the protection and convenience of a Servel Electrolux for all those years. And judging from the condition of our present refrigerator, I sincerely believe that could we have purchased one at that early date it would still be in operation today."

Teachers Named By New Board at Pyron Last Week

In the first meeting of the Pyron school board last week, practically all teachers were reelected, and the school board named its own officers.

M. H. Greenwood, who is serving his first year under a two-year contract, was given unanimous approval. He went to Pyron in 1936.

W. M. Edmonds, high school principal, was reelected. He took the place vacated at mid-term by J. R. Blackwell, who went to Abilene.

The group of reelected teachers follows: W. P. Tatum, commercial work; Mildred Dunlop, home economics; Mrs. M. H. Greenwood, English; P. A. Adams, fifth grade; Mattie Beth Payne, fourth grade; Mrs. N. E. Simmons, third grade.

The Pyron board, elected recently in its entirety because of changes in the consolidated district, reelected Walter Miller as president, J. W. Stevenson as secretary.

Board members drew for places, with the following results: One year, E. N. Cummings, Charles Ince and Ed Williams; two year, J. W. Stevenson and Verne Gilmore; three year, Carl Voss and Walter Miller.

BEAUTY...

MISSION SAN JOSE at San Antonio

The Illustration

Beauty was interwoven with practicality in the building of San José, gem of all the Texas missions... Coffee, too, serves a double purpose. A delightful beverage in itself, it has a mildly stimulating quality that brings relief from fatigue. Admiration Coffee is roasted to just the right degree to preserve the essential oils that give this "lift," and its oven-freshness insures against staleness. Try Admiration today. You cannot buy a finer coffee.

San José is properly acclaimed one of the most inspiring and beautiful of ancient edifices, where the art of the Old World mingles with that of the New. It was founded in 1720, but not completed until 1731. Recent restoration gives a good idea of its original magnificence.

Poems From Mrs. Wallace Hedges Are Reproduced

Mrs. Wallace Hedges of Snyder, who has been writing poetry for a number of years, has composed two lyrical gems that should be of special interest to folks in this territory this springtime.

SOME OF NATURE

A garden of roses, fresh and sweet, Fields with corn, maize and wheat, Flocks of many Merino sheep, Brooks with perch, carp and bass, Orchards with fruit, without surpass, Snow on crags and mountains high, Sweet song birds flying in the sky, Glacier beds in the far cold north, Mighty volcanoes belching forth, The deer and antelope hiding away, The eagle and the lion, seeking their prey, Lofly peaks, caverns, oceans blue, Trees, vines and flowers of every hue, Hills, valleys, desert and plain, Sunshine, shadow, frost and rain, Sweet wooded dells, pleasant shade, So many wonders God has made.

A BURLESQUE

A patch of weeds dry and rank, Two old horses, lean and lank, No feed in the field, no wheat for bread, No fruit from the orchard, trees all dead, No fish in the brook, never was, Never held water, guess that's the cause, No butter on our bread, drink water now, No milk in the churn, they sold our cow, No spuds to dig, the weather too dry, No meat to stew, price too high, No clothes to wear, can't buy without money, No bees in the hive, they were robbed of their honey, No gas in the filler, watch it balk, No credit to be had, guess we'll walk, No groceries in the kitchen, bills coming due, No money in our pockets, what will we do?

New Country Seen By Sheriff on Trip

Sheriff Clyde Thomas returned to town Friday with interesting tales of the 2,200 mile trip he had just completed. The five-day journey led the peace officer to Florence, Alabama, where he arrested William Woods, 70-year-old former Snyder resident.

She is Just Away

Tribute to Mrs. B. L. "Grandmother" Bonnett, from a friend: I cannot say, and I will not say, That she is dead, she is just away, With a cheery smile and a wave of the hand, She has wandered into an unknown land, And left us dreaming how very fair It needs must be since she lingers there, And you, oh you, who the wisest yearn For the old-time step and the glad return, Think of her faring on as dear In the love of There, as the love of Here, Think of her still as the same, I say, She is not dead—she is just away.

MORE CLOTHES FOR TEXAS.

In one short year the number of clothing factories in Texas has increased 90 per cent. There were 52 establishments in 1936 producing men's clothing and 28 for women, not including millinery. Now 150 are operating, which at least seems an indication that Texas' manufacturing aspirations are well founded.

School Helps in Special Study of Roads in County

According to R. B. Rice, district supervisor of the highway planning survey, who was in Snyder this week, local high school students have been granted permission by King Sides, principal, to assist in a special study to be made of the use of state highways, county roads, and city streets by car owners living in Scurry County.

This is a part of a state-wide and nation-wide program to collect information needed in planning the construction and maintenance of highways, roads, and streets. The information which is being collected through the local high school is an important part of the highway planning survey, according to Rice. He said that both local and state school officials have cooperated fully in this work, and it is anticipated that local students will furnish a great deal of much-needed and valuable information concerning Scurry County.

Rice said that the highway planning survey, which is a new branch of the State Highway Department and is financed both by the state and federal government, is doing several different types of work. A of each county. Traffic counts have been made on all state highways and are now being made on county roads; traffic flow maps will be prepared from this information. The trucks which travel on state highways have been weighed in order to find out how great a strain they impose on the road surface. The average life and cost of each of the various types of road surfaces are being studied. Amounts of money spent by cities on streets, by counties on secondary roads, and by the state on highways are being analyzed. Special tabulations are being made of tax resources and public debt. The use of the different road systems is being studied. And special safety studies will be started soon.

R. L. (Bob) Terry Among Candidates In Weigher's Race

Into the Precinct 1 weigher's race this week came R. L. (Bob) Terry, veteran produce man of Snyder. Bob says he entered the race of his own free will and accord. "I am running to win," he declared yesterday, "and I expect to conduct a strenuous campaign into every corner of the weigher's precinct before the July primary."

The long-time produce man has been dealing with farmers and their various crops for many years, and he believes he knows their needs and wishes as far as the weigher's job is concerned. He pledges hard work, courteous service and all- alike treatment. "Consider my qualifications and my experience," urges Terry, "and I believe you will give me your vote and influence."

Three in Race for Kent County Place

Three men are in the race for commissioner, Precinct No. 3, Kent County, and a lively contest is promised, according to reports from the Scurry County neighbor. Ab Cargile, incumbent, is running for the sheriff's job. His place is being sought by Burl Ford and A. C. Elkins, both of Polar, and Dick Sampson, who lives near Clairemont.

Four Statements To the Public

To the Public: It has come to my attention rather forcibly some four or five different times that I, H. A. Lattimore, was personally taking a hand to further the candidacy of Mr. John T. Lynch for sheriff and Mrs. Mollie Pinkerton for county treasurer, and that the Will Layne Post of the American Legion at Snyder was backing these candidates 100 per cent and that I, A. H. Lattimore, got these two candidates "to come out" for their respective candidacies.

I do not publish this in any way wishing to hurt the candidacies of the above two parties, but do think the fallacy of such untrue reports is a laughable matter only. If anybody in Snyder or this county will call it to my attention, with proof, that I have ever asked ANYONE to vote for ANYBODY, whether they be ex-service man or legionnaire, or who, I'll give same prominent publicity in next week's paper signing same, that I am making at this time. I hereby again reiterate the above statements to be facts.

My name is not mixed up in politics. It is "out," and has been all the while, and I certainly am going to keep it out if I possibly am in position to do so, regardless of the dejected party or parties that is placing it in.

Sincerely yours, H. A. LATTIMORE.

To the Public of Snyder and Scurry County: It having been charged the Will Layne Post, American Legion, is backing me 100 per cent, I wish to advise that these charges are untrue; and also the charge that Mr. H. A. Lattimore is backing my campaign for county treasurer are absolutely untrue in every respect. I did solicit Mr. Lattimore's vote. He said he would consider my solicitation.

I want the public to know I am running my own race on my own ground, and that no organization is backing me in any way. If I should win, it will be strictly by and on my own merits, notwithstanding reports that get out in politics.

Sincerely yours, MRS. MOLLIE PINKERTON.

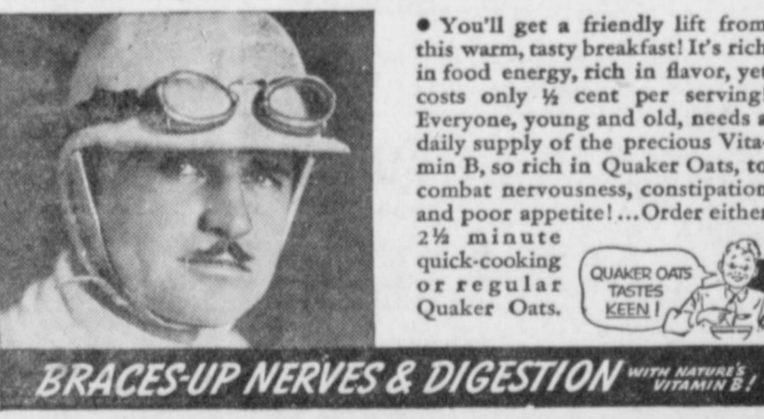

To Whom It May Concern: It has come to my attention that our post, Will Layne Post No. 181, American Legion, Snyder, Texas, has been meddling in and with politics. As commander of this post it becomes my duty to let it be known in no uncertain terms that neither as a body nor individual are we taking a part in anybody's candidacy, in any way shape form or fashion.

With regard to the above charges that Mr. Lattimore has been mixed up in politics, I want to personally challenge the truth of the charges, and will say they are untrue to the fullest extent. The Will Layne Post will not be mixed up in politics now nor during the August runoff. We will remain neutral in every way. Sincerely yours, A. B. BROCK, Commander Will Layne Post, No. 181 Snyder, Texas.

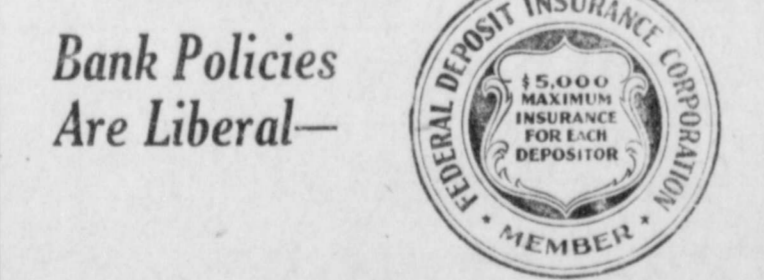

To the Public: The Above charges that were made about "getting me out" as a candidate for sheriff of Scurry County are absolutely false. It is a gross misstatement, also, that "the American Legion is behind my candidacy, 100 per cent." I am running my own race, free of all slurs and misstatements, and am running on my own accord, with no organization "getting me out" or backing me in any way whatsoever. Sincerely yours, JOHN T. LYNCH, Political Adv.

For Governor

Col. Ernest O. Thompson, former mayor of Amarillo, now railroad commissioner, is already conducting a strenuous campaign for the governorship. He favors a determined fight on unemployment, conservation of Texas' natural resources, establishment of cotton laboratory in Texas, conservation of soil and water through terracing and other means, and concerted development of the state's natural resources.

Hidden Indian Missions.

Although no traces are left, almost as many Indian missions were established in East Texas as in central part of the state where they now form the tourist's mecca. Built of wood rather than of adobe and stone as are those around San Antonio, they were soon lost through decay. It is believed that one was at Nacogdoches, one at San Augustine, two others in this vicinity and another across the Sabine in Louisiana.

Appreciation of Hanes for Good Hermligh Work

Appreciation of the work of W. T. Hanes, superintendent of Hermligh schools, was expressed in a resolution passed by the school board there last week, a few days after Hanes' acceptance of the Tahoka superintendency. The resolution follows: "We, the board of education of Hermligh High School, wish to express our deep appreciation to W. T. Hanes, late superintendent of our schools, for his splendid work in our institution and community at large.

"We very reluctantly accept his resignation, for in doing so we realize that we are losing a most excellent administrator, a conscientious school man, a friend of school children, and a worthy citizen.

"What Mr. Hanes has done for our schools during his administration here is beyond expression in mere words—the results can be seen in actual figures, in affiliated credits, in the new building program, in trophies won, in the general uplift of our school in educational trends, and in the splendid attitude of faculty and student body toward making our school 'the foundation of good citizenship.'

"We release him only because we are glad to see anyone so ambitious and so capable acquire a larger field of service in which he can benefit the youth of our nation. "Be it resolved then that the board of education of Hermligh High School, have four copies of this resolution made, one copy to be sent to the board at Tahoka, one to the county newspaper, one to Mr. Hanes, and one to be filed in the superintendent's office at Hermligh."

153 Forgotten Ghosts

Humble sacrifices to a growing civilization are the 153 ghost towns listed by the Texas Almanac. Killed by the failure of an industry or the changing of a train track, these villages started life as optimistically as some of our larger cities today. Their names, Duck Creek, Gertrude, Parsons' Seminary (famed for its female school) and others, seem still alive, even though the inhabitants and buildings are gone forever.

H. J. Schulze received a message Monday that his mother was very low at her home in Olpe, Kansas. He left immediately, the trip being made in his car. He wired back Friday that his mother passed away Thursday night. She was 83 years old and had been in failing health for several years. Death was not unexpected. We extend our sympathy to the Schulze family in their loss of mother and grandmother. H. J. will remain over for several days to look after business. He was appointed guardian of the estate at his father's death.

DO YOU WASH Behind Your Ears?
Probably as far back as you can remember you were taught the value of cleanliness. What's good for you is also good for your car when it comes to cleanliness. We wash more than the exposed surface of your car—inside, outside, on top and underneath—yes, we actually wash behind its ears. And this service costs you no more than an ordinary wash job, but you'll soon notice the difference.

Life of Your Car Depends Largely on Lubrication—

No Beer for Us!

It was no coincidence that The Times received a juicy beer advertising schedule at exactly the same time that a beer election petition was being circulated in Snyder.

The beer advertising schedule was promptly returned to the advertising agency, although this newspaper could have used the revenue to advantage in a dozen places. The Times just does not propose to use beer or any other liquor advertising, even if the county were to vote itself as wet as a bowl of hot soup. But there is not too much likelihood that Scurry County will go legally wet, in any degree, as long as her citizenship remains substantially the same as it is now. The wets have tried time and time again to turn the tables, but they so far have not made a very big dent in the voting public.

If the beer question comes to a vote again, look for a stream of propaganda that will knock your eye teeth and your sense of reason into a crossword puzzle. The Times will not be bought over with advertising revenue, but a dozen other methods will be employed... methods that will have you believing beer is as soothing as Castoria and as innocent as a virgin's dream, if you are not careful.

Of course there are a number of respected citizens who honestly believe that legal beer selling would be exceedingly profitable to the county financially, and not especially harmful to mind, body and soul. They have points in their favor, all right, and they cannot be moved from their position with love, dynamite nor the disastrous results that have come to most communities where beer is legally sold. But the Times will hold out against beer with a vigor, for it is thoroughly convinced that beer, which is a forerunner and a twin-brother of hard liquor, contributes to the moral breakdown, the spiritual forgetfulness and the financial dizziness of any community that bids it welcome.

The friends of sobriety and good citizenship would do well to gird their loins for a fight against beer and its twin-brother... if they would be certain that the bubbling beverage remains a legal outlaw.

Editorial of the Week

THE PANACEA OF SPENDING

Some fallacies die hard, and among the toughest is the belief that increased governmental spending necessarily means "increased purchasing power" in the country and therefore more "prosperity." Experience, however, give no reason for supposing that all unbalanced budget or a heavy Government spending program is either a necessity or an advantage in bad times. In 1921 we not only advanced our budget but actually retired the huge sum of more than a billion dollars in debt, yet we had a prompt and sharp

...pendent view the ay. They persist Government (at collections) must ding (purchasing get that private that new enter- y, that men are re these things are done, ... ce; and if the Federal budget should ... are hopelessly out of balance than ever, the effect would probably be only to undermine confidence still further. Government spending, instead of "bridging the gap," would in that case only widen the gap. Confidence can be restored only by reforming the tax laws and by other changes in legislation and in administration attitude as will indicate a genuinely sympathetic concern with the difficult problems of those upon whom the country must depend to employ labor and expand enterprise.—The New York Times.

Speedy Living

Diabetes was practically unknown to the pioneers of Scurry County. They worked in the open, kept their muscles and their organs healthy. Not so today. Diabetes—and numerous ailments of the heart—have increased almost in direct ratio to the development of luxury living, soft eating, soft habits and general disregard for basic hygienic laws among the people of the United States, according to health authorities.

Signs of Spring—1938

Grass luxuriant. Trees bloom. Young gardens sprouting. Early roses. Wheat almost ready to wave. Then a heavy freeze. Snow and ice. Withered, everything. Spring weather again. New leaves, new flowers, new stems and twigs. Then hail like big marbles. Blooey! But we still have a wonderful season!

Shallow men believe in luck, believe in circumstances. It was somebody's name, or he happened to be there at the time, or it was so then, and another day it would have been otherwise. Strong men believe in cause and effect.—Emerson.

In revenge a man is but even with his enemies; but it is a princely thing to pardon, for Solomon saith, "It is the glory of a man to pass over a transgression."—Bacon.

Glory is safe when it is deserved; it is not so with popularity; one lasts like a mosaic, the other is effaced like a crayon drawing.—De Boufflers.

Raw Materials

For some years The Times felt that Texas and the entire Southwest would be wise to make a determined bid for cotton mills. This attitude has changed as it has come to light that the country is already over-populated with cotton mills. Thousands of spindles in the New England states are good for little except taxes and spider-web anchors.

But this state, with emphasis on West Texas, should make every effort to encourage raw-material industries. This is a trite statement, in view of the fact that Sweetwater has her sheetrock plant, Rotan and Lamesa, Lubbock and Abilene, have their manufacturing and processing plants for minerals, cheese and other products of earth and nature.

The average West Texan, however, does not realize that he may be farming or residing over minerals that will some day bring him more money than his cattle and his lands—that he may be working before many years, if proper development continues, in a factory instead of on a farm or in a store.

Science is making many industrial products out of agricultural products—cotton, wood, nuts, and so forth. It is even feasible to assume that new scientific uses for cotton may bring a revival of our alluring cotton-raising business, just as discovery of new uses for cottonseed sped up cotton production when West Texas was young.

So the West Texas farmer of tomorrow may conceivably be growing cotton for furniture making, maize for airplane wings, and wheat straw for man's morning cereal. Surely the West Texas Chamber of Commerce and the Scurry County Chamber of Commerce could well consider the possibilities of an agricultural and industrial revolution in Texas—a revolution that is being hastened by science and raw-material development.

Current Comment

By LEON GIBLIN.

The late-hour request programs that find favor in big city radio stations has brought the G-Men swooping down, after recent checkups by Department of Justice agents disclosed the fact that racketeers were using all-night broadcast programs for exchange of code messages... One of the shrewdest racketeers yet worked in a brazen openness by the nation's underworld, the code message relay went like this:

Station BLAB, for example, sponsors a late-hour request program at night, after the networks have been cleared of "big time" sustaining numbers... Since it is a request program, no sensible telegraphic message from fans is ignored in regards to program suggestions... But in request telegrams, the underworld has managed to insert key words and phrases that mean the difference, often, between a get away and being caught when the telegram is read over the station in question.

At first dubious of this fantastic plot, J. Edgar Hoover's G-Men nevertheless unearthed evidence the broadcasting "grapevine line" was working entirely too efficiently... Thus, Station BLAB was becoming innocently the tool of underworld interests that might retaliate with bombs or dynamite if great caution were not exercised by the particular broadcasting unit... This racket has not only put our major stations on the spot, but the Department of Justice as well, since a few kingpins of the present administration censor press releases from Hoover's office.

No yes man to intra-administration seekers after self glory, J. Edgar Hoover has retaliated by refusing to give out "official" press releases entirely... In other words, if an attorney general or an attaché of the treasury department has to "tokey" G-Men press releases, Hoover feels no release at all is an effective answer... At a time when crime is a major industry in America, our G-Men should have unlimited cooperation, rather than be tied down with political "I AM" bigwigs.

Government attaches who refuse to be quoted (for every good reason) agree that "pump priming" or large scale public spending will do little good in America until hourly wages are lowered enough to permit movement of our varied economic goods brought home to John L. Lewis that the 40-hour, five-day week with "staggered" employment can fall by several jug fulls to arrive at labor's mythical Utopia of high wages and short hours.

One of the month's most entertaining bits of historical absurdity concerns a release by C. Martin Wilbur of Chicago's Field Museum of Natural History... Seeking to trace down the world's ancient New Deals, Mr. Wilbur concludes one was started by the Chinese emperor, Wang Mang, in the good year 9... "Mang's social experiments included aid to farmers by agricultural price control through government buying of excess crops in good years," Wilbur states, "with government loans to business at moderate interest rates."

Wilbur further states Mang's "experiments were far ahead of their time, and doomed to failure"... Since the Chink New Dealer, Wang Mang, was assassinated in A. D. 23, we can't very well take the words of his most distant descendants for the matter... But if the inference be left about our own New Deal, these experiments "were far ahead of their time"—by 1,915 years... Joseph, of course, was the first historically eminent personage who filled Egyptian grain bins during fat years for the lean years ahead, but stopped there... Unlearned scholars, who refer to Joseph's "normal granary" plan, fail to stop where the Scriptural records do; sometimes including every type of control as a "normal granary" subhead, division, or an item Joseph failed to think of including.

DELINTING FOR SEED IN AREA

A new cottonseed delinting plant at Ackerly was off to a good start last week-end. It handled 16 1-3 tons of cottonseed for Von Roeder Seed Farms, Borden County, one of the biggest single delinting orders in West Texas this year.

At the usual planting rate, the seed delinted for the seed farms will plant more than 6,500 acres. Much of the seed will be used by the three owners of the seed farms—Clemens and Nolan von Roeder, and Ed Murphy. A large amount of it has been sold or is for sale.

A number of Scurry and Borden County farmers last year had their seed delinted at Levelland and Littlefield. The plant at Ackerly is the one that was used last year at Levelland.

The delinting machine removes all lint from the cottonseed by a chemical process, greatly adding to the germination of the seed and at the same time doing a good culling job.

What a rain we received Sunday evening, accompanied by a high wind and lots of hail. Farmers didn't appreciate it, either, as working weather is what they need.

Some supposed to have gotten sick killed, such as corn, sudan, etc., that had begun to put out anew. Imagine now, after Sunday's rain, will all have to be replanted.

Mrs. Ernest Nieves no children and Talmage Nieves and family of Roby spent Saturday night and Sunday with a brother of Mrs. Nieves, Burl Cunningham of

ed to return home Sunday evening but due to heavy rains, they remained over until Monday.

A large crowd attended the ball game Sunday afternoon at Mrs. Stone's. Pryon and Lone Star played 2 to 1 game in favor of Lone Star.

An egg hunt at Burl Cunningham's was enjoyed by the following families: D. L. Wilburn, Walter Campbell, Barry's Campbell, Henry Carey of Claytonville, the Nieves of Roby, E. N. Smiley, Mrs. Stone, Curtis Stone and Leo Freeman of Roby. All had a very nice time.

Malcolm White of Midway Community, spent the week-end with Elmer Stone.

John Winderson and Alton Windburn attended a party Saturday night at Bro. J. D. Vaughn's.

Farmer—"You must be brave to come down in a parachute in a 100-mile gale like this."

Stranger—"I didn't come down in a parachute. I went up with a tent."

Cook—"Yes, ma'am, I'm leavin' in exactly three minutes."

Mistress—"Then please put the eggs on to boil—and we'll have them right for once."

WORK SHEETS ON ALL FARMS ARE CHECKED

Audit and Final Allotments Being Worked Out By County Committee

A special meeting of the county committee of the Agricultural Conservation Association is being held today (Thursday) in the offices of the county farm agent, for the purpose of checking work sheets on all farms in Scurry County.

This work is being done preparatory to forwarding to the state board at College Station for audit and final individual farm allotments on 1938 cotton plantings.

Every effort is being made by the county committee to make sure that no farm will be overlooked, even though the operator did not file a work sheet. This special checking is to prevent the possibility of any farm within the county not being given a 1938 cotton allotment.

A check-up on range applications reveals that a few operators have not yet signed up. To those who contemplate signing an additional time has been granted, for immediate action, by County Agent Lake Ballard.

With notice of approval of Harrie Winston and Pat Jones as range inspectors, detailed plans are to be worked out preparatory to making inspections of range applications not covered by a 1937 application. There will be no inspection of ranches which were in the 1937 range improvement program, for the determination of their grazing capacities.

Any change or revision of range practices for which payment is expected by the operator must have the approval of the range inspector and county committee before they will be acceptable for payment under the 1938 range program, the committee point out.

"Womanless Wedding."

The "womanless wedding" given at Hermleigh school Tuesday night by men on the faculty and a few men of the town attracted a full house. The school netted a sizeable sum from the performance. A. C. Bishop Jr. was the bride and M. Murdock was the bridegroom.

15 MILES LONG JUMPS AHEAD OF MERE "OIL CHANGERS" because

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

In this space suppose you'd mark down what you would pay some average "oil-changer" for your indispensable Springtime oil change that the oldest or newest car needs badly right now.

In this space then you would mark down just about the same!... which is all you will pay for making the whole great 1938 Springtime TRIPLE-CHANGE...

- the change to Your Mileage Merchant's station
- the change to his Conoco Germ Processed oil
- the change to an OIL-PLATED engine for you

Only the patented Germ Process creates an inlay of lubricant all over the inner engine surfaces—a PLATING of oil that holds as close as any other plating on your car.

Not a chance then, for cylinder walls and other delicate surfaces to drain dry every time you park. Hence not a chance of "dry starts," that can cause more wear than all your jaunts this Summer. And the gauge-stick tells you own eyes that OIL-PLATING is the twin of OIL-MILEAGE! So change to Your Mileage Merchant. Continental Oil Company
