FARM EVENTS JUST AHEAD

By LUKE BALLARD
County Agent

Coming events in agriculture are beginning to cast their shadows over Scurry County. The value of these events will be in direct proportion to the interest we take and the manner in which we participate.

Farmers' Short Course.

The attendance has grown to the point where changes had to take place. This year the short course has been divided into two sections, July 6, 7 and 8 have been designated for 4-H Club boys and girls and their sponsors. July 13, 14 and 15 provide the days for the agricultural men and women programs. Ten 4-H boys and six 4-H girls, with their leaders and sponsors from Scurry, plan to attend the first section, and six to ten men and women the second section. Between the two sessions will be the annual meeting of all county agricultural and home demonstration agents of the state, with the staff members of the Extension Service and teaching organization of the A. & M. College. Everybody agriculturally minded is invited.

County-Wide Rally Day.

The annual rally day program for all 4-H boys and girls, Home Demonstration Club members, Community Agricultural Association members and all agricultural people of the county, will be held at Wolf Park July 30. The six committees in charge of details are working diligently in preparation for this big day. Out-of-town and county men and women speakers will discuss the various agricultural problems begging for solutions. The general public is invited to come and bring a well filled basket. We who eat together learn to work together.

District 4-H Encampment.

The 4-H Boys encampment for District 6 of the Extension Service will be held at Leslie Ranch, near San Angelo, July 31, August 1 and 2. Anticipated attendance is 400 or more 4-H Club boys, who will participate in a daily schedule of educational and recreational events such as terracing demonstrations, beef cattle judging, swimming, boating, softball contests, first aid contests with lectures by outstanding authorities. Twenty more Scurry County 4-H Club boys are planning to take part in the camp.

1937 Farm Program.

Seventy-two checks in payment on the 1937 agricultural conservation program, totaling \$4,357.76, arrived this week, which is surely bringing the final payments to an end. A grand total to date of more than \$100,000 in cash has been received. Pretty nice cash dividend. It could have been \$200,000. These cash dividends are what we make them, up to the limits as provided by the governing law.

1938 Quota Program.

Land measurements and crop planting practices, including solid building practices, will be checked by performance supervisors beginning shortly after July 1. It will be to the very best interest of the producers to make their plans to go with the performance supervisor and assist in every way possible to make sure that all of the practices that all cultivated lands have been checked and measured. Cotton marketing net lint marketing quota will not be established for each operator until after performance checking is completed.

Trench Silo Dates.

Much comment has developed over feed allotment acres and neutral acres for feed under the agricultural conservation program. If you must have dry feed, cure the sudan grass or oats and stack it off of your neutral acres and put all your other feeds in a trench silo. Every day becomes trench silo filling day, after the feed is fully matured. Scurry County needs more than 1,600 trench silos, well filled. The cheapest storm-proof, rat-proof, fire-proof barn yet developed, and that only barn that saves full weight of all feeds from cutting to feeding time. Let's produce our food and feed at home.

NEW P. O. ON POSSIBLE LIST

A new post office is on Snyder's "possible" list within the next two years.

Littlefield, with postal receipts that climbed high last year due to bumper crops, is due to get a federal building out of proposed 1938 appropriations.

Based on postal receipts for the past few years, Snyder, one of the top towns in the 19th District, and thus has a good possibility of getting a federal building in 1939 or 1940.

This possibility is based on figures provided The Times through the Post Office Department, Washington.

Highest Rank in Infantry Goes to Snyder Rifflists

Entering a special 22 rifle competition for the first time, Company G of Snyder won highest place in the 142nd Infantry regiment, and second place in the 36th Division, according to information received this week by Captain Tim O. Cook. The company team match was held in the local armory, with Major John E. Sentell as supervisor. Reports of the match were sent to Washington, where they were checked against reports from other companies.

Representing Company G in the match were First Sergeant Claude E. Ingram, Sergeant Leslie M. Cole, Private First Class J. G. Irion, Private First Class Clarence G. Irion and Sergeant Cecil H. Reynolds. Ingram, with a total of 335, fired the highest score in the company. Cole and J. G. Irion tied for second place with a score of 228 each.

MASS MEETING TO TALK SHOW

A county-wide mass meeting will be held in the courthouse Saturday afternoon, July 2, to discuss plans for a Fall Products Show, or fair. The Scurry County Chamber of Commerce is making an effort to provide equipment for a show, and to be of any assistance possible, but is pointed out by President Forest Sears that the show will be placed largely in the hands of the men and women who know most about it—the farmers and ranchers.

At a meeting of the CC board of directors last Friday night, County Agent Luke Ballard, Home Demonstration Agent Estella Rabel, FSA Supervisor Aubrey S. Horn and FSA Women's Demonstration Agent Willie Lock were present to discuss Fall Products Show plans. It was then that the county-wide mass meeting, as well as plans for show grounds, was discussed at length.

The CC has named a temporary show committee, composed of E. J. Anderson, Warren Dodson and N. R. Clements, to arrange for the mass meeting, and to take the lead in conducting the meeting. "Every person in Scurry and adjoining communities is invited to the meeting next week," according to President Sears. "We need and expect the advice and suggestions of the producers themselves, for it is their show."

LILLY DUE SOON.

E. H. Lilly, recently elected as secretary-manager of the Scurry County Chamber of Commerce, will arrive next week to begin his work. His election was effective July 1. He comes from Crosbyton to Snyder, and was formerly at Greenville.

Ten to Buffalo Gap For Young People's Church Conference

Ten members of the First Presbyterian Church left Monday at noon for Buffalo Gap, where they are attending annual sessions of the Presbyterian young people's conference. They will return after the closing exercises Sunday.

Leading the group of eight young people are Rev. and Mrs. James E. Spivey, who are teaching courses during the conference. Called "A Laboratory of Christian Living," the conference is a week of study, inspiration and fun at the beautiful Buffalo Gap encampment grounds.

Young people in the group are as follows: Mary Brown Roberson, Irene Barron, Inez Barron, Wernette Payer, Ruby Blasingame, Arthur McDowell, Earl Eugene Cook and Jack Mathison.

A. E. Harvey and W. C. Wenniger are this week opening their modern skating rink a half block south of the square, former Buchanan Tin Shop location. They will begin the first session Saturday afternoon, 2:00 o'clock, and will thereafter have two afternoon and two night sessions.

Tuesday and Wednesday guest of Winston Brothers in Southwest Snyder was Frasier Biggs of "Western Livestock," cattlemen's magazine published at Denver, Colorado. Biggs was high in his praise of the Winston herd. He assisted in auctioning Winston cattle at the sale several months ago.

PROFITS BEING MADE ON FARM

The day of the small sheep flock in West Texas has arrived.

So declares the San Angelo Standard-Times, in its Sunday issue—an issue devoted largely to rams and purebred sheep.

Because of the coming of the small sheep raser to the San Angelo country—a country largely regarded as a section of big breeders—is a striking parallel to the increase of sheep on Scurry County farms in the past few years, the remainder of the Standard-Times article is presented, as follows:

Times Have Changed.

There was a time when sheep raising was held rather generally to be a "big operations" industry with individual breeders owning thousands of head.

That's partly true today, with big flocks still owned in West Texas, but the "little man" has come to the front in recent years, it being hard to find farms in this region on which there are not at least a few sheep.

In Tom Green County, for instance, it is estimated that there are 50,000 more sheep than could have been counted five years ago.

Principally, the increases are to be found on small farms.

Gain 25 Per Cent.

This increase represents a gain of approximately 25 per cent. 180,000 sheep being rendered for taxes in Tom Green County in 1932. Last year, the records show 227,000 sheep.

The increase means that farm owners are realizing that profits are to be made in diversified agriculture, else the gain would not be so rapid.

Increases, therefore, are expected in the years to come. "The sheep-raising business is being credited with some of the increase, because it definitely has proved that the small operator can profit from a small flock of sheep, that feeding of sheep is the best way and most profitable manner of marketing feed.

A Concrete Example.

An instance showing spread of small flock owners is noticed between the Glenrose Addition, to the south of San Angelo, and Mereta, where there were but three or four farms five years ago running sheep. Today, along the road between the two communities, sheep are to be found on 15 farms. The region, incidentally, previously has been looked upon strictly as a farming area.

What is happening between here and Mereta is happening elsewhere, creep feeding and small grain being used extensively. The combination, with sudan in the summer, small grains during winter months, and insured by use of trench silos, is showing the way for more frequent pay-days on the farm.

Another thing that has caused an increase in the number of sheep being grown and fed in Tom Green County is the 4-H Club movement, in which youths are taught to feed and finish lambs for club shows.

Interest Among Boys.

Not only is this work stimulating interest among boys, but thousands of others are seeing their results and starting a similar practice.

That the boys are making good use of their knowledge is shown by several registered breeders in the county who formerly were club boys.

Sale of small lots to local buyers, or by pooled shipments to Fort Worth. More than 5,000 lambs were marketed in this manner during the last year, being weighed up at the San Angelo Stockyards. Assistance in pooling the small flocks to make up shipments has been given by the county agent's office.

Dr. Towle Leaves For National Meet In "Old Virginny"

Dr. H. G. Towle, mayor of Snyder and president of the state board of examiners in optometry, left Tuesday for Richmond, Virginia, where he is attending sessions of the national optometrists' convention. At Ft. Worth he was joined by Dr. A. C. White and Dr. R. B. Hodges of that city and by Lloyd Mann, Austin, attorney for the Texas Optometric Association. Dr. White is president of the state association, and Dr. Hodges is secretary of the state board.

Although Dr. Towle has been an optometrist for many years, and has been a member of the state board continuously under six governors, he plans to take post-graduate work at the convention.

Sixteen at Steak Fry. Sixteen Snyder General Hospital attaches and their friends enjoyed a steak fry, with plenty of extras, Friday evening. The lawn of Mr. and Mrs. Lee T. Stinson's home was the summer-green setting.

S. R. LeMay

S. R. LeMay, for the last 16 years superintendent of schools in Athens, was a visitor in Snyder Friday afternoon, where he spent some time in visiting friends in the interest of his campaign for state superintendent of public instruction. He was accompanied by W. T. Hanes, superintendent at Hermaligh this year, and by V. Z. Rogers, superintendent of Lamesa schools.

WINSTON AND DEAN CATTLE ON JULY TOUR

Texas Hereford Association
Trip Will Include This
Area July 12-14

Herd of Winston Brothers, Snyder, and John Henry Dean, between Snyder and Lamesa, will be viewed by Texas Hereford Association members, on tour through this area July 12-14.

Harrie Winston and Dean were members of an association party for Saturday, July 2, for making a tour to Brownwood last week.

The tour through this territory will begin at Albany Wednesday, July 12, and will end at Sweetwater that night. Quarterly meeting of the association will be held the second day, and several herds in the Sweetwater area will be inspected.

The Winston place on the outskirts of Snyder will be visited July 14, and Dean's place will come next. The group will break up at Brownwood to Brownwood last week.

Similar trips are being made in all major Hereford breeding areas in the state, as goodwill builders and quality breeders for the Hereford industry.

Two and One-Half Credits at Pyron; Seek Building Aid

Two and one-half new credits and one exchange credit for Pyron High School were granted on the recent receiving supervisor's report, according to Superintendent M. H. Green.

One year in fourth year English, one in general mathematics, and one-half in summer projects in home economics are the new grants. Credit in ancient history was exchanged for a credit in world history. The new credits bring the total for Pyron to 20 1/2.

The Pyron school board Friday approved plans for the new school building, and application has been made for a PWA grant. Bonds (No. 1, north side of the square, 132,000 were voted May 14, and a government grant that will bring total building outlay to \$41,000 planned.

Four-H club girls Friday night will give a program for the purpose of raising funds to send one or two girls to the short course at A. & M. next month. Martha Ann Starnes has already been selected, because of good reports, and another girl may be chosen.

ONE MAN'S FIGURES PROVE THAT IT PAYS TO KEEGOOD CHICKENS

Net Profit of \$1388 From 130 Hens

To the critics who say that "you can't make anything out of chickens," Joe Merritt, who farms seven miles south of Snyder, has an answer louder than words—an answer that is figured in eggs and dollars.

Accurate figures for the first 11 months of 1936, kept by Merritt in a black notebook, reveal that he made a net profit of \$1328.88 from eggs laid by 130 purebred White Leghorns.

But that's not the whole story. In addition to the 909 1/2 dozen eggs sold, the family used 73 dozen eggs which, at average prices, would have hoisted the net profit to \$145.

WREN CHOSEN TO HEAD LIONS DURING 38-39

Service Club Hears Plans for
Cheese Plant Presented
By Loraine Man

W. L. Wren, hardware merchant, was unanimously elected as Lions Club president for the fiscal year 1938-39, at the regular meeting of the service group Tuesday at noon. He will take office July 1, succeeding A. C. Preuit.

Other officers for the new fiscal year, all elected by unanimous vote, are as follows:

W. R. Bell, first vice president; Willard Jones, second vice president; Herman Darby, secretary (re-elected); C. B. Clark Jr., treasurer (re-elected); King Sides, Lion tamer; Billie Lee, tall twist; Earl Brown and I. G. Johnson, directors.

Cheese Plant Plans.

Two Loraine visitors were at the club meeting to acquaint the Lions with plans for a cooperative cheese plant, to be opened in the Mitchell County town soon. Alonzo Phillips, spokesman, explained that an area 10 to 40 miles from Loraine must be acquired in the cream routes in order that the plant be successful.

He pointed out that the purpose of the plant is not to draw trade from this area, but to give the farmer a better market for his milk, to improve the quality of dairy herds, and to help correct the one-crop system in this territory.

Cooperation of Snyder business men in interesting farmers in the project was requested. Phillips was accompanied by H. E. Thomas.

Several Other Guests.

Several other guests were present at the luncheon. They were: J. W. Steman and C. L. Nelson, Abilene; B. Robinson, Lubbock; Lion Robt. H. Kirk, Lamesa; Clyde Murray and J. F. Blum, Snyder.

Warren Dodson, member of the Scurry County Chamber of Commerce agricultural committee, announced a county-wide mass meeting for Saturday, July 2, for making a tour to Brownwood last week.

He said local business men and others are merely trying to help producers to get such a show started, and that plans for exhibits, and so forth, will be made by the producers themselves.

Frank Farmer, zone chairman, announced that he and President A. C. Preuit and possibly others would attend the zone meeting at Midland Tuesday night of this week.

Dunn and Ira Plan Political Pow-Wows This, Next Friday

Political rallies are being planned by Dunn and Ira communities. The Dunn rally will be held Friday night of this week, in the school gymnasium, and the Ira Pow-wow will come Friday night, July 1, in the tabernacle.

China Grove and Round Top Home Demonstration Clubs, which include a number of Dunn women, are sponsoring the Dunn rally, with proceeds to pay expenses of delegates to the A. & M. short course in July.

Ira women will seek to light the community tabernacle from proceeds of the political gathering there next week.

New Air Conditioning.

Described by Joe and Lee Silinson as the most modern and complete air conditioning system in Snyder, building, and application has been made for a PWA grant. Bonds (No. 1, north side of the square, 132,000 were voted May 14, and a government grant that will bring total building outlay to \$41,000 planned.

Four-H club girls Friday night will give a program for the purpose of raising funds to send one or two girls to the short course at A. & M. next month. Martha Ann Starnes has already been selected, because of good reports, and another girl may be chosen.

Frances Boren is spending several weeks with her grandparents, Mr. and Mrs. W. S. Robinson, in Waxahatchie and with relatives in Maypearl.

A WANT AD FOR A DIME

Beginning at once, any farmer or rancher in the Snyder trade territory may place a want ad in The Times for only 10 cents.

The only requirement is that the ad must reach The Times office not later than Wednesday noon, and that it must contain no more than 25 words. The ads will be run as long as the advertiser wishes, at 10 cents per issue, cash in advance.

This special offer continues until The Times issue of July 28. Thus, you have five weeks in which to take advantage of this low rate.

Want ad advertising during the past year has been higher than at any other time in the history of The Times. But the publishers will not be satisfied until EVERY farmer and EVERY rancher knows how much profit these little ads can bring. . . . thus the special rate for a limited time only.

ABILENE FIRM STARTING NEW COUNTY WELL

Grisham-Hunter Corporation
Moving Materials Into
Unproven Territory

Another section of Scurry County is being primed for an oil test, with an Abilene firm, new to drilling in this area, at the helm.

The new well, to be spudded in a few days, is known as the No. 1, C. M. Wellborn. It is stacked 1,320 feet from the south and 660 feet from the west lines of section 146-25-H&C.

Grisham & Hunter Corporation, well known independent firm of Abilene, staked the test, which is located on the Wellborn place, 12 miles west and two miles south of Snyder, in the Knapp community.

The new test is in unproven territory. It is three miles west and slightly north of the No. 1 Dodson drilled several years ago. It is three and one-half miles northwest of the Robinson Brothers A. C. Martin No. 1, completed last year, and five miles southwest of the W. E. Clarkson No. 1 completed several years ago.

This is Scurry County's second 1938 oil test, the Coffield & Guhrke, Spears & Brownfield No. 1 having been spudded in near Ira last month.

Snyder to Enter Wynona Keller in Goddess Contest

Snyder is one of 55 towns in this section invited to enter a young lady in the fourth annual "Goddess of West Texas" beauty revue at Sweetwater July 15, it has been announced by the Sweetwater Board of City Development, sponsoring organization.

Miss Wynona Keller, second place winner last year out of about 30 entries, has been named by a Scurry County Chamber of Commerce committee, to represent Snyder at the revue.

Twelve communities have already planned to send entries in the contest. They are: Snyder, Ft. Worth, Mineral Wells, Graham, Breckenridge, Roscoe, Rotan, Anson, Stamford, Abilene, Midland and Colorado.

Miss Frances Prewitt of Stamford won first place in the revue last year and was awarded an all-expense trip to the Fort Worth and Dallas expositions. The winner this year is to be given a week's all-expense trip to Galveston. Second and third place winners are given cash awards.

The contest to select "Miss Sweetwater" is to be held the night of July 14. As in previous years, she will not be eligible to compete for the regional title. She will serve as hostess to the visiting girls and will represent Sweetwater for the coming year in similar celebrations in West Texas. Miss Thelma Pife is reigning queen.

Entries in the two revues here are judged and graded 60 per cent on beauty of face and form, 20 per cent on poise and graceful carriage, and 20 per cent on personality. Contestants are forbidden to wear jewelry or hair ornaments and they are not permitted to use suntan or other artificial body coloring.

More than 25 West Texas towns were represented in the goddess revue last year, and the number is expected to reach 50 this year. A reception, tea, and goddess' ball are among the entertainment features extended visiting beauties.

The Gulf AAU annual swimming and diving meet, to be held in Sweetwater Saturday and Sunday, July 16 and 17, is expected to attract the best amateur swimmers and divers in Texas. Alfred J. Stiles is in charge of the meet.

Names Of 102 Candidates On July 23 Ticket

Fire Boys Rank High, But Nosed Out For Awards

Snyder's first drill team to enter state-wide competition at the annual Texas firemen's and fire marshals' convention tied for fourth place. Competing at Amarillo, the team was barely nosed out of third place, which paid a \$100 prize.

The local department's candidate for state mascot, Jimmie Billingsley, was beaten by the mascot of the Coleman department, after Chief Kelly Dalton of Coleman, president-elect of the state association, made a talk in behalf of the youngster, an "adopted" member of the Coleman department.

Slower time was made in the drill contest than usual, because of old equipment in use at Amarillo. The city's newer hook-and-ladder equipment could not be used in such a contest. Childers and Harlingen tied for first at 21.8 seconds; Kerens, second, 21.9; Schulenburg, third, 22.1; Snyder and Taylor, tied for fourth at 23.8. A total of 22 teams competed in the contest.

All the team members performed well, said Chief N. W. Autry. Chalmers Watkins wrenched a shoulder, but he carried out his assignment with one arm dangling at his side. The shoulder was put back in place at an Amarillo hospital.

In addition to drill team members and alternates, the convention was attended by Frank Spain and Ed Griffith, making a total of 16 members of the local department at Amarillo.

COUNCIL SAYS CONTROL DOGS

Dog owners are reminded by the City Council this week that all dogs must have a city license, which may be obtained at the city water office.

All dogs in the city limits must be penned; or, if they are allowed to run free, they must wear a collar and license tag at all times.

About 30 dogs were disposed of by the sanitary officer, S. E. Keller, last month, acting on orders of the City Council. This disposal will be unnecessary and will save the city needless expense if dog owners will cooperate in controlling the animals this summer, reminds Marshal Simon Best.

Baptists Gather at Winston Pasture to Feast, Make Merry

More than 125 members of the First Baptist Church, families and guests of the men's Bible class, gathered in the Winston pasture south of town Tuesday evening for picnicking and fellowshiping.

Harrie and Wade Winston and J. A. Woodfin, with several assistants, prepared and served barbecued beef and fried steak of the finest quality, plus red beans, onions, pickles, buns, stewed apricots, coffee and feed tea.

Gene Spearman, who was named last Sunday as educational director and assistant pastor of the church, led the group in singing a number of songs, prior to the meal. Brief talks of welcome were made by E. E. Weatherbee, president of the class, and H. L. Wren, teacher.

Baptist Leader Named.

The First Baptist Church last Sunday named Gene Spearman of Peecos as educational director and assistant pastor, his duties to become effective July 1. He and his wife will arrive in Snyder some time next week. They were brief visitors here Tuesday en route from Peecos to Ft. Worth.

Sonny Boy Williams Working on Picture

Sonny Boy Williams, who has been receiving plenty of headlines in Hollywood with his song-and-dance acts, is this month working on his first real role in pictures.

He is playing in "Boy's Town," in which Spencer Tracy and Mickey Rooney are starred. The picture is based on the famous Boy's Town of Omaha, Nebraska.

Sonny Boy is the son of Mr. and Mrs. Voyt Williams, who formerly lived in Scurry County. Williams is the son of Mrs. M. E. Williams of Hermaligh, the brother of Miss Minnie Lee Williams, Times correspondent at Hermaligh, and of Ross Williams, also of the Hermaligh community.

TRIO COME OUT ON FINAL DATE

A political campaign hotter than the first days of summer faced Scurry County voters when the county Democratic executive committee found Monday that a total of 102 names will be on the July 23 primary ballot.

Of the 102 candidates, 54 are seeking state office, seven are out for district jobs, 19 are in county races, and 22 are out for precinct places.

With 2,556 poll taxes paid in the county, and with "overs" and "unders" planning to cast an unusually heavy percentage of the ballots, Scurry may turn in well over 3,000 votes, County Chairman A. C. Preuit believes.

Trio Announce Late.

At the end of the filing period Saturday, the ballot showed three new names and one dropped name. H. E. Brock, former commissioner of Precinct 4, seeking the place again, failed to file. At the last minute, however, W. W. (Ward) Gross jumped into the race, opposing the incumbent, J. E. Hairston.

Tom C. Davis made a late entry that means Jake Huffman, like all other commissioner candidates, has opposition in Precinct 2.

H. F. (Abe) Rogers was the third newcomer, entering the race for justice of the peace, Precinct 1.

Expenses Are Divided. Estimated primary expenses of \$1,236 were divided as follows among the various county and precinct candidates, in the Monday meeting of the county committee:

County clerk, \$75; county tax assessor-collector, \$60; county judge, \$50; county treasurer, \$50; county superintendent, \$50; county sheriff, \$40; district clerk, \$30; county attorney, \$25; commissioner, Precincts 1, 2 and 4, \$25; commissioner, Precinct 3, \$20; public weigher, Precinct 1, \$15; justice of the peace, Precinct 2, \$5; public weigher, Precinct 2, \$5; constable, Precinct 1, \$5.

In the following line-up of candidates, the order in which the names will appear on the Scurry County ticket is followed:

District Candidates.
For Representative in Congress, 19th District:

George Mahon of Mitchell County
For Associate Justice, Court of Civil Appeals, 11th Supreme Judicial District of Texas:
O. C. Panderburk of Eastland County

For State Representative, 118th District:
Joe A. Merritt of Scurry County
C. L. Harris of Dickens County

For District Attorney, 32nd Judicial District:
Zollie C. Steakley of Nolan County
Truett Barber of Mitchell County
George W. Outlaw of Nolan County

County Candidates.
For District Clerk:
J. P. (Jimmie) Billingsley

For County Judge:
H. J. Brice
Sterling Williams

For County Assessor-Collector:
Rufus Mize
Frank Farmer
Sterling Taylor

For County Clerk:
Chas. J. Lewis

The WOMAN'S Page

MARRIAGE AT SNYDER HOME EARLY FRIDAY

Clarabelle Clark became the bride of T. M. Rylander in a pretty home setting Friday morning, 5:30 o'clock, at the home of her parents, Mr. and Mrs. G. B. Clark Sr. Rev. Ima Harrison, pastor of the local First Baptist Church, officiated for the ring ceremony.

The bride wore a white frock of embroidered marquisette for the service. Her corsage was blue, and for "something borrowed," she wore her mother's pearl necklace. She traveled in a smart beige and brown costume.

Graduate of the local high school, Mrs. Rylander has attended Hardin-Simmons University, Abilene, later taking her business courses in Dallas. She worked for several years in Amarillo, and at the time of her marriage she was associated with her father and brother as bookkeeper in a local lumber yard.

Rylander is an engineer with the Humble Oil Company, geophysical department, stationed here for several months. He received his education at the San Antonio Military Academy, Rice Institute at Houston and Texas A. and M. College, and he has been with the oil company more than four years. His parents are Mr. and Mrs. C. Rylander of Houston.

The couple left immediately for a two-week stay in Houston and San Antonio. They will be at home here after July 1.

Attending the marriage service besides the bride's parents were the following: Mr. and Mrs. G. B. Clark Jr., Mr. and Mrs. Alfred McGowan, Mr. and Mrs. Charles Weath, Mr. and Mrs. M. Meeks and children, Mr. and Mrs. R. S. Epperson, Earl Walters and Mr. and Mrs. R. S. Duty of Houston.

Shower Given for Mrs. Shelton Holmes
Mrs. Shelton Holmes, the former Altha Goodnough, was honored several days ago at a bridal shower in the home of Mrs. Pearl Martin. After several games were played, the honoree was presented with a large basket filled with gifts. Refreshments were then served to: Mmes. D. H. Goodnough, Luther Holmes, Howard Holmes, Bud Rogers, Raymond Grinnitt, Bill Grinnitt, Ralph Neal, J. E. LeMond, Raymond Prather, Kenneth Pinner, B. S. Pinner, Walter Holmes, Marie Simpson and the honoree, Misses Martha Lou Holmes, Evelyn Clark, Pearl Morton and Glenna Martin. Gifts were sent by the following: Mmes. Leland Autry, James A. Clark, Nola Gladson, Edna Land, G. N. Greer, George Autry, Carl Eastman, W. T. Murphree, Woods, Jay Ramsey, Vera Williams, Coy Watkins and Horace Holmes, and Miss Freda Rhe Holmes.

SOCIETY EDITOR IS VACATIONING

Miss Allene Curry, Times society editor, left Saturday night for a two-week vacation that will include visits to Ft. Worth, Waxahachie, Ennis, and Ardmore, Oklahoma.

During her absence, society news and personal news will be handled by the regular staff. The publishers will appreciate the assistance of all friends of the paper in providing, by telephone or writing, all news concerning parties, club meetings, visits and picnics.

Assistant Agent Returns With Bride

Mr. and Mrs. Edward S. Hyman returned Sunday from a New Orleans honeymoon trip to make their home at 3065 Avenue V.

The bride is the former Miss Evelyn Ward of Reagan. The bridegroom is Scurry County assistant in agricultural conservation, connected with the Extension Service.

The marriage ceremony was performed Sunday, June 12, 2:00 p. m., at the home of the bride's mother, Mrs. Henry Ward, in Reagan. Rev. W. A. Craven, Methodist minister of Calvert, officiated for the simple ring ceremony. Only a few relatives and close friends were present.

Mrs. Hyman, a graduate of North Texas State Teachers College, Denton, has taught in Barclay schools. Mr. Hyman, graduate of A. & M. College, lived at Rosebud before he came to Snyder January 1 to become connected with the county agent's office.

Shower at China Grove for Bride

Fifty guests gathered last Thursday at the home of Mr. and Mrs. Stanley Merket, China Grove community, to honor Mrs. James R. Cook of Snyder with a bridal shower. Mrs. Cook is the former Miss Anna Bell Krop, former Times correspondent, daughter of Mrs. A. Krop of China Grove.

Mrs. Merket was assisted in serving by Mrs. Jim Merket, Mrs. Jim Wood, Mrs. Carl Hinton and Mrs. N. O. Brown. Mrs. Russell Dunn greeted the 50 guests at the door, and Mrs. Ollie Dunn presided over the bride's book.

Wearing tiny red aprons, Misses Eton Brown, Lo-Ellen Hall, Bonnie Ruth Wood and Jaunice York served punch and angel food cake.

Mrs. E. H. Allen, grandmother of the bride, received a prize in tribute to her 62 years of happy married life. Mrs. Cook was then presented with a large box filled with gifts for having been married the shortest length of time.

Guests from out of the China Grove community included Mrs. Edna Bernett and two children, Mrs. Betha Mae Bernett of Dublin, Mrs. Polly McGee and Mrs. I. A. McGee of Colorado; Mrs. Anton White of Snyder.

SHOWER GIVEN THURSDAY FOR RECENT BRIDE

Complimentary to Mrs. John Francis Blum, June bride, Mmes. J. C. Stinson and J. D. Scott were hostesses at the Stinson home at a delightful tea-shower last Thursday afternoon from 4:00 until 6:00 o'clock.

Mrs. Blum, the former Mary Margaret Towle, is the daughter of Dr. and Mrs. H. G. Towle, whose marriage took place at the First Methodist Church in Georgetown June 8. The couple arrived in Snyder early last week to make their home.

Pink and white formed the color note for details at the Thursday afternoon affair. Bouquets of pink gladiolus, roses, larkspur, chifon asters, corn flowers and garden lilies surrounded by trailing ivy made the Stinson home a flower garden for the party.

The honoree wore a floor-length frock of pink mousseline, trimmed with blue velvet ribbon bands.

Evelyn Erwin, Baylor University student home for the summer, greeted guests at the door. Mmes. Stinson headed the receiving line, presenting Mrs. Blum, the bride's mother, her aunts, Mrs. J. H. Greene of Colorado and Mrs. A. J. Towle, and Mrs. Greene's daughter, Mrs. Joe Ford, also of Big Spring.

Dorothy Strayhorn was presented on program in a medley of love songs, by Mrs. P. W. Cloud read "Wives" by Edgar A. Guest. Mrs. Novis Rodgers accompanied the vocal numbers and also played at intervals all afternoon. Guests were invited into the dining room by Mrs. Walter Cook of San Angelo.

The dining table was covered with an heirloom cloth of white, and painted with 12-inch deep Mexican drawn work around the edge. Made for Mrs. Towle's mother, the late Mrs. W. P. Ruddick of Colorado, 40 years ago, the cloth has been used at wedding celebrations of each of her daughters and on all state occasions in the family.

Centering the table was a bride's bouquet tied with white bridal ribbon and white ribbon, placed on a reflector. Smaller bridal bouquets, also used as table decorations, were presented as guest favors. Tall pink tapers in crystal candelabra burned on the table and buffet.

Assisting Mrs. Scott in the dining room were Misses Edna Bernett, Roberta Ely and Hazel Pollard. They served pink ice cream molded into wedding slippers with decorated squares of cake.

Mrs. Lee T. Stinson presided at the register, an attractive hand-painted bride's book in modernistic design, which was the gift of a classmate of the honoree, Lanette Lese of Southwestern University, Georgetown, who was a member of the wedding party.

Included in the 70, who registered during the afternoon, were two out-of-town guests, Mrs. Marshall Higgins of Deming, New Mexico, and Brent Anderson of Hollywood, California.

The gifts were presented, as callers returned for the last hour, inside and stacked around a "wishing well" covered with white ruffles and ivy. Words of appreciation by Mrs. Blum preceded the good-bye, which were said by Mmes. Stinson and Scott.

Eastern Star Officers Installed

New officers for the ensuing year were installed by the Snyder Order of the Eastern Star on the evening of June 10, when about 30 women gathered in the local meeting hall.

Several out-of-town guests were present for the service, Big Spring and Pecos being represented by official guests.

Following the installation, ice cream and cake were served during a social hour.

These were the new officers who were installed: Mrs. Lottie Sefton, worthy matron; C. E. Baker, worthy patron; Mrs. Floy Caffey, associate matron; Lynn Henderson, associate patron; Mrs. Omah Wren, secretary; Mrs. Mayme Dunn, treasurer; Mrs. Edna Haney, conductress; Mrs. Ida Henderson, associate conductress; Mrs. Adella Moore, chaplain; Mrs. Mollie LeMond, marshal; Mrs. Viola Warren, organist; Mrs. Vera Temple, Adept; Mrs. Florine Baker, Ruth; Dewey Odum, Martha; Mrs. Emma Isaacs, Electa; Mrs. Maud Avery, warder; E. A. Black, sentinel.

Next meeting of the Snyder chapter will be held Friday evening, July 8.

HOME DEMONSTRATION CLUBS

Estella Rabel, County Home Demonstration Agent

County Council Notes.
Members of the County Council of Home Demonstration Clubs met for a regular business session at 3:00 o'clock on June 18 with the chairman presiding. Thirteen clubs were represented with 23 members present. The following officers were present: Chairman and secretary-treasurer, The total number of clubs in the council equals to 13. TWO PARTIES FOR YOUNGER "GANG" GIVEN

Two parties for the "gang" of girls that left the social parade at Snyder High School a few years ago were highlights of week-end entertainment in Snyder.

Miss Brent Anderson of Hollywood, California, was honored with a birthday supper Sunday evening at the home of the parents, Mr. and Mrs. E. J. Anderson, with Mrs. Anderson as hostess.

Guests for the buffet supper on the lawn were: Misses Roberta Raybon of Lubbock, Johnnie Mathison, Ruby Lee, Gwen Gray and Margaret Deakins; Mr. and Mrs. Vernon Young of Garden City; Messrs. N. R. Clements, Frank Bell, Dock Kelly, Albert Carlton, Wiley Robinson and Bud Boren.

Miss Margaret Deakins was hostess at the Manhattan Hotel Saturday evening for a surprise birthday party honoring Miss Anderson and Miss Gwen Gray.

After a three-course dinner, gifts were presented to the honoree. Guests were Miss Charline Ely and the girls who enjoyed the lawn supper at the Anderson home Sunday evening.

California Girl Is Party Honoree

Complimentary to Brent Anderson of Hollywood, California, who is a vacation guest of her parents, Mr. and Mrs. E. J. Anderson, here, Charline Ely was hostess at the home of her parents, Mr. and Mrs. W. J. Ely, at a four-table bridge party Friday evening.

Miss Anderson, a graduate of the local high school, will be in Snyder until Saturday, when she will return to Hollywood.

Miss Ely was assisted in entertaining by her mother and her sister, Roberta. Bridge prizes were awarded Alia Bowers and Mrs. Herman Doak at the close of the games. The hostess also presented the honoree a gift.

A salad course was served with cookies and ice tea to the following: Miss Anderson, Ruby Lee, Margaret Deakins, Johnnie Mathison, LaFrances Hamilton, Evanelle Arnold, Miss Bowers, Mrs. Doak and Althea Curry.

Meri Sonja Arrives

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardal has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Bring Your Laundry to

IDEAL WASH HOUSE

One of the big advantages of bringing your laundry to Ideal Wash House and Laundry is that there is so little fuss and muss before you start to actually washing. Your water is ready (and it's soft, too) there is a modern washing machine prepared to go right to work; there is no rubbing; you get through hours earlier—and have that extra time for other duties or for leisure.

J. C. PENNEY COMPANY, Incorporated

Several County Members Named By Association

Scurry County members of the Texas Cowboy Reunion Association, composed of old-time cowhands, which will hold its annual meeting during the reunion in Stamford July 4, 5 and 6, include:

P. M. Bolin, P. Brady, S. J. Casstevens, J. C. Doward, A. C. Elkins, T. B. Ewer, C. E. Ferguson, W. B. Greene, J. C. Helms, Mrs. J. G. Huddall, Sidney Johnson, J. J. Koonsman, J. G. Lockhart, Jack Middleton, J. Wright Moor, J. H. Pinkerton, John Spears and Z. W. Underwood.

Members of the association receive the highly prized old-time cowboys' metal badge upon payment of their annual dues of \$1. The badge admits the member to all rodeo privileges, to the cowboy square dances at the bunkhouse each night and to the meal ticket for a chuck wagon dinner each day at noon.

Maintenance of the old-time cowhands, whose ranks are fast thinning, is one of the main purposes of the Texas Cowboy Reunion. Their gathering is an occasion for reviving memories of frontier life on Texas cattle ranches and preserving customs and traditions of the old West.

Walt Cousins of Dallas, former West Texas cowhand, who is serving his second term as president of the association, will preside at the meeting of the old-timers. Officers for the coming year will be elected. The meetings will be held in the enlarged cowboy bunkhouse, permanent home of the association, which is being completed along the lines it was originally designed at a cost of \$6,300.

LETTERS FROM THE PEOPLE

Thompson for Governor.
Editors, The Times:
The story of E. O. Thompson is not told merely for a wild event; it hangs upon character and noble purpose. It emphasizes courage, ability, firm-set method, broad-minded attitude toward all things that are good and the intense hatred of cowardice and evil.

No one can read the history of his life without admiring his manliness, correct balance between right and wrong, his ideals of courage and fair play between the masses and classes. He has established a reputation for honesty in private and public affairs, utter disregard for political bosses. He is an outstanding, independent man. He is quiet in manner, firm in conviction and conscientious in the performance of his duty and is noted for important accomplishments.

The object of E. O. Thompson's reform program is to protect the interests of the common people and to increase their opportunities for development and employment; to establish more democratic methods of government, and to preserve and make use of the natural resources of the state for the good of the people. Those who find fault with E. O. Thompson are wrong because the spirit that generates it is wrong.

G. M. D. Garner Back.
G. M. D. Garner, Scurry County's only Civil War veteran, returned last week-end from Morton, where he has been visiting his daughter, Mrs. C. E. Moore, for some time. He reports most of the country pretty well blown out, but a heavy rain last week gave them new planting season. Mr. Garner is making plans to leave in a few days for the Civil War reunion at Gettysburg.

Land Bank Will Keep Low Rates Two More Years

The reduced interest rates on federal land bank and commissioner loans have been extended by federal legislation for a period of two years, according to word received today from the Federal Land Bank by Hugh Boren, secretary-treasurer of the Snyder National Farm Loan Association.

On Federal Land Bank loans through national farm loan associations the temporary reduced rate of 3 1/2 per cent per annum will be continued for all interest installments payable prior to July 1, 1940.

The temporarily reduced rate of four per cent on land bank commissioner loans is also continued until July 1, 1940, Boren said.

"The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time a loan was made," Boren said. "At present the contract rates on new land bank loans are four per cent for loans through unimpaired associations. The contract rate on all commissioner loans made through the land bank is five per cent. Under the law, as now amended, both land bank and commissioner borrowers will resume interest payments at their respective contract rates on July 1, 1940.

"Farmers who now obtain new loans through an association at the four per cent contract rate," Boren continued, "will get the benefit of the 3 1/2 per cent rate for all interest installments payable prior to July 1, 1940, and after that will not have to pay more than the four per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30-odd years."

This will mean a saving of some \$45,000 annual interest to 920 farmers and land owners who have loans made through the Snyder National Farm Loan Association, says Boren.

FHA QUESTIONS WITH ANSWERS

Q. Can a hot-water heating plant be located any place except the basement satisfactorily?

A. In a gravity hot-water heating system the radiators should always be higher than the boiler. If a pump is used, it takes the place of natural gravity circulating "head" and is usually powerful enough so that radiators may even be below the boiler.

Q. Will aluminum paint successfully cover a discolored surface? How many coats should be used and can other paint be used on top of this?

A. The success of aluminum paint in covering a discolored surface depends naturally upon what causes the discoloring. If grease or oil is the cause, the aluminum paint will not stick to the surface; in fact, no paint will. If, on the other hand, the stain is caused by a dye which must be sealed, aluminum paint is an excellent sealer. In the latter case, two coats may be required to assure sealing a stubborn case. Other paint can be used on top of aluminum because aluminum paint is also a good primer.

Q. Can I build more than one house to be financed under the insured mortgage system of the Federal Housing Administration?

A. If the builder intends to be the mortgagor on all loans he may finance more than one house under the insured mortgage system, providing that he can satisfy the Administrator that he has the ability to retire the obligations and that properties meet the FHA standards of construction.

Ball Games at Dunn.
The China Grove and Round Top Home Demonstration Clubs will sponsor basketball games and a social Thursday evening, June 30, to send a Dunn boy and girl to the short course at College Station July 6, 7 and 8. Everyone is invited to come to the Dunn gymnasium and have a good time, according to club leaders.

Oil Drilling More Costly

The average depth from which oil is produced in Texas today is three and one-third times greater than the experience recorded prior to 1920, according to a survey just completed by the Texas Mid-Continent Oil and Gas Association. Today, according to the survey, Texas oil is produced from wells having an average depth of 4,000 feet, with a maximum producing depth of 10,000 feet. Prior to

1920, the average depth of producing oil wells in Texas was only 1,200 feet, with a maximum producing depth of 2,000 feet. The extent to which depth affects drilling and completion costs is shown by the fact that the cost per thousand feet of hole ranges from \$6,000 for the first thousand feet to \$20,000 per thousand feet when the depth reaches the 11,000-foot mark.

Baseball Nine Goes To Play Sweetwater 3:00 P. M. Sunday

A newly organized baseball team under management of Earl Straw and Cecil Reynolds, will go to Sweetwater Sunday afternoon, 3:00 o'clock, for a game with the Sweetwater club.

The battery will feature Carl Fore as pitcher and Earl Fore as catcher, both newcomers to the county. The other seven starters will probably be: Delbert Johnston, first base; Victor Baze, second base; L. A. Crenshaw, third base; John Chapman, shortstop; Charley Morrow, right field; Pat Johnston, center field; "Ramrod" Watkins, left field.

Substitutes include Dee Sanders, Tommy Winters, Johnny Boren and Roy Winters.

Sweetwater plans a return game here July 10, with 10 per cent of proceeds going to the local child welfare unit.

Anvil Park Rodeo, Canadian, Will Be Fast and Furious

From the opening scramble, with four fast chutes delivering yelling cowboys on wild horses and Brahma steers, to the closing event, which is the Brahma steer riding event, there will be a beehive of activity that provides 10 times the action of a three-ring circus, when the sixteenth annual edition of the Anvil Park Rodeo gets underway at Canadian July 2 for three days.

The most spectacular of all events will be conducted in the spacious arena, where the cowboy pits his skill and cunning against untamed horses and wild cattle. Western sports are one among those conducted honestly—because no one has ever been found who could "frame" a wild bronco.

Special acts consist of trick and fancy riding and roping; cowgirl sponsors from various towns of the area; dances nightly in the city auditorium; and three crack bands.

Several top cow hands from Texas and Oklahoma have already announced that they would enter the arena events.

786 Lump Sums Paid.
A total of \$23,366.57 was approved for payment to 786 Texas beneficiaries under the federal old-age insurance program during April, according to Dewey Reed, manager of the Amarillo office of the Social Security Office. Those eligible to receive these payments are wage earners reaching age 65 and close relatives or estates of workers who die.

Mrs. Clyde Moore of Hobbs, New Mexico, was a guest of her sister, Nellon Minix, in Snyder Saturday, en route from a several-day visit in Sweetwater to her home.

Wild Mule Race At Big Spring July 2-4 Rodeo

Because very few animals can be as comically wild as an embattled mule, each of the six performances of the fifth annual Big Spring Cowboy Reunion and Rodeo, July 2-4, will be opened with a wild mule race.

These rollicking contests last year became immensely popular with the record audiences and were incorporated into the plans for this year's events.

In addition, Sam Stuart, Houston, will serve as clown. Stuart also is an expert with the rope and in the saddle. To round out feature attractions, trick and fancy riding, and "educated" horses will appear.

Under Burke Summers, a parade, calculated to stretch for nearly two miles, is being organized. Business firms, clubs, orders, individuals and bands are being drafted to compete for \$150 in prizes.

Rodeo contestants will be in the parade before fighting for a share of the \$1,900 cash prizes, for calf roping and bulling, steer and bronco riding and bulldozing.

Several leading dignitaries of the state, among them C. V. Terrell, state railroad commission chairman, are due to be in Big Spring for the opening of the show. Several events, including old fiddlers' contest, softball, bathing beauty revue and aquatic contests are being arranged as free activities between rodeo shows.

Pyron H. E. Girls Varnish Furniture

At both meetings last week the Pyron home economics girls worked on the laboratory furniture which they are refinishing as a summer group project under the direction of Miss Mildred Dunlop. The old finish has been removed from the last piece, and after a final sandpapering it will be ready for a coat of varnish.

The state department has granted Pyron one-half unit of affiliation in summer projects, making a total of three and one-half affiliated units in vocational home economics.

Lump Sums Equal to 3 1/2 Per Cent.
Lump sums amounting to 3 1/2 per cent of wages received by workers since December 31, 1936, and up to attainment of age 65 or death, provided the work has been in employment covered by the federal old-age insurance program, are now being paid by the Social Security Board. Big Spring Gets Ready for Rodeo First Week July

With 135 head of broncs, steers and calves due to arrive Saturday or Sunday, Big Spring is beginning to take on the atmosphere of a gay celebration in anticipation of the fifth annual Big Spring Cowboy Reunion and Rodeo July 2-3-4.

Red Lyons, Byers, is scheduled to bring 20 head of wild horses, an equal number of big Brahma steers for riding, and another 20 for bull-dozing. Vance Davis, Garden City, will truck 40 head of Brahma calves for roping and 36 head of the same raw-boned variety for calf belling.

Jeff Reavis' famed Liberty Horse, "Danger," and L. I. Stewart's "Silver King," are to appear in "educated" horse stunts.

Several inquiries have been received by rodeo official from cowboys wishing to participate in the competition for \$1,000 prize money and an extra \$500 in other awards.

Wolcott Prances To College Mark In High Hurdles

Fred Wolcott was the only entrant in the national inter-collegiate track and field championship at Minneapolis Saturday to hang up two firsts. The Snyder-Rice Institute star copped the high and the low hurdles. When he raced over the high hurdles in 14 seconds Friday, in the preliminaries, Wolcott broke the meet mark. But he slowed down a tenth of a second in winning the final Saturday. He raced over the low hurdles in 23.2, a tenth of a second faster than he made in the Friday preliminaries in that event.

In winning the low barriers, Wolcott came in three feet ahead of Earl Vickery, red-headed Southern California speedster, who won the event last year.

The Houston school's sophomore sensation, undefeated in collegiate competition, and the American record made by Bob Oggood of Michigan in 1937, as he broke the meet record of 14 seconds in the high hurdles.

Wolcott's Rice team garnered 24 points at the meet, tying Notre Dame for fifth place. Southern California Trojans copped the meet with 69 1/2 points, although they won only two first places.

"The manner in which Wolcott set the meet mark," said the Associated Press, "apparently was more remarkable than his actual accomplishment. He won his heat by five full yards, and was running easily at the finish."

"The 12,000 spectators who watched the qualifying tests at Minnesota's memorial stadium gave the Texas streak a great hand after his record-breaking performance."

Sheep were imported into America in 1609.

West Texas Dentist Group Plans Event

Four officials of the West Texas Dental Society were in Snyder Sunday to confer with Dr. Sed A. Harris, veteran secretary, concerning plans for the annual convention at Sweetwater September 4 and 5. It will be the 29th convention of the body.

The visiting group included: Dr. G. C. Turner, president, Lubbock; Dr. W. B. Stevenson, Amarillo; Dr. A. J. Wimberly, Sweetwater and Dr. Guy M. Gillespie, Abilene, members of the executive committee. Mrs. Gillespie accompanied her husband to Snyder.

Examination for Supervisors Will Be Held June 25

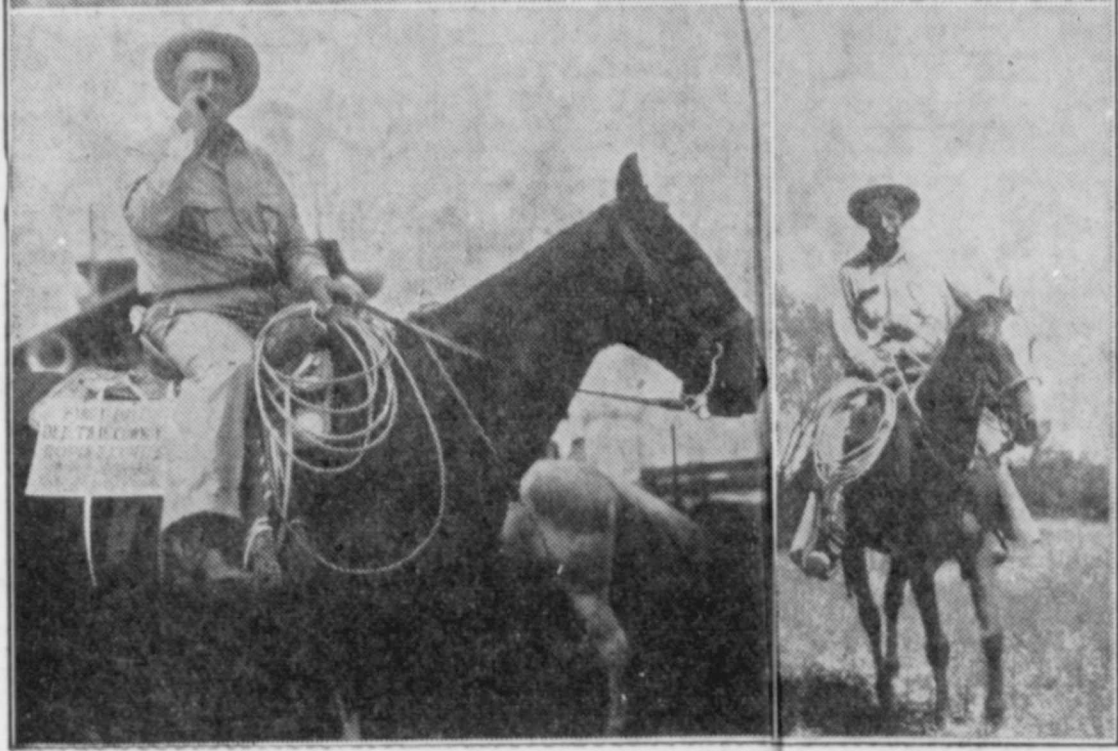

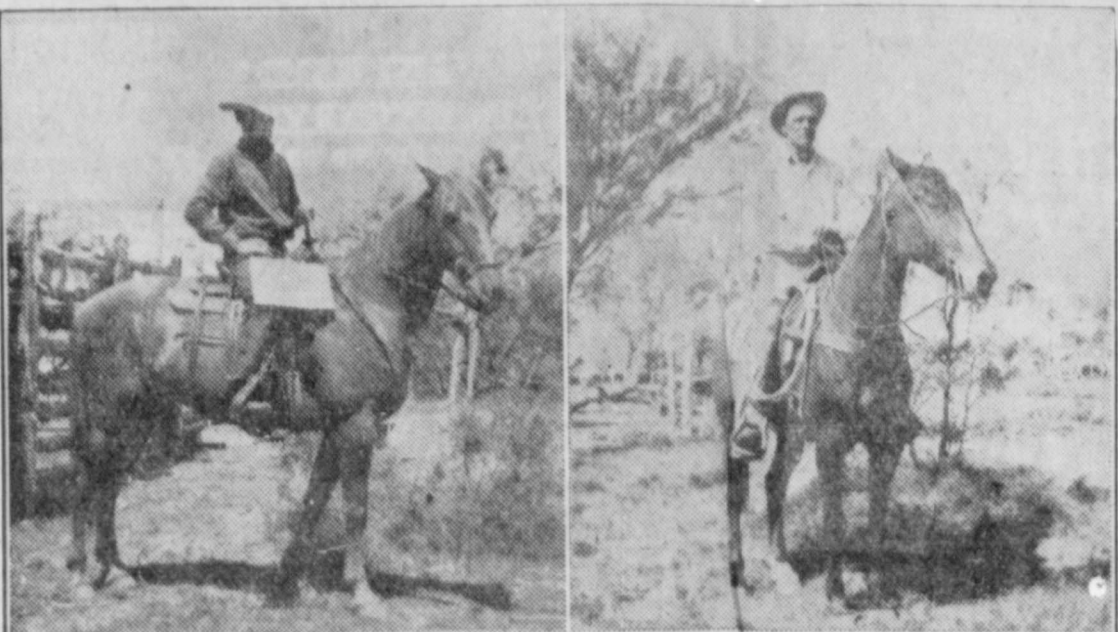

The county committee of the Agricultural Conservation Association will conduct a written examination for performance supervisors Saturday afternoon, June 25, in the district court room. These supervisors will check compliance under the 1938 program.

The examination begins at 2:00 o'clock. All community committee members, alternates, ex-community committee members and supervisors, and others who can qualify in making land measurements and with an understanding of the regulations governing the 1938 program, are eligible to take the examination.

"It is estimated that 14 or more supervisors will be needed to complete checking of performance and land measurements within the time limits specified, as under the 1938 program all farms in the county must be measured and crop plantings checked. Cotton marketing quotas will not be established until all cotton acreage is measured," according to J. H. Jean, chairman of the county committee.

"The value of compliance with the 1938 program is of material importance from the standpoint of crop insurance this year, in view of the many hazards that have and are continuing to prevent normal production. The estimated cash returns with complete compliance on all farms and ranches within the county should approximate \$200,000. An item that we cannot well afford to ignore," states County Agent Luke Ballard.

Champion Cowhands to Attend Cowboy Reunion

Three top cowhands who won handsome saddles as champions in rodeo events of the Texas Cowboy Reunion last year are planning to attend the ninth annual reunion at Stamford this year on July 4, 5 and 6. A fourth will not return, having answered the call to the "last round-up." Upper left in the pictures is J. L. McCasron, Palo Pinto, riding "Old Doc," who won the cutting horse contest. Vance Davis, upper right, riding "Buster," won the calf roping championship. He works on the Queen Sabe Ranch, Garden City. Tom Hudson, Benjamin, lower left, who won the oldtimers calf roping contest, died last

(Editors' Note: This is the fourth of a series of articles furnished by T. C. Richardson, secretary of the Texas Breeder-Feeder Association, at the suggestion of R. J. Edwards, president of the Texas Press Association. Purpose behind the articles is to cooperate with Texas farmers in using to the best advantage the acres taken out of one-crop production under the AAA.)

On the average farm enough feed can be grown on a few acres to supply the family's meat and milk menu. Grass goes to waste for want of animals to eat it at the right time to repletion. On many farms enough raise a flock of sheep or two or three beef animals.

The old-time "beef club" by which several families kept themselves in fresh meat the year round was an institution of the pioneer days, and is still used in some communities. Modern refrigeration permits a single family to kill a lamb or a calf at any time and use it as needed. The steam pressure canner has made it possible for any farm family to preserve meat at any time, after using as much as possible in fresh form.

Americans eat an average of 139 pounds of meat per capita, both fresh and cured. Two-thirds of it is produced west of the Mississippi river and two-thirds of it is eaten east of the river. City people eat more fresh meat per capita than country people, and pay at retail something like three times the price per pound for which the producer sells it on foot. In other words, the farmer who raises meat can eat it for about one-third the price to his city neighbor, yet eats less of it.

Fresh meat, milk and eggs are bone-and-muscle building foods which are ready for human consumption where they are produced without going to a factory for processing. By all the rules of reason producers might be expected to use them in the diet to the utmost extent of appetite and the demands of health. It is a queer mental quirk, therefore, which stunts their use by those who produce them and they are looked upon mainly as something to sell, with which to buy less palatable and more expensive foods.

The present crop plans call for the planting of more feed crops, and these feed crops must be fed to livestock. There is no restriction whatever on the production and use of all the dairy, meat and poultry products the family can use and many a cotton family has its first real opportunity to produce and use its full needs in these wholesome and delicious foods. There is no restriction on the sale of meat, poultry or eggs. These will be used to enhance the cash income.

Visitors From Virginia. F. L. Stewart, brother of Mrs. Joe Merritt, was a visitor last week-end, along with his wife, at the Merritt home seven miles south of Snyder. The couple came from their home at Norfolk, Virginia, by way of St. Louis and Tulsa, to Mineral Wells, where he has another sister. They proceeded from Snyder to Mason, where a third sister lives. At Tulsa the Virginia man attended the national convention of Cosmopolitan, a service group similar to the Lions Club.

Mrs. B. F. Gee and daughter, Gaylon, of Sweetwater are visiting her parents, Mr. and Mrs. A. J. Riley, this week.

If every farm family raised and ate its share of fresh meat the livestock population could be greatly increased without sending any more animals to market than are now sold annually. Let's get our share.

PERSONALS

Mr. and Mrs. R. C. Miller Jr. and Mr. and Mrs. Forest Wade returned late last week from a two-week vacation trip into the Western states. They toured parts of eight states—New Mexico, Arizona, California, Wyoming, Nevada, Utah and their native Texas.

Mr. and Mrs. Willard E. Lewis and son, Willard Jr., Mrs. Lewis' mother, Mrs. W. H. Clements, and her sister, Dollie Clements, returned home last Wednesday from a vacation trip to Southern Missouri.

Roberta Raybon of Lubbock was a week-end guest of Johnnie Mathison and Margaret Deakins.

Mack Wise of Bryan was a week-end guest of his brother, Barney S. Wise, in Snyder.

Mr. and Mrs. R. W. Ellison and daughter, Mrs. Glennie Graham, Tucumcari, N. M., have been guests in Scurry County of O. C. J. W. and E. L. Floyd and families. Both former Scurry County residents, the two visitors were greeted by a number of old friends.

Weldon Alexander of Dallas was a week-end guest of his parents, Mr. and Mrs. A. C. Alexander, and local friends.

Will Edmonson and son, Val, arrived Sunday from their home at Lusk, Wyoming, for a visit with Mr. Edmonson's sisters, Mrs. Fred Graym and Mrs. Joe Stinson and families. They will visit in Fabens, Carlsbad, New Mexico, and Los Angeles, California, before returning home.

Guests of Mr. and Mrs. Luke Ballard are Mrs. R. A. Doran and daughter, Jane, of Midland, and Mrs. Clyde S. Kirby and daughter, Ginger, of Tulsa, Oklahoma. Mrs. Doran and Mrs. Kirby are Mrs. Ballard's sisters.

A Snyder party of four left Sunday for a two-week trip into Old Mexico that will include Mexico City, other portions of the interior and points on the Pacific coast. In the party are Mr. and Mrs. W. G. Williams, their son, Wayne, and their granddaughter, Mary Ellen Williams.

Mr. and Mrs. Frank Aucutt and children and Willie and Florence Fred Harris, all of Clovis, New Mexico, and Mr. and Mrs. A. J. Riley were guests of Mr. and Mrs. B. F. Gee and A. R. Riley at Lake Sweetwater Sunday.

Mr. and Mrs. T. R. Wiley of Lubbock were Monday guests of relatives in Snyder.

Mr. and Mrs. Charles Dorfman of Mansfield, Ohio, are visiting with the Nelson Dunn family.

Miss Mattie Ross Cunningham, daughter of Mrs. R. W. Cunningham of Snyder, was recently offered the position as assistant dean of women during the summer at Leeland Stanford University, Palo Alto, California. Since she had already made plans to visit her mother here after a short course in Stanford, she decided to turn down the responsible place. She teaches in Napa, California, schools.

Mrs. Mary Fesmire is visiting in Dallas with her son, Eugene Roberts, and Mrs. Roberts, who visited her here for several days before she returned home with them. She will continue to Springfield, Missouri, and to points in Arkansas, where she will visit for some time.

Guests of Mr. and Mrs. Grady Ferguson last week were Mr. and Mrs. Robert Springer of Conway, Kansas, and Mr. and Mrs. F. W. Tullens, uncle and aunt of Mrs. Ferguson, from Clovis, New Mexico. The Times has a complete line office supplies.

IF TAXES WERE PAID WITH WHEAT
It would have taken **2,086,257 bushels*** to pay Lone Star Gas System's 1937 tax bill
Based on average 1937 Price of \$1.00 per Bushel
THIS is a lot of wheat — nearly half of the entire 1935 crop harvested in the 58 Texas counties in which Lone Star Gas System operates. To move these 2,086,257 bushels to the tax collector's office to pay the 54 different kinds of city, county, district, state and federal taxes would require 1,780 freight cars forming a train 13.8 miles long! So you see taxes are a very great factor in our operating expenses. Last year they amounted to 23.3% of operating and maintenance costs!
Taxes charged against this system have been increased 42% during the last four years and our rates are not up proportionately. This has created difficult conditions for us in maintaining our record of dependability when less and less of your gas dollar has been left to pay for the essentials of service.

Announcement

The friends of Zollie C. Steakley have arranged for him to be in Snyder, with his public address system, the evening of July 2 for a county-wide political rally. Steakley will address the citizens of Snyder and Scurry County, in behalf of his candidacy for district attorney, at 8:15 o'clock, from the courthouse lawn. Immediately after this address, the loud speaking equipment will be completely turned over to A. C. Preuit, in his capacity as Scurry County Democratic chairman, for addresses from Mr. Outlaw and Mr. Barber, also candidates for district attorney, and for a general political rally of all local candidates. Steakley and his friends cordially invite and urge his two opponents, George W. Outlaw and Truett Barber, and all local county and district candidates, to use the loud speaker for any length of time and for any purpose they may desire in carrying their campaign for office to the people gathered. —Scurry County friends of Zollie C. Steakley; Zollie C. Steakley, personally. 3-2c

S. R. LeMay of Athens Here to Push Candidacy

In Snyder Friday afternoon was S. R. LeMay, candidate for state superintendent of public instruction. He met a number of school people and other citizens while in Snyder. He was en route to Big Springs, where he spoke over the radio at 7:00 o'clock. For 16 years LeMay has been superintendent of schools at Athens. He is a graduate of A. & M. College, and holds a bachelor of arts and a law degree from the University of Texas. He said while in Snyder that his supporters are drawn from West Texas and throughout the state. He has taught in rural, town and city schools, in teachers' colleges and in the University of Texas. While he was in Snyder, LeMay stated that the most important objectives in his drive for the office of state superintendent are to remain for the Department of Education the respect of the other departments of the state government and of the friends of government everywhere, and to take political maneuvering out of the administration of rural aid funds.

H. F. (Abe) Rogers Out for Justiceship

H. F. (Abe) Rogers (himself) announces this week for justice of the peace, Precinct 1. Despite the fact that he waited until the last minute to announce, Abe promises a whirlwind campaign, with lots of pep, vinegar and gun powder. He wants to assure the voters that his friends do not pull him into the race. The political bug bit him while asleep, and he woke up all broke out with polio-itis. Abe really thinks that a little business man can make a great big judge.

Tom C. Davis Gets Into Political Race

Tom C. Davis, farmer living six miles northeast of Snyder, announces this week as a candidate for commissioner, Precinct 2. He has no statement to make this week, but says he will probably present a statement in The Times before the Democratic primary July 23.

State School Head Campaigns in City

L. A. Woods, state superintendent, was in Snyder Friday in the interest of his candidacy for re-election. He was guest at the Manhattan Hotel at a luncheon attended by five local friends and Miss Madge Stanford, deputy state superintendent. Before and after the luncheon, Woods met a number of school people, business men and others in Snyder.

Pyron School Man's Father Is Interred

Final rites for Dr. T. M. Greenwood, 75, father of Superintendent M. H. Greenwood of Pyron School, were held Thursday afternoon at Bluffdale, where he had resided most of the time since 1901. Mr. and Mrs. Greenwood were called to Bluffdale Monday, the aged medical doctor dying Wednesday after an illness of 15 months. Surviving are the widow, seven sons, two daughters, one sister, one half-sister and one half-brother. Dr. Greenwood, a specialist in obstetrics, was one of nine Texas doctors whose names appear in "Who's Who in Medicine." Although he lived in a small town, he frequently practiced in hospitals at Stephenville, Gorman, Dallas and Ft. Worth. Coleman County was named for Robert N. Coleman.

Plenty of Choice Offered Voters of Texas on Democratic Ballot July 23

Voters of Texas will have plenty of choice when they go to the polls July 23, reveals the official ballot received last week by A. C. Preuit, Scurry County Democratic executive committee chairman. Fifty-three men—no women—are seeking the 12 offices in which vacancies will occur this year. The name of Leonard Westfall, Rule, candidate for commissioner, former 118th District state representative, was withdrawn after it had been certified by the state Democratic executive committee. The top of the ticket will read: "I am a Democrat and pledge myself to support the nominees of this primary." The ticket is certified by Myron G. Blackock, chairman, and Vann M. Kennedy, secretary, of the state committee. The ticket will read in the following order in Scurry County, according to Preuit's announcement after the committee met in Snyder Monday:

- Thirteen for Governor:**
S. T. Brogdon of Erath County
Ernest O. Thompson of Potter County
Clarence E. Farmer of Tarrant County
Clarence R. Miller of Dallas County
Thos. Self of Houston County

One Out of 13

Kal Crowley is one of 13 candidates for governor of Texas. He has waged an aggressive campaign during the past few weeks, on the issues of giving Texas an honest, Jim Hog type of government, and of paying full \$30 pension to all persons over 65 years of age. He claims he will be in the ring with one of the "cooperative favorites."

Women Thankful for Pie Supper Success

Members of the Dermott Women's Home Demonstration Club are this week thanking people of the Dermott community and surrounding communities for the part of each attendant in the success of their pie supper Friday night. A capacity crowd was present at the school house for the affair. Mrs. Albert Smith, president, and Mrs. Allen Stephens, secretary-treasurer, of the sponsoring club add their personal thanks to that of the entire club for the candidates who attended, to Sterling Williams, who auctioned the pies, and to others who helped in any way. Proceeds will go toward sending a delegate from the demonstration club to the A. and M. short course in July.

Notice to Public

Owner of dogs are hereby reminded that the City Council, in recent session, ordered the sanitary officer to dispose of all stray dogs. Every dog must have a city license, and must be penned; or, if allowed to run free, must have a collar and license tag at all times. Dog licenses may be secured at the city water office. Cooperation of the public in regard to dogs will help prevent the spread of rabies this summer. CITY COUNCIL. 1c

What First Induced Present Customers to Use Laundry Service

A survey made in New England showed that 42 per cent did so on the advice of a friend, 37 per cent on solicitation of routemen, and 21 per cent from advertising.

It is obvious from the above figures that a satisfied customer is a big asset in getting additional laundry business; in fact, the most powerful sales force a laundry can have. There is an old saying that the best kind of an advertisement is the one "printed on the waggin' tongue of a satisfied customer." Keep the customer satisfied and she will keep selling laundry service for you!

They Will Tell How Land Can Stage Comeback

"Blown-out" wheat fields like the one in the upper picture can be returned to paying crops like those shown in the second picture, according to U. S. Soil Conservation officials. This is but one chapter in a dramatic conservation story to be told by 24 lecturers, including 18 federal experts, in a course in conservation of natural resources which opened June 8 and runs through July 16 at the North Texas State Teachers College, Denton, this summer. Among the outstanding group of speakers scheduled are Dr. H. H. Bennett, chief of the U. S. Soil Conservation Service, and our government men pictured above. All lectures are open to the public. The two farm pictures are of the same field. The first was taken 10 months after the blown-out wheat land had been terraced and listed to no maize on the contour.

The Real Football

It is nothing new to write an editorial about how old age assistance is being made one of the most popular political footballs in Texas election history. But perhaps it is walking aside from the well-trodden path to write that the man who digs down in his jeans for old age assistance is, after all, the most-kicked football of all.
"Renewed assurance to the needy aged of Texas that he will seek helpful revision of old age assistance law . . ." Thus you may read, or something much more drastic, from practically every state candidate's platform.

With such a tremendous ballyhoo raised over PAYING more and better old age assistance, why wouldn't it be good politics for just one bold candidate to declare himself for NOT PAYING so much old age assistance?

Of course you know the answer. Every candidate feels that in order to get the old people's votes, and their friends' and their friends' friends' votes, he must proclaim himself a pension advocate, even if he must hold his tongue in his cheek while he is doing so.

A few years ago no one dreamed of paying a man or a woman simply because he or she had reached the age of 65, or any other age. Now a number of the candidates are coming forth with the idea that every person 65 years of age and over should receive a pension from the state.

Take Col. E. K. Fawcett, Del Rio ranchman, for instance. He was 73 the other day. He has only 33 sections of ranchland; therefore without question, he is entitled to \$15 or \$20 or \$30 monthly.
Then there's ex-Governor James E. Ferguson. He raises fine cattle, publishes a political paper, and glories over his political conquests before he reaches "old age." Why not pay him a few dollars monthly, in order that he might more bountifully enjoy his income of several thousand dollars per year?

Not to mention the editor of The Dallas News, the mayor of Abilene, the president of one of the largest manufacturing plants in Texas, and two or three members of the Supreme Court of Texas.

A few of the old people are not able to support themselves, and they are not in position to secure assistance from other sources. No one can say in truth that "the government owes them a living," although it is a fine gesture on the part of government to provide them with the necessities of life.

But it is unfair and undemocratic to pay all persons simply because they have reached a certain calendar age. The politicians know it, too.

But the office seekers are forced to use the football because we, the short-sighted public, demand it. Many of us have reached the place in life where we would like to have the government feed us with a silver spoon from the cradle to the grave . . . providing we get exactly the kind of food we want, in exactly the way we want it and at exactly the time we want it.

Every time a major candidate spouts a mouthful of bunk about pensions, Mr. Average Citizen must dig down in his jeans just a little farther, for this sentiment spreads and spreads and spreads.
Revise the old age assistance law, yes, and make it fair and helpful to the old persons who really need help. But for gosh sakes, why don't you quit kicking Mr. Average Citizen around?

"Fortune" Speaks Up

"Whether the present situation is permanent or temporary," writes Fortune magazine of economic and political conditions, "is beside the point. Every businessman who is not kidding himself knows that he does not know how to guarantee, without government intervention, the markets with which alone his free, competitive capitalism can function.

"Every businessman who is not kidding himself knows that, if left to his own devices, business would sooner or later run headlong into another 1930. And every businessman who is not kidding himself ought to know that as long as these things are so, the electorate will force government into his affairs.

"It is neither possible nor desirable for a democratic government to sit by while a third of its citizens starve and almost as many more fear for their jobs."

Concluding the editorial, Fortune magazine (usually regarded as a big business publication) had this to say:

"Between these two unpalatable extremes (communism and dictatorship) lies an American economy. It is not an economy that any single man, any bright economist, can now define. It is not an economy that can be found by good luck, or by a single victory at the polls. On the contrary, it can be established only by business working with government, and government working with business, over a long period of years toward a progressively higher standard of living derived from the incentive of private enterprise.

"It is the only course open to business and government that does not lead inevitably into the fallacies of totalitarianism and state collectivism. And if these two cannot find it together, nobody else can."

If you are one of those unfortunate who must buy milk day after day, do you know much about your milk supply? Since the month of June 9 to July 6 is Milk and Dairy Products Month, it is a good time to do some checking and double checking. The health of your family demands that you drink clean milk, disease-free milk. The laws of Texas demand that the person who sells you milk should keep only healthy cows and should use sanitary barns. Now is a logical time to check up, before hot weather claims its annual toll of persons who become ill because of impure milk.

Pigs and Things

It's a shame that di-ver-si-fi-ca-tion is such a hefty word. Perhaps if it were a little shorter and a little easier to pronounce, more of our Scurry County friends would follow its wise meaning.

In the place of diversification we might use the phrase "Got Everything," made famous by a large lumber yard. Or we might re-adopt the longer but more potent phrase "The Cow, the Sow and the Hen," originated by E. J. Anderson, former secretary of the Scurry County Chamber of Commerce.

Still better, we might forget all our old prejudices, all our life-long education about one-crop farming, all our customs that keep us from moving forward as a farming and ranching country. As a result, we would become one of the state's outstanding diversification (there's that word again!) centers.

Several movements in this direction are being started and re-started in Scurry County this year. But arguments and movements, shows and speeches are of little avail unless it can be proven that it actually pays to get a lifetime divorce from the one-crop idea.

To this end The Times pledges its columns. It pays to diversify. It pays to raise one's living at home. It pays to help create a market for a diversity of farm and ranch products. It pays to conserve soil and water. It pays to plant good seed, breed good pigs, raise good cows, hatch out good chickens, provide good feed-shortage facilities.

Let's go at the job carefully and sincerely, wisely and thoughtfully. A year-round income will go a long way toward solving a lot of the problems that have been worrying Uncle Sam and Old Man Texas. Let's adopt the NRA slogan, "We Do Our Part!"

By LEON GUINN.

Although acetylene is usually thought of as the colorless gas that once illuminated car lights, and as high powered blow torch fuel, Fruit Inspector V. A. Putterill of the Union of South Africa last week reported that acetylene is a dandy fruit ripening agent. After having seen bushels and bushels of African fruits wasted, due to non-ripening, Putterill decided on acetylene as a chance agent, but shortly realized it was "the" ripening agent chemists have long sought to find.

Using only one per cent acetylene gas, Putterill manages to store rare African plums in vaults where full ripening can be expected in four or five days. Now that Putterill plans to flood the British market with fruits from the dark continent, since ripening of rare plums and peaches is possible, American fruit growers will doubtless have nightmares of "niggers" chasing around with acetylene fruit torches. Any appreciable increase in shipping African fruit to Great Britain will cause export sales of Rio Grande Valley grapefruit juice and California oranges to decline again.

Dr. Bernard Steinberg of Toledo, Ohio, hospital staff has started a new technique of approach where abdominal operations are concerned, using bacteria bait to stop the march of peritonitis—the obdurate hospital hall ghost that stalks the breadth of the nation. After killing peritonitis germs with formaldehyde and gum tragacanth (mucilage gum), Dr. Steinberg adds aleuronet (wheat flour) to the mixture, and "plants" the "nitric glue" at the point where the fatal infection is likely to develop.

This concoction is not carried away by body fluids until an army of phagocytes (bacteria eaters arrive) to gobble up any peritonitis germs that might be present in abdominal sutures. Since aleuronet stimulates bone marrow to phagocyte production, Dr. Steinberg suggests a rarely used weapon against other types of infection besides peritonitis. The reason, as all physicians state, this particular abdominal infection is so dangerous is due to toxic poisons created by the germs of peritonitis. These poisons are carried to the heart, and if in sufficient quantities, result in death.

This development of bacteria for bait in trapping one of the most dreaded post-operative infections suggests that surgeons in the future will specialize in smaller abdominal incisions in operative technique, especially if exact location of the ailing organ can be determined. Until the last few years many newspaper editors had the idea all items of medical research belonged entirely to the pages of weighty medical journals. The new frankness of the press in keeping up with achievements in research (for reader benefit) will go far in dispelling the obsession doctors go around with hack saws, clavers, and "pendix pliers" hidden under hospital aprons.

As if this machine age were not creating enough economic problems for labor to worry over, a certain inventor is getting a lot of publicity over a recently announced weed killer which employs sulphur-dioxide gas to slay grain field weeds. Utilizing an "awakening funnel" that spreads over the ground, this apparatus is hauled by a wagon or truck. Entirely overlooked by the press so far is the fact such an invention will do more harm than good, since "burning" a field not only takes out nitrogen and phosphates, but bakes and "kills out" ground where such tactics are employed. If we don't stop the parade of farm inventions by crack brains who've never seen an honest-to-goodness farm, we're at least going to need a Society for Brainless inventors organized in America, or else whoop up production of straight jackets.

CANT AFFORD REPLANTING IN MANY FIELDS

Times Joins Grasshopper Committee, County Agent in Urging Control

The Times joins the county grasshopper control committee, the county agent and many interested farmers and ranchers in urging a high-pressure war on grasshoppers—at once!

The very unusual hail, rain storms and blowing sand have cost us too much, even to exhausting our seed supplies for replanting. In many instances farmers have replanted four and five times, and it is now practically too late for another planting.

We cannot afford to lose another planting. But this very thing is probable if we allow the "gillions" of hungry grasshoppers to continue their slow but sure march into our fields as the young crops are coming on—crops that provide succulent food to the full satisfaction of Mr. Grasshopper.

Many cases are being reported where the grasshoppers are destroying orchards right here in Scurry County, even to eating all the bark from the trees. The federal government has supplied ample relief—if we will but use it.

Other counties will soon be drawing our poison supplies from us in event we do not see fit to use it now. Many counties have exhausted their supplies, and are more than willing to use it.

Your grasshopper control committee has seen to it that ample supplies have been maintained at the mixing plant, West Bridge Street (Harrell Building). It will be too late to fret about your crop losses after Mr. Grasshopper has done his job.

Better come and get it while getting is good. That is the sound advice of the county agent.

Program, Picnic Close Community Vacation Sshool

A formal program and exhibit Friday night and a delayed picnic Saturday morning marked the closing of Snyder's annual community vacation Bible school, sponsored by the churches. Over 300 Scurry County children took part in the two-week training school, which was said to be highly successful.

The Friday evening program, composed of demonstrations from the five divisions, and displays of hand-work made during the school were enjoyed by a good number of parents and friends of the children. The exhibit was arranged in the basement of the Methodist Church. Free will offerings were taken at the closing program to defray expenses of the school, and the remainder will be made up by the sponsoring churches.

Included in the attractive hand-work exhibit were the following: Dish towels and table runners, made for the churches, baskets, vases, table mats, aprons and laundry bags, made by the girls; glass initial placards, what-not shelves, clock shelves, chairs made from apple boxes and an attractive ranch scene.

A notable occurrence at the school was the offering made by pupils last week in cash donations for the unfortunate people in the Clyde tornado district.

Delayed from Friday morning until Saturday morning, the breakfast for workers and pupils in the vacation Bible school was enjoyed by more than 200 of the enrolled 300. Games were played before and after breakfast by those attending the affair held at the school park. Herman Darby was in charge of the picnic plans. Rev. James E. Spivey was in general charge of the school.

WOLF PARK TO BE RALLY DAY SITE JULY 30

Day of Picnicking, Games, Folks, Contests Planned For Farmers

Wolf Park will be the site of the farm rally day program, slated Saturday, July 30, reports the arrangements committee, named at a county-wide meeting several days ago.

Permission to use the park was announced by Mrs. Joe T. Johnston, Mrs. Vern McMullen and H. C. Flournoy, members of the committee.

The day will include a basket picnic, with each family at the rally bringing a basket; speaking by an outstanding state farm leader and others; games for all ages; and contests of various kinds.

The program committee, composed of T. B. Hicks, Mrs. H. C. Flournoy and Perry Echols, reports progress in developing an interesting program with out-of-the-county speakers to be announced later.

The other committees in connection with the program of the day have accepted their responsibilities and are making progress, it is reported.

The arrangements committee requests The Times to impress on all farm families of the county the importance of early planning of a well-filled basket to be brought to the rally day dinner.

Community Party.
Pyrone Home Demonstration Club will sponsor a community party at the school gymnasium Saturday night, June 25. Everyone is invited to attend, including the candidates. Lively entertainment is promised.

School Plans Sent To Washington, DC

Plans for rebuilding the fire-razed Snyder school plant are nearing a head, members of the school board believe.

Approval of the project at the regional PWA office, Ft. Worth, was received several days ago, and the proposal is now in Washington, D. C. Since Texas senators and Congressman George Mahon are showing a personal interest in the project, President J. G. Hicks of the school board believes approval of the emergency program is not far ahead.

Negro Holiness Church.
"A great Holiness revival" is being held at the church in the oil mill negro section, according to Elder S. H. Norris, pastor. "We are asking all our white friends to come," says Elder Norris. "You are welcome. Your seat shall be on the right hand. Elder L. B. Kirkland of Sweetwater, a wonderful man of God, will do the preaching."

It is easy in the world to live the world's opinion; it is in easy solitude after our own; but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.—Emerson.
