Seminole Trip Slated By 100 Men

COUNCIL GIVEN FULL SUPPORT AT GATHERING

Paving, City Hall, Tabernacle Projects Endorsed Tuesday Night

"Full speed ahead!" was the sentiment of almost 100 citizens who gathered in the district court room Tuesday night to discuss Snyder's attitude toward government aid projects.

Called by approval of the City Council, at the suggestion of the Scurry County Chamber of Commerce, the meeting set out to answer the question: Do Snyder and Scurry County citizens want their rightful share of government money?

Plans were also discussed for sending a large delegation from the county to the East-West Highway Association meeting at Seminole Friday.

Pavement Discussed.

After Mayor H. G. Towle, chairman of the gathering, outlined the paving program that has been carried forward, and told of the plan that is now being followed in putting down paving, curb and gutter, various citizens voiced their approval of the paving project.

The mayor said 50 blocks (3.4 miles) of paving have been put down, curb and gutter has been put on three more blocks, and caliche base on one more block. Total cost of this work to the city government was approximately \$5,440, he said, the amount being paid out of receipts from the water department.

Cheapest estimates by a number of paving contractors place the value of the local paving at \$205,720, or \$12 per running foot, said the mayor.

Other Plans Talked.

Approval was also given of plans to build a new city hall, move and rebuild the city tabernacle, and, if possible, provide park and recreational facilities for the town and trade territory.

Proposal to tear down the old tabernacle, rebuild it on the city property just northeast of the square, and provide a site for fairs and other such area-wide gatherings, was given hearty support.

Sentiment expressed at the meeting by a number of business men and other taxpayers seems to simmer down, after an enthusiastic discussion, to this:

"We will have to pay for all this government spending, whether we get it or not. Let's back the City Council and other organizations in a continued program of betterment, at small cost, to Snyder and the folks in her trade territory."

Evangelistic Plans Call for County to Have Many Revivals

Summer revivals have already been planned in several communities where there are no Baptist churches and all other communities, church- and unchurched, will be included in a summer evangelistic campaign. This work came Monday from Rev. Ira Harrison, pastor of the local Baptist congregation, who is county chairman.

The campaign is nation-wide in nature, and intends to reach into every community in Texas.

Places where revivals have been definitely planned, with dates and preachers, are as follows:

Martin school house, July 20-21, Rev. Aswell, Abilene; Lloyd Mountain, July 24-25, Rev. Cone Mtrritt, Dunn; Turner, August 10-21, Rev. W. C. Taggart, Abilene; Ennis Creek, August 15-22, Rev. Nolan, Kennedy, Ft. Worth; Strayhorn, July 31-August 10, Rev. Perry Barber, Ft. Worth; Woodard school house, August 24-September 4, Rev. Charles Dickson, Abilene; Plainview, August 28-September 6, Rev. Murray Puquay, Fluvanna.

J. P. Sanders Jr. To Lead in Revival

The Church of Christ at Lloyd Mountain will begin an open-air revival Sunday morning, July 17, with J. P. Sanders Jr., son of the former minister of the Snyder Church of Christ, doing the preaching.

Sanders, a junior in Abilene Christian College, has been sightless for about seven years, and does all his work in college and in his ministry through the Braille system. He is 21 years of age.

Services will begin at 8:30 o'clock each evening. The revival will continue through two weeks. "Everyone is cordially invited to attend the meeting," according to L. M. Fambro, a Lloyd Mountain church leader.

You're Invited!

You—and you and you and you—are invited to the Times' election party on the west side of the square Saturday night, July 23. By sound and huge election board the folks of Scurry and Borden County will be given complete state, district, county and precinct returns. The returns will also be phoned, without charge, to Gall on election night. The election party is free, as usual. It is The Times' treat.

And what's more—an election extra will be issued election night, and delivered free early Sunday morning to Gall and to major towns in Scurry County.

Little Doing At District Court; Few Indictments

Eight indictments were returned during two sessions of the grand jury this summer term of district court, but otherwise the three-week term, which ends this week, has been about as tame as a silk-worm's dream.

The most important civil case, suit for \$70,000 damages, J. H. Buckett vs. H. L. Galvan, et al, was settled out of court by compromise. The suit involving contest of the 1936 Camp Springs school election was heard by Judge A. S. Mauzey, but no decision has been rendered. An automobile damage suit was the last thing on the docket Wednesday.

This is the first term of district court in recent years, according to some courthouse attaches, for which a jury was not called.

The eight indictments included: Claud Farmer, forgery; Charley Morrow and Marvin Cantrell, unlawful sale of mortgaged property; Leonard Morrow and Marvin Cantrell, unlawful sale of mortgaged property; Marvin Cantrell, forgery; Ervin Hines, forgery; Tom Fish, aggravated assault.

G. B. Clark Jr. in Lumber Partnership

G. B. Clark Jr. became a partner in the O. L. Wilkinson Lumber Company, effective July 1, with his purchase of a one-fourth interest. It was announced this week by O. L. Wilkinson and G. B. Clark Sr., the other members of the partnership.

For 12 years young Clark has been associated with the yard. He is a graduate of Snyder High School, attended Marysville College at Marysville, Tennessee, three years. He is active in the civic and social life of the town, and has served for three years as treasurer of Snyder Lions Club.

Six Cases of Beer From Negro Pickup

A brief chase by Constable Ather Chandler ended early Tuesday morning in confiscation of six cases of beer from a pickup driven by Mabelle Williams. Chandler chased the car to the colored section, where he said the colored woman and two women companions jumped from the car and attempted to escape.

The woman driver was released yesterday under \$100 bond, charged with possession and transportation of liquor for the purpose of sale, and under \$50 bond on a speeding charge. The pickup is being held in lieu of bond.

Two Huckabees in Hermleigh Meeting

Revival meeting will begin at the Hermleigh Methodist Church Sunday morning and will continue until the following Sunday, according to Rev. Ira T. Huckabee, pastor. The pastor will be assisted with the services by his brother, Rev. R. N. Huckabee, pastor of the First Methodist Church at Haskell. The two ministers will conduct a meeting at Inadale from July 24 through 31.

Chairmen Asked to Call for Supplies

A cordial welcome is extended to all who will attend each service of the two revivals, the Scurry County pastor announces.

Scurry County election chairmen are asked by A. C. Preuit, county chairman, to call for their election supplies this week, if possible, and in any case not later than two or three days before election.

The supplies may be secured direct from Preuit at the R. S. & P. station, or on Saturday from the county clerk's office. Preuit says a meeting of all chairmen will be held one day next week.

BOYS IN BLUE AND GRAY TO HOMES AGAIN

G. M. D. Garner and Leon Guinn, who returned to Snyder Friday night on the midnight southbound Santa Fe, reported a "great time at the Blue and Gray Gettysburg reunion."

Mr. Garner, who has attended a number of Confederate reunions, states "this was the best one I've ever gone to. The best type of order prevailed at Gettysburg I've ever known at a reunion. The northern people evidenced the friendliest attitude one can remember in making us feel at home."

Although the two reunionists wanted to return via Birmingham and Atlanta, they could not get a change in routing, and returned by way of Cumberland, Maryland, Cherry Run, West Virginia, Fort Madison, Chicago, Kansas City. They left Gettysburg at 10:30 o'clock Wednesday morning.

Crossed 11 States. On the 1,800-mile jaunt to Gettysburg, Garner and Guinn crossed 11 states. Guinn, who visited Washington last Tuesday, crossed a total of 12 states and the District of Columbia.

Garner, who headed the group of Texas Plains "Rebels," reports that only five vets detoured at Lubbock, two of the original group from West Texas and the Plains having been sent back Sunday due to illness.

CONTRACT FOR TOUGH STEERS PLAN ANOTHER FAIR MEETING

The Scurry County Rodeo Association has contracted with Curley Daugherty of Olton to furnish steers for the second annual rodeo here August 19-20. It was Daugherty's string of steers that furnished the fireworks for riders last year.

Rodeo leaders are on trades for the other stock to be used in the 1938 show. Lights and other equipment are being arranged at Wolf Park, and hundreds of placards, circulars and prizes lists are being plastered throughout West Texas.

Rodeo directors will meet in the courthouse Thursday night of this week—just a week after last Thursday's business session.

Emmitt Askins and Wife Operate Cafe

Mr. and Mrs. Emmitt Askins, well-known to local people, have this week taken charge of Sis' Cafe, just north of Snyder National Bank in the old Boss Baze location. They bought it from Harmon Higgins, who has been manager of the local eating place for several months.

Plate lunches, short orders, cold drinks and coffee will be specialties for the new owners, who operate the cafe themselves, greeting their friends and customers for the first time in this kind of business.

Askins, a graduate of Snyder High School, was connected with a local funeral home for several months, and his wife was a junior club work here during their residence in Snyder.

Political Rally to Be Staged Tuesday

District, county and precinct candidates will gather four blocks north of the square Tuesday night, July 19, 8:15 o'clock, for a political rally. The rally will be held at the rear of the Lucky 13 Sandwich Shop. Lovell Baze, manager, says practically all candidates are planning to speak at the gathering.

SEVERAL GO TO SHORT COURSE

From Scurry County several days ago went at least six persons to the annual Farmers Short Course at A. & M. College. They are attending the second division of the annual event, club boys and girls having been the major attendants last week.

Heading the county delegation are Miss Estella Rabel, county home demonstration agent, Luke Ballard, county agent, and J. H. Jean, chairman of the county agricultural committee. Other members of the committee at College Station are Perry Echols, C. V. Thompson and Ben Brooks.

No. 1 Cowgirl

No. 1 cowgirl sponsor at the Texas Cowboy Reunion at Stamford this year was Miss Elizabeth Miller, who represented the Miller Brothers ranch in Borden County. She is the daughter of Mr. and Mrs. Clyde Miller, the granddaughter of Mr. and Mrs. R. N. Miller, well known West Texas ranch people. She won second place in the contest last year.

PYRON SCHOOL ADDS BUSES

Two new buses, all steel, are scheduled for delivery to Pyron school about August 1. Superintendent M. H. Greenwood said when he was in Snyder Tuesday.

One of the buses is a 18-foot International, with a capacity of 70 students; the other, a 17-foot Chevrolet, with 60-student capacity. The school carries on an average of about 240 students in its four buses, from portions of Scurry, Mitchell, Fisher and Nolan Counties.

FRED WOLCOTT "LOOKED BACK"

By BERNARD SWANSON, in Minneapolis Tribune. (Note: The following article appeared just after the national collegiate meet at Minneapolis, in which Snyder's Fred Wolcott, as usual, won both hurdles events.)

When you speak of Freddie Wolcott of Rice, the common expression, "turning his head," is particularly apropos.

For the Rice sophomore flash did turn his head, thereby missing a new world's record by the barest of margins. Still the action didn't "turn his head" in the least.

Wolcott definitely was on his way to a new world's record. He reached the National Collegiate meet at the University yesterday a full stride ahead of the other steeplechoppers in the first hurdle of the 120 highs in his heat. He was over the fourth hurdle when the other boys were working on the third.

He Turned His Head. Then came the finish. For enough in front so he could be lonesome he, humanly enough, turned his head. That mere slip perhaps cost him a new world's record in the high sticks.

Even so, he ran the tall timber, in exactly 14 seconds flat, which is one-tenth of a second below Forrest Towns' and George Baling's American mark and only three-tenths of a second away from Towns' standard in the Olympics. Subsequently, this same blond bullet from Texas ran the fastest time in the low hurdles as well. And

MORE, BETTER CLUB WORK ON HEELS OF TRIP

Thirteen From Scurry, Several From Other Counties On Short Course Bus

More and better club work for boys and girls of Scurry County is seen by the 13 youngsters and sponsors who attended the Farmers Short Course at A. & M. College last week.

"The Scurry County group mutually agreed," writes Mrs. W. P. Mathis of Fluvanna, girls' sponsor, "that Snyder is the sweetest little town they saw on the entire trip."

The trip was made in a Snyder school bus, loaned through courtesy of the local school board, driven by T. B. Hicks, boys' sponsor and vocational agriculture teacher at Dunn.

One Boy From Borden. In the group was Weldon Street, a Borden County boy who became a Gold Star club boy because of his outstanding club work. Scurry County boys on the jaunt were J. A. Nabors, Whit Thompson Jr., H. P. Welborn, Billie Brown, Elmo Jordan, Travis Hicks, Brown and Jordan won their trips with pig projects.

Laura Murphy, Irene Brown, Loree Mitchell and Mary Frances Smith were the Scurry County girls on the bus.

The trippers left Snyder at 5:00 o'clock Tuesday morning, July 5, returning Saturday night, July 9. At Sweetwater they were joined by Miss Ethel Adrain, Mitchell County sponsor, Mrs. L. C. McLeod and Mrs. B. F. McGee, Nolan County sponsors, and 11 club boys and girls of their counties.

Three Days of Work. The party reached College Station at 4:30 p. m. They spent three days going to lectures and entertainments, seeing and learning many interesting and useful things.

Leaving early Saturday morning, after the short course closed Friday night, the group from this area stopped in Austin for four hours. At the capital city they visited the capitol building, the University of Texas and Barton Springs.

Snyder was reached at 10:00 o'clock Saturday night, by a tired but happy and inspired group of youngsters and sponsors.

Interest Shown By Local People In Summer Meet

Good interest is being shown among local people for the revival meeting, which opened at the First Methodist Church here Sunday morning, according to Rev. H. C. Gordon, pastor.

Preaching is being done by Rev. H. C. Smith, pastor of the San Jacinto Heights Methodist Church, Amarillo, each morning at services from 10:00 to 11:00 o'clock, and each evening beginning at 8:30 o'clock. Children's meetings are from 9:00 to 10:00 in the morning, prayer meeting for adults and young people's meetings at 7:30 in the evening.

King Sides, regular choir director, is in charge of song services. Mrs. W. W. Hamilton is at the organ at morning meetings, and Mrs. Jordan plays for the evening song service.

Sermon subjects announced by Rev. Smith for the rest of this week promise to be inspiring and interesting. They are as follows: Thursday evening, "A Man in a Tree"; Friday night, "Gathering Up the Broken Chords"; Saturday night, "Old Man River"; Sunday morning, "Better Than New." People of all denominations are urged to attend all the revival services.

STATE LEADER OF VETS HERE

Scheduled to visit in Snyder today (Thursday) is Dr. W. J. Darforth, Texas commander of the American Legion, who will be an honor guest of the local Will Layne Post No. 181.

A tribute to the distinguished visitor, the legion and its auxiliary will give an official American Legion ball at the legion home in West Snyder this (Thursday) night at 9:00 o'clock.

Excellent music will be provided, and the usual orderliness and good fellowship of local legion balls will be prevalent, according to members of the arrangements committee.

Many Cattlemen Coming To Town Early Thursday

About 200 persons, mostly cattlemen, are expected to visit the Winston Brothers Hereford herd in Southwest Snyder this (Thursday) morning. They will come from Sweetwater, third major point on an area-wide Hereford tour of inspection, sponsored by the Texas Hereford Breeders Association.

From Snyder the group will go to the John Henry Dean ranch, between Snyder and Lamesa, where they will have a barbecue lunch. Big Spring herds will be the last visited on the tour. The trippers started on this tour from Albany Tuesday.

The motorcade, composed of Hereford men from all parts of the state, is in charge of Jack Turner, secretary of the Texas association.

As usual, the Winston herd, one of the largest and best-blooded in the Southwest, will be in good everyday trim, but not in show clothes. Cattle are in good shape here, as in most other Texas points, and the "looking up" price situation is keeping all cattlemen in good spirits.

Snyder Baseball Club Wins Three Successive Tilts

Three successive games—two of them in the area-wide tournament at Colorado—have been won by Snyder's baseball team within the past few days.

The locals outdid Stanton, 11 to 7, in the first tournament game Saturday, but won by an even heavier margin on Tuesday, 16 to 1, because of superior field play and timely bats. Carl Foree pitched and Earl Foree, his brother, caught.

On Winston Field Sunday afternoon, the Snyderites outslugged Forsan, 16 to 10, in a practice melee. W. D. Sanders and Tommy Winters pitched with Raymond Whitehurst catching.

Ackerly's team was pummeled, 15 to 2, at Colorado Tuesday in the second tournament tilt. Local slugger rang up 20 hits while Carl Foree was holding Ackerly to 4. Earl Foree and Whitehurst divided catching duties.

In the third tournament game at Colorado Sunday, Snyder will play either Forsan, which shares the tournament lead with Snyder, or Muleshoe.

Delbert Johnston, first baseman, has proven to be the most consistent hitter. He rang up five hits in six trips Tuesday. J. R. Watkins and Whitehurst hit home runs in the Forsan game.

The local line-up includes Johnston, first base; W. C. Hollis and Red Hill, second base; Tommy and Milton Winters, shortstop; Jones Chapman and Milton Winters, third base; Watkins and Albert Carlson, left field; Mutt Herod, center field; Charley Morrow, right field.

Stinson No. 2 Has Started Remodeling

Stinson No. 2 on west side of Snyder's square now follows the trend of the majority of up-to-minute drug stores in this section with a new built open-front prescription room and other improvements.

Remodeling in the local drug store began late last week and include increasing floor space by moving the partition back about 12 feet giving about one-fourth more display space. Fixtures and display have been rearranged and new lighting fixtures added besides the prescription room with proper lighting and open-window front. Painting and arrangement of stock will probably go on the rest of the week, but the owners plan to be all finished by the middle of next week.

J. Flint Ward, who recently bought third interest in the drug concern is the pharmacist. Other interest is held by J. D. Scott and the Stinson brothers, Joe and Lee.

Another Meeting of Hospital Directors

Stockholders of Snyder General Hospital have been notified of a meeting that is to be held Friday evening, July 22, 8:30 o'clock, in the courthouse, for the purpose of attending to some important business concerning the local hospital.

Two previous attempts to hold the meeting have failed for want of a quorum. Through Lee T. Stinson, president, and A. C. Preuit, secretary, the board of directors is requesting that in order for the business to be officially transacted each person who does not attend the meeting should send a proxy vote by postal card mailed this week.

CARAVAN WILL LEAVE SNYDER AT 6:30 A. M.

Early Completion of East-West Route Sought by Association

More than 100 Scurry County men and a few women are expected to leave the north side of the Snyder square Friday morning at 6:30 o'clock, bound for Seminole, where they will join other delegates to the East-West Highway Association convention.

It will be Snyder's and Scurry County's greatest mass action on such an occasion in years, believes Forest Sears, president of the Scurry County Chamber of Commerce, under whose leadership the trip is being planned.

E. H. Lilly, CC secretary, says Snyder's husbands will be ready for all trippers. All who go on the trip are requested to leave Snyder at the same time, and to enter Seminole as a body.

Climate of Hard Work. Slated as the most enthusiastic and yet the most business-like highway meeting since the east-west highway idea was started more than 20 years ago, the prime purpose of the gathering is to work toward early completion of gaps in the airline route.

Guests at the convention, and at the huge barbecue luncheon that will be spread by Seminole, will include Harry Hines of Wichita Falls, member of the Texas State Highway Commission, who is an ardent booster for the route through Scurry County. Hines is to speak at 11:00 o'clock.

Sam Richardson of Lamesa is president of the association, Victor L. Minter of Carlsbad, New Mexico, is New Mexico secretary, and A. G. Bearden of Lamesa is Texas secretary.

Ten O'clock Opening. The session will open at 10:00 o'clock with a short band concert by the Lamesa High School Band and other bands that may be present. A. L. Duff of Seminole will give the welcome address, and Hunter M. Jones of Breckenridge will respond. President Richardson will give a report of the accomplishments during the year, just before Hines' address.

Delegations from Dallas, Ft. Worth, Mineral Wells, Breckenridge, Anson, Roby, Snyder, Gail, Lamesa, Seminole, Hobbs, Carlsbad and El Paso plan to attend the meeting. Several members of the Texas State Highway Department and New Mexico highway officials are also coming.

All of the road west from Roby to the New Mexico state line was recently placed on the federal aid system, and association officials hope for completion of the unpaved gaps soon.

County's Delegation. CC Secretary Lilly says the following business men and others have definitely decided to make the trip, and several others whose names have not been turned in are expected to raise the number to the 100 mark:

Bern Baze, W. R. Bell, Hugh Boren Jr., Maurice Brownfield, Wayne Boren, Jack Bowling, J. F. Blum, Buster Cable, Dean Cochran, W. E. Cook, E. M. Deakin, W. J. Ely, H. G. Towle, Worley Early, Frank Farmer, Ivan Gatlin, N. M. Harpole, J. R. Hicks.

All members of the Commissioners Court, as follows: H. J. Brice, county judge; Hubert Robinson, Precinct 1; Jake Huffman, Precinct 2.

Blue and Yellow Appointments Used

Party details at the meeting of Duce Bridge Club held at the home of Ruby Lee last Thursday evening followed a pretty blue and yellow scheme. Sunflowers and marigolds were in bouquets about the rooms, and marigolds were used to center the tables, which were covered with blue and yellow linen cloths, as a delightful fruit plate with iced tea was passed.

Gwen Gray received a pair of Mexican plaques as traveling prize at the close of bridge play, and a pretty beach bag was presented to Allene Curry as high score prize.

Others present for the party included six guests, Mrs. Vernon Young of Garden City, former club member, Evelyn Erwin, Roberta Ely, Dorothy Strayhorn, Charline Ely and Mrs. Herman E. Doak. Members attending were: Mmes. Loy Logan, R. C. Miller, Billie Lee Jr. and R. E. Boyer, Misses Gray, Curry, Bonnie Miller, Margaret Deakins, Johnnie Mathison and Alta Bowers.

Local Couple Wed In July 3 Service

Ethyle Little and Roy Davis recited their marriage vows in a simple service held at Three Rivers, in South Texas, Sunday evening, July 3, 10:30 o'clock, at the home of Rev. Martin, pastor of the Three Rivers Baptist Church, who officiated for the ring ceremony.

The couple returned to Snyder last Thursday after spending the week in Corpus Christi and San Antonio. They are living temporarily with the bridegroom's parents, Mr. and Mrs. Jim E. Davis, in the Union Community.

For her marriage Mrs. Davis wore a powder blue crepe frock with accessories of red earth. Her parents are J. J. Little of Brownfield and Rev. Little of Frederick, Oklahoma. Owner and operator of the Polly Ann Beauty and Dress Shop here for the past several years, she will continue with her work.

E. M. Deakins spent the week-end in Dallas.

Outdoor Affairs Prove Enjoyable

Two outdoor affairs were enjoyable for a group of local girls last week—a breakfast Sunday morning and a covered dish supper Tuesday evening.

Mrs. Vernon Young of Garden City, who is spending several weeks in Snyder, was hostess at the home of her mother, Mrs. R. M. Stokes, Sunday morning at 7:00 o'clock for the breakfast. Tables were set in the back yard and covered with gay Mexican linens. Centerpieces were bouquets of vari-colored snap dragons.

The menu included tomato juice cocktail, bacon and eggs, hot biscuits and butter, strawberry preserves and hot coffee. Those present were: Charline Ely, Jeanette Lollar, Ruby Lee, Johnnie Mathison, Gwen Gray, Margaret Deakins, Bonnie Miller and the hostess.

Charline Ely was hostess Tuesday night for the covered dish supper at the home of her parents, Mr. and Mrs. W. J. Ely. At the table in the back yard places were marked for Misses Lollar, Lee, Mathison, Gray, Deakins and Ely.

Mr. and Mrs. C. L. Banks left last Thursday for a vacation visit with relatives and friends at Vernon and Vann. They will return home later this week.

Travis Green Weds Hermleigh Teacher

Marriage of Lois Vernon of Hermleigh and Travis Green, who completed his second year in Hardin-Simmons University in the spring, was solemnized last Wednesday, 8:00 o'clock, at the home of O. D. Dial, Church of Christ minister, and Mrs. Dial.

The local minister officiated for the service, which was attended by Mrs. C. L. Banks and daughter, Laura, special friends of the Green family.

Mrs. Green wore a navy blue sheer frock with white accessories and a corsage of gardenias for the wedding. After graduating from the Hermleigh High School, she took a bachelor of arts degree from East Texas State Teachers College, Commerce, and has been teaching near Winnboro in East Texas. She will spend the summer with her parents, Mr. and Mrs. M. U. Vernon, at Hermleigh while her husband is working in Amarillo.

Travis, son of C. G. Green of Snyder, graduated from the local high school, later entering Hardin-Simmons University, Abilene, and studying for two years. He will continue there the next two years for his degree. He has been an outstanding athlete in the Abilene school to follow a credible high school athletic record.

Former Resident Weds in Joplin, Mo.

Georgia Smith, daughter of Mr. and Mrs. C. Oscar Smith, former Snyder residents, became the bride of Bert Thomas in an elaborate church wedding held at the First Presbyterian Church in Joplin, Missouri, at 4:00 o'clock June 27. Rev. Otto C. Seymour, pastor, read the ceremony.

The bride, who was given in marriage by her father, was attended by her sister Warren, as maid of honor, Mrs. Kathleen Vest and Fern Overlee, bridesmaids. Arthur Antroub of Fulton, Missouri, was best man, and Jack Stevenson of Kansas City and A. B. Thomas were ushers.

A reception followed the ceremony in the Empire ballroom of the Connor Hotel, and the couples left immediately for the east coast to sail from New York for a trip to Bermuda. They will be at home at 900 Richmond Road, Joplin, until their new home is completed. Mr. Thomas is a member of the Thomas Fruit Company firm.

The bride is a niece of Mrs. Edd W. Thompson of Snyder, and she lived in Snyder for several years.

Mrs. Bert Lively and daughter, Anita, were week-end guests of the Willard Jones family. The visitors and their hosts visited Carlsbad Caverns Sunday.

Don't put up with useless PAIN

Get rid of it

When functional pains of menstruation are severe, take CARDUL. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance.

Get a bottle of Cardul and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardul aids in building up the whole system by helping women to get more strength from the food they eat.

Average Cost of Electric Service in the Home is LESS than 10c a Day

Electric service is one of the smallest items of household expense. The average daily cost of electricity in the home is less than 10 cents a day

- ... Less than the price of a package of cigarettes.
- ... Less than the price of a gallon of gasoline.
- ... Less than the price of a quart of milk.

Divide your next electric bill by the number of days in the month and see for yourself how small is your daily cost for the many ways electric service saves your time, your money, and adds to the ease of living.

4th Rate Reduction in 10 Years

Cheap Electricity NOW CHEAPER Than Ever!

RESIDENTIAL ELECTRIC RATES 44% LOWER THAN IN 1928

Another reduction in electric service rates to Snyder residential and commercial customers became effective July 1. This is the fourth reduction since 1928, and cuts the price of electricity for the average residential and commercial customer 44 per cent below the 1928 level.

The Texas Electric Service Company always has followed a policy of reducing the price of electricity as rapidly as conditions warrant, and the record of rate reductions over the last 10 years show graphically how electric rates have been consistently reduced, even during the depression. This latest reduction, which makes CHEAP electricity still CHEAPER, comes at a time when other living costs are generally higher.

Brighten your home and lighten your work by using CHEAP ELECTRICITY for better lighting, easier cooking and greater food saving. The new low rates make your electric service more than ever the biggest bargain in the home.

Lions' Approval Of New Members Voted This Week

Two new members were added to Snyder Lions Club this week, at the first session presided over by H. L. Wren, president for the fiscal year beginning July 1. The newcomers are J. P. Blum, connected with Towle's Jewelry Company, and E. H. Lilly, new secretary of the Scurry County Chamber of Commerce.

Entertainment for the day was provided by Miss Geraldine Shuler, who gave two readings, and by Billie Lee, new tall twister, who collected many dimes. M. H. Greenwood, superintendent of Pryon schools, Miss Shuler, Lilly and Blum were guests.

About 15 Lions indicated they planned to make the highway trip to Seminole.

President Wren announced the following committees, and said officers would be selected later: Blind—Hal Lattimore, J. R. Reeves, Dr. H. G. Towle; attendance—Marcel Josephson, H. L. Vann, N. R. Clements; membership—Warren Dodson, J. R. Hicks, R. C. Miller Jr.; entertainment—Willard Jones, Earl Louder, King Sides; education and publicity—J. C. Smyth, W. J. Ely, J. E. Semell; agriculture—A. C. Alexander, W. R. Bell, E. H. Lilly; activity—Frank Farmer, J. E. Blakey, Hadley Reeve; civic—H. J. Brice, Wayne Boren, C. Wedgeworth.

In making the appointments, the president said he expected every man to have a job and to fill it to the best of his ability—"if we continue to have the kind of Lions Club we should have." He and Warren Dodson, membership chairman, voiced the opinion that an aggressive program of work and an aggressive membership solicitation would quickly add at least eight or 10 names to the membership.

NOTICE!

Some time ago I announced to the people of Scurry County that I had begun writing a history of Scurry County, and requested those who had resided here 30 years or more to furnish me such information pertaining to the settlement of the county as would be appropriate to incorporate in a history.

The response was very disappointing, but I am accustomed to disappointments. Because of ill health, I have not made the progress in writing the history that I had hoped to make but I am now ready to resume the work, and if my health continues to improve the history will be ready for the printers by September 1.

Those who have resided here 30 years or more are again requested to send me authentic information, such as requested in my previous notice. The history will be written and published, even though not one resident responds to my request. I am capable of "going alone."

Member of State Highway Body in City Last Week

Several campaign hours were spent in Snyder Friday by John Wood, senior member of the Texas Highway Commission, who is campaigning for railroad commissioner. In Snyder he was greeted by several friends, who remembered his work as a highway commissioner in the interest of Scurry County roads.

"I am making this race for railroad commissioner strictly on the merits of my record as highway commissioner," said Wood. "Judge Ely of Abilene recently said of me that West Texas had never had a better friend on the highway commission than John Wood, and that delighted me, for I am from Shelby County, in deep East Texas, and it proves that I know no sectional lines in the performance of my duty."

"I am also proud of the fact that during the past five years I have been on the highway commission, that department has been free of politics, and is the most highly respected branch of the state government, and I want to bring the railroad commission up to that same high public esteem."

Workers in the broad fields of industry and commerce who have reached age 65 since January 1, 1937, are eligible to file claims for lump-sum payments. The applications should be sent to the Social Security Board, 1012 Oliver-Eagle Building, Amarillo.

All girls and boys whose grades are not taught at their home schools must be transferred, if they are of scholastic age, the superintendent points out. All transfers must be made at the superintendent's office, by students, teachers, parents, guardians or school board members.

SPUDDER GOES ON AREA TEST

Spudder equipment is being moved this week to the No. 1 C. M. Well-born location, 14 miles southwest of Snyder, where a semi-wildcat test will be started in a few days.

Originally staked by Grisham & Hunter Corporation of Abilene, the well is now owned by the S. B. Roberts Company of Abilene, of which J. C. Hunter of Grisham & Hunter is an associate. The test is not quite four miles northwest of the other 1938 county test, the Coffield & Guthrie No. 1 Spears & Brownfield.

The Coffield & Guthrie test, which struck the best pay yet seen in a well in the southwest area, at just under 2,300 feet, shut down temporarily Tuesday morning at 2:15 feet.

The good showing hit in the well July 2 is causing considerable lease and royalty activity here, and several oil men have been visiting in Snyder this week and last.

Oil was struck in the same zone in which showings were found in the Murphy, Dodson, Henderson and Robinson Brothers tests, all drilled in the southwest territory in recent years.

Colorful Parade to Be Tops at Anson's Annual Folk Fiesta

One of the most colorful street parades in this section is promised for the annual Folk Fiesta at Anson July 15 at 6:00 p. m. In the parade will be seen 10 Kiowa Indian braves in Indian regalia.

Floats from several towns, four bands, old-time conveyances, ladies dressed in the fashions of the eighties will be other parade features.

The fiesta begins Thursday night with a colorful pageant on the Chittendon ranch, northwest of Anson, at 8:30 p. m. In the pageant there will be many covered wagons, a cowboy-Indian battle, and other spectacular events to be climaxed with a many colored fireworks display.

There will be a Friday luncheon for pioneers, in Anson. Strolling musicians will be on the street Saturday, and a street dance will be held Saturday night.

"Better get on board, dear," said Mrs. Green, seeing her niece off. "Both funnels are smoking now—and they wouldn't want both funnels just to get lunch."

Ira News

Mrs. Mabel Webb, Correspondent

We regret to lose from our midst Mr. and Mrs. Orville Holladay, who have moved to Ft. Stockton. We wish them much success in their new home.

On Sunday the Methodist people sponsored a home-coming for old members, Sunday school superintendents and pastors. About 300 gathered at the tabernacle and enjoyed old songs. Rev. J. B. McReynolds, a pioneer pastor, brought a good sermon at the 11 o'clock hour. All parted saying this had been a happy day for them. We appreciate and thank each and everyone who helped to make the affair a success.

IF gas cost nothing AT THE WELL

Even if gas could be had for nothing at the well—the cost of using it in your home would not be greatly changed. A large part of what you pay for gas service is the cost of delivering it to your burner tips—and keeping it there every minute. To properly serve you, there is necessary a vast investment in gas reserves sufficient enough to meet any demand, in pipelines and equipment for its transportation and control. Money must be spent to maintain all this equipment at a high standard for dependable service. A skilled organization must be on duty day and night.

There's a difference between "raw materials" and a finished, usable service.

Your home and this community could not risk anything less than the best in gas service. Life and health in the home depend more than ever on the efficiency and quality of service. Yet today, in spite of the fact it is costing Lone Star Gas System more to operate because of rapidly mounting taxes and other new costs, your gas dollar buys more than ever before.

GAS DOES THE 4 BIG JOBS FOR 15c A DAY
—Cooking—Water Heating—Refrigeration—House Heating
15c a day was the average cost to more than 237,000 Texas families who used Lone Star Gas Service in 1937.

Abe Rogers Says:

I was born in the hills of Mississippi November 9, 1891. My occupation until I was 19 years was fighting—fighting crop grass, Jimson weeds and sasfras sprouts. While resting I kept busy toting water from the spring to make the ash hopper drip and cutting blackjack wood to keep the home fires burning.

I came to Texas and Scurry County in 1916 looking for my fortune. Yes, I found it—one million dollars worth of the finest neighbors and the best friends in the world, and I want it plainly understood I would not swap the friendship of one of you for a dozen offices.

Yes, I really do want you to elect me Justice of Peace. By so doing you may do me a greater favor than you realize.

Your friend, H. F. (Abe) ROGERS, 1c

To Scurry County Voters

Scurry County is a big area when it comes to making a political canvass. Other pressing business affairs have prevented my seeing many of you personally, even though I have tried to cover the county.

If I failed to see you individually, please lay it to "too many irons in the fire" and let our Home County Paper tell you here that your support will be sincerely appreciated by ELMER (Sheep) LOUDER, Candidate for Assessor-Collector. 1p

ANOTHER REUNION

Approximately 100 old-timers are expected at the annual old settlers' reunion, scheduled at the city park, Sweetwater, today (Thursday). The get together is for ex-settlers and their families of the Sweetwater area. A basket lunch is to be served at noon.

A Word From Sterling Taylor

To the voters of Scurry County Just this word in closing my campaign for office of tax assessor-collector:

For the past eight weeks I have made a very earnest effort to visit each of you at your homes in the rural districts and in the towns of the county. If I have missed any of you it was very unintentional on my part, and I sincerely trust you will accept this as a personal solicitation of your consideration of me for this position. In visiting you and soliciting your support I have endeavored to do so in a pleasant and considerate manner, always keeping in mind that it was my business only to visit you and ask of you your consideration of me, and that it is your right and privilege to do what you think best about the matter.

I have made a record as the head of one of the households of Scurry County, also as a public official and in business dealings with people for more than 20 years. I trust that my record has favorably impressed you and that the manner in which I have accepted and discharged these duties and responsibilities has evidenced a desire to serve the people, keeping in mind the best interests of the greatest number.

To those who know me I could say nothing that would change your opinion of my record. My greatest hope is that it has reflected a desire on my part to render a service in a conscientious manner. To those who do not know me I would refer you to your neighbors who do know me and I will be satisfied with what information they give you.

I would like to just leave this thought for your consideration. When I was your tax assessor, I personally called on you and took your inventory of taxable property. In performing these duties I have been on every farm and ranch and to every resident and business house in Scurry County. If I am your choice for this office I expect to continue this practice, which has in the past and will in the future enable me to intelligently assess your taxes and represent you before the Commissioners Court as they sit as a board of equalization.

By reason of personally performing my duties as a public official and my contact with the people of Scurry County in a business way, I believe I can say without boasting that I know Scurry County and its people better than any other one man in the county, which will be a great help to me as your assessor-collector. I have had experience in both offices before they were combined.

Earnestly soliciting your consideration and support, and thanking you for your many courtesies as I have called on you—I have enjoyed my visits with you immensely—I am.

Sincerely yours, STERLING TAYLOR, 1c

A Few Facts About Rufus Mize

While traveling over Scurry County talking with old acquaintances, friends and strangers, I have been asked many questions as to my nationality religion and wealth. I will not have time to see all the people of the county, so I wish to answer these questions through the columns of The Times.

My paternal great-grandfather ran away from his home in South Carolina, while a very small boy, and never saw any of his relatives again, and did not know his national origin. My maternal great-grandfather and great-grandmother both came from Ireland some 100 years ago. (Note: Don't get my Irish aroused!)

The Rev. G. A. Hendon, who is well known to Rev. J. W. McGaha of Canyon community, baptized me into the Baptist church in Eastland County when I was 12 years of age. I am 42 years of age, so I have been a Baptist for 29 years. I wish to refer anyone interested in this phase of politics to Rev. McGaha, Rev. Jim Fields of Snyder, and Rev. Charlie Leslie of Hemphill.

My wealth consists of: A wife and three children, for which I would not take a million dollars each; and a partnership with the Federal Land Bank on a farm.

My two opponents and I are co-operating to try to keep our race clean to the end. I wish to thank them for their gentlemanly conduct in the race.

RUFUS MIZE, Candidate for County Superintendent. 1p

Parks Wins Second Cow Milking Contest

The second three-day average in wild cow milking was won at Stamford last week by R. D. Parks of Snyder, who was assisted by his brother, Steve. Parks actually had the best three-day average, but his horse broke the barrier the last day and he was penalized 10 seconds.

The local contestant, winner of a large amount of prize money at Stamford and elsewhere in recent years, also tied for second in cow milking the first day. He said: "It was mighty rough at Stamford this year."

JOYCE ANN HALL DIES.

Joyce Ann Hall, one and one-half year old daughter of Mr. and Mrs. Ben Hall of Rio Vista, 10 miles south of Cleburne, died at the home of her mother's brother, J. A. Fowler, at Camp Springs last Wednesday. The family arrived at Camp Springs early in the morning for a visit, and the child died before noon of several months illness, resulting from whooping cough.

Body of small Joyce Ann was prepared for burial by Maples Funeral Home, Snyder, and taken back to Rio Vista, where funeral services were held at the graveside.

To the Voters of Justice Precinct No. 1

As your constable and peace officer, I want to thank you for your loyalty and friendship through past years.

I am grateful to you for electing me to office in 1936, and for the many kind things you have said of me and my official record.

My desire to be elected for a second term is not born of selfishness, but is rather an ambition on my part to yet be of even greater service to the citizens of Scurry County.

Your friendship and confidence in me made it possible for me to be serving you at this time. Your loyalty to me has made me ambitious to serve you well, and I trust that no act of mine while in office may cause me to lose the esteem and confidence you have reposed in me, and, on July 23, may I hope that by your vote of confidence I shall be retained in office another two years.

On account of the last minute announcement of the opposition to me, I shall not have the time and opportunity to see you personally and ask for your vote. But I ask you, in this manner, to please remember me when you vote on July 23, and accept my sincere thanks for your continued support and loyalty.

PATTERNS AT FUNERAL.

J. W. Patterson and wife left Snyder Saturday to attend final rites for the local man's father, who died at his home in Kingfisher, Oklahoma, at the age of 85 years following an illness of several years. Funeral services were held Monday afternoon, 2:30 o'clock, at Kingfisher. The Pattersons will return home late this week.

Stephens, Knox County Man, Out For Judge Race

"I was glad to visit in your city," said James A. Stephens of Knox County, in Snyder last week in the interest of his campaign for judge of the unexpired term of the Court of Criminal Appeals. The West Texan, native of Texas, met a number of Snyder people.

He declared: "No judge has been elected to this court who lives west of Fort Worth, and two-thirds of Texas is west of Ft. Worth. Why not elect one of the three judges from this part of the state."

"If elected I can and will write short opinions, in concise language, free from conflict, so that the judges and lawyers may know the criminal law of Texas."

Notice

To my friends who are zealous in behalf of my candidacy for sheriff, I wish to state that I appreciate to the fullest extent your interest in my race. On the other hand, I do not expect you to do anything in my behalf that will hurt you in a business way.

To every voter I wish to inform you by this notice that I am working for the office of Sheriff on my own merits, and my previous record of fairness and impartiality while sheriff of this county, and I will greatly appreciate your investigation, consideration and your vote.

Thanks, HENRY NEWMAN, 1c

To My Friends of Snyder and Scurry County

I want to thank each of you for the courtesies shown me thus far in my campaign for public weicher. (And especially do I want to thank the good housewives for being so nice after being disturbed in the big middle of their afternoon naps).

I am not going to be able to see all of you people on account of my little business in order that we might be able to eat. And I don't feel like you will hold it against me, under the conditions, if I fall in my effort to see you.

Now I am appealing earnestly to you good people to give me a break and let me show you just what I can do, and just how much I will appreciate it. I am aware of the fact that no man or woman can be elected to office on his or her efforts alone, and I am asking that you lend a hand in time of need. At the same time I assure you that I will be most grateful and highly honored if you will entrust me with this office.

Thanking you for all past favors and looking forward toward a bright future, I beg to remain, Your friend, BOB TERRY, 1p

Cyclone Davis Has Not Lost His Fire

Cyclone Davis, one of Texas' few remaining old-time campaigners who is still on the firing line, was in Snyder Monday in the interest of Karl Crowley's governor-seeking campaign.

Davis, still cyclonic in action and word, has taken part in every national campaign since 1882. He was one of the original William Jennings Bryan supporters, and has fought for democratic principles and nominees in all except three states of the Union.

"Put Crowley in as governor," says the veteran orator, now in the neighborhood of 90 years, "and give the old wornout, worked down veterans of our country a full legal pension without their having to certify themselves as paupers to get on the pension rolls."

Speaking of the Governor's Job....

TEXAS NEEDS A LEADER

ERNEST THOMPSON

Trained... Talented... Tested

Qualified for the Governor's Job by a Sound Record of Public Service.

WHAT HE HAS DONE!

As Mayor of Amarillo, he saved citizens nearly a million dollars a year by cutting every utility rate in the city and lowering the tax levy.

As Texas Railroad Commissioner, he assisted the farmer through lower freight rates and the livestock industry with emergency drought rates; brought many millions of dollars to the school fund by sensible supervision of the Texas oil industry; helped lower the gas rates in scores of Texas towns.

As a man, whose boyhood was spent at hard work, he has achieved a brilliant record of private and public service, fought for his country with high honors during the World War, is chairman of the Oil States Compact Commission, has earned the respect and admiration of straight-thinking people all over the nation.

WHAT HE WILL DO!

Tackle the farm problem with both fists and help the farmer and rancher work out a solution that will take the penalty off owning or working a farm or ranch—his belief being that the farmer is entitled to a fair profit, the same as any other man.

Urge the legislature to change the old age assistance law so that no needy old person will be denied a pension merely because a son or daughter happens to have a job.

Actively encourage industrial expansion to relieve unemployment; wage war on governmental waste and fight new taxes; and advocate state control and regulation of all utilities.

The New Safety Angle

When far more than 200 persons were killed in Fourth of July accidents, most of us blamed it on careless, foolish driving.

But a new approach to the decrease of traffic fatalities is the road angle, not the human angle, is the most important. A national magazine, in its July issue, is quite firm in its contention that accidents cannot be prevented simply by saying to Mr. Driver: "Thou shalt not kill" or "Thou shalt not drive recklessly or carelessly."

The next step in preventing highway tragedies, says the magazine, in effect, is to build roads, intersections, curves and bridges in such a way that even the fool will find it difficult to have an accident.

In this connection, Charles E. Simonds, editor, writes in the July issue of Texas Parade:

"The highways of 1938 will be as different from the highways of 1936 as are the supposedly modern roads we now travel from the routes of 1918, when highway construction was in its swaddling clothes."

Editorial of the Week

HENRY FORD STARTS BACK TO LAND MOVE

There are many farmers who imagine the job of wringing a living from the soil will be interested in a statement by Henry Ford recently, in which he said: "If the people only knew how simple it is to make a living from the soil, there would be no hunger anywhere."

On a site of some 300 acres in nearby Dearborn, not far from the farm on which he was born, Henry Ford has under way a back-to-the-land project which he hopes may furnish the impetus for an out-of-the-depression movement.

"This is no mere experiment," Ford said, shading his eyes with his hand to look far across the acres of small plants pushing up through soil cultivated by nearly 60 needy youths, but the result of many experimental efforts carried on under his direction.

"We will establish very definitely, with the cooperation of veterans' organizations," Ford added, "that an individual can live from a relatively small piece of land if he properly works it." Some American legionnaires have taken an interest in the undertaking and the farmers have named their community Camp Legion.

Ranging in age from 17 to 20 years, the youths work the farm eight hours daily. For this they receive \$2 a day in addition to their food and shelter. The young farmers will divide the profits derived from the sale of their products.—Monroe County (Missouri) Appeal.

The New Education

Truly, the new education is remarkable. Much of it forgets the old-fashioned memorizing of the past, substituting the new-fashioned theory that seeing and doing is believing. One of the most recent local examples of the new education was the trip to the Farmers Short Course by a group of 13 boys, girls and sponsors. Those youngsters probably received as much useful, far-reaching education from that five-day trip as they will receive from the first two or three months of school next fall.

Bridge and River

Folks pay for their negligence of every state race except the governor's race. One railroad commissioner, one land commissioner or the attorney general has almost as much effect on the history of Texas as one governor. Yet most of us go to the polls without much idea of the persons for whom we will vote to fill these responsible places. Incompetent men in these positions effect the entire state adversely. It's nine days until election time. Let's curvy all state candidates with a fine-tooth comb!

Our Negligence

If you enjoy satire, laugh with the 1938 edition of The Bawl Street Journal: "Senator Copper proposed a bill today to spend \$20,000,000 building a bridge across the dust bowl. The bill carries a rider appropriating \$50,000,000 to dig a river under the bridge."

Cotton in Your Car

As proof of the interdependence of industry and agriculture, one statistician points out that an average of almost 100 pounds of cotton is contained or enters into the manufacture of each average car in the United States. When you buy a car, you buy a fifth of a bale of cotton!

Wrecking Yards

With the coming of better highways and more traffic, all towns must expect the coming of worse wrecking yards and more wrecks. Snyder is no exception to the rule. It would do well for citizens and the city government to call attention, in a nice way, to the fact that wrecking yards in public locations are not wanted in our clean little city. Let's not be a second Stamford!

Current Comment

By LEON GUINN.

Washington, D. C.—Last Tuesday afternoon Rev. A. M. Moore of Defuniak Springs, Florida; Elder Gomillion (Confederate Vet), Red Bay, Florida; W. H. Tension of Anton, Texas, and this scribe left Gettysburg to visit Washington for our very first time. Fortified with an ample stock of El Ropias and attendant badges, we started out to see in one afternoon what we later found out would take a whole week just to touch upon; if we were to grasp the highpoints of our Nation's Capitol.

After crossing three states, our guide brought us into Washington on Massachusetts Avenue, with the city of magnificent distances looming up before us as though pulled out of a magic box. The weathered G. A. R. statue, which recalled organization of the G. A. R. at Decatur, Illinois, April 6, 1866, was followed by statues of James A. Garfield, Daniel Webster, Geo. H. Thomas, Winfield Scott, and others.

After cruising down Consul Row, we switched over to Pennsylvania Avenue, making a dash for the Capitol down the historic boulevard made famous by American presidents. We got a genuine thrill out of climbing the Capitol's east steps, and as we stood under its majestic dome on the "center peg" of marble, we joined hundreds of other visitors in feeling a deep spirit of reverence for the vaunted shrine of American Government.

Next came the room of statues, with Sam Houston, Stephen F. Austin, Robert E. Lee, Abraham Lincoln, Jefferson Davis and Andrew Jackson catching our eye as some of the immortals living on and in bronze and marble. After viewing the room occupied by the old Supreme Court until 1866, the Senate and House of Representatives added a few more counts to the old pulse beats.

When we left the Capitol we were like thousands of other American Pilgrims bubbling over with pride and awe at the time softened magnificence of our country's nerve center. We had cheered F. D. R. at his Gettysburg Memorial speech, and we could journey on; content in having seen the very building that until now was a post card snapshot in our inquiring memories.

As we passed the various federal buildings housing the Post Office Department, Navy, Interior, Public Health, War, Federal Reserve, FBI, and numerous others, and saw the teeming thousands of federal employees going in and out like bees from a hive, we caught a faint glimmer of how vast this business of governing 130,000,000 people is.

For some reason or other our experienced guide, Joe Maloney, plus our little badges were "getting somewhere," with the Washington Monument looking every inch of its 550 foot height. After inspecting Washington Monument, we paused next at the Lincoln Memorial, with its placid pool waters (between it and Washington Monument) reflecting the memorial and monument as though etched on the still waters.

A feeling of humility and reverence got to tugging at our heart strings when we stopped next at the tomb of the Unknown Soldier in Arlington National Cemetery. As we watched the sentry go his 10 paces to right and left, and gazed out across this immortal city of the honored dead, we felt that never again would we be quite so impressed with this vigilant tribute to a Nation's heroes.

Leaving the city of cherry trees and history in the making behind, we motored for 40 miles alongside the peaceful Potomac to Mount Vernon, Virginia, to see first hand the Colonial home of George Washington, the father of a country so large we crossed 12 states and the 10-mile district of Columbia to reach this historic spot. Here the ice house, spinning house, store and gardener's house, kitchen, dairy, and wash houses as planned by Washington himself were found with the original furniture still intact.

The Mount Vernon Ladies Association of course had repaired a few niches here and there, but upon entering the Mansion we found the furniture, silverware, and dishes that George and Martha (Custis) Washington had used, when Washington found time to spend a few days at this Colonial plantation.

While every single item at Mount Vernon thrilled us, the Blue and Gray Reunion, and the city of Washington itself faded into insignificance when we approached the tomb of George Washington, the father of our country, and our first president. Joining other silent visitors, with the sunlight playing on bared heads and faces, we felt indeed that we were standing on sacred ground, as we looked upon the marble vaults housing the sleeping George and Martha Washington—awaiting under stone and cloth the Judgment Day.

The visit to Washington's Tomb was the climax to a week filled with never-to-be forgotten events by we Gettysburg attendants and the Civil War veteran with us. After having seen Mount Vernon, and realizing that some of us were probably "passing this way but once," our little party turned all sails toward Gettysburg, content to go back to the sandhills and everglades with a whole life span of events having passed in review during 168 thrill-packed hours.

LOWER RATES FOR ELECTRIC SERVICE HERE

Texas Electric Service Company Makes Four Reductions in 10 Years

A new schedule of lowered electric rates for Snyder homes and stores was accepted this week by Mayor H. G. Towle and the City Council, after the savings under these rates to local customers were explained by officials of the Texas Electric Service Company. Mayor Towle declared that the reduced rates come at a time when other living costs are generally higher, and will mean a considerable saving to electric users. He pointed out that the Texas Electric Service Company has reduced its rates four times since 1928.

Lower Rates Sought.
A. S. Legg, district manager of the electric company, filed the new rates with the council and declared that it was the policy of his company to work with the city officials to bring about the lowest possible rates in keeping with sound business practices and good electric service. The new rates become effective on bills made from regular monthly meter readings each July 1.

"Our record of reducing electric rates in Snyder dates back to 1928," Legg said. "At that time 40 kilowatt hours of electricity cost \$5.55, and in 1928 the rate was reduced to \$4.63. Rate reductions in Snyder since 1928 have brought an average saving of around 44 per cent, and a greater reduction to those customers who use more than the average amount of electricity."

New Commercial Rate.
"Forty kilowatt hours for residential electricity costs only \$2.60 under the new rate, and if a customer uses 80 kilowatt hours, the cost is only \$1.78 for the second 40 kilowatt hours. When more electricity is used, the cost per kilowatt hour drops still lower.

"The savings to commercial customers will be even more pronounced, for 150 kilowatt hours will cost only \$8.10 under the new commercial rate, or a reduction of more than 45 per cent since 1928. The new commercial rate is simpler and has a bottom step of one and one-cent per kilowatt hour. Representatives of the company will call on all commercial customers and explain to each the savings under the new rate."

The new rates will effect a savings of approximately \$4,700 a year to the citizens of Snyder. Form of the new residential rates is now such that the service charge and room-count charge is done away with, and for commercial customers there is no service charge and no estimated corrected load charge. The new rates in Snyder, especially for residential users, are on an average 12 to 22 per cent lower than the average rates charged by all of the municipal plants in Texas. In addition to Snyder, rate reductions are also being made in the other towns and communities served by the Texas Electric Service Company. In this immediate area, the town of Hermleigh, together with the Ira, Dunn, China Grove and Buford communities, will also receive reductions.

Every Day Is a Hot Day These July Days

A remarkable sameness in temperatures has been Snyder's lot during the past week, according to Mrs. B. G. Johnson, official weather keeper here.

Friday registered the lowest "high" of any day—95 degrees—and the minimum was also lowest that day at 65 degrees. Thursday of last week registered an even 100 degrees, highest of the year, with those days having lows of 70.

Other high and low readings are as follows: Saturday, 98 high, 68 low; Sunday, 98 high, 71 low; Monday, 98 high, 72 low; Tuesday, 99 high, 74 low.

ally that he had seen, when a small boy, General George Washington upon several occasions. The only hitch in the "colonel's" story resulted from the fact that Washington died in 1799, while this vet stated he was born in 1813. We dared not ask him further, for fear he might say he worked for our first president.

"Fist City" Visitor.
A total of six unreconstructed vets made brief visits to fist city (mostly with canes), the warmest encounter occurring when a certain Confederate met up with a Yankee who had fought in the battle at Shiloh. It seems the Confederate was looking for the Yank who had shot him in the shoulder during Shiloh's big push, and before one could say Dixie Land some fancy cane fencing began to take place. This vet went home still believing that one Yankee gave him his mummie ball shoulder wound.

Charles David Clark of the old soldiers' home, Austin, who served in Pickett's Division, was one of the handful present who actually fought in the Battle of Gettysburg 75 years before. Only 10 who fought in this turning point encounter were present, with eight having actual records of service during the Gettysburg battle.

C. J. Walter of Philadelphia, Pennsylvania, was the only visitor I ran across while at Gettysburg who was born at Chambersburg, South Carolina, where the first shot of the Civil War was fired.

Sutton Christian, editor of the Santa Cruz, California, Sentinel, who was at the reunion with George L. Shreve, is a former Snyder boy. He used to work for H. L. Davis on the north side of the square, when H. L. Davis & Company was a prominent business house. Sutton's father was minister of a local Snyder church from 1920 until 1932.

Garner in Pictures.
G. M. D. Garner had his picture taken so many times at Gettysburg, after The Washington Times stated he was kin to Cactus Jack Garner, he says now "I'm going to toe the mark pretty well. If I were to do something mean, they'd already have my picture in the rogue's gallery of Texas Rebels."

On our return trip, the Texas Plains Rebels and attendants were

Rites Tuesday for Citizen of Arizona At McClure's Home

Rites were held Tuesday afternoon, 5:00 o'clock, at the R. O. McClure home, for J. C. Thompson, 48, Mrs. McClure's brother. He died at Phoenix, Arizona, July 10.

Rev. C. R. McClure of San Angelo, brother of the local man, officiated for the service, and Odum Funeral Home was in charge of burial in Snyder cemetery.

Pallbearers were Bill Crowder, Truman Ivson, Joe Thompson, Jim Ikard, J. E. LeMon, New Thompson. In charge of flowers were Margaretta Thompson, Jennetta Thompson, Shirley Thompson and Valaine Keller.

Surviving are the parents, Mr. and Mrs. J. W. Thompson, and two sisters, Mrs. McClure of Snyder and Mrs. W. B. Harvey of Rogers.

grouped in one pullman. Miss Betty Jamieson, Staten Island, New York, was the lady in prints who captured each vet's heart (not to mention the attendants). A blonde who didn't think she was beautiful, Miss Jamieson, with her mother and sister, was going to Los Angeles for a two-month vacation.

Betty, whose dad is legal counselor for the Rockefeller Estate, is a honey of a plain, common sense daughter of 26. She even loves farm life and livestock, her folks owning a Wisconsin stock farm. Betty, who spoke the language of the common people, was attired each day in some lovely cotton print. She contrasted so much with some certain butterflies in silk and sheer crepe, the Plains rebels swear they want to retain her as their social counselor. That's the Gettysburg spirit for our boys in gray!

OUR COTTON CROP
Said the Santa Fe Railway's report for Northwest Texas agriculture dated July 1: Cotton is extremely late on account of drought to start with, and wet weather later. Much of the crop is only a few inches high, barely large enough to cultivate. This backward condition, together with the fact that the acreage has been reduced fully one-third under that of 1937, makes a rather poor outlook.
