NEW WORKERS SELECTED FOR COUNTY EVENT

Awards Committee met Wednesday Night to Make Up Full Prize Lists

Friday and Saturday, October 14 and 15, have been definitely set as dates for the Scurry County Fall Products Show.

This action was taken at a meeting of the central show committee in the district court rooms Saturday afternoon. Several new individual and committee workers were also named at this meeting.

The awards committee met Wednesday night in the county agent's office to outline a full list of products on which prizes will be offered. The committee is composed of Buford Browning, Mrs. Jim Sorrells, Mrs. Guy Stoker and J. C. Smyth. Anderson is Chairman.

E. J. Anderson was unanimously elected chairman of the central committee, with Buford Browning and Mrs. Guy Stoker as vice chairmen. Anderson, E. H. Lilly and Forest Sears compose the finance committee.

Replacements on the central committee include Mrs. Hoyt Murphy for Mrs. Walter Brown, Mrs. Stoker for Mrs. Marie Hamilton, C. D. Franks for J. E. Murphy. The originally named members expressed their inability to serve on the committee, but said they would lend their personal efforts to the success of the show.

The committee will meet again Saturday, August 6, for naming of several other committees and other organization work.

Home Entertainment. It was unanimously voted that various groups and organizations in the county will supply the entertainment for the show in carnival fashion. The County Home Demonstration Council was voted the cold drinks and hamburger concessions. Each concession and each section of entertainment will contribute a percentage of gross earnings to the financing of the shows.

The central committee is now composed of: Anderson, chairman; Mrs. Stoker and Browning vice chairmen; Mrs. C. F. Landrum, Tom Echols, Mrs. Hoyt Murphy, C. D. Franks, Mrs. Jim Sorrells, Ben Brooks, Holly Shuler, J. J. Koonsman, Andy Jones, Mrs. Emil Kruse, E. J. Lilly and Forest Sears.

"Phantom Gold" to Be Free Rally Day

"Phantom Gold," starring Jack Luden, musical western star, will be the feature picture that is offered free to Four-H boys and girls who register for the Agricultural Rally Day Saturday. The picture will be free to registrants during the afternoon at the Palace Theatre, thanks to the management.

With "Phantom Gold" will be shown another chapter of the Palace serial, "Flash Gordon."

And It Rained For Nine Days

For nine consecutive days it rained in Scurry County.

Some communities received rain all of the nine days. Others, such as Snyder, were wet down to some extent for six days in succession.

The moisture began falling Monday of last week in some localities. Wednesday in practically every nook of the county. It did not end until the drizzle ceased Tuesday of this week.

The total precipitation in Snyder was 3.69, with all the rain falling gently. Elsewhere there were young cloudbursts, including one northeast of Snyder early last week, and another northwest Monday.

Borden County, too, has plenty of moisture; a total of 2.28 this spell. The rains have put the entire area in position to raise the largest feed crop on record, and plenty of practically everything else that has been planted by man or nature.

Farm Speaker

One of the principal speakers on the County-Wide Rally Day at Wolf Park Saturday will be Cliff Day, Plainview farmer, president of the Texas Agricultural Association, with headquarters at Waco. He was here briefly Monday to confer with farm leaders in the county court room.

Evangelist

Rev. B. M. Jackson, pastor of the First Baptist Church, Enid, Oklahoma, will preach for the two-week revival at the local Baptist Church, beginning Sunday, July 31. He is one of Oklahoma's most powerful preachers, according to the local pastor, Rev. Ira Harrison. He is a graduate of Hardin-Simmons University, Abilene, and Southwestern Baptist Theological Seminary, Ft. Worth.

MONDAY FINAL TRANSFER DAY

A sad day is coming for several schools of Scurry County if transfers are not completed before the deadline, which is Monday, August 1, according to Frank Farmer, county superintendent.

A number of transfers have not been made and Farmer is anxious that these be completed for the benefit of the school, the student, teachers and parents.

Cards are being mailed this week to many of those who have knowingly not completed their transfers.

Local Laundries in Two Recent Changes

Two recent changes have been made in the local laundry picture.

Little Westbrook and son, Charles E. Westbrook, now have full ownership of the Ideal Laundry and Wash House, with the younger man, associated with the laundry since its opening, as manager.

B. R. Miller, who has been in the laundry business here for several years, has opened a laundry of his own at 2205 Avenue M, after being associated with the Westbrooks for some time.

Rev. Cal McGahey, former Scurry County preacher, now at Combes in the Rio Grande Valley, will begin a revival meeting at Bison, a former pastorate, beginning Friday, August 5. It will be a 10-day meeting, according to Rev. R. E. Bratton, present pastor.

OKLAHOMAN IN PULPIT DURING BAPTIST MEET

Singing to be Led by Gene Spearman, Newly-Arrived Assistant Pastor

A two-week revival in which strong evangelistic messages and great singing are featured will begin at the First Baptist Church Sunday morning, according to Rev. Ira Harrison, pastor.

In the pulpit will be Rev. B. M. Jackson, pastor of the First Baptist Church of Enid, Oklahoma. "He is a lusty, consecrated, studious minister," reports the local pastor. He is a former Texan, graduate of Hardin-Simmons University, Abilene, and Southwestern Baptist Theological Seminary, Ft. Worth.

Gene Spearman, who recently came from Pecos to serve as assistant pastor, will lead choir and congregational singing. At the electric organ will be Mrs. Ira Harrison, a trained organist.

A children's choir and many special musical numbers are promised. The church building is being conditioned for effective cooling of the air, regardless of the weather, say church leaders.

Morning services will begin at 8:30 o'clock, in order to give housewives and business men a better time to attend than the customary 10:00 o'clock period. Evening services have been set for 8:15 o'clock.

Loss Clairemont Route May Come If Snyder Loafs

If Snyder and Scurry County continue to loaf on the job about putting the Clairemont road in shape for regular travel, loss of the daily mail route from Snyder to Clairemont is imminent.

This is the blunt news discovered by The Times this week. Charlie Fox is carrier of the Clairemont route. He says the road is in terrible shape during rainy weather, and it is impassable part of the time after such rainy spells as July has offered.

The Clairemont route has gone out of Snyder for many years. It is a vital link between Snyder and a portion of Kent County. In view of the fact that the road in the future may become a state highway, loss of the route would be a severe blow to Snyder, in the opinion of many business men.

The matter of improving the road has been referred to the roads committee of the Scurry County Chamber of Commerce.

Picnic Preaching, Community Singing At Lloyd Mountain

Lloyd Mountain Church of Christ is extending a cordial invitation to everybody to attend an all-day picnic Sunday, July 31. Following dinner on the ground, a community singing will be held in the schoolhouse, and feature of the afternoon program will be a discussion by J. P. Sanders Jr. of Abilene Christian College.

Regular services will be held at 11:00 o'clock in the morning, and the evening service at 8:30 o'clock will close a two-week revival meeting.

Sanders' subject will be "Education and Work of the Blind." Material for the talk will include the development of the Braille system, its use and construction, as well as other educational facilities for educating the blind.

Of this subject the speaker says, "It is my belief that the real handicap of the blind is not blindness itself, but the lack of knowledge on the part of the public concerning the efficiency of the blind in commercial life. I have been happy to present this material in various Lions Clubs in Texas and in churches of Texas and New Mexico."

Rally Day To Feature Three State Speakers

Next Residents of Governor's Mansion at Austin

Maybe it was the good looks of this family group, as well as the unique campaigning ability of W. Lee O'Daniel, that sent the flour merchant into the chief

executive's mansion at Austin. During the campaign, Mike, 18, in the back row, and Pat, 19, in the front row, accompanied their father and played with

the Hill Billy Boys' orchestra; Molly, back row, distributed circulars and passed collection barrels; Mrs. O'Daniel, front center, handled things at home.

FIRST AWARD TO HOBBS FFA TEAM AT PASO

\$115 Terracer Won by C. Littlepage's 32 Boys in State Contest

Having two and a half times as many points as their nearest competitors, the Hobbs FFA chapter took first prize, a \$115 Terracer, at El Paso's state-wide FFA meet Saturday.

The Hobbs chapter, under the able direction of Vocational Teacher Cleveland Littlepage, entered the contest with 32 active members, a number of other FFA chapters entering the contest with far more in membership than the Hobbs group has. The coveted first prize Texas Terracer was presented by the Brown Tool Company, Breckenridge.

Nearest competition given the Hobbs boys was that by the Moxelle Chapter, Goldbus, of which C. B. Edwards is chapter director. FFA chapters from all over the state competed in the terracing, soil conservation, pest eradication, and seed treatment contest.

Cleveland Littlepage, who has worked untiringly with the Hobbs boys, has seen the Hobbs FFA chapter grow from a small group to one of the outstanding rural Future Farmer groups in Texas. W. R. Sherrill of the Texas Extension Service reports.

MEMBERS GET COTTON FUNDS

The Texas Cotton Cooperative Association is making a partial payment on the one per cent reserve deducted from cotton shipped by its members between 1923 and 1932.

Director J. L. Carrell of the West Texas Cotton Growers Association has been advised.

These checks will be distributed by Snyder Monday, August 1, at the Snyder Cooperative Gin Company, by R. B. Henry, representative of the WTCCA, and Carrell.

"If you have shipped cotton to either the Texas Cotton Cooperative Association or the old Texas Farm Bureau, please call for your check Monday," requests the local director.

How to Assist Flood Victims

Scurry County folks whose hearts have been moved for the hundreds of people in the San Saba country who have been made homeless because of floods are being asked to raise \$65 for the immediate relief of flood sufferers.

Donations should be made directly to Mrs. Carrie Line, county Red Cross chairman, or they may be left at The Times office.

A telegram received yesterday by Mrs. Line from the mid-west office at St. Louis said:

"Reports received from Red Cross representatives confirm major disaster in San Saba, McCulloch, Menard and other counties along Colorado River and tributaries.

"Incomplete surveys show 970 families now affected, 127 homes destroyed, 650 homes damaged.

"Minimum relief fund \$100,000 required to meet need reported to date. An issuing appeal to all Texas chapters.

"Your chapter should make immediate and vigorous appeal with full publicity to secure quota of \$65. Report and transmit collections promptly to this office."

New Staff Members Named at Hospital

Snyder General Hospital has two new staff members, one on the hospital staff and the other on the medical staff.

Mary E. Hall, daughter of Sweetwater's chief of police, has joined the hospital as technician. Miss Hall trained at St. Paul's, Dallas.

Dr. T. M. Howie, a graduate of Louisiana State University, is the new medical staff doctor. He is in the Charity Hospital, Shreveport, Louisiana.

For several days the meat market at Rainbow Market place has been in charge of Elden Brosseau. The experienced market man comes from Portland, Oregon, with his wife and two children.

Invitations to Von Der Hoff-Yoder Wedding, August 12, Are Sent Out

Invitations to the August 12 wedding of Ruth Yoder, daughter of Mr. and Mrs. D. P. Yoder, to Dr. Henry O. von der Hoff of Wilmett, Illinois, were sent out last week. The marriage will be solemnized at the home of Miss Yoder's parents at 8:30 Friday evening, August 12, the 25th wedding anniversary of Dr. von der Hoff's parents, Mr. and Mrs. H. Otto von der Hoff.

Two affairs, one in Snyder and the other at Colorado, have already been given to honor Miss Yoder. Dr. von der Hoff, who has been a guest at the Yoder home the past month, shared honors with his bride-elect at the Colorado party. Both are graduates of the Illinois College of Chiropractic, Chicago, with D. S. C. degrees (Doctor of Surgical Chiropractic).

More than 50 guests enjoyed a gift party Friday morning in the A. C. Preuttt home here from 8:00 to 10:00 o'clock. The affair was a pre-nuptial compliment to Ruth Yoder, who will be married to Dr. Henry O. von der Hoff August 12.

Mrs. Preuttt and Mrs. W. W. Hamilton, hostesses, Mrs. Yoder, the honoree and her sister, Virginia, received in flower decorated rooms. A display of wedding gifts was a feature of the party.

For the program Mrs. W. C. Hooks was at the piano during calling hours. Maurine Cunningham gave an original toast to the bride, and Alta Bowers was presented in a clever reading, "In the Usual Way." Formal response was given by the honoree.

Orchard dahlias and fern in a crystal bowl centered the dining table. Also on the dining table were small wedding bouquets tied with pink ribbons, which were given as guest favors. Toasted sandwiches, cookies and coffee and tea were served.

Pouring and otherwise assisting in the houseparty were: Mrs. Herman Doak, Mrs. Billie Lee Jr., Charlene Ely, Raylene Smith, Frances Chenuault, LaFrances Hamilton and Virginia Preuttt.

Dr. von der Hoff called at the conclusion of the party to greet members of the houseparty.

Out-of-town guests included Mrs. C. E. Jameson and daughter, Ellen, of Colorado, Jan Thompson of Fort Worth and Mrs. W. L. Porterfield of Liberty, Arizona.

A picnic at Ruddick Park in Colorado last Friday evening was to honor Dr. Ruth Yoder of Snyder and her husband-to-be, Dr. Henry O. von der Hoff, whose marriage will take place August 12.

Sharing hostess duties at the outdoor affair were Ellen Jameson of Colorado, her sister, Mrs. Noel Woodley of Littlefield, who is the former Elizabeth Jameson, and Mrs. Lowell Schmidt, the former Fern Wright, also of Colorado.

Old friends of Miss Yoder and a few other friends were invited. Among them were: Clyde Young and his bride-elect, Frances Lupton, whose wedding date is July 29, Dr. and Mrs. Bruce Johnson of Lorraine, Weldon Skinner and Rex Gilbreath of Colorado and Virginia Yoder of Snyder.

Her senior speech recital was said to be one of the outstanding performances in the history of the school. The local high school graduate taught in El Paso public schools last year.

Jack Izard's parents live in El Paso, and he, too, is a graduate of Hardin-Simmons. He is connected with General Motors in El Paso.

Electric Rates Reduced Again

Use the SAVING to Reduce Your SLAVING

HERE IS HOW YOU CAN TAKE FULL ADVANTAGE OF YOUR NEW LOW ELECTRIC RATES!

Now that Reddy Kilowatt's wages have been reduced again, he can do more for you than ever before at no extra cost to you. Even though he has always been the most tireless, efficient and cheapest servant you've had, his new low wages make it possible for him to do away with even more of your household slaving without adding to the cost of your electric service.

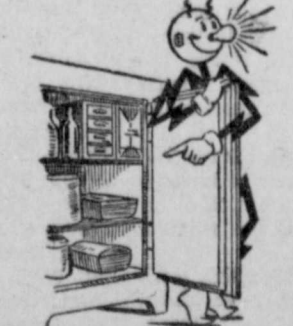

Use the SAVING to MAKE SEEING EASIER

Reading, sewing, studying or doing any visual work whatever can be most difficult if the light is not right. You can make seeing considerably easier with only the savings of Reddy's lower wages.

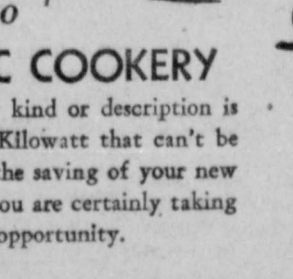

Use the SAVING to KEEP FOOD FRESH

Reduced electric rates mean that electric refrigeration now costs less than ever. The saving in the cost of electricity, plus the saving in food, makes an electric refrigerator a real money-saver.

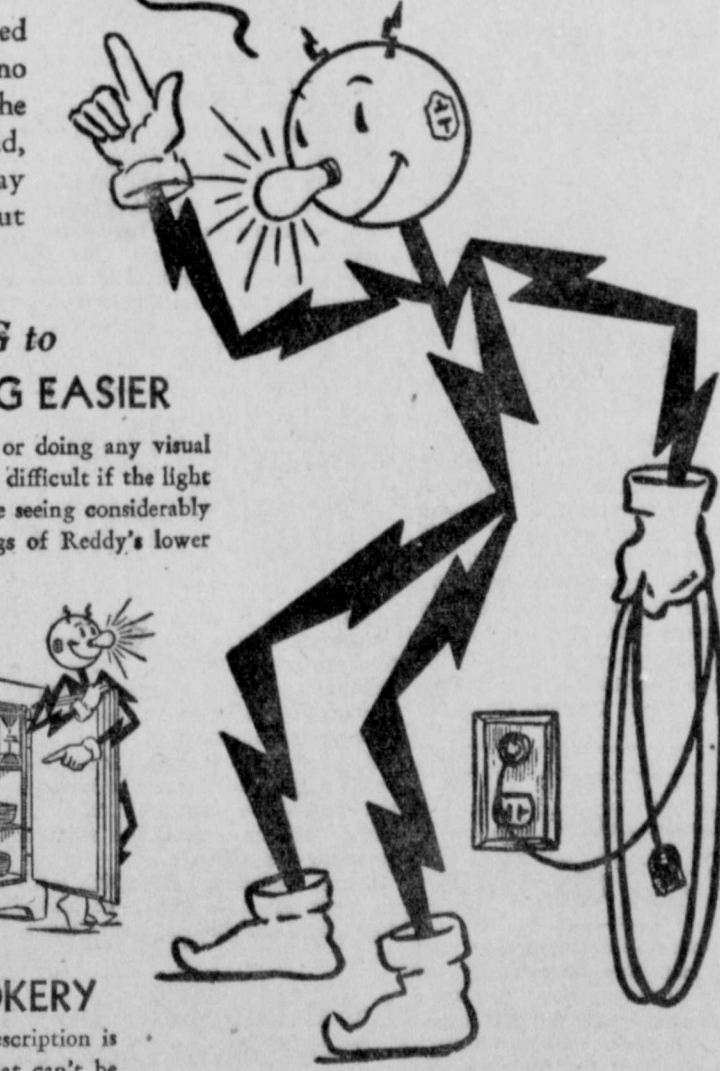

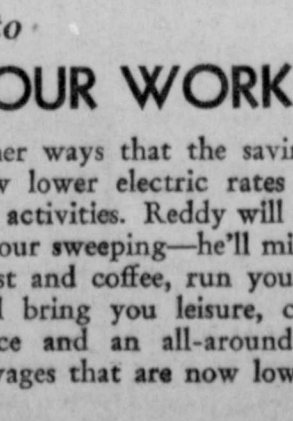

Use the SAVING to ENJOY ELECTRIC COOKERY

Perfectly cooked meals of any kind or description is an accomplishment of Reddy Kilowatt that can't be overlooked. When you apply the saving of your new electric rate to meal-getting, you are certainly taking full advantage of a marvelous opportunity.

Use the SAVING to SPEED YOUR WORK

There are dozens of other ways that the savings you will get from your new lower electric rates can be applied to your everyday activities. Reddy will do your washing, your ironing, your sweeping—he'll mix, mash and stir, make your toast and coffee, run your radios and your clocks. He'll bring you leisure, comfort, good health, convenience and an all-around higher standard of living—at wages that are now lower than ever before.

SHOTS FIRED IN FIRST PRIMARY STILL ECHOING

HECTIC RACES BRING COUNTY MANY UPSETS

Williams, Pinkerton, Darby, Lynch Elected in First Scurry Primary

In one of the most hectic county political melees Scurry County has ever known, voters made all except one official in the first primary.

Sterling Williams, county attorney, nosed out H. J. Brie, incumbent, for the county judge's place, 1461 to 1379. The race ran neck and neck election night, Williams pulling ahead when the last two boxes, Northeast Snyder and Hermleigh, came in.

Biggest runaway on the ballot was Mrs. Mollie Pinkerton, who far outdistanced three opponents for county treasurer. She tallied 1858 votes, Mrs. O. S. Williamson, incumbent, 513, Mrs. J. P. Avery 364 and Mrs. Marion Newton 267.

John Lynch Elected.

John Lynch, former city marshal, was given 1540 ballots to overcome Clyde Thomas, present sheriff, with 931, and Henry Newman, former sheriff, with 387.

Only the county superintendent's race requires an August runoff. Roy O. Irvin led the ticket with 1420, Rufus Mize goes into the runoff with 820, and Frank Farmer, incumbent, trails with 768. Farmer was second until the last box, Hermleigh, put Mize into the runoff.

Herman Darby, former assistant tax assessor-collector, was in the clear over two opponents in the assessor-collector race. He received 1633, Sterling Taylor, former assessor, was given 807, and Elmer Louder of Hermleigh tallied 469.

Uncontested Winners.

In uncontested races, Charles J. Lewis received 2939 votes for reelection as county clerk; Jimmie Billingsley, district clerk, was given 2971 for reelection, and Ben F. Thorpe ran up 2934 for county attorney.

In district races, Scurry gave Barber first place for district attorney, with Outlaw second and Steakley trailing. J. A. Merritt, native son, led C. L. Harris, state representative, almost two and a half to one here.

In state races, O'Daniel led all opponents combined by 497 votes for the governorship, with Thompson an easy second. Nelson led the lieutenant governor's race, Mann and Woodul were far ahead for attorney general, Critz led for associate justice, Stephens for the criminal appeals place.

Other leaders were: Sadler for railroad commissioner, Sheppard for comptroller, McDonald for land commissioner, Lockhart for state treasurer, LeMay for state superintendent and McDonald for commissioner of agriculture.

Barber, Outlaw Into Runoff For Attorney's Place

Truett Barber of Colorado and George Outlaw of Sweetwater, incumbent, will enter the runoff for district attorney, voters of the four counties in the 32nd Judicial District determined Saturday.

The Mitchell County man led in Mitchell, Scurry and Borden Counties by a total margin of 219 votes, Barber polled 3820, Outlaw 3601 and Zolie C. Steakley, Sweetwater, 2949.

Home counties of the three candidates gave them substantial votes. Nolan went 2945 for Outlaw, 1676 for Steakley and 585 for Barber, Mitchell gave Barber 1899, Steakley 479 and Outlaw 472.

Scurry County gave Barber, a newcomer to politics, a lead of 1143 over Outlaw's 898 and Steakley's 754. Borden put Barber slightly in the lead with 193 against Outlaw's 186 and Steakley's 38.

Since this will be the only district wide race in Scurry and Borden, it is expected to create considerable interest. Both candidates plan aggressive campaigns, they said when in Snyder early this week.

O'DANIEL HAS SPOTLIGHT AS TEXAS VOTES

Ft. Worth Flour Merchant Sets Precedent in State Politics Saturday

Everyone knows by now that W. Lee O'Daniel and his Hillbilly Boys set a precedent in Texas politics Saturday. The Ft. Worth flour merchant, who toured the state with a sound truck and his radioing Hillbilly Boys, whipped 11 opponents in the first primary, and will become governor of Texas next year.

O'Daniel's lead, according to Tuesday tabulations, with about 60,000 votes out, was 23,340.

Governor James V. Allred called O'Daniel's triumph a victory unparalleled not only in the history of Texas but in the nation. "Ernest O. Thompson, railroad commissioner, second man in the race, wired: "In all sincerity, I offer my wholehearted congratulations and my earnest cooperation in every effort to promote the welfare of the people of Texas."

National Blessings.

Blessings of the national Democratic organization were given O'Daniel Monday, when L. W. Robert Jr. of Washington, secretary and treasurer of the national Democratic executive committee, visited the Ft. Worth man at his home and said: "This man is no political fanatic. He is a real man and he knows what he is doing. He is my kind of a Democrat."

In the governor's race, McCraw was third, Tom Hunter was fourth, and the remaining candidates were so far behind that they are almost forgotten already.

O'Daniel, deluged with offers of theatre and hotel dance engagements, has turned them all down. "My job is going to be governor of Texas," he declared.

Other State Races.

Walter Woodul held a lead over Gerald Mann for attorney general, with 291,415 and 276,196, respectively. Yarborough was third man, Calvert was fourth and Goodrich was in the rear.

C. W. Terrell, railroad commissioner, led his ticket, with G. A. (Jerry) Sadler of Longview, cousin of Showman Harley Sadler, second. Terrell had received 247,550 votes in Tuesday's count, Sadler 216,547.

Pierce Brooks, Dallas real estate man, led the lieutenant governor, a ticket, and Coke Stevenson, former speaker of the House of Representatives, went into the runoff with him. Senator G. H. Nelson of Lubbock was third.

Three More Runoffs.

William H. McDonald, incumbent, led by a substantial vote for reelection as land commissioner, with his runoff opponent, Ben Critz and W. H. Davidson will enter the Supreme Court runoff, with Harry N. Graves and James A. Stephens going into the Court of Criminal Appeals race.

George H. Sheppard of Sweetwater, whipped two opponents with ease. Charley Lockhart won over two opponents, including another former contender, E. B. Barnes, and will thus be state treasurer again. L. A. Woods goes in again as state superintendent, winning from S. R. LeMay and W. E. James. J. E. McDonald was reelected commissioner of agriculture.

Many Due Thanks in Saturday's "Party"

So many persons are due thanks for the success of The Times' Saturday night election party that it is difficult to single all of them out and give personal thanks.

Special mention is due: Superintendent E. O. Wedgeworth and Fluvanna School for use of their sound outfit and broadcasting assistance; Snyder Transfer Company for hauling benches; Higginbotham-Barlett Company for helping arrange the election board; Bryant-Link Company for use of their awning; County Chairman A. C. Preuit, all election judges, all who helped in any way to gather and complete returns.

Nor would the publishers forget their faithful force, which worked long overleaping hours, and N. W. Aultry, who helped keep the ball rolling until the election extra was out after daylight Sunday.

HARRIS NAMED OVER MERRITT

C. L. Harris of Spur, state representative of the 18th District, won his race over J. A. Merritt of Snyder by 998 votes, it was revealed by official returns that were completed by The Times Tuesday. The total vote was Harris 5451, Merritt 4453.

Harris won by substantial margins in Dickens and Stonewall, by a comfortable vote in Garza, by a slim lead in Kent, Merritt's usual strongholds, Scurry and Borden, went for him strong again.

The vote by counties follows: Scurry—Merritt 1934, Harris 9479, Dickens—Merritt 535, Harris 1979, Borden—Merritt 288, Harris 91, Garza—Merritt 686, Harris 915, Kent—Merritt 515, Harris 542, Stonewall—Merritt 495, Harris 1077.

Congratulations to Herman Darby and Good Will to All

I want to say to the citizenship of Scurry County that I do not have any axes to grind nor any allias as to the reason for my not being elected. All I have to say is that the majority of the voters of Scurry County voted for Herman, and I am willing for the majority to rule. Herman is a nice clean young man, well qualified, and I am sure will make us a good officer.

I am for him, and I am sure that those who voted for me will join me in this. I desire to publicly thank those who voted for me and to assure those who did not that I am fully conscious of the fact that you exercised your inherited right, and for this I hold no ill will.

Sincerely,
STERLING TAYLOR. 1c

To the People of Scurry County

I want to express to each individual my sincerest appreciation for his interest and support in my race for county superintendent. I feel that the vote you gave me was a vote of confidence in my ability and sincere desire to fill the office to the best interest of all concerned. I am very grateful for your help.

At this time I am still in the race with Mr. Mize. May I again ask each of you for the same loyal support by which you gave me the plurality in the first primary.

May I say with reference to my two opponents in the first primary, Mr. Farmer and Mr. Mize, that I could not ask for fairer, friendlier competition than that which we three have known in this race. I regard them both as personal friends and as being gentlemen and sportsmanlike under all situations.

Again I thank you for your splendid support and again earnestly solicit your loyal help at the polls August 27.

Respectfully yours,
ROY O. IRVIN. 1p

My Dear Friends of Scurry County

I know not how to express my appreciation to you for every help, word and deed, little or big in any way, that made my campaign a success.

I appreciate and thank you from the very depths of my heart.

I have enjoyed making the campaign; meeting old friends, making new friends, and seeing old-timers that knew my mother and dad.

It is my prayer that God will bless those feeble hands that may have cast their last vote; the young, who cast their first, and all others who supported me in any way.

Again I pledge to serve you a courteous, conscientious, and business way.

A friend,
MOLLIE CHURCH PINKERTON. 1p

To the Voters of Scurry County

It is difficult to find words that will express my gratitude for the good vote that I received last Saturday.

I feel that I can best show my appreciation by the kind of Tax Assessor-Collector that I make, and in this I hope to have the co-operation and goodwill of every citizen of Scurry County.

Sincerely yours,
HERMAN DARBY. 1c

To the Public in General

I take this method of expressing my thanks to you good people for the kind things said and done in my behalf for public behavior. Whether you supported me or not, I feel you are my friends, and I want you to feel the same toward me.

Again thanking you and looking forward to your support in the August primary, and to bigger and better things in life for all of us, I am

Thanks, Scurry County

I wish to extend my congratulations to the winner. I thank you.

EXTRAS RUN OUT.

The Times election extra, which came off the press just after 6:00 o'clock Sunday morning, was printed 1,300 strong—but that was just enough to give political-hungry Scurry County a bare taste. At least 1,000 more papers could have been distributed—but the publishers just underestimated the demand for the first-primary papers.

Unofficial Returns By Boxes from Scurry County

Figures are given by boxes on State, District and County offices, as collected Saturday night by The Times, working with County Chairman A. C. Preuit and the election judges of the various boxes. No returns are given in this table on the precinct races, which will be found on another page of this edition.

E. B. McLeroy, County Agent

Seventy ranch operators in Borden County are participating in the 1938 range program; 473,098 acres of rangeland is involved in the applications submitted for the county this year.

Payments to these ranchers for carrying out approved range building practices will exceed \$33,000, according to estimates by L. E. Long, county range inspector, and A. M. Clayton, county committeeman, who are directing the 1938 range program in Borden County.

There has been a substantial increase in the number of various range building practices carried out in Borden County this year. Contour furrowing has increased more than any other practice in 1938.

T. J. Ren, J. J. Belew, Ed Murphy and C. O. Carnack have demonstrated the practical use of contour furrows on rangeland in this county, and the A. M. Clayton pasture project near Gall has successfully held against heavy rains since construction of 45,000 feet of terraces last January.

Construction of earthen tanks continues to be of importance to Borden County ranchers. There were 123 tanks constructed in the county in connection with the 1937 range program.

At the present time, there have been 26 dams built in connection with the 1938 range program, and

Irvin Sturgeon of Plainview Injured

Irvin Sturgeon, farmer of the Plainview community, was one of the four persons injured in a head-on collision of two automobiles just west of Sweetwater, near the Pace Packing Company, Monday night about 8:15 o'clock. Head injuries of Sturgeon, who is in a Sweetwater hospital, are less serious than at first thought. He is resting well today.

Occupants of the second car, a 1934 Chevrolet, were three Roscoe boys, Bob Windham, Jack Smith and Carroll Toome. All three were injured. Smith has hand and leg injuries, Toome back and head injuries, and Windham head cut and right hand cut. Sturgeon was driving a 1936 Chevrolet.

Sturgeon's brother, Warren, has been in Sweetwater several times to visit his brother, and other local people have been there also.

DEAVERS LEADS.

Lawrence Deavers left Thursday for Dimmitt, where he will be in charge of singing for a 10-day meeting in the First Baptist Church. The meeting begins Friday night.

these dams involve a total of 101,587 yards of dirt for an average of 3,907 yards per dam. It is significant that Borden County ranchers are constructing fewer and larger tank dams this year to supplement the large number of small dams constructed last year.

This Sow Must Have Made a New Record

A big OIC sow belonging to Mrs. W. R. Hudson, who lives four miles southeast of town, must have set at least two records a few days ago.

When she presented a litter of 20 pigs, that was a pretty big job in itself. But when Mrs. Hudson began adding, she found that the sow, now less than two years old, has borne 40 pigs in three litters in about a year. Her first litter was nine pigs, and her second was 11.

Nine of the litter of 20 are living, some of them having been killed and others dying of malnutrition.

LONE RUNOFF FOR PRECINCT OFFICES HERE

Weigher's Race Holds Interest as Abe Rogers Withdrawal Announced

With a single runoff in precinct offices in the county, the weigher's race in Precinct 1 holds the spotlight. Edgar Wilson opposes Bob Terry in this race.

Withdrawal of Abe Rogers from the justice of the peace race, in which he was led by P. E. Davenport, eliminated one of the second primary runoffs. Davenport was given 987, Rogers 875 and Ben F. Smith 310.

All commissioners' races were decided Saturday, and Ray Hardin was named constable of Precinct 1 to succeed Ather Chandler. Hardin received 1035 votes, Chandler 812.

Wilson led Terry by 38 votes, and Terry was ahead of Walter Holmes only 10 votes. The other candidates were well behind. The totals were: Wilson 567, Terry 539, Holmes 519, Trice 279, Gibson 202, Evans 164, Jenkins 25.

Commissioners' votes were as follows: Precinct 1—Robison 396, Monroe 269; Precinct 2—Huffman 256, Davis 122; Precinct 3—Blackard 446, Adams 188, Huddleston 173; Precinct 4—Hairston 762, Gross 199.

Flournoy, justice of the peace in Precinct 2, received 118 votes, and Clawson, public weigher in No. 2, received 123.

To the Voters

You may be sure that I am grateful for the nice vote given me in Saturday's primary, and I want to thank everyone for this expression of confidence.

My greatest pleasure is in pleasing you. Call on me when I can be of any service.

Yours gratefully, J. P. BILLINGSLEY. 1p

I wish to thank the people of Scurry County for the fine support you have given me in the past as county judge, and say to all who supported me for reelection that you have my sincere and heartfelt appreciation.

I want to congratulate all the nominees for county and precinct office, and wish for them the best of success in their new relationship. Again thanking you, I am Yours truly, H. J. BRICE. 1c

Abe Rogers Says:

Please accept my thanks for the wonderful vote you gave me for justice of peace in last Saturday's primary. Every one who voted for me or did anything in my behalf has my heartfelt thanks and appreciation. Let me assure you that I hold no enmity or ill will toward a soul in Scurry County.

The unofficial returns give me the right to enter the second primary with only a small margin. My best judgment tells me to withdraw from the race.

H. F. (Abe) ROGERS. 1c

Holmes Thanks Voters

I wish to thank each and every one of you for the fine way you received me in your homes in my campaign for public weigher, whether you voted for me or not. I shall always feel grateful to those who voted for me and gave me such a nice showing in last Saturday's election.

Yours sincerely, WALTER HOLMES. 1p

To the Citizens of Precinct No. 3

I am thankful to those who voted for me in Saturday's election. I wish to assure those who did not vote for me that I bear them no ill will. I congratulate the winner, and extend him my support in making us a good commissioner during his term of office.

Yours sincerely, WALKER HUDDLESTON.

To the Voters in Precinct No. 1

I wish to thank each of you for the many courtesies shown me in my race for commissioner. I wish to thank Mr. Robison for his clean campaign. I have no ill will toward any man or woman in this precinct.

I realize that with the "outside" pressure that was put on by certain organizations that the majority of you felt that now was not the right time to change commissioners, so let us all help Hubert in any way possible, as he is my commissioner the same as yours and I am for him 100 per cent.

DWIGHT MONROE. 1p

John Lynch Thanks

The wonderful vote given me in Saturday's primary can be repaid only in fair, courageous service as your sheriff during the two years beginning January 1. I pledge you this kind of service, realizing at the same time that it will be next to impossible to live up to the high tribute that was paid me by your ballots.

I am deeply grateful for every effort of my friends during the campaign, for every vote that was given me Saturday, and for the many expressions of good will this week. In view of these evidences of county-wide support, I approach my new job with humble spirit, and with the expectation and belief that I will receive the backing of every citizen, regardless of whether he voted for me or not. I want to be a sheriff for all the people.

JOHN LYNCH. 1p

Thanks to the Voters Of Justice Precinct 1

Thanks for the votes you gave me in last Saturday's election. I assure you I will do my best to make you a good constable. I am asking the citizens to help me.

Fun In Politics

If you can't get fun out of politics, you might as well keep your nose out of politics. If you get het up over it too much, the loss of your favorite candidates will make you a confirmed grouch.

So The Times, which has learned to take its political medicine like a little man, has picked up a few quotations about politics that will help create some "morning-after" smiles.

IGNOMINIOUS DEFEAT.

A candidate for sheriff at Shelby, Alabama, was defeated somewhat ignominiously. He got 55 votes out of a total of 3,500, and the next day he walked down Main Street with two guns hanging from his belt.

"You were not elected and you have no right to carry guns," fellow citizens told him.

"Listen, folks," he replied, "a man with no more friends than I've got in this county needs to carry guns."

SPEAKING OF CONGRESS.

Said John Stuart Mill quite a few years ago: "I entered Parliament with what I thought to be the lowest possible opinion of the average member, I came out with one still lower."

OVER IN NORTH CAROLINA.

The swarm of prospective jobholders becomes almost embarrassing, according to the Waxhaw (North Carolina) Enterprise: "The editor and the rest of the Waxhaw delegation had a very enjoyable trip to the Democratic convention at Raleigh. The only drawback was the number of candidates there. A delegate put his hand out of the car to signal for a turn and 15 men shook hands with him before he could draw it back."

DR. JOHNSON ON ZEALOTS.

Dr. Samuel Johnson of Old England observed with his typical candor: "Of all kinds of credulity, the most obstinate and wonderful is that of political zealots; of men, who being numbered, they know not how, or why, in any of the parties that divide a State; resign the use of their own eyes and ears, and resolve to believe nothing that does not favor those whom they profess to follow."

"STILL BE FRIENDS IN HICO."

Observes the Hico News Review: "There is a place for vigorous campaigns, we are sure, and a little mud never hurt anybody, when it is the type that can easily be washed off and forgotten. We hope and trust that when the smoke clears up, everyone will still be friends in Hico, and that no scars will remain to mar our customary peaceful complexion."

A POLITICIAN CONFESSES.

Abraham Lincoln once said: "Politicians are a set of men who have interests aside from the interests of the people, and who, to say the most for them, are at least one long step removed from honest men. I say this with greater freedom being a politician myself."

Save Your Feed!

An Editorial by E. J. Anderson.

The greatest production of feed in the history of Scurry County is in sight, and unless constructive steps are taken at once much of it will be wasted. At best, this has been the experience in former years when a bountiful feed crop has been raised.

Possibly feed will be a very low price this fall and winter, and in addition to the quantity raised the low price will make many producers negligent in their efforts to save every pound of this important crop. . . . in fact, the most important all-round crop in West Texas.

Headed grain may not be worth over a few dollars a ton and bundle stuff may bring no more in proportion; yet next year may be another time of poor yields and the time will come when the feed that is not saved this year will have to be paid for at \$25 or even more per ton.

A surplus of feed well taken care of is money in the bank, and Scurry County can never be uniformly prosperous until our feed and forage crops are so recognized.

Our feed crop means practically everything to every man or beast in this area. It is the foundation of our livelihood in Scurry County. If we don't believe it, just recall why our beef and dairy cattle, our hogs, poultry and other sources of income are periodically depleted.

Scurry County runs much to fast or famine, with more lean than fat years. Why not, before it is too late, make up our minds that not a stalk of this year's feed crop is to be lost, and insure ourselves against the lean years that are sure to come.

County Agent Luke Ballard is stressing the county over: "Save Your Feed!" Save it in either trench silos or in some other acceptable manner—but save it! And why not the trench silo? Two men, a team and fresco can build one of approximately 100-ton capacity in three days.

For once in the history of Scurry County, let's begin preparing in time for the lean years, which are sure to come.

But whatever we do, let's "Save This Feed!"

Devote each day to the object then in time, and every evening will find something done.—Goethe.

With taxes at \$15,000,000,000 and national income probably not over \$52,000,000,000 in 1938, on the average, every man is working 15 weeks out of the year for the government.—Phil S. Hannah, editor, Chicago Journal of Commerce.

Current Comment

By LEON GUINN.

With the benediction of gentle rains adding to the post-primary quietness now settling over the fields and dells of Scurry County, one can join an innumerable host of people in welcoming the return to workaday conditions again. For to be perfectly frank, there were so many good people running for county and state offices, one couldn't well rest at ease until it was known which way the tide of fickle politics would turn.

A report last week from the William B. Erdmans Publishing Company of Grand Rapids, Michigan, reveals the fact "Monkey Mileage," by our good friend J. L. Martin of McCamey, is "getting across with those who want to see Evolution dethroned." A great book for anybody to read, "Monkey Mileage From Amoeba to Man" is especially recommended to people who read with open minds, and be convinced when the weight of evidence points to a rightful solution.

For the ninth successive year the federal government is embarking upon a course that will leave, at the fiscal year's end, a woefully unbalanced budget. From now until June 30, 1939, our federal dads will spend \$2,000 more per capita per minute than is taken in to federal tills, which is another way of saying the government's gross deficit is expected to total \$3,781,000,000 (billions) next July 1. Notice that Treasury Undersecretary Magill gave out these figures, leaving Secretary Morgenthau in the clear on the deficit subject.

All in all, New Deal spokesmen agreed last week this deficit prediction will mean higher taxes next year, with still higher tax rates to be spread out across the turbulent, untested future. Both the "big" and "little" business man will get higher taxes socked to them in the pocketbook region, due to this undeniable fact:

The Treasury is meeting current obligations with Social Security account funds, but since \$750,000,000 of the SSA funds have already gone down the "current expense" funnel, ways will need to be found to "tap other sources of revenue." Since most Congressmen will agree (under pressure) higher taxes is the last recourse, higher taxes it will doubtless be. Now if Uncle Sam's cavalcade of employees could find a way for the government to spend \$2,000 less per minute than is taken in, our Washington boys would "have something."

G. Edward Pendry of the Westinghouse Electric Company recently predicted that 25 years from now the "average" man may occupy homes lighted, heated, cooled, and humidified by electricity, have a film library, get food from soil-less farms, and wear clothes made of spun glass. Mr. Pendry did not mention what (if anything) the women might be wearing 25 years from now, but if they, too, go in for spun glass clothing, menfolks will doubtless become a trifling set of glass gazers. And fancy the poor textile men, who would say that "once upon a time they could sell each lady a yard of cloth!"

Judge Malcolm Hatfield, a Michigan barrister of rare good taste, decided to see if Governor Murphy's \$2.00 a week dole to the out-of-work in Michigan was sufficient, and for a week he and his wife existed on \$2.00; the same amount an unemployed couple receives. Oatmeal and condensed milk was the breakfast fare, while a few vegetables, plus bread and butter, sufficed for dinner and supper. Judge Hatfield splurged his last 15 cents for hamburger meat when Sunday rolled around. Having lost eight pounds, being half starved through the week, and thoroughly indignant, Judge Hatfield now wants Congress members to try the same thing. We'll second the motion to that move on general principles, especially if our Washington boys would adopt the adage of "trying before enacting."

Possibly, however, that impending \$800,000,000 public health bill, which rightfully has the American Medical Association up in arms (due to olive branches offered socialized medicine advocates) will remedy such conditions as prevail in Michigan. The federal government may not reach some indigents with food; but will shovel out the medicine so indigents can keep on eating cabbage, potatoes, hash, coffee, or whatever they are subsisting on.

Just so long as one third of the nation goes hungry, all the crop reduction plans in the world, plus the piling up of stuff raised in warehouses, will never avert conditions. If tariff walls were adjusted so American grown products could move into export channels, and every indigent get plenty of good rib sticking food, economic conditions, to a large extent, would right themselves.

The United States Department of Agriculture estimates the July 31 carryover of cotton will amount to 13,000,000 bales, or six and a half billion pounds. Which would amount to 50 pounds per capita of each citizen in the United States, if carryover cotton were apportioned out. One source suggests each citizen could buy 50 pounds for \$4.25 (@ 8 1/2 cents per pound), and wipe out the entire surplus. Only hitch: Who has the \$4.25?

A memorial planned in Washington would mean removing the famed cherry trees. Another school of thought is for chopping down some monuments and planting a flower.—Milwaukee Journal.

Rodeo, Chamber Of Commerce To Strive Together

In a Scurry County Chamber of Commerce meeting Monday night, full support of the rodeo to be staged at Wolf Park August 19-20 was pledged.

Several members of the board of directors of the Scurry County Rodeo Association met with the CC directors. They were J. M. Stewart, president, Joe York, arena director, J. C. Dorward, George Parks and R. C. Miller Jr.

Chairman E. J. Anderson of the CC agricultural committee suggested that the organization immediately work on a "Save Your Feed" campaign, in cooperation with the county agent. It was decided to print 200 large placards, to be placed in all parts of the county, in an effort to awaken people to the need of conserving this year's giant feed crop.

Plans were made for furnishing ice water for the Agricultural Rodeo Day program here Saturday, and for making the visitors feel at home on this special day.

Plans were also made for pushing the Fall Products Show, dates for which have been definitely set at October 14 and 15. The directors decided to meet with the City Council Monday night to request the city's full cooperation in making advance plans for the show.

FSA Leaders To Center Attack on One-Crop System

The office of the Farm Security Administration in Snyder will be closed the week of August 1 and opened again August 8, Aubrey E. Horn, county rural supervisor, announced today. The entire county personnel will be in College Station during the week for the annual state meeting of FSA employees, he said.

The keynote of the conference will be "Farm security means work for every member of the family every day in the year," Horn said. "The Farm Security Administration is concentrating its attack upon the one-crop system," the supervisor went on. "All farm and home plans accepted by FSA must show several sources of cash income. It is not only desirable that there be several sources of income, but also that the income be received at frequent intervals, instead of the old one pay day a year."

The rural supervisor and Miss Willie E. Lusk, county home management supervisor, have been appointed on special committees to make recommendations based on their work in Scurry County concerning the future policies and procedures of the FSA. Those recommendations will be presented at the meeting and passed through the state and regional offices to the national executives in Washington. Final details of procedure for the 1939 program will be ironed out at the meeting, and steps to get next year's loans planned and approved well in advance of the new crop year will be taken immediately upon the reopening of the office, Horn indicated.

Roy Moffett Has Scholarship For Work At School

Roy Moffett, 17-year-old Camp Springs graduate of Hobbs High School, was one of the 12 West Texas boys given a \$100 Sears, Roebuck Company scholarship at Texas Tech last week. Young Moffett, who took active part in high school athletics and vocational work, was judged on a daily grade basis.

Besides being senior class president, and giving the valedictory address, Roy Moffett was selected for his PFA leadership, being chapter president, and on the further basis of work done as a member of the PFA livestock judging team (Hobbs). Moffett's work in soil conservation also gave him additional points.

"I fell," Ray said Tuesday, "that due credit should be given C. Littlepage for his ceaseless efforts in my behalf." In addition Roy was given a \$50 scholarship by the Department of Education, State of Texas.

The curly-haired Camp Springs youth plans to enter Texas Tech this fall, his \$150 in scholarship providing tuition funds.

Methodists Report Successful Revival

With 15 additions to the church, and others expected at intervals as a direct result of the revival services that ended Sunday night, the First Methodist Church reports a successful meeting. Considering inclement weather and the interference of politics, Pastor H. C. Gordon and other church leaders are highly pleased over morning and evening crowds at all services. Rev. Clyde Smith of Amarillo was in charge of preaching services and King Sides led song services.
