"YOUR HOME COUNTY PAPER"

VOLUME NUMBER 51

SNYDER, TEXAS, SEPTEMBER 22 THURSDAY AFTERNOON

ISSUE NUMBER 16

Tigers Open Home Season Friday At 8

SLATON TO BE VISITING TEAM

A green squad with great promise will perform on its home field for the first time Friday night at 8:00 o'clock.

Floodlights that watched the Tigers perform last year will be on duty again, of course, and the Bermuda on the field is in excellent playing condition.

Slaton Tigers will be the non-conference opponents—so it will be Tigers against Tigers. For several years the two sets of Tigers have battled on fairly equal terms, with the boys from the Plains having a slight edge.

Better Than in 1937. The visitors give promise of having a team at least equal to their blazing 1937 outfit. They won last week from Floydada, 25-0.

A backfield combination that brought only two first downs against Spur last week is being changed for the opening line-up. J. R. Popejoy and Bill Shield are slated to go into the slots filled last week by Dale Reed and Donald Clark.

Ervale Keller and Red Neal, who have the most backfield experience, will keep their vital places, for they looked better than fair—unless you count fumbling—at Spur.

A few minor injuries came out of the Dickens County meleé, but all the boys are slated to be ready for the first home game.

Students Pepped Up. Students are pepped up over the coming game. They are pep-rallying mightily, and they are advertising the game to such an extent that one of the largest first-game crowds in recent years is expected.

The element of surprise and promise in connection with the greenhorn squad—only three letter-men are returning—offers an added incentive for local fans to see just what they might expect during the season.

Friday night's line-up will probably read like this: Dale Reed, left end; Thane Mebane, left tackle; Jack Line, left guard; Carl Haugrove, center; Junior Belk, right guard; Prentice Riley, right tackle; E. J. Richardson, right end; Ervale Keller, Red Neal, J. R. Popejoy, Bill Shield, backs.

SHOT MAY GIVE FAIR OIL WELL

A nice small well—probably about 25 barrels per day—was seen by oil operators for the Cotfield & Cuzrie No. 1 Spears & Brownfield in the southwestern part of the county. The well was given a heavy shot Friday, and some residents in the vicinity declared they thought the war had begun. The well is being cleaned out 50 feet below the shot hole, and it is expected that it may be put on the pump for a definite test within 10 days or two weeks.

HUCKABEE TO A. & M. Jay R. Huckabee, who has operated an amateur radio station here for several years and was associated with a Big Spring station this summer, has enrolled as a freshman student in A. & M. College. Huckabee, son of Mr. and Mrs. J. R. Huckabee, is studying electrical engineering. He is a graduate of the local high school.

No Opposition

While more than 100 state, district, county and precinct candidates were battling it out in Scurry County in July, Judge O. C. Funderburk, associate justice of the court of civil appeals, Eastland, was having easy sledding for reelection to a second six-year term. His district comprises 21 counties, including Scurry and Borden. He was a visitor in Snyder several days ago—"Just to say thank you to the people for their confidence in my justiceship."

PYRON TO GET \$20,316 GRANT THROUGH PWA

New Building to Be Erected at Cost of \$44,800, Balance to Be Provided by Bonds

Pyron's long dream for a new school building is coming true. In the group of PWA grants announced last week, the four-county school center was given a grant of \$20,316, to be matched by 55 per cent of that amount by the school district.

The full cost of the building will thus be \$44,800, Pyron's portion of the total amount having been made available by a bond issue that was passed May 14.

The building is to be a brick and tile structure, containing eight classrooms, home economics room, study hall, offices and auditorium. It is to be steamheated. Fred Buford of Abilene is the architect.

Preliminary plans have already been made, and work is to start as soon as final plans and specifications can be worked out. Some of the old buildings are to be used in the new structure. Location of the new plant is to be directly back of the present high school building.

Plans for this school year call for continuing classes in the part of the old buildings known as the high school. Two acres of land are to be bought adjoining the school ground to augment the playground that will soon be erased by construction work.

Superintendent M. H. Greenwood announces that actual construction is expected to begin within five weeks.

Unique Exhibits to Be Ready for Show. Several unique exhibits will be seen at the Scurry County Free Products Show, October 14 and 15, according to information picked up by The Times.

J. M. Glass, principal of Turner School, has put a pair of huge tomatoes on cold storage. They were raised by his wife. One of them weighs one pound and an ounce. Lee Stinson, druggist, plans to enter his beautiful registered pigeons. Mack Gideon is anxious that his bees have a chance to do their stuff during the show.

MOORE IS BACK. Claude Moore, who worked for Graham & Martin last year, is back with the local firm, after several months in Belton and Temple. He is an experienced pressman, with wools as his specialty.

MRS. BROWNING BETTER. Mrs. E. C. Browning of Hobbs, New Mexico, daughter-in-law of the Bob Brownings of Fivanna, is resting well this week after having a major surgery at the Lubbock Sanitarium last Thursday. The Brownings have been in Lubbock since the operation. Mr. and Mrs. Tom Davis of Snyder and Mrs. Boliver Browning of Fivanna visited at the hospital Sunday.

2,000 BALES IN COUNTY GINNED

Snyder's five gins had turned out almost exactly 1,100 bales of cotton yesterday, and they were grinding at a steady pace during the last two or three nights, until well along toward midnight.

The county as a whole has probably reached about 2,000 bales. Gins in the southern part of the county have turned out far less than those at Camp Springs and Ira, but they are gradually starting rolling steadily.

The Times has discovered that the majority of farmers are getting more cotton than they anticipated. Ginnings of easily 20,000 and possibly as high as 25,000 bales are seen with average weather conditions for the next three months.

HERMLEIGH TO MEET BUFFALO FRIDAY AT 3:00

Coahoma Comes to Lunn, Divide To Pyron; Dunn Looks to C Title of County

The Fivanna Buffaloes will open their home schedule with the Hermleigh Cardinals Friday afternoon at 3:00 o'clock, and fans from all parts of the county are expected to be there by the scores.

Both schools will be represented by colorful pep squads, with musical performances between halves. Performances in the games last week, first for both squads, put the teams on about the same strength basis. Hermleigh has been Class C champion of the county two years, but she has lost some of her strongest men.

Two Other Mixups. Not during the Class B affair at Snyder, there will be two other games in the county Friday afternoon.

Dunn, fresh from trouncing the Loraine Class B club, will take Coahoma. Pyron will play its first game of six-man football, and the first football game of any kind ever seen at Pyron. Divide will be the opposition.

Pyron's probable starting line-up, according to Coach-Superintendent M. H. Greenwood, will be: Ernest Shattell, left end, weight 160; Twain Price, right end, weight 145; Pate Moseley, center, weight 145; Bill Moseley, quarterback, weight 135; James Reed, fullback, weight 170; Odell Miller, halfback, weight 150.

GIVE WARNINGS ON GIN BLAZES

Warning from Snyder ginners for pickers and farm crews is to avoid leaving matches in cotton when they are done.

The danger of leaving matches in cotton is especially aggravated by the fact that pickers often ride and sleep in the cotton, say gin owners.

Several matches were found in the cotton that caused a fire at the Snyder Cooperative Gin early Monday morning, it is reported. Later in the day a fire was discovered at the Fuller Gin.

Both fires were squelched without serious damage, with equipment at the gins, although the fire department made quick runs to both gins.

"Above Average" Is Bryant's Appraisal

That Snyder and her trade territory are well above the average for West Texas areas, and probably offer the best prospects of any area served by their stores, was the appraisal of R. B. Bryant of Stamford when he was in Snyder Monday.

The Bryant-Link Company executive, after witnessing worm and drouth damage in this and other West Texas areas, says with Scurry's bumper feed crop, her fair cotton crop and her many improvements of a public nature that are outlined for the next year, at least an average season of prosperity should be ahead.

VISITS IN SNYDER. Dr. Chesterline L. Helms of Amarillo will spend this week with Mrs. W. E. Brown of Snyder en route to San Angelo, where she will spend the winter with her brother, H. L. Andrews. Dr. Andrews has been studying in Los Angeles, California, and has been awarded three diplomas in chiropractic, physiotherapy and Swedish massage.

FIRST OF 1937 SUBSIDY FUNDS REACH COUNTY

Checks Totalling \$67,660.58 Go to 408 Scurry Cotton Farms, Aid Fall Business

First installment of 1937 subsidy checks, totalling 637, for the amount of \$67,660.58, have been received by the county agent's office.

These checks, representing payments on 408 cotton farms in Scurry County, are already increasing the delayed flow of fall business in Snyder and other towns of the county.

Since the checks that have arrived represent only about one-fourth of the total checks that will come to the county, County Agent Luke Ballard points out that only those who receive notices should call for their checks.

"This cooperation," says the agent, "will greatly help us in delivering the checks and will save farmers unnecessary trips to town."

The county agent's office again urges those who have not filed application for the 1937 subsidy payment to do so immediately, especially those who are not farming this year, but farmed last year, and are under the impression that they are not eligible.

Many have not yet filed their applications for payment on the "cotton pool" of 1933, known as "brown C-1." This represents another payment in the amount of \$1 per bale on the 1933 plow-up campaign. "Let's dig up these brown certificates and get the job done," urges Ballard.

Borden Checks

Cotton subsidy payments totalling \$6,410.59 have been received in Borden County, and are being distributed by W. W. Percell, county administrative assistant, to eligible producers.

This first batch of checks represents only a small portion of the total cotton price adjustment payments for Borden. Other checks are expected from time to time until all eligible producers have cleared their 1937 payments. Notices are being mailed to eligible producers as the checks are received by the association treasurer.

Game Meeting to Be Held Saturday To Hear Experts

Charles E. Firley Jr., manager of Region 9 of the Game, Fish and Oyster Commission, and Game Warden W. T. St. John will discuss the values of game management, as well as the hunting and shooting laws of the state, at a meeting that is slated for the courthouse at 3:00 Saturday afternoon, this week.

Notices are being mailed to all signers of game management agreements, from the county agent's office, announcing that a county-wide Game Management Association will be completed at the Saturday session.

About 100,000 acres are now under signed agreements, thanks to the work the county game management committee has already done.

"Another money crop—\$92,000.00 is the annual cash return to Texas from her wildlife—is available to rural producers of game and fish in Scurry County when they see fit to supply the proper food, cover and protection that is required," County Agent Luke Ballard declares.

Dunn Looks to Be Best Bet for 1938 Class C Title, After Loraine Spree

Dunn's waylaying of the big Loraine boys, 32 to 12, last week-end, has established them as easy favorites for the Class C football title of the county. Even C. B. Connally, coach, admits that he has the best squad during Dunn's four years of football.

Led by versatile Bobby Johnston, half, and Arvil Martin, big tailback, the Owls combined power and passes to outscore their visitors. They ploughed to their first touchdown without loss of the ball.

O'Donnell, a Class B club, pummeled the Fivanna Buffaloes, 26-0, the Plains team showing unusual strength.

Hermleigh 18, Pyron 0. Hermleigh, playing against Pyron in the first game on record for the county-edge school, did not show particular promise in winning, 18-0. Coach A. C. Bishop Jr. thinks he may work out a much more effective squad at Fivanna this Friday, however.

Pyron, which has been practicing as a six-man team, showed surprising defensive strength but little punch. Hermleigh made 12 first to Pyron's one. Layman, Anderson and Lonsbotham made a touchdown each for Hermleigh, and Casey and Stevenson looked good on blocking assignments.

Others on the Hermleigh team are: Vaughn, Hale, Sturdivant, Leslie, Mobley, Rector, Sheehan, Boothe, Stuard.

How Pyron Lines Up. Twain Price, Pyron half who has seen some experience at Roscoe, looked best for his club, while Bill Moseley look good for a greenhorn punter. James Reed at fullback, Ernest Shattell and Arnold Pieper at end, and Odell Miller at guard, were other Pyron standouts. Others on the lineup were: Alva Chitsey, Floyd Hale, Roy Kinzey, Pate Moseley, Harlan Reed, Guy Joyce Adams.

Back to Dunn. The starting lineup against Loraine, with years of experience (counting this year) follows: Othel Ellis, one, left end; H. J. Gill, two, left tackle; Van Meadow, two, left guard; Lavern Cotton, three, center; Ray Beaver, one, right guard; T. C. Bills, two, right tackle; Irvin Martin, two, right end; Bobby Johnston, four, left half; Arvil Martin, four, right half; Roy Allen, two, fullback; Frazier Damon, two, quarterback. Substitutes were: Ather Ellis for A. Martin, Don Hanson for I. Martin, Billie Damon for Beaver, Harold Denson for Gill.

\$65,455 PWA Grant Assures New School

Von Roeders to Gin With Initial Registered Seed

Von Roeder Seed Farms Friday night and early Monday morning ginned the first of their state registered cotton, from which they gleaned upward of 200 bushels of seed.

The ginning was done at the Snyder Cooperative Gin. After the entire plant had been cleaned of other seed, the purebred seed is being stored at the rear of Abilene Poultry and Produce building.

First cotton came from the von Roeder and Ed Murphy farms in the edge of Borden County and the Duke Murphy farm near Ira. A total of 45 bales was ginned the two nights, all of it being the newly developed Western Prolife, an early maturing cotton.

A total of 100 to 120 bales of this cotton is being raised, assuring around 4,000 bushels of seed for 1938 sowing.

The original von Roeder seed, Texas Mammoth, will start next week. All the purebred seed, Western Prolife and Texas Mammoth, is being stored in big new houses at the gin. Despite dry weather, all the von Roeder and Murphy farms are turning out average or better than average good grade, good staple cotton.

FIRST SETTLER HAS IMPROVED

Considerable improvement in the condition of J. Wright Moor, first Scurry County settler, was reported this morning from his home in East Snyder. The 87-year-old veteran became suddenly ill Wednesday morning while he was a guest of honor at the Tri-State Fair, Amarillo.

He was rushed to Snyder Wednesday afternoon by Ralph Odum, John Spears and Mrs. J. T. McDonnell. Mr. McDonnell and J. C. Chamerlain, who were with him at Amarillo, also made the return trip. At Amarillo Mr. Moor suffered two strokes early Wednesday. His remarkable vitality, which has come to his rescue several times in recent years, is already beginning to pull him out again, according to reports this morning.

Mr. Moor was to have spoken over the radio at Amarillo Wednesday morning, and he was been well recognized as an honor guest, along with Gerald Mann, attorney-general nominee, and other well known figures of Texas.

The kindness and solicitude of friends is appreciated by Mr. Moor and he asks The Times to express this appreciation.

GOODLETT ON TEAM

Among the 60 Plowboys fighting for a berth on the John Tarleton College football team at Stephenville this year is R. C. Goodlett, son of Mr. and Mrs. W. S. Goodlett of Dunn. Goodlett has seen previous experience with the Dunn football squad as tackle.

Jewish Holidays to Be Observed in City

Two Jewish holidays will be observed by two local stores within the next few days. This announcement is made by the Pick & Pay store and the Economy Dry Goods Company, these stores being closed on both celebrations.

Rosh Hoshana, the Jewish holiday, will be observed Monday, September 6. Wednesday, October 5, is Yum Cippur, or the day of fasting.

Both observances, according to Jewish custom, begin at sundown of the previous day and end at sundown on the special days.

Baptist BTU Holds Area Meeting Here

Quarterly meeting of the Mitchell-Scurry Baptist Training Union Association will be held Sunday afternoon, 3:00 o'clock, in the First Baptist Church, according to local BTU leaders.

Principal speaker will be Rev. Selby Aswell of Abilene, who has been heard in several county churches. Lon Ward of Wastella is association president.

In addition to hearing a well-rounded program, delegates from Mitchell and Scurry Counties and two churches in Nolan County will make plans for contests and other features of the annual state BTU convention in Wichita Falls during the Thanksgiving holidays.

MANY TRENCH SILOS ARE DUG

That dozens of trench silos are being dug in Scurry County, many of them on a community cooperative basis, is proven by reports made in connection with the trench silo contest being conducted by the Scurry County Chamber of Commerce.

3 Baby Silos

During the Scurry County Free Products Show, October 14-15, the three "baby" silos that were filled on the show grounds last week, under direction of County Luke Ballard, will be opened for the benefit of the public gaze.

The chopped silage from the silos will be fed to livestock on the show grounds, just northwest of the square. Each of the silos holds about one ton.

Silo No. 1 was filled with new chopped cane, donated by Dr. W. H. Ward; No. 2 with 1937 ensilage donated by Ben Brooks, and No. 3 with 1937 maize heads from Brooks' place.

The \$5 merchandise prize, good at any store in Scurry County went last Saturday afternoon to Dr. W. H. Ward of Hermleigh, whose 725-ton trench silo is in Precinct 1. It was Precinct 1 that reported the most trench silo tonnage for the second week of the contest. Precinct 2 was in the lead the first week, and Guy Stoker was awarded the \$5 merchandise order.

The big thermometer in front of the Times office now reveals that 2,446 tons of silage have been reported in the contest (2,051 tons of new feed and 395 tons of old feed).

Hundreds of more tons have already been turned in for the third week. The silo fillings must be turned in before 2:30 o'clock Saturday afternoon, and the \$5 award is made at 4:00 o'clock—all at the Times office. J. L. Carrell, Ben Hamilton and Joe Glenn assisted with last Saturday's contest.

A. Parker Is 90; He Is Member of Fifth Generation

A. Parker, pioneer resident of the German Community, south of Hermleigh, celebrated his 90th birthday last Thursday. A three-tiered birthday cake with candles as baked by his granddaughter, Mrs. R. W. McKnight, for the occasion.

Parker's only child, Mrs. C. L. Lea, was unable to be present because of illness. The 90-year-old son, Mrs. Rea, Mrs. McKnight her daughter, Mrs. Robert Greene, and Mrs. Greene's small son, Robert, Jr., make up five generations in the family.

A number of relatives and friends attended the birthday party for the toner German resident, who is in good health. Names of these relatives and friends may be found in the German news in this week's issue.

Will Caffey Recalls Stories of Boyhood In Comanche County

Stories he heard in his boyhood in Comanche County were recalled last week by Will Caffey of Bell community, when he read a historical sketch by J. W. Baggett, old-timer, in The Comanche Chief.

Most vivid incident recalled by Mr. Baggett was the murder and scalping of his 12-year-old brother and wounding of his nine-year-old sister by Indians near home in 1863. The sister grew to womanhood, married A. I. Kuykendall, and has a son, Joe Kuykendall, now of Big Spring, who retains three of the arrows taken from his mother's body when she was a girl.

Mr. Baggett also tells of the murder by Indians, on another occasion, in 1869, of Miss Ann Whitney, teacher in a school on the edge of Leon bottom, that was attended by two of Mr. Baggett's sisters.

Since a number of Scurry County people formerly resided in Comanche County, they will enjoy these recollections of a pioneer of that area.

Hugh Taylor Gives Beef Calf for Show

Hugh Taylor of Hugh Taylor & Company is an enthusiastic supporter of boys club work, and as an added premium to the Scurry County Free Products Show offers a beef calf as his individual contribution.

In making this premium addition the merchant stated: "It is our boys and girls who must take up where we leave off. What I am doing is not to get my name in the paper, but rather to help one of the most worthy movements to develop our boys and girls. "Help our boys and girls and they will soon be helping us." The show management states it would be highly grateful for any other contribution of a similar nature, whether livestock or other products, that would be an incentive to our club girls and boys.

Service Honors Three Gold Star Mothers of Area

A special service to honor Scurry County Gold Star Mothers will be held at the First Presbyterian Church Sunday evening, 8:00 o'clock, in keeping with the proclamation made by President Franklin D. Roosevelt. Communities in all sections of the nation will be holding similar observances.

Local service is being sponsored by the American Legion and auxiliary members. They urge a full attendance.

Holding the spotlight at the service will be Scurry County's only three Gold Star Mothers, Mmes. S. C. Porter, J. W. Woodard and W. B. Carlton.

Rev. James E. Spivey, Presbyterian pastor, will preach the sermon. A special song service will be conducted by A. W. Yeats, high school music director.

ABILENE CLUB TO ADVERTISE OCTOBER FAIR

Party of Goodwill Boosters Plans To Remain in Snyder for Lunch This Friday

Abilene's West Texas Free Fair, slated for October 3 to 8, will be widely advertised in Snyder and Hermleigh Friday of this week.

Goodwill trippers, sponsored by the Abilene Boosters Club, will reach Hermleigh between 10:30 and 11:00 o'clock, and will come to Snyder at 11:20 o'clock. They will remain in Snyder for lunch, and local cafes are preparing to have their best ready for the neighboring visitors.

A sound truck and entertainment features will accompany the trippers.

The trip through this section of West Texas will probably be the best-manned of any of the five advertising trips to be sponsored by the Boosters Club, since all the travelers will be in Lubbock Friday night to see their high school Eagles tangle with the Lubbock Westerners.

Other towns on the Friday route include Tye, Merkel, Trent, Sweetwater, Roscoe, Post and Slaton.

Will Caffey Recalls Stories of Boyhood In Comanche County

Stories he heard in his boyhood in Comanche County were recalled last week by Will Caffey of Bell community, when he read a historical sketch by J. W. Baggett, old-timer, in The Comanche Chief.

Most vivid incident recalled by Mr. Baggett was the murder and scalping of his 12-year-old brother and wounding of his nine-year-old sister by Indians near home in 1863. The sister grew to womanhood, married A. I. Kuykendall, and has a son, Joe Kuykendall, now of Big Spring, who retains three of the arrows taken from his mother's body when she was a girl.

Mr. Baggett also tells of the murder by Indians, on another occasion, in 1869, of Miss Ann Whitney, teacher in a school on the edge of Leon bottom, that was attended by two of Mr. Baggett's sisters.

Since a number of Scurry County people formerly resided in Comanche County, they will enjoy these recollections of a pioneer of that area.

SEPTEMBER

24—Hallett's reel, N. Y. box, blown up by dynamite, 1876.

25—Balboa discovered the Pacific ocean, 1513.

26—Fast day held for death of President Garfield, 1881.

27—Americans took possession of Madlen, Canada, 1813.

28—Spaniards massacred a party of shipwrecked Frenchmen, Florida, 1565.

29—Buenos Aires squadron captured off Montevideo by Americans, 1844.

30—Hoddi Hussein Glooly Khan, first minister from Persia, arrives, 1588.

TOTAL COST IS NEAR \$146000

With definite approval Friday of a \$65,455 grant from the Public Works Administration, Snyder was assured that her school plant, destroyed by fire in February, will be rebuilt.

The government grant will be supplemented by \$80,000, received as fire insurance when the plant was burned. The total cost of the new structure, \$145,455, will go about \$120,000 for building, the balance for equipment.

Members of the school board point out that several weeks will be required for bringing plans up to final specifications, advertising for bids, letting contracts, and other essential details in connection with proper handling of the PWA grant.

Approval of the requested sum came just as board members, Superintendent C. Wedgworth and most patrons had decided that the building could be reconstructed only by going to another source for the funds supplementary to the insurance money.

The new building will go up in the same general location as the old building, but several major changes will be made. The auditorium will be on the ground floor, the 35 class rooms and offices will have a wider spread than in the old school, and more ground space will be occupied. Modified Spanish architecture, blending with the still-standing high school building, will be carried out.

The class rooms will be standard size, 21x32 feet. Wings of the new building will join the high school building, and an inside court will break the monotony of the lines. North, east and west fronts will be provided. Local school authorities are working with Architect W. T. Strange of Haynes & Strange, Lubbock, toward the earliest possible carrying out of these modern building plans.

First notice of the grant came from Senator Tom Connally, who, according to school leaders, has worked faithfully to put the project through the PWA because of its emergency nature. Word then came from George Mahon, congressman, who has also helped with the project. Later in the day, notice of approval came directly from Regional Director Bull, Ft. Worth.

INCREASE FOR LOCAL SCHOOL

The local school system shows a decided increase over last year, especially in high school, according to information compiled early this week by Principals King Sides and Hadley Reeve.

High school enrollment Monday was 392, about 75 higher than for the same time last year. Considerable increase was shown last year over the previous year. Most of this gain is occasioned by nearby communities transferring their high school students to Snyder. This is almost as high as last year's full-year enrollment of 404. The full-year enrollment this year is expected to climb well over 450.

Junior high and grammar school enrollment was 562 early this week compared with 526 for the same time last year.

The WOMAN'S Page

60th Birthday Celebration Is Held At J. C. Stinson Home Here Monday

Commemorating the 60th anniversary of the beginning of organized women's work in the Methodist Church, the Women's Missionary Society of the local First Methodist Church held a guest social at the home of Mrs. J. C. Stinson Monday afternoon. Nearly 50 members and guests were present.

The house was beautifully decorated for the occasion with autumn cut flowers. Mrs. Harry S. Lee was leader for the program, which was as follows: Piano duet, Mmes. H. C. Gordon and A. C. Prellitt; prayer, Mrs. M. W. Clark; talk, "Tune of the Epoch," Mrs. R. H. Odom; a skit by seven society members.

"We Are 60," title of the skit given by Mmes. A. W. Waddill, M. W. Clark, D. P. Yoder, D. P. Strayhorn, A. M. Curry, I. W. Boren and R. M. Stokes, referred to the 60 years of origin of work among Methodist women. First organization at Atlanta, Georgia, was described and facts about early work were interesting. The organizers founded their first society on the principles of faith, love, courage, vision and service by which its members are still recognized.

At the social hour guests were invited into the dining room, where the lace covered table was centered with red rosebuds in a handsome silver bowl. On one end was the large tiered birthday cake with its 60 candles, and at the other end was the silver coffee service, presided over by Mrs. H. T. Sefton, local president.

Mrs. Joe Strayhorn, only charter member of the Snyder society still holding membership, cut the birthday cake. The first local group was organized in 1901 in two sections, home and foreign missionary, and meetings were held alternate weeks.

Later the two groups were combined into one organization with interest centering on work in both fields.

Out-of-town guests were Mrs. R. L. Warren of Big Spring and Mrs. W. L. Porterfield of Liberty, Arizona.

Local women attending the social meeting were the following: Mmes. E. E. Wahlkampff, Bill

Mrs. Caton Hostess To Class Monday

Mrs. Joe Caton was hostess Monday evening at her home to members of the Susanna Wesley Class of the First Methodist Church, of which she is teacher, for a business and social meeting. Such socials will be held monthly during the fall and winter months, next meeting to be October 17.

New class officers are the following: Mrs. J. D. Scott, president; Estella Rabel, vice president; Mrs. J. W. Burleson, secretary; Dorothy Strayhorn, assistant secretary; Mrs. Hush Birdwell, treasurer.

Committees appointed by the new president are as follows: Social—Estella Rabel, Mrs. Earl Hicks, Mrs. Birdwell and Mrs. Caton. Visiting—Mrs. P. W. Clout, Mrs. Glen Berry, Mrs. Clyde Murray, Mrs. J. P. Strayhorn and Mrs. Herman Doak. Membership—Mrs. Herman Doak, Gwen Gray, Dorothy Strayhorn, Mrs. Aubrey Stokes and Ida Mae Callis. Devotional chairman, Mrs. Herman Darity.

Fruit salad, wafers, cake and iced tea were passed at the close of the meeting by the hostess to 13 members.

Mrs. Roberson Is Hostess to Class

Mrs. C. R. Roberson was hostess to the Fellowship Class of the First Presbyterian Church at her country home east of Snyder last Wednesday afternoon. Mrs. J. T. Hays was leader of a program on "Loyalty," Mrs. J. A. Farmer is new president of the class.

The hostess was assisted by her daughter, Mary Brown, and Irene Brown in serving a nice refreshment plate to the following: Mmes. E. H. Lilly, S. T. Elza, J. T. Hays, P. C. Chenault, Mary E. Shell, J. A. Farmer and D. S. Wilson.

Thompson, W. E. Hardy, Clyde Murray, T. M. Howie, G. G. Yeatts, Roland A. Irving, E. S. Hyman, Jess Louder, Frank Farmer, Sterling Williams, R. H. Odom, T. W. Pollard, J. O. Littlepage, Lida M. Hardy, P. W. Clout, J. C. Dorward, Pearl Martin, I. W. Boren, R. M. Stokes, A. M. Curry, H. V. Williams, D. P. Yoder, C. R. Burk, D. M. Cogdell, R. W. Vest, A. E. Schmidt, Bob Martin, J. E. Blakey, John F. Blum, Wayne Boren, J. D. Scott, R. C. Herm, A. C. Prellitt, M. W. Clark, H. T. Sefton, H. G. Towle, H. C. Gordon, L. H. Butler, W. W. Hamilton, Lee T. Stinson, A. W. Waddill, R. L. Warren, D. P. and Joe Strayhorn, Harry Lee, H. P. Brown and J. C. Stinson.

Mrs. A. J. Towle Hostess to Sine Cura

Mrs. A. J. Towle was hostess to the Sine Cura Club and guests at her home Tuesday afternoon. A bowl of roses and queen's wreath formed the centerpiece for the dining table, and other flowers were arranged throughout the house.

High score prize for guests went to Mrs. R. L. Warren of Big Spring and for members to Mrs. Wayne Boren. Mrs. John F. Blum, a tea guest also received a gift. Mrs. W. W. Hamilton was the only other guest at the party.

Club members attending were: Mmes. Boren, W. R. Johnson, A. D. Erwin, Ernest Taylor, H. G. Towle, Vern McMullen, John R. Williams, Joe Stinson and T. L. Lollar. The hostess passed a dainty salad plate at tea time.

New officers of Sine Cura Club elected Tuesday are the following: Mrs. McMullen, president; Mrs. H. G. Towle, vice president; Mrs. Boren, secretary-treasurer. Next club meeting will be with Mrs. Johnson.

Victory Bible Class Enjoys Social Session

Victory Bible Class of the First Methodist Church met last Wednesday in business and social session at the home of Mrs. J. P. Avary with Mmes. W. E. Doak and J. T. Ramsey assisting hostesses.

Mrs. D. P. Strayhorn, president, gave the devotional, and Mrs. M. W. Clark gave a lesson on Bible history of Isaiah's time, which was interesting and instructive.

New officers for the year elected at the meeting are as follows: Mrs. Mattie B. Trimble, teacher; Mrs. Clark, assistant teacher; Mrs. Avary, president; Mrs. A. M. Curry, vice president; Mrs. W. H. Cauble, secretary; Mrs. Joe Strayhorn, assistant secretary; Mrs. Doak, treasurer.

The hostesses passed a salad plate with iced tea at the social hour to Mmes. D. P. Strayhorn, Pearl Martin, Alice Jacobs, Allen Warren, Ramsey, I. W. Boren, H. C. Gordon, Clark and Curry.

Mrs. Odom Attends Three Zone Meetings

Mrs. R. H. Odom of Snyder, Sweetwater district secretary of Methodist women's work, attended three zone meetings last week. Dividing the women of this section into three groups, Mrs. Odom makes possible the attendance of a large number of Women's Missionary Society members to hear plans for future work and make reports.

First group meeting was held last Tuesday at Stanton, where Mrs. O. B. Bryan is zone leader and was in charge of the meeting. Approximately 60 women were present there. Session number two was at Dunn last Wednesday. Mrs. T. E. Grimes is leader for this group and several local women attended the all-day session along with 30 others. In charge of Thursday's group meeting at Roscoe was Mrs. Jeff Dobbs of Colorado, who presided over the 65 women.

At each of the three zone meetings last week Mrs. Odom reviewed the fall study, "The American City and Its Church," which promises to be of great interest this fall and winter. Mrs. Odom coached the women, giving them ideas on the study that she received at the training school at Mount Sequoyah recently. Twenty-four out of 25 auxiliaries in this section were represented at the three places last week, Mrs. Odom said.

Mrs. H. C. Gordon accompanied Mrs. Odom on all three trips last week, and Mrs. M. W. Clark attended the Roscoe session. The following local members of W. M. S. were at the all-day affair at Dunn: Mmes. Odom, I. W. Boren, A. M. Curry, H. T. Sefton, J. E. Hardy and Gordon.

MISS BOONE VISITS. Sally Evelyn Boone of Jacksboro visited with her parents, Mr. and Mrs. J. D. Boone, and with Mr. and Mrs. James Ralph Hicks last week-end. The former Snyder teacher has resigned her place with the Farm Security Administration to take her place in the Jacksboro High School as teacher of home economics. She previously taught home economics at Muleshoe.

PTA IN FIRST MEETING FOR YEAR 1938-39

First meeting for 1938-39 of the local Parent-Teacher Association was held last Thursday afternoon, 4:00 o'clock, at the First Presbyterian Church. Forty-two persons were present.

Attending an executive meeting at 3:15 the same afternoon were the following officers, re-elected from last year: Mrs. Wraymond Sims, president; Mrs. P. C. Chenault, vice president; Hattie Herm, secretary; Mrs. Clyde Boren, treasurer; Mrs. Dudley Aaz, publicity chairman.

At the regular association meeting Mrs. Sims read the objects of Parent-Teacher organization. She urged these present to see the need of better understanding and cooperation between patrons and teachers for the benefit of the child. "More than ever before," she said, "our school needs us."

Songs directed by Hattie Herm with Mrs. King Sides accompanying followed Mrs. Sims' talk. Committee heads named and discussed duties of each department in P-T. A., and asked the cooperation of each member in every phase of the year's work. Teachers were asked to suggest the supplies needed, and the association pledged every effort in securing these needs.

Mrs. Wayne Boren, membership chairman, will have announcements concerning the planned membership drive soon. October 31 is the last day for soliciting members and accepting dues.

First social of the year will be held at the school park tonight (Thursday), beginning at 8:00 o'clock. The association is honoring new and old teachers at the affair, at which various games will furnish diversion and refreshments will be served. All those interested in P-T. A. work are invited to be present.

Bride Is Sister Of Local Woman

Flossys Pinley, daughter of Tom Finley of Loraine, became the bride of Ray Richey, a stock farmer near Loraine, in a marriage service held at the home of the bride's sister, Mrs. E. B. Butts, in Snyder Saturday evening, 8:00 o'clock. O. D. Dial, local Church of Christ minister, officiated for the service.

Only attendant to the bride was a two-year-old niece, DeLona Frances Key, daughter of Mr. and Mrs. Jimmie Key, who was dressed in pale pink and carried lilies and carnations. Mrs. Ramsey wore a couple of burgundy with navy blue accessories.

The couple stood before an improvised altar of ferns and cut flowers. Before the service, E. R. Butts sang "I Love You Truly," accompanied by his wife, who also played the wedding music from Lohengrin's "Bridal Chorus."

Besides Mr. and Mrs. Key and Mr. and Mrs. Butts, a few other relatives and close friends attended the ceremony. The couple will live in Loraine.

Opening Meeting for 20th Century Held

Opening meeting of the year for Twentieth Century Club was held in the form of a study luncheon at the home of Mrs. Allen Warren Tuesday of this week. Twentieth Century is one of Snyder's oldest study clubs.

Lovely garden flowers decorated the entire house for the luncheon, which was followed by a program on "American Cookery," led by Mrs. J. Nelson Dunn, club president. The club's colors, gold and white, were featured in table centerpieces on the foursome tables of marigolds.

Greetings were extended club members by Mrs. Dunn, who also introduced those taking part on program. "The Magic of the Southern Mammy," first program topic, was discussed by Mrs. Dunn; Mrs. P. C. Chenault's subject was "A Day With a Forty-Niner," "The Food of the Open Range" was Mrs. B. M. West's topic; and Mrs. J. E. LeMond named "Foods That Made the Brawn and Brain of the Pioneer." The program was one of the best opening programs ever heard by the club.

Object of Twentieth Century Club for several years has been a city library for Snyder. Small additions are being made and pledges of other civic organizations are pushing the club in their work. Reference books were bought last year, and a copy of "Shifting Winds," by Snyder's own author, Mrs. Kathryn Colten, has recently been purchased by the club.

Miscellaneous program for the year for the club will be based on American subjects near to the hearts of American women. Other officers are: Mrs. West, first vice president; Mrs. R. W. Cunningham, recording secretary; Mrs. Warren, corresponding secretary; Mrs. LeMond, treasurer; Mrs. Chenault, parliamentarian; Mrs. Joe Strayhorn, reporter; Mrs. H. J. Brien, time keeper.

Present for the club's first meeting were: Mrs. Harvey Lee Chenault of Oklahoma City, guest, and Mmes. I. W. Boren, W. H. Cauble, Chenault, Cunningham, Dunn, LeMond, C. J. Lewis, Strayhorn, W. H. Ware, West and Warren.

MRS. CORK IMPROVES.

Mrs. Walter W. Cork, daughter of the Joe Strayhorns, is improving after a major operation over two weeks ago in the Shannon Memorial Hospital in San Angelo. Mrs. Cork has been moved from the hospital to her home in San Angelo. Mrs. Strayhorn spent 10 days with her daughter while she was in the hospital.

Mrs. Vernon Slocumb and small son, Vernon Jr., of Dallas are visiting with local relatives and friends.

Mrs. Logan Hostess To Duce Bridge Club

Mrs. Loy Logan was hostess last Thursday night to members of the Duce Bridge Club and Mrs. Frank Stoker of Eastland, a guest, at the home of Allene Curry. High score prize was won by Mrs. R. E. Boyer, and Johnnie Mathison took the traveling prize at the close of bridge play.

The hostess passed a plate of salad and sweets with iced tea to the following: Mrs. Stoker, Gwen Gray, Vesta Green, Johnnie Mathison, Mrs. R. C. Miller, Mrs. Willard E. Lewis, Frances Boren, Margaret Deakins, Mrs. Buster Curtis, Alla Ewers, Mrs. Boyer, Mrs. Billie Lee Jr. and Allene Curry.

Alta Bowers will be next hostess to the club at her home Thursday evening, September 29, at 8:00 o'clock.

Local People Attend Ennis Wedding

Mr. and Mrs. Hugh Boren and daughter, Mrs. Novis Rodgers, Mrs. Tom Boren and daughter, Frances, were among guests at the marriage of Mr. Boren's sister, Ruth, Boren, of Ennis, to Dr. John P. Clark, Ennis dentist, Tuesday.

Simply marked the service held at the Boren home with relatives and several friends present. Mrs. Clark, who is known to local people, has been teaching a number of years in Ennis, and Dr. Clark has lived there and practiced in Ellis County several years. The couple will live in Ennis.

See The Times for office supplies.

Formal Banquet Is First Art Guild Party

Formal banquet at the Manhattan Hotel Tuesday night inaugurated the new year of club work for the local Art Guild, which will branch out of the original art field this year to take study on music and literature also.

Guests arrived at 8:00 in floor length frocks at the flower decorated banquet hall. A huge bouquet of zinnias centered the table, flanked by small bowls of golden cosmos, carrying out the gold and white club colors. The colors were also featured in pretty place cards, which marked places for new and old members and two guests, who appeared on programs.

Mrs. O'Dell Ryan was toastmaster, and Edith Grantham issued the welcome to new members, and greeted the old ones. Estella Rabel gave the response for new members. Alleen Morrison, local high school graduate, was presented in a group of blues songs, accompanied by Margaret Dell Hilton, who also played piano selections. A sing-song led by Mrs. Maude C. DeBald closed the evening.

Enjoying the delightful meal and program were the following: Ethel Lynn Hays, Estella Rabel, Mrs. Bunker Hill and Mrs. Ivan Grattan, new members; the two guests artists; Rayolere Smith, Quata Barrow, Jewell Paster, Edith Grantham, Vera Periman, Effie McLeod, Mrs. Ryan and Mrs. DeBald, old members.

Mrs. G. W. Arrington of Canadian will leave Friday after more than a week's visit with her daughter, Mrs. F. W. Wolcott, in Snyder.

Loetie Maude Lewis Marries Army Man

Mr. and Mrs. Charles Lewis are announcing the marriage of their daughter, Loetie Maude, to Duran E. Clendenen, whose home is at Garland. The marriage took place in Dallas, September 10.

Mrs. Clendenen will spend the winter with her parents and will serve as a secretary in the local school system. She is a graduate of Snyder High School and of Draughn's Business College, Abilene. She has also had hospital training in nursing.

Clendenen will join his wife here in a few days to spend the remainder of his furlough. After several days here he will return to Fort Warren, Wyoming, to finish his year of training in the infantry of the United States army.

Asked: "Would you marry a woman if she were as pretty as a picture?" Tellest: "Well, might if she had a nice frame."

EXTRA DA

LIVING COST CUT 50%

• If all living costs were cut 50% it would be news—BIG NEWS. Black headlines would tell the story. You would rejoice at how much you could save and how much better your family could live.

Yet the Texas Electric Service Company has cut electric rates on an average of 50% throughout its system since 1928. Isn't that big news, too?

Lowered electric rates have reduced drudgery and toil in homes we serve—have increased the comfort, added to the convenience and saved the time of electric users. And while the cost of electricity has been going down, the trend of living costs is upward.

PLAN OF DOMESTIC ALLOTMENT CARRIES OUT ROOSEVELT IDEAS

Se Declare State Commissioner of Agriculture and West Texas C. of C. Manager

That the domestic allotment plan of cotton selling would come nearer carrying out the five objectives of the Roosevelt farm program than any other plan, was the declaration in the district court room Friday night by J. E. McDonald, Texas commissioner of agriculture.

The commissioner's attack on the present farm program was seconded by D. A. Bandeen, manager of the West Texas Chamber of Commerce, who declared:

"I assert that we in West Texas are paying penalties to others in order to maintain our present economic condition, and that these penalties and discriminations have wholly stagnated our future growth and development."

Freight Rates Scored. Major emphasis was placed by Bandeen on discriminatory freight rates in West Texas.

The WTCC agricultural committee recently voted unanimously in favor of the domestic allotment plan for cotton and other major U. S. crops.

McDonald is emphatic. Secretary McDonald was emphatic in his declaration that the proposed plan would help Roosevelt carry out the five farm objectives he announced in 1933.

The state official declared foreign production of cotton has increased eight million bales since 1934, and that the U. S., because she now grows less than half the world's cotton, can no longer control the world price.

McDonald cited the domestic allotment plan as entirely voluntary. Each farmer would be his own judge as to how much cotton he should produce, with the knowledge that his surplus above a domestic consumption basis would go on world markets.

Foreign "Umbrella." The domestic allotment plan, he said, "would hold an umbrella over our home producers instead of over foreign producers, as the present control program does."

The Friday night meeting was presided over by County Judge H. J. Bries. Between 125 and 150 farmers, business men and a few women heard the two visitors.

Several days earlier, in a meeting of a few business men and farmers, the domestic allotment plan was named as the most effective method of restoring prosperity to the Southern cotton farmer.

The Friday night gathering was arranged by the Scurry County Chamber of Commerce.

Bride of Three Months Loses to Lengthy Illness

Mrs. Carl E. Herod, 28, bride of three months, died in a local hospital last Thursday afternoon after six weeks illness. Married May 28 at the close of the school term at Arp, where both she and her husband taught last year, the two were spending the summer with his parents, Mr. and Mrs. M. C. Herod, in Snyder.

The 28-year-old teacher had attended Texas Christian University, Fort Worth, and North Texas State Teachers College, Denton, after her graduation from high school. She held a bachelor of arts and a special public school music degree from the Denton school, and she was teaching public school music at Arp last year. She was born at Wortham August 6, 1910.

Local arrangements were made by Odom Funeral Home, and final rites were conducted Saturday morning, 10:00 o'clock, at the family home at Wortham, where Mrs. Herod's brother, Glenn Riley, lives.

Officiating at the services were Rev. Hardt, pastor of the Methodist Church at Arp, and Rev. Wad-dill, Presbyterian pastor at Wortham. Burial was in the Wortham Cemetery, following the funeral services, beside her parents, Mr. and Mrs. M. A. Riley, who died several years ago.

Surviving besides her husband are three brothers and five sisters, as follows: N. W. Riley, Glenn Riley and Mrs. Emily B. Haston, all of Wortham; M. A. Riley Jr., Dallas; Mrs. R. J. Harper, Cooper; Mrs. Ira B. Seale, Buffalo; Mrs. H. B. Steward, Fairfield; Maurine Riley, Lonsvew.

All of the sisters and one brother, N. W. Riley, visited here with Mrs. Herod during her illness and were present at the funeral.

Attending the funeral also were her husband's brothers, Matt Herod of Snyder, Roy Herod of Brownfield, Tom Herod of Pampa; a sister, Mildred Herod of Snyder; and aunt, Mrs. W. B. Reese of Abilene, and Mmes Roy and Tom Herod. All of these were here when the young bride died.

Attending the funeral also were her husband's brothers, Matt Herod of Snyder, Roy Herod of Brownfield, Tom Herod of Pampa; a sister, Mildred Herod of Snyder; and aunt, Mrs. W. B. Reese of Abilene, and Mmes Roy and Tom Herod. All of these were here when the young bride died.

BORDEN COUNTY FARM NEWS

By E. B. McLeroy, County Agent

Subsidy checks totaling \$6,410.59 have been received. For full details, read the front page.

Compliance mapping in connection with the 1938 soil program is practically complete, with a few minor exceptions involving the clearing under of excess cotton acreage. Borden County farmers are receiving marketing cards at the agent's office and are also checking over 1938 crop measurements prior to making application for payments in connection with the crop program.

Nine hundred and fifty tons of feed has been stored in eight trench silos in Borden County this year, and other silos are being dug and filled at this time. Since the completion of farm mapping, other farmers have made plans for storage of surplus feed in this proven type of "cannery." J. H. Parker, dairy farmer of the Mesquite community, is filling a silo with hedges from a 20-acre tract of excellent growth. Parker is storing all of his 1938 feed crop on the farm this year, and will use his cane and other bundle feed at home, and will save his ensilage for winter succulent milk producing feed. Through the plan, he expects to maintain milk production throughout the months when pastures are not available for his dairy cows.

Eighty-three farmers and ranchers have signed up their lands in the Borden County Game Management Association, and have adopted a regulated hunting and fishing program involving over 400,000 acres of land in the county. T. A. Harris, area game warden, is co-operating in the enforcement of state and federal game laws and is also giving much of his time to the stocking and distribution of fish in the lakes in Borden County.

The Extension Service game marker has been adopted as the official sign to be placed on the property of association members to identify such land as a part of the Borden County land operators, and other orders will pass the 200 mark. Four-H club boys are using the proceeds from this sign distribution in building up a fund for visiting fairs.

Wynona Keller and her mother, Mrs. John Keller, left Friday for Dallas, where Wynona will enter The Hockaday School for Girls, beginning her third year at the school. Mrs. Keller will return here this week. The Snyder girl has had a busy summer, vacationing and visiting friends. Early in the season she was named "Goddess of West Texas" in a beauty revue held at Sweetwater, reward for which was a week's trip to Galveston. At her return from the trip she was honored as "Sweetheart of the West Texas Gingers' Association" at a convention held in Abilene.

Meeting Adopts Motion Favoring New Cotton Plan

After unanimous adoption of a motion calling for repeal of the present farm program and substitution of the domestic allotment plan, in a meeting in the courthouse Friday night, a three-man resolutions committee offered a report emphasizing this fact.

The committee is composed of J. A. Merritt, former state representative, C. N. von Roeder, Borden County seed breeder, and W. O. Moore, stock farmer of the Hermleigh area.

Their report, which follows, was mailed to George Mahon, 19th District congressman, Marvin Jones, 18th District congressman, and Tom Connally, state senator.

"We, your committee on resolutions, as appointed in a public meeting held in the courthouse in Snyder, Scurry County, September 16, 1938, after listening to addresses by Hon. D. A. Bandeen, manager of the West Texas Chamber of Commerce, and by Hon. J. E. McDonald, state commissioner of agriculture, beg leave to report:

"First—In this meeting the question was unanimously adopted calling for the repeal of the present agricultural program and substitution thereof the domestic allot-

ment plan as advocated by the Hon. J. E. McDonald, state commissioner of agriculture, and the West Texas Chamber of Commerce;

"Second—We recommend that one copy of this report be submitted to the Hon. George Mahon, representative of the 19th District, one copy to the Hon. Marvin Jones, chairman of the agricultural committee of the House of Representatives, and one copy to the Hon. U. S. Senator Tom Connally."

Surprise Party Is Compliment to Boy

Friends honored Dwain Kite, son of Mr. and Mrs. R. D. Kite, with a surprise birthday party at his home last Monday evening. Following the evening's entertainment, refreshments of cake and feed punch were served.

Those present were: Melba Ann Odum, Louise Bowers, Jeanne Taylor, Lola Jo Rogers, Frances Rogers, Billy Lou Hays, Noreen Evans; Lyle Alexander, Lyman Yoder, J. R. Popejoy, Freddie Bullard, Melvin Newton, Dale Reed, Sims Taylor, E. J. Richardson Jr., Roy Allen Base and the honoree.

Fifty-Fifty. "Now Willie you must not be selfish. You should let your brother have the sled half the time."

"Yes, mother," replied the lad, "I do, I have it going down the hill and he has it coming up."

YOUNG BRIDE VISITS

Charming Mrs. Creston Fish, who was before her recent marriage Margaret Glaha of Raton, New Mexico, was presented to local friends of her husband the past week-end. The couple were guests of his parents, Mr. and Mrs. J. E. Fish, and sister, Cyrella, from Friday until Tuesday. The younger Mrs. Fish and her husband, who will make their home in Lubbock between trips for the H. B. Pate Chemical Company of Amarillo, for which Creston is a salesman, were complimented at several informal affairs during their five-day stay in Snyder.

It's Not Saved Until It's Safe

By T. C. RICHARDSON, Sec., Texas Breeder-Feeder Assn.

Work piles up during cotton picking time and the inclination is to let other things go until the apple is safely ginned. It is impossible to plant all feed crops so that they mature and may be harvested at their best either before or after cotton picking time, and the best that can be done is to let extra labor or else let some crops deteriorate in the field.

There is a great deal of difference in the feeding value of all hay and forage crops, depending on whether they are cut and cured in their best, or allowed to become over-ripe and woody. Weather damage in the shock is also much greater than in the stack or in the barn, and it is like throwing away part of the crop after it is made to stand too long, either before or after harvesting. In the case of rain sorghums birds often destroy them before they are ready for getting it into stack or barn.

Haying and curing dry bundle seed cannot be done in rainy weather, especially if it is warm enough to encourage mildew, but moisture helps rather than hinders the making of silage so long as the ground is not too muddy to permit harvesting. Troy Fenner, an Erath county farmer, last year got caught with a crop of forage ready for haying, and saved it in fine shape by using an abandoned cistern as a silo. His cows doubled their milk production when he began feeding the ensilage and this year he had a large trench silo ready to fill when the crop was ready.

It has cost a good deal of labor and several months time to produce the fine feed crop that the

Southwest has this year, but it is not saved until it is safe—in the mow, the stack, or the silo. It is worth making an extra effort to see that none of it is wasted by standing in the field too long. Every bushel of grain and every ton of forage is potentially a few pounds of meat, milk or other livestock product, and every pound of those products is equivalent to money in the purse.

Government crop estimates indicate the largest corn and grain sorghum crop the Southwest has ever had, and the same may be said of hay, for which the season has been unusually favorable in most sections, promising later cuttings than normal. Corn 182,937,000 bushels; grain sorghums 86,089,000 bushels; hay (except alfalfa) 4,335,000 tons; alfalfa, 1,124,000 tons. Let's save it all in this fat year—next year may be a lean one.

There is still time to sow winter cover crops for grazing, to help protect the soil from washing by winter rains, and to harvest next spring or turn under for soil improvement. There is a wide choice of crops for the purpose, including wheat, oats, rye, vetch, bur clover, Italian rye grass, rescue and winter peas, and there is not a farm in the Southwest that cannot benefit by using one or the other. All livestock and poultry need green feed in winter, no matter how much dry feed they have.

Most of these crops like a firm seedbed and can therefore be drilled in clean cotton ground without other preparation. If a drill is not available it will require more seed to insure a stand, but any implement that will cover the seed properly will serve the purpose.

PWA FUNDS TO COUNTY AMONG 147 FOR STATE

Regional Office Says Policy of Allotting Money Only to Useful Projects Carried Out

Snyder's PWA school grant of \$65,455 and Pynon's school grant of \$20,316 are two of 147 additional Texas projects set up by PWA. For definite announcement last week, according to a release to The Times from the Region 5 office at Ft. Worth, of which George M. Bull is director.

Texas has been given 305 projects in 1938, estimated cost to be \$41,843,082. The additional allotments announced last week by Administrator Harold L. Ickes increased the amount of grants set aside for Texas projects to \$18,853,635 and the amount of loans to \$3,821,000.

The new grants were cheering news to Texas, for it had been reported from Washington that Texas would probably receive no more PWA grants under the present set-up.

Among the projects in this vicinity are: Albany, school building, \$9,945 grant, \$22,100 estimated cost; Brownfield, waterworks improvement, \$26,100 grant, \$58,000 estimated cost; Clyde, school building, \$20,713 grant, \$46,028 estimated cost; Crosbyton, power and light plant, \$42,938 grant, \$94,750 estimated cost.

James, auditorium-gymnasium, \$9,452 grant, \$21,004 estimated cost; Colorado, school, \$74,250 grant, \$165,000 estimated cost (Colorado last week voted bonds to care for the local portion of the financing); Stamford, schools, \$40,500 grant, estimated cost \$90,000; Sweetwater, gymnasium, \$19,800 grant, \$44,000 estimated cost.

After all, the method of handling fresh meat is secondary. The famous recipe for Welsh rabbit was not so far wrong when it began with "First catch your rabbit." Before we can kill the "fatted calf" we must raise the calf and get him fat.

Maybe, too, if more fatted calves were killed and eaten on the farms where they grow, there would be fewer prodigal sons. A farm boy ought not to have to go to a restaurant in town to learn what fresh meat tastes like.

The can, fresh-heated in the oven. After all, the method of handling fresh meat is secondary. The famous recipe for Welsh rabbit was not so far wrong when it began with "First catch your rabbit." Before we can kill the "fatted calf" we must raise the calf and get him fat.

Golden Jubilee Celebration
STATE FAIR OF TEXAS

Agriculture
The greatest farm exhibit ever seen in the entire country is already being arranged. It's a picture of Texas' real wealth...

Livestock
Improved herds and great dairy and beef animals have been entered in this stupendous showing of the 2nd largest Texas resource...

Amusements
The Jubilee Follies at popular prices in the auditorium; the Henries Bros. Shows on the Midway; Bozo, the mind-reading dog, and other sensational free acts daily on the ground make up a great amusement program. In addition, there will be much free entertainment in various exhibits and shows...

Poultry
Rabbits, pigeons, capons, fancy fowls and a regular breeders' and production show will be on hand for the visitor.

Implements
Without a doubt the greatest display of farm machinery, road machinery and other implements will be a feature...

TO ENTER TECH.
Elizabeth McCarty and Milton Joyce, spring graduates of the local high school, left Monday to enter Texas Technological College, Lubbock. They joined several other Scurry County students at the school.

Things even up. Shaving costs money, but you can smoke 'em an inch shorter without whiskers.

NORRED TO MIDLAND
John Wesley Norred, youngest son of Mrs. W. Norred, arrived back in Texas last Thursday from Fel-lows, California, where he has been working for several weeks. He will take a Standard Oil Company job in Midland this week. Accompanying Norred to Snyder last week was Mrs. Buck Williams of Fellows, who will spend two weeks visiting with Mr. and Mrs. Gus McClinton.

VISITS FATHER.
Mrs. M. Caton of Lubbock, Everett Greene of Spearman and Wade Greene of Oakland, California, are the out-of-town children at the bedside of their father, J. W. Greene, who has been in a local hospital the past several weeks. Condition of the man showed no improvement yesterday.

STUDIES AT A. C. C.
Dorothy Pinkerton, valedictorian of the 1938 spring graduating class of Snyder High School, is attending Abilene Christian College, using a scholarship presented her at the spring exercises. Daughter of Mrs. Mollie Pinkerton, newly elected county treasurer, Dorothy is an accomplished musician in addition to holding high records in scholastic realms.

GRADUATE TRAINS.
Mabel Watkins, oldest daughter of Mr. and Mrs. Coy Watkins, left last Thursday for San Angelo, where she has entered the nurses training school of Shannon Memorial Hospital. Miss Watkins graduated from the local high school in 1934.

Teacher: "What is a mummy?"
Tommy: "Please, miss, a pickled queen."

Products Show, With Fine Site, "Takes" Rapidly

The central committee of the Scurry County Free Products Show makes the following encouraging report this week:

The show is moving forward rapidly toward what appears a first class exhibit in every respect.

Response to advertising space in the catalog was far above expectations, and the solicitors and advertisers are due congratulations on their excellent showing. Catalogs will be mailed this coming week to about 1,000 addresses.

Exhibitors are asked to please study their catalogs and have their exhibits in place according to time requirements so as to avoid confusion. It will be noted that all livestock, community, individual farm and individual ranch exhibits have until 10:00 a. m., October 14, to be in place. Most other exhibits of a non-perishable nature must be in place by 5:00 p. m., October 13.

100 Booths Available.
Standard size of booths will be 7½ feet by 10 feet, and there is ample room in the new exhibit hall for more than 100 booths without crowding. Rapid headway is being made on this new building which has a covered area of 8,000 square feet.

The City of Snyder and our Commissioners' Court will have an investment of several thousand dollars in the structure when fully completed, and should fulfill public and community requirements for a long time to come.

Livestock will be housed in pens adjoining the exhibit hall with the best protection possible from the weather. Water is available on the grounds.

Exhibits and Fun.
Reports indicate that there will be an excellent showing of community, club boys and girls and educational exhibits from all over this section. A number of educational exhibits now showing at other fairs will be on hand to add interest.

Entertainment Chairman E. O. Wedgeworth states that his part of the show is receiving hearty cooperation from all of the county schools with a good many added features from our community performers.

This first Products Show is not expected to set the world afire, but it is a beginning which will grow from year to year with the support of our producers.

The show management stresses this factor: Here is an opportunity for all producers to show their stuff and in addition these same producers have the opportunity of selling or taking orders for their produce. The only limitation is that exhibited products must be kept in the show until the time indicated in catalog. Here is an opportunity for seller and buyer to begin what might lead to a growing business.

PERFECT COLLEGE KIT.

At last, Charles of the Ritz has designed a small cosmetic case for week-ends away from college and trips for the stay-at-home girl, working girl and others. Small, compact and good looking, the case contains all the necessities or places for them. Most perfect of all is the drawer for lipstick, rouge, eyebrush, tooth brush, comb, bobby pins, soap, tissues and a waterproof envelope to carry a wet washcloth (mothers please note). Carry it as a handbag or tuck it in your suitcase, says Mrs. Madge Sims, head of J. H. Sears & Company's Charles of the Ritz department.

On Tick.

The lady who was in the habit of getting goods from the grocer and paying at a future (and very indefinite) date was about ready to explode.

"And why, may ask," demanded she, "must I pay cash for today's order? I am a most regular customer—and pay punctually."
"Very punctually," said the grocer. "Always on 'tick!'"—Whitley Weekly Record.

Dipper.

A teacher who had at different times talked to her small children about the heavens, asked them one day, "Where is the Big Dipper?"

A little girl spoke up: "Do you mean the Double Dip? It's down on Elm Street. They give a whole lot of ice cream."

Guessing Game.

Bride: "Oh, yes. It's great fun. You know my husband is an artist. Yesterday we had a guessing game. He painted a picture and cooked something for dinner—and we both guessed what things were intended for."—Cotton Ginn's Journal.

HOME DEMONSTRATION CLUBS

Estella Rabel, County Home Demonstration Agent

10 Members Present.

Ten members of the Tri-Community Home Demonstration Club met at the home of Mrs. S. T. Joyner in the Woodard Community last Wednesday. Mrs. Guy Stocker, a vice chairman of the central committee on the October Products Show, discussed booths and exhibits, answering questions of the club members at the close of her talk.

Refreshments were passed to the following: Mmes. Harry Allen, Elmer Evans, Bruce E. Kelsey, Floyd Leatherwood, R. C. Popcoe, Joe Tant Johnston, Willie Gibson, Stocker, John Parker and the hostess.

Next meeting will be in the home of Mrs. R. C. Popcoe Wednesday, September 28. All members are urged to be present to hear suggestions by Estella Rabel, county agent, who will meet with the club.

Do Not Overwash.

"Wool should not be washed more than is absolutely necessary, since overwashing prevents fluffiness," said Estella Rabel, Scurry County home demonstration agent, to members of the Bluebonnet Club of Pylon at their meeting last Thursday afternoon at the home of Mrs. Oval Hess.

"After the wool has been properly washed, it may be used for making wool comforts for winter covers," she said.

Following a brief business session, members drove over to Sweetwater to attend the Midwest Exposition. Those attending were: Mmes. Boyd Moore, C. H. Stahl, E. N. Cummings, Annie Taylor, C. A. Clifton, Marvin Farmer, Ed Onken, R. M. Baumann and Hess; Misses Wilma and Mable Light, Beth and Ruth Mahoney, Merle Glass and Estella Rabel.

Meets at Periman's.

"Light weight warm bedding is more comfortable to sleep under and is more economical," explained Estella Rabel, county home demonstration agent, at a recent meeting of the Dermott-Martin Club at the home of Mrs. L. N. Periman, as she compared wool, feather and down comforts with ordinary cotton ones in price and comfort. Samples of lovely woolen blankets and coverlets were displayed by the agent.

The hostess was assisted by her daughter, Vera Periman, local home economics teacher, in serving delicious cake and lead punch to 13 members and the county agent.

Chicken Fry Thursday.

Members of the Dermott-Martin Home Demonstration Club and their families, nearly 50 in number, enjoyed a chicken fry at the Browning Park, near Dermott, last Thursday evening. Several guests were present besides the club families.

Supper menu consisted of fried chicken, salads, potato chips, rolls, fried punch and ice cream. Various games were played after supper. The club plans other socials during the fall and winter.

Social Security Can Never Replace Individual Thrift!

—You may in your later years be eligible for a Social Security pension. But that does not relieve you of your personal responsibility to do everything you can now to provide for your own future comfort and independence.

—No mass legislation, however sound and beneficent, can fully meet your later financial needs. Thrift, therefore, is still as necessary as it always has been. The first one to whom you should properly look for a sustaining income is yourself.

Bison Girls Meet.

"Select neat, durable, easy-to-plant, fast color dresses when you plan your school clothes," urged Miss Rabel, home agent, to a group of Bison Four-H Club girls at their last meeting. Consider head wear, dresses, socks and hose, shoes and accessories in planning the school wardrobe, she said, and added, "Choose comfortable wearing apparel."

Reorganization of the club was the feature of the afternoon as the following new officers were elected: Ellen Sorrells, president; Estella Wellborn, vice president; Myrl Woody, secretary; Lucille Sorrells and LaNell Berryhill, reporters; Jackie Dabbs and Eve'yn Gregory, recreation leaders; Alva Wilson, council representative.

Lucille and Ellen Sorrells made a report on the progress of their frame garden, and Marlin Barrier, wardrobe demonstrator, told of the goals she has set.

Others present were: Myrl Woody, LaNell Berryhill, Alva Wilson, LaVon Berryhill, Evelyn Gregory, Jacqueline Dabbs and Roberta Bishop.

Mrs. Sorrells Hostess.

Bison Home Demonstration Club met Tuesday at the home of Mrs. Jim Sorrells. Warm bedding was discussed by Miss Rabel, who told of the four types of warm bedding—the feather and down comforts, wool comfort and wool coverlet. Mrs. Sorrells exhibited her feather comfort and took the group through her well-planned and arranged pantry.

The hostess served delicious fudge and divinity candy to the following: Mmes. Lloyd Murphy, Bob Johnson, Nell, Nolan von Roeder, H. von Ed Murphy, R. D. Revier, Fred Sorrells, J. E. Sorrells and Miss Rabel. Next meeting will be held at the Fred Sorrells home Tuesday, October 11. All members are urged to attend.

Help Your Mother.

Estella Rabel, home demonstration agent, urged girls in the Dunn Four-H Club to help their mothers plan their school clothes, as she gave a wardrobe demonstration last

Tuesday at the meeting held in the school building. Fifty-three girls were present, and Ruth Thompson, district agent, was an appreciated guest.

Bobbie Jo Brown was elected president to take the place of Laura Murphy, who has gone to college. Eton Brown will be recreational leader. Pretty aprons, handkerchiefs and scarfs made from sacks were displayed, and the Brown girls told others about their frame garden.

Council in Meeting.
Business meeting of the county home demonstration council was held at 3:00 o'clock Saturday afternoon with the chairman presiding. Seven clubs were represented out of the 14 in the council with nine women present.

Miss Rabel passed out questionnaires and the council members were asked to take these to their clubs. Demonstrators were reminded of the goals for 1938, and those pres-

ent were asked for suggested subjects for meetings.

Educational exhibits were planned for the fall Products Show. Mrs. J. L. Carrell reported that she has secured dishes for the food stand, and Mrs. Fred Sorrells and others from the Bison Club were placed on the committee to gather up the dishes for this council sale stand.

Club and committee reports were made, and several clubs gave reports of delightful social meetings. Next council meeting will be held Saturday, October 11. All members are requested to be present.

Sing Pep Songs.

Hermleigh Four-H Club girls sang pep songs during their recreation period Friday afternoon at their meeting. The demonstrators made reports of their work, Jean Longbotham telling of her frame garden and Martha Cizek of the 1938 wardrobe goals.

New officers elected were the

following: Winnie Mae Ayers, president; Vaudine Ellis, vice president; Sally Layman, secretary; LaVohn Roberts, reporter; Jean Way, vice reporter; Mary Brown Roberson and Opal Etheredge, recreational leaders; Joyce Floyd, council representative; Jean Longbotham, garden demonstrator, with Opal Etheredge; Martha Cizek, wardrobe demonstrator.

Don't put up with useless PAIN

Get rid of it
When functional pains of menstruation are severe, take CARDUL. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance.

Get a bottle of Cardul and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardul aids in building up the whole system by helping women to get more strength from the food they eat.

We wish to publicly thank the people of Snyder for their neighborly sympathy and services during the illness and at the death of our loved one. They will never know how much their kindnesses have helped in our period of sorrow.—Carl C. Herod, Mr. and Mrs. M. C. Herod and children. 1p

CARD OF THANKS

Many we thank each and every one of our many friends for their kindness shown us during the illness and death of our dear father and husband. May we especially thank you for the beautiful floral offerings from Snyder and Colorado.—Mrs. J. H. Lewis and children. 1p

NOTICE

No. 880. Guardianship of the Estate of Al Rose Francene Womack, a Minor.

In the County Court in Probate, Scurry County, Texas.

To all persons interested in the estate of the above minor:

You are hereby notified that I have on the 21st day of September, A. D. 1938, filed with the county clerk of Scurry County, Texas, an application under oath for authority to make to R. H. Cantrell, as lessee, an oil and gas and mineral lease on that certain real estate belonging to such minor, described as follows: An undivided one-tenth interest in the east one-half of Section No. 252, Block 97, H. & T. C. Railway Company Surveys, Scurry County, Texas, containing 224 acres of land, more or less; that H. J. Brice, judge of the county court of Scurry County, Texas, on the 21st day of September, 1938, duly entered his order designating October 3, 1938, at 10:00 o'clock a. m. in the county court room in the courthouse of such county as the time and place when and where such application would be heard, and that such application will be heard at such time and place.

What Do You Think?

What do you think about the possibility of war in Europe? And if Europe has war, does the United States have a chance of escaping?

Those are probably the two most-asked questions of the week. How do you feel about war, anyway? One man's opinions, gleaned from column after column of war news, war comments and war rumors, are like this:

Over here in the United States we have no real right to speak too harshly against Hitler, as far as his attitude toward the Czechs is concerned, for we don't know the true state of affairs. After all, Texas left Mexico "way back yonder," because most of her citizens were Americans at heart. Why shouldn't the Sudeten Germans have the same right?

Hitler is war-mad, but he makes it plain that he doesn't propose to fight England or France if he can help it. To save his own face with his own people, he can't back down. But it is probably international justice, no matter how much most of America detests Hitler and his methods, that the Sudeten regions be returned to Germany, if the Sudeten really want to return.

England's chief international complex is self-protectionism; France's is anti-Germanism; Russia's is big-bad-wolfism; and Germany's is Hitleristic save-your-face-ism. When you jumble these isms, divide them by war and war's consequence, put yourself in Chamberlain's place, and cast your mental ballot, you will probably decide that sacrifice of Czechoslovakia's pride and territory is far better than sacrifice of civilization's 1938 birthright.

By the way: If Europe has war, the U. S. will in all probability get her toes wet whether she wills it or not.

Editorial of the Week

YELLOW LANTERN LIGHT

Yellow lantern light lay on the grass like fillings from a goldsmith's lathe, encircling the large, dark shadow which centered near the fly-tent pole. A small pie-bald mirror was suspended on the same saddle string which held the lantern, reflecting the partly lathered face of a cowboy who pulled a razor over a fluctuating Adam's apple.

A gust of wind causing embers about the coffee pot to reddens, awayed the lantern and mirror, and the tall man bent lower to scrape away the final trace of his beard. He went to the open bed-roll amid the assortment which littered a small stretch of prairie, and removed a soft, white shirt. After changing shirts he propped a foot at a time on the hub of the chuck-wagon and rubbed his boots with the soiled garment he had removed, then lifted the broad-brimmed hat from his head and thumped off the dust.

From the open lid of the coffee box he picked up a tin cup and knelt beside the chuck pot to fill it with black, steaming liquid; there was not another man in camp. Beside the mesquite bush where his horse was tied, he stood a moment after releasing the bridle reins from the thorny twigs, and reeled a cigarette. At the flare of a match struck on the inside button of spur, the horse snorted and jerked loose, trotting off into the darkness. The cowboy muttered under his breath and followed until he could hear fast, echoing hoofs racing far across the flat, then he turned back to camp.

Sometime in the night his companions thundered in and he awoke to excited conversation. There had been an ugly fight at the dance and one of his friends had perished before the spurting of fire of a gun in the drunken hands of his one enemy; a man who had come to the dance with avowed intentions of killing him. The cowboy lay in his bed looking at the same stars and remembered; his horse had gotten away with the saddle on—Matador Tribune's "Trail Dust."

Cotton for Cotton

"Cotton coverings for cotton bales are now in use at gins serving two Texas one-variety cotton communities, and will be used by a number of other one-variety associates during the remainder of the season," declares Harry Holt in the Abilene Reporter-News. The equivalent of about 35,000 bales of cotton would be used in the United States annually if all gins were to adopt cotton bagging, it is declared. But it seems to be the old story of the miller's wife having no flour, the butcher's wife having no meat, the News. The equivalent of about 35,000 bales of cotton farmer's wife wearing rayon underthings.

O'Daniel's Doings

A Times friend, offering a compliment on a semi-political editorial that was run recently, declares: "By the time the professional politicians get through with O'Daniel he will not know an old person's pension from one of the poll-tax receipts he has not possessed for many years." And this suggestion was made before the state Democratic convention, at which O'Daniel was booed heartily—probably by, as he sorrowfully proclaims, "the professional politicians."

For two seasons Ft. Worth's Casa Manana succeeded in elaborate fashion in becoming the entertainment center of the Southwest. The chief drawing card, as far as advertising was concerned, was pictures of beautiful girls. Dallas has taken the cue from her smaller neighbor, and this year's State Fair of Texas is maximizing the appeal of form, figure, face and fun. The annual celebration, by the way, comes October 8 to 23.

Current Comment

By LEON GUINN

Although the railroads are doing their best at the moment to avoid reorganization under Section 77 of the Bankruptcy Act, nearly all union leaders are predicting a "100 per cent employee walkout" if the badly hit roads try to effect a 15 per cent wage cut October 1. The outlook is rather discouraging from any point of view, since railroad unions have been molly coddled along until they virtually have the employer by the ear.

The far flung Santa Fe lines, together with the Association of American Railroads, openly state hourly wages—from engine wiper to conductor—are at the highest level in railroad history, although all outstanding railroad bonds aren't even earning interest these troubled days. About the only recourse for the nation's lines—if road employees get too nasty about the wage cut—will be pork barrel subsidies from the federal government in one form or another.

Whether John L. (hell to pay) Lewis says so or not, one cannot deny the fact the 4,000,000 Americans who own railroad bonds have a right to consideration, and now that various railroads are making a supreme effort to avoid complete bankruptcy it seems Old Man Strike will tie the situation up in a hopeless deadlock. Union men contend ownership by Uncle Sam will probably be preferable, anyway, but since the government lost \$2,500,000,000 trying to run the railroads in 1917-18, we hate to think of government trying this again. It is a time we should all stand by our railroads, and not brotherhood hot heads.

The General Accounting Office is sending out some rather plain memos to key Congressmen, recommending that future relief appropriation bills have provisions against auto purchases by relief administrators. Certain officials have flooded Washington with vouchers for almost everything from telegrams to automobiles, and although the GAO is powerless to turn these vouchers down, the boys are getting plenty tired of okaying automobile purchases. WPA administrators are the worst about buying cars on government account, with these name-calling memos intended to stop the useless drain.

During 1937 the General Accounting Office was forced to approve a total of \$10,000,000 in travel expense vouchers for officials of the various government agencies. Although some traveling around by the white collar group was doubtless necessary, the GAO sees no use in squandering so large a sum of the taxpayers' money. It's really a pity the accounting office can't make public some of its most "tedious approvals."

According to a report approved by J. Edgar Hoover, Department of Justice surveys indicate crime takes an annual toll of \$40,000,000 in Dallas County alone. Dallas, the so-called city with a soul, is "honeycombed with 10,000 yellow rats," the report states, "who call themselves underworld characters. These are a menace to the entire Southwest." By way of comparison, we might include facts cited by Jeff Davis of the United Drys, Dallas, showing the city's 1,200 booze and beer joints pay out \$38,000 annually in revenue to Dallas County. Somehow it doesn't make sense, when one tries to figure out how \$38,000 will outweigh \$40,000,000. Crime isn't paying Dallas County, or the city anything.

Which brings us around to the soap box saying that liquor and beer revenue is paying for old age assistance in Texas; a phrase inspired by the brewing interests. Just to keep the record straight, comptroller general figures indicate liquor and beer revenue in Texas is contributing 7 per cent of the money needed to pay our aged needy. A far cry from the soap box phrasings.

Northwestern University scientists have perfected an elaborate machine to tell you something your best friend won't—when you happen to have halitosis (or unpleasant breath). The oscoscope machine revealed 44 per cent of Northwestern students were affected with the social taboo of unromantic breaths. Just in case all this elaborate machinery happens to break down, we'd like to invite these sedate breath men out to West Texas where a simple diet, plus a nickel's worth of Wrigley's gum does away with this social "shat not" on the sandhills.

In the state of Kansas one of their most unusual laws says: "When two trains approach each other at a crossing, they shall come to a full stop and neither shall start up until the other has gone." Thus, two approaching trains must come to a stand still; and await each other's leaving. Just how this can be done hasn't yet been fully explained. The feat must be about as sensible as that insane suggestion a bridge be built across the Dust Bowl, with a river to be dug under the entire bridge (attributed by the Bawl Street Journal to Senator Capper). Here we were in the first paragraphs feeling sorry for the plight of our railroads; now we seem to find what may be putting railroad revenue on a stand still basis. I say, Senator Capper, bring on your sunflower bromides!

Farm Relief Fails?

Paul Mallon, columnist, expressed this opinion recently, along with many of his fellow observers: "The farm act is falling fast. That fact is becoming so evident that many of Mr. Wallace's men will now concede privately they do not see how the situation can be worked out next year on the same basis."

SNYDER FIRMS COOPERATE IN DOLLAR EVENT

First Monday Dollar Day Plan, Starting October 3, Approved By Many Concerns

About 30 Snyder firms have already signed up for cooperation in a First Monday Dollar Day plan, and the special attraction will be inaugurated Monday, October 3.

The plan is being started through the Scurry County Chamber of Commerce, at the request of many business houses for a special monthly trades day in which the entire town took a part. Signatures of merchants who cooperate are being secured by E. H. Lilly, secretary of the CC.

Cooperations means, primarily, that the firms will offer Dollar Day specials—and other special attractions if they desire—on the first Monday in each month.

After investigation, the CC directors declare that practically all other sizeable towns in this Central West Texas territory have special days to attract customers, and that Snyder is losing much trade because she does not have a similar attraction.

The CC urges merchants to offer real bargains on the special day in each month, thus attracting increasingly larger crowds each Monday. Merchants and individuals who have already signed up to cooperate with the First Monday Dollar Day plan are as follows:

Graham & Martin, N. M. Harpo's Grocery, J. H. Sears & Company, W. J. Ely, Times Publishing Company, Bryant-Link Company, Snyder Hardware & Implement Company, Ben Franklin Store, Stinson Drug Company No. 2, Irwin Drug Store, Yoder Chevrolet Company, Jack Colwell Tailor Shop, Snyder Bakery, Snyder Tailoring Company, Hugh Taylor & Company, J. J. Dyer, Jeweler, Hollywood Shop, Miles Studio, Piggly-Wigly, Stinson Drug No. 1, H. L. Wren Hardware, Economy Dry Goods Company, Perry Brothers, O. L. Wilkerson Lumber Company, Pick & Pay Store, Farmers Exchange, H. G. Towle Jewelry Company.

Infant Daughter of Jack Goswick Dies

Funeral services for the infant daughter of Mr. and Mrs. Jack Goswick, who was born a week earlier, were held Tuesday afternoon at 4:00 o'clock at the graveside in the Dermott Cemetery. The family lives 12 miles north of Snyder.

Rev. J. L. Fields was in charge of the graveside service, and Maples Funeral Home was in charge of burial. The baby died at the home.

First Baptist Church

Sunday morning the pastor will preach on "Building a Great Sunday School." This is promotion day. Sunday night the subject will be "Auction Sale." Don't miss these services. Right here in Snyder some of our people are selling out to the devil.

BTU meets at 7:15 o'clock. You have a welcome in our church—Ira Harrison, pastor.

IRVINGS MOVE HERE.

Mr. and Mrs. Roland A. Irving and daughter, Enid, have moved to Snyder from Houston, where they have been living several years. Mrs. Irving will be remembered by local people as the former Enid Scarborough, daughter of Dr. and Mrs. A. O. Scarborough. Mr. Irving travels with the United States Chamber of Commerce and will make Snyder his headquarters. The daughter, Enid, who is named for her mother, is a senior in the local high school. The family is living at 2311 30th Street.

Guests of Dr. and Mrs. A. O. Scarborough and of the Roland A. Irvings here Sunday were Mr. and Mrs. Guy C. Paxton of Abilene. Mrs. Paxton is a daughter of the local physician.

At West Texas Free Fair

Florence Ketring's trick riding has been featured in circuses and midways throughout the United States. Her rides in the lion hippodrome have thrilled audiences during the Mighty Sheesley Midway's swing through the Middle West this season. This act will be a feature during the West Texas Free Fair in Abilene October 3 to 8. Abilene trippers advertising the fair will be in Snyder at 11:20 a. m., remaining for lunch, Friday of this week.

FOOTBALL NEWS

FROM SCURRY AND ADJOINING COUNTIES

Football is a by-word on every tongue; or, if it is not on every tongue now, it will be before the fall season is over. The Times, therefore, proposes to keep Scurry County fans posted on the football doings of special interest to this trade territory.

Scurry County has five football teams this year—regular 11-man teams at Snyder (Class B) Hermleigh, Dunn and Fluvanna (all Class C), and a new six-man club at Pylon. The six-man league includes Hobbs in Fisher County, and several teams not far outside the local trade area.

Full game reports will usually be found in separate articles. But sidelights, nearby games and other such material will be found weekly under this heading.

Down at Roscoe.

Snyder joins other members of District 6-B in expressing regret that Roscoe was unable to participate in the district schedule this year. If all teams of the district—and other districts—learn from this incident that the rules of the game are a thousand times more important than the use or non-use of a player, then the unfortunate occurrence will have its good as well as its bad features.

To prevent the recurrence of last year's incident which cost the Plovers the district championship and barred the team from the Interscholastic League this year, trustees have made it compulsory for all pupils entering Roscoe Schools this year and in the future to have a birth certificate.

Class B Scores.

Week-end Class B scores of special interest to county fans include: Rotan established herself again as the district favorite by soundly trouncing Clyde, 33-0, with Angus Smith, probably the most potent man in the district, carrying most of the load.

Colorado looked above average in pummeling Stanton, 20-6. First down were 13-9, Colorado. Although defeated by Anson of another district, the Merkel Badgers of this zone showed surprising strength in holding the Jones County Tigers to a 12-0 tally.

Roby, rated just now for the cellar or near-cellar place in the district, was trimmed 53-0, by Midland's Class A Bulldogs. The Bulldogs led the Lions in first downs, 12-3.

Most of the district teams—Snyder, Colorado, Rotan, Roby, Merkel—will see conference action this week-end. But Snyder, of course, stays in non-conference competition, with Slaton as the opposing squad.

Hobbs Is Winner.

Hobbs and Sylvester became favorites in the six-man league last week. The Hobbs boys ran up a 19-2 score over Divide Friday in their opening Tri-County League game. The Divide club made a safety in the first period on a bad pass from center by Hobbs, but the Fisher County boys came back with a touchdown in each of the last three periods.

Blackwell was whipped, 36-6, by the strong Sylvester squad, paced by Forrest Perkins, back, who scored four of his team's six touchdowns. First downs were seven to two, Sylvester.

First Presbyterian Church

The topic of the sermon at the morning service at 11:00 o'clock will be "God Has A Part." In the evening there will be a special community service honoring the Gold Star Mothers of Snyder at the First Presbyterian Church and everyone is cordially invited to attend. The hour of this service will be 8:00 o'clock. The pastor will preach at both services. Sunday School will meet at 9:45 a. m. and the Tuxis Society at 7:00 p. m.

Bulldogs Defeat Local Tigers By 19 to 0 Margin

The Spur Bulldogs blanked Snyder's Tigers Friday night, 19 to 0, on the modern Dickens County field. It was the first game of the year for both clubs.

Spur's win was no surprise to the locals, for they expected to require a game or two for finding themselves. Coaches Red Hill and Glen Berry, as well as a few Tiger boosters who went along, were surprised at the all-round strength of the squad, with only three letter men in action, against one of the strongest clubs Spur has produced.

Snyder held the heavier, more experienced Bulldogs scoreless in the first and third periods, and might have done it throughout the tilt had it not been for Bill Haralson, the quarterback who dealt them and other clubs so much misery last year.

Haralson circled end for 13 yards and a touchdown in the second stanza. In the fourth he plunged from the four-yard line for touchdown and kicked the extra point. He tallied again in the last period, going over from the two-yard line after passing to Fullback Wilhoit for 29 yards. Haralson's tries for points after the first and third touchdowns were wild.

Spur made 11 first downs, Snyder tallied two; Spur completed one pass for 29 yards, while Snyder completed three for 19 yards. For Spur it was mostly Haralson. For Snyder it was Neal at halfback who looked best, with Richardson at end also showing up.

MRS. LOUDER PLAYS.

Mrs. Earl Louder, a favorite performer on programs in all sections of West Texas, appeared on a program Saturday evening at the Mid-west Exposition in Sweetwater, in a group of accordion selections. The local woman teaches accordion in Sweetwater as well as here. The Saturday program was sponsored by the Business and Professional Women's Club. Mrs. Louder was accompanied to Sweetwater by her husband and son, Gene Boyd.

RINEHART TRIO HEARD BY CLUB

The Rinehart trio, which has been playing on the city lot in Snyder, entertained the Lions Club Tuesday with several numbers, including "Wagoner," "Tiger Rag" and other popular favorites. The trio included Mrs. Rinehart with the violin, Mr. Rinehart with the guitar and 10-year-old Jimmy Rinehart with the bass violin.

Guests of the day included Dr. L. P. Smith, Marlow, Oklahoma, Lions Club secretary, J. O. Stimson and J. P. Nelson.

Earl Brown re-emphasized the donkey softball game that will be played the night of Monday, October 3, between Lions Club members and firemen. King Sides called attention to the Snyder-Slaton football game Friday night on Tiger Field, and Hadley Reeve told briefly of the PWA grant for reconstructing Snyder's burned school building.

The civic committee was asked by President H. L. Wren to cooperate with the same committee of the Scurry County Chamber of Commerce in making plans for a local park.

Plainview's singing class will meet henceforth at 8:00 o'clock on first and third Sunday nights. Bud Payne, class president, announced Sunday night. The semi-monthly sing-songs, under joint sponsorship of Payne and W. P. Cox, are attracting both Fisher and Scurry County singers.
