WINSTON SALE NETS AVERAGE PRICE OF \$132

John Stribling of Hobbs Pays Top Price for Young Bull as Nearly Hundred Head Are Sold

Approximately 300 people gathered from a wide area for the second annual Winston Brothers Hereford sale here yesterday (Wednesday). Ninety-three cattle were sold, at an average price of \$132.35 each.

The top price at the sale was \$800, paid by John Stribling of Hobbs for Junior Advantixy, an animal calved February 21, 1937.

This bull was sired by Advantixy, a bull that sold for the highest price recorded in Texas, John Stribling sold a half interest in Advantixy a few years ago to Jenkins and Jenkins, Galveston doctors, for \$7,500.

Second high of the sale was a bull, Edith's Domino, sold to Sam Swann of Trent for \$500. Edith's Domino was calved March 25, 1937, and sired by Pub'can 10th.

Heaviest buyers included John Henry Dean of the Dean Ranch, Lamona; Joe Winston of Fort Worth; and G. F. Hutchkins of Shreveport, Louisiana.

Cattleman who came to see, bid and buy, stated the dinner at the lunch hour was "absolutely unbecomingly" with barbecue that melted in the mouth.

The auctioneer, Earl Garlin, was ably assisted by Frank Farley, John M. Hazelton and Charles Green of the Hereford Journal; Don Chittendon of the Drovers Telegram; Frazer Biggs of Western Livestock; O. R. Peterson of The Texas Cattleman; Guy Smith, livestock photographer, Kansas City; Frank Reeves, Star-Telegram; Harry Holt, Abilene Reporter-News.

CROWD DRAWN TO SNYDER FOR TRADES EVENT

Livestock Trades and Store Sales Reflect Brisk Business Trend For First Monday.

Although snow on the ground early in the morning promised to entirely halt First Monday trading, rising temperatures caused well over 1,000 people to swarm the streets, stores and trading grounds during the afternoon.

Throngs of Fisher, Scurry, Borden and a few other traders milled around the stock pens, but supplies of livestock were light due to slick rural roads.

Snyder mercantile reported heavy sales, especially of First Monday Dollar Day specials.

Interest in The Times misspelled word contest was reflected in a large boxful of entries that came in before 6:00 o'clock, with sales slips attached. The first award of \$3 cash goes to Mrs. H. T. Sefton of Snyder and the second award of \$2 cash will be the property of Mrs. Dean Cochran of Snyder. No attempt found all the misspelled words, each of the winners missing one word. A correct list may be examined at The Times office by any entrant or others interested. All questions concerning spelling were settled by Webster's New International dictionary.

Major Fluvanna Event Staged All Day November 18

One of the major events of the year for Fluvanna School will come next Friday, November 18, when the school's 1938 carnival will be staged. The funfest will begin at 10:00 o'clock Friday morning, continuing well into the night.

Schools of this area have been invited to attend, and dances from numbers of them will be presented in a pageant in the evening before the carnival queen is crowned.

Spical decorations will announce the attraction several days beforehand, and the entire community will turn out to entertain visiting neighbors, announces Superintendent E. O. Wedgworth.

On the fun program for the day will be a continuous free moving picture show, football game, girls' basketball game, vaudeville show, athletic show, all kinds of carnival concessions and in the evening will be featured the coronation of the queen and a fireworks display.

Attendance at this year's annual Fluvanna School carnival is expected to more than double last year's record.

MONEY SAVING PAPER OFFERS

All bargain rates on all papers are in effect right now! This statement is made by The Times because a number of people seem to be under the impression that lower prices will be offered later in the year. There will be no lower prices, for practically all papers are at the same low price as in 1937 despite the fact that production costs have risen sharply.

Just to refresh the memories of Times readers, the following bargain rates are repeated: Times only, Scurry and adjoining counties, \$1.50; Times only, elsewhere, \$2; Times with Semi-Weekly or Daily, \$2.25; Times with Abilene Reporter-News, \$5.95; Times with Star-Telegram six days, \$7.45; Times with Star-Telegram seven days, \$8.45. Special rates are also offered on practically any other newspaper or magazine.

The Will Lavne Post and Auxiliary members will meet Thursday of next week in their regular monthly social session.

TO BROTHER'S RITES.
Mr. and Mrs. A. J. Riley were called to Ranter late Saturday to attend final rites for her brother, M. L. Skindler, former Scurry and Borden County resident for many years. Prentice Riley of Snyder, Mr. and Mrs. B. F. Gee and daughter, Gaylon, and Res Riley, all of Sweetwater, also attended the rites.

Mr. and Mrs. Sam O. Nations, Mr. and Mrs. H. A. Lattimore and J. E. LeMond attended the 4th and 5th Division American Legion convention in Abilene Sunday.

Leads Club Boys to High Honors

Lawrence Shipman, right, above, former Scurry County boy, received high honors during his school days at Texas Tech, and now his Future Farmers of America boys of the New Deal rural high school, near Lubbock, have established a record. The two boys, John Neill Harrell and Macon James, qualified for the American Farmer degree, highest offered by the national organization, at a Kansas City livestock show recently. At left above is Superintendent A. L. Faubion of the New Deal School, located near Lubbock.

EARLY SEASON SNOW BLANKET STRIKES AREA

Initial Real Cold Blasts Come First of Week to Catch People Off Guard—Low on Sunday.

Sweeping down from the northeast on the heels of gradually lowering temperatures was, one of the earliest snows in county history, blanketed Scurry County from 10:00 o'clock to 12:00 o'clock Sunday night with .50 to .65 of an inch snowfall.

Overcast skies late Sunday afternoon gave way to short periods of mist in certain sectors of the county, but by 11:00 Sunday night a steady snowfall blanketed over the late feed and fall flowers.

Sunday night's temperature, according to Mrs. B. G. Johnson, government weather gauger, dipped down to 19 degrees above zero, in one of the earliest "hog killings" freezes in recent years. Moisture totaled .13 of an inch.

Although the bank of snow clouds that hovered over Scurry County had cleared away by 10:00 o'clock Monday morning, the thermometer hovered around 29 and 30 degrees until Monday afternoon.

Sub-freezing temperatures Monday and Tuesday nights have been giving way to gradually rising night temperatures, although early morning frosts indicate King Winter is putting his foot in the door of county homes.

Colonial Link Is Broken In Death Of Mrs. Meador

A link as old as the thirteen original colonies was broken in Snyder early Monday evening, when Mrs. Jennie A. Meador, 91-year-old Snyder resident, passed away.

Mrs. Meador's ancestors came to America on the Mayflower, and settled in Virginia, the "old dominion" colony.

Survivors include three daughters, Mrs. Florence Cook, London, England; Mrs. John L. Stephenson, Snyder; Mrs. John G. Davis, Dimmit; two sons, James P. Meador, Big Spring; and D. C. Meador, Hebron, Texas; 14 grandchildren and 15 great grandchildren.

Born Jennie Pollard July 9, 1847, in Franklin County, Virginia, near Black Water River, she married D. W. Meador August 13, 1867.

Mrs. Meador, who moved to Dallas December 4, 1890, moved to Snyder December 4, 1899. She had been a county resident 39 years.

Funeral services for Mrs. Meador were held at the First Baptist Church Tuesday afternoon at 3:30 o'clock. Rev. J. W. McGaha, assisted by Rev. Ira Harrison, conducted final rites.

Palbearers (six grandsons) were Harold, A. D. Clinton, Lousie and Ray Meador, and J. G. Davis. Honorary palbearers were: Dr. A. C. Leslie, Mr. Underwood, Joe and Pope Strayhorn, Lee and Ben Stinson, Joe Monroe, Ben Scott, Ben Smith, Tom Davis, Hugh Taylor, Garand Wolfe, Dr. H. E. Rosser, and O. P. Thrane, Abilene.

Funeral arrangements were in charge of Maples Funeral Home, with interment in Snyder Cemetery.

CROWDER MARKET.
A. R. Crowder has opened a meat market on the south side of the square, one door east of Miles Studio. Crowder is a veteran market man in Snyder.

ROLL CALL TO BE STARTED IN AREA TUESDAY

Chairman Sam Nations Organizing Teams for Conducting Drive in Town and County.

"Everything is in readiness to start the annual Red Cross Roll Call next Tuesday morning," Sam O. Nations, Roll Call chairman, stated Wednesday.

Na ions has a full corps of workers in Snyder who will give everyone wanting to join a chance to enroll in the fall membership drive.

The Roll Call drive, which will close Thanksgiving, is being held to give county people a chance to express their appreciation for Red Cross welfare work done to date in Texas.

Mrs. Carrie Line, Chairman of the Scurry County chapter, says enrollment should be much better than last year, when membership fell under the county quota.

"Rosetime" Will Be Presented At Dunn This Week

The Methodist Women's Missionary Society of Dunn and Dunn High School will present "Rosetime," a musical comedy, in the school auditorium Saturday evening at 7:00 o'clock.

Cast of the musical comedy includes 11 community citizens, besides four choruses made up of 40 school students. Directing is Celeste Mitchell of the Wayne P. Sewell Production Company, Atlanta, Georgia.

"If you enjoy good wholesome fun, come and laugh with us Saturday night," the sponsors say as they cordially invite the public to attend. Admission will be 15 cents for children, 25 cents for adults. Proceeds will be shared by the two sponsoring groups.

In the play Mrs. Morris Ashley, the leading lady, portrays a movie-struck country girl, and her lover is Alvis Gary, whose lovelornness enhances every scene. Other character parts are taken by Pack Johnson, John Sherrill, C. B. Cornaby, Wanda Nall, Mrs. L. L. Nall, Mr. and Mrs. Martin Murphy, Sybil Cope and Cleo W. Tarter.

LIGHT VOTE IN TUESDAY POLL

Returns from Tuesday's election indicated a light vote for Scurry County. Voters passed the votes to W. Lee O'Daniel, with very few votes cast for the Republican nominee, Alexander Boynton.

Incomplete Tuesday night returns from the four Snyder boxes gave O'Daniel 339 votes, with Boynton receiving four.

So far as Scurry County was concerned, the dueling amendment carried by a slight majority.

Very few cared to step outside the bounds of either the Democratic or Republican slate, for both the Socialist and Communist parties received four votes.

Although reports from rural boxes were slow in coming in for tabulation, early reports gave O'Daniel a sweeping Democratic candidates were seconded by an almost unanimous vote.

Hobbs Raises \$125 At School Carnival

Hobbs joined Friday night in the parade of schools sponsoring successful carnivals, when \$125 was raised by a school carnival that featured fun and food.

Sandwiches, hot drinks and cakes were sold by home economics girls, with each class sponsoring a booth. Visitors from Fisher, Scurry and Nolan Counties converged to give Hobbs a good crowd.

N. J. Gullett, superintendent, wishes to thank both Fisher and Scurry County merchants for helping make the Hobbs school carnival Friday night the success it was.

PLAINVIEW OPENS.
Plainview school, under the guidance of Principal W. F. Cox, will reconvene Monday of next week, after being out for cotton picking since the last Friday in September.

BROWNING CAFE.
A combination cafe and short order lunch room has been installed recently in Browning Food Market, making the fifth addition made in the Browning Brothers since their opening of the store 10 months ago.

Everything from coffee, hamburgers and home made pies to malted milk, chili, and plate lunches with milk, chili, and plate lunches are ordered.

THE WAR IS OVER!

The war is over! It was a peon of praise to the Almighty after the Armistice was signed a score of years ago. It came from the throats of millions, conquerors and vanquished.

But armies march on three continents. Men wear uniforms and grim faces. Women stare down the road of blood that may be ahead. Children wonder and . . . thank God! . . . do not understand.

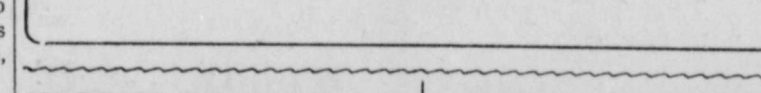

The war is over! The boys who went "Over There" were thankful. Perhaps many of them said in their hearts: "My son and my son's son will know no war."

But the sons of the brave would be among the first to answer the war lord's call. The war is over! It is not true! But peace, like the other ideals of the Man of Nazareth, can be a personal thing if the individual will it. Peace in the heart is more precious than peace on the tongue.

The war is over! And so it will be . . . if men and women enough say in their hearts that peace is sweet, that war is folly.

"In time of peace prepare for war," says the practical man. "In time of peace prepare for peace," says the idealist.

As we pay tribute to whom tribute is due . . . honor to whom honor . . . let us, too, build such a personal and a national consciousness for peace that some day we can truly sing, "The war is over!"

WORK ON LAWN WALL STARTED

Local NYA boys began work Tuesday on a courthouse yard improvement project that will include a retaining wall of native stone and a four-foot flower bed around the entire lawn.

Doll Williams was awarded the materials and equipment contract last week by the commissioners court. Luke Ballard, county agent, landscaped the entire project along modern architectural lines.

Requiring about three months for completion, the courthouse lawn improvement project will employ around 10 to 12 NYA youths, and give a level lawn with guard railing when finished in January. Present plans call for resetting a number of young trees that were killed by late freezes in the spring.

Auxiliary Seeking Members' Support In 1938 Roll Call

"I take pleasure in calling the attention of the members of the American Legion Auxiliary that Armistice Day inaugurates the annual Roll Call of the American Red Cross," Auxiliary President Mrs. H. A. Lattimore said yesterday.

"I hope our Auxiliary members will not only enroll as members of the Red Cross, but that they will also work with the local Red Cross Chapter in the county to bring the Red Cross to full strength."

"Many thousands of our members worked with the Red Cross work in the tragic days of the World War. Others joined in Red Cross work in the succeeding two decades in community plans and disaster work. I especially commend to our younger members—daughters of men who served in the World War—the volunteer service through War Red Cross chapters in their communities."

AAA PROGRAM EXPLAINED FOR TWO COUNTIES

District Field Man and Others Will Talk to Interested Farmers and Ranchers Saturday.

J. W. Doak, district field man with the AAA administration, Luke Ballard, county agent, and speakers with the A. & M. College extension service will explain in detail the 1939 AAA program in the district court room Saturday afternoon, in a two-county farm program discussion that starts at 2:00 o'clock.

Both Borden and Scurry County farmers and ranchers are urged to be at the Saturday afternoon meet, since both counties will be taken as a unit.

This meeting of the county committee, in conjunction with community committeemen from both Borden and Scurry, is a meeting where vocational club members will be welcome.

The Triple A program for 1939 classifies all home gardens as neutral acreage—heretofore gardens have been classified as soil depleting crops.

Notices have been mailed out, but County Agent Luke Ballard wants to remind Borden and Scurry County people again the joint meeting Saturday afternoon will be of the utmost importance to all farmers and ranchers.

PAVING MONEY HAS APPROVAL

Approval of a WPA grant of \$23,724 for improvement of the streets throughout Snyder was announced last week. Mayor H. G. Towle said the project is now eligible for operation at the discretion of the state WPA office.

Paving of local streets has been the major project, with the city hall, of which the City of Snyder has taken advantage during the government spending program. Visitors and government men who have seen the local program in operation declare Snyder is getting some of the best paving available, Towle said.

The present paving program, for which funds have been just about exhausted, is now proceeding on the east side of the school campus, the street on the west side of the campus having been completely paved.

October Gin Totals Not Far Behind '37

Figures obtained from the Bureau of the Census, Washington, and from Ira Sturdivant, reveal county ginnings prior to October 18 total 15,060 bales, while ginnings prior to October 18, 1937, totaled 16,000 bales.

Reflecting this proportion, compared with 1937, ginnings in Texas prior to October 18 touch the 2,421,653 mark, whereas 1937 ginnings for the same date total 3,122,706 bales. Round bales are counted as half bales, with linters not included.

Ginnings by other West Texas counties in this area follow, with 1938 and 1937 figures respectively given: Fisher, 10,779—20,798; Kent, 4,884—3,203; Mitchell, 16,890—15,897; Jones, 25,766—29,683; Howard, 4,354—11,113.

Garza, 4,616—7,487; Haskell, 20,651—18,831; Dickens, 13,354—7,877; and Nolan, 5,634—15,627.

BUFFALOES WIN

At Coahoma Friday afternoon the Fluvanna Buffaloes turned on a fast running game, featuring Rhodes, Moore and Brown, to win 20-0. Coahoma threatened once with its passing attack, but could not get to pay soil.

Ginnings by other West Texas counties in this area follow, with 1938 and 1937 figures respectively given: Fisher, 10,779—20,798; Kent, 4,884—3,203; Mitchell, 16,890—15,897; Jones, 25,766—29,683; Howard, 4,354—11,113.

Garza, 4,616—7,487; Haskell, 20,651—18,831; Dickens, 13,354—7,877; and Nolan, 5,634—15,627.

Holiday Closing

Practically all Snyder stores will be closed Friday, Armistice Day, which is generally considered one of the few "must" closing times during the year.

The post office will offer only box mail service, and of course the bank will observe the legal holiday.

The Times is going to press almost a day early, all papers going to the post office late Wednesday. Instead of Friday and Saturday specials, most advertisers are offering Thursday and Saturday specials.

The WOMAN'S Page

Guest Speakers Are Heard by Club Group

Two guest speakers were heard on Altrurian Club program Friday afternoon, as Mrs. John R. Williams directed a program on Great Britain from the club's study, "National Government and International Relations," by Magruder. The Friday meeting was held at the home of Mrs. W. P. King with Mrs. R. D. English as assisting hostess.

Mrs. J. C. Dorward discussed the Dominion of Canada and presented Mrs. Lex Wilmet, local woman who is a native of Ontario, Canada. Mrs. Wilmet described the country, people and their customs, showing descriptive pictures. Mrs. E. I. Gray talked of India and Egypt and introduced Mrs. D. P. Yoder, who was the other guest speaker. She told the club of her trip to Egypt several years ago.

Bringing Ireland into the lesson, Mrs. F. W. Wolcott, sang "What the Irishman Means by McCrea" and "Take Me Home Again Kathleen," accompanied by Mrs. A. C. Pruitt. Besides the two guest speakers, Mmes. Wilmet and Yoder, Mmes. N. B. Moore and Andrew Schmidt were also guests for the program.

Members present were: Mmes. E. J. Anderson, W. R. Bell, H. P. Brown, English, Gray, Fred A. Grayman, W. W. Hamilton, J. W. Leftwich, Preuit, Lee T. Stinson, J. C. Stinson, J. T. Whitmore, Wolcott, Williams and A. W. Waddill.

"The Home" Topic at Culture Club Meeting

"The Home" was subject for an interesting program heard by the Woman's Culture Club, which met in the home of Mrs. A. C. Alexander Tuesday afternoon. Mrs. H. T. Sefton was program leader.

"Trends of the Day Which Affect the Home" was discussed by Mrs. E. J. Richardson; Mrs. E. E. Weatherbee told "What Constitutes an Ideal American Home;" and Mrs. E. P. Sears talked on "Home Building with Federal Aid." Refreshments were passed by the hostess, Mmes. Howell Harpole and J. O. Morrison, guests, and the following members: Mmes. J. P. Avary, R. W. Cunningham, J. R. Buckabee, Richardson, Sears, D. P. Strayhorn, Sefton, Weatherbee, W. G. Williams, H. L. Wren and Bernard Longbotham.

Next meeting will be with Mrs. J. A. Woodfin, and Mrs. Cunningham will be presented in a review of "On Borrowed Time."

Tropical Islands Discussed by Club

"Art and Music in the American Tropical Islands" was portrayed by costumed Art Guild members at a club meeting last week. The club met with Mrs. O'Dell Ryan, who with Mrs. Maude C. DeBoid and Edith Grantham presented the program.

Mrs. Joe Calton was the only guest for the evening, and the hostess passed a tropical plate to the following members: Quata Barrow, Vera Periman, Ethel Lynn Hays, Willma Shropshire, Frances Boren, Effie McLeod, Jewel Foster, Estella Rabel, Rayolene Smith, Edith Grantham, Mmes. Ivan Hill, Ivan Gatlin, W. P. King, C. W. Key, Glen W. Berry and DeBoid.

PTA MEETING THURSDAY.

The local Parent-Teacher Association will hold its regular monthly meeting next Thursday, November 17, at 3:45 o'clock at the First Presbyterian Church. The program will center on Four-H Club work. Paid memberships received in a recent drive total 149, and leaders urge each of these to attend the November 17 meeting.

Levelland Girl Bride in Service

Announcement of the October 30 marriage of Jack Witherspoon, Snyder, to Madras Jackson of Levelland was made locally last week. The two were married in a simple service Sunday afternoon, October 30, at 4:00 o'clock by Rev. Shepherd, Baptist minister, at his home in Sweetwater.

Romanesque of the two began in Midland, California, where Witherspoon worked for two years. She lived with her parents, Mr. and Mrs. R. E. Martin, in Winterhaven, California, until recently, when the family moved to Levelland. She received her education in California schools.

Jack is a son of Mr. and Mrs. J. C. Witherspoon, long-time residents of Snyder and Scurry County. The Witherspoon family is living in the Union Community, and the newlyweds will make their home there temporarily.

International Peace Discussed by Alpha

Mrs. John E. Sentell was hostess and Mrs. Wayne Boren leader for Alpha Study Club's meeting, at which a program was presented on "International Goodwill" Tuesday afternoon.

Presentation of the afternoon's study was conducted in an unusual manner. Mrs. Boren asking questions, which were answered and discussed by Mmes. J. P. Nelson and J. C. Smyth. Mrs. Nelson's questions centered on "Diplomatic Relations and World Peace" and Mrs. Smyth's on "Economic Relations and World Peace." Mrs. Boren gave a review of "The Cross of Peace" by Sir Phillip Gibbs to close the program.

Shop Owners Are Guests at Dinner

Beauty shop owners of the town were guests of Mrs. Ida Mae Baze for dinner last Wednesday evening at Walon's Cafe. The group had as its guest the state inspector, Johnny Holder.

A new member, Mrs. Bess Fish, who will open a new beauty shop here soon, will present at the next meeting, when Mrs. Lil Jo Colwell will be hostess, December 7.

ATTENDS MEETING.

Mrs. Maude C. DeBoid, Snyder agent for Southwestern Life Insurance, joined other company agents and their wives at the Hilton Hotel in Lubbock last Thursday for dinner and a sales meeting. Charlie O'Donnell of Dallas, company president, was guest for the evening.

Ingleside Discusses Goodwill and Safety

Ingleside Study Club's program on "International Goodwill and Safety" directed by Mrs. J. T. Johnson Tuesday afternoon was instructive and interesting. The meeting was held at the home of Mrs. H. P. Redwine.

Mrs. L. C. Rennals discussed the subject "Let's Advise Against War," and Mrs. King Sides gave a poem, "Sentinels of Safety" by Mrs. Clyde Boren was the feature of the interesting program. Several numbers were presented by Betty Jean Joyce and Mary Ellen Williams, young accordion pupils of Mrs. Earl Louder.

The hostess passed pumpkin pie and coffee to Mrs. P. C. Chenault, the two guest artists and the following members: Mmes. Boren, Tom Boren, W. F. Cox, Johnston, Hal Lattimore, G. H. Leah, Earl Louder, C. C. Mosely, J. M. Newton, T. W. Pollard, R. J. Randals, Rennals, Sides, James E. Spivey and W. W. Smith.

Mrs. Bradbury Is Hostess to Class

Athean Class of the First Baptist Church held its regular monthly meeting last Thursday afternoon at the home of Mrs. J. S. Bradbury. Mmes. B. M. West, Coy Watkins and Bradbury were hostesses.

Mrs. West gave the devotional, and new officers were in charge of the business session. Next meeting will be held in the home of Mrs. A. C. Martin the first Thursday of December. A Christmas party has been planned for that afternoon.

Refreshments were passed by the hostesses to Mmes. W. R. Bell, H. J. Brice, Harvey Shuler, Giles Bowers, Jewell Moffett, A. C. Martin, W. R. McFarland, W. G. Williams, J. W. W. Patterson, J. E. Pierce and C. T. Glenn.

Mrs. Cates Hostess To Daughters Club

Altrurian Daughters met with Mrs. Paul Cates at the home of her parents, Mr. and Mrs. Giles Bowers, Monday evening. Mrs. P. W. Cloud directed the program on art, with each member answering roll call with some work of art and giving its history.

Mrs. Herman Darby gave a paper on "Famous Pictures and Etchings" assisted by Mmes. Herman Dook and J. D. Scott. Thirteen members were present.

Mrs. Dodson Hostess Leader at Meeting

"What Churches Do for the City" was subject for study at the Monday afternoon meeting of the Susanna Wesley circle of Methodist women, as Mrs. Warren Dodson was both hostess and leader. She presented the devotional.

Taking part on program were Mmes. M. W. Clark, W. W. Hamilton, A. W. Waddill and J. P. Avary, who gave interesting discussions. Mrs. W. W. Smith was presented in a vocal solo, "O Master Let Me Walk with Thee," accompanied by Mrs. Hamilton.

Seven e'en members were present, and others are urged to attend next Monday at the home of Mrs. Lee T. Stinson, when the last lesson of the current study will begin at 2:30 o'clock. Mrs. T. M. Howie will open the program with a book review of "The City's Churches."

Fellowship Group Meeting Wednesday

Fellowship Class of the First Presbyterian Church enjoyed a meeting last Wednesday afternoon at the home of Mrs. P. C. Chenault, who also was leader for a Thanksgiving program.

The program opened with the group singing "Count Your Many Blessings," followed by a scripture reading by Mrs. C. R. Roberson. "How Thanksgiving Is Observed in Other Lands" was discussed by Mrs. John Abercrombie, and Mrs. E. H. Lilly read a Thanksgiving poem. The program closed with a general discussion of Thanksgiving by Mrs. S. T. Elza.

Refreshments were passed to the following: Mmes. Elza, J. A. Partner, Lilly, Abercrombie, James E. Spivey, H. P. Redwine, D. F. Wilson, Roberson, Carson and J. W. Woody.

HAS OPERATION.
Mabel Watkins, daughter of Mr. and Mrs. Coy Watkins, arrived home from San Angelo Sunday to spend several months here. The Snyder High School graduate has been in the training school of Shannon Memorial Hospital there since September, and recently underwent major surgery. She will return to the nurses' school early in February.

Executive Board Of PTA Entertain

The executive board of the local Parent-Teacher Association entertained teachers in the local school Monday evening at the home of Mrs. Wraymond Sims, P-T-A president. Assisting Mrs. Sims with hostess duties were Mmes. P. C. Chenault, Wayne Boren and P. C. Chenault.

Seasonable games such as the apple race, indoor football and a November quiz furnished diversion for the group for several hours. A salad course with hot chocolate was served by the hostesses.

SILO CONTEST CLOSING DATE NOVEMBER 26

Harvesting of Cotton and Feed By Farmers Occasion for Moving Up of Final Date

Due to the fact farmers are engaged in the last round up of getting out cotton and harvesting feed, the closing date on the county-wide trench silo filling contest has been moved up to Saturday, November 26. Since no entries were received last week, no \$5 prize was given Saturday afternoon.

Both the Scurry County Chamber of Commerce and the county agent's office point out the fact that at least 45 or 50 unreported silos have been filled within the last month. Silo fillers probably aren't so keenly interested in the weekly \$5 award, but nearly anyone will want the grand prize of \$25.

A goal of 25,000 tons of silage has been set as the county ensilage mark, but to date only 40 per cent—or 9,988 tons—had been reported up to Monday of this week.

Luke Ballard, county agent, stated Tuesday that "hundreds of acres in small grain and bundle feed are falling down in the fields, since farmers have not been prompt in harvesting grain and bundle feed in some instances."

"We want to stress the fact," Ballard said further, "that even frozen feed—if stored before thawing—makes good feed for livestock. Let us be misunderstood, the feed must be put in a silo before thawing, or it will of course kill livestock."

"The reason frozen feed makes edible silage is due to the heat and fermentation process it goes through."

County Income Has Good Play in Star-Telegram's Article

Highlighting the Abilene purchasing area, a Star-Telegram article by Up-hur Vincent, financial editor, gives Scurry County one of the highest farm income ratings in the territory. The article was published last week.

Although Vincent pointed out Scurry County oil income is lower than in some surrounding counties, he emphasized the fact county income this year from cotton alone will amount to \$1,250,000; with \$1,000,000 set as a lint income (on a probable 25,000 bale basis), and \$250,000 from cotton seed.

AAA payments for 1938 are listed at \$18,000 with grain, sorghums, and milo maize adding \$200,000 to county income.

Compared with Mitchell, Nolan and Fisher Counties Scurry County farm income during 1938 is shown to be one of the highest in the 10-county area; although figures quoted by Vincent are based on a very conservative basis—without taking into account produce, cattle and other forms of county farm and ranch income.

Milestone No. 50 Passed by Aged Hermleigh Pair

Another milestone in the married life of Mr. and Mrs. J. M. Appleton went by Sunday as the pioneer Hermleigh couple celebrated their 50th wedding anniversary. Children and their families came for lunch at noon, and numbers of old and new friends called during open house in the afternoon.

A tiered wedding cake with burning candles decorated the dining room, and appropriate gifts were presented to the couple.

The Appleton family moved from Johnson County to Hermleigh 12 years after their marriage, and for 33 years since that time Mr. and Mrs. Appleton have lived in Hermleigh. Mr. Appleton still takes care of his farming interests near Hermleigh.

They have seven children, seven grandchildren and one great grandchild, small Hugh Pat Veale of Austin, who was present for the festivities.

Children and grandchildren celebrating the memorable occasion with Mr. and Mrs. Appleton were the following: Mr. and Mrs. F. A. Wiener and son, F. A. Jr.; Mr. and Mrs. G. L. Stevenson and children, Gordon and Allie Joe, and Mr. and Mrs. Howard Appleton, all of Hermleigh; Mr. and Mrs. Frank Wilson, China Grove; Mr. and Mrs. Ben Scott and children, Billy Jack and Virginia, of Snyder; Mr. and Mrs. Pa' Bullock, Lubbock; Mr. and Mrs. Hugh Veale Jr. and son, Pat, Austin, and Mrs. Lawrence Kramer of San Antonio.

Pneumonia Brings Death to Dunn Child

Olive Joe Ryan, almost three years of age, died in Snyder Wednesday morning of last week, after an illness of five days from croup that developed into pneumonia. She was the daughter of Mr. and Mrs. D. R. Ryan, who live near Dunn.

Funeral service was held Wednesday afternoon, 4:00 o'clock, at the family home, and burial was in the Dunn Cemetery. Rev. Gene Merritt officiated, and Mesles Funeral Home was in charge of arrangements.

"We appreciate all the services rendered in our time of need," says Mr. and Mrs. Ryan.

Miss Kathryn Trevey and grandmother, Mrs. A. Murray, of Snyder enjoyed a birthday in the Scott Trevey home Sunday. Miss Trevey's birthday was Saturday and Mrs. Murray's Sunday.

The "urine" process cooks all possible bacteria that are harmful. So put your frozen feed in a trench silo if you can't fill one before frozen storage results."

Wildlife Board to Be Set Up in Area

J. C. Smyth, co-publisher of The Times, has been appointed a member of the Scurry County Wildlife Planning Board by William J. Tucker of Austin, secretary of the Texas Game, Fish and Oyster Commission.

The Game, Fish and Oyster Commission at Austin is organizing in each Texas county a wildlife planning board, which will provide a medium for closer contact with the citizens of each county.

Local planning boards, according to Tucker, executive secretary, will be composed of interested and informed citizens who can recommend and act in increasing wildlife in nearly all Texas counties.

Each county planning board will make suggestions to the state commission, and work in conjunction with a regional game manager. The state has been divided into 10 regions, with approximately 25 counties to each region.

Still Coughing?

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germy laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Times Writer Leon Guinn Has Articles In "Coyote Wisdom"

Two West Texas newspapermen—Leon Guinn of The Scurry County Times, and John Gould of the Wichita Falls Daily Times—have articles in the annual yearbook of The Texas Folk-Lore Society, Coyote Wisdom, which was released last week.

Home remedies from Scurry County and Notes on Frontier Journalism from the two articles by Guinn. Gould's article deals with the Pie-Biter.

The 14th volume released by The Texas Folk-Lore Society, Coyote Wisdom contains the work this year of 32 contributions.

Guinn's articles, which were originally given in the form of a talk at the West Texas Historical Association's Anson meet in May, 1937, were first published in the 1937 yearbook of the West Texas Historical Association.

Explanation

Once a year the newsboys of a certain district of London are taken for an outing up the Thames, where they can bathe to their heart's content.

As one little boy was getting into the water, a friend observed: "I say, Bill, ain't you soiled?"

"Yes," replied Bill, "I missed the train last year."

A famous old inn claims to own a 60-year-old cheese. It is, of course, still going strong.

"I'm more style some people put on the more creditors they put off."

Which?

Dr. John Erskine went to lecture on Vergil at the University of Chattanooga. Dr. Gerry had never met Dr. Erskine; and when he went to the station to greet him, approached two men, mistaking each for his guest. Dr. Gerry told the educator about it, saying: "I asked one gentleman if he were Dr. Erskine, and he said emphatically, 'I should say not!' I asked a second man and he said, 'I wish I were.' That shows at least one man has read your books."

"Yes, it does," replied Dr. Erskine. "But which one?"

Yes, With a Bang.

Financier: "While some hundreds of fireworks were being prepared for the celebration of my daughters 21st anniversary someone carelessly dropped a lighted match among them."

Friend: "Still, everything went off satisfactorily, didn't it?"

Cotton Wrapping For Cotton Bales Interests Many

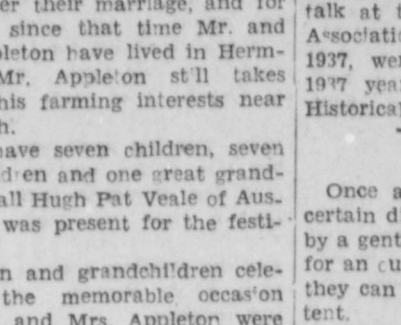

Further proof that a great deal of interest is being shown in the "first" record by Scurry County's use of cotton bagging recently is shown by a letter received this week by the Scurry County Chamber of Commerce from Mrs. H. D. Hockersmith of Vernon, president of the Wilbarger County Federal Clubs.

A portion of the letter by Mrs. Hockersmith follows:

"In regards to the story cut appearing recently in The Ft. Worth Star-Telegram about the use of cotton bagging in Scurry County, please advise in what factory the material is made."

Demonstration Club Notes

Estella Rabel, Agent

Dermott-Martin Club Meets.
Mmes. G. D. and Willie Gibson were hostesses last Wednesday afternoon when the Dermott-Martin Home Demonstration Club met with Mrs. Willie Gibson.

Although Estella Rabel, home demonstration agent, could not be present, the women present spent the afternoon setting a quilt together.

Members present were: Mmes. J. A. Caddell, Albert Smith, J. R. Brown, M. A. Davis, Allen S'ephens, Maxine Kelly, Bessie Perkins, G. W. Flippin, W. E. Boss, H. E. Greenfield, Clint Reed, J. A. Hobbs, Ruth Greenfield and L. A. Periman.

Misses Lurline Greenfield and Johnny Maples, as well as a guest, Mrs. J. H. Gladson, were also present.

The Dermott-Martin Club meets next Wednesday with Mrs. H. E. Greenfield and daughter for an all day quilting.

Members Visit Big Spring.
Eight members of the Lloyd Mountain Home Demonstration Club accompanied Estella Rabel to Big Spring Monday morning, when the Lloyd Mountain Home Demonstration Club broadcast a program over Station KBST during the farm hour program. The Lloyd Mountain Club broadcast started at 11:30 o'clock. Those in the party were: Mmes. Mollie Rosenstein, Mrs. Alvin Koonsman, Jesse Koonsman, Orin Sturdivant, Clarence O'Brian, Vernon Way, Fred Wasson (a Snyder guest), Miss Vera Crumley and Miss Rabel.

After a musical number, a discussion on "Results of the Scurry County Products Show" was given. Another musical number closed the local broadcast.

Fluvanna Club Meets.
The Fluvanna Women's Home Demonstration Club met Friday in the home of Mrs. C. P. Landrum, with a number of women present.

Estella Rabel, home demonstration agent, gave a cooking demonstration, after which the Fluvanna club elected officers for another year.

Mrs. Nellie Smith was elected president, Mrs. C. F. Landrum, secretary, and Mrs. Nell Flournoy council member. Hot chocolate and sandwiches were served by the hostess, Mrs. C. P. Landrum.

A short play with novel numbers will be presented by Scurry County 4-H Club girls at Edorado Saturday, when Estella Rabel, home demonstration agent, and five club girls meet with other club units in a District 4-H Club show.

Exhibits will be shown by girls from Dunn, Fluvanna, Ira, Bison, and Herm's. Exhibits from Turner, Canyon, Pyron and Bethel 4-H clubs will probably be included in the exhibit sponsored by the home demonstration agent.

Members of the Lloyd Mountain Home Demonstration Club will be heard over Station KBST Monday morning from 11:30 o'clock to 11:45. Besides a musical selection, a skit on "Results of the Scurry County Products Show" will be presented. Be sure to listen in Monday morning.

A number of Round Top women were guests of the China Grove Home Demonstration Club. Mrs. Harvey, a member of the Roscoe Club, joined as a member of the Round Top Club.

Those present were: Mmes. Jim Merkel, A. M. Merkel, Carl Hairston, Joe Hairston, N. O. Brown, Stanley Merkel, Jim Wood, Cliff Stevenson, W. M. York, Walter Brown, Sam Williams, D. Smith, Harvey and Estella Rabel.

The China Grove Women's Home Demonstration Club met at the home of Mrs. Jim Merkel Tuesday afternoon.

Included in the Tuesday afternoon meeting were plans for reviewing home demonstration work in Texas at the next club meeting; objectives and relationships; roll call; exchange of Thanksgiving ideas; officer election; and a 10-minute recreation period.

Home Demonstration agent Estella Rabel gave a vegetable cooking demonstration, and again stressed the value of having one starchy and one green vegetable in the daily menu.

"The time for cooking vegetables," Miss Rabel stated, "depends upon their freshness, the way they are cooked, and the temperature kept." Members were given a booklet on

Four From County Tell How Products Show Was Success

Luke Ballard, E. H. Lilly, J. J. Koonsman and C. D. Franks were all speakers over Big Spring Station KBST Monday of last week during the farm hour program.

Speaking on the subject, "Team Work Results in Scurry County Products Show," the speakers highlighted organization set up, exhibits at the Products Show, Scurry County scoring another "first" with cotton bagging, and the county-wide trench silo contest.

Bringing out different angles of the objectives obtained at the Products Show, all four spoke as members of the Central Committee.

Ballard spoke as a committee member. Koonsman as superintendent of the livestock division, C. D. Franks as superintendent of farm crop exhibits, and Lilly as Chamber of Commerce secretary and Products treasurer.

E. J. Anderson, chairman of the Central Committee, and Forest Sears, president of the Chamber of Commerce, were prevented by illness from appearing on the program.

MEETING SCHEDULED.
Regular business meeting of the local chapter 450 of O. E. S. will be held Friday evening, November 11, at 7:00 o'clock. The worthy Ma'ron will make her report of the grand chapter, and important business is to be transacted. Every member is urged to be present—Oma Wren, secretary.

BOX SUPPER SUCCESS.
The combination box and pie supper sponsored by the Lloyd Mountain School Friday night was a "marked success," a Tuesday report stated.

Both teachers and pupils of Lloyd Mountain School wish to express, through The Times, their appreciation to Snyder merchants for many nice prizes, the people of Lloyd Mountain, and all visitors for making the supper a success.

"Conserving Food Value, Flavor and Attractiveness," a valuable pamphlet issued by the U. S. Department of Agriculture.

Mrs. Walter Brown of the Round Top Club and Mrs. Jos Hairston of the China Grove Club reported on their frame gardens. "A good feature in frame gardens," Mrs. Brown stated, "is that one doesn't have to wash greens raised in one so many times. They just don't get as gritty in frame gardens."

Nine members of the Tri-Community Club met in the home of Mrs. Nathan Wade last Wednesday afternoon. After Mrs. Johnson called the meeting to order the secretary, Mrs. Dav, called the roll and read previous meeting minutes.

After a 10-minute recreation period Mrs. Guy Stecker, council delegate, reported on the council held the previous Saturday. Individual roll calls were chosen for the next meeting, and members were requested to have in mind subjects for individual roll calls.

Estella Rabel, home demonstration agent, gave a demonstration in sheets, pillow cases, and covers. She discussed the year's goals in bedroom work. Pamphlets on "Home Demonstration Work in Texas" were distributed and different topics assigned members for discussion.

Next meeting will be held Wednesday afternoon, November 9, at the home of Mrs. Hubert Robinson. All members are urged to be present. Each woman is requested to bring a Thanksgiving menu, and to not "forget your pal."

Sandwiches, cake and cold drinks were served to Mmes. Marvin Lemons, S. T. Joyner, Willie Gibson, John Park, J. C. Day, Guy Stecker, Joe T. Johnston, Emer Gladson, Estella Rabel and Mrs. John Watts, a guest.

Aged Citizen of Snyder, 72, Dies At Home of Son

Death came to Mrs. Barbara Ellen Sutton, 72-year-old Snyder resident, early Thursday morning at the home of a son, A. R. Sutton, after a lingering illness. Final rites were held at the First Baptist Church at 3:00 o'clock Friday afternoon. Rev. Cone Merritt conducted funeral services.

Survivors are: four sons, M. M. and C. W. Sutton, Dolores, Colorado; Roy, Quay, New Mexico; A. H. Verlyn, the daughter, Mrs. Homer Foster, Muleshoe, Texas; and 13 grandchildren.

Born Fannie Jones July 30, 1866, at San Saba, Mrs. Sutton moved to Floyd County in 1886 when the first caravan of settlers were "setting up" this Plains county. She moved to Snyder three years ago.

Palbearers were Joe Brown, Raymond and Bill Grimmitt, Ralph Neal, Back Connor and Mont Popelvy.

Funeral offerings were in charge of Thadde Ask'n, Leola G. Immitt, Helen Singletary, Joyce Singletary, Fern Woody and Betty Jo Teart. Mable General Home was in charge of funeral arrangements, with interment in Hillcrest Cemetery.

First Methodist Church

We have in our hearts the deepest of gratitude for the members of our church, and the people of Snyder as a whole. Through four years you have helped us generously and constantly with the responsibilities we have tried to bear.

In view of your kindness causes us to make another request of you. Please help us out with next Sunday's services. This will be the final Sunday of the conference year, and should conclude our relations with you it will be a fine thing to remember as a high water mark in our religious experiences.

If we are permitted to continue present relationships next Sunday's service would be symbolic of a great start for another year.

But what ever the future may hold for us, it will be worth while for us to put our very best efforts to the gospel wheel Sunday. May we have your help? We shall be reading you very much.—H. C. Gordon, pastor.

Mr. and Mrs. Frankie Hall of Odessa were guests the latter part of last week of the Ed Darby and Lando Halls in Snyder. Mrs. Clint Fedrine and small daughter of Odessa also visited in Snyder last week with their parents and grandparents, Mr. and Mrs. Jess Garner.

Topsoil Lost, Told by Kinsman of Local

Mrs. A. F. Beck whose son-in-law, K. T. Lofton, is junior soils technologist with the Garber, Oklahoma, conservation camp, furnishes The Times with a text of remarks made by Lofton recently. Lofton's wife is the former Frances Belk of Snyder.

The remarks, printed in The Enid Morning News, Enid, Oklahoma, follow: "Taking virgin pasture areas as a yardstick to measure the loss we find soil has lost an average of from 25 to 30 per cent of the top soil in the last 30 to 40 years.

"Less erosion occurs on more level areas, but appreciably more on rolling areas. Not only is soil lost, (on all unprotected areas), but land fertility has been greatly reduced.

"Sheet erosion is responsible for a great loss of plant nutrients, but sheet erosion can be controlled to a large extent on more level areas by farming on the contour. On more rolling areas terraces will reduce erosion, and assist in maintaining soil fertility."

LaFrances Hamilton of McMurry College, Abilene, spent the week-end with her parents, Mr. and Mrs. W. W. Hamilton, and brother, William. She was accompanied to Sweetwater Sunday afternoon by the local people, and from there went back to school with her roommate, Johnnie Watson, who lives in Sweetwater.

Walter L. Camp of Dublin, former Snyder city marshal, has been visiting in Snyder with his sons, Junior and Henry, and families, and also greeting old friends.

Mrs. Carl England, Elaine Crowley, Audrey Yarborough and Mrs. Florence Connell of Los Angeles, California, who is visiting with the Wilson Connells in Kent County, spent the latter part of last week in Fort Worth.

Red Neal Stands Out With Kicking As Dunn Downed

Hard-hitting Bobby Johnston of Dunn was the best man on the field Friday night as Snyder's aimless Tigers won from the Class C Owls, 14 to 12. He did almost everything for the visitors, mostly toting the ball for long gains.

But it was the toe of stubby Red Neal, who has kicked nine out of 10 after-touch punts for he looks this season, that finally won the ball game. Neal, who has been bad at fumbling when he runs with the ball, put his unerring toe into the leather as Snyder's stand-out after for Snyder second in the third quarter, and after the redhead himself scored in the final ground.

Johnston tallied for Dunn in the record quarter from the five after a 40-yard pass from Damron to Pills put the ball in scoring position. The big toe went across in the last period on the first play from the Snyder 24-yard line after Dunn's first but alert line had blocked one of Shields' punts. It was the prettiest run of the game, with Bobby throwing off four or five tacklers.

Jimmy Wells, a tight but holding substitute back, sithered through the Dunn line for three consecutive first downs near the close of the game, and only the whistle probably kept him from all line. First downs were 14 to eight for Snyder.

J. D. Scott, who returned last Tuesday night from Dallas with Mrs. Scott and seven-year-old Joe Dave, reports that Joe Dave is greatly improved. The Scott child has been taking treatments in a Dallas hospital.

BRONCHIAL ASTHMA

Just a Few Sips and—Like a Flash—Relief!

Spent a few cents today on any drug store for a bottle of RUCKLEY'S MIXTURE (triple acting)—by far the largest selling cough medicine in all of cold Canada. Take a couple doses at bedtime and enjoy a good night's rest. One little sip and the ordinary cough is "on its way." Continue for two or three days and you'll hear little more from that tough old "hass-on cough" but nothing seems to help—if not joyfully satisfied—money back.

EYE to EYE in your own living room, Your Mileage Merchant would unblinkingly talk this same good sense about saving your car's battery and oil by changing now to WINTER OIL-PLATING

NO BRASH "sounding off" by Your Mileage Merchant, because he can easily be specific about his patented Conoco Germ Processed oil. It specifically OIL-PLATES your engine for winter... no other oil does. And winter OIL-PLATING specifically cuts down on draggy "starts," battery exhaustion and oil extravagance, for these specific reasons:

The Germ Process adds in to this oil a patented man-made substance that sets up a strong force of attraction between Germ Processed oil and every engine surface it touches. Even the upright surfaces instantly attract and hold Germ Processed oil in the form of lasting OIL-PLATING. This OIL-PLATING can never drain down—any more than chrome plating—during the longest, coldest parking. No question then, about winter OIL-PLATING speeding your starter from the first, because before you've even got out your key, your engine is ready-lubricated by slippery OIL-PLATING. Never letting loose, OIL-PLATING can't shoot out of the engine, but remains a constant help to your oil-level—one of the smartest reasons for changing to Your Mileage Merchant's Conoco Germ Processed oil. Patented—your one way to change to WINTER OIL-PLATING!

OIL-PLATING GUARANTEED TO LUBRICATE BEFORE ANY OIL CAN CIRCULATE

MANY PLAN TO BE AT SCHOOL

That hundreds of Scurry County women plan to be at The Times Free Cooking School November 21, 22 and 23 is proven by many inquiries that have reached the paper during the past few days.

The feature picture, "Star in My Kitchen," will be seen on the Palace Theatre screen during the afternoon of each day, beginning at 2:30 o'clock. Many manufacturers and local merchants are cooperating to make the school the most successful of the four cooking schools offered free by The Times during the past few years.

Wage-Hour Law Puzzles Most of Firms in Snyder

A survey of Snyder business houses reveals the confusion is yet the order of the day so far as most firms are concerned with the Federal Wage and Hour Law. Snyder National Bank and Fuller Cotton Oil Company are observing Wage and Hour Law regulations.

Tuesday reports are to the effect: State Highway Department employees are not yet under either the minimum or maximum wage-hour provisions. Attaches at the Roscoe office of the Roscoe, Snyder, and Pacific Railroad state they have not yet received an official ruling for railroad employees, nor have local offices of the Santa Fe Lines.

Press releases from the Washington offices of Wage and Hour Law Administrator Elmer Andrews are yet confusing, but the substance of statements is to the effect America's low (or minimum) wage earners, who number over 12,000,000 need a floor under wages and a ceiling over hours.

The Wage and Hour Law in brief was passed to achieve as rapidly as possible Congressional objectives of a standard 40 hour work-week, with a floor (some employers say an upstairs) of 40 cents an hour on wages.

"The act of October 24 sets a minimum hourly wage of 25 cents for persons employed in interstate commerce and the production of goods for interstate commerce," so says The Fort Worth Press.

"A maximum standard work week of 44 hours is provided for with regular pay, and overtime rates of time and one-half the usual rates. Oppressive child labor is outlawed from the start."

"If we do nothing more," President Roosevelt stated before the Wage and Hour law passed, "than outlaw child labor (minors under 14), we will have accomplished at least one main objective."

An impartial survey of all Snyder firms does not yet indicate the hour law will have much effect on Snyder employees in general, except as stated in regards to bank and oil mill employees.

During the political campaign a candidate strolled into a newspaper office: "Look here," he cried. "You have been printing lies about me in your paper."

"That's right," replied the editor. "I know it, but what would you do if we told the truth about you?"

DO THIS FOR YOUR CAR NOW—

TO AVOID THIS EVENT LATER!

Did the Freeze Catch You Unprepared?

It's Better to Be a Week Early Than a Day Late!

This week brought the first weather cold enough to freeze the water in radiators. It was not quite cold enough to do any serious damage, but the next cold night may catch your car with water in its radiator and make necessary costly repairs.

It's better to be a little early than a day late, so why not get a fill of Prestone tomorrow and be on the safe side? Prestone is economical because it can be saved from year to year, offering absolute protection to your car's radiator.

Prepare your Car for Cold Weather

When it's cold enough for you to wear an overcoat, it's cold enough to use lighter grease and oil in your car. Insure easy driving during the cold weather by having your car "Winterized" now. Just drive into our station and we'll take care of it.

We sell many accessories that will take much of the discomfort out of cold weather motor car operation, such as Hot Water Heaters, Defrosters, Windshield Fans, Radiator Covers, etc.

The Ford Motor Company Announces TWO NEW FORDS
Ford V-8 Tudor Sedan with 60-hp. engine, \$624*—with 85-hp. engine, \$664*
DE LUXE FORD V-8: Provides all the basic Ford features, with extra luxury. Remarkable amount of equipment included in price. Hydraulic brakes. 85-hp. V-8 engine. Sets a new high for low-priced cars—in appearance and performance. Prices begin at...\$684*

AND THE NEW MERCURY 8 for 1939
MERCURY 8: An entirely new car. Fits into the Ford line between the De Luxe Ford and the Lincoln-Zephyr. Distinctive styling. 116-inch wheelbase. Unusually wide bodies. Remarkably quiet. Hydraulic brakes. New 95-hp. V-8 engine. Prices begin at...\$894*

• The new cars in the Ford Quality Group for 1939 give you a broad choice. Whichever you choose, whatever you pay, you'll get top value for your money. That is true of the lowest priced car or the highest. All have one important thing in common—inherent quality.
Their quality comes from fine materials, precision workmanship, and from the fact that back of these cars is the only automobile plant

of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.
Things are happening in the automotive world this year! Nowhere is the advance marked than in the Ford Quality Group. See our dealers before you buy any car at any price.

Does Anyone Want \$5?

Human nature is a funny animal—and the Scurry County Chamber of Commerce trench silo contest proves it.

Interest in the contest was keen in the beginning, but it has been so light recently that two of the weekly \$5 awards have not been claimed by anyone.

If there were a catch to the proposition, or if it required much effort on the entrant's part, the failure of trench silo diggers to tell of their work could be understood. But any person in Scurry County who has filled a trench silo of any size in 1938 has an opportunity to get the \$5 simply by filling out a post card, or by taking five minutes any day to enter his silo at the Times office or at the Chamber of Commerce office.

The Chamber of Commerce had only one object in view in offering the \$5 weekly—to interest trench silo fillers in storing feed for the lean years that are certain to come.

Lack of interest just goes to show... well, it just goes to show that human nature that doesn't care for a \$5 bill is a funny animal.

Take It or Leave It

It's a hard fight with a short stick for those who favor the domestic allotment plan—or any other plan except the government plan—for cotton growing, marketing and planting. Uncle Sam, when his agencies are led by propagandists who have the public pocketbook and free mailing privileges at their disposal, has a tremendously effective system against those who oppose him. He simply floods the mail sacks and the countryside with printing and men that travel at the public's expense, while the opposition must dig for funds to push its platform.

The present program should be learned by every farmer and every business man. It should be carried out as effectively as possible; and it is thinkable that after several years of hitting at and missing it may hang up a hit this year. Certainly, the local representatives of the AAA are doing a great job of carrying out difficult instructions.

But the principle of using the big government stick on domestic opponents is un-American, just as Hitlerism and Mussolini-ism are un-American.

If any reader thinks The Times is slightly radical in the matter we invite him to inspect the deluge of franked mail that goes into the newspaper post office box every week. Some is fine, and it is used with pleasure and profit by this newspaper; but some of it is obviously the work of propagandists whose chief concern is to protect their own jobs.

Certainly no one can deny that this and other flagrant abuses of New Deal power had much to do with the Republicanward trend in Tuesday's national elections.

A Favorite Gripe

One of our favorite "gripes" is the out-of-town salesman or other visitor who deliberately runs a red traffic light in Snyder. By his attitude he seems to say: "I'm in a hick town now, so I am not obligated to obey traffic signals as I would be if I were in my home city. I'm just a little better than these folks, anyway, and I'm in a hurry. To heck with the red light!" One of our leading ambitions is to see one of these self-styled "big shots" nailed before city court and given the stiffest fine possible if his holier-than-thou attitude persists.

Did You Get Yours?

Did you get your bargains? They were here for you Monday, for a number of merchants had some of the snappiest buys you'll see this season. Snyder's First Monday Dollar Day has become an institution, and hundreds of shoppers proved it this month.

Snyder Will Help

The Will Layne Post of the American Legion will have a big job early in December, when it entertains delegates to the 19th District convention. But the hard-working buddies and Auxiliary members will not be forced to do the job alone. Snyder and all Scurry County are behind them, and will do their bits. By the way, let's make our business houses, homes and entire city as attractive as possible for the occasion. The visitors should not be greeted by slovenly alleys, unkempt stores and careless yards.

It is interesting to note that steam engines were used in early day automobiles before the gasoline engine came into being, the steam idea having been done away with as soon as gasoline engines were perfected to the point they could actually be depended on. And now it looks like the automobile of tomorrow may be using butane gaswater, if recent experiments prove encouraging. More powerful than gasoline by far, butane fuel is a liquid that has to be stored under pressure. Like other high rating fuels, only the vaporized portion is usable, which would call for radical changes in carburetor designs. Doubtless a movement should be started to stop this experimenting with butane, since gasoline evidently is too powerful already for our class of reckless car drivers.

To one who looked out upon a white walled landscape of snow Monday morning about the time the eastern sky began to glow with the first penciled rays of coming dawn, it was a landscape that hinted of autumn's last breath; a reminder that Old Man Weather can pull some choice punches just when they are least expected.

People who have been here 35 years and longer cannot remember a general snow that fell as early in the fall, however, as this pre-Armistice Day blanket that draped blooming roses with silver spangles of another world—a world of barren trees and brown earth where winter reigns as king. For some reason or other, there seems to be a direct connection between a snow-capped horizon and Armistice Day—a mantle of grace that bespeaks peace (for the time) for the America the Constitution signers hailed so gladly by the dawn's early light.

It's a little hard to believe, but the fact remains the Chamber of Commerce is offering to pay some farmer each week for filling a trench silo, but farmers have been so busy the past few days they haven't stopped long enough to get \$5 for one good act of harvesting.

The whole idea behind the trench silo contest has been to teach our farmers and ranchers the value of feed conservation, but the prospect of hundreds of feed acres having been half-wasted by allowing feed to fall on the ground is a pretty sorry recommendation for the years when our acres may fall to grow feed for forage.

Among other things discovered by certain members of the American Dental Society—Dr. Leland R. Johnson of Chicago for instance—is the discovery that thumb sucking can cause teeth to be misplaced, or malocclusion to occur. If, then, this babyhood pastime of sucking one's thumb (which is occasionally indulged in by larger children), can cause a misplaced angled row of teeth, one hates to think what damage may be caused by children shifting gears on all-day suckers, or clamping down on holiday rock candies.

Dr. Johnson further reports a study of thumb sucking histories show that "habit" is a factor in throwing teeth out of line. While we do not doubt that Dr. Johnson has made some timely improvements in other lines of dental surgery, his thumb-sucking theory is still something that has the sound of the incredible in it. If this thumb theory holds up, some hitch hikers children ought to have permanent teeth that look like a row on L's run together.

Americans can talk and play both six-man and 11-man football a great deal, without putting the foot work in it like Hawaiians do. At Honolulu, for instance, all football men play barefooted, which calls for plenty of adhesive tape and foot lotions between time-outs and halves. Of course it might be a sneaking bunch, but something tells us the old ex-football players in Hawaii ought to prove some mighty green pastures for corn doctors.

Say what one may know about the universal adoption of cotton bagging in the South, the fact remains that Scurry was the first West Texas County to actually use cotton bagging for wrapping 1938 cotton. It's rather gratifying to note that Texas A. & M. College, some federated women's clubs, and others are now climbing aboard the cotton bagging band wagon.

Weak point in cotton bagging at the moment lies in the pertinent pointer a'l-cotton wrap weighs only four and a half pounds, against a weight of 12 pounds for jute and sisal fiber wrap. If arrangements could be made to have cotton bagging weigh the standard 12 pounds (as used for other type wrapping), present consumption figures for cotton bagging figures would be tripled. Advocates, then, would have something there!

Attaches of the State Department have suddenly changed the tenor of public remarks abroad, especially in regards to the U. S. armament program. The speech made by Sumner Welles last week, for example, when he addressed a group of South American countries, has the sound of diplomatic sword rattling with silk gloves on.

In a world torn about by the speeches of such men as Hitler, Mussolini, and Stalin, it is comforting to know America will not idly stand by if peace in the western hemisphere is endangered. But such bold statements as Welles made should not be interpreted to mean the United States ought to put a chip on a figurative shoulder for some other nation to knock off. That blessed moment 20 years ago, when the nations of the world laid down arms for democracy's sake ought to serve as a gesture of a permanent goodwill.

Tired of passing the collection plate in the usual manner, Rev. Grant Robinson of the Walton, New York, First Methodist Church is sponsoring a plan whereby every congregation member takes out \$1 instead of putting any money in. Only provision is that each \$1 be profitably invested and returned—with interest. If this take-a-dollar move were to become widespread in our churches, every church in the land would be filled to capacity—as long as the shekels lasted.

Arvil Martin Lead Dunn Club Report Is

At their Wednesday meeting, the Dunn 4-H Club perfected plans for another year's work.

Other officers elected were: V. Allen, vice president; Damon, secretary; and Linsley, reporter.

Since the Dunn 4-H Club organized a year ago under the leadership of B. Hicks, a teacher, the club boys have sprung big show, made at the Fall Sock Show at Ft. Worth, and sent representative to the A. & M. College Short Course.

The Dunn boys also attended a 4-H encampment at Christoval. The Dunn Club now has a membership of 25, with a well rounded schedule for another year's work.

Bobbie Johnson gives the following report of a trip made by 17 Dunn 4-H boys to the Von Roeder Seed Farms at Knapp last Monday.

"We arrived at the Von Roeder Farms about 10:00 o'clock. The farm contains about four sections in orchards, pastures, and farm land. Cemen's von Roeder met us, and showed us around the seed farm. He and Nolan von Roeder explained the methods of breeding cotton, which was very interesting.

"We greatly enjoyed an explanation of steps given by Clements von Roeder in hybridizing cotton, for instance. In making a cross plant, a bloom that is beginning to open is closed up with a paper clip. Around noon the paper clip is taken off, bloom petals are pulled off, and pollen from another bloom is dusted on the stigma.

"Plant selection itself is an interesting step. Stalks with characteristics desired are picked, and rows planted from the seed of the selected plants. From rows so planted enough seed is obtained to plant about a 10-acre block. Block seed are then used for commercial production."

Sunday morning's sermon will be based on the subject of "The Different Classes of Hitch-Hikers on Our Highways." I had opportunity to see the different classes last week when I came back from New Mexico.

Do you ever let hitch-hikers ride? I do not, for I consider it a dangerous business.

Sunday school will start at 9:45 o'clock. BTU at 6:30 o'clock Sunday evening, and preaching services at 7:30 o'clock.—Ira Harrison, pastor.

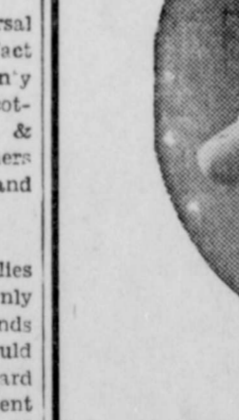

Mrs. E. M. Deakins returned home Monday from a week's visit with her son, Jack Deakins, and family in Floydada. The Floydada man brought his mother home and visited briefly in Snyder.

Lone Wolf Meeting Talks of Watershed

Luke Ballard, county agent, Edward S. Hyman, assistant, and William Holder of the Farm Security Administration attended the Lone Wolf watershed meeting held at Valley View Wednesday night.

The watershed meeting, which started at 8:00 o'clock, was held at the Mitchell County site to determine the best water conservation policies for the area.

"Bill" Lerner, conservation service assistant, was principal speaker of the evening.

Steps are being taken whereby the Soil Conservation Service furnishes technical planning; Farm Security Administration financing; and county agents the cooperative planning to get a new watershed conservation program underway.

Check up on your office supplies. The Times can supply you.

Those who accompanied Estella Rebel, home demonstration agent, were: Irene Brown, Dunn; Payden Glesson, Hermleigh; Rossa Carmichael and Minnie Sue Landrum, Fluvanna; Ellen Sorrells, Blison; and Mildred Wright, Ira.

Rossa Carmichael and Irene Brown presented a skit entitled "I'm Glad I Moved Back to Scurry County," written by Irene Brown. "One Square Meal," was given by Minnie Sue Landrum. The number was highly complimented.

The 1938 District 4-H Club girls show will be held at Lamesa next August.

Gordon Rogers, student in a Weatherford business college, spent the week-end in Snyder.
