

## Plans for Bigger Rodeo Fostered

### OFFICIALS MAP EVENTS SLATED TO HELP SHOW

Pre-Rodeo Plans To Be Highlighted By Two-Day Advertising Trip To Towns in This Area

Preparatory to making the fourth annual Scurry County Rodeo here August 9-10 one of the biggest affairs of its kind in West Texas, Scurry County Rodeo Association officials mapped Tuesday night a full calendar of forthcoming events, leading up to and including the Friday-Saturday rodeo.

Thursday night, August 1, rodeo officials will stage at Wolf Park the annual supper for stockholders and rodeo helpers. The feed is expected to attract a 100 per cent attendance of stockholders.

A "rootin', tootin'" program of fun and music that will appeal to old and young alike will be the pre-rodeo rally that will be staged Saturday night, August 2, on the court-house lawn. Speeches, music and other forms of entertainment will be furnished.

Highlight of pre-rodeo activities will be the two-day booster trip Monday and Tuesday, August 5 and 6, advertising the county's fourth annual boots and saddle roundup.

Rodeo officials, planning to make the booster trip the show of its type on the road this year, state a large truck, equipped with a stage, will go along with the goodwill trippers. Entertainment programs, packed with dynamite, will be presented at each city visited.

And on August 9 and 10, the two festive days of the Scurry County Rodeo, all Scurry County is expected to turn out for the events that are attracting entries from all sections of West Texas.

A parade will be staged both days of the fourth annual rodeo, with parade prizes to be awarded each day. Cowgirl sponsors from Scurry County communities, as well as participating cowhands, will ride in the parades in full cowhand regalia.

Plans were mapped this week for having local business houses to close a portion of the time on the opening day of the rodeo so that store employees may get a first-hand view of what is scheduled to be the "best and greatest" rodeo to be staged in this entire trade area.

## Faculty at Fluvanna Schools Completed

Completing the Fluvanna School teaching faculty for the 1940-41 term, E. O. Wedgeworth, superintendent, announced Tuesday that two new teachers have been added to the Fluvanna instruction staff.

Two new teachers added are Miss Patsy Cook of Abilene Christian College, who will teach high school English, and Miss Allene Ott, also an A. C. C. student, who will teach speech and grade work.

Other Fluvanna faculty members, as announced by school board members, are:

Wedgeworth, superintendent; Gilbert Mize, principal; Buford Browning, vocational agriculture; G. B. Floyd, home economics; Mrs. N. Noel, Mildred Cornelius and Tommy Paquhar, physical education.

## Ira Cemetery To Be Improved Saturday

Those who have loved ones or friends interred in the Ira Cemetery were extended an invitation this week by cemetery officials to participate in an all-day working of the Ira Cemetery Saturday.

Mrs. Owen Miller, treasurer of the Ira Cemetery organization, states that tools will be needed for the clean-up campaign. Those who desire to contribute funds to pay the expense of a worker Saturday are requested to contact Mrs. Miller as soon as possible.

## School Transfers To Be Made by August

Roy O. Irvin, county superintendent, reminded county school patrons this week that transfer of all county school students requiring transfers are to be made prior to August 1.

"Many people," Irvin said, are a little confused over transfers, and believe that high school students do not require transfers. Such is not the case.

"All students who will not attend school in their home districts should be transferred as soon as possible, and before August 1. Prompt attention to this matter will not only be greatly appreciated by the county superintendent's office, but by county school superintendents as well."

## COUNTY DEBT RECORD SHOWS NICE DECLINE

Net Reduction of \$143,360 During Past Three Years Revealed in Check-Up by Times

Scurry County finances, compared to what they were three years ago, are in excellent shape.

This fact was brought to light this week when a Times reporter obtained figures in the county treasurer's office showing that total county indebtedness has been reduced by \$143,360.25 during the past three years.

Total indebtedness on April 1, 1937, was \$584,860.25, whereas on April 1, 1940, total county debts had been scaled down to \$441,500.00.

Figures, showing total indebtedness reduction from April 1, 1937, to April 1, 1940, respectively, follow:

Courthouse, jail and permanent improvement—from \$115,842.18 to \$93,500.00.

Special road issues, 12-10-1918, from \$91,000 to \$63,000.

Road and bridge indebtedness, from \$287,972.88 to \$192,000.

General fund indebtedness, from \$90,945.19 to \$59,000.

Total reductions, therefore, amount to \$177,390.25, less the special road bond issue of May 15, 1939, which was \$34,000, giving a net reduction of the total quoted earlier in this article, \$143,360.25.

Interest in the courthouse, jail and permanent improvement funds, together with interest on special road bonds and general fund indebtedness has been scaled down from the former six per cent level to as much as three and a half and four per cent in some instances.

Scaling down of the county's debts at the rate of approximately \$47,700 per year for the past three years has resulted in a strikingly brighter picture so far as county government is concerned.

## Third Community Night Program to Be Staged Friday

Third of its kind to be presented in Snyder this summer will be the Community Night program, sponsored by the local WPA recreation project, which will be staged Friday evening in Snyder School gymnasium.

Preliminary to the formal program will be a softball game at 7:00 o'clock Friday evening on the school grounds between a local white boys' team and a colored boys' team.

Formal Community Night program, which begins at 7:30 o'clock in the gymnasium, will be featured by tap dancing, musical numbers and a presentation of local amateur talent, Edward J. Strout, project supervisor, reports.

Boxing events will also be on tap for attendees. The entire program is free. Strout joined Wednesday with other attaches of the recreation project in extending an invitation to the public to attend the program of fun, fellowship and entertainment.

Not only were city officials and employees guests of the fire boys for their annual feed presided over by Chief N. W. Autry, but preachers of the town were invited guests also.

In general charge of preparing the food was Chief Melvin Newton. Chicken, gravy, pickles and all the trimmings that go with a festive occasion of this nature were included in the menu. Lemonade for attendees was prepared by Buddy Martin.

Spokesman of the evening was Rev. C. H. Ward, local Presbyterian pastor, who praised highly the work of fire department members in keeping fire losses in Snyder, by their prompt action, at an amazingly low level.

## W. R. Bells Attend Florists Convention

Mr. and Mrs. W. R. Bell left Monday at noon for the Texas Florists' Convention that is being held this week at the Adolphus Hotel, Dallas. Approximately 1,000 florists from all parts of the state are attending the Monday through Friday sessions of the conclave.

Highlight of the state florists convention is being woven around lessons in designing and growing. Mr. and Mrs. Bell, who wrote back Wednesday they were "enjoying the gathering immensely," are expected to return Saturday night.

## A Sane Fourth

Careful checks made Friday reveal that the people of Snyder and Scurry County observed one of the sanest Independence holidays last Thursday marked up in the county during the past five years.

In lieu of the usual masses of tangled steel and iron that resulted from automobile accidents on the Fourth of July last year's Thursday quietness fell as a benediction to the ears of county residents who, as a rule, shudder to total up aftermath damages of holiday celebrations.

"I believe," Mayor H. G. Towle of Snyder said Saturday, "that Snyder and Scurry County set a unique record last Thursday in recording a safe and sane observance of July 4. We should set as our goal not a single fatality to mar the beauty of other holidays that will be commemorated as the seasons come and go."

## New Residence Will Be Open for Visitors Sunday

Beginning Sunday afternoon at 1:00 o'clock, open house for public inspection will be held at the newly finished Howell Harpole residence, 3211 Avenue U. The home will be open for inspection until 7:30 p. m.

Begun two months ago, the Harpole residence received finishing touches this week to make it one of Snyder's outstanding new homes.

A modern trend of brick veneering is evidenced in the home, with common brick having been used for outside walls, then given four coats of white paint. It was built through the FHA plan of financing for Mr. and Mrs. Howell Harpole and their children by Burton-Lingo Lumber Company.

Lighting fixtures are of the indirect type, diffusing soft, ample light for efficient sight. A large double garage of frame construction occupies the northwest corner of the lot on which the residence is located.

Representatives of the builders will be on hand Sunday afternoon to explain details of the home, methods of construction and other features in which visitors will be interested.

## Snyder Team Meets Bronte Nine Sunday

According to informative sources, Snyder hardballers will be facing one of the best teams in West Texas Sunday when they go to Bronte to seek their seventh win of the season.

The Fourth of July found the local team beating Sweetwater to the tune of 3-1. This was the third game this season in which Snyder has turned the Sweetwater tide.

A return game with Bronte will be played at Winston Field Sunday, July 20.

## TRAPPER AT DERMOTT

Officials of the Scurry County Trappers Association reported Tuesday afternoon that people of the Dermott community are highly pleased with the government trapper who went to work in the northern county community last Saturday. The county trappers' organization was perfected three weeks ago to secure the services of a recognized trapper for the Dermott and adjacent communities.

## JULY 4 RODEO AND PICNIC WAS RED-LETTER DAY FOR SHARON

Last Thursday was a red-letter day in the history of the Sharon Ridge community.

From the 3,500 people that gathered in the Riss Bishop pasture by 9:00 a. m. last Thursday to celebrate the first anniversary of the Sharon Ridge oil field to the record crowd of 4,000 people that congregated by 3:00 o'clock in the afternoon, the all-day celebration was an event without parallel in the history of the community.

Attendees gathered at the picnic and rodeo grounds, one mile north and two miles west of the Sharon store, from an area that included Lubbock on the north, Big Spring and San Angelo to the west and southwest, to Stamford and Dallas on the east.

Opening event of the all-day program was goat roping at 9:00 a. m., followed by a snappy softball game. Thirty-four hundred people, including oil operators from a wide section of West Texas, were on hand for the free barbecue dinner, with trimmings, that was staged at the noon hour.

First event of the afternoon was an old-fashioned wild mule race, with Jesse Sorrells copping first money in this event.

In the afternoon's second event,

## MAGNOLIA TO SINK NEW TEST TO SOUTHEAST

Spudding of Well on W. R. Sterling Tract This Week-End Attracts Attention of Oil Groups

Focusing the attention of operators to the southeastern part of the Sharon Ridge oil field, Magnolia Petroleum Company announced Wednesday the spudding of its No. 1 W. R. Sterling test in the south-west one-fourth of Section 130.

The Magnolia-Sterling test, located 330 feet from the south and west lines of the southwest one-fourth, Section 130-97-H&TC, is scheduled to be spudded over the week-end.

Attention was also focused late Wednesday to the northwest part of the field when Ordovician Oil Company's No. 1 R. O. Bishop, located in the southeast corner of the northwest one-fourth, Section 145, cemented 10-inch pipe at 500 feet.

Most interesting test of the week was D. & R. Oil Company's No. 1 W. F. Burney test, 250 feet from the north and west lines of the northeast quarter, Section 143, which was drilling at 1,700 feet, in line.

This test, which is running high and looking good, topped the salt at 646 feet, "free air" at 1,087 feet, and the marker lime at 1,471 feet. It is the pool's next indicate strong producer.

F. W. Merrick's No. 4 First National Bank of Snyder test, northwest quarter of Section 130, was drilling at 1,870 feet.

Mudge Oil Company's No. 3 Alva Johnson (Grace Holcomb) Section 142, was drilling past 871 feet.

To the northwest of Snyder, Coffey & Guthrie's No. 1 J. Wright Moor test, considered one of the county's most important wildcats during the past two years, was drilling late Wednesday night at 4,333 feet, in line.

In the southern edge of Mitchell County, and indicating a southward extension of the old Ira pool, B. H. S. Oil Company's No. 1 M. A. Berry, located in Section 93-57-H&TC, was preparing for its potential test.

Repair work made necessary on casing that split when the well was shot delayed completion early part of this week of Haynes' No. 1 C. L. Gable, important Northwestern Mitchell County test.

The well, shot with 520 quarts from 1,598 to 1,700 feet, sprayed oil and gas into the air for 30 minutes after being shot.

It will be recalled Hilburn's No. 1 Sira was temporarily delayed in being completed when casing split in it. This producer, which has been placed on pump, is located in the southeast corner of Section 82, Block 97, and is just one mile south of Ira production.

## Final Softball Game Slated Friday Night

Last softball game of the current season for the Scurry County Softball League will be played Friday night to determine the winner.

Section No. 2 will vie with Ira for this top spot.

Until last Friday night Stinson No. 2's invincible ten had led the league without a loss. With Ira's unleashing of a third-inning blitzkrieg, the loop-leaders were swamped for their first game this season.

Up to this time the Stinson team had won nine games with no losses, followed closely by Ira with seven wins and one loss. In the cellar at the close of this season were the Lions and Union, both teams having three wins and six losses.

## More Highways In Area Get Attention

### NORTH-SOUTH ROUTE PUT IN BASKET AGAIN

Commissioners of Three Counties Confer on Designation Plan for San Angelo-Pampa Road

County Judge Sterling Williams, accompanied by members of the Commissioners Court, met Wednesday afternoon with the county judges and commissioners of Kent and Dickens Counties, respectively, at Claremont for the purpose of discussing highway designation of the Snyder-Claremont road.

Judge Williams and members of the Scurry County Commissioners' Court reported a considerable amount of good accomplished toward designation of the Snyder-Claremont road, which would close one of the last gaps in Highway 101 from San Angelo to Pampa.

Members of the county commissioners Court pointed out, on their return, that the gap in Highway 101 from Snyder to Claremont was one of the last remaining gaps to be improved before this vital highway from San Angelo to Pampa is completed.

Highway work is progressing nicely this week on the short strip south from Dunn to the Mitchell County line, and when completed will leave only the Snyder-Claremont gap as the unfinished portion in this section.

Highway officials have long pointed out the need of a direct, all-weather route from San Angelo to Pampa, especially since Highway 101 connects en route with vital East-West highways.

### Club Boys and Girls Leave For A. & M. Monday

Seven Scurry County 4-H Club girls and 20 county club boys, together with their sponsors and nine county Home Demonstration Club representatives, invaded Texas A. & M. College Monday morning with club and home demonstration representatives from all parts of Texas for the annual A. & M. College Short Course.

More than 2,500 people, representing approximately 68,000 4-H Club members throughout the state, were on hand for opening of the thirteenth annual Short Course.

Greetings were extended to the boys and girls by L. L. Johnson and J. W. Potts, in charge of boys' work, and Miss Onah Jack, state club agent, on behalf of girls' work.

H. H. Williamson, director of the extension service, paid special tribute to the 200 who were selected as Gold Star winners during the year.

Rev. Elmer Dunham, former District Eight missionary, will speak on the "Vacation Bible School," with reports from churches in the two counties scheduled to precede special music and announcements.

"The Church's Place in My Life," by Rev. W. C. Harrison, District Eight missionary, will be followed by adjournment for lunch.

W. M. U. and board meeting at 1:00 o'clock Tuesday afternoon will be followed by special music and business that may come up for consideration. Rev. L. L. Trout of Rotan will speak on the "Six Point Record," and Rev. Arthur Travis on "A Victorious Life."

### Gail's New Reservoir Filled After Rains

Gail's northern water reserve, completed recently at the Borden County seat by Dewey Everett, contractor, is brimming full of water this week, a delegation of Gail people staided here Tuesday.

The reservoir, one of the few of its type built anywhere in the southwest at a county seat city, is 338 feet wide and 446 feet long. When full, the reservoir holds 3,560,158 gallons of water.

Recent rains have not only filled the Gail reservoir, but resulted—due to pressure back of the wall—in the rock veneer wall around the court house lawn collapsing in two places. Prompt action by workmen resulted in the rock wall being repaired this week.

### Food Locker Plant at Hermleigh Planned

Plans for installing a frozen locker plant at Hermleigh within the next 60 days, with a capacity of 150 food lockers, was announced Tuesday by community leaders working on the project.

C. B. Bentley, Hermleigh School vocational agriculture teacher, being assisted by W. O. Moore, H. C. Campbell and Floyd Kiser, is working up the community frozen food locker plant.

"We're making good progress in getting customers lined up for our proposed plant," Bentley stated Tuesday afternoon, "and we hope to have more good news about the locker plant to release in the near future."

### Your Girl Next?

Somebody's little three-year-old girl was playing along the edge of the sidewalk on the square's north side Sunday morning, and was having a grand time until she darted out into the street.

Unfortunately she ran smack into the path of an oncoming car from the east, resulting in this little girl being knocked breathless. Rushed to a local hospital, she was soon revived, and the cut places left by steel and tin taped up.

This little girl, who went back to somebody's house still scared, but a lot wiser, wasn't seriously hurt, but the incident brought home to mothers and fathers the fact that the next little child injured in an accident might be—despite precautions—yours, or the neighbor's just across the street.

### Locker Plant Is Put In Operation By Piggly Wiggly

Snyder's frozen food locker, located in the back of Piggly Wiggly store, was placed in operation Monday.

The plant, which has 100 food lockers in operation, has room for 200 more, which will be installed as the need for them arises.

C. V. Morris, co-operator of Piggly Wiggly, and the person who has been pushing the project of a frozen food locker for Snyder, states virtually all of the lockers in operation have been reserved by patrons from all parts of the county.

Rendering a new service to the people of this trade territory, the food lockers will make available the year around refrigeration for poultry, beef, pork and other meat products.

The public is extended an invitation by Morris, Buster Curtis and Leighton Griffin, store operators, to visit the new plant, first to be completed in the county.

### Baptist of Area to Meet Tuesday with Church at Midway

Good attendance is expected to feature the July meeting of the Mitchell-Scurry Baptist workers' Tuesday at Midway Baptist Church, in the eastern part of the county.

Song service at 10:00 a. m., directed by Lawrence Deavers, will precede the devotional, to be given by Rev. Buster Edwards. Following a message by Rev. Cecil Rhodes on "Incentives to Win Lost Souls," special music will be provided at 10:45 a. m.

Rev. Elmer Dunham, former District Eight missionary, will speak on the "Vacation Bible School," with reports from churches in the two counties scheduled to precede special music and announcements.

"The Church's Place in My Life," by Rev. W. C. Harrison, District Eight missionary, will be followed by adjournment for lunch.

W. M. U. and board meeting at 1:00 o'clock Tuesday afternoon will be followed by special music and business that may come up for consideration. Rev. L. L. Trout of Rotan will speak on the "Six Point Record," and Rev. Arthur Travis on "A Victorious Life."

### Fluvanna Students in All-Star Play Cast

Billy Sims and John A. Stavelly, 1940 graduates of Fluvanna School, who are attending the speech institute at NTSTC, Denton, will have parts in the all-star cast of "What a Life" that will be presented at the college Friday night.

Rose Marie Clawson, who is also attending the speech institute, is a co-director of the play Sims and Stavelly are appearing in, and was a director of the play, "Fixin's," the two Fluvanna boys appeared in.

### Kayal Store Will Be Ready to Open Soon

Completion of flooring work and placing of shelving featured remodeling work activities this week at the Kayal Department Store, west side of the square. The new store is located in the building that formerly housed Snyder Hardware & Implement Company.

R. N. Kayal of Lamona, owner of the new store, states remodeling work probably will be finished within the next 10 days. Formal opening date for the store will be announced in next week's Times.

### ANOTHER GAP IN HIGHWAY 15 TO BE CLOSED

15-Mile Stretch in Borden County Scheduled to Come up for Bids Not Later Than October

Highway construction projects in the Abilene District for the 1941 fiscal year call for an expenditure of almost \$1,000,000, including a \$206,000 project on Highway 15 in the eastern part of Borden County, S. J. Treadaway of Abilene, district highway engineer, announced Monday.

The State Highway 15 project in Borden County, which will complete one of the final gaps left open in the East-West Highway, will be a grading and drainage structure job 15 miles from one mile east of Gail to the Scurry County line.

Estimated cost of this 15-mile stretch of Highway 15 improvements will be \$206,000, Treadaway said. Engineers are at the present preparing plans and specifications on the project, with contract expected to be let not later than October.

A Kent County project included in the \$1,000,000 program of the Abilene District for the highway department's new fiscal year is United States Highway 380, eight miles from Jayton to connect with state highway 70, east of Claremont.

This project, scheduled for letting July 23, calls for grading and drainage structures, at an estimated cost of \$70,000.

### Guardsmen Make Good Records at Sunday Shooting

In some spirited competition Sunday afternoon on Company G's rifle range, L. A. Crenshaw, John C. Fortis and George D. Bills attained the rank of expert riflemen.

To attain the rank of expert, Captain Tim O. Cook of Company C points out, a marksman must hit 225 out of 250 eight-inch bulls'eyes at a distance of 200 yards. Crenshaw scored 229 hits, Fortis 227 and Bills 226.

Albert Ray Irion and Willie T. Morrow attained the ranking of sharpshooters. Irion plunked a high average of the 250 bulls'eyes, with Morrow training closely behind.

Of the 17 Company G members who took part Sunday afternoon in the rifle range events, 16 qualified as marksmen. In reaching this rating the boys had to score at least 190 out of 250 bulls'eyes.

Captain Cook reports that Company G will be represented full strength at summer guard camp maneuvers, which will be held at Cravens, Louisiana, from August 3 to August 24.

### Officers Elected by Pyron FFA Chapter At Wednesday Meet

Regular meeting of the Pyron FFA chapter last Wednesday night at the Pyron School was highlighted by the naming of chapter officers for the ensuing year.

The following officers were named:

Ernest Schattel, president; Arnold Pieper, vice president; B. J. Moore, secretary; Woodrow Adams, treasurer; Herman Seale, parliamentarian; Hardie Bowman, reporter; LeRoy Light, watch dog; Arthur Lee Pieper, song leader; and Robert Glass, historian.

Ernest Schattel and Woodrow Adams held the same offices last year they now hold. B. J. Moore and LeRoy Light were also FFA chapter officers last year, but in a different capacity to what they now serve.

Following the meeting, refreshments of feed tea and cookies were served.

### Jim Woody Injured While Cleaning Gun

Jim Woody, operator with Mrs. Woody of the Palace Sandwich Shop north of the Palace Theatre, received a foot wound Sunday morning at their east Snyder residence when a gun he was cleaning accidentally discharged.

Woody, resting well in a local hospital late Wednesday night, will probably be released within the next few days. Most serious hurt sustained by Woody was a portion of a right toe which was shot into bits.

## Who's New In Scurry County

Mr. and Mrs. Homer M. Spence, five miles west of Snyder, a son, Robert Franklin, born Sunday night at the Spence home.

Mr. and Mrs. W. M. Smyrl, Snyder, a baby boy, born Tuesday night in a local hospital.

Mr. and Mrs. Eugene Pinkerton, a baby boy, born Saturday night.

Mr. and Mrs. W. P. Thompson of Sharon, a baby boy, born several days ago.

## Farene Isaacs Weds Earl Harris of Abilene In Sunday Morning Service

Farene Isaacs, daughter of Mrs. J. D. Isaacs, became the bride Sunday morning of Earl Harris of Abilene in a simple ceremony at the family residence in the Northwest Snyder. Rev. W. F. Ferguson, pastor of the First Baptist Church of Slaton, former Snyder pastor, performed the rites before members of the immediate families and a few friends.

The wedding was the fourth performed for the Isaacs daughters by Rev. Ferguson during the past several years. Farene is the baby daughter of the family.

The bride had resided with her mother in Snyder until about three years ago, when she went to Abilene as an employee with the Southwestern Bell Telephone Company, following transfer from the Snyder office of the phone company. She is a graduate of Snyder High School, having been a member of the 1935 senior class. Popular during her school years here, she attained high scholastic honors in her high school career.

Mr. Harris, son of Mr. and Mrs. J. G. Harris of Abilene, has been head of the credit department of Thornton's Department Store in Abilene for several years.

The bride wore a blue lace frock with white accessories for the ceremony. For something old she wore a pin belonging to her maternal grandmother. Her going-away costume was a brown jacket suit, with matching accessories.

Immediately following the ceremony the couple left for a honeymoon trip to the Gulf Coast, visiting Galveston and other cities on their tour. Following their honeymoon the young couple will be at home in Abilene at 350 Peach Street.

Out-of-town guests for the wedding included the bridegroom's parents, Mr. and Mrs. J. G. Harris, and children, Eleanor and Luther Guy; Mrs. J. J. Deshaio and children, Dick, Neil and Jack, of Muleshoe; Mr. and Mrs. Ellsworth Graham and boys of Roscoe.

Methodist Women In Educational Meet

Missionary society of the First Methodist Church met Monday afternoon, 4:00 o'clock, in the church basement for an instructional and educational meeting.

Devotional for Monday afternoon's gathering was given by Mrs. M. W. Clark. Her scripture reading was from Ephesians, Chapter Six, verses 10 to 20.

Mrs. D. P. Yoder gave a special musical number and Mrs. L. H. Butler presented a very timely talk on "Missions on the Mexican Border." Closing prayer was led by Mrs. Lida M. Hardy.

## Living at Ralls

Mrs. Medlin Carpenter, shown above, and her husband have returned from their wedding trip into New Mexico to their new home at Ralls to live.

The bride, formerly Hazel Pollard of Snyder, daughter of Mr. and Mrs. T. W. Pollard, is a graduate of Texas Technological College, Lubbock, and has been teaching the past two years in the Ralls High School.

Baptist Women in Business Session

Meeting Monday afternoon at 4:00 o'clock with Mrs. A. C. Alexander, 2908 Avenue U, members of the W. M. S. of the First Baptist Church had a very interesting business meeting that preceded a study lesson. Mrs. B. M. West presided at the business gathering.

Theme of the study lesson was taken from the book, "Things We Should Do."

Plans were made at Monday afternoon's meeting for some 60 boys and girls of the local First Baptist Church to attend the annual young people's encampment at Big Spring this week.

Those who attended the W. M. S. meeting were Mrs. Hollis Browning, Jack Inman, H. E. Rosser, J. M. Newton, Wilford, B. M. West, Edger Taylor, Roy Irvin, J. S. Bradbury, J. R. Reeves, J. A. Woodfin, Dan Hamill;

Melvis Neal, Ira Harrison, O. S. Williamson, J. W. W. Patterson, A. P. Morris, G. H. Leath, J. E. LeMond and E. F. McCarty.

## Demonstration Club Notes

Estella Kabel, County Agent

### SPEAKS ON TOMATOES

"Probably no one ever provided sunbonnets for ripening tomatoes," Miss Estella Kabel, home agent, reports, "but when the July sun focuses its rays on the tender skin of a tomato it is too apt to become sunburned or blistered.

"Direct exposure to the sun is a hindrance rather than an advantage in getting tomatoes to ripen properly," Miss Kabel said.

"For tomatoes of highest quality, harvest them as they begin to turn pink and allow them to color in a cool, shady place. Fruits left on the plants are exposed to the sunlight and often ripen too rapidly. Nature provided foliage to protect the fruit from the sun, but where the plants are trained to the stake and the suckers pinched off, the foliage is not always adequate."

### RABEL SPEAKS AT MEET

China Grove Home Demonstration Club met July 2 in the school building with the Scurry County home demonstration agent, Miss Rabel, present.

The club members present answered roll call with useful suggestions, and each member paid her 5c dues. "Mattress Making" was the subject discussed by Miss Rabel. She urged all club members to attend a mattress-making center and also gave out booklets on "Mattress Making on the Farm."

"Around the Dining Table" was a very interesting topic made by the county agent. She told the club women how to set a table and plan a meal.

"It's tomato time in Texas," said Miss Rabel. "The tomato has a past that it has lived down. It is America's contribution to the world. Early explorers carried it back to Europe with other 'nuggets of gold,' where it was regarded first as a curiosity, and then as a poisonous plant, and finally as the 'love apple.'"

Italy first recognized the tomato as a prized food plant, and it was grown there for nearly three centuries before it came back to America to be acclimated instead of despised. Since 1835 it has had a permanent niche in American gardens.

Miss Rabel told how to serve tomatoes a different way each day, and she told the women how to can tomatoes—the subject being very interesting as well as educational. The tomato is rich in vitamins and low in caloric value, attractive in color, tasty in flavor, juicy and refreshing, the county agent said.

Miss Rabel gave the members another useful booklet on "Vegetable Cookery"—which contained recipes on how to cook and prepare vegetables. Baking a vegetable in its skin saves practically all the food value, and steam is a good method of preparing vegetables, Miss Rabel stated.

"Our grandmothers gave us saffra tea, sulphur and molasses or 'store bought' tonic to 'tone up' the blood each spring, but today toning-up is done by including protective vegetables in the diet, which is certainly more pleasant," the club women were told.

The next meeting of the club will be held July 17 in the school building. Club members are urged to make the attendance record 100 per cent.

Mrs. Emil Slovacek Jr., daughter of Mr. and Mrs. Billy Wilsford, is spending this week with relatives here. Miss Frances Buchanan accompanied Mrs. Slovacek here from Friona.

Mr. and Mrs. J. R. Truss and Mrs. Mary B. Shell spent Sunday with the Charles Shells in Colorado City.

Mr. and Mrs. Ollie Bruton Jr. and small daughter, Patricia Ann, of Lubbock, were week-end visitors of Mrs. Velma Bruton, 2701 Avenue U.

Mr. and Mrs. Jack Boren and two children, Robert Lee and Patsy, and Mrs. Lee Boren, all of Long Beach, California, are here this week visiting with the Hugh Boren and A. O. Scarborough families. Jack Boren, who is connected with the Standard Oil Company of California, is here for the first time since he left Scurry County as a lad eight years of age.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition. Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juices; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

## Mrs. Sam Stokes Hostess to Sew Club

Hostess to members of the Sew-All-Sew Club last Tuesday afternoon at an enjoyable gathering was Mrs. Sam Stokes at her residence in East Snyder.

Sewing and discussion of new stitches, tatted materials and needlework on fine fabrics occupied the attention of attendants.

Those present were Mrs. C. L. Banks, Tudor, J. L. Martin, Chapman, Stevenson, Voss Weems, J. P. Billingsley, and Miss Lillian Martin. Other club members were away on vacations.

Next meeting of the Sew-All-Sew Club will be held Tuesday afternoon at the home of Mrs. Dick Henderson.

## Family Reunion at S. R. Fickas Home

A highly enjoyable time was in store for those who gathered in the S. R. Fickas home in East Snyder over the week-end for a family reunion.

Present for the festive affair were four daughters, Mrs. M. P. Field of Albuquerque, New Mexico, who had not been here in 14 years, Mrs. A. M. McBurnet of Brownfield, Mrs. J. J. Taylor of Beeton and Mrs. W. R. Bell; two granddaughters, Mrs. Harden Joyce of Brownfield and Mrs. Verlie Shearer of Lubbock, and a great grandson, Billie Boles, of Lubbock.

Mrs. C. C. DeGraffenried and daughter, Patsy Ann, her mother, New Mexico, spent a week in Snyder recently with the J. R. Reeves family. Mrs. Reeves and DeGraffenried are sisters. Mrs. Reeves, her daughter, aPatsy Ann, her mother, Mrs. B. Z. Perry, who has been here the past two months, and the Melrose visitors, Mrs. Sam Beecher, in Abilene, whom they had not seen in 11 years. In Knox City the group visited another of Mrs. Reeves' sisters, Mrs. J. W. King, and before going home with Mrs. DeGraffenried they spent a few hours with their only brother, J. B. Perry of Fletchton. Mrs. Reeves and Patsy Ann returned this week from an eight-day visit in New Mexico.

Mrs. John Keller returned home Friday after spending two weeks in Fort Worth and Marlin. She brought her daughter, Wynona, home from Texas Christian University, Fort Worth, where she has been a student the past school semester. Wynona will spend the major part of the summer here and with her grandmother, Mrs. J. R. G. Burt, in Dumas.

Gwen Gray of Abilene was a week-end visitor in Snyder. Mrs. Clyde Shull of Seguin and Mrs. Bob Davenport of San Angelo are guests this week of their parents, Mr. and Mrs. L. D. Green. Tippy Burns, granddaughter of the Greens, returned here from San Angelo, where she has been visiting with the Davenports for two weeks, and will accompany the San Angelo couple to Seguin to spend July 4 as guests of Mr. and Mrs. Shull.

The A. N. Addison family of Plains, former Scurry County people, were in the county during the week-end to visit with Mrs. Addison's mother, Mrs. S. C. Wilson, other relatives and friends.

Milton Joyce and Dot Winston were visiting in Lubbock last week-end. Milton attended a reunion of the Ex. Shari social sorority at Texas Tech Friday and Saturday.

## UNION GIRL IS BRIDE SUNDAY OF PLAINSMAN

A marriage of much interest to the people of this area was solemnized Sunday morning, 10:00 o'clock, at the home of the bride's parents in the Union community, when Mary Belle Carrell became the bride of Fred F. Gilbert of Plainview.

Preceding the ceremony, Mrs. Holly Shuler, a close friend of the bride, sang Carrie Jacob Bond's "I Love You Truly," and during the ceremony played Victor Herbert's "Sweet Mystery of Life."

Rev. J. M. Tinkle, pastor of the Union Chapel Methodist Church, read the ceremony before an arch of honeysuckle and roses, which was flanked on both sides by bouquets of ferns, topped bouquets of pink roses.

The bride, youngest daughter of Mr. and Mrs. J. L. Carrell, long-time Union community residents, was attired in a lovely two-piece frock of navy sheer A. paca, with white embroidered organza blouse.

Mrs. Gilbert wore a straw off-face hat, and had accessories of navy and white. Her shoulder corsage was of pink carnations. For something old she carried a white linen handkerchief belonging to her mother.

Mrs. Gilbert, an honor graduate of Snyder High School, attended Los Angeles College at Los Angeles, California, and West Texas State Teachers College, Canyon. For the past few years she has been teaching in Hale Center, near Plainview.

Mr. Gilbert, son of a prominent pioneer family of Hale County, is the son of Mr. and Mrs. E. A. Gilbert of Plainview. A graduate of Plainview High School, he is a local woman's sister, Mrs. Sam Beecher, in Abilene, whom they had not seen in 11 years. In Knox City the group visited another of Mrs. Reeves' sisters, Mrs. J. W. King, and before going home with Mrs. DeGraffenried they spent a few hours with their only brother, J. B. Perry of Fletchton. Mrs. Reeves and Patsy Ann returned this week from an eight-day visit in New Mexico.

Mrs. R. W. Cunningham and daughter, Mattie Ross, left Tuesday with their daughter and sister, Mrs. Herman Aweas, for Wichita Falls to spend a week as guests of Mr. and Mrs. Aweas.

Mrs. E. L. Darby, Mrs. Frankie Hall and daughter, Harolyn, and Wanda Jean Sims, returned Monday morning from Clayton, New Mexico, where they spent several days with Mr. and Mrs. Billy Boren and family. The Snyder group also made a trip to Colorado Springs, Colorado. Bobby Sims returned with the local people.

Mrs. Ross H. Howard of Atlanta, Georgia, who spent last week with her parents, Mr. and Mrs. D. P. Strayhorn, left Friday for her Alabama home.

Mrs. E. L. Darby, Mrs. Frankie Hall and daughter, Harolyn, and Wanda Jean Sims, returned Monday morning from Clayton, New Mexico, where they spent several days with Mr. and Mrs. Billy Boren and family. The Snyder group also made a trip to Colorado Springs, Colorado. Bobby Sims returned with the local people.

Mrs. Ross H. Howard of Atlanta, Georgia, who spent last week with her parents, Mr. and Mrs. D. P. Strayhorn, left Friday for her Alabama home.

## Smith Adams Honor Kin at Dinner

Mr. and Mrs. Smith Adams were host and hostess to a group of relatives at their home in West Snyder, 2806 Avenue J. A sumptuous luncheon was followed by a general get-together in the afternoon.

Those enjoying the occasion were Mr. and Mrs. J. M. Allen of Snyder, Mr. and Mrs. Doyle Farmer and daughter, Lanelle, of Hermleigh, Mr. and Mrs. Jack Elliott and children, Lois Gwendolyn, Betty Evelyn and Don Allen, of Odessa, Lois Delbert and Odell Allen of Snyder, and the children of Smith Adams, Billie Ray and Bonnie Fay. Two guests besides relatives were Ruby Adams and Richard Jackson of Waco.

Callers at the Adams home in the afternoon were Mr. and Mrs. Ernest Henley and twins, Lenora May and Leola Fay, of Lubbock, and Mr. and Mrs. D. T. Pierce and children of Snyder.

Mr. and Mrs. J. A. Guinn, 2611 Avenue X, who have been visiting relatives and friends the past three weeks at Ennis, Kaufman, Fort Worth and Dallas, returned last Thursday afternoon.

Week-end guests of Mr. and Mrs. W. D. Harral and son, Max Wayne, were Mr. and Mrs. H. L. Harral, their son, Malcolm, and daughter, Wanda, of Happy. Unusual relationship exists between the two families—the Happy man is the local man's brother, and Mrs. Harral and Harral are sisters, thus the visiting youngsters are Max Wayne's double-cousins.

Mr. and Mrs. J. M. Harris and son, Martin, of Austin arrived in Snyder last Wednesday for a visit with local friends. The former Snyder residents were greeting friends around the square before business houses closed Wednesday. Mrs. Harris is to be the guest of Mrs. E. J. Anderson and other local friends for a week, and the former Snyder lawyer and Martin left today for a Colorado fishing trip.

Mrs. T. J. Thompson left Wednesday for Dalhart to spend a month visiting there with her son, R. M. Thompson, and other relatives in that vicinity—Lubbock, Amarillo and Vega. Mrs. R. M. Thompson, her daughter-in-law, Mrs. Raymond Thompson of Vega, and the Vega woman's two-year-old daughter came here to drive Mrs. Thompson to the Plains.

Relatives visiting Mrs. Mollie Pinkerton and family over the Fourth of July were Mrs. Billy Counts and son, Jimmie, of Colorado City, Mr. and Mrs. Dwain Caple and sons, Morris and Norris, of Sweetwater, Barton Church of Chicago, Illinois, and Warren Church of Wolf City.

## New Pinafore

Something new in the way of pinafores. This one is of white cotton pique, tailored with jutting pockets. Photo made at Sea Island Beach.

## Crowders Honored At Bridal Shower

Mrs. T. F. Bryce of the Ira community was hostess Saturday night at a bridal shower given for Mr. and Mrs. Antive Crowder. A large number of friends attended the gathering, at which Mr. and Mrs. Crowder received many lovely gifts.

Refreshments of cake, punch and cookies were served to the attendants. Mr. and Mrs. Crowder, recently married, are residing a mile south of Ira. Mrs. Crowder, prior to her marriage, was Miss Odie White.

Wedding announcements at Times.

## Fellowship Class Meets Wednesday

Fellowship Class of the First Presbyterian Church met last Wednesday afternoon, 3:30 o'clock, at the home of Mrs. Mary B. Shell, 2411 Avenue L.

During a short business session, with Mrs. S. T. Eiza, president, presiding, members discussed selling the bricks in front of the church for the purpose of paying the church debt. It was decided to offer the bricks for sale at five cents each.

Mrs. J. A. Farmer led an enjoyable discussion on "Prophecies of the Bible." Mrs. Shell, as hostess, served delicious cookies, punch and mint, to the following: Mrs. C. H. Ward, P. C. Chenault, John Abercrombie, J. A. Farmer, S. T. Eiza and Horace Ree, members; Mrs. Mattie B. Trimble and "Grandmother" Buchanan, guests.

Mrs. Warren Sturgeon and daughter, Alberta, teacher in Kermit Schools, arrived home last Wednesday from a two-week vacation trip to New York City and into Canada. Millard Carter Jr. of Goose Creek met the two in Dallas, returning home with them to be their guest for several days. Carter, who has visited in Snyder before, left West Texas Tuesday for Goose Creek.

Mr. and Mrs. J. P. Nelson left Tuesday morning for Carrollton, Alabama, upon receipt of word that Nelson's sister had passed away late Monday night. The local post office employee and his wife are expected to return this week-end.

# two keys to a cabin

John went into the house. Lamps were lit in the wide hallway. The warm air made his face burn. He took off his coat and went to the table beneath a gilt-framed mirror. The day's accumulation of mail lay there in a tidy heap. John ran through it rapidly. Nothing from Gay. There had been nothing for three days. That was not unusual, though. Sometimes he received two letters a day. Again several days would pass without a message from her. He'd hoped there would be something today. Her letters were graphic, amusing, affectionate. He enjoyed them. Well—

He stood looking at a post-card from Dr. Sargeant. A crescent moon reflected itself in dark blue water. A round white tower, a lighthouse, perhaps, rose against a star-strewn sky. A slim red boat with a half-fueled sail lay at anchor against a strip of land where dark trees grew. Constantinople—Phener Bagtche. The lettering conveyed nothing to his mind, but the boat reminded him of the red canoe at the lake. He stood thinking of the cabin of Gay—

A voice addressed him. He turned to see Abbie descending the stairs, walking heavily, her hand sliding along the rail, her white apron crackling with starch, her round high-colored face wreathed in an amiable smile.

"Hello, Abbie," John said. Abbie had lived with the Sargeants for years. She was more a member of the family than a servant, as Hulda was in his mother's home.

"You in for good?" she asked, halting at the newel post.

"I hope so."

"I'll have supper on in half an hour. You sure your ears aren't frost-bitten?" she asked with kindly concern.

"It's just coming in where it's warm that makes them red."

"I'd advise you to rub snow on 'em," Abbie said. "It's a heathenish life a doctor's called on to live. I don't know why, at your age, you're so set on it. Give me the word if you're called out, so I can set something in the oven."

The office was shadowy with dusk. John switched on a light and dropped into the chair at the Doctor's desk. Dr. Sargeant would have known how to handle that whining creature he'd called on this afternoon, he thought, lighting a cigarette. He, himself, had been unable to sympathize with the woman who had poured into his somewhat embarrassed ears a stream of self-pity and imagined symptoms. His examination had checked with notes on the case he had found in the Doctor's files. Physically, she was as sound as a nut. His sympathy had been all for her husband, poor wretch.

No, definitely, he hadn't a bedside manner. John pulled the desk memorandum toward him. There were fewer notations than usual written in the clear handwriting of Miss Sprague. Dr. Sargeant's secre-

tary and office nurse. One notation was made in writing quite different from Miss Sprague's. It asked him to call the Congress Square Hotel, Room 201. No name was appended. A guest, perhaps, who required the services of a doctor. He should make the call. In a few minutes when he'd gotten warm and had finished his cigarette—

He would be glad when this period of marking time had passed and he could go on with the work he enjoyed. John tilted back in his

He would be glad when this period of marking time had passed.

chair and propped his feet on the desk. He would never be happy in a practice. He liked the stark facts of science, unconfused by human emotions, the crystal hardness of truth that could be checked and proved. He had thought that he might experiment a little on the side. Perhaps he could when he had become more accustomed to the routine of office hours and calls. For the present he was too tired when his long day had ended to do anything more exciting than read for a little or talk to Mary Adams, before he went early to bed.

The crescent moon and the red boat on the postcard the Doctor had sent recalled the cabin again. He should have had a letter from Gay. She had been in Florida when last he had heard from her. It was impossible for him to imagine the life she lived there. As always, when his mind dwelled upon the dissimilarity of their separate environments, a chill of apprehension settled about his heart. He comforted himself by recalling the night she had seen him off at the station in New York. But a great many Wednesdays had passed since then and she had not come.

The memories of her which he liked best to recall went back to the time they had spent at the cabin. He found himself skipping over the visit to New York. There was, he thought, deliberation beneath that apparently subconscious evasion. When he recalled the visit to New York, incidents presented themselves which demanded clear and logical thought. It was more pleasant to feel about Gay than to think. Now, while she was so far away from him, when anything might be happening, it was disturbing to think.

He should begin again the experiment he had abandoned at the cabin. If he could become interested in something of the sort, he would stop this useless brooding over Gay. It was that, he admitted to himself with reluctant honesty, rather than fatigue or lack of time which

## Cotton Still Is King In South and Base For Farming Labor

"King Cotton in Scurry County, or elsewhere in Texas can't turn back or give up even though the future looks dark," declares Dr. A. B. Cox, University of Texas cotton marketing authority.

He said national and world conditions indicate that Texas and West Texas farmers will not be able to retain their former income and dominant position in the cotton industry.

"Yet even if we wanted to withdraw from the foreign markets, it would be impossible," he declared. "Cotton is the very base of employment in the South. To reduce the crop permanently will disrupt our whole economic and social order and cause misery beyond our ability to now visualize."

Decline in Texas' cotton empire has come about through rising production in other countries and lower prices he said.

Dr. Cox suggested that for the United States to meet the crisis for the best, she should:

Eliminate the effects of above-market-price loans on cotton to permit cotton to flow continuously into world markets at competitive levels.

Lower costs of production; improve quality of Texas cotton.

Encourage economical production and change present methods of making cotton allotments.

Direct all federal subsidies toward improving the efficiency of agricultural productivity and the desirability of the farm as a place to live.

Make a greater effort to discover new and more economical ways to manufacture and use cotton.

An International Band Concert, featuring American, Mexican and Canadian bands, is being planned for Army Day, at the State Fair of Texas, which observance will be on Sunday, October 6th, when a huge defense demonstration will be held.

The State Fair of Texas, now recognized as the most beautiful, as well as the largest in the world, is the result of the old "Dallas County" fair, first organized in 1856.

had prevented his original plan of converting the small room in which the Doctor kept supplies into a laboratory. In his leisure moments, when he was not actively engaged in keeping together the Doctor's practice, his mind was so filled with thoughts of Gay that there was no room for anything else. It was likely to be harmful and certainly a waste of time. He must stop it.

He would call the hotel. Miss Sprague was almost terrifyingly efficient. She would be sure to ask him if he had when she returned for the evening office hours. He took his feet from the desk, sat forward, reached for the telephone—

Todd Janeway was in Palm Beach. Gay had spoken of it in a recent letter. He was attractive. There was a strong bond between Gay and him. He remembered how she had looked the night they had coasted on the Janeway estate, when she had returned to him after climbing the slope with Todd, rested, relaxed, eager to be with him again. She had broken away from Todd and come swiftly to him, smiling through the fire-light.

How strong was that bond? Had his trip to New York convinced her that she had made a mistake? He wouldn't think of it. His hand reached for the telephone again, halted, knotted into a fist—

A rap sounded at the door. He ignored it. At a second rap, he wrenched his thoughts from an imaginary scene on a moon-lit beach in Florida and made a somewhat irritable reply.

## Farmers Warned To Avoid Fraud Experts of AAA

Attaches at the county agent's office reported Tuesday that reports have reached the state AAA office at College Station that persons in some areas of Texas have set themselves up as "AAA experts" and are charging farmers fees for assistance in getting applications for parity payments filled out and certified.

"While we have no evidence of such 'experts' operating in Scurry or nearby counties so far, we want farmers of the trade territory to report any such operations that may occur promptly," the county agent's office stated.

Reports from other sections of Texas indicate that self-styled farm program specialists are, in instances, setting up offices and handling Triple A farm program business for groups of farmers for a share of their payments. Such activities tend to make a portion of the farmer's income, when there is no need for such assistance at all, state AAA officials say.

All information and assistance necessary for participation in the AAA program can be obtained free of charge at the county AAA office.

"No farmer should pay any kind of fee for information or assistance in doing the 'paper work' connected with the AAA program," George Slaughter, chairman of the state committee, declared. "All such services are furnished without cost by the county AAA office, and farmers are invited to take advantage of it."

Persons who are charging fees for such services have no official status and cannot be depended upon to furnish accurate and complete information, the chairman continued, pointing out that any farmer using such assistance will have only himself to blame if errors in forms and applications result in loss of payments.

When farmers pay a fee in order to receive AAA payments, their payments are necessarily reduced to that extent, while farmers who handle all such business through their local AAA office can be assured of receiving full payments earned for participation in the program, Slaughter said.

## County Agent Gives Poison Formulas as Roach Exterminator

Sodium flouride, either pure or mixed with equal parts of flour, is the ticket for killing cockroaches this summer, the county agent's office advises.

Roaches will tackle almost any kind of food and usually pollute several times more than they actually eat. The pest, attaches at the county agent's office report, hang out in the kitchen or pantry, or other places where food is kept.

For best control measures, sodium flouride should be dusted in the places frequented by the roaches, especially along the edges of the rooms. The best results will be obtained by use of a dust gun, which will force the dust into cracks and crevices.

The insecticide, X. B. Cox Jr., county agent, points out, is most effective when applied in the evening, since roaches do not move around much in the day time.

Sodium flouride is toxic to man and animals, and should not be used where children may get it, warns Cox. "It can be swept out in the morning, but ground pyrethrum is highly recommended where there are small children. Pyrethrum is not poisonous to humans."

"Commercial sprays," Cox concludes, "are not effective unless the insects are actually hit by the spray."

More than 1,000 Negroes in the South have become landowners under the Bankhead Jones Act.

## Play Suit

For playing on the beach, Ann Rutherford, the petite Metro-Goldwyn-Mayer actress, dons a two-piece play suit in chartreuse green cotton. The shorts are held up by suspenders that are embroidered in Tyrolean fashion and are a complement to the short-sleeved navy slip-over sweater. The jacket is hip length and has buttons to fasten it from hem to waistline. Hollywood stylists who have created many similar smart costumes, are credited by the National Cotton Committee with much of the present popularity of cotton play suits.

The sneaky fellow met a friend at a dance.

"Well, well, old man," he said happily, "so you're married at last! Allow me to congratulate you." He paused, and then added with a sly smile: "I hear you have an excellent and accomplished wife."

The newlywed nodded.

"I have indeed," he replied. "Why she's at home in music, she's at home in art, she's at home in books, she's at home in science. In short, she's at home everywhere, except—"

"Yes, except what?" came the inquiry.

"Except at home," the other dolefully replied.

More premiums are offered for the National Hereford Show which will be held at the 1940 State Fair of Texas, than were ever offered at any livestock show for one classification of livestock before, with one exception. A total of \$25,000.00 is offered.

## Parity Payments for U. S. Farmers Intended as Balancer for Incomes

Where agriculture stands today in relationship to the other groups of our population, is a question of vital importance to the farmers of Scurry, Borden and the state's 252 other counties.

Probably one of the best ways to get at the present status of agriculture is to see how the average farmer's income compares to the average non-farmer's income, and how the purchasing power of farm products today compares with the purchasing power of the same products in years past.

In the farm laws now on the statute books, Congress has defined these concepts—"parity income" and "parity price" or "fair exchange" value—in statistical terms.

Parity income for agriculture, as defined by law, is that net income from farming operations per person living on farms which bears the same relation to the income per person not living on farms as prevailed in the five years before the World War. Or, to state it another way, parity income for agriculture is the same share of the total per capita income available for living that agriculture received in the 1909-1914 period.

The farm income available for living includes cash received from the sale of farm commodities, plus the estimated value of products consumed on the farm, minus the principal business operating expenses of the farmer. Non-farm income available for living is the comparable income received by the individuals making up the non-farm population.

If this income available for living were a pie the farmer slice on a parity basis would be as big as his comparison with the whole pie as it was in 1909-1914. The size of the slice would vary, of course, as the pie grew larger or smaller, but it would remain the same in relation to the pie itself.

Parity exchange values is, generally speaking, that price for farm commodities which has the same purchasing power in terms of things farmers buy as these commodities had on the five years before the first World War.

Why was the period 1909-1914 selected as a base?

From 1909 to 1914 farm and city income were in balance with each other and farm goods flowed freely to the cities while city goods flowed freely to the farm; never since then has there been such a stable balance of incomes and general well being.

Using parity income for comparative purposes, farm income overbalanced city income during the war and immediately afterwards; in the past two decades city income and buying power have overbalanced farm income and buying power. For the four years ending with 1919 farmers got their full share of the national income. But these four fat years were followed by 20 lean ones and the end is not in sight.

Where does agriculture stand today with respect to parity of income?

According to the estimates of the Bureau of Agricultural Economics, the net income per person living on farms was around three-fourths of parity in 1939. This is inclusive of Government payments. In the aggregate, agricultural income would have to be increased by at least another \$1,500,000,000 in order to be at parity with incomes of other groups.

Where does agriculture stand today with respect to parity price, or fair exchange value?

The average price of farm commodities on January 15 was 99 per cent of pre-war, while the average price of things farmers buy was 122 per cent of pre-war, and if interest and taxes are included, 123 per cent. In other words, the purchasing power of farm commodities for the goods farmers buy was only 81 per cent as great as it was in the five years before the first World War, and, if we include taxes and interest, only 77 per cent.

Two young Irishmen in a Canadian regiment were going into the trenches for the first time and their captain promised a dollar for every one of the enemy they killed.

Pat lay down to rest while Mike watched. Pat had not lain long when he was awakened by Mike shouting:

"They're coming! They're coming!"

"Who's coming?" shouts Pat.

"The enemy," replies Mike.

"How many?" yells Pat.

"About 50,000," says Mike.

"Begorra," shouts Pat, jumping up and grabbing his rifle, "here's where we make fifty thousand dollars!"

She (as they passed the church)— Aren't those chimneys beautiful? Such harmony so inspiring! They thrill me.

Husband—You'll have to speak louder. Those damned bells are making such a racket that I can't hear a word you say."

No task is so humble that it does not offer an outlet for individuality.

## Commandments For Motorists Cite Driving Practices

An exchange prints the following Commandments for motorists, which we think worth passing along to our readers:

Thou shalt have one driver, and that one a good one, at the wheel.

Thou shalt not make false traffic signals, false laws nor serve them, but shall obey all traffic signals and the law. Stop, look and listen.

Thou shalt not study the law in vain, for thou shalt not be held guiltless if thou art ignorant of the law.

Remember every day to drive carefully. Be courteous to all sons, daughters, servants, animals and strangers, that every day may be free from accidents.

Honor thy fellow motorist that thy gays may be long upon the highways which the state giveth thee.

Thou shalt not injure, kill, be unjust or inconsiderate.

Thou shalt not muddle thy brains with intoxicants, sleep, carelessness or any other enemy that hinders thy alertness.

Thou shalt not steal thy fellow motorists' part of the road.

Thou shalt not bear down upon thy fellow motorist or pedestrian unawares, nor blind him with glaring lights.

Thou shalt not covet thy fellow motorist's place or anything that belongs to him. Safety first takes no chances on sorrow. Mind your own business for conscience's sake, and above all, be courteous.

**DO YOU WANT HIS BENCH?**

YOU may be sitting on top of the world today, but what about that time when production ceases? Every game must have an ending. Some win, some lose. Many exist on bread lines and benches. Others, unhappily depend on relatives. A few enjoy retirement with Life Insurance incomes that provide beds of ease as well as necessities. Will yours be a Bench or a Bed?

You can easily buy guaranteed Southwestern Life security and pay by the month, quarter or year, out of surplus earnings. And, Southwestern Life protects your family while you save for this old age independence.

*Of Snyder's Newest FHA-Built Residence*

## Sunday Afternoon, July 14

FROM 1:00 TILL 7:30 O'CLOCK

The people of Snyder and surrounding territory are cordially invited to visit Snyder's newest residence and inspect the construction and general appearance, Sunday afternoon, from 1:00 until 7:30 o'clock. Built through the Federal Housing Administration plan of financing, the structure is located at 3211 Avenue U, in Southwest Snyder. Representatives of the builders will be on hand to explain any detail of the home, its method of construction or any other feature in which visitors are interested.

The home was built for Mr. and Mrs. Howell Harpole and children by Burton-Lingo Company. It occupies a southeast corner lot facing east on Avenue U, with a frontage of 100 feet. Construction is of brick veneer outside construction, common brick having been used and then given four coats of white paint—a modern trend in brick veneering. A large double garage of frame construction occupies a northwest place on the large lot, with driveway running from the street, north of the residence.

**THE NEW HARPOLE RESIDENCE,  
3211 Avenue U,  
In Southwest Part of Snyder**

Begun about two months ago, the Harpole residence is this week receiving the finishing touches, to make it one of Snyder's most attractive homes. The grounds have been leveled, sidewalks constructed and driveways graveled. The front lawn is being landscaped, having been piped for underground watering with Thompson sprinkler system.

Seven rooms and bath make up the quarters of the new home. A spacious living room occupies the center of the front part of the house, flanked on the north by a den or study for the "man of the house." Three large size bedrooms occupy the south portion, separated by a spacious bath. In the north center of the structure is a dining room, backed by a commodious kitchen and breakfast nook.

Lighting fixtures are of indirect type, diffusing soft, ample, glareless light for efficient sight. Hardwood floors are employed in all rooms. Inlaid linoleums cover the bath floors and walls and the floors of the kitchen and breakfast nook.

# Burton-Lingo Company Has Built \$50,000 Worth of New Homes in Snyder Under the FHA Plan During the Past Several Months!

Burton-Lingo pioneered the FHA plan in Snyder, having built the first home under this government-sponsored method of home financing over long-term periods. Shown on this page are nine of the FHA-built homes we have built. In the group to the left are the homes of: Mr. and Mrs. W. E. Holcomb, Mrs. J. K. Mitchell, Mr. and Mrs. Cleve Blackard, Mr. and Mrs. R. E. Prichard; on the right are homes of: Mr. and Mrs. Jim Cloud, Mr. and Mrs. J. B. Early, Mr. and Mrs. H. D. Seely and Mr. and Mrs. Hugh Veale. Homes built for A. C. Alexander, Willard Jones and Gaither Bell are not shown here.

## Stop Paying Rent! Build You A Home of Your Very Own!

The FHA Plan enables the person of limited means an avenue of home ownership without burdensome initial outlays. In most instances a home can be purchased for monthly payments amounting to nominal rents paid. As much as 90 per cent of the cost of a home can be financed for long periods of time, and payments made monthly include principal, interest, taxes and insurance. Let us talk to you about building the home you have been wanting. No obligation, of course, for information or estimates.

### CHECK THIS TABLE AGAINST THE RENT YOU ARE PAYING—

## Five Vacancies Still Remain on Faculty

Members of the local board of education announced Wednesday morning that five vacancies remained to be filled in the Snyder School teaching faculty for the 1940-41 school term.

A combination high school coach and mathematics teacher, officials report, as well as an assistant coach will probably be named within the near future.

School board members expect to fill the following vacancies, in addition to the ones already mentioned, within the next few days:

A home economics teacher to replace Miss Vera Periman, resigned; elementary teacher to replace Mrs. Oma Ryan, who resigned last week; and another elementary faculty member to replace Mrs. Whiteside, Mrs. Whiteside, selected several days ago, tendered her resignation to the school board last week.

Mr. and Mrs. B. G. Johnson, accompanied by Mrs. Wesley Evans, left Tuesday morning for a 15-day vacation to Dallas and other points.

## JOHN LEE SMITH for State Senator

JOHN LEE SMITH of Throckmorton County

Six years County Judge of Throckmorton County (1920-1926). Member Democratic National Convention (1932). Campaigner for F. D. Roosevelt in 1936. Served in France in World War as private soldier.

Urges: 1—Full payment of pensions by performance, not promissory. 2—Reduction of salaries of State employees at least 10 per cent. 3—Raise truck load limit to 12,000 pounds. 4—Tax levies on property groups best able to pay.

## New School Head Speaks Tuesday To Lions Group

E. L. Parr, recently named superintendent of Snyder Schools, was a special guest at Tuesday's Lions Club luncheon in the Manhattan Hotel. This marked the first time Parr has been a club guest since selection as local school chief.

"We are looking forward," Parr said, "to making the 1940-41 school term one of the best Snyder has ever had. And with the cooperation of Snyder people we can do just this. My philosophy of education is to adhere to a middle-of-the-road course in public and professional matters."

Geraldine Shuler, another club guest, gave a highly interesting reading on "Cross Currents and Radio." Pat Bullock, club president, presided at Tuesday's luncheon.

S. P. Gaskins of Sweetwater, field executive of the Buffalo Trail Council, gave some timely highlights of the recent Boy Scout summer camp in New Mexico.

Lions Allen Beadel, Willard Jones and J. D. Scott were named by Bullock as program committee members for the remainder of July.

Bullock, club president, and Leon Roy O. Irvin, announced plans for attending Tuesday night's Lions club meeting at Big Spring.

Club guests, in addition to those already mentioned, were Truett Barber of Colorado City, J. P. Billingsley and George A. Davison Jr. of Abilene.

## "Pin Money" From Farms Plays Vital Home Budget Role

"Pin Money" it used to be called, but since some rural women in Scurry County and other parts of Texas are supplementing farm income to such a great extent, there ought to be a new name for the funds women get from the sale of products from the farm home.

This fact has been pointed out by Myrtle Murray, specialist in home industries for the Texas A. & M. College Extension Service, who says that funds earned by rural homemakers are used principally for providing home conveniences and advanced education for rural youths.

Home demonstration club women of West Texas Counties who produce for markets usually decide when the farm operations are planned what cash crop they can direct or develop that will supplement the farm income and yet not take too much from their regular duties.

Women who produce high quality farm products generally find these outlets for their merchandise. Individual customers and places of business, roadside markets, homemakers' markets and cooperative enterprises.

Among the standardized products which are popular in homemakers' markets are dressed fryers and hens, vegetables in season, plum jelly and butter, canned cream and black-eyed peas, sauerkraut, butter, gossamer-infertile eggs, cakes and cookies and various types of handicrafts.

## Five-Year-Old Girl Dies After Shot in Accident Monday

Lucy Louisa Darden, five-year-old daughter of Mr. and Mrs. C. G. Darden of Colorado City, died in a hospital Monday morning about an hour after being accidentally shot.

She was struck over the right eye by a bullet from a .22 caliber rifle that was thought to have been unladen. She and a brother, James, eight, were playing in the yard when the little girl was shot.

The father had borrowed the rifle the day before from a neighbor, and had left it in the family car. Darden is a farm laborer on the T. C. Richardson place, south of Colorado City.

Funeral services were held for the Darden child Tuesday afternoon, 4:00 o'clock, at Lone Wolf. Burial was in the Lone Wolf Cemetery, with Kiker & Son of Colorado City directing.

Survivors, besides the parents, are five brothers and the grandparents. Mr. and Mrs. W. C. Darden of the Lone Wolf community and Mr. and Mrs. O. E. Curry of Brownsville.

Miss Vela Bell of Ennis, Texas, arrived this week to spend the summer with her brother, W. R. Bell, and Mrs. W. R. Bell.

Ruth Line was the week-end guest of friends at Throckmorton.

Mr. and Mrs. Earl Hicks and children, Howard Irvin and Barbara Earl, and Mr. Hicks' little niece, Mary Frances Alford, returned July 1 from a week's stay in Ruidoso, New Mexico, with the Claude M. Hicks family.

Mary Helen Bolin was guest last week-end of friends at Blackwell.

Mrs. L. D. Sanders of Mountainair, New Mexico, has been a guest of Mrs. Carl Witherspoon and Mrs. R. L. Morton.

Louis Sullenberger of Waco, who arrived here Sunday night to visit his daughter and son-in-law, Mr. and Mrs. Paul Zimmerman, and little Paula Zimmerman, returned to the McLennan County seat Wednesday morning.

Rev. Cecil Rhodes and Lawrence Deavers, who went to Melvin Saturday morning, returned Sunday night. While there Rhodes conducted services Sunday morning and evening at the Mevin Baptist Church.

## TO THE VOTERS

## Texas Guide Book Will Soon Be Off Printing Presses

Announcement was made Monday by the State Highway Commission, sponsor of the book, that the Texas Guide Book prepared by the WPA Writer's Project in 1937 in expected to be off the press and available in book stores by July 15.

Information found in the Texas Guide Book on Scurry, Kent and Fisher counties was prepared by Leon Guinn, Times staff writer, who served in 1937 as WPA field continuity editor on the guide book project.

Similar in appearance to the 27 other state guides that have appeared thus far in the American guide series, although with more pages than most of them, the book contains nearly 300,000 words. Two-thirds of the contents are in the form of tours and descriptions of cities and towns through which they pass.

Special chapters are devoted to the state's history, natural settings, resources, government, agriculture and livestock, industry, commerce and labor, transportation, architecture, folklore, literature, music, arts and handicrafts and other general subjects.

The volume will be illustrated by about 35 original maps and 100 photographs.

State guides are published by national houses which have facilities for country-wide distribution, and the contract for the Texas book was awarded to Hastings House, New York. Price of the Texas Guide Book is \$2.50.

## More Money For County Schools Allowed by State

Scurry County will receive \$1,507 more from the state this year to operate its schools than it did last year, L. A. Woods, state superintendent of public instruction, announced Tuesday.

The above figure in additional funds is based upon the assumption the county will have the same number of students next year as it had last year.

Roy O. Irvin, county superintendent, reports the \$1,507 additional county schools will receive for the 1940-41 school term is based upon action in raising the per capita from \$22 to \$22.50, a step taken to better educational facilities of schools in every county of the state.

Woods points out that increased state assistance to schools, plus more efficient management and improved teaching methods, has largely responsible for Texas being raised to 18th educational rank in the union from the low mark of 36th, which it held in 1932.

The increased per capita appropriation is not expected to increase state expenditures as a whole, since the scholastic population of the state has decreased in some localities.

Guests of Mr. and Mrs. A. D. Belk for the Fourth of July were his sister, Miss Maude Belk of Cleburne, Mrs. Billie Blasingaul, Mrs. Myrtle Williams and Robert Belk Williams and their children, Mrs. Peggy M. Jones and children, Peggy and Martijane of Carlsbad, New Mexico, and Mr. and Mrs. K. T. Lofton of Buffalo, Oklahoma.

Week-end visitors of Mr. and Mrs. J. H. Trussell were Mr. and Mrs. Jack Law and daughter, Jennie, of Dallas.

Murray Gray attended a summer reunion of the Los Comarados fraternally Friday and Saturday at Texas Tech, Lubbock.

Mr. and Mrs. Tommy Banks of Lubbock spent last week with Mr. and Mrs. C. L. Banks.

## George A. Davison Jr. Running for Senate Place on His Record in House

Political observers throughout this area are pointing to the record of George A. Davison Jr., practicing attorney, Abilene, as one that will carry him far in his present campaign for state senator from this district.

"In fact," remarked one, "Davison's record while a member of the Texas State Legislature, in 1936-1938, is outstanding and amply qualifies him for seeking the nomination for state senator. Davison was not a candidate for state representative in 1938. In checking over Davison's record, we might point out his activities as follows:

"As state representative Davison was author of the constitutional amendment that paved the way for submission of the Old Age Pension amendment making assistance for the aged in Texas possible.

"Sponsored Social Security. "He was also author of the Texas Unemployment Compensation bill by which today more than three million wage earners in the state are receiving benefits. He was author of the Texas legislation which provides aid for the blind, crippled children and destitute mothers of Texas.

"Davison advocated and sponsored legislation exempting home-steads up to the value of \$5,000 from taxation, also fostered legislation that provided for a moratorium on mortgages to protect worthy citizens who were unable to meet payments under the then existing conditions in the state.

"While in the Legislature he worked for legislation that would tax intangibles, such as stocks, bonds, etc., and all other personal property now escaping taxation. He also favored the reduction of automobile license fees, the abolition of useless boards, bureaus and commissions. He further gave vigorous support to the teachers' retirement fund.

"It is apparent," this observer continued, "that Davison has given deep study to the platform on which he is making his race for the Senate. He has stated that he will sponsor definite legislation for the financing of old age assistance and will advocate transferring the duties of qualifying each applicant to the county Commissioners' Court.

"He will introduce bills that will abolish all useless boards, bureaus,

## NYA Short Wave Radio Will Soon Be Ready for Service

Receipt of license to operate an amateur radio station at the NYA boys' Resident Center on the Texas Tech campus, Lubbock, caused A. V. Bullock, district NYA director, to predict Tuesday that the proposed amateur radio station at the Snyder and Lamesa NYA shops would soon be in operation.

These short wave stations, which offer no interference to radios in any way, will shortly be placed in operation in all NYA districts of Texas for point to point communication.

By this method, Bullock states, many National Youth Administration employees will be trained to become short wave radio operators as a tie-in with the national defense program.

Preparatory to setting up an amateur radio station here, local NYA youths have perfected organization of the Tiger City Radio Club.

State NYA officials stated Tuesday the goal in amateur radio stations in Texas is 24 by the first of August, with a hope of setting up possibly 40 radio stations in the state during the current fiscal year.

## 4-H Club Workers Carry Training To Higher Institutions

One answer to the question parents of Scurry, Fisher, Borden and other counties are asking as to whether 4-H Club work tends to encourage members to seek advanced training or not in agriculture and home economics has been indicated in a survey recently completed by the Federal Extension Service, the county agent's office reports.

The research worker that conducted the federal survey finds that 37.78 per cent of the students now enrolled in agricultural and home economics classes at agricultural colleges in West Texas and other areas are former 4-H Club members.

A similar survey was made for the school year 1927-28, and com-

Mrs. Minnie Henderson and daughter, Josephine, of Lubbock are here this week visiting Dr. and Mrs. C. E. Walker, Mr. and Mrs. J. D. Martin and the Ben Thompsons, all of Ira, are also visiting Dr. and Mrs. Walker.

Miss Jan Thompson of Fort Worth was here Monday and Tuesday visiting her parents, Mr. and Mrs. Ed Thompson.

Comparison of those results with the figures for the school year 1939-40 indicate a gain of 823 per cent during the 12-year period. Many of these students made their first contact with the agricultural colleges through 4-H activities.

It is also believed that the awarding of scholarships to 4-H club members has been a factor in encouraging attendance at state colleges of agriculture.

## Interest Growing In Closing Days Of District Court

Interest in district court proceedings through Wednesday hit a new level, as court officials prepared to wind up this week the final week of the summer term with a disposal of cases on the criminal docket.

Jury members Monday night returned a verdict of guilty against Glenn Merritt, 20-year-old Union community youth, charged with theft, and assessed his punishment at two and a half years in the penitentiary.

Merritt was alleged to have been with another youth in taking a cow from the lot of Mrs. Kate Butler of Snyder and selling it at Post, said District Attorney Trust Barber. Mrs. Butler is an employee at the local WPA sewing room.

On a plea of guilty, H. A. Leonard was given three years in the penitentiary for forgery by Judge A. S. Mauney.

Carl Crockett, tried Wednesday on a charge of felony swindling, received a two-year sentence in the penitentiary. He was indicted in connection with the passing of a bad check for \$65.79.

Case of the Strayhorn Common School District No. 18, vs. the county trustees of Scurry County, was postponed until the next term of court. This case attracted an unusual amount of attention this week.

## Hobbs Invites Area Singers to Gathering

Scurry County singers were extended an invitation this week by Eddie Williams of Hobbs, president of the Hobbs singing class, to attend the regular monthly class singing that will be held at Hobbs Sunday afternoon. Singing will start promptly at 2:30 o'clock.

Feature of Sunday afternoon's singing will be the appearance on program of the Sweetwater Quartet and a quartet from Hamlin.

Due to the fact the regular second Sunday afternoon singing at Hobbs has not been held for the past two or three singing afternoons, a considerable amount of interest, Williams reports, is being shown in the singing that will be held Sunday afternoon.

Mrs. Earl Louder and son and W. E. Holcomb and Allene Curry left Saturday for a several-day visit with friends in Oklahoma and North Texas points. Gene Boyd Louder accompanied the group to Denton, where he is visiting with relatives.

## Mrs. John Lee Smith Delegate to Confab

Mrs. John Lee Smith of Throckmorton, committee woman from the 24th Senatorial District, of which Scurry County is a part, leaves Friday for Chicago to attend the Democratic national convention.

Mrs. Smith, one of the two women in Texas to head their respective delegations, is the first woman in the western part of the state to receive this honor. Only seven Texas women were elected delegates to the national convention.

C. T. McLaughlin, Diamond M Ranch owner, acted as master of ceremonies and was in active charge of the Quarter Horse Show, the first of its kind to be staged at Stamford in connection with the reunion.

A considerable number of Scurry County people who are members of the reunion—coughands 45 years or over—attended the three-day affair. Members were guests of the reunion association each day for chuck wagon dinners.

## Twin Son of Eugene Smith Dies After Three-Day Illness

Wesley Dean Smith, four months and 25-day-old twin son of Mr. and Mrs. Gene Smith of West Snyder, succumbed last Thursday night in a Lubbock hospital at 11:00 o'clock, following a three-day illness.

Born February 13, Wesley Dean and his twin brother, David Gene, were both taken to a Lubbock hospital the same night, suffering from a stomach ailment.

Survivors include Wesley Dean's parents, Mr. and Mrs. Gene Smith, the child's twin brother, David Gene; the grandparents, Mr. and Mrs. Gail Smith of Snyder, Mr. and Mrs. Jeff Landrum of Fluvanna, Mrs. Ora Josey of Big Spring, and a great grandfather, W. J. Evans of Snyder.

Rev. I. A. Smith, local Methodist pastor, assisted by Rev. J. N. Tinkle of Fluvanna, conducted funeral services Friday afternoon, 4:00 o'clock, at Maples Funeral Home chapel.

Pallbearers were Melvin Newton, H. H. Eiland, Gilbert Bentley and I. V. Williamson.

Mmes. Marie Eades, Marjorene Bentley, Kathryn Williamson and B. G. Johnson were in charge of floral offerings.

Maples Funeral Home was in charge of funeral arrangements, with interment in Snyder Cemetery.

**EASTERN STAR MEETING**  
Stated meeting of the Order of the Eastern Star, will be held Friday night, 8:00 o'clock, in the Masonic Hall, officials of the organization stated Tuesday night. Visitors are extended a welcome to attend the gathering.

Nathan Reynolds, former manager of the 9-R Ranch in Eastern Borden County, and Mrs. Reynolds left Sunday for Dalhart, where Reynolds has charge of extensive ranching property.

## COUNTY FOLKS TAKE IN RODEO AT STAMFORD

### Snyder's Girl Sponsor Named One of Flag Bearers for Spectacular Parade in Big Event

Naming of champion cowboys and cowgirls last Thursday night wrote final to the eleventh annual Texas Cowboy Reunion at Stamford, a reunion in which a number of Scurry County entries took part.

Opal Etherege of Hermleigh, Snyder's cowgirl sponsor at the reunion, added another laurel to her list of 1940 honors when she was named one of the four flag bearers last Thursday night in the arena parade.

Of the cowgirl sponsors who entered this year's contest, only 29 were eligible for prizes. Miss Etherege is the 18-year-old daughter of Mr. and Mrs. W. L. Etherege of Hermleigh. Mrs. Christian Northcutt of Colorado City was named winner of the sponsor contest.

Although Scurry County entries in the various rodeo events did not go into final competition, the following places were won by county boys last Wednesday afternoon:

Call roping, Elmo Favor of Fluvanna, third in matinee events, with a time of 24.5 seconds and fourth with a time of 16.8 seconds in the afternoon performance; Johnny Stovall of Fluvanna, fourth in Brahma steer riding; and R. D. Parks of Snyder, fifth in wild cow milking with time of 18.2 seconds.

In the open five-gaited saddle class of the horse show, King Barron, an entry of the Diamond M Ranch, placed fourth. In the junior and three-year-old gaited saddle horse class, Astral Marillo, another Diamond M entry, copped fourth place. This entry was ridden by George Simpson.

Second place in the junior and three-year-old gaited saddle class went to Meanie Wilkes, owned by Frank Kelley of Colorado City.

Second place winner of the fine harness class was Eater St. Clair, owned by Pickens Burton of Dallas. This was the animal that copped first place in the five-gaited stake at the recently-held Diamond M Ranch show.

Exhibitors in the strong colt class of the Quarter Horse Show included Bill Taylor, a local cattle buyer, W. B. Willingham of Hobbs had a spirited entry in the show.

A note of hilarity was added to the Cowboy Reunion last Thursday afternoon as championship awards were being announced, when a wild Brahma steer bucked out of the chute and cleared the rodeo of contestants and performers in record time.

Jim Reynolds of Albany was named champion calf roper with a record of 55 2-5 seconds for three performances. George Brown of Woodson became wild cow milking champion with a record of 49 4-5 seconds in three performances; and Woody Lewis of Eustace, champion bronc rider.

J. O. Stinson, Chamber of Commerce president, and R. G. Dillard, Chamber of Commerce manager, were given an all-expense tour last Wednesday of the rodeo grounds, the Combes Roundup Hall and the rodeo as guests of Cowboy Reunion officials.

C. T. McLaughlin, Diamond M Ranch owner, acted as master of ceremonies and was in active charge of the Quarter Horse Show, the first of its kind to be staged at Stamford in connection with the reunion.

A considerable number of Scurry County people who are members of the reunion—coughands 45 years or over—attended the three-day affair. Members were guests of the reunion association each day for chuck wagon dinners.

Survivors include Wesley Dean's parents, Mr. and Mrs. Gene Smith, the child's twin brother, David Gene; the grandparents, Mr. and Mrs. Gail Smith of Snyder, Mr. and Mrs. Jeff Landrum of Fluvanna, Mrs. Ora Josey of Big Spring, and a great grandfather, W. J. Evans of Snyder.

Rev. I. A. Smith, local Methodist pastor, assisted by Rev. J. N. Tinkle of Fluvanna, conducted funeral services Friday afternoon, 4:00 o'clock, at Maples Funeral Home chapel.

Pallbearers were Melvin Newton, H. H. Eiland, Gilbert Bentley and I. V. Williamson.

Mmes. Marie Eades, Marjorene Bentley, Kathryn Williamson and B. G. Johnson were in charge of floral offerings.

Maples Funeral Home was in charge of funeral arrangements, with interment in Snyder Cemetery.

**EASTERN STAR MEETING**  
Stated meeting of the Order of the Eastern Star, will be held Friday night, 8:00 o'clock, in the Masonic Hall, officials of the organization stated Tuesday night. Visitors are extended a welcome to attend the gathering.

Nathan Reynolds, former manager of the 9-R Ranch in Eastern Borden County, and Mrs. Reynolds left Sunday for Dalhart, where Reynolds has charge of extensive ranching property.

## Superintendent

A. C. Bishop Jr., shown principal of Hermleigh High School the past five years, was named superintendent of Hermleigh Schools Tuesday night to succeed E. L. Farr. Bishop has made an enviable record as a faculty member at the progressive southeast county school.

## Henry Ed Gray Claimed by Death At Home of Son

Funeral services for Henry Edward Gray, 63, resident of Stone-wall County 27 years, were held Sunday afternoon, 3:00 o'clock, at the Aspermont Baptist Church.

Rev. Cecil McBeth of Abilene, assisted by Rev. J. B. Rowan, Aspermont Baptist pastor, and the Rev. Thurston, Methodist minister, officiated.

In ill health the past three weeks, Mr. Gray died early Saturday morning at the home of a son, six miles south of Aspermont.

He was born May 25, 1877, in Lampasas County and moved to Stonewall County from Stephens County.

Survivors include two sons, Billy Gray of Aspermont and Polk Gray of Arizona; two daughters, Mrs. Ruby Wright and Mrs. Virgie Moore, Mineral Wells; a brother, Wesley Gray, Breckenridge; four sisters, Mrs. Will Stokes of Fluvanna, Mrs. Fannie Ray of Lubbock, Mrs. G. W. Parks of the Plainview community east of Snyder, and Mrs. George Guest, Sudan.

A number of Scurry County people who had known Mr. Gray for years attended final rites.

Kinney Funeral Home of Stamford had charge of funeral arrangements, with burial in the Aspermont Cemetery.

## Baptist Boys Attend Camp at Big Spring

Eight boys, members of the Royal Ambassador organization of the First Baptist Church, left Monday morning for Big Spring, where they attended a three-day district camp for boys of a seven-county area.

They were accompanied by Mrs. Clyde Boren and D. V. Merritt, who remained to assist in management of the camp.

Snyder people who assisted in taking the group to Big Spring, stated that registrations totaled 108 boys when the Snyder group was enrolled, and more arrivals expected by noon were slated to swell the registrations to at least 200.

Mrs. Boren is a member of the camp committee for the district, and was slated to have an active part on the program of the outdoor gathering. The boys and their sponsors returned last night.

Boys making the trip were Billie Reeves, Fred Curtis, Royce Neil Huggs, Donald Boren, Jimmie Merritt, David Harpo's, Buddy Newton and Lloyd Wood.

## GOVERNOR IN 1952

George Theriot of San Antonio was a Snyder visitor Tuesday, handing out cards announcing his candidacy for governor in 1952. Young Theriot, who is gaining a reputation in the Alamo City as a promising business man, states on the cards he distributed, "It's cheerio with Theriot."

## Money for New REA Lines Expected Soon

Announcement that an allocation from REA officials at Washington will probably be available soon for building 120 miles of new rural electric lines in Scurry County was made Wednesday morning by Olen W. Yandell of Rotan, superintendent of Midwest Electric Cooperative.

Yandell reports that 60 miles of REA lines are under construction this week in Fisher County that will serve, when completed, the Busby, Longworth, Palava and North communities.

The 120 miles of rural electrification lines proposed for Scurry County will serve the Lloyd Mountain, Ennis Creek, Sharon Ridge and Ira communities, if funds are allotted for construction.

Survivors include two sons, Billy Gray of Aspermont and Polk Gray of Arizona; two daughters, Mrs. Ruby Wright and Mrs. Virgie Moore, Mineral Wells; a brother, Wesley Gray, Breckenridge; four sisters, Mrs. Will Stokes of Fluvanna, Mrs. Fannie Ray of Lubbock, Mrs. G. ## Clean-Up in West Portion Underway By Trash Hauler

Clean-up activities hit Snyder this week.

Starting on the west side, S. L. Keller, city sanitation official, made a blitzkrieg run Wednesday that netted several hundred pounds of trash, tin cans and junk that formerly has been something of an eyesore in back yards and vacant lots.

Second run of the week to collect trash and junk in the west part of town is being made today (Thursday) by Keller. "West side residents," Keller stated early this morning, "are cooperating in a mighty nice way to have trash and junk placed at convenient locations for picking up."

"We will make a two-day drive in the east part of town Wednesday and Thursday, July 24 and 25, to pick up all forms of trash and request East Side residents to cooperate with us in every way possible to make the second part of the clean-up campaign really effective," Keller stated.

# GREATER FOOD SAVINGS

Are Now Made Available for People of Snyder and This Trade Territory With the Opening This Week of Piggly Wiggly's . . .

## TO OUR FRIENDS and CUSTOMERS

We wish to take this opportunity of expressing our appreciation to you for your support of Piggly Wiggly through the years. This past support has enabled us to render to you and to our community a service of which we are justly proud.

This week we want to celebrate with you the opening of our new Frozen Food Locker Plant, to be operated in connection with a Curing Plant. This new service will permit you to have your meat taken care of in any way you like.

Piggly Wiggly is a one-stop station!

We take great pleasure in inviting all of our many friends and customers in to inspect this new plant that has just been completed. We want you to feel free at any time to call on us about anything you would like to know about this Frozen Food Locker System.

# FOOD LOCKERS

## The Modern Way to Have Flavor-Full Foods All the Year Round...In Season and Out of Season...At Moderate Cost!

### WHAT IS THE FOOD LOCKER SYSTEM?

The Modern Refrigerated Locker Plant is an establishment completely equipped to handle and preserve by cold temperature Meats, Fruits and Vegetables over extended periods of time.

The rapid growth of the Refrigerated Locker System can be explained by the fact that it fills a definite public need. It has demonstrated a positive economic value. The principal advantage is the opportunity afforded families to add fresh foods to their diet the year round.

Frozen home-produced meats, fruits and vegetables are likely to be more palatable than canned or cured meats.

Freezing eliminates the drudgery of canning, reduces spoilage and permits a better utilization of the carcass.

Permits slaughter any time of the year.

Helps provide a wider market for farm products.

Popular with fishermen, hunters and sportsmen.

Money saved through the refrigeration of home-raised foods releases more money for other foods and purposes, therefore a better living.

### COOLING—

After butchering, the carcasses are brought to the plant, where they are hung in the chill room for proper cooling and aging. The meat is kept there until all animal heat is removed and as much longer as the patron wishes to age or ripen it.

### PROCESSING—

When the meat is thoroughly cooled and aged, it is taken to the cutting room. Here a skilled meat cutter cuts the carcass into the various steaks, roasts, chops as desired by the patron. Each cut is then carefully wrapped in parchment paper, weighed, labeled and dated, ready for freezing.

### FREEZING—

The patron's individual packages are then placed in the quick freeze room and frozen solidly within a few hours. Everything going into the locker must be frozen to prevent odor and dripping.

Certain berries and vegetables can be frozen as well as meats. Frozen strawberries and peas are becoming very popular.

### STORAGE IN LOCKERS

After freezing, these packages are placed in the patron's locker, which is kept in a room maintained at approximately zero to 4 degrees above.

Each patron has a key to his locker and can get his packages any time he calls.

## Lowered Interest Rates on Loans To Be Continued

Scurry County farmers will save about \$28,300 a year as the result of legislation just enacted by Congress affecting interest rates on Federal Land Bank and Land Bank Commissioner loans, Hugh Boren, secretary-treasurer of the Snyder National Farm Loan Association, reported Tuesday.  
The temporary rate of three and one-half per cent on first mortgage Land Bank loans will be continued for two years ending June 30, 1942. During this period the interest rate on first and second mortgage Land Bank Commissioner loans will be reduced from four to three and one-half per cent. Land Bank and Commissioner loans were originally written at contract rates averaging about five per cent.  
At present about 644 Scurry County farmers have Land Bank and Commissioner loans outstanding aggregating \$1,899,930. The difference between the contract rate and the temporary rate thus effects a substantial saving for farmers.  
In a statement from Washington, A. G. Black, governor of the Farm Credit Administration, said that the saving to farmers through the reduced interest rate will have the same effect as an addition to the farmers keep down their fixed

## Mrs. C. M. Galloway Dies Early Tuesday At Home in Fisher

Mrs. C. M. Galloway, 59, Fisher County resident for the past 40 years, died early Tuesday morning at her home three miles east of McCauley, following a lengthy illness that resulted in her being bedfast the past four months.  
Born April 21, 1881, in Comanche County, Mrs. Galloway moved to Fisher County as a 19-year-old girl. She had been a member of the Ruby Primitive Baptist Church 32 years.  
Rev. T. A. Dunn, Primitive Baptist minister of Crosbyton, assisted by V. W. Jackson, Hamlin Church of Christ minister, conducted final rites for Mrs. Galloway Wednesday afternoon, 4:00 o'clock, at the McCauley Baptist Church.  
Survivors include three sons, J. W. Hamlin, Arnold of Lamesa, C. A. McCauley, four daughters, Mrs. Ina Lee of Hamlin, Misses Fannie and Annie Galloway (twins) of McCauley, Miss Oma Galloway of Knox City; two sisters, Mrs. G. H. Craddock of Knox City and Mrs. G. D. Rainey of Hamlin; three brothers, Gus Randolph of Hamlin, Henry Randolph of Vernon, Tom Randolph of Riverside, California; and five grandchildren.  
Pallbearers were Vernon Harris, Martin Decker, Fred Rosenbaum, Kelvin Jones, James Hinson and Kay Elder.  
Misses Juanita Holt, Ilu Keith, Macy Henderson, Pay Harris, Tiny Elder, Sue Miers, Inez Nalls and Miss Pauline Maberry were in charge of floral offerings.  
Maples Funeral Home was in charge of funeral arrangements, with burial in the McCauley Cemetery.

## Another Book Comes From Mellard's Pen

Book lovers of this territory expressed a considerable amount of interest this week in "Hills and Horizons," released last week by Naylor Publishing Company of San Antonio. The book was written by Rudolph Mellard, owner of the Spur Ranch near Marfa, and a grandson of Mrs. G. C. Buchanan of Snyder.  
Mellard's new book, a collection of poems and free verse dealing with Texas from its early-day state to the present, is hailed by the publishers as "A Calvaade of the Big Bend."  
The author, who is a well-known rancher, will be remembered as the author of "Sun and Sage," a book that gained him recognition with Texas book lovers.

## Scurry County AAA Officials Back Home

Members of the county committee, accompanied by Claude D. Cotten, administrative assistant, and Flossie Anderson of the county agent's office, returned Friday night from Big Spring, where they attended a district Triple A meeting Friday. ## Sharon News

**Verlyn Trevey, Correspondent**  
The Fourth of July celebration staged by Sharon was well attended. People were here from Lubbock, Ralls, Big Spring, Roby, Gall, Colorado City, Fluvanna, Snyder and many other places. It was a pleasant day, with just enough wind for comfort. The picnic grounds in the Bishop pasture on Bull Creek made an ideal place for an outing, with plenty of shade and deep grass covering the ground. The ball park and rodeo were near the picnic grounds and were in prime condition. The U. S. flag was on a 40-foot staff and could be seen for a great distance. It was furnished by W. S. Trevey and had been used on many patriotic occasions before.  
We wish to congratulate Mr. and Mrs. W. C. Allen, who were married last week. Mrs. Allen was the former Margaretta Thompson of Sharon. We wish them a long and happy married life.  
W. P. Thompson of Snyder spent the week with his children and their families at Sharon.  
Mrs. Buddy Trevey received the sad news last Sunday of the death of an uncle at Aspermont. Henry Gray, the deceased, had spent several years in Scurry County and at the time of his death he was making plans to move near Arah.  
Some of those attending the ball game at Vinson last Sunday were Mr. and Mrs. George Seifkin, Mr. and Mrs. Tom Jones, Mr. and Mrs. Chancy Barrier and son, J. A. Thompson and Joe Jr., and all the members of the ball team except Buddy Trevey.  
Mr. and Mrs. D. T. Parly of Lubbock spent one night last week in the home of their daughter, Mrs. Joe Thompson.  
Mrs. Hoyle Cary was in Lubbock last Thursday and Friday for medical care.  
Mrs. Walter Angel of Redlands, California, and Mrs. Bill Angel of Plainview are visiting this week in the Andy Trevey and Hoyle Cary homes.  
Mr. and Mrs. Tom Derrick have closed the Clark Cafe and moved back to Snyder.  
Mrs. R. R. Thompson had as their guests Thursday afternoon Mrs. Guy Floyd and children of County Line, Mr. and Mrs. Carl Gray and grandson of Big Sulphur, Mrs. Doyle Gray and sons of County Line and Mr. and Mrs. Laurence Gray of Fluvanna. Of the three families of Grays, none of them were related.  
Congratulations are extended to Mr. and Mrs. W. P. Thompson Jr. on the arrival of a son.  
W. S. Trevey went to Dallas Tuesday to spend a few days on business and pleasure.

visions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.  
Dated at Snyder, Texas, this 28th day of July, 1940. JOHN LYNCH, Sheriff of Scurry County, Texas. 5-2

**SHERIFF'S SALE**  
The State of Texas, County of Scurry.  
Notice is hereby given that, by virtue of certain Order of Sale issued out of the Honorable District Court of Hamilton County, on the 13th day of May, 1940, by C. E. Edmister, Clerk of said Court, for the sum of Two Hundred and 40/100 (\$210.00) Dollars and costs of suit, under a judgment in favor of M. Adams in certain cause in said Court, No. 2513, and styled J. M. Adams vs. J. H. Shoppard, et al, placed in my hands for service, I, John Lynch, as Sheriff of Scurry County, Texas, did on the 19th day of July, 1940, levy on certain Real Estate situated in Scurry County, Texas, described as follows, to-wit: 160 acres of land, more or less, in Scurry County, Texas, being all of the 8 E. One-Fourth (1-4) of Section No. 253 in Block No. 97, Certificate No. 43-5694 of the H. and T. C. Survey, patented by The State of Texas to C. F. Harper by Patent No. 512, Vol. 53, and being the same land described in deed from J. H. Sheppard to W. C. Tarter, recorded in the deed records of Scurry County, Texas, and levied upon as the property of W. C. Tarter and that on the first Tuesday in August, 1940, the same being the 6th day of said month, at the Court House door of said Scurry County, in the City of Snyder, Texas, between the hours of 10 a.m. and 4 p.m., by virtue of said levy and said judgment, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. C. Tarter.  
And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Scurry County Times, a newspaper published in Scurry County, Texas.  
Witness my hand, this 19th day of July, 1940—JOHN LYNCH, Sheriff of Scurry County, Texas, by Dick Henderson. 4-3c

## Holiday Saneness

Sharply reversing the trend evident in so many towns of the state and nation this year, Snyder and Scurry County people marked up a new record last Thursday when July 4 was fittingly observed without a single fatality.

In fact, the saneness and enjoyment with which July 4 was observed here this year was like a soul-stirring benediction of security to those who expected to wake up July 5 and hear of the masses of twisted steel and tin that was formerly automobiles, and get every gory detail of a wreck that was indelibly impressed on the minds of county residents in terms of broken bones and gashed bodies.

Scurry County people can observe a holiday safely and sanely when they so will. Our citizens can make forthcoming occasions of festivity so happy to anticipate that Old Man Worry and Old Man Sadness just haven't a chance to get into the picture.

Had you ever paused to think that holidays are happy days because we can make them so? With a sober, unclouded mind and a sense of fair play toward our fellow man, we can get every single ounce of pleasure there may be in the golden hours of a holiday, without getting into all the sordid accidents that spell misery. Holidays are happy days, but it takes an event like last Thursday's to remind people the spirit of the occasion is the proverbial kernel in the grain of wheat.

## Big Pot in the Little

Certain people of other counties in this area seemed to have the idea prior to last Thursday morning that the boys of the Sharon and Bison communities couldn't pull a first anniversary celebration in the Sharon Ridge field worthy of commemorating the strike of a major oil pool in the county, but every thread of skepticism melted into joy when they found the boys had put the big pot in the little one, and staged a show that attracted 4,000 people by actual count.

Two weeks before the July 4 Sharon field picnic and rodeo, some believed there wasn't sufficient interest to hold a first class event 17 miles southwest of Snyder, and literally off the beaten path of travel.

But the merchants and business men of Snyder, backed by local civic organizations, said it could be done. . . . And it was done, thanks to Sharon and Bison residents, in a manner that is causing many to say the Sharon field celebration must be made an annual affair.

The people of Snyder and Scurry County are well aware of the fact the Sharon Ridge oil field, and naturally any celebration pulled there, means much to the county. The most impartial observer realizes this southwest county oil field has brought \$150,000 in new money into the county within the past 90 days.

It isn't every day that the boys who live in the forks of the creek down the Sharon oil field can stage an all-day picnic and rodeo, with the help of Snyder business men, that attracts 4,000 people! But it is an accepted fact this anniversary celebration can be staged each year, in a bigger and grander style than ever.

Probably one of the most striking incidents about the whole affair was the suddenness with which the celebration was gotten up. This one thing seemed to be the factor that appealed so much to oil operators and landowners of this area.

So, to the boys in the forks of the creek in the Sharon and Bison communities, and to local business men and civic organizations that backed them up. The Times joins in warm congratulations. A Sharon field observance every year is now the motto!

## Editorial of the Week

**SIGNS OF INCREASED HOPE**

Everywhere can be noted a dynamic revival of patriotism.

All of a sudden, the American Flag, has taken on a new significance among our people.

It has always been this way. In time of sorrow we turn to the comfort of our spiritual consciousness. In time of national stress, we again become more conscious of the importance of preserving the tenets of our Republican form of government—of guarding our national unity.

It is a hopeful sign, that despite the attacks that have been made from without and within, upon the very foundation stones of individual freedom upon which the structure of the United States was built; in times of emergency we can act as one people, resisting to the utmost any attempt to defile our shores or our flag.

This surge of patriotic fever goes even deeper. Simultaneously within our breasts, a feeling of compassion arises for our more unfortunate brothers across the seas, who one by one see their prerogatives as an individual, stricken from them; to become a merely nonentity, in the scheme and plan of those who believe in the righteous of might, alone.

Yes, the American flag is more than the banner of a free people, it has become the symbol of spiritual enlightenment; it stands as a beacon light that even pierces the darkness of the present ominous clouds of war and gives hope and promise to oppressed people throughout the world, that their cause is not lost and then when the fury of the present conflict is spent, its effulgence will light the way to new and greater accomplishments.—The Sweetwater Reporter.

Education has for its object the formation of character.—Herbert Spencer.

## Current Comment

**By LEON GUINN**

Screw worm flies are becoming so numerous in the lower escarpment area in Southwest Texas that live-owners in this trade territory were warned this week by attaches of the Texas Extension Service at College Station to be on the lookout for screw worm cases in livestock. . . . After last winter's severe weather, the number of screw worm cases were early this spring at the lowest point during any spring in the past five years, but recent conditions that have been highly favorable have resulted in infestations in all parts of Texas and as far north as Kansas and Missouri.

Now that the European war has run its fateful course to the extent millions of people in conquered nations are literally on starvation, American observers are watching for a German request, possibly through puppet administrations in Holland, Belgium and France, for American supplies to feed the destitute people of these three countries. . . . Nazi party members realize the present American administration will not comply with any such request as long as there's a chance of the British blockade hobbling Germany, so Nazis chieftains plan to use this expected refusal to discredit the proposed inter-American cartel.

Key members of the Roosevelt administration regarded last week recent reports describing famine conditions in Belgium as the opening gun of the undermining German campaign, and expect similar stories to be released in the near future about other fallen nations. . . . While America has always responded with gladness to calls of help in other lands where famine stretched out its steely arms, just why Germany, with its superficial degree of conceit among its power-crazed leaders, would be gaily enough to want us to feed people it had crushed under its iron fists is more than present-day statesmen can understand.

The Federal Bureau of Investigation, through its information department, acknowledged last week rumors have recently sprung up in communities all over the nation to the effect well known local figures with German names have been singled out as Nazi agents, with stories going the rounds about ammunition caches, secret radio transmitters, etc. . . . Not only the G-Men, but police and newspapers have been swamped with such reports, nearly all of which, unintentionally, were directed against innocent people. . . . The widespread uniformity of these reports caused FBI to unearth concrete evidence last week the rumors were started by genuine Fifth Columnists. . . . General idea with Fifth Columnists was to spread false reports and have them disproved so often the public and probably authorities would be indifferent when there's real occasion for suspicion or alarm.

Which reminds us that keen students of national trends in mass thinking have been saying for the past five years that any destroying influence that might fall across the length of this great nation would likely arise from within, rather than without. Even the most caustic critic of democratic government in the United States admits although reservedly, that punishment cannot be meted out strong enough to those who live in this country for years, enjoy its protection, freedom and liberty; then turn out to be yellow rats who spread false doctrines whose purposes are to undermine the morale of American people.

Although our present program of national defense admittedly has some provisions that will need drastic overhauling to become practical, the government is expected to look quite favorably upon the trucking industry as a vital link in moving materials needed for preparedness. . . . The War Department, in fact, after a detailed survey of the industry, is already putting pressure on trucking organizations and individual companies to increase their equipment, build up terminal facilities and otherwise prepare for assuming a leading role in national defense.

Although exceptionally brilliant, as a rule, in their special field, geologists can well get off the track of practical reasoning, as was shown last week at the American Association for the Advancement of Science's meeting when Geologist Halbert P. Gillette stated that sedimentary rock deposits, with interlying layers of dirt and silt, indicated after an exhaustive study that America may be entering upon a 50-year period that will see this country blighted by the worst drought in 20 centuries.

It is true that stratas of sedimentary rock, wherever their location, reveal some very true and highly interesting facts about our nation's colorful past in the aeons of time now gone by, but impartial observers believe a person would be going too far in stating sedimentary rock—which compose the earth's permanent almanac—can indicate when the next drought cycle will strike this country.

Under methods recently developed by Mrs. Robert Eiman and D. O. Wilner of the Washington University School of Medicine, patients too weak to eat, or part of whose alimentary tracts have been cut, can now be fed for several weeks through their veins. . . . This contribution to science, details of which for ethical reasons are not mentioned, can thus frequently balk death until people's digestive tracts begin working again.

Everybody finds out, sooner or later, that all success worth having is founded on Christian rules of conduct.—Henry Martyn Field.

## SONGS, PIES TO FEATURE MEET OF WARBLERS

Benefit Festival Stated July 18 at City Tabernacle—Sale Follows Star-Filled Program

Scurry County singers and those interested in the cause of gospel music focused their attention this week on the Snyder community singers' song program and pie sale festival that will be staged at the city tabernacle Thursday night, July 18.

Joining with community singers in sponsoring the pie sale is the Scurry County Chamber of Commerce. Cafes of the town will cooperate with women of Snyder and nearby communities in helping furnish pies for the event.

Thursday night's program, which begins promptly at 8:00 o'clock, will feature an hour and a half of gospel singing that will precede the food sale.

Program features will include the Sheppard Quartet of Sweetwater, the Roby, Hamlin and Smith-Stamps Quartets of Lubbock, as well as the Silas Clark Quartet of Abilene.

Clyde Burleson's quartet, also of Lubbock, will appear on the star-studded program, as will the Jungle Town Boys, who appear each Sunday afternoon in a radio program over KXOX, Sweetwater.

Fuzzy Green and his Sunshine Boys, with their string band, will present special gospel song selections.

Plenty of free coffee for the occasion will be furnished through the efforts of Dean Cochran, community singers president, and others.

Coffee makers will be Doc Bynum, Al Preston and Ross Tate. J. P. Billingsley, "Judge" Jim Cloud and W. W. Smith will be in charge of auctioning the pies and other foods that will be offered for sale. The men folks are asked to bring along some extra quarters and wear their best smiles for the festivities.

Proceeds of the pie sale will be used to care for costs of staging the regular Thursday night song programs.

An unusually good program of class and special singing will highlight the regular weekly session of the community song fest which will be held tonight (Thursday) at the First Christian Church. The public is extended a cordial invitation to attend both tonight's singing and next Thursday night's program.

## BTU Zone Meeting Staged at Dermott

Good attendance featured the regular west zone BTU meeting which was held at the Dermott Baptist Church Sunday afternoon, beginning at 2:30 o'clock.

Song service by R. L. Jones of Union was followed by a volunteer prayer. Devotional for the afternoon program was given by Miss Jessie Huey of Union.

Mrs. L. N. Periman of Dermott spoke on "The Value of a Surrendered Life," and Sonny Huddleston of Bison gave a special Bible story.

Evangelistic message of the afternoon was given by Rev. Marvin Leech of Dunn, with special music furnished by the senior and primary departments of the Fluvanna Baptist Church.

## HERE IS MORE CONCERNING RODEO

CONTINUED FROM PAGE ONE

ford people, disappointed with the Texas Cowboy Reunion, drove all the way to Sharon events, where, as one Stamford citizen put it, "people were staging a real rodeo."

Success of the July 4 celebration in the Sharon Ridge community was made possible through the efforts of Snyder business men, people of the Sharon and Bison communities and by Miss Bishop's work with Emmitt Trevey and L. A. Vaughn, who composed the arrangements committee.

It was Bishop who furnished not only the picnic site, but the arena, wire, and all the stock free of charge used in the morning and afternoon rodeo performances. He is due, arrangements committee members state, a large share of credit for making the affair an outstanding event. Bishop also acted as rodeo director-general.

Working with Bishop were people of the Sharon and Bison communities, who donated work free and completed plans for serving the barbecue, with trimmings.

Committee members who made possible the first anniversary celebration follow:

Finance and arrangements—Emmitt Trevey and L. A. Vaughn.  
Rodeo committee—Ted Sorrells, R. J. Trevey and Charley Jones.  
Softball committee—George Seifken and Joe Thompson.  
Rodeo judges were Alfred Weathers and Garnett Kelley. Lloyd Holley acted as timekeeper and Nathan Goolsby of Bison as official bookkeeper.

## Fellowship Meeting Slated Sunday Eve

Highlight of activities in recent weeks at the First Christian Church will be a Fellowship Meeting, to be held Sunday afternoon at 5:00 o'clock.

Representatives from Abilene, Lubbock, Lamesa, Post and other points in this area are scheduled to attend Sunday afternoon's gathering, at which time church work in general will be discussed.

The public is extended cordial invitation by church officials to attend Sunday evening's services at 8:00 o'clock.

Church officials extended the public a cordial invitation this week to attend Sunday evening's church services, at which time Lewis J. Ackers, Abilene business man, will be the principal speaker.

C. Wedgworth, recently named superintendent of Perryton Schools, was a Snyder visitor Tuesday.

method of expressing his thanks to those who cooperated in the July 4 celebration, and to those who donated on the crippled cow.

## Locals Attend Final Rites for Cathey Boy

Mrs. Ada Henderson and Mr. and Mrs. Walter Weathers and son, James Edward, returned Saturday from St. Johns, Arizona, where they attended the funeral of Hugh Cathey Jr., 16, who died last week, and was buried Friday.

Young Cathey was the son of Mr. and Mrs. Hugh Cathey, formerly of this county. Mrs. Cathey was before her marriage Miss Ernest Birdwell, daughter of Mrs. Henderson.
