

## 50 SENIORS TO GET DIPLOMAS FROM SNYDER

Commencement Exercises to Begin Sunday Eve with Baccalaureate Sermon—Finals Friday

Baccalaureate services for senior class members of Snyder School will be held Sunday evening, 9:00 o'clock, in Snyder School auditorium, school faculty members announced this week. Total of 50 students will graduate Friday evening, May 21.

Rev. I. A. Smith, Snyder Methodist pastor, will bring the principal address of the evening. Processional Sunday evening by Polly Harpole will be followed by invocation by Rev. Roy Shaahn, pastor of Snyder's First Baptist Church. Willard Jones will direct a number by the choir, after which Mrs. James K. Polk will sing "Hold Thou My Hand," by C. H. Biggs. Mrs. L. A. Chapman will accompany her. Rev. Hubert C. Travis, Snyder Presbyterian pastor, will pronounce the benediction.

Student participants type of commencement exercises, announced this week by E. L. Farr, school superintendent, will be held Friday evening, May 21, beginning at 9:00 o'clock, in Snyder School auditorium.

Processional for commencement exercises by Miss Harpole will precede invocation by Rev. Earl Cresswell, Snyder Tabernacle Baptist Church pastor.

Eddie Richardson, class salutatorian, will discuss "Sacrifices of the Allied Nations," and Jimmie Rands, Douglas Witherspoon, Burgess Wilson, Billy Bob McMullan and Forrest Bruton will offer a song.

Mayne Lou Stokes will speak on "Am I Making a Sacrifice?" Bonnie Von Roder (Thompson) will sing "The Bells of St. Mary's."

Following "The Sacrifice of the American Armed Forces" by Bobby Vann, valedictorian, E. L. Farr, superintendent, will present graduates with diplomas.

Following singing of "The Star Spangled Banner," directed by Ben W. Newhouse, Almon M. Martin will offer benediction.

Both Eddie Richardson and Bobby Vann, named to places of two highest honors in the senior class, have been outstanding students during high school.

Bobby is the son of Mr. and Mrs. H. L. Vann, 3221 Avenue U, and Eddie the son of Mr. and Mrs. E. J. Richardson, 1800 28th Street.

The 50 seniors who will receive diplomas, as announced by school faculty members, are: LaVerne Angel, Clyde Bearden, Ralph Eades, LaNell Berryhill, Jack Blanchard, Forrest Bruton, Ellen Bryant, Norma Lee Collins, D. P. Connally, Jerry Crumley, Louise Estmon, J. L. Farr, Fergusson, Florba Jordan, Buck Birdwell, Gladys Hebel, Marie Helms, Marceline Hickman, Juanita Holliday, June Jones, Raymond Keller, Opal Klee;

Floy Mae Loo, Rae Mathews, Billy Bob McMullan, Louise McDowell, Dorothy Nell Merritt, Nannette Patterson, Billy Pierce, Jimmy Rands, Eddie Richardson, Erlice Reynolds, Carolyn Ann Riley, Mary Frances Shield, Jack Simpson, Modella Robinson, Eldon Ross, Mayme Lou Stokes, Helen Ruth Thomas, W. T. Thompson, Tommy Todd, Bonnie Von Roder (Thompson), Douglas Witherspoon, Burgess Wilson, Mary Yoder, Walter Ellard, Celia Haney, LaOMA Woesler, Nell Morrow and Helen Watkins.

Commencement exercises for Snyder Junior High School students, it is announced, will be held Friday morning, May 21, at 11:30 o'clock, in the high school auditorium.

Processional, welcome and a piano solo will be given by Harold Lewis Wade. Class will be to read and a cornet solo will be offered by Harlan Birdwell. Valedictory address will follow a reading and song.

Awards will be given the valedictorian, salutatorian and student who rings up the best attendance record.

## \$7,995 in Stamps And Bonds Sold In Snyder School

In excess of \$7,995.05 in U. S. war bonds and stamps were sold in Snyder schools—those in elementary, junior high and high school—during the 1942-43 school year, E. L. Farr, Snyder School superintendent, reports, with one more week to hold classes after this week.

Estimates reveal Polly Harpole's room has purchased the highest bonds and stamp total in elementary school, Rose Marie Clawson's room the highest total in junior high and Mrs. Ruth Sanders' room the biggest volume in senior high school.

Floy Mae Loo and La-Oma Woolever have acted as salesgirls for war bonds and war savings stamps. The school's journalism class has sponsored bond and stamp sales weekly. Sales were carried in high school on Wednesday of each week and on Thursday of each week in junior high and elementary school.

## Will Entertain "Pore White Trash" in Benefit Show

Mose, Early May and Monroe Doctrine are three of the minstrels who will help make the Snyder Lions Club presentation this (Thursday) evening in Snyder School auditorium an outstanding production of its type.

Officials of the Dixie Land Negro Minstrel declare. Funds derived from the show, which will feature "Harlem on Parade" and a chorus of 35 colored gals and guys, will go to the club's blind fund. Music, gags, guffaws, con-

trast, popcorn and peanuts will be on the show's menu, and candy sales, with prizes in many packages, will be included for your approval, Mr. and Mrs. Scurry County, and you can't afford to miss it.

## One-Way Alley for Highway Traffic in City Being Proposed

Proposal to make the alley north to south from 25th to 26th Street, and running between King & Brown and J. M. Newton Grocery a one-way drive during construction of the Highway 15 bridge over Deep Creek received considerable attention last Thursday evening at the regular monthly meetings of Snyder's City Council.

Councilmen changed a committee to proceed and make the necessary arrangements for placing the alley under a one-way drive status.

No building permits were reported for April, and the city recorder showed a total of \$21.40 in fines collected.

Water collections for the month just ended amounted to \$1,799.53, and tax collections totaled \$239.45.

In a general report, J. S. Bradbury, city secretary, indicated April disbursements of \$2,023.36, compared to April receipts of \$1,919.07.

## Ira School to Stage Open House Sunday

Open house hours for Ira School's new plant have been set for Sunday afternoon, 4:00 to 7:00 o'clock, Silas Deavenport, school chief, announced this week.

The general public is cordially invited to attend open house for the 14-room plant, on which J. D. Jones of Big Spring field general contract.

Cost of the plant, built to replace the one destroyed by fire last spring, has approximated \$30,000.

School faculty members will be on hand Sunday afternoon to guide visitors of Ira and other communities through the building.

## Local Lions to Attend Lubbock Area Meet

Sam Williams, L. A. Chapman, E. O. Wedgeworth and Lyle Deffenbach, delegates from the Snyder Lions Club, will be in Lubbock Sunday and Monday to attend a District 2-T Lions Club War Activity Conference, club leaders announced this week.

Over 200 official delegates from 66 Lions Clubs in District 2-T are due to attend the Lubbock convale. D. A. Skeen of Salt Lake City, Utah, second Lions International vice president, will be one of the principal speakers, as will Murrey, H. Fly of Odessa, retiring district governor of District 2-T.

John Stuard Visits in County. Private John O. Stuard, engineers headquarters, U. S. Army, at Dutton Creek, Canada, son of Mr. and Mrs. O. L. Stuard, arrived last week on furlough to visit with his parents and other relatives. Young Stuard, who has been in the army nine months, left Saturday for his post of duty.

## 37 COUNTY MEN PUT IN 4-A BY DRAFT BOARD

Other Classifications Made Monday When Large Group of Draftees Regrouped by County Unit

In regular weekly session Monday evening of last week, Scurry County's Selective Draft Board reclassified an unusually large number of county draftees. The classifications ranged from Class 1-A to Class 4-A and one draftee placed in Class 4-F. Largest number of reclassifications was made in Class 4-A, where 37 registrants were placed. Results of last Monday evening's meeting, unavailable for last week, follow: Pending local physical examination—Raymond Day, order No. V107; Virgil L. Turner, 11,003-A; and Willis J. Fuller, 11,007.

Oscar D. Auncut, order No. 8,835, was placed in Class 4-F.

Special citation for the part played in the recent Second War Loan drive was given Scurry County this week by the Eleventh Federal Reserve District of the U. S. Treasury War Finance Committee, Fort Worth.

In a letter to E. O. Wedgeworth, county chairman of the War Finance Committee, C. R. Hendricks, regional manager; R. E. Harding and William P. Smallwood, co-chairmen say:

"We want you and each member of the Scurry County committee to know we are proud of the achievement you attained during the most successful treasury financing campaign in history."

"The Fort Worth region of the War Finance Committee composed of 59 counties including Scurry County, has exceeded in excess of \$28,000,000 our run-bank quota of \$28,000,000."

"Unk'd," the letter concludes, "We can do big things. Your untiring effort and whole-hearted support is reasonable for this success and is most deeply appreciated."

## Shahan Will Preach Pyron Baccalaureate Service

Baccalaureate services for senior class members of Pyron High School will be held Sunday evening, 9:00 o'clock, in the Pyron High School auditorium, Frank Andrews, Pyron superintendent, announced first of the week.

Rev. Roy Shahan, pastor of Snyder's First Baptist Church, will deliver the baccalaureate sermon, Andrews states. The general public is invited to attend.

## RODEO WILL GO ON IN ANSWER TO REQUESTS

War-Time Program in July 4 Event, Directors Decide

Scurry County, despite war-time conditions, will stage its Seventh Annual Rodeo here July 1, 2, 3 and 4, officials of the Scurry County Rodeo Association voted Tuesday evening in a called meeting.

Decision to stage a rodeo this season was reached by association of officials after numerous requests were received, not only from this trade zone, but this part of West Texas to "carry on."

This year's annual rodeo and saddle roundup, it was voted, will be carried along a patriotic theme, and all prizes will be awarded in the form of U. S. War Bonds and War Savings Stamps.

J. C. Derward is president of the Scurry County Rodeo Association, Hugh Taylor vice president, and A. W. Arnold is secretary-treasurer.

Association directors are: J. O. Stinson, Henry Rzesenberg, Homer Robinson and Jesse Koonsmann.

"We have received so many requests to carry on with the rodeo this year that we want people of this trade area to know we will bend every effort, despite war-time adjustments, to give people of Central West Texas an event unequalled for color, patriotic flavor and prize awards," a spokesman for the association told a Times reporter.

Decision to stage the annual rodeo here was received by rodeo contestants and enthusiasts with keen anticipation—in view of the fact this year's Southwest Exposition & Fat Stock Show at Fort Worth was canceled, and the Texas Cow-boy Rodeo at Stamford has been called in. Other rodeos in this part of the state have been canceled, for one reason or another.

On behalf of the rodeo association, Derward states rodeo performances will be held on the evenings of July 1, 2 and 3, and on Sunday afternoon, July 4, as a finale for the annual event.

Additional details on the rodeo will be carried from week to week in The Times.

## Mahon Condemns Strikes as Acts of Treason by Labor

Congressman George Mahon of the 19th District, in condemning John L. Lewis and the coal strike recently, declared that Lewis is guilty of treasonable conduct of the first order and should have been shown months ago that he is not bigger than the federal government.

The congressman says civilians of the United States have every right to be aroused at the tactics of the labor "baron."

In a speech in Congress Mahon said that Lewis had in effect repudiated our government and joined our enemies and that this latest act against the government by Lewis had fully vindicated all those who had been fighting for legislation to prevent strikes in war-time and for a firmer policy by the president against our enemies within the United States.

Mahon and many other members from the South have been demanding for months that strikes should be outlawed for the duration. The president had secured a pledge from Lewis and other national labor leaders that there would be no strikes and had not favored legislation. A firmer policy against strikes is now thought probable.

## Revival Open Sunday At Assembly of God

Beginning Sunday morning, an old fashioned revival meeting will be held at Snyder's Assembly of God church, located at 1811 Avenue S, with Rev. C. L. Hundley, pastor, doing the preaching, church leaders announced this week.

Services will begin each evening, except Monday, at 8:30 o'clock. Rev. Hundley will use such subjects as "The World's Greatest Need," "The Meek Man in Town," "Who Is the Anti-Christ?" "The Unpardonable Sin," "The Unpardonable Sin," "The Great Tribulation Period," and other timely subjects.

Inspirational singing and good music will feature each service, leaders announce. The public is invited to worship with the Assembly of God people.

## Hero Honored

Posthumous award of the Soldier's Medal to Sergeant John Y. (Jack) Stewart, 21, son of Mr. and Mrs. Jess Rogers, who died in North Africa last December after attempting to rescue the crew in a crashed airplane was announced last week by the War Department.

Sergeant Stewart, who is buried on the Firestone Plantation, Liberia, was attached to the 19th Weather Observation Squadron, U. S. Army.

## WELL EAST OF TOWN ATTRACT OIL INTEREST

Wildcats Drilling Ahead in Hope of Proving Forest Development's Ideas About Liquid Gold

Oil operators and royalty owners of this trade area focused attention this week to the Hobbs community, in Western Fisher County, where Humble Oil & Refining Company's No. 1 S. A. J. Willingham wildcat test was drilling ahead below 3,950 feet.

The Humble No. 1 Willingham test, scheduled to be carried to 6,000 feet, is located 600 feet east of the northeast corner of Section 43, Block 3, Houston & Texas Central Railroad Company Survey.

Three miles to the southeast of the Willingham wildcat, project, Hunter & Hunter No. 1 Pillingham, located in the northwest portion of the southwest quarter, Section 112, Block 3, H. & T. C. Survey, was drilling past 3,000 feet. The Hunter project is scheduled to be carried to the 4,500-foot level.

Possibility of the two wildcat tests—Humble's and Hunter's—opening a new pool in Western Fisher County has put members of the oil fraternity "on their toes."

The Humble-Willingham test will either prove or disprove ideas Forest Development Company had several years ago about pay horizons being found southwest of the small Bennett Field—eight miles southwest of Ritzan—and the Hunter & Hunter Pillingham test will throw considerable light on extension of the so-called "light" Claytonville structure. A number of dry tests have been drilled in the Claytonville series, but the Hunter-Pillingham test, as corcalated this week, is "looking good."

The drilling superintendent and members of the Humble crew are making their headquarters in Snyder.

## Dunn Boy Comes Back From South Seas with Injury

Believe it or not, but Hershel Clay, Dunn community youth who served gallantly with U. S. Army forces in the Far East, is recovering in a Memphis, Tennessee, hospital, from an unusual accident received in New Caledonia—a compound fracture of the leg received when a horse fell with him.

Clay, who received the leg injury in line of duty on New Caledonia Island was injured in March. He writes Mrs. Roger Johnson of Dunn that her son, Jack Johnson, was well and safe when he was "strapped to the states."

"New Caledonia Island, where several Scurry County boys are stationed, is dense and full of vicious mosquitoes," Clay declares. He will probably visit Dunn relatives and friends when released from the hospital in June.

## NOBODY HURT AS GALE CUTS 3/4-MILE SWATH

School Condemned as Safety Move After Inspection—Billingsley Home Practically Razed

The Dunn community witnessed a cyclone, rain and hail storm Sunday evening, 10:30 o'clock, that made the 19-year-old high school plant unsafe for occupancy early this week, blew part of the roof from the Dunn School gymnasium, wrecked two residences and hailed out the crops of a number of community farmers.

The storm, which approached from the southwest, lifted the entire school garage from over three Ira School buses, and scattered the structures—in twisted sheet metal and splintered wood—over an area three-quarters of a mile to the northeast.

The home of N. A. Billingsley, just south of Dunn, was moved from foundation and walls were virtually wrecked. The barn and windmill of Billingsley were wrecked entirely, as was a windcharger. Southwest portion of the Billingsley home was moved at least 10 feet from original foundation. Billingsley plans to rebuild in the immediate future.

In Dunn proper, the roof was lifted from a six-room frame house of Mrs. Ava Watkins, and scattered over a large lot. Just to the south of the Watkins home, residence of Mrs. J. P. Billingsley had the roof split completely across the structure at the eaves.

Prost of the Scott Store in Dunn was damaged by the gale, which exceeded 60 miles per hour. Mr. and Mrs. L. A. Scott, operators, stated poultry remedy, face lotion, gloves, and hair oil were all thrown in a heap on the floor by the wind that took out one of the store front display glasses.

The Dunn School plant, in operation 19 years, sustained a major chunk at the northeast portion of the structure, where a number of building brick tumbled to the ground. Inside the plant, ceilings of practically all classrooms were cracked, and damage was done to furniture and equipment by rain and wind.

W. C. Hooks, recently named as superintendent to replace O. K. Davis, and other school officials announce that the school has been condemned by inspectors, and that classes will be held there no more for this school year. Portion of the school roof was blown off during the storm.

Fortunately, not a single Dunn community person was injured, since majority of residents were in storm cellars when the storm struck.

A considerable number of out-buildings in the Dunn community were overturned and wrecked by the high velocity gales.

Cyclone which struck Dunn came as an aftermath to a week-end installment of intermittent rainfall and exceptionally cool weather that caused most county residents to stay by the fire Sunday.

Snyder received 85 of an inch rainfall, accompanied by plenty of small hail, Sunday night.

The Fluvanna community, according to government gauge kept by H. C. Flourney, received 1.02 inches of rain, and the Camp Springs and Midway communities reported approximately one inch fall.

Southwest of Snyder 20 miles, the Knapp community received an inch rainfall. Dunn and Ira gauged only three-quarters of an inch precipitation.

Week-end spell of rain and cool weather proved spotted in this trade area. Borden County received only moderate rainfall, as did Fisher and Garza Counties.

Rain received in Scurry County over the week-end was the first recorded, Mrs. Foy Wade, government gauger, reports, since April 11, when the county received 40 of an inch moisture.

## One Room at Pyron School Buys US Jeep

Betty Jo Gilmore, seven-year-old daughter of Mr. and Mrs. John Gilmore of the Pyron community, set a pattern for other school students of the county to shoot at when she purchased a \$400 U. S. war bond.

Betty Jo, who is in the second grade at Pyron School, says her reason, of which Mrs. J. C. Rea is teacher, bought \$307 of war bonds and war savings stamps—enough to purchase a U. S. Army jeep.

### Ringside Club Gives Program for Mothers

The home of Mrs. R. L. Terry was attractively arranged with some of spring's most beautiful red roses and blue fern Friday with members of the Ringside Study Club met for a Mother's Day program. Guests gathered at 3:00 o'clock.

The afternoon's affair was opened with scriptural reading by Mrs. C. L. Banks. She read from the 31st chapter of Proverbs. Invocation was given by Mrs. J. R. Hucksbee. "Where Will's Never Grow Old" was rendered by the entire group followed by a reading, "Streamlined Mothers," by Mrs. C. T. Glen. Mrs. Alpha Moffett gave "Origin of Mother's Day." Jo Ann Martin presented a short story, "Jerry's Present to Mother," and Mrs. Banks, A. C. Martin, B. H. Moffett and N. W. Autry sang "Beautiful Life." Mrs. R. E. Gray presented a reading, "Another Song," "On the Jericho Road," was sung by Mrs. Terry, Martin, Moffett and Autry. Mrs. W. W. Headstream ended the program with a reading, "Backward, Turn Backward."

Club members previously had voted to present a basket of flowers to the oldest mother present, who was Mrs. Tom Crowder. Every other mother present registering was presented a spray of flowers tied with the patriotic colors, red, white and blue.

Mrs. Banks was elected president of the club at a recent meeting. She will assume the place formerly held by Mrs. Martin.

The hostess passed punch and cake to the following: Mrs. Jack Smith, J. G. Whitley, N. B. Moore, R. E. Gray, J. T. Pate, George Lewis, M. G. James, Bud Rogers, Crowder, Woodard and Donna Hucksbee, mothers; Mrs. Annie Autry, Edna Banks, Ada Martin, Eunice Keller, Alpha Moffett, Lila Glen, Maudie Riley, Bernice Headstream, Bess Nichols and Emma Red.

### Maxine Reynolds and Leslie Derrick Marry

Maxine Reynolds, granddaughter of Mrs. A. C. Reynolds, became the bride of Leslie Russell Derrick May 4 at the home of the officiating minister, Rev. Hubert C. Travis, pastor of the First Presbyterian Church.

The bride wore for her wedding attire a white crepe dress with white accessories.

Derrick, son of Mr. and Mrs. Jim Derrick of Dermott, attended school at Dermott. He left Thursday for the United States Army.

Mrs. Derrick plans to continue with her school work.

Attendants for the couple were Iva Lee Walker and Muriel Gill.

### Hospital Articles Needed for Soldiers

Wednesday, May 19, has been set as date for the next meeting of the Red Cross Camp and Hospital Council at Camp Berkeley, Abilene, Mrs. H. G. Towle, chairman of the local committee in this district, has announced. Mrs. Towle states that articles being donated this month (except hospital articles) will go to the new air base at Tye.

The RC camp and hospital county chairman says the following articles are urgently needed at the camp: Games, books, radios and victrolas. "Scurry County Citizen, can't we give as citizens fighting for victory help this cause by donating some of these articles? What do we do for boys at Camp Berkeley another camp will do for your boys at other camps and in foreign countries. The Red Cross helps every boy who wants help." Mrs. Towle states.

People having these articles are urged to get in touch with the RC council committee. They will pick up the articles if you cannot send them. Those on the committee are Mrs. H. G. Towle, district chairman; Mrs. Joe Stinson and Sam Williams, county chairman for Snyder; Mrs. M. U. Vernon of Hermleigh; Mrs. A. E. Kruse of Ira and Mrs. H. C. Flournoy of Pivvanua.

The chairman states they would like to have a woman at Tye to volunteer to help with the council work.

From time to time military authorities have requested assistance from Red Cross camp and hospital councils in obtaining articles that do not appear to be necessary or emergent in nature. Mrs. Towle says. Certainly, in view of these facts, it is easy to see the necessity for action by interested citizens and communities on the home front.

Your camp and hospital council is an instrument to channel this vital supply and demand, according to Mrs. Towle.

### Chic Corduroy

Wide wale cotton corduroy, designed in strict accord with WPB rules, takes a long step toward conservation of fabric without sacrifice of style. The trim, figure flattering jacket and pored skirt may be worn with a variety of blouses and accessories to serve as a "basic" costume for many winter occasions.

### Dougherty Pupils Giving Music Recitals

Junior piano pupils of Lucille Dougherty will present a recital at her home May 20. Senior students will present a recital in her home May 24.

J. L. Fargason and Margaret Jane Farr will present a private organ and piano recital at the Methodist church about the first of June. No definite time has been set for their recital.

Carolyn Ann Sears, Bobby Hull, and Ethel Lynn York took part in a recital in Mrs. Dougherty's home Saturday afternoon. Also taking part on program was her pre-piano class, composed of Paul Nelson, P. W. Cloud, Anita Wedgeworth, Mary Jim Wade, Mary Ann Doak, Camille Cloud, and Dawn Lee. This was the last meeting this year of the pre-piano class, and each member had as his guest his mother.

Other students of Mrs. Dougherty not present for the recital who have been attending classes this year are Lanell Martin and Annetta Jeanne Jones. All these pupils took part in the sunrise program Easter Sunday held at the Methodist Church.

Marianne Randals, piano student of Mrs. Lucille Dougherty, will present a private piano recital in her home May 14. On her recital, she will play the following selections: Minuet in G, German Dance, and Fur Elise by Beethoven; Chunks by William M. Felton; Uncle Zed and His Fiddle by Bert R. Anthony; Finlandia by Jean Sibelius; and Fragrant Mignonette by Nello S. Scates.

Dewey Pate Everett, piano student of Lucille Dougherty, will present a private piano recital in her home May 26.

Selections that she will play are: Betty's First Waltz, Heads Up! Forward March, Broomstick Parade, Night Lullaby, On the Elevator, Jumping Jacks, At the Organ, and About All Things.

Frances Leath, also a piano student of Mrs. Dougherty, will present a private piano recital in her home May 25. Her pieces will be: America, Minors in G, Miss Coquette, Indian Dancing in the Firelight, Happy Foreigner, Banjo Eyes, Song of the Katydid, and Dance of the Wood Sprites.

### Nell Verna LeMond Gives Music Recital

Nell Verna LeMond, daughter of Mr. and Mrs. J. E. LeMond of Snyder, and a junior in Hardin-Simmons University, Abilene, was singularly honored Monday evening at 8:15 o'clock, when she was presented in a musical program at the Hardin-Simmons fine arts auditorium.

Miss LeMond, a pianist from the studio of Dean E. Edwin Young, presented the following numbers in her recital, "Gavotte from French Suite," "Prelude" and "Fugue XV W. T. C. Volume 1" by Bach, "Sonata, Opus 17 in E-Flat Major" by Beethoven and "Etude C-Minor Revolutionary" by Chopin, "Romance, Opus 16, No. 2" by Gliere and "Juba, Dance from Characteristic Suite" by Dett.

Mr. and Mrs. LeMond and two other daughters, Louise and Johnnie Jean, were in Abilene Monday evening to witness the musical numbers given by Nell Verna. A graduate of Snyder High School, Nell Verna is majoring in music, both piano and organ.

### Katherine Bowen and Don Wenken Wed

Katherine Bowen, daughter of Mrs. Myrtle Bowen of Hermleigh, became the bride of Don Wenken April 28 at the home of the officiating minister, Rev. Ira A. Smith, pastor of the Methodist Church at Snyder. The simple ring ceremony was read at 7:30 o'clock. Wenken is the son of Mr. and Mrs. G. W. Wenken of Hermleigh.

The bride wore a spring suit ensemble of tan wool with brown accessories. For "something old" she wore a gold bracelet belonging to Mrs. V. H. Freytag, mother of the maid-of-honor. Mrs. Wenken wore a gold navy pin belonging to her mother as "something borrowed." Doris Gene Freytag, maid-of-honor, was dressed in a light beige crepe dress with brown accessories. W. C. Hart was best man.

Mrs. Wenken, who will graduate May 28 from Hermleigh High School, was active in all sports and school activities. She was chosen by the faculty and student body to represent Hermleigh in the Daughters of the American Revolution contests last year.

The couple plans to leave for Fort Worth after school is out to make their home.

Mr. and Mrs. Leighton Griffin and children, Gene and Judy, left today (Thursday) for Belton, where they will spend a week in the home of Griffin's grandmother.

### Presbyterian Class in Meeting Monday

Ladies' Church Fellowship Class members of the First Presbyterian Church met at the home of Mrs. C. R. Roberson Monday afternoon for a social and business gathering. Mrs. C. E. Ferguson was program leader, and she read a letter from one of the church's missionaries, Mrs. J. A. Farmer gave a "Tribute to Mother."

Roll call was answered by each individual member answering with some quotation or thought on mother.

Those present for the occasion were: Mrs. P. C. Cheneault, Furner, Mary B. Shell, John Abercrombie, R. S. Grantzham, A. M. McPherson, D. F. Wilson, Ferguson and Tollie Paver.

### Club Council Will Meet Saturday

Several important business matters will be up for transaction Saturday afternoon, 3:00 o'clock, when Scurry County's Home Demonstration Council convenes in offices of the county home demonstration agent, council officials reported Tuesday.

Council delegates are reminded that Scurry County Home Demonstration Club members have an important task to perform during wartime and are urged to be represented 100 per cent.

### Jim Tom Casey Weds in New Mexico

Marie Casey was in Clovis, New Mexico, last week to attend the wedding of her brother, Jim Tom Casey. Casey is formerly of Snyder. He and Rochelle Coy were united in marriage May 1 at Clovis.

Casey, son of Mr. and Mrs. Guy Casey of Snyder, is a graduate of Hermleigh High School and Texas Technological College, Lubbock in 1939, where he majored in textile engineering. Since 1941 he has been employed with the U. S. Area Engineer's office, later being transferred to the Clovis office. His wife is also employed with the same office.

### Girl Scouts Enjoy Overnight Outing

An overnight outing planned previously was enjoyed by members of the Girl Scouts Friday night at the Birdwell ranch, home of Mrs. Bernice Shearer, Scout sponsor.

The girls enjoyed a swim the first thing on the program after arriving at the ranch. Returning to camp to enjoy a ranch style supper, the girls then gathered around the camp fire to enjoy songs and reading rendered by Beverly Johnston, Opal Kard and Mrs. Shearer. Wanda Mills and Louise LeMond also gave readings.

During the night different groups of girls took time about keeping watch until 6:00 o'clock in the morning, when they arose to prepare breakfast. After the meal they returned to town.

### Mrs. Popnoe Hostess To Esrudoma Class

Esrudoma Sunday School Class of the First Baptist Church met at the home of Mrs. C. W. Popnoe Monday evening. Mrs. J. E. Powell assisted Mrs. Popnoe in entertaining the group.

Mrs. Howell Harpole opened the meeting with a prayer. Mrs. M. E. Stanfield turned in her resignation as secretary of the class, and Mrs. J. E. Powell was elected to fill her place. Mrs. Jack Inman was elected as assistant teacher.

The program began with a devotion by Billy Jean Conrod reviewing "Daniel in the Lion's Den."

Sandwiches, cookies and punch were passed to the following: Mrs. W. J. Conrod, Inman, Virgie Harris, Melvin Newton, Collie Fish, Edgar Taylor, Harpole, Myrtle Evans, Floy DeShazo, Roy Porter, Wade and Popnoe.

An all-day outing, including a picnic, was enjoyed by the following at the ranch home of Mr. and Mrs. Bill Miller Sunday: Messrs. and Mrs. P. E. Bayouth and family, Charlie Noble and family, Boss Baze and C. P. Sentell and daughter.

Guests in the home of Mr. and Mrs. J. G. Patterson for Mother's Day were: Messrs. and Mrs. John R. Covy, P. H. Patterson, H. B. Patterson Sr., H. B. Patterson Jr. and family of Roby, James W. Patterson of Andrews and Joe Cabon of Snyder.

Mr. and Mrs. John E. Blakey Jr. and son, John Clinton, of Austin were in Snyder to spend Mother's Day with their parents, Mr. and Mrs. John Blakey Sr. and Mrs. J. C. Dorward. Mrs. Blakey and John Clinton remained here this week.

### Mrs. Howell Harpole Married

A. D. Belk Jr. and Betty Luc Shioe of Washington, D. C., were united in marriage April 23 at Mount Vernon, Washington. The double ring ceremony was performed at high noon at the Methodist Church, with Rev. Purcell Story officiating.

The bride was dressed in a sky blue dress with white accessories, and she wore a shoulder arrangement of white gardenias. For "something old" she carried a handkerchief belonging to the bridegroom's mother.

Mrs. Belk is a 1940 graduate of Carlsbad, New Mexico, High School, was employed by the Cavern Supply at Carlsbad Caverns until recently.

Belk, better known as "Hoss" here, was employed at the Western Auto Supply until he joined the navy in March. He is stationed in Washington with the rank of petty officer and is aviation mechanic third class.

The couple will reside in Washington for the time being.

Guests of Mr. and Mrs. H. H. Eiland and family for Mother's Day were Mr. and Mrs. Royce Eiland and daughter, Cherry Lynn, of Merkel, Mrs. Ethel Eiland of Snyder, Thelma Coleman of Trent, Mr. and Mrs. W. W. Eiland and Mr. and Mrs. Guy Eiland and children, Guy Merwyn and Walter Paige, all of Stanton, and Mr. and Mrs. J. E. Falls of Ira.

Mr. and Mrs. Elmer Watkins and small daughter, Janice, of Denver, Colorado, are visiting this week with Mr. and Mrs. W. E. Watkins. Mr. and Mrs. J. R. Watkins of Galveston, who visited over the weekend with the Snyder couple, left for Galveston Tuesday afternoon.

Joelle Russell, who has been night nurse at Snyder General Hospital for the past five weeks, left early this week for Knox City to spend a few days with her parents. Miss Russell is awaiting call to assume duties as a W.A.O.

Mrs. A. L. Bird and children of Goldthwaite, Mr. and Mrs. W. A. Geffin and children of Del Rio and Mrs. Paul Yarborough and children of Borger were Mother's Day guests of Mr. and Mrs. A. T. Deere.

Mr. and Mrs. Marcel Josephson and daughters, Sandra Jean and Barbara Irene, were Mother's Day guests with Mrs. Josephson's parents, Mr. and Mrs. A. I. Berman, at Sweetwater.

### Here's Source of Good Army Chow

Private Harvey Horton, like boys from Scurry and other counties inducted into military service, learns first hand where good army chow originates. As a guest of the N. C. Stiles farm family, he eats a bountiful dinner and praises the patriotic spirit of our farmers—forgers of the most important war weapon, food. This is one of the many farm families who are working the land as never before, for victory.

### Frances Autry, Ira School Girl, Wins State University B Award for Essay

Frances Autry, 16-year-old daughter of Mr. and Mrs. Barney Autry of the Outburst community, and a student in Ira High School, won singular recognition in Austin Friday when her essay entry, "My Home Town," won the State University cup for Class B entries.

Frances, accompanied by Mrs. Ben Thorpe, left last Wednesday for the capital city. Both returned over the week-end.

Win of the State University cup for her essay entry came on the heels of winning the regional essay contest in Abilene two weeks previously.

"We are quite proud of Miss Autry's accomplishments at Austin, and feel that her essay will be worthy of recognition throughout this trade zone," Mrs. Gaston Brock, county superintendent states. "Her achievement is more worthy of note when we consider the fact we had no interscholastic League events here this spring."

Winning essay of Frances, "My Home Town," is reproduced as follows for benefit of Times readers: Some people would say I live in the country, 18 miles from town. Really, that is true. But I am a dreamer: I say that I live in a town, a town of trees, flowers, birds and animals. I live in the center of them all, but I may visit the things about me any time I wish. The birds allow me to peer into their cozy little homes; the trees wave their leafy arms at me when I pass. Yes, I live in a town—a town where air is pure, where you may breathe deep the scent of flowers, or of dark red earth, freshly plowed. I have many companions. They are eager to help me, just as I would help them.

We have few quarrels in my home town. Occasionally, a sparrow wishes to build his home where a ween does, but this dispute lasts only a short time.

The streets are not paved either in my home town. But do they need to be? Can you smell the pureness of the earth after a rain if they are paved? Or can you feel the cool grass under your feet or the warm sand bleached white by the sun?

My home town is a quiet one. No hum of motors, no loud blaring of whistles, no yelling of people, mad with city life disturbs you. The night especially is quiet, for the chirp of crickets and the noise of the horses crunching dry bits of feed only lull you to sleep, and even these noises cease after awhile.

Of course, this town of mine lacks many conveniences. But, after years of this life, you become accustomed to that. Perhaps that is the reason this home town is so enchanting: it is primitive, quaint and "down to earth." It is not artificial. The buildings are huge upheavals of earth, built by God. Surely this is better than man-made structures.

It is true that larger towns than mine offer more opportunities. There are libraries and larger schools. But how simple it is to learn from the things around you the knowledge of the earth. Can you not study better

### Old Age Intake Dates For County Changed

Intake dates at Scurry County's State Department of Public Welfare office for old age assistance have been changed from Thursday, following the third Monday of each month, to the second and fourth Wednesday of each month, Arthur E. Dauley, Scurry County representative for the Department of Public Welfare, announces.

Aged persons of the county who wish to contact Dauley in regard to urgent matters are asked to keep the above dates in mind.

### Pointers Given for Repair of Cookers By McKinney Man

Since cookers and sealers of Scurry County households will have to, in many instances, last for the duration, J. P. Dowell of McKinney, who has been servicing a number of pressure cookers from Scurry and nearby counties, gives the following advice to cooker owners:

Referring to cooker repairs, the leakage at the petcock can often be overcome by removing petcock and filling the cover threads with joint compounds such as plumbers use. If the threads are stripped, it is necessary to tap and thread the opening to a larger size, that is, a one-quarter inch pipe size, and install a one-eighth by one-quarter inch bushing in which the petcock can be installed and made into a steam-tight joint. In removing petcocks great care should be taken not to damage the threads in the cooker cover.

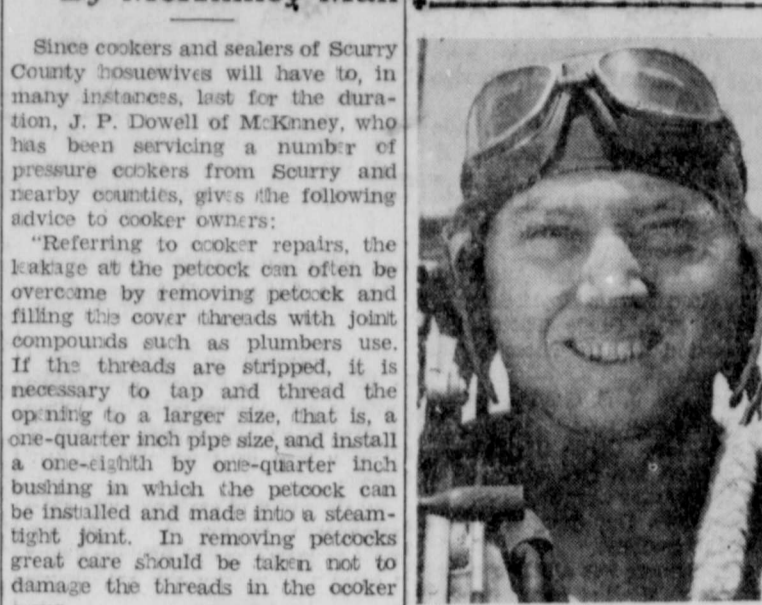

The necessary forcing off of sticky covers often scores the lid or kettle into a steam-tight joint and a leaky cover. We can quite often regain a corroded cover or kettle into a steam-tight joint, but it is practically impossible to remove scored places. A lubricant such as cooking oil or lard applied to the inside flange of the cover will often help sticky covers, but we know of no specific remedy.

Cracked kettles or cracked covers cannot, to our experience, be satisfactorily repaired. Our usual method of adjusting such difficulties under normal operations is to accept the return of the old cooker on the purchase price of a new one.

Scurry County homemakers who need pressure cooker parts can obtain replacement parts for Burgee saucers, automatic cookers, Capitol cookers, National cookers and other types of canning units from Mr. Dowell at McKinney.

### Gets His Wings

Jimmie Burt, son of Mrs. Velma Burt, who recently received his "silver wings" in the U. S. Air Corps at Harlingen, is now stationed at Berkley Field, Colorado, his mother learns. Jimmie, who holds a private first class rating, is a 1941 graduate of Snyder Schools.

### Doyle Keley to Speak At Church of Christ

Bro. Doyle Keley, brother of Raymond Keley, of Abilene Christian College, will preach at the Snyder Church of Christ during a part of the absence of the local minister. Bro. Raymond begins a two-week revival Tuesday at Vinita, Oklahoma.

Sunday, May 23, and Sunday, May 30, Bro. W. R. Smith of Abilene's Christian College will occupy the pulpit of the Snyder church, congregation leaders announce.

### Clifton Yarborough Cited for Action on Ship During Battle

Clifton E. Yarborough, 28, brother of Paul Yarborough, former Snyder resident now living at Sweetwater, was singled out for unusual honors last week when he was presented the U. S. Navy Silver Star medal at San Diego, California. The medal was awarded for distinguished service against the enemy. Clifton has visited in Snyder several times.

Burned seriously about the face and arms after an explosion near his gun, the Brady sailor made his way to a powder supply line for active guns, and took part in passing ammunition until ordered to retire to a dressing station.

"Your action as cited in the commendation, on behalf of president of the United States," said Rear Admiral F. W. Rockwell, U. S. N., "is a fine example to all men in naval service." His hand still bearing the scars he received, he wants still another crack at the Japs.

Staff Sergeant and Mrs. Jay Rogers of Lubbock were accompanied to Snyder Monday by Mr. and Mrs. J. O. Hinkle of O'Donnell, parents of Mrs. Rogers, to visit in the home of Rogers' parents, Mr. and Mrs. H. P. (Abe) Rogers, and other relatives. The foursome motored to Ballinger to visit other relatives.

## Fluvanna School Sells \$3,498 in Jeep Drive

Fluvanna Schools sold a total of \$3,498.50 worth of U. S. war bonds and war savings stamps in the recent "Buy a Jeep" campaign conducted in the county, community officials reported Tuesday.

The \$3,498.50 figure is a correction from previous totals quoted for the community.

Fluvanna really worked in the bond and stamp campaign, leaders say, and a special committee accounted for sale of \$3,225 worth of bonds and stamps.

## Raymond Keley in Revival in Oklahoma

Raymond C. Keley, Snyder Church of Christ minister, begins a two-week revival meeting Tuesday at Vinita, Oklahoma, and will be assisted in the meeting by Carlvert Wiley, Vinita minister.

L. O. Sanderson of Tulsa, Oklahoma, will lead song services during the two-week meeting, which is scheduled to attract visitors from a large area around Vinita.

## Legion Post to Talk Vital War Matters

Matters of importance to every ex-service man in Scurry County will be taken up Friday evening, 8:30 o'clock, when a regular meeting of the Will Layne American Legion Post No. 181 is held in the Legion Hall, four blocks west of the square.

The American Legion Post No. 181 has been asked to assume a number of war-time responsibilities, and post officials are anxious that all post members, and ex-service men in general, be at Friday evening's gathering.

Mullins Says He'll Be Back Soon.

"I'm a long way from home here in North Africa, but I am taking good care of myself and expect to be back home before you know it," Corporal Lance P. Mullins of Company G, 142nd Infantry, 36th Division, writes his parents, Mr. and Mrs. H. A. Mullins of North Snyder.

"Like other members of Company G, I'll have a lot to tell you when I get home, so be good." Corporal Mullins, a graduate of Snyder High School, has been in the Scurry County guard unit several years.

## First Baptist Church

Sermon subject for the Sunday morning message by the pastor will be "Harmonizing Life for Successful Living." There will be no preaching service at the evening hour. All our people are urged to attend the baccalaureate services at the high school auditorium. The services at the school will begin at 9:00 o'clock.

Regular Training Service will be held at 7:30 and close promptly at 8:30. This will give ample time for all to be at the school building in time for the evening service. Do not fail to attend Training Service.

The church in conference voted that the entire debt of \$1,436.20 on our church building be paid during the month of May. Sunday, May 23, has been designated as Victory Day. On this day each member is asked to bring a special offering to apply on this debt. We trust that the full amount stated above will be given on this Sunday.—Roy Shahan, pastor.

## Wedgeworth Named Director of Managers

E. O. Wedgeworth, Scurry County Chamber of Commerce manager, who presided Friday afternoon in Midland over annual sessions of the Chamber of Commerce Managers' Association of West Texas, was named a director of the organization, association officers report.

Annual gathering of the CCMAWT began last Thursday morning at Hotel Scharbauer in Midland, with J. H. Greene, president, presiding.

Principal speaker at the meeting was Mark McGee of Fort Worth, state Office of Price Administrator director.

The Scurry County CG manager returned from Midland over the weekend.

## Hermleigh Cemetery Working Underway

People of Hermleigh and nearby communities were assembling this (Thursday) morning, as The Times went to press, at Hermleigh Cemetery for annual all-day working of the community city of the dead.

J. O. Leech, chairman of the Hermleigh Cemetery Association, states plenty of weed eradication tools—hoes, shovels and rakes—were brought in for the clean-up campaign that has been a community custom the past several years. Breakfast lunch will be served at noontime.

## Deadline for Getting Peanut Seed May 31

All Scurry County farmers who intend to plant peanuts are reminded by the county AAA office that May 31 has been set as the deadline for purchase of planting seed.

Under present regulations, the county Triple A office reports, county farmers who have a surplus of seed peanuts must turn them back to the dealer purchased from by May 31.

"Lateness of the planting season makes it mandatory that producers secure seed peanuts at once," the county AAA office warns. "This vital oil crop will help in winning the war, and growers are assured that only No. 1 peanuts are being released now for planting purposes."

### BONUS TIRES MAY RELIEVE COUNTY NEED

County's War Effort Being Slowed By Lack of Transportation to Market Due to Tires

Scurry County's tire shortage remained in a critical stage this week, despite the fact Scurry County's War Price and Ration Board, Tire Panel, issued Tuesday afternoon certificates for all tires granted the county during May.

It appeared probable Wednesday that the Office of Price Administration may grant Scurry County a supplemental tire allotment during the next few days to alleviate to an extent the critical rubber shortage here.

The county's entire war effort is being paralyzed by the acute lack of tires and tubes—since produce, cream, butter, eggs and fryers cannot be moved to market without a means of transportation.

Applications now on hand at the County War Price and Ration Board have piled up until supplemental allotments of tires and tubes must be granted the county if persons in dire need of rubber are to be accommodated, it is pointed out.

The County's War Price and Ration Board, a spokesman said, would be only too glad to grant tires and tubes to every eligible applicant—if the tires and tubes were here to grant.

Some measure of relief for hard-pressed ranchers and farmers, and others eligible to receive tires and tubes, was indicated Wednesday when the district OPA office at Lubbock and the regional OPA office at Dallas took Scurry County's needs under advisement, it was reported by reliable sources.

### First Aid Course

Red Cross standard first aid courses in Scurry County are on the march. So points out Elmer Taylor, county RC first aid chairman, who reports six classes have been concluded in county communities, and that a standard RC first aid course will be held at Bethel in the near future. Any county community wishing an instructor for a Red Cross first aid course is urged to have representatives contact Taylor as soon as possible.

### Eighth Grade Exams Scheduled Saturday

County school officials are reminded this week that county-wide examinations for eighth grade students of county schools will be given Saturday morning, beginning at 9:00 o'clock, in Snyder Junior High School study hall.

Mrs. Gaston Brock, county superintendent, will be in charge of the examinations—exams which will determine whether or not eighth graders will receive promotion into high school.

Through an unintentional error, it was stated in last week's Times the examinations would be held today (Thursday). Saturday, May 15, is the correct date.

### Student Written Play Staged at Crowder

"Murder at Midnight," a three-act play written by students of the Crowder School, was staged Friday evening to an excellent crowd at the school seven miles southwest of Snyder.

Feature of the play was a "black-out" period, which added considerable anticipation as to the next trend of the home community presentation.

Crowder School, it was announced, will close Friday, May 21, for the 1942-1943 term.

### Second Span on New Bridge Being Poured

Form work on the Highway 15 bridge across Deep Creek progressed to a point this week where concrete is being poured on the second span, J. G. Gorman, resident highway department engineer, reports.

Bridge construction work has been going forward at a steady clip the past two weeks. Rainfall received over the week-end caused only slight delay in work on the \$38,000 concrete structure.

### Suicide Verdict Found in Death Of S. V. Clouse

"Death by gun shot wounds, self-inflicted," was the judgment given Friday by a board of inquest in the death of S. V. Clouse, 77-year-old Scurry County brick mason, who was found dead Friday, 12:15 p. m. by Rev. M. W. Clark and Sheriff John Lynch.

Clouse, who had been in charge of collecting and sorting old newspapers, magazines and cardboard for sometime, was found in his trailer house residence, just west of the First Christian Church on a city lot, by investigators after he failed to go to work Friday.

P. E. Davenport, justice of the peace; John Lynch, sheriff of Scurry County; Sterling Williams, county judge; and Dr. T. M. Howls constituted the board of inquest into the Clouse case.

"Clouse," according to findings of the board of inquest, "was found lying on a bed, on his back, with both hands on a .22 caliber rifle. His right hand clutched the trigger part of the gun, and the muzzle of the weapon was close to the mouth."

"He left," findings of the inquest concluded, "a letter to his daughter, with instructions what to do in regard to property and other matters." Time of death was not ascertained, but was believed to have been Friday morning.

Born February 1, 1866, Clouse was a brick mason by trade and erected a number of Snyder buildings in years gone by, including the Manhattan Hotel edifice.

A skilled carpenter, Clouse had been a long-time member of the Free Will Baptist, and was a licensed Free Will Baptist minister.

Funeral services for the veteran county citizen were held Sunday afternoon, 3:30 o'clock, at Odom Funeral Home Chapel.

Rev. I. A. Smith, Snyder Methodist pastor, assisted by Rev. M. W. Clark, conducted final rites.

Flower bearers were Mary Jo Burk, Fay Ellen Jordan, Patsy Ann Clouse and Beverly Johnston. Clouse had been a Scurry County resident since 1907, except for a few brief periods of residences in other parts of the state.

Surviving are six sons, L. E. Clouse of Borham, John Clouse of Houston, V. Clouse and Joe Clouse of Kerrville, Jack Clouse of McAlester, Oklahoma, Clyde Clouse of Abilene; two daughters, Mrs. Charlie Burk of Snyder and Mrs. C. E. Thompson of Fort Worth; 18 grandchildren and seven great-grandchildren.

Odom Funeral Home directed arrangements, with interment in Snyder cemetery.

Bob Hallmark of San Francisco, California, was a guest of Patsy Smoedgrass Saturday, when she arrived here for a week-end visit with her mother, Mrs. Vera Smoedgrass, and other relatives. Hallmark formerly was employed with a branch of the State Highway Department in Snyder about a year and a half ago. He is now in the armed forces.

### Demonstration Club Notes

Turner Club Meets Monday. Turner Home Demonstration Club, Estella Kabel, county agent, announced, will meet the fourth Monday instead of the third Monday in each month.

The Plainview Home Demonstration Club will meet the fourth Tuesday, May 25, at the home of Lillian Huffstutler, Miss Kabel states.

Union Club Meets Thursday. Union Home Demonstration Club met Thursday in the home of Mrs. Walker Coonrod.

Members answered the roll call with pointers on the care of poultry. Miss Kabel gave an interesting talk on "How to Care for Baby Chicks."

Four of the main points she brought out were, provide plenty of green feed, fresh water, good feed and sanitation.

Mrs. Coonrod served ice cream and cookies to the following: Mmes. Jess Hall, F. W. Mogford, Leverett Lewis, Gordon Smith, Holly Shuler, R. L. Jones, J. L. Carrell, G. M. Garner, M. L. Andress, Joannia Jacobs, J. N. Buffington, Wiley Durbanks, Paris McPherson, Weldon Samrud and Misses Inez Buffington and Mae Ward.

Next meeting will be in the home of Mrs. Paris McPherson.

Look for Flea Beetle! Did you notice small, round holes in the leaves of the green beans or mustard greens while walking through your victory garden this morning? The holes looked as though a charge of small shot had landed in the garden. Well, if you saw such holes, then the flea beetle has moved in on you.

The beetle is very fond of young seedlings, so it's important to watch for these pests. If they get a head start, says Estella Kabel, county home demonstration agent for the A. & M. College Extension Service, they may destroy a large number of your garden plants before you suspect the cause. They feed on the top side of the leaves and go after cabbage, turnips, tomatoes, eggplants and potatoes as well as beans and mustard greens.

Miss Kabel says the preferred method of control is dusting affected plants with a rotenone and sulphur mixture. If that isn't available, dusting the seedling plants with cryolite will do the job. After that use a dust or spray of pyrethrum. If you cannot get these materials, then dust the plants thoroughly with air-slacked lime or Bordeaux mixture. Repeat as often as is necessary.

If it rains often you may have to do it five or six times to get the situation well in hand. But keep after them.

Your county extension agents can give you details on control methods.

Cotton Rubber Substitute. A new plastic, made from cotton and alcohol, can be used as a substitute for rubber. Although not suitable for manufacturing tires, the new plastic can be used to replace rubber in thousands of every-day articles, including raincoats, electrical tape, footwear, garden hose and many other items.

### Elementary Music Group Entertains Lions Club Group

An entertainment program, staged by a group of boys in the elementary choral club of Snyder Schools, marked a highlight of Tuesday's regular weekly Lions Club luncheon, held in the Manhattan Hotel.

Directed by Katherine Northcutt, with Polly Harpole as accompanist, the group sang "Over There," "Our Jim," "Till We Meet Again," and "Keep the Home Fires Burning."

"Kenneth Way sang 'The White Cliffs of Dover and the group gave 'Coming In On a Wing and a Prayer.' A clever comic skit, 'This is the Army, Mr. Jones,' was presented by five boys and a chorus. 'Hell in the Fusher's Face' was staged by four choral club members and chorus. The group gave 'Star Spangled Banner' as a finale.

Announcement was made that several members of the Snyder club will attend the district Lions conference in Lubbock Sunday and Monday.

Myron Roe gave a solo, 'Look Down That Lonesome Road.'

The Lions Minstrel committee reported sale of tickets for the minstrel to be staged this (Thursday) evening is exceeding expectations. The minstrel was reported to be rapidly shaping as an outstanding musical production.

Club guests included John Blum, Hugh and Brud Boren and Harry Ward.

### Leonard W. Childress Takes Pre-Flight Tilt

Leonard W. Childress, son of Mr. and Mrs. W. T. Childress of the community, is now stationed at Maxwell Field, Alabama, where he is taking pre-flight training as an aviation cadet, his parents learned Monday.

Previous to being stationed at Maxwell Field, Leonard took his radio schooling at Madison, Wisconsin, and was formerly stationed at Nashville, Tennessee, with the Army Air Forces.

No Draft Board Meet Monday. With all pressing reclassification work attended to, Scurry County's Selective Service Draft Board did not meet Monday evening. The Times learns. Reclassifications made last week will be found elsewhere in this issue of Your Home County Paper.

## Dunn News

**Mrs. L. A. Scott, Correspondent**  
The folks in our community have a new topic of conversation this week, and most of them begin with how thankful they are to be here, especially those in the direct path of the storm. The wind, traveling at a high rate of speed, struck just before the storm. Most of us were just ready to go to cellars, but failed to make it before the second wind bearing the twister hit. Damage was done to crops, orchards, out-houses, gardens and practically every dwelling was damaged some. The N. A. Billingsley home was the only home occupied that was completely demolished. The family was in the cellar.  
Mrs. James Patterson of Andrews visited her parents, Mr. and Mrs. Fred Bowers, and brother, Frederick, last week.

Sergeant Clark Parrar of Midland is here on furlough visiting his parents, Mr. and Mrs. O. Farrar, and sister, Hontas.  
Private N. A. Billingsley Jr. of the Army Air Corps at Bryan arrived Tuesday for a few days' stay with his parents to help with reconstruction of buildings torn down by the storm.  
Mrs. J. B. Smallwood returned to Fort Worth Tuesday after spending a week here in which time she supervised the tearing down and moving of the old store building on the west side of the street.  
Mrs. Royce Johnson had a letter from Hershel Clay, a former Dunn boy, who is in a Memphis, Tennessee, hospital receiving treatment for injuries sustained by a horse on which he was mounted falling with him and causing a compound fracture of his leg while on duty in New Caledonia in March. Hershel wrote that Jack Johnson was well and safe when he left. He says the island is dense and full of vicious mosquitoes. Hershel will probably visit Dunn when he is released from the hospital in June.  
A hen roast with all the "fixin's" was attended by about 60 members and guests of two Sunday School classes of the Methodist Church. Mrs. Ollie Richardson and Martin Murphy, teachers, were hosts to the affair, held Friday evening in Mrs. B. B. Johnson's pasture. The meal was all roasted under-ground, and anyone doubting the goodness of same should ask J. P. Billingsley at the county clerk's office in Snyder.  
Duggie Turner of Notre Dame University, South Bend, Indiana, is at home with his parents, Mr. and Mrs. Bill Turner, and sister, Ilene, for awhile. Duggie studied physical education along with his training.

## Tips on How to—Improve Your Lighting

## Use One Large Bulb

There is one time when 2 + 2 doesn't equal 4, and that's when you add lamp bulbs. One 150-watt bulb gives more light than three 50-watt bulbs, so where practical, use one or two large bulbs instead of three or five smaller bulbs.

**Keep Spare Fuses On Hand**  
Buy a few extra fuses the next time you are in a drug store, electric shop or other place where fuses are sold. Then you'll be prepared to put in a new fuse should one burn out.

## MORE MILK From Quiet Cows

Cows free from flies give down full milk flow. Unless protected, production drops. That's something to think about under present war conditions when every milk producer is called on to increase production.

**Big Shipment Just Received**  
Use Watkins clean, taintless, AA Fly Spray to protect your cows and keep them quiet. Light oil base, doesn't gum up hair or hide. Goes further. Can be used in milkhouse, barn or home. Kills flies—doesn't merely knock them down. Let me demonstrate. Order now and be sure of your season's supply.

You'd be surprised at how I keep thinking of things back home—little things like hamburger and onions, double malted and... my car—how I miss it and wonder if you've followed through, like I asked. Do you drive her down every week, and are you keeping the engine oil-plated with Conoco Nth oil? I want to hit the road just as soon as I get back and, of course, it will have to be in this one, for the new cars won't be out for some time after we finish the job which, if the censor permits, I'll bet my bottom dollar will be.

### Scouts of County Go to Roundup at Big Spring Camp

Total of 39 Boy Scouts from Snyder's three troops, accompanied by Jesse Clements, Troop No. 36 Scoutmaster, and Rev. Roy Shahan, Snyder Baptist pastor, plus Scout troops of Dunn, Hermleigh and Byron were attracted Friday and Saturday to the annual Buffalo Trail Council Roundup in Big Spring.

In all 61 troops from 13 of the 15 counties in the Buffalo Trail Council were present for the Friday-Saturday roundup, which got underway Friday noon.

Friday evening, officers and cadets of the Big Spring Army Air Force Flying School inspected camp sites, cooking and camping equipment, and later Rev. Dick O'Brien, Big Spring Baptist minister, told a round of jokes. Irby Cox directed singing.

High point of the two-day roundup was a barbecue Saturday noon, which attracted 1,100 persons. Some troops attended from as far away as 200 miles.

Troop No. 33 of Rotan carried away honors in Scout craft and Troop No. 72 of Odessa carried away honors in camping technique.

Snyder Scouts, by troops, who attended the convales were:

Troop No. 35—Sig Line, Reuben Jones, R. L. Beasley and Billy McGlaun.

Troop No. 36—Charles Blakey, Elwood Blakey, Don Bynum, Charles Boren, Jackie McGlaun, Douglas McGlaun, Jake McClammy, Charles Ray Line, Swan Thompson, Billy Wood, Billy Underwood, Peppy Shyles, James Norred, Douglas Riley, Louis Pter, Morris Dean Paver, Orle Paver and Billy Shield.

Troop No. 38—Edward Burleson, Don Everett, Ralph Evans, George Darby, C. W. Green, Donald Fish, Thurston McCrahey, David Harpole, Jack German, J. O. Morrison, Dale Walton, Edwin Stahl, Orbie Ray Linder, George Richardson and Bobbie Joe Shahan.

### WAAC Recruit

Mrs. Rosa Maples, wife of Oscar Maples, Snyder funeral home operator, left Saturday for Monticello, Arkansas, where she will take teletype work and bookkeeping as a volunteer in the Women's Army Auxiliary Corps.

One of Scurry County's few WAAC recruits during recent weeks, Mrs. Maples is an honor graduate of Fluvanna School, and is a member of the Order of Eastern Star.

### Renewed Waste Fats Drive Urges County Response

Snyder and Scurry County housewives were extended an invitation this week to participate in the renewed waste fats salvage campaign underway in Scurry and other counties of this area.

"It is extremely important that we come to the rescue of the government with contributions of waste fats and oils with which to make explosives of various types," members of the Scurry County Salvage Committee state.

"Every meat counter in Snyder and Scurry County has been designated as a fats collection depot, and housewives will be paid four cents per pound for fats contributed," salvage committee officials report.

The following salvage committee releases will explain the immediate need for waste cooking fats:

"An adequate supply of fats and oil is vitally essential to winning a war. The Allied blockade, which shut off Germany's imports of fats and oils, was a major factor in her being defeated in World War I.

"In 1941, the United States imported nearly 2,000,000,000 pounds of fats and oils, largely from the Far East. Most of these sources are now in the hands of the Japanese. It is imperative to each person in Scurry County that we help make up this loss—and the salvaging of cooking fats and greases offers our best opportunity.

"Surely," the Scurry County Salvage Committee concludes, "every housewife, even in the face of rationing, can save a tablespoon of used cooking grease each day. Any kind of clean metal container can be used to save fats.

"Save kitchen fats, Mrs. Scurry County housewife. Turn them in and keep the guns firing," the committee urges.

### Men in Vital Jobs May Not Be Rehired Under Labor Ruling

Under terms of the new regional stabilization plan of the War Manpower Commission, Scurry County employers are advised this week they may hire any new employee who for the preceding 30 days was not engaged in any essential activity to the war effort.

So declares Molly L. Hambricht, manager of the U. S. Employment Service office in Sweetwater, an office which serves Scurry and a number of other counties in this vicinity.

An employer, Miss Hambricht says, cannot hire any employee who has been engaged in an essential activity the past 30 days, at a higher salary or wage than the worker received in his last job.

Workers now, the USES official declares, are advised employers may hire for work in an essential activity without regard to wage rate—but only if the worker presents a statement of availability issued by the previous employer—or the War Manpower Commission.

There are 405 telephone companies operating in Texas with 1,907 exchanges and 755,985 telephones.

### Fuller Renamed as Stock Show Official

Marshall A. Fuller, former Snyder National Bank official and president of the First National Bank, Fort Worth, was re-elected treasurer of the Southwestern Exposition and Pet Stock Show at a directors' meeting of the organization.

All directors, including Fuller, who served on the 1942 directorate have been re-named for the 1944 season. They are: John C. Burns, president; Amos G. Carter, vice president; and John B. Davis, secretary-treasurer.

Officials of the Southwestern Exposition, it was announced, have voted unanimously to hold a show next season. Dates for Fort Worth's 1944 livestock show and rodeo will be March 10 through March 19, 1944. The show was not held this year in deference to governmental requests.

### Cabin in the Sky

"Despite the fact many West Texas communities have been left out of the federal pie insofar as war contracts are concerned, such places already occupy a 'cabin in the sky,' if they only realized it," a government official declared while stopping here briefly Monday.

West Texas communities away from actual war work areas have no critical war worker housing problems, no steep increase in rents, no special problems to work out with juvenile delinquents and no community liabilities to cope with concerning girls who go astray, so the federal representative declared.

Probably you will not agree, even in part, with his attitude, but at least the official's ideas will give one food for thought. The government attitude suggested there could be many ways West Texas communities might help win the war, besides pinning away for contracts which cannot be awarded certain areas for exceptionally good reasons.

### Current Comment

By LEON GUINN

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

Old Man Rumor crept up prominently again this week in gossip corners of the country on War Ration Book No. 3. . . . The new book, which will be distributed in July, will merely be a replacement document and, on the basis of present indications, no new items will be included in the general rationing set-up.

. . . Domestic allowances on sugar will probably be increased during the next few weeks, since warehouse supplies have been gradually increasing for the past several weeks. . . . OPA is likely to make concessions to cheese makers in the next few weeks, since an extreme degree of pressure is being exerted to take cheese off the list of rationed foods.

Dutchmen, especially some 20,000 river boat captains in Holland, are really the only men now worrying the Nazis almost beyond tolerance. . . . The Dutch river boat captains compose the only group that knows the tricky Holland waterways, and since railroad traffic has been disrupted, waterway traffic is urgently vital to the German war machine. . . . Despite exceptionally good treatment, the Dutch boat captains utilize every means possible of sabotaging supply shipments; sink barges in such a way as to block traffic; see that sluice gate mechanisms fail to work; and, in various other ways, create general havoc. . . . The Nazis cannot use mass punishment methods on such men—a thing that is cheering Europe's millions of conquered peoples.

### Agricultural Experts

The Springfield, Missouri, Leader and Press of March 31 contained a beautiful piece of satire on our bureaucratic experts which Times readers will enjoy. The editorial follows:

"I am Mr. Brown, the new agricultural expert. Here are my credentials."

"Ah, yes, Mr. Brown. Harvard man, I see. Now which department do you . . ."

"I think I would prefer the publicity angle. I have some new ideas which I would like to give to the farmers. Take, for example, our most delicious berries, the potato and the onion. I think we should plant the trees closer together and prune the branches in the spring, just after the moulting season. However, my chief concern and interest is hovins or cows. It has been our practice to produce numbers of useless 'male cows, and this must be discouraged. Such as are produced should be butchered and made into sausage to relieve the pork and mutton shortage."

"We have also followed the wasteful practice of feeding our young female cows a year or more before breaking them to give milk. I think these young fillies should begin at hatching time. The whole dairy business needs reorganization. We must teach our dairymen to specialize. The cows in one region should give nothing but milk, those in another nothing but cream, those in a third nothing but butter, and those in a fourth nothing but cheese. We have, however, been very wasteful. No doubt you have read of the breakage of milk bottles. This can be corrected by using larger containers with rubber cushions around the top. We should not blame the cow, for it must be very difficult to sit on those small bottles."

"Yes, Mr. Brown. That is splendid . . . but excuse me a moment. I need a little air!"

### Tiger's Tale Staffers Go to Austin Session

Mayme Lou Stokes, editor, and Buck Birdwell, business manager, contestants from the Tiger's Tale staff, returned Sunday from the Intercollegiate League Press Conference at Austin. Mayme Lou and Buck competed with candidates from 30 Texas schools in news writing, headline writing, copy editing, feature story writing, and editorial writing.

Mayme Lou placed fifth in newspaper feature story writing—a feather in the cap for the school paper editor. Birdwell did not place in the state-wide contest.

For practical help to delegates, exhibits were provided.

Social events of the conference were the reception in the Texas Union Building (Thursday), and the Mexican Fiesta on the patio of Old Mexico Restaurant, with food, music, dancing, and entertainment numbers.

### 4-H Club Boy Calves Slaughter Exempted

Calves or cattle produced by Scurry County members of 4-H Clubs and county Future Farmers of America chapters have been exempted from the custom slaughter provisions of maximum price regulation 169 by the Office of Price Administration, Edward S. Hyman, county agricultural agent, advises county rural youths this week.

"The exemption, as announced by OPA, should result in at least 150 additional calves of good blood being placed in this county," Hyman declares.

Exemption for such animals is conditioned upon certification by a sworn statement from the county agricultural agent, or vocational agriculture instructors that calves are club animals. Written permission will be given for exemptions by the district OPA office.

MANPOWER ON OUR RANCHES

Facing the nation's demand for production of more meat, probably 3,000,000,000 pounds more than the 24,000,000,000 of last year's total supply, the ranchers of Texas are up against a serious problem—the increasing shortage of skilled labor. Ranch hands have gone into the armed services and higher paying defense work, leaving ranchers with a one-third shortage of experienced help.

Since Texas is without question the largest beef, lamb, mutton, leather, wool and mohair producing state, it has an important role in the new war accelerated production program. Such needed expansion in ranch operations is becoming more difficult with the increasing shortage of labor.

Vital to the assembly line of the production of meat is the cowboy or ranch hand. His job is to look after the cattle or sheep, as the case may be, to see that they are fed and that they put on those extra pounds that are needed by our armies. People who are familiar with the inside of ranching know that cowboys are not the romantic and colorful characters the screen portrays, but that they have a specialized job to perform and they do it as efficiently as any mechanic or welder in the other essential war industries.

Cowboys are answering their call to duty and are going to work for Uncle Sam. Leaving behind their spurs, chaps and hats, they are putting on khakis, taking up his branding irons and guns, and mounting a jeep or ship, going out for the big round-up. Cowboys have always been considered good fighters; history shows that they have never been found lacking in loyalty or courage. Willingly they are going forth in high spirits to do a good job in delecting those Japs and Nazis. Many ranch hands have enlisted, many have been drafted, while others await their call, unless they are frozen to their jobs.

From a recent survey of sixty Texas ranchmen it was found that Texas ranches are having to operate with an average of 66-73 per cent of their normal labor. The ranchers are being forced to adjust their operations to these new circumstances. This has necessitated in many cases the reduction of operations on the ranches, one of which reported it to be as much as 25 per cent. A great deal of the work is being left undone or only half done. Improvements on these progressive ranches are out of the question, having been discontinued.—The Chalkman.

One of the best things to have up your sleeve is a funny bone.
