SECOND WELL ON WELLBORN PLACE SPUDS

First Well Drilled by Beard & Tullos Comes in for Producer—Other Oil Activity in Area

Spudding in of the Beard & Tullos No. 2 Wellborn oil well on Section 102, Block 97, Houston & Texas Central Railroad Company Survey, is scheduled for today (Thursday) it was announced late last night by Bryan Jordan, who has the drilling contract on the second well on the Wellborn tract.

The Beard & Tullos No. 2 Wellborn is 330 feet from the north and east lines of the southeast one-fourth of Section 102. It will be drilled as an 1,850-foot cable tool job by Jordan.

Completed last week on the same tract was the No. 1 Beard & Tullos No. 1 Wellborn, which appears to be a good well, operators declare. Gauge will be put on the well within a few days.

The No. 5-A Coleman well, being drilled also by Jordan, was completed today after setting surface casing at 455 feet Wednesday. The No. 5-A Coleman is to be a 3,150-foot cable tool job in the Clear Fork pool for the Frank Buttram Associates.

In the Coleman Ranch pool Frank Buttram and associates now have four rigs drilling in Section 70. Their No. 2 well was completed as one of the best in the field.

Tobe Foster, at last report, was drilling past 1,500 feet in Section 4, Block 28. This wildcat venture is located two miles south of the Coleman pool.

Standard of Texas was drilling below 1,950 feet in Section 5, on mile southwest of Tobe Foster, and is, too, a wildcat. Both wells are being closely watched.

A Times reporter learns Norman & Roache No. 5 Coleman is drilling past 2,902 and showing good pay to total depth. No doubt other wells in the pool will be taken the above depth—awaiting outcome of the completion of this well.

Tobe Foster and associates have asked for a new pool allowable on their Caddo lime discovery in Throckmorton County. This well flowed 28 barrels per hour on 16-14 choke. Oil tested 42 gravity.

Now testing in the Ellenburger is the Sun Oil Company No. 1 Fred Jamison, which was carried to 7,073 feet with 43 feet being in the Ellenburger.

Sun No. 1 Jamison is showing to be a producer in this pay, and if so will set off hot lease play in the area. Sun also has four rigs running around the new discovery.

It was reported at mid-week that royalty in this area of the Sun well was selling as high as \$300 per acre.

New producer for the Coleman Ranch pool of Mitchell County is the Doswell & Snowden No. 1 R. L. Solomon, Section 71, Block 97, H & TC Survey, which has been completed for 226.80 barrels of 25 gravity oil daily, pumping.

Pay was topped at 2,702 feet and drilled at 2,854 feet.

The same operators staked their No. 2 Solomon 330 feet from the east and 920 feet from the south lines of their 160-acre lease in Section 1, Block 97, H & TC Survey, 590 feet north of the No. 1 Solomon.

Little Interest Being Shown in School Vote

Little interest was being shown this week in the Snyder Independent School District trustee election scheduled for next Saturday, April 5, according to a survey made this week.

Election officials state that terms of H. H. Eiland and Lee T. Stinson will expire. Names of R. C. Miller Jr. and Lee T. Stinson appear on the ballots that have been printed for the election.

Holdover trustees of Snyder Independent School District are G. M. Clark, president of the board; C. B. Wellborn, Herman Doak, Dewey Everett and Amas Joyce.

STATE CHAIRMAN of the American Mothers Committee, sponsored by the Golden Rule Foundation of New York, Mrs. Dollice Davis Smith of Cleburne looks over the telegrams and letters nominating women for the title of Texas Mother of 1947. The winner is scheduled to be announced this week.

Less Than Half of RC Quota Raised

Scurry County had raised only 43 per cent of its \$4,770 Red Cross quota up till Wednesday noon, according to A. B. (Boss) Baze, county RC chairman. Total receipts, as tabulated by Mrs. Inez Brown, treasurer, were \$2,297.29.

Of the total reported, Snyder had contributed \$2,094.03, which was nearly 85 per cent of its \$2,490 quota for the annual membership drive. Contributions for Snyder are expected to go "over the top" by week-end, drive officials stated Wednesday.

Joe C. Stinson, chairman of the Red Cross special gifts committee, declared that several large donors should be heard from within a few days. His committee reports splendid response on their solicitations.

Five rural communities have reported on the drive so far, Baze announces. Two of these communities, Bethel and Crowder, have raised their assessments. China Grove, Lloyd Mountain and Ira made partial reports.

Bethel chairman turned in \$22.26 on a \$20 quota last week to be the first county community to reach its assessment. Crowder community raised its \$70 goal. The other three communities reported as follows: China Grove has turned in \$37.50 on a \$60 quota; Lloyd Mountain reported \$34 against a \$70 goal; and Ira has raised \$39 on a \$195 assessment.

County Chairman Baze, in urging the rural community chairmen to push their campaigns to early completion, points to the fact that this year's drive is as urgent as it was during the war years, inasmuch as the great Mother of Mercy even now is preparing to care for the inevitable catastrophes caused every spring by storms, floods, fires and other events that call upon the Red Cross for assistance.

"Scurry County people have sure not already forgotten the thousands of dollars spent by the Red Cross in the county when the damaging flood of 1939 visited this section," Baze reminded countyans this week.

Drive leaders have been advised by national headquarters that 74.9 per cent of the funds raised in the county this year will be retained by the Scurry County chapter for local relief.

Howard Crenshaw, who was an outstanding member of the Tiger squad in 1943 and 1944, is coaching the Exes. He stated Wednesday his charges were ready to put up a good scrap.

The Tigers will use the T formation, while Crenshaw's studies have brushed up the short punt formation for offense.

Admission prices will be 50 and 25 cents for the Friday night tilt. Officials of the game are announced as follows: Carl Herod, referee; Mutt Herod, umpire; and John Blum, head linesman.

Starting line-ups are announced by Beene and Crenshaw as follows:

Exes—	Pos.	Tigers
B. Longbotham	Richardson
McMullan	Blakely
Roberts	Ends
Keller	Moore
Bynum	Millhollon
McGlaun	Trachley
York	Longbotham
J. Everett	D. Bynum
Crenshaw	Guards
Fayer	Deffebach
Hick	Center
	D. Everett
	Gorman
	Fayer
	Hick
	Vaughan
	Backs

Veterans of County Urged to Join VFW Post by Commander

World War veterans of the Fluvanna, Dunn, Hermleigh and other communities of the county are being urged this week by officials of the Scurry County Post No. 8231 of the Veterans of Foreign Wars to join the organization, which is county-wide in its scope.

In urging veterans to participate in the organization, newly elected President Bushy Hedges of Snyder states: "We need you and want you as a member. You owe it to yourself and your comrades to become a member of this veterans' organization. We would like to have every man who is eligible to become an active member of our post."

Prospects interested in becoming members, who would like to know more of the functions of the unit, are asked to contact Hedges, J. C. Williamson or Dawson Moreland, officials of the group.

Wren, district men's Brotherhood chairman, is this week in a laymen's revival at the McCauley, Fisher County, church. Rev. C. E. Dick is pastor of the McCauley church.

MEXICAN WILL SPEAK MONDAY ON LIONS BILL

Roberta de la Rosa, Goodwiller to United States, Will Talk on Inter-American Relations

Snyder and Scurry County people may get a new angle on improved inter-American relations Monday evening when Roberta de la Rosa, member of the St. Louis, Missouri, consular staff, speaks at the Snyder High School auditorium.

Appearance of the outstanding Mexican lecturer was announced this morning by President Sam W. Williams of Snyder Lions Club after a long distance conversation with de la Rosa. He will appear at the school auditorium under auspices of the local Lions Club.

Eight o'clock is set as starting time for the Mexican's address which will be entitled "The Other American Way of Life." He will portray the mode of living and conditions below the Rio Grande in contrast with our own. He will appear in native costume and will use music and songs as means of illustrations.

Roberta de la Rosa, born and educated in Mexico, has made a career of the promotion of better inter-American relations. Widely traveled and well prepared for his task, he has been in the United States for several years acting as a cultural agent for his government.

For the past four years he has been making his headquarters in St. Louis, becoming one of the outstanding lecturers in the field of Pan-Americanism.

A talented musician and an authority on Latin-American folklore, gifted with a genial personality and a sparkling wit, Senator de la Rosa has made many friends for himself and for his country all over America.

He has appeared recently before many civic organizations and colleges in Texas, and will speak before the Fort Worth Rotary Club March 28. He was guest speaker at the Colorado City Chamber of Commerce banquet Monday evening.

Unofficial estimates of damage to stocks were placed Tuesday at \$8,000. Most of the stocks were wall paper, tools, paints and varnishes, plumbing supplies, etc., and salvage of nearly 50 per cent probably can be made, it was believed. Smoke and water damage to the building probably will be several thousand dollars.

The fire, discovered by Bo Moffett as we came to work at 5:30 o'clock Tuesday morning, and who turned in the alarm, apparently started from the gas-electric floor furnace in the center of the building. The fire department made a quick run and saved most of the building. No damage was done to the U-shaped lumber sheds around the office building, according to C. L. Wilson, local manager.

Senior play will be presented in the Snyder High School auditorium on May 2, 1947. Mr. Tommy Beene states that he will have charge of everything related to the play except the advertising.—S. H. S. Tiger's Tale.

May 2 Slated as Date For Play by Seniors

Senior play will be presented in the Snyder High School auditorium on May 2, 1947. Mr. Tommy Beene states that he will have charge of everything related to the play except the advertising.—S. H. S. Tiger's Tale.

Senior play will be presented in the Snyder High School auditorium on May 2, 1947. Mr. Tommy Beene states that he will have charge of everything related to the play except the advertising.—S. H. S. Tiger's Tale.

Senior play will be presented in the Snyder High School auditorium on May 2, 1947. Mr. Tommy Beene states that he will have charge of everything related to the play except the advertising.—S. H. S. Tiger's Tale.

Funds Provided For School Lunch Plan Rest of Year

Scurry County school superintendents were advised this week that Texas has been allotted \$500,000 in federal funds to carry on the school hot lunch program until April 1.

Eight Scurry County schools have school lunch room projects in operation. They are: Snyder Schools, Turner, Hermleigh, Pyron, Canyon, Dunn, Fluvanna and Ira.

B. F. Vance, state director of the Production and Marketing Administration in Texas, announces allocation of funds to carry the lunch room projects to April 1.

It is understood an allocation of funds to carry school lunch rooms here and elsewhere through the month of April will be through a re-allocation of funds from states which have not used their quotas in carrying on hot program.

Information received by local schools reveal payments will be carried on the same basis as in previous months.

Wren Ends Meeting At Eden Sunday Eve

Great spiritual awakening was reported in the Eden, Concho County, Baptist Church, as result of a week-long revival meeting that ended Sunday evening, in which H. L. Wren of Snyder did the preaching. The congregation, now in a campaign to raise \$55,000 for a new church building, reports that about \$20,000 was added to \$22,000 already subscribed during the revival series.

Wren, district men's Brotherhood chairman, is this week in a laymen's revival at the McCauley, Fisher County, church. Rev. C. E. Dick is pastor of the McCauley church.

300 Expected at Midwest Firemen's Session in City

COTTON FROM 1946 CROP GRADES HIGHEST FOR SEVERAL YEARS

Cotton from Scurry County and other Texas regions during the 1946-47 season averaged higher in grade than any crop since 1943, according to the Department of Agriculture, in a special release this week to The Times. Average staple length was slightly longer than last year and was the longest on record.

Grade index of 1947, middling white equals 100 for the 1946 crop compared with 92.1 for 1945 and 92.0 for 1944. The higher grade index was due to an increase in the proportions of middling white and higher grades.

Predominating grade this season was middling white while the predominating grade last year was strict low middling white. A comparison of various grades against 25 per cent; strict low middling white, 25 per cent against 27 per cent; low middling white and lower, 16 per cent against 23 per cent; and all spotted and colored grades were

about the same each season, 18 per cent. Proportion of cotton reduced in grade because of rough preparation was 2.1 per cent this year compared with 1.6 per cent last year. Average staple length for the 1946-47 season was 30.5 32nds against 30.3 32nds a year ago. Cotton quality estimate reports were first issued in 1928 and the average staple length of 30.5 32nds was the longest on record for Texas since this work was started. The longer average staple length was due largely to increased proportions of the lengths 1-1-16 inch and longer.

Cotton tenderable on futures contracts was 77.3 per cent compared with 69.9 per cent last year. Upland cotton ginned in Texas for the 1946-47 season amounted to 1,634,894 bales, according to the Bureau of the Census. Ginnings for last year amounted to 1,749,435 bales.

Record Vote Seen in City Council Election Tuesday

Fire Fighters Do Good Job Tuesday At Lumber Yard

Only three absentee votes in the Snyder city election to name aldermen in three wards of the town had been cast at noon Tuesday, according to J. S. Bradbury, city secretary.

One alderman will be named in each of the three wards in a general election to be held Tuesday, April 1. Absentee voting will be closed Saturday, according to Bradbury.

Considerable interest is being shown in the city election that will name three councilmen. There are contests in Wards No. 2 and 3 (east and west wards).

On the official ballot in Ward No. 1 is the name of Carl Herod, who is seeking the place being vacated by Dwight Monroe, who is not seeking reelection. Monroe has been councilman from this ward for 15 years. W. A. (Andy) Jones is holdover alderman in this ward.

Candidates filed for the alderman place in Ward No. 3 (east) are Van Sunruld and Don Robinson, to fill the vacancy created by the resignation of Leighton Griffin. Griffin's term would have expired April 1. Holdover alderman in this ward is Ivan Gatlin.

In Ward No. 2 (west) C. L. Noble and R. M. (Bushy) Hedges are seeking election to the place being vacated by P. G. Sears, who has been alderman from the west ward for 16 years. In the west ward John Spears is holdover alderman.

Terms of Mayor D. K. Ratliff and the remaining aldermen will not expire until April 1 of next year.

Five hundred ballots have been printed for each of the three city wards, however, past records show that not nearly this number of votes has been cast. It is difficult to estimate the number of qualified voters in the city, inasmuch as county tax collector's records do not segregate voters of the city of Snyder from those of the remainder of the county. Indications are that a record vote will be polled in at least two of the wards where opposition prevails.

Rabbit Drive at Camp Springs Wednesday

Second rabbit drive announced through The Times for the area is slated next Wednesday, April 2, in the Camp Springs community by residents of the Eastern Scurry County community.

Hunters are scheduled to meet at the Camp Springs store at 8:00 o'clock Wednesday morning, where the drives will be organized.

Dinner will be served at the Camp Springs Methodist Church at noon. During the noon intermission date for a drive in the Midway community, south of Camp Springs, will be set, it is announced.

Snyder FFA Boys Win Lubbock Show Places

Four Snyder Future Farmers of America from the Snyder High School vocational agriculture department, and their instructor Broadway Browning, returned last night from Lubbock, where they attended the three-day South Plains Fat Stock Show.

Animals entered by the boys won several places. The Times learns, and details of the winnings will be given in next week's Times.

Jack Longbotham exhibited a calf at the Lubbock show, as did Rex Millhollon. Jack Hill entered some of his Southdown lambs, and Donald York entered one lamb.

GOODWILLER from the Mexican republic now in the United States on a lecture tour, Senator Roberta de la Rosa, above, will speak at the Snyder High School auditorium Monday evening at 8:00 o'clock under auspices of the Snyder Lions Club. The general public is invited to hear the talented speaker, musician and singer.

Olan Culberson To Speak, Team Races to Feature

Indications this week are that close to 300 delegates and guests from the 12 counties of the Mid-West Firemen's Association will attend the semi-annual convention in Snyder next Thursday, April 3, according to N. W. Autry, Snyder Fire Department chief and a past Mid-West president.

At a meeting in Sweetwater Saturday of the program committee, a final draft of the program was made. It was announced this week that Olan Culberson, chairman of the Texas Railroad Commission, who has long been identified with the Texas Firemen's and Fire Marshals' Association, will be the chief speaker at the afternoon session, beginning at 1:00 o'clock Thursday.

Bayne Satterfield, director of the Firemen's Insurance Association of Texas, also will speak at the conference period. Topic for Satterfield will be "Firemen's Insurance."

John Mansfield of Merkel, president of the Mid-West Firemen's Association, will preside at business sessions. Other Mid-West officials include Leonard Henderson of Colorado City, vice president; and Walter Crider of Red Association secretary.

Contests for the visiting fire fighting teams, which will put interest of the semi-annual gathering, are slated to get underway at 4:00 o'clock. A steak fry, with Melvin Newton presiding at the frying vat, will be staged at 6:00 on the fire department lawn at the rear of the city hall.

Six-man pumper race and six-man hose hook-up races will bring out strong competition from visiting cities. Prizes will be given winners in the events.

Women's teams will be entered from at least two towns—Colorado City and Baird—it is reported.

Cities that will be strongly represented at the confab will be Cisco, Eastland, Ranger, Rotan, Clyde, Cross Plains, Roscoe, Colorado City, Post, Lorraine and Albany.

County's Cotton Crop for 1946 Is Set at 16,917 Bales

Cotton crop in Scurry County for the year 1946 totaled 16,917 bales, according to Department of Commerce tabulations released this week to Ira R. Sturdivant, county cotton reporter. This includes all cotton now on hand in Scurry County gins to be ginned from the 1946 crop.

This total of 16,917 bales falls 144 bales short of the 1945 official ginnings of 17,061.

Considering the unfavorable early season conditions last summer, the 16,917-bale crop was a surprise to many. Scurry County was one of the very few West Texas counties that registered anywhere near the same production from the 1946 crop as for 1945. Average in West Texas was less than half the usual production.

Mounting interest and attendance in revival meeting the Snyder Methodist Church are reported this week by Pastor O. B. Herring. Services will continue through Easter Sunday, April 6.

Rabbit Drive Slated At Pyron for Friday

Jack rabbits in the southeastern portion of Scurry County and the southwest corner of Fisher County had better take notice, as there is a frame-up against them brewing.

One of the season's first rabbit drives for the area is scheduled for Friday in the Pyron community, according to community leaders. Hunters are invited to come out with their "shooting irons." The group will meet at 9:00 o'clock at the Pyron Cemetery (abermacle. Most of the hunting will be on the Pyron Ranch, where dinner will be served all attendants at noon.

Court of Honor Slated For Monday at School

Quite a number of advancement are scheduled for the monthly Boy Scout court of honor for Snyder District slated for Monday evening in Snyder Junior High School study hall, according to Foy Wade, district advancement chairman.

Court of honor will begin at 7:30 o'clock, Scouts and Scouters are advised by Wade.

Special Venire of 175 Called in Robison Case

Special venire of 175 prospective jurors has been summoned for appearance in 42nd District Court Monday of next week in the case of Mrs. Maxine Robison, court officials said Wednesday.

Docket at this term of district court is relatively light, according to records of the district clerk's office.

Greet the Visitor

Snyder Lions Club will hang up a "Welcome" sign over the square's north side for visitors to the Mid-West Firemen's Association convention that convenes Thursday, but that should not constitute our only greeting to the nearly 300 visitors. Members of the local fire department urged Snyder people to individually help to make the delegates and guests feel at home. "Let's give these folks a real West Texas welcome that will make them want to come back to our little city soon and often." N. W. Autry, Snyder fire chief, urges.

Who's New In Scurry County

Born Friday morning, 9:00 o'clock to Mr. and Mrs. Doyle M. Buchanan, a baby girl, weight eight pounds. The young lady has been named Betty Doyle.

Burke William is the name given to the new son of Mr. and Mrs. Roland H. Blow of Washington, D. C., born in the nation's capital on January 29. Mother is the senator-to-be is the former Frances E. Jones, who was reared in the Fluvanna community. Maternal grandparents are Mr. and Mrs. C. P. Landrum of Fluvanna.

The WOMAN'S Page

Birthday Party Given For Jean Rainwater

A birthday party was given last Wednesday night for Jean Rainwater at the home of Mrs. Bessie Stone, honoring her thirteenth birthday.

Games were played by attendants, after which Easter baskets filled with candy were served to the following: Iralyn Newby, Aurelia Bryant, Patsy Henley, Joyce Walls, Vernell Bird, Anita Head, Marilyn Williams, Bonita Lyons, Frieda Whitehurst, Millie Daniels, Joy Graham, Millie Whitehurst, Grant Teaff, Manuel Hodges, Franklin Woods, Billy Dever, Wendell Autry and Max Coffee. A guest at the party was Mrs. G. N. Greer.

Methodist Women Go to Guild Session

Five members of the Snyder Methodist Church Wesleyan Service Guild attended the Sweetwater District Wesleyan Service Guild Week-End Friday and Saturday. Sessions were held in the Highland Heights Methodist Church at Sweetwater.

A program themed "Father, Thy Will Be Done Through Me," was given beginning at 5:00 o'clock Saturday evening and continuing till 4:00 o'clock Sunday afternoon.

One of the Snyder women, Mrs. Ruth Blodgett, spoke Saturday evening on "Enrichment of Spiritual Life."

Besides Mrs. Blodgett, other Snyder attendants were Mmes. Joe Caton, T. W. Pollard, Ralph Odum and Oleita Mitchell.

Christian Science Society

All Are Welcome!

Camp Springs Women In Wednesday Meet

Camp Springs Home Demonstration Club met in the home of Mrs. Johnny Kincaid, March 19, at 2:30 p. m.

Meeting was called to order by the president. Roll call was made and members answered with their favorite recipe or household hints.

Mary Maude Akers gave an interesting discussion on San Antonio, entitled "A Scenic Portion of Texas." Council Delegate Mrs. Mary Simpson gave an interesting report. Several crocheted pieces were shown as well as a rug made from parachute strings.

Refreshments of cake and cocoa were served to the following members: Mmes. W. H. Tally, Jim Williamson, Hub Hawkins, James Simpson, Fred Simpson, Clay Sullivan, Mary Simpson, Bob Kincaid.

Misses Mary Maude Akers, Johnny Bell and Katie Ann Kincaid; and one visitor, Mrs. Minnie Davis, and the hostess.

Countians to Attend Big Spring Cantata

Several Scurry County people have indicated they will attend presentation of the free cantata, "Big Spring," that will be given premier at Big Spring Friday evening, March 28, at 8:00 o'clock.

Sponsored by the Big Spring Chamber of Commerce, the cantata was written by Frank Grandstaff, life-terminer in Tennessee penitentiary, who had never heard it and about a city he only casually knew.

Grandstaff received his inspiration from a book of the same title written by Shine Phillips, Big Spring druggist, who is well known here.

The cantata will be given by a 54-voice Texas & Pacific Railway male chorus.

When he asks for our daughter's hand we'll gladly let him have the one that's always in our pocket.

If money could buy youth we'd all be misers.

BUTTONS and BELTS made now at 611-26th Street—Mrs. C. L. Wilson, phone 252-R.

NO LOVELIER USE could be made of cotton than in making a bathing suit and smock for Hilma Seay, above shown, the 1947 Maid of Cotton. Hilma, states the National Cotton Council, will model an all-cotton wardrobe in 35 American cities, Paris and the French Riviera.

Shower for German Honors Recent Bride

A bridal shower for Mrs. Arthur Lee Piner was held Thursday evening, March 20, at the German school house.

Hostesses were Mmes. Clarence Davenport, O. C. Darden and Anton Watz.

Registering in the bride's book were: Mmes. Delmond Pieper, A. L. Bonom, Frank Kubala, C. C. Clifton, Emil Schattel, Joe Roemisch, Jr., Gaylon Cummings, Pete Glass, Annie Taylor, A. J. Kuss, B. B. Johnson, Arval Allen, Leo Schattel, S. M. Pieper, Mary Hilcher, Hubert Zinke, Mary Eble, Ann Pearce, Betty Light, J. C. Stahl, U. S. Blackstock, Arnold Haygood, Clarence Davenport, Asa Talley, O. C. Darden, H. A. Wilmer, Anton Watz, Bill Wimer, Walter Stirl, John Netzler, Eva Kuss, Robert Schulz, Herman Schulze, C. H. Grossman, John A. Schulze, H. J. Schulze, Jim Moss, H. F. Wenetschaeger, Schley Adams, C. H. Stahl, B. H. Young, Joe Williams, Mildred Simmons, Verne Gilmore; and Misses Nelle Davenport, Helen Stirl, Gladys Kuss, Lyla Light, Evelyn Schattel, Virginia Robertson and Mary Ann Haygood.

Refreshments of sandwiches, potato chips, cake and punch were served to all who attended.

Home Agent Advises Builders to Calculate Costs Before Start

Scurry County families planning to build or remodel homes now should do a lot of advance figuring warns Mrs. Estella Strayhorn, county home demonstration agent.

It may seem necessary to advise that a careful estimate of all costs should be made before a new house starts going up, says Mrs. Strayhorn but the fact remains that many people who have built new homes or had remodeling done have been unhappily surprised at the final cost is to the total.

It is often wise to ask the advice of neighbors who have had such work done, says the home management specialist. And of course lumber dealers and contractors can give help in reaching a fair estimate. To cover unforeseen developments in building costs, adding a small percentage to the final estimate is a wise move, the specialist says.

How much should a family invest in building? Mrs. Strayhorn suggests this plan in finding an answer to that question: Estimate the total income of the family for the next few years—say from seven to 10—then subtract from that the expected living expenses for that period, and add the savings on hand. Allowance should also be made for the increased cost in insurance and taxes that will result from the new building.

How women and girls may get wanted relief from functional periodic pain

Cardiu is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. It should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes.

Try Cardiu. If it helps, you'll be glad you got it.

LOOK INTO THE HELPING HAND OF CARDIU

Useful Hints Given At Bison Club Meet

Recreation for the Bison Home Demonstration Club on March 21 was a song, "When You and I Were Young, Maggie," by club members and accompanied on the piano by the hostess, Mrs. Nolan von Roeder.

Various ideas were exchanged in roll call, including: "To clean out under low furniture wrap a rag around a yardstick and use."—Mrs. Raymond Maxwell. "It pays to use cake flour when recipe calls for it. One box makes about four cakes."—Mrs. Loyd Murphy. "Use 5 per cent rotenone to kill honeydew on vines."—Mrs. Ross Huddleston.

To which Mrs. Strayhorn added "On black leaf 40 (nicotene sulphate) for sucking parasites and erythrite for chewing parasites and insects. Improve your garden seeds by disinfecting them with Arsan or Semesan. Roll and soak your best seed before planting. Putting cracked grain in with chick scratch even at first has proven profitable."

Mrs. Jim Sorrells gave a council report.

Mrs. Nolan von Roeder showed the women her newly remodeled home and closets and asked club members to give suggestions for shelves, etc. in the latter. Members agreed that they had forgotten such a great improvement could be made in an old house.

Mrs. Strayhorn gave a demonstration on milk pasteurizing.

Delicious cake and ice cream were served to the following: Mmes. Ross Huddleston, Ed Murphy, Marshall Davis, Clint Sellers, Loyd Murphy, Bernhard Bartels, C. C. Sellers, A. R. Fowler, Barney Prine, Raymond McCall, Jackson Davis, Weldon Strayhorn, Nolan von Roeder and Jim Sorrells.

LATEST SPORTS DRESS with molded bodice and self stole, made of dark, fine-striped brown or navy cotton, is shown at the fashionable winter colony of Nassau, the Bahamas.

Art Guild Studies Texas Day Topic

Art Guild met last Tuesday evening in the home of Mrs. Lucille Dougherty.

Mmes. C. W. Popnoe, Hollis Browning and Dougherty gave interesting parts on "Texas Day."

Refreshments were served to the following members: Mmes. Hollis Browning, Ivan Gatlin, W. P. King, Harry Lee, J. W. Mason, H. C. Michael, C. W. Popnoe, Myron Roe, Ben Thorne, and the hostess.

The next meeting will be held April 1, in the home of Mrs. Carl Herod.

WE APPRECIATE and want your business. Always have soap and starch on hand.

We also have Extractor Service

Paul's Helpy-Selfy Laundry
1815 23rd Street

Musical Coterie to Give Easter Cantata

Snyder Musical Coterie will present an Easter cantata Sunday evening, April 6, at 8:00 o'clock p. m. at the Snyder Methodist Church, it was announced this week by Coterie leaders.

The cantata, entitled "Eternal Life," by Fred B. Holton, will be presented at 8:00 o'clock p. m. The general public is invited.

Mrs. James K. Polk is director of the 25-voice choir. Accompanists are Mrs. Armer McFarland, pianist, and Polly Harpole, organist.

Area Women Attend Conference Meeting

"His Spirit Is Power" is theme of the seventh annual meeting of the Woman's Society of Christian Service of the Northwest Texas Methodist Conference that opened Tuesday in Big Spring and continues through today (Thursday). Six Scurry County women were attending the sessions.

"Forward look" is the title given to conference recommendations, which replaced the usual reports.

Dr. Prem Nath Dass of India, retired president of the Isabella Thoburn College in India and a leading educator of that country and Dorothy Weber of New York, a secretary of the woman's division of the Methodist Church, were outstanding speakers at the conference.

Present from Scurry County at the three-day meeting were Mmes. T. W. Pollard, Ollie Blodgett, Tom DeFebach, Cliff Birdwell and Ralph Odum of Snyder and Mrs. Bill Davidson of Dunn.

Two of School Paper Staff Go to Austin

Editor Helen Jo Graham and co-editor Wariworn Wren of the Snyder High Schools Tiger's Tale, student newspaper will go to Austin for the Texas Interscholastic League Press April 1. They will be sponsored by Mrs. Forrest Beavers, journalism teacher. They do not know whether they will be a contestant or a delegate.—H. S. Tiger's Tale.

Lucky 13 Club in Birthday Celebration

Lucky "13" Sport Club celebrated its 20th birthday Monday evening, March 17, with a formal St. Patrick's Day banquet at the Manhattan Hotel.

The club's colors, green and white, were carried out in the decorations. A large green horseshoe with a 13 made of white letters was the centerpiece.

The program: Toastmaster, Jonnie Dell Brock; piano solo, Marianne Randalls; prophecy, Billy Pounoe; and songs, Betty Lynn Gatlin.

Members and their escorts were: Jonnie Delle Brock, Donnie Everett, Mary Edith Scarborough, Billy Tom DeFebach, Billye Popnoe, Burgess Wilson, Dorelle Stokes, Louie Vaughan, Ann McMullan, Bobby Gray, Eleanor Erwin, Franklin Brownfield, Marianne Randalls, Joe Dave Scott, Sandra Josephson, Don Bynum, Clarise McGlaun, Marvin Sentell, Frances Leath, Jake Smith, Betty Lynn Gatlin, Gerald Heinzelmann, Jo Ann McGlaun, Mrs. J. D. Scott, sponsor, and Mr. Scott.

Mayme Lou Stokes TSCW Honor Student

Among the 262 honor students at Texas State College for Women at Denton who were guests in a special all-college assembly this week was Mayme Lou Stokes, daughter of Mr. and Mrs. S. O. Stokes of 901 14th Street, Snyder. The Times was advised from Denton this week.

In recognition of the high scholastic maintained last semester at the college, 65 seniors, 60 juniors, 52 sophomores and 95 freshmen were lauded by President L. H. Hubbard, Dr. W. B. Frvin, superintendent of the Highland Park Public Schools of Dallas, was principal speaker at the assembly.

Miss Stokes, a junior speech major, is a graduate of Snyder High School, where she was editor of the Tiger's Tale, school newspaper.

BUTTONS and BELTS made now at 611-26th Street—Mrs. C. L. Wilson, phone 252-R.

13 Area Churches To Participate in Series of Revivals

Thirteen churches in the Mitchell-Scurry Baptist Association are planning to participate in an association-wide simultaneous revival effort during a two-week period beginning Sunday, April 6, according to Rev. R. Y. Crawford, pastor of the Colorado City First Baptist Church, moderator of the two-county association.

Series of revivals in the two counties is part of a statewide evangelistic program being promoted by Texas Baptists, destined to bring the gospel message to people of the entire state, according to Rev. J. William Mason, pastor of the Snyder First Baptist Church, evangelistic chairman for the association.

"Christ Is the Answer" is the theme of the Texas campaign, sponsored by the Baptist Convention of Texas.

Churches cooperating in the revival series, with evangelists and singers in the various meetings already signifying their intention of cooperating in the meetings, was announced this week by Rev. Mason and Willard Jones of Snyder, publicity chairman for the simultaneous revival, as follows:

- Murphy church—Rev. George Parks of Roscoe, evangelist; local talent, in charge of singing.
- Colorado City First church—Rev. J. W. Read of Altus, Oklahoma, evangelist; Carl Cade, singer.
- Colorado City Oak Street church—Truett Stovall of Hardin-Simmons University, Abilene evangelist; Pastor W. C. Bryant, singer.
- Snyder First Church—Rev. C. Y. Dossey of Dallas, evangelist; J. D. Riddle of Dallas, singer.
- Lorraine—Rev. R. T. Barton, evangelist; Thomas Riden, singer.
- Payne Chapel—Fred Smith, evangelist; Mrs. Charles Williams, singer.
- Union Church—Monroe Teeters, of Clyde, evangelist; Marvin Burgess, pastor, singer.
- Wastella Church—Rev. R. J. Club evangelist; local talent, singers.
- Ira Church—Rev. R. E. Cain, evangelist; local talent, singers.
- Champion Church—Rev. Lee Hollis, pastor, evangelist; Marcia Nellie Bankhead, singer.
- Mesquite Church—Rev. Hollis Lloyd, pastor, evangelist; local talent, singers.
- Snyder Mexican Church—Rev. E. P. Gonzalez, pastor, evangelist; local talent, singers.
- Colorado City Mexican Church—Rev. E. P. Gonzalez of Snyder, evangelist; local talent, singers.

Record Entries Will Spot Plainview Show

The Twentieth annual Panhandle-Plains Dairy Show at Plainview on April 12 to 18, a tri-state exposition covering Texas, New Mexico and Oklahoma, will attract probably the largest number of fine blooded dairy cattle in the history of the exposition, Raymond Lee Johns, manager, advises The Times this week.

Exhibitors will complete delivery of their entries to the dairy barns on Saturday April 1. The next afternoon the production contest will begin. From then until Friday afternoon, when the annual milk line show, auction will ring down the curtain on the show, there will be entertainments, luncheons, banquets and daily judging of dairy cattle to keep the exposition moving at a fast clip.

Beene Expects Good Turn-Out for Track

Coach Beene has stated that he expects about 25 boys out on April 1 for 1947 track season. The boys will compete in the annual district meet and several other meets in this district which will be scheduled later. The coach plans to place about three boys in each event at each meet.—S. H. S. Tiger's Tale.

JEFFERSON DAY campaign in Texas this year will be headed by Robert L. Clark of Dallas for the purpose of raising cratic Party. The drive will end with a state-wide rally of Democrats and the annual Jefferson Day dinner at the Adolphus Hotel in Dallas Saturday, funds for the National Demo-April 5.

Countains to Go To Lone Wolf REA Meet Wednesday

Several Southern Scurry County patrons of the Lone Wolf Electric Cooperative, with headquarters in Colorado City, will attend the annual meeting of the REA coop next Wednesday, April 2, The Times learns this week.

Weather permitting, the session will be at the Colorado City park amphitheater.

Barbecue will be served at noon. A wide selection of modern electrical appliances will be on display at the Haggard-Hardin Motor Company showroom.

The afternoon part of the program will be taken up almost entirely with the awarding of prizes to be given away by the merchants of towns throughout the cooperative's trade area. These prizes will go to members and those who have applications in for service with the cooperative.

The membership of the organization has increased by approximately 400 members since V-J day, and 200 miles of poles are now waiting on main line conductors and transformers to bring service to many farm and ranch homes in Mitchell, Nolan, Scurry, Borden, Howard and Fisher Counties.

Farm Movie Attracts Several Wednesday

A fair sized crowd of farmers and others attended the showing of "Men With a Mission," a movie in full color, presented Wednesday afternoon, 2:30 o'clock, at the Texas Theater under sponsorship of Exell Motor Company.

Square Dance Team Fails to Give Program

Scheduled appearance of Jack Fomby and his square dance team from Sweetwater at the American Legion meeting last Thursday evening in Snyder was delayed for some unknown reason, Legion officials stated this week.

Work on Tennis Courts at Snyder Schools Delayed

Because of the very disagreeable weather the work on the tennis court just west of the Snyder High School gymnasium hasn't been going to fast the past three weeks.

"Although there is considerable work to do yet on it, there has been quite a bit of labor put out thus far," states Coach Beene.

The forms have been laid and the ground leveled for two of the runs, but because of wet weather and people walking across them they have been disveled and the forms

Army Recruit Office At Colorado Moved

U. S. Army Recruiting office for the Snyder region, which has been located in the Crawford Hotel at Colorado City, has been moved to the second floor of the Mitchell County courthouse in Colorado City. The Times has been informed.

All phases of the Army recruiting service are being handled at the Colorado City office, which is open from 8:00 to 5:00 o'clock each week day.

are warped, therefore all the work remains to be done again.

"But the court will be ready for play as soon as warm weather will allow," assures Mr. Beene.—S. H. S. Tiger's Tale.

Rawleigh Jones Takes Radio Operator's Tilt

Marine Private Rawleigh E. Jones, 19, son of Mr. and Mrs. R. E. Jones of Snyder, has been graduated from a Marine radio operators school, it was announced this week from Camp Pendleton, California.

The Snyder "leatherneck" will be assigned to a communication unit of the Fleet Marine Force.

Jones, who enlisted in the Marine Corps in June, 1946, received his basic training at the Marine Recruit Depot in San Diego, California. He graduated in 1945 from Snyder High School.

Time may be money, but we've never seen our clock grinding out any cold cash.

Game with Exes Will Close Spring Training

With the annual exes game Friday night, March 27 at 7:30 p. m. the spring training season for the Snyder Tigers will be over.

Bad weather played a big factor all through the season with its cold wind, snow and rain. "The weather has been our biggest opponent all the season," states Coach Beene.

There have been 15 new prospects for the team reporting for practice this spring and some of them will develop into good football players and are showing great improvements in their respective positions.—S. H. S. Tiger's Tale.

Before they are married she calls simply "hand some over."

VFW Will Assist With ReBurial of Overseas Dead

Scurry County Post of Veterans of Foreign Wars is arranging to assist families of this area with military reburial rites for soldiers, sailors or marines that may be brought to this vicinity through the government plan of removal of bodies from foreign soils, it was announced this week by Bushy Hedges, newly elected commander of the VFW post.

VFW officials are urging that gold star mothers, wives or other kin of boys who died overseas, who are planning to bring their boys' bodies home, to feel free to call on the post for any assistance in connection with the reburial ceremonies.

"Certainly we as overseas veterans are going to do our utmost to pay fitting tribute to our fallen comrades," post officials declared this week.

"The VFW considers it an honor and a privilege to participate in last rites for our heroic dead, and that in carrying out its solemn obligation in this respect, the VFW will do so in the very highest tradition of the military service."

"The soldier who died in his country's cause is deserving of all the honors of the VFW who know at first hand what it means to face the enemy on the field of battle, are well fitted to do those honors. The VFW has no more sacred obligation than this."

Ninety per cent of all fires can be prevented.

Forest Jones Better Hospital Word Says

Reports from Hendrick Memorial Hospital at Abilene Wednesday were that Forest Jones, pioneer Scurry County farmer, who lives a mile and a half west of town, who last Wednesday noon sustained painful injuries in a fall from the loft of his barn, was showing improvement from his critical condition.

Jones, a former Scurry County commissioner, was reported getting some hay out of the barn loft for livestock when the top rung of a ladder broke and Jones fell to the ground. Both his wrists were broken, and he suffered dislocation of several vertebrae in his back.

Rushed to Snyder immediately by J. O. Sheid, the farmer was later taken to Abilene for treatment.

He who cannot become angry is a fool; but he who will not is wise.

Cotton Loses Part of Gains Marked Up Recently as Others Prices Steady

After several weeks of steady gains in the cotton market, Scurry County producers and others saw some of the gains melt under larger trade offerings last week, according to the weekly swing of southwest markets report prepared for The Times by the Production and Marketing Administration of the U. S. Department of Agriculture.

Grain prices also fell, and easiness developed at some livestock markets last week. Other Southwest farm production held steady, strong, the report shows. Complete trends were released as follows to The Times:

Grains opened the week with all their recent vigor last Monday, but fell rapidly on succeeding days to net losses of three to 15 cents. Wheat and grain sorghums, spearheads of past advances, felt most heavily the weight of new bearish onslaughts. At Fort Worth and Galveston, bulk carlot sales of No. 1 hard ordinary wheat moved Friday at \$2.37 per bushel; and No. 2 milo at \$2.90 to \$2.93 per 100 pounds.

Rice demand remained strong last week. Dealers found light supplies hard to replenish, although distribution continued at a high rate. Most feeds made net gains of \$3 to \$9 per ton. Alfalfa hay values improved slightly, as late wintry weather intensified demand. Light offerings of prairie hay found over interest. Shelled peanut prices stayed the same. Cold rains retarded seedlings in South Texas.

Some Texas wool sold, mostly from revalued 1943 and 1944 fine and half blood lots.

Early-week strength at cotton markets gave way to pressure of larger trade offerings later on. Closing spot quotations last Friday showed net losses of 25 to 50 cents per bale at some markets, to gains of 25 to 60 cents at others.

Eggs and poultry prices continued firm. On the round of Southwest markets, heavy hens brought 28 to 30 cents per pound; fryers and broilers 30 to 32 cents. Eggs sold on the average of 36 cents per dozen at Topeka, Amarillo and Wichita Falls; 37 cents at Denver, Austin, San Antonio, and Waco; 37½ to 38 cents at Fort Worth and Dallas; 39 cents at Houston, 40 cents at Corpus Christi,

Baton Rouge, Shreveport, and El Paso; and 41 cents at New Orleans. Cattle sold at prices as high or higher than the week before at most Southwest markets, but steers and yearlings closed low at Oklahoma as did yearlings at Fort Worth. Beef cows sold up to \$17 at Oklahoma City; while medium to good kinds brought \$13 to \$15 at Fort Worth; and \$14.50 to \$16.75 at Denver. Common and medium cows moved at \$12 to \$14.50 at Houston and Wichita; and \$11.75 to \$15 at San Antonio.

Slaughter hogs stayed even last week at Texas markets, and stocker pigs gained a dollar at Fort Worth. However, most classes dropped about a dollar at Oklahoma City and Wichita. Week's top was \$24.50 at San Antonio; and closing top was \$26.50 at Oklahoma City; \$26.85 at Wichita; and \$27.35 at Denver. Fort Worth paid mostly \$25.50.

Sheep and lambs lost up to a dollar at Oklahoma City and Wichita, but other Southwest markets paid as much or more than a week earlier. Good lambs brought \$20 to \$21 at San Antonio; while spring lambs turned at \$23.50 to \$24 at Fort Worth, Oklahoma City, and Wichita. Medium short goats went at mostly \$6 to \$7 at San Antonio.

Cabbage brought higher prices, while carrots weakened; but other Southwest vegetable shipping points saw little change last week. Cabbage moved briskly at mostly \$1.10 to \$1.15 for 50 pounds in the Rio Grande Valley; carrots slow at 90 cents to \$1.15.

March of Dimes Drive Heads Complimented

Willard J. Jones, county campaign director for the March of Dimes campaign in Scurry and Borden Counties in the recent drive, this week received the following word from Wilmer Sims, Northwest Texas state representative of the National Foundation for Infantile Paralysis, with headquarters at Abilene:

"I wish to take this opportunity to thank you for your splendid work as county campaign director during the 1947 March of Dimes. I sincerely hope that you are as pleased with your achievements as we are."

"You and your co-workers are certainly to be congratulated on the nice increase that your chapter made over last year.

"These funds will be very helpful to your local chapter when the new cases begin to arrive in the hospitals this summer and also in enabling the post-polio patients to receive adequate care."

Meat Case Installed At Sunshine Grocery

Jack Caperton and H. F. Clark Jr., owners and operators of the Sunshine Grocery on the southwest corner of the square, report they did a tremendous business during their recent anniversary sale.

Recent addition to the grocery is a large illuminated meat counter that has been placed to face the front from the left center of the building.

Good Athletes Run in Richardson Family

The Richardson family has three boys who have been outstanding in athletics in Snyder High School. E. J. graduated in 1939. He played end on the football team his senior year.

Eddie graduated in 1944. He was a three-year letterman, and played quarterback.

George, a member of the senior class of 1947, is a three-year letterman. He played end on our football squad—S. H. S. Tiger's Tale.

Wanted: Bugler

Do you bugle? Or do you have a friend who bugles? Snyder Post No. 8231 of the Veterans of Foreign Wars is in need of a bugler who will give his service in connection with memorial rites and other ceremonies under sponsorship of the veterans.

The post is in the process of organizing a group to participate in military rites at graves of fallen comrades who will be brought home from foreign soil under a government-sponsored program.

Officials of the post want a bugler to join the VFW unit.

Price of Cotton Declines During Week to 35.02c

Cotton prices declined at South west markets during the past week, according to a release to The Times from the Department of Agriculture. Spot market activity and mill buying decreased. Mill consumption during February was fairly well maintained at a record high percentage level.

Exports of cotton are running well ahead of last year, but registered sales decreased sharply in mid-March. Ginnings from the 1946.47 crop were 8,513,500 bales. The grade index of the 1946 crop was 111 highest since 1943. The average staple length of well over an inch was the longest on record.

Prices for middling 15-16 inch averaged 35.02 cents per pound in the 10 spot markets last Thursday. This compares with 35.39 cents a week earlier and 26.75 cents a year ago.

Reported sales in the 10 designated markets totaled 85,550 bales for the week as compared with 127,000 bales last week and 157,300 bales a year ago.

Election Supervisors Named in Two Wards

City election supervisors for the north and east wards were named last Friday by the Snyder City Council, when petitions from voters in these precincts asked the city dads that such officials be named.

As explained by City Secretary J. S. Bradbury the function of the supervisors will be to see that the elections are held in order, and to report any unlawful procedures at the elections.

Claude Ingram was named supervisor for Ward No. 1 (north), and Clarence Williamson was named as supervisor for Ward No. 3 (east).

Election in the west ward will be conducted by the judge and clerks as previously named without supervisors.

R. L. Lightfoots Move From Fluvanna Area

Mr. and Mrs. R. L. Lightfoot, longtime residents of the Fluvanna community, are moving this week to another section of the country on account of their health.

As a parting gift to the beloved old couple, members of the Fluvanna Methodist Church presented a fitting present at services Sunday. The Lightfoots were charter members of the Fluvanna church, having lived in the community for 40 years. Gratitude for the remembrance was expressed by the departing residents.

Tigers Show Football Tactics Improvement

"During the daily workouts for football," Coach Beene states, "the fighting Snyder High School Tigers have been improving steadily."

"He believes the greatest improvement has been made in punting, although there have been many improvements made in blocking, tackling and passing.

"Our Tigers are carrying on a hard workout Monday through Friday from 3:00 to 6:00 o'clock to form a greater Tiger team of 1947.

Injuries have been few this spring, although Carl Voss received a slight knee injury. He is expected to be back in his position for the spring games.—S. H. S. Tiger's Tale.

Fortune tellers are pretty dumb, but they aren't as dumb as those who believe in fortune tellers.

Money may talk—but not half as much as people who suddenly acquire it.

14 Teachers from Snyder Schools Go to Area Meet

Headed by E. L. Farr, Snyder School superintendent, 14 teachers of Snyder Schools attended the Sixth Annual Convention of the Oil Belt District Seven Teachers Association, held Friday and Saturday in Wichita Falls.

Miss Katherine Northcutt is secretary of the Social Science division of Oil Belt Teachers Association.

In addition to Mr. Farr and Miss Northcutt, other Snyder teachers who attended the two-day conclave were: Mrs. J. P. Nelson, Mrs. Ben F. Thorpe, Mrs. Dan Hamill, Mrs. Silas Davenport, Mrs. C. W. Popnoe, Miss Polly Harpole, Miss Thelma Leslie, Mrs. Forrest Beavers, Mrs. Andrew Jones, Mrs. Jack Gorman, Mrs. Ivan Gatlin and Mrs. "Bunker" Hill.

Purpose of the Oil Belt gathering Friday and Saturday was to promote better schools in the vast area covered by the organization. District Seven of the association extends from Henrietta on the east to Snyder on the west.

Ira Cavitt Consigns Cattle at Sweetwater

Ira Cavitt of Hermleigh was among consignors last Wednesday at the Sweetwater auction sale where a new high was reached in sale of heifers.

A white faced heifer offered by J. C. Freeman of Loraine brought \$25.10 per 100 pounds in a sale to set an all-time high for bovine animals.

Cavitt sold his 720-pound Jersey cow for \$10.50. Barrow sales were lively and went at levels around \$25.50 per 100 pounds.

What tickles us are the women haters—with seven suits of clothes.

You can always do without anything you can't do anything with.

He who progresses by leaps and bounds isn't jumping to conclusions.

People who live in glass houses should have clear consciences.

How you can Charge Your Santa Fe Tickets

Apply now for your Travel Card entitling you to this service

Effective April 1, 1947, you can charge Santa Fe tickets on the new Railroad Travel Card Plan as easily as you charge department store purchases. There is no "red tape" or deposit necessary. Here's how it works:

Railroad Travel Cards will be available to any individual or company with proper credit rating.

Upon presentation of your Travel Card at any Santa Fe ticket office you can charge rail, parlor car, and sleeping car tickets (amounting to \$5.00 or more) to any part of the country even if part of your trip is on other railroads. Your Travel Card also covers excess baggage charges.

Bills will be rendered monthly for the transportation furnished to holders of Railroad Travel Cards.

Apply Now! To secure an application blank for your Travel Card, simply write to Rail Travel Credit Agency, 436 Union Station, Chicago 6, Illinois.

Mr. and Mrs. Wright Huddleston and children and Mrs. L. J. Ellis visited Mrs. Bama Clark and Mrs. A. E. Smith of Dunn and Ira.

Richardson Grid Team Beats Moore Squad Monday

It was one of those photo-finish affairs Monday night when the football team of George Richardson trounced E. J. Moore's boys in a spring football classic at Snyder High School stadium. The game, in which deciding score was made in the last 30 seconds of the tilt, ended 14 to 13.
Both teams were composed of members of the Tiger football team that is rounding out its spring training this week-end.
A good sized crowd saw the toss-and-tumble classic that looked like inter-school competition all the way to the final whistle.
Louie Vaughn scored first for Richardson's cohorts on a sustained drive from the 20-yard line off tackle in the first quarter. Richardson kicked the extra marker.
It was nip-and-tuck in the second frame, and neither team hit pay dirt.
Gorman, star of the evening, came back in the third frame to score twice for the Moore-men. He scored first on a 15-yard off-tackle play, then on a seven-yard off-tackle plunge. "Tiny" Moore kicked the point after the second touchdown.
Sensational play of the night was a pass good for 75 yards in the last 30 seconds of play, when Everett tossed to Richardson for the deciding touchdown. Richardson also kicked the extra point that sewed up the game.
Line-ups for Monday night's game looked like this:

Richardson	Blakely
Heinzelmann	Middleton
Hardin	Moore
Sentell	J. Smith
Bynum	Iverson
D. Smith	Prince
Bird	Guards
Everett	Center
Vaughan	Gorman
Pruitt	Voss
Land	Prunk
	Martin
	Backs

Boys, if you're tired running around with holes in your socks, get married. The wife will soon teach you how to darn them.

Mr. and Mrs. Sonny Springer and children visited Mr. and Mrs. Hoyle Carey and family of Ira.
Mrs. W. R. Gilcrest and son of De Leon spent last week with her parents, Mr. and Mrs. Glenn Holladay.
Mr. and Mrs. Wright Huddleston and children and Mrs. L. J. Ellis visited Mrs. Bama Clark and Mrs. A. E. Smith of Dunn and Ira.

Editorial by School Paper Editor Enters In National Contest

Helen Jo Graham, Tiger's Tale editor, wrote the most outstanding editorial of the twenty-five entered by the journalism class. It will be published and entered in the National Group Contest sponsored by the Quill and Scroll.
Each editorial was written in class with forty-five minutes time for each subject given.
Entries for the sport feature and Easter tie-in ad page were also written by students.
A story for the sport feature was written by each student and the best of the group chosen and printed in the Tiger's Tale. The sport feature may be a complete account of a single athletic event or a sport feature interview type.
The Easter tie-in page consists of an eye-catching headline, a neat illustration and a very few lines of lively copy about which the ads are attractively spotted.—S. H. S. Tiger's Tale.
The simplest way for a wife to tell if her husband is lying is to look and see if his lips are moving.
Busy men have too much on their hands to be handling people with gloves.

INKOGRAPH PENCIL POINTED FOUNTAIN PEN

Perhaps you find writing hard work—most people do. But not Inkograph users. They simply dash off letters, business reports, memos, like rolling off a log.
Inkograph's exclusive features make possible a lot of important things that would make an ordinary fountain pen throw up its hands. The secret is in the smooth, ball-like 14-kt. solid gold point, that glides like a soft lead pencil.

Lions Will Erect Welcome Banner For Fire Fighters

Snyder Lions Club voted Tuesday at their weekly luncheon meeting to erect a huge cloth "Welcome" sign over the center of the north side of the square to greet visitors to the semi-annual convention of the Mid-West Firemen's Association slated here next Thursday.

N. W. Autry, Snyder Fire Department chief, was a guest at the club luncheon, and urged the Lions and others to cooperate to make the expected 300 firemen and guests at home when they attend the convention.

Autry took occasion to tell the civic group that fire fighting methods of the Snyder Fire Department are being improved, as fire fighting is becoming a profession. He recommended that many well-meaning people at fires are bothersome in their suggestions of how the men should handle their fire problems.

"Twenty-two years of experience with fires at first-hand does not make us perfect in combating fires but we are endeavoring to do our best to handle each individual blaze as a master problem," Autry declared.

Rev. Jim Sharp, pastor of the Colorado City First Methodist Church and Will Culwell, singer, of Abilene, who are directing the revival meeting at the Snyder Methodist Church, were guests also.

Rev. Sharp, in an interesting, to-the-point talk, told Lions that the world will be saved from a third world war only through a spiritual awakening. He urged full support of our schools and law enforcement agencies as part of our world-saving program through education of our future generations. Better salaries are sorely needed to engage more and better educators, he said.

Every time we came home late at night the wife is hoarse the next morning.

HOW MUCH COTTONSEED OIL IS USED IN MARGARINE?

ANS— IN 1945, U.S. MARGARINE MANUFACTURERS USED 253,996,000 POUNDS OF COTTONSEED OIL... OR THE OIL YIELD FROM 3,355,295 ACRES OF COTTON LAND —

Home Gardens Will Help Families Keep Living Costs Down

Each Scurry County resident who can possibly do so is urged to plant a vegetable garden early this year.

Agricultural officials say a minimum of 2,000 home gardens should be this year's goal for Snyder and the county.

Today, observers declare, is the day gardeners should start their soil preparation—if they haven't already done so.

It is, of course, an old story how the Victory Gardens helped supply food during the bitter, tedious war years. Home gardening will be just as important this year, with food prices soaring, as it was in the dark days after Pearl Harbor.

One-half acre of vegetables, cared for in the right way, can produce \$100 worth of food for the family.

Over the state as a whole, county agents and home demonstration agents are joining in the drive to promote gardens in 1947.

J. N. Caviness, county agent, and Mrs. Estella Strayhorn, county home demonstration agent, will push home gardens for Scurry Countians this year.

Gardeners can go to these county extension agents for help on garden sites, preparation, fertilization, planting advice, adapted varieties, insect and disease control and any other gardening problems.

The extension horticulturists say the essentials of a good garden are these: a well-drained location, thoroughly pulverized soil, adapted vegetable varieties planted at the right time, with proper row and hill spacing.

If you tell a man anything it goes in one ear and out the other. With a woman it goes in both ears, and out the mouth.

Girls used to wear unmentionables. Now they wear nothing worth mentioning.

Publisher Makes Statement About Sorrells Letter

Letter signed by Mrs. J. E. Sorrells of Knapp Times as last week's issue of The Times as a paid advertisement was received by the paper about three weeks ago. Because of his interest in peace and harmony in our community, the publisher did not publish the letter since it involved a very controversial issue in the minds of Snyder people—and a subject about which unwarranted bickerings have been going on for some time. The letter had no news value.

The Times publisher has confided too much has already been said about the matter, since so few facts are actually at hand concerning the real issues, and believes these discussions only widen breaches between neighbors and friends. "Keep picking at a sore and it becomes malignant," you know.

A copy of the letter later was presented to other citizens, who were anxious that it add to the community agitation already existing. One of these citizens asked a Times representative to run the letter as an advertisement, declaring that James K. Polk would pay for same. The Times did that very thing.

The following paragraph was prepared by James K. Polk, who asked that we print it "exactly as is":

Our Apologies.
We wish to apologize to Jim Polk for erroneously stating in last week's Times that he was paying for having Mrs. J. E. Sorrells' letter printed. He had given us no authority to do so. Jim Polk is engaged in public work to the extent that he says he has no right to jeopardize the chances of youth to belong to the movement he represents by publicly stating his views on any controversial issue. He wants it understood that his request for correction is not to be taken to mean any reflection against Mrs. J. E. Sorrells or Don Robinson, the subject of her letter.

Mrs. J. E. Sorrells sent the letter published last week to The Times for publication but for some reason they refused to publish it without pay. I felt that out of respect to Mrs. Sorrells it should be published and took it upon myself to agree to pay for it.—John H. Pratt.

Building Applications Go to Dallas Offices

Beginning April 1, applications for non-residential construction authorizations anywhere in North and West Texas should go direct to the Civilian Production Administration district offices in Dallas, 511 Mercantile Bank Building, or in San Antonio, 203 Transit Tower Building.

This announcement was made this week by Walter P. Camp, CPA district construction manager in Fort Worth, who revealed that the Fort Worth office is to close April 19 and its territory split between the Dallas and San Antonio offices. The shift is being made for economical reasons, Camp stated.

Scurry and other immediate area counties will be served by the Dallas office, The Times is informed.

Our opinion of people depends as much on what they see in us as on what we see in them.

You can always tell a single man because he has no buttons on his shirt. And a married man because he has no shirt.

Charlie Parker, University of Texas sprint star (center), is shown anchoring his school's 440-yard relay team to a win in Southwestern Recreation Track and Field meet Saturday in Fort Worth, in the time of 42.9. Bill Martinson of Baylor (right) comes in second for his team, and Wedd Jay of Texas A. & M. (left) comes in third. The Texas team was composed of Parker, Byron Gillroy, Perry Samuels and Plye.

Awards Being Made In 4-H Club Contests

Awards in the recent Sears, Roebuck & Company sponsored cow-sow-ben program for 4-H Club boys in the Sweetwater district are being distributed, and six Scurry County boys are among winners, states J. N. Caviness, county agent.

Olan Culp of Hermleigh, who was first place winner for the county in the 1946 program, has already received \$50 worth of hog lot equipment.

Carl Williams of Hermleigh has accepted 100 Rhode Island Red baby chicks. Donald Head of Snyder and Jimmy Layne of Snyder received 100 baby chicks each. Billy Gene Pylant of Fluvanna and Gayle Nail of Snyder also are scheduled to receive 100 baby chicks each as their prizes for club work projects during last year, Caviness states.

FARM FACTS WORTH KNOWING

Send your questions about livestock, poultry, problems to Farm Facts, 835 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Q.—What causes coryzo or common cold, among poultry? Can it cause heavy losses?
A.—A germ, Hemophilus gallinarum, which gains entrance into the nasal chambers is considered the primary cause of this disease. In the milder form the disease may be unnoticed. In more severe cases, accompanied by sneezing and gasping, there may be numerous deaths, and affected birds may go off feed and gradually "waste away."

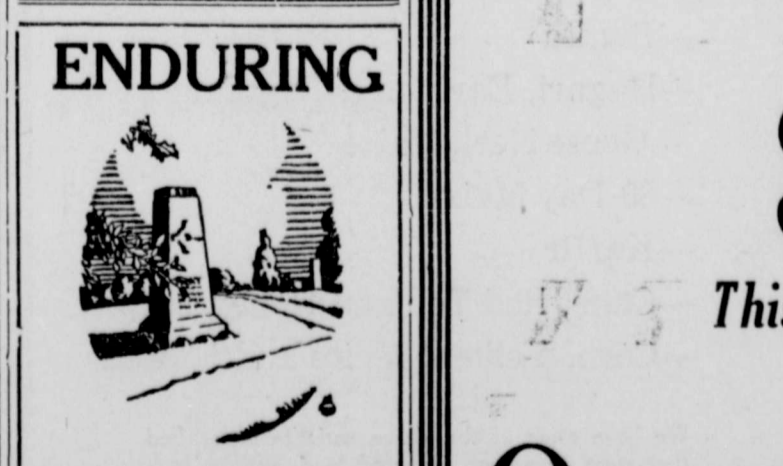

Q.—How much should a cow produce a year to be a money maker?
A.—According to the Program for Dairy Cattle published by the Ralston Purina Company, in general any mature cow which can't give 300 pounds of butterfat a year will never make much money. Many cows giving less than this could reach this money-making point if fed properly balanced rations in the right amounts. Here is what 300 lbs. of butterfat a year equals in milk:

Breed	lb. a day	lbs a yr.
Jerseys	20	6,000
Guernseys	22	6,500
Ayrshires	25	7,500
Brown Swisses	25	7,500
Mixed Herds	27	8,000
Holsteins	30	9,000

Q.—What is the advantage of raising broilers on the floor rather than in batteries?
A.—Broilers raised on the floor are of high quality because of:
1. Good feathering.
2. Low shrinkage when transported to market.
3. Few breast blisters and deformities.
4. Good fleshing quality.

Q.—How can the cattle feeder get the most out of fodder?
A.—First use all suitable fodder for feed. After the cattle have used all the fodder they will eat for feed, use the remainder for bedding, and in this way make fertilizer for the fields.

Drive Soon Will Raise Funds for Boy Scout Tract

Snyder District Boy Scout officials hail the acquisition of the fabulously beautiful Agua Canyon camp site in Southwest Texas as one of the most far reaching moves of the Buffalo Trail Council, Boy Scouts of America. They term it the demonstration of foresight necessary to make the activities of the Boy Scouts effective and lasting in West Texas.

Annual camps held for Boy Scouts of the area will now be staged in the wild and rugged mountainous country every summer that will become the high point in the lives and activities of thousands of boys in the years to come, Scout officials declare.

A picture of a little corner of the camp area is presented in another column of today's Times.

Meanwhile, a financing campaign is being planned for the near future, according to J. E. Blakey, chairman of the finance committee for this district, and E. L. Farr, chairman of the district camping committee.

The camp site consists of 6,000 acres in the Davis Mountains about 65 miles southwest of Pecos, and the cost is \$75,000. The finance committee plans to offer the opportunity of investment to those interested on an acreage basis.

He's No Musician.
"Ever had any organic trouble?" asked the medical officer.
"No, sir," replied the recruit. "I'm not a musician."

Smart Trader.
"Goodness, George, this isn't our baby. You've taken the wrong carriage."
"Sh-h-h-h. This is a much better carriage."

When hubby said his faith could move a mountain, his wife replied that he had better apply some of it to those ashes accumulating in the basement.

HERE'S WHERE WE COME IN . . .

Do you know when to call on us for help? Here's a simple rule of thumb. Whenever a personal or business problem reaches the point where the solution seems to be financial—that's where we come in. If we can help straighten out your affairs, we'll be glad to. If we can make you a sound loan, we'll welcome the opportunity. At any rate, don't hesitate to discuss your money problems with us, in complete confidence, of course.

Authentic Statement

By ROGER W. BABSON

Babson Park, Florida, March 21.—The economic well-being of any country is largely determined by (a) the amount of food, homes, clothing, recreation, etc. which is produced by its people; and (b) the way these goods and services are divided up among you and me and our neighbors. If therefore, we are to be prosperous in 1947 we must produce. We cannot afford to lose another 110,000,000 man-days through some 6,027 strikes as we did in 1946.

Strikes on the Wane.

It is my belief that the struggle between management and labor has already begun to slough off. Of course, there will be continued demands for small wage increases. Where industries cannot afford further basic wage increases there will probably be demands for certain concessions as portal-to-portal pay, paid sick-leave, increased paid holidays, health and welfare funds, etc.

There is no question but that some of these demands are legitimate. The real trouble is that many of them are simply a camouflage to cover up the real struggle between the unions, owner-management and the government for the control of industry. Knowing this, both employers and employees ought to muster every ounce of courage and common sense in order to negotiate wisely, not only for their own mutual benefit, but for the ultimate preservation of our American way-of-life.

Labor's Change in Attitude.

While strikes will remain a nuisance, a thorn in the flesh, if you will, of industry throughout 1947, the fact remains that the incidence of strikes has tumbled appreciably since November (July 720; September 541; November 477; December 228; January 191). I attribute this change for the better to:

(a) the fact that price controls have been lifted, which allows a greater latitude for bargaining;

(b) the political complexion has changed considerably in recent months;

(c) a warning handwriting is very clearly upon the wall for future strikers. Messrs. Green, Lewis and Murry all have sense enough to know that under present conditions continued belligerence and aggression can only lead to public hostility and a possible immediate retaliation from the new Congress. In the light of these trends I predict that 1947—much to the surprise of many employers and employees alike—may see the fewest labor disputes since 1939.

Wage Outlook For 1947.

As a result of this return to normalcy there have been during December and January some wage increases for workers in the trucking, clothing stores, cotton textiles, printing, painting, plumbing and shipping industries. You can expect that where unrest continues, the greatest pressure for wage increases and fringe concessions will probably come from the shipping industries, motion pictures, radio and metal fabricating. Reason: The desire of the unions to share the reputedly high profits in these businesses.

Frankly, I am not now too concerned over this upheaval. I believe that after union labor has secured real power, it will find that its employees are better friends than its labor leaders. Labor will not give up collective bargaining and certain other new privileges; but it will listen more to the advice of its resident employers than it ever did before. This means that the liberal interests are faced with full responsibilities, they become much more conservative and demand "checks and balances" for their own protection.

Practice of Basic Principles. Bear in mind these truths, however: Three fundamental ways of prosperity. These are:—(1) Only by increasing our national production will there be more to divide; (2) Our true national income can be increased most readily by extending free enterprise with a minimum of interference by government bureaucrats. (3) The masses are on the march and we should not handicap legitimate desires to better their condition.

Support of Herod for City Alderman Urged By Dwight Monroe

To the Voters of Ward No. 1: I have been informed by a number of voters that they expect to write in my name on the ballot as candidate for reelection to the office of city commissioner from Ward No. 1 in the coming election on April 1. While I fully appreciate these expressions of confidence and good will, I wish to request and urge that such action not be taken. I have served you to the very best of my ability for the past 16 years and have made a lot of mistakes, as will the next man who serve you as city commissioner, but it is my desire to retire at this time as I believe it people and serve the best interests will promote harmony among the of the city at this time.

Carl Herod, whose name is the only one to be printed on the official ballot, is a good man, is my friend, and will make a A-1 commissioner. I will appreciate it if every voter in north ward will go to the polls April 1 and give Carl a big vote of confidence, and then back him up with our fullest cooperation after he is in office.

Very Truly Yours, Dwight Monroe. (Adv.)

Interest High in Rotan Dairy Show Slated for Friday

Entries of 4-H Club and FFA boys of Scurry, Fisher, Kent, Stonewall and Jones Counties is slated to reach an all-time high record level in the Annual Fisher County Dairy Show, which will be held at Rotan Friday.

So states L. E. Turbeville, Fisher County agent, who says only registered animals will be in position on the show grounds by 9:00 a. m. Friday.

Class judging in the annual exposition is scheduled to get underway at 11:00 a. m. Money prizes, it is reported, through the fifth place will be given winners in the junior Jersey show—which is scheduled to precede the adult Jersey breeders show.

Mr. Miers of Hobbs, an outstanding Jersey breeder, is one of the show officials. He said Wednesday indications point to a record list of entries in virtually all of the show divisions.

Friday's exposition is being sponsored by the veteran and civic organizations of the county. The Rotan Chamber of Commerce is donating \$150 for show expenses and prize money and is in charge of scheduled money raising activities.

Class showings of bulls in the show will include (1) bulls over 18 months of age, (2) bulls 18 months and under, (3) grand champion bull and reserve champion bull.

Female classes of the show will include (1) aged cows—calved prior to July 1, 1942, (2) females calved July 1, 1942-June 30, 1943, (3) females calved July 1, 1943-June 30, 1944, (4) females calved July 1, 1944-December 31, 1944 (5) females calved January 1 to June 30, 1945, (6) females calved July 1 to December 31, 1945, (7) females calved on or after January 1, 1946, (8) champion female of the show.

Which Is It?

We don't know nor care why the hen crosses the road, but what we would like to know is whether, when a hen cackles, she is laying or lying.

Lucky?

Ed—"My wife ha da dream last night and thought she married a millionaire."

Al—"You're lucky. Mine thinks that in the daytime."

DEMOCRATIC LEADERS are giving liberal support of this year's Jefferson Day campaign in Dallas, which is now well under way, with Robert L. Clark of Dallas, brother of Attorney General Tom C. Clark, as chairman. Pictured above making plans for the appointment of county campaign

national committeeman, announces that the campaign will end with a Jefferson Day dinner in Dallas Saturday, April 5, to which subscribers to the funds of the Democratic national committee will be invited. Pictured above making plans for the appointment of county campaign

chairmen are, left to right: Mr. Clark; Mrs. H. H. Weibert of Seguin, Democratic national committeewoman; Colonel Blacklock; Robert W. Calvert of Hillsboro, chairman of the state Democratic executive committee. Campaign headquarters is in Hotel Adolphus at Dallas.

Another Year of Sugar Rationing Almost Certain

Snyder and Scurry County consumers felt this week they could look forward another year of sugar rationing.

Legislation, in fact, extending rationing and price control of sugar until March 31, 1948, was passed in Washington Friday by the House and sent to the Senate.

Parage was by a roll call vote. Democrats demanded the record vote in an obvious move to get Republicans on the record in favor of continued controls. Count was 286 to 54.

Without the legislation price control and rationing of sugar will end on June 30 and allocation powers will cease at the end of this month.

In addition to continuing the controls, the legislation transfers the sugar program from the existing OPA to the secretary of agriculture.

County housewives are advised an amendment adopted unanimously removes inventory controls from household users of sugar after March 31 of this year.

Uncontrolled fire is an economic waste any time; it is a crime today when continuity of production is so vital.

TEXAS MOTHER is Mrs. Mattie D. Crow of Waco, third place Texas Mother of 1947 selected by the committee headed by Mrs. Dollee Davis Smith of Cleburne.

Kenneth Eades Does Nicely After Surgery

Kenneth Eades, formerly of Snyder but now a resident of Sweetwater, was admitted to the Veterans Hospital at Lisbon, near Dallas, last Friday week, The Times learns.

Kenneth underwent major surgery for a bone infection. His condition first of the week was reported satisfactory.

Fluvanna Union Meeting Begins Sunday Morning

Beginning next Sunday at 11:00 a. m. at Fluvanna the Presbyterian and Methodist Churches will sponsor a cooperative revival meeting to continue through Easter Sunday. The pastors of these churches will do the preaching for the revival. We invite all Christians of all the churches to participate with us. The music will be conducted by the membership of these churches, and we invite all who sing to join in with us to have great music.

Our one purpose in this meeting is an awakening of everyone to the spiritual realities of our life, and the conversion of the unsaved. If you are interested in a program of this kind we invite your cooperation and help.

There will be services every day through the week, the exact hours to be announced as we go along; also the church at which the service is to be held. As the pastors of the Presbyterian and Methodist churches we urgently solicit your attendance, your prayers and your service in the meeting. We believe that if we consecrate our time and efforts God will be pleased to send us a great out-pouring of His blessings on our work—the preachers will be only the leaders. The responsibility for the success of the meeting rests upon members as well as the preachers.

Expecting a gracious meeting. Affectionately your pastors—C. C. Doolley and M. W. Clark.

Mason Leads Revival At Dewey, Oklahoma

Rev. J. William Mason, pastor of the Snyder First Baptist Church, is at Dewey, Oklahoma, in a revival meeting with the First Church that began last week. The services will continue through March 29.

Reports from the meeting are heard by good crowds and that a number of conversions and additions to the Dewey church have resulted.

Rev. Edwin Spears of Midland filled the local pulpit March 16, and Hubert Sheriff, member of the staff of Hardin-Simmons University, Abilene, preached at both services last Sunday.

ALMANAC

Many things difficult to design prove easy to perform.

MARCH

18—David Livingston, medical missionary, born, 1818.

20—American army enters Boston, 1776.

21—Vernal Equinox, the beginning of spring.

22—British stamp act became a law, 1765.

23—"Hornet," "Penguin" naval battle, 1815.

24—Greece proclaimed a republic, 1924.

25—Battle of Fort Stedman, 1865.

Line Undergoing Tests This Week For Service Soon

Capable of carrying 480 conversations simultaneously, adaptable for direction radio and one channel reserved for television marks three engineering highlights of the American Telephone & Telegraph Company buried toll cable that crosses Scurry County from east to west.

The underground cable comes into Scurry County on the east near Pyron and after passing through the Hermleigh community goes slightly northwest to Snyder.

After crossing the south fringe of the county east (outside the city limits), the long distance line goes westward across Borden County and on to the West Coast.

Stretching entirely across the nation, the long distance line marks an epoch as important to Americans as laying of the Atlantic Cable.

Constituting the most versatile development in the communications business, the ATT cable is capable of:

1. Directional radio.
2. Television transmissions.
3. Up to 480 conversations simultaneously.
4. One entire channel reserved for television.

The long distance cable wires carry their own power. Repeater stations are located every eight miles and "booster" stations in this vicinity are located at Sweetwater and Lamesa.

Beauty of each repeater station, at eight-mile spacings, is that the power units are interchangeable. In other words if a unit needs repairs any line engineer or employee can take the unit out, replace with a new one, and bring the unit needing repairs to town.

Under a technical development of electrical and gas pressure technicians can detect, in very short space of time, where trouble may develop, a Times reporter learns.

In a dispatch to The Times, American Telephone & Telegraph Company asks that oil operators, or others, with drill programs secure a map of the cable route before drilling operations commence.

"Since many of the cases where cable was damaged was caused by construction forces assuming in error they knew the exact location of the cable, we would appreciate being notified whenever any work is to be done along the cables that may have a chance of damaging them," states Lee M. Hartwell of Dallas, district plant superintendent.

It is understood that television—yet in the future from the viewpoint of the average homeowner—will be practical within 120 miles of each television station. Plans call for location of a television station at Abilene, for instance.

In addition to the long distance underground cable crossing the nation from east to west, a map sent The Times shows route of intercity cables in Oklahoma and Texas.

Engineers are checking the underground cable in Scurry and adjoining counties.

Each repeater station in this area has been built of cement blocks and is safeguarded from vandalism by signs have been erected across lanes, etc.

A new power station for the underground cable has been finished north of Sweetwater on the Roby Highway. The structure will house the latest type of machinery and equipment and extra replacement units for repeater stations.

County Cotton Folk Will Attend Abilene Meeting

Several cotton growers, ginners and others interested in the cotton industry in Scurry County will attend a regional meeting on a seven-step cotton program at Abilene Tuesday, April 15, according to Pete Smith, manager of the Scurry County Chamber of Commerce.

The conference, sponsored by the State-Wide Cotton Committee, in cooperation with the West Texas Chamber of Commerce and the Abilene Chamber of Commerce, is one of a series of meetings being held over the state in the interest of the future of the staple crop.

Speakers on the program, which will be held in the ballroom of the Wooten Hotel beginning at 1:30 p. m., will include: C. B. Spencer, vice chairman of the Cotton Production Committee for Texas, whose topic will be "The Future of Cotton"; F. C. Elliott, cotton work specialist of the Texas A. & M. College Extension Service, who will speak on "The Seven-Step Cotton Program"; J. C. Stille, secretary of the cotton production committee, whose subject will be "Status of All Groups and Agencies in the Seven-Step Cotton Program."

Smith declares that if any cotton producers of the area who are not contacted by him or others in connection with making the trip will see him the group will be happy to have other attendants.

WEEKLY NEWS ANALYSIS
End Farm Equipment Strike; Bi-partisan Support Develops For Truman Check on Russia

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Senators and congressmen sit in close attention as President Truman delivers his momentous message to congress urging aid to Greece and Turkey to check Russian expansionism in middle east. (See: D (Diplomacy) Day.)

LABOR: End Long Strike
Beaten in their attempts to obtain "union security," Local 180 of the CIO-United Automobile Workers ended its 14 1/2-month-old strike at the J. I. Case tractor and harvesting equipment plants in Racine, Wis. Previously, union members had returned to work in Case's Rock Island, Ill., Burlington, Ia., and Rockford, Ill., factories after prolonged walkouts.

Settlement of the strike posed a labor problem for Racine since many of the 3,500 strikers had taken other jobs during the course of the walkout. Their action eased the strain on the union treasury although other workers received strike benefits. The plants were completely shut down during the dispute, with the union maintaining effective picket lines.

ASKS BAN ON REDS
Questioned about a bill outlawing Communists from official positions in labor unions, Secretary of Labor Schuellerbach rasped: "It does not go far enough. Why should we recognize the Communist party in the U. S.?"

D (DIPLOMACY) DAY: Back Truman
Despite its radical departure from traditional American foreign policy and inherent threat of conflict with Russia, President Truman's program for aiding Greek and Turkish resistance to Soviet pressure in the strategic Middle East gained strong support in congress.

PHILIPPINES: Welcome Americans
By an overwhelming vote, the Philippines approved a constitutional amendment granting American citizens the same economic rights as natives. The measure carried in rural provinces and big cities alike, with a heavy swing in Manila resulting from an attempt on the life of Pres. Manuel Roxas, champion of the provision.

MENTAL DISEASE: Appalling Condition
Ten million of the current U. S. population will be so crippled by mental illness as to require hospitalization sometime during their lives. One of every five families in the nation will be affected.

WAGES...
Payrolls distributed to employees in iron and steel making plants in 1946 totaled approximately \$1,850,000,000, declining only 5.8 per cent from the 1945 total, despite the fact that 1946 steel production was 17 per cent below the 1945 output.

The northern cotton textile industry, first to grant increases during the "second round" of postwar wage demands, has provided its wage earners with the greatest relative pay increases granted in any industry since January, 1941, according to the National Industrial Conference board. During this period, straight-time hourly earnings were up 97.9 per cent while workers in all manufacturing groups were granted increases of 63.1 per cent.

RAIL MURDER: FBI Enters Case

Congressional concern over the shotgun slaying of Pres. George P. McNear of the embattled Toledo, Peoria and Western railroad brought the FBI into the case in an effort to track down the killers of the millionaire rail executive.

BIG BUSINESS: Growing Bigger
Pointing out that 1,800 companies have been absorbed by purchase or merger since 1940, the Federal Trade Commission urged adoption of a bill sponsored by Representative Kefauver (Dem., Tenn.) that would prevent such practices where they tended to create a monopoly.

Under present provisions of the Clayton anti-trust act, only stock purchases forming a monopoly are prohibited. Operators have been able to get around this provision, however, by outright purchase of a company's assets or exchanging stocks through a merger.

Drys Gaining Ground
One-third of the U. S. embracing about 30 million people now is under some form of prohibition, the Anti-Saloon League of America has reported.

Science has established itself as one of the strong allies of crime detection. Equipped with more than a million dollars' worth of scientific apparatus and staffed with specialists in various scientific fields, the Federal Bureau of Investigation crime detection laboratory in Washington has proven an increasingly potent factor in detection and apprehension of criminals throughout the nation.

Table with 4 columns: State, Dry Counties, Cities, Districts. Lists states like Alabama, Arkansas, Florida, Georgia, Kentucky, etc.

SENATE: Curb Tenure
Senate and house conferees were scheduled to put their heads together to work out a compromise constitutional amendment to be submitted to the states limiting the tenure of a president. Legislatures of 36 of the 48 states would have to ratify the amendment within seven years for it to take effect.

Perfect Cure for Insomnia—Eating Crackers in Bed
CHICAGO.—Eating crackers in bed is the "perfect cure" for insomnia. That unconventional advice emanates from J. P. Fanning, sleep expert for National Association of Bedding Manufacturers.

200-Mile Detour Used To Speed Mail Service

Joyce Kilmer School Finally Gets Trees
BOSTON.—Steps to rectify a "grievous oversight" have been taken by the Boston school committee. When it learned that there isn't a single tree in the yard of Kilmer public school, named in honor of Joyce Kilmer, author of the famous poem, "Trees," the school board approved plans to plant several trees around the school building. The trees will be set out this spring.

Geisha Girls Attempt To Save Cherry Trees
TOKYO.—In an attempt to save its cherry trees, Kumagaya, a suburb of Tokyo, enlisted the services of 10 Geisha girls. Residents of the community, shivering through the cold winter months because of lack of fuel, confiscated the cherry trees, branch by branch, for fuel. The Geishas will sing and dance near the charcoal district in an effort to spur fuel deliveries.

Annual Army Day Observance To Emphasize Peacetime Role

Nation Will Honor Achievements at Programs April 7

WNU Features. Dedicated to "The American Army in Peace," Army Day will be observed throughout the nation on April 7 with parades, community celebrations and addresses by prominent army and civilian leaders.

Started in 1928, Originally proposed by the Military Order of World Wars in 1928, Army Day at that time had no governmental inspiration. From its beginning, however, the observance received full and active support of other veterans' organizations as well as civic groups.

Parades Scheduled. Throughout the nation, Army Day will be marked by community celebrations and parades. In communities where army units are located, uniformed troops will participate in the parades and new army equipment will be displayed.

OBJECTIVES IN MOSCOW

WASHINGTON.—As a military man, General Marshall planned two great offensives. One was in 1918 when he charted a path for General Pershing the transfer of one million men from St. Mihiel to the Meuse-Argonne front, plus 40,000 tons of ammunition, 34 hospitals, 93,000 horses, 164 miles of railway and 87 depots—all in a week's time with no enemy aviator discovering it.

Both, obviously are interdependent. And if Marshall can win real friendship with Russia, the treaty with Germany will be much easier to perfect.

LESSON FROM LATIN AMERICA

One of the great lessons learned from our Pan-American relations is the importance of teamwork. Prior to the good-neighbor policy we worked as an individual nation. We landed troops in Haiti, Nicaragua and the Dominican Republic. We banded Mexico off the head with diplomatic threats and mobilized troops on her border. Result: All Latin America disliked us.

Then Sumner Welles sold Roosevelt the idea of being a good neighbor of sharing a responsibility. So when trouble arose in the western hemisphere, the Pan-American nations solved it as a team. Result: Fewer mistakes were made and when they were made Uncle Sam didn't get all the blame.

The British empire hitherto has operated on a unit basis. It didn't worry about teamwork. Result: It is hurriedly liquidating parts of the empire and reaping bitter criticism in Palestine and Greece. Further result: The United States is asked to share the financial responsibilities—and the headaches—in one of those countries without having too much to say about the things that cause the headaches.

If we become the bankers for British headaches, the pain and the blame can extend to Turkey, Italy, North Africa and all over the world. That's why we should take a leaf from the Pan-American good-neighbor book and let the United Nations get busy in Greece before it is too late.

DEFLATED DREAM

Most interesting, though somewhat deflated political figure in the senate today is Robert A. Taft of Ohio, together with the question: Will he achieve his long cherished dream of following the footsteps of his father up the front steps of the White House as President of the United States?

Not since 1940, when energetic, progressive Wendell Willkie stole the Republican nomination from under Taft's nose, has he forgotten for a minute his ambition to duplicate the father-son presidential success of John Adams and John Quincy Adams.

Viewing the 1940 Philadelphia convention in retrospect—after the trumpeting FDR handed Willkie—Taft was not too unhappy about it. In 1944 he realized that FDR could not be stopped, and he was glad to let Tom Dewey and his Ohio GOP colleague John Bricker "take the rap." The big chance for the Republican party, Taft figured, would come after the war.

The results of last November's congressional elections definitely convinced Taft that he was right. The next two years held his big chance for the presidency. After 1948 it might be too late. He has played his cards accordingly.

Taft immediately put himself at the head of the Republican party as far as Capitol Hill was concerned. At first, Taft was riding high, wide and handsome. Today, his reins are trailing in the dust. He is scarcely riding at all. And what is especially depressing is that Taft's reverses have come not from Democrats but from his own forces which he assumed to lead.

UNDER THE DOME

Few people know it but a tight Truman triumph was — Hannegan, Secretary of the Interior Krug and Attorney General Clark—has ironed out a lot of inner cabinet wrangles. Two women clutching passes to the senators' gallery asked the doorkeeper: "Is this where you go in to see the senators perform?"

Now that he has left the F.C. G. Allen is really expanding his business holdings. He even owns one per cent of the Broadway hit "Born Yesterday."

TEXANS in WASHINGTON

This is one of a series of articles prepared for The Times on Texas members of Congress in Washington, in which the backgrounds of the representatives in the national capital are presented. Read the entire series from week to week.

Washington, March 26 (AP).—The first combat soldier or world war II to enter Congress was Corpus Christi's Representative John E. Lyle, Jr.

But he definitely doesn't exploit his military record, which included fighting on the Anzio Beachhead in Italy. In fact, he is so conscious some individuals in public life try to capitalize on their veteran status that he reluctantly discusses his military background.

With one two-year term in the house behind him, Lyle is emerging as one of a group of younger congressmen who are following a middle-of-the-road course.

Lyle's record in his freshman term was of more than passing interest to some of his colleagues because he had defeated and replaced a man who had acquired a reputation as one of the most conservative ever to serve in Congress, Richard Kieberg, part owner of the famous King Ranch.

The relationship of these two South Texans since that political turnover in 1944 is a tribute to both men and so unusual it has caused

considerable comment among their colleagues.

Whereas there is sometimes bitterness between the victor and vanquished in such contests, and usually a distant coolness, these fellow Corpus Christi men have been and still are on the most cordial of terms.

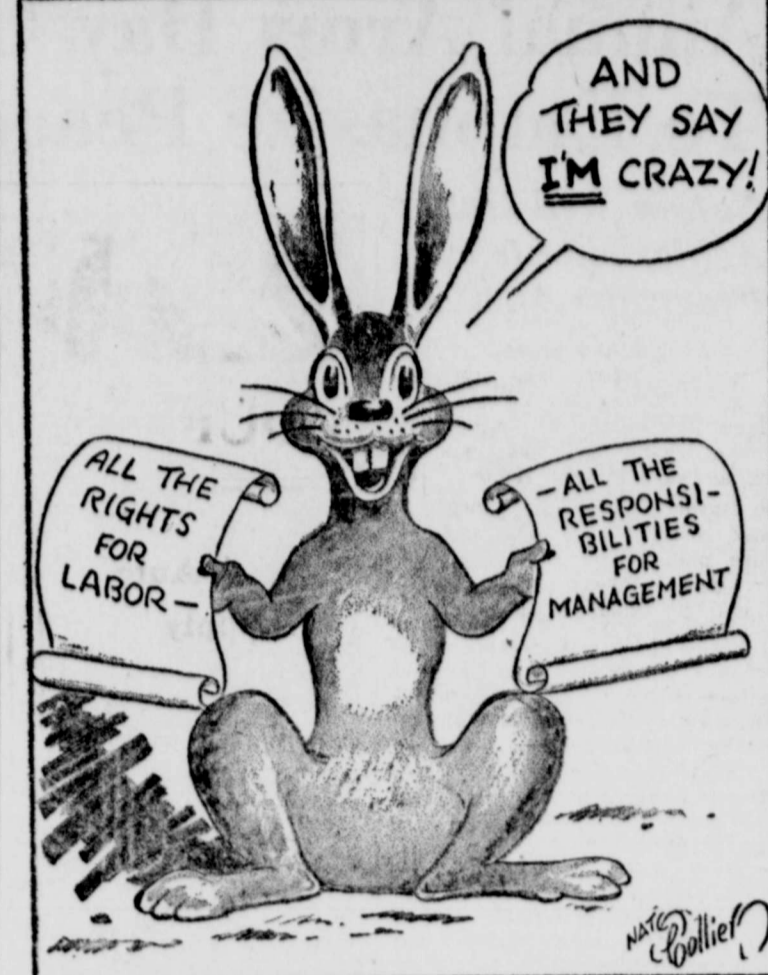

When Lyle first came to Washington after his election, Kieberg took him by the arm and went around introducing him to the men with whom he had served on Capitol Hill. Kieberg has returned to Washington several times since then. He calls on his young successor and always receives a warm welcome and an invitation to make that office his office.

One thing that might account for such an amiable relationship is the fact that Lyle personally had nothing whatever to do with the primary election contest in which he won the Democratic nomination over the incumbent Kieberg.

Lyle was fighting in Italy when some of his friends in Corpus Christi got together and petitioned to have his name put on the ballot. He knew little of the progress of the campaign, and the first word he had of his victory was carried to him by an Associated Press reporter assigned to General Mark Clark's headquarters.

"Of course I was pleased," says

THE MAD MARCH HARE? By COLLIER

Lyle, "but as I recall, any jubilation at that point was sobered by the realization I had just received orders to take my battalion in and replace three other battalions which had been shot up in an Arno River engagement."

It was three months later, after he had been officially elected in the November balloting, that Lyle was pulled out of Italy and sent home to be sworn in as congressman on January 3, 1945. A promotion to the rank of major, to which he had been recommended many months before, had come through in the meantime. He entered the Army as a private in 1942 and got his commission as a second lieutenant six months later after going through an officer candidate school.

The 36-year-old Texan, a lawyer by profession and a member of the state house of representatives before enlisting in the Army, lives with his wife and daughter, Wanda, 15, in the attractive tree-lined Buckingham apartment house development in nearby Arlington, Virginia.

He drives Wanda into the District of Columbia to school each morning in their sedan, and consequently shows up at his office an hour or so earlier than most of the other lawmakers.

With a percolator simmering away in one corner of his private office, he sits at his desk and sips a steaming cup of hot coffee as he mulls through the morning mail and dictates replies to one of his secretaries. Occasionally he picks up the phone to discuss a matter with a government official, or makes arrangements for a conference downtown in one of the departments or federal commissions.

Not infrequently he receives a visit from some of his war-time bud-

Winston-Bred Calf Tops Midland Show

Bred by Winston Brothers of Snyder, the 842-pound milkfed champion calf of the Sixth Annual Midland Livestock Show last Wednesday sold for 90 cents a pound.

The calf was shown at the Midland exposition by James Fryar, Howard County 4-H Club boy.

J. E. (Boh) Hill, Midland rancher, purchased young Fryar's blue ribbon winner.

In the Midland exposition, the First National Bank of Midland sold \$1 per pound for Perry Walker's 799-pound drylot champion calf Scurry County attendants report. Walker is also a Howard County 4-H Club boy.

People of Scurry and Borden Counties who attended the show report the 18 head of club calves auctioned averaged 53.2 cents a pound and 97 lambs averaged 44.2 cents.

See The Times for rubber stamps.

des now stationed in the War Department's big pentagon building. One of them is Brigadier General Aron Bradshaw Jr., now with the general staff, who was Lyle's commanding officer in the Mediterranean theater.

"The first time I met General Bradshaw," recalled Lyle after a recent chat over a cup of coffee, "was when I had just set up a field battalion headquarters in an old barn in Sicily."

"Someone came in the door and I looked up and saw that star. We got our senses together and stood at attention while he proceeded to bowl us out and say he wanted to see the place looking 100 per cent better the next time he came in."

"We thought he was so-in-so of the first degree, but we did get the place in shape and then realized he knew what he was talking about. It wasn't long until he got to know him as a real fighting general who had our highest respect."

Born in Wise County, September 4, 1910, Lyle attended Wichita Falls public schools, Wichita Falls Junior College, the University of Texas and Houston law school. He was admitted to the bar in 1934. His father, John E. Lyle Sr., lives on a small farm on the outskirts of Tyler. His wife is the former Gertrude Swanner of Wynnboro.

Mrs. Fannie Boyd, County Pioneer, Passes Thursday

Mrs. Fannie C. Boyd, 70-year-old pioneer Scurry County resident of East Snyder, passed away last Thursday following a serious illness of two weeks. Mrs. Boyd has been in failing health for several months. Born January 11, 1877, in Texas, Mrs. Boyd had been making her home in Scurry County since 1903.

Funeral services for Mrs. Boyd were held Friday afternoon, 4:00 o'clock, at Odom Funeral Chapel, Rev. Earl Creswell, assisted by Rev. Thomas Manning of Perryton, officiated.

Palbearers were J. E. LeMond, Hugh Taylor, Dwight Monroe, H. L. Wren, Joe Brown and Claude McCormick.

Mrs. Warren Boyd, Marshall Boyd, Ab Boyd and Murry Boyd were in charge of floral offerings.

Mrs. Boyd is survived by two daughters, Mrs. Jolly Irion of Snyder and Mrs. Virgie Brackeen of San Antonio; an only son, Walter Boyd of Snyder; two sisters, Mrs. Walter Agnew of Cisco and Mrs. Sallie Erwin of Rising Star, and four grandchildren.

Odom Funeral Home was in charge of arrangements, and interment was made in Snyder Cemetery.

Thought For the Day!

A man may have a greasy hat and the seat of his pants may be shiny but if his children have their noses flattened against the window pane half an hour before he is due home for supper, you can trust him with anything you have.

Advertise Texas Bill Gets Committee Okay

A project that Scurry and Borden County people have been pushing for 10 years moved a step nearer realization this week with news that expenditure of not more than \$1,000,000 a year by the state government to advertise Texas has been authorized in a proposed amendment to the state constitution.

In an Austin dispatch statement is made that this proposal received a favorable vote by the Senate committee.

Approval was by voice vote and only two noes were heard.

Originally the proposal was to permit the appropriation for only five years.

The five-year limit was taken off before the committee voted.

Another Name For Trash.
Husband—"You say the bill collector is downstairs?"
Wife—"Yes."
Husband—"Well, tell him to take that pile on my desk."

The trouble with the voice of conscience is that it tells you what you shouldn't have done more often than what you should not do.

Before you settle down read this—
Fire Losses in the U. S. At an All-Time High!
... and one of the most tragic aspects of this situation is that many property owners do not realize until the fire is over that they were woefully under-insured.
Consider your own home. If it were destroyed by fire would your present insurance cover its loss—or would you have to dig into your own pocket for a good many thousands of dollars?
REMEMBER building costs are considerably higher today than before the war. If you have not yet brought your insurance up to date, call your reliable agent.

Friendly Thoughts
by Odom

Smiles differ. There is the friendly smile as natural in its gentleness as the sun peeping gaily through the clouds. There is the smile of courage of heroic splendor—a sunset loopy to bid the world goodbye. And there is the smile of love, that rainbow of promise that illumines all life.

Those things which shall make for correct observance, for dignity, for amelioration, for fairness of fee—those things shall all ways do.

Mahon Declares Cotton Insurance Claims to Be Paid Despite Deficits

When the Secretary of Agriculture announced last week that the cotton crop insurance program was out of money, I got in touch with the Director of the Crop Insurance Corporation and other officials with the hope of being helpful to West Texas cotton growers who had participated in the program.

Gus Geissler, manager of the corporation, explained that on account of heavy losses, funds to redeem the certificates of those who participated in last year's program had been exhausted. Of those entitled to collect on their 1946 cotton insurance, 45 per cent remain unpaid. To make these additional payments, it is estimated that a total of \$18,000,000 will be required. Geissler says that a congressional appropriation of this amount will be necessary before outstanding certificates can be honored. The corporation will continue to accept certificates, but checks will not be issued until further funds are available.

Growers have entered into contracts with the government and they have a right to expect payment. The future of the program is uncertain, but it is unthinkable to me that congress would refuse to appropriate the money to liquidate this outstanding indebtedness, and that is the position I am taking in my efforts here.

The Republican party is not great-

ly concerned about the southern cotton producer, and in view of the Republican leadership in the house and senate, there will be difficulty in getting prompt action. However, most people with whom I have conferred agree that the necessary money will eventually be forthcoming. Action should be taken and the uncertainty removed as soon as possible.

The theory of crop insurance is good, but I have never felt that a workable program has been devised. I think nearly all cotton growers share that feeling. Indeed, no more than 11 percent of the nation's cotton farmers have thought well enough of the cotton insurance program offered them on any given year to participate in it.

The hope has been that with experience, a workable formula would eventually be hit upon. But in view of recent developments, the whole future of cotton crop insurance is more uncertain than ever.

Here is a brief history of the program. By act of congress, the cotton insurance program was placed in operation in 1942 and 1943. It was then eliminated but new legislation started the program in operation again in 1945, and that legislation is still in force.

It was difficult to get sufficient support in Congress to pass a cot-

J. D. Halpain, 40, Dies Thursday of Sudden Illness

Joe D. Halpain, 40-year-old employee of the State Highway Department out of Abilene was a bridge gang, succumbed last Thursday after a brief illness.

Born May 31, 1906, in Bell County, Mr. Halpain had been employed by the highway department under Foreman D. Fielder for sometime. Funeral services for Mr. Halpain were held Friday afternoon, 2:30 o'clock, at Odom Funeral Home.

The Snyder Church of Christ minister, Austin Varner, officiated. Active pallbearers were: Carl Keller, Loyd Fikes, Etheredge Thompson, Ira Nolan, Clyde Black and Fred Popejoy.

Surviving Halpain are the mother, Mrs. Norma Halpain; four children, Joe Lee, Jack, Billie Jane and Donald Wayne Halpain; three brothers, Bill Halpain, Robert, and Jesse, all of Cameron; and three sisters; Mmes. May Vindall, Ethel Coats and Ellen Templin, all of Coleman. Arrangements were directed by Odom Funeral Home, and interment was made in Snyder Cemetery.

Wedge worth Visits In City on Week-End

En route to the Lions Club cabinet meeting held Saturday night and Sunday at the Settles Hotel, Big Spring, E. O. Wedgeworth of Pampa, deputy district Lions Club governor for the Panhandle District and James A. McCune, president of the Pampa Lions Club, spent Friday night and Saturday morning here.

Wedgeworth, manager of Pampa Chamber of Commerce, is a former Scurry County Chamber of Commerce superintendent of Fluvanna School in Northwest Scurry County.

"Wheat prospects around Pampa were never better," Wedgeworth stated. "We have been blessed with considerable moisture in the form of snow and rain."

"Our stockmen are in good condition, too, and business is holding up at a remarkably good level," stated Wedgeworth.

There's always a bright side: When folks unable to drive to vacation spots, we won't have to look at so many vacation photos this summer.

March Oil Allowable Proration Postponed

Issuance of the April oil allowable for the Sharon Ridge, Ira and other fields of the state was delayed over the week-end as the Texas Railroad Commission considered requests that the March proration order remain effective for another month.

The April order was delayed when two members of the commission were unable to attend the oil hearing in Austin because of illness.

SENATOR ALBERT W. HAWKES, OF NEW JERSEY, WAS ONCE "THE SPEEDIEST NEWS-BOY" IN CHICAGO.

LAUGHING STOCK By Frank Adams

"Wonder if I could borrow your lawn mower? After you've finished with it, of course!"

Reason for Interest
A bored cat and an interested cat were watching a game of tennis. "You seem very interested," said the bored cat. "It's not that," said the interested cat, "but my old man's in the racket."

At Last
Tombstone Dealer (after several futile suggestions): How would just a simple "Gone Home" do for an inscription?
The Widow: I guess that will be all right. It was always the last place he ever thought of going.

Remote Connection
A discharged G.I. and his wife and a love apt and were driving along a country road without speaking until a mule brayed. "One of your relatives?" He asked. "Yes, by marriage," the wife snapped.

How About Basket Ball?
Teacher--How many seasons are there?
Davey--Two, baseball and football.

They Can Take It
"Pardon me, but you're holding your umbrellas so your legs are getting all wet."
"That's all right. My legs are 40 years old and my hat is brand new."

Nothing to Say
A woman who recently moved to a remote hamlet in Nevada wrote to a friend in New York: "My sister and I aren't exactly lonely out here, but we need another woman to talk about."

Plenty of Help
Militant Female Teacher: "Why was Solomon the wisest man in the world?"
"Because he had so many wives to advise him," answered the boy at the foot of the class.
"That is not the answer in the book, but you may go to the head of the class."

Time for a Smack
Boy: One more kiss, darling.
Girl: We won't have time. Father will be home in an hour.

Encore
A concert was being held in a village schoolroom, and it was Sandy's turn to give his bagpipe solo. When he had finished and the applause had died down, a voice from the back shouted, "Give us 'Annie Laurie,' Sandy!"
"What!" asked Sandy, surprised and flattered, and fattered, "again?"

Realistic Grammar
Wife--What tense is "I am being lifted?"
Husband--Past.

Smooth Two-Piecer for Juniors
Button Front Is Easy to Wear

Button-Back Two-Piecer
YOU'LL want to include this pretty button-back two-piece frock in summer sewing plans. It's young and gay with brightly hued ric rac for trimming.

Pattern No. 8120 comes in sizes 11, 12, 13, 14, 16 and 18. Size 12, 3 1/2 yards of 36 or 38-inch, 2 1/2 yards ric rac.

Pattern No. 8135 designed for sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36, short sleeve, 4 1/4 yards of 35 or 38-inch.

SEWING CIRCLE PATTERN DEPT., 539 South Wells St., Chicago 7, Ill. Enclose 25 cents in coins for each pattern desired. Name _____ Size _____ Address _____

AROUND THE HOUSE

Keep an old tooth brush in your sewing box. The next time you have to rip out seams with a razor blade, use the tooth brush to brush off little threads along seams.

Good knives are a housewife's helpers, so you'll want to take good care of yours. Keep them away from the stove, because heat destroys the temper of steel. If this happens the blade cannot be kept sharp.

Slip a convenient-sized oiled silk bag into your purse just before you go out to buy fish. Have the fish dealer slip the fish into this before wrapping it. On the way home no fish odors will escape the package, and there'll be less chance of liquid leaking on your clothes.

Coat the inside of lids on mustard or horseradish jars with a thin layer of paraffin and they'll not turn green.

If your neckline is long and thin, wear high necklines, sometimes softened with ruffles.

Brushing once a day will double the life of a felt hat.

If you will place citrus fruits to be used in salad in hot water for a few minutes before peeling, the under skin will come off easily.

HOT FLASHES?

Women in your 40's? Does this "irritational" "middle-aged" period point to women causes you to suffer hot flashes, nervous, highstrung, weak, tired feelings? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this purpose!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LAST LOWER

BY Helen Topping Miller

Jill McFarlane, whose father, Richard, disappeared in World War I, falls in love with Lieut. Spang Gordon. She is upset to find that her brother, Ric, has fallen in love with Sandra Calvert, a divorcee. During her absence,

CHAPTER XV

Julia said, "Jill—think. Ric is going out—to fight, for us. If he loved this woman enough to marry her, the least we can do for Ric is to make her welcome."

Jill's face was stony. "I love Ric. He's my brother. But when he sends a female tramp here to live with his mother it's too much!"

John I. had come bumping up behind them. "Confounded young puppy!" he snorted. "He's got about as much use for a wife as I have."

"It's this war. It's that feeling of desperate haste they all have, that they must crowd a lifetime of living into a few weeks or a few days," Julia said. "She can't be the dreadful creature that Jill thinks she is. She wouldn't have appealed to Ric."

"I saw her. I tell you! I had lunch with her."

"Why doesn't he send her to her own people?" John I. wondered. "Probably she hasn't any. Probably they threw her out, long ago. If you're going to take me to town, Dooley, we'd better go. The telephone office closes at nine."

"Go up and put on something else then. You certainly can't go to town in a negligee and nothing much under it. Tell Mammie to help with the zippers. I'm still shaking all over."

Julia dropped on the long seat in the hall. Every inch of her body was cramped and cold. Her throat ached intolerably.

She said, "Should I have told Richard about Ric, John I.? After all, Richard is his father. He might have had an opportunity to talk to Ric. He might have saved him from this folly."

"They're both soldiers. Soldiers go where they're sent. Richard may be in Africa by this time."

"John I., I can't bring myself to turn Ric's wife away from his home! Where would I have been in that other war if you had cast me off?"

"It was you took me in, Dooley. I was a homeless old man, living in a hotel."

"You took care of us for years, till we could make this place pay. Perhaps this is the way I must pay back—to pass that help along. I wish I could change Jill's attitude. She's so determined when she's angry and upset."

John I. lit his pipe, puffed it slowly. "You and I aren't so young any more, Dooley. You're young, compared to me, but you've lived long enough to know that things pass. Maybe she won't like it here," he chuckled. "Could be she wouldn't like it here at all. You just relax some ways, and get tough other ways. Keep a strangle-hold on your money. Ric's done a lot of bragging about his family, like as not, and she thinks you're a wealthy woman. Well, don't be wealthy when she's around."

"How can I be wealthy, when we both know that if they put low ceiling prices on hogs this year, we won't make a penny? I've been so relieved that Ric and Jill were through with college, this year, and that if we made any money at all we might get a little bit away against the hard year that's ahead of us."

"If she does come—if Jill doesn't head her off, put on your seediest clothes and get her up at six o'clock in the morning. Tell Mammie to churn all the cream, and we'll live on country victuals—turnips will be ready soon. I looked at them today. I can be plenty tiresome, too, if I put my mind on it. Any old man gets to be windy. I'll talk her to death."

"Yes, that's that! The next move then," Jill set her chin, "is to convince this Sandra person that Buzard's Hill isn't the place she wants to live. Grandfather and I will attend to that—and you let us alone, Dooley McFarlane, you hear?"

"But surely we can meet this situation with some grace? After all," Julia protested, "we're still McFarlanes."

"What is it worth to be a McFarlane?" Jill cried. "Ric's a McFarlane! She'll be a McFarlane, too. Dooley, if you go soft on us now, I swear I'll tell her that you're a mental case! I'll tell her that we're too tenderhearted to put you in a sanitarium!"

Julia began to laugh hysterically, tears running down her face. Her chest convulsed, her teeth chattered, she shuddered and pressed her hands to her face letting tears pour out between her fingers.

Jill looked frightened. "Dooley—Dooley, don't! Stop it this minute! I didn't mean a word of it, Dooley. I'm going to put you to bed right now. You've had enough for one woman to bear in a day. Grandfather and I will take care of everything. Dooley, if you don't stop crying, I'm going to begin screaming, myself, in a minute."

Making Plans For Sandra

"I'm—stopping," gulped Julia, swallowing the ragged sobs that tore at her. "I—don't know why I went to pieces like this. I never do. I haven't cried in years!"

"I could kill Ric for doing this to you! He lied to me, when I went down there. I was furious at him. But—to do a thing like this, not to have any pride for his family—Please, Dooley, don't begin again. Come upstairs with me. I'll get you some hot milk and a sedative tablet."

She followed Jill meekly. She lay on her bed, where the dying light of September dusk came through the branches of the great trees. She drank whatever Jill brought her. She was grateful for the cool cloth laid over her eyes. She was aware of John I. in the room, felt his worried eyes upon her, wanted to comfort him and was too numb. She did not talk, because her spinning brain was so full of cries that must

not escape her lips. Because her ears were hearing Richard's voice again, calling to the old ache within her, touching that old tenderness that had never healed.

"Dooley, trust me!" (Oh, Richard, Richard, why did you come now, so tragically too late? When he needed you, when he was little, when I was so alone, where were you then, Richard? He had no father to teach him honor, no one to teach him to be strong. Now it's too late, Richard, forever too late!)

It was with trepidation that Julia met the train next afternoon. That the small town grape-vine had been busy was evidenced by the numbers of people who had also decided to meet the train. She greeted a dozen old friends, who restrained their curiosity behind a front of sweetly casual courtesy.

HOUSEHOLD MEMOS... by Lynn Chambers

Make Your Easter Dinner Springlike!

(See recipe below.)

Easter Favorite

According to the calendar, Easter comes after spring officially begins, but we have always rather looked to this special holiday as a start of the spring season. Is it any wonder then, that we try to make the dinner menu for this day especially springlike?

Traditionally we like to serve ham or lamb for Easter, but this is really up to you and your family as far as taste and budget is concerned. Whatever you plan to serve, garnish it properly and make the platter look as pretty as a picture.

A roast loin of pork does very well with a border of alternate broiled potatoes and spiced crabapples. If you are serving ham, use the same garnish. But with lamb you might do well to substitute minted and spiced pears or pineapple for the garnish. In either case, the fruit serves as a delightful relish.

Roast Leg of Lamb. (Serves 6) 5 pounds loin of pork 1 1/2 tablespoons salt Pepper

Have loin of pork prepared at the market. Rub salt and pepper into the meat. Place in rack in an open pan and roast in a 350-degree or moderate oven allowing 30 minutes to the pound.

Wipe meat with a damp cloth, place on a rack in an open pan. Rub meat with a clove of garlic and salt mixed with a few grains of ginger, pepper and paprika. Add to meat in pan.

1/4 cup butter 1 sliced onion 1 bay leaf Juice of 1/2 lemon

Add about 1 cup of water to the seasonings and roast in a moderate (350-degree) oven for 25 minutes to the pound. Baste frequently with sauce and dripplings in pan. One-half hour before serving meat, pour excess fat from pan and baste thoroughly with the following sauce.

Sauce for Lamb. 2 tablespoons butter Juice of lemon 1 cup catsup Worcestershire to taste 2 tablespoons vinegar

Melt butter in skillet and pour remaining ingredients, blend and pour over meat.

*Easter Bunny Salad. (Serves 4) 1 envelope plain, unflavored gelatin 1/4 cup cold water 1 1/2 cups hot pear juice 1/2 cup grapefruit juice 1 tablespoon lemon juice 1/4 teaspoon salt Green coloring 1/2 cup cottage cheese 1/2 cup diced celery

4 pear halves 8 whole blanched toasted almonds Chopped almonds 2 packages cream cheese or 1/2 pound cottage cheese 1 small jar pimiento cheese

Soften gelatin in cold water. Dissolve in hot pear juice. Add grapefruit juice.

LYNN SAYS: Ways to Make Hot Breads Delectable

Hot breads, whether they are biscuits or muffins, require a light hand in the mixing. Don't worry if the ingredients are not as smoothly blended as a cake batter. They shouldn't be for best results.

A toothpick test, made by inserting the toothpick, is fine for testing doneness. No dough should adhere to the toothpick when it is withdrawn.

Leftover biscuits and rolls may be heated in a casserole with a tightly fitting cover or in a paper bag. Sprinkle rolls with water and heat in oven for a few minutes before serving.

Ever try splitting leftover biscuits, toasting them and spreading with jam, jelly or honey? Try them if you want something truly delicious.

Hot muffins for any meal need never be a problem. Mix the dry ingredients ahead of time, store in refrigerator, and then just add milk and eggs before baking.

ASK ME ANOTHER? A General Quiz

The Questions

1. What is the shortest air mail route in the United States?

2. What is the difference between mendacity and mendacity?

3. What does the letter C before a date mean?

4. What are the smallest postage stamps in the world?

5. How long have the Carlsbad caverns been in existence?

6. What is a sea drum?

7. How old must one be to be eligible for the presidency of the U. S.?

8. How many Rhodes scholarships were awarded to outstanding U. S. students last year?

9. What is a lemur?

10. What country ranks next to India in the export of tea to the world?

The Answers

1. Route No. 2001, between Camden and Philadelphia, a distance of only 6 miles.

2. Mendacity means lying, deceiving; mendacity means the practice of begging.

3. Circa (about).

4. Those issued in 1863 by Bolivia, now part of Colombia. They are one-fifth of a square inch.

5. An estimated 60 million years.

6. A fish which makes a drumming noise.

7. Thirty-five years or older.

8. Forty-eight, the highest in history; 32 was the previous high.

9. The lemur is a monkey about the size of a house cat. It has a long, sharp nose like a fox and howls like a dog.

10. Ceylon.

That's Different

The telephone rang in the office of the theatrical agent.

"Hello," said the agent.

"Hullo," said a voice. "I want a job. I can sing and dance, and I can juggle."

"Oh, yeah," snapped the agent, "so can a thousand other people!"

"Just a minute," answered the voice, "don't hang up. I can play the piano, walk the tight rope and recite 'The Charge of the Light Brigade' backwards."

"Huh, so can most of the others. You're just wasting my time. Goodbye!"

"Hold on, please, wait," pleaded the voice. "There's one other thing. I'm a dog."

SNAP! CRACKLE! AND POP! SAY...

REALLY CRISPY! NO OTHER! POPS IN MILK!

Rubber scrapers are indispensable for getting the last bits of dough out of the bowl.

Baking powder biscuits, if there is a delay in getting them into the oven, may be placed in the refrigerator.

Muffins, buttered and toasted under the broiler, are a delicious way to use leftovers.

If you like soft biscuits, place them close together on the baking pan. If you like them well crusted, separate them one inch apart. Serve pan-baked rolls and honey with all salad luncheons for a treat.

Saving Cotton Markets

One cannot find a farmer today who is not vitally interested in the fight being put up by the congressional cotton bloc, backed by the department of agriculture, to override the State Department's efforts to junk the export subsidy on cotton. The farm bloc does not want to sacrifice the subsidy principle. The matter has been hushed, so far, but it may break out into the open any day.

Keeping a Lid on Rent

It is encouraging to Snyder and Scurry County people to learn that a straight percentage rent increase hasn't much chance in the present congress. Rents in localities may go up to an extent since OPA expired, but the Senate Banking Committee in Washington really "saved the necks" of rent-paying Americans when it refused to approve a hike of a flat 10 per cent.

Building Costs Near Peak

Snyder and Scurry County people who have been delaying new construction activities will be interested in announcement from an official source in Washington that building costs are approaching a peak; if in fact these costs have not already passed the mountain top.

Rising construction costs, coupled with materials shortages, have seriously hindered construction work in this area for several months. Too, higher rents for newly-built homes in this circle of counties is proving a stimulus to the building trade. If we can get old man high cost down and the type of lumber that will last we should witness a major construction program here well before 1947 draws to a close.

This Russian Bear

Citizens in all walks of life who look at the international situation with a sane mind will agree with President Truman that we must get tough with the Russian Bear now—or face grave consequences five and 10 years from now.

Certainly, if we do not want Europe to go entirely Communist, we will rush aid to stricken Turkey and Greece and use whatever means are necessary to back up our material aid with men and arms.

Soviet actions since V-J Day have convinced every right-thinking American that we will have to corral this Russian Bear now and not when Russia has grown so strong we cannot handle her. If we have a show down now we will really find out how much Russia knows about the atomic bomb; and those keeping an hour-by-hour watch on this international crisis know that Russia will have to back down considerably—if we press the Soviets now.

Editorial of the Week

WHAT IS WRONG WITH JAYTON?

Every time a group of local business men gets together the same old questions arise, what is wrong with Jayton? What has happened to our business?

The answers to these questions have yet to be decided, but two answers could be applied. First: there is no cooperation between the various business establishments. Second: there is a definite lack of initiative to attempt to offer any encouragement to the people of surrounding territory to do their trading in Jayton.

The time has come for the business men of Jayton to get together, even if it takes a case of beer on one side of the hall and a prayer meeting on the other, and formulate plans of business development that will offer the people of this trade territory opportunities and service that cannot be obtained elsewhere. This must be done at once, a few months later may be too late!

For a town the size of Jayton to compete with the larger cities, its citizens must trade at home, and be active in support of city and business development and offer to the people in the rural sections better merchandise and service that can be found in the larger cities.

It would seem that each business man or citizen is afraid to offer or attempt to promote any idea that might help the town in any way for the simple reason he is doubtful of the support he will receive in carrying out such a plan. If anyone does happen to make a suggestion the same things always arise, well, Mr. So and So won't approve, or the school won't approve, or the church won't approve, or the women's clubs won't approve or the business men on the other corner won't approve. But did you ever stop to think that you and your families make up these various organizations, which in turn make up the city of Jayton, and that these organizations will soon cease to exist because of lack of organization and opportunities will make it necessary for the people who make up Jayton to move to other towns that are organized an odd offer opportunity for development?—The Jayton Chronicle.

By LEON GUINN

Across a world already weak from the direct loss of goods and men in war the worst winter in 70 years is taking a telling toll, and those who live, in provinces and villages of the world, to tell of spring and summer days ahead will doubtless realize as never before that the United Nations, so far, have not been willing or ready to write the peace. . . . From the Moscow conference, coming up, is expected to result some beneficial treaties and additional "preliminary" maneuvers, but the real peace we fought for still looks rather distant to those polishing the Kremlin for the United Nations conclave.

Observers cannot kick too much, however, about Argentina purchases since we have no particular ban on transactions with this South American nation except deals involving weapons in a literal sense of the word. . . . The State Department, therefore, has no grounds of raising objections. . . . Quite a few in Washington are sharply mindful of the fact Great Britain is buying very little in the United States at the present.

There is a healthy sign in the breeze over Chairman Eccles and other federal reserve officials working openly to take over much of the lending authority vested in the Reconstruction Finance Corporation. . . . Ideas gaining most favor propose the Federal Reserve System be given the direct authority to guarantee loans to business made by member banks. . . . Today, for example, a member of the Senate Banking Committee has introduced such a bill, and in vent the measure becomes a law most of the RFC's lending operations will be wiped out. . . . Incidentally, one hears very little of those 99-year lease clauses in many RFC transactions made during the war years.

There is no guarantee that it will click, but the Department of Commerce is in the middle of preparing a motion picture to be used in training sales people who work in small stores. . . . The basic idea behind the deal is very interesting but it remains to be seen is this type of visual education gets across with the rank and file of sales people. . . . A rather significant trend that may spread over the country is in a policy of International Business Machines whereby the firm is not employing married women whose husbands are working.

Despite the criticisms leveled against aid to Greece, it's a safe bet majority of Republicans will go along with the proposed measure of President Truman and Secretary of State Marshall for help to the stricken country. . . . Naturally, one can look for debate on the proposed Greek loan to be the most heated this Congress has held. . . . There is, however, need for a decision before the end of the month and this may get some congressmen out of their long handles. . . . Whether the United States shall move into world areas that the weakened British Empire is being forced to abandon will be the question of burning and lasting import; and from decision reached one may glean a preview of what our future U. S. foreign policy will be.

Pattern is now being molded for blocking further Russian expansion and before this congress pulls the curtain down on its actions this determination may well melt away the cry for congressional economy. . . . There remains little doubt but that certain economics will be affected by our lawmakers in Washington, but anyone with any observation at all can detect the immediate need for blocking Russia. . . . The Soviets have softened to some extent in recent weeks, but will have to soften considerably more before we feel at ease in the real issues of our foreign policy.

It is rather remarkable, as GIs are learning, that the demands for increased allowances to veterans are causing Republican planners to lose sleep. . . . The House Veterans Committee has approved a bill to raise the ceilings on living allowances for on-the-job trainees. . . . It so happens that enough pressure can be exerted to get the vets the increase they desire and the eventual cost of this project, once the ball has started rolling, is difficult to estimate.

It seems that an outright merger of the armed forces no longer has a chance of passage. . . . A token battle will be waged, yet its strongest opponents realize this is now a "lost cause." . . . Summary of sentiment from impeccable sources indicate support for universal military training is growing. . . . Since no half-cracked measure would have a ghost chance of success, nothing definite can be done until the relative strength of the Army, Navy and Air Forces is fixed. . . . This will require time, because the War Department is beginning to release quite a few enlistees. . . . Too, the officer strength of the armed forces must be built up to par before a justifiable measure on universal military training can be submitted to congress. . . . The word along the line is, though, that we will have universal military training.

Friday Officially Was First Day of Spring

Snyder and Scurry Countians were considerably "mellow" Friday when Spring arrived officially to break the chill of bitter March weather and send geese flying northward in bigger flocks than observed in many years. Harbinger of Spring arriving officially was noted after midnight when fog began rolling in across the country and brought with it a heavy dew.

Big Crowd to Be at Fifth Sunday Singing

A record crowd is expected to attend the Scurry County Fifth Sunday Singing Convention when it convenes March 30 at the North Side Baptist Church in Snyder, according to Claude E. Patrick, convention chairman. Singing will get underway at 2:30 p. m., convention officers state. Plenty of new class and convention song books will be on hand, and singers and others are invited to

Long Line Isn't It?

First it's the mother-in-law; then it's the father-in-law; next it's the sister-in-law; and then it's the brother-in-law. Finally it's the attorney-in-law.

Some men are said to have a checked career. Then there are others whose careers seem to be checked.

attend the quarterly singing. Several specialty numbers will be given by quartets and others who attend, Patrick states.
