## Girl Scouts Give Program Citing 36th Anniversary

Commemorating the thirty-sixth anniversary of Girl Scouting, a program was presented in the Snyder High School auditorium Thursday evening of last week by the Scurry County troops of girls. The program had been planned by Miss Gerald Gordon, Lucie Enfield, C. R. Cuckrell and Dewey Everett.

Following a color guard and flag procession, participated in by the audience, conducted by the Intermediate Girl Scouts of Troop No. 6, Curilla Sue Boss of Brownie Troop No. 7, and Freida Whitehurst of Intermediate Troop No. 5, a program tableau was given by Patricia Pope, reader.

Homemaking demonstrations were presented by Mrs. Noel Bunker Intermediate Troop No. 6, and Hermleigh Intermediate Troop No. 9 under direction of Mrs. R. L. Battenhamer and Mrs. Jay Vaughn.

Music and dancing were presented by Troop No. 6. Mature study was offered by Brownie Troop No. 3 of Mrs. Leonard Spence and Mrs. Levert Lewis.

Community life was the demonstration of Troop No. 3, and agriculture was the topic for Mrs. J. C. Williamson's Brownie Troop No. 7, "International Friendship" was presented by Jo Ann Morgan, reader.

Arts and crafts were presented by Intermediate Troop No. 8 of Mrs. Jack Darty and Mrs. I. B. Berryhill. Sports and games also were presented by Troop No. 8. To conclude the program outdoor activities were demonstrated by Troop No. 5 of Miss Ethel Mae Sturdivant and Mrs. Lucie Enfield.

At the conclusion of the program donations of \$2151 to the Juliette Lewis Fund for the International Girl Scout camp were reported.

**STREAMLINED**—The simplicity of this streamlined cotton formal by Emma Donah dramatizes the radiant freshness and natural charm of the ideal American girl. The National Cotton Council says the gown is fashioned from Hens Skillman's striped cotton chambray with the bottom fullness of the skirt achieved by yards of crisp marquisette.

## Gardening Studied At Art Guild Meeting

The Art Guild met, March 16 in the home of Mrs. Deon Joyce with Lucie Enfield as hostess. The president, Madge Popcoe, presided for the evening business session.

Geraldine Jacobs was director for the program on "Gardening" when a guest, Mary Louise Piehl, county home demonstration agent, presented an interesting and timely program on "Home Gardening."

Demonstrations of seed treatment were given for non-legume seeds and of seed inoculation for legume vegetable seeds.

The hostess served a salad refreshment plate to the following: Mary Louise Piehl, guest; Gwen Reed, new member; and Hattie Gatlin, Nell Greene, Johnnie Herod, Omega Herod, Grace King, Henrietta Lee, Irene McFarland, Verne Lee Roe, Madge Popcoe, Dell Smith, Kay Sharp, Golda Thorpe, Geraldine Jacobs, Mable Brock, Maud Holcomb and the hostess.

**Likewise, Some of the Same.** Conductor—New station is Long Wait Junction. Change cars for Mauch Chunk, Squakake, Quakake and Pedunk. Hobokandaga, Catasqua, Moacanaba and Tamaqua. Green Brakeman (at other end of car)—Same at this end.

## Art Guild Sees Flower Demonstration

The Art Guild met in the home of Mrs. Madge Popcoe Tuesday evening at 7:30 o'clock.

Program for the evening was on "Flower Arrangements," directed by Nell Greene. This was followed by an interesting demonstration on flower arrangements by Lucie Enfield.

A delicious plate was served to the following members: Lucie Enfield, Johnnie Herod, Hattie Gatlin, Grace King, Nell Greene, Irene McFarland, Dell Smith, Kay Sharp, Geraldine Jacobs, Golda Thorpe, Maud Holcomb, Gwen Reed, Mable Brock, and Lucie Enfield, a former member of the club; and the following other guests: Katherine Northcut, Polly Harpole, Thelma Leslie, Evelyn Duff and the hostess.

## Costume Party for Fluvanna Youth Held

Johnny Sam McDonald and Jeanne Jordan were crowned as the cutest clad kids of the evening when a costume party was staged last Thursday evening at the Fluvanna School's community center. Sponsored by the Mothers Club of the Fluvanna community, the affair was attended by a large crowd of young people.

Games and April Fool's contests were played throughout the evening. Songs by the group added spice to the evening.

Sponsors present for the gala event were Mrs. H. Smith, M. Jones, B. Starnell, C. Tombs, A. Reeder, I. Hattaway and Dee Pylant.

Billie Jo Browning and Don McDonald were named winners in the most unique clad kid contest.

## Baptist Girls Enjoy Wiener Roast Friday

About 60 youngsters and a number of their parents enjoyed a wiener roast Friday afternoon at Scurry County Memorial Park given for the Girls' Auxiliary of the First Baptist Church.

Following a series of games, wieners and marshmallows were roasted over small fires.

Mrs. Ben Dennis is sponsor of the group of girls.

## Faxon Williams Feted at Shower

About 90 guests were present at a shower for Mr. and Mrs. Faxon Williams held recently in the home of Mrs. G. B. Williams of Hermleigh. Assisting hostesses were Mrs. J. E. Wall, Walter Wall, I. B. Robinson and G. L. Wall.

After several games were played by attendants, the newlywed couple was presented a shower of gifts.

## THESE WOMEN!

By d'Alessio

"Did you ask if they were shoes?"

## Bedrooms Studied By Union Women

Union Home Demonstration Club met Tuesday afternoon with Mrs. H. J. Schulze, when roll call was answered by members giving: "My Favorite Color Scheme for Bedrooms."

Miss Piehl's demonstration was about bedspreads and rugs. Pretty bedspreads and rugs were shown that had been made by women in the county. Miss Piehl also showed a hat that the 4-H Club girls are making.

Mrs. Jack Wright assumed the presidency of the Union club following the resignation of Mrs. Leon Andrews. Mrs. Jim Neal was elected vice president to succeed Mrs. Wright. Mrs. Ernest Pinner was elected club reporter.

At the conclusion of the program refreshments were served to the following: Miss Piehl, Mrs. J. B. Adams, Jack Wright, Bill Smith, J. T. Blye, W. R. Pate, Jim Neal, Ernest Pinner, H. B. Caldwell, Howard Hogue, members; and Mrs. Charlie Eastman, guest.

## Another Poem from Pen of Greenfield Released to Times

Here is another one of those home-grown poems by Bessie C. Greenfield of Snyder, who has contributed some of his verse to The Times from time to time.

**A POET A FOOL**  
A poet a fool is what they say  
Whenever I pass them by,  
The walks of life are all alike,  
Reverends how you try.

A poet a fool—then some say  
When mountains reach the sky,  
And God descends upon this earth,  
They'll bow their heads and cry.

A poet a fool, but one whose love  
Is like the mountains grand;  
Who sings and writes the praises of  
His home, his loves, his land.

He loves the things of nature—  
A summer breeze that's cool,  
For he has lived and he will die  
A God-seek post—a fool.

Mr. and Mrs. Welton Bentley and little daughter of Fort Worth visited with his parents, Mr. and Mrs. Homer Bentley, over the week-end.

## Good Neighbors Meet in Moffett Home

Good Neighbors Club met last Thursday evening with Mrs. Jewell Moffett. Roll call was answered by a favorite Bible verse by members.

Mrs. Maudie Riley gave two readings, "The Character" and "I Wish My Mommy Didn't Smoke." A song, "Blest Be the Tie That Binds," was sung at the conclusion of the program.

The hostess served sandwiches, a cougaled salad, olives, cake and punch to the following: Patsy Lloyd and Hope Thompson, guests; Mrs. Mable Brooks, Will Crowder, A. E. Duff Sr., Verna Knight, Jewell Moffett, L. B. Peterson, M. T. Popejoy, Maudie Riley, J. L. Roddy, Ed Stahl, Ed Thompson, Bea Trevey, C. C. Walker and Ora Whitehurst, members.

## Alathean Class in Social Thursday

Alathean Sunday School Class of the First Baptist Church met in the home of Mrs. Jewell Moffett last Thursday with Mrs. Earl Patrick and W. T. Murdree assisting.

Mrs. J. S. Bradbury gave the devotional, and Mrs. A. C. Alexander led a series of games.

Refreshments were served to two visitors, Misses Will Crowder and Kippindall; and these members: Mrs. A. C. Alexander, M. W. Aubrey, J. S. Bradbury, C. T. Glen, John Pierce, Will Williams, W. T. Murdree, John Spears, M. A. Davis, Earl Patrick and Alathean Pierce.

## Mrs. T. P. Coston, County Resident 57 Years, Passes

Final rites for Mrs. T. P. Coston, 84-year-old widow of a pioneer Scurry County farmer, were held at the Hermleigh Methodist Church last Thursday afternoon at 2:30 o'clock. Rev. S. A. Sifford, pastor of the Dunn Methodist Church, assisted by Rev. W. E. Lynn and Rev. William O. McCleod, officiated.

Mrs. Coston had died at 6:00 o'clock Wednesday evening at her home at Hermleigh after a lingering illness.

Born July 22, 1863, in Alabama, Mrs. Coston had been a resident of Scurry County for 57 years. Her husband preceded her in death 19 years ago.

Interment was in Byron Cemetery, under direction of Odem Funeral Home of Snyder.

Burialbearers were D. Z. Hess, W. A. Vernon, George Avery, Willie Kinney, Herbert Brock and Fleet Anderson. In charge of flowers were Mrs. M. A. Smith, Mrs. Nora Hess, Cecil Adams and George Avery.

Surviving Mrs. Coston are three sons, B. H. Coston of Slaton, J. E. Coston of Alvarado and R. M. Coston of Hermleigh; two daughters, Mrs. M. U. Vernon of Hermleigh and Mrs. R. O. Watts of Hermleigh; a brother, O. E. Carlson of McMinnville, Tennessee; one sister, Mrs. Luvena Layton of Fayetteville, Tennessee; 11 grandchildren and 15 great-grandchildren.

**Ideal Place for Laundry.**  
The ideal laundry center is a garage on the main floor of the house that is convenient to the clothesline and with plenty of hot and cold running water.

**Rate Are Big Consumers.**  
Rate alone destroyed or damaged 200,000,000 bushels of grain last year. If this much grain were all wheat, it would be enough to give one pound of bread every day for a year to 30,000,000 people.

## Mount Zion Women Set Forty-Two Parties

Mount Zion Home Demonstration Club met Friday at the home of Mrs. Howard Franklin. It was voted to have only one meeting a month and have a forty-two party for the families every third Friday night each month. The group voted to pay 50 cents for each member for expenses of the council.

Miss Mary Louise Piehl, county home demonstration agent, gave a demonstration on bed linens, quilts and bedspreads.

Present for the Friday meeting were Mrs. Harvey Shepherd, J. B. and Glynis Tate, Bill Jordan, G. E. Chas. G. B. Greene, Sam Houston, members; and two guests, Mrs. Rudolph and daughter, sister of the hostess, Mrs. Franklin; and Miss Piehl.

Showcard colors at The Times.

## Hermleigh Girls Study Accessories

A demonstration on accessories and a club project hat, was given by Miss Mary Louise Piehl, county home demonstration agent, when Hermleigh 4-H Club girls met in a regular meeting Tuesday afternoon at the Hermleigh school.

Miss Piehl also gave some pointers on gardening to the girls, distributing a pamphlet on "How to Make and Use a Plant Box." Tomato seeds were given to the two garden demonstrators of the club by Miss Piehl.

Several girls gave reports on the Sweetwater dress review recently attended by five Hermleigh girls.

Next meeting of the Hermleigh club will be May 4, if it was announced at the conclusion of the Tuesday session.

## FEELING FINE NOW, SHE CREDITS RETONGA

"Every Bite I Ate Seemed to Turn Against Me," states Mr. Leo McClung, Who Found Retonga To Be Everything Claimed for It. Tells of His Case.

"When I find something good, I like for my friends to know about it, and that's the way I feel about Retonga," says Mr. Leo McClung, prominent Hill County farmer who lives at 101 Smith Street, Hillboro, Texas. He gratefully states:

"Every bite of food I ate seemed to turn against me and from terrific gas pressure in my stomach and at times it would seem to swell up as tight as a drum. At night I suffered tortures from sharp, cutting pains in the pit of my stomach and it seemed to be worse and at times I thought the pressure would cut off my breath. I was on edge most of the time and I couldn't seem to get a good night's sleep. In the morning I had to drag myself out of bed. I certainly found Retonga to be everything claimed for it and I'm thankful for the prompt relief it gave me. I can eat anything I want to now and not have to worry about that gas forming on my stomach. Once more I know what a good night's sleep can mean to a fellow, and I don't feel on edge like I did. I'm more than glad to recommend Retonga to anyone suffering like I did."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Snyder Drugs and all other good drug stores.—(adv.)

County P-TA Council to Participate In Pre-School Vaccination Program

Scurry County Parent-Teacher Association Council, in its last session held at Snyder High School, voted to support the state health program that proposes to conduct a pre-school summer round-up health program of vaccination for school children.

At the P-TA Council gathering Mrs. Wraymond Sims of Snyder, president of the council, announced the following committees to serve during 1948.

Program—Mrs. J. T. Bryant of Hermleigh, Mrs. Perry Echols of Ira and Mrs. Ralph Neal of Snyder.

Publicity—Mrs. Pat Falls of Ira, Mrs. Harry Hedwahn of Snyder and Mrs. Thelma Hacker of Hermleigh.

Legislative—Forrest W. Beavers of Snyder, Mrs. Theo Soules of Hermleigh and Mrs. Rea Falls of Ira.

Hospitality—Mrs. J. D. Scott of Snyder, Mrs. C. C. Miller of Snyder, Mrs. A. M. Roberts of Snyder, Mrs. Frank Nachlinger of Hermleigh, Mrs. Wilson Lynn of Hermleigh, Mrs. Glenn Holladay of Ira, Mrs. West of Ira and Mrs. Brown of Ira.

Recreation—Mrs. Theo Soules of Hermleigh.

Hermleigh, Mrs. F. W. Cloud of Snyder, Mrs. Earl Horton of Ira and Miss Jane Gilmore of Ira.

Health—Mrs. Raymond Williams of Snyder, M. E. Blanford of Snyder, Lee Stinson of Snyder, J. T. Bryant of Hermleigh, Pat Falls of Ira, Cyrus Landrum of Phynanna, J. M. Glass of Dunn, Mrs. Zada Chapman of Crockett, Mrs. Ada McPherson of Turner, Mrs. Fay Holt of Bethel, Mrs. Nealy Schaefer of Phynanna, Mrs. Eunice Schaefer of Ehrlich Creek and Mrs. Ray Cockrell of Snyder.

Hermleigh, Snyder Volleyball Girls Tie

Girls of Snyder High School battled the Hermleigh High School girls in a 4 to 4 tie in volleyball last Thursday in the Snyder gymnasium.

Noticeable players for Hermleigh were Hazel Reeves and Oma Nell Roemlich, Reeves for her spiking and Roemlich for good serving.

Outstanding for Snyder was Faye Mahoney. Mahoney made 12 points when the score was 14 to 2 favoring Hermleigh.

Couch Wiman stated the girls played well under pressure, since this was their first game of the season.

"Talk about VALUE," says America "CHEVROLET and ONLY Chevrolet IS FIRST!" Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value... because it alone offers BIG-CAR QUALITY AT LOWEST COST! Scurry County Motor Co. SNYDER, TEXAS

Snyder Track Team Win Third Place In District Meet Against 10 Schools

Snyder High School's track team took a well deserved third place in the District 5-A track meet held last Saturday at Merkel.

Roseoe and Stamford finished in the first and second places, respectively, and there were eight other teams that finished after the Tiers, Stamford and Snyder during the meet, and it was a close 223-yard dash that gave the Bulldogs possession of second place.

Spencer Billington of Stamford and John A. Smith of Snyder finished in a dead heat in that early contested race, but after discussion the judges awarded the victory to the Stamford athlete, who had trailed Smith nearly all the way.

Glenn Holmes, freshman miller for the Tiers, set a new district record in the mile run with a time of four minutes 42 seconds. Consequently, this is as fast as the mile has been run this year in the high school division of the state of Texas.

On the same day in the Class AA division the winning mile was clocked at four minutes 46.4 seconds, which was some six seconds slower than the durable Holmes covered that same distance under the same conditions.

Another factor that hindered the Tiger cause was the loss of Tiny Moore, weight man, because of ineligibility. Moore was taking only two subjects the last semester when three are required to qualify.

The relay teams of S. H. S. were also outstanding in the meet. These teams won first in the 440-yard relay and fourth in the mile relay. Team points were as follows:

120-Yard High Hurdles—Zeteman of Roscoe, Time 13.8 seconds. Don Bynum of Snyder placed fourth in this event.

County Group to Study Problems Of Public School

Eleven Scurry County school leaders and others were notified this week of their appointment to membership on the Scurry County Advisory Committee to Study Education.

At the time of notification, each member was mailed a copy of the committee handbook, "Let's Look at Our Local Schools in Texas" as a guide to the county-wide study of the public school system.

Names of the persons appointed to membership on the local committee were submitted to the Gilmer-Alken committee by local service clubs, civic organizations and local school officials.

Named on the committee were: Forrest W. Beavers of Snyder, county school superintendent; Superintendent M. E. Stanfield of Snyder Schools; Elmer Taylor, principal of the Snyder Grammar School; J. T. Bryant, superintendent of Hermleigh Schools; W. T. Falls, superintendent of Ira Schools; Carl Herod, wholesale oil dealer of Snyder; Perry Echols, farmer of Ira; D. Z. Hess, farmer of Hermleigh; Hugh Taylor, farmer of Snyder; John Slavey, groceryman of Phynanna; and G. N. Brunley, farmer of Snyder.

These committees are being established in every county in Texas primarily for the purpose of making a careful study of the local schools to ascertain facts concerning the local schools for the benefit of the local citizens.

Through the cooperative study, these facts, together with recommendations, can be transmitted to the state-wide committee for consideration in making recommendations for improving the public school system of Texas.

Seven vice presidents have been president by reason of presidential deaths. They are Tyler, Filburn, Johnson, Arthur, Theodore Roosevelt, Coolidge and Truman.

Presbyterian Church. Rev. Wm. A. Casseday, Minister. A HOME-LIKE CHURCH WITH A FRIENDLY WELCOME.

"Where's Sam, George?" asked the business man. "In de hospital, sah." "In the hospital! What happened?" "Well, Sam, he been a-tellin' me every morning for 10 days how he gwine beat up his wife 'cause of her naggin' all de time."

"What's that got to do with it?" "Well, yes'day she done heard him."

Cisco to Host Next Session of Mid-West Firemen Next Fall

Cisco was chosen for the twentieth semi-annual convention of the Mid-West Texas Firemen's Association and officers were elected at the nineteenth session of the body at Baird last Thursday.

Olin Culbertson, former state railroad commissioner, was principal speaker.

J. C. Hall Jr. of Lorraine was made president; C. W. Wharton of Albany, first vice president; and Huro Zeteman of Roscoe, second vice president; while J. Parker Sharp of Merkel was re-elected secretary-treasurer.

Hall was elected delegate to the Texas Firemen's Association convention meeting in June, and Zeteman alternate.

In the pumper race, Merkel was first with 34 2-5 seconds; Albany second with 39 4-5 seconds; and Roscoe, third with 42 1-5 seconds. Colorado City and Cisco also entered. Snyder did not send contest teams this year.

- For Justice of Peace, Precinct 1: W. C. DAVIDSON

### New Program of Cotton Classing Being Arranged

Plan for renewing arrangement with the government cotton classing office at Abilene for free classification of cotton under terms of the Smith-Doxey act are underway by the Scurry County Cotton Committee, the group indicated this week. Of last year's cotton crop 2,403 bales of Mebane strain cotton were classed by the Abilene office.

Members of the county committee are W. J. Ely, Jones Chapman and Hoyt Murphy. Benefits of the classification are recognition of better grades of lint that will command more stabilized prices, and establishment of the county as a producer of the better strains of cotton, the committee and County Agent Oscar Fowler pointed out this week.

In giving a report on last year's cotton class, the following information was received this week by Fowler:

In the white grade cotton—Thirty bales (1.2 per cent) graded good middling; 697 bales (29.1 per cent) graded strict middling; 271 bales (11.3 per cent) graded middling; 34 bales (1.4 per cent) graded strict low middling; 37 bales (1.5 per cent) graded low middling; and one bale graded strict good ordinary.

In the spotted grade—Five hundred fifty-seven (23.2 per cent) graded good middling; 475 bales (19.8 per cent) graded strict middling; 145 bales (6.0 per cent) graded middling; 112 bales (4.7 per cent) graded strict low middling; and 15 bales (0.6 per cent) graded low middling.

In the tinged class—Two bale (.1 per cent) graded strict middling; 23 bales (.9 per cent) graded middling; and three bales (.1 per cent) graded strict low middling.

In the gray class one bale was classed as middling. By staple lengths one bale was classed as three-quarters of an inch staple; 352 bales (13.5 per cent) rated thirteen-sixteenths; 1,004 bales (41.8 per cent) classed seven-eighths; 590 bales (24.6 per cent) classed twenty-nine thirty-seconds; 403 bales (16.8 per cent) classed fifteen-sixteenths; 47 bales (2.0 per cent) classed thirty-one thirty-seconds; 25 bales (1.0 per cent) classed one-inch; and eight bales (.3 per cent) class one and one-thirty-second.

The classification sheets showed that 47,400 acres were planted to the adopted variety. Total acreage of 43,400 acres was listed, with 703 members.

PUBLISHERS—J. H. Allison, vice president of the Times Publishing Company at Wichita Falls, looks over the Progress Edition of the Midland Reporter Telegram, published by his son, James N. Allison (left). The edition was published in connection with the formal opening of The Reporter Telegram's new home, one of the most modern newspaper plants in West Texas.

### Classes for Four-County Show for Boys Increased

Revised plans for the Four-County Livestock Show, held annually at Sweetwater, effective with the 1949 edition, were presented last Thursday night at a meeting of ranchers, farmers, 4-H and FFA boys, VA teachers, county agents and business men of Scurry, Mitchell, Fisher and Nolan Counties, held at Sweetwater.

Under the new rules, there will be no milk-fed classes, and dry lot classes of calves will be increased from two to three.

Places will be increased from six to 10, and prizes will be increased from \$12 for first place of \$100, other prizes being adjusted to the same scale.

In the future, the grand champion will receive \$250 prize money, the reserve champion \$150. In the past they have received no prize money. Animals will be marketed to the best possible advantage at actual market value rather than at premium prices as heretofore.

First, second and third prizes for groups of three calves will also be added to the show under the new plans.

Reasons for the changes were presented to the gathering by M. B. Templeton, Nolan County farm agent. Demp Kearney outlined the changes.

A. C. Bishop, manager of the Sweetwater Board of City Development, was master of ceremonies at the Thursday meeting.

City Folks Interested in Soil. The city people should be just as concerned about the soil erosion problem as the food growing farmers. Whether you eat to live or live to eat, everybody eats.

### Leon Witherspoon Killed in Mexico Boiler Explosion

Garland Leon Witherspoon, 27-year-old former Snyder resident, of Lovington, New Mexico, was killed in the railroad shops of the Santa Fe System at Lovington, New Mexico, Saturday night when a boiler exploded. Further details of the accident could not be learned by The Times. He was a night watchman for the railroad company.

Born in Ellis County February 16, 1921, Leon had lived for several years at Snyder. He went from here into Army service, and served three years overseas in Belgium and Germany. He was awarded the Purple Heart for wounds sustained in the European operations.

Funeral services were held Monday afternoon at the graveside in Snyder Cemetery under auspices of the Snyder post of the Veterans of Foreign Wars, who conducted military rites. Odum Funeral Home was in charge of burial arrangements.

Survivors are his wife, Mrs. Virginia Witherspoon; two children, Patricia, seven years old, and Eugene, five; his parents, Mr. and Mrs. J. C. Witherspoon of Eunice, New Mexico; three brothers, J. C. Witherspoon Jr. of Odessa, Jack Witherspoon of Green Tree, New Mexico, and H. D. Witherspoon of Lovington, New Mexico; and one sister, Helen Witherspoon of Albuquerque, New Mexico.

### Decorations Given to Ex-Service Men at Army Day Rituals

Decorations were presented to 14 ex-service men in connection with Army Day ceremonies at the National Guard armory Tuesday evening by Major William J. Schiebel, commanding officer of Troop A, 124th Reconnaissance Squadron, Scurry County's National Guard company.

Awards were presented to the men who had qualified recently for them, which had been sent to the Snyder U. S. Army recruiting station.

American Defense ribbons were awarded Bishop P. Moffett Jr., Lee B. McCrawey, Chesley W. Horsley, Dr. D. K. Ratliff, Captain H. D. Moreland and Schiebel. Victory buttons went to Bishop P. Moffett Jr., Walter M. Beauchamp, Dayton W. McCarter, J. W. Kim, Chesley W. Horsley, Newton T. Morton, Willard H. Ainsworth, Homer G. Stokes, Lee B. McCrawey, Jack L. Terry, Barry D. Bynum, Dr. D. K. Ratliff, H. D. Moreland and Schiebel.

Pre-war quality rubber bands now available at The Times office.

### Good Meeting Closed By Hanks at Happy

Rev. W. H. Hanks, pastor of the Snyder First Methodist Church, returned Monday from Happy, where he Sunday night closed a week's revival in the Happy Methodist Church.

Twelve additions to the church on profession of faith were reported by Rev. J. W. Watson, Happy pastor, as result of the week's series of services.

### Von Roeder Orchard Not Hurt by Freeze

Fruit at the Von Roeder orchards 25 miles southwest of Snyder, was not damaged by the late freeze that came a week ago, according to Nolan von Roeder, operator.

Von Roeder orchards have supplied thousands of bushels of peaches and plums to people of this section of West Texas, and patrons were expressing concern about the status of the fruit after the freeze.

Nolan declares that the first few days of April are the critical time generally for the fruit. Latest killing freeze ever experienced at the orchard was April 13, von Roeder tells The Times.

If you are 35, you can offset the debt on your home for approximately \$1 a month for each \$1,000 of the unpaid balance on your mortgage. The monthly arrangement is equally as attractive for any age.

### WHERE THERE'S A HOME--there's security

More than anything else, your home means security to your family, especially to your wife. Even though you went in debt to get that home—as most folks do—it's the port of safety for your children, the haven of rest for you—a strong hold on the future for your wife.

The mortgage you placed on that home is the instrument that makes it possible for you to raise your family in pleasant surroundings...have a flower bed or two, and a garden. It's a kingdom of your own. Southwestern Life Insurance can make it possible for your family to continue to live there—may mean the difference between a debt-free home and insecurity for your family...may prevent a forced sale, and loss of equity.

A widow without income can't meet the payments on a mortgage. While you live, you plan to meet the payments on your home out of your earnings. Now, while you are earning, why not guarantee your wife that she will not have to meet those payments if death should interrupt your plans? Whatever you owe on your home—\$2,000...\$6,000, or more—there's a Southwestern Life Insurance plan to guarantee payment of the mortgage, and it can be patterned to fit your income. Without obligation, ask for a full description of a plan to fit your needs today.

### Babson Declares House Investments In Small Cities Best in Nation Today

New York City, April 5.—There are many factors connected with new building today which should hold up costs for some time. Most of the increase is due to two main causes:

**Why High Building Costs?**  
(1) The increased powers of labor unions causing higher wages, shorter hours and poorer work. This is partly due to the higher cost of living, restrictions as to apprentices and the increased demand for houses. This labor cost applies from cutting of the timber in the forest through every step of the transportation, milling, finishing, superintending, marketing, etc. up to the real estate man who sells the house. Moreover, this costly situation is encouraged by federal and state labor laws, municipal codes, social security deductions and a dozen more additions.

(2) Another factor is the taxes which must be paid by those who cut the tree, mill the timber, sell the lumber and other building material—as well as the taxes which the contractor must pay. These all snowball up one upon another with this result: The house which 10 years ago cost \$6,000 now costs \$12,000; but 50 per cent of this increase is due to the increased taxes which our present administration at Washington collects.

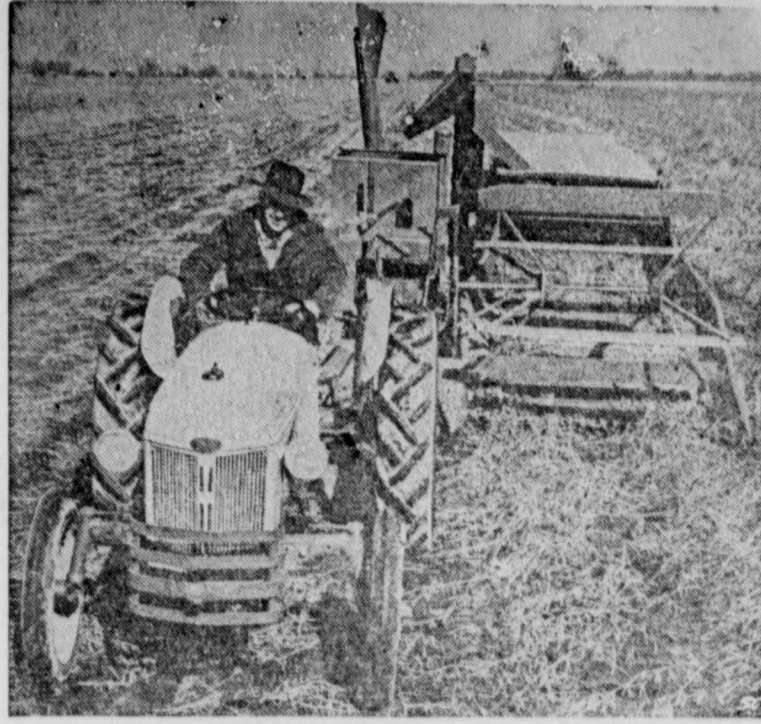

**Houses Recently Built.**  
In view of the above, I seriously doubt if the cost of building new houses will decline much for some years. It is true that the quality of building materials should improve and that labor may give more value for a dollar of wages because non-union labor competition will become more plentiful. Ultimately, there will be a decline in building costs to a point about halfway between the cost of 10 years ago and the cost today. Even such a decline, however, is some time away. So much for new construction.

Now as to the price during the next few years of houses already built. There is no building boom ahead. Residential building in 1948 may be less than in 1947; while 1949 may be less than 1948 owing to war preparation restrictions. When universal military training and the draft take effect, contractors may begin to unload. They may be glad to get out even and some will be forced to take losses. It's all a question of supply and demand influenced by war preparations. Thus far more people have been moving into most cities—especially returning veterans—than there were available houses. Now some of these people will wish to leave and to sell their houses. At first, this may be easy; but after the supply of such houses exceeds the present demand—prices could crumble fast. So much for houses built during the past three years.

**What About Old Houses?**  
The most attractive thing in real estate—outside of properly located subsistence farms—are old well built houses in the best sections of small cities. These can still be bought for half what they would today cost now—and in many cases are better than they could be built today at any price. As people become more war conscious and as the draft takes young men, they will gradually sell their homes in the large cities and move into safe communities.

Hence, while big city property is going down in price, these small city properties may be going up in price. If you own such a house, continue to hold it. If you live in a good section, buy a house next to you as an investment. Many of these old houses will double in price while the new houses built for veterans during the past few years may sell at perhaps one-half what is now being asked for them. Unless you want one of these now, then wait for distressed sales.

A great question is whether a war boom honeymoon is again ahead of us? If so, houses, ranches and most city property could hold up a while longer. There will be no war this year; but the very preparation for

**NEW COMBINE—**Equipment-hungry farmers, now faced with reconstruction goals for this country and Europe, get a major boost with the announcement of a new combine manufactured by Wood Brothers, Inc. of Des Moines, Iowa. The new combine has a full six-foot cut, is powered by a 20-horsepower engine

### Cotton Crop for Year 1947 Placed At 31,312 Bales

Preliminary figures show the 1947 cotton production in Scurry County as 31,312 running bales as compared with 16,917 bales ginned in 1946. Ray L. Miller, Dallas regional director of the Department of Commerce Field Service, has announced this week in a release to The Times. The figures were compiled by the Census Bureau of the Department of Commerce, and final statistics will be released later, Miller stated.

The 1947 cotton production in Texas was 3,369,882 running bales as compared with 1,635,174 bales ginned in 1946. Lubbock County produced 160,935 bales to lead the state, which was more than three times the county's 1946 production. Census figures revealed that Lamb County was in second place in 1947 with 115,162 bales. In third place was Cameron County with 111,188 bales compared with 67,734 bales in 1946.

Other counties of the state which produced more than 50,000 bales in 1947 with the 1946 production figures are as follows:

County	1947	1946
Bailey	52,851	2,650
Cullin	57,213	42,407
Crosby	69,863	19,753
Dawson	95,540	25,597
Ellis	73,494	48,361
El Paso	87,897	85,917
Hale	60,314	21,689
Hockley	106,063	20,253
Lynn	106,027	18,340
McLennan	54,618	31,047
Nueces	64,295	43,339
Willacy	60,182	66,825
Williamson	69,600	34,805

war should stimulate certain buying and retard other buying. One thing that looks good are certain large houses, now on the market at very low prices, which can be made over into apartments. There will always be a demand for well located apartments. Even these you should live in or near and attend to. There now is no easy way to make money in real estate.

### Snyder Gym Will Be Scene of Class Banquet Friday

At 8:00 o'clock on the night of April 9, 1948, the annual junior-senior banquet will be held in the Snyder High School gymnasium. The banquet, given by the juniors, will have a Hawaiian theme with palm trees and leis. The Art Guild of Snyder will prepare and serve the food.

J. T. Bryant of Bryant-Link Company of Stamford will be the main speaker. Both juniors and seniors will participate on the program.

Those on the program committee are Lou Miller, chairman, Lynn L. Logan, James Littlepage, Jeanne Head, and Charlotte Faver. Serving the banquet are the following sophomore girls: Dewey Payne Everett, Pearly Nolan, Patsy Lloyd, Janita Riley, Cherry Boyd, Jo Ann Martin and Paula Creeknor. Hat checkers are Erlene Grimmitt and Hope Thompson.

The following are decorating the gym for the gala occasion: Marianne Randall, chairman, Clarice McGlavin, Jane Ann Woodson, Patsy Von Roeder, Billy Sims, and Darrell Black. The junior class raised the money necessary for the annual banquet by presenting the junior play, "Enter the Hero," which was directed by Jack Taylor, junior sponsor, and by selling refreshments at the football and basketball games where Mrs. Dan Gibson and Mrs. J. P. Nelson, junior sponsors, were in charge.

**Good Crowds Attend Rec Center Opening**  
Near capacity crowd of youngsters and young people of the community participated in opening exercises of the recreation center Friday evening at the First Presbyterian Church, according to church leaders who sponsored the pleasure spot.

Skating and other activities were enjoyed by the group of young folks and some parents. Rev. William A. Casseday, pastor of the church, announced this week that the affair will be a regular Friday night feature. Demand for two nights were heard, and church leaders said this week that a second night might be added if crowds justify. Special parties may utilize the basement by making arrangements with those in charge, Rev. Casseday declares.

**First Baptist Revival Set for August 8-22**  
Annual summer revival at Snyder First Baptist Church was set this week by the church for August 8 through August 22, according to Rev. E. K. Shepherd, pastor. Rev. A. A. Bryan of Brownfield will do the preaching.

Other special dates also set by the church for the summer were the youth revival for April 30 to May 2, and the vacation Bible school from May 31 to June 11.

**Senate Passes Bill to Give Aid to Schools**  
Snyder area teachers and others interested in the progress of the schools were elated at the prospect of receiving new funds for schools with the passage by the Senate at Washington last week-end of legislation to authorize \$300,000,000 of federal aid to the nation's grade and high schools each year.

The bill is aimed at more nearly equalizing the amounts spent for education throughout the country. It would authorize grants in the poorer states up to about \$3 a year for each child of school age. No state would receive less than \$5 a year for each child from five to 17.

The bill does not actually carry any funds. They must be voted in subsequent appropriations bills. Inkograph pens at The Times.

### Snyder General Hospital

Patients at Snyder General Hospital since last week's report in The Times have included: Accident Patients—Mr. and Mrs. Charles Earl of Seminole; and Mrs. Ruthie Davis of Snyder.

Medical Patients—J. W. May of Hermleigh; Jay Don Rogers, son of Mr. and Mrs. Jay Rogers of Snyder; Mrs. H. B. Winston of Snyder; Mrs. D. E. Holdren of Ira; Nancy Cross, daughter of Mr. and Mrs. I. S. Cross of Route 2, Snyder; Mrs. D. R. Connell of Roswell, New Mexico. Surgery Patient—Mrs. Fred Bowers of Dunn.

Remaining Patients—Mrs. H. L. Deer o Snyder; and Mrs. Blanche Tate of Snyder.

### Baptists of Two County to Meet at Union Tuesday

Rev. R. Y. Bradford, pastor of the First Baptist Church at Colorado City, will bring the principal message at the monthly workers' conference of the Mitchell-Scurry Baptist Association next Tuesday evening when the group convenes at the Union Baptist Church, five miles west of Snyder, denominational leaders said Wednesday.

Opening at 6:45 Tuesday evening with board meetings of the conference and the Woman's Missionary Union, attendants from the two counties will be served supper by Rev. Cone Merritt and his church at 7:30.

After supper the program will be resumed as follows: 8:30 p. m.—Song service. 8:45 p. m.—Announcements. 8:50 p. m.—Devotional, Rev. W. B. Teel of Silver, Mitchell County. 9:05 p. m.—Special music. 9:15 p. m.—Evangelistic message, Rev. Bradford.

It was not until after April 22, 1948, that any individual was permitted to claim or own land in what is now the state of Oklahoma.

Don Cotton, who is attending Texas Technological College at Lubbock, spent the week-end with his parents, Mr. and Mrs. Houston Cotton.

### Forrestal Asks U. S. To Adopt Men Draft

Scurry County folks were concerned with announcement Friday from Washington that Secretary of Defense Forrestal formally asked Congress to adopt universal military training and to draft men from 19 to 25 years of age for military service.

Forrestal's message with the draft of a proposed bill to add manpower to the military was handed the Senate armed services committee just before General Eisenhower, former chief of staff, testified.

Eisenhower told the senators the United States "can not live as an island of democracy in a surrounding sea of dictatorship."

He said it is absolutely necessary for America to strengthen her armed forces for self defense.

Earlier, Major General M. J. Devine testified that universal military training is the most democratic system of training men.

### Hermleigh News

Mrs. Olan Culp, Correspondent

Mr. and Mrs. Hoyt Murphy have been visiting at Corpus Christi.

Miss Frances Ashley spent last week-end with her parents, Mr. and Mrs. J. Z. Ashley. Frances has been a telephone operator at Midland for some time. She received a transfer to San Antonio.

Visiting with Mrs. J. P. Billingsley Sunday were Mrs. Welch of Lubbock, Mr. and Mrs. Ray Lunford and son of Union, Mrs. Pat Neff of Colorado City, Mr. and Mrs. Nat Billingsley of this place.

Mrs. Fred Bowers underwent an operation at Snyder General Hospital last Friday.

Mr. and Mrs. N. A. Billingsley visited last Friday with their children, Max and Mrs. N. A. Billingsley Jr. at Lubbock.

Mrs. H. F. Billingsley was in plainview part of last week attending the conference of the Woman's Society of Christian Service of the Methodist Church in the Northwest Texas District.

Mr. and Mrs. Mason Richburg, formerly of this place but now of Sweetwater, are announcing the arrival of a daughter, Sylvia Anita, who arrived March 21 and topped the scales at seven and one-half pounds. Paternal grandparents are Mr. and Mrs. N. J. Richburg of Dunn.

H. P. Billingsley was a business visitor at Lubbock Friday of last week.

This community extends sympathy to the M. U. Vernon family of Hermleigh in the death of Mrs. Vernon's mother, Mrs. Coston, who had made her home with her daughter and family for several years.

J. T. Robertson of Sweetwater has purchased the cafe from Bro. O. D. Dial. Mr. and Mrs. Dial are moving to LeFors, where he will be minister at the Church of Christ. Mr. and Mrs. Robertson formerly operated a cafe at Clayton, New Mexico. They will reside here.

Next Sunday is regular singing day at the First Baptist Church. Everyone is invited.

Mr. and Mrs. Ray Brown of Big Sulphur spent Sunday afternoon with Mr. and Mrs. Travis Burleson.

Mr. and Mrs. Alie McCarley of Andrews, Mr. and Mrs. A. W. McCarley and boys, Mr. and Mrs. L. L. Burleson and Eudora Morris of Sweetwater were visitors Sunday in the J. L. Burleson home.

Mr. and Mrs. Melvin Vernon had all of their children and grandchildren home for the Easter holidays. Present were Mr. and Mrs. Travis Green and boys of Stanton, Mr. and Mrs. Orlis Jenkins and girls of Wink, Mr. and Mrs. Walter Ammons of Abilene, Mr. and Mrs. Ulmer Vernon and boys of Hermleigh, and Mrs. Johnny Swain and son of Abilene.

Our sympathy goes out to the loved ones and friends of Grandmother Coston, who passed away last Wednesday.

Members of the Central Baptist Church have voted to erect a parsonage. It will be located near the church. Frank Andrews, H. C. Campbell and H. R. McHaney were appointed as a committee to locate the site and get the building underway soon. The structure will cost approximately \$4,000. Two thousand dollars of that amount has already been pledged. Rev. W. D. Green is pastor.

Visitors in the O. S. Casey and A. Parker home Sunday were John Griffin and family, Harris Casey and family of Ennis Creek and Mr. and Mrs. W. A. Cross.

**PARTY HARMONY**—Texas Democratic leaders are shown with Governor Beauford Jester as they made plans for party unity at a conference in Austin. Front row, left to right: Mrs. L. A. Thompson of Coliad, vice president of the Texas Association of County Chairmen; Jester; and Arthur Stevenson of Dallas, president of the county chairmen. Back row, left to right: Robert W. Calvert of Hillsboro, chairman of the Texas Democratic executive committee; and Jimmy Brinkley of Houston, state president of the Young Democrats.

### County Teachers Promised Full Pay Though Money May Be Late in Plan

Fears that some Scurry County school teachers might not receive their full salaries this year because of apparent deficits in the school aid funds of Texas were subsiding this week with announcement from Austin last week-end that most rural aid school teachers apparently will be paid their salaries in full this school year. Some may not receive their final checks until September.

Teachers of Snyder and Hermleigh will be affected by the deficit, it was announced five weeks ago by county school officials when the deficit was predicted by state Department of Education officials.

The announcement from Austin came as a result of actions taken last week-end of the joint legislative committee on rural aid, State School Superintendent L. A. Woods, and the president of the Texas Bankers Association.

The way was cleared for teachers in the money-short rural aid school districts to get their pay by the following steps:

1.—The joint legislative committee asked Dr. Woods to release 50 per cent of state aid grants for the following steps:

2.—The project will be his No. 1 Fred Bowers, and it is located 330 feet from the south and east lines of Section 27, Block 3, H. & G. N. Railway Company Survey. That puts it three and one-half miles east of Dunn.

The well was drilled more than a year ago by Clyde Crabbs to 3,000 feet, and had no shows down to that point. Since then it has been inactive. Lawlis has made a deal to take it over and drill it deeper.

1948-49 school year to equalize rural aid school districts in September.

This would be some two to three months earlier than the usual date of disbursement. Dr. Woods agreed to follow the committee's recommendation.

W. A. Kirkland of Houston, president of the bankers association, said this action should encourage bankers to make loans to school districts to meet current obligations.

### Joe Stinson Will Lead in County's Cancer Efforts

Joe Stinson of Snyder has been named Scurry County chairman of the American Cancer Society fund campaign.

This was announced by the Houston office by Former Governor W. P. Hobby, state chairman for the campaign, which will be held throughout the state and nation during the month of April.

As county chairman, Stinson will serve the Texas Division of the Society as its head in the county, as well as director of the fund drive.

The April campaign is part of Cancer Control Month, designated by an act of Congress and proclaimed by President Harry Truman and Governor Beauford Jester as official time for the society's drive.

A three-fold program is supported by funds gathered during April. This is for education about the disease, service to the cancer patient, and research which may some day lead to elimination of this disease as America's No. 2 killer.

Frank C. Smith of Houston is president of the Texas Division of the American Cancer Society, which functions through 15 districts paralleling those of the State Medical Association.

### County Tabs Only One Permit Last Week as Area Up

Drilling for oil in West Texas returned last week more to the high average for the year in the staking of locations for 64 tests, although only one new location was marked up for Scurry County—three less than for the previous week.

Of the West Texas permits four of them were for wildcats in 17 counties. This is six less wildcats but 13 more proven area starters than during the preceding week.

Totals for the first 12 weeks in 1948 became 91 locations for wildcats and 686 in fields, a grand total of 777. This is a weekly average of 64.75, down from 64.82 through the preceding week.

Coke County gained two of the wildcats and Crockett and Culberson Counties, one each.

Pecos and Hockley Counties led in field starters with nine each. Crockett and Winkler listed seven each, and Anderson and Ector Counties six each. Mitchell and Upton three each, Cochran and Reeves Counties two each, and Coke, Gaines, Glasscock, Hale, McCulloch and Scurry one each.

Scurry County's permit was for Lynch Oil Company No. 1 Mildred M. Patton and others, 330 feet from the north and east lines of Section 194, Block 3, H. & G. N. Railway Company Survey. Destined for an 1,800-foot test, the well will be drilled with cable tools. It is in the Sharon Ridge field.

**More REA Lines  
Promised in New  
Program of Loan**

Farm families in the Snyder area and other portions of the country who have waited for months or years for the REA line to reach their homes can now take fresh hope, according to a report received from Congressman George Mahon. Last week the House of Representatives at Washington by a vote of 199 to 154 passed an amendment providing for \$175,000,000 in REA loan funds to become immediately available upon approval by the Senate and the president, which is expected within three weeks.

The House also has approved an additional \$400,000,000 in loans for the REA to become available on July 1.

Mahon advises that this represents the most ambitious REA program ever undertaken in the history of the nation. Prospects are that abundant funds for the REA will be available for a period of at least one year. However, there will still be delays brought about by the inability of the REA office in Washington to process applications with sufficient speed and for the reason that abundant construction materials are not yet on the market. Fortunately, in recent weeks the material situation has definitely improved.

Mahon is a member of the appropriations committee, and joined with other friends of the REA in Congress in the successful effort to provide additional funds. Such funds are provided in the form of loans to REA co-ops which are repaid with interest to the government.

Mid-West Electric Cooperative at Roby and Lone Wolf Electric Co-ops are at Colorado City are serving Scurry County consumers and others in the Snyder region.

**Moore Places Second  
In Angelo Track Tilt**

E. J. (Tiny) Moore, Snyder High School senior, placed second in the shot-put contest with a pitch of 39 feet 11 inches to mark up the lone three points for the Tigers at San Angelo in an invitation meet last Saturday.

The Tigers entered in all events besides the pole vault, high hurdles, 440-yard dash, and the low hurdles. Glen Holmes, Tiger miler, placed fifth in the mile run, but only four places were given to qualify.

They were approximately 20 teams competing in the meet, including several Class AA schools as well as the Class A schools.

Tivy of Kerrville won the meet after closely defeating San Angelo, Junction, and Uvalde.

**CENTENARIAN**—Mrs. Mandy A. Mangrum of Whitewright is shown above with her daughter, Mrs. Ida May Graves (right) of Long Beach, California, who came to Whitewright March 28 for the early celebration of Mrs. Mangrum's 100th birthday, which was March 31. Mrs. Mangrum, who is known affectionately as "Grandmother Mangrum," keeps her own house and is still active.

**Poisoning Weed  
Pests Opportune  
Now, Says Agent**

Early spring is the season for kill, in gout loco, hoarhound, bull thistle and poisonous bitterweed with 2-4-D, says County Agent Oscar Fowler, through information supplied by Robert R. Lancaster, extension pasture specialist of Texas A. & M. College.

Uniform success on these has been reported by county agents over the state the past two years. The most complete kill is made by spraying when the plants are young tender and growing. Solution 2-4-D under any brand is the same, but its solution may be weak or strong, and the weak solutions need less water than the stronger concentrates. Fowler says directions for mixing and using the various brands are different, and may be found on their containers.

Formula 2-4-D will kill most any other weeds coming up this season of the year, Fowler explains. It makes a fine weed killer, but he warns to keep it away from gardens, flowers and ornamental shrubs because it will damage these plants severely, perhaps kill them out entirely.

Another important thing to remember about the use of 2-4-D is that it is a fairly strong spray that "hangs on." Even if a sprayer is washed out after being used, it is possible to kill plants with 2-4-D while spraying insecticides some time later on. So the safest thing to do is have two sprayers—one for 2-4-D and one for insecticides. This way there will be no danger of injuring the plants when switching from 2-4-D to insecticides, Fowler explains.

Have something to say? say it, and stop when you've done.—Tryon Edwards.

**Cottonseed Treatment Pays Off Well  
In Increased Yields, Better Quality**

If Scurry County cotton growers are wondering about the advantages of cottonseed treatment, E. A. Miller, extension agronomist of Texas A. & M. College, has the answers, declares County Agent Oscar Fowler, who submits the following notes to The Times for passing on the Snyder area cotton growers:

Cottonseed treatment is an inexpensive form of crop insurance that costs only a few cents a bushel of seed. It kills the disease germs on seed, protects seeds and seedlings from diseases which may be in the soil and gives a better stand of cotton.

Texas' worst cotton seedling killers are angular leaf spot and soreskin. In the black lands of Texas angular leaf spot ranks next to root rot as the No. 1 hazard in cotton production. It is found in nearly all parts of the state.

Angular leaf spot generally shows up first on the seed leaves, and if a damp soil sets in after the seedlings come up, lots of them will die until as the seed was chemically treated before planting. This disease can also destroy some of the early buds on cotton plants, and thereby may prevent growth of early fruiting branches. Result: A reduced yield. Angular leaf spot also carries through to the older cotton plants, where it appears as angular spots on the leaves and as bacterial rot on the bolls.

The other serious cotton disease causes brown spots on the plants either below or near the ground level. While many plants may recover from soreskin, they are often late in developing—again causing a reduced yield.

At the Temple agricultural experiment sub-station, fuzzy cottonseed treated with either two or five per cent ceresan, give 25 to 30 per cent better stands than untreated seed. The plants had one-third to one-tenth less angular leaf spot infection, and made an average of over 50 pounds more lint per acre than the untreated seed. Over long periods, experiment station tests have shown that chemically treated seed give four-year average yield increases of 25 per cent at College Station, 10 per cent in the Brazos bottom near College Station, 15 per cent at Temple, and four per cent at Lubbock.

Results such as these show that the treatment of cottonseed is definitely a part of cotton production, declares Fowler. USDA leaflet 198.

"Cottonseed Treatment," can be obtained at the Extension Service at College Station, or from County Agent Fowler at Snyder.

Religion in Schools

NOT in a generation has there been a more controversial ruling handed down by the supreme court than the 8 to 1 decision overruling the lower courts in the religious instruction case at Champaign, Ill.

Justice Reed in his dissenting opinion held there was no more violation of the traditional separation of church and state than the practice of using chaplains in the army and navy or for congress itself.

About the only semblance to rent control remaining in the so-called rent control bill as it came from the house banking and currency committee is the name.

As was predicted in this column months ago, that section of the Taft-Hartley law which prohibited political activity by labor unions and expressions of political opinions by labor newspapers has been declared unconstitutional.

Back to the Kitchen The supercharged issue of whether or not federal taxes on oleomargarine should be repealed was supposed to develop into one of the most historic fights since the battle of Agincourt, but instead it dropped before it even got up to the line of scrimmage.

Said Rep. Clifford Hope (Rep., Kas.): "This kills legislation to repeal these taxes at this session of congress."

Some diehards, however, want to get a bill to the house floor by a discharge petition, but that would require 218 signatures and it is doubtful that they could be obtained.

Preparedness Program The crisis in world affairs concerning which the President spoke in his special message to congress almost certainly will embark the government on a huge preparedness program—a program designed not for war but for peace if possible.

Tax Relief Apparently abandoning his efforts to bring about a taxation of patronage refunds of former cooperatives, Rep. Walter Ploeser (Rep., Mo.) has introduced a bill to exempt the first \$25,000 of net income of all corporations from federal income taxes.

Woman's World Alter Coats, Dresses, Add Boleros to Remain in Style

By Ertta Haley

IF YOU agree with Mark Twain that "A woman is always better dressed in fashion than out of it," then you'll gradually be remodeling your last season's clothes to this season's modes.

Fashion experts claim that it will take at least two years for the average woman to replace her present wardrobe with new clothes and the "new look." This means that re-making, remodeling and refurbishing will be the order of the day for some time to come.

Trot out the wardrobe problems in your closet to see how they can be handled. Imagination plus ingenuity with needles and thread will do wonders.

For instance, take the short-skirted, short-waisted problem. What better way to solve it than to cut the dress apart at the waist, insert a wide strip of another nicely matching or contrasting material and add a matching band at the hem?

Many of your crepe dresses can be made longer by bands in the skirt. The skirt, if a rather full type, can be cut apart and lengthened by adding full or material plain cotton that shows your knees, take a tip from grandmother's day and use patchwork sewn around the hem.

There are several other remedies if your headache is hemline trouble. One consists of cutting two lengths of material from around the waist. This may be replaced with grosgrain ribbon and hidden with a gaily colored rayon sash of swathed cummerbund fashioned around the waist.

Another simple solution for skirt problems is to drop your skirt from two or three rows of grosgrain ribbon stitched together and sewed on top of the waistband. If you can steal a tab of material from underneath the pocket or down a pleat, stitch this over the grosgrain, right in middle of the front, and make the whole thing appear as a part of the original design.

Still another favorite trick is to drop the skirt from a yoke made of another material. This is easy to do if the problem is a suit or dress with a peplum of course you always can add one or a long jacket which will cover the yoke.

Cotton Dresses Are Easy to Lengthen If your closet holds many cottons, these are easy to remodel as far as lengthening goes. One of the favorite tricks is to use a four or five-inch band of plain material and add it to the bottom. For a charming effect, applique the print of the dress over the plain material. Then, using a zigzag attachment on your sewing machine, make several rows of stitching, following the irregularities in the print. Hem the material in the usual fashion.

Fashion Forecast Most girls will look better in the above costume if they wear high-heeled ankle strap shoes in place of the regular ballerina slipper. Something about the latter is not as slimming for the waist as it should be.

This pump by a St. Louis manufacturer illustrates the new look in shoes with its closed, unadorned elegance. Notice the draped effect achieved in the vamp to take the place of conspicuous trimming which is no longer in the fashion picture.

Use Inserted Bands To Add Length Many of your crepe dresses can be made longer by bands in the skirt.

Your remodeling will be simplicity itself if you have a thermoplastic dress "twin" to eliminate the guesswork in fitting. This dress form "double" of your own figure, which may be molded in about half an hour, actually cuts dress construction time in half and proves a boon in all sewing and remodeling problems.

Remodel Your Navy Wool Dress Navy is again a favorite color and you can greet the season with one that's remodeled from fall and winter. Why not consider cutting the dress in two, making the top a pert short bolero and the bottom a skirt.

Wide Range Gives Women Chance to Be 'Well-Suited' As definitely a sign of the new season as the first brave robin or April's traditional showers is the parade of suits which invariably marks the advent of spring.

Black and navy blue are the smartest and most practical colors, with brown and soft neutrals like gray and deep beige ranking as most popular second choices.

Be Smart! Insert strips for length. With a peplum of course you always can add one or a long jacket which will cover the yoke.

Let your new-season bolero take its turn at contributing color contrasts to your costume. Sketched here is a solid black cutaway bolero with a white checked skirt—a patent leather belt as a go-between. Patent leather belts, incidentally, are tops in new accessory ideas.

Fashion Forecast Most girls will look better in the above costume if they wear high-heeled ankle strap shoes in place of the regular ballerina slipper.

WHEN THEY LET YOU in back of the scene you often can pick up a lot of information you can't get out front.

I discovered that in talking things over with Cat Brecheen, a Cardinal pitcher who is just about as good as they come or go.

"I would like," I said to the Feline Phenom, "to have you explain one thing." "Shoot," said Brecheen.

PRESIDENTIAL TIMBER

The race to be Mister Harassment or the Worrying Man, otherwise known as President of the United States, is on. Everybody is coming into the ring at the drop of a hat, so to speak.

General MacArthur offers himself to the Republicans if they insist and it sounds a little like a reiteration of his famous statement, "I shall return."

Democratic politicians are insisting that if they could get Truman to step out and get lice to ride the donkey it would not make any difference if the Republicans ran MacArthur.

Elmer Twichell is close to a fortune. He is thinking of signing up to supply the United Nations with loopholes. The demand for smaller ones is especially high.

What we need are demonstrations in every town and city for the preservation of America, and in 'em there should be the spirit of the old time Fourth of July meetings, with the brass bands playing "Yankee Doodle" and the eyes of the people lighted up with gratitude for the great blessing of living in the greatest country on earth.

AMERICANS are good joiners and good organizers. Once aroused they are tough babies and nobody's fools. How about a national campaign to get them as hard-working, alert and vigorous in preserving the country as the Moscow agents are for feeding it to the crows?

Walter Winchell

**Memos to Editors**

**Marquie Childs,** columnist on foreign and other important matters, writes: "Most interested in your comment. Seems to me vital to galvanize congress and the country into taking those steps that will prevent war from becoming inevitable" . . . Mark Sullivan, Tom Stokes, Maj. George Fielding Elliot and many others are talking openly to the people—but Sec'y Marshall says the people shouldn't be aroused into any passion . . . He added things "are very serious and should be given cold calculation" . . . Quite so, but someone has to tell the people the facts. That's why we have newspapers.

**Carole Landis'** statement that she was splitting from her husband is a belated confirmation. She denied it often to me and now declares "she hasn't seen him for months and that he doesn't respond to her phone calls" . . . The fact is that her next husband, if and when, will be Rex Harrison, the British star.

**Suggest sending a reporter** to see Henry Wallace to ask him if he recalls this: The scene: The Ambassador East Hotel, Chicago . . . The time: January 18, 1948 . . . "If the Democrats run Eleanor Hoover, I'll step out," he said . . . **Hart Crum,** the FDR Republican of San Francisco . . . Eisenhower, by the way, is regarded as a Democrat "in the FDR tradition" . . . He is a registered Democrat!

**Quip of the Week:** Garry Moore and Erskine Johnson witnessed a movie and later wondered about the star's age . . . "Oh," interrupted Mrs. Moore, "I guess she's about 40" . . . "Now how can you really tell?" queried Erskine. "Bezuz," was the retort meeyoww, "she's starting to pat herself under the chin instead of on the back."

**The Aristocrats:** Jack Benny tops the new Hooper coast rating with 42.1 . . . McGee and Molly are second with 32.1 . . . Bob Hope is third with 31.6 and Andrew Jergens ran out of the money (fourth place) with only 29.

**From the front page of the World Telegram:** "It's no secret Mr. Forrestal and joint chiefs of staffs are worried sick at the imminent threat of war. Since 1945, all planning, universal military training, stockpiling, at center, has been on a long-range basis. It assumed war was 10 to 15 years off. Now the military is thinking in terms of immediate mobilization."

**Man About Town:** Four U. S. subs are on the way to Turkey. They left San Francisco "to train Turkish naval crews," as the saying goes . . . **President Truman** to John Gunther, the correspondent-author: "If I like you to run, why doesn't he tell me?" . . . The Alabama governor engaged a press agent for that kissing spree here . . . Henry Luce, mag publisher, will come out for Vandenberg.

**Mrs. Dan Mahoney,** wife of a Miami publisher, has a partnership with Mrs. Albert Moser, wife of the millionaire . . . He purchased a huge western ranch "as a refuge from bombs"—their friends report . . . The ranch is located not far from a military objective—where atomic tests are made!

**What Mr. Truman Actually Screamed** about radio commentators' Pearson and "WV" cannot be printed in full . . . No editor would let you . . . McGrath and Gael Sullivan called at the White House to urge him not to run but never got to it, because of the Prez's outburst of gutter profanity. "I heard those two—last night," he said in part, "and I'm going to run to show THEM!" (Takes one to know two.)

**A National Weekly** is readying a revelation on Republican Joseph Martin. It will allege that the Attleboro, Mass., newspaper publisher is worth between 2 1/2 and 3 million . . . Congressman Martin must have the golden touch, since it must be presumed he made it between sessions of congress in the last 20 years . . . A former Massachusetts political figure, now a Judge, was the target of an accuser's finger (pointed directly at him) in an alleged extortion. Whatever the merits of the charge, not a single agency could be aroused into investigating the matter.

**Things to worry about:** Gerald L. K. Smith has been silent recently because he's been seethed. Almost died, too . . . So he says in his latest dodge for "funds" via his newsletter . . . "I had been given a dose of arsenic poisoning," it wails, "either in Wichita, Kas., or Denver" . . . Was on his big fat derriere a month, and he is too weak (but mended) to write details . . . **Arsenic and Old Lousy!**

**Quotation Marriage:** J. Baruch: Men and women are just boys and girls half grown up . . . J. Lacy: The Russians are well warganized . . . C. Cox: Now that it's all over, what did you really do yesterday that's worth mentioning? . . . A. G. Buckham: Monotony is the awful reward of the careful . . . Confucius: Bad is called good when worse happens . . . L. Bell: It is really asking too much of a woman to expect her to bring up children and a husband, too.

The Washington Merry-go-round

**Washington War Jitters**

**OFFICIAL WASHINGTON GIVES** ALL the appearances of having a bad case of war jitters or else planning a deliberate show of military activity in order to outbluff the Russians.

Telegrams have been sent to large groups of reserve officers to be ready in case of trouble. No one has been called officially, but many have been warned that they may be called. In addition, army representatives have visited certain key factories and inquired about plans for rapid conversion of their plants in case of trouble. The army has been especially interested in cement factories, pointing out that it may be necessary to do a lot of underground construction.

Behind this, war chiefs admit, have been some ominous moves by the Russian army, which has now concentrated heavy reinforcements either in Russian-occupied Germany or else near the German border. There is no way of knowing just what this means. It may mean that the Russians are preparing to move into Western Europe in retaliation for the West-European and the U. S.-British-French plan for a separate control of the Ruhr. Or it may merely mean that the Russians are shifting their troops around in order to intimidate the Italians on the eve of the election and also to scare the United States. It is considered unlikely that Russia really wants war, now, so it may well be that the Russian troop maneuvers are a bluff.

**THE ARMY AND NAVY** are supposed to be united now, but the navy has started imitating the army in a drive to win friends and influence taxpayers. Every few months a group of prominent educators, editors and industrialists is invited to attend a 10-day school and learn all about the navy. They are taken behind the scenes at a big naval base, given a front row seat to the navy in action, even awarded diplomas after the course is completed.

**Navy Sponsors Tours** of the Mediterranean. It is supposed to be united now, but the navy has started imitating the army in a drive to win friends and influence taxpayers. Every few months a group of prominent educators, editors and industrialists is invited to attend a 10-day school and learn all about the navy. They are taken behind the scenes at a big naval base, given a front row seat to the navy in action, even awarded diplomas after the course is completed.

**It's an indirect lobbying plan** somewhat similar to the army's system of flying civilians to Fort Knox to view the trial military training school. This lobbying recently was censured severely by congress. The navy's next course for civilians opens at the Pensacola naval air station, with 60 educators, editors and businessmen invited. "These men will come from nearly all southern states and will pay all their own expenses," explained Capt. A. Macdonay, officer in charge of the project. "When pinned down, however Macdonay admitted that free men have been invited to fly all the way from Alaska in naval planes, and that several others are also traveling at government expense."

**THE PRESIDENT OF THE United States** was blaring mad and shooting from the hip when Democratic Chairman Howard McGrath and Executive Director Gael Sullivan went in to see him. They had expected to have a quiet talk over political conditions and warn Mr. Truman of growing revolt inside the party. But they never had a chance. Once inside the door, Mr. Truman said he was fed up with the lack of loyalty by certain party leaders. He blamed the southern revolt on Senator Byrd of Virginia and described Byrd as the "finest Republican in the Democratic party."

**Mr. Truman also leveled a blast** at the "no-good columnist Drew Pearson" and congratulated McGrath for having issued a statement denying a Pearson report that he, McGrath, would like to resign as national chairman. McGrath had intended talking to Mr. Truman about a vice-presidential running mate, and planned to suggest Sen. Lister Hill of Alabama. He thought a southerner on the ticket would win back the South, and that Hill also would be liberal enough to suit the North. Knocked off base by the vehemence of the President's tirade, however, McGrath forgot all about mentioning Hill's name.

**THINGS YOU DIDN'T KNOW ABOUT THE HEALTH OF YOUR COUNTRY:** The U. S. now has the lowest death rate in history. In 1946 only 10 people died out of every 1,000. The baby death rate also is lowest in history—35.1 per 1,000 . . . Highest birth mortality rate in New Mexico, where 81.2 babies die for every 1,000. If you're born in Arkansas, you have the best chance of living. Its infant mortality is the lowest in the entire nation—26.4 per 1,000.

**WEEKLY NEWS ANALYSIS**  
**Truman Calls for Draft, Training To Bolster Resistance to Russia; U.S. Reverses Stand on Partition**

Released by WNU Features

**EDITOR'S NOTE:** When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

**FORCES AT WORK . . .** Increasing Communist pressure in Europe has been instrumental in dividing the continent into three component power blocs, all of which are influenced by a fourth force—U.S. policy, symbolized by the presence of American troops in Germany, Austria and Italy. Map shows western bloc (1) of anti-Communist Britain, France, Belgium, Luxembourg and the Netherlands; northern bloc (2) of the Scandinavian countries, daily growing more apprehensive of Soviet tactics and eastern bloc (3) of Russia and its satellites. Present approximate American troop strength is indicated for Germany (120,000), Austria (10,000) and Italy (5,000).

**THE PRICE**  
**Peace and War**

"We must be prepared to pay the price of peace or assuredly we shall pay the price of war." Those words, spoken by President Harry Truman to the U. S. congress, could be the seeds of the first genuine, effective foreign policy this nation has had for half a century.

Disregarding any political overtones there might have been in the President's speech, his address to the joint session of congress reflected the realization at the top level of government that any successful foreign policy must be based on the fundamental concept of striking a balance between commitments abroad and the national security or strength at home available to back up those commitments.

By definition, the term "foreign policy" implies that any nation expressing such a policy possesses the strength—in military forces and alliances—to follow it consistently at all times and to defend it just as consistently in case of war. In that connection Mr. Truman specifically asked congress for power to draft men to build arm strength against the ruthless aggression of Soviet communism.

He asked also for "prompt enactment of universal training legislation," indicating that the draft should be only temporary until universal military training is giving the country the trained men it needs. Finally, he sought swift passage of the 5.3-billion-dollar European recovery program — the Marshall plan for economic recovery of western European nations which is setting the Kremlin's teeth on edge. Bluntly the President upbraided Russia for making a travesty of peace:

"One nation has not only refused to cooperate in the establishment of a just and honorable peace, but—even worse—has actively sought to prevent it." **Western Pact** Lending force to Mr. Truman's scattering of the seeds of foreign policy was the fact that, an hour before he delivered his pronouncement, the just-completed five-nation western European pact for common defense against attack had been announced officially. Under the treaty, Britain, France, Belgium, Luxembourg and the Netherlands pledged one another military aid in the event that any one of them should be attacked.

According to the new "Truman doctrine," the United States should be the principal guarantor of this five-power union. Without such a guarantee of U. S. backing, the western European treaty would be meaningless. By his declaration in support of the western European pact Mr. Truman seemed to be guiding the U. S. to a point of departure from its historic adherence to the diplomatic enormity of refusing to engage in "entangling alliances" even at the price of its own welfare.

**BACHELORS: Declining** Evidence of an innate desire for family life among adult Americans is revealed in a study by the U. S. bureau of the census showing a long-term decline in the proportion of bachelors of both sexes. On a numerical basis, census bureau figures disclose, the number of single men and women has dropped to the lowest ratio known since records first were compiled in 1890. For the last 50 years the proportion of married people in the population has been showing a steady increase. This trend has been accelerated since 1940 by the nation's biggest marriage boom. The census bureau study which was made public recently was based on a sample survey of 30,000 households in April of last year.

**REACTION:**  
**Divided**

What are the true facts? Just how potentially lethal is the situation with regard to Russia? Senators and representatives were asking those questions after President Truman's "let's get strong" message. Many of them were demanding answers before they would consent to go ahead with any legislation endorsing a military draft or UMT.

Congress was divided, but the split was not along party lines. It reflected isolationism, discontent with the Truman foreign policy and in some cases an almost unhealthy respect for Russia's power in Europe. Greatest fear seemed to be that conditions in Europe, as precipitated by Soviet actions, may get

**CONVINCING** Closeted for 50 minutes with Secretary of State Marshall, Secretary of Defense Forrestal and Secretary of the Army Royal, the senate armed services committee emerged from the conference to throw its weight behind President Truman's plea for quick action to build up America's military forces. Sen. Chan Gurney (Rep., S.D.), chairman of the committee, reported that 10 of the group's 13 members were convinced that both a limited draft and universal military training have become an "absolute necessity."

Just what the three secretaries told the armed services committee was not disclosed, but it was undeniably powerful information. out of hand suddenly, despite the efforts of Russia or any other nation to prevent such a development. Best opinion holds that, while Russia is not now seeking war, the Communists have created a kind of Frankenstein monster in Europe that at any moment could plunge out of control and involve the world in another conflict. Secretary of State Marshall is said to feel this way:

The Soviets are motivated by a sense of urgency to act before the European recovery program begins to function and before the union of western European nations is firmly established. Driven by this feeling of urgency, the Soviets may not be able to avert an incident which would lead to a shooting war.

**ABOUT FACE: Expedience** To many persons it looked as though the United States, in abandoning its support of the Palestine partition plan, had pulled a "Pontius Pilate" on the same scene where the procurator of Judea had washed his hands not quite 2,000 years ago to sanction the Crucifixion. In reversing its role in the partition struggle, the U. S. proposed that the Holy Land be made a United Nations trusteeship, giving Jews and Arabs a chance to reach agreement on their own concerning the future of their country's government.

**Anti-Appetite Pills** The army has good news for women—and men—who think they ought to diet but find it difficult to control their rampaging hunger. It has developed a pill to destroy their appetites. Col. Charles S. Lawrence, army food expert, said, "I could feed you never would have been adopted by the U. S. office of education. The report, dealing with college and university building needs, is based on a survey of 1,386 institutions. Colleges and universities need an additional 265 million square feet of space to accommodate an expected 1950 enrollment of 2,675,000 students. A third of the increase would be for student and faculty housing needs. Operating pretty much on a sardine basis today, U. S. institutions are handling 2,340,000 students with plants built for a gross peak peak enrollment of 1.5 millions. At 1948 building prices, the proposed space increases would cost \$2.65 billion dollars.

**TRIESTE: Surprise**

In a move that surprised everyone from the Russians to American congressmen, the U. S. proposed jointly with France and Britain that the free territory of Trieste be returned to Italy.

Trieste, long a storm center coveted by both Italians and Yugoslavs, had been made a free state under United Nations guidance in the six-months-old Italian peace treaty. The proposal was, apparently, a shrewd and calculated move to try to help the anti-Communist forces in Italy win the April 18 election. It literally put the Russians on the spot, leaving them with little choice of reaction. If they support the western powers' proposal to return Trieste to Italy they will be, in effect, turning their backs on their previous arguments for a Yugoslav Trieste, thereby kicking their Yugoslav cohorts in the face.

On the other hand, if Russia were to side with Yugoslavia it would amount to a rebuff for the Italian Communists. Possession of Trieste is a great political issue in Italy, and it will surely turn out now to be a deciding factor in the elections coming up there. Yugoslavia's Marshal Tito, however, lost little time in answering the proposal of the U. S., Britain and France. He simply rejected the demand and proposed instead that a plebiscite be held in the free state of Trieste to decide whether it should be Italian or Yugoslav.

**FOOD WASTE:**  
**Rats, Insects**

Although the world is crying for food, hundreds of thousands of tons of American foodstuffs are spoiled each year by the depredations of rats, mice and insects—and often by the carelessness of some producers. Food and drug administration officials say the amount of so-called "filthy food" they destroy every year is enough to contribute "very substantially" to the hungry areas of the world.

"Filthy food" is the legal term for food spoiled by "contamination of rats, mice, insects or other repulsive foreign bodies." It is the job of the food and drug administration to find and condemn filthy food in the channels of interstate commerce and to prosecute those responsible. Since FDA's power to condemn filthy foods at their destination was taken away a year ago, officials estimate that, as a result, 20 tons of such food appears in retail outlets every day.

**RABBITS: Meat Supply**

There is one vast source of meat—maybe an inexhaustible one—that the U.S. public might have to consider seriously if beef and pork become as scarce and expensive as it is predicted they will: Rabbits. That is a department of agriculture idea. The department suggested that the American people take up the raising of rabbits as a supplementary source of meat to eke out the usual protein fare, destined to become more scarce and costly. National rabbit week, which was observed during the week following Easter, would be "a good time" for families to plan to produce a "year round supply of this white, delicately flavored, nutritious meat, comparable to breast of chicken," the department hinted.

**Bushed** What does one need to begin raising rabbits? Just rabbits. It takes technicolor to do justice to the whiskers of Gordon Moore of Vicksburg, Mich., who will defend his title as the owner of the world's champion beard in a contest to be held there in July. Beard and mustache are a brilliant and matching red.

**Expanding Colleges** By 1950 American colleges and universities will need additional space equivalent to 133 Empire State buildings and several billion dollars to pay for it, which is where the taxpayers come in. That is the present outlook for higher education as reported by the U. S. office of education. The report, dealing with college and university building needs, is based on a survey of 1,386 institutions.

Colleges and universities need an additional 265 million square feet of space to accommodate an expected 1950 enrollment of 2,675,000 students. A third of the increase would be for student and faculty housing needs. Operating pretty much on a sardine basis today, U. S. institutions are handling 2,340,000 students with plants built for a gross peak peak enrollment of 1.5 millions. At 1948 building prices, the proposed space increases would cost \$2.65 billion dollars.

**Baby Girl Drinks Kerosene**  
**And Strangles to Death**

TRENTON, MO.—A 14-month-old girl died of strangulation at the Cullers hospital an hour after she had drunk coal oil from a can she had under the kitchen stove at the farm home of her parents near Brinson, Mo. The child, Cheryl Frances Lynch, daughter of Mr. and Mrs. Nelson Lynch, was playing in the kitchen while her mother was preparing the noon meal.

**Minnesota Village Bans Train Whistles in Town**

OLIVER, MINN.—Citizens of this village don't like trains that whistle. "At night, the trains kept everybody awake; in the day time their whistles made everybody nervous," said George Vukovich, village president. Vukovich announced today a new ordinance by the village board makes it unlawful to blow a train whistle within village limits. Violations are subject to \$10 to \$25 fines.

**Easily Built Cottage Solves Housing Problem**

IF you have a housing problem build this cottage now. Total cost of materials runs well under \$1,000.00. The simplified Pattern Method of Construction takes all the mystery out of building. Pattern tells what materials to buy and where to use them. Specifies size and quantity of nails and other hardware needed.

Complete information is provided for laying out guide lines, digging foundations and putting in footings. Framing and sheathing instructions are also included. Assembly illustrations show exact location of all framing members. The substructure is nailed to the floor joists, the working platform. Each is in place and ready for use.

Patterns are provided for making all angle cuts on studs and rafters. Step by step directions are written so that any 17 or 18 year old boy can follow and understand the procedure outlined.

Solve your housing problem by building this cottage yourself just as our pioneer forefathers solved theirs.

Send \$2.00 for Country Cottage Pattern No. 1 to East-Bills Pattern Company, Department W, Pleasantville, N. Y.

**Origin of Old Custom**

The custom of throwing shoes after a new bride originated in medieval times. In those days people threw shoes because leather shoes represented economic power, authority and position.

**Fire Prevention**

If you discover a woods fire burning uncontrolled, no matter how small, put it out. If it is too large to handle, report it to the nearest state or federal conservation officer.

**Sails on Railroads**

Experimental cars equipped with sails were tried out on both South Carolina and Baltimore and Ohio railroads in the early days of railroading.

**National Defense**

National defense constitutes the largest single item of the budget. It is placed at 11 billion dollars, or 23 per cent of the total.

**Under the Lights**

First night baseball game was played at Fort Wayne, Ind., in 1853, using 17 arc lights of 4,000 candlepower each.

### Times Gives Statement of Ownership, Management, Circulation, Et Cetera

Statement of the ownership, management, circulation, etc., required by the act of Congress of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946, of The Scurry County Times, published weekly at Snyder, Texas, for April 1, 1948.

The State of Texas, County of Scurry, ss:

Before me, a notary public, in and for the state and county aforesaid, personally appeared Willard Jones, who, having been duly sworn according to law, deposes and says that he is the publisher of The Scurry County Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily, weekly, semi-weekly or tri-weekly newspaper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (Section 537, Postal Laws and Regulations), printed on the reverse of this form, to-wit:

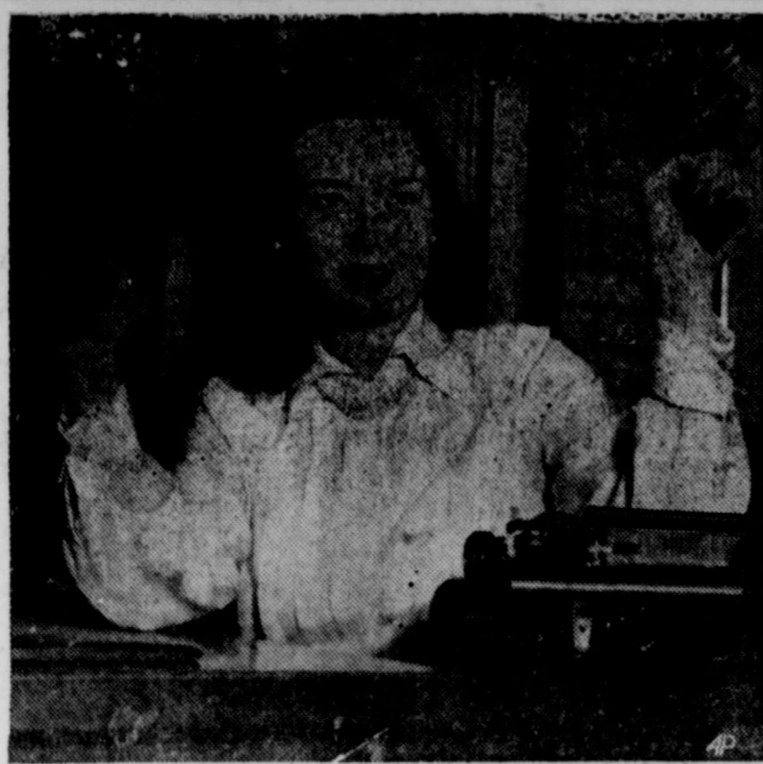

1.—That the name and address of the publisher, editor, managing editor and business manager are: Willard Jones, Snyder, Texas.

2.—That the owner is: (if owned by a corporation, its name and ad-

dress must be stated, and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.) Willard Jones, Snyder, Texas.

3.—That the known bondholders, mortgagees and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: (If there are none, so state) None.

4.—That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and

**GIRL DEPUTY**—Mrs. Marion Taylor, former Dallas dress model, holds two pistols as she poses for pictures after being made a deputy sheriff in Gregg County. She is the first female deputy sheriff in the history of Gregg County. Sheriff Noble Crawford hired her as a secre-

tary and receptionist in his Longview office and stated he believed a "feminine touch" will prove advantageous to the entire force. Mrs. Taylor is a native Texan, living formerly in Henderson and worked in the FBI offices in Washington during World War II.

### New Type of Time Table Released by Santa Fe System

A new, easy-to-read time table has made its appearance on Santa Fe trains in the last few days, according to a release from the Amarillo offices of the railway to The Times.

The new time card carries an individual schedule for each Santa Fe transcontinental train, T. B. Gallaher, general passenger traffic manager for the Santa Fe at Chicago, said, and each section includes, in addition to train times, such information as mileage, altitudes, train connections at principal terminals, correct locations to reset watches, rivers crossed and the time of crossing, and other incidental information of interest to travelers, including even a list of tunnels on the Santa Fe, their length and the times the trains will pass through them.

In the old-style time tables it was necessary for passengers on north and eastbound trains to "read up" the columns while south and westbound passengers "read down." On the new table, all schedules "read down," and there are separate sections for each direction.

conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds or other securities than as so stated by him.

5.—That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is 2,230.

WILLARD JONES, Publisher. Sworn to and subscribed before me this 2nd day of April, 1948.—Hugh Bowen Jr. (My commission expires June 1, 1949).

### Sheriff's Posse Sets Big Spring Ropings

The Sheriff's Posse of Big Spring, a brand new organization, is taking over the responsibility, expense and work involved in presenting a double event—matched calf roping and matched steer roping, May 2, at the Howard County Sheriff's Posse arena southwest of the former bombardier school.

Champion Tools Mansfield and Everett Show are to compete in a matched steer roping event, amounting to a \$5,000 purse. Sonny Edwards of Big Spring and Walton Poize of Rankin will contest each other in a matched calf roping event.

### Tigerettes Lose Volleyball Finals To Albany Team

The Tigerettes of Snyder High School won two games and lost one last Saturday to gain second place in the district volleyball tournament held at Merkel.

Rotan and Anson led under Coach Wiman's charge, but a crackerjack Albany team defeated the S. H. S. girls in the finals Saturday evening.

Quite a few notable teams participated in this meet, and second place shows the results of the girls' intensive practice. The Snyder girls were also handicapped because of the lack of instruction during Coach Wiman's recent illness.

Albany's coach stated that the Tigerettes scored more against them than any previous group they had played this year.

### P. B. Creekmore Goes To Bridgeport Place

Pinckney B. Creekmore, who has been work unit engineer for the Soil Conservation Service at Snyder for the past three years, has accepted a transfer to the Bridgeport, Wise County, headquarters of the Soil Conservation Service. He will serve as party chief for a four-man crew in the flood control division.

Mrs. Creekmore and their two daughters will remain in Snyder until the end of the present school term.

### Wanted a Lesson.

Gentleman (at police station)—"Could I see the man who was arrested for robbing our house last night?"

Desk Sergeant—"This is very irregular. Why do you want to see him?"

Gentleman—"I don't mind telling you. I only want to ask how he got in the house without awakening my wife."

### Hobbs Panthers Win Three-Way Track Meet Here

Hobbs High School Panthers won a three-way track meet held last week at Snyder stadium. Snyder placed second, and Hermleigh Cardinals were third.

Hobbs amassed 70 points to Snyder's 50, and Hermleigh's 28 to gain the victory.

Outstanding for Hobbs was Charlie White, who took five first places and a number in the second notch. Holmes, Moore, and the Tiger relay teams accounted for most of Snyder's points.

The most exciting event of the day was the 440-yard dash. George Richardson, Tiger cinderman, came from behind in the last few seconds to take the race.

Winners in each division are as follows:

120-Yard High Hurdles—White of Hobbs. Time 15.5 seconds.

100-Yard Dash—White of Hobbs. Time 10.5 seconds.

Mile Event—Holmes of Snyder. Time 4 minutes and 46 seconds.

440-Yard Relay—Hobbs. Times 48.5 seconds.

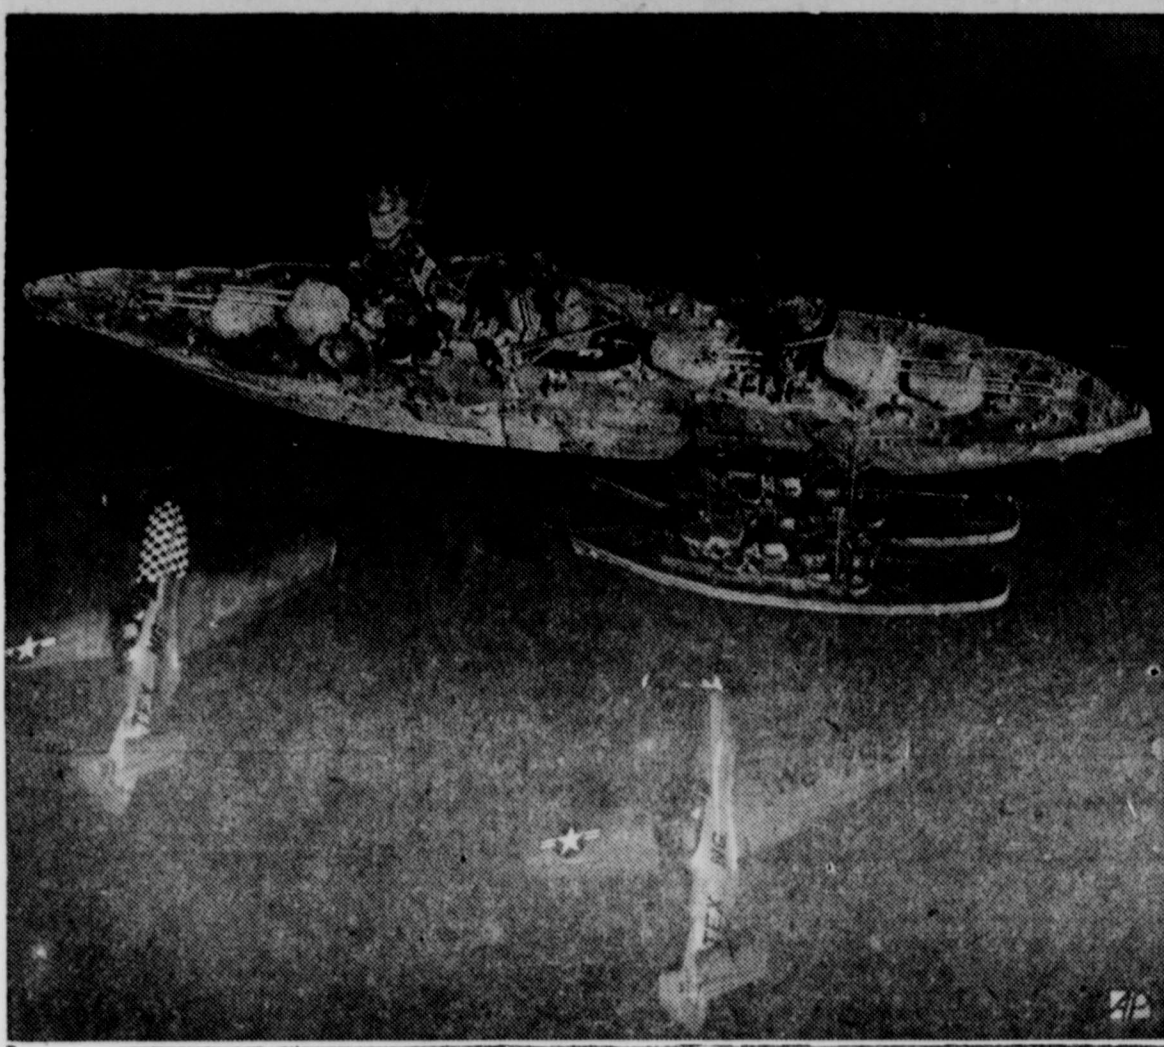

440-Yard Dash—Richardson of Snyder. Time 57.9 seconds.

220-Yard Dash—White of Hobbs. Time 24.7 seconds.

200-Yard Low Hurdles—White of Hobbs. Time 25.8 seconds.

Mile Relay—Snyder. Time 3 minutes, 56 seconds.

880-Yard Event—Holmes of Snyder.

SALUTE to Battleship Texas is here made by two P-51 Mustang fighter planes of the Texas National Guard as they fly in

aerial salute over the old warship as it lay in Bolivar Roads, Galveston, en route to the San Jacinto battleground. The veteran battleship will become a Texas state shrine near the famous battle site where Texas won her independence.

### Health Officer Says Attention to Rabid Dogs Vital to Health

Recent death of a child in South Texas from rabies emphasizes the danger of this disease and its importance to public health.

According to a statement just released to The Times by Dr. George W. Cox, state health officer, there were 1,099 rabid animals discovered by laboratory examination in Texas last year. There were undoubtedly many more rabid animals running loose which were never examined. Since most of these animals were dogs, children are especially vulnerable to this dreaded disease, Scurry County people were reminded.

"All dogs should be vaccinated annually as a rabies control measure," Dr. Cox said. "When a child is bitten by an infected dog, the dog should be penned up for observation for 10 days. If he shows no signs of illness in that time he is not rabid, but if he sickens, he should be killed in such a manner as not to injure the brain. The brain should be packed immediately in ice and sent to the State Health Department for examination. If rabies is shown to be present there is still time to begin anti-rabies treatment on the child."

Snyder and other cities and towns should take firm steps to control the presence of stray and ownerless dogs, Dr. Cox advises, since they remain unvaccinated and are usually the principal source of rabies.

Rubber stamps at The Times.

### Area Boy Scouts Plan to Go to Big Spring Roundup

Several Scurry County Boy Scouts are making arrangements to attend the twenty-second annual Round-Up of Scouts of Buffalo Trail Council, which will be held in Big Spring on April 22, 23 and 24. It was announced this week by Scout leaders.

The event is a camping experience where Scout troops camp out under tents and the Scouts do their own cooking and participate in competitive Scouting events. Among these events will be signaling, compass, wall scaling, stretcher race, knot tying, archery, water boiling, string burning and bugling.

Awards will be made to troops on a point basis, according to Carl Blumhild, chairman of the council committee on camping and activities.

The Round-Up is scheduled to open at 4:00 p. m. Thursday, April 22, and close at noon Saturday, April 24, with a barbecue furnished by the Big Spring Chamber of Commerce and citizens.

Approximately 1,000 Scouts and leaders from the 15-county Buffalo Trail Council are expected to attend.

A hungry rat is easily poisoned or trapped. Make food difficult for rats to find.

# EXTRA CARE IS A Borden Creed

Every step of the way from farm to refrigerator Borden's dairy products are checked by the latest scientific methods of laboratory control. Nothing is left to guess.

Modern stainless steel equipment, kept hospital clean and operated under Borden's quality control assures creamy goodness, healthful purity in Borden's Ice Cream.

## 89 Years of Experience ASSURES YOU ... IF IT'S BORDEN'S, IT'S GOT TO BE GOOD

EXTRA care makes Borden's Milk and Ice Cream extra good. The "know how" that comes with 89 years of leadership—modern equipment and advanced methods provide positive assurance of wholesome goodness in Borden's dairy products.

Every can of milk is laboratory tested when it arrives from the farm. Every piece of equipment in your Borden plant is carefully sterilized each time it is used. Advanced methods of pasteurization provide protection and retain the natural fresh flavor.

You can depend on it—if it's Borden's it's got to be good.

# Borden's MILK and ICE CREAM

White side-wall tires, as illustrated, available at extra cost.

## It's NO. 1 on the "It" Parade

It's much the same way with cars as with people. Some "have it" — some don't.

Some you go for, all out — without quite being able to lay a finger on why. And those — well, they usually become your firmest friends.

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard.

Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of engine mounting ironing out vibration build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

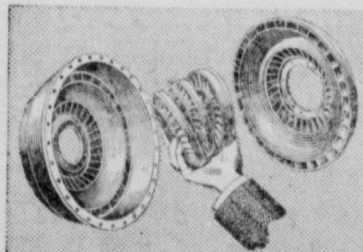

Is it the wonderful new Dynaflo Drive\* that's causing so much talk?

In ROADMASTER models that is certainly a big factor. You'll never know how silky smooth a drive can be — what fluent new ease there is to all your going — till you drive the car where liquid

replaces both the clutch and first, second and high gears.

But as nearly as we can find out — and we talk to a lot of people — it isn't any one thing that puts Buick at the top of the "it" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile.

Ask any friend who drives a Buick — then see your dealer and get a firm order in, with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLOW DRIVE\*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

\*Optional at extra cost on Roadmaster models only.

### BUICK alone has all these features

- \* DYNAFLOW DRIVE (Optional, Roadmaster Series)
- \* TAPER-THRU STYLING
- \* FLEX-FIT OIL RINGS
- \* VIBRA-SHIELDED RIDE
- \* SAFETY-RIDE RIMS
- \* HI-POISED FIREBALL POWER
- \* ROAD-RITE BALANCE
- \* RIGID TORQUE-TUBE
- \* QUADRIFLEX COIL SPRINGING
- \* SOUND-SORBER TOP LINING (Super and Roadmaster)
- \* DUOMATIC SPARK ADVANCE
- \* TEN SMART MODELS
- \* BODY BY FISHER

2013 AVENUE S

SNYDER, TEXAS

**Ain't It So?**

Caution is the parent of health; only the fool eats hot broth in a hurry.  
A highbrow is a person who can use "whom" in conversation without feeling self-conscious.  
The woodpecker is a most superstitious bird. He's always knocking on wood.

**Party Apron Has Gay Applique**

5387

THIS handsome bib apron is such easy sewing, looks so pretty for your hostess duties. This appliqued party pocket in yellow and brown or purple and lavender adds a nice accent. Use organdy with eyelet trim, gingham or percale.

To obtain complete cutting pattern, pressy applique pattern, finishing instructions for the Party Apron (Pattern No. 5387) sizes 14, 16 and 18 included. Send 25 cents in coin, Your Name, Address and Pattern Number.

Due to an unusually large demand and excellent conditions, slightly more time is required in filling orders for a few of the most popular patterns.

SEWING CIRCLE NEEDLEWORK, 538 South Wells St., Chicago 7, Ill. Enclose 25 cents for Pattern. No. Name. Address.

**REDUCING? HERE'S A HELPFUL TIP**

Are you slim enough to wear the new styles? Remember, no matter what you pay, "new look" fashions aren't flattering if you're overweight.  
If you're reducing now—or plan to—you'll find the booklet, "Kellogg's Weight Control Plan," helpful. It gives 3 special sets of scientifically balanced menus for every meal, every day of the week—and insurance-company weight tables for each type of body frame... These menus include KELLOGG'S ALL-BRAN which contains vital whole-grain protective food elements—needed whether you diet or not... This booklet is FREE—just write Kellogg Co., Dept. N, Battle Creek, Mich.

**NEWS that makes folks sleep all night!**

Thousands now sleep undisturbed because of the news that their bladders aren't bothering them. Foley's Double Your Money Back Pills usually allow within 24 hours. Since bladder irritation is so prevalent and Foley's Pills prevent, Foley's Pills must be used within 24 hours or DOUBLE YOUR MONEY BACK. Make 24-hour test. Get Foley's Pills from drug-gist. Full satisfaction or DOUBLE YOUR MONEY BACK.

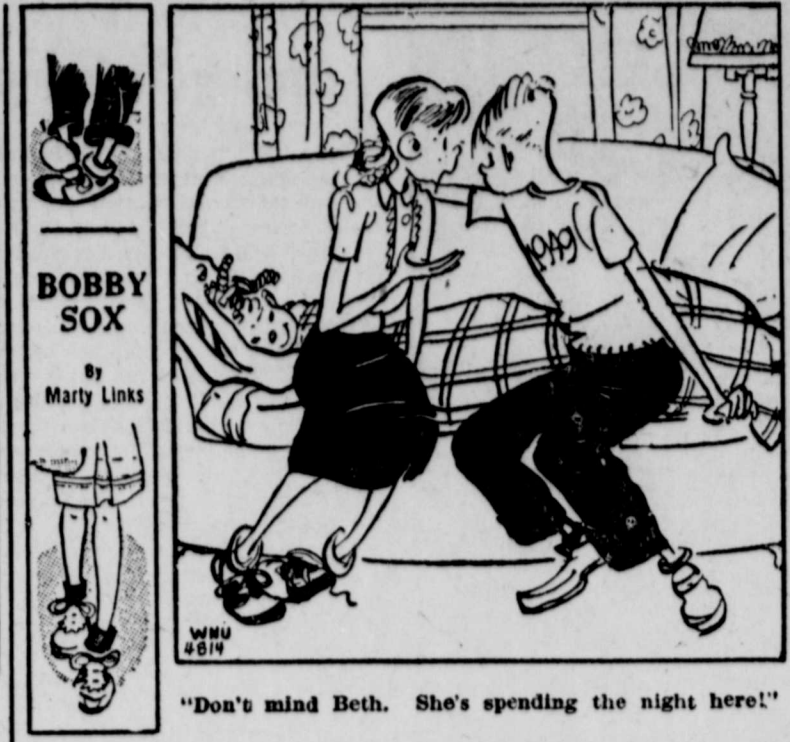

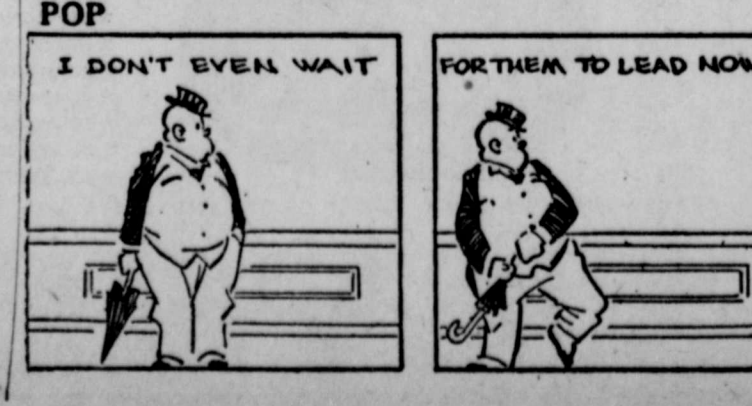

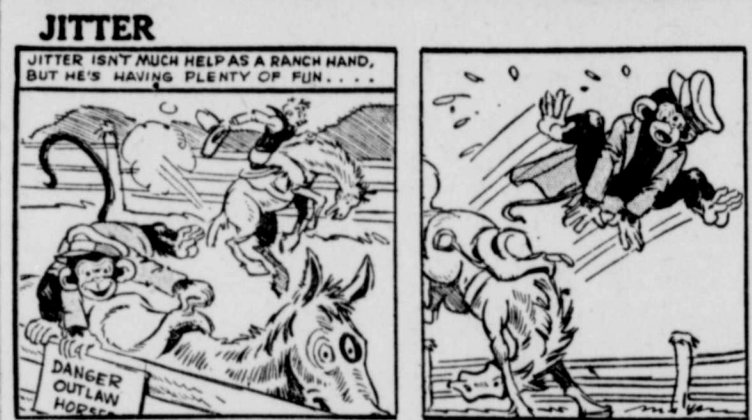

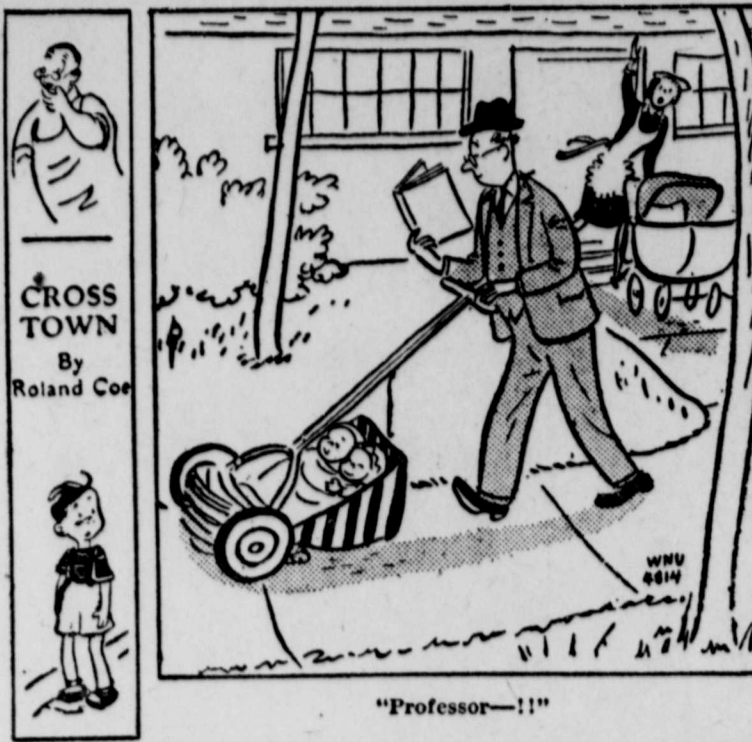

Double-duty Insecticide! Kills by contact, kills by fumes. Destroys plant lice but spores beneficial insects. Being an original factory-stated container to insure full strength. MANUFACTURED BY PRODUCTS & CHEMICAL CORPORATION, Nicholas, Springfield, Mass. 01105. LOOK FOR THE LEAF ON THE PACKAGE.

**Relieves Distress of MONTHLY FEMALE WEAKNESS**

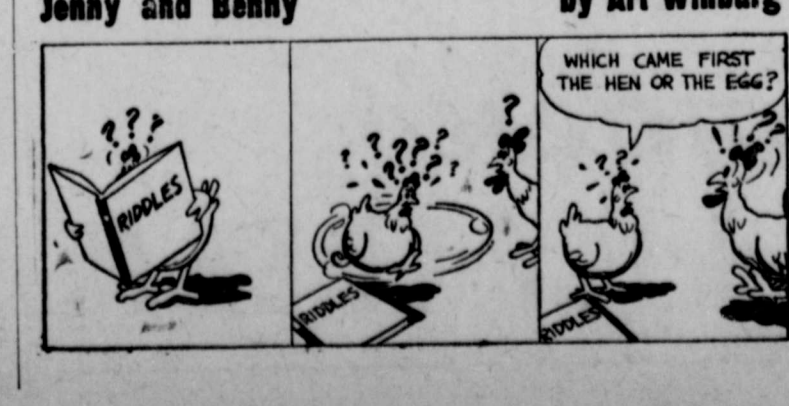

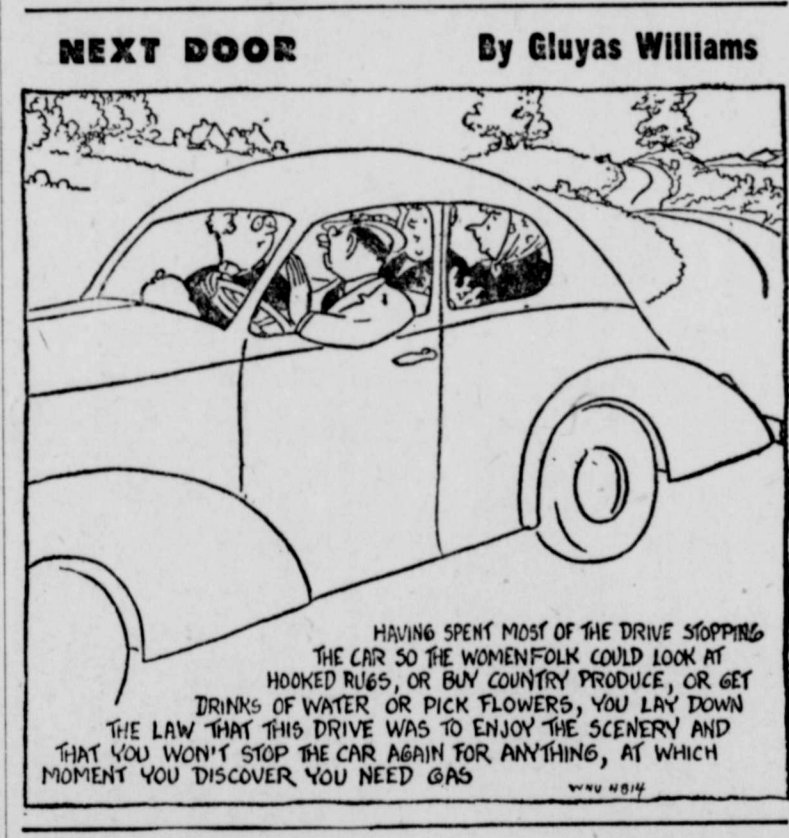

Also Helps Build Up Red Blood! Do female functional periodic disturbances make you suffer pain, feel nervous, irritable—at such times? Then try Lydia E. Pinkham's TABLETS to relieve such symptoms. Pinkham's Tablets are also very effective to help build up red blood in simple anemia. Lydia E. Pinkham's TABLETS

**Watch Your Kidneys!**

Help Them Cleanse the Blood of Harmful Body Waste  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be sagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, stinging or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**GAGS BEST LAUGHS OF THE WEEK**

**'La Guardia Chair' Endowed At Princeton University**  
GRAND RAPIDS, MICH.—A "La Guardia chair in municipal government" is being endowed at Princeton university under sponsorship of the United States Conference of Mayors, its president, Mayor George W. Welsh of Grand Rapids. More than \$200,000 already has been subscribed under direction of Glendennin Ryan of New York, former assistant to the late Mayor F. H. La Guardia of New York City.

**Ain't It So?**  
Of the six requisites for a happy marriage, the first is faith—and the other five don't matter.  
People like to say they have an open mind. But with some of them it's mighty hard to find the opening.  
Even a watch that won't run is right twice a day.

**Termites and Pecans**  
Termites usually live in dead wood and most people associate them with wood destruction. However, pecan nursery stock and small trees sometimes are killed by the feeding of termites in the roots. The tree may have its taproot or its branches tunneled until only a shell or the bark remains.

**Brushing Woollens**  
Brush woollens carefully with a firm-bristled brush after each wearing. Open the pleats and brush between them in a straight downward line. Brush into seam lines, underlapels and any other place where there may be rubbing action which will wear out material.

**Irish White House**  
James Hoban, a native of Ireland, who had resided for some time in Charleston, S. C., in 1792, won a prize of \$500 offered for the best design for the President's house. Construction began in 1792, but President Adams in 1800 was the first to occupy the mansion.

**Auto Snowplow**  
Hiram Maxim, son of the inventor of the Maxim silencer for guns, has patented a snowplow to be attached to the bumper of an automobile. The attachment is a simple one, requiring no additional equipment to enable an automobile to operate it.

**Cooking Fish**  
Most important thing to remember in cooking fish is that it too often is overcooked. Just enough cooking to enable the flesh to be flaked easily from the bones will bring out its delicate flavor.

**Progress in Drying Grain**  
Results of experiments in chemical drying of seed grain, using calcium chloride as the drying agent, justify further investigations of this method, according to the U. S. department of agriculture.

**don't use Harsh Laxatives**  
Keep regular this healthful way—  
The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. Harsh laxatives irritate the digestive tract and impair nutrition! Lemon in water is good for you!  
Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C; supply valuable amounts of B<sub>1</sub> and P. They alkalize; aid digestion.  
Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days.  
USE CALIFORNIA SUNKIST LEMONS

THE FICTION CORNER

STRICTLY BUSINESS

By ROBERT C. BLACKMON

THE finest sermon I ever heard ended and the benediction came straight from the heart of the broad-shouldered figure in the pulpit.

Harry Thatcher and I were surrounded by sober, thoughtful people as we went to the car. He drove out toward the lake.

"Don," Thatcher said abruptly after he got a cigar started. We were entering the lake drive.

"There are seven hundred and seventy-three thousand, seven hundred and forty-six words in its thirty-one thousand, one hundred and seventy-three verses."

If a man can't look at it like that, he has no business betting. He fooled the big car around a curve.

"I saw the Bible in the bookstore and remembered my mother telling me that the Book was good to read when you didn't know what to do.

Thatcher looked out over the lake, then his eyes came back to the drive before us.

"Business suddenly took me to France and Italy and I stayed there for months." He coughed again, apologetically.

"He nursed his cigar for a few moments." "Phillip Crasor exploded when he learned what the job was to be.

place and the materials to do the job, and I was to be the judge of whether the copies produced were acceptable or not.

"I turned over a small cottage down on the lake to Phillip Crasor, stocked it with a Bible, paper, pens, ink and blotter; and told him to go to work.

"Phillip Crasor was going to produce 100 perfectly legible handwritten copies of the Bible, as the contract provided, or he would lose the bet."

"I didn't get back for a week or two, and Phillip had spoiled a lot of paper but produced nothing acceptable. He wanted to fight, but I told him to read the contract and

By INEZ GERHARD "THE blessed show"—that's what Irene Beasley and her staff call her CBS "Grand Slam."

IRENE DUNNE

When Irene Dunne sings an old Norwegian cradle song to her sick daughter in "I Remember Mama" you wonder why she doesn't sing in every picture she makes.

more such pictures as "I Remember Mama"—simple, true to life, making you laugh, tugging at your heartstrings, and done with fine direction and a superb cast.

Tom Moore of "Ladies Be Seated" is convinced that women are distrustful by nature. When he gives \$6 to each of two contestants at the start of his quiz game, "Famous Facts," they nearly always count the money!

"Crisis in Italy," the new March of Time film, is a "must." It brings us the truth about the rise of communism in Italy, presents conditions in that country far more vividly than newspapers or radio reporting possibly can.

Loretta Young's two recent starring appearances on "Screen Guild Players" within a month marked the 10th and 11th times she has been on the program.

After Glenn Ford finished his role in Columbia's "The Man From Colorado" he shaved off his sideburns—and then was asked to grow a mustache for "The Mating of Millie."

HOUSEHOLD MEMOS... by Lynn Chambers

Honey Almond Cream Cake Toppings Desserts

Dessert Tonic If you're casting about for new desserts, you'll like the ones we've selected today.

Just about this time of year we want to do something different to our menus and it's a good idea to start in the dessert department.

You may like a delicious honey almond cream cake with a delectable filling to put just the right ending to the dinner; or, perhaps a honey applesauce cake would be just the thing.

Maybe you'd even prefer an unusual variation of apple pie, or one of the other pastries which haven't been in the picture.

Honey Almond Cream Cake (Makes two 8-inch layers) 2 cups sifted cake flour 2 teaspoons baking powder

Honey Almond Cream Filling 2 tablespoons light corn syrup 2 tablespoons honey 3 tablespoons flour

Applesauce Spice Cake (Makes 9 servings) 1/2 cup bran 1 cup sweetened applesauce 1/2 cup shortening

LYNN CHAMBERS' MENU Broiled Whitefish Lemon and Parsley Garnish Boiled Potatoes

Measure shortening accurately. The water displacement method is good. For every cup of flour, 1/3 cup of shortening is required.

SEWING CIRCLE PATTERNS

Current Comment

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times.

By LEON GUINN. People with any heart at all should rally over the entire nation to the April-May campaign of the American Overseas Aid-United Nations Appeal for Children.

Now that Congress is getting "on the ball" to really provide an increase in our armed forces it may be well to note that many of our military strategists are stressing the urgent need for island bases—man carved and natural—in our new blueprint of global defense.

The series of incidents which have been transpiring in Berlin up to the week-end have been viewed, in the light of sanity, as a Russian method of just really testing out United States resentment against current Soviet policy and to put us up in the corner where our determination to act would be "acidized."

Italy seems, at the moment, to be trying desperately to stem the Red tide before the April 18 elections in this strife-torn country, and Russian squabbling over Berlin has been, to a great extent, to impress the Italians (if this is possible).

Although the Southwest is pestered more or less with dust storms, the overall world viewpoint for wheat is improving.

Those bright boys of the lobby who have gloated over national tax relief may find their joy short-lived in event we become embroiled in another war.

Those bright boys of the lobby who have gloated over national tax relief may find their joy short-lived in event we become embroiled in another war.

Attend Cotton Conference

Cotton farmers and others interested in the future of cotton—and that includes nearly all of us who are affected directly or indirectly by what the cotton crop does—have an opportunity of keeping tab on the latest trends in the raising and processing of cotton.

Cotton work specialists of the Extension Service of Texas A. & M. College will give demonstrations of insect control work, variety tests by communities, modern attachments for mechanized equipment used in planting, cultivating and harvesting of cotton.

If cotton raisers of Scurry County and those of other sections of the Cotton Belt are to continue to prosper by producing cotton economically, they must modernize growing methods, practice insect poisoning and utilize economical harvesting methods.

We See What You Mean

B. Y. Rea, long time Hermligh community resident, last week brought to The Times an old clipping from the Abilene Reporter-News printed in 1944 which he declared was just as timely now as then when a clamor for a return to a Republican administration was advocated.

Clarence Buddington Kelland, the eminent author and GOP publicist, Republican national committeeman from Arizona, paused in Dallas long enough to announce that the 1944 presidential election was going to be a moral crusade.

His theme was that the New Deal had sapped the nation's "moral stamina" and that what is needed is a return, with the Republicans, "to fundamental religious and philosophical principles."

We think we know what you mean, Bud—a return to the high-minded statesmanship of the Harding Era, and the little green house on S Street, and the Ohio Gang; when, having fought and won a war, we turned our back on the world and tossed our winnings out the window.

Or to the Coolidge Era, when the Republicans, instead of paying off the debts of the first world war, started cutting taxes to the bone, began a mad policy of huge tax refunds to huge corporations under "the greatest secretary of the treasury since Alexander Hamilton," and produced the wildest era of speculation and "prosperity" in the nation's annals, in which a few got enormously rich while millions went hungry.

Or to the Hoover Era, when "the heart of the nation was fundamentally sound," when prosperity was just around the corner, when "rugged individualists" sold apples on street corners and stock brokers took nose dives out of office windows, when veterans of the first world war were driven like animals from Washington and their miserable shanties burned by regular Army troops ordered out by a Republican president who covered in the White House, refusing even to meet and hear their spokesmen.

Yeah, Bud, we know what you mean all right. Back to the good old days of free enterprise—for those with the strength to swing it. Back to breadlines and Oakes on one hand and overnight millionaires on the other.

Editorial of the Week

THEY SPEND MORE—BUT OURS IS BETTER. Great Britain and Russia spend a bigger share of their national income for education than the United States does, according to the solemn announcement of Charles A. Quattlebaum, Mr. Quattlebaum is a researchist for the Library of Congress and his job this time is done at the request of Representative McCowan of Ohio, chairman of the House of Representatives committee which is nursing along the bill to spend federal tax money on local schools.
