They're just for you. The cars you've been asking for. From Buick 1970.

This one is the GS 455. Sleek, sporty, exciting.

Its engine? 455 cubic-inches. 350 horses strong. With a four-barrel carburetor that breathes through real air-scoops. Four on the floor? A finely tuned 3-speed automatic? Both are available. Power disc brakes. Positive traction differential. High performance rear axle ratios, too. And lots more.

Wide-tread fiberglass belted tires that are standard on all 1970 Buicks give improved traction during braking, cornering and acceleration; significant increases in tread life; and substantially superior resistance to road hazards. Side guard beam construction for added protection. Body by Fisher.

There's luxury, too. Bucket seats, if you want them. Full carpeting.

> Flash-Bits from

Fisher County Nursing Home

Hello everyone, rain, rain, rain. That's what most of our people keep saying. Mr. Ivy and Uncle Lee Williams have decided that if it keeps raining we'll have to pack our bags and move out so the frogs can move in.

Our little Mrs. Acker had her 89th birthday Monday. Her children had a birthday cake for her Sunday and cake squares for all the patients and staff. Among those helping her celebrate Sunday were Mr. and Mrs. Curtis Acker, Mr. and Mrs. Vernon Frazier, Mr. and Mrs. Mark Cave Jr., also from Brownfield were Melisa, Steve and Nancy Sparks.

Mr Holder was real pleased to have his son, Buford and wife of Ardmore, Okla., visiting him Sunday. His daughter, Mrs. Gay Emory and son

of Iran were also here. , Everyone certainly enjoyed the singing Thursday night. Had 35 visitors and 22 patients out for the affair. Someone asked Thursday morning 'what time is singing tonight' the answer was 7:30, if the good Lord is willing and the river did rise, but it didn't stop the singing. Appreciate stop the singing in all the those who drove in all the water from Clear Fork, to

join in. Have had lots of local visitors this week. We appreciate all these who just drop in to say hello. It means so

much to us. That's all the Flash-Bits for this week.
