Roby Gas Rates To Increase

An ordinance will be found in this issue in which Lone Star Gas Company will be allowed to increase domestic and commercial natural gas rates in Roby.

The agreement with Roby Council is that increase will not be effective on gas consumed during December, going into effect January 1, 1970.

Price increases are being asked in all towns served by the Company.

Mrs. Tommy Helm, Roby, Mrs. Obie Wright, and Mrs. Era Roen, Rotan, were in Truby Saturday night for the area musical.

Roby's 'Christmas Look'

Mrs. Kiker Buys Flower Shop

Mrs. Buster (Emogene) Kiker purchased the Roby Flower Shop on November 13th from Mrs. Ernest Reagan and started operation.

Since she has taken over, the Flower Shop and Gifts has been completely re-arranged and looks much more attractive. She is well equipped with flowers for any and all occasions, and has live pot plants and artificial flower arrangements. She has some very attractive gifts in that department and plans to be adding more.

In her ad this week, she states her order for Poinsettias will arrive this Saturday for Christmas and they will be the only ones available. So if you would like a special kind you should turn your order in today, or if you wish her to hold one for you stop by and let her have your name.

Emogene Kiker is well known as she and her husband Buster are natives of Fisher County.

She invites the public to come in and see the new arrangement of her shop and just look around and she will certainly appreciate your business.

Some men are known by the company they can't get into.

Stringing Christmas Lights Rotan's Flooding Problem

Stringing Christmas lights in Rotan Wednesday were Garvis Hinso and Perry Thomson, West Texas Utilities Servicemen.

The City of Rotan has had a flooding and drainage problem in the South, Southwest part of the city for a number of years, and as the years go by this situation has become more acute due to more paved streets and by good soil conservation practices outside the city.

In October, a delegation of citizens met with the City Council to see if there could be some solution to this problem. Since there has been considerable work done in the past year, by the city, and relief to the problem has been helped little, if any, aid from other governmental agencies has been requested.

On December 1, 1969 a joint meeting of Texas Highway Department Engineers, County Commissioners of Precincts 2 and 3, and the Mayor and City Councilmen was held at the Council Room at the City Hall. The Highway Department Engineers proposed a

complete survey of the area involved and a report be given to the City and County Commissioners. Later in the month a special meeting with the Chief Engineer of the Corps of Engineers, in Fort Worth, has been arranged by Mayor Hogsett.

There are various Federal Agencies which provide grant monies for participation in flood control, relocation and low-rent subsidies and on all of these projects, Rotan is eligible, under certain regulations, through either Housing Urban Development or Farm Home Administration.

An intensive program has been instigated, by the Mayor and City Council, for the elimination of flood problems and blight within the City. The removal of delapidated houses and old abandoned automobiles is only a stepping stone in making Rotan a more healthful and attractive city to live in.

Masons Name Top Officials

B. J. (Bill) Lawhon of Sweetwater has been named District Deputy Grand Master for Masonic District 78, which included 6 Masonic Lodges in this area. He has been very active in Masonic organizations.

The appointment was announced in Waco by the newly elected Grand Master of Masons in Texas, Hal Burnett of Alpine, as the 134th Communication of the Grand Lodge of Texas was concluded in Waco December 4.

District Deputy Grand Masters are appointed for each of the 134 Masonic Districts of Texas. They are the personal representatives of the Grand Master, head of the state's largest fraternal organization with some 240,000 members and 965 Lodges in Texas.

4 H Gold Star To Be Honored

Two Fisher County 4-H members will be among those Gold Star girls and boys from Extension District III to be honored Saturday in Vemon. Peggy Coffman, daughter of Mr. and Mrs. W. J. Coffman and Ronnie Martin, son of Mr. and Mrs. Robert Martin both of Rotan are Fisher County's Gold Star winners to be honored at the luncheon being sponsored by West Texas Utilities Company.

Prior to the luncheon, the District III 4-H Council will meet. Attending the council from Fisher County are Annette Cleveland, secretary of the District Council and the two delegates Deborah Sue Smith and Mike Herron.

Attending in addition to those named will be Rhonda Martin, Donald Ballenger and County Extension Agents Mrs. Ballenger and Richard Spencer.

Posse Plans Annual Party

Fisher County Sheriff Posse is completing plans for their annual Christmas Party. The affair is announced for 7:30, Dec. 12 at Rotan Community Center. Members are asked to call Mrs. Charlie Joe Helms or Mrs. Ruth Callan for reservation before Dec. 10th, in order that adequate food will be prepared. The affair will be catered by Mr. and Mrs. Harold Mitcham of Rotana Restaurant.

The usual festive entertainment is planned, but no gifts are to be brought this year.

FU Members Attend State Meeting Abilene

The Texas Farmers Union Convention was held Dec. 4-5 and 6 at the Windsor Hotel in Abilene. Highlighting the Convention was a banquet held Saturday night. Speaker for the banquet was Tony Dechant, the National Farmers Union president from Denver, Colorado.

The ladies were honored with a luncheon on Saturday, in the Petroleum Room of the hotel.

Several Roby girls modeled at the "All Cotton" Style Show. Attending from Fisher County were: Mr. and Mrs. Foy Mitchell, Mr. and Mrs. Frank Mitchell

Today is Benefit Coffee Day

Mr. and Mrs. Harold Mitcham of Rotana Restaurant are announcing all coffee proceeds today, Dec. 11, will be given the Rotan Fire Department benefit of Christmas Cheer Fund.

This is a splendid gesture and will greatly help the Firemen.

Dinner Planned For City Group

A City Employee-Administrator dinner will be hosted by Mayor and Mrs. Charles Hogsett at 7:00 p. m., December 16. The affair will be at Rotana Restaurant.

Guests will be Councilmen and wives and City Employees and wives.

Roby Band-Choir Concert

Hobbs Squad Has Four All Stars

Hobbs Panthers made their presence on the gridiron felt in a big way this season. The all-district team of 12, selected by the district coaches, includes five of the Hobbs team.

Making the team were offensive end Ricky Williams, defensive lineman Jerry Gordon, defensive halfback Lorin Pearce and quarterback John Ross Hale.

J. L. Palmer and Don Waddell of Midwest Electric Cooperative Inc. of Roby attended an air conditioning and heating seminar at Slado from Wednesday thru Friday.

The annual Christmas Band and Choir Concert of Roby High School will be Monday night, Dec. 15, at 7:30 p. m. at the High School Auditorium Admission will be 50 cents.

The Beginner's Band, High School Band and Choir will give a selection of a varied program. The bands and choir are under the direction of Mr. Harris Davis with Mrs. Davis as pianist for the choir. Davis states that he is proud of the Beginner's Band and they will be featured with playing several numbers.

Everyone is asked to please come out and hear this concert as all proceeds go to help buy new music for the bands and choir.

Please make plans to attend the concert December 15th at 7:30 and come out and hear these boys and girls. What helps any kind of a program more than a large crowd and to know that everybody is interested in them?

First Snow of Winter Saturday

Fisher County citizens woke Saturday morning to see the first snow of the season.

The snow continued for several hours, and being of wet nature caused .85 inch of moisture to be gauged by Fred Byerly. Of course farmers were not very happy with it as they are anxious to get their short crop harvested, and get ready for another year.

Santa's in Rotan Today

Two Rotan Men on WCTCOG Board

Nine persons were elected to the board of directors of the West Central Texas Council of Governments and three of those were put on the organization's executive committee during a meeting Thursday afternoon at WCTCOG headquarters in Abilene last Thursday.

Among those elected to executive committee were Starley Nowlin of Rotan and Bartlett Strayhorn. Both of these men have been active in WCTCOG activities and Rotan and Fisher County are fortunate in having two capable men on the board.

Mr. and Mrs. L. E. Latham, Rotan, spent several days in Christoval last week.

Need Your Santa Letters Soon

Boys and girls, Santa advised that you send your Christmas letters this year before Monday, December 15. He said that his work crew at the North Pole needs to begin their toymaking as soon as possible and in order for you to see your letters in print we must have them early. We will then, of course, forward them on to the North Pole.

Mrs. Fern Burnes, of Waco, visited her son, John, and her mother, Mrs. Nealy A. Morton of Rotan a few days this week. Also visiting in the home of Mrs. Morton were Mr. J. T. Henry and Miss Lelan Stockton of Stephenville.

Everything is ready for Old Santa's annual visit to Rotan. Last work from him was that he would arrive in Rotan at 5 p. m. today (Thursday) aboard the big fire truck.

He will be assisted by Firemen in handling the crowd to insure each little fellow getting to shake Santa's hand, hug his neck and tell just what they want for Christmas.

Through cooperation of Lions Club and Chamber of Commerce fruit and candy will be given each child. The Firemen will handle the older boys in the crowd to insure the little fellows not getting hurt.

Christmas lights will be turned on and stores will remain open as long as the crowd desires following his visit, and this officially opens the Christmas Season in Rotan.

Lions Ladies Nite Roby

Roby Lions Club President Carl Matthies and Rotan Club President, John Gray.

Champion Jewelry Has Opening

Champion Jewelry had a very successful opening last week-end in spite of all kinds of adverse weather. They do not have full stocks of merchandise yet, but visitors turned into customers when they visited the new store and found an array of attractive merchandise at very reasonable prices. Mr. Champion also states that much repair work has come in since opening.

When the store is completed with additional fixtures and merchandise it will be a most attractive place.

Mr. and Mrs. Champion expressed their appreciation to the response shown them, and the large number of visitors who called on them.

Mrs. Lois Rodgers was lucky winner of the \$50 Gift Certificate given Monday afternoon.

Laura Crow On All District Band

Laura Crow, Rotan Senior was one of eight area students among the 110 junior high and high school bandmen who qualified for all-district band Saturday at tryouts held at Hardin-Simmons University. She is daughter of Mr. and Mrs. Calvin Crow.

Guest clinician was Dr. Neil Humfled, chairman of the music department of East Texas State University.

Roby Homes Are Well Decorated

Some of the homes in the residential district are getting their lawns, doors or windows decorated for the contest that the Young Homemakers sponsor each year - "Operation Sparkle." The Preston Campbell home is most attractive and so well lighted.

Don't forget when you to buy your Christmas tree, the Roby Fire Department is selling them and they are located at the Legion Hall. The proceeds from the trees go to buy more lights to recondition the ones they have and to buy more so the court house can be better lighted.

SNYDER HIGH SCHOOL CHOIR

Eighty-five Lions and guests attended the annual Roby Lions Club Christmas Ladies night activities at the Pink Building last Thursday night.

Lion President Carl Matthies called the meeting to order and Rotan Lion Loys Landes gave the invocation. The meal of turkey, ham and all the trimmings was catered by the Silver Spur Restaurant in Roby.

Following the meal, Lion Parker Wetzel led the group in the Pledge to the Flag and Cecil King accompanied by Lion Sweetheart Zanna Beth Anderson led the group in two songs.

Special guests were Mr. and

**New Laundry
Opens in Roby**

A completely new Laundry has been installed in four units of the Silver Spur Motel. The new laundry is located on the west side of the motel and has entrances for the public on the west and east sides. There is plenty of parking space available on either side. Inside the clean, new building is 12 new G. E. washers, 4 fifty pound dryers, 2 hair dryers and a cold drink box. The laundry is now open and ready for use. Mr. and Mrs. Lawrence Markham invite you to come by and see it.

**Grandmother
of Wood Dies**

Funeral for Mrs. W. Walter Wood, 87, longtime Hawley resident, was at 2 p. m. Friday in Hawley Baptist Church with the Rev. Tom Hiser, pastor, officiating. She was grandmother of Walter Wood of Roby. Burial was in Hawley Cemetery. Mrs. Wood died Thursday in Anson General Hospital. Born Feb. 25, 1882 in McMinnville, Tenn., she first came to Jones County in 1897. Surviving are a son, Tommy of Hawley, a daughter, Mrs. Lula Land of Hawley; a brother, Will Lewis of Pomona, Calif.; a sister, Mrs. Maude Hunter of Abilene; nine grandchildren and 15 great-grandchildren.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF ROBY, FISHER COUNTY TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROBY:

SECTION 1. Effective with the first gas bills rendered after the final approval of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Roby by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 800 cu. ft. or fraction thereof \$1.9467 Gross; \$1.752 Net

Next 1,200 cu. ft. at \$1.7156 per Mcf Gross; \$1.544 per Mcf Net

Next 3,000 cu. ft. at 1.1600 per Mcf Gross; 1.044 per Mcf Net

Next 20,000 cu. ft. at .8822 per Mcf Gross; .794 per Mcf Net

All Over 25,000 cu. ft. at .8267 per Mcf Gross; .744 per Mcf Net

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

ADJUSTMENT
The amount of each net monthly bill computed at the above stated rates shall be subject to the following adjustment: Plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and

taxes on net income) levied, assessed or imposed subsequent to July 1, 1969, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of this adjustment; however, failure of Company to apply such adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make such adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. The fact that there is an imperative public need for an ordinance fixing and determining the rate for gas and gas service furnished to residential and commercial consumers creates an emergency, and the reading and passage of this ordinance at three separate meetings is hereby suspended and this ordinance shall take effect and be in full force from and after the date of its passage at

a single meeting and the approval thereof by the Mayor on this the 3 day of December, A. D. 1969.
James H. Davis, Mayor City of Roby, Texas

ATTEST: Virginia Melton, Secretary
STATE OF TEXAS,
COUNTY OF FISHER:

I, Virginia Melton, Secretary of the City of Roby, Fisher County, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed and approved by the City Council of the City of Roby at a regular session held on the 3rd day of December, 1969, as it appears of record in the Minutes of said City Council in Book 5, page 85.

WITNESS MY HAND AND SEAL OF SAID CITY, this the 3 day of December, A. D. 1969.

Virginia Melton, Secretary, City of Roby, Texas, 45-37c

COUNTY AGENT NEWS

by Richard Spencer

Copies of the 1970 Farmers Tax Guide are now available for the asking from my office.

Due to increased greenbug activity producers are urged to inspect their fields regularly for this insect and its damage. Under heavy infestations of this insect entire fields of small grains can be killed. Conditions during the past few weeks have been favorable for greenbug population buildups.

Greenbugs reproduce well at temperatures between 40° and 95° F. and predators and parasites that prey on greenbugs increase slowly at temperatures below 65° F. Thus, in cool weather the greenbug may multiply slowly.

Information on determining the need for applying an insecticide for control of greenbugs is given in MP-339, "Texas as Guide for Controlling Insects and Mites on Grain and Forage Crops." This guide can be obtained at our office.

Insecticides listed in MP-339 for control of greenbugs are malathion, methyl parathion, parathion and phosphamidon. Since the guide was printed, disulfoton (D-Syston) has been cleared for control of greenbugs on wheat only. Disulfoton should be applied only once per season and treated fields should not be grazed. These insecticides are more effective when the temperature is above 50° F. Malathion is not as effective as disulfoton, methyl parathion and parathion but may be used where a less toxic ma-

terial is preferred for ground applications.

Producers should read and follow closely information given on the label. Safety precautions in handling insecticides should be given careful consideration.

Proper grazing distribution and the degree of forage utilization are factors often overlooked by ranchers in their range management program.

Stocking rates may be correct for the ranch, but if grazing is not properly distributed, some areas may be overused while others remain almost untouched. This means maximum net returns are not being received from the management program.

Now, at the end of the growing season, is the time to look over your range and see how you are doing with your distribution and utilization.

Are areas near water heavily used, while the far corners of the pastures stand unused? Is your salt supply near the water source? The solution to this problem is to place the salt in areas that have been underutilized. Moving salting locations several times during the year will increase grass utilization in the out-of-the-way places.

Research has shown that salt should be considered as a distribution tool rather than as a nutrient.

The degree of utilization during the growing season is often too high. Numerous experiments throughout Texas have shown that a rancher can expect greater returns from moderate than from either heavy or light grazing.

A good rule-of-thumb is to "take half and leave half" of the current year's growth. If this sounds wasteful, remember that the same grass blades which feed livestock or wildlife must also feed the plant and store sufficient food material for early growth next spring.

Texas stockmen may profit from suggestions by a Texas A&M University animal reproduction specialist.

John Beverly, Extension specialist, said if certain criteria are met, heifers can be bred to calve at 2 years of age without running the risk of their failing to calve as 3-year olds.

The criteria listed by Beverly includes: (1) growing the heifers so they will gain about one and a quarter pounds per day; (2) avoid pushing heifers to a point of becoming fat; (3) heifers must weigh 600 pounds when they are bred, and (4) the heifers need to be bred to calve 30-60 days before the regular cow herd completes calving.

The heifers must get their growth before they are bred in order for them to breed right back for their second calf. Otherwise, there is a big risk of their missing the second calf in order to satisfy the body requirements of growth.

The reason for breeding heifers to calve 30-60 days ahead of the regular cow herd goes back to the growth factor.

A heifer with a first calf has four requirements for the feed consumed - body maintenance, milk production, growth, and reproduction. If any of these have to be sacrificed, reproduction is the first to go. The mature cow does not have the growth requirement, so the extra 30-60 days allow some time for growing without sacrificing reproduction. This insures the second calf heifers to calve on time with the remainder of the herd.

Carl Page of Ranger is in Eastland hospital suffering from a heart attack. He is brother of Mrs. Gene Cleveland, Rotan.

Westside Church Christmas Party

The West Baptist Church is having a Christmas Party following the service Wednesday evening, Dec. 17, at 7 p. m. Gifts will be exchanged.

We want to extend a welcome to all members of the church. Also, to all others who wish to come.

Refreshments will be served. We have called a pastor, Rev. Dutch Parks.

CARD OF THANKS

We would like to express our appreciation to all of our wonderful friends who have made the last few days bearable. The food, the flowers at the funeral, the flowers and gifts sent to our home, the words of comfort and your presence in our hour of need. We will always remember and love all of you.

May God bless you for blessing us with all these many friends.

COMPARISONS MADE AMONG HIGH SCHOOL STUDENTS

Recently a comparison was made of the RHS students. The students vary in sizes from a size 13 shoe worn by Ruple Weems to a size 4-1/2 worn by Rosaria Montez. The largest ring, 12, is worn by Randy Rodgers, compared to Cindy Eaton, Lisa Barnett, and Toni Escobedo's 4-1/5.

The tallest person in high school is Gary Powell at 6 feet and 4 inches. He looms over Rudy who is the smallest person in school. Carolina Velez has the longest hair of anyone else compared to Kent Cave's flat-top.

It takes Kathy Cave the longest time to get to school since she lives sixteen miles from town. Stephanie Miller makes the shortest trip. She lives just across the alley.

The newest car, a 1970, is driven by Laura Crow. A 1948 pickup is the oldest automobile at school. It is owned by Gary Landes. John Wylie drives the smallest car.

Vernon Squaddlewat is the most unusual pet in high school. Vernon is a hamster, and Maxine Phillips is his owner. The youngest student in thirteen.

She is freshman Karen Blakley. Lura Wallace.

ROTAN TO HOLD SECOND ACT EXAM SATURDAY

The second American College Test, used by some colleges for entrance examination will be given December 13, at Rotan High School.

The test, beginning at 8:30, will be held in rooms 8 and 9. Mrs. Rudy Hamric, school counselor, will be the psychometrist. She will be assisted by Mrs. Bart Strayhorn and Neil Wright.

The remaining test dates are February 21, April 25, and July 18.

FLAG CODES PROVIDE FOR PROPER FLAG ETIQUETTE

The "Stars and Stripes" is a world-wide symbol of the United States. There are rules and regulations on the use and display of the flag. In 1942, Congress approved a resolution on rules and customs pertaining to the flag of the United States. Violation of the Flag Codes can result in fines up to two hundred and fifty dollars and/or imprisonment up to 6 months. Since Rotan High School has just received a new flag, now seemed an appropriate time to remind students of flag etiquette.

High Schools are required by law to fly the United States flag on school days. The flags are never flown in inclement weather.

RHS flies "Old Glory" with the Texas flag. When the United States flag is flown with another flag, the latter is below the national flag.

The flag is flown at all of Rotan's home football games. The school has to request special permission to do this. Legally, the flag is to be flown only during the daytime.

The school only displays the flag on a flagstaff, but there are other methods of display. The flag may be displayed on a speaker's platform, or suspended. However the flag is displayed, it should always be at the center, highest, or front position.

When the flags are taken down at the end of the school day, the person should be careful not to let the "Star Spangled Banner" touch anything beneath it such as the ground, floor, water, or merchandise.

The flag should be stored when not in use so that it will not be torn, soiled, or damaged in anyway.

When the school received the new flag, they should dispose of the old by burning. The "Stars and Stripes" are never to be washed.

These are some of the basic rules on flag etiquette as pro-

JUNIOR HIGH STUDENTS PRESENT THANKSGIVING ASSEMBLY

Mrs. Hill's 5th and 6th grade home room class presented a Thanksgiving assembly, November 25, in the high school auditorium entitled "America."

The class led group singing, and the music was furnished by Mrs. Ed Harris and Timothy Acorn. The Program opened with the Pledge of Allegiance. The class then led the student body in these songs: The Star Spangled Banner, Texas Our Texas, America The Beautiful, This Land Is Your Land, Little Liza Jane, My Bonnie, My Country Tis of Thee, and God Bless America.

Each class member participated in leading or singing the songs. The students were: Vernell Daniels, Letty Carrillo, Esmeralda Lopez, Mary Martinez, James Stanberry, Raul Martinez, Maria Valez, Patsy Yanez, Janie Hernandez, Maria Gutierrez, Bill Luna, Donna Jennings, Danny Rodriguez, Jackie Gentry, Ruben Martinez, Gilbert Ramirez, Amardo Hernandez, Terry Polk, Timothy Acorn, Jessie Flores, and Rosalinda Luna.

ART CLUB MET

The Palette and Brush Club met Dec. 1 in the Rotan Community Center. Mrs. E. E. Shaw demonstrated landscape painting using the Godbois method. Using the same subject she painted three different pictures using a different style for each, realistic, non-objective, and modern. The students painted as she painted. The lesson was most interesting and instructive.

The next meeting will be the Christmas party in the home of Mrs. Preston Morrow on Tuesday, Dec. 16, at 2:00.

Hiway 70 Right Of Way Improved

Mrs. Mike Byerly and two sons of San Angelo visited her parents Mr. and Mrs. S. G. Murphree during the week-end. Mr. Murphree is at home from the hospital in Big Spring where he was seriously ill several weeks. He is recovering nicely. Mrs. Byerly and the boys also visited Mr. and Mrs. Fred Byerly while here.

The Fisher County State Hiway maintenance employees have certainly been busy for the last month clearing the shoulders on Highway 70, between Rotan and Roby, they have cut them down and make them wider and also cleared all the weeds and debris. If you have driven over from either town we are sure you have noticed how clean and pretty it looks. The dirt removed was hauled to the Melton farm where a new maintenance and office building is planned to be built in the near future.

Mr. and Mrs. Temple Wallace and children Timmy, Nan and Gary of Bedford visited his parents Mr. and Mrs. Gene Wallace last week-end.

Mr. and Mrs. J. O. Roberts visited in Lubbock several days last week.

Mrs. Edrie Beich of Sweetwater visited Mr. and Mrs. J. R. Strayhorn Sunday.

Mrs. H. C. Hogan and son Tom of Roby spent Thanksgiving in Grand Prairie with two of her daughters, Louise Hogan and Coese Nolan. From there they went to Troup to visit another daughter and family, Mr. and Mrs. C. E. Toole and family.

IS YOUR LAND PROTECTED?

When pulling another blanket over and around you on a cold, windy winter night, have you ever thought that the land which produced you that bale per acre of cotton is laying outside unprotected? Hour by hour in a windstorm you may be losing tons of valuable topsoil. And since good topsoil makes more cotton you are also losing money.

Much as a warm blanket protects and warms you a growing cover crop protects the land during a critical erosion period, reducing the detachability of the soil and holding it in place. A good cover crop will also add organic matter, increase the microbiological life in the soil, and improve tilth. All of which mean greater water, air, and soil relationships in the spring for your cash crop.

Winter cover crops, small grain or peas should be left as late as possible in the spring to protect the soil during March.

A man has to have a lot of pepper to be worth his salt.

Attend Methodist Conference

Mr. Nash Miers, Mrs. Mark Stickland and Mrs. George Riley attended the annual Conference of the 41 Methodist Churches of the Abilene District Monday night.

The Conference Worship Service was led by the pastor, Dr. Frank Charlton, and the Rev. Bob Ford of Rotan, with Dr. Bert Afflec, minister of the College at McMurry as preacher.

THE ACRE EATER

Do you have a hungry gully eating its way across your field or pasture?

The Acre-eater has a feast every time it rains. The more it rains the hungrier he is, and the more he eats. Brush and trash may give him indigestion, but he always gets them down.

There's an old Acre-eater north of town that a farmer tried to stop. An old house was setting next to the gully, so the farmer took a dozer and pushed the house into the Acre-eater. Well, that Acre-eater enjoyed being hand fed. Next time it rained we woke up hungry as a bear. He took a big bite, belched a couple of times and that was all of the house.

Down the Brazos it went. The Acre-eater has far reaching effects beyond the soil loss to the Upper Clear Fork Soil and Water Conservation District. It changes the course of the river, silts up lakes, and clogs harbors and ports on the Gulf of Mexico.

Bill Lewis, Rotan SCS, says, "The cure for this glutton is a big brute called a bulldozer that loves hard work." The dozer slopes the banks and dresses the gully to it can be crossed with a farm tractor. It can help put this monster to sleep forever - just cut off the outside water that comes down the Acre-eater, sprig with bermuda grass, and apply fertilizer.

Look at the Brazos the next time it rains and notice that red muddy color. Is that some of your soil on its way to the Gulf to be lost forever?

Mr. and Mrs. J. C. McCullough, Rotan, Mr. J. W. McCullough of Sweetwater attended funeral services in Comanche of Mr. Frank McCullough last Wednesday. He was brother of J. W. McCullough. Burial was in Abilene.

Mr. and Mrs. Larry McClain and Stephen of Arlington spent the week-end here with his parents Mr. and Mrs. J. A. McClain and her parents Mr. and Mrs. Marvin Hanson, Jr. in Hemleigh.

Mr. and Mrs. Mike Adams of Juneau, Alaska visited his aunt Mrs. Richard Ray and family. They were enroute to Laguna Park to visit his parent, Mr. and Mrs. Chick Adams.
