#### Grandson Wins Junior Olympics

The following article taken from Gatesville Messenger is in regard to Gary Kafer, grandson of Mr. and Mrs. O. D. Knox of Roby.

Gatesville High's Gary Kafer scored one of his most notable wins when he picked off the high-jumping medal in the National Junior Olympics at Knoxville. Tenn., earlier this month but he also won recognition for attributes other than his athletic prowess.

Fred Walker of Abilene High School, who coached in Gatesville last fall, was coach of the Texas contingent that went to Knoxville. This week he sent the following letter to the Mes-

By now the story of Gary Kafer's win at the Junior Olympics has been written and told. But there is a greater story than this great win.

"I had the opportunity of being the so-called "coach"that went with the track group to Tennessee. The story I mention above started when Gary stepped on the plane for Knoxville.

"A lot of the people on the trip might have called Gary "country" or sissy. You could tell that he had one purpose in this trip- to win the high jump. When we arrived at the University of Tennessee dorm, his first thought was to get some rest. While he was doing this, most of the others were out running around. At night he was inbed at a proper timenot visiting the spots.

"Gary did not say he was going to win but, believe me, others made it known they would win. To every adult who talked to him it was "yes, sir or "no, sir". I talked to many college coaches who said he was a very outstanding young man in more ways than high

"After winning the high jump, another feather was added. You couldn't tell any difference in Gary. He went to bed at his usual time, not out trying to find adventure. All the people of Texas were wonderful but people like Gary made me feel Doilies. Red, Mrs. Walter Witgreat to know him.

Yes, he was a sissy to some but I wish there were more sissies in our time. Gary was a great representative of Texas and Gatesville. What I've tried to relate is known to you of Gatesville but I wanted you to 30. Poncho, Blue, Mrs. Glen know that people of Texas, all Gruben, Margaret Hamrack(3). the way to Tennessee, know

that Gary Kafer of Gatesville, Texas, is and will be more so, a great high jumper. But even better they know that he is an above average young man.

Tell all hello for us. We miss the wonderful relationship we had at Gatesville. We know the fever of football is high: hope to see the Hornets in the play-offs. "

The letter was signed: "Always a Hornet-Fred Walker. " Gary is 17 and the son of Mr. and Mrs. Ed Kafer of Gatesville. The win at the Junior Olympics Elizabeth Kiker. 41. Afghan. Olympics next.

The Basic Side

It's that time again... the time that challenges anew an army of vigorous

American youth to the task of preparation in basic education that will equip them with know-how for their tomorrows. Here young minds fresh from their bowl of wheaties, assemble for classroom and

equip them with know-how for their tomorrows. Here young minds
fresh from their bowl of wheaties, assemble for classroom and
playground training. Dear Teacher, responsibility lies heavy on
your shoulders. Don't forget that along with reading and
writing and airthmetic—!essons in how to live God's way
are needed. Teachers and students alike have God
to honor and your country to save right there in your
classrooms. Always remember, "A word fitly
spoken is like apples of gold in pictures of silver."

Even with a Homeowners contract, is it possible your house is underinsured?

## You bet your premium!

Chances are when you first bought your home, you bought the best protection available—a modern Homeowners Policy. Equally probable is that you insured it to its replacement value at that time. But the cost of rebuilding has risen radically. Even in five years, unless you have increased the limits, you could be dangerously underinsured!

Part of our service, as an independent agency, is to make sure you are covered initially, and remain properly insured for as long as you own your home. If you have any question about your present contract, please feel free to call. We will be happy to give you a professional appraisal without any obligation.
